**PROXY STATEMENT FOR THE EXTRAORDINARY GENERAL MEETING OF
HEALTH SCIENCES ACQUISITIONS CORPORATION 2
AND
PROSPECTUS FOR 31,637,180 SHARES OF
COMMON STOCK AND 2,328,261 WARRANTS OF
HEALTH SCIENCES ACQUISITIONS CORPORATION 2
(AFTER ITS DOMESTICATION AS A DELAWARE CORPORATION)
WHICH WILL BE RENAMED “ORCHESTRA BIOMED HOLDINGS, INC.”
IN CONNECTION WITH THE DOMESTICATION DESCRIBED HEREIN.**

To the Shareholders of Health Sciences Acquisitions Corporation 2,

You are cordially invited to attend the extraordinary general meeting (the “**Shareholder Meeting**”) of Health Sciences Acquisitions Corporation 2, a Cayman Islands exempted company (“**HSAC2**,” “**we**,” “**our**” or “**us**”), which will be held at _____, Eastern time, on _____, 2022 at the offices of _____ at _____, and virtually via live webcast at <https://> _____, or at such other time, on such other date and at such other place to which the Shareholder Meeting may be adjourned. Although the Shareholder Meeting will also be held virtually over the Internet, for the purposes of Cayman Islands law and the amended and restated memorandum and articles of association of HSAC2, the physical location of the Shareholder Meeting will be at the location specified above. *Shareholders are strongly urged to attend the Shareholder Meeting online instead of attending physically.* This proxy statement includes instructions on how to access the Shareholder Meeting and how to listen and vote from home or any remote location with Internet connectivity.

On July 4, 2022, HSAC2 entered into an Agreement and Plan of Merger (as amended, the “**Merger Agreement**”) by and among HSAC2, HSAC Olympus Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of HSAC2 (“**Merger Sub**”), and Orchestra BioMed, Inc., a Delaware corporation (“**Orchestra**”). Holders of ordinary shares, par value \$0.0001 per share, of HSAC2 (“**HSAC2 Ordinary Shares**”), will be asked to approve and adopt, among other things, the Merger Agreement and the other related proposals.

Pursuant to the terms of the Merger Agreement, a business combination between HSAC2 and Orchestra (the “**Business Combination**”) will occur in two steps. First, before the closing of the Business Combination (the “**Closing**”), HSAC2 will deregister in the Cayman Islands in accordance with the Companies Act (2022 Revision) (As Revised) of the Cayman Islands (the “**Companies Act**”) and domesticate as a Delaware corporation in accordance with Section 388 of the Delaware General Corporation Law (the “**Domestication**”). Second, at the Closing, Merger Sub will merge with and into Orchestra, with Orchestra surviving such merger as the surviving entity (the “**Merger**”). Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 will then change its name to “Orchestra BioMed Holdings, Inc.” We refer to HSAC2 after giving effect to the Domestication as “**Domesticated Parent**” and, after giving effect to the Business Combination, as “**New Orchestra**.” A copy of the Merger Agreement and Amendment No. 1 thereto are attached as *Annex A-1* and *Annex A-2*, respectively, to this proxy statement/prospectus.

Simultaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into separate forward purchase agreements (each a “**Forward Purchase Agreement**” and, together, the “**Forward Purchase Agreements**”) with certain funds managed by RTW Investments, LP (the “**RTW Funds**”) and Covidien Group S.à.r.l., an affiliate of Medtronic plc (“**Medtronic**” and the RTW Funds, each a “**Purchasing Party**”), pursuant to which each of the Purchasing Parties agreed to purchase \$10 million of HSAC2 Ordinary Shares from HSAC2 immediately prior to the Domestication, less the dollar amount of HSAC2 Ordinary Shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the Domestication (such HSAC2 Ordinary Shares either purchased from HSAC2 or acquired and held until immediately prior to the Domestication, the “**Forward Purchase Shares**”).

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, HSAC2, Orchestra and the RTW Funds entered into a Backstop Agreement (the “**Backstop Agreement**”), pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of HSAC2 Ordinary Shares at a price of \$10.00 per share to the extent that the amount of cash remaining in HSAC2’s working capital and trust account as of immediately prior to the closing of the Merger is less than \$60 million (the “**Minimum Available Cash Condition**”) (which calculation excludes amounts received pursuant to Medtronic’s Forward Purchase Agreement or are otherwise held in HSAC2’s trust account established pursuant to our IPO (the “**Trust Account**”) in respect of Medtronic’s Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Funds’ Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds’ Forward Purchase Shares (the “**Sponsor Commitment**”).

On October 21, 2022, the parties amended the Forward Purchase Agreement with the RTW Funds (the “**RTW Forward Purchase Agreement**”) and the Backstop Agreement, pursuant to which the RTW Funds agreed that (1) the per share price under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price

available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting, (2) any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, will not be voted in favor of approving the Business Combination, and (3) the RTW Funds will waive redemption rights with respect to such purchases in the vote to approve the Business Combination.

The closing under the Forward Purchase Agreement with RTW occurred on July 22, 2022, the closing under the Forward Purchase Agreement with Medtronic will occur prior to the Domestication and the closing under the Backstop Agreement will occur immediately prior to the Domestication. HSAC 2 Holdings, LLC, HSAC2's sponsor (the "**Sponsor**"), and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights and Lock-Up Agreement described below with respect to the shares of HSAC2 common stock, par value \$0.0001 per share, received in the Domestication ("**HSAC2 Common Stock**"). We refer to HSAC2 Common Stock, after giving effect to the Business Combination, as "**New Orchestra Common Stock**."

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the Closing unless, as to 500,000 shares, the volume-weighted average price of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 trading days within any 30-trading day period (the "**Initial Milestone Event**"), and as to the remaining 500,000 shares, the volume-weighted average price of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20 trading days within any 30-trading day period (the "**Final Milestone Event**"). Further, the Sponsor and HSAC2's other initial shareholders prior to HSAC2's initial public offering (the "**IPO**") have agreed to subject (i) the 4,000,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for the 4,000,000 HSAC2 Ordinary Shares issued to HSAC2's initial shareholders prior to the IPO (the "**Insider Shares**") and (ii) the 450,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for 450,000 HSAC2 Ordinary Shares purchased in a private placement simultaneously with the IPO (the "**Private Shares**") to a lock-up for up to 12 months following the Closing and, subject to the Closing, the Sponsor has agreed to forfeit 50% of its 1,500,000 warrants in HSAC2 purchased upon consummation of the IPO (the "**Private Warrants**"), comprising 750,000 Private Warrants, for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Upon the consummation of the Domestication, which will occur immediately prior to the Merger, each of HSAC2's currently issued and outstanding HSAC2 Ordinary Shares will automatically convert by operation of law, on a one-for-one basis, into shares of HSAC2 Common Stock. Similarly, all of HSAC2's outstanding warrants will become warrants to acquire shares of HSAC2 Common Stock. Upon the closing of the Merger, based on a ratio (the "**Exchange Ratio**") of 0.465 shares of HSAC2 Common Stock for each whole share of Orchestra common stock, par value \$0.0001 per share (the "**Orchestra Common Stock**"), an estimated 20,187,180 shares of New Orchestra Common Stock will be issued to Orchestra stockholders (exclusive of the additional shares subject to earnout discussed below in this paragraph) and an estimated 5,490,451 shares of New Orchestra Common Stock will be reserved for issuance pursuant to the Orchestra stock options and warrants converted into New Orchestra stock options and warrants in the Merger. Existing Orchestra stockholders will also have the opportunity to elect to participate in an earnout pursuant to which each such electing stockholder (an "**Earnout Participant**") may receive a portion of additional contingent consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate ("**Earnout Consideration**"). Each Earnout Participant must agree to extend their applicable lock-up period from 6 months to 12 months, pursuant to an Earnout Election Agreement and will collectively be entitled to receive: (i) 4,000,000 shares of the Earnout Consideration, in the aggregate ("**Initial Earnout Shares**"), in the event that, from the time beginning immediately after the Closing until the fifth anniversary of the date of the Closing (the "**Closing Date**") (the "**Earnout Period**"), the Initial Milestone Event occurs; and (ii) an additional 4,000,000 shares of the Earnout Consideration, in the aggregate ("**Final Earnout Shares**" and, together with the Initial Earnout Shares, the "**Earnout Shares**"), in the event that, during the Earnout Period, the Final Milestone Event occurs.

On July 26, 2022, HSAC2 shareholders approved extending the date upon which a closing of the Company's initial business combination must occur — to February 6, 2023 — and, in connection with such approval, the holders of 9,237,883 HSAC2 Ordinary Shares originally issued in our IPO ("**Public Shares**") properly exercised their right to redeem their shares for cash at a redemption price of approximately \$10.02 per share, for an aggregate redemption amount of approximately \$92.6 million. As such, approximately 57.7% of the Public Shares were redeemed and approximately 42.3% of the Public Shares remain outstanding. After the satisfaction of such redemptions, the balance in our Trust Account is approximately \$67.8 million. See the section titled, "*Management's Discussion and Analysis of Results of Financial Condition and Results of Operations of HSAC2 — Extension and Private Purchase.*"

Orchestra's pro forma fully diluted enterprise valuation in the Business Combination is \$163 million, assuming pro forma combined cash of \$165 million as of June 30, 2022. We anticipate that, immediately after consummation of the Business Combination, including the Domestication, the Merger, and the purchases made under the Forward Purchase Agreements, and assuming no additional redemptions, the Sponsor, directors and officers of HSAC2 and the RTW Funds (the "**Sponsor and related parties**") would collectively own approximately 25.3% of the issued New Orchestra Common Stock and Medtronic plc would own approximately 15.8% of the issued New Orchestra Common Stock while the other holders of HSAC2 Ordinary Shares issued in our IPO (the "**Public Shareholders**") will own approximately 15.0% of the issued New Orchestra Common Stock and the other current stockholders of Orchestra will own approximately 43.9% of the issued New Orchestra Common Stock. If the RTW Funds make the maximum purchases under the Backstop Agreement and assuming maximum redemptions, these percentages would be 40.3%, 15.8%, 0% and 43.9%, respectively. These relative percentages do not reflect the Earnout Consideration which will not be issued unless and until the Initial Milestone Event and/or the Final Milestone Event occur and assume that (i) none or all of HSAC2's existing Public Shareholders, as indicated above, seek to convert their shares into the right to receive cash from HSAC2's trust account, (ii) no Private Warrants are exercised, and (iii) no existing Orchestra stock options or warrants are exercised and no additional Orchestra stock options or warrants are granted prior to the Closing. If any of these assumptions are incorrect, the anticipated percentages of ownership of New Orchestra will be different. You should read "*Summary of the Proxy Statement/Prospectus — The Business Combination and the Merger Agreement*" and "*Unaudited Pro Forma Condensed Consolidated Combined Financial Statements*" for further information.

The HSAC2 Ordinary Shares are currently listed on the Nasdaq Capital Market ("**Nasdaq**") under the symbol "HSAQ." We intend to apply to continue the listing of the New Orchestra Common Stock on Nasdaq under the symbol "OBIO." On _____, 2022, (the "**Record Date**"), the last sale price of HSAC2 Ordinary Shares was \$ _____.

Each shareholder's vote is very important. HSAC2 is providing this proxy statement/prospectus and accompanying proxy card to HSAC2 shareholders in connection with the solicitation of proxies to be voted at the Shareholder Meeting and at any adjournments or postponements of the Shareholder Meeting. Whether or not you plan to attend the Shareholder Meeting, please submit your proxy card without delay. Shareholders may revoke proxies at any time before they are voted at the Shareholder Meeting. Voting by proxy will not prevent a shareholder from voting virtually at the Shareholder Meeting if such shareholder subsequently chooses to participate in the Shareholder Meeting.

After careful consideration, the board of directors of HSAC2 (the "HSAC2 Board") has unanimously approved the Merger Agreement and unanimously recommends that HSAC2 shareholders vote "FOR" approval of each of the proposals described in the accompanying proxy statement/prospectus.

The accompanying proxy statement/prospectus provides you with detailed information about the Business Combination, the Domestication and other matters to be considered at the Shareholder Meeting. We urge you to read the accompanying proxy statement/prospectus and the documents incorporated therein by reference carefully. In particular, you should review the matters discussed in the section entitled "Risk Factors" in the accompanying proxy statement/prospectus beginning on page 47.

On behalf of the HSAC2 Board, I thank you for your support and we look forward to the successful consummation of the Business Combination.

Sincerely,

Roderick Wong, MD

President, Chief Executive Officer and Chairman

The approval of each of the Business Combination Proposal, the Domestication Proposal, the Charter Approval Proposal, the Bylaws Approval Proposal, the Nasdaq Proposal, the Director Election Proposal and the Equity Incentive Plan Proposal (the “**Condition Precedent Proposals**”) are conditioned on the approval of all of the other Condition Precedent Proposals. If any one of the Condition Precedent Proposals fails to receive the required approval by the HSAC2 shareholders at the Shareholder Meeting, the Business Combination will not be completed.

Pursuant to the Existing Charter, we are providing HSAC2 Public Shareholders with the opportunity to convert Public Shares, regardless of whether they vote for or against the Business Combination, into their pro rata share of the aggregate amount then on deposit in the Trust Account, less any taxes then due but not yet paid. Our shareholders as of immediately prior to our initial public offering (“**Initial Shareholders**”) have agreed, pursuant to written letter agreements with us, not to convert any Public Shares held by them into their pro rata share of the aggregate amount then on deposit in the Trust Account. Our sponsor, HSAC 2 Holdings, LLC (our “**Sponsor**”), has entered into a letter agreement with us pursuant to which our Sponsor has agreed to waive its conversion rights with respect to its Insider Shares and any Public Shares it may purchase in connection with the completion of the Business Combination. The conversion rights will be effected under the Existing Charter and Cayman Islands law as

As of the Record Date, there were _____ HSAC2 Ordinary Shares issued and outstanding and entitled to vote.

YOUR VOTE IS VERY IMPORTANT. PLEASE VOTE YOUR SHARES PROMPTLY.

Whether or not you plan to participate in the virtual Shareholder Meeting, please complete, date, sign and return the enclosed proxy card without delay, or submit your proxy through the internet or by telephone as promptly as possible in order to ensure your representation at the Shareholder Meeting no later than the time appointed for the Shareholder Meeting or adjourned meeting. Voting by proxy will not prevent you from voting your HSAC2 Ordinary Shares online if you subsequently choose to participate in the virtual Shareholder Meeting. Please note, however, that if your shares are held of record by a broker, bank or other agent and you wish to vote at the Shareholder Meeting, you must obtain a proxy issued in your name from that record holder. Only shareholders entered in the register of members of HSAC2 at the close of business on the Record Date may vote at the Shareholder Meeting or any adjournment or postponement thereof. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not participate in the virtual Shareholder Meeting, your shares will not be counted for purposes of determining whether a quorum is present at, and the number of votes voted at, the Shareholder Meeting.

You may revoke a proxy at any time before it is voted at the Shareholder Meeting by executing and returning a proxy card dated later than the previous one, by participating in the Shareholder Meeting and casting your vote by hand or by ballot (as applicable) or by submitting a written revocation to HSAC2's proxy solicitor, Morrow Sodali LLC, 333 Ludlow Street, 5th Floor, South Tower, Stamford CT 06902, toll-free: (800) 662-5200, collect: (203) 658-9400, email: HSAQ.info@investor.morrowsodali.com, that is received by the proxy solicitor before we take the vote at the Shareholder Meeting. If you hold your shares through a bank or brokerage firm, you should follow the instructions of your bank or brokerage firm regarding revocation of proxies.

The HSAC2 Board unanimously recommends that HSAC2 shareholders vote “FOR” approval of each of the Proposals. When you consider the HSAC2 Board’s recommendation of these Proposals, you should keep in mind that HSAC2’s directors and officers have interests in the Business Combination that may conflict or differ from your interests as a shareholder. See the section titled “Proposal 1 — The Business Combination Proposal — Interests of Certain Persons in the Business Combination.”

On behalf of the HSAC2 Board, I thank you for your support and we look forward to the successful consummation of the Business Combination.

By Order of the Board of Directors,
Roderick Wong, MD
President, Chief Executive Officer and Chairman

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus contains forward-looking statements for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995, including statements about the parties' ability to close the proposed Business Combination, the anticipated benefits of the proposed Business Combination, and the financial condition, results of operations, earnings outlook and prospects of HSAC2, New Orchestra, and/or Orchestra and may include statements for the period following the consummation of the proposed Business Combination. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. Forward-looking statements are typically identified by words such as "plan," "believe," "expect," "anticipate," "intend," "outlook," "estimate," "forecast," "project," "continue," "could," "may," "might," "possible," "potential," "predict," "should," "would" and other similar words and expressions, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements are based on the current expectations of the management of HSAC2 and Orchestra, as applicable, and are inherently subject to uncertainties and changes in circumstances and their potential effects and speak only as of the date of such statement. There can be no assurance that future developments will be those that have been anticipated. These forward-looking statements involve a number of risks, uncertainties or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements, including: risks related to Orchestra's strategies; the ability to complete the proposed Business Combination due to the failure to obtain approval from HSAC2 shareholders or satisfy other Closing conditions in the definitive Merger Agreement; the amount of any conversions by existing holders of HSAC2 Ordinary Shares; the ability to recognize the anticipated benefits of the Business Combination, and other risks and uncertainties included under the header "*Risk Factors*" on page 47 of this proxy statement/prospectus.

These forward-looking statements are based on information available as of the date of this proxy statement/prospectus, and current expectations, forecasts and assumptions, and involve a number of risks and uncertainties. Accordingly, forward-looking statements should not be relied upon as representing our views as of any subsequent date, and we do not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

In addition, statements that HSAC2 or Orchestra "believes" and similar statements reflect such parties' beliefs and opinions on the relevant subject. These statements are based upon information available to such party as of the date of this proxy statement/prospectus, and while such party believes such information forms a reasonable basis for such statements, such information may be limited or incomplete, and these statements should not be read to indicate that either HSAC2 or Orchestra has conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain and investors are cautioned not to unduly rely upon these statements.

You should not place undue reliance on these forward-looking statements in deciding how to grant your proxy or instruct how your vote should be cast or vote your shares on the proposals set forth in this proxy statement/prospectus. As a result of a number of known and unknown risks and uncertainties, our actual results or performance may be materially different from those expressed or implied by these forward-looking statements. ENFORCEABILITY OF CIVIL LIABILITIES

We are a company incorporated under the laws of the Cayman Islands and administered from outside the United States. Our U.S. agent for service of process is Roderick Wong, MD. However, it may be difficult for investors to effect service of process on us or our officers or directors within the United States in a way that will permit a U.S. court to have jurisdiction over us.

Our corporate affairs will be governed by our Existing Charter, the Companies Act, and the common law of the Cayman Islands prior to the Domestication. The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Islands law are to a large extent governed by the Companies Act and the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands, as well as from English common law, the decisions of whose courts are considered persuasive authority but are not binding on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under Cayman Islands law are not as clearly established as they would be under statutes or judicial precedent in some jurisdictions in the United States. In particular, the Cayman Islands has a less developed body of securities laws as compared to the United States, and some states, such as Delaware, have more fully developed and judicially interpreted bodies of corporate law. In addition, Cayman Islands companies may not have standing to initiate a shareholder derivative action in a federal court of the United States.

The Cayman Islands courts are also unlikely:

- to recognize or enforce against us judgments of U.S. courts based on certain civil liability provisions of U.S. securities laws; and
- to impose liabilities against us, in original actions brought in the Cayman Islands, based on certain civil liability provisions of U.S. securities laws that are penal in nature.

We have been advised by Maples and Calder (Cayman) LLP, our Cayman Islands legal counsel, that there is no statutory recognition in the Cayman Islands of judgments obtained in the United States, although the courts of the Cayman Islands will in certain circumstances recognize and enforce a non-penal judgment of a foreign court and treat it as a cause of action in itself which may be sued upon as a debt at common law so that no retrial of the issues would be necessary, provided that: (i) the U.S. court issuing the judgment had jurisdiction in the matter and the company either submitted to such jurisdiction or was resident or carrying on business within such jurisdiction and was duly served with process; (ii) the judgment given by the U.S. court was not in respect of penalties, taxes, fines or similar fiscal or revenue obligations of the company; (iii) in obtaining judgment there was no fraud on the part of the person in whose favor judgment was given or on the part of the court; (iv) recognition or enforcement of the judgment would not be contrary to public policy in the Cayman Islands; and (v) the proceedings pursuant to which judgment was obtained were not contrary to natural justice. In appropriate circumstances, a Cayman Islands court may give effect in the Cayman Islands to other kinds of final foreign judgments such as declaratory orders, orders for performance of contracts and injunctions.

As a result of all of the above, Public Shareholders may have more difficulty in protecting their interests in the face of actions taken by HSAC2 management, members of the board of directors or controlling shareholders than they would as public shareholders of a U.S. company.

QUESTIONS AND ANSWERS ABOUT THE PROPOSALS

The following are answers to some questions that you, as a shareholder of HSAC2, may have regarding the Proposals being considered at the Shareholder Meeting. We urge you to read carefully the remainder of this proxy statement/prospectus because the information in this section does not provide all the information that might be important to you with respect to the Proposals and the other matters being considered at the Shareholder Meeting. Additional important information is also contained in the annexes to and the documents incorporated by reference into this proxy statement/prospectus

Q: Why am I receiving this proxy statement/prospectus?

A: HSAC2, Merger Sub and Orchestra have agreed to the Business Combination under the terms of the Merger Agreement, which is attached to this proxy statement/prospectus as *Annex A-1* and *Annex A-2* and is incorporated into this proxy statement/prospectus by reference. You are encouraged to read the Merger Agreement in its entirety. The Board (which refers to the Board of Directors of HSAC2 prior to the Domestication, to the Board of Directors of Domesticated Parent following the Domestication, but before the Merger, and to the Board of Directors of New Orchestra following the Merger (the “**Board**”)) is soliciting your proxy to vote for the Business Combination and other Proposals at the Shareholder Meeting because you owned HSAC2 Ordinary Shares at the close of business on the Record Date and are therefore entitled to vote at the Shareholder Meeting. This proxy statement/prospectus summarizes the information that you need to know in order to cast your vote.

Q: What is being voted on?

A: Below are proposals that HSAC2 shareholders are being asked to vote on:

Proposal 1: The Business Combination Proposal — an ordinary resolution to approve the Business Combination.

Proposal 2: The Domestication Proposal — a special resolution to approve the Domestication.

Proposal 3: The Charter Approval Proposal — a special resolution to approve and adopt the Proposed Charter, a copy of which is attached to this proxy statement/prospectus as *Annex B*.

Proposal 4: The Bylaws Approval Proposal — a special resolution to approve and adopt the Proposed Bylaws, a copy of which is attached to this proxy statement/prospectus as *Annex C*.

Proposal 5: The Advisory Governance Proposals — an ordinary resolution, on a non-binding advisory basis, to approve and adopt certain differences between HSAC2’s Existing Charter and the Proposed Charter, which are being presented as separate sub-proposals.

Proposal 6: The Nasdaq Proposal — an ordinary resolution to approve, for purposes of complying with applicable Nasdaq listing rules, the issuance by HSAC2 of shares of common stock, par value \$0.0001 per share, to equity holders of Orchestra.

Proposal 7: The Director Election Proposal — an ordinary resolution to elect Eric A. Rose, M.D., Jason Aryeh, Pamela Y. Connealy, Geoffrey W. Smith, David P. Hochman, Darren R. Sherman and Eric S. Fain, M.D. to serve staggered terms on New Orchestra’s board of directors until the 2023, 2024 and 2025 annual meetings of stockholders, as applicable, and until their respective successors are duly elected and qualified or until their earlier death, resignation or removal.

Proposal 8: The Equity Incentive Plan Proposal — an ordinary resolution to approve the 2022 Plan to be effective after the closing of the Business Combination; and

Proposal 9: The Adjournment Proposal — an ordinary resolution to approve the adjournment of the Shareholder Meeting by the chairman thereof to a later date, if necessary, under certain circumstances, including for the purpose of soliciting additional proxies in favor of the foregoing Proposals, in the event HSAC2 does not receive the requisite shareholder vote to approve the Proposals.

For more information, please see “*Proposal 1 — The Business Combination Proposal*,” “*Proposal 2 — The Domestication Proposal*,” “*Proposal 3 — The Charter Approval Proposal*,” “*Proposal 4 — The Bylaws Approval Proposal*,” “*Proposal 5 — The Advisory Governance Proposals*,” “*Proposal 6 — The Nasdaq Proposal*,” “*Proposal 7 — The Director Election Proposal*,” “*Proposal 8 — The Equity Incentive Plan Proposal*,” and “*Proposal 9 — The Adjournment Proposal*.”

Under the Merger Agreement, the approval of the Condition Precedent Proposals is a condition to the consummation of the Business Combination. If the HSAC2 shareholders do not approve each of the Condition Precedent Proposals, then the Business Combination may not be consummated.

In addition, as required by applicable SEC guidance to give shareholders the opportunity to present their separate views on important corporate governance provisions, HSAC2 is requesting that our shareholders vote upon, on a non-binding advisory basis, a proposal to approve certain amendments contained in the Proposed Charter that materially affect shareholder rights, which are amendments that will be made to the Existing Charter as reflected in the Proposed Charter if the Advisory Governance Proposals are approved. See “*Proposal 5 — The Advisory Governance Proposals*.” This separate vote is not otherwise required by Cayman Islands law (separate and apart from the Charter Approval Proposal and the Bylaws Approval Proposal), but, pursuant to SEC guidance, HSAC2 is required to submit these provisions to our shareholders separately for approval. However, the shareholder votes regarding these proposals are advisory votes, and are not binding on HSAC2 or the HSAC2 Board (separate and apart from the approval of the Charter Approval Proposal and the Bylaws Approval Proposal). Furthermore, the Business Combination is not conditioned on the separate approval of the Advisory Governance Proposals (separate and apart from approval of the Charter Approval Proposal and the Bylaws Approval Proposal).

Q: Are the proposals conditioned on one another?

A: Each of the Condition Precedent Proposals (including the Business Combination Proposal, the Domestication Proposal, the Charter Approval Proposal, the Bylaws Approval Proposal, the Nasdaq Proposal, the Director Election Proposal and the Equity Incentive Plan Proposal) is conditioned on the approval and adoption of the other Condition Precedent Proposals. The Advisory Governance Proposals and the Adjournment Proposal are not conditioned upon the approval of any other proposal.

It is important for you to note that in the event that the Business Combination Proposal is not approved, HSAC2 will not consummate the Business Combination. If HSAC2 does not consummate the Business Combination and fails to complete an initial business combination by November 6, 2022, or February 6, 2023 if HSAC2 elects to extend the date to consummate a business combination for up to three monthly extensions after November 6, 2022 (the “**Extension Date**”), HSAC2 will be required to dissolve and liquidate, unless we obtain shareholder approval to amend our Existing Charter to further extend the date by which the Business Combination may be consummated.

Q: What will happen in the Business Combination?

A: Before the Closing, HSAC2 will domesticate as a Delaware corporation. At the Closing, Merger Sub will merge with and into Orchestra, with Orchestra surviving such merger as the surviving entity. Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 will then change its name to “Orchestra BioMed Holdings, Inc.” In connection with the Business Combination, the cash held in the Trust Account after giving effect to any redemption of shares by HSAC2’s Public Shareholders and the proceeds from the sale of shares under the Forward Purchase Agreements (if any) and Backstop Agreement will be used to pay certain fees and expenses in connection with the Business Combination, and for working capital and general corporate purposes.

Q: Why is HSAC2 proposing the Business Combination Proposal?

A: HSAC2 is a blank check company incorporated on May 25, 2020 as a Cayman Islands exempted company. We were incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or similar business combination with one or more businesses, which we refer to as our initial business combination.

HSAC2 received \$160 million from the IPO (including net proceeds from the exercise by the underwriters of their over-allotment option) and sale of the Private Warrants, which was placed into the Trust Account immediately following the IPO. In accordance with HSAC2’s Existing Charter, the funds held in the Trust Account will be released upon the consummation of the Business Combination. See the question entitled “*What happens to the funds held in the Trust Account upon consummation of the Business Combination?*”

There currently are 11,212,117 HSAC2 Ordinary Shares issued and outstanding, consisting of 6,762,117 Public Shares, 450,000 Private Shares and 4,000,000 Insider Shares. In addition, there currently are 1,500,000 Private Warrants issued and outstanding held by our Sponsor. Each Private Warrant entitles the holder thereof to purchase one HSAC2 Ordinary Share at a price of \$11.50 per share. The Private Warrants are not currently exercisable, but will become exercisable 30 days after the completion of our initial business combination and will expire five years after the completion of our initial business combination.

Q: Did the HSAC2 Board obtain a third-party valuation or fairness opinion in determining whether or not to proceed with the Business Combination?

A: The HSAC2 Board did not obtain a third-party valuation or fairness opinion in connection with its determination to approve the Business Combination. The HSAC2 Board believes that, based upon the financial skills and background of its directors, it was qualified to conclude that the Business Combination was fair from a financial perspective to its shareholders. The Board also determined, without seeking a valuation from a financial advisor, that Orchestra's fair market value was at least 80% of HSAC2's net assets, excluding any taxes payable on interest earned. Accordingly, investors will be relying on the HSAC2 Board's judgment as described above in valuing Orchestra's business and assuming the risk that the HSAC2 Board may not have properly valued such business.

Q: What is the consideration being paid to Orchestra Equityholders?

A: Under the Merger Agreement, the consideration to be paid at the Closing by HSAC2 to holders of equity interests in Orchestra as of the time immediately before the Business Combination ("**Orchestra Equityholders**") will be payable in shares of HSAC2 Common Stock at an exchange ratio of 0.465 shares of HSAC2 Common Stock for each whole share of Orchestra Common Stock. Orchestra stockholders will also have the opportunity to elect to participate in an earnout pursuant to which each such electing stockholder may receive a portion of additional contingent consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate, if certain share price targets are met.

Q: How was Orchestra's enterprise value determined?

A: HSAC2 arrived at the enterprise value for Orchestra through diligence of the company's two flagship programs BackBeat Cardiac Neuromodulation Therapy for the treatment of hypertension ("**HTN**") and Virtue Sirolimus AngioInfusion Balloon for the treatment of atherosclerotic artery disease and the associated anticipated market performance as well as comparison to the enterprise values of a basket of pre-revenue medical technology peers. In addition, the equity value was benchmarked against an equity value to net cash ratio of 2.0x and reflected that no additional near-term fundraising is needed for the business. The pro forma fully diluted enterprise valuation was \$158 million and market capitalization is \$317 million assuming \$169 million of pro forma cash at Orchestra's March 31, 2022 balance sheet and \$10 million of debt.

Q: What equity stake will current shareholders of HSAC2 and Orchestra Equityholders hold in New Orchestra after the Closing?

A: We anticipate that, immediately after consummation of the Business Combination, including the Domestication, the Merger, the purchases made under the Forward Purchase Agreements, and assuming no additional redemptions, the Sponsor, the RTW Funds and HSAC2's directors and officers will collectively own approximately 25.3% of the issued New Orchestra Common Stock and Medtronic will own approximately 15.8% of the issued New Orchestra Common Stock, while the other Public Shareholders of HSAC2 will own approximately 15.0% of the issued New Orchestra Common Stock and the current stockholders of Orchestra (other than Medtronic) will own approximately 43.9% of the issued New Orchestra Common Stock. If the RTW Funds make the maximum purchases under the Backstop Agreement and assuming maximum redemptions, these percentages would be 40.3%, 15.8%, 0% and 43.9%, respectively. These relative percentages do not reflect the Earnout Consideration, which will not be issued unless and until the Initial Milestone Event and/or the Final Milestone Event occur and assume that (i) none or all of HSAC2's existing Public Shareholders, as indicated above, seek to convert their shares into the right to receive cash from the Trust Account, (ii) no HSAC2 warrants are exercised, and (iii) no existing Orchestra stock options or warrants are exercised and no additional Orchestra stock options or warrants are granted prior to the Closing. If any of these assumptions are incorrect, the anticipated percentage ownership of New Orchestra will be different. You should read *Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing* and "*Unaudited Pro Forma Condensed Consolidated Combined Financial Statements*" for further information.

Q. What conditions must be satisfied to complete the Business Combination?

A: The consummation of the Business Combination is conditioned upon, among other things: (i) completion of the Domestication, (ii) approval by HSAC2's shareholders and Orchestra's stockholders of the Merger and related transactions, (iii) each Orchestra warrant having been amended in accordance with its terms to permit the conversion thereof into a New Orchestra warrant and any Orchestra warrant not so amended being canceled by Orchestra, (iv) HSAC2 having at least \$5,000,001 of net tangible assets upon consummation of the Merger, and (v) HSAC2 having at least \$60 million in cash remaining in its working capital and Trust Account, after satisfaction of redemption payments to Public Shareholders and indebtedness (not including expenses in connection with the IPO and Merger), including the Sponsor Commitment but not the proceeds of the forward purchase agreement entered into by HSAC2 and Orchestra with Medtronic, pursuant to which Medtronic agreed to purchase \$10 million of HSAC2 Ordinary Shares, less the dollar amount of HSAC2 Ordinary Shares holding redemption rights that Medtronic acquires and holds until immediately prior to the Domestication (the "**Medtronic Forward Purchase Agreement**") (such remaining cash in the working capital and Trust Account, the "**Parent Closing Cash**"). Therefore, unless these conditions are waived by the applicable parties to the Merger Agreement, the Merger Agreement could terminate and the Business Combination may not be consummated. For a summary of the conditions that must be satisfied or waived prior to the consummation of the Business Combination, see the section entitled "*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — Conditions to Closing.*"

Q. Are Orchestra's stockholders required to approve the Business Combination?

A: Yes. The Orchestra stockholders are required to approve the Business Combination.

Certain Orchestra stockholders entered into a Company Stockholder Support Agreement dated July 4, 2022, with HSAC2 and Orchestra, pursuant to which such stockholders agreed to vote all Orchestra Common Stock beneficially owned by them, including any additional shares of Orchestra they acquire ownership of or the power to vote, in favor of the Business Combination and related transactions. As of _____, 2022, such stockholders own _____ % of the issued and outstanding shares of Orchestra Common Stock.

Q. Are there risks associated with the Business Combination that I should consider in deciding how to vote?

A: Yes. There are several risks related to the Business Combination and other transactions contemplated by the Merger Agreement, as discussed elsewhere in this proxy statement/prospectus. Please read with particular care the detailed description of the risks described in "*Risk Factors*" beginning on page 47 of this proxy statement/prospectus.

Q. Why is HSAC2 proposing the Domestication?

A: The HSAC2 Board believes that it would be in the best interests of HSAC2 to effect the Domestication to enable the Company to avoid certain taxes that would be imposed on the Company if the Company were to conduct an operating business in the United States as a foreign corporation after the Business Combination. In addition, the Board believes Delaware provides a recognized body of corporate law that will facilitate corporate governance by the Company's officers and directors following the Closing. Delaware maintains a favorable legal and regulatory environment in which to operate. For many years, Delaware has followed a policy of encouraging companies to incorporate there and, in furtherance of that policy, has adopted comprehensive, modern and flexible corporate laws that are regularly updated and revised to meet changing business needs. As a result, many major corporations have initially chosen Delaware as their domicile or have subsequently reincorporated in Delaware in a manner similar to the procedures HSAC2 is proposing. Due to Delaware's longstanding policy of encouraging incorporation in that state and consequently its prevalence as the state of incorporation, the Delaware courts have developed considerable expertise in dealing with corporate issues and a substantial body of case law has developed construing the Delaware General Corporation Law, as amended (the "**DGCL**") and establishing public policies with respect to Delaware corporations. It is anticipated that the DGCL will continue to be interpreted and explained in a number of significant court decisions that may provide greater predictability with respect to the Company's corporate legal affairs.

The Domestication will not occur unless the HSAC2 shareholders have approved the Domestication Proposal, the Business Combination Proposal, the Charter Approval Proposal, the Bylaws Approval Proposal, the Equity Incentive Plan Proposal and the Nasdaq Proposal and upon the Merger Agreement being in full force and effect prior to the Domestication. The Domestication will occur immediately prior to the Closing.

Q: What is involved with the Domestication?

A: The Domestication will require HSAC2 to file certain documents in both the Cayman Islands and the State of Delaware. At the effective time of the Domestication, which will be the Closing Date, HSAC2 will cease to be a company incorporated under the laws of the Cayman Islands and in connection with the Business Combination, HSAC2 will continue as a Delaware corporation and, simultaneously with the Business Combination, will change its corporate name to “Orchestra BioMed Holdings, Inc.” The Existing Charter will be replaced by the Proposed Charter and the Proposed Bylaws and your rights as a shareholder will cease to be governed by the laws of the Cayman Islands and will be governed by Delaware law.

Q: When will the Domestication be effective?

A: The Domestication is expected to become effective immediately prior to the completion of the Business Combination.

Q: How will the Domestication affect my HSAC2 securities?

A: Pursuant to the Domestication and the Business Combination and without further action on the part of HSAC2 shareholders, each outstanding HSAC2 Ordinary Share will convert to one outstanding share of HSAC2 Common Stock. Although it will not be necessary for you to exchange your certificates representing HSAC2 Ordinary Shares after the Domestication, the Company will, upon request, exchange your HSAC2 share certificates for the applicable number of shares of HSAC2 Common Stock, and all certificates for securities issued after the Domestication will be certificates representing securities of HSAC2 as a Delaware corporation.

Q: How many votes do I have at the Shareholder Meeting?

A: HSAC2 shareholders are entitled to one vote at the Shareholder Meeting for each HSAC2 Ordinary Share for which they are entered in the register of members of HSAC2 as of the Record Date. As of the close of business on the Record Date, there were 11,212,117 outstanding HSAC2 Ordinary Shares.

Q: What vote is required to approve the Proposals presented at the Shareholder Meeting?

A: The Business Combination Proposal, the Advisory Governance Proposals, the Nasdaq Proposal, the Director Election Proposal, the Equity Incentive Plan Proposal and the Adjournment Proposal require the approval of an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. The Advisory Governance Proposals are voted upon on a non-binding advisory basis only. The Domestication Proposal, the Charter Approval Proposal, and the Bylaws Approval Proposal require the approval of a special resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of at least two-thirds of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting.

Q: What constitutes a quorum at the Shareholder Meeting?

A: Holders of a majority of the issued shares entitled to vote at the Shareholder Meeting, present in person (including virtually) or represented by proxy, constitute a quorum. In the absence of a quorum, the chairman of the meeting has the power to adjourn the Shareholder Meeting. As of the Record Date, 5,606,060 HSAC2 Ordinary Shares, in the aggregate, would be required to achieve a quorum.

Q: How will the Initial Shareholders vote?

A: Pursuant to letter agreements dated August 3, 2020, the Initial Shareholders, who own the Insider Shares and Private Shares, representing approximately 39.96% of the outstanding HSAC2 Ordinary Shares, agreed to vote such shares and any other HSAC2 Ordinary Shares purchased by them in the open market in or after the HSAC2 IPO in favor of the Business Combination Proposal. However, any HSAC Ordinary Shares acquired outside of the redemption offer set forth in this proxy statement/prospectus, including the 1,000,000 Forward Purchase Shares and any purchase by the RTW Funds pursuant to the Backstop Agreement (“**Backstop Purchases**”), will not be voted in favor of approving the Business Combination Proposal and, further, will not carry redemption rights. Therefore, while the Insider Shares, Private Shares and 30,000 Public Shares held by our officers will

be voted in favor of the Business Combination, the 1,000,000 Forward Purchase Shares and any Backstop Purchases will not. See the section titled “*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — The General Structure of the Business Combination.*”

Q: What interests do HSAC2’s current executive officers and directors have in the Business Combination?

A: In considering the recommendation of the Board to approve the Merger Agreement, HSAC2 shareholders should be aware that certain HSAC2 executive officers and directors may be deemed to have interests in the Business Combination that are different from, or in addition to, those of HSAC2 shareholders generally. These interests, which may create actual or potential conflicts of interest, are, to the extent material, described in the section titled “*Proposal 1 — The Business Combination Proposal — Interests of HSAC2’s Directors and Officers and Others in the Business Combination*” beginning on page 139.

Q: Who will manage New Orchestra after the Business Combination?

A: As a condition to the Closing of the Business Combination, all of the officers and directors of HSAC2 will resign. For information on the anticipated management of New Orchestra, see the section titled “*Management After the Business Combination.*”

Q: When is the Business Combination expected to occur?

A: The Merger Agreement provides that the Closing will take place three business days after satisfaction or waiver of the conditions described below under the section titled “*Proposal 1 — The Business Combination Proposal — Structure of the Business Combination — Conditions to Closing of the Business Combination*”; or such other date as agreed to by the parties to the Merger Agreement in writing, in each case, subject to the satisfaction or waiver of the Closing conditions and after the Domestication. The Merger Agreement may be terminated by either HSAC2 or Orchestra if the Closing has not occurred by February 6, 2023, subject to certain exceptions. The parties expect the Closing to occur in the fourth quarter of 2022.

For a description of the conditions to the completion of the Business Combination, see the section titled “*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — Conditions to Closing.*”

Q: What happens if I sell my HSAC2 Ordinary Shares before the Shareholder Meeting?

A: The Record Date is earlier than the date of the Shareholder Meeting. If you transfer your HSAC2 Ordinary Shares after the Record Date, but before the Shareholder Meeting, unless the transferee obtains from you a proxy to vote those shares, you will retain your right to vote at the Shareholder Meeting. However, you will not be able to seek redemption of your shares because you will no longer be able to tender them for cancellation upon consummation of the Business Combination. If you transfer your HSAC2 Ordinary Shares prior to the Record Date, you will have no right to vote those shares at the Shareholder Meeting or redeem those shares for a pro rata portion of the proceeds held in our Trust Account.

Q: What happens if I vote against the Business Combination Proposal?

A: Pursuant to the Existing Charter, if the Business Combination Proposal is not approved and HSAC2 does not otherwise consummate an alternative business combination by the Extension Date, HSAC2 will be required to dissolve and liquidate its Trust Account by returning the then remaining funds in such account to the Public Shareholders.

Q: Do I have redemption rights?

A: Pursuant to the Existing Charter, holders of Public Shares may elect to have their shares redeemed for cash at the applicable redemption price per share calculated in accordance with the Existing Charter. As of _____, 2022, based on funds in the Trust Account of approximately \$ _____, this would have amounted to approximately \$ _____ per share (exclusive of _____). If a holder exercises its redemption rights, then such holder will be exchanging its HSAC2 Ordinary Shares for cash. Such a holder will be entitled to receive cash for its Public Shares only if it properly demands redemption and tenders or delivers its shares (either physically or electronically, including share certificates (if any) and other redemption forms) to HSAC2’s transfer agent prior to the Shareholder Meeting. Additionally, in no event will HSAC2 redeem Public Shares in an amount that

would cause our net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) to be less than \$5,000,001 after giving effect to the transactions contemplated by the Merger Agreement. See the section titled “*Extraordinary General Meeting of HSAC2 Shareholders — Redemption Rights*” for the procedures to be followed if you wish to redeem your shares for cash.

Q: Will how I vote affect my ability to exercise redemption rights?

A: No. You may exercise your redemption rights whether you vote your HSAC2 Ordinary Shares “FOR” or “AGAINST” the Business Combination Proposal or any other proposal described in this proxy statement/prospectus. As a result, the Merger Agreement can be approved by shareholders who will redeem their shares and no longer remain shareholders, leaving shareholders who choose not to redeem their shares holding shares in a company with a potentially less liquid trading market, fewer stockholders, potentially less cash and the potential inability to meet the Nasdaq listing standards.

Q: What are the U.S. federal income tax consequences of exercising my redemption rights?

A: In the event that a U.S. Holder (as defined in “*Material U.S. Federal Income Tax Consequences*”) elects to redeem its HSAC2 Ordinary Shares for cash, the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as a sale or exchange of the HSAC2 Ordinary Shares under Section 302 of the Internal Revenue Code of 1986, as amended (the “**Code**”), or is treated as a distribution under Section 301 of the Code and whether HSAC2 would be characterized as a passive foreign investment company (“**PFIC**”).

Additionally, because the Domestication will occur prior to the redemption by U.S. Holders that exercise redemption rights with respect to HSAC2 Ordinary Shares, U.S. Holders exercising such redemption rights will be subject to the potential tax consequences of section 367(b) of the Code and the PFIC rules. The tax consequences of the exercise of redemption rights, including pursuant to Section 367(b) of the Code and the PFIC rules, are discussed more fully below under “*Material U.S. Federal Income Tax Consequences.*” All holders of HSAC2 Ordinary Shares considering exercising their redemption rights are urged to consult their tax advisor on the tax consequences to them of an exercise of redemption rights, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws.

Q: What are the U.S. federal income tax consequences of the Domestication Proposal?

A: As discussed more fully under “*Material U.S. Federal Income Tax Consequences,*” the Domestication should qualify as a “reorganization” within the meaning of Section 368 of the Code. However, the provisions of the Code that govern reorganizations are complex, and due to the absence of direct guidance on the application of Section 368 to a domestication of a corporation holding only investment-type assets such as HSAC2, the qualification of the Domestication as a “reorganization” within the meaning of Section 368 of the Code is not entirely clear. If the Domestication so qualifies, then a U.S. Holder (as defined below) will be subject to Section 367(b) of the Code and, as a result:

- a U.S. Holder whose HSAC2 Ordinary Shares have a fair market value of less than \$50,000 on the date of the Domestication and who on the date of the Domestication owns (actually and constructively) less than 10% of the total combined voting power of all classes of HSAC2 stock entitled to vote and less than 10% of the total value of all classes of HSAC2 stock will generally not recognize any gain or loss and will generally not be required to include any part of HSAC2’s earnings in income pursuant to the Domestication;
- a U.S. Holder whose HSAC2 Ordinary Shares have a fair market value of \$50,000 or more on the date of the Domestication, but who on the date of the Domestication owns (actually and constructively) less than 10% of the total combined voting power of all classes of HSAC2 stock entitled to vote and less than 10% of the total value of all classes of HSAC2 stock will generally recognize gain (but not loss) on the exchange of HSAC2 Ordinary Shares for HSCA2 Common Stock pursuant to the Domestication. As an alternative to recognizing gain, such U.S. Holders may file an election to include in income as a dividend the “all earnings and profits amounts,” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to their HSAC2 Ordinary Shares, provided certain other requirements are satisfied. HSAC2 does not expect to have significant cumulative earnings and profits on the date of the Domestication; and

- a U.S. Holder who on the date of the Domestication owns (actually and constructively) 10% or more of the total combined voting power of all classes of HSAC2 stock entitled to vote or 10% or more of the total value of all classes of HSAC2 stock will generally be required to include in income as a dividend the “all earnings and profits amount,” (as defined in Treasury Regulation Section 1.367(b)-2(d)) attributable to its HSAC2 Ordinary Shares, provided certain other requirements are satisfied. Any such U.S. Holder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code. HSAC2 does not expect to have significant cumulative earnings and profits on the date of the Domestication.

Furthermore, even if the Domestication qualifies as a “reorganization” within the meaning of Section 368 of the Code, a U.S. Holder of HSAC2 Ordinary Shares may, in certain circumstances, still recognize gain (but not loss) upon the exchange of its HSAC2 Ordinary Shares for HSAC2 Common Stock pursuant to the Domestication under the PFIC rules of the Code equal to the excess, if any, of the fair market value of HSAC2 Common Stock received in the Domestication and the U.S. Holder’s adjusted tax basis in the corresponding HSAC2 Ordinary Shares surrendered in exchange therefor. The tax on any such gain so recognized would be imposed at the rate applicable to ordinary income and an interest charge would apply. For a more complete discussion of the potential application of the PFIC rules to U.S. Holders as a result of the Domestication, see the discussion in the section titled “*Material U.S. Federal Income Tax Consequences — U.S. Holders — U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares — Passive Foreign Investment Company Status.*”

If the Domestication does not qualify as a reorganization, then a U.S. Holder that exchanges its HSAC2 Ordinary Shares for HSAC2 Common Stock will recognize gain or loss equal to the difference between (i) the sum of the fair market value of the HSAC2 Common Stock received and (ii) the U.S. Holder’s adjusted tax basis in the HSAC2 Ordinary Shares exchanged.

Additionally, the Domestication may cause Non-U.S. Holders (as defined in “*Material U.S. Federal Income Tax Consequences*”) to become subject to U.S. federal income withholding taxes on any dividends paid in respect of such Non-U.S. Holder’s shares of HSAC2 Common Stock after the Domestication.

For a more detailed discussion of certain U.S. federal income tax consequences of the Domestication, see “*Material U.S. Federal Income Tax Consequences*” in this proxy statement/prospectus. Holders should consult their own tax advisors to determine the tax consequences to them (including the application and effect of any state, local or other income and other tax laws) of the Domestication and the Business Combination.

Q: How do I exercise my redemption rights?

- A: In order to exercise your redemption rights, you must (i) affirmatively vote either “FOR” or “AGAINST” the Business Combination Proposal and (ii) prior to 5 PM, Eastern time, on _____, 2022 (two (2) business days before the Shareholder Meeting), tender your shares physically or electronically and submit a request in writing that we redeem your Public Shares for cash to Continental Stock Transfer & Trust Company, our transfer agent (the “**Transfer Agent**”), at the following address:

Continental Stock Transfer & Trust Company
One State Street Plaza, 30th Floor
New York, New York 10004
Attention: Mark Zimkind
Email: mzimkind@continentalstock.com

Please check the box on the enclosed proxy card marked “Shareholder Certification” if you are not acting in concert or as a “group” (as defined in Section 13d-3 of the Exchange Act) with any other shareholder with respect to HSAC2 Ordinary Shares. Notwithstanding the foregoing, a holder of the Public Shares, together with any affiliate of it, his or hers, or any other person with whom it, he or she is acting in concert or as a “group” (as defined in Section 13d-3 of the Exchange Act) will be restricted from seeking redemption rights with respect to more than 20% of the HSAC2 Ordinary Shares sold in the HSAC2 IPO (the “**20% threshold**”). Accordingly, all Public Shares in excess of the 20% threshold beneficially owned by a Public Shareholder or group will not be redeemed for cash.

Shareholders seeking to exercise their redemption rights and opting to tender or deliver physical certificates should allot sufficient time to obtain physical certificates from the Transfer Agent and time to effect delivery. It is HSAC2's understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the Transfer Agent. However, HSAC2 does not have any control over this process and it may take longer than two weeks. Shareholders who hold their shares in street name will have to coordinate with their bank, broker or other nominee to have the shares certificated or tendered electronically.

Any request for redemption, once made by a holder of Public Shares, may not be withdrawn once submitted to HSAC2 unless the Board of Directors of HSAC2 determines (in its sole discretion) to permit the withdrawal of such redemption request (which they may do in whole or in part). If you tendered your shares for redemption to HSAC2's transfer agent and decide within the required timeframe not to exercise your redemption rights, you may request that HSAC2's transfer agent return the shares (physically or electronically). You may make such request by contacting HSAC2's transfer agent at the phone number or address listed under the question "*Who can help answer my questions?*" below.

Q: Do I have dissenters' rights or appraisal rights in connection with the proposed Business Combination or the Domestication Proposal?

A: No. There are no appraisal rights available to holders of HSAC2 Ordinary Shares or the Private Warrants in connection with the Domestication Proposal under the DGCL.

As a matter of Cayman Islands law, dissenters' rights only apply to statutory mergers where the Cayman Islands company is a constituent party thereto.

Q: What happens to the funds held in the Trust Account upon consummation of the Business Combination?

A: If the Business Combination is consummated, the funds held in the Trust Account will be released to pay:

- HSAC2 shareholders who properly exercise their redemption rights;
- certain other fees, costs and expenses (including regulatory fees, legal fees, accounting fees, printer fees, and other professional fees) that were incurred by HSAC2 and Orchestra in connection with the transactions contemplated by the Business Combination and pursuant to the terms of the Merger Agreement;
- unpaid franchise and income taxes of HSAC2; and
- the balance shall be released to New Orchestra to fund its working capital needs.

Q: What happens if a substantial number of the Public Shareholders vote in favor of the Business Combination Proposal and exercise their redemption rights?

A: Our Public Shareholders are not required to vote "FOR" the Business Combination in order to exercise their redemption rights. Accordingly, the Business Combination may be consummated even though the funds available from the Trust Account and the number of Public Shareholders is reduced as a result of redemptions by Public Shareholders. However, a condition to the consummation of the Business Combination is that Parent Closing Cash is equal to or greater than \$60,000,000. This \$60,000,000 figure does not take into account the \$10 million in Forward Purchase Shares to be purchased by Medtronic pursuant to the Medtronic Forward Purchase Agreement. In no event will HSAC2 redeem Public Shares in an amount that would cause our net tangible assets (as determined in accordance with Rule 3a51-1(g) (1) of the Exchange Act) to be less than \$5,000,001 after giving effect to the transactions contemplated by the Merger Agreement.

Additionally, as a result of redemptions, the trading market for New Orchestra's common stock may be less liquid than the market for the Public Shares was prior to consummation of the Business Combination and we may not be able to meet the Nasdaq listing standards or those of another national securities exchange.

Q: What happens if the Business Combination is not consummated?

A: There are certain circumstances under which the Merger Agreement may be terminated. See the section titled "*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — Termination*" for information regarding the parties' specific termination rights.

If, as a result of the termination of the Merger Agreement or otherwise, HSAC2 is unable to complete the Business Combination or another initial business combination transaction by the Extension Date, it will trigger our automatic winding up, liquidation and dissolution pursuant to the terms of our Existing Charter. As a result, this has the same effect as if we had formally gone through a voluntary liquidation procedure under the Companies Act.

The amount in the Trust Account (less \$1,250 representing the aggregate nominal par value of our Public Shares, but including the deferred underwriting compensation) under the Companies Act will be available for distribution under the Companies Act provided that immediately following the date on which the proposed distribution is to be made, we are able to pay our debts as they fall due in the ordinary course of business, and the value of our assets exceed our liabilities. If we are forced to liquidate, we anticipate that we would distribute to our Public Shareholders the amount in the Trust Account calculated as of the date that is two days prior to the distribution date (including any accrued interest).

The proceeds deposited in the Trust Account could, however, become subject to claims of our creditors that are in preference to the claims of our shareholders. We may not have funds sufficient to pay or provide for all creditors' claims. Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our Public Shareholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the Trust Account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if our management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third-party consultant whose particular expertise or skills are believed by our management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where our management is unable to find a service provider willing to execute a waiver. The underwriters of our IPO did not execute agreements with us waiving such claims to the monies held in the Trust Account. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the Trust Account for any reason. In order to protect the amounts held in the Trust Account, our Sponsor has agreed that it will be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the Trust Account to below the lesser of (i) \$10.00 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per HSAC2 Ordinary Share due to reductions in the value of the assets held in the Trust Account, in each case less income and franchise taxes payable, provided that such liability will not apply to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account nor will it apply to any claims under our indemnity of the underwriters of our IPO against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our Sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked our Sponsor to reserve for such indemnification obligations, nor have we independently verified whether our Sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our Sponsor's only assets are securities of our company and cash received from us pursuant to the Administrative Services Agreement with our Sponsor pursuant to which we agreed to pay the Sponsor a total of \$10,000 per month for office space and certain office and secretarial services. Since inception, we have paid \$230,000 to the Sponsor for these services. Therefore, we cannot assure you that our Sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) \$10.00 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per HSAC2 Ordinary Share due to reductions in the value of the assets in the

Trust Account, in each case less income and franchise taxes payable, and our Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.00 per HSAC2 Ordinary Share.

If we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy or insolvency law and may be included in our bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy or insolvency claims deplete the Trust Account, we cannot assure you we will be able to return \$10.00 per HSAC2 Ordinary Share to our Public Shareholders. Additionally, if we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy or insolvency court could seek to recover some or all amounts received by our shareholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying Public Shareholders from the Trust Account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

The holders of the Insider Shares, Private Shares and Private Warrants (and underlying securities) will not participate in any redemption distribution with respect to their Insider Shares, Private Shares or Private Warrants (and underlying securities), but may have any Public Shares redeemed upon liquidation.

If we are unable to conclude our initial business combination and we expend all of the net proceeds of our IPO not deposited in the Trust Account, without taking into account any interest earned on the Trust Account, we expect that the initial per-share redemption price will be approximately \$10.00. However, if there are claims of creditors that take priority over the claims of our Public Shareholders that are not indemnified by our Sponsor, the amount we distribute could be less than \$10.00 per HSAC2 Ordinary Share.

We will pay the costs of any liquidation following the redemptions from our remaining assets outside of the Trust Account. If such funds are insufficient, our Initial Shareholders have agreed to pay the funds necessary to complete such liquidation (currently anticipated to be no more than approximately \$15,000) and have agreed not to seek repayment for such expenses.

The underwriters of our IPO have agreed to waive their rights to the deferred underwriting commissions held in the Trust Account in the event we do not consummate a business combination by the Extension Date and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of our Public Shares.

Q: What impact will the COVID-19 pandemic have on the Business Combination?

- A. Given the ongoing and dynamic nature of the circumstances, it is difficult to predict the impact of the coronavirus outbreak on the business of HSAC2 and Orchestra, and there is no guarantee that efforts by HSAC2 and Orchestra to address the adverse impacts of the coronavirus will be effective. The extent of such impact will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others. If HSAC2 or Orchestra are unable to recover from a business disruption on a timely basis, the Business Combination and New Orchestra's business, financial condition and results of operations following the completion of the Business Combination would be adversely affected. The Business Combination may also be delayed and adversely affected by the coronavirus outbreak and become more costly. Each of HSAC2 and Orchestra may also incur additional costs to remedy damages caused by any such disruptions, which could adversely affect its financial condition and results of operations.

Q: Who can help answer any other questions I might have about the Shareholder Meeting?

- A. If you have any questions concerning the Shareholder Meeting (including accessing the meeting by virtual means) or need help voting your HSAC2 Ordinary Shares, please contact Morrow Sodali LLC ("**Morrow Sodali**"), the Company's proxy solicitor, at 333 Ludlow Street, 5th Floor, South Tower, Stamford CT 06902, Toll-Free (800) 662-5200 or Collect (203) 658-9400, Email: HSAQ.info@investor.morrowsodali.com prior to the Shareholder Meeting.

The Notice of Shareholder Meeting, Proxy Statement and form of Proxy Card are available at: <https://>

Q: If my shares are held in "street name" by my bank, brokerage firm or nominee, will they automatically vote my shares for me?

- A: No. If you are a beneficial owner and you do not provide voting instructions to your broker, bank or other registered holder holding shares for you, your shares will not be voted with respect to any Proposal for which your broker does not have discretionary authority to vote. If a Proposal is determined to be discretionary, your broker, bank or other registered holder is permitted to vote on the Proposal without receiving voting instructions from you. If a Proposal is determined to be non-discretionary, your broker, bank or other registered holder is not permitted to vote on the Proposal without receiving voting instructions from you. A "broker non-vote" occurs when a bank, broker or other registered holder holding shares for a beneficial owner does not vote on a non-discretionary Proposal because the registered holder has not received voting instructions from the beneficial owner.

Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on the Proposals. As a result, if you abstain from voting on any of the Proposals, your shares will be counted as present for purposes of establishing a quorum (if so present in accordance with the terms of the Existing Charter), but the abstention will have no effect on the outcome of such proposal.

Q: What will happen if I abstain from voting or fail to vote at the Shareholder Meeting?

- A: At the Shareholder Meeting, HSAC2 will count a properly executed proxy marked "ABSTAIN" with respect to a particular Proposal as present for purposes of determining whether a quorum is present. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on the Proposals.

If a shareholder who holds share in "street name" does not give the broker voting instructions, the broker is not permitted under applicable self-regulatory organization rules to vote the shares on "non-routine" proposals, such as the Business Combination Proposal and the Domestication Proposal. These "broker non-votes" will also count as present for purposes of determining whether a quorum is present and will have no effect on the outcome of the vote on any of the Proposals.

Q: What will happen if I sign and return my proxy card without indicating how I wish to vote?

A: Signed and dated proxies received by HSAC2 without an indication of how the shareholder intends to vote on a proposal will be voted as recommended by the Board.

Q: If I am not going to attend the Shareholder Meeting, should I return my proxy card instead?

A: Yes. Whether you plan to attend the Shareholder Meeting virtually or not, please read the enclosed proxy statement/prospectus carefully, and vote your shares by completing, signing, dating and returning the enclosed proxy card in the postage-paid envelope provided.

Q: May I change my vote after I have mailed my signed proxy card?

A: Yes. You may change your vote at any time before your proxy is voted at the Shareholder Meeting. You may revoke your proxy by executing and returning a proxy card dated later than the previous one, or by voting again via the Internet, or by submitting a written revocation stating that you would like to revoke your proxy that our proxy solicitor receives prior to the Shareholder Meeting. If you hold your HSAC2 Ordinary Shares through a bank, brokerage firm or nominee, you should follow the instructions of your bank, brokerage firm or nominee regarding the revocation of proxies. If you are a registered holder, you should send any notice of revocation or your completed new proxy card, as the case may be, to Morrow Sodali, the Company's proxy solicitor, at 333 Ludlow Street, 5th Floor, South Tower, Stamford CT 06902, Toll-Free (800) 662-5200 or Collect (203) 658-9400, Email: HSAQ.info@investor.morrowsodali.com prior to the Shareholder Meeting.

Unless revoked, a proxy will be voted at the Shareholder Meeting in accordance with the shareholder's indicated instructions. In the absence of instructions, proxies will be voted FOR each of the Proposals.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a registered holder and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast your vote with respect to all of your shares.

Q: Who will solicit and pay the cost of soliciting proxies?

A: HSAC2 will pay the cost of soliciting proxies for the Shareholder Meeting. HSAC2 has engaged Morrow Sodali to assist in the solicitation of proxies for the Shareholder Meeting. HSAC2 has agreed to pay Morrow Sodali a fee of \$22,500, plus disbursements and exclusive of fees for additionally contracted services. HSAC2 will reimburse Morrow Sodali for reasonable out-of-pocket expenses and will indemnify Morrow Sodali and its affiliates against certain claims, liabilities, losses, damages and expenses. HSAC2 will also reimburse banks, brokers and other custodians, nominees and fiduciaries representing beneficial owners of HSAC2 Ordinary Shares for their expenses in forwarding soliciting materials to beneficial owners of HSAC2 Ordinary Shares and in obtaining voting instructions from those owners. HSAC2's directors, officers and employees may also solicit proxies by telephone, by facsimile, by mail, on the Internet or in person. They will not be paid any additional amounts for soliciting proxies.

Q: Who can help answer my questions?

A: If you have questions about the Proposals or if you need additional copies of this proxy statement or the enclosed proxy card, you should contact HSAC2's proxy solicitor at:

The Business Combination and the Merger Agreement

The General Structure of the Business Combination

On July 4, 2022, HSAC2 entered into the Merger Agreement, pursuant to which the Business Combination between HSAC2 and Orchestra will occur in two steps. First, before the Closing, HSAC2 will effect the Domestication by deregistering in the Cayman Islands and domesticating as a Delaware corporation in accordance with Section 388 of the Delaware General Corporation Law and the Companies Act. Second, at the Closing, the Merger will be effected by Merger Sub merging with and into Orchestra, with Orchestra surviving such merger as the surviving entity. Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 will then change its name to "Orchestra BioMed Holdings, Inc."

Simultaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into the Forward Purchase Agreement with the RTW Funds (the "**RTW Forward Purchase Agreement**") and Medtronic, pursuant to which each of these Purchasing Parties agreed to purchase \$10 million of HSAC2 Ordinary Shares from HSAC2 immediately prior to the Domestication, less the dollar amount of HSAC2 Ordinary Shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the Domestication.

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, HSAC2, Orchestra, and the RTW Funds entered into the Backstop Agreement pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of HSAC2 Ordinary Shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash as of immediately prior to the closing of the Merger is less than \$60 million (which calculation excludes amounts received pursuant to Medtronic's Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic's Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Funds' Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares).

On October 21, 2022, the parties amended the RTW Forward Purchase Agreement and the Backstop Agreement, pursuant to which the RTW Funds agreed that (1) the per share price under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting, (2) any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, will not be voted in favor of approving the Business Combination, and (3) the RTW Funds will waive redemption rights with respect to such purchases in the vote to approve the Business Combination.

The closing under the RTW Forward Purchase Agreement occurred on July 22, 2022, the closing under the Medtronic Forward Purchase Agreement will occur prior to the Domestication and the closing under the Backstop Agreement will occur immediately prior to the Domestication. The Sponsor and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights and Lock-up Agreement to be entered into at the Closing by and among HSAC2, the RTW Funds and certain existing shareholders of HSAC2 and stockholders of Orchestra (the "**Amended and Restated Registration Rights Agreement**") described below with respect to the shares of HSAC2 Common Stock received in the Domestication.

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the Closing unless, as to 500,000 shares, the volume-weighted average price of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 trading days within any 30-trading day period, and as to the remaining 500,000 shares, the volume-weighted average price of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20-trading days within any 30-trading day period. For this purpose, the term "trading day" refers to the Merger Agreement's defined term "**Trading Day**" which is: (a) for so long as shares of HSAC2 Common Stock are listed or admitted for trading on Nasdaq or any other national securities exchange, days on which such securities exchange is open for business; (b) when and if the shares of HSAC2 Common Stock are quoted on a system of automated dissemination of quotations of securities prices, days on which trades may be made on such system; or (c) if the shares of HSAC2 Common Stock are not listed or admitted to trading on any national securities exchange or quoted on a system of automated dissemination of quotations of securities prices, days on which shares of HSAC2 Common Stock are traded regular way in the over-the-counter market

and for which a closing bid and a closing asked price for shares of HSAC2 Common Stock are available. Additionally, the term “volume-weighted average price” refers to the Merger Agreement’s defined term “**VWAP**” which refers, for any security as of any date(s), to the dollar volume-weighted average price for a security on the principal securities exchange or securities market on which such security is then traded during the period beginning at 9:30:01 a.m., New York time, and ending at 4:00:00 p.m., New York time, as reported by Bloomberg through its “HP” function (set to weighted average) or, if the foregoing does not apply, the dollar volume-weighted average price of such security in the over-the-counter market on the electronic bulletin board for such security during the period beginning at 9:30:01 a.m., New York time, and ending at 4:00:00 p.m., New York time, as reported by Bloomberg, or, if no dollar volume-weighted average price is reported for such security by Bloomberg for such hours, the average of the highest closing bid price and the lowest closing ask price of any of the market makers for such security as reported by OTC Markets Group Inc., except that if the VWAP cannot be calculated for such security on such date(s) on any of the foregoing bases, the VWAP of such security on such date(s) shall be the fair market value per share on such date(s) as reasonably determined by HSAC2.

Further, the Sponsor and HSAC2’s other initial shareholders prior to its initial public offering have agreed to subject the 4,000,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for the 4,000,000 HSAC2 Ordinary Shares issued to HSAC2’s initial shareholders prior to its initial public offering and 450,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for 450,000 HSAC2 Ordinary Shares purchased in a private placement simultaneously with HSAC2’s initial public offering, to a lock-up for up to 12 months following the Closing and, subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants, for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Merger Consideration

Exchange Ratio

The consideration to be paid at the Closing by HSAC2 to Orchestra Equityholders will be payable in shares of HSAC2 Common Stock at an exchange ratio of 0.465 shares of HSAC2 Common Stock for each whole share of Orchestra Common Stock.

Earnout Payments

Orchestra stockholders will also have the opportunity to elect to participate in an earnout pursuant to which each such electing stockholder (an “**Earnout Participant**”) may receive a portion of additional contingent consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate. Each Earnout Participant must agree to extend their applicable Lock-up Period described below from 6 months to 12 months pursuant to an Earnout Election Agreement and will be entitled to receive the Earnout Consideration as follows:

- Earnout Participants will collectively be entitled to receive 4,000,000 shares of the Earnout Consideration, in the aggregate, in the event that, from the time beginning immediately after the Closing until the fifth anniversary of the Closing Date (the “**Earnout Period**”), over any 20 Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share; and
- Earnout Participants will collectively be entitled to receive the Final Earnout Shares — an additional 4,000,000 shares of the Earnout Consideration, in the aggregate — in the event that, during the Earnout Period, over any 20-Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share.

Upon the first change in control meeting certain conditions that occurs during the Earnout Period, if the corresponding valuation of New Orchestra Common Stock is (i) equal to or greater than \$15.00 per share (taking into consideration the issuance of the Initial Earnout Shares in determining such calculation), the Initial Milestone Event will be deemed to have occurred, and (ii) if equal to or greater than \$20.00 per share (taking into consideration the issuance of all Earnout Consideration in determining such calculation), the Final Milestone Event will be deemed to have occurred, in each case immediately prior to such change in control.

Cancellation of Certain Orchestra Securities

Each share of Orchestra capital stock, if any, that is owned by HSAC2, Merger Sub, or Orchestra, or any of their subsidiaries (as treasury stock or otherwise) will automatically be canceled and extinguished without any conversion or consideration.

Exchange of Orchestra Common Stock

At the time immediately prior to the time that the Merger becomes effective (the “**Effective Time**”), each issued and outstanding share of Orchestra Common Stock (other than any such shares of Orchestra Common Stock canceled as described above and any dissenting shares) will be converted into the right to receive a number of shares of HSAC2 Common Stock equal to the Exchange Ratio.

Merger Sub Securities

Each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time will be converted into and become one newly issued share of Orchestra as the surviving corporation in the Merger.

Orchestra Stock Options

At the Effective Time, each outstanding option to purchase shares of Orchestra Common Stock will be converted into an option to purchase, subject to substantially the same terms and conditions as were applicable under such options prior to the Effective Time, shares of New Orchestra Common Stock equal to the number of shares subject to such option prior to the Effective Time multiplied by the Exchange Ratio, at an exercise price per share of New Orchestra Common Stock equal to the exercise price per share of Orchestra Common Stock subject to such option divided by the Exchange Ratio.

Orchestra Warrants

Contingent on and effective as of immediately prior to the Effective Time, each outstanding warrant to purchase shares of Orchestra capital stock will be treated in accordance with the terms of the relevant agreements governing such warrants and converted into New Orchestra warrants.

Post-Closing Board of Directors

Immediately following the Closing, New Orchestra’s board of directors will consist of the existing Orchestra board of directors (the “**Orchestra Board**”).

Registration Statement and Shareholder Approval

Pursuant to the Merger Agreement, HSAC2 and Orchestra have agreed to prepare, and HSAC2 will file with the SEC, this proxy statement/prospectus for the purpose of soliciting proxies from holders of HSAC2 Ordinary Shares sufficient to obtain shareholder approval for the Domestication and the Merger at the Shareholder Meeting.

Representations and Warranties and Certain Covenants

The Merger Agreement contains customary representations, warranties and covenants with respect to, among other things, operation of their respective businesses prior to consummation of the Merger and efforts to satisfy conditions to consummation of the Merger. The Merger Agreement also contains additional covenants of the parties, including, among others, with respect to access to information, cooperation in the preparation of this proxy statement/prospectus and to obtain all requisite approvals of each party’s respective stockholders or shareholders, as the case may be. The assertions embodied in those representations, warranties and covenants were made for purposes of the Merger Agreement and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the Merger Agreement. The representations and warranties in the Merger Agreement are also modified in part by the underlying disclosure schedules (the “**disclosure schedules**”), which are not filed publicly and which are subject to a contractual standard of materiality different from that generally applicable to shareholders and were used for the purpose of allocating risk among the parties rather than establishing matters as facts. We do

not believe that the disclosure schedules contain information that is material to an investment decision. Additionally, the representations and warranties of the parties to the Merger Agreement may or may not have been accurate as of any specific date and do not purport to be accurate as of the date of this proxy statement/prospectus. Accordingly, no person should rely on the representations and warranties in the Merger Agreement or the summaries thereof in this proxy statement/prospectus as characterizations of the actual state of facts about HSAC2, Orchestra or any other matter.

None of the representations, warranties, or covenants in the Merger Agreement, or rights arising out of any breach of such representations, warranties or covenants will survive the Closing, except for those covenants that by their terms expressly apply in whole or in part after the Closing or in the case of claims for fraud or willful breach.

Material Adverse Effect

Under the Merger Agreement, (i) certain representations and warranties of HSAC2 and Orchestra are qualified in whole or in part by a Material Adverse Effect standard for purposes of determining whether a breach of such representations and warranties has occurred, (ii) the obligation of each of HSAC2 and Merger Sub to consummate the Business Combination is conditioned on no Material Adverse Effect having occurred from the date of the Merger Agreement with respect to Orchestra and its subsidiaries that is continuing and (iii) the obligation of Orchestra to consummate the Business Combination is conditioned on no Material Adverse Effect having occurred from the date of the Merger Agreement with respect to HSAC2 that is continuing.

“**Material Adverse Effect**” means, with respect to any HSAC2 or Orchestra, any fact, effect, event, development, change, or occurrence (an “**Effect**”) that, individually or together with one or more other contemporaneous Effects, has or would reasonably be expected to have a materially adverse effect on the financial condition, assets, liabilities or results of operations of such entity; *provided, however*, that a Material Adverse Effect will not be deemed to include Effects (and solely to the extent of such Effects) resulting from an Excluded Matter.

“**Excluded Matter**” means any one or more of the following: (a) general economic or political conditions; (b) conditions generally affecting the industries in which HSAC2 or Orchestra and its subsidiaries, as applicable, operates; (c) any changes in financial, banking or securities markets in general, including any disruption thereof and any decline in the price of any security or any market index or any change in prevailing interest rates; (d) acts of war (whether or not declared), armed hostilities or terrorism, or the escalation or worsening thereof; (e) any action required or permitted by the Merger Agreement or an Additional Agreement or any action or omission (i) in the case of the Orchestra, taken by Orchestra or its subsidiaries with the written consent or at the request of HSAC2 or (ii) in the case of HSAC2, taken by HSAC2 or Merger Sub with the written consent or at the request of the Orchestra; (f) (i) any changes in applicable laws (including in connection with the COVID-19 pandemic) or accounting rules (including U.S. generally accepted accounting principles (“**U.S. GAAP**”)) or the enforcement, implementation or interpretation thereof and (ii) in the case of HSAC2, new pronouncements or interpretations by the SEC or other U.S. federal regulators arising after the date of the Merger Agreement with respect to prior accounting rules; (g) the announcement, pendency or completion of the transactions contemplated by the Merger Agreement, including losses to the extent directly resulting therefrom of employees, customers, suppliers, distributors or others having relationships with HSAC2 or Orchestra, as applicable; (h) any natural or man-made disaster, acts of God or pandemics, including the COVID-19 pandemic, or the worsening thereof; (i) any failure by a party to meet any internal or published projections, forecasts or revenue or earnings predictions (it being understood that the facts or occurrences giving rise or contributing to such failure that are not otherwise excluded from the definition of a “Material Adverse Effect” may be taken into account in determining whether there has been a Material Adverse Effect); *provided, however*, that the exclusions provided in the foregoing clauses (a) through (d), clause (f) and clause (h) will not apply to the extent that HSAC2 or Orchestra, as applicable, is disproportionately affected by any such exclusions relative to other participants in the industry in which such entity operates.

HSAC2 Equity Incentive Plan

Pursuant to the Merger Agreement, HSAC2 has agreed to adopt the 2022 Plan as described in the Equity Incentive Plan Proposal.

Non-Solicitation Restrictions

Each of HSAC2 and Orchestra has agreed that it will not solicit or initiate any negotiations with any party relating to an Alternative Transaction (as such term is defined in the Merger Agreement) or enter into any agreement relating to such a proposal. Each of HSAC2 and Orchestra has also agreed to be responsible for any acts or omissions of any of its respective representatives that, if they were the acts or omissions of HSAC2 and Orchestra, as applicable, would be deemed a breach of the party's obligations with respect to these non-solicitation restrictions.

Conditions to Closing

The consummation of the Merger is conditioned upon, among other things, (i) the absence of any applicable law or order issued by any authority that has jurisdiction over the parties to the Merger Agreement with respect to the transactions contemplated by the Merger Agreement restraining or prohibiting the consummation of the transactions contemplated by the Merger Agreement, including the Merger, (ii) HSAC2 having at least \$5,000,001 of net tangible assets upon consummation of the Merger, (iii) adoption and approval of the Merger Agreement by the requisite Orchestra stockholders and approval of the conversion of Series A Preferred Stock of Orchestra to Orchestra Common Stock in connection with the Merger by the requisite Orchestra stockholders, (iv) approval by the requisite HSAC2 shareholders of the Proposals, (v) the conditional approval for listing by Nasdaq of the shares to be issued in connection with the transactions contemplated by the Merger Agreement and satisfaction of initial and continuing listing requirements and HSAC2 not having received any notice of non-compliance with such requirements, and (vi) the Form S-4 becoming effective in accordance with the provisions of the Securities Act.

Certain Related Agreements

HSAC2 Shareholder Support Agreement and Forfeiture

On July 4, 2022, contemporaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into a parent support agreement with the Sponsor and certain other HSAC2 shareholders (the “**Parent Support Agreement**”) pursuant to which the Sponsor and such HSAC2 shareholders have agreed (a) to appear at any general meetings called to approve the Merger or any proposal to extend the period of time HSAC2 is afforded under its organizational documents and its prospectus to consummate an initial business combination, (b) not to redeem their shares or any other equity securities of HSAC2 now or in future acquired or beneficially owned, (c) to vote such shares and equity securities (i) in favor of the Domestication, the Merger and related transactions (except that any such additional equity securities acquired in the future, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination), (ii) in favor of any proposal to extend the period of time HSAC2 is afforded under its organizational documents and its prospectus to consummate an initial business combination, and (iii) against any change in the business, management or board of HSAC2 contrary to the Merger Agreement and against any other proposal reasonably expected to breach, prevent or impede the Merger, and (d) to waive anti-dilution and similar rights with respect to such shares, whether under the HSAC2 amended and restated memorandum and articles of association, applicable law, or a contract regarding the Merger and related transactions with HSAC2. In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the Earnout Period unless, as to 500,000 shares, the Initial Milestone Event occurs, and as to the remaining 500,000 shares, the Final Milestone Event occurs. Further, subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Orchestra Stockholder Support Agreement

On July 4, 2022, contemporaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into a support agreement with certain Orchestra stockholders, including Medtronic (the “**Orchestra Support Agreement**”), pursuant to which such stockholders have agreed (a) to appear at any stockholder meetings called to

approve the Merger, (b) to vote such shares and equity securities (i) in favor of the Merger and related transactions, (ii) against any change in the business, management or board of Orchestra contrary to the Merger Agreement and (iii) against any other proposal reasonably expected to breach, prevent or impede the Merger.

Amended and Restated Registration Rights and Lock-Up Agreement

At the Closing, HSAC2 will enter into the Amended and Restated Registration Rights Agreement with the RTW Funds, certain existing shareholders of HSAC2 and certain existing stockholders of Orchestra with respect to the resale of shares of New Orchestra held or acquired by such stockholders before or pursuant to the Merger, and including any shares issuable on conversion of preferred stock, Earnout Consideration and shares acquired under the Forward Purchase Agreements and the Backstop Agreements. The Amended and Restated Registration Rights Agreement amends and restates the registration rights agreement that HSAC2 entered into as of August 3, 2020 in connection with its initial public offering. Subject to the Lock-Up described below, New Orchestra will file a registration statement to register the public resale of the shares as soon as reasonably practicable, but in any event within 45 calendar days following the Closing. In addition, subject to certain requirements and customary conditions, including with regard to the number of requests that may be made and when, such stockholders may request to sell all or any portion of their registrable securities in an underwritten offering so long as the total offering price is reasonably expected to exceed, in the aggregate, \$25 million. In addition, the stockholders signing the Amended and Restated Registration Rights Agreement will have certain “piggy-back” registration rights that require New Orchestra to include such securities in registration statements that New Orchestra otherwise files, subject to certain requirements and customary conditions. The Amended and Restated Registration Rights Agreement does not contain liquidated damages provisions or other cash settlement provisions resulting from delays in registering the New Orchestra’s securities. New Orchestra will bear the expenses incurred in connection with the filing of any such registration statements. The Amended and Restated Registration Rights Agreement contains customary indemnification provisions.

The Amended and Restated Registration Rights Agreement requires the signatories thereto to agree, subject to certain customary exceptions, not to (i) sell, assign, offer to sell, contract or agree to sell, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, any shares subject to lock-up, (ii) establish or increase a put equivalent position or liquidation with respect to or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to any Lock-up Shares, (iii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Lock-up Shares, or (iv) publicly announce an intention to effect any of the foregoing during the Lock-up Period (as defined below). The shares subject to lock-up are any shares of New Orchestra Common Stock or any security convertible into or exercisable or exchanged for New Orchestra Common Stock beneficially owned or owned of record by such Holder (“**Lock-up Shares**”), and the term “**Lock-Up Period**” means the period from the Closing until the earlier of: (1)(a) 12 months after the Closing with respect to the (i) 4,000,000 shares of New Orchestra Common Stock to be issued in the Domestication in exchange for 4,000,000 of HSAC2 Ordinary Shares that were issued to HSAC2’s initial shareholders prior to its initial public offering, (ii) 450,000 shares of New Orchestra Common Stock to be issued in the Domestication in exchange for 450,000 of HSAC2 Ordinary Shares that were issued in a private placement simultaneously with HSAC2’s initial public offering and (iii) any shares of New Orchestra Common Stock or any security convertible into or exchangeable for New Orchestra Common Stock beneficially owned or owned of record by RTW Investments, LP and its affiliates as of the date of the Closing, and (b) six (6) months after the Closing with respect to all other Holders and New Orchestra Common Stock and (2) the date on which New Orchestra completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the New Orchestra stockholders having the right to exchange their shares of New Orchestra Common Stock for cash, securities or other property.

The cash remaining in the Trust Account at Closing is assumed to be from 2,000,000 Public Shares acquired by the RTW Funds and Medtronic pursuant to the Forward Purchase Agreements and 30,000 Public Shares held by HSAC2’s officers. The Merger Agreement includes a condition to the Closing that Parent Closing Cash being at least equal to \$60 million (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic’s Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds’ Forward Purchase Shares).
- (2) Assumes approximately 4,965,337 HSAC2 Ordinary Shares are purchased by the RTW Funds pursuant to the Backstop Agreement and the amount of cash remaining in HSAC2’s working capital account is \$0.
- (3) Shares issued to Orchestra stockholders are at a deemed value of \$10.00 per share. Assumes 20,187,180 shares of New Orchestra Common Stock issued. See the section entitled “*Unaudited Pro Forma Condensed Consolidated Combined Financial Information*” for more details.
- (4) Represents an estimated amount, inclusive of fees related to the Business Combination and related transactions.

Expected Accounting Treatment

The Merger is expected to be accounted for as a reverse recapitalization in accordance with U.S. GAAP. Under this method of accounting, HSAC2, which is the legal acquirer, will be treated as the “acquired” company for financial reporting purposes, and Orchestra will be treated as the accounting acquirer. This determination was primarily based on the expectations that, immediately following the Business Combination, Orchestra’s stockholders will have a majority of the voting power of New Orchestra, Orchestra’s board of directors will become the board of directors of New Orchestra (the “**New Orchestra Board**”), and Orchestra’s senior management will comprise all of the senior management of New Orchestra. Accordingly, for accounting purposes, the Merger will be treated as the equivalent of a capital transaction in which Orchestra is issuing stock for the net assets of HSAC2. The net assets of HSAC2 will be stated at historical cost, with no goodwill or other intangible assets recorded. Operations prior to the Merger will be those of Orchestra.

Regulatory Approvals

The Business Combination and the transactions contemplated by the Merger Agreement are not subject to any additional regulatory requirement or approval, except for (i) filings with the Cayman Islands Registrar of Companies and Secretary of State of the State of Delaware necessary to effectuate the Domestication and the Business Combination and (ii) filings required with the SEC pursuant to the reporting requirements applicable to HSAC2, and the requirements of the Securities Act and the Exchange Act, including the requirement to file the registration statement of which this proxy statement/prospectus forms a part and to disseminate it to HSAC2 shareholders.

Dissenters' Rights or Appraisal Rights

There are no appraisal rights available to holders of HSAC2 Ordinary Shares or the Private Warrants in connection with the Domestication Proposal under the DGCL.

As a matter of Cayman Islands law, dissenters' rights only apply to statutory mergers where the Cayman Islands company is a constituent party thereto.

Redemption Rights

Pursuant to the Existing Charter, holders of Public Shares may elect to have their shares converted into an amount equal to (1) the number of Public Shares being converted by such public holder divided by the total number of Public Shares multiplied by (2) the amount then in the Trust Account (initially \$10.00 per HSAC2 Ordinary Share), which includes the deferred underwriting discounts and commissions, plus a pro rata portion of any interest earned on the funds held in the Trust Account less any amounts necessary to pay our taxes.

As of _____, 2022, based on funds in the Trust Account of approximately \$ _____, giving effect to payment of \$92,591,090.31 to shareholders who elected to redeem their shares in connection with the Extension Proposal, this would have amounted to approximately \$ _____ per share (exclusive of _____). If a holder exercises its redemption rights, then such holder will be exchanging its HSAC2 Ordinary Shares for cash and will no longer own shares of New Orchestra. Such a holder will be entitled to receive cash for its Public Shares only if it properly requests redemption and tenders or delivers its shares (either physically or electronically, including share certificates (if any) and other redemption forms) to HSAC2's transfer agent prior to the Shareholder Meeting. See the section titled "*Extraordinary General Meeting of HSAC2 Shareholders — Redemption Rights*" for the procedures to be followed if you wish to redeem your shares for cash.

You will be entitled to receive cash for any Public Shares to be redeemed only if you (i) hold Public Shares; and (ii) prior to 5:00 p.m., Eastern Time, on _____, 2022, (a) submit a written request to the Transfer Agent that HSAC2 redeem your Public Shares for cash and (b) tender your Public Shares to the Transfer Agent, physically or electronically, through the Depository Trust Company ("**DTC**").

A holder will be entitled to receive cash for its Public Shares only if it properly requests redemption and tenders its shares (either physically or electronically, including share certificates (if any) and other redemption forms), in accordance with the procedures described herein. Please see the section titled "*Extraordinary General Meeting of HSAC2 Shareholders — Redemption Rights*" for the procedures to be followed if you wish to redeem your Public Shares for cash.

Maximum Redemptions: This scenario assumes that: (i) the Forward Purchases occur and the 2,000,000 Forward Purchase Shares and the 30,000 Public Shares held by officers of HSAC2 are not redeemed; (ii) holders of 4,732,117 Public Shares exercise their redemption rights in connection with the Business Combination resulting in only 2,030,000 Public Shares remaining outstanding; (iii) the RTW Funds purchase 4,965,337 newly issued HSAC2 Ordinary Shares immediately prior to the Domestication pursuant to the Backstop Agreement (the “**Backstop Purchases at Maximum Redemptions**”); (iv) other than the Forward Purchases and the Backstop Purchases at Maximum Redemption, none of the investors set forth in the table below purchases HSAC2 Ordinary Shares or New Orchestra Common Stock; (v) 20,187,180 shares of New Orchestra Common Stock are issued in the Business Combination; (vi) there will be an aggregate of 31,637,180 shares of New Orchestra Common Stock issued and outstanding at Closing; and (vii) none of the Earnout Shares are issued.

Interests of Certain Persons in the Business Combination

When you consider the recommendation of the HSAC2 Board in favor of approval of the Business Combination Proposal and the other Proposals, you should keep in mind that our Sponsor, Initial Shareholders, officers and directors and their affiliates have interests in and benefits arising from the completion of the Business Combination that may be different from or in addition to (and which may conflict with) the interests of our Public Shareholders, which may result in a conflict of interest. These interests and benefits include, among other things:

- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate. However, each of our Initial Shareholders, which include our Sponsor, which is affiliated with our officers, and certain of our directors, agreed, at the time of the

IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to waive their right to have us redeem any of their shares, or to sell their shares to us in any tender offer, in connection with the Business Combination, or to receive distributions with respect to their Insider Shares upon our liquidation if we are unable to consummate the Business Combination or an alternative business combination. Accordingly, the Insider Shares and any Public Shares held by our officers and directors will be worthless if we do not consummate the Business Combination or an alternative initial business combination. Their Insider Shares, which were purchased prior to the closing of the HSAC2 IPO were purchased for \$28,750, their Private Shares were purchased concurrently with the IPO for \$4,500,000 and their Public Shares were purchased after the IPO for \$300,000. Based on the closing price of the HSAC2 Ordinary Shares of \$ _____ on Nasdaq as of _____, 2022, these shares had an aggregate market value of approximately \$ _____.

- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate and the Private Warrants purchased by our Sponsor at a price of \$1,500,000 will expire worthless. Based on the closing price of the HSAC2 Ordinary Shares of \$ _____ on Nasdaq as of _____, 2022, the Private Warrants had an aggregate market value of approximately \$ _____.
- Our Initial Shareholders paid an aggregate of \$28,750 or approximately \$0.007 per share for their Insider Shares, which shares, if unrestricted and freely-tradable, would be valued at approximately \$ _____ based on the closing price of the HSAC2 Ordinary Shares of \$ _____ on Nasdaq as of _____, 2022; accordingly, our Initial Shareholders can earn a positive rate of return on their Insider Shares even if New Orchestra's Public Shareholders experience a negative return following the consummation of the Business Combination.
- The RTW Funds, entities affiliated with our Chief Executive Officer, have purchased 1 million Public Shares pursuant to the RTW Forward Purchase Agreement and have agreed to purchase up to an additional \$50 million of HSAC2 Ordinary Shares pursuant to the Backstop Agreement. The per share purchase prices under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting and the RTW Funds have agreed not to vote any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, in the proposal to approve the Business Combination, and to waive redemption rights with respect to such purchases in the vote to approve the Business Combination.
- It is anticipated that, upon the Closing, the Sponsor and related parties (including the directors and officers of HSAC2 before the Business Combination and the RTW Funds) will retain an ownership interest ranging from approximately 25.3% to 40.3% of New Orchestra, depending on the amount of HSAC2 Ordinary Shares purchased pursuant to the Backstop Agreement and the degree to which holders of Public Shares exercise redemption rights with respect to their Public Shares and the number of shares the RTW Funds purchase pursuant to the Backstop Agreement, but excluding 750,000 Private Warrants held by the Sponsor. If all potential sources of dilution were exercised and converted into HSAC2 Ordinary Shares, the Sponsor and related parties would retain an ownership interest ranging from approximately 17.6% to 27.1%. See the section titled "Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing."
- We pay \$10,000 per month to our Sponsor for office space and related services, but only out of funds not held in the Trust Account. We may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the Trust Account to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will be due and payable no later than the date of the consummation of the Business Combination, or an alternative initial business combination. So, the Sponsor may forfeit repayment if we do not consummate the Business Combination or an alternative initial business combination.
- Our Initial Shareholders and management team are entitled to receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations (with no cap or ceiling on such reimbursement), but will not receive

reimbursement for any out-of-pocket expenses to the extent such expenses exceed the amount not required to be retained in the Trust Account, unless the Business Combination, or an alternative initial business combination, is consummated. As of _____, 2022, the date of this proxy statement/prospectus, there were no unreimbursed out-of-pocket expenses.

- In order to meet our working capital needs, our Initial Shareholders, officers and directors may, but are not obligated to, loan us funds (the “**Working Capital Loans**”). The loans would either be paid upon consummation of our initial business combination, without interest, or, at the lender’s discretion, up to \$500,000 of the notes may be converted upon consummation of our business combination into additional Private Warrants at a price of \$1.00 per warrant. If we require additional working capital and the Sponsor extends Working Capital Loans to us, such loans will not be repaid if we do not consummate the Business Combination, or an alternative initial business combination by the Extension Date. As of _____, 2022, the date of this proxy statement/prospectus, there were no amounts outstanding under any Working Capital Loans.
- Our Initial Shareholders and the RTW Funds have agreed that, subject to certain limited exceptions, any shares of New Orchestra Common Stock or any security convertible into or exercisable or exchanged for New Orchestra Common Stock beneficially owned or owned of record by such holders will not be transferred, assigned, sold or assigned until the earlier of 12 months after the Closing and the date on which New Orchestra completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the New Orchestra stockholders having the right to exchange their shares of New Orchestra Common Stock for cash, securities or other property.
- Our current directors and officers have the right to be indemnified by contract and our Existing Charter against liabilities asserted against them in their capacities as our directors and officers and certain other capacities undertaken at our request. New Orchestra will continue such indemnification and maintain directors’ and officers’ liability insurance to provide such indemnification. If we do not complete the Business Combination, or an alternative initial business combination by the Extension Date, it will trigger our automatic winding up, liquidation and dissolution and such indemnification rights will become worthless.
- The exercise of HSAC2’s directors’ and officers’ discretion in agreeing to changes or waivers in the terms of the transaction may result in a conflict of interest when determining whether such changes or waivers are appropriate and in our shareholders’ best interest.

The HSAC2 Board was aware of and considered these interests, among other matters, in evaluating and unanimously approving the Business Combination and in recommending to the Public Shareholders that they approve the Business Combination.

See “*Proposal 1 — The Business Combination Proposal — Interests of Certain Persons in the Business Combination*” beginning on page 139 for additional information.

- *Advisory Governance Proposal E* — to provide for certain additional changes, including, among other things, (i) adopting Delaware as the exclusive forum for certain stockholder litigation and the federal district courts of the United States as the exclusive forum for certain other stockholder litigation in each case unless New Orchestra expressly consents in writing to the selection of an alternative forum and (ii) removing certain provisions related to HSAC2’s status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which the HSAC2 Board believes are necessary to adequately address the needs of New Orchestra after the Business Combination; and
- *Advisory Governance Proposal F* — to change the post-Business Combination corporate name from “Health Sciences Acquisitions Corporation 2” to “Orchestra BioMed Holdings, Inc.”

(see the section titled “*Proposal 5 — The Advisory Governance Proposals*” for more information).

Proposal 8: The Equity Incentive Plan Proposal — To consider and vote upon an ordinary resolution to approve the 2022 Plan to be effective after the closing of the Business Combination (see the section titled “*Proposal 8 — The Equity Incentive Plan Proposal*” for more information); and

Proposal 9: The Adjournment Proposal — To consider and vote upon an ordinary resolution to approve the adjournment of the Shareholder Meeting by the chairman thereof to a later date, if necessary, under certain circumstances, including for the purpose of soliciting additional proxies in favor of the foregoing Proposals, in the event HSAC2 does not receive the requisite stockholder vote to approve the Proposals (see the section titled “*Proposal 9 — The Adjournment Proposal*” for more information).

HSAC2’s Reasons for the Business Combination.

After careful consideration, HSAC2’s Board recommends that HSAC2 shareholders vote “FOR” each Proposal being submitted to a vote of the HSAC2 shareholders. For a description of HSAC2’s reasons for the approval of the Business Combination and the recommendation of our board of directors, see the section entitled “*Proposal 1 — The Business Combination Proposal — The Board’s Reasons for Approval of the Business Combination.*”

Proxy Solicitation

Proxies may be solicited by mail. We have engaged Morrow Sodali to assist in the solicitation of proxies. If a shareholder grants a proxy, it may still vote its shares online if it revokes its proxy before the Shareholder Meeting. A shareholder may also change its vote by submitting a later-dated proxy as described in the section entitled “*Extraordinary General Meeting of HSAC2 Shareholders — Revoking Your Proxy.*”

Recommendations of the Board and Reasons for the Business Combination

After careful consideration of the terms and conditions of the Merger Agreement, the Board has determined that Business Combination and the transactions contemplated thereby are fair to, and in the best interests of, HSAC2 and its shareholders. In reaching its decision with respect to the Business Combination and the transactions contemplated thereby, the Board reviewed various industry and financial data and the evaluation of materials provided by Orchestra. The Board did not obtain a fairness opinion on which to base its assessment. The Board recommends that HSAC2 shareholders vote:

- FOR the Business Combination Proposal (Proposal 1);
- FOR the Domestication Proposal (Proposal 2);
- FOR the Charter Approval Proposal (Proposal 3);
- FOR the Bylaws Approval Proposal (Proposal 4);
- FOR the Advisory Governance Proposals (Proposal 5);
- FOR the Nasdaq Proposal (Proposal 6);
- FOR the Director Election Proposal (Proposal 7);
- FOR the Equity Incentive Plan Proposal (Proposal 8); and
- FOR the Adjournment Proposal (Proposal 9).

Summary Risk Factors

In evaluating the Business Combination and the Proposals to be considered and voted on at the Shareholder Meeting you should carefully review and consider the risk factors set forth under the section titled “*Risk Factors*” beginning on page 47 of this proxy statement/prospectus. The occurrence of one or more of the events or circumstances described in that section, alone or in combination with other events or circumstances, may have a material adverse effect on (i) the ability of HSAC2 and Orchestra to complete the Business Combination, and (ii) the business, cash flows, financial condition and results of operations of New Orchestra following consummation of the Business Combination. Such risks include, but are not limited to:

Risks Related to Orchestra’s Business and Products

- Orchestra has a history of net losses, and expects to continue to incur losses for the foreseeable future. If Orchestra ever achieves profitability, it may not be sustainable.

- If Orchestra does not achieve its projected development and commercialization goals, its business may be harmed.
- The clinical study process required to obtain regulatory approvals or certifications carries substantial risks and is lengthy and expensive with uncertain outcomes. If Orchestra's clinical studies are unsuccessful or significantly delayed, or if Orchestra does not complete its clinical studies, its business may be harmed.
- Even if Orchestra obtains all necessary FDA approvals, Orchestra's product candidates may not achieve or maintain market acceptance.
- Orchestra may be unable to compete successfully with larger companies in its highly competitive industry.
- Orchestra's operating results may fluctuate significantly, which makes future operating results difficult to predict and could cause Orchestra's operating results to fall below expectations or any guidance Orchestra may provide.
- Orchestra is party to a loan and security agreement, which contains operating covenants and restrictions that may restrict its business and financing activities, and pursuant to which the lenders have been granted a security interest over all of Orchestra's assets, including its intellectual property.
- The sizes of Orchestra's markets for product candidates have not been established with precision and may be smaller than estimated.
- The COVID-19 pandemic, including any strains or variants of the virus, could adversely impact Orchestra's business, including Orchestra's clinical studies and financial condition.
- Orchestra's product candidates may be associated with serious adverse events, undesirable side effects or have other properties that could halt their clinical development, prevent their regulatory approval or certification, limit their commercial potential or result in significant negative consequences.
- If Orchestra does not manage growth or control costs related to growth, its results of operations will suffer.
- Orchestra's information technology systems, or those of any of its CROs, manufacturers, other contractors, consultants, collaborators or potential future collaborators, may fail or suffer security or data privacy breaches or other unauthorized or improper access to, use of, or destruction of Orchestra's proprietary or confidential data, employee data, or personal data, which could result in additional costs, loss of revenue, significant liabilities, harm to Orchestra's brand and material disruption of Orchestra's operations.

Risks Related to Orchestra's Reliance on Third Parties

- Orchestra is, and expects to continue to be, highly dependent on partners to drive the successful marketing and sale of its initial product candidates. There is no assurance that Orchestra will be able to form and properly manage partnerships. There is no assurance partnerships will be successful.
- Orchestra expects to be highly dependent on partners and third-party vendors to manufacture and provide important materials and components for its products and product candidates. There is no assurance that Orchestra will be able properly manage its supply chain. Further, Orchestra currently does not have redundancy built into its supply chain.
- The failure of Orchestra's manufacturing partners and component suppliers to meet regulatory quality standards applicable to their manufacturing processes could have an adverse effect on Orchestra's business, financial condition and results of operations.
- Orchestra has limited pharmaceutical manufacturing experience and its CMOs may experience development or manufacturing problems or delays in producing Orchestra's products and planned or future products that could limit the potential growth of Orchestra's revenue or increase Orchestra's losses.

Risks Related to Government Regulation and Orchestra's Industry

- Regulatory compliance is expensive, complex and uncertain, and approvals or certifications can often be denied or significantly delayed. Orchestra may not obtain the necessary approvals or certifications and failure to obtain timely regulatory approval or certification, if at all, would adversely affect Orchestra's business.
- Even if Orchestra obtains regulatory approval or certification for a product candidate, Orchestra's products will remain subject to regulatory scrutiny and post-marketing requirements. Failure to comply with post-marketing regulatory requirements could subject Orchestra to enforcement actions, including substantial penalties, and might require a product to be recalled or withdrawn from the market.
- Orchestra's medical device products, if approved or certified, may cause or contribute to adverse medical events or be subject to failures or malfunctions that Orchestra is required to report to the FDA or similar foreign regulatory authorities, and if Orchestra fails to do so, it would be subject to sanctions that could harm its reputation, business, financial condition and results of operations. The discovery of serious safety issues with Orchestra's products, or a recall of Orchestra's products either voluntarily or at the direction of the FDA or another governmental authority, could have a negative impact.
- Virtue SAB is a drug/device combination, which may result in additional regulatory and other risks.
- If the FDA does not conclude that SirolimusEFR as a standalone product candidate satisfies the requirements for the Section 505(b)(2) regulatory approval pathway, or if the requirements for SirolimusEFR under Section 505(b)(2) are not as Orchestra expects, the approval pathway for SirolimusEFR may likely take significantly longer, cost significantly more and entail significantly greater complications and risks than anticipated, and in either case may not be successful.
- Healthcare cost containment pressures and legislative or administrative reforms resulting in restrictive coverage and reimbursement practices of third-party payors could decrease the demand for Orchestra's products, the prices that customers are willing to pay for those products and the number of procedures performed using Orchestra's devices, which could have an adverse effect on Orchestra's business.

Risks Related to Orchestra's Intellectual Property

- Orchestra may not effectively be able to protect or enforce its intellectual property, which could have a material adverse effect on Orchestra's business, financial condition, results of operations and prospects.
- If Orchestra cannot protect and control unpatented trade secrets, know-how and other proprietary technology, it may suffer competitive harm.
- Patent terms may be inadequate to protect Orchestra's competitive position on its product candidates for an adequate amount of time.

Risks Related to HSAC2 and the Business Combination

- HSAC2's Sponsor, Initial Shareholders, officers and directors and their affiliates have interests in the Business Combination which may conflict with the interests of shareholders.
- HSAC2's Public Shareholders may experience dilution as a consequence of the issuance of shares as consideration in the Business Combination. Having a minority share position may reduce the influence that current shareholders have on the management of New Orchestra.
- HSAC2 is likely a PFIC, which could result in adverse U.S. federal income tax consequences to U.S. Holders.
- If the Business Combination's benefits do not meet the expectations of investors, stockholders or financial analysts, the market price of New Orchestra securities may decline.

SELECTED HISTORICAL FINANCIAL DATA OF ORCHESTRA

SUMMARY UNAUDITED PRO FORMA CONDENSED CONSOLIDATED COMBINED FINANCIAL INFORMATION

The following summary unaudited pro forma condensed consolidated combined financial information (the “Summary Pro Forma Information”) gives effect to the Business Combination. The Business Combination will be accounted for as a reverse recapitalization, in accordance with U.S. GAAP. Under this method of accounting, HSAC2 will be treated as the “acquired” company for financial reporting purposes. Accordingly, the Business Combination will be reflected as the equivalent of Orchestra issuing shares for the net assets of HSAC2, followed by a recapitalization whereby no goodwill or other intangible assets are recorded. Operations prior to the Business Combination will be those of Orchestra. There will be no accounting effect or change in the carrying amount of the assets and liabilities as a result of the Business Combination. The summary unaudited pro forma condensed consolidated combined balance sheet as of June 30, 2022 combines the unaudited historical condensed consolidated balance sheet of Orchestra as of June 30, 2022 with the unaudited historical condensed balance sheet of HSAC2 as of June 30, 2022, giving effect to the Business Combination as if it had been consummated on June 30, 2022. The summary unaudited pro forma condensed consolidated combined statement of operations for the six months ended June 30, 2022 and for the year ended December 31, 2021 combine the historical statement of operations of Orchestra and HSAC2 for the respective periods on a pro forma basis giving effect to the Business Combination as if it had been consummated on January 1, 2021.

The Summary Pro Forma Information has been derived from, and should be read in conjunction with, the more detailed unaudited pro forma condensed consolidated combined financial information included in the section titled “*Unaudited Pro Forma Condensed Consolidated Combined Financial Information*” in this proxy statement/prospectus and the accompanying notes thereto. The unaudited pro forma condensed consolidated combined financial information is based upon, and should be read in conjunction with, the historical financial statements and related notes of HSAC2, historical consolidated financial statements and related notes of Orchestra for the applicable periods and the sections titled “*Management’s Discussion and Analysis of Results of Financial Condition and Results of Operations of HSAC2*” and “*Orchestra’s Management’s Discussion and Analysis of Financial Condition and Results of Operations*” included elsewhere in this proxy statement/prospectus. The Summary Pro Forma Information has been presented for informational purposes only and is not necessarily indicative of what HSAC2’s financial position or results of operations actually would have been had the Business Combination been completed as of the dates indicated. In addition, the Summary Pro Forma Information does not purport to project the future financial position or operating results of HSAC2 following the reverse recapitalization.

The unaudited pro forma condensed consolidated combined financial information has been prepared using the assumptions below with respect to the potential redemption into cash of shares of HSAC2 Ordinary Shares:

- **Assuming No Additional Redemptions:** This scenario assumes that the only shares redeemed by Public Shareholders are those that have already been redeemed prior to July 22, 2022.
- **Assuming Maximum Redemptions:** This scenario assumes that 4,732,117 HSAC2 Ordinary Shares subject to redemption are redeemed for an aggregate payment of approximately \$47.4 million (based on an estimated per share redemption price of approximately \$10.02 that was calculated using the \$67.8 million of cash in the Trust Account divided by 6,762,117 HSAC2 Ordinary Shares subject to redemption assuming the pro forma maximum redemptions scenario pursuant to the Merger Agreement). This amount excludes 2,000,000 HSAC2 Ordinary Shares acquired by the RTW Funds and Medtronic pursuant to the Forward Purchase Agreements and 30,000 HSAC2 Ordinary Shares held by officers of HSAC2. The Merger Agreement includes a condition to the Closing that Parent Closing Cash being at least equal to \$60 million (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic’s Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds’ Forward Purchase Shares).

RISK FACTORS

The following risk factors will apply to our business and operations following the completion of the Business Combination. These risk factors are not exhaustive and investors are encouraged to perform their own investigation with respect to the business, prospects, financial condition and operating results of Orchestra and our business, prospects, financial condition and operating results following the completion of the Business Combination. You should carefully consider the following risk factors in addition to the other information included in this proxy statement/prospectus, including matters addressed in the section entitled “Cautionary Note Regarding Forward-Looking Statements,” before deciding how to vote your HSAC2 Ordinary Shares at the Shareholder Meeting. The occurrence of one or more of the events or circumstances described in these risk factors, alone or in combination with other events or circumstances, may adversely affect the ability to complete or realize the anticipated benefits of the Business Combination, and may have a material adverse effect on the business, cash flow, financial condition and results of operations of New Orchestra following the Business Combination. HSAC2 and Orchestra may face additional risks and uncertainties that are not presently known to such entity, or that are currently deemed immaterial, which may also impair our business, prospects, financial condition or operating results. The following discussion should be read in conjunction with our financial statements and the financial statements of Orchestra and notes to the financial statements included herein.

Risks Related to Orchestra’s Business and New Orchestra Following the Business Combination

Throughout this subsection, references to “we,” “us” and “our” are intended to refer to Orchestra before the Closing and New Orchestra following the Closing, unless *the context* clearly indicates *otherwise*.

Risks Related to Our Business and Products

We have a history of net losses, and we expect to continue to incur losses for the foreseeable future. If we ever achieve profitability, we may not be able to sustain it

We have incurred losses since our inception and expect to continue to incur losses for the foreseeable future. We have reported net losses of \$13.6 million for the six months ended June 30, 2022 and \$23.0 million and \$21.4 million for the years ended December 31, 2021 and 2020, respectively. As a result of these losses, as of June 30, 2022, we had an accumulated deficit of approximately \$179.7 million. We expect to continue to incur net losses for the foreseeable future.

We will continue to incur substantial expenses without corresponding revenues unless and until we are able to obtain regulatory approval or certification and successfully commercialize some of our product candidates. To date, we have generated only limited revenue from our products, and we expect to incur significant expenses to complete our clinical program for our product candidates in the United States and elsewhere. We may never be able to obtain regulatory approval or certification for the marketing of our product candidates in the United States or internationally. Even if we are able to commercialize some of our products or product candidates, there can be no assurance that we will generate significant revenues or ever achieve profitability. We expect to continue to incur significant sales and marketing, research and development, regulatory and other expenses as we expand our marketing efforts to increase adoption of our products, expand existing relationships with our customers, obtain regulatory approvals or certifications for our product candidates, conduct clinical studies on our existing and planned product candidates and develop new product candidates or add new features to our existing products. In addition, we expect our selling, general and administrative expenses to increase following the Business Combination due to the additional costs associated with being a public company. The net losses that we incur may fluctuate significantly from period to period. As a result of these increased expenditures, we will need to generate significant additional revenue in order to offset our operating expenses and achieve and sustain profitability. Accordingly, we may not achieve or maintain profitability, and we may continue to incur significant losses in the future. Even if we achieve profitability, we cannot be sure that we will remain profitable for any substantial period of time. If we do not achieve or sustain profitability, it will be more difficult for us to finance our business and accomplish our strategic objectives, either of which would have a material adverse effect on our business, financial condition, results of operations and prospects and may cause the market price of our common stock to decline.

We currently have a limited operating history and limited sources of revenue and may never become profitable

We commenced substantive operations in 2018. Our wholly-owned subsidiary Caliber Therapeutics, LLC (“**Caliber**”) commenced operations in 2008, our wholly-owned subsidiary BackBeat Medical, LLC (“**BackBeat**”) commenced operations in 2010 and our wholly-owned subsidiary FreeHold Surgical, LLC (“**FreeHold**”) commenced operations in 2010. Our limited operating history makes it difficult to evaluate our current business and predict our future results, prospects or viability. To date, we have not generated significant revenue. Our ability to generate substantial revenue and ultimately become profitable depends primarily upon our ability, alone or with our partners, to successfully obtain regulatory approval and certification for and successfully commercialize our product candidates. Our ability to generate future revenue from our products or any existing or future product candidates also depends on a number of additional factors, including our or our partners’ ability to:

- successfully complete clinical development of our product candidates, including necessary clinical studies;
- successfully develop the manufacturing processes for our product candidates;
- establish and maintain supply and manufacturing relationships with third parties that ensure adequate and legally-compliant production of our product candidates;
- complete and submit necessary applications for regulatory approvals and certifications for our product candidates in the United States and elsewhere;
- obtain and maintain requisite regulatory approvals and certifications for our product candidates in the United States and elsewhere;
- comply with regulations enforced by the United States Food and Drug Administration (the “**FDA**”), and other comparable regulatory authorities with respect to our marketing of products and product candidates or modified products or product candidates;
- obtain necessary FDA or foreign regulatory approvals or certifications, for our product candidates or for future product modifications or indication expansions for any of our product candidates that receives regulatory approval or certification;
- obtain coverage and adequate reimbursement from third-party payors, including government and private payors, for our product candidates;
- find distribution partners to help us sell, market and distribute our products globally;
- achieve market acceptance for our products;
- establish, maintain and protect our intellectual property rights; and
- attract, hire and retain qualified personnel.

In addition, because of the numerous risks and uncertainties associated with drug/device and software/device combination product development, including that our product candidates may not advance through development or achieve the endpoints of applicable clinical studies, we are unable to predict the timing or amount of our expenses, or if or when we will achieve or maintain revenues or profitability. In addition, our expenses could increase beyond expectations if we decide to or are required by the FDA or foreign regulatory authorities or notified bodies to perform studies or trials for our product candidates in addition to those that we currently anticipate. If we complete the development and regulatory processes of our product candidates, we or our partners anticipate incurring significant costs associated with launching and commercializing our product candidates. Even if we generate revenues from the sale of our products (or through the sale of products by our partners), we may not be profitable and may need to obtain additional funding to continue operations. If we fail to achieve profitability or do not sustain profitability on a continuing basis, then we may be unable to continue our operations at planned levels and be forced to reduce our operations.

If we do not achieve our projected development and commercialization goals, our business may be harmed

For planning purposes, we estimate the timing of the accomplishment of various scientific, clinical, regulatory and other product development and commercialization goals, which we sometimes refer to as milestones. These milestones include the commencement or completion of scientific studies and clinical studies and the submission of regulatory applications. We base these milestones on a variety of assumptions, which are subject to numerous risks and uncertainties. Further, our collaboration agreement with Terumo Medical Corporation (“**Terumo**”), as further described herein, includes payments tied to the achievement of certain milestones, and we expect that future collaboration agreements may have similar provisions. There is a risk we will not achieve these milestones on a timely basis or at all. Even if we achieve these milestones, the actual timing of the achievement of these milestones can vary dramatically compared to our estimates, often for reasons beyond our control, depending on numerous factors, including:

- our ability and/or the ability of third-party vendors and partners to manufacture our product candidates;
- our ability to source critical components or materials for the manufacture of our product candidates;
- the rate of progress, costs and results of our clinical studies and research and development activities;
- our ability to identify and enroll patients who meet clinical study eligibility criteria;
- the extent of scheduling conflicts with participating physicians and clinical institutions;
- adverse reactions reported during clinical studies or commercialization;
- the ability of our product candidates to meet the standards for regulatory approval or certification;
- the receipt of marketing approvals, clearances or certifications by our competitors and by us from the FDA and other regulatory agencies or notified bodies; and
- other actions by regulators, including actions related to a class of products.

If we do not meet these milestones for our products or if we are delayed in achieving these milestones, the development and commercialization of new product candidates, modifications of existing products or sales of existing products for new indications may be prevented or delayed, which could damage our reputation or materially adversely affect our business. Further, we may not receive milestone-based payments from partners on a timely basis or at all. In addition, Terumo has the right to terminate, and other partners may have the right to terminate or renegotiate, agreements if certain milestones are not achieved at all or on a timely basis. Even if we achieve a milestone for a product or product candidate, market acceptance for the product or product candidate is not assured. See “— *Risks Related to Our Reliance on Third Parties — We did not meet the target achievement dates relating to certain milestone payments, and we may not meet other target achievement dates relating to additional milestone payments, under our manufacturing and distribution agreement with Terumo, which may have an adverse effect on our relationship with Terumo and our results of operations.*”

The clinical study process required to obtain regulatory approvals or certifications carries substantial risks and is lengthy and expensive with uncertain outcomes. If our clinical studies are unsuccessful or significantly delayed, or if we do not complete our clinical studies, our business may be harmed

In order to obtain approval of a Pre-Market Approval application (a “**PMA**”) from the FDA for a device, such as our Virtue SAB drug/device combination product candidate, BackBeat CNT or CNT-HF which is designed to be integrated with the collaboration of device manufacturers into their existing medical devices such as pacemakers, as well as other future product candidates, or marketing approval for a new drug, such as our extended release formulation of sirolimus called SirolimusEFR as a standalone product candidate, we must conduct well-controlled clinical studies designed to assess the safety and efficacy of the product candidate. Clinical development is a long, expensive and uncertain process and is subject to delays and to the risk that products may ultimately prove unsafe or ineffective in treating the indications for which they are designed. Completion of the clinical studies required to support a marketing authorization (inclusive of any application or approval for clinical use or commercial sale in a given market) usually takes several years or more. We cannot assure you that we will successfully complete clinical testing of our products within the periods we have planned, or at all. Even if we achieve positive interim or preliminary results in clinical studies, these results do not necessarily predict final results, and positive results in early trials do not necessarily

indicate success in later trials. Moreover, preclinical and clinical data are often susceptible to varying interpretations and analyses, and many companies have suffered significant setbacks in advanced clinical studies, even after receiving positive results in earlier trials. Any of our products may malfunction or may produce undesirable adverse effects that could cause us or regulatory authorities to interrupt, delay or halt clinical studies. We, the FDA, or another regulatory authority may suspend or terminate clinical studies at any time to avoid exposing trial participants to unacceptable health risks.

Additionally, the FDA or other regulatory authorities or notified bodies may disagree with our interpretation of the data from our preclinical studies and clinical studies, or may find the clinical study design, conduct or results inadequate to prove safety or efficacy, and may require us to pursue additional preclinical studies or clinical studies, which could further delay or prevent the approval or certification of our products. The data we collect from our preclinical studies and clinical studies may not be sufficient to support potential FDA or foreign approval or certification, and if we are unable to demonstrate the safety and efficacy of our product candidates in our clinical studies, we will be unable to obtain regulatory approval or certification to market our products.

We may experience numerous unforeseen events during, or because of, the clinical study process that could delay or prevent us from receiving regulatory approval or certification for new products, modification of existing products, or approval or certification of new indications for existing products including:

- we may be unable to generate sufficient preclinical toxicology or other in vivo or in vitro data to support the initiation or continuation of clinical studies;
- the FDA or similar foreign regulatory authorities may find the product candidates are not sufficiently safe for investigational use in humans;
- officials at the FDA or similar foreign regulatory authorities may interpret data from preclinical testing and clinical studies in less favorable ways than we do;
- there may be delays or failures in obtaining regulatory authorization from FDA or other regulatory authorities to commence a clinical study;
- there may be delays in reaching agreement on acceptable terms with prospective contract research organizations (“CROs”), and clinical study sites, the terms of which can be subject to extensive negotiation and may vary significantly among different CROs and clinical study sites;
- there may be delays in identifying, recruiting and training suitable investigators;
- there may be delays in obtaining institutional review board (“IRB”) or ethics committee (“EC”) approvals or governmental approvals, authorizations or allowances to conduct clinical studies at prospective sites;
- enrollment in our clinical studies may be slower than we anticipate, or we may experience high drop-out rates of subjects from our clinical studies, resulting in significant delays;
- delays in recruiting, screening and enrolling patients and delays caused by patients withdrawing from clinical studies or failing to return for post-treatment follow-up;
- failure by our CROs, other third parties or us to adhere to clinical study protocols, failure to perform in accordance with the FDA’s or any other regulatory authority’s good clinical practice requirements (“GCPs”), or applicable regulatory guidelines in other countries, or occurrence of adverse events in trials of comparable products conducted by other companies;
- the occurrence of adverse events associated with the product candidate that are viewed to outweigh its potential benefits;
- we may have to amend clinical study protocols or conduct additional studies to reflect changes in regulatory requirements or guidance, which we may be required to submit to an IRB or EC and/or regulatory authorities for re-examination;
- the cost of clinical studies may be greater than we anticipate;
- we may have trouble in managing multiple clinical sites;

- our clinical studies may produce negative or inconclusive results, or may not meet the level of statistical significance required by the FDA or other regulatory authorities, and we may decide, or regulators may require us, to conduct additional clinical or preclinical testing or to abandon programs;
- the FDA or similar foreign regulatory authorities may find our or our suppliers' manufacturing processes or facilities unsatisfactory;
- the FDA or similar foreign regulatory authorities may change their approval policies or adopt new regulations that may negatively affect or delay our ability to bring a product candidate to market or receive approvals or certification to treat new indications;
- we may be required to transfer manufacturing processes to larger-scale facilities operated by a contract manufacturing organization ("CMO"), and could be adversely affected by delays or failures by our CMOs or us to make any necessary changes to such manufacturing process; and
- third parties may be unwilling or unable to satisfy their contractual obligations to us.

Patient enrollment in clinical studies and completion of patient follow-up depend on many factors, including the size of the patient population, the nature of the trial protocol, the proximity of patients to clinical sites, the eligibility criteria for the clinical study, patient compliance, competing clinical studies and clinicians' and patients' perceptions as to the potential advantages of the product candidate being studied in relation to other available therapies, including any new treatments that may be approved for the indications we are investigating. In addition, patients participating in our clinical studies may drop out before completion of the trial or experience adverse medical events unrelated to our product candidates. Delays in patient enrollment or failure of patients to continue to participate in a clinical study may delay commencement or completion of the clinical study, cause an increase in the costs of the clinical study and delays, or result in the failure of the clinical study. In addition, disruptions caused by the COVID-19 pandemic, including any strains or variants of the virus, may increase the likelihood that we encounter such difficulties or delays in initiating, enrolling, conducting or completing our planned and ongoing clinical studies.

We could also encounter delays if a clinical study is suspended or terminated by us, by the IRBs of the institutions at which such studies are being conducted, by the Data Safety Monitoring Board for such trial or by the FDA or other regulatory authorities. Such authorities may impose such a suspension or termination due to a number of factors, including failure to conduct the clinical study in accordance with regulatory requirements or our clinical protocols, inspection of the clinical study operations or trial site by the FDA or other regulatory authorities resulting in the imposition of a clinical hold, unforeseen safety issues or adverse side effects, failure to demonstrate a benefit from using the investigational product, changes in governmental regulations or administrative actions or lack of adequate funding to continue the clinical study. If we experience delays in the completion of, or termination of, any clinical study, the approval, certification and commercial prospects of our device will be harmed, and our ability to generate product revenues from any of these product candidates will be delayed. In addition, any delays in completing our clinical studies will increase our costs, slow down the approval or certification process and jeopardize our ability to commence product sales and generate revenues. Any of these occurrences may harm our business, financial condition and prospects significantly. In addition, many of the factors that cause, or lead to, a delay in the commencement or completion of clinical studies may also ultimately lead to the denial of regulatory approval of our product candidates.

Failures or perceived failures in our clinical studies will delay and may prevent our product candidate development and regulatory approval or certification process, damage our business prospects and negatively affect our reputation and competitive position

Failure can occur at any stage of clinical testing. Our clinical studies may produce negative or inconclusive results, and we may decide, or regulators may require us, to conduct additional clinical and non-clinical testing in addition to those we have planned. Our failure to adequately demonstrate the safety and efficacy of our system or any product we may develop in the future would prevent receipt of regulatory approval or certification and, ultimately, the commercialization of that product or indication for use. Further, regulators may determine that our financial relationships with certain principal investigators who provide us with consulting services from time to time for which we separately compensate them resulted in a perceived or actual conflict of interest that may have affected the interpretation of a study, the integrity of the data generated at the applicable clinical study site or the utility of the clinical study itself. Even if our future products are approved in the United States, commercialization of our product

candidates in foreign countries would require approval by regulatory authorities or certification by notified bodies in those countries. Approval and certification procedures vary among jurisdictions and can involve requirements and administrative review periods different from, and greater than, those in the United States, including additional preclinical studies or clinical studies. Any of these occurrences could have an adverse effect on our business, financial condition and results of operations.

Clinical studies must be conducted in accordance with the laws and regulations of the FDA and other applicable regulatory authorities' legal requirements, regulations or guidelines, and are subject to oversight by these governmental agencies and IRBs at the medical institutions where the clinical studies are conducted. In addition, clinical studies must be conducted with supplies of our product candidates produced under current good manufacturing practice ("cGMP"), requirements and other regulations. Furthermore, we rely on CROs and clinical study sites to ensure the proper and timely conduct of our clinical studies and while we have agreements governing their committed activities, we have limited influence over their actual performance. We depend on our collaborators and on medical institutions and CROs to conduct our clinical studies in compliance with GCP requirements. To the extent our collaborators or the CROs fail to enroll participants for our clinical studies, fail to conduct the study to GCP standards or are delayed for a significant time in the execution of trials, including achieving full enrollment, we may be affected by increased costs, program delays or both. In addition, clinical studies that are conducted in countries outside the United States may subject us to further delays and expenses as a result of increased shipment costs, additional regulatory requirements and the engagement of non-U.S. CROs, as well as expose us to risks associated with clinical investigators who are unknown to the FDA, and different standards of diagnosis, screening and medical care.

Even if we obtain all necessary FDA approvals, our product candidates may not achieve or maintain market acceptance

Even if we obtain FDA approval of our product candidates, or new indications for our products, market acceptance of our products in the healthcare community, including physicians, patients and third-party payors, will depend on many factors, including:

- our ability to provide incremental clinical and economic data that shows the safety and clinical efficacy and cost effectiveness of, and patient benefits from, our products;
- the availability of alternative treatments;
- whether our products are included on insurance company formularies or coverage plans;
- the willingness and ability of patients and the healthcare community to adopt new technologies;
- customer demand;
- liability risks generally associated with the use of new product candidates;
- the training required to use a new product candidate;
- perceived inadequacy of evidence supporting clinical benefits or cost-effectiveness over existing alternatives;
- the convenience and ease of use of our products relative to other treatment methods;
- the pricing and reimbursement of our products relative to other treatment methods; and
- the marketing and distribution support for our products.

Even if we obtain all necessary FDA approvals, our products may fail to achieve market acceptance. If our products achieve market acceptance, they may not maintain that market acceptance over time if competing products or technologies are introduced that are received more favorably or are more cost effective. Failure to achieve or maintain market acceptance would limit our ability to generate revenue and would have a material adverse effect on our business, financial condition, results of operations and prospects.

We may be unable to compete successfully with larger companies in our highly competitive industry

The medical technology and pharmaceutical industries are highly competitive and the medical device industry is characterized by rapid and significant change. Many of our current and potential competitors have substantially greater financial, manufacturing, marketing and technical resources than we do. Larger competitors may have substantially larger sales and marketing operations than we or our partners have or plan to have and may have greater name recognition. This may allow those competitors to spend more time with potential customers and to focus on a larger number of potential customers, which would give them a significant advantage over the sales and marketing team we would use and our international distributors in making sales.

Larger competitors may also have broader product lines, which enable them to offer customers bundled purchase contracts and quantity discounts. These competitors may have more experience than we have in research and development, marketing, manufacturing, preclinical testing, conducting clinical studies, obtaining FDA and foreign regulatory approvals or certifications and marketing approved or certified products. Our competitors may discover technologies and techniques, or enter into partnerships and collaborations, to develop competing products that are more effective or less costly than our products or the products we may develop. There can be no assurance that other companies will not succeed in developing or marketing devices and products that are more effective than our technology or products or that would render our technology or products obsolete or noncompetitive. Academic institutions, government agencies, and other public and private research organizations may seek patent protection regarding potentially competitive products or technologies and may establish exclusive collaborative or licensing relationships with our competitors. Our competitors may be better equipped than we are to respond to competitive pressures. Competition will likely intensify.

Additionally, many companies in the healthcare industry, including healthcare provider systems, are consolidating to create new companies with greater market power, and we expect that to continue. As the healthcare industry consolidates, competition to provide goods and services to industry participants will become more intense. These industry participants may try to use their market power to negotiate price concessions or reductions for medical devices including those produced by us. If we reduce our prices because of consolidation in the healthcare industry, our revenue would decrease and our consolidated earnings, financial condition, or cash flows would suffer.

Our operating results may fluctuate significantly, which makes our future operating results difficult to predict and could cause our operating results to fall below expectations or any guidance we may provide

Our quarterly and annual operating results may fluctuate significantly, which makes it difficult for us to predict our future operating results. These fluctuations may occur due to a variety of factors, many of which are outside of our control, including, but not limited to:

- the level of demand for our products and any approved or certified products, which may vary significantly;
- expenditures that we may incur to acquire, develop or commercialize additional products and technologies;
- the ability to obtain, and timing and cost of obtaining regulatory approvals or certifications for planned or future products or indications;
- the degree of competition in our industry and any change in the competitive landscape of our industry, including consolidation among our competitors or future partners;
- coverage and reimbursement policies with respect to our products, if approved or certified, and potential future products that compete with our products;
- the timing and success or failure of preclinical studies or clinical studies for our products or any future products we develop or competing products;
- the timing of customer orders or medical procedures using our products and the number of available selling days in any quarterly period, which can be impacted by holidays, the mix of products sold and the geographic mix of where products are sold;
- the timing and cost of, and level of investment in, research, development, regulatory approval or certification and commercialization activities relating to our products, which may change from time to time;

Table of Contents

- the cost of manufacturing our products, which may vary depending on the quantity of production and the terms of our agreements with third-party suppliers and manufacturers; and
- future accounting pronouncements or changes in our accounting policies.

The cumulative effects of these factors could result in large fluctuations and unpredictability in our quarterly and annual operating results. As a result, comparing our operating results on a period-to-period basis may not be meaningful. Investors should not rely on our past results as an indication of our future performance.

This variability and unpredictability could also result in our failing to meet the expectations of industry or financial analysts or investors for any period. If our revenue or operating results fall below the expectations of analysts or investors or below any forecasts we may provide to the market, it could have a material adverse effect on our business, financial condition, results of operations or prospects.

Our loan and security agreement contains operating covenants and restrictions that may restrict our business and financing activities

We are party to a loan and security agreement with affiliates of Avenue Venture Capital Fund, L.P. (“**Avenue Capital**”), pursuant to which the lenders are granted a security interest over all of our assets, including intellectual property. This agreement restricts our ability to, among other things:

- incur certain additional indebtedness;
- create liens on our assets;
- pay or declare dividends, or repurchase our stock;
- liquidate or dissolve;
- enter into a “change of control” (as defined therein);
- sell certain assets;
- make certain investments;
- enter into transactions with affiliates;
- engage in any business other than our current business;
- prepay any indebtedness;
- make any payment on subordinated indebtedness; or
- create or incur certain leases for personal property.

The operating covenants and restrictions in the loan and security agreement, as well as covenants and restrictions in any future financing agreements that we may enter into, may restrict our ability to finance our operations, engage in business activities or expand or fully pursue our business strategies. Our ability to comply with these covenants may be affected by events beyond our control, and we may not be able to meet those covenants. A breach of any of these covenants could result in a default under the loan and security agreement or any future financing agreement, which could cause all of the outstanding indebtedness under the facility to become immediately due and payable and terminate all commitments to extend further credit.

We cannot assure you that we will continue to maintain sufficient cash reserves or that our business will ever generate cash flow from operations at levels sufficient to permit us to pay principal, premium, if any, and interest on our indebtedness, or that our cash needs will not increase. If we are unable to generate sufficient cash flow or otherwise obtain funds necessary to make required payments, or if we fail to comply with the various requirements of our loan and security agreement with Avenue Capital, or any indebtedness which we may incur in the future, we would be in default under our agreement with Avenue Capital or other indebtedness we may incur in the future. Any default under our agreement with Avenue Capital, or any indebtedness that we may incur in the future, could have a material adverse effect on our business, results of operations and financial condition.

The sizes of the markets for product candidates have not been established with precision, and may be smaller than we estimate

Our estimates of the annual total addressable markets for our product candidates are based on a number of internal and third-party estimates, including, without limitation, the number of patients with specified diseases and the assumed prices at which we will be able to sell any products we develop in various markets. While we believe our assumptions and the data underlying our estimates are reasonable, these assumptions and estimates may not be correct and the conditions supporting our assumptions or estimates may change at any time, thereby reducing the predictive accuracy of these underlying factors. In addition, our estimates of the sizes of the peripheral artery disease (“PAD”) and coronary artery disease (“CAD”) patient population may include patients who are asymptomatic or in the early stages of disease; these patients might never progress to more advanced disease stages and, accordingly, might never be likely candidates for treatment with our products. As a result, our estimates of the annual total addressable market for our current or future products may prove to be incorrect. If the actual number of patients who would benefit from our products, the price at which we will be able to sell future products, or the annual total addressable market for our products is smaller than we have estimated, it may impair future sales of any product we develop and have an adverse impact on our business.

The COVID-19 pandemic, including any strains or variants of the virus, could adversely impact our business, including our clinical studies and financial condition

In December 2019, a novel strain of coronavirus, COVID-19, was reported to have surfaced in Wuhan, China. Since then, COVID-19 has spread across the globe, including to countries in which we have planned clinical study sites. The pandemic and government measures taken in response have had a significant impact, both direct and indirect, on businesses and commerce, as worker shortages have occurred, supply chains have been disrupted, facilities and production have been suspended, and demand for certain goods and services, such as medical services and supplies, has spiked, while demand for other goods and services, such as travel, has fallen. We have experienced delays with respect to regulatory approvals or certifications for clinical studies, the initiation of clinical studies and the coordination of follow-up with respect to clinical studies. We have also experienced delays in receiving supplies and third-party testing results from vendors. Although some preventative or protective actions have been eased or lifted in varying degrees by different governments of various countries, states and municipalities, COVID-19, including new and highly contagious variants of the virus, continues to spread quickly throughout the world. Notwithstanding widespread vaccine availability within the United States and other countries, the emergence of COVID-19 variants and slowing vaccination rates in certain localities have resulted in increased infection rates and has caused, and may continue to cause, several jurisdictions to reinstitute certain COVID-19 restrictions. If COVID-19 continues to spread around the globe, including additional waves of increased COVID-19 infections and COVID-19 related restrictions imposed by various governmental authorities, we will likely experience additional disruptions that could severely impact our business and clinical studies, including:

- delays or difficulties in enrolling patients in our clinical studies;
- delays or difficulties in clinical site initiation, including difficulties in recruiting clinical site investigators and clinical site staff;
- diversion of healthcare resources away from the conduct of clinical studies, including the diversion of hospitals serving as our clinical study sites and hospital staff supporting the conduct of our clinical trials;
- interruption of key clinical study activities, such as clinical study site monitoring, due to limitations on travel imposed or recommended by federal or state governments, employers and others or interruption of clinical study subject visits and study procedures, the occurrence of which could affect the integrity of clinical study data;
- risk that participants enrolled in our clinical studies will contract COVID-19 while the clinical study is ongoing, which could impact the results of the clinical study, including by increasing the number of observed adverse events;
- limitations in employee resources that would otherwise be focused on the conduct of our clinical studies, including because of sickness of employees or their families or the desire of employees to avoid contact with large groups of people;

- delays in receiving authorizations, allowances or approvals from local regulatory authorities to initiate our planned clinical studies;
- delays in clinical sites receiving the supplies and materials needed to conduct our clinical studies, including interruption in global shipping that may affect the transport of clinical study materials, such as investigational materials used in our clinical studies;
- changes in local regulations as part of a response to the COVID-19 pandemic which may require us to change the ways in which our clinical studies are conducted, which may result in unexpected costs, or the discontinuation of such clinical studies altogether;
- interruptions or delays in preclinical studies due to restricted or limited operations at research and development laboratory facilities;
- delays in necessary interactions with local regulators, ethics committees and other important agencies and contractors due to limitations in employee resources or forced furlough of government employees; and
- refusal of the FDA to accept data from clinical studies in affected geographies.

The global COVID-19 pandemic continues to evolve. The extent to which the COVID-19 pandemic impacts our business, including our clinical studies, and financial condition will depend on future developments, which are highly uncertain and cannot be predicted with confidence, such as the duration of the pandemic, the emergence of new strains and variants, travel restrictions and social distancing in the United States and other countries, business closures or business disruptions and the effectiveness of actions taken in the United States and other countries to contain and treat the disease. In addition to the COVID-19 pandemic adversely impacting our business and financial results, it may also have the effect of heightening many of the other risks described in “*Risk Factors*.”

Interim, “top-line” and preliminary data from our clinical studies that we announce or publish from time to time may change as more patient data become available and are subject to audit and verification procedures that could result in material changes in the final data

From time to time, we may publicly disclose preliminary or top-line data from our preclinical studies and clinical studies, which is based on a preliminary analysis of then-available data, and the results and related findings and conclusions are subject to change following a more comprehensive review of the data related to the particular study or trial. We also make assumptions, estimations, calculations and conclusions as part of our analyses of data, and we may not have received or had the opportunity to fully and carefully evaluate all data. As a result, the top-line or preliminary results that we report may differ from future results of the same studies, or different conclusions or considerations may qualify such results, once additional data have been received and fully evaluated. Top-line data also remain subject to audit and verification procedures that may result in the final data being materially different from the preliminary data we previously published. As a result, top-line data should be viewed with caution until the final data are available.

From time to time, we may also disclose interim data from our preclinical studies and clinical studies. Interim data from clinical studies that we may complete are subject to the risk that one or more of the clinical outcomes may materially change as patient enrollment continues and more patient data become available or as patients from our clinical studies continue other treatments for their disease. Adverse differences between preliminary or interim data and final data could significantly harm our business prospects. Further, disclosure of interim data by us or by our competitors could result in volatility in the price of our common stock after this transaction.

Further, others, including regulatory agencies, may not accept or agree with our assumptions, estimates, calculations, conclusions or analyses or may interpret or weigh the importance of data differently, which could impact the value of the particular program, the approvability or commercialization of the particular product candidate or product and our company in general. In addition, the information we choose to publicly disclose regarding a particular study or clinical study is based on what is typically extensive information, and you or others may not agree with what we determine is material or otherwise appropriate information to include in our disclosure. If the interim, top-line, or preliminary data that we report differ from actual results, or if others, including regulatory authorities, disagree with the conclusions reached, our ability to obtain approval or certification for, and commercialize, our product candidates may be harmed, which could harm our business, operating results, prospects or financial condition.

Our product candidates may be associated with serious adverse events, undesirable side effects or have other properties that could halt their clinical development, prevent their regulatory approval or certification, limit their commercial potential or result in significant negative consequences

Adverse events or other undesirable side effects caused by our product candidates could cause us or regulatory authorities to interrupt, delay or halt clinical studies and could result in a more restrictive label or the delay or denial of regulatory approval or certification by the FDA or other comparable foreign regulatory authorities or notified bodies.

During the conduct of clinical studies, patients report changes in their health, including illnesses, injuries, and discomforts, to their study doctor. Often, it is not possible to determine whether or not the product candidate being studied caused these conditions. It is possible that as we test our product candidates in larger, longer and more extensive clinical studies, or as use of these product candidates becomes more widespread if they receive regulatory approval or certification, illnesses, injuries, discomforts and other adverse events that were observed in previous trials, as well as conditions that did not occur or went undetected in previous trials, will be reported by patients. Many times, side effects are only detectable after investigational products are tested in large-scale clinical studies or, in some cases, after they are made available to patients on a commercial scale following approval or certification.

For example, during the initial study period for MODERATO I, there were eleven serious adverse events (“SAEs”) in seven of the 27 study patients. During the extended 21-month follow-up period, that included 24 patients who continued with BackBeat CNT, there were 25 SAEs in twelve patients. For the MODERATO II study, there were no major adverse cardiac events (“MACE”) in the BackBeat CNT group and three MACE in two patients in the control group (one death from cancer and two cardiac events) at six months. During the randomized phase of the study, there were ten SAEs in five patients in the control group (n=21) and none in the treatment group (n=26). During the extended 18-month follow-up period that included treatment patients (n=26) and crossover-to-treatment patients (n=14), there were 26 SAEs in 16 patients. For further information regarding these events, please see the section entitled “*Business of Orchestra — BIOELECTRONIC PRODUCT CANDIDATES — BackBeat CNT for Hypertension and CNT-HF for Heart Failure — Clinical Results — Chronic Clinical Studies.*”

Over the entire three-year period of the SABRE study, a total of 66 SAEs occurred in 32 of the 50 study patients. For further information regarding these events, please see the section entitled “*Business of Orchestra — FOCAL THERAPIES — Virtue SAB for Artery Disease and SirolimusEFR for Local Inflammation in Multiple Indications. — Clinical Results — Revised Per-Protocol Population.*”

If any serious adverse events occur, clinical studies or commercial distribution of any product candidates or products we develop could be suspended or terminated, and our business could be seriously harmed. Treatment-related side effects could also affect patient recruitment and the ability of enrolled patients to complete the trial or result in potential liability claims. Regulatory authorities could order us to cease further development of, deny approval of, or require us to cease selling any product candidates or products for any or all targeted indications. If we are required to delay, suspend or terminate any clinical study or commercialization efforts, the commercial prospects of such product candidates or products may be harmed, and our ability to generate product revenues from them or other product candidates that we develop may be delayed or eliminated. Additionally, if one or more of our product candidates receives marketing approval or certification and we or others later identify undesirable side effects or adverse events caused by such products, a number of potentially significant negative consequences could result, including but not limited to:

- regulatory authorities may suspend, limit or withdraw approvals or certifications of such product, or seek an injunction against its manufacture or distribution;
- regulatory authorities may require additional warnings on the label, including “boxed” warnings, or issue safety alerts, Dear Healthcare Provider letters, press releases or other communications containing warnings or other safety information about the product;
- we may be required to change the way the product is administered or conduct additional clinical studies or post-approval studies;
- we may be required to create a risk evaluation and mitigation strategy (“REMS”) or similar risk management measures, which could include a medication guide outlining the risks of such side effects for distribution to patients;

- we may be subject to fines, injunctions or the imposition of criminal penalties;
- we could be sued and held liable for harm caused to patients; and
- our reputation may suffer.

Any of these events could prevent us from achieving or maintaining market acceptance of the particular product candidate, if approved or certified, and could seriously harm our business.

We depend on attracting, retaining and developing key management, clinical, scientific, regulatory, quality, marketing and other expert personnel, and losing these personnel could impair the development and sales of our products or product candidates

We are highly dependent on our senior management and other key personnel. Our success depends on our continued ability to attract, retain, develop and motivate highly qualified management, clinical, scientific and sales and marketing personnel. Our employees are employed “at will,” and each employee can terminate his or her employment with us at any time. We also do not maintain “key person” insurance policies on any of our officers or our other employees. The competition for qualified personnel in the medical innovation industry is intense, and we may incur significant costs to attract and retain them. We will need to hire additional personnel as we continue to expand our development activities and drive sales of our products or product candidates. We may not attract, retain and develop quality personnel on acceptable terms due to the competition for such personnel. If we are not able to attract and retain necessary personnel to accomplish our business objectives, we may experience constraints that will significantly impede the achievement of our development objectives, our ability to raise additional capital and our ability to implement our business strategy.

If we make acquisitions, we could incur significant costs and encounter difficulties that harm our business

In the ordinary course of our business, we expect to from time to time evaluate the acquisition of, investment in or in-license of complementary products, technologies or businesses, although we do not currently have any agreements, arrangements or commitments with respect to any potential acquisition, investment or license. If we engage in such acquisitions, investments or in-licenses, we may incur significant transaction and integration costs and have difficulty integrating the acquired personnel, operations, products or technologies or otherwise realizing synergies or other benefits from the acquisitions, investments or in-licenses. The integration process could result in the loss of key employees, loss of key customers, loss of key vendors, decreases in revenue and increases in operating costs, as well as the disruption of our business. Acquisitions may disrupt our ongoing business, divert the time of our management and employees, increase our expenses, subject us to liabilities and increase our risk of litigation, all of which could harm our business. If we use cash to acquire companies, products or technologies, it may divert resources otherwise available for other purposes or increase our debt. If we use our capital stock to acquire companies, products or technologies, we may experience a change of control or our stockholders may experience substantial dilution or both. In addition, anticipated benefits of any future acquisitions may not materialize. Any of these risks, if realized, could materially and adversely affect our business, financial condition, results of operation and prospects.

If we do not manage our growth or control costs related to growth, our results of operations will suffer

We intend to grow our business by commercializing our product candidates with partners when approved and, expanding our product development pipeline, possibly through acquisitions or other business combinations. Growth could place significant strain on our management, employees, operations, operating and financial systems, and other resources. To accommodate significant growth, we could be required to open additional facilities, expand and improve our information systems and procedures and hire, train, motivate and manage a growing workforce, all of which would increase our costs. Our systems, facilities, procedures and personnel may not be adequate to support our future operations. Further, we may not maintain or accelerate our current growth, manage our expanding operations or achieve planned growth on a timely and profitable basis.

Litigation and other legal proceedings may adversely affect our business

From time to time we may be involved in various litigation matters, which could have an adverse impact on our reputation, business and financial condition and divert the attention of our management from the operation of our business. Claims arising out of actual or alleged violations of law could be asserted against us by individuals, either

individually or through class actions, by governmental entities in civil or criminal investigations and proceedings by other entities. These claims could be asserted under a variety of laws, including but not limited to patent, trade secret and other intellectual property matters, product liability claims, employee claims, tort or contract claims, and federal regulatory investigations. These actions could expose us to adverse publicity and to substantial monetary damages and legal defense costs, injunctive relief and criminal and civil fines and penalties. See “*Business — Legal Proceedings.*”

Product liability and other claims against us may reduce demand for our products or result in substantial damages

Our business exposes us to potential liability for risks that may arise from the clinical testing of our product candidates, the use of our products by physicians, and the manufacture and sale of any approved products. An individual may bring a product liability claim against us, including frivolous lawsuits, if one of our products causes, or merely appears to have caused, an injury.

We currently have product liability insurance for \$6.0 million per occurrence with an annual aggregate maximum of \$6.0 million.

We cannot assure, however, that product liability claims will not exceed our insurance coverage limits or that such insurance coverage limits will continue to be available on acceptable terms, or at all. Our insurers may also claim that certain claims are not within the scope of our product liability insurance. A product liability claim, recall, or other claim regarding uninsured liabilities or for amounts over insured liabilities could have a material adverse effect on our business, financial condition, results of operations and prospects. Any product liability claim or series of claims or class actions brought against us, with or without merit, could result in:

- liabilities that substantially exceed our insurance levels, which we would then be required to pay from other sources, if available;
- an increase of our product liability insurance rates or the inability to renew or obtain product liability insurance coverage in the future on acceptable terms, or at all;
- withdrawal of clinical study volunteers or subjects;
- damage to our reputation and the reputation of our products;
- regulatory investigations that could require costly recalls or product modifications;
- litigation costs; and
- diversion of our management’s attention from managing our business.

The misuse or off-label use of our products may harm our reputation in the marketplace, result in injuries that lead to product liability suits or result in costly investigations, fines or sanctions by regulatory bodies if we are deemed to have engaged in the promotion of these uses, any of which could be costly to our business

Any products that we market will be subject to the limitations on indicated uses as specified in their respective approvals or certifications. Uses outside of the approved or certified indications for use are known as “off-label uses.” We cannot prevent a physician from using our products off-label, when in the physician’s independent professional medical judgment he or she deems it appropriate. There may be increased risk of injury to patients if physicians attempt to use our products off-label. Furthermore, the use of our products for indications other than those approved or certified by the FDA or by any foreign regulatory authority or notified body may not effectively treat such conditions, which could harm our reputation in the marketplace among physicians and patients.

The FDA and other regulatory agencies strictly regulate the promotional claims that may be made about prescription products, such as our product candidates, if approved or certified. In particular, a product may not be promoted for off-label uses. If the FDA or any foreign regulatory body determines that our promotional materials or training constitute promotion of an off-label use, it could request that we modify our training or promotional materials or subject us to regulatory or enforcement actions, including the issuance or imposition of an untitled letter, which is used for violators that do not necessitate a warning letter, injunction, seizure, civil fine or criminal penalties. It is also possible that other federal, state or foreign enforcement authorities might take action under other regulatory authority, such as false claims laws, if they consider our business activities to constitute promotion of an off-label use, which could result in significant penalties, including, but not limited to, criminal, civil and administrative penalties, damages, fines, disgorgement, exclusion from participation in government healthcare programs and the curtailment of our operations.

In addition, physicians may misuse our products, or use improper techniques if they are not adequately trained, potentially leading to injury and an increased risk of product liability. If so, we may become subject to costly litigation by our customers or their patients. Product liability claims could divert management's attention from our core business, be expensive to defend and result in sizable damage awards against us that may not be covered by insurance.

Our information technology systems, or those of any of our CROs, manufacturers, other contractors, consultants, collaborators or potential future collaborators, may fail or suffer security or data privacy breaches or other unauthorized or improper access to, use of, or destruction of our proprietary or confidential data, employee data, or personal data, which could result in additional costs, loss of revenue, significant liabilities, harm to our brand and material disruption of our operations

Despite the implementation of security measures, our information technology systems and those of our current and any future CROs and other contractors, consultants, collaborators and third-party service providers, are vulnerable to attack and damage from computer viruses and malware (e.g., ransomware), malicious code, hacking, cyberattacks, phishing attacks and other social engineering schemes, cybersecurity threats, unauthorized access, natural disasters, terrorism, war, telecommunication and electrical failure, employee theft or misuse, human error, fraud, denial or degradation of service attacks, sophisticated nation-state and nation-state-supported actors or unauthorized access or use by persons inside our organization, or persons with access to systems inside our organization. Attacks upon information technology systems are increasing in their frequency, levels of persistence, sophistication and intensity, and are being conducted by sophisticated and organized groups and individuals with a wide range of motives and expertise. As a result of the COVID-19 pandemic, we may also face increased cybersecurity risks due to our reliance on internet technology and the number of our employees who are working remotely, which may create additional opportunities for cybercriminals to exploit vulnerabilities. Furthermore, because the techniques used to obtain unauthorized access to, or to sabotage, systems change frequently and often are not recognized until launched against a target, we may be unable to anticipate these techniques or implement adequate preventative measures. We may also experience security breaches that may remain undetected for an extended period. Even if identified, we may be unable to adequately investigate or remediate incidents or breaches due to attackers increasingly using tools and techniques that are designed to circumvent controls, to avoid detection, and to remove or obfuscate forensic evidence.

We and certain of our service providers are from time to time subject to cyberattacks and security incidents. While we do not believe that we have experienced any significant system failure, accident or security breach to date, if such an event were to occur and cause interruptions in our operations or result in the unauthorized acquisition of or access to personally identifiable information or individually identifiable health information, it could result in a material disruption of our development programs and our business operations, whether due to a loss of our trade secrets or other similar disruptions. Some of the federal, state and foreign government requirements include obligations of companies to notify individuals of security breaches involving particular personally identifiable information, which could result from breaches experienced by us or by our vendors, contractors, or organizations with which we have formed strategic relationships. Notifications and follow-up actions related to a security breach could impact our reputation, cause us to incur significant costs, including legal expenses and remediation costs. For example, the loss of clinical study data from completed or future clinical studies could result in delays in our regulatory approval or certification efforts and significantly increase our costs to recover or reproduce the lost data. We also rely on third parties to manufacture our product candidates, and similar events relating to their computer systems could also have a material adverse effect on our business. To the extent that any disruption or security breach were to result in a loss of, or damage to, our data, or inappropriate disclosure of confidential or proprietary information, we could be exposed to litigation and governmental investigations, the further development and commercialization of our product candidates could be delayed, and we could be subject to significant fines or penalties for any noncompliance with certain state, federal and/or international privacy and security laws.

Our insurance policies may not be adequate to compensate us for the potential losses arising from any such disruption, failure or security breach. In addition, such insurance may not be available to us in the future on economically reasonable terms, or at all. Further, our insurance may not cover all claims made against us and could have high deductibles in any event, and defending a suit, regardless of its merit, could be costly and divert management attention.

We must successfully maintain and upgrade our information technology systems, and our failure to do so could have a material adverse effect on our business, financial condition and results of operations

As we expand, and in order to remain competitive, we will need to significantly expand and improve our information technology systems and personnel to support historical and expected future growth. As such, we will continue to invest in and implement, significant modifications and upgrades to our information technology systems and procedures, including replacing legacy systems with successor systems, making changes to legacy systems or acquiring new systems with new functionality, hiring employees with information technology expertise and building new policies, procedures, training programs and monitoring tools. These types of activities subject us to inherent costs and risks associated with replacing and changing these systems, fulfill customer orders, potential disruption of our internal control structure, substantial capital expenditures, additional administration and operating expenses, acquisition and retention of sufficiently skilled personnel to implement and operate the new systems, demands on management time and other risks and costs of delays or difficulties in transitioning to or integrating new systems into our current systems. These implementations, modifications and upgrades may not result in productivity improvements at a level that outweighs the costs of implementation, or at all. In addition, difficulties with implementing new technology systems, delays in our timeline for planned improvements, significant system failures, or our inability to successfully modify our information systems to respond to changes in our business needs may cause disruptions in our business operations and have a material adverse effect on our business, financial condition and results of operations.

Economic conditions may adversely affect our business, financial condition and share price

Adverse worldwide economic conditions may negatively impact our business. A significant change in the liquidity or financial condition of our customers could cause unfavorable trends in their purchases and also in our receivable collections, and additional allowances may be required, which could adversely affect our business, financial condition and results of operations. Adverse worldwide economic conditions may also adversely impact our suppliers' ability to provide us with materials and components, which could have a material adverse effect on our business, financial condition and results of operations.

The global credit and financial markets have recently experienced extreme volatility and disruptions, including severely diminished liquidity and credit availability, declines in consumer confidence, inflation, declines in economic growth, wage inflation because of labor shortages and uncertainty about economic stability. The financial markets and the global economy may also be adversely affected by the current or anticipated impact of military conflict, including the conflict between Russia and Ukraine, terrorism or other geopolitical events. Sanctions imposed by the United States and other countries in response to such conflicts, including the one in Ukraine, may also adversely impact the financial markets and the global economy, and any economic countermeasures by affected countries and others could exacerbate market and economic instability. There can be no assurance that further deterioration in credit and financial markets and confidence in economic conditions will not occur. Our general business strategy may be adversely affected by any such economic downturn, volatile business environment or continued unpredictable and unstable market conditions. If the current equity and credit markets deteriorate, it may make any necessary debt or equity financing more difficult, more costly and more dilutive. These developments, or the perception that any of them could occur, may restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. For example, there is a risk that one or more of our current service providers, manufacturers and other partners may not survive an economic downturn, which could directly affect our ability to attain our operating goals on schedule and on budget. Any of these factors could have a material adverse effect on our business, financial condition and results of operations and reduce the price of our common stock.

Business disruptions could seriously harm our future revenue and financial condition and increase our costs and expenses

Our operations could be subject to power shortages, telecommunications failures, water shortages, floods, hurricanes, typhoons, fires, extreme weather conditions, health epidemics or pandemics or other contagious outbreaks, such as the recent global pandemic of COVID-19, and other natural or man-made disasters or business interruptions, for which we are predominantly self-insured. We rely on third-party manufacturers to produce our products and/or components thereof. Our ability to obtain clinical supplies of our products and/or components thereof could be disrupted if the operations of these suppliers were affected by a man-made or natural disaster or other business interruption. The occurrence of any of these business disruptions could seriously harm our operations and financial condition and increase our costs and expenses.

Disruptions at the FDA, other government agencies and notified bodies caused by funding shortages or global health concerns could hinder their ability to hire, retain or deploy key leadership and other personnel, or otherwise prevent new or modified products from being developed, approved, certified or commercialized in a timely manner or at all, or otherwise prevent those agencies and bodies from performing normal business functions on which the operation of our business may rely, which could negatively impact our business

The ability of the FDA, other government agencies and notified bodies to review and approve or certify new products can be affected by a variety of factors, including government budget and funding levels, statutory, regulatory, and policy changes, the FDA's or other government agencies' ability to hire and retain key personnel and accept the payment of user fees, and other events that may otherwise affect the FDA's, other government agencies' and notified bodies' ability to perform routine functions. Average review times at the FDA, other government agencies and notified bodies have fluctuated in recent years as a result. In addition, government funding of other government agencies that fund research and development activities is subject to the political process, which is inherently fluid and unpredictable. Disruptions at the FDA, other agencies and notified bodies may also slow the time necessary for new drugs and medical devices or modifications to approved drugs or approved or certified medical devices to be reviewed and/or approved or certified by necessary government agencies or notified bodies, which would adversely affect our business. For example, over the last several years, the U.S. government has shut down several times and certain regulatory agencies, such as the FDA, have had to furlough critical FDA employees and stop critical activities.

Separately, in response to the COVID-19 pandemic, in March of 2020, the FDA began postponing most inspections of foreign manufacturing and domestic facilities. Subsequently, in July 2020, the FDA resumed certain on-site inspections of domestic manufacturing facilities subject to a risk-based prioritization system. The FDA utilized this risk-based assessment system to assist in determining when and where it was safest to conduct prioritized domestic inspections. In May 2021, the FDA outlined a detailed plan to move toward a more consistent state of inspectional operations, and in July 2021, the FDA resumed standard inspectional operations of domestic facilities. Since that time, the FDA has continued to monitor and implement changes to its inspectional activities to ensure the safety of its employees and those of the firms it regulates as it adapts to the evolving COVID-19 pandemic. Regulatory authorities and notified bodies outside the United States have adopted similar restrictions or other policy measures in response to the COVID-19 pandemic or future pandemics. If a prolonged government shutdown occurs, or if global health concerns prevent the FDA, other regulatory authorities or notified bodies from conducting their regular inspections, audits, reviews, or other regulatory activities, it could significantly impact the ability of the FDA, other regulatory authorities or notified bodies to timely review and process our regulatory submissions, which could have a material adverse effect on our business.

In the European Union (the "EU"), notified bodies must be officially designated to certify products and services in accordance with the EU Medical Devices Regulation. Several notified bodies have been designated under the EU Medical Devices Regulation. However, the COVID-19 pandemic has significantly slowed down their designation process and the current designated notified bodies are facing a large amount of requests with the new regulation as a consequence of which review times may have lengthened. This situation may impact the ability of our notified body(ies) to timely review and process our regulatory submissions.

We, in conjunction with our partners, intend to expand sales of our products internationally in the future, but we and our partners may experience difficulties in obtaining regulatory approval or certification or in successfully marketing and distributing our products internationally even if approved or certified. A variety of risks associated with marketing and distributing our products internationally could materially adversely affect our business

Our future growth may depend, in part, on our and our partners' ability to develop and commercialize our planned and future products in foreign markets. Sales of our products outside of the United States are and will be subject to foreign regulatory requirements governing clinical studies and marketing approval or certification as well as FDA regulation of the export of drugs and medical devices from the United States. To obtain separate regulatory approval or certification in many other countries we must comply with numerous and varying regulatory requirements regarding safety and efficacy and governing, among other things, clinical studies, commercial sales, pricing and distribution of our planned or future products. We and/or our partners will incur substantial expenses in connection with our expected international expansion. Additional risks related to operating in foreign countries include:

- differing reimbursement regimes in foreign countries, including price controls;
- unexpected changes in tariffs, trade barriers, price and exchange controls and other regulatory requirements;

Table of Contents

- economic weakness, including inflation, or political instability in particular foreign economies and markets;
- compliance with tax, employment, immigration and labor laws for employees living or traveling abroad;
- foreign taxes, including withholding of payroll taxes;
- unexpected changes in tariffs, trade barriers and regulatory requirements;
- foreign currency fluctuations, which could result in increased operating expenses, reduced revenue and other obligations incident to doing business in another country;
- difficulties staffing and managing foreign operations;
- workforce uncertainty in countries where labor unrest is more common than in the United States;
- potential liability under the U.S. Foreign Corrupt Practices Act of 1977, as amended (the “FCPA”), or comparable foreign regulations;
- the existence of additional third-party patent rights of potential relevance to our business;
- economic weakness, including inflation or political instability in particular foreign economies and markets;
- challenges protecting and enforcing our contractual and intellectual property rights, especially in those foreign countries that do not respect and protect intellectual property rights to the same extent as the United States;
- product shortages resulting from any events affecting raw material or finished good supply or distribution or manufacturing capabilities abroad; and
- compliance with tax, employment, immigration and labor laws for employees living or traveling abroad;
- business interruptions resulting from geopolitical actions, including war and terrorism (including the ongoing invasion of Ukraine by Russia), natural disasters, including earthquakes, typhoons, floods and fires, or health epidemics or pandemics or other contagious outbreaks, such as the recent COVID-19 pandemic.

These and other risks associated with our international operations may materially adversely affect our ability to attain or maintain profitable operations, which would have a material adverse effect on our business, financial condition and results of operations.

In addition, there can be no guarantee that we will receive approval or certification to sell our product candidates in any international market we target, nor can there be any guarantee that any sales would result even if such approval or certification is received. Even if the FDA grants marketing approval for a product candidate, comparable regulatory authorities or notified bodies of foreign countries must also approve or certify the manufacturing or marketing of the product candidate in those countries. Approval in the United States, or in any other jurisdiction, does not ensure approval or certification in other jurisdictions. Obtaining foreign approvals or certifications could result in significant delays, difficulties and costs for us and require additional trials and additional expenses. Regulatory requirements can vary widely from country to country and could delay the introduction of our products or product candidates in those countries. Marketing authorization by the FDA does not ensure registration, certification, clearance or approval by regulatory authorities or notified bodies in other countries, and registration, certification, clearance or approval by one or more foreign regulatory authorities or notified bodies does not ensure registration, clearance, certification or approval by regulatory authorities or notified bodies in other foreign countries or by the FDA. However, a failure or delay in obtaining registration or regulatory clearance, certification or approval in one country may have a negative effect on the regulatory process in others. Clinical studies conducted in one country may not be accepted by other countries. If we fail to comply with these regulatory requirements or to obtain and maintain required approvals or certifications, our target market will be reduced and our ability to generate revenue will be diminished. Our inability to successfully enter all our desired international markets and manage business on a global scale could negatively affect our business, financial results and results of operation.

We may in the future bring certain cGMP product release testing, stability testing and cGMP pharmaceutical manufacturing capabilities in-house, and we may not be able to do so successfully or in compliance with FDA regulations

We have brought certain activities that we previously outsourced to third parties in-house, and we may bring certain additional activities in-house in the future. For example, we have brought certain cGMP product release testing related to SirolimusEFR in-house. In addition, we may eventually bring the manufacture of pharmaceutical drug products, such as SirolimusEFR, in-house. To the extent we do bring these functions in-house, we will be directly subject to FDA and other regulations with respect to these activities, such as the FDA's good laboratory practice requirements, cGMP regulations and similar foreign requirements. We cannot provide assurance that we will be able to perform these functions effectively or comply with applicable regulations if we bring these functions in-house.

We may expend our limited resources to pursue a particular product or indication and fail to capitalize on products or indications that may be more profitable or for which there is a greater likelihood of success

Because we have limited financial and managerial resources, we focus on specific products and product candidates, indications and discovery programs. As a result, we may forgo or delay pursuit of other opportunities with others that could have had greater commercial potential. Our resource allocation decisions may cause us to fail to capitalize on viable commercial products or profitable market opportunities. Our spending on current and future research and development programs for specific indications may not yield any commercially viable products. If we do not accurately anticipate physician and patient needs as well as evaluate the commercial potential or target market for a particular potential product, we may miss valuable product development opportunities or we may relinquish valuable rights to that potential product through future collaborations, licenses and other similar arrangements in cases in which it would have been more advantageous for us to further advance development or to retain sole development and commercialization rights to such potential product.

Our ability to utilize our net operating loss carryforwards and certain other tax attributes may be limited

As of December 31, 2021, we had gross net operating loss ("NOL") carryforwards of approximately \$94.9 million for federal income tax purposes, and \$77.0 million for state income tax purposes after applying limitations under Section 382 and Section 383 of the Code. Utilization of these NOLs depends on many factors, including our future income, which cannot be assured. Some of these NOLs could expire unused and be unavailable to offset our future income tax liabilities. In addition, under Section 382 of the Code, and corresponding provisions of state law, if a corporation undergoes an "ownership change," which is generally defined as a greater than 50% change, by value, in its equity ownership by 5% stockholders over a three-year period, the corporation's ability to use its pre-change NOLs and other pre-change tax attributes to offset its post-change income may be limited. We have experienced Section 382 ownership changes in the past, and the federal NOL disclosed above reflects the impact of the calculated Section 382 limitation. In addition, we may experience additional ownership changes in the future as a result of subsequent changes in our stock ownership, including this transaction, some of which may be outside of our control. If we determine that an ownership change has occurred and our ability to use our historical NOLs is materially limited, it could harm our future operating results by effectively increasing our future tax obligations. In addition, under the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), future tax losses may be utilized to offset no more than 80% of the taxable income annually. Under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), signed into law in March 2020, the limitation on the deduction of NOLs to 80% of current year taxable income does not apply to taxable years beginning before January 1, 2021. Federal NOLs arising in taxable years beginning after December 31, 2017 and before January 1, 2021 are required to be carried back to each of the five taxable years preceding the tax year of such loss unless the taxpayer elects to waive or reduce such carryback period, but NOLs arising in taxable years beginning after December 31, 2020 generally may not be carried back. Notwithstanding the CARES Act, we may be required to pay federal income taxes in future years despite generating a loss for federal income tax purposes. There is also a risk that due to statutory or regulatory changes or other unforeseen reasons, our future NOLs could expire or otherwise be unavailable to offset future income tax liabilities. For these reasons, we may not be able to realize a tax benefit from the use of any future NOLs we generate, whether or not we attain profitability. As of December 31, 2021, we recorded a full valuation allowance on our deferred tax assets.

Changes in tax laws could adversely affect the taxes we pay and therefore our financial condition and results of operations

Tax laws, regulations, and administrative practices may be subject to significant change, with or without notice, due to economic, political and other conditions, and significant judgment is required in applying the relevant provisions of tax law. If such changes were to be adopted or if the tax authorities were to challenge our application of relevant provisions of applicable tax laws, our financial condition and results of operations could be adversely affected.

In particular, the U.S. government may enact significant changes to the taxation of business entities including, among others, an increase in the corporate income tax rate, the imposition of minimum taxes or surtaxes on certain types of income, significant changes to the taxation of income derived from international operations, and an addition of further limitations on the deductibility of business interest. While certain draft legislation has been publicly released and is under development in Congress at this time, the likelihood of these changes being enacted or implemented is unclear. We are currently unable to predict whether such changes will occur. If such changes are enacted or implemented, we are currently unable to predict the ultimate impact on our business and therefore there can be no assurance our business will not be adversely affected.

Risks Related to Our Reliance on Third Parties

We are and expect to continue to be highly dependent on partners to drive the successful marketing and sale of our initial product candidates. There is no assurance that we will be able to form and properly manage partnerships. There is no assurance partnerships will be successful

We intend to primarily pursue licensing and distribution arrangements with strategic partners to commercialize and sell our product candidates. As such, licensing and collaboration payments, including upfront and milestone payments as well as royalties and revenue sharing arrangements related to our products and product candidates, will account for substantially all of our revenue for the foreseeable future. Any of these relationships may require us to incur non-recurring and other charges, increase our near and long-term expenditures, issue securities that dilute our existing stockholders or disrupt our management and business. In addition, we face significant competition in seeking appropriate strategic partners and the negotiation process is time-consuming and complex. We have limited experience in negotiating, establishing and managing such collaborations and we may be unable to successfully form and maintain such arrangements. Without commercialization partners, we may not have adequate financial or other resources to successfully commercialize our product candidates. In addition, any potential future collaborations may be terminable by our strategic partners, and we may not be able to adequately protect our rights under these agreements. Furthermore, strategic partners may negotiate for exclusive rights to commercialize our products or certain rights to control decisions regarding the development and commercialization of our products, if approved, and may not conduct those activities in the same manner as we do. Any termination of collaborations we have entered into or may enter into in the future, or any delay in entering into collaborations related to our products or product candidates, could delay the development and commercialization of our products or product candidates and reduce their competitiveness if they reach the market, which could have a material adverse effect on our business, financial condition and results of operations.

Successfully commercializing medical device combinations such as ours is a complex and uncertain process, dependent on the efforts of management, distributors, outside consultants, physicians and general economic conditions, among other factors. Any factors that adversely impact the commercialization of our product candidates will have a negative impact on our business, results of operations and financial condition. We cannot assure you that we or our partners will be successful in developing or commercializing any of our product candidates or any other new product candidates. Our inability to successfully commercialize our product candidates through partnerships and/or successfully develop and commercialize additional products or any enhancements to our products which we may develop would have a material adverse effect on our business, results of operations and financial condition.

We did not meet the target achievement dates relating to certain milestone payments, and we may not meet other target achievement dates relating to additional milestone payments, under our manufacturing and distribution agreement with Terumo, which may have an adverse effect on our relationship with Terumo and our results of operations

In June 2019, we entered into a strategic partnership with Terumo (the “**Terumo Partnership**”) for the manufacture and distribution of our product Virtue SAB. Under the agreement with Terumo, we were initially eligible for certain milestone payments in the amount of \$65 million from Terumo upon completion of certain minimum enrollments in

clinical studies, making certain filings and submissions, and obtaining certain regulatory approvals and certifications. Of these milestone payments, \$35 million relate to achieving certain milestones by specified target achievement dates, and as of the date of this filing we have already passed the target achievement dates for two \$5 million milestone payments, in each case, without achieving the related milestones. In addition, due to delays in our Virtue SAB program resulting from the COVID-19 pandemic, supply chain issues and unexpected regulatory delays and requirements, we are unlikely to be able to complete the remaining time-based milestones by the specified target achievement dates to earn the remaining \$25 million in time-based milestone payments pursuant to our agreement with Terumo.

Further, Terumo has the right to terminate the agreement, or certain of its obligations thereunder, if certain milestones are not achieved. If Terumo elects to terminate the agreement, our development and commercialization plans for Virtue SAB could be adversely impacted, and this could have a material adverse effect on our business, financial condition, results of operations and prospects.

The Company and Terumo signed a letter agreement in June 2022 whereby the parties agreed to negotiate in good faith over 12 months mutually agreeable adjustments to certain target achievement dates to reflect the regulatory and pandemic-related delays. There is no assurance as to the outcome of these negotiations with respect to any potential modifications to the milestone target achievement dates. If we are unable to complete such milestone negotiations to our satisfaction or to the satisfaction of Terumo, our development and commercialization plans for Virtue SAB and/or our relationship with Terumo could be adversely impacted. In addition, our failure to earn milestone payments under our agreement with Terumo will have an adverse effect on our results of operations.

We expect to be highly dependent on partners and third-party vendors to manufacture and provide important materials and components for our products and product candidates. There is no assurance that we will be able properly manage our supply chain. Further, we currently do not have redundancy built into our supply chain

We utilize and intend to continue to utilize partners and third-party vendors to assist in the manufacture and assembly of our products and product candidates as well as to provide materials and components essential to the manufacture of our products and product candidates, in particular Virtue SAB. For example, for our Virtue SAB product candidate, we currently source sirolimus from a single manufacturer in China and we source angioplasty balloons from a single manufacturer in Singapore. Disruptions in those countries or with respect to those suppliers for any reason, including, without limitation, further outbreaks of COVID-19, including any strains or variants of the virus, could cause us to seek new or additional suppliers for these products and could have a material adverse effect on our business.

We expect to continue to rely on third-party manufacturers for the commercial supply of any of our product candidates for which we obtain marketing approval, if any. We may be unable to maintain or establish required agreements with third-party manufacturers or to do so on acceptable terms. Even if we are able to establish agreements with third-party manufacturers, reliance on third-party manufacturers entails additional risks, including:

- the failure of the third party to manufacture our product candidates according to our schedule, or at all, including if our third-party contractors give greater priority to the supply of other products over our product candidates or *otherwise* do not satisfactorily perform according to the terms of the agreements between us and them;
- the reduction or termination of production or deliveries by suppliers, or the raising of prices or renegotiation of terms;
- the termination or nonrenewal of arrangements or agreements by our third-party contractors at a time that is costly or inconvenient for us;
- the breach by the third-party contractors of our agreements with them;
- the failure of third-party contractors to comply with applicable regulatory requirements;
- the failure of the third party to manufacture our product candidates according to our specifications;
- the mislabeling of clinical supplies, potentially resulting in the wrong dose amounts being supplied or active drug or placebo not being properly identified;

- clinical supplies not being delivered to clinical sites on time, leading to clinical study interruptions, or of drug or medical device supplies not being distributed to commercial vendors in a timely manner, resulting in lost sales; and
- the misappropriation of our proprietary information, including our trade secrets and know-how.

In addition, successfully manufacturing a medical device combination product or product candidate such as our Virtue SAB is a complex and uncertain process, dependent on the efforts of management, suppliers, manufacturing companies, packaging vendors, testing companies, outside consultants, and general economic conditions, among other factors. Our ability to supply our products commercially and to develop any future products depends, in part, on our ability to obtain these materials, components and products in accordance with regulatory requirements and in sufficient quantities for commercialization and clinical testing. Any factors that adversely impact the manufacturing of our products or product candidates will have a negative impact on our business, results of operations and financial condition. We cannot assure you that we or our partners will be successful in manufacturing our current products or product candidates or any potential enhancements to our products or any other new products. Our inability to successfully manufacture our products through partnerships and/or successfully develop and manufacture additional products or any enhancements to our products which we may develop would have a material adverse effect on our business, results of operations and financial condition.

We and our partners may be unable to sustain revenue growth

We expect our ability to increase our revenue in future periods to primarily depend on the ability of commercial partners to successfully penetrate our target markets and increase sales of our products or product candidates, which will, in turn, depend in part on our partners' success in growing their customer base and obtaining reorders from those customers. New products will also need to be developed and approved, or certified or otherwise authorized by the FDA and foreign regulatory agencies or notified bodies to sustain revenue growth in our markets. Additional clinical data and new products may be necessary to grow revenue.

The failure of our manufacturing partners and component suppliers to meet regulatory quality standards applicable to their manufacturing processes could have an adverse effect on our business, financial condition and results of operations

Our medical device and component manufacturers must register with the FDA and are subject to periodic inspection by the FDA for compliance with the FDA's Quality System Regulation ("QSR"), requirements, which require manufacturers of medical devices to adhere to certain manufacturing practices, including design controls, product validation and verification, in process testing, quality control and documentation procedures. Similar requirements apply in foreign jurisdictions. Compliance with applicable regulatory requirements is subject to continual review and is rigorously monitored through periodic inspections or audits by the FDA and other regulatory agencies or notified bodies. Our component, polymer, and drug suppliers are also required to meet certain standards applicable to their manufacturing processes.

We cannot assure you that we, our manufacturing partners, or component suppliers comply or can continue to comply with all regulatory requirements. The inability of one of these parties to achieve or maintain compliance with these requirements or quality standards may disrupt our ability to supply products sufficient to meet demand until compliance is achieved, or until a new supplier or manufacturer has been identified and evaluated. Our or these parties' failure to comply with applicable regulations could cause sanctions to be imposed on us, including warning letters, fines, injunctions, civil penalties, failure of regulatory authorities to grant marketing approval of our product candidates, delays, suspension or withdrawal of approvals, certifications, license revocation, seizures or recalls of products or product candidates, operating restrictions and criminal prosecutions, which could harm our business. We cannot assure you that if we need to engage new suppliers, manufacturers or testing resources to satisfy our business requirements that we can locate new ones in compliance with regulatory requirements. Our failure to do so could have a material adverse effect on our business, financial condition, results of operations and prospects.

From time to time, we engage outside parties to perform services related to certain of our clinical studies and trials, and any failure of those parties to fulfill their obligations could cause costs and delays

From time to time, we engage consultants and CROs to help design, monitor and analyze the results of certain of our clinical studies and trials. The consultants and CROs we engage interact with clinical investigators to enroll patients in our clinical studies. We depend on these consultants, CROs and clinical investigators to perform the clinical studies and trials and monitor and analyze data from these studies and trials under the investigational plan and protocol for the study or trial and in compliance with regulations and requirements, commonly referred to as GCP, for conducting, recording and reporting results of clinical studies or trials to assure that the data and results are credible and accurate and the trial participants are adequately protected, as required by the FDA and foreign regulatory authorities. The consultants and CROs also are responsible for protecting confidential patient data and complying with U.S. and foreign laws and regulations related to data privacy. We may face delays in our regulatory approval process if these parties do not perform their obligations in a timely or competent fashion or if we must change service providers. This risk is greater for our clinical studies and trials conducted outside of the United States, where it may be more difficult to ensure our studies and trials are conducted in compliance with FDA requirements. Any third parties we hire to design or monitor and analyze results of our clinical studies and trials may also provide services to our competitors, which could compromise the performance of their obligations to us. If these third parties do not successfully carry out their duties or meet expected deadlines, or if the quality, completeness or accuracy of the data they obtain is compromised due to the failure to adhere to our clinical study protocols or for other reasons, our clinical studies or trials may be extended, delayed or terminated or may otherwise prove to be unsuccessful, and our development costs will increase. We may not establish or maintain relationships with these third parties on favorable terms, or at all. If we need to enter into replacement arrangements because a third-party is not performing in accordance with our expectations, we may not be able to do so without undue delays or considerable expenditures, or at all.

The FDA and similar regulatory bodies may hold us responsible for any failure of our third-party consultants or CROs. Our monitoring of our third-party consultants or CROs may fail to detect, remedy, or report their failures.

The continuing development of many of our products and product candidates depends upon our maintaining strong working relationships with physicians

The research, development, marketing and sale of many of our new and improved products or product candidates depend upon our maintaining working relationships with physicians. We rely on these professionals to provide us with considerable knowledge and experience regarding the development, marketing and sale of our products or product candidates. Physicians assist us as researchers, marketing and product consultants, inventors and public speakers. If we cannot maintain our strong working relationships with these professionals and continue to receive their advice and input, the development and marketing of our products or product candidates could suffer, which could have a material adverse effect on our business, financial condition, results of operations and prospects. At the same time, the medical device industry's relationship with physicians is under increasing scrutiny by the Office of Inspector General, or OIG, and the U.S. Department of Justice (the "DOJ"). Our failure to comply with requirements governing the industry's relationships with physicians, including the reporting of certain payments to physicians under the National Physician Payment Transparency Program or an investigation into our compliance by the OIG or the DOJ, could have a material adverse effect on our business, financial condition, results of operations and prospects.

We have limited pharmaceutical manufacturing experience and our CMOs may experience development or manufacturing problems or delays in producing our products and planned or future products that could limit the potential growth of our revenue or increase our losses

We are responsible for the manufacture of the proprietary SirolimusEFR used in our Virtue SAB product candidate. We have already experienced substantial delays and other challenges in the manufacture of SirolimusEFR as a result of supply chain and personnel issues experienced by the single source CMO that produces SirolimusEFR for us. Some of these issues are related to the ongoing COVID-19 pandemic and are likely to impact SirolimusEFR production through the next 12 months and potentially longer. Many of the processes, ingredients and components required for manufacture of SirolimusEFR are also required for manufacture of COVID-19 vaccines and tests. In the event that we do not have sufficient SirolimusEFR to complete our planned clinical studies, it could delay such trials. Further delays in our trial timelines will result in additional expenses to us and potentially risk or damage our partnership with Terumo and the future competitiveness of our Virtue SAB solution.

If approved for use in connection with our medical device product candidates or as a stand-alone product, we currently expect to remain responsible for the manufacture and supply of SirolimusEFR, at commercial scale, for our partner, Terumo. We have limited experience in commercially manufacturing pharmaceutical products and no experience manufacturing SirolimusEFR in the volume that we anticipate will be required if we achieve planned levels of commercial sales. We do not currently have nor do we currently have plans to acquire the infrastructure or capability internally to manufacture SirolimusEFR on a commercial scale. Instead, we rely on contract manufacturers for current production of SirolimusEFR for clinical study supplies and currently plan to continue to use contract manufacturers for commercial supply. Our reliance on third-party suppliers and manufacturers, including certain single-source suppliers, could harm our ability to fulfill our supply obligations to Terumo. If our third-party suppliers fail to deliver the required quantities of materials on a timely basis and at commercially reasonable prices, and we are unable to find one or more replacement suppliers capable of production at a substantially equivalent cost in substantially equivalent volumes and quality on a timely basis, the supply of our products or product candidates to customers and the development of any future products will be delayed, limited or prevented, which could have material adverse effect on our business, financial condition and results of operations.

The facilities used by our CMOs to manufacture our product candidates must be authorized by the applicable regulatory authorities, including the FDA, pursuant to inspections that will be conducted after a PMA, New Drug Application (“NDA”) or comparable foreign regulatory marketing application is submitted. We do not control the manufacturing process of our product candidates and are completely dependent on our contract manufacturing partners for compliance with the FDA’s cGMP or similar foreign requirements for manufacture of both the active drug substances and finished drug product. If our contract manufacturers cannot successfully manufacture material that conforms to our specifications and the FDA’s or foreign regulatory authorities’ strict regulatory requirements, they will not be able to secure or maintain FDA or foreign approval for use of their manufacturing facilities with respect to our product candidates. In addition, we have no control over the ability of our contract manufacturers to maintain adequate quality control, quality assurance and qualified personnel. If the FDA or any other applicable regulatory authority does not approve these facilities for the manufacture of our product candidates or if it withdraws any such approval in the future, or if our suppliers or contract manufacturers decide they no longer want to supply or manufacture for us, we may need to find alternative manufacturing facilities, in which case we might not be able to identify manufacturers for clinical or commercial supply on acceptable terms, without delay, or at all, which would significantly impact our ability to fulfill our supply obligations for SirolimusEFR for Virtue SAB as well as sales of SirolimusEFR for other potential clinical applications.

In addition, the manufacture of pharmaceutical products is complex and requires significant expertise and capital investment, including the development of advanced manufacturing techniques and process controls. Manufacturers of pharmaceutical products often encounter difficulties in production, particularly in scaling up and validating initial production and absence of contamination. These problems include difficulties with production costs and yields, quality control, including stability of the product, quality assurance testing, operator error, shortages of qualified personnel, as well as compliance with strictly enforced federal, state and foreign regulations. Furthermore, if contaminants are discovered in our supply or in the manufacturing facilities, such manufacturing facilities may need to be closed for an extended period of time to investigate and remedy the contamination, and could require that affected supplies be withdrawn or withheld from the market. Any stability or other issues relating to the manufacture of our product candidates may occur in the future. Additionally, our manufacturers may experience manufacturing difficulties due to resource constraints or as a result of labor disputes or unstable political environments. If our manufacturers were to encounter any of these difficulties, or otherwise fail to comply with their contractual obligations, our ability to provide SirolimusEFR to Terumo would be jeopardized, which would result in a material adverse effect on our business, financial condition, results of operations and prospects.

Reduction or interruption in supply and an inability to develop alternative sources for supply may adversely affect our partners’ manufacturing operations and related product sales

We purchase many of the components and raw materials used in manufacturing our products from numerous suppliers in various countries. Generally, we have been able to obtain adequate supplies of such raw materials and components. However, for reasons of quality assurance, cost effectiveness, or availability, we may procure certain components and raw materials from a sole supplier. For example, for our Virtue SAB product candidate, we source sirolimus from a single manufacturer in China, and we source angioplasty balloons from a single manufacturer based in Ireland that uses a production facility based in Singapore to manufacture balloons for us, and we source custom polymers from a single manufacturer in the United States. We work closely with our suppliers to try to ensure

continuity of supply while maintaining high quality and reliability. However, we cannot guarantee that these efforts will be successful. In addition, due to the stringent regulations and requirements of the FDA, comparable regulatory bodies in countries in the EU, and similar regulatory bodies elsewhere around the world regarding the manufacture of our products or product candidates, we may not be able to quickly establish additional or replacement sources for certain components or materials. A reduction or interruption in supply, and an inability to develop alternative sources for such supply, could adversely affect our ability to manufacture our products in a timely or cost-effective manner and to make our related product sales. Manufacturing facilities used to make our balloons or other components may be shut down, sold or otherwise become unavailable and it will take time and money for use to identify and requalify new facilities.

In addition, assuming our BackBeat CNT product candidate is approved, we will be reliant on Medtronic and its ability to obtain supplies for and to produce its BackBeat CNT-enabled pacemaker systems. If Medtronic is unable to obtain such supplies or is otherwise unable to produce its BackBeat CNT-enabled pacemaker systems, it could adversely affect our results of operations.

We source certain products from foreign suppliers, making us vulnerable to supply problems or price fluctuations caused by trade conflicts and other geopolitical events

Geopolitical risks and other global events could negatively affect our ability to rely on foreign suppliers. Ongoing uncertainty in the trade relationship between China and the United States could cause delays in the manufacturing supply chain for sirolimus, which we currently source from China. Likewise, export restrictions enacted in foreign countries as a result of the COVID-19 pandemic, including those imposed in China, could limit our ability to obtain products from foreign suppliers or make foreign-made products more costly than anticipated. Any disruptions or delays in our supply chain could negatively impact our ability to operate our business or increase our costs. Further, any tariffs imposed on products we or our partners import from China, Singapore or any other foreign supplier as a result of global trade conflict could cause us to increase prices for our future products or reduce our margins.

In February 2022, following Russia's invasion of Ukraine, the United States and the EU imposed various economic sanctions against Russia. If Russia responds with retaliatory measures such as restrictions on the sale of oil or other energy resources from Russia to other countries in the region, that could result in an increase in our global shipping expenses, reduce our sales, or otherwise have an adverse effect on our European operations. Additionally, escalation by Russia beyond Ukraine and into other countries within the region could also reduce our sales and have a negative effect on our European operations.

Risks Related to Government Regulation and Our Industry

Healthcare reform initiatives and other administrative and legislative proposals may adversely affect our business

There have been and continue to be proposals by the federal government, state governments, regulators and third-party payors to control or manage the increased costs of healthcare and, more generally, to reform the U.S. healthcare system. Certain of these proposals could limit the prices we are able to charge for our products or the coverage and reimbursement available for our products and could limit the acceptance and availability of our products. The adoption of proposals to control price could have a material adverse effect on our business, financial condition, results of operations and prospects.

In the United States, there have been and continue to be a number of legislative initiatives to contain healthcare costs. For example, in March 2010, the Affordable Care Act (the "ACA"), was enacted in the United States, which made a number of substantial changes in the way healthcare is financed by both governmental and private insurers. Among other ways in which it may affect our business, the ACA established a new Patient-Centered Outcomes Research Institute to oversee and identify priorities in comparative clinical effectiveness research in an effort to coordinate and develop such research, implemented payment system reforms including a national pilot program on payment bundling to encourage hospitals, physicians and other healthcare providers to improve the coordination, quality and efficiency of certain healthcare services through bundled payment models, and expanded the eligibility criteria for Medicaid programs.

Since its enactment, there have been judicial, U.S. Congressional and executive branch challenges to certain aspects of the ACA. On June 17, 2021, the U.S. Supreme Court dismissed the most recent judicial challenge to the ACA brought by several states without specifically ruling on the constitutionality of the ACA. Prior to the Supreme

Court's decision, President Biden issued an executive order to initiate a special enrollment period from February 15, 2021 through August 15, 2021 for purposes of obtaining health insurance coverage through the ACA marketplace. The executive order also instructed certain governmental agencies to review and reconsider their existing policies and rules that limit access to healthcare, including among others, reexamining Medicaid demonstration projects and waiver programs that include work requirements, and policies that create unnecessary barriers to obtaining access to health insurance coverage through Medicaid or the ACA. It is unclear how other healthcare reform measures of the Biden administration or other efforts, if any, will impact our business.

In addition, other legislative changes have been proposed and adopted since the ACA was enacted. On August 2, 2011, the Budget Control Act of 2011 was signed into law, which, among other things, reduced Medicare payments to providers by 2% per fiscal year, effective on April 1, 2013 and, due to subsequent legislative amendments to the statute, will remain in effect through 2030, with the exception of a temporary suspension from May 1, 2020 through March 31, 2022, unless additional Congressional action is taken. Under current legislation, the actual reduction in Medicare payments varies from 1% from April 1, 2022 through June 30, 2022, to up to 3% in the final fiscal year of this sequester. On January 2, 2013, the American Taxpayer Relief Act of 2012 was signed into law, which, among other things, reduced Medicare payments to several providers, including hospitals, and increased the statute of limitations period for the government to recover overpayments to providers from three to five years. The Medicare Access and CHIP Reauthorization Act of 2015 (the "MACRA"), enacted on April 16, 2015, repealed the formula by which Medicare made annual payment adjustments to physicians and implemented fixed annual updates and a new system of incentive payments that began in 2019 that are based on various performance measures and physicians' participation in alternative payment models such as accountable care organizations. It is unclear what effect new quality and payment programs, such as MACRA, may have on our business, financial condition, results of operations or cash flows.

In addition to continuing pressure on prices and cost containment measures in the United States, legislative developments at the EU or member state level may result in significant additional requirements or obstacles. The delivery of healthcare in the EU, including the establishment and operation of health services and the pricing and reimbursement of medicines, is almost exclusively a matter for national, rather than EU, law and policy. National governments and health service providers have different priorities and approaches to the delivery of healthcare and the pricing and reimbursement of products in that context. In general, however, the healthcare budgetary constraints in most EU member states have resulted in restrictions on the pricing and reimbursement of medicines by relevant health service providers. Coupled with ever-increasing EU and national regulatory burdens on those wishing to develop and market products, this could restrict or regulate post-approval activities and affect the ability of pharmaceutical companies to commercialize their products. In international markets, reimbursement and healthcare payment systems vary significantly by country, and many countries have instituted price ceilings on specific products and therapies.

We expect additional state, federal and foreign healthcare policies and reform measures to be adopted in the future, any of which could limit reimbursement for healthcare products and services or otherwise result in reduced demand for our products or other products we may commercialize in the future or additional pricing pressure and have a material adverse effect on our industry generally and on our customers. Any changes of, or uncertainty with respect to, future coverage or reimbursement rates could affect demand for our products or other products we may commercialize in the future, which in turn could impact our ability to successfully commercialize our products or other products we may commercialize in the future and could have a material adverse effect on our business, financial condition and results of operations.

For instance, in December 2021, the EU Regulation No 2021/2282 on Health Technology Assessment (the "HTA"), amending Directive 2011/24/EU, was adopted. This regulation which entered into force in January 2022 intends to boost cooperation among EU member states in assessing health technologies, including some medical devices, and providing the basis for cooperation at the EU level for joint clinical assessments in these areas. The regulation foresees a three-year transitional period and will permit EU member states to use common HTA tools, methodologies, and procedures across the EU, working together in four main areas, including joint clinical assessment of the innovative health technologies with the most potential impact for patients, joint scientific consultations whereby developers can seek advice from HTA authorities, identification of emerging health technologies to identify promising technologies early, and continuing voluntary cooperation in other areas. Individual EU member states will continue to be responsible for assessing non-clinical (e.g., economic, social, ethical) aspects of health technologies, and making decisions on pricing and reimbursement.

Regulatory compliance is expensive, complex and uncertain, and approvals or certifications can often be denied or significantly delayed. We may not obtain the necessary approvals or certifications and failure to obtain timely regulatory approval or certification, if at all, would adversely affect our business

We are not permitted to commercialize, market, promote or sell any of our product candidates in the United States without obtaining approval from the FDA. Foreign regulatory authorities impose similar requirements. The time required to obtain approval or certification by the FDA, comparable foreign regulatory authorities and notified bodies is unpredictable, typically takes many years following the commencement of clinical studies and depends upon numerous factors, including the type, complexity and novelty of the product candidates involved. In addition, approval policies, regulations or the type and amount of clinical data necessary to gain approval may change during the course of a product candidate's clinical development and may vary among jurisdictions, which may cause delays in the approval, certification or the decision not to approve an application. Regulatory authorities and notified bodies have substantial discretion in the approval or certification process and may refuse to accept any application or may decide that our data are insufficient for approval or certification and require additional preclinical, clinical or other studies. We have not submitted for or obtained regulatory approval for any product candidate, except for CE mark certification of our first-generation BackBeat CNT on the Moderato implantable pulse generator (IPG) device.

In the United States, before we can market a new medical device, or a new use of, new claim for or significant modification to an existing device, we must first receive either clearance under Section 510(k) of the Federal Food, Drug, and Cosmetic Act (the "FDCA"), or approval of a PMA application from the FDA, unless an exemption applies. Under the FDCA, medical devices are classified into one of three classes, Class I, Class II or Class III, depending on the degree of risk associated with each medical device and the extent of manufacturer and regulatory control needed to ensure its safety and effectiveness. Certain Class I and Class II devices are exempt from premarket notification (510(k)) requirements as well as the Medical Device cGMPs, also referred to as the QSR. A Class I or Class II device that is exempt from 510(k) requirements must still comply with other requirements unless the device is explicitly exempt from those requirements as indicated in the regulation for that device type. We do not believe Virtue SAB or BackBeat CNT or other of our current product candidates will be exempt from, or eligible for, clearance under Section 510(k) of the FDCA. We expect our product candidates will require submission and FDA approval of a PMA to be marketed in the United States. In the process of obtaining PMA approval, the FDA must determine that a proposed device is safe and effective for its intended use(s) based, in part, on extensive data, including, but not limited to, technical, preclinical, clinical study, manufacturing and labeling data. The PMA process is typically required for devices that are deemed to pose the greatest risk, such as life-sustaining, life-supporting or implantable devices. Modifications to products that are approved through a PMA application generally require FDA approval. The PMA process can be expensive, lengthy and uncertain. The process of obtaining a PMA is much more costly and uncertain than the 510(k) clearance process and generally takes from one to three years, or even longer, from the time the application is submitted to the FDA.

In the United States, before we can market a new drug product, or market an approved drug for a new indication, we must receive approval of an NDA. In the process of obtaining NDA approval, the FDA must determine that the drug product candidate is safe and effective for its intended uses. The NDA is a comprehensive, multivolume application that includes, among other things, the results of preclinical and clinical studies, information about the drug's composition, and plans for manufacturing, packaging, and labeling the drug. The time required to obtain NDA approval by the FDA is unpredictable and typically takes many years following the commencement of clinical studies.

We expect that obtaining regulatory approvals for our product candidates will require us to conduct human clinical studies. For our medical device product candidates and combination drug/device product candidates regulated as medical devices, we will need to obtain approval of an investigational device exemption ("IDE"), prior to beginning a clinical study in the United States. For our drug product candidates, we will need to submit an IND that the FDA authorizes prior to beginning clinical studies in the United States. Preclinical studies, submissions related to chemistry, manufacturing and controls ("CMC"), of our product candidates, and safety data such as biocompatibility will be required in connection with any IDE or IND applications. It is possible that unforeseen failure of one or more of these tests could cause delays in the application process.

Despite the time, effort and cost involved in conducting clinical studies and seeking regulatory approvals or certifications, a product candidate may not be approved or certified by the FDA or comparable regulatory authorities or notified bodies. Any delay or failure to obtain necessary regulatory approvals or certifications could harm our business. Furthermore, even if we are granted regulatory approvals or certifications, they may include significant limitations on the indicated uses for the device, which may limit the market for the product.

The FDA, comparable regulatory authorities (or notified bodies) can delay, limit or deny approval of a drug or approval or certification of a medical device for many reasons, including:

- our inability to demonstrate to the satisfaction of the FDA or the applicable regulatory entity or notified body that our products are safe or effective for their intended uses;
- inability to satisfy regulators on the biocompatibility of our novel materials or to gain agreement with regulators on the methods or results of biocompatibility testing;
- the disagreement of the FDA or the applicable foreign regulatory authority or notified body with the design or implementation of our clinical studies or the interpretation of data from preclinical studies or clinical studies;
- serious and unexpected adverse effects experienced by participants in our clinical studies;
- the data from our preclinical studies and clinical studies may be insufficient to support approval;
- our inability to demonstrate that the clinical and other benefits of the product candidate outweigh the risks;
- the manufacturing process or facilities we use may not meet applicable requirements; and
- the potential for approval policies or regulations of the FDA or applicable foreign regulatory bodies to change significantly in a manner rendering our clinical data or regulatory filings insufficient for approval or certification.

The regulations to which we are subject are complex and have tended to become more stringent over time. Regulatory changes could result in restrictions on our ability to carry on or expand our operations, higher than anticipated costs or lower than anticipated sales. The FDA and foreign regulatory authorities enforce these regulatory requirements through various mechanisms, including periodic unannounced inspections. We do not know whether we or any CMOs we may utilize will pass any future FDA, foreign regulatory authorities or notified bodies inspections or audits. Failure to comply with applicable regulations could jeopardize our ability to sell our products and result in enforcement actions such as: warning letters; fines; injunctions; civil penalties; termination of distribution; recalls or seizures of products; delays in the introduction of products into the market; total or partial suspension of production; refusal to grant future approvals or certifications; withdrawals or suspensions of current approvals or certifications, resulting in prohibitions on sales of our products; and in the most serious cases, criminal penalties.

Subject to the transitional provisions provided in the EU Medical Devices Regulation and in order to sell our products in EU member states, our products must comply with the general safety and performance requirements of the EU Medical Devices Regulation, which repeals and replaces the Medical Devices Directive and the Active Implantable Medical Devices Directive. Compliance with these requirements is a prerequisite to be able to affix the European Conformity (“CE”), mark to our products, without which they cannot be sold or marketed in the EU. All medical devices (including active implantable medical devices) placed on the market in the EU must meet the general safety and performance requirements laid down in Annex I to the EU Medical Devices Regulation, including the requirement that a medical device must be designed and manufactured in such a way that, during normal conditions of use, it is suitable for its intended purpose. Medical devices must be safe and effective and must not compromise the clinical condition or safety of patients, or the safety and health of users and — where applicable — other persons, provided that any risks which may be associated with their use constitute acceptable risks when weighed against the benefits to the patient and are compatible with a high level of protection of health and safety, taking into account the generally acknowledged state of the art. To demonstrate compliance with the general safety and performance requirements, we must undergo a conformity assessment procedure, which varies according to the type of medical device and its (risk) classification. A conformity assessment procedure generally requires the intervention of a notified body. The notified body would typically audit and examine the technical file and the quality system for the manufacture, design and final inspection of our devices. If satisfied that the relevant product conforms to the relevant general safety and performance requirements, the notified body issues a certificate of conformity, which the manufacturer uses as a basis for its own declaration of conformity. The manufacturer may then apply the CE mark to the device, which allows the device to be placed on the market throughout the EU. If we fail to comply with applicable laws and regulations, we would be unable to affix the CE mark to our products, which would prevent us from selling them within the EU.

The aforementioned EU rules are generally applicable in the European Economic Area (the “EEA”) (which consists of the 27 EU member states plus Norway, Liechtenstein and Iceland). Non-compliance with the above requirements would also prevent us from selling our products in these three countries.

International regulatory approval or certification processes may take longer than the FDA approval process. If we fail to comply with applicable FDA and foreign regulatory requirements, we may not receive regulatory approvals or certifications or may be subject to FDA or foreign enforcement actions. We may be unable to obtain future regulatory approval or certification in a timely manner, or at all, especially if existing regulations are changed or new regulations are adopted. A failure or delay in obtaining necessary regulatory approvals or certifications would materially adversely affect our business. For more information regarding the regulation of our products, see “*Business of Orchestra — Government Regulation.*”

In the EU, we must inform the notified body that carried out the conformity assessment of the medical devices that we market or sell in the EU and the EEA of any planned substantial changes to our quality system or substantial changes to our medical devices that could affect compliance with the general safety and performance requirements laid down in Annex I to the EU Medical Devices Regulation or cause a substantial change to the intended use for which the device has been CE marked. The notified body will then assess the planned changes and verify whether they affect the products’ ongoing conformity with the EU Medical Devices Regulation. If the assessment is favorable, the notified body will issue a new certificate of conformity or an addendum to the existing certificate attesting compliance with the general safety and performance requirements and quality system requirements laid down in the Annexes to the EU Medical Devices Regulation. The notified body may disagree with our proposed changes and product introductions or modifications could be delayed or canceled, which could adversely affect our ability to grow our business.

Our medical device products must be manufactured in accordance with federal, state and foreign regulations, and we or any of our suppliers or third-party manufacturers could be forced to recall our installed systems or terminate production if we fail to comply with these regulations

The methods used in, and the facilities used for, the manufacture of our medical device products must comply with the FDA’s QSR which is a complex regulatory scheme that covers the procedures and documentation of the design, testing, production, process controls, quality assurance, labeling, packaging, handling, storage, distribution, installation, servicing and shipping of medical devices. Furthermore, we are required to verify that our suppliers maintain facilities, procedures and operations that comply with our quality standards and applicable regulatory requirements. The FDA enforces the QSR through periodic announced or unannounced inspections of medical device manufacturing facilities, which may include the facilities of subcontractors. Our products are also subject to similar state regulations and various laws and regulations of foreign countries governing manufacturing. Our third-party manufacturers may not take the necessary steps to comply with applicable regulations, which could cause delays in the delivery of our products. In addition, failure to comply with applicable FDA or foreign regulatory requirements or later discovery of previously unknown problems with our products or manufacturing processes could result in, among other things: warning letters or untitled letters; fines, injunctions or civil penalties; suspension or withdrawal of approvals; seizures or recalls of our products; total or partial suspension of production or distribution; administrative or judicially imposed sanctions; the FDA’s, foreign regulatory authorities’ or notified bodies’ refusal to grant pending or future approvals or certifications for our product candidates; clinical holds; refusal to permit the import or export of our product candidates; and criminal prosecution of us or our employees.

Any of these actions could significantly and negatively affect supply of our products. If any of these events occurs, our reputation could be harmed, we could be exposed to product liability claims and we could lose customers and experience reduced sales and increased costs.

Even if we obtain regulatory approval or certification for a product candidate, our products will remain subject to regulatory scrutiny and post-marketing requirements. Failure to comply with post-marketing regulatory requirements could subject us to enforcement actions, including substantial penalties, and might require us to recall or withdraw a product from the market

Any regulatory approvals or certifications that we may receive for our product candidates will require the submission of reports to regulatory authorities and surveillance to monitor the safety and efficacy of the product candidate, may contain significant limitations related to use restrictions for specified age groups, warnings, precautions or contraindications, and may include burdensome post-approval study or risk management requirements. For example,

the FDA may require a REMS in order to approve our drug product candidates, which could entail requirements for a medication guide, physician training and communication plans or additional elements to ensure safe use, such as restricted distribution methods, patient registries and other risk minimization tools. In addition, if one of our product candidates is approved or certified, it will be subject to ongoing and pervasive regulatory requirements governing, among other things, the manufacture, marketing, labeling, advertising, adverse event reporting, recordkeeping, sale, promotion, sampling, testing, conduct of post-marketing studies, registration, and listing of drugs and medical devices. For example, we must submit periodic reports to the FDA as a condition of approval. These reports include safety and effectiveness information about the drug or device after its approval. Failure to submit such reports, or failure to submit the reports in a timely manner, could result in enforcement action by the FDA. Following its review of the periodic reports, the FDA might ask for additional information or initiate further investigation.

The regulations to which we are subject are complex and have become more stringent over time. Regulatory changes could result in restrictions on our ability to continue or expand our operations, higher than anticipated costs, or lower than anticipated sales. Even after we have obtained the proper regulatory approval or certification to market a device, we have ongoing responsibilities under FDA regulations and applicable foreign laws and regulations. The FDA, state and foreign regulatory authorities have broad enforcement powers. Our failure to comply with applicable regulatory requirements could result in enforcement action by the FDA, state or foreign regulatory authorities, which may include any of the following sanctions:

- untitled letters or warning letters;
- fines, injunctions, consent decrees and civil penalties;
- recalls, termination of distribution, administrative detention, or seizure of our products;
- customer notifications or repair, replacement or refunds;
- operating restrictions or partial suspension or total shutdown of production;
- delays in or refusal to grant our requests for future PMA approvals or foreign regulatory approvals or certifications of new products, new intended uses, or modifications to existing products;
- withdrawals or suspensions of our current PMA or foreign regulatory approvals or certifications, resulting in prohibitions on sales of our products;
- FDA refusal to issue certificates to foreign governments needed to export products for sale in other countries; and
- criminal prosecution.

Any government investigation of alleged violations of law could require us to expend significant time and resources in response and could generate negative publicity. Any failure to comply with ongoing regulatory requirements may adversely affect our ability to commercialize and generate revenue from our products. If regulatory sanctions are applied or if regulatory approval or certification is withdrawn, our business will be seriously harmed.

Moreover, the policies of the FDA and of other regulatory authorities may change, and additional government regulations may be enacted that could prevent, limit or delay regulatory approval or certification of our product candidates. We cannot predict the likelihood, nature or extent of government regulation that may arise from future legislation or administrative or executive action, either in the United States or abroad. If we are slow or unable to adapt to changes in existing requirements or the adoption of new requirements or policies, or if we are not able to maintain regulatory compliance, we may lose any marketing approval or certification that we may have obtained and we may not achieve or sustain profitability.

Modifications to any approved or certified device products may require us to obtain new PMA approvals or approvals of a PMA supplement or foreign certification, and if we market modified products without obtaining necessary approvals or certifications, we may be required to cease marketing or recall the modified products until required approvals or certifications are obtained

Certain modifications to any device product for which we receive PMA approval may require approval of a new PMA or a PMA supplement, or alternatively a notification or other submission to the FDA. The FDA requires device manufacturers to make and document a determination of whether a modification requires an approval, supplement

or clearance; however, the FDA can review a manufacturer's decision. The FDA may not agree with our decisions regarding whether approval of a modification is necessary. We may make modifications to approved devices in the future that we believe do not require approval of a new PMA or PMA supplement. If the FDA disagrees with our determination and requires us to submit a new PMA or PMA supplement for modifications to our previously approved device products, we may be required to cease marketing or to recall the modified product until we obtain approval, and we may be subject to significant regulatory fines or penalties. In addition, the FDA may not approve our products for the indications that are necessary or desirable for successful commercialization or could require clinical trials to support any modifications. Any delay or failure in obtaining required approvals would adversely affect our ability to introduce new or enhanced products in a timely manner, which in turn would harm our future growth.

In the EU, we must inform the notified body that carried out the conformity assessment of the medical devices that we market or sell in the EU and the EEA of any planned substantial changes to our quality system or substantial changes to our medical devices that could affect compliance with the general safety and performance requirements laid down in Annex I to the EU Medical Devices Regulation or cause a substantial change to the intended use for which the device has been CE marked. The notified body will then assess the planned changes and verify whether they affect the products' ongoing conformity with the EU Medical Devices Regulation. If the assessment is favorable, the notified body will issue a new certificate of conformity or an addendum to the existing certificate attesting compliance with the general safety and performance requirements and quality system requirements laid down in the Annexes to the EU Medical Devices Regulation. The notified body may disagree with our proposed changes and product introductions or modifications could be delayed or canceled, which could adversely affect our ability to grow our business.

Our medical device products, if approved or certified, may cause or contribute to adverse medical events or be subject to failures or malfunctions that we are required to report to the FDA or similar foreign regulatory authorities, and if we fail to do so, we would be subject to sanctions that could harm our reputation, business, financial condition and results of operations. The discovery of serious safety issues with our products, or a recall of our products either voluntarily or at the direction of the FDA or another governmental authority, could have a negative impact on us

We are subject to the FDA's medical device reporting regulations and similar foreign regulations, which require us to report to the FDA when we receive or become aware of information that reasonably suggests that one or more of our products may have caused or contributed to a death or serious injury or malfunctioned in a way that, if the malfunction were to recur, it could cause or contribute to a death or serious injury. The timing of our obligation to report is triggered by the date we become aware of the adverse event as well as the nature of the event. We may fail to report adverse events of which we become aware within the prescribed timeframe. We may also fail to recognize that we have become aware of a reportable adverse event, especially if it is not reported to us as an adverse event or if it is an adverse event that is unexpected or removed in time from the use of the product. If we fail to comply with our reporting obligations, the FDA or foreign regulatory authorities could take action, including warning letters, untitled letters, administrative actions, criminal prosecution, imposition of civil monetary penalties, revocation of our device approval, seizure of our products or delay in approval or certification of future products.

The FDA and foreign regulatory bodies have the authority to require the recall of commercialized products in the event of material deficiencies or defects in design or manufacture of a product or in the event that a product poses an unacceptable risk to health. The FDA's authority to require a recall must be based on a finding that there is reasonable probability that the device could cause serious injury or death. We may also choose to voluntarily recall a product if any material deficiency is found. A government-mandated or voluntary recall by us could occur as a result of an unacceptable risk to health, component failures, malfunctions, manufacturing defects, labeling or design deficiencies, packaging defects or other deficiencies or failures to comply with applicable regulations. Product defects or other errors may occur in the future.

Depending on the corrective action we take to redress a product's deficiencies or defects, the FDA, foreign regulatory authorities or notified bodies may require, or we may decide, that we will need to obtain new approvals or certifications for the device before we may market or distribute the corrected device. Seeking such approvals or certifications may delay our ability to replace the recalled devices in a timely manner. Moreover, if we do not adequately address problems associated with our devices, we may face additional regulatory enforcement action, including FDA and similar foreign regulatory authorities warning letters, product seizure, injunctions, administrative penalties or civil or criminal fines.

Companies are required to maintain certain records of recalls and corrections, even if they are not reportable to the FDA. We may initiate voluntary withdrawals or corrections for our products in the future that we determine do not require notification of the FDA or foreign regulatory authorities. If the FDA or foreign regulatory authorities disagree with our determinations, it could require us to report those actions as recalls and we may be subject to enforcement action. A future recall announcement could harm our reputation with customers, potentially lead to product liability claims against us and negatively affect our sales. Any corrective action, whether voluntary or involuntary, as well as defending ourselves in a lawsuit, will require the dedication of our time and capital, distract management from operating our business and may harm our reputation and financial results.

Virtue SAB is a drug/device combination, which may result in additional regulatory and other risks

We believe our Virtue SAB product candidate may be subject to regulation in the United States as a drug/device combination product. If marketed individually, each component of Virtue SAB would be subject to different regulatory pathways and would require approval of independent marketing applications by the FDA. A combination product, however, is assigned to an FDA center that will have primary jurisdiction over its regulation based on a determination of the combination product's primary mode of action, which is the single mode of action that provides the most important therapeutic effect. In the case of Virtue SAB, we believe that the primary mode of action is attributable to the device component of the product. Accordingly, we believe that the FDA's Center for Devices and Radiological Health ("CDRH") will have primary jurisdiction over pre-market development and review of Virtue SAB, and expect to seek initial approval of Virtue SAB through submission of a single PMA reviewed by CDRH. The determination whether a combination product requires a single marketing application or two separate marketing applications for each component is made by the FDA on a case-by-case basis. Although we believe a single marketing application for the approval of a combination product would be successful, there can be no assurance that the FDA will not determine that separate marketing applications are necessary. If the FDA were to make that determination, it could significantly increase the resources and time required to bring a particular combination product to market.

The EU regulates medical devices and medicinal products separately, through different legislative instruments, and the applicable requirements will vary depending on the type of drug-device combination product. For instance, drug-delivery products intended to administer a medicinal product where the medicinal product and the device form a single integral product are regulated as medicinal products in the EU. In such a case, the marketing authorization application must include — where available — the results of the assessment of the conformity of the device part with the EU Medical Devices Regulation contained in the manufacturer's EU declaration of conformity of the device or the relevant certificate issued by a notified body. If the marketing authorization application does not include the results of the conformity assessment and where for the conformity assessment of the device, if used separately, the involvement of a notified body is required, the EMA or the EU member state competent authority must require the applicant to provide a notified body opinion on the conformity of the device. By contrast, in case of drug-delivery products intended to administer a medicinal product where the device and the medicinal product do not form a single integral product (but are, e.g., co-packaged), the medicinal product is regulated in accordance with the rules for medicinal products described above while the device part is regulated as a medical device and will have to comply with all the requirements set forth by the EU Medical Devices Regulation.

Although the FDA and similar foreign regulatory agencies have or may have systems in place for the review and approval or certification of combination products such as ours, we may experience delays in the development and commercialization of our product candidates due to regulatory timing constraints and uncertainties in the product development and approval process, as well as coordination between two different centers within FDA responsible for review of the different components of the combination product.

If the FDA does not conclude that SirolimusEFR as a standalone product candidate satisfies the requirements for the Section 505(b)(2) regulatory approval pathway, or if the requirements for SirolimusEFR under Section 505(b)(2) are not as we expect, the approval pathway for SirolimusEFR may likely take significantly longer, cost significantly more and entail significantly greater complications and risks than anticipated, and in either case may not be successful

We may seek FDA approvals for our SirolimusEFR as both a standalone drug product candidate, and as part of our Virtue SAB product candidate as well as, potentially, other device/drug combination product candidates for other clinical applications. For the standalone drug product candidate development program, we may seek approval for SirolimusEFR to treat conditions such as ophthalmic inflammatory disease (uveitis) and acute or chronic joint

inflammation (osteoarthritis), through the Section 505(b)(2) regulatory pathway. The Drug Price Competition and Patent Term Restoration Act of 1984, also known as the Hatch-Waxman Amendments, added Section 505(b)(2) to the FDCA. Section 505(b)(2) permits the filing of an NDA where at least some of the information required for approval comes from trials that were not conducted by or for the applicant and for which the applicant has not obtained a right of reference. Section 505(b)(2), if we are eligible to pursue such a marketing application, would allow an NDA we submit to the FDA to rely in part on data in the public domain or the FDA's prior conclusions regarding the safety and effectiveness of approved drugs, which could expedite the development program for our product candidates by potentially decreasing the amount of clinical data that we would need to generate in order to obtain FDA approval. If the FDA does not allow us to pursue the Section 505(b)(2) regulatory pathway as we anticipate, we may need to conduct additional clinical studies, provide additional data and information and meet additional standards to obtain regulatory approval, if ever. If this were to occur, the time and financial resources required to obtain FDA approval for SirolimusEFR, and complications and risks associated with the development of certain of our product candidates, would likely substantially increase. Moreover, inability to pursue the Section 505(b)(2) regulatory pathway could result in competitive products reaching the market before our product candidates, which could impact our competitive position and prospects. Even if we are allowed to pursue the Section 505(b)(2) regulatory pathway, we cannot assure you that our product candidates will receive the requisite approvals for commercialization, or that a competitor would not obtain approval first along with subsequent market exclusivity from the FDA, thereby delaying potential approval of our product.

In addition, the pharmaceutical industry is highly competitive, and Section 505(b)(2) NDAs are subject to special requirements designed to protect the patent rights of sponsors of previously approved drugs that are referenced in a Section 505(b)(2) NDA. These requirements may give rise to patent litigation and mandatory delays in approval of our NDAs for up to 30 months or longer depending on the outcome of any litigation. It is not uncommon for a manufacturer of an approved product to file a citizen petition with the FDA seeking to delay approval of, or impose additional approval requirements for, pending competing products. If successful, such petitions can significantly delay, or even prevent, the approval of the new product. However, even if the FDA ultimately denies such a petition, the FDA may substantially delay approval while it considers and responds to the petition. In addition, even if we are able to utilize the Section 505(b)(2) regulatory pathway, there is no guarantee this would ultimately lead to expedited product development or earlier approval.

Moreover, even if our product candidates are approved under Section 505(b)(2), the approval may be subject to limitations on the indicated uses for which the products may be marketed or to other conditions of approval, or may contain requirements for costly post-marketing testing and surveillance to monitor the safety or efficacy of the products.

The EU regulates medical devices and medicinal products separately, through different legislative instruments, and the applicable requirements will vary depending on the type of drug-device combination product. For instance, drug-delivery products intended to administer a medicinal product where the medicinal product and the device form a single integral product are regulated as medicinal products in the EU. In such a case, the marketing authorization application must include — where available — the results of the assessment of the conformity of the device part with the EU Medical Devices Regulation contained in the manufacturer's EU declaration of conformity of the device or the relevant certificate issued by a notified body. If the marketing authorization application does not include the results of the conformity assessment and where for the conformity assessment of the device, if used separately, the involvement of a notified body is required, the EMA or the EU member state competent authority must require the applicant to provide a notified body opinion on the conformity of the device. By contrast, in case of drug-delivery products intended to administer a medicinal product where the device and the medicinal product do not form a single integral product (but are, e.g., co-packaged), the medicinal product is regulated in accordance with the rules for medicinal products described above while the device part is regulated as a medical device and will have to comply with all the requirements set forth by the EU Medical Devices Regulation. Should SirolimusEFR be considered a drug product, it would be subject to various other EMA regulatory requirements and timelines.

Changes in methods of product candidate manufacturing or formulation may result in additional costs or delay

As product candidates proceed through preclinical studies to late-stage clinical studies towards potential approval and commercialization, it is common that various aspects of the development program, such as manufacturing methods and formulation, are altered along the way in an effort to optimize processes and results. Such changes carry the risk that they will not achieve these intended objectives. Any of these changes could cause our product candidates to

perform differently and affect the results of planned clinical studies or other future clinical studies conducted with the altered materials. Such changes may also require additional testing and/or FDA or foreign regulatory authority approval or notified body certification. This could delay completion of clinical studies, require the conduct of bridging clinical studies or the repetition of one or more clinical studies, increase clinical study costs, delay approval of our product candidates and jeopardize our ability to commence sales and generate revenue.

Our relationships with physicians, patients and payors in the United States and elsewhere may be subject, directly or indirectly, to applicable anti-kickback, fraud and abuse, false claims, transparency, and other healthcare laws and regulations

Our current and future operations with respect to the commercialization of our products are subject to various U.S. federal, state and foreign healthcare laws and regulations. These laws will affect our operations, sales and marketing activities, support and education programs and our relationships with physicians and other customers and third-party payors. The laws that may affect our ability to operate include:

- the federal Anti-Kickback Statute, which prohibits, among other things, persons or entities from knowingly and willfully soliciting, offering, receiving or providing remuneration, directly or indirectly, in cash or in kind, to induce or reward, or in return for, either the referral of an individual for, or the purchase, order or recommendation of, any good or service, for which payment may be made under a federal healthcare program such as Medicare and Medicaid. A person or entity does not need to have actual knowledge of the federal Anti-Kickback Statute or specific intent to violate it to have committed a violation;
- the federal False Claims Act, which imposes criminal and civil penalties, including through civil whistleblower or qui tam actions, against individuals or entities for knowingly presenting, or causing to be presented, to the federal government, claims for payment that are false or fraudulent or making a false statement to avoid, decrease or conceal an obligation to pay money to the federal government; in addition, the government may assert that a claim including items or services resulting from a violation of the federal Anti-Kickback Statute constitutes a false or fraudulent claim for purposes of the federal False Claims Act;
- the Health Insurance Portability and Accountability Act of 1996, as amended by the Health Information Technology for Economic and Clinical Health Act of 1996 (“HIPAA”), which imposes criminal and civil liability for executing a scheme to defraud any healthcare benefit program or making false statements relating to healthcare matters. Similar to the federal Anti-Kickback Statute, a person or entity does not need to have actual knowledge of the statute or specific intent to violate it to have committed a violation;
- the federal Physician Payment Sunshine Act, which requires manufacturers of drugs, devices, biologics and medical supplies for which payment is available under Medicare, Medicaid or the Children’s Health Insurance Program (with certain exceptions) to report annually to the government information related to payments or other “transfers of value” made to physicians (defined to include doctors, dentists, optometrists, podiatrists and chiropractors) and teaching hospitals, and requires applicable manufacturers and group purchasing organizations to report annually to the government ownership and investment interests held by the physicians described above and their immediate family members and payments or other “transfers of value” to such physician owners (manufacturers are required to submit reports to the government by the 90th day of each calendar year). Additional reporting and transparency requirements for payments to physician assistants, nurse practitioners, clinical nurse specialists, certified registered nurse anesthetists, anesthesiology assistants and certified nurse midwives went into effect in 2022 for payments made in 2021; and
- analogous state and foreign laws and regulations, such as state anti-kickback and false claims laws, which may apply to sales or marketing arrangements and claims involving healthcare items or services reimbursed by non-governmental third-party payors, including private insurers; state laws that require pharmaceutical companies to comply with the pharmaceutical industry’s voluntary compliance guidelines and the relevant compliance guidance promulgated by the federal government; and state and foreign laws that require drug and medical device manufacturers to report information related to payments and other transfers of value to physicians and other healthcare providers or marketing expenditures and pricing information.

Ensuring that our internal operations and business arrangements with third-parties comply with applicable healthcare laws and regulations could involve substantial costs. Certain physicians who may be in a position to influence the ordering or use of our products in procedures they perform have ownership interests in us and/or receive compensation for consulting and advisory services provided to us. It is possible that governmental authorities will conclude that our business practices do not comply with applicable fraud and abuse or other healthcare laws and regulations or guidance. If our operations are found to be in violation of such laws or any other governmental laws and regulations that may apply to us, we may be subject to significant penalties, including civil, criminal and administrative penalties, damages, fines, exclusion from U.S. government funded healthcare programs, such as Medicare and Medicaid, disgorgement, individual imprisonment, contractual damages, reputational harm, diminished profits and the curtailment or restructuring of our operations.

Healthcare cost containment pressures and legislative or administrative reforms resulting in restrictive coverage and reimbursement practices of third-party payors could decrease the demand for our products, the prices that customers are willing to pay for those products and the number of procedures performed using our devices, which could have an adverse effect on our business

Our products are and our future products are expected to be purchased principally by hospitals and ambulatory medical facilities, which typically bill various third-party payors, including governmental programs, such as Medicare and Medicaid, private insurance plans and managed care plans, for the healthcare services provided to their patients. Because there is often no separate reimbursement for products used in surgical procedures, the additional cost associated with the use of some of our products can impact the profit margin of the hospital or surgery center where the procedure is performed. Some of our target customers may be unwilling to adopt our products in light of the additional associated cost. Further, any decline in the amount payors are willing to reimburse our customers for the procedures using our products may make it difficult for customers to adopt our products and could create additional pricing pressure for us. We may be unable to sell our products on a profitable basis if third-party payors deny coverage or reduce their current levels of reimbursement. The ability of our customers to obtain appropriate coverage and reimbursement for our products or procedures using our products from government and private third-party payors is critical to our success.

Reimbursement varies from country to country, state to state and plan to plan and can significantly influence the acceptance of new products and services. Certain private third-party payors may view some procedures using our products as experimental and may not provide coverage. Third-party payors may not cover and reimburse the procedures using our products in whole or in part in the future, or payment rates may not be adequate, or both. For products administered under the supervision of a physician, obtaining coverage and adequate reimbursement may be particularly difficult because of the higher prices often associated with such drugs. Additionally, separate reimbursement for the product itself or the treatment or procedure in which the product is used may not be available, which may impact physician utilization. Further, the adequacy of coverage and reimbursement by third-party payors is also related to billing codes to describe procedures performed using our products. Hospitals and physicians use several billing codes to bill for such procedures. Third-party payors may not continue to recognize the billing codes available for use by our customers.

Reimbursement rates are unpredictable, and we cannot project how our business may be affected by future legislative and regulatory developments. Future legislation or regulation, or changing payment methodologies, may have a material adverse effect on our business, and reimbursement may not be adequate for all customers. From time to time, typically on an annual basis, payment amounts are updated and revised by third-party payors. Because the cost of our products generally is recovered by the healthcare provider as part of the payment for performing a procedure and not separately reimbursed, these updates could directly impact the demand for our products. We cannot predict how pending and future healthcare legislation will impact our business and any changes in coverage and reimbursement that further restricts coverage of our products or lowers reimbursement for procedures using our devices could materially affect our business.

After we develop new products or seek to market our products for new indications, once approved (or certified), we may find limited demand for the product unless government and private third-party payors provide adequate coverage and reimbursement. Even with reimbursement approval and coverage by government and private payors, providers submitting reimbursement claims may face delays in payment if there is confusion by providers regarding the appropriate codes to use in seeking reimbursement. Such delays may create an unfavorable impression within the marketplace regarding the level of reimbursement or coverage available for our products.

Demand for our products or new approved (or certified) indications for our existing products may fluctuate over time if federal, state and foreign legislative or administrative policy changes affect coverage or reimbursement levels for our products, or the services related to our products. In the United States, there have been, and we expect there will continue to be, legislative and regulatory proposals to change the healthcare system, some of which could significantly affect our business. Legislative or administrative reforms to the U.S. or international reimbursement systems in a manner that significantly reduces reimbursement for procedures using our medical devices or denies coverage for those procedures could have a material adverse effect on our business, financial condition, results of operations and prospects.

Actual or perceived failures to comply with U.S. and foreign privacy and data protection laws, regulations and standards may adversely affect our business, operations and financial performance

We are subject to or affected by numerous federal, state and foreign laws and regulations, as well as regulatory guidance, governing the collection, use, disclosure, retention, and security of personal data, such as information that we collect about patients and healthcare providers in connection with clinical studies in the United States and abroad. The global data protection landscape is rapidly evolving, and implementation standards and enforcement practices are likely to remain uncertain for the foreseeable future. This evolution may create uncertainty in our business, affect our or our collaborators', service providers' and contractors' ability to operate in certain jurisdictions or to collect, store, transfer use and share personal information, necessitate the acceptance of more onerous obligations in our contracts, result in liability or impose additional costs on us. The cost of compliance with these laws, regulations and standards is high and is likely to increase in the future. Any failure or perceived failure by us or our collaborators, service providers and contractors to comply with federal, state or foreign laws or regulation, our internal policies and procedures or our contracts governing processing of personal information could result in negative publicity, diversion of management time and effort and proceedings against us by governmental entities or others. In many jurisdictions, enforcement actions and consequences for noncompliance are rising.

In the United States, HIPAA, as amended by the Health Information Technology for Economic and Clinical Health Act and its implementing regulations, imposes privacy, security and breach notification obligations on certain healthcare providers, health plans, and healthcare clearinghouses, known as covered entities, as well as their business associates that perform certain services that involve creating, receiving, maintaining or transmitting individually identifiable health information for or on behalf of such covered entities, and their covered subcontractors. HIPAA establishes privacy and security standards that limit the use and disclosure of individually identifiable health information and protected health information (“PHI”) and requires the implementation of administrative, physical and technological safeguards to protect the privacy of PHI and ensure the confidentiality, integrity and availability of electronic PHI. Most healthcare providers, including research institutions from which we obtain patient health information, are subject to privacy and security regulations promulgated under HIPAA. Covered entities are those that electronically transmit health information in connection with transactions susceptible to standards set by the U.S. Department of Health and Human Services (“HHS”) and may concern billing and payment for services or insurance coverage. Business associates may perform or assist in performance of a function or activity involving the use or disclosure of individually identifiable health information, or other activities that may involve disclosure of individually identifiable health information by the covered entity. While we do not believe that we are currently acting as a covered entity or business associate under HIPAA and thus are not directly regulated under HIPAA, federal and state regulators may disagree and bring an enforcement action under HIPAA against us.

In addition, certain state laws govern the privacy and security of health-related and other personal information, many of which differ from each other in significant ways and often are not preempted by HIPAA, thus complicating compliance efforts. By way of example, the California Consumer Privacy Act (the “CCPA”), which went into effect on January 1, 2020, gives California residents expanded rights to access and delete their personal information, opt out of certain personal information sharing, and receive detailed information about how their personal information is used. The CCPA provides for civil penalties for violations, as well as a private right of action for data breaches that is expected to increase data breach litigation. The CCPA may increase our compliance costs and potential liability. Further, the California Privacy Rights Act (the “CPRA”) recently passed in California. The CPRA significantly amends the CCPA and will impose additional data protection obligations on covered businesses, including additional consumer rights processes, limitations on data uses, new audit requirements for higher risk data, and opt outs for certain uses of sensitive data. It will also create a new California data protection agency authorized to issue substantive regulations and could result in increased privacy and information security enforcement. The majority of the provisions will go into effect on January 1, 2023, and additional compliance investment and potential business process changes

may be required. Similar laws have passed in Virginia, Colorado, Connecticut and Utah, and have been proposed in other states and at the federal level, reflecting a trend toward more stringent privacy legislation in the United States. The enactment of such laws could have potentially conflicting requirements that would make compliance challenging. In the event that we are subject to or affected by HIPAA, the CCPA, the CPRA or other domestic privacy and data protection laws, any liability from failure to comply with the requirements of these laws could adversely affect our financial condition.

Our operations abroad may also be subject to increased scrutiny or attention from data protection authorities. For example, the EU and the UK General Data Protection Regulations (respectively, the “**EU GDPR**” and the “**UK GDPR**,” together, the “**GDPR**”), each impose strict requirements for processing the personal data of individuals within the EEA, and/or the UK and to processing that occurs in the context of an establishment in, respectively, the EEA and/or UK. The EU GDPR which went into effect in May 2018 and introduces strict requirements for processing the personal information of EU subjects, including clinical study data. The GDPR has and will continue to increase compliance burdens on us, including by mandating potentially burdensome documentation requirements and granting certain rights to individuals to control how we collect, use, disclose, retain and process information about them. The processing of sensitive personal data, such as physical health condition, may impose heightened compliance burdens under the GDPR and is a topic of active interest among foreign regulators. Companies that must comply with the GDPR face increased compliance obligations and risk, including more robust regulatory enforcement of data protection requirements and potential fines for noncompliance of up to €20 million under the EU GDPR and £17.5 million under the UK GDPR or 4% of the annual global revenues of the noncompliant company, whichever is greater. In addition to these fines, supervisory authorities have extensive audit and inspection rights, and powers to order temporary or permanent bans on all or some processing of personal data carried out by noncompliant actors; the GDPR also confers a private right of action on data subjects and consumer associations to lodge complaints, seek judicial remedies and obtain compensation for damages resulting from violations of the GDPR.

The existence of parallel regimes under the EU GDPR and UK GDPR, and divergence in respect of implementing or supplementary laws across the EEA and UK in certain areas, means that we could be subject to potentially overlapping or divergent enforcement actions for certain actual or perceived violations. Among other requirements, the GDPR regulates transfers of personal data subject to the GDPR to third countries that have not been found to provide adequate protection to such personal data, including the United States; in July 2020, the Court of Justice of the EU, (the “**CJEU**”), limited how organizations could lawfully transfer personal data from the EEA and UK to the United States by invalidating the Privacy Shield for purposes of international transfers and imposing further restrictions on the use of standard contractual clauses (“**SCCs**”). The European Commission issued revised SCCs on June 4, 2021 to account for the decision of the CJEU and recommendations made by the European Data Protection Board. The revised SCCs must be used for relevant new data transfers from September 27, 2021; existing standard contractual clauses arrangements must be migrated to the revised clauses by December 27, 2022. The revised SCCs cannot be used for transfers to non-EEA entities whose processing is already subject to the GDPR; however, no equivalent standard data protection clauses have been issued and approved by the European Commission and, therefore, current market practice is largely to use the SCCs notwithstanding this issue. The new SCCs apply only to the transfer of personal data outside of the EEA and not the UK. The UK’s Information Commissioner’s Office has published new data transfer standard contracts for transfers from the UK under the UK GDPR. This new documentation will be mandatory for relevant data transfers from September 21, 2022; existing standard contractual clauses arrangements must be migrated to the new documentation by March 21, 2024. The relationship between the UK and the EU in relation to certain aspects of data protection law remains unclear, and the European Commission has adopted an adequacy decision in favor of the UK, enabling data transfers from EU member states to the UK without additional safeguards. However, the UK adequacy decision will automatically expire in June 2025 unless the European Commission re-assesses and renews or extends that decision. In September 2021, the UK government launched a consultation on its proposals for wide-ranging reform of UK data protection laws following Brexit and the response to this consultation was published in June 2022. There is a risk that any material changes which are made to the UK data protection regime could result in the European Commission reviewing the UK adequacy decision and the UK losing its adequacy decision if the European Commission deems the UK to no longer provide adequate protection for personal data.

As supervisory authorities issue further guidance on personal data export mechanisms, including the aforementioned ‘supplementary measures’, and/or start taking enforcement action, we could suffer additional costs, complaints and/or regulatory investigations or fines, and/or if we are otherwise unable to transfer personal data between and among countries and regions in which we operate, it could affect the manner in which we provide our

services, the geographical location or segregation of our relevant systems and operations. The GDPR may impose additional responsibility and liability in relation to personal data that we process and we may be required to put in place additional mechanisms, at significant cost and diversion of management attention, to ensure compliance with the new data protection rules. This may be onerous and adversely affect our business, operations and financial performance.

The EU has also proposed a Regulation on Privacy and Electronic Communications, or ePrivacy Regulation, which, if adopted, would impose new obligations on the use of personal data in the context of electronic communications, particularly with respect to online tracking technologies and direct marketing. Additionally, the EU adopted the EU Clinical Trials Regulation, which came into effect on January 31, 2022. This regulation imposes new obligations on the use of data generated from clinical trials and enables European patients to have the opportunity to access information about clinical trials. Failure or perceived failure to comply with the GDPR, the EU Clinical Trials Regulations or other countries' privacy or data security-related laws, rules or regulations could result in significant regulatory penalties and fines, affect our compliance with contracts entered into with our partners, collaborators and other third-party payors, and could have an adverse effect on our reputation, business and financial condition.

Environmental and health safety laws may result in liabilities, expenses and restrictions on our operations

Federal, state, local and foreign laws regarding environmental protection, hazardous substances and human health and safety may adversely affect our business. Using hazardous substances in our operations exposes us to the risk of accidental injury, contamination or other liability from the use, storage, importation, handling, or disposal of hazardous materials. If our or our suppliers' operations result in the contamination of the environment or expose individuals to hazardous substances, we could be liable for damages and fines, and any liability could significantly exceed our insurance coverage and have a material adverse effect on our business, financial condition, results of operations and prospects. We maintain insurance for certain environmental risks, subject to substantial deductibles; however, we cannot assure you we can continue to maintain this insurance in the future at an acceptable cost or at all. Future changes to environmental and health and safety laws could cause us to incur additional expenses or restrict our operations.

We are subject to anti-bribery, anti-corruption, and anti-money laundering laws, including the U.S. Foreign Corrupt Practices Act, in which violations of these laws could result in substantial penalties and prosecution

We are exposed to trade and economic sanctions and other restrictions imposed by the United States and other governments and organizations. The U.S. Departments of Justice, Commerce, State and Treasury and other federal agencies and authorities have a broad range of civil and criminal penalties they may seek to impose against corporations and individuals for violations of economic sanctions laws, export control laws, and other federal statutes and regulations, including sanctions administered by the Office of Foreign Assets Control and other U.S. governmental agencies. Governmental regulation of the import or export of our products, or our failure to obtain any required import or export authorization for our products under the laws of the United States or other countries, could harm our ability to engage in international trade and adversely affect our revenue. Moreover, any new export or import restrictions, new legislation or shifting approaches in the enforcement or scope of existing regulations, or in the countries, persons or technologies targeted by such regulations, could result in decreased use of our products by, or in our decreased ability to export our products to existing or potential customers or to conduct business with foreign parties.

The U.S. Foreign Corrupt Practices Act (the "FCPA"), the UK Bribery Act of 2010 (the "**Bribery Act**"), and similar laws around the world generally prohibit U.S. companies and their employees and intermediaries from offering, promising, authorizing or making improper payments to foreign government officials for the purpose of obtaining or retaining business or gaining any advantage. We face significant risks if we, which includes our third-party business partners and intermediaries, fail to comply with the FCPA or other anti-corruption and anti-bribery laws. In addition, the Bribery Act prohibits both domestic and international bribery, as well as bribery across both private and public sectors. An organization that "fails to prevent bribery" by anyone associated with the organization can be charged under the Bribery Act unless the organization can establish the defense of having implemented "adequate procedures" to prevent bribery. We are in the process of implementing policies and procedures intended to help ensure compliance with these laws, though such compliance measures ultimately may not be effective in prohibiting our employees, contractors, business partners, intermediaries or agents from violating or circumventing our policies and/or the law.

Under these laws and regulations, as well as other anti-corruption laws, anti-money laundering laws, export control laws, customs laws, sanctions laws and other laws governing our operations, various government agencies may require export licenses, may seek to impose modifications to business practices, including cessation of business activities in sanctioned countries or with sanctioned persons or entities and modifications to compliance programs, which may increase compliance costs, and may subject us to fines, penalties and other sanctions. An actual or alleged violation of these laws or regulations would negatively affect our business, financial condition and results of operations.

Risks Related to Our Intellectual Property

We may not effectively be able to protect or enforce our intellectual property, which could have a material adverse effect on our business, financial condition, results of operations and prospects

The medical innovation market in which we participate is largely technology driven. Physicians historically have moved quickly to new products and new technologies. As a result, intellectual property rights, particularly patents and trade secrets, play a significant role in product development and differentiation. Patents enable us to stop unauthorized third parties from making, using, selling, offering for sale or importing products that are covered under valid and enforceable patents. Trade secrets enable us to protect information that we do not wish to divulge to the public. Trademarks also play a role in product differentiation. If we are unable to adequately protect our intellectual property and proprietary technology, competitors may be able to use our technologies or the goodwill we have acquired in the marketplace, and erode or negate any competitive advantage we may have, which could ultimately harm our business and ability to achieve profitability. In order to protect our intellectual property, we may be involved in intellectual property litigation, which is inherently complex, expensive and unpredictable.

We hold patents and pending patent applications. Our patents cover inventions, which include features of our technologies or products. However, our competitors may seek to produce products that include our technologies that are not subject to patent protection, which may negatively affect our business.

The patents we own may not be sufficiently broad to protect our technology or to give us any competitive advantage. We are unable to provide any assurances that any of our patents, or patents to which we have rights through licensing agreements, have, or that any of our pending patent applications that mature into issued patents will include, claims with a scope sufficient to protect our technology or products, any additional features we develop with respect to our technology or products, or any new technology or products that we seek to develop in the future. Our patents could be challenged as invalid or unenforceable, or circumvented by competitors. Medical device patents involve complex legal, scientific and factual questions, and therefore, the issuance, scope, validity and enforceability of any patent claims that we may obtain cannot be predicted with certainty. Any patents for which we have applied may not be granted. Third parties own numerous U.S. and foreign issued patents and pending patent applications in the fields in which we have developed our technology or manufacture and sell our products. Third party-owned patents can be an obstacle to our ability to obtain patent protection for our technology.

Because patent applications in the United States and most other countries are confidential for a period of time after filing, we cannot be certain that we were the first to file any patent application related to our products. Furthermore, for United States applications in which all claims are entitled to a priority date before March 16, 2013 (the date when United States patent law changed from granting rights to the first-to-invent to the first-to-file), an interference proceeding can be provoked by a third-party or instituted by the United States Patent and Trademark Office (the “USPTO”), to determine who was the first to invent any of the subject matter covered by the patent claims of our applications. We cannot be certain that we are the first to invent the inventions covered by pending patent applications entitled to a priority date before March 16, 2013, and, if we are not, we may be subject to priority disputes.

We may be required to disclaim part or all of the term of certain patents or all of the term of certain patent applications. There may be prior art of which we are not aware that may affect the validity or enforceability of a patent claim, and we may be subject to a third-party preissuance submission of prior art to the USPTO. There also may be prior art of which we are aware, but which we do not believe affects the validity or enforceability of a claim, which may, nonetheless, ultimately be found to affect the validity or enforceability of a claim through a post-issuance proceeding or in litigation. No assurance can be given that if challenged, our patents would be declared by a court to be valid or enforceable, or that even if found valid and enforceable, a competitor’s technology or product would be found by a court to infringe our patents.

We may analyze patents or patent applications of our competitors that we believe are relevant to our activities, and consider that we are free to operate in relation to our products, but our competitors may obtain issued claims, including in patents we considered to be unrelated, which block our efforts or may potentially result in our technology or products or our activities infringing such claims. The possibility exists that others will develop technology or products which have the same effect as our technology or products on an independent basis which do not infringe our patents or other intellectual property rights, or will design around the claims of patents that we have had issued that cover our technology or products.

Challenges raised in patent infringement litigation may cause determinations that our patents or licensed patents are invalid, unenforceable, or otherwise subject to limitations. In such events, third parties may use the discoveries or technologies without paying damages, licensing fees or royalties to us, which could significantly diminish the value of our intellectual property. We could also be adversely affected if our licensors terminate licenses granted to us to use their patented technology. Thus, any patents that we may own, or to which we have rights through licensing agreements, may not provide sufficient protection against competitors. Furthermore, an adverse decision in a judicial or administrative proceeding can result in a third party receiving the patent right sought by us, which in turn could affect our ability to commercialize our technology or products.

We hold trademark applications or registrations relating to our products. Our trademarks may also be challenged as invalid or not distinctive by competitors or third parties. Registration of a trademark is not conclusive as to its validity or the right to use such trademark. Third parties own numerous U.S. and foreign trademark registrations and trademark applications in the fields in which we manufacture and sell our products.

We may be unable to enforce our intellectual property rights throughout the world

Filing, prosecuting and defending patents covering our products in all countries throughout the world would be prohibitively expensive, and the laws of some foreign countries do not protect our intellectual property rights to the same extent as the laws of the United States. Many companies have encountered significant problems in protecting and defending intellectual property rights in certain foreign jurisdictions. This could make it difficult for us to stop infringement of our foreign patents, if obtained, or the misappropriation of our other intellectual property rights. For example, some foreign countries have compulsory licensing laws under which a patent owner must grant licenses to third parties. In addition, some countries limit the enforceability of patents against third parties, including government agencies or government contractors. In these countries, patents may provide limited or no benefit.

Patent protection must ultimately be sought on a country-by-country basis, which is an expensive and time-consuming process with uncertain outcomes. Hence, we may choose not to seek patent protection in certain countries, and we will not have the benefit of patent protection in those countries. Our competitors or other third parties might conduct research and development activities in countries where we do not have patent rights and then use the information learned from such activities to develop competitive products for sale in our major commercial markets.

Additionally, in the event that our trademarks are successfully challenged in the United States and in jurisdictions outside of the United States, we could be forced to rebrand our products, which could result in loss of brand recognition and could require us to devote resources to advertising and marketing new brands. Our competitors may infringe our trademarks, and we may not have adequate resources to enforce our trademarks.

The legal systems of certain countries, particularly certain developing countries, do not favor the enforcement of patents, trade secrets and other intellectual property protection, which could make it difficult for us to stop the infringement of our patents or marketing of competing products against third parties in violation of our intellectual property rights generally. The initiation of proceedings by third parties to challenge the scope or validity of our patent rights in foreign jurisdictions could result in substantial cost and divert our efforts and attention from other aspects of our business. Proceedings to enforce our patent rights in the United States and in jurisdictions outside of the United States could result in substantial costs and divert our efforts and attention from other aspects of our business, could put our patents at risk of being invalidated or interpreted narrowly and our patent applications at risk of not issuing, and could provoke third parties to assert claims against us. We may not prevail in any lawsuits that we initiate and the damages or other remedies awarded, if any, may not be commercially meaningful. Further, we may not always detect infringement of our intellectual property rights, and defending our intellectual property rights, even if successfully detected, prosecuted, enjoined, or remedied, could result in the expenditure of significant financial and managerial resources. Accordingly, our efforts to enforce our intellectual property rights around the world may be inadequate to obtain a significant commercial advantage from the intellectual property that we develop or license.

If we cannot protect and control unpatented trade secrets, know-how and other proprietary technology, we may suffer competitive harm

Besides patented intellectual property, we also rely on trade secrets, unpatented proprietary technology, confidential information and know-how to protect our technology and maintain our competitive position, particularly when patent protection is not appropriate or obtainable. These include, but may not be limited to, with respect to Virtue SAB and other product candidates our Focal Therapies group intends to develop, the chemical and physical aspects of the polymers and excipients in our formulation and the process by which our formulation is mixed, purified, concentrated, diluted, stored, filled into vials, freeze dried, sterilized, inspected, labeled and packaged, as well as physical and engineering aspects of our catheter, detailed specifications of our porous balloon, and physical and engineering aspects of our dose unit, recon unit, and pre-filled syringe. With respect to BackBeat CNT, this may include, but may not be limited to, certain aspects of our proprietary algorithms. However, trade secrets and unpatented proprietary technology are difficult to protect. To protect proprietary technology and processes, we rely in part on confidentiality and intellectual property assignment agreements with our employees, consultants and others. These agreements may not prevent disclosure of confidential information nor result in the effective assignment to us of intellectual property and may not provide an adequate remedy if unauthorized disclosure of confidential information or other breaches of the agreements occur. Others may independently discover or reverse engineer our trade secrets and proprietary information licensed to us or that we own in a manner that could prevent legal recourse by us. Enforcing a claim that a party illegally obtained and is using trade secrets licensed to us or that we own is difficult, expensive and time consuming, and the outcome is unpredictable. In the United States, trade secret violations are both a matter of federal law and state law, and the criteria for protection of trade secrets under state law can vary among different jurisdictions. Courts outside the United States may be less willing to protect trade secrets or unpatented proprietary technology. Costly and time-consuming litigation could be necessary to enforce and determine the scope of our proprietary rights, and failure to obtain or maintain trade secret protection could adversely affect our competitive business position.

Third parties may assert that our employees or consultants have wrongfully used or disclosed confidential information or misappropriated trade secrets

We employ individuals who previously worked with other companies, including our competitors. Although we try to ensure that our employees and consultants do not use the proprietary information or know-how of others in their work for us, we may be subject to claims that we or our employees, consultants or independent contractors have inadvertently or otherwise used or disclosed intellectual property, including trade secrets or other proprietary information, of a former employer or other third party. Litigation may be necessary to defend against these claims. If we fail in defending any such claims or settling those claims, in addition to paying monetary damages or a settlement payment, we may be subject to an injunction and lose valuable intellectual property rights or personnel. Even if we are successful in defending against such claims, litigation could result in substantial costs and be a distraction to management and other employees.

We may be involved in litigation or other proceedings relating to patent, trade secret and other intellectual property rights, which could cause substantial costs and liability

There may be patents and patent applications owned by our competitors, which, if determined to be valid and enforceable, may be infringed by us. We do not always conduct independent reviews of patents issued to third parties. Holders of certain patents may contact us and request we enter into license agreements for the underlying technology and pay them royalties, which could be substantial. If we need to obtain a license to use any intellectual property, we may be unable to obtain these licenses on favorable terms or at all or we may be required to make substantial royalty or other payments to use this intellectual property. Litigation concerning patents, trade secret and proprietary rights is time-consuming, expensive and unpredictable, and could divert the attention of our management from our business operations. Patent applications in the United States and elsewhere can be pending for many years before issuance, or unintentionally abandoned patents or applications can be revived, so there may be applications of others now pending or recently revived patents of which we are unaware. Patent applications in the United States, Europe and elsewhere are published approximately 18 months after the earliest filing for which priority is claimed, with such earliest filing date being commonly referred to as the priority date. These applications that later result in issued patents, or the revival of previously abandoned patents, may prevent, limit or otherwise interfere with our ability to develop and market our products. Third parties may assert claims that we are employing their proprietary technology without authorization, including claims from competitors or from non-practicing entities that have no relevant product revenue and against whom our own patent portfolio may have no deterrent effect.

As we continue to commercialize our technology and products in their current or updated forms, launch new technologies and products and enter new markets, we expect competitors may claim that one or more of our technology or products infringe their intellectual property rights as a strategy to impede our commercialization and entry into new markets. The large number of patent issuances, the rapid rate of new patent application filings, the complexities of the technologies involved, and the uncertainty of litigation may increase the risk to our business and result in business resources and management's attention being diverted to patent litigation. An adverse ruling in a patent litigation could subject us to significant liability, require us to seek licenses, and restrict our ability to commercialize our technology or manufacture and sell our products. Some of our competitors may be able to sustain the costs of complex patent litigation more effectively than we can because they have substantially greater resources.

Additionally, we may become party to adversarial proceedings regarding our or third-party patent portfolios. Such proceedings could include supplemental examination or contested post-grant proceedings such as post-grant review, reexamination, *inter partes* review, interference or derivation proceedings before the USPTO, and challenges in U.S. District Courts. Patents may be subjected to opposition, post-grant review or comparable proceedings lodged in various foreign, both national and regional, patent offices. The legal threshold for initiating litigation or contested proceedings may be low, so that even lawsuits or proceedings with a low probability of success might be initiated. Litigation and contested proceedings can also be expensive and time-consuming, and our adversaries in these proceedings may have the ability to dedicate substantially greater resources to prosecuting these legal actions than we can. We may also occasionally use these proceedings to challenge the patent rights of others. We cannot be certain that any particular challenge will be successful in limiting or eliminating the challenged patent rights of the third party.

An unfavorable outcome in abovementioned lawsuits and proceedings could require us to pay substantial damages, to lose our patent protection, to cease using the technology or to license rights, potentially at a substantial cost, from prevailing third parties. There is no guarantee that any prevailing party would offer us a license or that we could acquire any license on commercially acceptable terms. Even if we can obtain rights to a third-party's intellectual property, those rights may be non-exclusive, and therefore our competitors may obtain access to the same intellectual property. Ultimately, we may have to cease some of our business operations because of infringement claims, which could severely harm our business. To the extent we are found to be infringing on the intellectual property rights of others, we may not develop or otherwise obtain alternative technology. If we need to redesign our products to avoid third-party intellectual property rights, we may suffer significant regulatory delays associated with conducting additional studies or submitting technical, manufacturing or other information related to any redesigned product and, ultimately, in obtaining regulatory approval. Further, any such redesigns may result in less effective or less commercially desirable products or both.

Even if we were ultimately to prevail, any of these events could require us to divert substantial financial and management resources that we would otherwise be able to devote to our business. Intellectual property litigation, regardless of its outcome, may cause negative publicity, adversely impact prospective customers, cause product shipment delays, or prohibit us from manufacturing, importing, marketing or otherwise commercializing our products and technology. In addition, if the breadth or strength of protection provided by the patents and patent applications we own or in-license is threatened, it could dissuade companies from collaborating with us to license, develop or commercialize current or future technology or products. In addition, because of the substantial amount of discovery required in connection with intellectual property litigation, there is a risk that some of our confidential information could be compromised by disclosure during this type of litigation. There could also be public announcements of the results of hearings, motions or other interim proceedings or developments, and if securities analysts or investors view these announcements in a negative light, the price of our common stock could be adversely affected.

Lastly, we may need to indemnify our customers, licensees, commercialization partners, and distributors with respect to infringement by our technology or products of the intellectual property rights of third parties. Third parties may assert infringement claims against our customers, licensees, commercialization partners, or distributors based on our technology or products. These claims may require us to initiate or defend protracted and costly litigation on behalf of our customers, licensees, commercialization partners, or distributors, regardless of the merits of these claims. If any of these claims succeed or settle, we may be forced to pay damages or settlement payments on behalf of our customers, licensees, commercialization partners, or distributors or may be required to obtain licenses for the technology or products they use. If we cannot obtain all necessary licenses on commercially reasonable terms, our customers, licensees, commercialization partners, or distributors may be forced to stop using or selling our products or technology.

Patents covering our technology or products could be found invalid or unenforceable if challenged in court or before administrative bodies in the United States or abroad

The issuance of a patent is not conclusive as to its inventorship, scope, validity or enforceability, and our patents may be challenged in the courts or patent offices in the United States and abroad. We may be subject to a third-party preissuance submission of prior art to the USPTO, or become involved in opposition, derivation, revocation, reexamination, post-grant and *inter partes* review, or interference proceedings or other similar proceedings challenging our patent rights. An adverse determination in any such submission, proceeding or litigation could reduce the scope of, or invalidate or render unenforceable, our patent rights, allow third parties to commercialize our technology or products and compete directly with us, without payment to us, or result in our inability to manufacture or commercialize products without infringing third-party patent rights if patent rights are awarded to third parties instead of to us. Moreover, we may have to participate in interference proceedings declared by the USPTO to determine priority of invention or in post-grant challenge proceedings, such as oppositions in a foreign patent office, that challenge our priority of invention or other features of patentability with respect to our patents and patent applications. Such challenges may result in loss of patent rights, in loss of exclusivity or in patent claims being narrowed, invalidated or held unenforceable, which could limit our ability to stop others from using or commercializing similar or identical technology and products, or limit the duration of the patent protection of our technology or products. Such proceedings also may result in substantial cost and require significant time from our scientists and management, even if the eventual outcome is favorable to us. Any of the foregoing could have a material adverse effect on our business, financial condition and results of operations.

In addition, if we initiate legal proceedings against a third party to enforce a patent we own covering the third party's competing products, the defendant could counterclaim that such patent is invalid or unenforceable. In patent litigation in the United States, defendant counterclaims alleging invalidity or unenforceability are commonplace. Grounds for a validity challenge could be an alleged failure to meet any of several statutory requirements, including lack of novelty, obviousness or non-enablement. Grounds for an unenforceability assertion could be an allegation that someone connected with prosecution of the patent withheld relevant information from the USPTO or made a misleading statement during prosecution. Third parties may also raise claims challenging the validity or enforceability of our patents before administrative bodies in the United States or abroad, even outside the context of litigation, including through re-examination, post-grant review, *inter partes* review, interference proceedings, derivation proceedings and equivalent proceedings in foreign jurisdictions (e.g., opposition proceedings). Such proceedings could result in the revocation of, cancellation of or amendment to our patents in such a way that they no longer cover our products. The outcome following legal assertions of invalidity and unenforceability is unpredictable. With respect to the validity question, for example, we cannot be certain that there is no invalidating prior art, of which we and the patent examiner were unaware during prosecution. If a third party were to prevail on a legal assertion of invalidity or unenforceability, we would lose at least part, and perhaps all, of the patent protection on the applicable product(s). Such a loss of patent protection would have a material adverse effect on our business, financial condition and results of operations.

Obtaining and maintaining our patent protection depends on compliance with various procedural, document submission, fee payment and other requirements imposed by government patent agencies, and our patent protection could be reduced or eliminated for non-compliance with these requirements

Obtaining and maintaining our patent protection depends on compliance with various procedural measures, document submissions, fee payments and other requirements imposed by government patent agencies, and our patent protection could be reduced or eliminated for non-compliance with these requirements.

Periodic maintenance fees, renewal fees, annuity fees and various other government fees on patents and applications will be due to be paid to the USPTO and various government patent agencies outside of the United States over the lifetime of our patents and applications. The USPTO and various non-U.S. government agencies require compliance with several procedural, documentary, fee payment and other similar provisions during the patent application process. In some cases, an inadvertent lapse can be cured by payment of a late fee or by other means in accordance with the applicable rules. There are situations, however, in which non-compliance can result in the abandonment or lapse of the patent or patent application, resulting in a partial or complete loss of patent rights in the relevant jurisdiction. In such an event, potential competitors might be able to enter the market with similar or identical products or technology, which could have a material adverse effect on our business, financial condition and results of operations.

Changes in U.S. patent law could diminish the value of patents in general, thereby impairing our ability to protect our products

Changes in either the patent laws or interpretation of the patent laws in the United States could increase the uncertainties and costs surrounding the prosecution of patent applications and the enforcement or defense of issued patents. Assuming that other requirements for patentability are met, prior to March 2013, in the United States, the first to invent the claimed invention was entitled to the patent, while outside the United States, the first to file a patent application was entitled to the patent. After March 2013, under the Leahy-Smith America Invents Act (the “**America Invents Act**”), enacted in September 2011, the United States transitioned to a first inventor to file system in which, assuming that other requirements for patentability are met, the first inventor to file a patent application will be entitled to the patent on an invention regardless of whether a third party was the first to invent the claimed invention. A third party that files a patent application in the USPTO after March 2013, but before us could therefore be awarded a patent covering an invention of ours even if we had made the invention before it was made by such third party. This will require us to be cognizant of the time from invention to filing of a patent application. Since patent applications in the United States and most other countries are confidential for a period of time after filing or until issuance, we cannot be certain that we were the first to file any patent application related to our products or invent any of the inventions claimed in our patents or patent applications.

The America Invents Act also includes a number of significant changes that affect the way patent applications will be prosecuted and also may affect patent litigation. These include allowing third-party submission of prior art to the USPTO during patent prosecution and additional procedures to attack the validity of a patent by USPTO administered post-grant proceedings, including post-grant review, *inter partes* review and derivation proceedings. Because of a lower evidentiary standard in USPTO proceedings compared to the evidentiary standard in U.S. federal courts necessary to invalidate a patent claim, a third party could potentially provide evidence in a USPTO proceeding sufficient for the USPTO to hold a claim invalid even though the same evidence would be insufficient to invalidate the claim if first presented in a district court action. Accordingly, a third party may attempt to use the USPTO procedures to invalidate our patent claims that would not have been invalidated if first challenged by the third party as a defendant in a district court action. Therefore, the America Invents Act and its implementation could increase the uncertainties and costs surrounding the prosecution of our patent applications and the enforcement or defense of our issued patents. Future actions by the U.S. Congress, the federal courts and the USPTO could cause the laws and regulations governing patents to change in unpredictable ways. Any of the foregoing could have a material adverse effect on our business, financial condition and results of operations.

We may be subject to claims challenging the ownership or inventorship of our patents and other intellectual property and, if unsuccessful in any of these proceedings, we may be required to obtain licenses from third parties, which may not be available on commercially reasonable terms, or at all, or to cease the development, manufacture and commercialization of one or more of our products

We may be subject to claims that current or former employees, collaborators or other third parties have an interest in our patents, trade secrets or other intellectual property as an inventor or co-inventor. For example, we may have inventorship disputes arise from conflicting obligations of employees, consultants or others who are involved in developing our products. Litigation may be necessary to defend against these and other claims challenging inventorship of our patents, trade secrets or other intellectual property. If we fail in defending any such claims, in addition to paying monetary damages, we may lose valuable intellectual property rights, such as exclusive ownership of, or right to use, intellectual property that is important to our products. If we were to jointly own such intellectual property with other owners, other owners may be able to license their rights to other third parties, including our competitors. We also may be required to obtain and maintain licenses from third parties, including parties involved in any such disputes. Such licenses may not be available on commercially reasonable terms, or at all, or may be non-exclusive. If we are in breach of any license agreements granted to us, such licenses may terminate. If we are unable to obtain and maintain such licenses, we may need to cease the development, manufacture and commercialization of one or more of our products.

Patent terms may be inadequate to protect our competitive position on our product candidates for an adequate amount of time

The term of any individual patent depends on applicable law in the country where the patent is granted. In the United States, provided all maintenance fees are timely paid, a patent generally has a term of 20 years from its application filing date or earliest claimed non-provisional filing date. Extensions may be available under certain

circumstances, but the life of a patent and, correspondingly, the protection it affords is limited. Even if we or our licensors obtain patents covering our products, when the terms of all patents covering a product expire, our business may become subject to competition from products identical or similar to ours which can be sold without infringing our patents. As a result, our owned and licensed patent portfolio may not provide us with sufficient rights to exclude others from commercializing products similar or identical to ours.

We may be unable to acquire patent term extension in the United States under the Hatch-Waxman Act and in foreign countries under similar legislation

In the United States, a patent that covers a medical device approved by the FDA may be eligible for a term extension designed to restore the period of the patent term that is lost during the pre-market regulatory review process conducted by the FDA. Depending upon the timing, duration and conditions of FDA marketing approval of our products, one or more of our U.S. patents may be eligible for limited patent term extension under the Drug Price Competition and Patent Term Restoration Act of 1984 (the “**Hatch-Waxman Act**”), which permits a patent term extension of up to five years for a patent covering an approved product as compensation for effective patent term lost during product development and the FDA regulatory review process. A patent term extension cannot extend the remaining term of a patent beyond a total of 14 years from the date of product approval, and only claims covering such approved drug product, a method for using it or a method for manufacturing it may be extended. In the EU, our product candidates may be eligible for term extensions based on similar legislation. In either jurisdiction, however, we may not receive an extension if we fail to apply within applicable deadlines, fail to apply prior to expiration of relevant patents or otherwise fail to satisfy applicable requirements. Even if we are granted such extension, the duration of such extension may be less than our request. If we are unable to obtain a patent term extension, or if the term of any such extension is less than our request, the period during which we can enforce our patent rights for that product will be in effect shortened and our competitors may obtain approval to market competing products sooner. The resulting reduction of years of revenue from applicable products could be substantial.

We may need to obtain intellectual property rights from third parties, and may not be successful in obtaining necessary rights to develop any future product through acquisitions and in-licenses

We may find it necessary or prudent to obtain licenses from third-party intellectual property holders to advance our research or to allow commercialization of our products, and we cannot provide any assurances that third-party intellectual property rights do not exist which might be enforced against our products in the absence of such a license. In addition, with respect to any patents we may in the future co-own with third parties, we may wish to acquire exclusive licenses to such co-owners’ interest to such patents. However, we may be unable to secure such licenses or otherwise acquire or in-license any intellectual property rights from third parties that we identify as necessary for planned or future products. The licensing or acquisition of third-party intellectual property rights is a competitive area, and more established companies may pursue strategies to license or acquire third-party intellectual property rights that we may consider attractive or necessary. These established companies may have a competitive advantage over us due to their size, capital resources and greater clinical development and commercialization capabilities. In addition, companies that perceive us to be a competitor may be unwilling to assign or license rights to us. We also may be unable to license or acquire third-party intellectual property rights on terms that would allow us to make an appropriate return on our investment or at all. If we are unable to successfully obtain rights to required third-party intellectual property rights or maintain the existing intellectual property licenses we have, we may have to abandon development of the relevant products, which could have a material adverse effect on our business, financial condition and results of operations.

If our trademarks and trade names are not adequately protected, then we may not be able to build name recognition in our markets of interest and our business may be adversely affected

Our trademarks or trade names may be challenged, infringed, circumvented, declared generic or determined to be violating or infringing other marks. We may not be able to protect our rights to these trademarks and trade names, which we need to build name recognition among potential partners and customers in our markets of interest. At times, competitors or other third parties may adopt trade names or trademarks similar to ours, thereby impeding our ability to build brand identity and possibly leading to market confusion. In addition, there could be potential trade name or trademark infringement or dilution claims brought by owners of other trademarks. Over the long term, if we are

unable to establish name recognition based on our trademarks and trade names, then we may not be able to compete effectively and our business may be adversely affected. Our efforts to enforce or protect our proprietary rights related to trademarks, domain names or other similar intellectual property may be ineffective, could result in substantial costs and diversion of resources and could adversely affect our business, financial condition and results of operations.

Risks Related to HSAC2 and the Business Combination

Unless the context otherwise requires, all references in this “Risks Related to HSAC2 and the Business Combination” section to “we,” “us,” “our,” or the “Company” refer to Health Sciences Acquisitions Corporation 2 prior to the consummation of the Business Combination.

We have no operating history and are subject to a mandatory liquidation and subsequent dissolution requirement. If we cannot consummate the Business Combination or an alternative initial business combination by the Extension Date, we must redeem our shares and wind up our affairs

We are a development stage blank check company, and we have no operating history. We have until the Extension Date to complete the Business Combination or an alternative initial business combination. If we are unable to consummate our initial business combination within the required time period, we must distribute the amount on deposit in the Trust Account, pro rata to our Public Shareholders by way of redemption and cease all operations except for the purposes of winding up of our affairs, unless we amend our Existing Charter and other agreements to extend our life.

On July 26, 2022, HSAC2’s shareholders approved the Extension Proposal and the amended and restated memorandum and articles of association were amended to: (a) extend from August 6, 2022 to November 6, 2022, the date by which, if the Company has not consummated a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving one or more businesses or entities, the Company must: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares; and (iii) as promptly as reasonably possible following such redemption liquidate and dissolve, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law, and (b) allow the Company, without another shareholder vote, to elect to extend the date to consummate a business combination on a monthly basis for up to three times by an additional one month each time after November 6, 2022, upon five days’ advance notice prior to the applicable deadlines, until February 6, 2023 or a total of up to six months after August 6, 2022, unless the closing of the Company’s initial business combination shall have occurred.

Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, or if we otherwise enter compulsory or court supervised liquidation, the proceeds held in the Trust Account could be subject to applicable bankruptcy law, and may be included in the Company’s bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of the Company’s stockholders.

If we are required to liquidate and dissolve, our Public Shareholders may be forced to wait more than three months before receiving distributions from the Trust Account

If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we must redeem our shares and liquidate. We have no obligation to return funds to investors prior to such time unless we consummate a business combination, or further amend our Existing Charter prior to consummation of a business combination, and only then in cases where investors have sought to have us redeem their shares. Only after the expiration of this full-time period and if we are unable to complete a business combination will Public Shareholders be entitled to distributions from the Trust Account. Accordingly, investors’ funds may be unavailable to them until after such date and Public Shareholders may be forced to sell shares, potentially at a loss.

Our Sponsor, Initial Shareholders, officers and directors and their affiliates have interests in the Business Combination which may be different from or in addition to (and which may conflict with) the interests of our shareholders

Our Sponsor, Initial Shareholder, officers and directors and their affiliates have interests in and benefits arising from the completion of the Business Combination that may be different from or in addition to (and which may conflict with) the interests of our Public Shareholders, which may result in a conflict of interest. These interests and benefits include:

- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate. However, each of our Initial Shareholders, which include our Sponsor, which is affiliated with our officers, and certain of our directors, agreed, at the time of the IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to waive their right to have us redeem any of their shares, or to sell their shares to us in any tender offer, in connection with the Business Combination, or to receive distributions with respect to their Insider Shares upon our liquidation if we are unable to consummate the Business Combination or an alternative business combination. Accordingly, the Insider Shares and any Public Shares held by our officers and directors will be worthless if we do not consummate the Business Combination or an alternative initial business combination. Their Insider Shares, which were purchased prior to the closing of the HSAC2 IPO were purchased for \$28,750, their Private Shares were purchased concurrently with the IPO for \$4,500,000 and their Public Shares were purchased after the IPO for \$300,000. Based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022, these shares had an aggregate market value of approximately \$ [redacted].
- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate and the Private Warrants purchased by our Sponsor at a price of \$1,500,000 will expire worthless. Based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022, the Private Warrants had an aggregate market value of approximately \$ [redacted].
- Our Initial Shareholders paid an aggregate of \$28,750 or approximately \$0.007 per share for their Insider Shares, which shares, if unrestricted and freely-tradable, would be valued at approximately \$ [redacted] based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022; accordingly, our Initial Shareholders can earn a positive rate of return on their Insider Shares even if Public Shareholders experience a negative return following the consummation of the Business Combination.
- The RTW Funds, entities affiliated with our Chief Executive Officer, have purchased 1 million HSAC2 Ordinary Shares pursuant to the RTW Forward Purchase Agreement and have agreed to purchase up to an additional \$50 million of HSAC2 Ordinary Shares pursuant to the Backstop Agreement. The per share purchase prices under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting and the RTW Funds have agreed not to vote any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, in the proposal to approve the Business Combination, and to waive redemption rights with respect to such purchases in the vote to approve the Business Combination.
- It is anticipated that, upon the Closing, the Sponsor and related parties (including the directors and officers of HSAC2 before the Business Combination and the RTW Funds) will retain an ownership interest ranging from approximately 25.3% to 40.3% of New Orchestra, depending on the amount of HSAC2 Ordinary Shares purchased pursuant to the Backstop Agreement and the degree to which holders of Public Shares exercise redemption rights with respect to their Public Shares and the number of shares the RTW Funds purchase pursuant to the Backstop Agreement, but excluding 750,000 Private Warrants held by the Sponsor. If all potential sources of dilution were exercised and converted into HSAC2 Ordinary Shares, the Sponsor and related parties would retain an ownership interest ranging from approximately 17.6% to 27.1%. See the section titled “Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing.”

- We pay \$10,000 per month to our Sponsor for office space and related services, but only out of funds not held in the Trust Account. We may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the Trust Account to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will be due and payable no later than the date of the consummation of the Business Combination, or an alternative initial business combination. So, the Sponsor may forfeit repayment if we do not consummate the Business Combination or an alternative initial business combination.
- Our Initial Shareholders and management team are entitled to receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations (with no cap or ceiling on such reimbursement), but will not receive reimbursement for any out-of-pocket expenses to the extent such expenses exceed the amount not required to be retained in the Trust Account, unless the Business Combination, or an alternative initial business combination, is consummated. As of _____, 2022, the date of this proxy statement/prospectus, there were no unreimbursed out-of-pocket expenses.
- In order to meet our working capital needs, our Initial Shareholders, officers and directors may, but are not obligated to, loan us funds (the “**Working Capital Loans**”). The loans would either be paid upon consummation of our initial business combination, without interest, or, at the lender’s discretion, up to \$500,000 of the notes may be converted upon consummation of our business combination into additional Private Warrants at a price of \$1.00 per warrant. If we require additional working capital and the Sponsor extends Working Capital Loans to us, such loans will not be repaid if we do not consummate the Business Combination, or an alternative initial business combination by the Extension Date. As of _____, 2022, the date of this proxy statement/prospectus, there were no amounts outstanding under any Working Capital Loans.
- Our Initial Shareholders and the RTW Funds have agreed that, subject to certain limited exceptions, any shares of New Orchestra Common Stock or any security convertible into or exercisable or exchanged for New Orchestra Common Stock beneficially owned or owned of record by such holders will not be transferred, assigned, sold or assigned until the earlier of 12 months after the Closing and the date on which New Orchestra completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the New Orchestra stockholders having the right to exchange their shares of New Orchestra Common Stock for cash, securities or other property.
- Our current directors and officers have the right to be indemnified by contract and our Existing Charter against liabilities asserted against them in their capacities as our directors and officers and certain other capacities undertaken at our request. New Orchestra will continue such indemnification and maintain directors’ and officers’ liability insurance to provide such indemnification. If we do not complete the Business Combination, or an alternative initial business combination by the Extension Date, it will trigger our automatic winding up, liquidation and dissolution and such indemnification rights will become worthless.
- The exercise of HSAC2’s directors’ and officers’ discretion in agreeing to changes or waivers in the terms of the transaction may result in a conflict of interest when determining whether such changes or waivers are appropriate and in our shareholders’ best interest.

Although our board of directors was aware of and considered these interests, among other matters, in evaluating and unanimously approving the Business Combination and in recommending to the Public Shareholders that they approve the Business Combination and each of the Proposals, these personal and financial interests may influence our directors’ and officers’ motivation in timely identifying and selecting a target business and completing a business combination, supporting the Business Combination and in determining whether the terms, conditions and timing of the Business Combination are appropriate and in our shareholders’ best interest, which would be in breach of their fiduciary duties to us as a matter of Cayman Islands law. Although we might have a claim against such individuals, we might not ultimately be successful in any such claim we may make against them. RTW Investments, LP, which is affiliated with our Sponsor and manages the RTW Funds, is an investment adviser registered with the SEC, and as such, RTW Investments, LP and its affiliates are subject to examinations, inquiries and investigations by various U.S. governmental and regulatory agencies. The SEC staff has publicly indicated that it is focused on conflicts of interest

and disclosures relating to SPACs. Recently, RTW Investments, LP received requests for certain information from the SEC staff in connection with an investigation captioned In the Matter of Certain Private Fund Advisors Involved in SPACs. RTW Investments, LP is responding to the requests for information.

Our Initial Shareholders, officers and their affiliates control a substantial interest in us and thus may influence certain actions requiring a shareholder vote, potentially in a manner that you do not support

Our Initial Shareholders and officers collectively own approximately 48.88% of the issued and outstanding HSAC2 Ordinary Shares. If our officers, directors, Initial Shareholders or their affiliates determine in the future to purchase the HSAC2 Ordinary Shares in the open market or in private transactions, to the extent permitted by law, in order to assist us in consummating the Business Combination, this would increase their control. Factors that would be considered in making such additional purchases would include consideration of the current trading price of the HSAC2 Ordinary Shares. In connection with any vote for a proposed business combination, including the Business Combination, all of our Initial Shareholders, as well as all of our officers and directors, have agreed to vote the HSAC2 Ordinary Shares owned by them in favor of such proposed business combination, provided that any additional equity securities acquired in the future, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination. Additionally, the RTW Funds, which are managed by RTW Investments, LP, where our Chief Executive Officer serves as Managing Partner and Chief Investment Officer, have further agreed, pursuant to the Backstop Agreement, to purchase before the Closing, up to 5 million additional Ordinary Shares which, if purchased, is expected to result in our Initial Shareholders, officers, and their affiliates holding approximately 39.15% of the issued and outstanding New Orchestra Common Stock. Accordingly, our Initial Shareholders, officers and their affiliates may exert a substantial or controlling influence on actions requiring a shareholder vote, potentially in a manner that you do not support, including amendments to our amended and restated memorandum and articles of association. The ownership percentages of New Orchestra immediately following the Business Combination are subject to multiple assumptions. If the actual facts are different than these assumptions (which they are likely to be), the percentage ownership retained by HSAC2's existing shareholders in New Orchestra will be different. See the section titled "*Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing.*"

Our Initial Shareholders and officers and directors have agreed to vote in favor of the Business Combination regardless of how our Public Shareholders vote. Accordingly, we could need as little as 1.12% of our unaffiliated Public Shares to attend the Shareholder Meeting, none of which need to be voted in favor of the Business Combination in order to have such transaction approved

Our Initial Shareholders and our officers and directors hold 5,480,000 Ordinary Shares and have agreed (1) to vote any HSAC2 Ordinary Shares owned by them in favor of the Business Combination, and (2) not to convert any HSAC2 Ordinary Shares in connection with the shareholder vote to approve the Business Combination. As a result, we could need as little as 126,060 of our Public Shares (or approximately 1.12% of our unaffiliated Public Shares) to attend the Shareholder Meeting in order to form a quorum, none of which need to be voted in favor of the Business Combination or any of the Proposals in order to have such transaction, and each of the Proposals, approved.

Our Initial Shareholders, officers, directors or their affiliates may elect to purchase shares from Public Shareholders, in which case they may influence a vote in favor of the Business Combination

Our Initial Shareholders, officers, directors or their affiliates may purchase shares in privately negotiated transactions either prior to or following the consummation of the Business Combination. Such purchases could include a contractual acknowledgement that the selling holder, although still the registered holder of our shares, is no longer the beneficial owner and therefore agrees not to exercise redemption rights. In the event that our Initial Shareholders, officers, directors or their affiliates purchase shares in privately negotiated transactions from Public Shareholders who have already elected to exercise their redemption rights, such selling shareholders would be required to revoke their prior elections to redeem their shares. It is intended that Rule 10b-18 would govern any such purchases by our Initial Shareholders, officers, directors or their affiliates, to the extent Rule 10b-18 applies. Rule 10b-18 provides a safe harbor from liability for market manipulation for purchases made under conditions set out in the Rule, including with respect to timing, pricing and volume of purchases. On July 22, 2022, the RTW Funds, which are managed by RTW Investments, LP, where our Chief Executive Officer serves as Managing Partner and Chief Investment Officer, purchased 1 million Public Shares or 8.92% of the issued and outstanding HSAC2 Ordinary Shares pursuant to the RTW Forward Purchase Agreement and have further agreed, pursuant to the Backstop Agreement, to purchase before the Closing, up to 5 million

additional Ordinary Shares. The per share purchase prices under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting and the RTW Funds have agreed not to vote any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, in the proposal to approve the Business Combination, and to waive redemption rights with respect to such purchases in the vote to approve the Business Combination. The purpose of such purchases by the RTW Funds and any future such purchases by our Initial Shareholders, officers, directors or their affiliates would be to (1) fulfill their obligations under the RTW Forward Purchase Agreement or Backstop Agreement, (2) increase the likelihood of obtaining approval of the Business Combination, or (3) reduce our redemption expenses in order to satisfy the Closing condition in the Merger Agreement that we have cash of at least \$60 million. This may result in the consummation of the Business Combination when it may not otherwise have been possible.

If our Initial Shareholders, officers, directors or their affiliates elect to purchase HSAC2 Ordinary Shares from Public Shareholders, such purchases may affect the market price of our securities

The Forward Purchases, purchases under the Backstop Agreement, and any purchases of Ordinary Shares by our Initial Shareholders, officers, directors or their affiliates in public or privately negotiated transactions as described above may increase the market price of our securities. Further, although none of our Initial Shareholders, officers, directors or their affiliates currently anticipate paying a premium to the market price for such shares, in the event they do pay a premium, such amount will not be more than \$ (the redemption price available to HSAC2 Shareholders based on funds in the Trust Account of approximately \$ million as of) and such payment may not be in the best interest of those holders who have not sold their shares in such transaction or who have not received such premium. There is no other limit on the number of shares that our Initial Shareholders, officers, directors or their affiliates could acquire or the price such parties may pay. Any such securities purchased by our Initial Shareholders, officers, directors or their affiliates would not be voted in favor of approving the Business Combination and they will waive redemption rights with respect to such securities.

If the market does not view the Business Combination positively, purchases of Public Shares, including the Forward Purchases and any Backstop Purchases may have the effect of counteracting the market's view, which otherwise would have been reflected in a decline in the market price of our securities. In addition, once such purchases end, the termination of the price support they provide may materially adversely affect the market price of our securities.

As of the date of this proxy statement/prospectus, no agreements with respect to the private purchase of Public Shares by us or the persons described above have been entered into with any Public Shareholder, except for the July 22, 2022 Forward Purchase by the RTW Funds at \$10.01 per share. If we become aware of any private arrangements entered into or significant private purchases made by any of the persons described above that would affect the vote on the Business Combination or other proposals, we will file a Current Report on Form 8-K to disclose (i) the amount of such securities purchased; (ii) the purpose of the purchases; (iii) the impact, if any, of the purchases on the likelihood that the Business Combination will be approved; (iv) the identities of security holders who sold the securities (if not purchased on the open market) or the nature of security holders who sold to our Initial Shareholders, officers, directors or their affiliates; and (v) the number of securities for which HSAC2 has received redemption requests pursuant to the vote to approve the Business Combination.

Our ability to consummate the Business Combination may be negatively impacted because neither our Board nor any committee of our Board obtained a valuation or fairness opinion in determining whether or not to pursue the Business Combination, and as a result, the terms may not be fair from a financial point of view to the Public Shareholders

Neither the HSAC2 Board nor any committee of the HSAC2 Board is required to obtain an opinion from an independent investment banking or accounting firm regarding the value of Orchestra or that the price that HSAC2 is paying for Orchestra in the Business Combination is fair to HSAC2 or its shareholders from a financial point of view. In analyzing the Business Combination, the HSAC2 Board conducted due diligence on Orchestra. It also consulted with HSAC2's management and legal counsel, financial advisors and other advisors and considered a number of factors, uncertainties and risks, including, but not limited to, those discussed under *The Business Combination Proposal — The Board's Reasons for the Approval of the Business Combination*, and concluded that the Business Combination was in the best interest of HSAC2 shareholders. The HSAC2 Board believes that because of the skills and background of its directors, it was qualified to conclude that the Business Combination was fair from a financial perspective to its shareholders and that Orchestra's fair market value was at least 80% of the balance of the funds in the Trust Account

(excluding any taxes payable). Accordingly, investors will be relying solely on the judgment of the HSAC2 Board in valuing Orchestra, and the HSAC2 Board may not have properly valued Orchestra. As a result, the terms may not be fair from a financial point of view to the Public Shareholders. The lack of a valuation or fairness opinion may also lead an increased number of our shareholders to vote against the Business Combination or demand redemption of their HSAC2 shares, which could potentially impact our ability to consummate the Business Combination.

Neither we nor our stockholders will have the protection of any indemnification, escrow, price adjustment or other provisions that allow for a post-closing adjustment to be made to the total merger consideration in the event that any of the representations and warranties made by Orchestra in the Merger Agreement ultimately proves to be inaccurate or incorrect

The representations and warranties made by Orchestra and HSAC2 to each other in the Merger Agreement will not survive the consummation of the Business Combination. As a result, neither we, nor our shareholders will have the protection of any indemnification, escrow, price adjustment or other provisions that allow for a post-Closing adjustment to be made to the total merger consideration if any representation or warranty made by Orchestra in the Merger Agreement proves to be inaccurate or incorrect. Accordingly, to the extent such representations or warranties are incorrect, we would have no indemnification claim and our financial condition or results of operations could be adversely affected.

The Business Combination is subject to conditions, including certain conditions that may not be satisfied on a timely basis, if at all

The consummation of the Business Combination is subject to a number of conditions. The consummation of the Business Combination is not assured and is subject to risks, including the risk that our shareholders do not approve the Business Combination or that there are not sufficient funds in the Trust Account, in each case subject to certain terms specified in the Merger Agreement (as described under “*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — Conditions to Closing*”), or that other Closing conditions are not satisfied. If we do not consummate the Business Combination, we could be subject to several risks, including:

- we and Orchestra may be liable for damages to one another under the Merger Agreement;
- negative reactions from the financial markets, including declines in the price of our securities due to the fact that current prices may reflect a market assumption that the Business Combination will be consummated; and
- our management’s attention will have been diverted to the Business Combination rather than the pursuit of other possible initial business combinations.

We may waive one or more of the conditions to the Business Combination without resoliciting shareholder approval for the Business Combination

To the extent permitted by applicable laws, we may agree to waive some of the conditions to our obligations to complete the Business Combination, in whole or in part. Our Board will evaluate the materiality of any such waiver when deciding whether an amendment of this proxy statement/prospectus and resolicitation of proxies is warranted. In some instances, if our Board determines that a waiver is not sufficiently material to warrant resolicitation of shareholders, we have the discretion to complete the Business Combination without seeking further shareholder approval. For example, we are not required to consummate the Business Combination if doing so would conflict with a governmental order applicable to Orchestra. However, if such an order exists, depending upon the nature of the order, our Board may determine that it is not material to Orchestra’s business and then elect to waive that condition without shareholder approval and close the Business Combination. Accordingly, we may consummate the Business Combination on terms that are less favorable than presented in this proxy statement/prospectus.

Shareholders may not know immediately after the Shareholder Meeting whether we have satisfied the Closing condition that Parent Closing Cash is at least \$60 million

Pursuant to the Backstop Agreement, the RTW Funds, jointly and severally, agreed to purchase such number of HSAC2 Ordinary Shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash as of immediately prior to the closing of the Merger is less than \$60 million (excluding amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic’s

Forward Purchase Shares, but including amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares. However, there can be no assurance that the RTW Funds will not breach the Backstop Agreement or delay the required Backstop Purchases. If we receive valid redemption requests from holders of Public Shares prior to the redemption deadline, we may, at our sole discretion, following the redemption deadline and until the Closing Date, seek and permit one or more shareholders to withdraw their redemption requests. We may select which shareholders to seek such withdrawals based on any factors we deem relevant. The purpose of seeking such withdrawals may be to reduce our redemption expenses and thereby increase the funds held in the Trust Account, including where we otherwise would not satisfy the Closing condition that the amount of Parent Closing Cash as of immediately prior to the closing of the Merger is at least \$60 million. This process could take a number of days, and there may be a period of time after the Shareholder Meeting and before the Closing when shareholders do not know whether we have satisfied this Closing condition.

We will incur significant transaction costs

We have incurred and expect to continue to incur significant, non-recurring costs in connection with consummating the Business Combination. All expenses incurred in connection with the Business Combination, including all legal, and other fees, expenses and costs, will be for the account of the party incurring such fees, expenses and costs. HSAC2's transaction expenses as a result of the Business Combination are currently estimated to be \$7,375,000, including \$5,600,000 in accompanying deferred underwriting commissions, which are contingent upon the Closing.

If third parties bring claims against us, the proceeds held in the Trust Account could be reduced and the per-share redemption price received by shareholders may be less than approximately \$10.00

Our placing of funds in the Trust Account may not protect those funds from third-party claims against us. Although we have sought to have Orchestra and all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of our Public Shareholders, they may still seek recourse against the Trust Account even if they execute such agreements, and they may not be prevented from bringing claims against the Trust Account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the Trust Account. If any third party refuses to execute an agreement waiving such claims to the monies held in the Trust Account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative.

Upon redemption of our Public Shares, if we do not consummate an initial business combination by the Extension Date, or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by Public Shareholders could be less than the \$10.00 per Public Share initially held in the Trust Account, due to claims of such creditors.

Our Sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (excluding our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount in the Trust Account to below the lesser of (i) \$10.00 per Public Share and (ii) the actual amount per HSAC2 Ordinary Share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per HSAC2 Ordinary Share due to reductions in the value of the assets held in the Trust Account, in each case less income and franchise taxes payable, provided that such liability will not apply to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account nor will it apply to any claims under our indemnity of the underwriters of the IPO against certain liabilities, including liabilities under the Securities Act.

Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, our Sponsor will not be responsible to the extent of any liability for such third-party claims. However, we have not asked our Sponsor to reserve for such indemnification obligations, nor have we independently verified whether our Sponsor has sufficient funds to satisfy its indemnity obligations, and we believe that our Sponsor's only assets are securities of our

company. Therefore, we cannot assure you that our Sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses.

Our shareholders may be held liable for claims by third parties against us to the extent of distributions received by them

Our Existing Charter provides that we will continue in existence only until the Extension Date if a business combination has not been consummated by such time. If we do not complete an initial business combination during such time period, it will trigger our automatic winding up, liquidation and dissolution. As such, our shareholders could potentially be liable for any claims to the extent of distributions received by them pursuant to such process and any liability of our shareholders may extend beyond the date of such distribution. Accordingly, we cannot assure you that third parties, or we under the control of an official liquidator, will not seek to recover from our shareholders amounts owed to them by us.

If we do not consummate a business combination within the required time period, upon notice from us, the trustee of the Trust Account will distribute the amount in our Trust Account to our Public Shareholders. Concurrently, we shall pay, or reserve for payment, from funds not held in trust, our liabilities and obligations, although we cannot assure you that there will be sufficient funds for such purpose. If there are insufficient funds held outside the Trust Account for such purpose, our Sponsor, HSAC 2 Holdings, LLC, has agreed that it will be liable to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us and which have not executed a waiver agreement. However, we cannot assure you that the liquidator will not determine that he or she requires additional time to evaluate creditors' claims (particularly if there is uncertainty over the validity or extent of the claims of any creditors). We also cannot assure you that a creditor or shareholder will not file a petition with the Cayman Islands Court which, if successful, may result in our liquidation being subject to the supervision of that court. Such events might delay distribution of some or all of our assets to our Public Shareholders.

If we are forced to enter into an insolvent liquidation, any distributions received by shareholders could be viewed as an unlawful payment if it was proved that immediately following the date on which the distribution was made, we were unable to pay our debts as they fall due in the ordinary course of business. As a result, a liquidator could seek to recover all amounts received by our shareholders. Furthermore, our directors may be viewed as having breached their fiduciary duties to us or our creditors and/or may have acted in bad faith, thereby exposing themselves and our company to claims, by paying Public Shareholders from the Trust Account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons. We and our directors and officers who knowingly and willfully authorized or permitted any distribution to be paid out of our share premium account while we were unable to pay our debts as they fall due in the ordinary course of business would be guilty of an offense and may be liable to pay a fine of 18,292.68 United States Dollars ("US\$") and subject to imprisonment for five years in the Cayman Islands.

If, after we distribute the proceeds in the Trust Account to our Public Shareholders, we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, a bankruptcy or insolvency court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages

If, after we distribute the proceeds in the Trust Account to our Public Shareholders, we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy or insolvency court could seek to recover all amounts received by our shareholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying Public Shareholders from the Trust Account prior to addressing the claims of creditors.

If, before distributing the proceeds in the Trust Account to our Public Shareholders, we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our shareholders and the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced

If, before distributing the proceeds in the Trust Account to our Public Shareholders, we file a bankruptcy or insolvency petition or an involuntary bankruptcy or insolvency petition is filed against us that is not dismissed, the proceeds held in the Trust Account could be subject to applicable bankruptcy or insolvency law and may be included in our bankruptcy or insolvency estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy or insolvency claims deplete the Trust Account, the per-share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

Stockholder litigation and regulatory inquiries and investigations are expensive and could harm our business, financial condition and operating results and could divert management attention

In the past, securities class action litigation and/or stockholder derivative litigation and inquiries or investigations by regulatory authorities have often followed significant business transactions, such as the sale of a company or announcement of any other strategic transaction, such as the Business Combination. Any stockholder litigation and/or regulatory investigations against HSAC2, Orchestra or New Orchestra, whether or not resolved favorably, could result in substantial costs and divert management's attention from other business concerns, which could adversely affect the business and cash resources of HSAC2, Orchestra, or New Orchestra, which would also likely adversely affect the ultimate value that stockholders receive as a result of the Business Combination.

Following the consummation of the Business Combination, New Orchestra's only significant asset will be ownership of 100% of Orchestra and such ownership may not be sufficient for New Orchestra to pay dividends or make distributions or loans to enable it to pay any dividends on its common stock

Following the consummation of the Business Combination, New Orchestra will have no direct operations and no significant assets other than the ownership of 100% of Orchestra. New Orchestra will have no independent means of generating revenue or cash and will depend on Orchestra for distributions, loans and other payments to generate the funds necessary to meet financial obligations, including expenses as a publicly-traded company, the obligation to pay any dividends on New Orchestra Common Stock. There can be no assurance that the earnings from, or other available assets of New Orchestra, will be sufficient to pay dividends or make distributions or loans to enable New Orchestra to pay any dividends on its common stock or satisfy other financial obligations or that applicable state law and contractual obligations will permit such distributions. Moreover, New Orchestra does not intend to pay dividends or make distributions for the foreseeable future.

The unaudited pro forma condensed consolidated combined financial information included in this proxy statement/prospectus may not be indicative of what our actual financial position or results of operations would have been

The unaudited pro forma condensed consolidated combined financial information in this proxy statement/prospectus is presented for illustrative purposes only and is not necessarily indicative of what our actual financial position or results of operations would have been had the Business Combination been consummated on the dates indicated. See the section titled "Summary Unaudited Pro Forma Condensed Consolidated Combined Financial Information" for more information.

Our directors may decide not to enforce the indemnification obligations of our Sponsor, resulting in a reduction in the amount of funds in the Trust Account available for distribution to our Public Shareholders

In the event that the proceeds in the Trust Account are reduced below the lesser of (i) \$10.00 per HSAC2 Ordinary Share and (ii) the actual amount per HSAC2 Ordinary Share held in the Trust Account as of the date of the liquidation of the Trust Account if less than \$10.00 per HSAC2 Ordinary Share due to reductions in the value of the assets held in the Trust Account, in each case less income and franchise taxes payable, and our Sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our Sponsor to

enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the Trust Account available for distribution to our Public Shareholders may be reduced below \$10.00 per HSAC2 Ordinary Share.

Because we are incorporated under the laws of the Cayman Islands, you may face difficulties in protecting your interests, and your ability to protect your rights through the U.S. Federal courts may be limited

We are a company incorporated under the laws of the Cayman Islands and certain of our officers and directors are residents of jurisdictions outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon our directors or executive officers, or enforce judgments obtained in the United States courts against our directors or officers.

Our corporate affairs are governed by our Amended and Restated Memorandum and Articles of Association, the Companies Act (as the same may be supplemented or amended from time to time) or the common law of the Cayman Islands prior to the Domestication

The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Islands law are to a large extent governed by the Companies Act and common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as from English common law, and whilst the decisions of the English courts are of persuasive authority, they are not binding on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under Cayman Islands law are different from statutes or judicial precedent in some jurisdictions in the United States. In addition, while Cayman Islands law permits derivative actions to be brought in certain circumstances, shareholders in Cayman Islands companies may not have standing to initiate a shareholder derivative action in a federal court of the United States. The circumstances in which any such action may be brought, and the procedures and defenses that may be available in respect to any such action, may result in the rights of shareholders of a Cayman Islands exempted company being more limited than those of shareholders of a company organized in the United States. Accordingly, shareholders may have fewer alternatives available to them if they believe that corporate wrongdoing has occurred.

We have been advised by Maples and Calder (Cayman) LLP, our Cayman Islands legal counsel, that the courts of the Cayman Islands are unlikely:

- to recognize or enforce against us judgments of courts of the United States based on certain civil liability provisions of U.S. securities laws where that liability is in respect of penalties, taxes, fines or similar fiscal or revenue obligations of the company; and
- There is no statutory recognition in the Cayman Islands of judgments obtained in the United States, although the courts of the Cayman Islands will in certain circumstances recognize such a foreign judgment and treat it as a cause of action in itself which may be sued upon as a debt at common law so that no retrial of the issues would be necessary provided that:
- the U.S. court issuing the judgment had jurisdiction in the matter and the company either submitted to such jurisdiction or was resident or carrying on business within such jurisdiction and was duly served with process;
- the U.S. judgment is final and for a liquidated sum;
- the judgment given by the U.S. court was not in respect of penalties, taxes, fines or similar fiscal or revenue obligations of the company;
- in obtaining judgment there was no fraud on the part of the person in whose favor judgment was given or on the part of the court;
- recognition or enforcement of the judgment would not be contrary to public policy in the Cayman Islands; and
- the proceedings pursuant to which judgment was obtained were not contrary to natural justice.

In appropriate circumstances, a Cayman Islands court may give effect in the Cayman Islands to other kinds of final foreign judgments such as declaratory orders, orders for performance of contracts and injunctions.

As a result of all of the above, Public Shareholders may have more difficulty in protecting their interests in the face of actions taken by management, members of the board of directors or controlling shareholders than they would as Public Shareholders of a United States company.

Future changes to U.S. and non-U.S. tax laws could adversely affect New Orchestra

The U.S. Congress and other government agencies in jurisdictions where New Orchestra and its affiliates will do business have had an extended focus on issues related to the taxation of multinational corporations. One example is in the area of “base erosion and profit shifting,” including situations where payments are made between affiliates from a jurisdiction with high tax rates to a jurisdiction with lower tax rates. As a result, the tax laws in the countries in which New Orchestra and its affiliates do business could change on a prospective or retroactive basis, and any such changes could adversely affect New Orchestra and its affiliates.

The Domestication may be a taxable event for U.S. Holders of HSAC2 Ordinary Shares.

Subject to the limitations and qualifications described in “*Material U.S. Federal Income Tax Consequences*,” including the application of the PFIC rules and Section 367(b) of the Code, the Domestication should qualify as a “reorganization” within the meaning of Section 368 of the Code, and, as a result, a U.S. Holder (as defined below) should not recognize gain or loss on the exchange of HSAC2 Ordinary Shares for HSAC2 Common Stock, as applicable, pursuant to the Domestication.

Alternatively, if the Domestication does not qualify as a “reorganization” within the meaning of Section 368 of the Code, then a U.S. Holder that exchanges its HSAC2 Ordinary Shares for HSAC2 Common Stock in the Domestication will recognize gain or loss equal to the difference between (i) the sum of the fair market value of the HSAC2 Common Stock received and (ii) the U.S. Holder’s adjusted tax basis in the HSAC2 Ordinary Shares exchanged therefor.

In addition, U.S. Holders of HSAC2 Ordinary Shares may be subject to adverse U.S. federal income tax consequences under the PFIC regime. Please see “*Material U.S. Federal Income Tax Consequences — U.S. Holders — U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares — Passive Foreign Investment Company Status*” for a more detailed discussion with respect to HSAC2’s potential PFIC status and certain tax implications thereof.

Further, because the Domestication will occur immediately prior to the redemption of HSAC2 Ordinary Shares, U.S. Holders exercising redemption rights will be subject to the potential tax consequences of the Domestication. All U.S. Holders considering exercising redemption rights with respect to their HSAC2 Ordinary Shares are urged to consult with their tax advisors with respect to the potential tax consequences to them of the Domestication and exercise of redemption rights.

HSAC2 is likely a PFIC, which could result in adverse U.S. federal income tax consequences to U.S. Holders

HSAC2 believes that it is likely a PFIC, which may have adverse U.S. federal income tax consequences to U.S. Holders of HSAC2 Ordinary Shares. If HSAC2 has been a PFIC for any taxable year during the holding period of a U.S. Holder (and a U.S. Holder of HSAC2 Ordinary Shares has not made certain elections with respect to its HSAC2 Ordinary Shares), such U.S. Holder would likely recognize gain (but not loss if the Domestication qualifies as a “reorganization” within the meaning of Section 368 of the Code) upon the exchange of HSAC2 Ordinary Shares for HSAC2 Common Stock pursuant to the Domestication. Please see “*Material U.S. Federal Income Tax Consequences — U.S. Holders — U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares — Passive Foreign Investment Company Status*” for a more detailed discussion with respect to HSAC2’s potential PFIC status and certain tax implications thereof.

Upon consummation of the Business Combination, the rights of holders of New Orchestra Common Stock arising under the DGCL and the Proposed Charter will differ from and may be less favorable to the rights of holders of HSAC2 Ordinary Shares arising under the Companies Act and our Existing Charter

Upon consummation of the Business Combination, the rights of holders of New Orchestra Common Stock will arise under the Proposed Charter as well as the DGCL. Those new organizational documents and the DGCL contain provisions that differ in some respects from those in our Existing Charter and the Companies Act and, therefore, some rights of holders of New Orchestra Common Stock will differ from the rights that holders of HSAC2 Ordinary Shares currently possess. For instance, while class actions are generally not available to shareholders under the Companies Act, such actions are generally available under the DGCL. This change could increase the likelihood that New Orchestra becomes involved in costly litigation, which could have a material adverse effect on New Orchestra and the market price of New Orchestra's securities.

For a more detailed description of the rights of holders of New Orchestra Common Stock and how they may differ from the rights of holders of HSAC2 Ordinary Shares, see the section titled "*Proposal 2 — The Domestication Proposal — Comparison of Shareholder Rights under Applicable Corporate Law Before and After the Domestication.*"

Anti-takeover provisions contained in the Proposed Charter could impair a takeover attempt

The Proposed Charter will contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions may make it more difficult to remove management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for New Orchestra securities. These provisions are described in the section titled "*Proposal 3 — The Charter Approval Proposal.*"

The Proposed Charter will provide that the Court of Chancery of the State of Delaware and the federal district courts of the United States of America will be the exclusive forums for certain disputes between New Orchestra and its stockholders, which could make New Orchestra securities less attractive and impose legal costs on New Orchestra if such limitations are challenged

The Proposed Charter provides that, unless New Orchestra otherwise consents in writing, the Court of Chancery of the State of Delaware (or, in the event that the Court of Chancery of the State of Delaware lacks subject matter jurisdiction, another state or federal court located within the State of Delaware) is, to the fullest extent permitted by law, the sole and exclusive forum for any:

- derivative action or proceeding brought on behalf of New Orchestra,
- action, suit or proceeding asserting a claim of breach of a fiduciary duty owed by any director, officer or stockholder of New Orchestra to New Orchestra or to the stockholders of New Orchestra,
- action, suit or proceeding arising pursuant to any provision of the DGCL, the Proposed Charter or the Proposed Bylaws, and
- action, suit or proceeding asserting a claim against New Orchestra governed by the internal affairs doctrine.

This exclusive forum provision would not apply to suits brought to enforce a duty or liability vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, such as those created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction, or the Securities Act. In addition, to prevent having to litigate claims in multiple jurisdictions and the threat of inconsistent or contrary rulings by different courts, among other considerations, the Proposed Charter provides that, unless New Orchestra consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the federal district courts of the United States of America will be the exclusive forum for resolving any complaint asserting a cause of action arising under the Securities Act. However, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. Accordingly, both state and federal courts have jurisdiction to entertain such claims. As noted above, the Proposed Charter provides that the federal district courts of the United States will be the exclusive forum for the resolution of any complaint asserting a cause of action under the Securities Act. Due to the concurrent jurisdiction for federal and state courts created by Section 22 of the Securities Act over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder, there is uncertainty as to whether a court would enforce the exclusive forum provision.

The Proposed Charter further provides that any person or entity purchasing or otherwise acquiring any interest in any New Orchestra securities shall be deemed to have notice of and to have consented to these provisions. Investors also cannot waive compliance with the federal securities laws and the rules and regulations thereunder.

These exclusive forum provisions may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with New Orchestra or its directors, officers, or other employees and this limitation may make New Orchestra securities less attractive to investors. Further, while the Delaware courts have determined that such choice of forum provisions are facially valid, a stockholder may nevertheless seek to bring such a claim arising under the Securities Act against New Orchestra its directors, officers, or other employees in a venue other than in the federal district courts of the United States of America. In such instance, New Orchestra would expect to vigorously assert the validity and enforceability of the exclusive forum provisions of the Proposed Charter. This may require significant additional costs associated with resolving such action in other jurisdictions and New Orchestra cannot assure you that the provisions will be enforced by a court in those other jurisdictions. If a court were to find either exclusive-forum provision in New Orchestra's amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, it may incur further significant additional costs associated with resolving the dispute in other jurisdictions, all of which could harm New Orchestra's business.

We do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete a Business Combination with which a substantial majority of our stockholders do not agree

Our Existing Charter does not provide a specified maximum redemption threshold, except that we will not redeem our Public Shares in an amount that would cause our net tangible assets to be less than \$5,000,001 upon consummation of the Business Combination. Falling below \$5,000,001 in net tangible assets would subject us to the SEC's "penny stock" rules. However, the Merger Agreement provides that Orchestra's obligation to consummate the Business Combination is conditioned on HSAC2 having Parent Closing Cash equal to or exceeding \$60 million. As a result, we may be able to complete our Business Combination even though a substantial portion of our Public Shareholders do not agree with the transaction and have redeemed their shares or have entered into privately negotiated agreements to sell their shares to our Initial Shareholders, directors or officers or their affiliates such as the RTW Funds. Based on the amount of approximately \$ in the Trust Account as of , 2022, approximately HSAC2 Ordinary Shares may be redeemed and still enable us to have sufficient cash to satisfy the cash Closing conditions in the Merger Agreement.

As of the date of this proxy statement/prospectus, no agreements with respect to the private purchase of Public Shares by us or the persons described above have been entered into with any Public Shareholder, except for the July 22, 2022 Forward Purchase by the RTW Funds at \$10.01 per share. If we become aware of any private arrangements entered into or significant private purchases made by any of the persons described above that would affect the vote on the Business Combination or other proposals, we will file a Current Report on Form 8-K to disclose the information we have.

If the aggregate cash consideration we would be required to pay for all HSAC2 Ordinary Shares that are validly submitted for redemption plus any amount required to satisfy cash Closing conditions in the Merger Agreement exceeds the aggregate amount of cash available to us, we may not complete the Business Combination or redeem any HSAC2 Ordinary Shares and all HSAC2 Ordinary Shares submitted for redemption will be returned to the holders, and we instead may search for an alternate business combination or liquidate the Trust Account.

Public Shareholders, together with any affiliates of theirs or any other person with whom they are acting in concert or as a "group," will be restricted from seeking conversion rights with respect to more than 20% of the HSAC2 Ordinary Shares

A Public Shareholder that singly, or together with any affiliates or any other person with whom the Public Shareholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), holds more than 20% of the Public Shares (or 1,352,423 Public Shares) will not be able to exercise conversion rights as to all such shares. We refer to the shares above this amount as "**Unredeemable Shares**." In order to determine whether a shareholder is acting in concert or as a group with another shareholder, we will require each Public Shareholder seeking to exercise conversion rights to certify to us whether such shareholder is acting in concert or as a group with any other shareholder. Such certifications, together with other public information relating to share ownership available

to us at that time, such as Schedule 13D, Schedule 13G and Section 16 filings under the Exchange Act, will be the sole basis on which we make our determination. Shareholders may nevertheless challenge our determination of whether a shareholder is acting in concert or as a group with another shareholder in a court of competent jurisdiction.

If you cannot exercise conversion rights as to all of your shares, your influence on our ability to consummate the Business Combination would be reduced and you may also be forced to sell Unredeemable Shares in open market transactions. This could cause you to suffer a material loss on your investment in us. Additionally, you will not receive conversion rights if we consummate the Business Combination.

A Public Shareholder who fails to tender or deliver physical share certificates in a timely manner will not be able to have their shares redeemed

Public Shareholders who wish to exercise conversion rights with respect to their shares must, among other things as fully described in the section titled “*Extraordinary General Meeting of HSAC2 — Redemption Rights,*” tender their certificates to Continental Stock Transfer & Trust Company our transfer agent or tender or deliver their shares to the Transfer Agent electronically through the DTC at least two business days prior to the Shareholder Meeting. In order to obtain a physical share certificate, a shareholder’s broker and/or clearing broker, DTC and our Transfer Agent will need to act to facilitate this request. It is our understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the Transfer Agent. However, because we do not have any control over this process or over the brokers, it may take significantly longer than two weeks to obtain a physical certificates. If it takes longer than anticipated to obtain a physical certificate, shareholders who wish to redeem their shares may be unable to obtain physical certificates by the deadline for exercising their conversion rights and thus would be unable to have their shares redeemed.

Public Shareholders who wish to convert their HSAC2 Ordinary Shares may be unable to sell their securities when they wish to in the event that the Business Combination is not approved

If the Business Combination is not consummated, we will promptly return physical certificates tendered in accordance with the delivery requirements discussed above. However, Public Shareholders who tendered or delivered shares will be unable to sell their shares after the failed Business Combination until they receive their shares. The market price for the HSAC2 Ordinary Shares may decline during this time and you may not be able to sell your shares when you wish, even while other shareholders that did not seek conversion may be able to sell their shares.

There is no guarantee that a decision whether to have shares redeemed for a pro rata portion of the Trust Account will put the stockholder in a better future economic position

We can give no assurance as to the price at which a stockholder may be able to sell its Public Shares in the future following the consummation of the Business Combination or any alternative business combination. Events following the consummation of any initial business combination, including the Business Combination, may cause an increase in New Orchestra’s share price, and may result in a lower value realized now for a stockholder redeeming their shares than a stockholder might realize in the future. Similarly, if a stockholder does not redeem their shares, the stockholder will bear the risk of ownership of the Public Shares after the consummation of the Business Combination, and there can be no assurance that a stockholder can sell its shares in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A stockholder should consult the stockholder’s own tax and/or financial advisor for assistance on how this may affect their individual situation.

Deferred underwriting fees in connection with the HSAC2 IPO that are payable at the consummation of our initial business combination will not be adjusted to account for redemptions by our Public Shareholders; if our Public Shareholders exercise their redemption rights, the amount of effective total underwriting commissions as a percentage of the aggregate proceeds from the HSAC2 IPO will increase

The underwriters in the HSAC2 IPO are entitled to deferred underwriting commissions totaling approximately \$5,600,000 upon the consummation of the Business Combination or any alternative initial business combination. This amount is held in the Trust Account until the consummation of our initial business combination. Such amounts will not be adjusted to account for redemptions of Public Shares by our Public Shareholders. Accordingly, the amount of effective total underwriting commissions as a percentage of the aggregate proceeds from the HSAC2 IPO will increase as the number of Public Shares redeemed increases. If no Public Shareholders exercise redemption rights with

respect to their Public Shares, the amount of effective total underwriting commissions due to the underwriters upon the consummation of our initial business combination will represent approximately 13% (inclusive of the approximately \$3.2 million of underwriting commissions previously paid) of the aggregate proceeds from the HSAC2 IPO retained by New Orchestra. If Public Shareholders exercise redemption rights with respect to the maximum 6,732,117 Public Shares, the amount of effective total underwriting commissions due to the underwriters upon the consummation of the Business Combination will represent approximately 43.3% (inclusive of the approximately \$3.2 million of underwriting commissions previously paid) of the aggregate proceeds from the HSAC2 IPO retained by New Orchestra, taking into account such redemptions but excluding the effect of the Backstop Agreement.

The price of New Orchestra's securities could be volatile following the Business Combination

Following the Business Combination, fluctuations in the price of New Orchestra securities could contribute to the loss of all or part of your investment. Prior to the Business Combination, there has not been a public market for Orchestra's stock and trading in the shares of its common stock has not been active. Accordingly, the valuation ascribed to Orchestra and its common stock in the Business Combination may not be indicative of the price that will prevail in the trading market following the Business Combination. If an active market for New Orchestra's securities develops and continues, the trading price of New Orchestra securities following the Business Combination could be volatile and subject to wide fluctuations in response to various factors, some of which will be beyond New Orchestra's control. Any of such factors, including the factors listed below, could have a material adverse effect on your investment in New Orchestra securities and New Orchestra securities may trade at prices significantly below the price you paid for the HSAC2 Ordinary Shares. In such circumstances, the trading price of New Orchestra securities may not recover and may experience a further decline.

Factors affecting the trading price of New Orchestra securities following the Business Combination may include:

- actual or anticipated fluctuations in New Orchestra's quarterly financial results or the quarterly financial results of companies perceived to be similar to New Orchestra;
- changes in the market's expectations about New Orchestra's operating results;
- the impact of the COVID-19 pandemic on New Orchestra's business;
- the inability to maintain New Orchestra's listing on Nasdaq;
- New Orchestra's operating results failing to meet the expectation of securities analysts or investors in a particular period;
- changes in financial estimates and recommendations by securities analysts concerning New Orchestra or the market in general;
- operating and stock price performance of other companies that investors deem comparable to New Orchestra;
- New Orchestra's ability to develop product candidates;
- changes in laws and regulations affecting New Orchestra's business;
- litigation involving New Orchestra;
- changes in New Orchestra's capital structure, such as future issuances of securities or the incurrence of additional debt;
- the volume of New Orchestra's securities available for public sale;
- any major change in New Orchestra's Board or management;
- sales of New Orchestra securities by directors, executive officers or significant stockholders of New Orchestra, or the perception that such sales could occur; and
- general economic and political conditions such as recessions, interest rates, fuel prices, international currency fluctuations and acts of war or terrorism.

Broad market and industry factors may materially harm the market price of New Orchestra's securities irrespective of its operating performance. The stock market in general and Nasdaq in particular have experienced price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the particular companies affected. The trading prices and valuations of these stocks, and of New Orchestra's securities, may not be predictable. A loss of investor confidence in the market for medical device company stocks or the stocks of other companies which investors perceive to be similar to New Orchestra could depress New Orchestra's stock price regardless of New Orchestra's business, prospects, financial conditions or results of operations. A decline in the market price of New Orchestra's securities also could adversely affect New Orchestra's ability to issue additional securities and New Orchestra's ability to obtain additional financing in the future.

Volatility in New Orchestra's share price could subject New Orchestra to securities class action litigation

In the past, securities class action litigation has often been brought against a company following a decline in the market price of its securities. If New Orchestra faces such litigation, it could result in substantial costs and a diversion of management's attention and resources, which could harm its business.

New Orchestra's ability to timely raise capital in the future may be limited, or may be unavailable on acceptable terms, if at all. The failure to raise capital when needed could harm New Orchestra's business, operating results and financial condition. Debt or equity issued to raise additional capital may reduce the value of New Orchestra's common stock

We and Orchestra cannot be certain when or if New Orchestra's operations will generate sufficient cash to fund its ongoing operations or the growth of its business. New Orchestra intends to make investments to support Orchestra's current business and may require additional funds to respond to business challenges. Additional financing may not be available on favorable terms, if at all. If adequate funds are not available on acceptable terms, New Orchestra may be unable to invest in its future growth opportunities, which could harm its business, operating results and financial condition. If New Orchestra incurs debt, the debt holders could have rights senior to holders of New Orchestra Common Stock to make claims on New Orchestra's assets. The terms of any debt could restrict New Orchestra's operations, including its ability to pay dividends on New Orchestra Common Stock. If New Orchestra issues additional equity securities following the Closing, stockholders will experience dilution, and the new equity securities could have rights senior to those of New Orchestra Common Stock. Because the decision to issue securities in the future will depend on numerous considerations, including factors beyond New Orchestra's control, New Orchestra cannot predict or estimate the amount, timing or nature of any future issuances of debt or equity securities. As a result, stockholders will bear the risk of future issuances of debt or equity securities reducing the value of their New Orchestra Common Stock and diluting their interest.

A market for New Orchestra securities may not continue, which would adversely affect the liquidity and price of its securities

Following the Business Combination, the price of New Orchestra securities may fluctuate significantly due to the market's reaction to the Business Combination and general market and economic conditions. An active trading market for New Orchestra securities following the Business Combination may never develop or, if developed, it may not be sustained. In addition, the price of New Orchestra securities after the Business Combination can vary due to general economic conditions and forecasts, New Orchestra's general business condition and the release of New Orchestra's financial reports. Additionally, if New Orchestra securities are not listed on, or become delisted from Nasdaq for any reason, and are quoted on the OTC Bulletin Board, an inter-dealer automated quotation system for equity securities that is not a national securities exchange, the liquidity and price of New Orchestra securities may be more limited than if New Orchestra were quoted or listed on Nasdaq or another national securities exchange. You may be unable to sell your securities unless a market can be established or sustained.

Because New Orchestra will become a public reporting company by means other than a traditional underwritten initial public offering, New Orchestra's stockholders may face additional risks and uncertainties

Because there is no independent third-party underwriter involved in the Business Combination, investors will not receive the benefit of any outside independent review of Orchestra's finances and operations. Underwritten public offerings of securities conducted by a licensed broker-dealer are subjected to a due diligence review by the underwriter or dealer manager to satisfy statutory duties under the Securities Act, the rules of Financial Industry Regulatory

Authority, Inc. (“FINRA”) and the national securities exchange where such securities are listed. Additionally, subject to limited exceptions, underwriters or dealer-managers conducting such public offerings are subject to liability for any material misstatements or omissions in a registration statement filed in connection with the public offering. As no such review will be conducted in connection with the Business Combination, shareholders must rely on the information in this proxy statement/prospectus and will not have the benefit of an independent review and investigation of the type normally performed by an independent underwriter in a public securities offering. Although HSAC2 performed a due diligence review and investigation of Orchestra in connection with the Business Combination, Orchestra has different incentives and objectives in the Business Combination than an underwriter would in a traditional initial public offering. The lack of an independent due diligence review and investigation may increase the risk of an investment in New Orchestra because it may not have uncovered facts that would be important to a potential investor.

In addition, because New Orchestra will not become a public reporting company by means of a traditional underwritten initial public offering, securities or industry analysts may not provide, or may be less likely to provide, coverage of New Orchestra. Investment banks may also be less likely to agree to underwrite securities offerings on behalf of New Orchestra than they might if New Orchestra became a public reporting company by means of a traditional underwritten initial public offering, because they may be less familiar with New Orchestra as a result of more limited coverage by analysts and the media. The failure to receive research coverage or support in the market for New Orchestra Common Stock could have an adverse effect on New Orchestra’s ability to develop a liquid market for New Orchestra Common Stock.

HSAC2’s Public Shareholders may experience dilution as a consequence of, among other transactions, the issuance of common stock pursuant to the Covidien Forward Purchase Agreement, the Backstop Agreement, and as consideration in the Business Combination. Having a minority share position may reduce the influence that current shareholders have on the management of New Orchestra

It is anticipated that, upon the Closing, HSAC2’s Public Shareholders (exclusive of any Public Shares held by Medtronic, the RTW Funds, the Sponsor and HSAC2 directors and officers) will retain an ownership interest of from approximately 0% to 15.0% of New Orchestra, Sponsor and related parties will retain an ownership interest of from approximately 25.3% to 40.3% of New Orchestra, Medtronic will own approximately 15.8% of New Orchestra and the Orchestra equityholders (excluding Medtronic and the RTW Funds) will own approximately 43.9% of New Orchestra, depending on the amount of HSAC2 Ordinary Shares purchased pursuant to the Backstop Agreement and the degree to which holders of Public Shares exercise redemption rights with respect to their Public Shares and the number of shares the RTW Funds purchase pursuant to the Backstop Agreement. If the actual facts are different than these assumptions (which they are likely to be), the percentage ownership retained by HSAC2’s existing shareholders in New Orchestra will be different. See the section titled “*Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing.*”

The above issuances of additional common stock will significantly dilute the equity interests of existing holders of HSAC2 securities and may adversely affect prevailing market prices for HSAC2’s, Public Shares. Having a minority share position may also reduce the influence that HSAC2’s current shareholders have on the management of New Orchestra.

Resales of common stock included in the Merger Consideration could depress the market price of New Orchestra’s common stock

New Orchestra will have approximately 31,637,180 shares of common stock outstanding immediately following the Business Combination, and there may be a large number of shares of New Orchestra Common Stock sold in the market following the consummation of the Business Combination or shortly thereafter. Shares held by the Public Shareholders (other than Public Shares held by the Sponsor and related parties, and Medtronic) will be freely tradable. In addition, New Orchestra will be obligated to register the resale of shares of common stock issued as merger consideration, Insider Shares, Private Shares and any Public Shares purchased by certain stockholders of New Orchestra, and shares underlying the Private Warrants, and all these shares will become available for resale following the expiration of any applicable lock-up period. We also expect that shares of our Common Stock that are not registered for resale will become available for resale under Rule 144 once one year has elapsed from the date that we file the Current Report on Form 8-K following the Closing that includes the required Form 10 information reflecting that HSAC2 is no longer a shell company. Such sales of common stock, or the perception of such sales, may depress the market price of New Orchestra’s common stock.

Private Warrants will become exercisable for New Orchestra Common Stock, which will increase the number of shares eligible for future resale in the public market and result in dilution to HSAC2 shareholders

As part of the HSAC2 IPO, the Sponsor purchased 1,500,000 Private Warrants to purchase 1,500,000 HSAC2 Ordinary Shares. Each Private Warrant entitles the holder to purchase one HSAC2 Ordinary Share at a price of \$11.50 per whole share. To the extent such warrants are exercised, additional shares of New Orchestra Common Stock will be issued, which will result in dilution to the then existing holders of New Orchestra Common Stock and increase the number of shares eligible for resale in the public market. Sales of substantial numbers of such shares in the public market could adversely affect the market price of New Orchestra Common Stock. The Private Warrants are not currently exercisable, but will become exercisable 30 days after the completion of the Business Combination, and will expire five years after the completion of an initial business combination such as the Business Combination, as described in this proxy statement/prospectus.

The future sales of shares by existing stockholders and future exercise of registration rights may adversely affect the market price of New Orchestra's common stock

Sales of a substantial number of shares of New Orchestra's common stock in the public market could occur at any time. If New Orchestra's stockholders sell substantial amounts of New Orchestra's common stock in the public market, or the market perceives that they intend to do so, the market price of New Orchestra Common Stock could decline.

The holders of our Insider Shares, as well as the holders of the Private Shares and Private Warrants (and underlying securities) and any shares our Initial Shareholders or their affiliates may be issued in payment of Working Capital Loans made to HSAC2, are entitled to registration rights. The holders of a majority of these securities are entitled to demand that we register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. New Orchestra will grant the same registration rights to certain Orchestra stockholders. The presence of these additional shares trading in the public market may have an adverse effect on the market price of HSAC2's and, if the Business Combination is consummated, New Orchestra's securities. See the section entitled "*Proposal 1 — The Business Combination Proposal — Certain Related Agreements — Amended and Restated Registration Rights and Lock-Up Agreement.*"

There can be no assurance that New Orchestra Common Stock issued in connection with the Business Combination will be approved for listing on Nasdaq following the Closing, or that New Orchestra will be able to comply with the Nasdaq listing standards

The New Orchestra Common Stock is expected to be listed on Nasdaq following the Business Combination. New Orchestra's continued eligibility for listing may depend on the number of our shares that are redeemed in connection with the Business Combination. If, after the Business Combination, Nasdaq delists New Orchestra Common Stock from trading on its exchange for failure to meet its listing standards, New Orchestra and its stockholders could face significant material adverse consequences including:

- a limited availability of market quotations for New Orchestra Common Stock;
- a determination that New Orchestra Common Stock is a "penny stock," which will require brokers trading in New Orchestra Common Stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for New Orchestra Common Stock;
- a limited amount of analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

Purchases in the open market or in privately negotiated transactions by HSAC2's Initial Shareholders and officers and directors, advisors or their affiliates may make it difficult for New Orchestra to maintain the listing of New Orchestra shares on a national securities exchange following the consummation of the Business Combination

If our Initial Shareholders and officers and directors, advisors or their affiliates purchase shares in the open market or in privately negotiated transactions, the public "float" of HSAC2 Ordinary Shares and the number of beneficial holders of HSAC2 securities would both be reduced, possibly making it difficult for New Orchestra to maintain the listing or trading of New Orchestra securities on a national securities exchange following consummation of the Business Combination.

Following the Business Combination, if securities or industry analysts do not publish or cease publishing research or reports about New Orchestra, its business, or its market, or if they change their recommendations regarding New Orchestra's securities adversely, the price and trading volume of New Orchestra securities could decline

The trading market for New Orchestra securities will be influenced by the research and reports that industry or securities analysts may publish about New Orchestra, its business, its market, or its competitors. Securities and industry analysts do not currently publish research on us, and may never publish research on New Orchestra. If no securities or industry analysts commence coverage of New Orchestra, the price of New Orchestra stock and trading volume would likely be negatively impacted. If any of the analysts who cover New Orchestra change their recommendation regarding New Orchestra stock adversely, or provide more favorable relative recommendations about New Orchestra's competitors, the price of New Orchestra securities would likely decline. If any analyst who may cover New Orchestra were to cease coverage of New Orchestra or fail to regularly publish reports on it, New Orchestra could lose visibility in the financial markets, which could cause its stock price or trading volume to decline.

Subsequent to the consummation of the Business Combination, New Orchestra may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on its financial condition, results of operations and stock price, which could cause you to lose some or all of your investment

Although HSAC2 has conducted due diligence on Orchestra, HSAC2 cannot assure you that this diligence revealed all material issues that may be present in Orchestra's business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of HSAC2's and Orchestra's control will not later arise. As a result, New Orchestra may be forced to later write-down or write-off assets, restructure its operations, or incur impairment or other charges that could result in losses. Even if HSAC2's due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with HSAC2's risk analysis. Even though these charges may be non-cash items and may not have an immediate impact on liquidity, the fact that New Orchestra reports charges of this nature could contribute to negative market perceptions about New Orchestra securities. In addition, charges of this nature may cause New Orchestra to be unable to obtain future financing on favorable terms or at all.

Because New Orchestra does not anticipate paying any cash dividends in the foreseeable future, capital appreciation, if any, would be your sole source of gain

New Orchestra currently anticipates that it will retain future earnings for the development, operation and expansion of its business and does not anticipate declaring or paying any cash dividends for the foreseeable future. Any future determination to pay dividends will be made at the discretion of New Orchestra's board of directors, subject to applicable laws. It will depend on a number of factors, including New Orchestra's financial condition, results of operations, capital requirements, contractual, legal, tax and regulatory restrictions, general business conditions, and other factors that the board of directors may deem relevant. In addition, the ability to pay cash dividends may be restricted by the terms of debt financing arrangements, as any future debt financing arrangement likely will contain terms restricting or limiting the amount of dividends that may be declared or paid on New Orchestra's securities. As a result, capital appreciation, if any, of New Orchestra's securities would be your sole source of gain on an investment in such securities for the foreseeable future.

If the Business Combination's benefits do not meet the expectations of investors, stockholders or financial analysts, the market price of New Orchestra securities may decline

If the benefits of the Business Combination do not meet the expectations of investors or securities analysts, the market price of New Orchestra securities may decline. The market values of New Orchestra Common Stock at the time of the consummation of the Business Combination and thereafter may vary significantly from the prices of HSAC2 Ordinary Shares on the date the Merger Agreement was executed, the date of this proxy statement/prospectus, or the date on which HSAC2's shareholders and Orchestra's stockholders vote on the Business Combination.

It may be more difficult to compare New Orchestra's performance to that of other public companies and New Orchestra's securities may be less attractive to investors if New Orchestra takes advantage of exemptions from disclosure requirements that are available to an "emerging growth company"

New Orchestra will qualify as an "emerging growth company" as defined in Section 2(a)(19) of the Securities Act, as modified by the JOBS Act. As such, New Orchestra will be eligible for certain exemptions available to emerging growth companies from various reporting requirements applicable to other public companies that are not emerging growth companies. New Orchestra intends to take advantage of those exemptions for as long as it continues to be an emerging growth company. New Orchestra will remain an emerging growth company until the earliest of (i) the last day of the fiscal year in which the market value of New Orchestra Common Stock that is held by non-affiliates exceeds \$700 million as of June 30 of that fiscal year, (ii) the last day of the fiscal year in which it has total annual gross revenue of \$1.235 billion or more during such fiscal year (as indexed for inflation), (iii) the date on which it has issued more than \$1 billion in non-convertible debt in the prior three-year period or (iv) the last day of the fiscal year following the fifth anniversary of the date of the first sale of HSAC2 Ordinary Shares in the IPO.

The exemptions available to emerging growth companies include: (a) exemption from the auditor attestation requirements with respect to internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act, (b) exemptions from say-on-pay, say-on-frequency and say-on-golden parachute voting requirements and (c) reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements. In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the exemption from complying with new or revised accounting standards provided in Section 7(a)(2)(B) of the Securities Act as long as New Orchestra is an emerging growth company. An emerging growth company can therefore delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. HSAC2 has elected not to opt out of such extended transition period and, therefore, New Orchestra may not be subject to the same new or revised accounting standards as other public companies that are not emerging growth companies. This may make it more difficult to compare New Orchestra's performance to that of other public companies which could make New Orchestra's securities less attractive, which may result in a less active and more volatile trading market for New Orchestra securities.

New Orchestra may not be able to timely and effectively implement controls and procedures required by Section 404 of the Sarbanes-Oxley Act of 2002, which could have a material adverse effect on its business

Orchestra is currently not subject to Section 404 of the Sarbanes-Oxley Act. However, following the consummation of the Business Combination, New Orchestra will be required to provide management's attestation on its internal control over financial reporting. The standards required for a public company under Section 404 of the Sarbanes-Oxley Act are significantly more stringent than those required of Orchestra as a privately-held company. Management may not be able to effectively and timely implement controls and procedures that adequately respond to the increased regulatory compliance and reporting requirements that will be applicable to New Orchestra after the Business Combination. If New Orchestra is not able to implement the additional requirements of Section 404 in a timely manner or with adequate compliance, New Orchestra may not be able to assess whether its internal control over financial reporting are effective, which may subject it to adverse regulatory consequences and could harm investor confidence and lead to a decrease in the market price of its securities. New Orchestra could become subject to investigations by Nasdaq, the SEC or other regulatory authorities, which could require additional financial and management resources.

Following the consummation of the Business Combination, New Orchestra will incur significant increased expenses and administrative burdens as a public company, which could negatively impact its business, financial condition and results of operations

Following the consummation of the Business Combination, New Orchestra will face increased legal, accounting, administrative and other costs and expenses as a public company that Orchestra does not incur as a private company. These increased costs will require New Orchestra to divert a significant amount of money and management attention that could otherwise be used to expand the business and achieve strategic objectives.

There are significant financial costs and expenses for complying with the Sarbanes-Oxley Act, including the requirements of Section 404, as well as rules and regulations of the SEC, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the rules and regulations thereunder, rules and regulations of the Public Company Accounting Oversight Board ("PCAOB") and the securities exchanges. Compliance with public company

requirements will increase costs and make regulated activities more time-consuming. Advocacy efforts by stockholders and third parties may also prompt additional changes in governance and reporting requirements, which could further increase costs and administrative burdens. In order to comply with these requirements, New Orchestra will need to carry out activities that Orchestra has not done previously. For example, New Orchestra will create and adopt new internal controls and disclosure controls and procedures, all of which will increase expenses and administrative burdens. In addition, New Orchestra will have new expenses associated with SEC reporting requirements.

Furthermore, if any issues in complying with those requirements are identified (for example, if the auditors identify another material weakness or significant deficiency in the internal control over financial reporting), New Orchestra could incur further additional costs to rectify those issues. It may also be more expensive to obtain director and officer liability insurance. Risks associated with New Orchestra's status as a public company may make it more difficult to attract and retain qualified persons to serve on New Orchestra's board of directors or as executive officers. The additional reporting and other obligations imposed by these rules and regulations will increase legal and financial compliance costs and the costs of related legal, accounting and administrative activities. These increased costs will require New Orchestra to divert a significant amount of money that could otherwise be used to expand the business and achieve strategic objectives.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect New Orchestra's business, investments and results of operations

New Orchestra will be subject to laws and regulations enacted by national, regional and local governments. In particular, New Orchestra will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on New Orchestra's business and results of operations.

EXTRAORDINARY GENERAL MEETING OF HSAC2 SHAREHOLDERS

General

HSAC2 is furnishing this proxy statement/prospectus to its shareholders as part of the solicitation of proxies by the HSAC2 Board for use at the Shareholder Meeting to be held on _____, 2022, and at any adjournment or postponement thereof. This proxy statement/prospectus provides HSAC2's shareholders with information they need to know to be able to vote or direct their vote to be cast at the Shareholder Meeting.

Date, Time and Place

The Shareholder Meeting will be held on _____, 2022, at _____ Eastern Time, at the offices of _____ at _____, and via live webcast at the following address: <https://> _____, or such other date, time and place to which such meeting may be adjourned or postponed, for the purposes set forth in the accompanying notice.

Voting Power; Record Date

You will be entitled to vote or direct votes to be cast at the Shareholder Meeting if you owned HSAC2 Ordinary Shares at the close of business on _____, 2022, which is the Record Date. You are entitled to one vote for each HSAC2 Ordinary Share that you owned as of the close of business on the Record Date. If your shares are held in "street name" or are in a margin or similar account, you should contact your broker, bank or other nominee to ensure that votes related to the shares you beneficially own are properly counted. On the Record Date, there were 11,212,117 HSAC2 Ordinary Shares outstanding, of which 6,762,117 are Public Shares (including 30,000 shares held by our officers), 4,000,000 are Insider Shares and 450,000 are Private Shares held by the Initial Shareholders.

Vote of the Sponsor, Directors and Officers

In connection with the HSAC2 IPO, HSAC2 entered into agreements with each of its Sponsor, directors and officers pursuant to which each agreed to vote any HSAC2 Ordinary Shares they owned in favor of the Business Combination Proposal and for all other proposals presented at the Shareholder Meeting. However, any HSAC Ordinary Shares acquired outside of the redemption offer set forth in this proxy statement/prospectus, including the 1,000,000 Forward Purchase Shares purchased by the RTW Funds and any Backstop Purchases, will not be voted in favor of approving the Business Combination Proposal and, further, will not carry redemption rights. Therefore, while the Insider Shares, Private Shares and 30,000 Public Shares held by our officers will be voted in favor of the Business Combination, the 1,000,000 Forward Purchase Shares purchased by the RTW Funds and any Backstop Purchases will not. These agreements apply to the Insider Shares, Private Shares and 30,000 Public Shares held by our officers. Any additional HSAC2 Ordinary Shares that they acquire, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination and will not carry redemption rights. See the section titled "*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — The General Structure of the Business Combination.*"

HSAC2's Sponsor, directors and officers agreed, at the time of the IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to waive any redemption rights, including with respect to HSAC2 Ordinary Shares issued or purchased in the HSAC2 IPO or in the aftermarket, in connection with the Business Combination. The Insider Shares and the Private Warrants held by the Sponsor have no redemption rights upon HSAC2's liquidation and will be worthless if no business combination is effected by HSAC2 by the Extension Date.

Quorum and Required Vote for Proposals

A quorum of HSAC2 shareholders is necessary to hold a valid meeting. A quorum will be present at the Shareholder Meeting if the holders a majority of the issued shares entitled to vote at the Shareholder Meeting are represented in person or by proxy. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on the Proposals.

The Business Combination Proposal, the Advisory Governance Proposals, the Nasdaq Proposal, the Director Election Proposal, the Equity Incentive Plan Proposal and the Adjournment Proposal require the approval of an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the HSAC2 Ordinary Shares

who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. The Advisory Governance Proposals are voted upon on a non-binding advisory basis only. The Domestication Proposal, the Charter Approval Proposal and the Bylaws Approval Proposal require the approval of a special resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of at least two-thirds of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting.

The closing is conditioned on the approval of the Proposals (other than the Advisory Governance Proposals and the Adjournment Proposal) at the Shareholder Meeting. Each of the Condition Precedent Proposals is conditioned on the approval and adoption of each of the other Condition Precedent Proposals.

It is important for you to note that, in the event that any of the Condition Precedent Proposals is not approved, HSAC2 will not consummate the Business Combination. If HSAC2 does not consummate the Business Combination and fails to complete an initial business combination by the Extension Date, HSAC2 will be required to dissolve and liquidate, unless we obtain shareholder approval to amend our Existing Charter to further extend the date by which the Business Combination may be consummated.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, are not treated as votes cast and will have no effect on the Proposals. A shareholder's failure to vote by proxy or to vote in person at the Shareholder Meeting will not be counted towards the number of HSAC2 Ordinary Shares required to validly establish a quorum, and if a valid quorum is otherwise established, will have no effect on the outcome of any vote on any of the Proposals.

Recommendation of the Board

The Board has unanimously determined that each of the Proposals is fair to and in the best interests of HSAC2 and its shareholders, and has unanimously approved such Proposals. The Board unanimously recommends that shareholders:

- vote "FOR" the Business Combination Proposal;
- vote "FOR" the Domestication Proposal;
- vote "FOR" the Charter Approval Proposal;
- vote "FOR" the Bylaws Approval Proposal;
- vote "FOR" the Advisory Governance Proposals;
- vote "FOR" the Nasdaq Proposal;
- vote "FOR" each of the nominees set forth in the Director Election Proposal;
- vote "FOR" the Equity Incentive Plan Proposal; and
- vote "FOR" the Adjournment Proposal, if it is presented to the meeting.

Voting Your Shares

Each HSAC2 Ordinary Share that you own in your name entitles you to one vote. If you are a registered owner of your shares, there are two ways to vote your HSAC2 Ordinary Shares at the Shareholder Meeting:

- *You Can Vote by Signing and Returning the Enclosed Proxy Card.* If you vote by proxy card, your "proxy," whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by the Board "FOR" each of the Business Combination Proposal, the Domestication Proposal, the Charter Approval Proposal, the Bylaws Approval Proposal, the Advisory Governance Proposals, the Nasdaq Proposal, each of the nominees set forth in the Director Election Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal (if presented). Votes received after a matter has been voted upon at the Shareholder Meeting will not be counted.

- *You Can Attend the Shareholder Meeting Online and Vote Through the Internet.* You will be able to attend the Shareholder Meeting online and vote during the meeting by visiting <https://> and entering the control number included on your proxy card or on the instructions that accompanied your proxy materials, as applicable.

If your shares are held in “street name” or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. If you wish to attend the Shareholder Meeting and vote in person and your shares are held in “street name,” you must obtain a legal proxy from your broker, bank or nominee. That is the only way HSAC2 can be sure that the broker, bank or nominee has not already voted your shares.

Revoking Your Proxy

If you are a registered owner of your shares and you give a proxy, you may change or revoke it at any time before it is exercised by doing any one of the following:

- you may send another proxy card with a later date;
- you may notify HSAC2’s secretary in writing before the Shareholder Meeting that you have revoked your proxy; or
- you may attend the Shareholder Meeting, revoke your proxy, and vote through the Internet as described above.

If your shares are held in “street name” or are in a margin or similar account, you should contact your broker for information on how to change or revoke your voting instructions.

No Additional Matters May Be Presented at the Shareholder Meeting

The Shareholder Meeting has been called only to consider the approval of the Business Combination Proposal, the Domestication Proposal, the Charter Approval Proposal, the Bylaws Approval Proposal, the Advisory Governance Proposals, the Nasdaq Proposal, the Director Election Proposal, the Equity Incentive Plan Proposal, and the Adjournment Proposal. Under the laws of the Cayman Islands, only business stated in the notice of an extraordinary general meeting may be transacted at such meeting.

Redemption Rights

Pursuant to the Existing Charter, holders of Public Shares may elect to have their shares converted into an amount equal to (1) the number of Public Shares being converted by such public holder divided by the total number of Public Shares multiplied by (2) the amount per share then in the Trust Account (initially \$10.00 per HSAC2 Ordinary Share), which includes the deferred underwriting discounts and commissions, plus a pro rata portion of any interest earned on the funds held in the Trust Account less any amounts necessary to pay our taxes.

As of _____, 2022, based on funds in the Trust Account of approximately \$ _____, this would have amounted to approximately \$ _____ per share (exclusive of _____). If a holder exercises its redemption rights, then such holder will be exchanging its HSAC2 Ordinary Shares for cash and will no longer own shares of New Orchestra. Such a holder will be entitled to receive cash for its Public Shares only if it properly demands redemption and tenders its shares (either physically or electronically, including share certificates (if any) and other redemption forms) to HSAC2’s transfer agent prior to the Shareholder Meeting. See the section titled, “*Extraordinary General Meeting of HSAC2 Shareholders — Redemption Rights.*”

In order to exercise your redemption rights, you must:

- check the box on the enclosed proxy card to elect redemption;
- check the box on the enclosed proxy card marked “Shareholder Certification” if you are not acting in concert or as a “group” (as defined in Section 13d-3 of the Exchange Act) with any other shareholder with respect to HSAC2 Ordinary Shares;
- prior to 5:00 PM Eastern time on _____, 2022, tender your shares physically or electronically and submit a request in writing that we redeem your Public Shares for cash to Continental Stock Transfer & Trust Company, HSAC2’s transfer agent, at the following address:

Continental Stock Transfer & Trust Company
One State Street Plaza, 30th Floor
New York, NY 10004
Attn: Mark Zimkind
E-mail: mzimkind@continentalstock.com

- deliver your Public Shares (either physically or electronically, including share certificates (if any) and other redemption forms) through DTC to HSAC2’s transfer agent before the Shareholder Meeting. Shareholders seeking to exercise their redemption rights and opting to tender or deliver physical certificates should allot sufficient time to obtain physical certificates from the Transfer Agent and time to effect tendering or delivery. It is HSAC2’s understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the Transfer Agent. However, HSAC2 does not have any control over this process and it may take longer than two weeks. Shareholders who hold their shares in street name will have to coordinate with their bank, broker or other nominee to have the shares certificated or delivered electronically. If you do not submit a written request and tender or deliver your Public Shares (either physically or electronically, including share certificates (if any) and other redemption forms) as described above, your shares will not be redeemed.

Any request for redemption, once made by a holder of Public Shares, may not be withdrawn once submitted to HSAC2 unless the Board of Directors of HSAC2 determines (in its sole discretion) to permit the withdrawal of such redemption request (which they may do in whole or in part). If you tendered or delivered your shares (either physically or electronically, including share certificates (if any) and other redemption forms) for redemption to HSAC2’s transfer agent and decide within the required timeframe not to exercise your redemption rights, you may request that HSAC2’s transfer agent return the shares (physically or electronically). You may make such request by contacting HSAC2’s transfer agent at the phone number or address listed above.

Prior to exercising redemption rights, shareholders should verify the market price of the HSAC2 Ordinary Shares as they may receive higher proceeds from the sale of their HSAC2 Ordinary Shares in the public market than from exercising their redemption rights if the market price per share is higher than the redemption price. We cannot assure you that you will be able to sell your HSAC2 Ordinary Shares in the open market, even if the market price per share is higher than the redemption price stated above, as there may not be sufficient liquidity in the HSAC2 Ordinary Shares when you wish to sell your shares.

If you exercise your redemption rights, your HSAC2 Ordinary Shares will cease to be outstanding immediately prior to the Business Combination and will only represent the right to receive a pro rata share of the aggregate amount on deposit in the Trust Account. You will no longer own those shares and will have no right to participate in, or have any interest in, the future growth of New Orchestra, if any. You will be entitled to receive cash for these shares only if you properly and timely demand redemption.

If the Business Combination is not approved and HSAC2 does not consummate an initial business combination by the Extension Date, HSAC2 will be required to dissolve and liquidate its Trust Account by returning the then remaining funds in such account to the Public Shareholders and the Private Warrants will expire worthless, unless we amend our Existing Charter to extend the date by which the Business Combination may be consummated.

Dissenters' Rights and Appraisal Rights

There are no appraisal rights available to holders of HSAC2 Ordinary Shares or the Private Warrants in connection with the Domestication Proposal under the DGCL.

As a matter of Cayman Islands law, dissenters' rights only apply to statutory mergers where the Cayman Islands company is a constituent party thereto.

Proxy Solicitation

HSAC2 is soliciting proxies on behalf of the HSAC2 Board. This solicitation is being made by mail but also may be made by telephone, by facsimile, on the Internet or in person. HSAC2 and its directors, officers and employees may also solicit proxies in person. HSAC2 will file with the SEC all scripts and other electronic communications as proxy soliciting materials. HSAC2 will bear the cost of the solicitation.

HSAC2 has hired Morrow Sodali to assist in the proxy solicitation process. HSAC2 will pay that firm a fee of \$22,500, plus disbursements and exclusive of fees for additionally contracted services.

HSAC2 will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. HSAC2 will reimburse them for their reasonable expenses.

PROPOSALS TO BE CONSIDERED BY HSAC2 SHAREHOLDERS

**PROPOSAL 1
THE BUSINESS COMBINATION PROPOSAL**

General

Holders of HSAC2 Ordinary Shares are being asked to approve and adopt the Merger Agreement and the transactions contemplated thereby, including the Business Combination. HSAC2 shareholders should read carefully this proxy statement/prospectus in its entirety for more detailed information concerning the Merger Agreement, which is attached as *Annex A-1* and *Annex A-2* to this proxy statement/prospectus. Please see the section entitled “— *The Merger Agreement*” below, for additional information and a summary of certain terms of the Merger Agreement. You are urged to read carefully the Merger Agreement in its entirety before voting on this proposal.

HSAC2 may consummate the Business Combination only if all of the Condition Precedent Proposals are approved by the HSAC2 shareholders in person (including virtually) or represented by proxy and entitled to vote thereon and who vote at the Shareholder Meeting or any adjournment or postponement thereof.

Background of the Business Combination

The terms of the Business Combination are the result of arm’s-length negotiations between the representatives of HSAC2 and Orchestra. The following is a brief description of the background of these negotiations and the resulting Business Combination, and does not purport to list every communication among representatives of HSAC2, Orchestra or other parties.

HSAC2 is a blank check company incorporated on May 25, 2020 and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or other similar business combination with one or more businesses. The Business Combination with Orchestra is the result of an active search for a potential business combination transaction utilizing the network and investing and transaction experience of HSAC2’s management team and the Board. Although HSAC2’s efforts to identify a prospective target business were not to be limited to any particular industry or geographic location, HSAC2 intended to focus on businesses in the healthcare and healthcare-related industries in North America or Europe.

On August 6, 2020, HSAC2 consummated its IPO from which it received gross proceeds of \$160.0 million (including full exercise of the underwriters’ over-allotment option, but before underwriting discounts and commissions and offering expenses). Simultaneously with the consummation of the IPO, HSAC2 consummated a private placement (the “**Private Placement**”) in which it sold (i) the 450,000 Private Shares at \$10.00 per Private Share (for a total purchase price of \$4.5 million) and (ii) 1,500,000 Private Warrants to the Sponsor at a price of \$1.00 per Private Warrant (for a total purchase price of \$1.5 million), generating total proceeds of \$6.0 million. Prior to the IPO, neither HSAC2 nor anyone on its behalf identified any specific combination or initiated or engaged in any substantive discussions, formal or otherwise, with any business combination target with respect to a business combination with HSAC2.

Following the completion of the IPO, HSAC2’s officers and directors commenced an active, targeted search for an initial set of potential business combination targets by leveraging its officers’ and directors’ and Sponsor affiliates’ networks of investment bankers, private equity firms and hedge funds, as well as numerous other business relationships. In addition, HSAC2 was contacted by a number of individuals and entities with respect to business combination opportunities. HSAC2’s due diligence, evaluation and analysis involved, among other things, diligence with respect to, and evaluating and analyzing, each target’s product candidate pipelines, other potential product or service offerings, technology, market potential and financial information, in each case, based on publicly available information and other market research available to the management team, and the management team’s existing knowledge of the potential targets as a result of existing relationships and networks. In the case of Orchestra, HSAC2 utilized its knowledge of the medical technology industry and Orchestra’s business, technologies and potential product offerings as a result of an approximately 1.6% ownership stake in Orchestra (on a fully diluted basis) held by the RTW Funds, which was purchased in June 2019 in connection with Orchestra’s Series B-1 preferred stock financing. No representatives from RTW were involved with or participated in any meetings, discussions, votes or other actions of the Orchestra board of directors (the “**Orchestra Board**”) (or any committees thereof) relating to the Business Combination prior to the

IPO. No information regarding the Business Combination was provided to passive investors of Orchestra prior to Orchestra's private placement memorandum dated January 30, 2022 for its Series D preferred equity financing (the "**Series D Financing**").

The focus of HSAC2's targeted search was for potential business combination targets that possessed under-researched and underappreciated assets poised for significant growth once adequately capitalized. HSAC2's directors and officers believed, based on their experience, that they should focus on businesses that could satisfy all (or a portion of) certain key acquisition criteria for a business combination target, including:

- Scientific or other competitive market advantages;
- Readiness to be a public company, with strong management, corporate governance and reporting policies in place;
- Likelihood to be well-received by public investors and have good access to public capital markets;
- Significant embedded and/or underexploited growth opportunities that the HSAC2 management team could uniquely identify and monetize;
- Unrecognized value or other characteristics misvalued by the market; and
- Willingness to offer attractive risk-adjusted equity returns for our shareholders.

During the search process, from August 6, 2020 to January 20, 2022, the date on which HSAC2 entered into a non-binding letter of intent with Orchestra, HSAC2's management team and representatives of HSAC2:

- Completed reviews of approximately 38 companies (including Orchestra) that HSAC2's management team determined met one or more acquisition criteria;
- Entered into non-disclosure and confidentiality agreements with eleven companies (including Orchestra) that HSAC2's management team determined to be strong potential acquisition targets, in order to facilitate due diligence review of confidential materials from these companies; and
- Exchanged draft term sheets concerning a potential business combination with five potential targets (including Orchestra) but executed only one term sheet (with Orchestra).

The four potential targets other than Orchestra with which we exchanged term sheets included:

- **Candidate One:** Beginning in August 2020, representatives of HSAC2 held multiple teleconferences with the management of an oncology focused biotechnology company ("**Candidate One**"), which was seeking private round fundraising before a potential initial public offering. Subsequent to HSAC2's IPO, Candidate One had emerged as a priority target for a potential business combination. In November 2020, Candidate One and HSAC2's representatives held a meeting to discuss the terms of a potential business combination and, soon after, HSAC2 delivered an initial term sheet to Candidate One. In late November 2020, Candidate One shared a redacted letter of intent it had received from another SPAC looking for a business combination target that was at a valuation that HSAC2's management believed was overvalued relative to the status of Candidate One's clinical risk profile. Based on the disparity in valuation expectations between Candidate One and HSAC2's management, HSAC2's management decided to pass on the opportunity.
- **Candidate Two:** Beginning in January 2021, representatives of HSAC2 held multiple teleconferences with the management of a company known to the representatives of HSAC2 as an innovative oncology focused biotechnology company ("**Candidate Two**"). Subsequent to HSAC2's IPO, Candidate Two had emerged as a priority target for a potential business combination. Representatives of HSAC2 held teleconferences with management and representatives of Candidate Two that focused on diligence, valuation, pro forma ownership by Candidate Two's management team and other structural items. On February 17, 2021 representatives of HSAC2 delivered a preliminary term sheet to Candidate Two. After additional discussions with Candidate Two, HSAC2's management determined to end its pursuit of Candidate Two as a potential target because Candidate Two's valuation expectations relative to HSAC2 management's view of Candidate Two's business prospects would be too wide to negotiate.

- Candidate Three: In March 2021 representatives of HSAC2 held a teleconference with the management of an innovative medical technology company (“**Candidate Three**”) to discuss a potential business combination with HSAC2 and an understanding of Candidate Three. In March and April 2021 representatives of HSAC2 held multiple telephonic calls with Candidate Three to determine Candidate Three’s financing needs. On April 15, 2021, HSAC2 submitted a draft letter of intent to Candidate Three. After further discussions, HSAC2’s management determined that the pro forma ownership structure proposed by HSAC2 was not acceptable to Candidate Three as indicated in its mark-up of the letter of intent. Accordingly, representatives of HSAC2 communicated to Candidate Three that it was no longer interested in a potential business combination with the Candidate Three.
- Candidate Four: Beginning in October 2021, representatives of HSAC2 held virtual and in-person meetings with management and representatives of a medical device and digital health technology company (“**Candidate Four**”). Discussions with Candidate Four included due diligence and the potential terms for a business combination. HSAC2 and Candidate Four exchanged multiple drafts of a preliminary term sheet; however, in the meantime, discussions between representatives of HSAC2 and Orchestra accelerated and, as a result, HSAC2 ended substantive discussions with Candidate Four on January 11, 2022.

Negotiations with Orchestra

On November 1, 2021, Dr. Yalamanchi, Executive Vice President and Chief Financial Officer of HSAC2, had a telephonic meeting with David Hochman, Chairman and Chief Executive Officer of Orchestra, to discuss certain matters related to Orchestra’s business unrelated to a business combination with HSAC2. At the meeting, Mr. Hochman introduced that Orchestra was exploring a business partnership with Medtronic relating to Orchestra’s BackBeat CNT technology in combination with a potential private funding round that would include an equity investment by Medtronic. On September 23, 2021, RTW and Orchestra entered into a non-disclosure agreement in connection with the negotiations. As such, discussions regarding Medtronic were confidential. Dr. Yalamanchi indicated to Mr. Hochman that HSAC2 would be interested in exploring a potential business combination between HSAC2 and Orchestra if a collaboration agreement was executed with Medtronic. During this meeting, the parties did not discuss the terms of a potential business combination or resolve to take any subsequent steps with respect to a potential business combination between HSAC2 and Orchestra. Following this meeting, Orchestra continued to explore other potential strategic financings (including an initial public offering and a private preferred stock financing round) and HSAC2 continued to explore other potential business combination targets.

On November 6, 2021, representatives of HSAC2 were provided access to Orchestra’s electronic data room.

On November 8, 2021, representatives of HSAC2, Mr. Hochman, and Orchestra’s Chief Operating Officer, Darren Sherman, attended an introductory meeting where Mr. Hochman and Mr. Sherman presented Orchestra’s history, current business and future vision to HSAC2, and answered questions from HSAC2’s representatives. Following this meeting, the parties agreed to engage in further discussions.

On November 16, 2021, representatives of HSAC2, Mr. Hochman, representatives of Paul Hastings LLP (“**Paul Hastings**”), counsel to Orchestra, and representatives of Jefferies LLC (“**Jefferies**”), lead financial and capital markets advisor to Orchestra, held a telephonic meeting and discussed how to avoid the transmittal of material non-public information related to Orchestra’s potential collaboration with Medtronic. At the meeting, it was discussed how a private financing round was most appropriate to fund the development activities and satisfy a potential minimum funding requirement in connection with a potential collaboration between Orchestra and Medtronic (the “**Medtronic Collaboration**”) that Orchestra was negotiating.

On November 17, 2021, representatives of HSAC2 held a telephonic meeting with Mr. Hochman and Mr. Sherman. At the meeting, representatives of HSAC2 and Orchestra discussed Orchestra’s business, strategic prospects, including the ongoing negotiations with Medtronic regarding the Medtronic Collaboration, as well as certain key aspects of a potential business combination with HSAC2. At the end of the meeting, representatives of both HSAC2 and Orchestra expressed interest in further exploring a potential business combination. Specifically, they discussed the benefits of a potential business combination between HSAC2 and Orchestra, which included: (i) providing Orchestra with capital to continue its research and development (“**R&D**”) efforts and further develop its platform, (ii) the benefits to being a public company, including having additional sources of capital available through the public equity markets if needed, and (iii) the less dilutive nature of a potential business combination with HSAC2 as compared to potential

combinations with other special purpose acquisition company (“SPAC”) counterparties, given the size of HSAC2’s Trust Account, HSAC2’s not having offered any warrants to public investors in connection with its IPO, and the strength of HSAC2’s investor base.

On November 29, 2021, HSAC2 and Orchestra executed a non-disclosure and confidentiality agreement, which contained, among other provisions, customary non-disclosure and non-use provisions, and a customary trust account waiver pursuant to which Orchestra waived any right, title, interest or claim to the Trust Account and agreed not to seek recourse against the Trust Account for any reason.

On November 29, 2021, Mr. Hochman called Dr. Yalamanchi and informed him that Orchestra and Medtronic had executed a term sheet regarding the Medtronic Collaboration (the “**Medtronic Term Sheet**”), which related to Orchestra’s BackBeat CNT technology. Additionally, the Medtronic Term Sheet included provisions for a \$40 million equity investment in Orchestra by Medtronic (the “**Medtronic Investment**”) contingent upon a new financing round by Orchestra of \$100 million inclusive of the Medtronic Investment. Subsequently, Mr. Hochman emailed a copy of the Medtronic Term Sheet to Dr. Yalamanchi.

On December 2, 2021, representatives of HSAC2 held a telephonic meeting with Mr. Hochman and Mr. Sherman during which Mr. Hochman and Mr. Sherman provided an overview of the terms of the Medtronic Term Sheet and the next steps for Orchestra to consummate the Medtronic Collaboration. At the meeting, the HSAC2 representatives, Mr. Hochman and Mr. Sherman discussed Orchestra’s capital needs in connection with the Medtronic Collaboration. In particular, Orchestra communicated that it would need to conduct a private financing round to raise a total of at least \$100 million to enable a closing of the Medtronic Collaboration and the Medtronic Investment and fund development work for the collaboration and other Orchestra operating expenses. Orchestra communicated its intent to seek subscriptions for the Series D Financing during which it would confidentially communicate the execution of the Medtronic Term Sheet to existing and prospective investors. It also communicated its longer-term strategic financing plan, consisting of either an initial public offering or a business combination with a SPAC following the Series D Financing. Mr. Hochman and Mr. Sherman indicated that Orchestra intended to solicit existing Orchestra stockholders, offering an estimated 10% discount to existing investors if they subscribed early to the Series D Financing, and to perform targeted outreach to new investors who did not currently own stock in Orchestra. The valuation of Orchestra was not discussed at this time. The representatives of Orchestra indicated that they planned to initiate the Series D Financing process in January 2022. Representatives of HSAC2 indicated that they were encouraged by the progress of the Medtronic Term Sheet and, if closed, the Medtronic Collaboration would be a compelling catalyst to support a business combination with HSAC2.

On December 6, 2021, representatives of HSAC2 held a preliminary diligence call with Mr. Hochman and Mr. Sherman to discuss the Medtronic Collaboration in greater detail, including the market potential if the BackBeat CNT product candidate were integrated into Medtronic’s cardiac pacemaker device (the “**Combined Product**”), assuming marketing approval, clinical data on BackBeat CNT generated to date, the Combined Product’s potential impact on patients, the likelihood of physicians’ prescribing the Combined Product, next steps for development of the Combined Product, including clinical and regulatory development strategy, and certain other features of the Medtronic Collaboration.

On December 7, 2021, representatives of HSAC2 provided to Orchestra an initial draft of a non-binding term sheet (the “**Business Combination Term Sheet**”), which included the following terms:

- A valuation of Orchestra at \$228 million on a fully diluted enterprise value immediately prior to the closing of a business combination with HSAC2 (the “**BC Closing**”) excluding fees;
- The issuance of 6 million additional shares of common stock of HSAC2 to former Orchestra stockholders, vesting upon achievement of the following milestones at any time prior to the fifth anniversary of the BC Closing: (i) 50% of such shares vesting upon achievement of a volume-weighted average price for a 20-day trading period of the common stock of the post-combination company of \$17.50, and (ii) the remaining 50% vesting upon achievement of a volume-weighted average price for a 20-day trading period of the common stock of the post-combination company of \$31.50 (the “**Company Earnout**”);
- A right of HSAC2 to appoint at least one person to the New Orchestra Board;
- HSAC2 having cash of no less than \$50 million immediately prior to the BC Closing.

Between December 8, 2021 and December 21, 2021, representatives of HSAC2 and Orchestra held multiple telephonic and teleconference meetings to further discuss and explore a potential business combination between HSAC2 and Orchestra and the terms of such a business combination. As part of these discussions, Mr. Hochman indicated that Orchestra would be unlikely to pursue a business combination with HSAC2 unless the equity valuation in the business combination was attractive relative to the valuation of Orchestra's previous private financing rounds.

On December 21, 2021, Orchestra delivered a revised draft of the Business Combination Term Sheet to HSAC2, which included the following changes:

- Enterprise value of \$435 million on a fully diluted enterprise value immediately prior to the BC Closing, excluding fees;
- \$5 million investment in Orchestra's Series D Financing by the RTW Funds;
- An investment by the Sponsor of \$25 million in a private placement, provided that some or all of this amount may be used to purchase shares in HSAC2 in open-market transactions subject to agreement by the parties;
- A mechanism for increasing Orchestra's equity valuation by up to \$50 million on a dollar-for-dollar basis with funds in excess of \$100 million raised in the Series D Financing;
- Proposed forfeiture by the Sponsor of 50% of its Insider Shares and Private Warrants (the "**Sponsor Equity**") if cash remaining in the Trust Account were less than \$100 million after the BC Closing and reduced levels of forfeiture, on a linear basis, for amounts between \$100 million and \$50 million; the remaining 50% of the Sponsor Equity also subject to forfeiture in one-third increments unless New Orchestra's share price were to exceed 20-day volume-weighted average share prices of \$12.50 per share, \$15.00 per share and \$17.50 per share over a five-year period; and
- Removal of the Company Earnout provision.

Included with the December 21, 2021 draft of the Business Combination Term Sheet counterproposal was a spreadsheet that included a capitalization model, which contemplated pricing the business combination at \$13.75 per share, which represented a 10% premium to the intended Series D Financing.

Between December 23, 2021 and December 28, 2021, representatives of HSAC2 and Orchestra held multiple telephonic meetings to further clarify descriptions in the Business Combination Term Sheet and discuss the terms of the proposed business combination, including valuation of the pro forma combined company, valuation step-up relative to a contemplated Series D Financing, certain concessions by the Sponsor, sizing of the Series D Financing, board seats, earnouts, and restrictions on selling shares in New Orchestra.

On December 29, 2021 and December 30, 2021, representatives of HSAC2 exchanged drafts of the Business Combination Term Sheet with Orchestra, which included the following changes:

- Enterprise value of \$310 million on a fully diluted enterprise value immediately prior to the BC Closing excluding fees;
- Removal of all adjustments to the Sponsor Equity; and
- Reinsertion of the Company Earnout provision.

On January 11, 2022, representatives of Orchestra sent a revised draft of the Business Combination Term Sheet to representatives of HSAC2, which included the following changes:

- An enterprise value of \$400 million on a fully diluted basis immediately prior to the BC Closing, using a treasury stock method calculation, excluding fees;
- A valuation step-up to Orchestra's Series D Financing of 15% for the contemplated business combination; and
- \$25 million of investment by the Sponsor to be invested in a private placement before or simultaneously with the potential business combination.

Between January 12, 2022 and January 17, 2022 representatives of HSAC2 and Orchestra held multiple telephonic calls and exchanged multiple versions of the capitalization model. During these calls, the parties discussed a number of topics, including Orchestra's valuation, Orchestra's capitalization, and how to allocate the Sponsor's investment between a private placement and a forward purchase arrangement.

On January 17, 2022, Orchestra sent a revised draft of the Business Combination Term Sheet to HSAC2, which included the following changes:

- An enterprise value of \$347 million on a fully diluted enterprise value immediately prior to the BC Closing, using a treasury stock method calculation, excluding fees;
- A \$15 million investment by the Sponsor, to be invested in a private placement before or simultaneously with the proposed business combination and \$10 million to be invested either in a private placement or open-market purchases before or after the business combination; and
- Reinsertion of a modified Company Earnout provision specifying the issuance of 8 million additional shares of New Orchestra Common Stock (the "**Proposed Earn-Out Shares**") to former Orchestra shareholders on achievement of a \$17.50 volume-weighted average price of New Orchestra Common Stock over a 20-day trading period up to the 5th anniversary of the BC Closing.

Between January 18, 2022 and January 20, 2022, representatives of HSAC2 and Orchestra exchanged multiple drafts of the Business Combination Term Sheet refining legal language and clarifying terms.

On January 20, 2022, after extensive arm's-length negotiations between representatives and advisors of the respective parties, HSAC2 and Orchestra agreed on, and executed, the non-binding Business Combination Term Sheet, which provided for, among other things:

- a valuation of Orchestra based on an implied fully diluted enterprise value of \$347 million immediately prior to the BC Closing, using a treasury stock method calculation, excluding fees;
- a \$15 million investment by the Sponsor, to be invested in a private placement before or simultaneously with the proposed business combination and \$10 million to be invested either in a private placement or open-market purchases before or after the business combination;
- a \$5 million investment in Orchestra's Series D Financing by the RTW Funds;
- the modified Company Earnout provision specifying the issuance of 8 million additional shares of New Orchestra Common Stock to former Company shareholders on achievement of a \$17.50 volume-weighted average price of New Orchestra Common Stock over a 20-day trading period up to the fifth anniversary of the BC Closing;
- A 6-month lock-up on HSAC2 Ordinary Shares held by the Sponsor and affiliates;
- HSAC2 having cash of no less than \$50 million immediately prior to the BC Closing; and
- a right of HSAC2 to appoint at least one person to the New Orchestra Board.

The Business Combination Term Sheet included a binding exclusivity period that, subject to certain customary exceptions, ended on the later of (a) 5:00 p.m. Eastern Time on April 30, 2022, and (b) the time at which either party gave written notice to the other party of termination. This exclusivity period between Orchestra and HSAC2 was subsequently extended by mutual agreement of the parties until June 30, 2022.

After HSAC2 entered into the Business Combination Term Sheet, HSAC2's management provided HSAC2's board of directors an update regarding the potential business combination with Orchestra, including the terms of the Business Combination Term Sheet and the expected process and timing for the proposed business combination.

On February 2, 2022, representatives of Orchestra, HSAC2, Loeb & Loeb LLP ("**Loeb & Loeb**"), counsel to HSAC2; Paul Hastings; Chardan Capital Markets, LLC ("**Chardan**") and Barclays Capital Inc. ("**Barclays**"), financial advisors to HSAC2; Jefferies, lead financial and capital markets advisor to Orchestra, and Piper Sandler & Co. ("**Piper**"), financial advisor to Orchestra; and other parties, conducted a meeting telephonically during which

the parties and their respective representatives and advisors discussed the potential transaction. In particular, it was noted that the potential business combination could not proceed until Orchestra and Medtronic executed a license and collaboration agreement.

Between the initial telephonic meeting on February 2, 2022 and the signing of the Merger Agreement on July 4, 2022, representatives and advisors of HSAC2 and Orchestra conducted weekly telephonic meetings to discuss progress on, and provide updates regarding, key workstreams and other aspects of the potential business combination and, as needed, to further refine the transaction timeline, steps and work plan, including investor commitments in the Series D Financing, the status of the Exclusive License and Collaboration Agreement, dated as of June 30, 2022, by and among, Orchestra BioMed, Inc., BackBeat Medical, LLC and Medtronic, Inc. (the “**Medtronic Agreement**”) and the terms of the contemplated business combination transaction. During the same period, the management teams of Orchestra and HSAC2 also met on a weekly basis to review the progress of the Series D Financing, the status of the Medtronic Agreement and the terms of the contemplated business combination transaction.

Between the initial telephonic meeting on February 2, 2022 and the signing of the Merger Agreement on July 4, 2022, representatives of HSAC2 conducted further due diligence with respect to Orchestra, including:

- a review of the materials provided in the online data room;
- engaging Loeb & Loeb to conduct corporate due diligence on Orchestra;
- engaging Cooley LLP to conduct intellectual property and regulatory due diligence on Orchestra;
- meetings with Mr. Hochman, Mr. Sherman and Mr. Kaswan of Orchestra’s management team regarding Orchestra’s business, including Orchestra’s pipeline, operations, intellectual property and technical matters, as well as tax and legal matters, including those related to regulatory matters and clinical operations, corporate matters (including material contracts, capitalization and other customary corporate matters) and labor and employment matters;
- financial and valuation analysis, including review of information relating to Orchestra’s revised capitalization table based on results from the Series D Financing,
- teleconferences with Terumo to discuss Orchestra’s relationship with Terumo, including history of the relationship, potential of the collaboration product, Virtue SAB, development and commercialization strategy and the impact of the COVID-19 pandemic, including to the supply chain and the product’s commercialization potential; and
- review of a draft and the final version of the Medtronic Agreement.

On February 23, 2022, on behalf of HSAC2, Loeb & Loeb distributed the first draft of the Merger Agreement to Orchestra and Paul Hastings. Between February 23, 2022 and July 4, 2022, Loeb & Loeb and Paul Hastings, exchanged a number of revised drafts of the Merger Agreement. Over the same period, Loeb & Loeb and Paul Hastings and other representatives and advisors of HSAC2 and Orchestra held a number of conference calls regarding certain terms and conditions of the Merger Agreement, including the representations and warranties addressing, among other matters, Orchestra’s capitalization, intellectual property, compliance with laws, litigation, and contracts.

On April 28, 2022, HSAC2’s representatives at Loeb & Loeb provided to Orchestra’s representatives at Paul Hastings initial drafts of the HSAC2 Shareholder Transaction Support Agreements, pursuant to which certain HSAC2 Shareholders and Orchestra Stockholders would agree to, among other things, (a) vote in favor of the Merger Agreement and the transactions contemplated thereby and (b) be bound by certain other covenants and agreements related to the Business Combination. During this time and in connection with these negotiations, multiple drafts of these agreements were exchanged prior to their execution on July 4, 2022, which occurred simultaneously with the execution of the Merger Agreement. For additional information, see “— *Related Agreements — Transaction Support Agreements.*”

On June 2, 2022, Orchestra’s representatives at Paul Hastings provided HSAC2 and Loeb & Loeb with the first draft of the Amended and Restated Registration Rights Agreement based on the terms of the Business Combination Term Sheet as updated by subsequent discussions, pursuant to which, among other things, New Orchestra would agree to register for resale certain equity securities held by legacy Orchestra and certain

HSAC2 shareholders. Loeb & Loeb and Paul Hastings continued to negotiate the terms of the agreement over the course of the following weeks. During this time and in connection with these negotiations, multiple drafts of the agreement were exchanged prior to finalization of the agreement concurrently with the execution of the Merger Agreement. For further information related to the Amended and Restated Registration Rights Agreement, please see the section entitled “— *Related Agreements — Amended and Restated Registration Rights and Lock-Up Agreement.*”

On May 4, 2022, representatives of HSAC2 at Loeb & Loeb provided to Orchestra’s representatives at Paul Hastings the initial draft of the proxy statement to be filed by HSAC2 to extend the deadline to consummate a business combination.

Between May 10, 2022 and July 4, 2022, representatives and advisors of HSAC2 and Orchestra exchanged a number of drafts of the investor management presentation, and held various calls and meetings to discuss the investor management presentation, research analyst coverage and outstanding information requests related thereto. At no point were projections or forecasts provided to HSAC2 or investors.

From January 20, 2022 to May 20, 2022, the capital markets experienced a pullback, with the S&P 500 down 13%, amid persistent inflation, rising interest rates, geopolitical instability, and other adverse economic conditions. The market for life sciences technology companies in particular experienced significant price and volume fluctuations with the NASDAQ Biotechnology Index (Nasdaq: NBI) down 11% and the iShares US Medical Devices ETF (Nasdaq: IHI) down 12% during this time period. In addition, since HSAC2’s IPO, the SPAC market experienced a general decline in healthcare investor sentiment, which resulted in increased rates of redemption by SPAC shareholders.

On May 20, 2022, Mr. Hochman, Mr. Kaswan and representatives of HSAC2 held a telephonic call during which Mr. Hochman informed HSAC2 that, due to the recent equity market and sector-specific downturn and future market uncertainty, Medtronic and Orchestra were requiring that a minimum amount of \$50 million in the Trust Account would need to be assured in connection with the business combination transaction in order for Medtronic to sign the Medtronic Agreement. Representatives of HSAC2 communicated that they would consider this change and that the Sponsor would likely require a large reduction in the fully diluted enterprise value given the recent market fluctuations and the significant potential for capital loss given recent trading levels of post-combination SPAC share prices. In addition, HSAC2 noted that additional capital participation from Medtronic would also be needed to support the transaction. Representatives of HSAC2 indicated that they would discuss internally and come back to Orchestra with a response.

Between May 21, 2022 and May 31, 2022, representatives of Orchestra and representatives of HSAC2 held multiple telephonic conversations and exchanged draft capitalization models primarily focused on how to ensure that \$50 million of capital would be available to New Orchestra from the proposed business combination with HSAC2 while ensuring that the increased risk to the Sponsor and its affiliates would be acceptable to them. The conversations included discussions of numerous structural levers to balance risks, benefits and goals for Orchestra, Medtronic, HSAC2, and the Sponsor, including valuation of the pro forma post-combination company, capital provided to Orchestra, vesting of shares and warrants in HSAC2 owned by the Sponsor, reduction mechanisms for the \$50 million backstop commitment by the Sponsor, a valuation step-up from the Series D Financing, Orchestra’s capitalization table, including possible investor and employee anti-dilution provisions, and other structural items.

On May 27, 2022, representatives of Orchestra and representatives of HSAC2 agreed to a revised set of terms that differed from the Business Combination Term Sheet executed on January 20, 2022. The revised terms included several adjustments aimed at providing a minimum amount of cash to New Orchestra upon the closing of the Business Combination. As part of the revised terms, Orchestra agreed to reduce the pre-combination valuation and price of the Series D Financing to \$4.65 per share from the \$11.25 per share set forth in the Business Combination Term Sheet and the following adjustments, among others:

- a pro forma valuation of Orchestra of \$163 million on a fully diluted enterprise value immediately prior to the closing of the Business Combination, using a treasury stock method calculation, including fees;
- no valuation step-up from the Series D Financing to the Business Combination;
- the Sponsor would invest approximately \$15 million in Orchestra’s Series D Financing and \$10 million pursuant to a forward purchase agreement;

Table of Contents

- the issuance of 8 million additional shares of common stock of Orchestra to former Orchestra stockholders on achievement of the following milestones at any time prior to the fifth anniversary of the Closing:
 - 50% of such shares would vest upon achievement of a VWAP for New Orchestra Common Stock of \$15.00 over a 20-trading day period; and
 - 50% of such shares would vest upon achievement of a VWAP for New Orchestra Common Stock of \$20.00 over a 20-trading day period;
 - 1,000,000 Insider Shares held by the Sponsor would be subject to the vesting upon the following milestones at any time prior to the fifth anniversary of the Closing:
 - 500,000 of such Insider Shares would vest upon achievement of a VWAP for New Orchestra Common Stock of \$15.00 over a 20-trading day period; and
 - 500,000 of such Insider Shares would vest upon achievement of a VWAP for New Orchestra Common Stock of \$20.00 over a 20-trading day period; and
- the Sponsor would extinguish 1,500,000 Private Warrants.

Simultaneously, the Sponsor and Medtronic agreed to the following provisions to be signed concurrently with the Merger Agreement:

- a \$50 million commitment by the RTW Funds, affiliated with the Sponsor, to backstop potential redemptions by HSAC2 shareholders, to be reduced dollar for dollar for an aggregate amount raised in the Series D Financing in excess of \$110 million; and
- \$10 million of additional capital provided to Orchestra by Medtronic in the form of a forward purchase agreement.

On May 31, 2022 and June 2, 2022, representatives of Orchestra, HSAC2 and Medtronic discussed, among other items, the terms of the proposed backstop reduction by the RTW Funds, open market purchases, timeline to close and announcement preferences.

Between May 27, 2022 and June 17, 2022, Orchestra and representatives of HSAC2, with their respective advisers, continued to hold frequent meetings and to discuss updates to the combined entity pro forma capitalization model.

On June 17, 2022, a virtual meeting of the Board was held, with attendance by all members of the Board, HSAC2's representatives at Loeb & Loeb, HSAC2's management and advisors to HSAC2. At the meeting, the Board was provided with an overview of the proposed business combination (including the potential benefits and the risks related thereto), the key terms of the related ancillary documents and the due diligence process and findings with respect to Orchestra. During the meeting, the Board considered a set of preliminary deal terms similar to those reflected in the May 27, 2022 pro forma capitalization model shared with Orchestra that were yet to be negotiated with Orchestra. The Board then unanimously adopted and approved the terms of the proposed business combination, subject to a review of the near final transaction documents. The Board did not obtain a third-party valuation or fairness opinion in connection with its resolution to approve the Business Combination. Instead, the Board believed that the experience and background of HSAC2's management members, the members of the Board and the other representatives and advisors of HSAC2 enabled the Board to make the necessary analyses and determinations regarding the business combination and the other matters for approval.

On June 17, 2022, representatives of HSAC2 held a telephonic call with Mr. Hochman in which the representatives shared that they would need to reduce the extinguishment of the Sponsor's Private Warrants or reduce Orchestra's pre-combination valuation as a result of lower than anticipated pro forma cash of the combined entity. In a telephonic conversation later that day, Mr. Hochman agreed that the Sponsor would be required to forfeit 50% of its 1,500,000

Private Warrants, for no consideration, instead of 100% of its Private Warrants, to account for the changes identified by representatives of HSAC2, but HSAC2 would not have the right to appoint any director to the New Orchestra board of directors. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

On June 22, 2022, Paul Hastings provided on behalf of Orchestra an initial draft of the earnout election agreement to Loeb & Loeb. Between June 28, 2022 and June 30, 2022, the parties negotiated the terms of the earnout election contemplated by the Merger Agreement, pursuant to which Orchestra Equityholders would have the option to receive a portion of additional contingent consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate. Orchestra Equityholders, including the RTW Funds, who wish to receive their pro rata share of the Earnout Consideration would have to agree to a 12-month lock-up period following the Closing. For further information related to earnout election agreement, please see the section entitled “— *The Business Combination and the Merger Agreement — Merger Consideration*” for additional information.

Beginning June 27, 2022, representatives of Chardan and Barclays, held conversations with a select group of wall-crossed HSAC2 shareholders who agreed to customary non-disclosure agreements regarding Orchestra’s business to make them aware of the upcoming public announcement of the proposed business combination.

On June 20, 2022, Orchestra’s Board met via videoconference, with all board members present, to consider and discuss the proposed transaction with HSAC2. Also present were representatives of Paul Hastings. Following a thorough review and discussion, on June 29, 2022, the Merger Agreement and related documents and agreements were approved by unanimous written consent of the Orchestra Board and the Orchestra Board recommended the approval of the Merger Agreement and the transactions contemplated thereby to Orchestra’s stockholders.

On June 29, 2022, members of the Board were provided a final version of the Merger Agreement. On June 30, 2022, after careful consideration and discussion of the terms and conditions of the Merger Agreement, the Board approved the Merger Agreement and determined that the Business Combination and the transactions contemplated thereby were advisable, fair to, and in the best interests of, HSAC2 and its shareholders.

On July 4, 2022, the parties entered into the Merger Agreement and the related ancillary agreements that were filed or furnished in connection with HSAC2’s Current Report on Form 8-K described below.

On July 5, 2022, HSAC2 and Orchestra issued a joint press release announcing the execution and delivery of the Merger Agreement. HSAC2 filed a Current Report on Form 8-K, which filed as exhibits the Merger Agreement, the Medtronic Forward Purchase Agreement, the RTW Forward Purchase Agreement, the HSAC2 shareholder and Orchestra stockholder support agreements, the form of Amended and Restated Registration Rights Agreement, the form of Earnout Election Agreement, the Orchestra investor presentation and the joint press release.

Summary of HSAC2 Financial Analysis

In connection with the revised valuation of Orchestra agreed on May 27, 2022, HSAC2 reviewed certain financial information of various publicly-traded medical technology companies selected by HSAC2’s management team, based on their experience and professional judgment for business similarity to Orchestra. In performing its analysis, HSAC2’s management team made certain assumptions with respect to commercial efforts, industry performance, general business and economic conditions and a number of other matters, many of which are beyond the control of HSAC2 and Orchestra. HSAC2 reviewed the enterprise value, which HSAC2’s management deemed relevant based on its professional judgment and expertise, for a cohort of pre-revenue stage medical technology companies as relative to the pre-revenue, development stage of Orchestra’s two programs — BackBeat CNT and Virtue Sirolimus AngioInfusion Balloon (Virtue SAB) – while acknowledging that none of the selected companies possessed characteristics identical to Orchestra and that the assumptions and estimates used, and the results, would be inherently subject to substantial uncertainty.

The Board's Reasons for the Approval of the Business Combination

In evaluating the transaction with Orchestra, the Board consulted with legal counsel, financial and accounting advisors and other advisors. In reaching its resolution (i) that the terms and conditions of the Merger Agreement and the transactions contemplated thereby, including the Business Combination, the Domestication and the Merger, are advisable, fair to and in the best interests of HSAC2 and its shareholders and (ii) to recommend that the shareholders adopt the Merger Agreement and approve the Business Combination, the Domestication and the Merger, the Board considered and evaluated a number of factors, including, but not limited to, the factors discussed below.

In light of the number and variety of factors considered in connection with its evaluation of the Business Combination, the Board did not consider it practicable to, and did not attempt to, quantify or otherwise assign relative weights to the specific factors that it considered in reaching its determination and supporting its decision. The Board viewed its decision as being based on all of the information available and the factors presented to and considered by it. In addition, individual directors may have given different weight to different factors. This explanation of HSAC2's reasons for the Business Combination and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under "*Cautionary Note Regarding Forward-Looking Statements.*"

The members of the Board are well qualified to evaluate the transaction with Orchestra. They have extensive transactional experience, particularly in the healthcare and life sciences industries and considered the following factors in approving the proposed business combination with Orchestra:

- A. ***BackBeat CNT is a flagship product candidate.*** Orchestra aims to be the first bioelectronic treatment for HTN that is designed to be delivered via a standard cardiac rhythm management ("**CRM**"), device such as a dual-chamber pacemaker without changing the device hardware or typical implant procedure. Positive double-blind, randomized clinical data: statistically significant 11.1 mmHg reduction in 24-hour ambulatory systolic blood pressure ("**aSBP**") at six months, 17.5 mmHg reduction in office systolic blood pressure ("**oSBP**") at two years and strong results in isolated systolic hypertension ("**ISH**"). The Board believes that Orchestra's randomized and blinded clinical data for BackBeat CNT could drive an immediate, substantial and persistent reduction in blood pressure in a pivotal trial and eventually as a commercial product.

- B. ***BackBeat CNT Medtronic Collaboration partners Orchestra with the global market leader in pacemakers and device-based hypertension treatment and the BackBeat CNT-enabled device has the potential to be blockbuster product.*** Signed exclusive license and collaboration agreement for a premium device with Medtronic, the global pacemaker leader with >50% U.S. market share, combined with a meaningful revenue share by receiving the higher of a fixed dollar amount per BackBeat CNT-enabled device, which varies by geography, and a percentage of the BackBeat CNT generated sales. The revenue generated for Orchestra per sale of BackBeatCNT-enabled device is expected to be between \$500 and \$1,600, based on information provided by Orchestra and Medtronic and the terms of the Medtronic Agreement, as further described under “*Business of Orchestra — Bioelectronic Product Candidates — BackBeat CNT for Hypertension and CNT-HF for Heart Failure — Strategic Collaboration Agreement with Medtronic.*” The Board believes that the Medtronic Collaboration has the potential to drive global penetration into a greater than \$10 billion annual commercial opportunity and significant profitability for Orchestra, based on potential annual revenue opportunities for pacemaker-indicated patients with HTN and high-risk HTN patients not indicated for a pacemaker of \$2 billion and \$8 billion, respectively, which is further described under “Business of Orchestra — Company.”
- C. ***Virtue SAB is a flagship product candidate for treatment of artery disease.*** Highly differentiated, non-coated drug/device combination product enables angioplasty with localized delivery of extended release sirolimus while leaving no metal behind. Virtue SAB has positive First in Man clinical data and the potential for differentiated clinical outcomes. The Board believes that there is significant commercial potential for Orchestra with its world-class partner Terumo and future royalties of net sales and per unit payments as sole exclusive supplier of SirolimusEFR to Terumo.
- D. ***Potential for a strong pipeline and follow-up projects with partners.*** Orchestra is currently conducting a European acute feasibility clinical study of BackBeat CNT as a bioelectronic treatment for heart failure based on a modified cardiac neuromodulation algorithm that primarily focuses on sympathetic tone modulation. This product candidate, which Orchestra currently calls CNT-HF, is being developed as a potential active implantable bioelectronic treatment for heart failure, for which there is an estimated global patient population of 64 million people according to the AME Medical Journal. The Board believes that the CNT-HF program represents potential additional upside to the BackBeat CNT program.
- E. ***Long-term, royalty-driven strategy aims to yield superior profits from therapeutic devices.*** The Orchestra platform has been designed to reimagine methods of clinical development and commercialization for innovative medical device technology companies. The Board believes that the Orchestra platform has the potential to be a leading partner of choice for medical technology companies to reduce development barriers for medical device innovation, create opportunity for risk-reward sharing development partnerships, and foster a scalable outsourced R&D business model to drive innovation for patients, physicians, partners and shareholders. The resulting commercial adoption will drive Orchestra’s future growth and meaningful profitability given the limited COGS and sales & marketing expenses borne by Orchestra.
- F. ***Well-funded development balance sheet and aligned partnership interests.*** Medtronic invested \$40 million in Orchestra’s Series D Financing, which raised a total of \$110 million. In addition, with capital from the Business Combination and the Forward Purchase Agreements, New Orchestra would be expected to have a minimum total pro forma cash of \$165 million, after expenses, at the Closing, which is expected to fund New Orchestra’s operations into 2026. The Board believes that New Orchestra will be well-capitalized and well-positioned to bring its BackBeat CNT and Virtue SAB products through development and clinical studies to become commercial products.
- G. ***Financial and organizational condition.*** Orchestra has 2 years of audited financials and had previously prepared investor memoranda and a Form S-1 filing registration statement, which it had confidentially filed with the SEC. The Board believes that Orchestra is prepared to be a public company and will benefit from having publicly-traded securities to enhance its ability to pursue accretive acquisitions, high-return capital projects, and/or strengthen its balance sheet.
- H. ***Attractive Valuation.*** Orchestra has an attractive valuation relative to similar pre-revenue medical technology comparable companies as by Orchestra’s pro forma fully diluted enterprise valuation of \$158 million being lower relative to the mean and median enterprise valuations of Quantum-Si, Inc.,

Vicarious Surgical, Inc., Humacyte, Inc., Nautilus Biotechnology, Inc., and Lyra Therapeutics, Inc. In addition, assuming the minimum amount of cash in the company necessary to meet conditions to the Closing, the approximately \$317 million market capitalization and \$169 million of pro forma cash at Orchestra's March 31, 2022 balance sheet will result in an equity value to net cash ratio of 2.0x. The Board believes that Orchestra's valuation is attractive and reasonable relative to a set of comparable companies and offers downside protection with the relatively large cash balance, illustrated by the 2.0x net cash ratio, and that no additional near-term fundraising is needed.

- I. **Accomplished leadership team.** The Board believes that Orchestra has a proven and experienced team that is positioned to successfully lead New Orchestra after the Business Combination to execute on the meaningful collaborations it has established with Medtronic and Terumo and to enter into new collaborations in future.
- J. **Lock-Up.** The Sponsor, certain other shareholders of HSAC2 and certain current equityholders of Orchestra have agreed to not transfer or otherwise dispose of their New Orchestra Common Stock for 12 months following the Closing (with Orchestra officers and directors, and Medtronic subject to a 24-month lock-up following the Closing and Terumo subject to a lock-up until the commercial launch of Virtue), in each case subject to certain customary exceptions, which will provide important equity ownership stability to assist in the management and governance of New Orchestra.
- K. **Other Alternatives.** The Board believes, after a thorough review of other business combination opportunities reasonably available to HSAC2, that the Business Combination represents the best initial business combination for HSAC2 and the most attractive opportunity for HSAC2's management to accelerate its business plan based upon the process utilized to evaluate and assess other potential acquisition targets and the Board's belief that such process has not presented a better alternative.
- L. **Negotiated Transaction.** The financial and other terms of the Merger Agreement are reasonable and were the product of arm's-length negotiations between HSAC2 and Orchestra.

The Board also identified and considered the following factors and risks weighing negatively against approving and pursuing the Business Combination, although not weighted or in any order of significance:

- A. **Benefits Not Achieved.** The risk that the potential benefits of the Business Combination may not be fully achieved or may not be achieved within the expected timeframe.
- B. **Liquidation of HSAC2.** The risks and costs to HSAC2 if the Business Combination is not completed, including the risk of diverting management focus and resources from other business combination opportunities, which could result in HSAC2 being unable to effect a business combination within the period of time HSAC2 is afforded under its organizational documents, as the same may be extended from time to time with shareholder approval, and the subsequent liquidation of HSAC2.
- C. **Exclusivity.** The fact that the Merger Agreement includes an exclusivity provision that prohibits HSAC2 from soliciting other business combination proposals, which restricts HSAC2's ability, so long as the Merger Agreement is in effect, to consider other potential business combinations.
- D. **Shareholder vote.** The risk that HSAC2's shareholders may fail to provide the votes necessary to effect the Business Combination.
- E. **Post-Business Combination corporate governance; terms of the Amended and Restated Registration Rights Agreement.** The Board considered the corporate governance provisions of the Merger Agreement, the Amended and Restated Registration Rights Agreement and the material provisions of the Proposed Charter. See the sections entitled "*Proposal 3 — The Charter Approval Proposal*" and "*— Certain Related Agreements — Amended and Restated Registration Rights and Lock-Up Agreement*" for detailed discussions of the terms and conditions of these documents.
- F. **Limitations of review.** The Board considered that it was not obtaining an opinion from any independent investment banking or accounting firm that the consideration to be received by the Orchestra stockholders is fair to HSAC2 or its shareholders from a financial point of view. Accordingly, the Board considered that HSAC2 may not have properly valued Orchestra.

- G. **Closing conditions.** The fact that completion of the Business Combination is conditioned upon the satisfaction of certain closing conditions that are not within HSAC2's control, including approval by HSAC2 shareholders, approval by Orchestra stockholders, and approval by Nasdaq of the listing application in connection with the Business Combination.
- H. **Litigation.** The possibility of litigation challenging the Business Combination or that an adverse judgment granting permanent injunctive relief could indefinitely enjoin consummation of the Business Combination.
- I. **Fees and expenses.** The fees and expenses associated with completing the Business Combination.
- J. **Other risks.** Various other risks associated with the Business Combination, the business of HSAC2 and the business of Orchestra described under the section entitled "*Risk Factors*."

In addition to considering the factors described above, the Board also considered that certain of the officers and directors of HSAC2 may have interests in the Business Combination as individuals that are in addition to, and that may be different from, the interests of HSAC2's shareholders. HSAC2's independent directors reviewed and considered these interests during the negotiation of the Business Combination and in evaluating and approving, as members of the Board, the Merger Agreement and the transactions contemplated therein, including the Business Combination.

The Board concluded that the potential benefits that it expected HSAC2 and its shareholders to achieve as a result of the Business Combination outweighed the potentially negative factors associated with the Business Combination. Accordingly, the Board determined that the Merger Agreement, the Business Combination and the Merger, were advisable, fair to and in the best interests of HSAC2 and its shareholders.

The Business Combination and the Merger Agreement

The General Structure of the Business Combination

On July 4, 2022, HSAC2 entered into the Merger Agreement, pursuant to which the Business Combination between HSAC2 and Orchestra will occur in two steps. First, before the Closing, HSAC2 will effect the Domestication by deregistering in the Cayman Islands and domesticating as a Delaware corporation in accordance with Section 388 of the Delaware General Corporation Law and the Companies Act. Second, at the Closing, the Merger will be effected by Merger Sub merging with and into Orchestra, with Orchestra surviving such merger as the surviving entity. Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 will then change its name to "Orchestra BioMed Holdings, Inc."

Simultaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into the Forward Purchase Agreement with the RTW Funds and Medtronic, pursuant to which each of these Purchasing Parties agreed to purchase \$10 million of HSAC2 Ordinary Shares, for a total of \$20 million, less the dollar amount of HSAC2 Ordinary Shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the Domestication ("**Forward Purchase Shares**").

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, HSAC2, Orchestra, and the RTW Funds entered into the Backstop Agreement pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of HSAC2 Ordinary Shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash as of immediately prior to the closing of the Merger is less than \$60 million (which calculation excludes amounts received pursuant to Medtronic's Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic's Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Funds' Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares).

On October 21, 2022, the parties amended the RTW Forward Purchase Agreement and the Backstop Agreement, pursuant to which the RTW Funds agreed that (1) the per share price will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting, (2) any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, will not be voted in favor of approving the Business Combination, and (3) the RTW Funds will waive redemption rights with respect to such purchases in the vote to approve the Business Combination.

The closing under the RTW Forward Purchase Agreement occurred on July 22, 2022, the closing under the Medtronic Forward Purchase Agreement will occur prior to the Domestication and the closing under the Backstop Agreement will occur immediately prior to the Domestication. The Sponsor and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights Agreement described below with respect to the shares of HSAC2 Common Stock received in the Domestication. The purpose of such purchases by the RTW Funds and any future such purchases by our Initial Shareholders, officers, directors or their affiliates, including any Backstop Purchases, would be to (1) fulfill their obligations under the Forward Purchase Agreements or Backstop Agreement, (2) increase the likelihood of obtaining approval of the Business Combination, or (3) reduce our redemption expenses in order to satisfy the Closing condition in the Merger Agreement that we have cash of at least \$60 million. Further, although none of our Initial Shareholders, officers, directors or their affiliates currently anticipate paying a premium to the market price for such shares, in the event they do pay a premium, such amount will not be more than \$ (the redemption price available to HSAC2 Shareholders based on funds in the Trust Account of approximately \$ million as of). Any such securities purchased by our Initial Shareholders, officers, directors or their affiliates would not be voted in favor of approving the Business Combination and they will waive redemption rights with respect to such securities. If we become aware of any private arrangements entered into or significant private

purchases made by any of the foregoing persons that would affect the vote on the Business Combination or other proposals, we will file a Current Report on Form 8-K to disclose (i) the amount of such securities purchased; (ii) the purpose of the purchases; (iii) the impact, if any, of the purchases on the likelihood that the Business Combination will be approved; (iv) the identities of security holders who sold the securities (if not purchased on the open market) or the nature of security holders who sold to our Initial Shareholders, officers, directors or their affiliates; and (v) the number of securities for which HSAC2 has received redemption requests pursuant to the vote to approve the Business Combination.

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the Closing unless, as to 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 Trading Days within any 30-Trading Day period, and as to the remaining 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20-Trading Days within any 30-Trading Day period. Further, the Sponsor and HSAC2's other initial shareholders prior to its initial public offering have agreed to subject the 4,000,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for the 4,000,000 HSAC2 Ordinary Shares issued to HSAC2's initial shareholders prior to its initial public offering and 450,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for 450,000 HSAC2 Ordinary Shares purchased in a private placement simultaneously with HSAC2's initial public offering, to a lock-up for up to 12 months following the Closing and, subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants, for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Merger Consideration

Exchange Ratio

The consideration to be paid at the Closing by HSAC2 to Orchestra Equityholders will be payable in shares of HSAC2 Common Stock at an exchange ratio of 0.465 shares of HSAC2 Common Stock for each whole share of Orchestra Common Stock.

Earnout Payments

Orchestra stockholders will also have the opportunity to elect to participate in an earnout pursuant to which each such electing stockholder (an “**Earnout Participant**”) may receive a portion of additional contingent consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate. Each Earnout Participant must agree to extend their applicable Lock-up Period described below from 6 months to 12 months pursuant to an Earnout Election Agreement and will be entitled to receive the Earnout Consideration as follows:

- Earnout Participants will collectively be entitled to receive 4,000,000 shares of the Earnout Consideration, in the aggregate, in the event that, from the time beginning immediately after the Closing until the fifth anniversary of the Closing Date (the “**Earnout Period**”), over any 20 Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share; and
- Earnout Participants will collectively be entitled to receive the Final Earnout Shares — an additional 4,000,000 shares of the Earnout Consideration, in the aggregate — in the event that, during the Earnout Period, over any 20-Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share.

Upon the first change in control meeting certain conditions that occurs during the Earnout Period, if the corresponding valuation of New Orchestra Common Stock is (i) equal to or greater than \$15.00 per share (taking into consideration the issuance of the Initial Earnout Shares in determining such calculation), the Initial Milestone Event will be deemed to have occurred, and (ii) if equal to or greater than \$20.00 per share (taking into consideration the issuance of all Earnout Consideration in determining such calculation), the Final Milestone Event will be deemed to have occurred, in each case immediately prior to such change in control.

Cancellation of Certain Orchestra Securities

Each share of Orchestra capital stock, if any, that is owned by HSAC2, Merger Sub, or Orchestra, or any of their subsidiaries (as treasury stock or otherwise) will automatically be canceled and extinguished without any conversion or consideration.

Exchange of Orchestra Common Stock

At the Effective Time, each issued and outstanding share of Orchestra Common Stock (other than any such shares of Orchestra Common Stock canceled as described above and any dissenting shares) will be converted into the right to receive a number of shares of HSAC2 Common Stock equal to the Exchange Ratio.

Merger Sub Securities

Each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time will be converted into and become one newly issued share of Orchestra as the surviving corporation in the Merger.

Orchestra Stock Options

At the Effective Time, each outstanding option to purchase shares of Orchestra Common Stock will be converted into an option to purchase, subject to substantially the same terms and conditions as were applicable under such options prior to the Effective Time, shares of New Orchestra Common Stock equal to the number of shares subject to such option prior to the Effective Time multiplied by the Exchange Ratio, at an exercise price per share of New Orchestra Common Stock equal to the exercise price per share of Orchestra Common Stock subject to such option divided by the Exchange Ratio.

Orchestra Warrants

Contingent on and effective as of immediately prior to the Effective Time, each outstanding warrant to purchase shares of Orchestra capital stock will be treated in accordance with the terms of the relevant agreements governing such warrants and converted into New Orchestra warrants.

Post-Closing Board of Directors

Immediately following the Closing, New Orchestra's board of directors will consist of the existing Orchestra board of directors.

Registration Statement and Shareholder Approval

Pursuant to the Merger Agreement, HSAC2 and Orchestra have agreed to prepare, and HSAC2 to file with the SEC, this proxy statement/prospectus for the purpose of soliciting proxies from holders of HSAC2 Ordinary Shares sufficient to obtain shareholder approval of the Proposals at the Shareholder Meeting.

Representations and Warranties and Certain Covenants

The Merger Agreement contains customary representations, warranties and covenants with respect to, among other things, operation of their respective businesses prior to consummation of the Merger and efforts to satisfy conditions to consummation of the Merger. The Merger Agreement also contains additional covenants of the parties, including, among others, with respect to access to information, cooperation in the preparation of this proxy statement/prospectus and to obtain all requisite approvals of each party's respective stockholders or shareholders, as the case may be. The assertions embodied in those representations, warranties and covenants were made for purposes of the Merger Agreement and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the Merger Agreement. The representations and warranties in the Merger Agreement are also modified in part by the underlying disclosure schedules (the "**disclosure schedules**"), which are not filed publicly and which are subject to a contractual standard of materiality different from that generally applicable to shareholders

and were used for the purpose of allocating risk among the parties rather than establishing matters as facts. We do not believe that the disclosure schedules contain information that is material to an investment decision. Additionally, the representations and warranties of the parties to the Merger Agreement may or may not have been accurate as of any specific date and do not purport to be accurate as of the date of this proxy statement/prospectus. Accordingly, no person should rely on the representations and warranties in the Merger Agreement or the summaries thereof in this proxy statement/prospectus as characterizations of the actual state of facts about HSAC2, Orchestra or any other matter.

None of the representations, warranties, or covenants in the Merger Agreement, or rights arising out of any breach of such representations, warranties or covenants will survive the Closing, except for those covenants that by their terms expressly apply in whole or in part after the Closing or in the case of claims for fraud or willful breach.

Material Adverse Effect

Under the Merger Agreement, (i) certain representations and warranties of HSAC2 and Orchestra are qualified in whole or in part by a Material Adverse Effect standard for purposes of determining whether a breach of such representations and warranties has occurred, (ii) the obligation of each of HSAC2 and Merger Sub to consummate the Business Combination is conditioned on no Material Adverse Effect having occurred from the date of the Merger Agreement with respect to Orchestra and its subsidiaries that is continuing and (iii) the obligation of Orchestra to consummate the Business Combination is conditioned on no Material Adverse Effect having occurred from the date of the Merger Agreement with respect to HSAC2 that is continuing.

“**Material Adverse Effect**” means, with respect to any HSAC2 or Orchestra, any fact, effect, event, development, change, or occurrence (an “**Effect**”) that, individually or together with one or more other contemporaneous Effects, has or would reasonably be expected to have a materially adverse effect on the financial condition, assets, liabilities or results of operations of such entity; *provided, however*, that a Material Adverse Effect will not be deemed to include Effects (and solely to the extent of such Effects) resulting from an Excluded Matter.

“**Excluded Matter**” means any one or more of the following: (a) general economic or political conditions; (b) conditions generally affecting the industries in which HSAC2 or Orchestra and its subsidiaries, as applicable, operates; (c) any changes in financial, banking or securities markets in general, including any disruption thereof and any decline in the price of any security or any market index or any change in prevailing interest rates; (d) acts of war (whether or not declared), armed hostilities or terrorism, or the escalation or worsening thereof; (e) any action required or permitted by the Merger Agreement or an Additional Agreement or any action or omission (i) in the case of the Orchestra, taken by Orchestra or its subsidiaries with the written consent or at the request of HSAC2 or (ii) in the case of HSAC2, taken by HSAC2 or Merger Sub with the written consent or at the request of the Orchestra; (f) (i) any changes in applicable laws (including in connection with the COVID-19 pandemic) or accounting rules (including U.S. GAAP) or the enforcement, implementation or interpretation thereof and (ii) in the case of HSAC2, new pronouncements or interpretations by the SEC or other U.S. federal regulators arising after the date of the Merger Agreement with respect to prior accounting rules; (g) the announcement, pendency or completion of the transactions contemplated by the Merger Agreement, including losses to the extent directly resulting therefrom of employees, customers, suppliers, distributors or others having relationships with HSAC2 or Orchestra, as applicable; (h) any natural or man-made disaster, acts of God or pandemics, including the COVID-19 pandemic, or the worsening thereof; (i) any failure by a party to meet any internal or published projections, forecasts or revenue or earnings predictions (it being understood that the facts or occurrences giving rise or contributing to such failure that are not otherwise excluded from the definition of a “Material Adverse Effect”) may be taken into account in determining whether there has been a Material Adverse Effect); *provided, however*, that the exclusions provided in the foregoing clauses (a) through (d), clause (f) and clause (h) will not apply to the extent that HSAC2 or Orchestra, as applicable, is disproportionately affected by any such exclusions relative to other participants in the industry in which such entity operates.

HSAC2 Equity Incentive Plan

Pursuant to the Merger Agreement, HSAC2 has agreed to adopt the 2022 Plan as described in the Equity Incentive Plan Proposal.

Non-Solicitation Restrictions

Each of HSAC2 and Orchestra has agreed that it will not solicit or initiate any negotiations with any party relating to an Alternative Transaction (as such term is defined in the Merger Agreement) or enter into any agreement relating to such a proposal. Each of HSAC2 and Orchestra has also agreed to be responsible for any acts or omissions of any of its respective representatives that, if they were the acts or omissions of HSAC2 and Orchestra, as applicable, would be deemed a breach of the party's obligations with respect to these non-solicitation restrictions.

Conditions to Closing

The consummation of the Merger is conditioned upon, among other things, (i) the absence of any applicable law or order issued by any authority that has jurisdiction over the parties to the Merger Agreement with respect to the transactions contemplated by the Merger Agreement restraining or prohibiting the consummation of the transactions contemplated by the Merger Agreement, including the Merger, (ii) HSAC2 having at least \$5,000,001 of net tangible assets upon consummation of the Merger, (iii) adoption and approval of the Merger Agreement by the requisite Orchestra stockholders and approval of the conversion of Series A Preferred Stock of Orchestra to Orchestra Common Stock in connection with the Merger by the requisite Orchestra stockholders, (iv) approval by the requisite HSAC2 shareholders of the Proposals, (v) the conditional approval for listing by Nasdaq of the shares to be issued in connection with the transactions contemplated by the Merger Agreement and satisfaction of initial and continuing listing requirements and HSAC2 not having received any notice of non-compliance with such requirements, and (vi) the Form S-4 becoming effective in accordance with the provisions of the Securities Act.

Solely with respect to HSAC2 and Merger Sub, the consummation of the Merger is conditioned upon, among other things, (i) Orchestra's having duly performed or complied with, in all material respects, all of its obligations under the Merger Agreement, (ii) the representations and warranties of Orchestra, other than the Fundamental Representations being true and correct in all respects (disregarding all qualifications in the Merger Agreement relating to materiality or Material Adverse Effect) other than as would not in individually or in the aggregate reasonably be expected to have a Material Adverse Effect in respect of Orchestra and its subsidiaries, (iii) the Fundamental Representations being true and correct in all respects other than certain *de minimis* inaccuracies, (iv) no Material Adverse Effect having occurred that is continuing, (v) Orchestra's and its securityholders' execution of and delivery to HSAC2 of each Additional Agreement to which they each are a party, (vi) Orchestra's delivery of certain certificates to HSAC2, (vii) Orchestra's delivery of its interim financial statements to HSAC2 as promptly as possible following the end of each quarterly period, and in any event no later than 45 days following the end of each quarterly period, (viii) each Orchestra warrant having been amended in accordance with its terms to permit the conversion thereof into a New Orchestra warrant and any Orchestra warrant not so amended being canceled by Orchestra, (ix) the conversion of all shares of Orchestra preferred stock into Orchestra Common Stock, and (x) the completion of the transactions contemplated by Medtronic in the Medtronic Forward Purchase Agreement.

Solely with respect to Orchestra, the consummation of the Merger is conditioned upon, among other things, (i) HSAC2 and Merger Sub having duly performed or complied with all of their respective obligations under the Merger Agreement in all material respects, (ii) the representations and warranties of HSAC2 and Merger Sub, other than the Fundamental Representations being true and correct in all respects (disregarding all qualifications relating to materiality or Material Adverse Effect) other than as would not in individually or in the aggregate reasonably be expected to have a Material Adverse Effect on HSAC2 or Merger Sub, (iii) the Fundamental Representations being true and correct in all respects, other than *de minimis* inaccuracies, (iv) no event having occurred that has or would reasonably be expected to have a materially adverse effect on the financial condition, assets, liabilities or results of operations HSAC2, (v) the occurrence of the Domestication, (vi) the delivery by HSAC2 of certain certificates to Orchestra, (vii) the size and composition of the post-Closing board of directors of New Orchestra having been appointed as set forth in the Merger Agreement, (viii) HSAC2, Sponsor and other shareholders of HSAC2 shall have executed and delivered to Orchestra each Additional Agreement to which they each are a party, (ix) the Parent Closing Cash being at least equal to \$60 million and (x) completion of the transactions contemplated by the Sponsor Commitment.

Termination

The Merger Agreement may be terminated at any time prior to the Effective Time as follows: (i) by either HSAC2 or Orchestra if: (A) the Merger and related transactions are not consummated on or before February 6, 2023, and (B) the material breach or violation of any representation, warranty, covenant or obligation under the Merger Agreement by the party seeking to terminate the Merger Agreement was not the cause of, or resulted in, the failure of the Closing to occur on or before February 6, 2023, without liability to the other party (such right may be exercised by HSAC2 or Orchestra, as the case may be, giving written notice to the other at any time after February 6, 2023); (ii) by either HSAC2 or Orchestra if any authority that has jurisdiction over the parties to the Merger Agreement has issued any final decree, order, judgment, writ, award, injunction, stipulation, determination, award, rule or consent or enacted any law, having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger, provided that the party seeking to terminate cannot have breached its obligations under the Merger Agreement and such breach was a substantial cause of, or substantially resulted in, such action by the authority; (iii) by mutual written consent of HSAC2 and Orchestra duly authorized by each of their respective boards of directors; and (iv) by either HSAC2 or Orchestra, if the other party has breached any of its covenants or representations and warranties such that Closing conditions would not be satisfied by the earlier of (A) February 6, 2023 and (B) 30 days following receipt by the breaching party of a written notice of the breach.

Fees and Expenses

Except as otherwise expressly set forth in the Merger Agreement, the costs and expenses in connection with the Merger Agreement and the transactions contemplated thereby will be paid by New Orchestra and the Orchestra as the surviving corporation upon the Closing. If the Closing does not take place, each party to the Merger Agreement will be responsible for its own expenses.

Certain Related Agreements

HSAC2 Shareholder Support Agreement and Forfeiture.

On July 4, 2022, contemporaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into the Parent Support Agreement with the Sponsor and certain other HSAC2 shareholders pursuant to which the Sponsor and such HSAC2 shareholders have agreed (a) to appear at any general meetings called to approve the Merger or any proposal to extend the period of time HSAC2 is afforded under its organizational documents and its prospectus to consummate an initial business combination, (b) not to redeem their shares or any other equity securities of HSAC2 now or in future acquired or beneficially owned, (c) to vote such shares and equity securities (i) in favor of the Domestication, the Merger and related transactions (except that any such additional equity securities acquired in the future, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination), (ii) in favor of any proposal to extend the period of time HSAC2 is afforded under its organizational documents and its prospectus to consummate an initial business combination, and (iii) against any change in the business, management or board of HSAC2 contrary to the Merger Agreement and against any other proposal reasonably expected to breach, prevent or impede the Merger, and (d) to waive anti-dilution and similar rights with respect to such shares, whether under the HSAC2 amended and restated memorandum and articles of association, applicable law, or a contract regarding the Merger and related transactions with HSAC2. In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the Earnout Period unless, as to 500,000 shares, the Initial Milestone Event occurs, and as to the remaining 500,000 shares, the Final Milestone Event occurs. Further, subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Orchestra Stockholder Support Agreement

On July 4, 2022, contemporaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into the Orchestra Support Agreement with certain Orchestra stockholders, including Medtronic, pursuant to which such stockholders have agreed (a) to appear at any stockholder meetings called to approve the Merger, (b) to vote such

shares and equity securities (i) in favor of the Merger and related transactions, (ii) against any change in the business, management or board of Orchestra contrary to the Merger Agreement and (iii) against any other proposal reasonably expected to breach, prevent or impede the Merger.

Amended and Restated Registration Rights and Lock-Up Agreement.

At the Closing, HSAC2 will enter into the Amended and Restated Registration Rights Agreement with the RTW Funds, certain existing shareholders of HSAC2 and certain existing stockholders of Orchestra with respect to the resale of shares of New Orchestra held or acquired by such stockholders before or pursuant to the Merger, and including any shares issuable on conversion of preferred stock, Earnout Consideration and shares acquired under the Forward Purchase Agreements and the Backstop Agreements. The Amended and Restated Registration Rights Agreement amends and restates the registration rights agreement that HSAC2 entered into as of August 3, 2020 in connection with its initial public offering. Subject to the Lock-Up described below, New Orchestra will file a registration statement to register the public resale of the shares as soon as reasonably practicable, but in any event within 45 calendar days following the Closing. In addition, subject to certain requirements and customary conditions, including with regard to the number of requests that may be made and when, such stockholders may request to sell all or any portion of their registrable securities in an underwritten offering so long as the total offering price is reasonably expected to exceed, in the aggregate, \$25 million. In addition, the stockholders signing the Amended and Restated Registration Rights Agreement will have certain “piggy-back” registration rights that require New Orchestra to include such securities in registration statements that New Orchestra otherwise files, subject to certain requirements and customary conditions. The Amended and Restated Registration Rights Agreement does not contain liquidated damages provisions or other cash settlement provisions resulting from delays in registering the New Orchestra’s securities. New Orchestra will bear the expenses incurred in connection with the filing of any such registration statements. The Amended and Restated Registration Rights Agreement contains customary indemnification provisions.

The Amended and Restated Registration Rights Agreement requires the signatories thereto to agree, subject to certain customary exceptions, not to (i) sell, assign, offer to sell, contract or agree to sell, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, any Lock-up Shares (as defined below), (ii) establish or increase a put equivalent position or liquidation with respect to or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to any Lock-up Shares, (iii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Lock-up Shares, or (iv) publicly announce an intention to effect any of the foregoing during the Lock-up Period (as defined below). The term “**Lock-up Shares**” means any shares of New Orchestra Common Stock or any security convertible into or exercisable or exchanged for New Orchestra Common Stock beneficially owned or owned of record by such Holder, and the term “**Lock-Up Period**” means the period from the Closing until the earlier of: (1)(a) 12 months after the Closing with respect to the (i) 4,000,000 shares of New Orchestra Common Stock to be issued in the Domestication in exchange for 4,000,000 of HSAC2 Ordinary Shares that were issued to HSAC2’s initial shareholders prior to its initial public offering, (ii) 450,000 shares of New Orchestra Common Stock to be issued in the Domestication in exchange for 450,000 of HSAC2 Ordinary Shares that were issued in a private placement simultaneously with HSAC2’s initial public offering and (iii) any shares of New Orchestra Common Stock or any security convertible into or exchangeable for New Orchestra Common Stock beneficially owned or owned of record by RTW Investments, LP and its affiliates as of the date of the Closing, and (b) six (6) months after the Closing with respect to all other Holders and New Orchestra Common Stock and (2) the date on which New Orchestra completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the New Orchestra stockholders having the right to exchange their shares of New Orchestra Common Stock for cash, securities or other property.

Expected Accounting Treatment

The Merger is expected to be accounted for as a reverse recapitalization in accordance with U.S. GAAP. Under this method of accounting, HSAC2, which is the legal acquirer, will be treated as the “acquired” company for financial reporting purposes, and Orchestra will be treated as the accounting acquirer for financial reporting purposes. This determination was primarily based on the expectations that, immediately following the Business Combination, Orchestra’s stockholders will have a majority of the voting power of New Orchestra, Orchestra’s board of directors will become the board of directors of New Orchestra, and Orchestra’s senior management will comprise all of the senior management of New Orchestra. Accordingly, for accounting purposes, the Merger will be treated as the equivalent of a capital transaction in which Orchestra is issuing stock for the net assets of HSAC2. The net assets of HSAC2 will be stated at historical cost, with no goodwill or other intangible assets recorded. Operations prior to the Merger will be those of Orchestra.

Regulatory Approvals

The Business Combination and the transactions contemplated by the Merger Agreement are not subject to any additional regulatory requirement or approval, except for (i) filings with the Cayman Islands Registrar of Companies and Secretary of State of the State of Delaware necessary to effectuate the Domestication and the Business Combination and (ii) filings required with the SEC pursuant to the reporting requirements applicable to HSAC2, and the requirements of the Securities Act and the Exchange Act, including the requirement to file the registration statement of which this proxy statement/prospectus forms a part and to disseminate it to HSAC2 shareholders.

Dissenters' Rights or Appraisal Rights

There are no appraisal rights available to holders of HSAC2 Ordinary Shares or the Private Warrants in connection with the Domestication Proposal under the DGCL.

As a matter of Cayman Islands law, dissenters' rights only apply to statutory mergers where the Cayman Islands company is a constituent party thereto.

Redemption Rights

Pursuant to the Existing Charter, holders of Public Shares may elect to have their shares converted into an amount equal to (1) the number of Public Shares being converted by such public holder divided by the total number of Public Shares multiplied by (2) the amount then in the Trust Account (initially \$10.00 per HSAC2 Ordinary Share), which includes the deferred underwriting discounts and commissions, plus a pro rata portion of any interest earned on the funds held in the Trust Account less any amounts necessary to pay our taxes.

As of _____, 2022, based on funds in the Trust Account of approximately \$ _____, this would have amounted to approximately _____ per share (exclusive of _____). If a holder exercises its redemption rights, then such holder will be exchanging its HSAC2 Ordinary Shares for cash and will no longer own shares of New Orchestra. Such a holder will be entitled to receive cash for its Public Shares only if it properly demands redemption and tenders or delivers its shares (either physically or electronically, including share certificates (if any) and other redemption forms) to HSAC2's transfer agent prior to the Shareholder Meeting.

You will be entitled to receive cash for any Public Shares to be redeemed only if you (i) hold Public Shares; and (ii) prior to 5:00 p.m., Eastern Time, on _____, 2022, (a) submit a written request to the Transfer Agent that HSAC2 redeem your Public Shares for cash and (b) deliver your Public Shares to the Transfer Agent, physically or electronically, through DTC.

A holder will be entitled to receive cash for its Public Shares only if it properly demands redemption and tenders or delivers its shares (either physically or electronically, including share certificates (if any) and other redemption forms), in accordance with the procedures described herein. Please see the section titled "*Extraordinary General Meeting of HSAC2 Shareholders — Redemption Rights*" for the procedures to be followed if you wish to redeem your Public Shares for cash.

Ownership of New Orchestra Post-Business Combination

The following table sets forth the anticipated ownership of New Orchestra upon completion of the Business Combination assuming no additional redemptions, 50% redemptions and maximum redemptions and the additional assumptions described below. Each of the scenarios below assumes that the amount of cash remaining in HSAC2's working capital account is \$0 immediately prior to Closing.

No Additional Redemptions: This scenario assumes that: (i) each of the Forward Purchases occur; (ii) none of the HSAC2 Ordinary Shares are redeemed in connection with the Business Combination; (iii) the Backstop Purchases by the RTW Funds of 222,350 HSAC2 Ordinary Shares immediately prior to the Domestication pursuant to the Backstop Agreement occur (the "**Backstop Purchases at No Additional Redemptions**"); (iv) other than the Forward Purchases and the Backstop Purchases at No Additional Redemptions, none of the investors set forth in the table below purchases HSAC2 Ordinary Shares or New Orchestra Common Stock; (v) 20,187,180 shares of New Orchestra Common Stock are issued in the Business Combination; (v) there will be an aggregate of 31,637,180 shares of New Orchestra Common Stock issued and outstanding at Closing; and (vi) none of the Earnout Shares are issued.

50% Redemptions: This scenario assumes that: (i) the Forward Purchases occur and the 2,000,000 Forward Purchase Shares are not redeemed; (ii) holders of 2,366,059 Public Shares (50% of the outstanding Public Shares, excluding the Forward Purchase Shares and 30,000 Public Shares held by officers of HSAC2) exercise their redemption rights in connection with the Business Combination, resulting in 4,396,058 Public Shares remaining outstanding, (iii) the RTW Funds purchase 2,593,844 HSAC2 Ordinary Shares immediately prior to the Domestication pursuant to the Backstop Agreement (the “**Backstop Purchases at 50% Redemptions**”); (iv) other than the Forward Purchases and the Backstop Purchases at 50% Redemptions, none of the investors set forth in the table below purchases HSAC2 Ordinary Shares or New Orchestra Common Stock; (v) 20,187,180 shares of New Orchestra Common Stock are issued in the Business Combination; (vi) there will be an aggregate of 31,637,180 shares of New Orchestra Common Stock issued and outstanding at Closing; and (vii) none of the Earnout Shares are issued.

Maximum Redemptions: This scenario assumes that: (i) the Forward Purchases occur and the 2,000,000 Forward Purchase Shares and the 30,000 Public Shares held by officers of HSAC2 are not redeemed; (ii) holders of 4,732,117 Public Shares exercise their redemption rights in connection with the Business Combination resulting in only 2,030,000 Public Shares remaining outstanding; (iii) the RTW Funds purchase 4,965,337 newly issued HSAC2 Ordinary Shares immediately prior to the Domestication pursuant to the Backstop Agreement (the “**Backstop Purchases at Maximum Redemptions**”); (iv) other than the Forward Purchases and the Backstop Purchases at Maximum Redemption, none of the investors set forth in the table below purchases HSAC2 Ordinary Shares or New Orchestra Common Stock; (v) 20,187,180 shares of New Orchestra Common Stock are issued in the Business Combination; (vi) there will be an aggregate of 31,637,180 shares of New Orchestra Common Stock issued and outstanding at Closing; and (vii) none of the Earnout Shares are issued.

Interests of Certain Persons in the Business Combination

When you consider the recommendation of the Board in favor of approval of the Business Combination Proposal and the other Proposals, you should keep in mind that our Sponsor, Initial Shareholder, officers and directors and their affiliates have interests in and benefits arising from the completion of the Business Combination that may be different from or in addition to (and which may conflict with) the interests of our Public Shareholders, which may result in a conflict of interest. These interests and benefits include:

- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate. However, each of our Initial Shareholders, which include our Sponsor, which is affiliated with our officers, and certain of our directors, agreed, at the time of the IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to waive their right to have us redeem any of their shares, or to sell their shares to us in any tender offer, in connection with the Business Combination, or to receive distributions with respect to their Insider Shares upon our liquidation if we are unable to consummate the Business Combination or an alternative business combination. Accordingly, the Insider Shares and any Public Shares held by our officers and directors will be worthless if we do not consummate the Business Combination or an alternative initial business combination.

Their Insider Shares, which were purchased prior to the closing of the HSAC2 IPO were purchased for \$28,750, their Private Shares were purchased concurrently with the IPO for \$4,500,000 and their Public Shares were purchased after the IPO for \$300,000. Based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022, these shares had an aggregate market value of approximately \$ [redacted].

- If we cannot complete the Business Combination or an alternative initial business combination by the Extension Date, we will be required to liquidate and the Private Warrants purchased by our Sponsor at a price of \$1,500,000 will expire worthless. Based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022, the Private Warrants had an aggregate market value of approximately \$ [redacted].
- Our Initial Shareholders paid an aggregate of \$28,750 or approximately \$0.007 per share for their Insider Shares, which shares, if unrestricted and freely-tradable, would be valued at approximately \$ [redacted] based on the closing price of the HSAC2 Ordinary Shares of \$ [redacted] on Nasdaq as of [redacted], 2022; accordingly, our Initial Shareholders can earn a positive rate of return on their Insider Shares even if New Orchestra's Public Shareholders experience a negative return following the consummation of the Business Combination.
- The RTW Funds, entities affiliated with our Chief Executive Officer, have purchased 1 million Public Shares pursuant to the RTW Forward Purchase Agreement and have agreed to purchase up to an additional \$50 million of HSAC2 Ordinary Shares pursuant to the Backstop Agreement. The per share purchase prices under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting and the RTW Funds have agreed not to vote any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, in the proposal to approve the Business Combination, and to waive redemption rights with respect to such purchases in the vote to approve the Business Combination.
- It is anticipated that, upon the Closing, the Sponsor and related parties (including the directors and officers of HSAC2 before the Business Combination and the RTW Funds) will retain an ownership interest ranging from approximately 25.3% to 40.3% of New Orchestra, depending on the amount of HSAC2 Ordinary Shares purchased pursuant to the Backstop Agreement and the degree to which holders of Public Shares exercise redemption rights with respect to their Public Shares and the number of shares the RTW Funds purchase pursuant to the Backstop Agreement, but excluding 750,000 Private Warrants held by the Sponsor. If all potential sources of dilution were exercised and converted into HSAC2 Ordinary Shares, the Sponsor and related parties would retain an ownership interest ranging from approximately 17.6% to 27.1%. See the section titled "Summary of the Proxy Statement/Prospectus — Ownership of the Post-Business Combination Company After the Closing."
- We pay \$10,000 per month to our Sponsor for office space and related services, but only out of funds not held in the Trust Account. We may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the Trust Account to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will be due and payable no later than the date of the consummation of the Business Combination, or an alternative initial business combination. So, the Sponsor may forfeit repayment if we do not consummate the Business Combination or an alternative initial business combination.
- Our Initial Shareholders and management team are entitled to receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations (with no cap or ceiling on such reimbursement), but will not receive reimbursement for any out-of-pocket expenses to the extent such expenses exceed the amount not required to be retained in the Trust Account, unless the Business Combination, or an alternative initial business combination, is consummated. As of [redacted], 2022, the date of this proxy statement/prospectus, there were no unreimbursed out-of-pocket expenses.
- In order to meet our working capital needs, our Initial Shareholders, officers and directors may, but are not obligated to, loan us funds (the "**Working Capital Loans**"). The loans would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$500,000 of the notes may be converted upon consummation of our business combination into additional Private Warrants at a price of \$1.00 per warrant. If we require additional working capital and the Sponsor extends Working Capital Loans

to us, such loans will not be repaid if we do not consummate the Business Combination, or an alternative initial business combination by the Extension Date. As of _____, 2022, the date of this proxy statement/prospectus, there were no amounts outstanding under any Working Capital Loans.

- Our Initial Shareholders and the RTW Funds have agreed that, subject to certain limited exceptions, any shares of New Orchestra Common Stock or any security convertible into or exercisable or exchanged for New Orchestra Common Stock beneficially owned or owned of record by such holders will not be transferred, assigned, sold or assigned until the earlier of 12 months after the Closing and the date on which New Orchestra completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the New Orchestra stockholders having the right to exchange their shares of New Orchestra Common Stock for cash, securities or other property.
- Our current directors and officers have the right to be indemnified by contract and our Existing Charter against liabilities asserted against them in their capacities as our directors and officers and certain other capacities undertaken at our request. New Orchestra will continue such indemnification and maintain directors' and officers' liability insurance to provide such indemnification. If we do not complete the Business Combination, or an alternative initial business combination by the Extension Date, it will trigger our automatic winding up, liquidation and dissolution and such indemnification rights will become worthless.
- The exercise of HSAC2's directors' and officers' discretion in agreeing to changes or waivers in the terms of the transaction may result in a conflict of interest when determining whether such changes or waivers are appropriate and in our shareholders' best interest.

Although our board of directors was aware of and considered these interests, among other matters, in evaluating and unanimously approving the Business Combination and in recommending to the Public Shareholders that they approve the Business Combination and each of the Proposals, these personal and financial interests may influence our of our directors' and officers' motivation in timely identifying and selecting a target business and completing a business combination, supporting the Business Combination and in determining whether the terms, conditions and timing of the Business Combination are appropriate and in our shareholders' best interest, which would be in breach of their fiduciary duties to us as a matter of Cayman Islands law. Although we might have a claim against such individuals, we might not ultimately be successful in any such claim we may make against them.

Resolution to be Voted Upon

The full text of the resolution to be proposed is as follows:

“RESOLVED, as an ordinary resolution, that the Company’s entry into the Agreement and Plan of Merger, dated as of July 4, 2022, as amended by Amendment No. 1 to Agreement and Plan of Merger, dated as of July 21, 2022 (copies of which are attached to the proxy statement/prospectus as *Annex A-1* and *Annex A-2*, respectively), and as further amended or otherwise modified from time to time, by and among Health Sciences Acquisitions Corporation 2, a Cayman Islands exempted company, HSAC Olympus Merger Sub, Inc., a Delaware corporation, and Orchestra BioMed, Inc., a Delaware corporation, and the transactions contemplated by thereby be confirmed, ratified and approved in all respects.”

Vote Required for Approval

The Business Combination Proposal requires the approval of an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the issued and outstanding HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as a vote cast and will have no effect on the outcome of the vote on the Business Combination Proposal.

The Business Combination Proposal is conditioned on the approval (or waiver) of each of the other Condition Precedent Proposals.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a general discussion of the material U.S. federal income tax consequences (i) of the Domestication to U.S. Holders (as defined below) of HSAC2 Ordinary Shares, (ii) of the subsequent ownership and disposition of New Orchestra Common Stock received in the Business Combination and (iii) of the exercise of redemption rights by HSAC2 shareholders that are U.S. Holders.

This discussion is based on provisions of the Code, the Treasury Regulations promulgated thereunder (whether final, temporary, or proposed), administrative rulings of the IRS, and judicial decisions, all as in effect on the date hereof, and all of which are subject to differing interpretations or change, possibly with retroactive effect. This discussion does not purport to be a complete analysis or listing of all potential U.S. federal income tax considerations that may apply to a holder as a result of the Business Combination or as a result of the ownership and disposition of New Orchestra Common Stock. In addition, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to particular holders nor does it take into account the individual facts and circumstances of any particular holder that may affect the U.S. federal income tax consequences to such holder, and accordingly, is not intended to be, and should not be construed as, tax advice. This discussion does not address the U.S. federal 3.8% Medicare tax imposed on certain net investment income or any aspects of U.S. federal taxation other than those pertaining to the income tax (such as the gift or estate tax), nor does it address any tax consequences arising under any U.S. state and local, or non-U.S. tax laws. Holders should consult their own tax advisors regarding such tax consequences in light of their particular circumstances.

No ruling has been requested or will be obtained from the IRS regarding the U.S. federal income tax consequences of the Business Combination or any other related matter; thus, there can be no assurance that the IRS will not challenge the U.S. federal income tax treatment described below or that, if challenged, such treatment will be sustained by a court.

This summary is limited to considerations relevant to U.S. Holders that hold HSAC2 Ordinary Shares and, after the completion of the Business Combination, New Orchestra Common Stock, as “capital assets” within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that may be important to holders in light of their individual circumstances, including holders subject to special treatment under the U.S. tax laws, such as, for example:

- banks or other financial institutions, underwriters, or insurance companies;
- traders in securities who elect to apply a mark-to-market method of accounting;
- real estate investment trusts and regulated investment companies;
- tax-exempt organizations, qualified retirement plans, individual retirement accounts, or other tax-deferred accounts;
- expatriates or former long-term residents of the United States;
- subchapter S corporations, partnerships or other pass-through entities or investors in such entities;
- dealers or traders in securities, commodities or currencies;
- grantor trusts;
- persons subject to the alternative minimum tax;
- U.S. persons whose “functional currency” is not the U.S. dollar;
- persons who received HSAC2 Ordinary Shares through the issuance of restricted stock under an incentive plan or through a tax-qualified retirement plan or otherwise as compensation;
- U.S. shareholders of controlled foreign corporations, as those terms are defined in Sections 951(b) and 957(a) of the Code, respectively;

Table of Contents

- persons who own (directly or through attribution) 5% or more (by vote or value) of the outstanding HSAC2 Ordinary Shares, or, after the Business Combination, the issued shares of New Orchestra Common Stock (excluding treasury shares); or
- holders holding HSAC2 Ordinary Shares, or, after the Business Combination, shares of New Orchestra Common Stock, as a position in a “straddle,” as part of a “synthetic security” or “hedge,” as part of a “conversion transaction,” or other integrated investment or risk reduction transaction.

As used in this proxy statement/prospectus, the term “U.S. Holder” means a beneficial owner of HSAC2 Ordinary Shares, or, after the Business Combination, New Orchestra Common Stock received in the Business Combination, that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity that is classified as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the United States or any State thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust (i) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (ii) that has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person for U.S. federal income tax purposes.

A “Non-U.S. Holder” means a beneficial owner of HSAC2 Ordinary Shares, and, after the Business Combination, New Orchestra Common Stock received in the Business Combination, that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust that is not a U.S. Holder.

If a partnership, including for this purpose any entity or arrangement that is treated as a partnership for U.S. federal income tax purposes, holds HSAC2 Ordinary Shares, or, after the completion of the Business Combination, New Orchestra Common Stock received in the Business Combination, the U.S. federal income tax treatment of a partner in such partnership will generally depend on the status of the partner and the activities of the partnership. A holder that is a partnership and the partners in such partnership should consult their own tax advisors with regard to the U.S. federal income tax consequences of the exercise of redemption rights, the Domestication and the subsequent ownership and disposition of New Orchestra Common Stock received in the Business Combination.

THIS SUMMARY DOES NOT PURPORT TO BE A COMPREHENSIVE ANALYSIS OR DESCRIPTION OF ALL POTENTIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE EXERCISE OF REDEMPTION RIGHTS, DOMESTICATION OR OWNERSHIP AND DISPOSITION OF NEW ORCHESTRA COMMON STOCK. HOLDERS SHOULD CONSULT WITH THEIR TAX ADVISORS REGARDING THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE BUSINESS COMBINATION AND OF THE OWNERSHIP AND DISPOSITION OF NEW ORCHESTRA COMMON STOCK AFTER THE BUSINESS COMBINATION AND THE EXERCISE OF REDEMPTION RIGHTS, INCLUDING THE APPLICABILITY AND EFFECTS OF U.S. FEDERAL, STATE, LOCAL, AND OTHER TAX LAWS.

U.S. Holders

U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares

The following discussion, “—U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares,” constitutes the opinion of Loeb & Loeb, counsel to HSAC2, as to the material U.S. federal income tax consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares, subject to the limitations, exceptions, beliefs, assumptions, and qualifications described in such opinion and otherwise herein.

If the Domestication Qualifies as a Reorganization

General U.S. Federal Income Tax Consequences

The U.S. federal income tax consequences of the Domestication to U.S. Holders will depend primarily on whether the Domestication qualifies as a reorganization within the meaning of Section 368 of the Code. The Domestication should qualify as a “reorganization” within the meaning of Section 368 of the Code. However, the provisions of the Code that govern reorganizations are complex, and due to the absence of direct guidance on the application of Section 368 to a domestication of a corporation holding only investment-type assets such as HSAC2, the qualification of the Domestication as a reorganization is not entirely clear. U.S. Holders should be aware that HSAC2 has not requested, and, following the Domestication, Domesticated Parent does not intend to request a ruling from the IRS with respect to the U.S. federal income tax treatment of the Domestication. There can be no assurance that the IRS will not take a contrary position to views expressed herein or that a court will not agree with a contrary position of the IRS.

If the Domestication qualifies as a reorganization and subject to the PFIC rules discussed below under the heading “— *Passive Foreign Investment Company Status*,” and the discussion below regarding the effect of Section 367 of the Code, a U.S. Holder that exchanges its HSAC2 Ordinary Shares pursuant to the Domestication should not recognize gain or loss on the exchange of HSAC2 Ordinary Shares for shares of HSAC2 Common Stock. The aggregate adjusted tax basis of a U.S. Holder in the HSAC2 Common Stock received as a result of the Domestication should equal the aggregate adjusted tax basis of the HSAC2 Ordinary Shares surrendered in the exchange, increased by any amount included in the income of such U.S. Holder under Section 367(b) of the Code (as discussed below). A U.S. Holder’s holding period for the HSAC2 Common Stock received in the exchange should include the holding period for the HSAC2 Ordinary Shares surrendered in the exchange.

Because the Domestication will occur immediately prior to the redemption of U.S. Holders that exercise redemption rights with respect to HSAC2 Ordinary Shares, U.S. Holders exercising such redemption rights will be subject to the potential tax consequences of the Domestication. All holders considering exercising redemption rights with respect to their public shares are urged to consult with their tax advisors with respect to the potential tax consequences to them of the Domestication and exercise of redemption rights.

Effect of Section 367 of the Code to U.S. Holders of HSAC2 Ordinary Shares

Section 367 of the Code applies to certain non-recognition transactions involving foreign corporations, including a domestication of a foreign corporation in a transaction that qualifies as a reorganization. When it applies, Section 367 imposes U.S. federal income tax on certain United States persons in connection with transactions that would otherwise be tax-free. Section 367(b) generally will apply to U.S. Holders that exchange HSAC2 Ordinary Shares (but not rights) for HSAC2 Common Stock as part of the Domestication. Because the Domestication will occur immediately prior to the redemption of holders that exercise redemption rights with respect to HSAC2 Ordinary Shares, U.S. Holders exercising such redemption rights will be subject to the potential tax consequences of Section 367 of the Code as a result of the Domestication.

A. U.S. Holders Who Own 10 Percent or More of the Voting Power or Value of HSAC2

A U.S. Holder that on the day of the Domestication beneficially owns (directly, indirectly or constructively) (i) ten percent (10%) or more of the total combined voting power of all classes of HSAC2 stock entitled to vote or (ii) ten percent (10%) or more of the total value of shares of all classes of HSAC2 stock (a “**U.S. Shareholder**”) must include in income as a dividend the “all earnings and profits amount” attributable to the HSAC2 Ordinary Shares it directly owns, within the meaning of Treasury Regulation Section 1.367(b)-2(d). Complex attribution rules apply in determining whether a U.S. Holder owns 10% or more of the total combined voting power of all classes of HSAC2 Ordinary Shares entitled to vote or 10% or more of the total value of shares of all classes of HSAC2 Ordinary Shares for U.S. federal income tax purposes, and all U.S. Holders are urged to consult their tax advisors with respect to these attribution rules.

A U.S. Shareholder’s all earnings and profits amount with respect to its HSAC2 Ordinary Shares is the net positive earnings and profits of the corporation (as determined under Treasury Regulation Section 1.367(b)-2(d)(2)) attributable to such U.S. Shareholder’s HSAC2 Ordinary Shares (as determined under Treasury Regulation Section 1.367(b)-2(d)(3)) but without regard to any gain that would be realized on a sale or exchange of such HSAC2 Ordinary Shares. Accordingly, under Treasury Regulation Section 1.367(b)-3(b)(3), a U.S. Shareholder will be required to include in

income as a deemed dividend the earnings and profits amount (as defined in Treasury Regulation Section 1.367(b)-2(d)) with respect to its HSAC2 Ordinary Shares as a result of the Domestication. Any such U.S. Shareholder that is a corporation may, under certain circumstances, effectively be exempt from taxation on a portion or all of the deemed dividend pursuant to Section 245A of the Code. See “— *Passive Foreign Investment Company Status*” for a discussion of whether the amount of inclusion under Section 367(b) of the Code should be reduced by amounts required to be taken into account by a Non-Electing Shareholder (as defined below) under the proposed Treasury Regulations under Section 1291(f) of the Code.

B. U.S. Holders Who Own Less Than 10 Percent of the Voting Power and Value of HSAC2

A U.S. Holder that on the day of the Domestication beneficially owns (directly, indirectly or constructively) HSAC2 Ordinary Shares with a fair market value of \$50,000 or more but less than (i) ten percent (10%) of the total combined voting power of all classes of HSAC2 stock entitled to vote and (ii) ten percent (10%) of the total value of shares of all classes of HSAC2 stock must either recognize gain with respect to the Domestication or, in the alternative, elect to recognize the “all earnings and profits” amount, in each case as described below.

Unless a U.S. Holder makes the “all earnings and profits election” as described below, such holder generally must recognize gain (but not loss) with respect to shares of HSAC2 Common Stock received in exchange for its HSAC2 Ordinary Shares pursuant to the Domestication. Any such gain would be equal to the excess of the fair market value of such shares of HSAC2 Common Stock received over the U.S. Holder’s adjusted tax basis in the HSAC2 Ordinary Shares surrendered in exchange therefor. Subject to the PFIC rules discussed below, such gain would be capital gain, and should be long-term capital gain if the U.S. Holder held the HSAC2 Ordinary Shares for longer than one year.

In lieu of recognizing any gain as described in the preceding paragraph, a U.S. Holder may elect to include in income the earnings and profits amount attributable to its HSAC2 Ordinary Shares under Section 367(b). There are, however, strict conditions for making this election, as enumerated in the Treasury Regulations.

U.S. Holders are strongly urged to consult with their own tax advisors regarding whether to make this election and if the election is determined to be advisable, the appropriate filing requirements with respect to this election. See “— *Passive Foreign Investment Company Status*” for a discussion of whether the amount of inclusion under Section 367(b) of the Code should be reduced by amounts required to be taken into account by a Non-Electing Shareholder (as defined below) under the proposed Treasury Regulations under Section 1291(f) of the Code.

A U.S. Holder (who is not a U.S. Shareholder) that beneficially owns (directly, indirectly or constructively) HSAC2 Ordinary Shares with a fair market value of less than \$50,000 would not be required to recognize any gain or loss or include any part of the earnings and profits amount in income under Section 367(b) of the Code in connection with the Domestication.

If the Domestication Does Not Qualify as a Reorganization

If the Domestication fails to qualify as a reorganization, and subject to the PFIC rules discussed below under the heading “— *Passive Foreign Investment Company Status*,” a U.S. Holder that exchanges its HSAC2 Ordinary Shares for shares of HSAC2 Common Stock in the Domestication will recognize gain or loss equal to the difference between (i) the fair market value of the HSAC2 Common Stock received and (ii) the U.S. Holder’s adjusted tax basis in the HSAC2 Ordinary Shares exchanged therefor. A U.S. Holder’s aggregate tax basis in the HSAC2 Common Stock received will be the fair market value of the HSAC2 Common Stock on the date of the Domestication. The U.S. Holder’s holding period for the shares of HSAC2 Common Stock received pursuant to the Domestication will begin on the day after the date of the Domestication.

Such gain or loss will be a capital gain or loss and will be a long-term capital gain or loss if the U.S. Holder’s holding period for the HSAC2 Ordinary Shares exceeds one year at the time of the Domestication. Long-term capital gains recognized by non-corporate U.S. Holders, including individuals, currently are subject to reduced rates of U.S. federal income taxation. The deductibility of capital losses is subject to limitations under the Code. Any such gain or loss recognized by a U.S. Holder will generally be treated as U.S. source gain or loss.

U.S. Holders should consult their own tax advisors as to the particular consequences to them of the exchange of HSAC2 Ordinary Shares for shares of HSAC2 Common Stock pursuant to the Domestication, the qualification of the Domestication as a reorganization, and the application of Section 367(b) to the Domestication.

Passive Foreign Investment Company Status

Even if the Domestication qualifies as a reorganization, the Domestication may be a taxable event to U.S. Holders of HSAC2 Ordinary Shares under the PFIC provisions of the Code, to the extent that Section 1291(f) of the Code applies. Because HSAC2 is a blank check company with no current active operating business, based upon the composition of its income and assets, and upon a tentative review of its financial statements, HSAC2 believes that it likely was a PFIC for its most recent taxable year ended on December 31, 2021, and will likely be considered a PFIC for its current taxable year which ends as a result of the Domestication.

A. Definition and General Taxation of a PFIC

A non-U.S. corporation will be classified as a PFIC for any taxable year (a) if at least 75% of its gross income consists of passive income, such as dividends, interest, rents and royalties (except for rents and royalties earned in the active conduct of a trade or business), and gains on the disposition of property that produces such income, or (b) if at least 50% of the fair market value of its assets (determined on the basis of a quarterly average) is attributable to assets that produce, or are held for the production of, passive income (including for these purposes its pro rata share of the gross income and assets of any corporation (and, if certain proposed Treasury Regulations are applied, partnerships) in which it is considered to own at least 25% of the interest, by value). The determination of whether a foreign corporation is a PFIC is made annually.

If HSAC2 is determined to be a PFIC for any taxable year (or portion thereof) that is included in the holding period of a U.S. Holder of HSAC2 Ordinary Shares and, in the case of HSAC2 Ordinary Shares, the U.S. Holder did not make either (a) a timely qualified election fund (“**QEF**”) election under Section 1295 of the Code for HSAC2’s first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) HSAC2 Ordinary Shares or (b) a QEF election along with a “purging election,” both of which are discussed further below, such holder generally will be subject to special rules with respect to:

- any gain recognized by the U.S. Holder on the sale or other disposition of its HSAC2 Ordinary Shares; and
- any “excess distribution” made to the U.S. Holder (generally, any distributions to such U.S. Holder during a taxable year of the U.S. Holder that are greater than 125% of the average annual distributions received by such U.S. Holder in respect of the HSAC2 Ordinary Shares during the three preceding taxable years of such U.S. Holder or, if shorter, such U.S. Holder’s holding period for the HSAC2 Ordinary Shares).

Under these rules,

- the U.S. Holder’s gain or excess distribution will be allocated ratably over the U.S. Holder’s holding period for the HSAC2 Ordinary Shares;
- the amount allocated to the U.S. Holder’s taxable year in which the U.S. Holder recognized the gain or received the excess distribution, or to the period in the U.S. Holder’s holding period before the first day of HSAC2’s first taxable year in which it qualified as a PFIC, will be taxed as ordinary income;
- the amount allocated to other taxable years (or portions thereof) of the U.S. Holder and included in its holding period will be taxed at the highest tax rate in effect for that year and applicable to the U.S. Holder; and
- the interest charge generally applicable to underpayments of tax will be imposed in respect of the tax attributable to each such other taxable year of the U.S. Holder.

In general, if HSAC2 is determined to be a PFIC, a U.S. Holder may avoid the PFIC tax consequences described above with respect to its HSAC2 Ordinary Shares by making a timely QEF election (or a QEF election along with a purging election), as described below. Pursuant to the QEF election, a U.S. Holder will be required to include in income its pro rata share of HSAC2’s net capital gain (as long-term capital gain) and other earnings and profits (as ordinary income), on a current basis, whether or not distributed, in the taxable year of the U.S. Holder in which or with which HSAC2’s taxable year ends.

B. Impact of PFIC Rules on Certain U.S. Holders

The impact of the PFIC rules on a U.S. Holder of HSAC2 Ordinary Shares will depend on whether the U.S. Holder has made a timely and effective election to treat HSAC2 as a QEF, for HSAC2's first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) HSAC2 Ordinary Shares, or if the U.S. Holder made an effective QEF election along with a "purging election," as discussed below. A U.S. Holder's ability to make an effective QEF election with respect to HSAC2 is contingent upon, among other things, the provision by HSAC2 of certain information that would enable the U.S. Holder to make and maintain a QEF election. If HSAC2 determines it is a PFIC for any taxable year, it has provided and will continue to provide to a U.S. Holder upon request such information as the IRS may require, including a PFIC annual information statement, in order to enable the U.S. Holder to make and maintain a QEF election. However, there is no assurance that HSAC2 will have timely knowledge of its status as a PFIC in the future or of the required information to be provided. A U.S. Holder that made a timely and effective QEF election for HSAC2's first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) HSAC2 Ordinary Shares, or that made a QEF election along with a purging election, as discussed below, is hereinafter referred to as an "**Electing Shareholder.**" A U.S. Holder of a PFIC that did not make a timely and effective QEF election for HSAC2's first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) HSAC2 Ordinary Shares, or that did not make a QEF election along with a purging election, is hereinafter referred to as a "**Non-Electing Shareholder.**"

As indicated above, if a U.S. Holder of HSAC2 Ordinary Shares has not made a timely and effective QEF election with respect to HSAC2's first taxable year as a PFIC in which the U.S. Holder held (or was deemed to hold) HSAC2 Ordinary Shares, such U.S. Holder generally may nonetheless qualify as an Electing Shareholder by filing on a timely filed U.S. income tax return (including extensions) a QEF election and a purging election to recognize under the rules of Section 1291 of the Code any gain that it would otherwise recognize if the U.S. Holder sold its HSAC2 Ordinary Shares for their fair market value on the "qualification date." The qualification date is the first day of HSAC2's tax year in which HSAC2 qualifies as a QEF with respect to such U.S. Holder. The purging election can only be made if such U.S. Holder held HSAC2 Ordinary Shares on the qualification date. The gain recognized by the purging election will be subject to the special tax and interest charge rules treating the gain as an excess distribution, as described above. As a result of the purging election, the U.S. Holder will increase the adjusted tax basis in its HSAC2 Ordinary Shares by the amount of the gain recognized and will also have a new holding period in the HSAC2 Ordinary Shares for purposes of the PFIC rules.

U.S. Holders that hold (or are deemed to hold) stock of a foreign corporation that qualifies as a PFIC may instead elect to annually mark such stock to its market value if such stock is regularly traded on a national securities exchange that is registered with the SEC or certain foreign exchanges or markets of which the IRS has approved (a "**mark-to-market election**"). The Nasdaq Stock Market currently is considered to be an exchange that would allow a U.S. Holder to make a mark-to-market election. U.S. Holders are urged to consult their own tax advisors regarding the availability and tax consequences of a mark-to-market election with respect to their HSAC2 Ordinary Shares under their particular circumstances.

C. Effect of PFIC Rules on the Domestication

Even if the Domestication qualifies as a reorganization, Section 1291(f) of the Code requires that, to the extent provided in regulations, a U.S. person that disposes of stock of a PFIC (including rights to acquire stock of a PFIC) must recognize gain notwithstanding any other provision of the Code. No final Treasury Regulations are in effect under Section 1291(f). Proposed Treasury Regulations under Section 1291(f) (the "**Proposed Regulations**") were promulgated in 1992, with a retroactive effective date once they become finalized. If finalized in their present form, the Proposed Regulations would require taxable gain recognition by a Non-Electing Shareholder with respect to its exchange of HSAC2 Ordinary Shares for shares of HSAC2 Common Stock in the Domestication if HSAC2 were classified as a PFIC at any time during such U.S. Holder's holding period in HSAC2 Ordinary Shares. Any such gain would be treated as an "excess distribution" made in the year of the Domestication and subject to the special tax and interest charge rules discussed above under "*— Definition and General Taxation of a PFIC.*" In addition, the Proposed Regulations would provide coordinating rules with Section 367(b) of the Code, whereby, if the gain recognition rule of the Proposed Regulations applied to a disposition of PFIC stock that results from a transfer with respect to which Section 367(b) requires the shareholder to recognize gain or include an amount in income as a distribution under Section 301 of the Code, the gain realized on the transfer is taxable as an excess distribution under Section 1291 of the Code, and the excess, if any, of the amount to be included in income under Section 367(b) over the gain realized under Section 1291 is taxable as provided under Section 367(b). See "*— U.S. Federal Income Tax*"

Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares — Effect of Section 367 of the Code to U.S. Holders of HSAC2 Ordinary Shares.” The Proposed Regulations should not apply to an Electing Shareholder with respect to its HSAC2 Ordinary Shares for which a timely QEF election, a QEF election along with a purging election, or mark-to-market election is made. An Electing Shareholder may, however, be subject to the rules discussed above under the section entitled “— U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares — Effect of Section 367 of the Code to U.S. Holders of HSAC2 Ordinary Shares.”

The rules dealing with PFICs and with the QEF election and purging election (or a mark-to-market election) are very complex and are affected by various factors in addition to those described above. Accordingly, a U.S. Holder of HSAC2 Ordinary Shares should consult its own tax advisor concerning the application of the PFIC rules to such securities under such holder’s particular circumstances.

U.S. Federal Income Tax Consequences of Ownership and Disposition of New Orchestra Common Stock

The following discussion is a summary of certain material U.S. federal income tax consequences of the ownership and disposition of New Orchestra Common Stock to U.S. Holders who receive such New Orchestra Common Stock pursuant to the Business Combination.

Distributions on New Orchestra Common Stock

The gross amount of any distribution on shares of New Orchestra Common Stock that is made out of New Orchestra’s current or accumulated profits (as determined for U.S. federal income tax purposes) will generally be taxable to a U.S. Holder as ordinary dividend income on the date such distribution is actually or constructively received by such U.S. Holder. Any such dividends paid to corporate U.S. Holders generally will qualify for a dividends received deduction (pursuant to which a portion of the dividend may be deducted) if the requisite holding period is satisfied. Subject to applicable requirements and limitations, dividends paid to a non-corporate U.S. Holder generally will constitute “qualified dividends” that will be subject to tax at the preferential tax rate accorded to long-term capital gains.

Non-corporate U.S. Holders that do not meet a minimum holding period requirement or that elect to treat the dividend income as “investment income” pursuant to Section 163(d)(4) of the Code (dealing with the deduction for investment interest expense) will not be eligible for the reduced rates of taxation applicable to qualified dividends. In addition, the rate reduction will not apply to dividends if the recipient of a dividend is obligated to make related payments with respect to positions in substantially similar or related property. This disallowance applies even if the minimum holding period has been met.

To the extent that the amount of any distribution made by New Orchestra on the New Orchestra Common Stock exceeds New Orchestra’s current and accumulated earnings and profits for a taxable year (as determined under U.S. federal income tax principles), the distribution will first be treated as a tax-free return of capital, causing a reduction (but not below zero) in the adjusted basis of the U.S. Holder’s shares of New Orchestra Common Stock, and to the extent the amount of the distribution exceeds the U.S. Holder’s tax basis, the excess will be taxed as capital gain recognized on a sale or exchange as described below under “— Sale, Exchange, Redemption or Other Taxable Disposition of Shares of New Orchestra Common Stock.”

Sale, Exchange, Redemption or Other Taxable Disposition of Shares of New Orchestra Common Stock

A U.S. Holder will generally recognize gain or loss on any sale, exchange, or other taxable disposition of New Orchestra Common Stock, including on a redemption that is treated as a sale or exchange under Section 302 of the Code, in an amount equal to the difference between the amount realized on the disposition and such U.S. Holder’s adjusted tax basis in such New Orchestra Common Stock. Any gain or loss recognized by a U.S. Holder on a taxable disposition of New Orchestra Common Stock will generally be capital gain or loss and will be long-term capital gain or loss if the holder’s holding period in the New Orchestra Common Stock exceeds one year at the time of the disposition. Preferential tax rates may apply to long-term capital gains recognized by non-corporate U.S. Holders (including individuals). The deductibility of capital losses is subject to limitations. Any gain or loss recognized by a U.S. Holder on the sale or exchange of New Orchestra Common Stock will generally be treated as U.S. source gain or loss.

Certain U.S. Federal Income Tax Consequences to U.S. Holders of HSAC2 Ordinary Shares of Exercising Redemption Rights

Subject to the discussion above of the potential tax consequences of Section 367(b) of the Code and the rules applicable to a PFIC, the U.S. federal income tax consequences to a U.S. Holder of HSAC2 Ordinary Shares (which will be exchanged for HSAC2 Common Stock in the Domestication) that exercises its redemption rights to receive cash will depend on whether the redemption qualifies as sale or exchange of the HSAC2 Common Stock under Section 302 of the Code or is treated as a distribution under Section 301 of the Code with respect to the U.S. Holder. If the redemption qualifies as a sale or exchange of the HSAC2 Common Stock, the U.S. Holder will be treated as recognizing capital gain or loss equal to the difference between the amount realized on the redemption and such U.S. Holder's adjusted tax basis in the HSAC2 Common Stock surrendered in such redemption transaction. Any such capital gain or loss generally will be long-term capital gain or loss if the U.S. Holder's holding period for the HSAC2 Common Stock redeemed exceeds one year. Long-term capital gains recognized by non-corporate U.S. Holders will be eligible to be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

If the redemption does not qualify as a sale or exchange of HSAC2 Common Stock, the U.S. Holder will be treated as receiving a corporate distribution. Such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from HSAC2's current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. Holder's adjusted tax basis in the HSAC2 Common Stock. Any remaining excess will be treated as gain realized on the sale or other disposition of the HSAC2 Common Stock. Dividends paid to a U.S. Holder that is a taxable corporation generally will qualify for the dividends-received deduction if the requisite holding period is satisfied. With certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations) and provided certain holding period requirements are met, dividends paid to a non-corporate U.S. Holder generally will constitute "qualified dividends" that will be subject to tax at the preferential tax rate accorded to long-term capital gains. However, it is unclear whether the redemption rights with respect to the HSAC2 Common Stock may prevent a U.S. Holder from satisfying the applicable holding period requirements with respect to the dividends-received deduction or the preferential tax rate on qualified dividend income, as the case may be.

Whether a redemption qualifies for sale or exchange treatment will depend largely on the total number of shares of HSAC2 Common Stock treated as held by the U.S. Holder relative to all of the HSAC2 Ordinary Shares outstanding both before and after the redemption. The redemption of HSAC2 Common Stock generally will be treated as a sale or exchange of the HSAC2 Common Stock (rather than as a corporate distribution) if the redemption (i) is "substantially disproportionate" with respect to the U.S. Holder, (ii) results in a "complete termination" of the U.S. Holder's interest in HSAC2 or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. Holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. Holder takes into account not only HSAC2 Common Stock actually owned by the U.S. Holder, but also HSAC2 Common Stock constructively owned by it. In order to meet the substantially disproportionate test, (i) the percentage of HSAC2's outstanding voting stock actually and constructively owned by the U.S. Holder immediately following the redemption of the HSAC2 Common Stock must be less than 80% of the percentage of HSAC2's outstanding voting stock actually and constructively owned by the U.S. Holder immediately before the redemption, (ii) the U.S. Holder's percentage ownership (including constructive ownership) of the outstanding HSAC2 Common Stock (both voting and nonvoting) immediately after the redemption must be less than 80% of such percentage ownership (including constructive ownership) immediately before the redemption; and (iii) the U.S. Holder must own (including through constructive ownership), immediately after the redemption, less than 50% of the total combined voting power of all classes of stock of HSAC2 entitled to vote. There will be a complete termination of a U.S. Holder's interest if either (i) all of the HSAC2 Common Stock actually and constructively owned by the U.S. Holder are redeemed or (ii) all of the HSAC2 Common Stock actually owned by the U.S. Holder are redeemed and the U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of shares owned by certain family members and the U.S. Holder does not constructively own any other HSAC2 Common Stock. The redemption of the HSAC2 Common Stock will not be essentially equivalent to a dividend if a U.S. Holder's conversion results in a "meaningful reduction" of the U.S. Holder's proportionate interest in HSAC2. Whether the redemption will result in a meaningful reduction in a U.S. Holder's proportionate interest in HSAC2 will depend on the particular facts and circumstances. However, the

IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority shareholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a “meaningful reduction.” A U.S. Holder should consult with its own tax advisors as to the tax consequences of a redemption.

If none of the foregoing tests is satisfied, then the redemption will be treated as a corporate distribution. After the application of those rules regarding corporate distributions, any remaining tax basis of the U.S. Holder in the redeemed HSAC2 Common Stock will be added to the U.S. Holder’s adjusted tax basis in its remaining HSAC2 Common Stock, or, if it has none, possible in other shares constructively owned by it.

Because the Domestication will occur prior to the redemption of U.S. Holders that exercise redemption rights with respect to HSAC2 Ordinary Shares, U.S. Holders exercising such redemption rights, will be deemed to have exchanged their HSAC2 Ordinary Shares for shares of HSAC2 Common Stock and be subject to the potential tax consequences of Section 367(b) of the Code and the tax rules relating to PFICs as a result of the Domestication (as discussed further above).

All U.S. Holders are urged to consult their tax advisors as to the tax consequences to them of a redemption of all or a portion of their HSAC2 Ordinary Shares pursuant to an exercise of redemption rights.

Non-U.S. Holders

Certain U.S. Federal Income Tax Consequences to Non-U.S. Holders of HSAC2 Ordinary Shares of Exercising Redemption Rights

Because the Domestication will occur immediately prior to the redemption of Non-U.S. Holders that exercise redemption rights with respect to our HSAC2 Ordinary Shares, the U.S. federal income tax consequences to a Non- U.S. Holder of HSAC2 Common Stock that exercises its redemption rights to receive cash will depend on whether the redemption qualifies as a sale of the HSAC2 Common Stock redeemed, as described above under “— *Certain U.S. Federal Income Tax Consequences to U.S. Holders of HSAC2 Ordinary Shares of Exercising Redemption Rights*.” If such a redemption qualifies as a sale of HSAC2 Common Stock, the U.S. federal income tax consequences to the Non-U.S. Holder will be as described below under “— *Sale, Exchange, Redemption or Other Taxable Disposition of New Orchestra Common Stock*.” If such a redemption does not qualify as a sale of HSAC2 Common Stock the Non-U.S. Holder will be treated as receiving a distribution, the U.S. federal income tax consequences of which are described below under “— *Distributions on New Orchestra Common Stock*.”

U.S. Federal Income Tax Consequences of Ownership and Disposition of New Orchestra Common Stock

Distributions on New Orchestra Common Stock

Distributions of cash or property to a Non-U.S. Holder in respect of New Orchestra Common Stock will generally constitute dividends for U.S. federal income tax purposes to the extent paid from New Orchestra’s current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds New Orchestra’s current and accumulated earnings and profits, the excess will generally be treated first as a tax-free return of capital to the extent of the Non-U.S. Holder’s adjusted tax basis in the New Orchestra Common Stock. Any remaining excess will be treated as capital gain and will be treated as described below under “— *Sale, Exchange, Redemption or Other Taxable Disposition of New Orchestra Common Stock*.”

Dividends paid to a Non-U.S. Holder of New Orchestra Common Stock generally will be subject to withholding of U.S. federal income tax at a 30% rate, unless such Non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate as described below. However, dividends that are effectively connected with the conduct of a trade or business by the Non-U.S. Holder within the United States (and, if required by an applicable income tax treaty, are attributable to a U.S. permanent establishment or fixed base of the Non-U.S. Holder) are not subject to such withholding tax, provided certain certification and disclosure requirements are satisfied (generally by providing an IRS Form W-8ECI). Instead, such dividends are subject to United States federal income tax on a net income basis in the same manner as if the Non-U.S. Holder were a United States person as defined under the Code. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A Non-U.S. Holder of New Orchestra Common Stock who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required (a) to complete the applicable IRS Form W-8 and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (b) if the shares of New Orchestra Common Stock are held through certain foreign intermediaries, to satisfy the relevant certification requirements of applicable United States Treasury Regulations. Special certification and other requirements apply to certain Non-U.S. Holders that are pass-through entities rather than corporations or individuals.

A Non-U.S. Holder of New Orchestra Common Stock eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders are urged to consult their own tax advisors regarding their entitlement to the benefits under any applicable income tax treaty.

Sale, Exchange, Redemption or Other Taxable Disposition of New Orchestra Common Stock

Subject to the discussion of backup withholding and FATCA below, any gain realized by a Non-U.S. Holder on the taxable disposition of New Orchestra Common Stock (including on a redemption that is treated as a sale or exchange under Section 302 of the Code) generally will not be subject to U.S. federal income tax unless:

- the gain is effectively connected with a trade or business of the Non-U.S. Holder in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment or fixed base of the Non-U.S. Holder);
- the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 days or more in the taxable year of the disposition, and certain other conditions are met; or
- New Orchestra is or has been a “United States real property holding corporation” for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the Non-U.S. Holder’s holding period for such securities disposed of, and either (A) shares of New Orchestra Common Stock are not considered to be regularly traded on an established securities market or (B) such Non-U.S. Holder has owned or is deemed to have owned, at any time during the shorter of the five-year period preceding such disposition and such Non-U.S. Holder’s holding period more than 5% of the outstanding shares of New Orchestra Common Stock. There can be no assurance that shares of New Orchestra Common Stock will be treated as regularly traded on an established securities market for this purpose.

If a Non-U.S. Holder falls under the first bullet point immediately above, it will be subject to tax on its net gain in the same manner as if it were a United States person as defined under the Code and, in addition, if such Non-U.S. Holder is a foreign corporation, it may be subject to the branch profits tax equal to 30% (or such lower rate as may be specified by an applicable income tax treaty) of its effectively connected earnings and profits, subject to adjustments. An individual Non-U.S. Holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from the sale, which may be offset by certain United States source capital losses, even though the individual is not considered a resident of the United States, provided that the individual has timely filed U.S. federal income tax returns with respect to such losses.

If the last bullet point immediately above applies to a Non-U.S. Holder, gain recognized by such Non-U.S. Holder on the sale, exchange or other disposition of New Orchestra Common Stock generally will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of such New Orchestra Common Stock from a Non-U.S. Holder may be required to withhold U.S. income tax at a rate of 15% of the amount realized upon such disposition. New Orchestra does not expect to be classified as a “U.S. real property holding corporation” following the Business Combination. However, such determination is factual in nature and subject to change, and no assurance can be provided as to whether New Orchestra is or will be a U.S. real property holding corporation with respect to a Non-U.S. Holder following the Business Combination or at any future time.

Information Reporting and Backup Withholding

New Orchestra generally must report annually to the IRS and to each holder the amount of cash dividends and certain other distributions it pays to such holder on such holder’s New Orchestra Common Stock and the amount of tax, if any, withheld with respect to those distributions. In the case of a Non-U.S. Holder, copies of the information

returns reporting those distributions and withholding also may be made available to the tax authorities in the country in which the Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or agreement. Information reporting is also generally required with respect to proceeds from the sales and other dispositions of New Orchestra Common Stock to or through the U.S. office (and in certain cases, the foreign office) of a broker. In addition, certain information concerning a U.S. Holder's adjusted tax basis in its New Orchestra Common Stock and adjustments to that tax basis and whether any gain or loss with respect to such securities is long-term or short-term also may be required to be reported to the IRS.

Moreover, backup withholding of U.S. federal income tax at a rate of 24% generally will apply to cash distributions made on New Orchestra Common Stock to, and the proceeds from sales and other dispositions of such securities by, a U.S. Holder (other than an exempt recipient) who:

- fails to provide an accurate taxpayer identification number;
- is notified by the IRS that backup withholding is required; or
- in certain circumstances, fails to comply with applicable certification requirements.

A Non-U.S. Holder generally may eliminate the requirement for information reporting (other than with respect to distributions, as described above) and backup withholding by providing certification of its foreign status, under penalties of perjury, on a duly executed applicable IRS Form W-8 or by otherwise establishing an exemption.

Backup withholding is not an additional tax. Rather, the amount of any backup withholding will be allowed as a credit against a U.S. Holder's or a Non-U.S. Holder's U.S. federal income tax liability and may entitle such holder to a refund, provided that certain required information is timely furnished to the IRS. Holders are urged to consult their own tax advisors regarding the application of backup withholding and the availability of and procedures for obtaining an exemption from backup withholding in their particular circumstances.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the "**Foreign Account Tax Compliance Act**" or "**FATCA**") generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of, and (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, securities (including New Orchestra Common Stock) which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which shares of New Orchestra Common Stock are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, New Orchestra Common Stock held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies to the applicable withholding agent that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners", which will in turn be provided to the U.S. Department of Treasury.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends. While withholding under FATCA generally would also apply to payments of gross proceeds from the sale or other disposition of securities (including New Orchestra Common Stock), proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. All holders should consult their tax advisors regarding the possible implications of FATCA on their investment in New Orchestra Common Stock.

The historical financial information of HSAC2 was derived from the unaudited condensed financial statements of HSAC2 as of June 30, 2022 and for the six months ended June 30, 2022 and the audited financial statements of HSAC2 as of and for the year ended December 31, 2021, included elsewhere in this proxy statement/prospectus. The historical financial information of Orchestra was derived from the unaudited condensed consolidated financial statements of Orchestra as of June 30, 2022 and for the six months ended June 30, 2022 and the audited consolidated financial statements of Orchestra as of and for the year ended December 31, 2021, included elsewhere in this proxy statement/prospectus. Such unaudited pro forma financial information has been prepared on a basis consistent with the audited financial statements of HSAC2 and Orchestra, respectively, and should be read in conjunction with the audited historical financial statements and related notes. This information should be read together with HSAC2’s and Orchestra’s audited financial statements and related notes, the sections titled “*Management’s Discussion and Analysis of Results of Financial Condition and Results of Operations of HSAC2*” and “*Orchestra’s Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and other financial information included elsewhere in this proxy statement/prospectus.

The unaudited pro forma condensed consolidated combined balance sheet as of June 30, 2022 combines the historical balance sheet of HSAC2 and the historical consolidated balance sheet of Orchestra on a pro forma basis as if the Business Combination and the related transactions contemplated by the Merger Agreement, summarized below, had been consummated on June 30, 2022. The unaudited pro forma condensed consolidated combined statements of operations for the six months ended June 30, 2022 and for the year ended December 31, 2021, combines the historical statement of operations of HSAC2 and historical consolidated statement of operations of Orchestra for such periods on a pro forma basis as if the Business Combination and the transactions contemplated by the Merger Agreement, summarized below, had been consummated on January 1, 2021, the beginning of the earliest period presented. There were no pro forma adjustments required to eliminate activities between the companies.

The Business Combination will be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded, in accordance with U.S. GAAP. Under this method of accounting, HSAC2 is treated as the “acquired” company for financial reporting purposes. Accordingly, the Business Combination will be treated as the equivalent of Orchestra issuing stock for the net assets of HSAC2, accompanied by a recapitalization. Orchestra has been determined to be the accounting acquirer because Orchestra, as a group, will retain a majority of the outstanding shares of the combined company as of the closing of the Business Combination, they have nominated all seven persons who are expected to comprise the New Orchestra Board upon Closing, Orchestra’s management will continue to manage the combined company and Orchestra’s business will comprise the ongoing operations of the combined company.

These unaudited pro forma condensed consolidated combined financial statements are for informational purposes only. They do not purport to indicate the results that would have been obtained had the Business Combination and related transactions actually been completed on the assumed date or for the periods presented, or which may be realized in the future. The pro forma adjustments are based on the information currently available and the assumptions and estimates underlying the pro forma adjustments are described in the accompanying notes. Actual results may differ materially from the assumptions within the accompanying unaudited pro forma condensed consolidated combined financial information.

Description of the Business Combination

On July 4, 2022, HSAC2 entered into the Merger Agreement, pursuant to which the Business Combination between HSAC2 and Orchestra will be effected in two steps. First, before the Closing, HSAC2 will effect the Domestication by deregistering in the Cayman Islands and domesticating as a Delaware corporation in accordance with Section 388 of the Delaware General Corporation Law and the Companies Act. Second, at the Closing, the Merger will be effected by Merger Sub merging with and into Orchestra, with Orchestra surviving such merger as the surviving entity. Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 will then change its name to “Orchestra BioMed Holdings, Inc.”

Simultaneously with the execution of the Merger Agreement, HSAC2 and Orchestra entered into the Forward Purchase Agreement with the RTW Funds and Medtronic, pursuant to which each of the Purchasing Parties agreed to purchase \$10.0 million of HSAC2 Ordinary Shares, for a total of \$20.0 million, less the dollar amount of HSAC2 Ordinary Shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the Domestication.

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, HSAC2, Orchestra, and the RTW Funds entered into the Backstop Agreement pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of HSAC2 Ordinary Shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash as of immediately prior to the closing of the Merger is less than \$60.0 million (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic’s Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds’ Forward Purchase Shares).

On October 21, 2022, the parties amended the RTW Forward Purchase Agreement and the Backstop Agreement, pursuant to which the RTW Funds agreed that (1) the per share price under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting, (2) any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, will not be voted in favor of approving the Business Combination, and (3) the RTW Funds will waive redemption rights with respect to such purchases in the vote to approve the Business Combination.

The closing under the RTW Forward Purchase Agreement occurred on July 22, 2022, the closing under the Medtronic Forward Purchase Agreement will occur prior to the Domestication and the closing under the Backstop Agreement will occur immediately prior to the Domestication. The Sponsor and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights Agreement with respect to the New Orchestra Common Stock.

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the Domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the Closing unless, (i) as to 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 Trading Days within any 30-Trading Day period, and (ii) as to the remaining 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20-Trading Days within any 30-Trading Day period. Further, the Sponsor and HSAC2’s other initial shareholders prior to its initial public offering have agreed to subject the 4,000,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for the 4,000,000 HSAC2 Ordinary Shares issued to HSAC2’s initial shareholders prior to its initial public offering and 450,000 shares of New Orchestra Common Stock to be received in the Domestication in exchange for 450,000 HSAC2 Ordinary Shares purchased in a private placement simultaneously with the HSAC2 initial public offering, to a lock-up for up to 12 months following the Closing and, subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants, for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

The HSAC2 Board has (i) approved and declared advisable the Merger Agreement, the Domestication, the Merger and the other transactions contemplated thereby and (ii) resolved to recommend approval of the Merger Agreement, the Domestication, the Merger and related transactions by the shareholders of HSAC2.

The consideration to be paid at Closing by HSAC2 to Orchestra security holders will be payable in shares of HSAC2 Common Stock at the Exchange Ratio.

Orchestra stockholders will also have the opportunity to elect to participate in an earnout pursuant to which each such Earnout Participant may receive Earnout Consideration of up to 8,000,000 shares of New Orchestra Common Stock in the aggregate. Each Earnout Participant will agree to extend their applicable Lock-up Period from 6 months to 12 months, pursuant to an Earnout Election Agreement and will be entitled to receive the Earnout Consideration as follows:

- Earnout Participants will collectively be entitled to receive 4,000,000 Initial Earnout Shares, in the event that, during the Earnout Period, over any 20 Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share; and
- Earnout Participants will collectively be entitled to receive an additional 4,000,000 Final Earnout Shares, in the event that, during the Earnout Period, over any 20-Trading Days within any 30-Trading Day period during the Earnout Period the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share.
- Upon the first change in control meeting certain conditions that occurs during the Earnout Period, if the corresponding valuation of New Orchestra is equal to or greater than \$15.00 per share (taking into consideration the Initial Earnout Shares in determining such calculation), the Initial Milestone Event will be deemed to have occurred and if equal to or greater than \$20.00 per share (taking into consideration the issuance of all Earnout Consideration in determining such calculation), the Final Milestone Event will be deemed to have occurred, in each case immediately prior to such change in control.

Orchestra accounts for the Earnout Shares as either equity-classified or liability-classified instruments based on an assessment of the Earnout Shares specific terms and applicable authoritative guidance in ASC 480, *Distinguishing Liabilities from Equity* (“ASC 480”) and ASC 815, *Derivatives and Hedging* (“ASC 815”). Orchestra has preliminarily determined that the Earnout Shares are indexed to New Orchestra’s stock and are therefore will be classified within stockholders’ equity. The unaudited pro forma condensed combined financial information does not reflect pro forma adjustments related to the recognition of the Earnout Shares as the issuance of the shares would be represented by both an increase and offsetting decrease to additional paid-in capital. The unaudited pro forma condensed combined financial information does not reflect pro forma adjustments on a per share basis for the Earnout Shares because the earnout contingencies have not yet been met and because the earnout shares would be anti-dilutive.

The issuance of such Earnout Shares would dilute the value of all shares of New Orchestra Common Stock outstanding at the time of issuance. Assuming the current capitalization structure, the 4,000,000 Initial Earnout Shares that would become vested upon meeting the \$15.00 earnout threshold, would represent approximately 13% of total shares outstanding for the redemption scenarios set forth. Assuming the current capitalization structure, the total 8,000,000 shares representing the Initial Earnout Shares and Final Earnout Shares that would become vested upon meeting the \$20.00 earnout threshold, would represent approximately 26% of total shares outstanding for the redemption scenarios set forth.

Each share of Orchestra capital stock, if any, that is owned by HSAC2, Merger Sub, or Orchestra, or any of their subsidiaries (as treasury stock or otherwise) will automatically be canceled and extinguished without any conversion or consideration.

At the Effective Time, each issued and outstanding share of Orchestra Common Stock (other than any such shares of Orchestra Common Stock canceled as described above and any dissenting shares) will be converted into the right to receive (1) a number of shares of HSAC2 Common Stock at the Exchange Ratio, and (2) shares of Earnout Consideration as, and subject to the contingencies, described above, including entry into an Earnout Election Agreement.

Each share of common stock, par value \$0.01 per share, of Merger Sub common stock issued and outstanding immediately prior to the Effective Time will be converted into and become one newly issued share of Orchestra as the surviving corporation in the Merger.

At the Effective Time, each outstanding option to purchase shares of Orchestra Common Stock will be converted into an option to purchase, subject to substantially the same terms and conditions as were applicable under such options prior to the Effective Time, shares of New Orchestra Common Stock equal to the number of shares subject to such option prior to the Effective Time multiplied by the Exchange Ratio, at an exercise price per share of New Orchestra Common Stock equal to the exercise price per share of Orchestra Common Stock subject to such option divided by the Exchange Ratio.

Contingent on and effective as of immediately prior to the Effective Time, each outstanding warrant to purchase shares of Orchestra capital stock will be treated in accordance with the terms of the relevant agreements governing such warrants and converted into New Orchestra warrants. It is expected that the outstanding warrants to purchase shares of Orchestra capital stock will be equity classified upon the consummation of the Business Combination.

Extension Proposal

On July 1, 2022, HSAC2 filed a proxy statement seeking approval of the Extension Proposal from its shareholders to amend the Company's Existing Charter to: (a) extend from August 6, 2022 to November 6, 2022, the date by which, if the Company has not consummated a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving one or more businesses or entities, the Company must: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares; and (iii) as promptly as reasonably possible following such redemption liquidate and dissolve, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law, and (b) allow the Company, without another shareholder vote, to elect to extend the date to consummate a business combination on a monthly basis for up to three times by an additional one month each time after November 6, 2022, upon five days' advance notice prior to the applicable deadlines, until February 6, 2023 or a total of up to six months after August 6, 2022, unless the closing of the Company's initial business combination shall have occurred.

The submission of the Extension Proposal to amend HSAC2's Existing Charter entitled holders of public shares to redeem their shares for their pro rata portion of the funds held in the trust account established at the time of the HSAC2 initial public offering. In connection with the Extension Meeting, as of July 22, 2022, HSAC2 received requests for redemption from shareholders with respect to 9,237,883 HSAC2 Ordinary Shares.

The unaudited pro forma condensed consolidated combined financial information has been prepared using the assumptions below with respect to the potential redemption into cash of shares of HSAC2 Ordinary Shares:

- **Assuming No Additional Redemptions:** This scenario assumes that the only shares redeemed by Public Shareholders are those that have already been redeemed prior to July 22, 2022.
- **Assuming Maximum Redemptions:** This scenario assumes that 4,732,117 HSAC2 Ordinary Shares subject to redemption are redeemed for an aggregate payment of approximately \$47.4 million (based on an estimated per share redemption price of approximately \$10.02 that was calculated using the \$67.8 million of cash in the Trust Account divided by 6,762,117 HSAC2 Ordinary Shares subject to redemption assuming the pro forma maximum redemptions scenario pursuant to the Merger Agreement). This amount excludes 2,000,000 HSAC2 Ordinary Shares acquired by the RTW Funds and Medtronic pursuant to the Forward Purchase Agreements and 30,000 HSAC2 Ordinary Shares held by officers of HSAC2. The Merger Agreement includes a condition to the Closing that Parent Closing Cash being at least equal to \$60 million (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic's Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares).

- (4) The No Additional Redemptions Scenario excludes 1,000,000 HSAC2 Ordinary Shares subject to forfeiture upon the expiration of the Earnout Period, includes 1,000,000 HSAC2 Ordinary Shares pursuant to the Forward Purchase Agreement with RTW Funds, assumes approximately 222,350 Public Shares are purchased by the RTW Funds pursuant to the Backstop Agreement and the amount of cash remaining in HSAC2's working capital account is \$0. The Maximum Redemptions Scenario excludes 1,000,000 HSAC2 Ordinary Shares subject to forfeiture upon the expiration of the Earnout Period, includes 1,000,000 HSAC2 Ordinary Shares pursuant to the RTW Forward Purchase Agreement, and assumes approximately 4,965,337 Public Shares are purchased by the RTW Funds pursuant to the Backstop Agreement and the amount of cash remaining in HSAC2's working capital account is \$0. The Merger Agreement includes a condition to the Closing that Parent Closing Cash being at least equal to \$60 million (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic's Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares).
- (5) Excludes 750,000 Private Warrants to be forfeited by the Sponsor subject to and contingent upon the Closing. **NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED COMBINED
FINANCIAL INFORMATION**

Note 1. Basis of Presentation

The Business Combination is expected to be accounted for as a reverse recapitalization, with no goodwill or other intangible assets recorded, in accordance with U.S. GAAP. Under this method of accounting, HSAC2 will be treated as the “accounting acquiree” and Orchestra as the “accounting acquirer” for financial reporting purposes. Accordingly, for accounting purposes, the Business Combination will be treated as the equivalent of Orchestra issuing shares for the net assets of HSAC2, followed by a recapitalization. The net assets of HSAC2 will be stated at historical cost. Operations prior to the Business Combination will be those of Orchestra.

The unaudited pro forma condensed consolidated combined balance sheet as of June 30, 2022 gives effect to the Business Combination and related transactions as if they had been completed on June 30, 2022. The unaudited pro forma condensed consolidated combined statement of operations for the six months ended June 30, 2022 and year ended December 31, 2021 gives effect to the Business Combination and related transactions as if they had been completed on January 1, 2021. These periods are presented on the basis that Orchestra is the acquirer for accounting purposes.

The pro forma adjustments reflecting the consummation of the Business Combination and the related transaction are based on certain currently available information and certain assumptions and methodologies that HSAC2 management believes are reasonable under the circumstances. The unaudited condensed consolidated combined pro forma adjustments, which are described in the accompanying notes, may be revised as additional information becomes available and is evaluated. Therefore, it is likely that the actual adjustments will differ from the pro forma adjustments, and it is possible that the difference may be material. HSAC2 management believes that its assumptions and methodologies provide a reasonable basis for presenting all of the significant effects of the Business Combination and the related transactions based on information available to management at this time and that the pro forma adjustments give appropriate effect to those assumptions and are properly applied in the unaudited pro forma condensed consolidated combined financial information.

The unaudited pro forma condensed consolidated combined financial information does not give effect to any anticipated synergies, operating efficiencies, tax savings, or cost savings that may be associated with the Business Combination. The unaudited pro forma condensed consolidated combined financial information is not necessarily indicative of what the actual results of operations and financial position would have been had the Business Combination and related transactions taken place on the dates indicated, nor are they indicative of the future consolidated results of operations or financial position of the post-combination company. They should be read in conjunction with the historical consolidated financial statements and notes thereto of HSAC2 and Orchestra.

Note 2. Accounting Policies and Reclassifications

Upon consummation of the Business Combination, management will perform a comprehensive review of the two entities’ accounting policies. As a result of the review, management may identify differences between the accounting policies of the two entities which, when conformed, could have a material impact on the financial statements of the post-combination company. Based on its initial analysis, management did not identify any differences that would have a material impact on the unaudited pro forma condensed consolidated combined financial information. As a result, the unaudited pro forma condensed consolidated combined financial information does not assume any differences in accounting policies.

As part of the preparation of these unaudited pro forma condensed consolidated combined financial statements, certain reclassifications were made to align HSAC2’s financial statement presentation with that of Orchestra.

Preferred Stock Conversion

Immediately prior to the consummation of the Business Combination, each share of Orchestra’s pre-merger preferred stock will be converted into Orchestra common stock. Upon the closing of the Business Combination (after giving effect to the conversion of Orchestra preferred stock into Orchestra common stock), all shares of Orchestra common stock outstanding will be converted into shares of New Orchestra common stock.

Accounting for Stock Option Conversion

The Company accounts for stock-based compensation arrangements with employees and non-employee consultants using a fair value method which requires the recognition of compensation expense for costs related to all stock-based payments, including stock options. As of the Effective Time, each Orchestra option prior to the business combination that is then outstanding will be converted into an option to purchase shares of New Orchestra common stock upon substantially the same terms and conditions as are in effect with respect to such option immediately prior to the Effective Time, subject to specific terms and conditions. As the Orchestra postmerger options will contain only service-based vesting conditions, Orchestra will recognize the incremental fair value related to the portion of the fully vested post-merger option and subject to service-based vesting conditions as consideration transferred. As there is no change in the terms of the options, Orchestra does not expect to recognize any incremental fair value.

Note 3. Adjustments to Unaudited Pro Forma Condensed Consolidated Combined Financial Information

The unaudited pro forma condensed consolidated combined financial information has been prepared to illustrate the effect of the Business Combination and related transactions and has been prepared for informational purposes only.

The following unaudited pro forma condensed consolidated combined financial information has been prepared in accordance with Article 11 of Regulation S-X as amended by the final rule, Release No. 33-10786 “Amendments to Financial Disclosures about Acquired and Disposed Businesses.” Release No. 33-10786 replaces the existing pro forma adjustment criteria with simplified requirements to depict the accounting for the transaction (“**Transaction Accounting Adjustments**”) and present the reasonably estimable synergies and other transaction effects that have occurred or are reasonably expected to occur (“**Management’s Adjustments**”). The pro forma adjustments reflecting the consummation of the Business Combination and related transactions are based on certain currently available information and certain estimates, assumptions and methodologies that management believes are reasonable under the circumstances. The unaudited condensed consolidated combined pro forma adjustments, which are described in the accompanying notes, may be revised as additional information becomes available and is evaluated. HSAC2 has elected not to present Management’s Adjustments and will only be presenting Transaction Accounting Adjustments in the unaudited pro forma condensed consolidated combined financial information. There were no pro forma adjustments required to eliminate activities between the companies.

The pro forma condensed combined financial information does not include an income tax adjustment. Upon closing of the Business Combination, it is likely that the combined company will record a valuation allowance against the total U.S. and state deferred tax assets as the recoverability of the tax assets is uncertain. The pro forma combined provision for income taxes does not necessarily reflect the amounts that would have resulted had the combined company filed consolidated income tax returns during the periods presented.

The pro forma basic and diluted earnings per share amounts presented in the unaudited pro forma condensed consolidated combined statements of operations are based upon the number of shares of New Orchestra Common Stock outstanding, assuming the Business Combination and related transactions occurred on the beginning of the earliest period presented. The pro forma basic and diluted earnings per share amounts exclude the impact of the Earnout Shares as the earnout contingencies have not yet been met and because the earnout shares would be anti-dilutive.

Adjustments to Unaudited Pro Forma Condensed Consolidated Combined Balance Sheet:

The adjustments included in the unaudited pro forma condensed consolidated combined balance sheet as of June 30, 2022 are as follows:

- A. Reflects the redemption payment totaling approximately \$92.5 million as a result of the redemption of 9,237,883 HSAC2 Ordinary Shares in connection with the Extension Proposal, inclusive of \$0.1 million of available interest at August 22, 2022.

Represents HSAC2 preliminary estimated remaining transaction costs of \$1.7 million inclusive of advisory, banking, printing, legal, accounting fees and other professional fees that are expensed as a part of the Business Combination within accumulated deficit. Of the estimated transaction costs, \$1.1 million has already been incurred and reflected in the historical financial statements of HSAC2, of which \$0.1 million has already been paid.
- E. Represents Orchestra preliminary estimated transaction costs of \$6.4 million inclusive of advisory, banking, legal and other professional fees that are to be incurred as a part of the Business Combination within additional paid-in capital. Of the estimated transaction costs, \$1.6 million has already been incurred and reflected in the historical financial statements of Orchestra, of which \$0.1 million has already been paid.
- F. Reflects the settlement of \$5.6 million in deferred underwriting fee payable.
- G. Reflects the reclassification of \$1.9 million of Orchestra warrant liabilities to equity. The Orchestra warrants are expected to meet the fixed-for-fixed indexation criteria to be equity classified upon the consummation of the Business Combination.

- I. Reflects the conversion of 11,212,117 HSAC2 Ordinary Shares into 11,212,117 shares of New Orchestra Common Stock in the Domestication after reflecting the redemption of 9,237,883 HSAC2 Ordinary Shares in connection with the Extension Proposal.
- J. Reflects the recapitalization of Orchestra's outstanding equity and temporary equity comprised of 35,694,179 shares of preferred stock and 2,500,212 shares of common stock, par value of \$0.0001 (aggregate value of \$165.9 million) reflected as an increase in additional paid-in capital.
- K. Reflects the reclassification of HSAC2's historical accumulated deficit.
- L. Reflects the maximum redemption of 4,732,117 HSAC2 Public Shares for aggregate redemption payments of \$47.4 million allocated to New Orchestra Common Stock and additional paid-in capital using par value \$0.0001 per share and a redemption price of \$10.02 per share. Excludes 2,000,000 Public Shares acquired by the RTW Funds and Medtronic pursuant to the Forward Purchase Agreements and 30,000 Ordinary Shares held by officers of HSAC2. This adjustment is recorded after consideration of the \$60.0 million Minimum Available Cash Condition (which calculation excludes amounts received pursuant to the Medtronic Forward Purchase Agreement or are otherwise held in the Trust Account in respect of Medtronic's Forward Purchase Shares, but is inclusive of amounts received pursuant to the RTW Forward Purchase Agreement and otherwise held in the Trust Account in respect of the RTW Funds' Forward Purchase Shares).
- M. Reflects the proceeds from approximately 4,742,987 additional HSAC2 Ordinary Shares purchased by the RTW Funds (assuming maximum redemptions) pursuant to the Backstop Agreement and assumes the amount of cash remaining in HSAC2's working capital account is \$0.

Adjustments to Unaudited Pro Forma Condensed Consolidated Combined Statements of Operations

The pro forma adjustments included in the unaudited pro forma condensed consolidated combined statements of operations for the six months ended June 30, 2022 and for the year ended December 31, 2021 are as follows:

- A.1 Reflects elimination of investment income on the trust account.
- B.1 Reflects estimated transactions costs of \$0.7 million as if incurred on January 1, 2021, the date the Business Combination occurred for the purposes of the unaudited pro forma condensed consolidated combined statement of operations. The amount presented is comprised of transaction costs outlined in adjustment (D) that were not yet recognized and expensed in the historical statement of operations as part of the Business Combination.

- C.1 Reflects the reclassification of the Orchestra warrant liabilities to equity as of January 1, 2021 and the elimination of changes in the fair value of the warrant liabilities recorded in the statement of operations. The Orchestra warrants are expected to meet the fixed-for-fixed indexation criteria to be equity classified upon the consummation of the Business Combination.

Note 4. Net Loss per Share

Net loss per share was calculated using the historical weighted average shares outstanding, and the issuance of additional shares in connection with the Business Combination and the related transactions, assuming the shares were outstanding since January 1, 2021. As the Business Combination and the related transactions are being reflected as if they had occurred at the beginning of the period presented, the calculation of weighted average shares outstanding for basic and diluted net loss per share assumes that the shares issuable relating to the Business Combination and related have been outstanding for the entirety of all periods presented.

The unaudited pro forma condensed consolidated combined financial information has been prepared to present two alternative scenarios with respect to redemption of ordinary stock by HSAC2 public stockholders at the time of the Business Combination for the six months ended June 30, 2022 and year ended December 31, 2021:

| | Six Months Ended June 30, 2022 ⁽¹⁾ | | Year Ended December 31, 2021 ⁽¹⁾ | |

- (1) Pro forma net loss per share includes the related pro forma adjustments as referred to within the section “*Adjustments to Unaudited Pro Forma Condensed Consolidated Combined Financial Information.*”
- (2) The potentially dilutive outstanding securities were excluded from the computation of pro forma net loss per share, basic and diluted, because their effect would have been anti-dilutive and/or issuance or vesting of such shares is contingent upon the satisfaction of certain conditions which were not satisfied by the end of the periods presented.

PROPOSAL 2
THE DOMESTICATION PROPOSAL

Overview

HSAC2 is proposing to change its corporate structure and domicile from an exempted company incorporated under the laws of the Cayman Islands to a corporation incorporated under the laws of the State of Delaware. This change will be implemented as a legal continuation of HSAC2 under the applicable laws of the Cayman Islands and the State of Delaware.

The Domestication will be effected by the filing of a Certificate of Corporate Domestication and the Certificate of Incorporation with the Delaware Secretary of State and filing an application to de-register HSAC2 with the Registrar of Companies of the Cayman Islands. In connection with the Domestication, all outstanding securities of HSAC2 will convert to outstanding securities of the continuing Delaware corporation. The Domestication will be effectuated prior to, but conditioned upon, the Closing. The Proposed Charter, substantially in the form attached to this proxy statement/prospectus as *Annex B*, will become effective upon the Domestication. The proposed bylaws, substantially in the form attached to this proxy statement/prospectus as *Annex C*, will become effective upon the Domestication.

At the effective time of the Domestication, the separate existence of HSAC2 will cease as a Cayman Islands exempted company and will become and continue as a Delaware corporation. The Existing Charter will be replaced by the Proposed Charter and your rights as a shareholder will cease to be governed by the laws of the Cayman Islands and in connection with the Domestication you will become a stockholder of New Orchestra with all rights as such governed by Delaware law.

Reasons for the Domestication

The HSAC2 Board believes that it would be in the best interests of HSAC2, immediately prior to the completion of the Business Combination, to effect the Domestication. The primary reason for the Domestication is to enable the Company to avoid certain taxes that would be imposed on the Company if the Company were to conduct an operating business in the United States as a foreign corporation following the Business Combination.

In addition, because the Company will operate within the United States following the Business Combination, it was the view of the HSAC2 Board that the Company should also be structured as a corporation organized in the United States. In addition, the HSAC2 Board believes Delaware provides a recognized body of corporate law that will facilitate corporate governance by HSAC2's officers and directors. Delaware maintains a favorable legal and regulatory environment in which to operate. For many years, Delaware has followed a policy of encouraging companies to incorporate there and, in furtherance of that policy, has adopted comprehensive, modern and flexible corporate laws that are regularly updated and revised to meet changing business needs. As a result, many corporations have initially chosen Delaware as their domicile or have subsequently reincorporated in Delaware in a manner similar to the procedures HSAC2 is proposing. Due to Delaware's longstanding policy of encouraging incorporation in that state and consequently its prevalence as the state of incorporation, the Delaware courts have developed a considerable expertise in dealing with corporate issues and a substantial body of case law has developed construing the DGCL and establishing public policies with respect to Delaware corporations. It is anticipated that the DGCL will continue to be interpreted and explained in a number of significant court decisions that may provide greater predictability with respect to the Company's corporate legal affairs.

Certificate of Incorporation and Bylaws

Commencing with the effective time of the Domestication, which will be the date of the Closing, the Company's certificate of incorporation and bylaws will govern the rights of stockholders in the Company.

A chart comparing your rights as a holder of HSAC2 Ordinary Shares as a Cayman Islands exempted company with your rights as a holder of the Company's common stock as a Delaware corporation can be found below in "*— Comparison of Shareholder Rights under the Applicable Corporate Law Before and After the Domestication.*"

Tax Consequences to Holders of HSAC2 Ordinary Shares Who Receive HSAC2 Common Stock as a Result of the Domestication

In connection with the Domestication, holders of HSAC2 Ordinary Shares who do not elect to exercise their redemption rights will receive shares of HSAC2 Common Stock. For a discussion of the material U.S. federal income tax consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares, see the section entitled “*Material U.S. Federal Income Tax Consequences — U.S. Federal Income Tax Consequences of the Domestication to U.S. Holders of HSAC2 Ordinary Shares.*”

Manner of Effecting the Domestication and the Legal Effect of the Domestication

Delaware Law

Pursuant to Section 388 of the DGCL, a non-United States entity may become domesticated as a Delaware corporation by filing with the Delaware Secretary of State a Certificate of Corporate Domestication and a certificate of incorporation, certifying to the matters set forth in Section 388 of the DGCL. The Domestication must be approved in the manner provided for by the instrument or other writing governing the internal affairs of the non-United States entity and the conduct of its business or by applicable non-Delaware law, as appropriate and the certificate of incorporation must be approved by the same authorization required to approve the Domestication.

When a non-United States entity has become domesticated as a Delaware corporation, for all purposes of Delaware law, the corporation will be deemed to be the same entity as the domesticating non-United States entity and the domestication will constitute a continuation of the existence of the domesticating non-United States entity in the form of a Delaware corporation. When any domestication will have become effective, for all purposes of Delaware laws, all of the rights, privileges and powers of the non-United States entity that has been domesticated and all property, real, personal and mixed and all debts due to such non-United States entity, as well as all other things and causes of action belonging to such non-United States entity, will remain vested in the corporation to which such non-United States entity has been domesticated (and also in the non-United States entity, if and for so long as the non-United States entity continues its existence in the foreign jurisdiction in which it was existing immediately prior to the domestication) and will be the property of such corporation (and also of the non-United States entity, if and for so long as the non-United States entity continues its existence in the foreign jurisdiction in which it was existing immediately prior to the domestication); but all rights of creditors and all liens upon any property of such non-United States entity will be preserved unimpaired and all debts, liabilities and duties of the non-United States entity that has been domesticated will remain attached to the corporation to which such non-United States entity has been domesticated (and also to the non-United States entity, if and for so long as the non-United States entity continues its existence in the foreign jurisdiction in which it was existing immediately prior to the domestication) and may be enforced against it to the same extent as if said debts, liabilities and duties had originally been incurred or contracted by it in its capacity as such corporation. The rights, privileges, powers and interests in property of the non-United States entity, as well as the debts, liabilities and duties of the non-United States entity, will not be deemed, as a consequence of the domestication, to have been transferred to the corporation to which such non-United States entity has domesticated for any purpose of the laws of the State of Delaware.

Cayman Islands Law

If the Domestication Proposal is approved, HSAC2 will also apply to deregister as a Cayman Islands exempted company pursuant to the Companies Act. Upon the deregistration, HSAC2 will no longer be subject to the provisions of the Companies Act. Except as provided in the Companies Act, the deregistration will not affect the rights, powers, authorities, functions and liabilities or obligations of HSAC2 or any other person.

Comparison of Shareholder Rights under Applicable Corporate Law Before and After the Domestication

When the Domestication is completed, the rights of New Orchestra stockholders will be governed by Delaware law, including the DGCL, rather than by the laws of the Cayman Islands. Certain differences exist between the DGCL and the Companies Act that will alter certain of the rights of shareholders and affect the powers of the Board and management following the Domestication.

Shareholders should consider the following summary comparison of the laws of the Cayman Islands, on the one hand, and the DGCL, on the other. This comparison is not intended to be complete and is qualified in its entirety by reference to the DGCL and the Companies Act.

The owners of a Delaware corporation's shares are referred to as "stockholders." For purposes of language consistency, in certain sections of this proxy statement/prospectus, we may continue to refer to the share owners of the Company as "shareholders."

| Provision | Delaware | Cayman Islands |
|---|---|---|
| <i>Applicable legislation</i> | General Corporation Law of the State of Delaware. | The Companies Act. |
| <i>General Vote Required for Combinations with Interested Stockholders/Shareholders</i> | Generally, a corporation may not engage in a business combination with an "interested stockholder" (generally, a person that owns 15% or more of a corporation's voting stock) for a period of three years after the time of the transaction in which the person became an interested stockholder, unless, among other things, the corporation's board of directors approved the business combination or the transaction pursuant to which the interested stockholder became an interested stockholder prior to the time the interested stockholder became an interested stockholder or the corporation opts out of the statutory provision. New Orchestra will not opt out of this statutory provision. | No similar provision. |
| <i>Dissenters' Rights or Appraisal Rights</i> | Stockholders of a publicly-traded corporation generally have appraisal rights in connection with a merger if they are required by the terms of a business combination agreement to accept for their shares anything except: (a) shares or depository receipts of the corporation surviving or resulting from such merger; (b) shares of stock or depository receipts that will be either listed on a national securities exchange or held of record by more than 2,000 holders; (c) cash in lieu of fractional shares or fractional depository receipts described in (a) and (b) above; or (d) any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in (a), (b) and (c) above. | Subject to certain exceptions, shareholders that dissent from a merger are entitled to be paid the fair market value of their shares, which if necessary may ultimately be determined by the court. |

| Provision | Delaware | Cayman Islands |
|--|---|---|
| <i>Requirements for Stockholder/Shareholder Approval</i> | Subject to the certificate of incorporation, stockholder approval of mergers, a sale of all or substantially all the assets of the corporation, dissolution and amendments of constitutional documents require a majority of outstanding shares entitled to vote on the matter; most other stockholder approvals require a majority of those present in person or represented by proxy at the meeting and entitled to vote on the matter, provided a quorum is present. | Subject to the articles of association, matters which require shareholder approval, whether under the Companies Act or the company's articles of association, are determined (subject to quorum requirements) by simple majority of the shares present and voting at a meeting. Where the proposed action requires approval by "Special Resolution" (such as the amendment of the company's constitutional documents), the approval of not less than two-thirds of the shares present and voting at a meeting is required, subject to any additional higher thresholds that may be included in an entity's articles of association. |
| <i>Requirement for Quorum</i> | Quorum is a majority of shares entitled to vote at the meeting unless otherwise set in the constitutional documents, but cannot be less than one-third of shares entitled to vote at the meeting. | Quorum is set in the company's memorandum and articles of association. |
| <i>Stockholder/Shareholder Consent to Action Without Meeting</i> | Unless otherwise provided in the certificate of incorporation, stockholders may act by written consent. | Shareholder action by written resolutions (whether unanimous or otherwise) may be permitted by the articles of association. The articles of association may provide that shareholders may not act by written resolutions. |
| <i>Inspection of Books and Records</i> | Any stockholder, upon written demand stating the purposes thereof, may inspect the corporation's books and records for a proper purpose during the usual hours for business. | Shareholders generally do not have any rights to inspect or obtain copies of the register of shareholders or other corporate records of a company. |
| <i>Stockholder/Shareholder Lawsuits</i> | A stockholder may bring a derivative suit subject to statutory procedural requirements. | In the Cayman Islands, the decision to institute proceedings on behalf of a company is generally taken by the company's board of directors. A shareholder may be entitled to bring a derivative action on behalf of the company only in certain limited circumstances. |
| <i>Removal of Directors</i> | Any director or the entire board may be removed, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of directors, except as follows: (1) unless the charter otherwise provides, in the case of a corporation with a classified board, stockholders may effect such removal only for cause; or (2) in the case of a corporation having cumulative voting, if less than the entire board is to be removed, no director may be removed without cause if the votes cast against such director's removal would be sufficient to elect such director if then cumulatively voted at an election of the entire board. | A company's memorandum and articles of association may provide that a director may be removed for any or no reason and that, in addition to shareholders, boards may be granted the power to remove a director. |

| Provision | Delaware | Cayman Islands |
|--|--|---|
| <i>Number of Directors</i> | The number of directors is fixed by the bylaws, unless the certificate of incorporation fixes the number of directors, in which case a change in the number of directors shall be made only by amendment of the certificate of incorporation. The bylaws may provide that the board may increase the size of the board and fill any vacancies. | Subject to the memorandum and articles of association, the board may increase the size of the board and fill any vacancies. |
| <i>Classified or Staggered Boards</i> | Classified boards are permitted. | Classified boards are permitted. |
| <i>Fiduciary Duties of Directors</i> | Directors must exercise a duty of care and duty of loyalty and good faith to the company and its stockholders. | <p>A director owes a fiduciary duty to act in the best interests of the Company and for a proper purpose and to exercise loyalty, honesty and good faith to the company as a whole.</p> <p>In addition to fiduciary duties, directors owe a duty of care, diligence and skill.</p> <p>Such duties are owed to the company but may be owed directly to creditors or shareholders in certain limited circumstances.</p> |
| <i>Indemnification of Directors and Officers</i> | A corporation shall have the power to indemnify any person who was or is a party or threatened to be made a party to any proceeding by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another entity against expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. If the action was brought by or on behalf of the corporation, no indemnification is made when a person is adjudged liable to the corporation unless a court determines such person is fairly and reasonably entitled to indemnity for expenses the court deems proper. | A Cayman Islands exempted company generally may indemnify its directors or officers, except with regard to fraud or willful default. |
| <i>Limited Liability of Directors and Officers</i> | Permits the limiting or eliminating of the monetary liability of a director or officer to a corporation or its stockholders, except with regard to, among other things, breaches of duty of loyalty, intentional misconduct, or improper personal benefit. | Liability of directors may be limited, except with regard to their own fraud or willful default. |

Comparison of Shareholder Rights under the Applicable Organizational Documents Before and After the Domestication

When the Domestication is completed, the rights of New Orchestra stockholders will be governed by the Proposed Charter and the Proposed Bylaws, rather than the Existing Charter (which will cease to be effective) and the rights of HSAC2 shareholders and the scope of the powers of the Board and management will be altered as a result.

HSAC2 shareholders should consider the following summary comparison of the Proposed Charter and the Proposed Bylaws, on the one hand, and the Existing Charter, on the other hand. This comparison assumes that the changes are approved. This comparison is not intended to be complete and is qualified in its entirety by reference to the Existing Charter, the Proposed Charter and the Proposed Bylaws. You should read the form of the Proposed Charter and the Proposed Bylaws, copies of which are attached to this proxy statement/prospectus as *Annex B* and *Annex C*, respectively, carefully in their entirety.

Delaware Proposed Charter and Proposed Bylaws

The Proposed Charter provides that the New Orchestra Board shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as possible, of one-third of the total number of directors constituting the entire board. The Class I directors shall stand elected for a term expiring at the first annual meeting of the stockholders. The Class II directors shall stand elected for a term expiring at the second annual meeting of the stockholders. The Class III directors shall stand elected for a term expiring at the third annual meeting of the stockholders. At each succeeding annual meeting of stockholders, directors shall be elected for a full term of three years to succeed the directors of the class whose terms expired at such annual meeting of stockholders, subject to their earlier death, resignation or removal.

Cayman Islands Existing Charter

The Directors shall be divided into three classes: Class I, Class II and Class III. The number of Directors in each class shall be as nearly equal as possible. Upon the adoption of the Articles, the existing Directors shall by resolution classify themselves as Class I, Class II or Class III Directors. The Class I Directors shall stand elected for a term expiring at HSAC2's first annual general meeting, the Class II Directors shall stand elected for a term expiring at HSAC2's second annual general meeting and the Class III Directors shall stand elected for a term expiring at HSAC2's third annual general meeting. Commencing at HSAC2's first annual general meeting, and at each annual general meeting thereafter, Directors elected to succeed those Directors whose terms expire shall be elected for a term of office to expire at the third succeeding annual general meeting after their election. Except as the Companies Law (2020 Revision) of the Cayman Islands or other applicable law may otherwise require, in the interim between annual general meetings or extraordinary general meetings called for the election of Directors and/or the removal of one or more Directors and the filling of any vacancy in that connection, additional Directors and any vacancies in the Board of Directors, including unfilled vacancies resulting from the removal of Directors for cause, may be filled by the vote of a majority of the remaining Directors then in office, although less than a quorum (as defined in the Articles), or by the sole remaining Director. All Directors shall hold office until the expiration of their respective terms of office and until their successors shall have been elected and qualified. A Director elected to fill a vacancy resulting from the death, resignation or removal of a Director shall serve for the remainder of the full term of the Director whose death, resignation or removal shall have created such vacancy and until his successor shall have been elected and qualified.

Board Vacancies; Removal

The Proposed Charter and the Proposed Bylaws provide that, subject to the special rights of the holders of one or more outstanding series of preferred stock to elect directors, any director or the entire New Orchestra Board may be removed, at any time, but only for cause and only by the affirmative vote of at least a majority of the total voting power of the outstanding shares of voting stock of New Orchestra then entitled to vote at an election of directors. Subject to the special rights of the holders of one or more outstanding series of preferred stock to elect directors, except as otherwise provided by law, any vacancies on the New Orchestra Board resulting from death, resignation, removal or other causes and any newly created directorships resulting from any increase in the number of directors, shall, unless the New Orchestra Board determines by resolution that any such vacancies or newly created directorships shall be filled by the stockholders and except as otherwise provided by applicable law, be filled by the affirmative vote of a majority of the directors

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2:

HSAC2 may by Ordinary Resolution appoint any person to be a Director or may by Ordinary Resolution remove any Director. The Directors may appoint any person to be a Director, either to fill a vacancy or as an additional Director provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with the Articles as the maximum number of Directors.

then in office, even though less than a quorum, or by the sole remaining director, and shall not be filled by the stockholders. Any director appointed in accordance with the preceding sentence shall hold office for the remainder of the term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified.

Stockholder/Shareholder Voting

The Proposed Charter provides that each holder of New Orchestra Common Stock will be entitled to one vote for each share of New Orchestra Common Stock held of record by such holder on all matters on which stockholders generally are entitled to vote, except for any amendment to the Proposed Charter (including any Preferred Stock Designation (as defined in the Proposed Charter)) that relates solely to the terms of one or more outstanding classes or series of New Orchestra Preferred Stock if the holders of such affected classes or series are entitled, either separately or together with the holders of one or more other such classes or series, to vote thereon pursuant to the Proposed Charter (including any Preferred Stock Designation) or the DGCL.

The Proposed Bylaws provide that, except as otherwise provided by law or the Proposed Charter, directors shall be elected by a plurality of the votes cast by the stockholders entitled to vote at the election of directors. Except as otherwise provided by the Proposed Charter, the Proposed Bylaws, the rules or regulations of any stock exchange applicable to New Orchestra, or any law applicable to New Orchestra or its securities, in all matters other than the election of directors, the affirmative vote of the holders of a majority of the votes cast affirmatively or negatively (excluding abstentions) shall be the act of the stockholders.

The Proposed Charter and the Proposed Bylaws provide that no action shall be taken by the stockholders of New Orchestra except at an annual or special meeting of stockholders called in accordance with the Proposed Bylaws, and no action shall be taken by the stockholders by written consent.

Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before an annual meeting of the stockholders of New Orchestra shall be given in the manner provided in the Proposed Bylaws.

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2:

Every Shareholder present in any such manner shall have one vote for every Share of which he is the holder.

Votes may be cast either personally or by proxy (or in the case of a corporation or other non-natural person by its duly authorized representative or proxy). A Shareholder may appoint more than one proxy or the same proxy under one or more instruments to attend and vote at a meeting. Where a Shareholder appoints more than one proxy the instrument of proxy shall specify the number of Shares in respect of which each proxy is entitled to exercise the related votes.

Amendments to the Governing Documents

The Proposed Charter provides that any amendment to the Proposed Bylaws will require the approval of either the New Orchestra Board or the holders of at least 66 2/3% of the voting power of New Orchestra's then-outstanding shares of capital stock entitled to vote generally in an election of directors, voting together as a single class.

The Proposed Charter provides that any amendment to certain provisions of the Proposed Charter will require the approval of the holders of at least 66 2/3% of the voting power of New Orchestra's then-outstanding shares of capital stock entitled to vote in an election of directors, voting together as a single class.

Authority of the Directors

Except as otherwise expressly provided by the DGCL or the Proposed Charter, the business and affairs of New Orchestra shall be managed by or under the direction of the New Orchestra Board.

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2, HSAC2 may by Special Resolution alter or amend its Amended and Restated Memorandum and Articles of Association.

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2, the business of HSAC2 shall be managed by the Directors who may exercise all the powers of HSAC2.

Liability of Directors

The Proposed Charter and Proposed Bylaws provide that, to the fullest extent provided by law, no director or officer will be personally liable to New Orchestra or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except that these provisions will not eliminate or limit the liability of: (1) a director or officer for any breach of their duty of loyalty to New Orchestra or its stockholders; (2) a director or officer for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of law; (3) a director under Section 174 of the DGCL; (4) a director or officer for any transaction from which the director or officer derived an improper personal benefit; or (5) an officer in any action by or in the right of New Orchestra.

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2, the liability of Directors may be limited, except with regard to their own fraud or willful default.

Indemnification of Directors, Officers, Employees and Others

A corporation is generally permitted to indemnify its directors and officers acting in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation.

Under the Proposed Bylaws, New Orchestra will be required to indemnify its directors and officers and any person serving at New Orchestra's request as a director, officer or trustee of another entity as described therein, to the extent not prohibited by the DGCL.

As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2, every Director and Officer (which for the avoidance of doubt, shall not include auditors of HSAC2), together with every former Director and former Officer (each an "**Indemnified Person**") shall be indemnified out of the assets of HSAC2 against any liability, action, proceeding, claim, demand, costs, damages or expenses, including legal expenses, whatsoever which they or any of them may incur as a result of any act or failure to act in carrying out their functions other than such liability (if any) that they may incur by reason of their own actual fraud, willful neglect or willful default. No Indemnified Person shall be liable to HSAC2 for any loss or damage incurred by HSAC2 as a result (whether direct or indirect) of the carrying out of their functions unless that liability arises through the actual fraud, willful neglect or willful default of such Indemnified Person. No person shall be found to have committed actual fraud, willful neglect or willful default under this Article unless or until a court of competent jurisdiction shall have made a finding to that effect.

Exclusive Forum

| | |
|---|------------------------------|
| <p>The Proposed Charter will provide that, unless New Orchestra consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forum for (i) any derivative action, suit or proceeding brought on behalf of New Orchestra, (ii) any action, suit or proceeding asserting a claim of breach of fiduciary duty owed by any director, officer or stockholder to New Orchestra or its stockholders, (iii) any action, suit or proceeding arising pursuant to any provision of the DGCL, the Proposed Charter or the Proposed Bylaws, or (iv) any action asserting a claim against New Orchestra governed by the internal affairs doctrine. The Proposed Charter further provides that, subject to the exclusive forum provisions described above, the federal district courts of the United States of America shall be the exclusive forum for the resolutions of any complaint asserting a cause of action arising under the Securities Act. In addition, notwithstanding the foregoing, the above provisions shall not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts of the United States have exclusive jurisdiction.</p> | <p>No Similar Provision.</p> |

Business Opportunities

| | |
|---|--|
| <p>The Proposed Charter is silent on the issue of application of the doctrine of corporate opportunity.</p> | <p>As set out in the Amended and Restated Memorandum and Articles of Association of HSAC2, to the fullest extent permitted by Applicable Law, no individual serving as a Director or an Officer shall have any duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as HSAC2. To the fullest extent permitted by Applicable Law, HSAC2 renounces any interest or expectancy of HSAC2 in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for Management, on the one hand, and HSAC2, on the other. Except to the extent expressly assumed by contract, to the fullest extent permitted by Applicable Law, Management shall have no duty to communicate or offer any such corporate opportunity to HSAC2 and shall not be liable to HSAC2 or its Shareholders for breach of any fiduciary duty as a Shareholder, Director and/or Officer solely by reason of the fact that such party pursues or acquires such corporate opportunity for itself, himself or herself, directs such corporate opportunity to another person, or does not communicate information regarding such corporate opportunity to HSAC2.</p> |

PROPOSAL 3 THE CHARTER APPROVAL PROPOSAL

Overview

If the Business Combination is consummated, upon consummation of the Domestication, HSAC2 will replace the Existing Charter with the Proposed Charter in the form attached to this proxy statement as *Annex B*.

For a summary of the key differences between the Existing Charter of HSAC2 under Cayman Islands law and the Proposed Charter under the DGCL, please see “*Proposal 2 — The Domestication Proposal — Comparison of Shareholder Rights under the Applicable Organizational Documents Before and After the Domestication.*” The summary is qualified in its entirety by reference to the full text of the Proposed Charter, a copy of which is included as *Annex B*, and of the Proposed Bylaws, a copy of which is included as *Annex C*.

Reasons for the Amendments to the Existing Charter

In the judgment of the Board, the Proposed Charter is necessary to adequately address the needs of New Orchestra. In particular:

- the greater number of authorized shares of capital stock is desirable for HSAC2 to have sufficient shares to complete the Business Combination and have additional authorized shares for financing its business, for acquiring other businesses, for forming strategic partnerships and alliances and for stock dividends and stock splits and to issue upon exercise of the Private Warrants and of equity grants currently outstanding or made under the 2022 Plan (assuming it is approved at the Shareholder Meeting), which provides flexibility for future issuances of shares of New Orchestra stock if determined by the New Orchestra Board to be in the best interest of New Orchestra after the consummation of the Business Combination without incurring the risk, delay and potential expense incident to obtaining stockholder approval for a particular issuance;
- the classification of the board of directors is in the best interest of New Orchestra because it is designed to assure the continuity and stability of the Board’s leadership and policies by ensuring that at any given time a majority of the directors will have prior experience with the Company and, therefore, will be familiar with its business and operations, and this classification will assist the Board in protecting the interests of the New Orchestra stockholders in the event of an unsolicited offer to the Board by encouraging any potential acquirer to negotiate directly with the Board;
- the restriction on stockholder action by written consent is a prudent corporate governance measure to reduce the possibility that a block of stockholders could take corporate actions without the benefit of a stockholder meeting to consider important corporate issues; and
- the Proposed Charter is appropriate to adequately update the Existing Charter for New Orchestra, because it will eliminate obsolete language that will no longer be applicable following the consummation of the Business Combination and make such other changes that are more appropriate for a public operating company.

If the Business Combination Proposal and Domestication Proposals are not approved, the Charter Approval Proposal will not be presented at the Shareholder Meeting. The Charter Approval Proposal will only become effective if the Business Combination is completed. The Charter Approval Proposal is a condition to Closing under the Merger Agreement. If the Charter Approval Proposal is not approved, the Business Combination will not occur.

Resolution to be Voted Upon

The full text of the resolution to be proposed is as follows:

“RESOLVED, as a special resolution, that, in connection with the Business Combination, the replacement of the Amended and Restated Memorandum and Articles of Association of Health Sciences Acquisitions Corporation 2 (“**HSAC2**”) with the proposed amended and restated certificate of incorporation of HSAC2, in the form attached to this proxy statement/prospectus as *Annex B*, to be effective upon the consummation of the Domestication, be and is hereby approved and adopted.”

**PROPOSAL 4
THE BYLAWS APPROVAL PROPOSAL**

Overview

If the Business Combination is consummated, upon consummation of the Domestication, HSAC2 will adopt the Proposed Bylaws in the form attached to this proxy statement as *Annex C*.

For a summary of the key differences between the Existing Charter of HSAC2 under Cayman Islands law and the Proposed Charter and Proposed Bylaws under the DGCL, please see “*Proposal 2 — The Domestication Proposal — Comparison of Shareholder Rights under the Applicable Organizational Documents Before and After the Domestication.*” The summary is qualified in its entirety by reference to the full text of the Proposed Charter, a copy of which is included as *Annex B*, and of the Proposed Bylaws, a copy of which is included as *Annex C*.

Reasons for the Approval of the Bylaws Approval Proposal

In the judgment of the HSAC2 Board, the Proposed Bylaws are necessary to adequately address the needs of New Orchestra. Under the Merger Agreement, the approval of the Proposed Bylaws is a condition, among other conditions, to the adoption of the Business Combination Proposal and vice versa. Accordingly, if the Business Combination Proposal is not approved, the Bylaws Approval Proposal will have no effect.

If the Business Combination Proposal and Domestication Proposals are not approved, the Bylaws Approval Proposal will not be presented at the Shareholder Meeting. The Bylaws Approval Proposal will only become effective if the Domestication and the Business Combination are completed. PROPOSAL 5
THE ADVISORY GOVERNANCE PROPOSALS

Overview

In connection with the Business Combination, HSAC2 is asking its shareholders to vote, on a non-binding advisory basis, upon the Advisory Governance Proposals to approve and adopt certain governance provisions contained in the Proposed Charter and the Proposed Bylaws. This separate vote is not otherwise required by Cayman Islands law separate and apart from the Charter Approval Proposal and the Bylaws Approval Proposal, but, pursuant to SEC guidance, HSAC2 is required to submit these provisions to its shareholders separately for approval, allowing shareholders the opportunity to present their separate views on important governance provisions. However, the shareholder votes regarding these proposals are advisory votes, and are not binding on HSAC2 or the HSAC2 Board (separate and apart from the approval of the Charter Approval Proposal and the Bylaws Approval Proposal). In the judgment of the HSAC2 Board, these provisions are necessary to adequately address the needs of New Orchestra. Furthermore, the Business Combination is not conditioned on the separate approval of the Advisory Governance Proposals (separate and apart from approval of the Charter Approval Proposal and the Bylaws Approval Proposal).

Advisory Governance Proposals

The following table sets forth a summary of the governance provisions applicable to the Advisory Governance Proposals. This summary is qualified by reference to the complete text of the Proposed Charter, a copy of which is attached to this proxy statement/prospectus as *Annex B*, and the Proposed Bylaws, a copy of which is attached to this proxy statement/prospectus as *Annex C*. All shareholders are encouraged to read the Proposed Charter and the Proposed Bylaws in their entirety for a more complete description of its terms.

| Advisory Governing Documents Proposal | HSAC2's Existing Charter | Proposed Charter and Proposed Bylaws |
|---|--|--|
| <i>Advisory Governance Proposal A</i> — <i>Changes in Authorized Share Capital</i> | The Existing Charter provides that the share capital of HSAC2 is US\$10,100 divided into 100,000,000 ordinary shares of a par value of US\$0.0001 each and 1,000,000 preference shares of a par value of US\$0.0001 each. | The Proposed Charter will authorize the issuance of up to 350,000,000 shares, consisting of (i) 340,000,000 shares of common stock, par value \$0.0001 per share, and (ii) 10,000,000 shares of preferred stock, par value \$0.0001 per share. |
| <i>Advisory Governance Proposal B</i> — <i>Required Vote to Amend Certain Provisions of the Proposed Charter</i> | The Existing Charter provides that as regards to matters to be dealt with by ordinary resolution, HSAC2 may, by special resolution, alter or add to the Existing Charter with respect to any objects, powers or other matters specified therein. | The Proposed Charter provides that any amendment to certain provisions of the Proposed Charter will require the approval of the holders of at least 66⅔% of the voting power of New Orchestra's then-outstanding shares of capital stock entitled to vote in an election of directors, voting together as a single class. |
| <i>Advisory Governance Proposal C</i> — <i>Required Vote to Amend the Proposed Bylaws</i> | The Existing Charter provides that as regards to matters to be dealt with by ordinary resolution, HSAC2 may, by special resolution, alter or add to the Existing Charter. | The Proposed Charter provides that any amendment to the Proposed Bylaws will require the approval of either the New Orchestra Board or the holders of at least 66⅔% of the voting power of New Orchestra's then-outstanding shares of capital stock entitled to vote generally in an election of directors, voting together as a single class. |

| Advisory Governing Documents Proposal | HSAC2's Existing Charter | Proposed Charter and Proposed Bylaws |
|---|--|--|
| <i>Advisory Governance Proposal D — Stockholder Action by Written Consent</i> | The Existing Charter permits the shareholders to approve resolutions by way of unanimous written resolution. | The Proposed Charter and the Proposed Bylaws provide that no action shall be taken by the stockholders of New Orchestra except at an annual or special meeting of stockholders called in accordance with the Proposed Bylaws, and no action shall be taken by the stockholders by written consent. |
| <i>Advisory Governance Proposal E — Changes in Connection with Adoption of the Proposed Charter</i> | The Existing Charter contains various provisions applicable only to blank check companies. | Under the Proposed Charter, New Orchestra (i) will adopt Delaware as the exclusive forum for certain stockholder litigation and the federal district courts of the United States as the exclusive forum for certain other stockholder litigation, in each case unless New Orchestra expressly consents in writing to the selection of an alternative forum, and (ii) remove certain provisions related to HSAC2's status as a blank check company that will no longer apply upon consummation of the business combination. |
| <i>Advisory Governance Proposal F — Authorization of Corporate Name Change</i> | The Existing Charter designates the corporate name of HSAC2 as "Health Sciences Acquisitions Corporation 2." | The Proposed Charter will change the corporate name to "Orchestra BioMed Holdings, Inc." upon consummation of the Business Combination. |

Reasons for the Advisory Governance Proposals

Advisory Governance Proposal A — Changes in Authorized Share Capital

The principal purpose of this proposal is to provide for an authorized capital structure of New Orchestra that will enable it to continue as an operating company governed by the DGCL and provide adequate authorized share capital to, among other things, (i) accommodate the issuance of shares of New Orchestra Common Stock as stock consideration in the Business Combination, (ii) accommodate the issuance of shares of New Orchestra Common Stock under the 2022 Plan (which authorizes the issuance of shares of New Orchestra Common Stock) as we determine from time to time is necessary to attract and retain talented employees, and (iii) provide flexibility for future issuances of shares of New Orchestra Common Stock if determined by the New Orchestra Board to be in the best interests of New Orchestra after the consummation of the Business Combination without incurring the risk, delay and potential expense incident to obtaining stockholder approval to increase the authorized share capital.

The HSAC2 Board believes that it is important for New Orchestra to have available for issuance a number of authorized shares of common stock and preferred stock sufficient to support our growth and to provide flexibility for future corporate needs (including, if needed, for employee compensation, financings and/or acquisitions).

Advisory Governance Proposals B and C — Required Vote to Amend Certain Provisions of the Proposed Charter; Required Vote to Amend the Proposed Bylaws

The HSAC2 Board believes that supermajority voting requirements described in Advisory Governance Proposals B and C are appropriate to protect all stockholders of HSAC2 against the potential self-interested actions by one or a few large stockholders after the Business Combination. In reaching this conclusion, the HSAC2 Board is cognizant of the potential for certain stockholders to hold a substantial beneficial ownership of shares of common stock following the Business Combination.

Advisory Governance Proposal D — Stockholder Action by Written Consent

The HSAC2 Board believes that it is desirable to prohibit stockholder action by written consent as a prudent corporate governance measure to reduce the possibility that a block of stockholders could take corporate actions without the benefit of a stockholder meeting to consider important corporate issues.

Advisory Governance Proposal E — Changes in Connection with Adoption of the Proposed Charter

Exclusive Forum

Adopting Delaware as the exclusive forum for certain stockholder litigation is intended to assist New Orchestra in avoiding multiple lawsuits in multiple jurisdictions regarding the same matter. The ability to require such claims to be brought in a single forum will help to ensure consistent consideration of the issues, the application of a well-known body of case law and high level of judicial expertise, and should promote efficiency and cost savings in the resolutions of such claims. The HSAC2 Board believes that the Delaware courts are best suited to address disputes involving such matters, given that, after the Domestication, New Orchestra will be incorporated in Delaware, Delaware law generally will apply to such matters and the Delaware courts have developed considerable expertise with respect to such matters, as well as a substantial and influential body of case law construing Delaware's corporate law and long-standing precedent regarding corporate governance. Delaware also offers a specialized Court of Chancery to address corporate law matters, with streamlined procedures and processes which help provide relatively quick decisions. This accelerated schedule can minimize the time, cost and uncertainty of litigation for all parties. This provides stockholders and the post-Business Combination company with more predictability regarding the outcome of intra-corporate disputes. In the event the Court of Chancery does not have jurisdiction, the other state and federal courts located in Delaware would be the most appropriate forums because these courts have more expertise on matters of Delaware law compared to other jurisdictions. Notwithstanding the foregoing, the exclusive forum provisions of the Proposed Charter will not apply to suits brought to enforce any liability or duty created by the Exchange Act, or any other claim for which the federal district courts of the United States of America shall be the sole and exclusive forum.

In addition, this provisions would promote judicial fairness, avoid conflicting results, and make New Orchestra's defense of applicable claims less disruptive and more economically feasible, principally by avoiding duplicative discovery.

Adopting the federal district courts of the United States as the exclusive forum for resolution of any complaint asserting a cause of action arising under the Securities Act is intended to assist New Orchestra in resolving such disputes in a consistent manner with greater uniformity of procedures and precedents. The ability to require such claims to be brought within a single judicial system will help to ensure consistent consideration of the issues and consistent application of a relatively known body of case law and perceived level of expertise. The HSAC2 Board believes that the federal district courts of the United States are best suited to address disputes involving actions arising under the Securities Act, given that the Securities Act is promulgated by the federal government. This provides stockholders and the post-combination company with more predictability regarding the outcome of disputes arising under the Securities Act.

Provisions Related to Status as a Blank Check Company

The elimination of certain provisions related to our status as a blank check company is desirable because these provisions will serve no purpose following the consummation of the Business Combination.

For example, the Proposed Charter does not include the requirement to dissolve New Orchestra in the event that an initial business combination has not been completed within the time frame specified in HSAC2's Existing Charter and instead allows New Orchestra to continue as a corporate entity with perpetual existence following consummation of the Business Combination. Perpetual existence is the usual period of existence for public corporations, and we believe it is the most appropriate period of existence for New Orchestra following the Business Combination. In addition, certain other provisions in the Existing Charter require that proceeds from HSAC2's initial public offering be held in the Trust Account until a business combination or liquidation of HSAC2 has occurred. These provisions cease to apply when the Business Combination is consummated and therefore are not included in the Proposed Charter or the Proposed Bylaws.

Advisory Governance Proposal F — Authorization of Corporate Name Change

The HSAC2 Board believes that changing HSAC2's corporate name from "Health Sciences Acquisitions Corporation 2" to "Orchestra BioMed Holdings, Inc." is desirable to reflect the Business Combination with Orchestra and to clearly identify New Orchestra as the publicly traded entity.

Resolution to be Voted Upon

The full text of the resolution to be proposed is as follows:

"RESOLVED, as an ordinary resolution, that, on a non-binding advisory basis, certain governance provisions contained in the Proposed Charter, being presented in accordance with the requirements of the U.S. Securities and Exchange Commission as six separate sub-proposals be and are hereby approved and adopted (collectively, as the "**Advisory Governance Proposals**"), none of which are conditioned on any Condition Precedent Proposals:

- *Advisory Governance Proposal A* — to increase the total number of authorized shares of all classes of capital stock to 350,000,000 shares, consisting of 340,000,000 authorized shares of common stock and 10,000,000 authorized shares of preferred stock;
- *Advisory Governance Proposal B* — to provide that the alteration, amendment or repeal of certain provisions of the Proposed Charter will require the affirmative vote of the holders of at least 66-2/3% of the voting power of the then-outstanding shares of stock entitled to vote thereon, voting together as a single class;
- *Advisory Governance Proposal C* — to provide that the alteration, amendment or repeal of the Proposed Bylaws will require the affirmative vote of the holders of at least 66-2/3% of the voting power of the then-outstanding shares of stock entitled to vote thereon, voting together as a single class;
- *Advisory Governance Proposal D* — to provide that stockholders will not be permitted to act by written consent in lieu of holding a meeting of stockholders; and
- *Advisory Governance Proposal E* — to provide for certain additional changes, including, among other things, (i) adopting Delaware as the exclusive forum for certain stockholder litigation and the federal district courts of the United States as the exclusive forum for certain other stockholder litigation in each case unless New Orchestra expressly consents in writing to the selection of an alternative forum and (ii) removing certain provisions related to HSAC2's status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which the HSAC2 Board believes are necessary to adequately address the needs of New Orchestra after the Business Combination; and
- *Advisory Governance Proposal F* — to change the post-Business Combination corporate name from "Health Sciences Acquisitions Corporation 2" to "Orchestra BioMed Holdings, Inc."

Vote Required for Approval

The Advisory Governance Proposals require the approval of an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as a vote cast and will have no effect on the outcome of the vote on the Advisory Governance Proposals.

As discussed above, a vote to approve each of the Advisory Governance Proposals is an advisory vote, and therefore, is not binding on HSAC2, Orchestra or their respective boards of directors. Accordingly, regardless of the outcome of the non-binding advisory vote on the Advisory Governance Proposals, HSAC2 and Orchestra intend that the Proposed Charter and the Proposed Bylaws, in the form attached to this proxy statement/prospectus as *Annex B* and *Annex C*, respectively, and containing the provisions noted above, will take effect upon the consummation of the Domestication, assuming approval of the Charter Approval Proposal and Bylaws Approval Proposal, respectively. Furthermore, neither the Business Combination nor any of the Condition Precedent Proposals are conditioned upon the approval of the Advisory Governance Proposals.

PROPOSAL 6
THE NASDAQ PROPOSAL

Background and Overview

Assuming the Business Combination Proposal is approved, HSAC2's shareholders are also being asked to approve:

(a) the issuance of up to an aggregate of 28,187,180 shares of New Orchestra Common Stock to the Orchestra Equityholders in connection with the Business Combination, including shares to be issued as Earnout Consideration;

(b) the issuance of up to an aggregate of 1,000,000 HSAC2 Ordinary Shares to Medtronic pursuant to the Medtronic Forward Purchase Agreement;

(c) the issuance of up to 5,000,000 HSAC2 Ordinary Shares to the RTW Funds pursuant to the Backstop Agreement; and

(d) the issuance of up to 1,578,261 shares of New Orchestra Common Stock that could be issued upon the exercise of New Orchestra warrants with a weighted average exercise price of \$15.18 per share that will be issued in connection with the Business Combination.

These issuances constitute more than 20% of the outstanding HSAC2 Ordinary Shares.

Why HSAC2 Needs Shareholder Approval

We are seeking shareholder approval in order to comply with Nasdaq Listing Rule 5635(d). Under Nasdaq Listing Rule 5635(d), shareholder approval is required for a transaction other than a public offering involving the sale, issuance or potential issuance by an issuer of common stock (or securities convertible into or exercisable for common stock) at a price that is less than the greater of book or market value of the stock if the number of common stock to be issued is or may be equal to 20% or more of the common stock, or 20% or more of the voting power, outstanding before the issuance.

Effect of Proposal on Current Shareholders

If the Nasdaq Proposal is adopted, HSAC2 would issue shares representing more than 20% of the outstanding HSAC2 Ordinary Shares in connection with the Business Combination. The issuance of such shares would result in significant dilution to the HSAC2 shareholders and would afford such shareholders a smaller percentage interest in the voting power, liquidation value and aggregate book value of HSAC2.

If the Nasdaq Proposal is not approved and we consummate the Business Combination on its current terms, HSAC2 would be in violation of Nasdaq Listing Rules, which could result in the delisting of our securities from Nasdaq. If Nasdaq delists our securities from trading on its exchange, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity with respect to our securities;
- a determination that our shares are a "penny stock," which would require brokers trading in our securities to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our securities;
- a limited amount of news and analyst coverage for the post-transaction company; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

It is a condition to the obligations of the HSAC2 and Orchestra to close the Business Combination that the HSAC2 Ordinary Shares remain listed on Nasdaq. As a result, if the Nasdaq Proposal is not adopted, the Business Combination may not be completed.

Resolution to be Voted Upon

The full text of the resolution to be proposed is as follows:

“RESOLVED, as an ordinary resolution, for purposes of complying with applicable listing rules of the Nasdaq Capital Market, the issuance by New Orchestra of shares of common stock, par value US\$0.0001 per share, to equity holders of Orchestra BioMed, Inc., a Delaware corporation, be approved in all respects.”

Vote Required for Approval

The Nasdaq Proposal requires the approval of an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as a vote cast and will have no effect on the outcome of the vote on the Bylaws Approval Proposal.

The Nasdaq Proposal is conditioned upon the approval (or waiver) of each of the other Condition Precedent Proposals.

Resolution to be Voted Upon

The full text of the resolution to be proposed is as follows:

“RESOLVED, as an ordinary resolution, to elect Eric A. Rose, M.D., Jason Aryeh, Pamela Y. Connealy, Geoffrey W. Smith, David P. Hochman, Darren R. Sherman and Eric S. Fain, M.D. to serve staggered terms on New Orchestra’s board of directors until the 2023, 2024 and 2025 annual meetings of stockholders, as applicable, and until their respective successors are duly elected and qualified or until their earlier death, resignation or removal.”

Vote Required for Approval

The election of each director nominee must be approved by an ordinary resolution under Cayman Islands law, being the affirmative vote of the holders of a majority of the HSAC2 Ordinary Shares who, being present in person (including virtually) or represented by proxy and entitled to vote at the Shareholder Meeting, vote at the Shareholder Meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as a vote cast and will have no effect on the outcome of the vote on the Director Election Proposal.

Unless authority is withheld or the shares are subject to a broker non-vote, the proxies solicited by the HSAC2 Board will be voted “FOR” the election of these nominees. In case any of the nominees becomes unavailable for election to the New Orchestra Board, an event that is not anticipated, the persons named as proxies, or their substitutes, will have full discretion and authority to vote or refrain from voting for any other candidate in accordance with their judgment. Any shares not voted “FOR” a particular nominee (whether as a result of a direction to withhold authority or a broker non-vote) will not be counted in the nominee’s favor.

The Director Election Proposal is conditioned upon the approval (or waiver) of each of the other Condition Precedent Proposals.

Following consummation of the Business Combination, the election of New Orchestra Board will be governed by the Proposed Charter and Proposed Bylaws and the laws of the State of Delaware.

Recommendation of the HSAC2 Board

THE HSAC2 BOARD UNANIMOUSLY RECOMMENDS THAT ITS SHAREHOLDERS VOTE “FOR” EACH OF THE NOMINEES IN THE DIRECTOR ELECTION PROPOSAL.

PROPOSAL 8
THE EQUITY INCENTIVE PLAN PROPOSAL

We are asking our shareholders to approve and adopt the Orchestra BioMed Holdings, Inc. 2022 Equity Incentive Plan and the material terms thereunder.

The 2022 Plan is described in more detail below. A copy of the 2022 Plan is included in this proxy statement/prospectus as *Annex D*.

Overview

The following is a summary description of the 2022 Plan as proposed to be approved by HSAC2 in connection with the Business Combination. The summary is not a complete statement of the 2022 Plan and is qualified in its entirety by reference to the complete text of the 2022 Plan, a copy of which is attached hereto as *Annex D*. HSAC2's shareholders should refer to the 2022 Plan for more complete and detailed information about the terms and conditions of the 2022 Plan. In the event of a conflict between the information in this description and the terms of the 2022 Plan, the 2022 Plan shall control. *Unless the context otherwise requires, references in this summary description to "we", "us" and "our" generally refer to HSAC2 in the present tense or New Orchestra from and after the Business Combination.*

Background of the 2022 Plan

On _____, 2022, the HSAC2 Board approved, subject to the approval by our shareholders, the 2022 Plan. The 2022 Plan will become effective on the Closing Date and, if shareholder approval is obtained, New Orchestra will be authorized to grant awards to eligible service providers as described below. If the 2022 Plan is not approved by our shareholders, the 2022 Plan will not become effective and New Orchestra will not be able to grant equity awards under the 2022 Plan. We believe our ability to recruit and retain top talent will be adversely affected if the 2022 Plan is not approved.

Summary of the 2022 Plan

Purpose of the 2022 Plan

The purpose of the 2022 Plan is to secure and retain the services of employees, directors and consultants, to provide incentives for such persons to exert maximum efforts for our success and to provide a means by which such persons may be given an opportunity to benefit from increases in value of the New Orchestra Common Stock through the granting of awards under the 2022 Plan. We believe that the awards to be issued under the 2022 Plan will motivate award recipients to offer their maximum effort to New Orchestra and help focus them on the creation of long-term value consistent with the interests of New Orchestra stockholders. We believe that grants of incentive awards are necessary to enable New Orchestra to attract and retain top talent.

Awards

The 2022 Plan provides for the grant of incentive stock options ("ISOs") within the meaning of Section 422 of the Code, to New Orchestra employees and our parent and subsidiary corporations' employees, and for the grant of nonstatutory stock options ("NSOs"), stock appreciation rights, restricted stock awards, restricted stock unit awards, and other forms of awards to our employees, directors and consultants and any of our affiliates' employees and consultants. As of _____, 2022, there were approximately _____ employees of Orchestra, including _____ executive officers, _____ non-employee directors and _____ consultants eligible to be granted awards under the 2022 Plan.

Authorized Shares

Initially, the maximum number of shares of the New Orchestra Common Stock that may be issued under the 2022 Plan after it becomes effective will not exceed (i) _____ shares of New Orchestra Common Stock, plus (ii) an additional number of shares of New Orchestra Common Stock equal to the number of shares subject to outstanding award grants under the Orchestra 2018 Plan, that, following the effective date of the 2022 Plan, (a) are not issued because the award or any portion of the award expires or otherwise terminates without all of the shares covered by the award having been issued, (b) are not issued because the award or any portion thereof is settled in cash, (c) are forfeited back to or repurchased by us because of

the failure to meet a contingency or condition required for the vesting of such shares, (d) are withheld or reacquired to satisfy the exercise, strike or purchase price or (e) are withheld or reacquired to satisfy a tax withholding obligation. In addition, the number of shares of New Orchestra Common Stock that will be reserved for issuance under the 2022 Plan will automatically increase on January 1 of each year for a period of ten years, beginning on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (1) 4.8% of the total number of shares of our Common Stock outstanding on December 31 of the immediately preceding year, (2) _____ shares of New Orchestra Common Stock, and (3) such number of shares of New Orchestra Common Stock determined by our board of directors or the compensation committee of our board of directors prior to January 1 of a given year. Notwithstanding anything to the contrary in the foregoing sentence, the aggregate maximum number of shares of New Orchestra Common Stock that may be issued on the exercise of ISOs under the 2022 Plan is _____ shares, which amount will be increased commencing on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (i) 4.8% of the total number of shares of New Orchestra Common Stock outstanding on December 31 of the preceding year, (ii) _____ shares of New Orchestra Common Stock, and (iii) such number of shares of New Orchestra Common Stock determined by our board of directors or the compensation committee of our board of directors prior to January 1 of a given year. All of the foregoing share numbers are subject to adjustment as necessary to implement any changes in our capital structure (as described below).

Shares of New Orchestra Common Stock subject to awards that will be granted under the 2022 Plan that expire or terminate without being exercised in full will not reduce the number of shares of New Orchestra Common Stock available for issuance under the 2022 Plan. The settlement of any portion of an award in cash will not reduce the number of shares of New Orchestra Common Stock available for issuance under the 2022 Plan. Shares of New Orchestra Common Stock withheld under an award to satisfy the exercise, strike or purchase price of an award or to satisfy a tax withholding obligation will not reduce the number of shares of New Orchestra Common Stock that will be available for issuance under the 2022 Plan. With respect to a stock appreciation right, only shares of New Orchestra Common Stock that are issued upon settlement of the stock appreciation right will count towards reducing the number of shares of New Orchestra Common Stock available for issuance under the 2022 Plan. If any shares of New Orchestra Common Stock issued pursuant to an award are forfeited back to or repurchased or reacquired by us (i) because of a failure to meet a contingency or condition required for the vesting of such shares; (ii) to satisfy the exercise, strike or purchase price of an award; or (iii) to satisfy a tax withholding obligation in connection with an award, the shares of New Orchestra Common Stock that are forfeited or repurchased or reacquired will revert to and again become available for issuance under the 2022 Plan.

Plan Administration

Our board of directors, or a duly authorized committee of our board of directors, will administer the 2022 Plan. Our board of directors, or a duly authorized committee of our board of directors, may, in accordance with the terms of the 2022 Plan, delegate to one or more of our officers the authority to (i) designate employees (other than officers) to be recipients of specified awards, and to the extent permitted by applicable law, the terms of such awards; and (ii) determine the number of shares of New Orchestra Common Stock to be subject to such awards granted to such employees. Under the 2022 Plan, our board of directors, or a duly authorized committee of our board of directors, will have the authority to determine: award recipients; how and when each award will be granted; the types of awards to be granted; the provisions of each award, including the period of exercisability and the vesting conditions applicable to an award; the number of shares of New Orchestra Common Stock or cash equivalent subject to each award; and the fair market value applicable to an award.

Under the 2022 Plan, (i) our board of directors will not, without stockholder approval, (a) reduce the exercise or strike price of an option or stock appreciation right (other than in connection with a capitalization adjustment), and (b) at any time when the exercise or strike price of an option or stock appreciation right is above the fair market value of a share of New Orchestra Common Stock, cancel and re-grant or exchange such option or stock appreciation right for a new award with a lower (or no) purchase price or for cash, and (ii) a participant's rights under any award will not be materially adversely impaired by any amendment without the participant's written consent.

We will also designate a plan administrator to administer the day-to-day operations of the 2022 Plan.

Stock Options

Options will be granted under stock option agreements adopted by our board of directors. Each option will be designated in writing as an ISO or an NSO. Our board of directors will determine the exercise price for stock options, within the terms and conditions of the 2022 Plan, except the exercise price of a stock option generally will not be less

than 100% (or 110% in the case of ISOs granted to a person who owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our parent or subsidiary corporations, or a ten percent stockholder) of the fair market value of New Orchestra Common Stock on the date of grant. Options granted under the 2022 Plan will vest at the rate specified in the stock option agreement as will be determined by our board of directors. The terms and conditions of separate options need not be identical.

No option will be exercisable after the expiration of ten years (or five years in the case of ISOs granted to a ten percent stockholder) or a shorter period specified in the applicable award agreement. Unless the terms of an optionholder's stock option agreement, or other written agreement between us and the recipient, provide otherwise, if an optionholder's service relationship with us or any of our affiliates ceases for any reason other than disability, death or cause, the optionholder may generally exercise any vested options for a period of three months following the cessation of service. If an optionholder's service relationship with us or any of our affiliates ceases due to death, or an optionholder dies within a certain period following cessation of service, the optionholder or a beneficiary may generally exercise any vested options for a period of 18 months following the date of death. If an optionholder's service relationship with us or any of our affiliates ceases due to disability, the optionholder may generally exercise any vested options for a period of 12 months following the cessation of service. In the event of a termination for cause, options generally terminate upon the termination date. An optionholder may not exercise an option at any time that the issuance of shares upon such exercise would violate applicable law. Unless provided otherwise in the optionholder's stock option agreement or other written agreement between an optionholder and us, if an optionholder's service relationship with us or any of our affiliates ceases for any reason other than for cause and, at any time during the last thirty days of the applicable post-termination exercise period: (i) the exercise of the optionholder's option would be prohibited solely because the issuance of shares of Common Stock upon such exercise would violate applicable law, or (ii) the immediate sale of any shares of New Orchestra Common Stock issued upon such exercise would violate our trading policy, then the applicable post-termination exercise period will be extended to the last day of the calendar month that begins after the date the award would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any of the foregoing restrictions apply at any time during such extended exercise period. There is no limitation as to the maximum permitted number of extensions. However, in no event may an option be exercised beyond the expiration of its term.

Acceptable consideration for the purchase of New Orchestra Common Stock issued upon the exercise of a stock option will be determined by our board of directors and may include (i) cash or check, bank draft or money order payable to us; (ii) a broker-assisted cashless exercise; (iii) subject to certain conditions, the tender of shares of our Common Stock previously owned by the optionholder; (iv) a net exercise of the option if it is an NSO; or (v) other legal consideration acceptable to our board of directors.

Unless our board of directors provides otherwise, options or stock appreciation rights generally will not be transferable except by will or the laws of descent and distribution. Subject to approval of our board of directors or a duly authorized officer, an option may be transferred pursuant to a domestic relations order.

Limitations on ISOs

The aggregate fair market value, determined at the time of grant, of New Orchestra Common Stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans or plans of our affiliates may not exceed \$100,000. Options or portions thereof that exceed such limit will generally be treated as NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our parent or subsidiary corporations unless (i) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant; and (ii) the term of the ISO does not exceed five years from the date of grant.

Restricted Stock Unit Awards

Subject to the terms of the 2022 Plan, each restricted stock unit award will have such terms and conditions as determined by our board of directors. A restricted stock unit award represents a participant's right to be issued on a future date the number of shares of New Orchestra Common Stock that is equal to the number of restricted stock units subject to the award. A participant will not have voting or any other rights as a stockholder of ours with respect to any restricted stock unit award (unless and until shares are actually issued in settlement of a vested restricted stock unit award). A restricted stock unit award will be granted in consideration for a participant's services to us or an affiliate,

such that the participant will not be required to make any payment to us (other than such services) with respect to the grant or vesting of the restricted stock unit award, or the issuance of any shares of New Orchestra Common Stock pursuant to the restricted stock unit award. Our board of directors may determine that restricted stock unit awards may be granted in consideration for any form of legal consideration that may be acceptable to our board of directors and permissible under applicable law. A restricted stock unit award may be settled by cash, delivery of stock (or any combination of New Orchestra Common Stock and cash), or in any other form of consideration determined by our board of directors and set forth in the restricted stock unit award agreement. At the time of grant, our board of directors may impose such restrictions or conditions on the award of restricted stock units that delay delivery to a date following the vesting of the award. Additionally, dividend equivalents may be paid or credited in respect of shares of New Orchestra Common Stock covered by a restricted stock unit award. Except as otherwise provided in the applicable award agreement, or other written agreement between us and the recipient, restricted stock unit awards that have not vested will be forfeited once the participant's continuous service ends for any reason.

Restricted Stock Awards

Restricted stock awards will be granted under restricted stock award agreements adopted by our board of directors. A restricted stock award may be awarded in consideration for cash, check, bank draft or money order, past services to us or any of our affiliates, or any other form of legal consideration that may be acceptable to our board of directors and permissible under applicable law. Our board of directors will determine the terms and conditions of restricted stock awards, including vesting and forfeiture terms. Dividends may be paid or credited with respect to shares subject to a restricted stock award, as determined by our board of directors and specified in the applicable restricted stock award agreement. If a participant's service relationship with us ends for any reason, we may receive any or all of the shares of New Orchestra Common Stock held by the participant that have not vested as of the date the participant terminates service with us through a forfeiture condition or a repurchase right.

Stock Appreciation Rights

Stock appreciation rights will be granted under stock appreciation right agreements adopted by our board of directors and denominated in shares of New Orchestra Common Stock equivalents. The terms of separation stock appreciation rights need not be identical. Our board of directors will determine the purchase price or strike price for a stock appreciation right, which generally will not be less than 100% of the fair market value of New Orchestra Common Stock on the date of grant. A stock appreciation right granted under the 2022 Plan will vest at the rate specified in the stock appreciation right agreement as will be determined by our board of directors. Stock appreciation rights may be settled in cash or shares of New Orchestra Common Stock (or any combination of New Orchestra Common Stock and cash) or in any other form of payment, as determined by our board of directors and specified in the stock appreciation right agreement.

Our board of directors will determine the term of stock appreciation rights granted under the 2022 Plan, up to a maximum of ten years. If a participant's service relationship with us or any of our affiliates ceases for any reason other than cause, disability, or death, the participant may generally exercise any vested stock appreciation right for a period of three months following the cessation of service. If a participant's service relationship with us or any of our affiliates ceases due to death, or a participant dies within a certain period following cessation of service, the participant or a beneficiary may generally exercise any vested stock appreciation rights for a period of 18 months following the date of death. If a participant's service relationship with us or any of our affiliates ceases due to disability, the participant may generally exercise any vested stock appreciation rights for a period of 12 months following the cessation of service. In the event of a termination for cause, stock appreciation rights generally terminate upon the termination date. A holder of a stock appreciation right may not exercise a stock appreciation right at any time that the issuance of shares upon such exercise would violate applicable law. Unless provided otherwise in the stock appreciation right agreement or other written agreement between the participant and us, if a participant's service relationship with us or any of our affiliates ceases for any reason other than for cause and, at any time during the last thirty days of the applicable post-termination exercise period: (i) the exercise of the participant's stock appreciation right would be prohibited solely because the issuance of shares upon such exercise would violate applicable law, or (ii) the immediate sale of any shares issued upon such exercise would violate our trading policy, then the applicable post-termination exercise period will be extended to the last day of the calendar month that begins after the date the award would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any

of the foregoing restrictions apply at any time during such extended exercise period. There is no limitation as to the maximum permitted number of extensions. However, in no event may a stock appreciation right be exercised beyond the expiration of its term.

Other Stock Awards

Our board of directors will be permitted to grant other awards, based in whole or in part by reference to, or otherwise based on, New Orchestra Common Stock, either alone or in addition to other awards. Our board of directors will have the sole and complete discretion to determine the persons to whom and the time or times at which other stock awards will be granted, the number of shares under the other stock award (or cash equivalent) and all other terms and conditions of such awards.

Non-Employee Director Compensation Limit

The aggregate value of all compensation granted or paid following the effective date of the 2022 Plan to any individual for service as a non-employee director with respect to any fiscal year, including awards granted under the 2022 Plan (valued based on the grant date fair value for financial reporting purposes) and cash fees paid by us to such non-employee director, will not exceed \$750,000 in total value, except such amount will increase to \$1,000,000 for the year in which a non-employee director is first appointed or elected to our board of directors.

Changes to Capital Structure

In the event there is a specified type of change in our capital structure, such as a stock split, reverse stock split, or recapitalization, our board of directors will appropriately and proportionately adjust (i) the class(es) and maximum number of shares subject to the 2022 Plan and the maximum number of shares by which the share reserve may annually increase pursuant to the 2022 Plan; (ii) the class(es) and maximum number of shares that may be issued on the exercise of ISOs; and (iii) the class(es) and number of shares and exercise price, strike price, or purchase price, if applicable, of all outstanding awards granted under the 2022 Plan.

Corporate Transactions

In the event of a corporate transaction (as defined below), unless otherwise provided in a participant's award agreement or other written agreement with us or one of our affiliates or unless otherwise expressly provided by our board of directors at the time of grant, any awards outstanding under the 2022 Plan may be assumed, continued or substituted for, in whole or in part, by any surviving or acquiring corporation (or its parent company), and any reacquisition or repurchase rights held by us with respect to New Orchestra Common Stock issued pursuant to awards may be assigned to the successor (or its parent company). If the surviving or acquiring corporation (or its parent company) does not assume, continue or substitute for such awards, then (i) with respect to any such awards that are held by participants whose continuous service has not terminated prior to the effective time of the corporate transaction, or current participants, the vesting (and exercisability, if applicable) of such awards will be accelerated in full (or, in the case of awards with performance-based vesting with multiple vesting levels depending on the level of performance, unless provided otherwise in the applicable award agreement, vesting will accelerate at 100% of the target level) to a date prior to the effective time of the corporate transaction (contingent upon the effectiveness of the corporate transaction) as our board of directors determines (or, if our board of directors does not determine such a date, to the date that is five days prior to the effective time of the corporate transaction), and such awards will terminate if not exercised (if applicable) at or prior to the effective time of the corporate transaction, and any reacquisition or repurchase rights held by us with respect to such awards will lapse (contingent upon the effectiveness of the corporate transaction); and (ii) any such awards that are held by persons other than current participants will terminate if not exercised (if applicable) prior to the occurrence of the corporate transaction, except that any reacquisition or repurchase rights held by us with respect to such awards will not terminate and may continue to be exercised notwithstanding the corporate transaction.

In the event an award will terminate if not exercised prior to the effective time of a corporate transaction, our board of directors may provide, in its sole discretion, that the holder of such award may not exercise such award but instead will receive a payment, in such form as may be determined by our board of directors, equal in value to the excess (if any) of (i) the value of the property the participant would have received upon the exercise of the award, over (ii) any per share exercise price payable by such holder, if applicable. As a condition to the receipt of an award, a participant will be deemed to have agreed that the award will be subject to the terms of any agreement under the 2022 Plan governing a corporate transaction involving us.

Under the 2022 Plan, a “corporate transaction” generally will be the consummation, in a single transaction or in a series of related transactions, of (i) a sale or other disposition of all or substantially all, as determined by our board of directors, of the consolidated assets of us and our subsidiaries; (ii) a sale or other disposition of at least 50% of our outstanding securities; (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation; or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of New Orchestra Common Stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

Transferability

Except as expressly provided in the 2022 Plan or the form of award agreement, awards granted under the 2022 Plan may not be transferred or assigned by a participant. After the vested shares subject to an award have been issued, or in the case of a restricted stock award and similar awards, after the issued shares have vested, the holder of such shares is free to assign, hypothecate, donate, encumber or otherwise dispose of any interest in such shares provided that any such actions are in compliance with the provisions herein, the terms of our trading policy and applicable law.

Clawback/Recovery

All awards granted under the 2022 Plan will be subject to recoupment in accordance with any clawback policy that we are required to adopt pursuant to the listing standards of any national securities exchange or association on which our securities are listed or as is otherwise required by the Dodd-Frank Act or other applicable law and any clawback policy that we otherwise adopt, to the extent applicable and permissible under applicable law. In addition, our board of directors may impose such other clawback, recovery or recoupment provisions in an award agreement as our board of directors determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of New Orchestra Common Stock or other cash or property upon the occurrence of cause.

Amendment or Termination

Our board of directors may accelerate the time at which an award granted under the 2022 Plan may first be exercised or the time during which an award grant under the 2022 Plan or any part thereof will vest, notwithstanding the provisions in the award agreement stating the time at which it may first be exercised or the time during which it will vest. Our board of directors will have the authority to amend, suspend, or terminate the 2022 Plan at any time, provided that such action does not materially impair the existing rights of any participant without such participant’s written consent. Certain material amendments will also require the approval of our stockholders. No ISOs may be granted after the tenth anniversary of the date our board of directors adopts the 2022 Plan. No awards may be granted under the 2022 Plan while it is suspended or after it is terminated.

Certain U.S. Federal Income Tax Aspects of Awards under the 2022 Plan

The following is a general summary under current law of the material federal income tax consequences to participants in the 2022 Plan under U.S. law. This summary deals with the general tax principles that apply and is provided only for general information. Certain types of taxes, such as state and local income taxes and taxes imposed by jurisdictions outside the United States, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant to a participant in light of his or her personal investment circumstances and this summarized tax information is not tax advice.

Section 162(m) of the Code

We will be entitled to a tax deduction in connection with an award under the 2022 Plan only in an amount equal to the ordinary income realized by the participant at the time the participant recognizes the income. Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct as a business expense in any year with respect to certain of our most highly paid executive officers. While our board of directors considers the deductibility of compensation as one factor in determining executive compensation, our

board of directors retains the discretion to pay compensation (including through the issuance of awards) that is not deductible as it believes that it is in the best interests of our stockholders to maintain flexibility in our approach to executive compensation and to structure a program that we consider to be the most effective in attracting, motivating and retaining key employees.

Stock Options

A participant will not recognize taxable income at the time an option is granted, and we will not be entitled to a tax deduction at that time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) upon exercise of an NSO equal to the excess of the fair market value of the shares purchased over their purchase price, and we will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply. A participant will not recognize income (except for purposes of the alternative minimum tax) upon exercise of an ISO. If the shares acquired by exercise of an ISO are held for at least two years from the date the option was granted and one year from the date it was exercised, any gain or loss arising from a subsequent disposition of those shares will be taxed as long-term capital gain or loss, and we will not be entitled to any deduction. If, however, such shares are disposed of within either of the above-described periods, then in the year of that disposition, the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of (i) the amount realized upon that disposition, and (ii) the excess of the fair market value of those shares on the date of exercise over the exercise price, and we will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Stock Appreciation Rights

A participant will not recognize taxable income at the time a stock appreciation right is granted, and we will not be entitled to a tax deduction at that time. Upon exercise, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) in an amount equal to the fair market value of any shares delivered and the amount of cash paid upon settlement. This amount is deductible by us as a compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply.

Restricted Stock

A participant will not recognize taxable income at the time restricted stock is granted, and we will not be entitled to a tax deduction at that time, unless the participant makes an election to be taxed at that time. If such an election is made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of the grant in an amount equal to the excess of the fair market value for the shares of New Orchestra Common Stock at such time over the amount, if any, paid for those shares of New Orchestra Common Stock. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time the restrictions constituting a substantial risk of forfeiture lapse in an amount equal to the excess of the fair market value of the shares of New Orchestra Common Stock at such time over the amount, if any, paid for those shares of New Orchestra Common Stock. The amount of ordinary income recognized by making the above-described election or upon the lapse of restrictions is deductible by us as compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply.

Restricted Stock Units

A participant will not recognize taxable income at the time that restricted stock units are granted, and we will not be entitled to a tax deduction at that time. Upon settlement of restricted stock units, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) in an amount equal to the fair market value of any shares of New Orchestra Common Stock or other consideration delivered and the amount of any cash paid by us. The amount of ordinary income recognized is deductible by us as compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply.

Other Stock Awards

The tax consequences associated with any other stock award will vary depending on the specific terms of such award. Among the relevant factors are whether or not the award has a readily ascertainable fair market value, whether or not the award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the award, and the participant's holding period and tax basis for the award or underlying shares of New Orchestra Common Stock.

The tax consequences for equity awards outside of the United States may differ significantly from the U.S. federal income tax consequences described above.

New Plan Benefits

The awards, if any, that will be made to eligible persons under the 2022 Plan will be subject to the discretion of the compensation committee of New Orchestra. Therefore, HSAC2 cannot currently determine the benefits or number of shares of New Orchestra Common Stock subject to awards that may be granted in the future and a new plan benefits table is thus not provided.

BUSINESS OF HSAC2

Overview

HSAC2 is a blank check company incorporated on May 25, 2020 as a Cayman Islands exempted company. We were incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or similar business combination with one or more businesses, which we refer to as our “**initial business combination.**” The Business Combination with Orchestra is the result of an active search for a potential business combination transaction utilizing the network and investing and transaction experience of HSAC2’s management team and the Board. Although HSAC2’s efforts to identify a prospective target business were not to be limited to any particular industry or geographic location, HSAC2 intended to focus on businesses in the healthcare and healthcare-related industries in North America or Europe.

Significant Activities since Inception

On August 6, 2020, HSAC2 consummated the IPO of 16,000,000 HSAC2 Ordinary Shares (including full exercise of the underwriter’s over-allotment option). The HSAC2 Ordinary Shares were sold at an offering price of \$10.00 per HSAC2 Ordinary Share, generating gross proceeds of \$160,000,000.

Simultaneously with the closing of the IPO, HSAC2 consummated the private placement with the Sponsor of the Private Shares consisting of 450,000 HSAC2 Ordinary Shares, and 1,500,000 Private Warrants, generating total proceeds of \$6,000,000. Each Private Warrant entitles the holder thereof to purchase one HSAC2 Ordinary Share at a price of \$11.50 per HSAC2 Ordinary Share, subject to adjustment as provided herein. The Private Warrants are not currently exercisable but will become exercisable 30 days after the completion of the Business Combination, and will expire five years after the completion of the Business Combination. Each Private Warrant will be non-redeemable and may be exercised on a cashless basis, in each case so long as they continue to be held by our Sponsor or its permitted transferees. Additionally, the Sponsor agreed not to transfer, assign or sell any of the Private Shares or Private Warrants (except in limited circumstances) until the completion of the Company’s initial business combination. The Sponsor was granted certain demand and piggyback registration rights in connection with the purchase of the Private Shares and Private Warrants.

The Private Shares and Private Warrants were issued pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended, as the transactions did not involve a public offering.

Extension of Time to Complete a Business Combination

On July 26, 2022, HSAC2’s shareholders approved the Extension Proposal and the amended and restated memorandum and articles of association were amended to: (a) extend from August 6, 2022 to November 6, 2022, the date by which, if the Company has not consummated a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving one or more businesses or entities, the Company must: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares; and (iii) as promptly as reasonably possible following such redemption, liquidate and dissolve, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law, and (b) allow the Company, without another shareholder vote, to elect to extend the date to consummate a business combination on a monthly basis for up to three times by an additional one month each time after the November 6, 2022, upon five days’ advance notice prior to the applicable deadlines, until February 6, 2023 or a total of up to six months after August 6, 2022, unless the closing of the Company’s initial business combination shall have occurred.

Effecting a Business Combination

On July 4, 2022, HSAC2 entered into the Merger Agreement. As a result of the transaction and if approved at the Shareholder Meeting, HSAC2 will domesticate as a Delaware corporation and change its name to “Orchestra BioMed Holdings, Inc.” while Orchestra will become a wholly owned subsidiary of the Company. In the event that the Business Combination is not consummated by the Extension Date, HSAC2’s corporate existence will cease and HSAC2 will distribute the proceeds held in the Trust Account to its Public Shareholders.

Redemption Rights for Holders of Public Shares

Pursuant to the Existing Charter, HSAC2 is providing holders of Public Shares the opportunity to elect to have their shares converted into an amount equal to (1) the number of Public Shares being converted by such public holder divided by the total number of Public Shares multiplied by (2) the amount then in the Trust Account (initially \$10.00 per HSAC2 Ordinary Share), which includes the deferred underwriting discounts and commissions, plus a pro rata portion of any interest earned on the funds held in the Trust Account less any amounts necessary to pay our taxes.

As of _____, 2022, based on funds in the Trust Account of approximately \$ _____, this would have amounted to approximately \$ _____ per share (exclusive of _____). The Sponsor and HSAC2's officers and directors agreed, at the time of the IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to waive their redemption rights with respect to their HSAC2 Ordinary Shares and any Public Shares they may hold in connection with the consummation of the Business Combination.

You will be entitled to receive cash for any Public Shares to be redeemed only if you (i) hold Public Shares; and (ii) prior to 5:00 p.m., Eastern Time, on _____, 2022, (a) submit a written request to the Transfer Agent that HSAC2 redeem your Public Shares for cash and (b) tender your Public Shares to the Transfer Agent, physically or electronically through DTC.

Submission of Our Initial Business Combination to a Shareholder Vote

HSAC2 is providing its Public Shareholders with redemption rights upon consummation of the Business Combination. Public Shareholders electing to exercise their redemption rights will be entitled to receive the cash amount specified above, provided that such shareholders follow the specific procedures for redemption set forth in this proxy statement/prospectus relating to the shareholder vote on the Business Combination. HSAC2's Public Shareholders are not required to vote against the Business Combination in order to exercise their redemption rights. If the Business Combination is not completed, then Public Shareholders electing to exercise their redemption rights will not be entitled to receive such payments.

The Sponsor, holders of the Insider Shares and HSAC2's officers and directors agreed, at the time of the IPO, in order to induce the underwriters of the IPO to enter into the underwriting agreement and for no additional separate consideration, to vote their HSAC2 Ordinary Shares in favor of the Business Combination and to waive their redemption rights with respect to any capital stock they may hold in connection with the consummation of the Business Combination. However, any HSAC Ordinary Shares acquired outside of the redemption offer set forth in this proxy statement/prospectus, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination Proposal and, also will not carry redemption rights. Therefore, while the Insider Shares, Private Shares and 30,000 Public Shares held by our officers will be voted in favor of the Business Combination, the 1,000,000 Forward Purchase Shares and any Backstop Purchases will not. See the section titled "*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — The General Structure of the Business Combination.*"

Limitation on Redemption Rights

Notwithstanding the foregoing, the Existing Charter provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemptions with respect to more than 20% of the shares sold in the HSAC2 IPO.

Employees

We have four executive officers. These individuals are not obligated to devote any specific number of hours to our matters and intend to devote only as much time as they deem necessary to our affairs. The amount of time they will devote in any time period will vary based on whether a target business has been selected for the business combination and the stage of the business combination process the company is in. Accordingly, once a suitable target business to consummate our initial business combination with has been located, management will spend more time investigating

such target business and negotiating and processing the business combination (and consequently spend more time on our affairs) than had been spent prior to locating a suitable target business. We presently expect our executive officers to devote an average of approximately 10 hours per week to our business. We do not intend to have any full-time employees prior to the consummation of our initial business combination.

Facilities

We currently maintain our principal executive offices at 40 10th Avenue, Floor 7, New York, NY 10014. The cost for this space is included in the \$10,000 per-month fee (subject to deferral as described herein) payable to our Sponsor, for office space, utilities and secretarial services. Our agreement with our Sponsor provides that, commencing on the date that the HSAC2 Ordinary Shares were first listed on Nasdaq and until we consummate a business combination, such office space, as well as utilities and secretarial services, will be made available to us as may be required from time to time. We believe that the fee charged by our Sponsor is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space, combined with the other office space otherwise available to our executive officers, adequate for our current operations.

Legal Proceedings

We may be subject to legal proceedings, investigations and claims incidental to the conduct of our business from time to time. We are not currently a party to any material litigation or other legal proceedings brought against us. We are also not aware of any legal proceeding, investigation or claim, or other legal exposure that has a more than remote possibility of having a material adverse effect on our business, financial condition or results of operations.

Number and Terms of Office of Officers and Directors

Our board of directors has six members, four of whom are "independent" under SEC and Nasdaq rules. Our board of directors is divided into three classes with only one class of directors being elected in each year and each class serving a three-year term. We may not hold an annual general meeting until after we consummate our initial business combination.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our Existing Charter as it deems appropriate. Our Existing Charter provides that our directors may consist of a chairman of the board, and that our officers may consist of a chief executive officer, president, chief financial officer, executive vice president(s), vice president(s), secretary, treasurer and such other officers as may be determined by the board of directors.

Director Independence

Nasdaq listing standards require that within one year of the listing of the HSAC2 Ordinary Shares on Nasdaq we have at least three independent directors and that a majority of our board of directors be independent. An "independent director" is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which, in the opinion of the company's board of directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors had determined that Pedro Granadillo, Carsten Boess, Stuart Peltz, and Michael Brophy are "independent directors" as defined in the Nasdaq listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

We will only enter into a business combination if it is approved by a majority of our independent directors. Additionally, we will only enter into transactions with our officers and directors and their respective affiliates that are on terms no less favorable to us than could be obtained from independent parties. Any related-party transactions must be approved by our audit committee and a majority of disinterested directors.

Audit Committee

We have established an audit committee of the board of directors, which consists of Carsten Boess, Pedro Granadillo, and Michael Brophy, each of whom is an independent director. Carsten Boess serves as chairman of the audit committee. The audit committee's duties, which are specified in our Audit Committee Charter, include, but are not limited to:

- reviewing and discussing with management and the independent registered public accounting firm the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent registered public accounting firm significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management major risk assessment and risk management policies;
- monitoring the independence of the independent registered public accounting firm;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;

Table of Contents

- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent registered public accounting firm, including the fees and terms of the services to be performed;
- appointing or replacing the independent registered public accounting firm;
- determining the compensation and oversight of the work of the independent registered public accounting firm (including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and
- approving reimbursement of expenses incurred by our management team in identifying potential target businesses.

Financial Experts on Audit Committee

The audit committee will at all times be composed exclusively of “independent directors” who are “financially literate” as defined under the Nasdaq listing standards. The Nasdaq listing standards define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement.

In addition, we must certify to Nasdaq that the committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual’s financial sophistication. The board of directors has determined that Carsten Boess qualifies as an “audit committee financial expert,” as defined under rules and regulations of the SEC.

Compensation Committee

We have established a compensation committee of the board of directors consisting of Pedro Granadillo and Carsten Boess, each of whom is an independent director. Pedro Granadillo serves as chairman of the compensation committee. We adopted a Compensation Committee Charter, which details the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our President and Chief Executive Officer’s compensation, evaluating our President and Chief Executive Officer’s performance in light of such goals and objectives and determining and approving the remuneration (if any) of our President and Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of all of our other executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC.

Director Nominations

We do not have a standing nominating committee, though we intend to form a corporate governance and nominating committee as and when required to do so by law or Nasdaq rules. In accordance with Rule 5605(e)(2) of the Nasdaq rules, a majority of the independent directors may recommend a director nominee for selection by the board of directors.

Our board of directors believes that the independent directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. Michael Brophy, Stuart Peltz, Carsten Boess, and Pedro Granadillo will participate in the consideration and recommendation of director nominees. In accordance with Rule 5605(e)(1)(A) of the Nasdaq rules, all such directors are independent. As there is no standing nominating committee, we do not have a nominating committee charter in place.

Our board of directors will also consider director candidates recommended for nomination by our shareholders during such times as they are seeking proposed nominees to stand for election at the next annual general meeting (or, if applicable, extraordinary general meeting). Our shareholders that wish to nominate a director for election to the Board should follow the procedures set forth in our Existing Charter.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, our board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our shareholders.

Code of Ethics

We adopted a Code of Ethics that applies to all of our executive officers, directors and employees. The Code of Ethics codifies the business and ethical principles that govern all aspects of our business.

Conflicts of Interest

Potential investors should be aware of the following potential conflicts of interest:

- None of our officers and directors is required to commit their full time to our affairs and, accordingly, they may have conflicts of interest in allocating their time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to our company as well as the other entities with which they are affiliated. Our management has pre-existing fiduciary duties and contractual obligations and may have conflicts of interest in determining to which entity a particular business opportunity should be presented.
- Our officers and directors may in the future become affiliated with entities, including other blank check companies, engaged in business activities similar to those intended to be conducted by our company.
- The Insider Shares owned by our Sponsor and directors will be released from escrow only if a business combination is successfully completed and subject to certain other limitations. Additionally, our Sponsor and directors will not receive distributions from the Trust Account with respect to any of their Insider Shares if we do not complete a business combination. Furthermore, our Sponsor has agreed that the Private Shares and Private Warrants will not be sold or transferred by it until after we have completed our initial business combination. In addition, our Sponsor, officers and directors may loan funds to us and may be owed reimbursement for expenses incurred in connection with certain activities on our behalf which would only be repaid if we complete an initial business combination. For the foregoing reasons,

the personal and financial interests of our directors and executive officers, who are affiliated with our Sponsor, may influence their motivation in identifying and selecting a target business, completing a business combination in a timely manner and securing the release of their shares.

Under Cayman Islands law, directors and officers owe the following fiduciary duties:

- (i) duty to act in good faith in what the director believes to be in the best interests of the company as a whole;
- (ii) duty to exercise powers for the purposes for which those powers were conferred and not for a collateral purpose;
- (iii) directors should not improperly fetter the exercise of future discretion;
- (iv) duty not to put themselves in a position in which there is a conflict between their duty to the company and their personal interests; and
- (v) duty to exercise independent judgment.

In addition to the above, directors also owe a duty of care which is not fiduciary in nature. This duty has been defined as a requirement to act as a reasonably diligent person having both the general knowledge, skill and experience that may reasonably be expected of a person carrying out the same functions as are carried out by that director in relation to the company and the general knowledge skill and experience which that director has.

As set out above, directors have a duty not to put themselves in a position of conflict and this includes a duty not to engage in self-dealing, or to otherwise benefit as a result of their position. However, in some instances what would otherwise be a breach of this duty can be forgiven and/or authorized in advance by the shareholders, provided that there is full disclosure by the directors. This can be done by way of permission granted in the Existing Charter or alternatively by shareholder approval at general meetings.

Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above-listed criteria to multiple entities. In addition, conflicts of interest may arise when our board evaluates a particular business opportunity with respect to the above-listed criteria. We cannot assure you that any of the above-mentioned conflicts will be resolved in our favor. Furthermore, most of our officers and directors have pre-existing fiduciary obligations to other businesses of which they are officers or directors. To the extent they identify business opportunities which may be suitable for the entities to which they owe pre-existing fiduciary obligations, our officers and directors will honor those fiduciary obligations. Accordingly, it is possible they may not present opportunities to us that otherwise may be attractive to us unless the entities to which they owe pre-existing fiduciary obligations and any successors to such entities have declined to accept such opportunities.

In order to minimize potential conflicts of interest which may arise from multiple corporate affiliations, each of our officers and directors has contractually agreed, pursuant to a written agreement with us, until the earliest of a business combination, our liquidation or such time as he or she ceases to be an officer or director, to present to our company for our consideration, prior to presentation to any other entity, any suitable business opportunity which may reasonably be required to be presented to us, subject to any pre-existing fiduciary or contractual obligations he might have.

In connection with the vote required for any business combination, all of our Initial Shareholders, including our Sponsor and all of our directors, have agreed to vote their HSAC2 Ordinary Shares in favor of any proposed business combination. However, any HSAC Ordinary Shares acquired outside of the redemption offer set forth in this proxy statement/prospectus, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination Proposal and, further, will not carry redemption rights. Therefore, while the Insider Shares, Private Shares and 30,000 Public Shares held by our officers will be voted in favor of the Business Combination, the 1,000,000 Forward Purchase Shares and any Backstop Purchases will not. See the section titled “*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — The General Structure of the Business Combination.*” In addition, our Initial Shareholders have agreed to waive their respective rights to participate in any liquidation distribution with respect to those

HSAC2 Ordinary Shares acquired by them prior to our initial public offering. For any other shares, however, they would be entitled to participate in any liquidation distribution in respect of such shares, but have agreed not to convert such shares (or sell their shares in any tender offer) in connection with the consummation of our initial business combination or an amendment to our Existing Charter relating to pre-business combination activity.

All ongoing and future transactions between us, on the one hand, and our Sponsor and any of our officers and directors or their respective affiliates, on the other hand, will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested “independent” directors, or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested “independent” directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our officers, directors or other Initial Shareholders, unless we have obtained (i) an opinion from an independent investment banking firm that the business combination is fair to our unaffiliated shareholders from a financial point of view and (ii) the approval of a majority of our disinterested and independent directors (if we have any at that time). In no event will our Initial Shareholders or any of the members of our management team be paid any finder’s fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is).

Limitation on Liability and Indemnification of Directors and Officers

Our Existing Charter provides that, subject to certain limitations, the company shall indemnify its directors and officers against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings. Such indemnity only applies if the person acted honestly and in good faith with a view to what the person believes is in the best interests of the company and, in the case of criminal proceedings, the person had no reasonable cause to believe that their conduct was unlawful. The decision of the directors as to whether the person acted honestly and in good faith and with a view to the best interests of the company and as to whether the person had no reasonable cause to believe that his conduct was unlawful and is, in the absence of fraud, sufficient for the purposes of the Existing Charter, unless a question of law is involved. The termination of any proceedings by any judgment, order, settlement, conviction or the entering of a *nolle prosequi* does not, by itself, create a presumption that the person did not act honestly and in good faith and with a view to the best interests of the company or that the person had reasonable cause to believe that his conduct was unlawful.

We have entered into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our Existing Charter. Existing Charter also permits us to purchase and maintain insurance on behalf of any officer or director who at the request of the company is or was serving as a director or officer of, or in any other capacity is or was acting for, another company or a partnership, joint venture, trust or other enterprise, against any liability asserted against the person and incurred by the person in that capacity, whether or not the company has or would have had the power to indemnify the person against the liability as provided in the Existing Charter. We have purchased a policy of directors’ and officers’ liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage shareholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our shareholders. Furthermore, a shareholder’s investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Executive Compensation

Employment Agreements

We have not entered into any employment agreements with our executive officers and have not made any agreements to provide benefits upon termination of employment.

Executive Officers and Director Compensation

No executive officer has received any cash compensation for services rendered to us. We pay our Sponsor a fee of \$10,000 per month for providing us with office space and certain office and secretarial services. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the Trust Account to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. Other than the \$10,000 per month administrative fee, no compensation or fees of any kind, including finder's fees, consulting fees and other similar fees, will be paid to our Initial Shareholders or any of the members of our management team, for services rendered prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that, to the extent such expenses exceed the available proceeds not deposited in the Trust Account and the interest income earned on the amounts held in the Trust Account, such expenses would not be reimbursed by us unless we consummate an initial business combination.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to shareholders, to the extent then known, in the proxy solicitation materials furnished to our shareholders. It is unlikely the amount of such compensation will be known at the time of a general meeting held to consider our initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

PRINCIPAL SHAREHOLDERS OF HSAC2

The following table sets forth as of July 27, 2022, the number of HSAC2 Ordinary Shares beneficially owned by (i) each person who is known by us to be the beneficial owner of more than five percent of our issued and outstanding HSAC2 Ordinary Shares; (ii) each of our officers and directors; and (iii) all of our officers and directors as a group. As of July 27, 2022, we had 11,212,117 HSAC2 Ordinary Shares issued and outstanding.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all HSAC2 Ordinary Shares owned by them. The following table does not reflect the beneficial ownership of any HSAC2 Ordinary Shares issuable upon exercise of derivative securities that are not exercisable within 60 days of July 27, 2022.

| Name and Address of Beneficial Owner ⁽¹⁾ | Number of Shares Beneficially Owned | Approximate Percentage of Outstanding HSAC2 Ordinary Shares |

| HSAC 2 Holdings, LLC (Sponsor) ⁽²⁾ | 4,360,956 | 38.90% |

- (1) Unless otherwise indicated, the business address of each of the individuals is 40 10th Ave., Floor 7, New York, New York 10014.
- (2) Our Sponsor is governed by a board of directors consisting of three directors: Roderick Wong, Naveen Yalamanchi, and Alice Lee. Each director has one vote, and the approval of a majority of the directors is required to approve an action of our Sponsor. Under the so-called “rule of three,” if voting and dispositive decisions regarding an entity’s securities are made by three or more individuals, and a voting or dispositive decision requires the approval of a majority of those individuals, then none of the individuals is deemed a beneficial owner of the entity’s securities. Based upon the foregoing analysis, no director of our Sponsor exercises voting or dispositive control over any of the securities held by our Sponsor, even those in which he or she directly holds a pecuniary interest. Accordingly, none of them will be deemed to have or share beneficial ownership of such shares.
- (3) Consists of shares held by RTW Master Fund, Ltd., RTW Venture Fund Limited and RTW Innovation Master Fund, Ltd., which are investment funds managed by RTW Investments, LP. Our Chief Executive Officer serves as the Managing Partner and Chief Investment Officer of RTW Investments, LP. Both he and RTW Investments, LP may be deemed the beneficial owner of such shares and each disclaims beneficial ownership except to the extent of their pecuniary interest in the holders.
- (4) Held by the Stephanie Anne Sirota Revocable Trust, of which Ms. Sirota is the trustee.

Restrictions on Transfers of Insider Shares and Private Warrants

All of the Insider Shares outstanding prior to our initial public offering were placed in escrow with Continental Stock Transfer & Trust Company, as escrow agent. Subject to certain limited exceptions, 50% of these shares will not be transferred, assigned, sold or released from escrow until the earlier of six months after the date of the consummation of our initial business combination and the date the closing price of the HSAC2 Ordinary Shares equals or exceeds \$12.50 per HSAC2 Ordinary Share (as adjusted for share subdivisions, share dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after our initial business combination and the remaining 50% of the Insider Shares will not be transferred, assigned, sold or released from escrow until six months after the date of the consummation of our initial business combination or earlier in either case

if, subsequent to our initial business combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of our shareholders having the right to exchange their HSAC2 Ordinary Shares for cash, securities or other property.

During the escrow period, the holders of these shares will not be able to sell or transfer their securities except (1) transfers among the Initial Shareholders, to our officers, directors, advisors and employees, (2) transfers to an insider's affiliates or its members upon its liquidation, (3) transfers to relatives and trusts for estate planning purposes, (4) transfers by virtue of the laws of descent and distribution upon death, (5) transfers pursuant to a qualified domestic relations order, (6) private sales made at prices no greater than the price at which the securities were originally purchased or (7) transfers to us for cancellation in connection with the consummation of an initial business combination, in each case (except for clause 7) where the transferee agrees to the terms of the escrow agreement, as well as the other applicable restrictions and agreements of the holders of the Insider Shares. If dividends are declared and payable in HSAC2 Ordinary Shares, such dividends will also be placed in escrow. If we are unable to effect a business combination and liquidate, there will be no liquidation distribution with respect to the Insider Shares.

Registration Rights

The holders of our Insider Shares issued and outstanding on the date of this prospectus, as well as the holders of the Private Shares and Private Warrants (and underlying securities) and any shares our Initial Shareholders or their affiliates may be issued in payment of Working Capital Loans made to us, will be entitled to registration rights pursuant to a Registration Rights Agreement entered into as of August 3, 2020. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the Insider Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these HSAC2 Ordinary Shares are to be released from escrow. The holders of a majority of the Private Shares, Private Warrants or shares issued in payment of Working Capital Loans made to us can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. The foregoing Registration Rights Agreement will be amended and restated by the Amended and Restated Registration Rights Agreement. See the section titled "*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — Certain Related Agreements — Amended and Restated Registration Rights Agreement.*"

MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF HSAC2

Overview

We are a blank check company incorporated as a Cayman Islands exempted company on May 25, 2020. We were formed for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or other similar business combination with one or more target businesses (the "**Initial Business Combination**"). Although there is no restriction or limitation on what industry our target operates in, it is our intention to pursue prospective targets that are focused on healthcare innovation. We are an emerging growth company and, as such, we are subject to all of the risks associated with emerging growth companies.

Our Sponsor is HSAC 2 Holdings, LLC. The registration statement for our initial public offering (the "**IPO**") was declared effective on August 3, 2020. On August 6, 2020, we consummated an IPO of the 16,000,000 Public Shares, including the 2,086,956 Public Shares as a result of the underwriters' full exercise of their over-allotment option, at an offering price of \$10.00 per Public Share, generating gross proceeds of \$160.0 million, and incurring offering costs of approximately \$9.4 million, inclusive of \$5.6 million in deferred underwriting commissions.

Simultaneously with the closing of the IPO, we consummated the Private Placement with the Sponsor of (i) 450,000 ordinary shares (the "**Private Placement Shares**") at \$10.00 per Private Placement Share (for a total purchase price of \$4.5 million) and (ii) 1,500,000 warrants (the "**Private Placement Warrants**") at a price of \$1.00 per Private Placement Warrant (for a total purchase price of \$1.5 million), generating gross proceeds of \$6.0 million.

Upon the closing of the IPO and the Private Placement (including the exercise of the over-allotment option), \$160.0 million (\$10.00 per Public Share) of the net proceeds of the sale of the Public Shares in the IPO and the Private Placement were placed in the Trust Account located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and held as cash or invested only in U.S. "government securities," within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940 (the "**Investment Company Act**"), with a maturity of 185 days or less, or in money market funds meeting certain conditions under the Investment Company Act, which invest only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of an Initial Business Combination and (ii) the distribution of the Trust Account as described below. Due to uncertainty under the Investment Company Act whether certain special purpose acquisition companies, or "**SPACs**," with trust account assets held in securities, that do not consummate an initial business combination within 24 months after the effective date the SPAC's IPO registration statement, would fall under the definition of "investment company" under Section 3(a)(1)(A) of the Investment Company Act, HSAC2 converted all of the assets held in the Trust Account into cash on or about July 25, 2022, before the 24-month anniversary of the effective date of HSAC2's IPO registration statement which became effective on August 3, 2020.

We paid a total of \$3.2 million in underwriting discounts and commissions (not including the \$5.6 million deferred underwriting commissions payable at the consummation of the Initial Business Combination) and approximately \$0.6 million for other costs and expenses related to our formation and the IPO.

We will have until February 6, 2023 (taking into account the Extension Proposal described below, the "**Combination Period**"), or such later time as our shareholders may approve in accordance with the Amended and Restated Memorandum and Articles of Association, to complete our Initial Business Combination. If we do not complete an Initial Business Combination by that date, it will trigger the Company's automatic winding up, liquidation and dissolution and, upon notice from us, the trustee of the Trust Account will distribute the amount in the Trust Account to the Public Shareholders. Concurrently, we shall pay, or reserve for payment, from funds not held in trust, its liabilities and obligations, although we cannot assure that there will be sufficient funds for such purpose. If there are insufficient funds held outside the Trust Account for such purpose, our Sponsor has agreed that it will be liable to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us and which have not executed a waiver agreement. However, we cannot assure that the liquidator will not determine that he or she requires additional time to evaluate creditors' claims (particularly if there is uncertainty over the validity or extent of the claims of any creditors). We also cannot assure that a creditor or shareholder will not file a petition with the Cayman Islands Court which, if successful, may result in the Company's liquidation being subject to the supervision of that court. Such events might delay distribution of some or all of our assets to the Public Shareholders. The Initial Shareholders have agreed to waive their liquidation rights with respect to the Insider Shares and the Private Placement Shares held by them if we fail

to complete an Initial Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the IPO, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if we fail to complete an Initial Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commissions held in the Trust Account in the event we do not complete an Initial Business Combination within the Combination Period, and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of our Public Shares. In the event of such distribution, it is possible that the per ordinary share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.00 per ordinary share initially held in the Trust Account.

Proposed Business Combination

On July 4, 2022, we entered into the Merger Agreement with Merger Sub, and Orchestra. Pursuant to the terms of the Merger Agreement, the Business Combination will be effected in two steps. First, before the closing of the Business Combination, we will deregister in the Cayman Islands and domesticate as a Delaware corporation. Second, at the Closing, Merger Sub will merge with and into Orchestra, with Orchestra surviving such merger as the surviving entity. Upon consummation of the Business Combination, Orchestra will become a wholly owned subsidiary of the Company. The Company will then change its name to “Orchestra BioMed Holdings, Inc.”

The Merger Agreement contains customary representations, warranties and covenants of the parties thereto. The consummation of the proposed Merger is subject to certain conditions as further described in the Merger Agreement.

Simultaneously with the execution of the Merger Agreement, we and Orchestra entered into separate Forward Purchase Agreement with the RTW Funds and Covidien Group S.à.r.l., an affiliate of Medtronic plc (“**Medtronic**” and the RTW Funds, each a “**Purchasing Party**”), pursuant to which each of the Purchasing Parties agreed to purchase approximately \$10.0 million of our ordinary shares, for a total of approximately \$20.0 million, less the dollar amount of our ordinary shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the domestication.

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, we, Orchestra, and the RTW Funds entered into a Backstop Agreement (the “**Backstop Agreement**”) pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of our ordinary shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash as of immediately prior to the closing of the Business Combination is less than \$60 million (inclusive of the \$10 million commitment by the RTW Funds pursuant to the Forward Purchase Agreement described above).

On October 21, 2022, the parties amended the RTW Forward Purchase Agreement and the Backstop Agreement, pursuant to which the RTW Funds agreed that (1) the per share price under each of the RTW Forward Purchase Agreement and the Backstop Agreement will not exceed the redemption price available to HSAC2 shareholders exercising redemption rights at the Shareholder Meeting, (2) any shares purchased pursuant to the RTW Forward Purchase Agreement or the Backstop Agreement, or otherwise acquired by the RTW Funds outside of the existing redemption offer, will not be voted in favor of approving the Business Combination, and (3) the RTW Funds will waive redemption rights with respect to such purchases in the vote to approve the Business Combination.

The closings under the Forward Purchase Agreements and Backstop Agreement, if any, will occur immediately prior to the domestication. Our Sponsor and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights and Lock-Up Agreement with respect to our ordinary shares received in the domestication. We refer to our ordinary shares, after giving effect to the Business Combination, as “**New Orchestra Common Stock**.”

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the closing of the Business Combination unless, as to 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 Trading Days within any 30-Trading Day period, and as to the remaining 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20-Trading Days within any 30-Trading Day period. In addition, subject to the closing of the Business Combination, the Sponsor has agreed to forfeit 50% of its Private Placement Warrants, comprising 750,000 Private Placement Warrants, for no consideration. Further, the Sponsor and our other Initial Shareholders prior to our IPO

have agreed to subject the 4,000,000 shares of New Orchestra Common Stock to be received in the domestication in exchange for the 4,000,000 Insider Shares and 450,000 shares of New Orchestra Common Stock to be received in the domestication in exchange for the 450,000 Private Placement Shares, to a lock-up for up to 12 months.

Extension and Private Purchase

On July 26, 2022, we held an extraordinary general meeting of our shareholders, where the shareholders approved the Extension Proposal to amend our amended and restated memorandum and articles of association to: (i) extend from August 6, 2022 (the “**Original Termination Date**”) to November 6, 2022 (the “**Extended Date**”), the date by which, if we have not consummated a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving one or more businesses or entities, we must liquidate and dissolve, and (ii) allow us, without another shareholder vote, to elect to extend the date to consummate a business combination on a monthly basis for up to three times by an additional one month each time after the Extended Date, upon five days’ advance notice prior to the applicable deadlines, until February 6, 2023 or a total of up to six months after the Original Termination Date, unless the closing of the Company’s initial business combination shall have occurred.

In connection with the vote to approve the Extension Proposal, the holders of 9,237,883 Public Shares properly exercised their right to redeem their shares for cash at a redemption price of approximately \$10.02 per share, for an aggregate redemption amount of approximately \$92.6 million. As such, approximately 57.7% of the Public Shares were redeemed and approximately 42.3% of the Public Shares remain outstanding. After the satisfaction of such redemptions, the balance in our Trust Account will be approximately \$67.8 million.

On July 22, 2022, the RTW Funds purchased 1,000,000 of our ordinary shares at a price of \$10.01 per share from an accredited investor in a privately negotiated transaction, in order to fulfill their obligations under the Forward Purchase Agreements and to ensure that such shares purchased were not redeemed and the amounts that would have been paid by the Company if such shares were redeemed remain in the Company’s trust account at the closing of the Business Combination.

See the preliminary proxy statement/prospectus included in the Registration Statement on Form S-4 filed by us with the SEC on August 8, 2022, and any amendments thereto and the final proxy statement/prospectus that we may subsequently file with the SEC for additional information.

Liquidity and Going Concern

As of June 30, 2022, we had approximately \$1.3 million of cash in our operating account and working capital of approximately \$245,000.

Prior to the completion of the IPO, our liquidity needs had been satisfied through a payment of \$28,750 from our Sponsor to exchange for the issuance of 3,593,750 ordinary shares to the Sponsor, and a loan of \$300,000 pursuant to a promissory note originally issued to our Sponsor on June 11, 2020 (the “**Note**”), which was repaid in full on August 7, 2020. Subsequent to the consummation of the IPO and the Private Placement, our liquidity needs have been satisfied with the net proceeds from the Private Placement not held in the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, the Initial Shareholders or their affiliates may, but are not obligated to, provide us loans, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion (the “**Working Capital Loans**”). As of June 30, 2022 and December 31, 2021, there were no amounts outstanding under any Working Capital Loans.

Based on the foregoing, HSAC2 management believes that we will have sufficient working capital and borrowing capacity to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, we will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination. However, in connection with our assessment of going concern considerations in accordance with FASB Accounting Standards Update (“**ASU**”) 2014-15, “Disclosures of

Uncertainties about an Entity's Ability to Continue as a Going Concern," we have determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about our ability to continue as a going concern. Management intends to complete the Business Combination prior to the liquidation date. No adjustments have been made to the carrying amounts of assets or liabilities should we be required to liquidate after February 6, 2023. The unaudited condensed consolidated financial statements do not include any adjustment that might be necessary if we are unable to continue as a going concern.

Various social and political circumstances in the United States and around the world (including wars and other forms of conflict, including rising trade tensions between the United States and China, and other uncertainties regarding actual and potential shifts in the United States and foreign, trade, economic and other policies with other countries, terrorist acts, security operations and catastrophic events such as fires, floods, earthquakes, tornadoes, hurricanes and global health epidemics), may also contribute to increased market volatility and economic uncertainties or deterioration in the United States and worldwide. Specifically, the rising conflict between Russia and Ukraine and resulting market volatility could adversely affect our ability to complete a business combination. In response to the conflict between Russia and Ukraine, the United States and other countries have imposed sanctions or other restrictive actions against Russia. Any of the above factors, including sanctions, export controls, tariffs, trade wars and other governmental actions, could have a material adverse effect on our ability to complete a business combination and the value of our securities.

Management continues to evaluate the impact of these types of risks on the industry and has concluded that while it is reasonably possible that these types of risks could have a negative effect on our financial position, results of our operations and/or search for a target company, the specific impact is not readily determinable as of the date of these unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Results of Operations

We will not be generating any operating revenues until the closing and completion of our initial Business Combination, at the earliest. We generate non-operating income in the form of interest income on investments held in the Trust Account. We are incurring expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance) and expenses related to our search for an initial Business Combination.

For the three months ended June 30, 2022, we had a net loss of approximately \$735,000, which consisted of approximately \$908,000 in general and administrative expenses and related party administrative fees of \$30,000, partially offset by approximately \$203,000 of net Interest income from investments held in Trust Account per P&L gain on the investments held in the Trust Account.

For the three months ended June 30, 2021, we had a net loss of approximately \$92,000, which consisted of approximately \$66,000 in general and administrative expenses and \$30,000 in related party administrative fees, partially offset by approximately \$4,000 of net Interest income from investments held in Trust Account per P&L gain on the investments held in the Trust Account.

For the six months ended June 30, 2022, we had a net loss of approximately \$1.1 million, which consisted of approximately \$1.3 million in general and administrative expenses and related party administrative fees of \$60,000, partially offset by approximately \$217,000 of net Interest income from investments held in Trust Account per P&L gain on the investments held in the Trust Account.

For the six months ended June 30, 2021, we had a net loss of approximately \$200,000, which consisted of approximately \$148,000 in general and administrative expenses and \$60,000 in related party administrative fees, partially offset by approximately \$8,000 of net Interest income from investments held in Trust Account per P&L gain on the investments held in the Trust Account.

Related Party Transactions

Insider Shares

On June 11, 2020, we issued the 3,593,750 Insider Shares to the Sponsor for an aggregate purchase price of \$28,750. On August 3, 2020, we effected a share dividend of 0.113043478 ordinary shares for each outstanding share (an aggregate of 406,250 ordinary shares), resulting in an aggregate of 4,000,000 ordinary shares outstanding.

All shares and associated amounts have been retroactively restated to reflect the share dividend. The holders of the Insider Shares had agreed to forfeit an aggregate of up to 521,739 Insider Shares, on a pro rata basis, to the extent that the option to purchase additional ordinary shares is not exercised in full by the underwriters. On August 6, 2020, the underwriters fully exercised the over-allotment option; thus, the 521,739 Insider Shares were no longer subject to forfeiture.

The Initial Shareholders have agreed not to transfer, assign or sell any of their Insider Shares (except to certain permitted transferees) until, with respect to 50% of the Insider Shares, the earlier of six months after the date of the consummation of the initial Business Combination and the date on which the closing price of our ordinary shares equals or exceeds \$12.50 per ordinary share for any 20 trading days within a 30-trading day period following the consummation of the initial Business Combination, and, with respect to the remaining 50% of the Insider Shares, six months after the date of the consummation of the initial Business Combination, or earlier in each case if, subsequent to the initial Business Combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of the shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Related Party Loans

On June 11, 2020, our Sponsor agreed to loan us up to \$300,000 to be used for the payment of costs related to the IPO pursuant to the Note. The Note was non-interest bearing, unsecured and due on the date we consummate the IPO. We borrowed \$300,000 under the Note and repaid the Note in full on August 7, 2020.

In addition, in order to finance transaction costs in connection with a Business Combination, the Initial Shareholders or their affiliates may, but are not obligated to, loan us the Working Capital Loans, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of the initial Business Combination, without interest, or, at the lender's discretion, up to \$500,000 of such loans may be converted upon consummation of the Business Combination into additional private warrants at a price of \$1.00 per warrant. If we do not complete a Business Combination within the Combination Period, the Working Capital Loans will be repaid only from amounts remaining outside the Trust Account, if any. The warrants would be identical to the Private Placement Warrants. As of June 30, 2022 and December 31, 2021, the Company had no borrowings under the Working Capital Loans.

Administrative Services Agreement

Commencing on the effective date of the registration statement relating to the IPO, we agreed to pay the Sponsor a total of \$10,000 per month for office space and certain office and secretarial services. Upon completion of the Business Combination or our liquidation, we will cease paying these monthly fees. For the three months ended June 30, 2022 and 2021, we incurred \$30,000 in expenses for these services. For the six months ended June 30, 2022 and 2021, we incurred \$60,000 in expenses for these services. As of June 30, 2022 and December 31, 2021, \$0 and \$150,000 were due to the Sponsor and are included in accrued expenses — related party on the accompanying condensed consolidated balance sheets, respectively.

Company Shareholder Support Agreement and Forfeiture

Contemporaneously with the execution of the Merger Agreement, the Company and Orchestra entered into the Parent Support Agreement with the Sponsor and certain of our other shareholders (each a "**Shareholder**") pursuant to which the Shareholders identified therein have agreed (a) to appear at any shareholder meetings called to approve the Merger or any proposal to extend the period of time we are afforded under our organizational documents and our prospectus to consummate an initial business combination, (b) not to redeem their shares or any other of our equity securities now or in future acquired or beneficially owned, (c) to vote such shares and equity securities (i) in favor of the domestication, the Merger and related transactions (except that any such additional equity securities acquired in the future, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination), (ii) in favor of any such extension proposal, and (iii) against any change in our business, management or board contrary to the Merger Agreement and against any other proposal reasonably expected to breach, prevent or impede the Merger, and (d) to waive anti-dilution and similar rights with respect to such shares, whether under our amended and restated memorandum and articles of association, applicable law, or a contract regarding the Merger and related transactions with us. In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra Common Stock received in the domestication will be forfeited to New

Orchestra on the first business day following the fifth anniversary of the closing of the Business Combination unless, as to 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$15.00 per share over any 20 Trading Days within any 30-Trading Day period, and as to the remaining 500,000 shares, the VWAP of the New Orchestra Common Stock is greater than or equal to \$20.00 per share over any 20-Trading Days within any 30-Trading Day period. Further, subject to the closing of the Business Combination, the Sponsor has agreed to forfeit 50% of its warrants, comprising 750,000 warrants for no consideration.

Contractual Obligations

Registration Rights

The holders of the Insider Shares, the Private Placement Shares, the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration rights agreement. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the Insider Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these ordinary shares are to be released from escrow. The holders of a majority of the Private Placement Shares, the Private Placement Warrants or warrants that may be issued upon conversion of Working Capital Loans made to us can elect to exercise these registration rights at any time after we consummate a Business Combination. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our consummation of the initial Business Combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

We granted the underwriters a 45-day option from the effective date of the registration statement relating to the IPO to purchase up to 2,086,956 additional ordinary shares at the IPO price less the underwriting discounts and commissions. On August 6, 2020, the underwriters fully exercised the over-allotment option.

The underwriters were entitled to an underwriting discount of \$0.20 per share, or \$3.2 million in the aggregate, paid upon the closing of the IPO. In addition, the underwriters will be entitled to a deferred underwriting commission of \$0.35 per share, or \$5.6 million in the aggregate since the underwriters’ over-allotment option was exercised in full. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that we complete a Business Combination, subject to the terms of the underwriting agreement.

Purchase Agreement

Our Sponsor has entered into an agreement with us to purchase an aggregate of 2,500,000 of our ordinary shares or their equivalent in the securities of a target company for an aggregate purchase price of \$25.0 million prior to, concurrently with, or following the closing of our Business Combination, either in the open market transaction (to the extent permitted by law) or in a private placement. The capital from such transaction may be used as part of the consideration to the sellers in our initial Business Combination, and any excess capital from such private placement would be used for working capital in the post-transaction company.

Critical Accounting Policies and Estimates

Investments Held in the Trust Account

Until July 25, 2022, our portfolio of investments held in the Trust Account was comprised of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When our investments held in the Trust Account are comprised of U.S. government securities, the investments are classified as trading securities. When our investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities are included in interest income from investments held in the Trust Account in the accompanying unaudited condensed consolidated statements of operations.

The estimated fair values of investments held in the Trust Account are determined using available market information. Due to uncertainty under the Investment Company Act whether certain special purpose acquisition companies, or “SPACs,” with trust account assets held in securities, that do not consummate an initial business combination within 24 months after the effective date the SPAC’s IPO registration statement, would fall under the definition of “investment company” under Section 3(a)(1)(A) of the Investment Company Act, HSAC2 converted all of the assets held in the Trust Account into cash on July 25, 2022, before the 24-month anniversary of the effective date of HSAC2’s IPO registration statement which became effective on August 3, 2020.

Ordinary Shares Subject to Possible Redemption

We account for our ordinary shares subject to possible redemption in accordance with the guidance in ASC Topic 480 “Distinguishing Liabilities from Equity.” Ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. Our Public Shares feature certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. Accordingly, as of June 30, 2022 and December 31, 2021, 16,000,000 ordinary shares subject to possible redemption are presented as temporary equity, outside of the shareholders’ deficit section of the accompanying condensed consolidated balance sheets.

Under ASC 480-10-S99, we have elected to recognize changes in the redemption value immediately as they occur and adjust the carrying value of the security to equal the redemption value at the end of the reporting period. This method would view the end of the reporting period as if it were also the redemption date of the security. Effective with the closing of the IPO, we recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Net Loss Per Ordinary Share

We comply with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” Net (loss) per ordinary share is calculated by dividing the net (loss) by the weighted average number of ordinary shares outstanding for the respective period.

The calculation of diluted net (loss) per ordinary share does not consider the effect of the Private Placement Warrants to purchase 1,500,000 ordinary shares since their exercise is contingent upon future events and their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net loss per share is the same as basic net loss per share for the three and six months ended June 30, 2022 and 2021. Accretion associated with the redeemable ordinary shares is excluded from earnings per share as the redemption value approximates fair value.

JOBS Act

The Jumpstart Our Business Startups Act of 2012 (the “**JOBS Act**”) contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an “emerging growth company” and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, the condensed consolidated financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal control over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose

certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO's compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our IPO or until we are no longer an "emerging growth company," whichever is earlier.

Recent Accounting Pronouncements

HSAC2 management does not believe there are any recently issued, but not yet effective, accounting pronouncements, if currently adopted, that would have a material effect on our condensed consolidated financial statements.

Evaluation of Disclosure Controls and Procedures

Disclosure controls are procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized, and reported within the time period specified in the SEC's rules and forms. Disclosure controls are also designed with the objective of ensuring that such information is accumulated and communicated to our management, including the chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. Based upon their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) were effective as of June 30, 2022.

We do not expect that our disclosure controls and procedures will prevent all errors and all instances of fraud. Disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Further, the design of disclosure controls and procedures must reflect the fact that there are resource constraints, and the benefits must be considered relative to their costs. Because of the inherent limitations in all disclosure controls and procedures, no evaluation of disclosure controls and procedures can provide absolute assurance that we have detected all our control deficiencies and instances of fraud, if any. The design of disclosure controls and procedures also is based partly on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Changes in internal control over financial reporting

There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended June 30, 2022 covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

BUSINESS OF ORCHESTRA

Vision

Orchestra's vision is to accelerate medical innovation to patients through risk-reward-sharing partnerships with leading medical device companies.

Company

Orchestra is a biomedical innovation company accelerating high-impact technologies to patients through risk-reward-sharing partnerships with leading medical device companies. Orchestra's partnership-enabled business model focuses on forging strategic collaborations with leading medical device companies to drive successful global commercialization of products it develops. Orchestra is led by a highly accomplished, multidisciplinary management team and a board of directors with extensive experience in all phases of therapeutic device development. Orchestra's business was formed in 2018 by assembling a pipeline of multiple late-stage clinical product candidates originally developed by its founding team. Its flagship product candidates are BackBeat CNT for the treatment of HTN, a significant risk factor for death worldwide, and Virtue SAB for the treatment of atherosclerotic artery disease, the leading cause of mortality worldwide.

BackBeat CNT is a bioelectronic therapy candidate designed to substantially and persistently lower blood pressure that can be fully integrated as a firmware upgrade to standard cardiac pacemakers, although there is no guarantee BackBeat CNT will be safe and effective. BackBeat CNT showed encouraging results in MODERATO II, a prospective, multi-center, randomized, double-blind pilot study of pacemaker patients with persistent HTN. HTN is the most common comorbidity in this population, affecting over 70% of the pacemaker-indicated patients. Orchestra estimates that the addressable annual market for pacemaker-indicated patients with HTN will comprise over 750,000 patients worldwide by 2025 and represents a potential annual revenue opportunity of over \$2 billion. Orchestra also believes BackBeat CNT may offer therapeutic benefit to select high-risk HTN patients not indicated for a pacemaker. Orchestra estimates that this additional addressable annual market for high-risk HTN patients will comprise over 2.4 million patients worldwide by 2025 and represents a potential annual revenue opportunity of over \$8 billion.

On June 30, 2022, Orchestra entered into an exclusive license and collaboration agreement with Medtronic, Inc. ("**Medtronic**"), one of the largest medical device companies in the world, for the development of BackBeat CNT for the treatment of HTN in pacemaker-indicated patients (the "**Medtronic Collaboration**"). The Medtronic Collaboration provides Orchestra with development, clinical and regulatory support for the multinational pivotal study planned to begin in the second half of 2023. Upon regulatory approval, if received, Medtronic will have the exclusive global rights to commercialize BackBeat CNT for this target population. If BackBeat CNT is approved and successfully commercialized, Orchestra will share meaningfully in the revenues generated from Medtronic's sale of BackBeat CNT-enabled pacing systems.

Virtue SAB is a proprietary drug/device combination product candidate for the treatment of artery disease that is designed to deliver a proprietary, investigational, extended-release formulation of sirolimus ("**SirolimusEFR**"), to the vessel wall during balloon angioplasty without the need for balloon coating or a permanent implant, although there is no guarantee Virtue SAB will prove to be safe and effective. Virtue SAB demonstrated promising three-year clinical data in coronary in-stent restenosis ("**ISR**") in the prospective, multi-center SABRE Study.

Virtue SAB was granted Breakthrough Device designation by the FDA, for specific indications relating to the treatment of coronary ISR, coronary small vessel disease and peripheral artery disease below-the-knee. Orchestra estimates that these indications will represent an annual global addressable market opportunity comprising approximately 3.2 million procedures and valued at approximately \$3 billion, as discussed below under "*— FOCAL THERAPIES — Virtue SAB for Artery Disease and SirolimusEFR for Local Inflammation in Multiple Indications. — Targeted Unmet Needs and Market Opportunity for Virtue SAB.*"

Orchestra has a strategic partnership with Terumo (the "**Terumo Partnership**"), a global leader in medical technology, for the development and commercialization of Virtue SAB to treat CAD or PAD. Together with Terumo, Orchestra expects to initiate a U.S. pivotal study for Virtue SAB for the treatment of coronary in-stent restenosis in the first half of 2023, which Orchestra expects to be the first in a series of pivotal studies aimed at achieving regulatory approvals in multiple indications worldwide. If Virtue SAB is successfully developed and approved, Orchestra will share meaningfully in future commercial revenues of Virtue SAB through double-digit royalties on net sales and per unit payments as the exclusive supplier of SirolimusEFR.

Both Medtronic and Terumo have made equity investments in Orchestra with long-term hold restrictions. Medtronic invested \$40 million in the Series D Financing and has entered into a \$10 million forward purchase agreement in support of the Business Combination. Terumo invested \$2.5 million in the Series B-1 preferred stock private placement and \$2.5 million in the Series D Financing.

History of Caliber and BackBeat

Orchestra was incorporated in Delaware in January 2017 and was formed to acquire operating and other assets as well as to raise capital to support further development of acquired assets. Orchestra had limited activity in 2017. In May 2018, Orchestra concurrently completed a recapitalization and mergers with Caliber Therapeutics, Inc., a Delaware corporation that has, among other things, the rights to the Virtue SAB product candidate and BackBeat Medical, Inc., a Delaware corporation that has, among other things, the rights to the BackBeat CNT product candidate. Caliber Therapeutics, Inc. was incorporated in Delaware in October 2005 and began development of its lead product candidate, Virtue SAB, in 2008. BackBeat Medical, Inc. was incorporated in Delaware in January 2010 and began development of its lead product candidate, BackBeat CNT, that same year.

Conversion of Caliber and BackBeat Limited Liability Companies

On December 26, 2019, Orchestra completed the conversions of Caliber Therapeutics, Inc., a Delaware corporation, to Caliber Therapeutics, LLC, a Delaware limited liability company, and BackBeat Medical, Inc., a Delaware corporation, to BackBeat Medical, LLC, a Delaware limited liability company. References in this proxy statement/prospectus to “Caliber” refer to Caliber Therapeutics, Inc. prior to its conversion to a limited liability company and to Caliber Therapeutics, LLC after its conversion to a limited liability company, as applicable. References in this proxy statement/prospectus to “BackBeat” refer to BackBeat Medical, Inc. prior to its conversion to a limited liability company and to BackBeat Medical, LLC after its conversion to a limited liability company, as applicable.

Partnership-Enabled Business Model

Orchestra’s business was formed specifically to pursue a partnership-enabled business model that seeks to apply the strategies typically used by the biopharmaceutical industry to the medical device market where product developers are currently challenged with the financial and execution burdens of also needing to commercialize the products they are developing.

Orchestra’s goal is to accelerate and improve the likelihood of its product innovations reaching patients and providers worldwide by sharing the risks and rewards of developing and commercializing these product candidates with established multinational companies, such as Medtronic and Terumo. Using this approach, Orchestra believes it can pursue multiple potentially lucrative innovation opportunities by focusing its efforts and resources on advancing promising therapeutic solutions, such as Virtue SAB and BackBeat CNT, through late-stage clinical research and regulatory approvals. Meanwhile, Orchestra’s partners secure substantial new prospective growth opportunities with the potential to reduce risk and expense while leveraging their existing infrastructure to bring Orchestra’s partnered product candidates to global markets quickly and efficiently if regulatory approval is obtained.

Orchestra believes its partnership-enabled business model can create value for its stakeholders and partners by:

- ***Optimizing development and commercialization*** of its product candidates by pairing its research and development strengths and capabilities with the established commercial infrastructure of Orchestra’s partners;
- ***Enhancing capital efficiencies*** by sharing costs and responsibilities with Orchestra’s partners; and
- ***Maximizing the potential of future profitability*** by seeking to create multiple long-term high-margin royalty and revenue sharing arrangements with partners.

Product Pipeline

Orchestra’s pipeline is comprised of innovative therapeutic product candidates that we believe have the potential for value creation using Orchestra’s partnership-enabled business model, led by its two flagship product candidates, BackBeat CNT and Virtue SAB. Orchestra believes its flagship product candidates have the potential to improve clinical outcomes and provide distinct commercial advantages within two of the largest and well-established global medical device markets: Virtue SAB in interventional devices to treat CAD and PAD, an overall global market that LSI & HRI Research, market research firms, valued at a \$12.5 billion market worldwide in 2019; and BackBeat CNT in cardiac rhythm

management implants, an overall global market that LSI & HRI Research valued at a \$10.0 billion market worldwide in 2019. Orchestra’s pipeline also includes additional product candidates in development for other significant medical conditions that it believes are attractive candidates for value creation using its partnership-enabled business model.

Orchestra’s flagship product candidates are based on platform technologies that each have late-stage lead clinical indications with attractive follow-on clinical indications that could add substantial future commercial potential. Moreover, Orchestra’s additional pipeline opportunities, such as Cardiac Neuromodulation Therapy (“CNT”) for heart failure, or potential treatment of clinical indications such as urology or osteoarthritis using SirolimusEFR, and the microporous AngioInfusion balloon technology used in the Virtue SAB leverage the same platform technologies and intellectual property already developed for its flagship product candidates. Generally, Orchestra’s product candidates target large, mature global markets in which there are several active multinational and regional corporations with established distribution capabilities in place. These product candidates are designed to potentially offer important clinical, health and economic benefits without changing established treatment paradigms such as physician techniques or patient referral and treatment patterns, providing a select strategic partner a potential means to differentiate their product portfolios from competitors, drive revenue growth and gain market share. Orchestra’s strategic collaboration agreements with Medtronic for BackBeat CNT and Terumo for Virtue SAB demonstrate its ability to align with global market leaders for the long-term development and commercialization of its product candidates.

The following table summarizes Orchestra’s material pipeline programs organized by product platform, as well as target indications, development status, market opportunity, strategic partners/collaborators and next milestones.

BIOELECTRONIC PRODUCT CANDIDATES — BackBeat CNT for Hypertension and CNT-HF for Heart Failure

Orchestra is developing bioelectronic therapies based on patented CNT technology. Orchestra's product candidates are designed to use standard active implantable cardiac rhythm management systems, such as pacemakers, with changes to firmware and software only. Its flagship product candidate is BackBeat CNT, a patented, potential bioelectronics treatment for HTN, a significant risk factor for death worldwide. Orchestra is also pursuing CNT-HF, a bioelectronic product candidate that aims to reduce chronic sympathetic nervous system activity in heart failure ("HF") for which there is an estimated global patient population of 64 million people according to the AME Medical Journal.

BackBeat Cardiac Neuromodulation Product Candidate (CNT)

In the discussion below and elsewhere in this proxy statement/prospectus, we reference p-values, which are statistical calculations that relate to the probability that the observed difference between groups happened by chance, with a p-value of less than 0.05 (i.e., less than 5% probability that the observed difference happened by chance) generally considered as the threshold to indicate statistical significance in clinical trials.

BackBeat CNT is a bioelectronic product candidate for HTN that is designed to substantially reduce blood pressure. BackBeat CNT is delivered through programmed cardiac pacing algorithms and is designed to leverage standard rhythm management device procedures (dual-chamber pacemaker), utilizing the same implant procedure and lead positions while still enabling standard rhythm management (pacing) functions. While BackBeat CNT is designed to achieve certain results as described above, there is no guarantee that BackBeat CNT will prove to be safe and effective. Clinical studies performed to date have been conducted using Orchestra's proprietary Moderato system, a pacemaker system, incorporating BackBeat CNT. Clinical results from two European clinical studies, the MODERATO I single-arm clinical study and the MODERATO II double-blind, randomized, controlled pilot study, demonstrated a significant and clinically meaningful reduction in systolic blood pressure in hypertensive patients also indicated for a pacemaker. In particular, the MODERATO II study met its primary efficacy endpoint, as patients randomized to BackBeat CNT showed a statistically significant 11.1 mmHg ($p < 0.01$) reduction in mean 24-hour ambulatory systolic blood pressure ("aSBP") at six months follow-up from activation, resulting in a statistically significant difference of 8.1 mmHg ($p = 0.01$) of aSBP compared to control patients who were managed only with antihypertensive medications. The study also met its primary safety endpoint with no clinically meaningful differences in rate of major adverse cardiac events ("MACE") between the two groups at six months follow-up. Further details on the results of the BackBeat CNT clinical studies performed to date are provided below.

Strategic Collaboration Agreement with Medtronic

In June 2022, Orchestra and Medtronic entered into the Medtronic Agreement for the development and commercialization of BackBeat CNT for the treatment of HTN in patients indicated for a cardiac pacemaker (the "Primary Field"). Under the terms of the Medtronic Agreement, Orchestra will sponsor a multinational pivotal study to support regulatory approval in the United States, EU and Japan of BackBeat CNT in the Primary Field and be financially responsible for development, clinical and regulatory costs associated with this pivotal study. Medtronic is currently working with Orchestra to integrate BackBeat CNT into premium, commercially available dual-chamber pacemaker system for use in the pivotal study and will provide development, clinical and regulatory resources in support of the pivotal study, for which Orchestra will reimburse Medtronic at cost.

Medtronic is the global market leader in cardiac rhythm management ("CRM"), and pacemaker devices, with over 50% of the U.S. market share for such devices and typically having a leading share in all other global markets. Given Medtronic's market leadership and the potential therapeutic benefits of BackBeat CNT, Orchestra believes BackBeat CNT-enabled pacemakers, if commercially approved, have the potential to be rapidly adopted into existing pacemaker-indicated patient care for addressable hypertensive patients. Orchestra further believes the substantial potential added clinical value and differentiation of BackBeat CNT-enabled pacemakers can help Medtronic potentially expand market share and grow revenue.

Under the terms of the Medtronic Agreement, Medtronic will have exclusive rights in the Primary Field to commercialize BackBeat CNT-enabled pacing systems globally following receipt of regulatory approvals. Medtronic would be entirely responsible for global commercialization following any receipt of regulatory approvals, including manufacturing, sales, marketing and distribution costs.

Under the terms of the Medtronic Agreement, Orchestra is expected to receive between \$500 and \$1,600 per BackBeat CNT-enabled device sold based on a formula of the higher of (1) a fixed dollar amount per BackBeat CNT-enabled device (amount varies materially on a country-by-country basis) or (2) a percentage of the BackBeat CNT generated sales. This estimated range is derived from publicly-available information, Orchestra's management's knowledge of the pacemaker market, Orchestra's discussions with Medtronic, and the terms of the Medtronic Agreement. Based on Orchestra's discussions with Medtronic, the global market leader in pacemakers, the terms of the Medtronic Agreement and Orchestra's management's knowledge of reimbursement codes for medical devices, Orchestra believes that BackBeat CNT-enabled pacemakers can be supported by existing reimbursement codes without the need for new codes.

Under the terms of the Medtronic Agreement, Medtronic has a right of first negotiation through FDA approval of BackBeat CNT for the Primary Field, to expand its global rights to BackBeat CNT for the treatment of HTN patients not indicated for a pacemaker (the "**Secondary Field**").

In addition to customary early termination provisions, the Medtronic Agreement will terminate on the date no further revenue share payments are due under the Medtronic Agreement and Medtronic's license under the Medtronic Agreement would become fully paid up, perpetual, irrevocable and royalty-free. Revenue share payments with respect to each applicable country (or group of countries) are to be paid for a minimum period of time determined by the latest to occur of (a) the expiration of the last valid claim of certain specified patents or (b) the date that is 12 years after the first commercial sale of any Backbeat CNT-enabled pacemakers in the applicable country or group of countries.

Market Needs

Hypertension

HTN is elevated blood pressure that increases risk of major cardiac events like heart attack and stroke and can contribute to other significant conditions such as heart failure and kidney disease. HTN is the leading global risk factor for death according to the WHO. An estimated 1.28 billion adults have HTN worldwide according to the WHO.

In the United States, 122.2 million adults, or approximately 47% of all adults, are estimated to have HTN according to the AHA. The AHA and the American College of Cardiology ("**ACC**") established new *Hypertension Clinical Practice Guidelines* in 2017. According to these guidelines, Stage 1 hypertension is defined for patients with systolic 130 to 139 mmHg or diastolic 80 to 89 mmHg. Stage 2 hypertension now encompasses patients with a systolic BP of at least 140 mmHg or a diastolic BP of at least 90 mmHg. These updated guidelines increased the number of patients believed to have HTN to approximately 47% of all adults from 31.9% under prior guidelines. Global guidelines have yet to be updated to be in line with U.S. clinical practice and generally HTN diagnosis starting at blood pressure at the level of U.S. Stage 2 HTN or above 140 mmHg for systolic BP. Importantly, 77% of U.S. adults over age 65, the age group most likely to need pacemakers, now have HTN according to the new guidelines. Further, the guidelines also recommend that a substantial proportion of U.S. adults taking antihypertensive medication undergo a more intensive BP lowering treatment to get their HTN under control.

High blood pressure was a primary or contributing cause of death in 2020 for more than 670,000 people in the United States, nearly 1,850 deaths each day, according to the CDC. By 2035, the estimated direct cost of high blood pressure could increase to \$220.9 billion (annual average), according to the AHA. Cardiovascular risk doubles for every 10 mmHg increase in office systolic blood pressure and the mortality rate doubles with an increase of 20 mmHg in office systolic blood pressure, according to the National Center for Biotechnology Information ("**NCBI**").

Of U.S. patients aware of their HTN diagnosis, about 76% are believed to be taking antihypertensive medication, but only 52% of those have their condition controlled, according to the *Journal of Clinical Hypertension*. Therefore, approximately 60% of hypertensive U.S. adults have uncontrolled HTN. Non-adherence to antihypertensive treatment is a critical contributor to suboptimal blood pressure control and another important risk factor for adverse cardiovascular disease outcomes. An estimated 45% of HTN patients are non-adherent to medications, according to the journal *Medicine*. Thus, many medically responsive patients have high pressure simply because they do not take their medications and medication non-compliance is one of the biggest challenges of HTN treatment. In addition, since HTN patients are typically older, they are more likely to use multiple medications for HTN and other medical conditions: polypharmacy (multiple medications) has been shown to be associated with increased risk of adverse events (fall injury, heart failure, etc.), polypharmacy mismanagement, and drug-drug interactions. Furthermore, AHA estimates as much as 15% of the

prevalent HTN population is resistant to medical therapy (“**Resistant HTN**”), and these patients are 47% more likely to suffer the combined outcomes of death, myocardial infarction, heart failure, stroke, or chronic kidney disease over the median 3.8 years of follow-up than other HTN patients. Because of the factors mentioned above, there is a significant need for alternative therapies to treat HTN, particularly, device-based therapies.

Isolated Systolic Hypertension & Pulse Pressure

Based on data from the National Health and Nutrition Examination Survey (NHANES) III, 74.5% of U.S. adults over 60 years old have HTN, with over 65% of them suffering from isolated systolic hypertension (“**ISH**”). ISH patients have elevated systolic blood pressure (>140 mmHg), while their diastolic blood pressure remains normal or low (≤90 mmHg). ISH is a more difficult to treat form of HTN because antihypertensive medications generally impact both systolic and diastolic pressure. It is estimated that over 80% of medical treatment failure patients over 60 years old have ISH. ISH patients experience elevated Pulse Pressure (the difference between systolic and diastolic pressures), which is a known significant, independent risk factor for coronary heart disease. According to published literature, a 10 mmHg increase in Pulse Pressure is associated with a 32% increase in risk of heart failure and a 24% increase in risk of stroke (after controlling for systolic BP and other risk factors). In addition, in men ≥60 years old (which happens to be the typical age of pacemaker patients), risk for coronary artery disease is three times larger in patients with Pulse Pressure of ≥70 mmHg compared to those with Pulse Pressure of 60 mmHg.

Hypertension among Patients with Pacemakers

Pacemakers are recommended for the management of symptomatic bradycardia (slow heart rate) due to sick sinus syndrome, atrio-ventricular block, a combination of these conditions or other situations in which patients are prone to brady-arrhythmias. Currently available devices have evolved from single-chamber, fixed-rate pacemakers to multi-chamber, rate-responsive units. Over 80% of pacemaker patients receive dual-chamber devices which have wires or leads implanted in the right atrium and right ventricle of the heart capable of sensing and stimulating the heart to control contraction timing of both chambers. There were nearly 1.1 million pacemaker implants performed worldwide in 2021, including an estimated 427,500 in the United States according to LSI & HRI Research. Global sales of pacemakers exceeded \$4.4 billion in 2019 according to LSI & HRI Research, comprising 44% of the overall \$10.0 billion market for implantable cardiac rhythm management devices.

Based on the new ACC/AHA guidelines, Orchestra estimates that nearly 80% of U.S. patients that are indicated for the implant of a pacemaker have HTN. Among this group of patients, over 60% are estimated to have uncontrolled HTN based on the treatment goal per the 2017 ACC/AHA guidelines. Further, since the average age of pacemaker-indicated patients is approximately 73 years old and, in consideration of other demographic factors associated with this population, these patients are at elevated risk of ISH (over 80% of patients enrolled in prior clinical studies of BackBeat CNT had ISH). Furthermore, these patients are likely to suffer from other co-morbidities common to this population such as atherosclerosis, hyperlipidemia, diabetes mellitus and chronic kidney disease. Orchestra believes these patients could benefit substantially from a HTN therapy like BackBeat CNT that can be administered via an already necessary pacemaker.

Target Patient Populations and Market Opportunity for BackBeat CNT

The initial target market for BackBeat CNT is the large population of patients with uncontrolled HTN who also require the implant or replacement of a pacemaker, taking advantage of the fact that BackBeat CNT therapy is designed to address patients who already require a pacemaker implant. Since BackBeat CNT can be readily incorporated into standard cardiac rhythm management systems such as pacemakers, Orchestra believes it can be readily adopted into the existing paradigm of care for hypertensive patients that already require a pacemaker implant. As already described above, Orchestra believes there is a significant unmet need and commercial opportunity for more effective treatment of HTN in this population.

Orchestra believes that any pacemaker devices incorporating BackBeat CNT can be implanted using standard implant procedures, electrical leads and lead positions. Further, Orchestra believes any experienced and trained physicians who perform pacemaker implants, such as electrophysiologists and cardiologists, will be able to select a BackBeat CNT-enabled pacemaker for an appropriate patient without the need for another physician referral, if approved. BackBeat CNT features proprietary algorithms that are designed to enable physicians to non-invasively adjust the therapeutic parameters to optimize chronic blood pressure reduction to individual patient needs. In addition,

BackBeat CNT is designed to be de-activated or reactivated by the physician as necessary, offering potential efficacy and safety advantages over other device-based therapies. Importantly, the therapeutic effects of BackBeat CNT are designed to not rely on patient adherence or compliance, offering a significant complement to pharmaceutical therapies for which adherence and compliance are a key challenge.

Orchestra estimates that the addressable annual market for pacemaker-indicated patients with HTN will comprise over 750,000 patients worldwide by 2025. Orchestra estimates that, if approved, commercialization of BackBeat CNT in hypertensive pacemaker patients can increase the commercial value of the global pacemaker device market by over \$2 billion annually. This substantial annual opportunity is based on incorporating BackBeat CNT's potentially potent and clinically impactful HTN treatment capabilities into a pacemaker to drive a meaningful increase in the average selling price ("ASP") that can be supported by existing pacemaker procedure codes globally.

Orchestra also believes BackBeat CNT may offer therapeutic benefit to select high-risk HTN patients not indicated for a pacemaker who have uncontrolled systolic blood pressure despite medical therapy and have elevated risk factors such as ISH and additional serious medical comorbidities. Orchestra estimates that this additional addressable annual market for high-risk HTN patients will comprise at least 2.4 million patients worldwide by 2025, or approximately 0.2% of the global HTN population. Orchestra calculates this estimated market using information from publicly available third-party sources and only includes those hypertensive patients who are (1) of similar age as the pacemaker-indicated patient population (~73 years old on average), (2) have ISH, (3) have high systolic blood pressure (greater than 150 mmHg oSBP) despite medical therapy, and (4) have at least one major co-morbidity (such as artery disease, diabetes, kidney disease, etc.). Using similar maximum ASP figures based on existing reimbursement codes for pacemaker implantation, Orchestra estimates that this calculated market represents a global potential annual revenue opportunity of over \$8 billion using similar potential ASPs as BackBeat CNT-enabled pacemakers.

Impact Potential of BackBeat CNT

BackBeat CNT is a bioelectronic product candidate for HTN that is designed to substantially reduce blood pressure. BackBeat CNT is delivered through programmed cardiac pacing algorithms. These algorithms are specifically designed to reduce blood pressure by (1) lowering cardiac preload (ventricular filling volume) and maintaining reduced blood pressure and by (2) modulating sympathetic tone (the level of activity of the sympathetic nervous system) as well as reducing cardiac afterload (total peripheral resistance). BackBeat CNT is designed to leverage standard rhythm management devices (dual-chamber pacemaker), utilizing the same implant procedure and lead positions while still enabling standard rhythm management (pacing) functions. Orchestra believes that physicians such as implanting cardiologists and electrophysiologists who currently implant pacemakers and are responsible for the care of these patients can make the medical decision to implant a BackBeat CNT-enabled pacemaker in an eligible patient. Further, Orchestra believes that BackBeat CNT-enabled devices can garner meaningfully higher ASPs that can be supported by existing reimbursement without the need for new procedure codes. While BackBeat CNT is designed to achieve certain results as described above and below, there is no guarantee that BackBeat CNT will prove to be safe and effective.

BackBeat CNT is designed to deliver cardiac pacing to reduce blood pressure through two essential mechanisms:

1. Programmed pacing with short atrial-ventricular ("AV") delays (shorter timeframe between contraction of the atria and the ventricle of the heart) designed to substantially reduce blood pressure by reducing cardiac preload. Cardiac preload is the amount of stretching of the ventricle of the heart driven by the volume of blood that fills the ventricle. Pacing with shorter AV delays reduces fill volume and, thereby, cardiac preload. Lower preload results in lower blood pressure.
2. Programmed variable blood pressure patterns (achieved using programmed pacing with a combination of shorter and longer AV delays) designed to maintain average blood pressure reduction by modulating sympathetic tone and reducing cardiac afterload. Sympathetic tone refers to the level of activity of the sympathetic nervous system response which is known to drive and maintain elevated blood pressures. Cardiac afterload is the vascular resistance against which the heart has to contract to eject blood and is characterized by the diameter of arteries, otherwise known as total peripheral resistance or TPR.

Substantially Lowers BP & Maintains Reduction

Preclinical Data

The goal of the preclinical studies was to evaluate the feasibility of the use of BackBeat CNT in a canine model with surgically induced HTN and to provide a rationale for clinical use to persistently lower blood pressure in patients with HTN. BackBeat CNT was delivered via pacing algorithms in a prototype device in the canine model. Chronic delivery of BackBeat CNT significantly reduced 24-hour aSBP by an average of 32.5 mmHg over a one-month period (n=4).

The reduction occurred immediately upon activation of therapy and was maintained for the period that the therapy was active (approximately 30 days). Blood pressure did not meaningfully change in the study's single control animal that had a BackBeat CNT device implanted, but not activated. 24-hour aSBP was measured using an implanted blood pressure sensor.

The chart below shows the baseline 24-hour aSBP profile of one of the study animals prior to therapy activation as compared to the 24-hour aSBP profile of the same animal following activation of BackBeat CNT. The results are plotted as a histogram demonstrating the frequency of blood pressure levels over the course of the 24-hour period. The baseline aSBP histogram shows the percentage frequency of aSBP reaching different levels of pressure ranging from approximately 135 mmHg to 280 mmHg and a most frequent aSBP of approximately 180 mmHg. By contrast, the BackBeat CNT aSBP histogram shows the percentage frequency of aSBP reaching different levels of pressure ranging from approximately 120 mmHg to 260 mmHg and a most frequent aSBP of approximately 145 mmHg. The charts demonstrates the significant improvement in the entire 24-hour aSBP profile of the animal driven by BackBeat CNT as the entire aSBP histogram is shifted substantially downwards and to the left in term of frequency of reaching lower SBP levels and the peak SBP frequency level is reduced by approximately 35 mmHg. These results are similar in the three BackBeat CNT study animals in terms of substantial improvement of the 24-hour aSBP profile while the one study control animal did not experience a shift in 24-hour aSBP profile.

The chart below shows average aSBP per 24-hour period of the same study animal profiled above over the entire study period. This chart demonstrates that (1) BackBeat CNT drove a substantial reduction of 24-hour aSBP from baseline levels (shown in orange with each box representing a full 24-hour period of aSBP measurement); (2) this blood pressure reduction was maintained through the period that BackBeat CNT was active (as reflected in the orange line made up of orange boxes); and (3) blood pressure levels took more than 10 days to return to baseline levels after BackBeat CNT was turned off, indicating that sympathetic tone responses and afterload levels were potentially modulated by chronic delivery of BackBeat CNT since aSBP levels would be expected to return immediately to baseline levels if sympathetic tone and afterload were not modulated. These results are similar in all three BackBeat CNT study animals in terms of durable substantial improvement of the 24-hour aSBP profile and slow response over days to baseline aSBP levels. The one study control animal did not experience any significant changes in 24-hour aSBP during the study period as illustrated by the chart below.

Clinical Results

Acute Clinical Study:

A short time-based study of the effects of the BackBeat CNT therapy in 18 patients with HTN who were already scheduled to undergo an invasive electrophysiology procedure was conducted at Jiangsu Province Hospital/The First Affiliated Hospital with Nanjing Medical University, Nanjing, China. The study population consisted of patients with HTN and systolic blood pressure >140 mmHg despite at least one antihypertensive medication.

BackBeat CNT was applied for at least one minute in all patients and up to five minutes in certain patients based on whether the physician managing the primary electrophysiology procedure allowed for longer duration of treatment based on the time available to perform the BackBeat CNT acute clinical study versus the primary electrophysiology procedure for which the patient was being treated. Various signal parameters were evaluated. All patients exhibited reduction

of >10 mmHg in systolic blood pressure. The average sustained reduction in blood pressure was 19.7 +/- 7.4 mmHg systolic (p<0.001) and 4.3 +/-3.7 mmHg diastolic (p<0.001). No serious adverse effects were observed or reported in these studies. The study also demonstrated that reduction in blood pressure was titrated by modifying BackBeat CNT parameters as needed.

Chronic Clinical Studies:

MODERATO I Single Arm Study

The 27-patient, MODERATO I clinical study was conducted in Europe and Chile to evaluate the safety and efficacy of BackBeat CNT therapy using Orchestra's proprietary Moderato system, capable of delivering BackBeat CNT as well as performing the rhythm management function of a standard dual-chamber pacemaker. The Moderato system, comprised of the implantable pulse generator ("IPG") and programmer, was manufactured under an original equipment manufacturer ("OEM"), contract by a division of Integer Holdings Corporation ("Integer"), a leading supplier of cardiac rhythm management device components. The Moderato system was CE marked in July 2019. However, Orchestra does not plan to commercialize the Moderato device but may consider utilizing the CE marked system to conduct additional clinical work in the EU.

The results from the MODERATO I study were published in December 2017 in the *Journal of the American Heart Association*. The main inclusion criteria required patients to have oSBP >150 mmHg despite taking at least two anti-hypertensive drugs as well as having a clinical indication for a dual-chamber pacemaker implant or replacement. Twenty-seven patients meeting all study entry criteria underwent a Moderato device implant, at which time only standard pacemaker functions were activated. Nearly 80% of the patients enrolled had ISH, making them a more difficult group of patients to treat. All enrolled patients were implanted with Moderato devices and then followed for a one-month observation period to evaluate any changes in blood pressure due to either the initiation of standard pacing alone or due to their participation in the study. At the end of the one-month period blood pressure was reassessed to ensure oSBP remained >140 mmHg for eligibility to enter the treatment phase of the study. Only 27 patients met the criteria and in these patients BackBeat CNT was activated. Patients were then reevaluated following three months of treatment for changes in blood pressure assessed by both office cuff measurements and by 24-hour ambulatory blood pressure recordings. The study's co-primary efficacy endpoints were changes in oSBP and mean 24-hour aSBP (added as study amendment) from pre-activation through three months post activation of therapy. All 27 patients completed the study's three-month activation period and clinical follow-up. Twenty-one patients consented to be followed at 6, 12, 18 and 24 months after activation and only oSBP levels were measured at these longer follow-up time points due to the fact that measuring changes in aSBP over two- to six-month periods is generally deemed appropriate to assess HTN therapies and because additional aSBP measurements are highly burdensome for patients that participate in HTN studies as they require wearing a device that takes frequent blood pressure measurements over a 24-hour period. Two-year follow-up data available from these 21 patients was presented for the first time in October 2017 at the Transcatheter Cardiovascular Therapeutics (TCT) conference in Denver, Colorado.

The co-primary efficacy endpoint of changes in mean 24-hour aSBP was met successfully with BackBeat CNT activation driving a significant 11.6 mmHg reduction (p<0.001) from pre-activation levels during the first day of therapy. The reduction was maintained through the three-month activation period, representing a statistically significant reduction of 10.1 mmHg (p=0.007) from the pre-activation aSBP. Seventeen of the 27 study patients participated in the co-primary efficacy endpoint analysis which was included as amendment to the MODERATO I study design following initiation of the study given new evidence from other clinical studies regarding the potential importance of change in mean 24-hour aSBP in assessing the potential efficacy of HTN therapies.

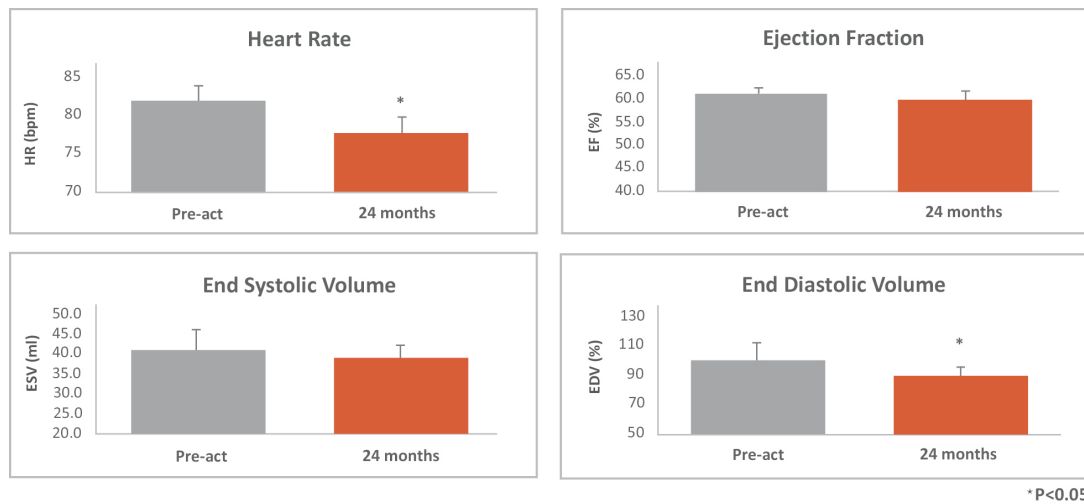

The co-primary efficacy endpoint of changes in oSBP was also met successfully with BackBeat CNT driving a statistically significant reduction in oSBP, 16.1 mmHg (p<0.001) from pre-activation levels. This reduction in oSBP was maintained in patients who reached the later follow-up time points with a mean statistically significant reduction of 23.4 mmHg (p<0.001) in oSBP from baseline levels after 24 months of therapy.

Long-term (24-month) data showed results consistent with expected mechanism of action, including statistically significant reduction in heart rate (p<0.05), a key measure of sympathetic nervous system activation, and end-diastolic volume, a key safety measure. In addition, comparison of echocardiograms performed at baseline and following activation up to two years of BackBeat CNT therapy showed that there were no significant changes in cardiac function (ejection fraction).

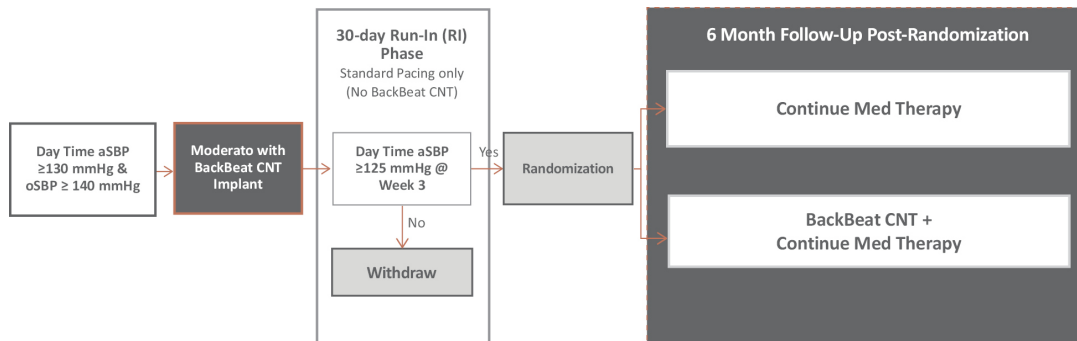

24-month Data Consistent with Expected Mechanism of Action

During the initial study period for MODERATO I, there were eleven serious adverse events (“SAEs”) in seven of the 27 study patients. One event was adjudicated as probably related to the implant procedure for the Moderato device and four events in four patients were adjudicated as possibly related to the Moderato device. No events were adjudicated as definitely or probably related to BackBeat CNT. The two non-cardiac events were urinary tract infection and dyspnea treated with bronchodilator. Nine events in six patients were cardiac related. During the extended 21-month follow-up period that included 24 patients who continued with BackBeat CNT, there were 25 SAEs in twelve patients. Out of 25 events, 17 events in seven patients were cardiac related. There were eight non-cardiac events in eight patients. The non-cardiac events included two orthopedic events, two cases of cancer, a transient ischemic event, and three respiratory related events. Five events in three patients were adjudicated as possibly device related.

MODERATO II Double-Blind, Randomized Study

The results of the MODERATO II study of BackBeat CNT in hypertensive patients also indicated for a pacemaker were published in August 2021 in *the Journal of the American Heart Association*. All patients enrolled in the MODERATO II, a European prospective, multi-center, double-blind, randomized pilot study of BackBeat CNT, had persistent HTN (aSBP \geq 130 mmHg and oSBP \geq 140 mmHg) despite one or more anti-hypertensive medications and a pacemaker indication, and were implanted with Orchestra's Moderato System. Following a 30-day run-in period during which patients received only standard pacing along with anti-hypertensive medications, patients who met follow-up screening criteria for daytime aSBP were randomized to BackBeat CNT or control groups.

Prior to randomization, mean aSBP for both groups was 136.3 mmHg with patients, on average, treated with over three prescribed anti-hypertensive drugs. 88.5% of the patients in the BackBeat CNT treatment arm had ISH, making them a more challenging group of patients to treat. 71.4% of control arm patients also had ISH. The study met its primary efficacy endpoint of superiority of BackBeat CNT to control in terms of change in mean 24-hour aSBP at six months following randomization. After six months, mean aSBP was reduced by a statistically significant 11.1 mmHg in the BackBeat CNT group as compared to a non-significant reduction of 3.1 mmHg in the control group, resulting in a statistically significant difference of 8.1 mmHg (p=0.01) between groups.

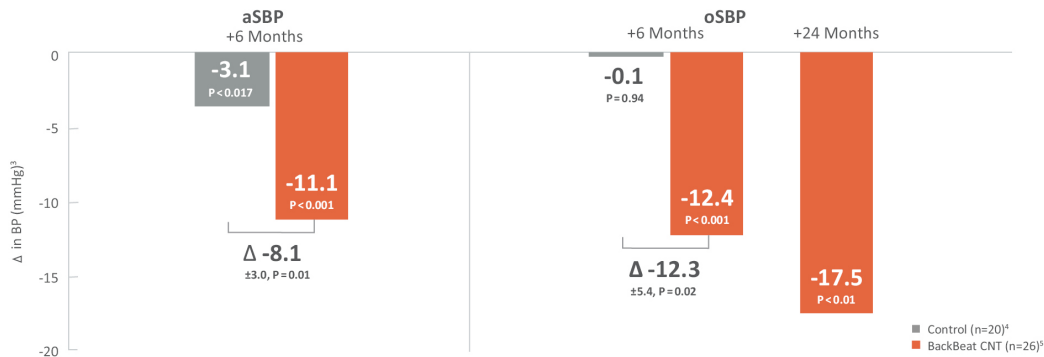

The treatment group saw a high (85%) overall response rate, with approximately 54% of the BackBeat CNT-treated patients experiencing aSBP reduction at six months of greater than 10 mmHg, an amount associated with a clinically meaningful reduction in risk of heart attack and stroke.

The study met its secondary efficacy endpoint of superiority of BackBeat CNT to control in terms of change in oSBP at six months following randomization. After six months, oSBP was reduced by a statistically significant 12.4 mmHg in the BackBeat CNT group as compared to a non-significant reduction of 0.1 mmHg in the control group, resulting in a statistically significant difference of 12.3 mmHg (p=0.02) between groups.

The MODERATO II study also met its primary safety endpoint, which was no significant differences in rates of MACE. There were no MACE in the BackBeat CNT group and three MACE in two patients in the control group (one death from cancer and two cardiac events) at six months. Additionally, there were no notable differences in echo parameters between the two arms. During the randomized phase of the study, there were ten SAEs in five patients in the control group (n=21) and none in the treatment group (n=26). Two of the ten events were cardiac related. During the extended 18-month follow-up period that included treatment patients (n=26) and crossover-to-treatment patients (n=14), there were 26 SAEs in 16 patients. Out of 26 events, only 13 events (in eleven patients) were cardiac related. No events were adjudicated as possibly related to BackBeat CNT. The non-cardiac events included four cancer related events, for gastrointestinal disorder events, one COVID-19 death, one amputation, two inflammatory events, and a transient ischemic event.

BackBeat CNT-treated patients in the MODERATO II study continued to be followed through the 24-month period of the study, including control patients who crossed over to BackBeat CNT after the end of the six-month double-blind period of the study. Only oSBP measurements were taken at follow-up visits after the six-month aSBP primary endpoint was measured. Significant reduction in oSBP, a mean of 17.5 mmHg, was maintained in all BackBeat CNT-treated patients who completed 24-month follow-up. Results for 24-hour aSBP and oSBP at six months post-randomization, as well as oSBP results at 24 months are shown in the figure below:

Additionally, as shown in the chart below, the mean 24-hour aSBP profile (systolic blood pressure plotted over a 24-hour period) for all 26 BackBeat CNT patients pre-activation (prior to BackBeat CNT) was significantly reduced at six months following BackBeat CNT activation at all time points.

Significant Reduction in aSBP 24 Hours a Day²

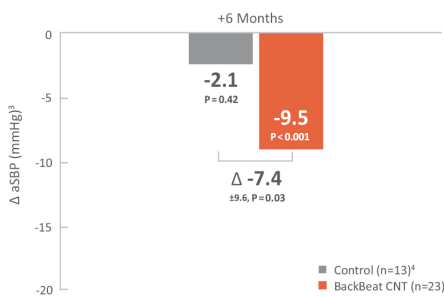

Following completion of the randomized period and successful achievement of the primary endpoints, 14 control patients crossed over to active BackBeat CNT. Nine of the fourteen patients had ISH. The results in these patients were encouraging and consistent with the reductions in the BackBeat CNT group during the randomized portion of the study and are summarized below:

- Statistically significant mean reductions in aSBP (-10.3 ± 9.3 mm Hg, $p < 0.01$) and ambulatory pulse pressure (-11.7 ± 5.5 mmHg, $p < 0.01$) at six months post therapy activation compared to pre-crossover.
- Minimal changes in mean ambulatory diastolic blood pressure ($+1.5 \pm 5.5$ mmHg, $p = \text{NS}$) at six months post therapy activation compared to pre-crossover.
- Mean oSBP decreased by 13.1 ± 26.6 and 13.8 ± 28.7 mmHg at six and eighteen months post therapy activation, respectively, compared to pre-crossover.

BackBeat CNT in Patients with ISH

In a subgroup of patients with ISH, a dangerous and challenging to treat form of HTN prevalent in older patients, treatment with BackBeat CNT resulted in clinically meaningful and statistically significant reductions of 7.4 mmHg in aSBP and 11.9 mmHg in oSBP when compared to control (continued medical therapy) patients at six months. Further, in patients with ISH, BackBeat CNT drove statistically significant reductions of 9.4 mmHg in ambulatory Pulse Pressure and 13.3 mmHg in office Pulse Pressure at six months as compared to control patients.

Orchestra's Approach to Supporting Clinical Studies to Date

Orchestra utilizes a four-pronged approach to support clinical activities for BackBeat CNT: (1) full-time employees to directly manage clinical studies and supervise external providers; (2) an external CRO, that serves as the authorized and legal representative of the study sponsor, submits study protocol for approval by clinical site review boards and ethics committees, and reports adverse events; (3) local part-time independent clinical research associates (“CRAs”), in the countries in which BackBeat CNT studies have clinical research sites that are responsible for the site initiation and full data monitoring; and (4) field clinical technical support and patient enrollment personnel that are independent contractors working under consulting agreements.

Regulatory and Commercialization Pathway

Orchestra plans to conduct a global pivotal clinical study in collaboration with Medtronic to support potential FDA, EU, Japanese and other global regulatory approvals of BackBeat CNT for the treatment of hypertension in patients who are indicated for a pacemaker (the “**BackBeat CNT Pivotal Study**”). Orchestra and Medtronic have collaborated to develop a preliminary design for this pivotal study. Orchestra is currently forming a clinical steering committee comprised of cardiologists and electrophysiologists that are considered experts in the treatment of HTN, cardiac arrhythmias and heart failure. These steering committee members will provide input regarding the study design and assist in the execution of the pivotal study. Orchestra plans to conduct meetings with the FDA and other regulatory bodies in the second half of 2022 and the first half of 2023 with the goal of finalizing the BackBeat CNT Pivotal Study protocol and other device-related testing and validation requirements prior to submitting an investigational device exemption application (“**IDE**”) from the FDA, or seeking equivalent approvals to conduct the pivotal study from other regulatory bodies. Orchestra currently anticipates applying for IDE (or other equivalent) and initiating enrollment of the BackBeat CNT Pivotal Study in the second half of 2023.

Pending submission and approval of an IDE for the study, Orchestra anticipates that the BackBeat CNT Pivotal Study will potentially have the following requirements or structure:

- randomization of between 650-750 patients with uncontrolled HTN despite medical therapy who are indicated for a dual-chamber pacemaker;
- inclusion and exclusion criteria for enrollment in the BackBeat CNT Pivotal Study will be similar to the criteria used in the MODERATO II study;
- patients will be randomized 1:1 in a double-blinded manner to either active treatment with the BackBeat CNT-with continued antihypertensive drug treatment or to standard pacing-only with continued antihypertensive drug therapies;
- the primary efficacy endpoint is currently expected to be superiority of treatment as compared to control based on mean change in 24-hour ambulatory systolic blood pressure at 6 months post randomization (the same primary endpoint used in the MODERATO II study);
- the primary safety endpoint of the BackBeat CNT Pivotal Study is currently expected to be non-inferiority between the treatment and control groups comparing Major Adverse Cardiovascular Events (MACE) at 12 months post randomization; and
- the Pivotal Study would enroll patients in a total of approximately 80 study sites planned for United States, Europe and, potentially, Japan.

In the third quarter of 2019, the Moderato implantable system that delivers BackBeat Cardiac Neuromodulation Therapy for the treatment of HTN while also providing standard pacemaker functions was CE marked in the EU under the Active Implantable Medical Device Directive. Orchestra currently does not have plans to commercialize this system in the EU on its own but does believe there is a significant commercial opportunity for BackBeat CNT in the EU, which it intends to pursue through the collaboration with Medtronic post-marketing approval.

For the clinical and regulatory development of BackBeat CNT for High-Risk HTN, Orchestra will seek to leverage data from the HTN+P pilot and pivotal trials given that age and other demographic factors of the target population are expected to be similar, the type of hypertension treated will likely be isolated systolic hypertension which is predominant in the HTN+P population, and other comorbidities are also expected to be common to both target populations.

CNT-HF for Heart Failure

Orchestra's Bioelectronic Therapies group is also seeking to develop a pipeline of additional treatments for development and future licensing based on its patented CNT technology. The lead follow-on therapy candidate is CNT-HF, a bioelectronic treatment for heart failure ("HF"). According to the AME Medical Journal, HF affects an estimated 64 million people worldwide. According to the CDC, 6.8 million Americans have HF, which contributed to 1 in 8 deaths in the United States in 2020, while costing nearly \$31.0 billion annually. AHA projects the cost of HF will increase by 127% to \$69.8 billion in 2030, amounting to approximately \$244 for every U.S. adult. Approximately half of the patients with signs and symptoms of heart failure have largely normal left ventricular ejection fraction and are therefore considered Heart Failure patients with Preserved Ejection Fraction ("HFpEF"), according to the AHA. The prevalence of HFpEF compared with prevalence of HF with reduced ejection fraction ("HFrEF"), appears to be increasing over time along with aging of the population and the increasing prevalence of risk factors for HFpEF, such as obesity, HTN, and type 2 diabetes as well as improvements in diagnosis, according to the AHA. Those living with HFpEF experience frequent hospitalizations and high mortality rates. Nevertheless, there are currently no approved disease-modifying therapies for HFpEF. The success of existing HF therapies is mostly limited to treatment of HFrEF, not HFpEF, according to GlobalData.

CNT-HF is a modified cardiac neuromodulation algorithm that, like BackBeat CNT, aims to achieve sympathetic nervous system neurohormonal modulation, but without substantial impact on blood pressure. HF is a syndrome characterized initially by left ventricular dysfunction that triggers countermeasures aimed to restore cardiac output. These responses are compensatory at first but eventually become part of the disease process itself, leading to further worsening cardiac function. Among these responses is the activation of the sympathetic nervous system ("SNS"), that provides inotropic support to the failing heart increasing stroke volume, and peripheral vasoconstriction to maintain mean arterial perfusion pressure, but eventually accelerates disease progression affecting survival. Activation of SNS has been attributed to withdrawal of normal restraining influences and enhancement of excitatory inputs, leading to worsening heart failure symptoms and progression of disease.

In 2021, Orchestra initiated an exploratory European acute clinical study of CNT-HF for the treatment of patients with HFpEF. An initial ten patient cohort was treated acutely with an exploratory CNT-HF algorithm. Orchestra plans to analyze results from this cohort and then initiate acute treatment of a second patient cohort starting in the fourth quarter of 2022, using a CNT-HF algorithm that is enhanced based on results from the first patient cohort. If results from these acute clinical studies are encouraging, Orchestra will seek to initiate a chronic feasibility implant clinical study of CNT-HF in the second half of 2023 or first half of 2024. Orchestra believes there is further potential to develop CNT-HF for other forms of heart failure in the future, including HFrEF. Orchestra believes CNT-HF for the treatment of heart failure has the potential to be a highly attractive therapeutic candidate for licensing and collaboration with strategic partners that may already potentially be interested in BackBeat CNT for HTN. Orchestra anticipates that CNT-HF will run on a dual-chamber pacemaker, a three-chamber bi-ventricular pacemaker (also known as a cardiac resynchronization therapy or "CRT" device), as well as, potentially, a combined pacemaker/CRT/defibrillator (CRT-D), allowing potential strategic partners already in the cardiac rhythm management business to provide an entirely new HF treatment leveraging their existing manufacturing and commercialization infrastructure.

FOCAL THERAPIES — Virtue SAB for Artery Disease and SirolimusEFR for Local Inflammation in Multiple Indications.

Orchestra is developing high impact therapeutic product candidates designed to optimize focal drug delivery during well-established interventional procedures with the objective of improving clinical outcomes and reducing complications. Orchestra's flagship product candidate of the Focal Therapies group is the Virtue Sirolimus AngioInfusion Balloon ("Virtue SAB"), a drug/device product candidate that is designed to enable targeted delivery of sirolimus, an approved pharmaceutical agent for preventing restenosis during interventional stent treatment of artery disease, the leading cause of death worldwide. Orchestra has a global strategic partnership with Terumo, one of the world's largest medical device companies, for Virtue SAB. Together, Terumo and Orchestra plan to execute a global clinical and regulatory development program, with their first U.S. pivotal trial expected to start in the first half of 2023. Orchestra is also working to develop multiple additional applications of SirolimusEFR, its proprietary, investigational extended focal release formulation of sirolimus used in Virtue SAB. Sirolimus is a widely used anti-proliferative, anti-inflammatory pharmaceutical, which Orchestra believes in its unique formulation has potential for the treatment of local inflammation in target tissues other than coronary and peripheral arteries.

Below is a detailed summary of Virtue SAB and an overview of potential future SirolimusEFR-based programs.

Virtue Sirolimus AngioInfusion Balloon

Virtue SAB is a novel, proprietary drug/device combination product candidate for the treatment of artery disease that is designed to deliver an extended focal release formulation of sirolimus to the vessel wall during balloon angioplasty without the need for balloon coating or a permanent implant. Virtue SAB utilizes two key enabling technologies, Orchestra's proprietary, investigational formulation of sirolimus, SirolimusEFR, and its patented microporous AngioInfusion Balloon, that work synergistically to optimize the clinical performance of the product candidate. Positive clinical data from the SABRE trial, a multi-center, prospective, independent core lab-adjudicated pilot clinical study of 50 patients conducted in Europe, has positioned Virtue SAB for a U.S. pivotal clinical study to support potential FDA approval for the treatment of ISR. Orchestra will sponsor this study, called the Virtue ISR-US. The aim of this study is to have Virtue SAB be the first approved AngioInfusion Balloon for coronary use in the United States. Orchestra believes Virtue SAB has potential for further evaluation in follow-on clinical indications such as treatment of *de novo* coronary small vessel disease ("SV"), and below-the-knee peripheral disease ("BTK"). Terumo is responsible for executing a global clinical and regulatory development program focused on SV, BTK and coronary indications, with the exception of the Virtue ISR-US trial, for which Orchestra has responsibility.

Strategic Partnership with Terumo

In June 2019, Orchestra entered into a collaborative agreement with Terumo Medical Corporation (the "**Terumo Agreement**"), the Somerset, New Jersey, U.S. subsidiary of Terumo Corporation, one of the largest medical device companies in the world, with corporate headquarters in Tokyo, Japan, pursuant to which Terumo secured global commercialization rights for Virtue SAB in coronary and peripheral vascular indications ("**Subject Indications**"). Under the Terumo Agreement, Terumo made an upfront payment to Orchestra of \$30.0 million and invested a total of \$5.0 million in Orchestra's last two private equity financings and will potentially make additional future clinical and regulatory milestone payments to Orchestra (as discussed below). Further, according to the agreement, Terumo will assume financial and execution responsibility for substantially all future clinical and regulatory development, with the exception of the Virtue ISR-US trial, for which Orchestra is responsible. Terumo will also be responsible for device manufacturing, commercial sales, marketing and distribution for Virtue SAB for coronary and peripheral vascular indications globally. The agreement also provides for Orchestra to be able to perform research, development, clinical, regulatory, manufacturing and supply activities on behalf of Terumo, if requested, and be reimbursed for such services or paid on a "cost plus" basis for supplies.

Pursuant to the Terumo Agreement, Orchestra shares in all of Terumo's Virtue SAB revenues during the term of the agreement through future royalties of 10-15% of net sales of Virtue SAB, and additional per unit payments for SirolimusEFR used in Virtue SAB for which Orchestra is the sole exclusive supplier. The initial term of the Terumo Agreement expires on the tenth anniversary of the date on which the first PMA is obtained from the FDA for Virtue SAB for ISR, and thereafter automatically extends for five-year periods unless terminated by Terumo.

Based on this agreement, Orchestra believes it will have significantly improved liquidity and reduced future expense burden associated with the Virtue SAB program. Under the agreement, Orchestra retains the rights to develop and license technology used in Virtue SAB, including SirolimusEFR, for clinical applications outside of coronary and peripheral vascular intervention.

Under the Terumo Agreement, Orchestra was initially eligible for certain milestone payments in the amount of \$65 million from Terumo upon completion of certain minimum enrollments in clinical studies, making certain filings and submissions, and obtaining certain regulatory approvals and certifications. Of these milestone payments, \$35 million relate to achieving certain milestones by specified target achievement dates, and Orchestra has already passed the target achievement dates for two \$5 million milestone payments, in each case, without achieving the related milestones. In addition, due to delays in Orchestra's Virtue SAB program resulting from the COVID-19 pandemic, supply chain issues and unexpected regulatory delays and requirements, Orchestra is unlikely to be able to complete the remaining time-based milestones by the specified target achievement dates to earn the remaining \$25 million in time-based milestone payments pursuant to the Terumo Agreement. Further, Terumo has the right to terminate the agreement, or certain of its obligations thereunder, if certain milestones are not achieved.

In June 2022, Orchestra and Terumo signed a letter agreement whereby the parties agreed to negotiate in good faith over 12 months mutually agreeable adjustments to certain target achievement dates to reflect the regulatory and pandemic-related delays. There is no assurance as to the outcome of these negotiations with respect to any potential modifications to the milestone target achievement dates.

Market Needs — Coronary and Peripheral Artery Disease

Artery disease is caused by atherosclerosis, the hardening and narrowing of the arteries due to the build-up of fatty material and plaque that reduces blood flow through the blood vessels supplying the heart muscle (CAD) or limbs (PAD). CAD reduces blood flow and oxygen supply to the heart muscle and can result in angina, heart attack and lead to heart failure and arrhythmias. PAD can happen in any blood vessel, but it is more common in the legs than the arms and can lead to pain, muscle weakness, wounds and ulcers that are difficult to heal and, eventually, amputation.

According to the World Health Organization (the “WHO”), CAD is the top cause of global death, resulting in over 17.8 million deaths annually worldwide. According to the Centers for Disease Control and Prevention (the “CDC”), CAD was responsible for 659,000 deaths in the United States in 2020. According to the American Heart Association (the “AHA”), about 2 in 10 deaths from CAD happen in adults less than 65 years old. About 18.2 million U.S. adults aged 20 and older have CAD (about 6.7%), according to the CDC. Approximately 8.5 million people over age 40 in the United States have PAD, including up to 20% of individuals older than age 60, according to the CDC.

Interventional Cardiology

Interventional cardiology is a medical specialty that uses minimally invasive transcatheter, percutaneous technologies and techniques to treat artery disease and atherosclerosis. Catheter-based interventions using balloon angioplasty, stents and other technologies are the most common medical procedures used to treat artery disease and related conditions. There were over 6.3 million coronary and over 1.5 million peripheral catheter-based interventional procedures performed worldwide in 2019 according to LSI & HRI Research. The global market for coronary interventional devices used to treat CAD, such as stent and balloon angioplasty systems, was valued at approximately \$9.5 billion in 2019, and the global market for devices used to treat PAD, including angioplasty balloons, drug-coated balloons, stents and atherectomy systems, was valued over \$3.0 billion in 2019, according to LSI & HRI Research.

The Evolution of Available Treatment Options

Balloon angioplasty is a procedure where small balloons integrated into catheters are introduced into the vascular system through a small puncture in the femoral artery in the leg or radial artery in the arm. Using specialized imaging technology called angiography, the balloon catheter is threaded through the vasculature to the site of blockage in an artery in the heart (coronary) or in the peripheral vessels. The balloon is then inflated using high pressures (up to 20 atmospheres) in order to crush the blockage (plaque) and expand the artery to restore blood flow.

While plain balloon angioplasty can offer significant clinical benefits, it also comes with drawbacks, such as elastic recoil, arterial remodeling or vascular smooth muscle cell excessive proliferation resulting in restenosis (vessel renarrowing) in response to balloon injury. These problems drove the development of bare metal stents (“BMS”) that are permanently implanted to hold a vessel open. These devices helped address elastic recoil and remodeling which helped reduce the impact of restenosis while also limiting the incidence of abrupt closure.

While the use of BMS helped address abrupt closure, it did not fully address the problem of restenosis in response to injury caused by the interventional procedure. Both angioplasty and stenting cause a stretch injury to the artery, resulting in a healing response whereby arterial smooth muscle cells proliferate and may block the artery again, a process known as restenosis. Restenosis can also occur over longer periods of time after a procedure because of the development of new atherosclerosis.

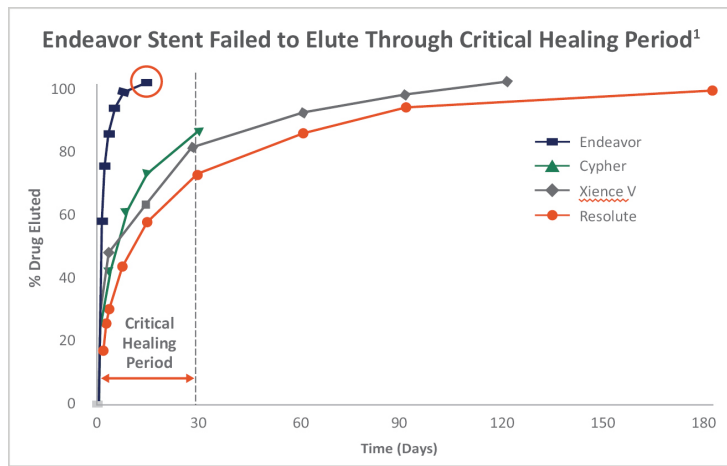

To help address the problems of restenosis, device manufacturers introduced drug-eluting stents (“DES”), which are stents coated with potent pharmaceutical agents that stop excessive cellular proliferation and thereby minimize restenosis within the stent (ISR). The most commonly used drugs were sirolimus, ‘limus analogs and paclitaxel. Paclitaxel is a cytotoxic drug widely used in cancer chemotherapy. Paclitaxel interferes with cell division, leading to cell death. Sirolimus and other ‘limus analogs, on the other hand, are cytostatic drugs widely used as an immunosuppressant to prevent transplant rejection. Sirolimus works by blocking a key pathway critical to cell proliferation while allowing the cell to continue to function when sirolimus is no longer present. Sirolimus and its analogs, or ‘limus agents, can be administered in high doses without adverse effects, resulting in a low toxicity profile.

In a large meta-analysis of 76 studies in patients undergoing percutaneous coronary intervention, ‘limus-eluting stents outperformed paclitaxel-eluting stents. In a meta-analysis of 26 randomized controlled trials (“RCTs”), ‘limus-eluting stents demonstrated superior safety and efficacy with significantly lower MACE and target lesion revascularization, rates compared to paclitaxel-eluting stents (see figure below). Thus, ‘limus analog eluting stents have become the clear “gold standard,” with nearly 100% current global market share in the coronary DES marketplace.

Adj-OS = adjusted observational study; CI = confidence interval; No. = number of the studies; Non-adj OS = non-adjusted observational study; PES = paclitaxel-eluting stents; RCT = randomized controlled trial; RR = relative risk; SES = sirolimus-eluting stent; TLR = target lesion revascularization

One demonstrated requirement for the use of sirolimus and other ‘limus agents in DES for the prevention of restenosis is that they be bioavailable for approximately 30 days at the treated lesion for optimal efficacy. This 30-day period is considered the critical healing period following the baseline interventional procedure during which the DES is implanted. For commercially successful DES products marketed by leading companies such as Medtronic, Abbott and Johnson & Johnson, the drug elution profile, or rate at which drug is released from the stent, has been specifically engineered and demonstrated in published preclinical results to provide drug availability for approximately 30 days. The critical importance of this 30-plus day elution profile for sirolimus and ‘limus agents is best demonstrated by Medtronic’s experience with its first DES product called Endeavor. The Endeavor DES was designed to have a faster drug release profile resulting an elution period of approximately 14 days. Clinical results with the Endeavor product were not favorable as compared to other commercially available DES. Subsequently, Medtronic developed and commercialized another DES product called Resolute that eluted Zotarolimus, a ‘limus agent proprietary to Medtronic, over more than 30 days. Medtronic conducted head-to-head clinical studies comparing Endeavor to Resolute demonstrating significantly superior clinical outcomes for Resolute in terms of Late Lumen Loss (“LLL”), and Target Lesion Failure (“TLF”). The figures below show the drug elution profile of the fast-eluting Endeavor DES compared to Resolute and the Cypher DES (Johnson & Johnson) and the Xience DES (Abbott), as well as clinical outcomes comparing Endeavor to Resolute.

While DES offer significant clinical improvements over POBA and BMS, they have limitations, including the need for long-term use of dual antiplatelet therapy (having to use two types of antiplatelet agents) to address the new issues of late and very late stent thrombosis (formation of a blood clot) caused by delayed healing, local inflammation and impaired endothelial function around the stent. In addition, restenosis within a stent occurs in 5-10% of stented patients during the first year and continues at a rate of up to 3% per year thereafter, according to data from the National Cardiovascular Data Registry.

The limitations of DES prompted innovation for improved solutions that enable local delivery of anti-proliferative drugs while not leaving a permanent metal implant in the vessel. Bioabsorbable vascular scaffolds (“BVS”), were developed with the objective of performing like stents while eventually dissolving and leaving nothing behind after a few years. In July 2016, the first such device was approved by the FDA, Abbott’s Absorb Everolimus-eluting BVS. Unfortunately, this promising innovation has encountered several setbacks in clinical studies and upon commercialization. In September 2017, Abbott decided to pull Absorb from the market while other device manufacturers halted their in-progress programs. As a result, the attractive concept of “leave nothing behind”

drug-eluting interventional therapy for coronary arteries remains unfulfilled. More recently, these devices are being explored for treatment of below-the-knee PAD, a challenging area of unmet need for which Orchestra believes Virtue SAB may warrant further development.

Drug-coated balloons have emerged during the last decade with the goal of providing the mechanical vessel expansion and anti-proliferative drug properties of DES while leaving nothing behind. Orchestra believes the concept of combining balloon angioplasty with simultaneous delivery of anti-proliferative medication may offer incremental benefits over available interventional therapies by (i) preserving the artery’s original anatomy; (ii) enabling treatment of vessels where DES delivery is challenging, such as small and bifurcated vessels; (iii) offering potential clinical improvement in lesions where available interventional devices have shown poor performance, including below-the-knee and restenotic lesions; and (iv) minimizing the dependency on long-term dual antiplatelet therapy and associated bleeding risks.

While having the potential to offer benefits over available interventional therapies, drug-coated balloons face some important challenges:

- The Use of Paclitaxel* — Despite the inferior performance observed in DES, most of the drug-coated balloons in use or in development globally deliver paclitaxel. In 2019, a published meta-analysis of several randomized controlled trials raised concerns of increased deaths among patients with femoropopliteal artery disease who received paclitaxel-coated devices (balloons and stents) resulting in the halting of several clinical studies and triggering an FDA investigation. Following careful analysis of data gathered from all the manufacturers, in August 2019, the FDA requested manufacturers to update device labeling and clinical study informed consent documents to incorporate information about the late mortality signal and made a commitment to continue working with the manufacturers and investigators on additional clinical evidence development. The primary reason paclitaxel is used on drug-coated balloon technology is that paclitaxel has shown to be an easier pharmaceutical agent for balloon-based delivery due to fast tissue absorption and long tissue retention. On the contrary, ‘limus agents have proven to be quite difficult based on two key reasons: (i) slow tissue absorption making it difficult to transfer the drug and ensure desired tissue absorption; and (ii) short half-life (the time it takes for the amount of drug present to be reduced by 50%) makes it challenging to ensure that therapeutic concentration of the drug is present for the critical, four-week healing period.

- The Need for Balloon Surface Coating* — Drug-coated balloons utilize surface coatings for drug delivery which carry inherent limitations such as risk of emboli (e.g., a blood clot or other blockage) from large coating particulates that may cause downstream ischemia (an inadequate blood supply) in non-target tissues. Published quantitative analysis of various drug-coated balloons showed a substantial number of large particles (>300µm). Large particles have the potential to occlude microvessels downstream following balloon inflation.

In addition, third-party clinical data demonstrated that 50-80% of drug was washed or scraped off during transit to the target lesion prior to balloon inflation. Concerns of drug loss in transit and risk of particulates have prompted existing drug-coated balloon manufacturers to recommend balloon inflation within 30 seconds of balloon insertion into the patient, making it challenging for physicians to reach target lesions and ensure proper placement in such a short period of time, particularly in difficult coronary and peripheral lesions such as ISR, small vessel disease, and below-the-knee disease.

Targeted Unmet Needs and Market Opportunity for Virtue SAB

Orchestra believes significant unmet needs remain in certain artery disease indications where treatment options are limited or fail to adequately improve patient outcomes, including ISR, SV, high bleeding risk patients undergoing percutaneous revascularization and BTK. Orchestra estimates these indications currently represent a total addressable global market opportunity of nearly 3.2 million treatable artery disease lesions. Further, based on its estimation of appropriate regional average selling prices, Orchestra estimates that the current aggregate annual global market opportunity for Virtue SAB is approximately \$3 billion.

The above estimates are based on, among other things, Orchestra’s engagement and work with an established market research firm to conduct market analysis around the VirtueSAB global opportunity. This third party employed both primary and secondary methods for data gathering and analysis. Primary analysis involved multiple Q&A calls with industry-leading key opinion leaders to help assess the addressable patient population and segment the most addressable patient segments. Secondary data analysis was conducted by mining numerous subscription-based market databases, Medicare data and published literature. After gathering initial disease prevalence data, both Orchestra and the third party spent extensive time collaborating on further delineating potential procedure volumes for coronary ISR, coronary SV disease, and BTK peripheral disease that can be addressed by Virtue SAB, taking into consideration patient treatment pathways, anticipated product benefits, competitive landscape and reimbursement. The market size calculations also took into account patients with high bleeding risk, which overlaps with all three target indications and Orchestra believes will be an important driver of potential adoption. Third-party data mining, for which references

were tracked, combined with Orchestra's knowledge of market dynamics and anticipated product differentiation, helped Orchestra arrive at the global procedure count of 3.2 million. Orchestra determined average selling price estimates calculated by country or region based on existing competitive device prices, as well as estimated future pricing for Virtue SAB and future competitive devices. Orchestra cross-checked these estimates with Terumo, Orchestra's strategic partner for Virtue SAB. Using the specific regional market size calculations by indication and the estimated ASPs, Orchestra was able to calculate that the future addressable market value for Virtue SAB in its target indications to be at least \$3 billion.

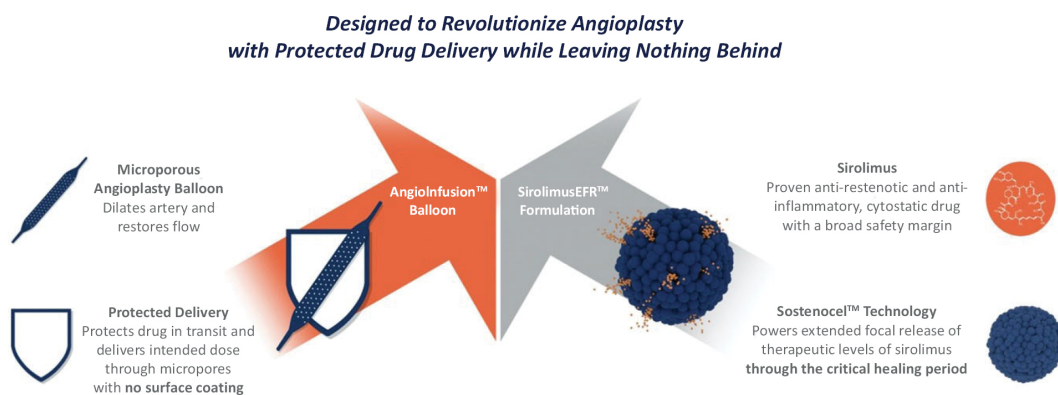

- *Coronary ISR:* The vast majority of coronary artery interventional procedures involve the placement of a permanent stent at the site of stenotic lesion. According to data from the National Cardiovascular Data Registry, restenosis within a stent occurs in 5-10% of stented patients during the first year and continues at a rate of up to 3% per year thereafter, resulting in what Orchestra currently estimates to be an annual addressable global market of nearly 339,000 lesions that may require treatment. Orchestra believes the only device treatments currently approved by the FDA specifically for use in coronary ISR lesions are balloon angioplasty and intravascular radiation therapy known as brachytherapy. However, brachytherapy is considered a last resort treatment due to expense, limited availability, and long-term requirement for dual antiplatelet therapy, and hence represents a small proportion of ISR procedures, while traditional balloon angioplasty has poor outcomes with high retreatment rates. Although DES is not approved for ISR, it is commonly used off-label despite the problems associated with multiple stent layers within the lumen of the vessel along with other limitations.
- *De Novo Coronary Small Vessels (≤ 2.5 mm):* DES are difficult to position in vessels measuring less than or equal to 2.5 mm in diameter and may reduce already limited luminal area thereby impacting blood flow. Orchestra estimates that there are currently 817,000 lesions in small diameter vessels that may require treatment worldwide.
- *High-bleed Risk in De Novo Lesions (>2.5 mm):* Percutaneous coronary intervention ("PCI"), with placement of DES requires prolonged (greater than six months) treatment with dual antiplatelet therapy ("DAPT"), which is intended to prevent stent thrombosis or the development of blood clots on or around the metal struts of a stent. Stent thrombosis can lead to major adverse events such as heart attacks and death. However, DAPT is associated with an increased risk of major bleeding. For patients undergoing PCI who are identified as being at high risk of bleeding, prolonged DAPT puts them at an increased risk of bleeding. Orchestra estimates that patients with an increased risk of bleeding currently have an estimated 817,000 treatable lesions with vessel diameter greater than 2.5 mm.
- *Below-the-Knee Lesions:* BTK disease is a form of PAD and is a primary cause of critical limb ischemia or lack of sufficient blood flow to the legs and feet. This may lead to amputation and increased risk of death. Diagnosis and treatment of BTK disease is highly fragmented with patients being diagnosed by internists, podiatrists as well as interventionalists. The Rutherford score is often used to classify patients with peripheral artery disease with 0 being asymptomatic and 6 being severe ischemic ulcers or gangrene. The patients with Rutherford score of 3-5 are most likely to benefit from an effective interventional BTK treatment. Orchestra estimates there are currently 1,242,000 treatable BTK lesions worldwide. Available endovascular treatment options are limited and often provide limited benefit. Balloon angioplasty has generally poor outcomes with high restenosis rates that require frequent retreatment for these lesions. DES and bare metal stents are used off-label to treat BTK lesions but suffer from strut fractures and kinking due to high torsion and potential for a crush injury in arterial lesions that are located between the knee and ankle. Disappointingly, BTK trials with paclitaxel-coated balloons to date have shown limited improvement over plain balloons as well as, in some cases, increased risk of amputation. While cause of increase amputation risk has not been attributed, Orchestra believes this may be due to drug toxicity and the impact of flakes and large particulates from the balloon coating itself causing blockage in downstream capillaries or the cytotoxic effect of paclitaxel in these downstream locations.

Impact Potential of Virtue SAB

Virtue SAB is a proprietary drug/device combination product designed to deliver extended focal release sirolimus during angioplasty for the treatment of atherosclerosis and prevention of restenosis. The patented Virtue SAB is specifically designed to perform angioplasty, a well-established interventional procedure where high-pressure balloon inflation mechanically re-opens a clogged artery. It also simultaneously enables protected delivery and extended focal release of therapeutic levels of proven sirolimus over the critical healing period following angioplasty, revolutionizing intra-procedural arterial drug delivery while leaving nothing permanent behind in the artery. While Virtue SAB is designed to achieve certain results as described above and below, there is no guarantee that Virtue SAB will prove to be safe and effective. Virtue SAB is designed to overcome the limitations of drug-coated balloons by:

- Delivering sirolimus without the need for a permanent implant or balloon coating;
- Protecting drug during transit to treatment site, preventing drug loss and reducing potential for downstream ischemia from large particulates;
- Performing angioplasty using standard catheter techniques without navigation and deployment time constraints; and
- Delivering the intended dose of sirolimus consistently.

Virtue® Sirolimus AngioInfusion™ Balloon (SAB)

The differentiated design of Virtue SAB was made possible by combining two key technologies:

- Orchestra’s patented AngioInfusion Balloon is designed to offer protected delivery of SirolimusEFR by keeping the drug formulation contained within the Dose Unit until the time of inflation when it is delivered to the target lesion through micropores in the balloon surface. The AngioInfusion Balloon is designed to offer the following benefits:
 - Enable high-pressure angioplasty to dilate artery, restoring blood flow;
 - Protect SirolimusEFR in transit to deliver the intended therapeutic dose at the target lesion;
 - Deliver SirolimusEFR simultaneously with angioplasty; and
 - Leave no permanent implant behind.

- Orchestra’s proprietary, investigational SirolimusEFR powered by Sostenocel, a fully bioabsorbable technology, is designed to enable extended focal release of a therapeutic dose of the anti-restenotic sirolimus over the critical healing period. SirolimusEFR is designed to offer the following benefits:
 - Protection of sirolimus from rapid degradation;
 - Extended release of therapeutic levels of sirolimus into the tissue during the critical healing period of approximately 30 days; and
 - Elimination from the body completely, leaving no residual drug or material behind.

Virtue SAB System Components and Deployment

The Virtue SAB product candidate is under development to be provided in two packages:

- *AngioInfusion Balloon Package:* This package includes the AngioInfusion Balloon along with a Compliance Card explaining the pressures needed for full balloon expansion, a Dose Chart which defines the dose of SirolimusEFR to be utilized for each balloon size, and the proposed Instructions for Use (“IFU”) for the system. To accommodate various vessel sizes and lesion diameters, Orchestra expects end users would need to stock an array of AngioInfusion Balloon sizes. The AngioInfusion Package is expected to be stored at room temperature with target shelf-life of two years at commercial launch (shelf-life independent of SirolimusEFR Package), if approved.

AngioInfusion™ Balloon

- *SirolimusEFR Package:* This package includes SirolimusEFR in freeze-dried powder form in a vial with all components needed to reconstitute the formulation and set the desired dose to be delivered for the target lesion based on length and vessel diameter according to the Dose Chart and IFU provided in the package. The SirolimusEFR package is designed to be universal for all AngioInfusion Balloon sizes.

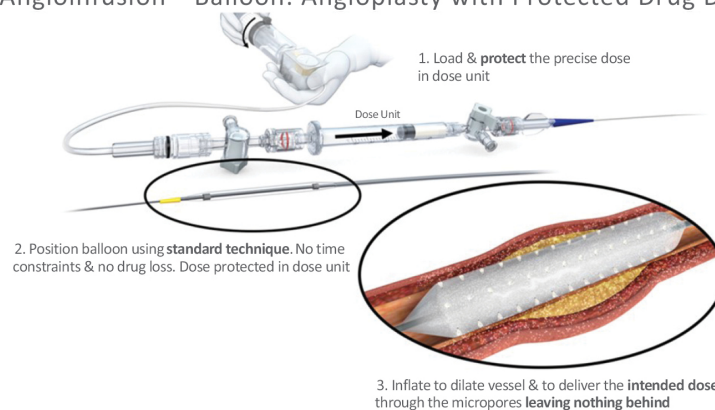

Sirolimus EFR™ Formulation Kit

Since Virtue SAB is designed to work primarily as a balloon angioplasty catheter, the device most commonly used by interventional cardiologists, Orchestra believes it should be relatively easy for physicians to learn, adopt and use the device. The additional steps Orchestra expects will be required to reconstitute SirolimusEFR are straightforward and familiar to nurses and technicians. Following the standard preparation of the vessel and after identifying the appropriate balloon size, Virtue SAB is designed to be deployed in three easy steps:

1. *Reconstitute the formulation and set dose*
 - SirolimusEFR is designed to be provided as a lyophilized (freeze-dried) powder that is reconstituted using provided components prior to the angioplasty procedure. Each balloon size is designed to deliver a specific volume of SirolimusEFR. Based on the balloon size selected, the required dose volume of the reconstituted liquid formulation is loaded into the Dose Unit. The SirolimusEFR-loaded Dose Unit is connected to the AngioInfusion Balloon catheter.
2. *Prime the catheter*
 - The AngioInfusion Balloon is a semi-compliant microporous balloon. After the Dose Unit is connected, the AngioInfusion catheter is primed with the formulation using a standard endoflator device used in all catheterization labs prior to insertion into the patient and navigation to a target lesion. The dose remains protected in the Catheter and the Dose Unit.
3. *Position AngioInfusion Balloon and Inflate*
 - Similar to standard angioplasty, a guidewire and guide catheter are placed, and the balloon is positioned at the lesion using radiopaque marker bands. When satisfied with device positioning, the physician inflates the AngioInfusion Balloon to perform standard high-pressure angioplasty. The intended dose of SirolimusEFR is delivered simultaneously through the micropores to the target lesion.

Preclinical Data

Orchestra has conducted extensive preclinical testing of Virtue SAB and its key enabling technologies (SirolimusEFR and the AngioInfusion Balloon), including feasibility work as well as GLP studies in support of regulatory filings and approvals. This work includes a variety of benchtop as well as small and large animal models. Large animal studies have been conducted in a porcine animal model, a widely used model for testing of interventional cardiovascular devices. A particularly important series of preclinical studies involving 130 pigs and over 750 distinct artery treatment sites showed that Virtue SAB provided extended focal release of therapeutic levels of sirolimus through the critical healing period of approximately four weeks. The data from these preclinical studies was published in the peer-reviewed EuroIntervention Journal in 2016 and showed that Virtue SAB successfully delivered and enabled long-term focal delivery at the treatment site of a therapeutic sirolimus dose (above the 1ng of drug per mg of tissue). This therapeutic dose level has been clinically proven using DES to be safe and efficacious at reducing restenosis during the critical healing period of approximately 30 days post-procedure. These preclinical studies also showed very low systemic concentrations in cardiac tissue as well as critical organs, such as lung, liver and kidneys, and did not show any adverse local or systemic effects.

Clinical Results

The SABRE, or Sirolimus AngioInfusion (formerly angioplasty) Balloon for Coronary In-Stent REstenosis, first-in-human clinical study was initiated in November 2013 by Caliber Therapeutics, Inc., which is now a subsidiary of Orchestra. SABRE was a prospective, 50-patient feasibility study at nine European centers (Belgium, The Netherlands, Denmark and Latvia), following patients for three years after Virtue SAB treatment, including angiographic follow-up at six months and clinical follow-up at one, two and three years.

Twelve-month follow-up data from the SABRE study, published in *JACC Intervention* in October 2017, demonstrated positive clinical study performance of Virtue SAB in what Orchestra believes was a very challenging patient population with predominantly long, diffuse restenotic lesions within stents that had been implanted, on average, nearly four years prior to the study enrollment.

Clinicians in the study reported a 100% procedural success rate on a per patient basis (which was defined as the ability to successfully deliver and deploy the device at the lesion site) with Virtue SAB, suggesting the ease of use of the system. The primary safety endpoint was TLF at 30 days. TLF is commonly defined as a combination of MACE, which include cardiac death, target vessel myocardial infarction (“MI”), as well as clinically (symptom) driven target lesion revascularization. The primary performance endpoint was six-month in-segment LLL, measured as the difference in the vessel lumen diameter immediately after the procedure compared to the follow-up at six months.

Revised Per-Protocol Population

A revised per-protocol population was determined based on analysis of procedural data by an independent core lab. This analysis identified 14 cases out the 50 patients treated in the SABRE study that represented serious violations of the established inclusion and exclusion criteria of the protocol for the study. Eight cases were excluded due to excessive proximity to the aorta or major side branches. Three cases were excluded due to treatment of lesions that were longer than available Virtue SAB devices were designed to treat or multiple lesions in the vessel where there was a target lesion. Finally, three cases were excluded due to previously stented restenosis (*i.e.*, the lesion already had two overlapping treatment stents). Overall, these protocol violations and excluded cases represent a patient population that will not be allowed in the upcoming Virtue ISR-US pivotal clinical study. The remaining 36 patients are referred to herein as the revised per-protocol (“rPP”), population.

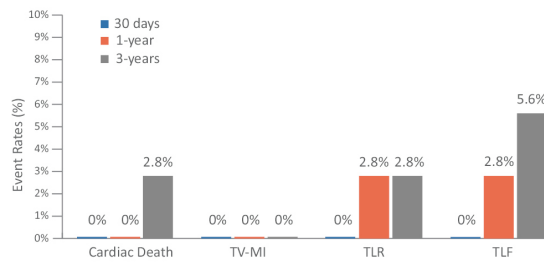

Virtue SAB successfully met the primary performance endpoint of the SABRE study with Virtue SAB demonstrating six-month in-segment LLL was 0.12 mm, a positive result as compared to the study target of 0.43 mm. Virtue SAB successfully met the primary safety endpoint with zero reported TLFs at 30 days. The secondary performance endpoint of binary restenosis was also met with Virtue SAB achieving a rate of 2.8%. Revised per-protocol analysis showed a low 2.8% rate of TLF at one-year follow-up and 5.6% at three-year follow up. The increase in TLF after one year was because of the death of one study patient which was reported as multiple organ failure non-cardiac death and adjudicated as non-device and non-procedure related. Over the entire three-year period of the SABRE study, a total of 66 SAEs occurred in 32 of the 50 study patients (64.0%). A total of 29 SAEs in 18 patients were cardiac-related, eight SAEs were adjudicated as “highly probably”, “probably”, or “possibly” related to either the index procedure or the investigational device. A total of 37 SAEs in 25 patients were non-cardiac-related, none of them were adjudicated as “highly probably”, “probably”, or “possibly” related to either the index procedure or the investigational device. A total of eleven patients had both, cardiac- and non-cardiac-related SAEs.

Intent to Treat Population

The intent-to-treat (“ITT”) population included all the patients enrolled in the study including those treated despite a significant protocol violation as noted above. The ITT analysis of the SABRE study demonstrated 0% MACE and TLF in hospital or at 30 days follow-up, 10.2% MACE and 8.2% TLF at six months, and 16.3% MACE and 14.3% TLF through three-year follow-up. LLL results were also positive with 0.31 mm at six months. Orchestra believes these results were encouraging given that the ITT population had a high percentage of difficult to treat diffuse lesions as well as lesions with average time since original stent implantation of nearly four years which is substantially longer than typical ISR, which is most likely to occur 3 to 12 months after stenting.

Two-year and three-year clinical follow-up results from the SABRE study were presented at the Transcatheter Therapeutics (“TCT”) conference in 2017 and 2018, respectively. Orchestra believes the angiographic and clinical results of the SABRE trial are encouraging and provide the basis for it to conduct the upcoming Virtue ISR-US pivotal clinical study in coronary ISR. The diagrams below summarize the clinical results from this study.

Angiograms of Virtue SAB in Patients

The below images were best matched pairs of baseline and six-month follow-up angiograms identified and are included for illustrative purposes only to show the outcome of Virtue SAB administration in successfully treated patients. The below images are not intended to be representative of all the patients treated in the study and their respective outcomes.

Patient 1 (06-03): Patient presented with an 11.54 mm lesion in the mid-left circumflex artery. Lesion was previously treated with a BMS. The patient’s lesion was pre-dilated with a non-compliant balloon (a balloon that expands to one specific size independent of internal pressures commonly used to expand clogged arteries) and was treated with a 3.5 mm x 15 mm Virtue SAB. The patient had excellent post-procedure outcome which was maintained through angiographic follow-up at 193 days. The LLL was measured at -0.03 mm.

6 Month Follow-Up

Patient 2 (11-03): Patient presented with a 17.8 mm diffuse lesion of mid-left anterior descending (“LAD”) artery following implantation of a DES seven months prior. After pre-dilatation with a scoring balloon (capable of achieving greater pressures and commonly used to open long, diffuse lesion), the lesion was treated with 3.25mm x 25mm Virtue SAB. The patient had excellent post-procedure outcome, which was maintained through angiographic follow-up (at 175 days). The LLL was measured at -0.16mm.

Global Clinical and Regulatory Program

Per the terms of the Terumo Partnership, Orchestra and Terumo plan to execute a global clinical and regulatory program for Virtue SAB for multiple indications, with an initial focus on coronary ISR, coronary SV, and peripheral BTK lesions. Terumo will assume financial and execution responsibility for substantially all future clinical and regulatory development with the exception of the Virtue ISR-US trial, the planned U.S. pivotal clinical study to support submission of a PMA application to the FDA for Virtue SAB for treatment of coronary ISR.

In 2019, the FDA confirmed that Virtue SAB will be regulated as a combination product candidate, with the FDA’s Center for Devices and Radiological Health as the lead review center of a marketing application. In addition, Virtue SAB has been granted Breakthrough Device designation in:

- *Coronary ISR* — for the balloon dilatation of the stenotic portion (up to 26 mm in length) of a stented coronary artery that is 2.25 mm to 4.0 mm in diameter, for the purpose of improving lumen diameter;
- *Coronary SV* — for the balloon dilation of the de novo stenotic portion (up to 26 mm in lesion length) of a native coronary artery of 2.0 mm to 2.5 mm in diameter (small coronary arteries), for the purpose of improving lumen diameter; and
- *Peripheral BTK* — for the balloon dilatation of the stenotic portion (up to 18 cm in length) of an infrapopliteal artery (P-3 segment or distal, below the knee, with reference vessel diameter 2.25-4.0 mm), for the purpose of improving lumen diameter.

Orchestra is currently pursuing an IDE from the FDA to conduct a pivotal clinical study in the United States to support potential FDA approval of Virtue SAB for the treatment of coronary ISR. Orchestra plans to initiate Virtue ISR-US, the U.S. pivotal clinical study, as soon as possible following IDE approval from the FDA, if received. This study is expected to randomize 300 patients with coronary ISR lesions previously treated with single layer of stents. Patients are to be randomized in a two-to-one ratio of treatment with Virtue SAB versus plain balloon angioplasty. The primary efficacy and safety endpoint will be TLF at 12-month follow-up. Orchestra currently expects to enroll patients at up to 50 study centers in the United States which have already been identified and engaged to participate in the study.

In parallel to the randomized arm of the study, Orchestra also plans to enroll a non-randomized study arm of 100 patients with coronary ISR lesions previously treated with a second layer of stents, or double-layer stent coronary ISR. Orchestra believes that data from this arm will provide further clinical information in support of potential commercialization of Virtue SAB in the proposed coronary ISR indication. Orchestra expects that the primary efficacy and safety endpoint of the double-layer stent coronary ISR arm will also be TLF at 12-month follow-up.

Orchestra has already identified and qualified all currently planned study centers for the trial. The Virtue ISR-US study will be further supported by highly qualified third-party resources, including a CRO, an independent core lab and independent imaging analysis lab.

Orchestra currently anticipates using SABRE study results as well as Virtue ISR-US results to support regulatory approval for Virtue SAB for the treatment of coronary ISR outside the United States. In accordance with the Terumo Partnership, Orchestra and Terumo have established a Joint Steering Committee (“JSC”) to oversee the development and commercialization of Virtue SAB. Orchestra has the right to participate in negotiations with regulatory bodies regarding study designs and other requirements for approval. The agreement also provides for ways for Orchestra to support further clinical and regulatory development through the active involvement of its team and advisors, and it is anticipated that any such support work provided by Orchestra would be reimbursed by Terumo. Through the JSC, Orchestra’s role in regulatory negotiations and other active collaboration with Terumo, Orchestra expects to influence, monitor and help drive the execution of the global clinical and regulatory program for Virtue SAB. The chart below outlines additional clinical studies currently in planning by Orchestra and Terumo, including target indication, study territory, estimated timing for study initiation (subject to the impact of COVID-19 on Orchestra’s business) and regulatory objective:

SirolimusEFR — Additional Focal Therapies Product Candidates and Development Initiatives

Orchestra is also seeking to establish a pipeline of additional targeted therapeutic product candidates for development and future licensing based on its proprietary SirolimusEFR formulation as well as, potentially, the microporous AngioInfusion balloon technology used in the Virtue SAB. SirolimusEFR is an investigational, extended focal release formulation of sirolimus enabled by Orchestra's proprietary Sostenocel technology. Orchestra believes the ability of its Sostenocel technology to enable localized, targeted delivery and extended tissue release of sirolimus offers the potential for new and impactful therapeutic applications of SirolimusEFR. Sirolimus, a pharmaceutical agent also known as rapamycin, is a macrolide compound that is used to treat artery disease (drug-eluting stents or drug-coated balloons), prevent organ transplant rejection, treat rare lung disease called lymphangioleiomyomatosis, and shown to be effective against various tumor types. In addition to these approved indications, sirolimus and its analogs have been studied for potential clinical benefit in a broad array of medical conditions.

Sirolimus and its analogs act to inhibit the mammalian target of rapamycin ("**mTOR**"), which regulates cellular metabolism, growth, and proliferation. Through its cystostatic mechanism of action, sirolimus prevents cell replication and proliferation while the drug is present in cells and tissues. Unlike cytotoxic agents such as paclitaxel, however, sirolimus does not kill the cells it affects, and these cells return to normal function once the drug is no longer present. This safer anti-proliferative mechanism makes sirolimus a valuable pharmaceutical agent to suppress undesirable immune system activity, which is why systemic use of high doses of sirolimus is the primary treatment to prevent rejection of transplanted organs. It also makes sirolimus useful as an anti-inflammatory and anti-fibrotic agent, which is one of the primary reasons it was chosen as an anti-restenotic drug to coat on the surface of a permanent arterial stent. However, the therapeutics effects of sirolimus are limited by the amount of time sirolimus is present at a therapeutic concentration. The known half-life of sirolimus is short, approximately 62 hours. Sirolimus has an attractive safety profile and a wide therapeutic window which allows for relatively high dosing thresholds before risk of toxicity. However, using systemic delivery of the drug to achieve therapeutic effects in targeted tissues or organs requires regular systemic dosing, increasing the risk of off-target effects and toxicity.

Orchestra's proprietary Sostenocel technology is designed to facilitate a localized tissue depot of sirolimus and enable extended focal release of sirolimus over typical critical healing period of approximately 30 days, potentially overcoming the challenges of sirolimus' short half-life. While Orchestra's Sostenocel technology is designed to achieve certain results as described above, there is no guarantee that it will prove to be safe and effective.

Orchestra retains all rights to develop additional therapies using its proprietary SirolimusEFR to potentially treat focal inflammation outside of coronary and peripheral vascular indications. Further, Orchestra is currently working on all chemistry, manufacturing and controls ("**CMC**") testing for its IDE submission for the combination product Virtue SAB that includes populating a drug master file ("**DMF**"). Orchestra intends to follow up post-IDE approval for the Virtue SAB with exploring additional pre-clinical work to support additional clinical indications. Depending on the indication, Orchestra may be able to leverage some of the biocompatibility and CMC data in the DMF, while providing additional data depending on the indication selected. Leveraging CMC data in the DMF as well as other preclinical, clinical and device testing work related to Virtue SAB may allow Orchestra to advance development of additional SirolimusEFR-based product candidates at an accelerated pace and at reduced cost, although no assurances can be given that development will proceed faster or at lower expense than otherwise expected.

Orchestra is evaluating the use of SirolimusEFR through a balloon device treatment and delivery system similar to its AngioInfusion Balloon or simply as a direct focal injection for treatment of additional indications associated with major medical conditions for which mature procedure-based markets already exist. Currently, Orchestra is focused on preclinical feasibility development work of a device-based treatment with SirolimusEFR for male urological conditions such as urethral strictures and benign prostatic hyperplasia ("**BPH**"), as well as a direct injectable treatment for acute joint inflammation (osteoarthritis). If feasibility work is successful, it will seek to efficiently advance these product candidates toward clinical trials leveraging available Virtue SAB preclinical and clinical data wherever possible. Orchestra will also seek to identify and initiate discussions with potential strategic partners when it believes sufficient data and evidence is available to support business collaboration. Orchestra believes SirolimusEFR may be useful for treatment of other clinical indications affecting large patient populations for which Orchestra may pursue product development in the future.

Therapeutic Medical Device Innovation — Opportunities and Challenges

Opportunities

Therapeutic medical device innovations that can help reduce healthcare costs while improving clinical outcomes are a critical component of successful healthcare delivery and offer future opportunities for clinical and commercial value creation. Orchestra was founded on the belief that accelerated development and commercialization of such innovations represents an opportunity to generate significant stockholder value while producing substantial clinical benefit to patients suffering from life-threatening and life-diminishing medical conditions. The following summarizes several of the key factors Orchestra believes are driving the overall therapeutic device market opportunity:

- *Therapeutic medical devices are a core component of the large and growing healthcare industry.* Over the last several decades, therapeutic medical device innovation has dramatically altered the treatment landscape of a broad range of procedure-based medical fields, giving rise to a number of new multi-billion-dollar markets as treatment patterns have shifted to leverage the advantages of new, less invasive and more effective solutions. The U.S. medical device market dominates this global industry, with annual sales reaching \$169.1 billion in 2020 according to Analytica. According to a 2022 Fortune Business Insights report, the medical device industry is poised for steady growth, with global annual sales forecasted to rise by over 5 percent annually and reach nearly \$720.0 billion by 2029.
- *Growing healthcare expenditures driven by an aging population create a significant need to improve procedural techniques and treatment outcomes while reducing the cost, risk, complexity and recovery time associated with medical procedures for major conditions.* According to the WHO, global healthcare expenditures reached \$8.5 trillion in 2019, growing at a rate of 3.9% annually, 30% faster than overall economic growth rates. The extraordinary growth in healthcare spending is driven in part by the ever-increasing demands of a longer-lived, aging population. According to the United Nations, the global population aged 60 years or over numbered 962 million in 2017, more than twice as large as in 1980 when there were 382 million persons aged 60 years or older worldwide. The number of persons aged 60 years or older is expected to double again by 2050, when it is projected to reach nearly 2.1 billion. Further, the number of persons aged 80 years or over is projected to increase more than threefold between 2017 and 2050, rising from 137 million to 425 million worldwide, according to the UN. Advanced therapeutic medical devices can enable minimally invasive, relatively simple procedures to replicate the outcome of highly invasive, complex and expensive surgical procedures that involve higher patient risk and require lengthier recovery periods. Previously difficult-to-treat conditions are easier to treat as innovative therapeutic medical devices become the new standard of care.
- *Rapid advances in enabling technology, the convergence of devices and drugs, and the emergence of bioelectronic and digital medicine as well as robotics offer new and enhanced therapies that drive improved costs and treatment outcomes for patients while addressing unmet clinical needs.* Advances from a broad range of scientific and engineering fields, including miniaturized components, polymers and biomaterials, metallurgy, advanced electronics and optics, robotics, wireless technology, computing and artificial intelligence offer dramatic new capabilities and improvements for therapeutic medical devices. A key enhancement to therapeutic device capabilities has been the ongoing convergence of devices and pharmaceutical drugs to create the rapidly expanding field of combination products that have enabled device makers to enhance therapeutic device performance as well as offer means to target drug delivery to specific focal tissue to improve efficacy and reduce toxicity in patients. More recently, bioelectronic medicine, another emerging field of therapeutic device technology based on applying targeted electrical stimulation and sensing technology to modulate, activate, or regulate neurological or physiological systems, has found expanding applications across multiple large therapeutic device market segments.

Challenges

Despite the substantial and growing need for innovative medical device solutions, significant barriers of cost, time and work prevent many such innovations from reaching patients. Smaller start-up companies that typically develop novel therapies often struggle for resources to reach clinical and commercial value inflection, while large multinational medical device companies have constrained research and development budgets that limit investment in innovation and development-stage acquisitions. Based on data tracking medical device startups during the prior

decade, companies that raise capital beyond Series A now require an average of \$60 million in funding. In addition, over the last two decades, the medical device industry has undergone significant consolidation, with a similar goal of creating efficiencies as well as to maintain strategic relevance with their customers as hospitals and other providers seek to consolidate and extract savings from their supplier base. This global consolidation of the healthcare ecosystem creates significant challenges for emerging medical device companies, including:

- Large medical device companies and financial investors are prioritizing commercial-stage over preclinical and clinical-stage acquisition and investment opportunities. The large, global medical device consolidators generally pursue capital and resource allocation strategies that place high value on opportunities that can enhance revenue growth without meaningful dilution of near-term profitability. These companies have increasingly focused on acquiring commercial-stage assets over clinical-stage assets, while reducing their own internal research and development investments in novel, high-risk, high-potential reward innovation programs. The top 20 global medical device companies allocate on average only 7% of revenue to research and development, limiting their ability to spend money both on internal and acquired programs. By contrast, the top 20 biopharmaceutical companies spend an average of 20% of revenue on research and development, giving them much greater ability to invest in new therapeutic innovations as well as to deploy capital into early-stage product candidate development through a range of risk and reward sharing collaborative structures with smaller private and publicly-traded biotechnology companies. According to the SVB Healthcare Report 2019, approximately 85% of venture-backed medical device companies that were acquired by larger companies required commercial traction prior to their acquisition.
- Emerging medical device companies are increasingly required to commercialize their technologies, a process which is both expensive and challenging in a highly consolidated industry, forcing investors to deploy more capital and also prioritize commercial-stage or near commercial-stage companies. The emphasis on later-stage commercial medical device companies by the global medical device consolidators as well as investors creates pressure on medical device innovators to both innovate and commercialize their products. The skill set of the innovator — creativity, efficient problem-solving, engineering, intellectual property development, intelligent risk-taking, understanding clinical and regulatory development pathways — is very different from the skill set required to commercialize medical device innovations. Additionally, products that address high-volume existing procedure-based medical markets are particularly challenging for small companies given that larger, more established competitors are able to deploy much larger direct salesforces and have diverse product portfolios that frequently enable effective product bundling. Overall, organizational transformation for commercialization is challenging, time-consuming, and carries strategic and operational risk. Furthermore, commercialization requires significant additional capital to support supply-chain, inventory, quality management and distribution buildout as well as to fund sales and marketing costs over sustained periods of time before commercial revenues provide sufficient cash-flow contributions. As a result, venture capital investors have similarly chosen to emphasize later-stage investments in medical device companies over early-stage investments. According to Deloitte, Series A funding for medical device companies decreased by 14% from 2006 to 2016 whereas overall venture funding for medical device companies increased by 63% over that same period. Based on data tracking medical device startups during the prior decade, medical device companies require significant capital, with companies that raise capital beyond Series A now requiring an average of at least \$60 million in funding.
- Given the cost and resources required to commercialize, most emerging medical device companies focus on a single product and need to achieve revenue scale quickly, which increases overall business risk. Because of the financial and organizational requirements of commercialization and the consequent challenges, innovation-focused companies are typically compelled to limit their focus to a single product or technology platform. As a result, these companies and their stockholders are exposed to concentrated technology, clinical, competitive and market risks. Furthermore, they may need to prioritize capital and resource allocation to commercialization over ongoing product innovation and clinical evidence development, increasing the risk that their core product solution loses competitive advantage or value over time.

Growth Strategy

Orchestra's growth strategy is primarily focused on the execution of key development initiatives and partnership opportunities within its existing product pipeline, with the objective to advance these product candidates to key value inflection points and to form strategic partnerships for commercial value realization. This includes advancing clinical study activities for Orchestra's flagship product candidates, as well as moving earlier stage product candidates further into clinical development. In the future, Orchestra will look to potentially thoughtfully expand its pipeline through collaborations or spinouts with corporate partners, targeted acquisitions that are made in parallel to forming strategic collaborations, royalty-based research and development partnerships, as well as highly selective organic development or intellectual property licensing. Orchestra intends to carefully screen new opportunities utilizing its focused innovation selection criteria to ensure a fit with its partnership-enabled business model.

- **Target mature therapeutic device markets with significant unmet needs.** Product innovations that address known unmet clinical and procedural needs in established medical markets with entrenched leaders and slowed product innovation.
- **Provide high-impact, procedure-based solutions with rapid adoption potential.** Transformative technology solutions with the potential to improve clinical outcomes and lower costs of care while fitting existing treatment paradigms and having well-defined development pathways.
- **Offer strategic and financial benefits to a commercial partner and Orchestra.** Innovative technologies that are protected by strong intellectual property offer distinct advantages that can be leveraged to disrupt competitive dynamics, and have the potential to provide attractive profit margins to support favorable partnership economics.

Team and Innovation History

Orchestra is led by a highly accomplished, multidisciplinary management team with extensive experience and strong expertise in all phases of therapeutic product development. The senior management team, including the vice president-level and above executives, has over 250 years of combined experience, with an average tenure of 25 years in the development and commercialization of procedure-based innovations for major clinical indications. The Orchestra team's expertise includes clinical need and market analysis, product design and intellectual property prosecution, clinical and regulatory execution, as well as supply chain and quality system development. Members of the senior management team have been personally involved in the development and regulatory approval or clearance of over 100 products, including approximately 80 FDA approvals and clearances, comprised of 30 PMAs and 50 510(k) clearances, as well as affixation of 60 European CE marks. Members of the team have also been involved in over 10 investigational new drug application submissions for new drugs or biologics as well as two new drug applications ("NDAs") for new drugs and two biologics license applications for biologic products. Combined, the team has helped author over 600 patent applications. The Orchestra executive team is guided by a seasoned and highly accomplished board of directors with knowledge and experience in the healthcare industry, including medical devices, biotechnology and clinical medicine, as well as business operations, strategy, finance and capital markets. Further, Orchestra's product development efforts are supported by world-renowned medical advisors who are physicians and scientists recognized for their knowledge of specific disease states and treatment options available, as well as their ability to quickly assess new technologies for clinical feasibility and likelihood of adoption.

All of the product candidates in Orchestra's pipeline were conceived and developed by its management team and employees through predecessor companies founded by a medical device accelerator, Accelerated Technologies, Inc. ("ATI"). ATI was originally founded in 2000 and employed active collaboration with industry-leading physicians to identify and purpose-build transformational therapeutic devices. Orchestra's founders and senior executives, Mr. David P. Hochman and Mr. Darren R. Sherman, joined ATI in 2006 and 2008, respectively. Prior to their joining, ATI was associated with the development of approved devices such as transcatheter aortic valve replacement (Percutaneous Valve Technologies, Inc., which was acquired by Edwards Lifesciences Corp. in 2003) and catheter-based temporary ventricular support (Impella CardioSystems AG, which was acquired by ABIO MED, Inc. in 2005). Mr. Hochman and Mr. Sherman assumed control of ATI in 2009 and proceeded to found new companies that developed Virtue SAB (Caliber Therapeutics), BackBeat CNT (BackBeat Medical), and the FreeHold Duo and Trio Retractors (FreeHold Surgical). Orchestra's business was formed in May 2018 upon the merger of these three entities and a concurrent recapitalization. ATI was subsequently acquired by Orchestra in December 2019.

Strategic Holdings

Orchestra owns outright or maintains ownership of minority equity interests, convertible debt and/or royalty-stream interests in additional therapeutic device assets currently undergoing early-stage commercialization and further product development that it believes have growth and value appreciation potential. Orchestra's objective is to create and realize additional stockholder value through ownership in innovative therapeutic product solutions in core, adjacent and synergistic medical segments. Orchestra's strategic holdings include:

- **FreeHold Surgical** — Orchestra owns 100% of FreeHold Surgical, LLC, which has developed and commercialized on a pilot basis in the U.S. patented single-use FreeHold Hands-Free Intracorporeal Retractions (“**FreeHold Devices**”) designed to help reduce required incisions and enhance laparoscopic and robotic procedures. FreeHold Trio and Duo hands-free intracorporeal retractors are regulated as Class I medical devices by the FDA and are generally indicated for internal organ or tissue retraction during minimally invasive procedures. Orchestra believes FreeHold devices are the only fully and continuously adjustable, completely intracorporeal devices specifically designed to address limitations of the available retraction methods. These devices are designed to enable a variety of advanced robotic and laparoscopic surgical procedures for the treatment of obesity, GI disorders and other indications. Versatile design makes retractors appropriate for a broad range of minimally invasive procedures, including bariatric and foregut surgeries, nephrectomies, colectomies, cholecystectomies, paraaortic node dissections, hysterectomies, and other procedures. Orchestra believes FreeHold devices are designed to offer several potential advantages over existing retraction options:
 - Improve Patient Care
 - No additional incisions required: deployed through same access incisions as used in standard procedures;
 - Minimize complications from suboptimal visualization and additional incisions; and
 - Avoid trauma associated with the use of Nathanson-type retractors
 - Enable Full Surgeon Autonomy
 - Surgeon controls positioning and adjustment of retractor;
 - Once positioned, surgeon has full use of both hands to perform surgery; and
 - No coordination with circulator required
 - Optimize Visualization
 - Easily adjustable throughout the procedure for sustained visibility; and
 - Low profile design minimizes procedural clutter and collisions

Targeted Commercialization — Orchestra estimates over 10,000 procedures using FreeHold devices have been performed in the United States to date, primarily in bariatric (obesity) and foregut (GI, metabolic) surgeries with some initial experience in paraaortic node dissections (gynecologic oncology), nephrectomies (kidney removal) and cholecystectomies (gallbladder removal). FreeHold's targeted commercial development program involving only two dedicated sales representatives targeting hospitals in the United States to demonstrate clinical utility and commercial demand for FreeHold Devices. In 2020, FreeHold Devices generated \$534,000 in sales. In 2021, FreeHold Device sales grew by approximately 30% to reach approximately \$693,000. Orchestra intends to seek a strategic collaboration for or acquisition of FreeHold Surgical in the future to support global commercialization. Intuitive Surgical (Nasdaq: ISRG), the market leader in robotic surgery systems, has been focused over the last year on expansion into bariatric surgery using its newest da Vinci SP robotic platform. Intuitive Surgical has recognized the enabling value of FreeHold Devices in optimizing liver retraction during robotic bariatric surgery and is allowing FreeHold Devices to be demonstrated during physician training labs. Exposure through Intuitive's training programs have helped to generate inbound interest from prospective surgeon users of the FreeHold Devices.

Strategic Potential — Orchestra believes FreeHold devices have been optimized for strategic partnership because they are highly differentiated, enabling products that fit into current treatment paradigm, are easy to use with a relatively short learning curve and have sufficiently high profit margins that provide potential for partnering to enable a revenue sharing arrangement.

Formation and Conversion to a Limited Liability Company — In May 2018, Orchestra completed its acquisition of FreeHold Surgical, Inc., a Delaware corporation that has, among other things, the rights to Orchestra's FreeHold retractors. FreeHold Surgical, Inc. was incorporated in Delaware in May 2010 and began development of its hands-free, intracorporeal retractors for minimally invasive surgery in 2012. In December 2019, Orchestra converted FreeHold Surgical, Inc., a Delaware corporation, to FreeHold Surgical, LLC, a Delaware limited liability company. References in this proxy statement/prospectus to FreeHold refer to FreeHold Surgical, Inc. prior to its conversion to a limited liability company and to FreeHold Surgical, LLC after its conversion to a limited liability company, as applicable.

- ***Vivasure Medical*** — Orchestra owns a minority equity interest, representing approximately 17% as of July 1, 2022, in Vivasure Medical Limited, a Galway, Ireland-based company that develops advanced polymer implants and delivery systems, primarily focused on minimally invasive vessel closure in cardiology, interventional radiology and vascular surgery. Vivasure's lead product candidate is PerQSeal, a CE marked fully bioabsorbable, patch-based large-bore (12-24 French, 4-8 mm) percutaneous closure device. Vivasure has recently executed a letter of intent with a U.S. medical device company that will finance Vivasure through completion of a U.S. pivotal trial of PerQSeal and have an option to purchase Vivasure following successful results of such study for approximately \$200 million, including upfront payments and milestones. If potential acquisition proceeds are fully paid, Orchestra is expected to receive approximately \$22 million. David P. Hochman, Orchestra's chief executive officer, serves as a board observer to Vivasure.
- ***Motus GI*** — Orchestra owns a minority equity interest, representing approximately 3.8% as of May 13, 2022, and low single-digit royalty interest in Motus GI Holdings, Inc. (Nasdaq: MOTS). Motus GI has developed the Pure-Vu[®] System, a medical device that has been cleared by FDA to help facilitate the cleansing of a poorly prepared gastrointestinal tract during colonoscopy and to help facilitate upper gastrointestinal (GI) endoscopy procedures. The Pure-Vu[®] System is CE marked in the EU for use in colonoscopy. The Pure-Vu[®] System integrates with standard and slim colonoscopes, as well as gastroscopes, to improve visualization during colonoscopy and upper GI procedures while preserving established procedural workflow and techniques. Through irrigation and evacuation of debris, the Pure-Vu[®] System is designed to provide better-quality exams. Motus GI began commercialization in the fourth quarter of 2019, with the first commercial placements of its second-generation Pure-Vu[®] System as part of its initial U.S. market launch targeting early adopter hospitals. According to Motus GI's Form 10-Q for the fiscal quarter ended June 30, 2022 (the "**Motus Q2 2022 10-Q**"), Motus GI (i) has never been profitable and has incurred significant net losses each year since its inception, including a loss of \$10.0 million for the six months ended June 30, 2022, (ii) expects to continue to incur net operating losses for the foreseeable future, (iii) had \$15.8 million in cash and cash equivalents and an accumulated deficit of \$132.7 million as of June 30, 2022. In addition, according to the Motus Q2 2022 10-Q, Motus GI has generated minimal revenues, experienced negative cash flows from operating activities and has incurred substantial operating losses that raise substantial doubt about its ability to continue as a going concern.

Motus GI has issued a pool of royalty certificates that provide an interest in future Motus GI revenues equal to three percent of net product sales (upon first generating, in the aggregate since its inception, net product sales equal to \$20.0 million) and five percent of licensing proceeds (upon first generating, in the aggregate since its inception, licensing proceeds equal to \$3.5 million). Royalties with respect to each of net sales and licensing proceeds are capped at a maximum of \$30.0 million per year with respect to the entire pool of royalty certificates. Orchestra has acquired approximately 53% of all the royalty certificates issued by Motus GI, representing an interest in approximately 1.6% of future net sales and 2.7% of future licensing proceeds, in each case subject to the minimum thresholds and caps discussed above. This royalty interest does not expire until the expiration of the last valid patent claim covering Motus GI's products on a country-by-country basis, which expiration with respect to the United States currently is 2037, which date may be extended by the issuance of additional patents. See "*Certain Relationships and Related Transactions — Orchestra — Motus GI Holdings, Inc. Royalty Certificate Purchases.*"

David P. Hochman, Orchestra's chief executive officer, is currently Chairman of the board of directors of Motus GI and Darren R. Sherman also serves on the board of directors of Motus GI.

Research and Development

Orchestra invests in research and development efforts that advance and expand its product pipeline. Orchestra's goals are to: (1) deliver on clinical, regulatory and commercial development objectives for Virtue SAB set forth in collaboration with Orchestra's strategic partner, Terumo; (2) deliver on clinical, regulatory and commercial development objectives for BackBeat CNT set forth in collaboration with Orchestra's strategic partner, Medtronic; and (3) further develop pipeline product candidates towards future partnerships with potential strategic partners. Orchestra's research and development expenses totaled \$8.5 million for the six months ended June 30, 2022, and \$12.9 million and \$13.5 million for the years ended December 31, 2021 and December 31, 2020, respectively.

Orchestra believes its ability to rapidly develop innovative product candidates is attributable to the dynamic product innovation process that it has implemented, the versatility and leveragability of its core technologies and its partnership-enabled business model that drives its innovation objectives and research and development process. Orchestra has recruited and retained engineers and scientists with significant experience in the development of medical devices. It has a pipeline of product candidates in various stages of development that are expected to provide additional strategic opportunities. Orchestra's research and development efforts are based at its facilities in New Hope, Pennsylvania and Fort Lauderdale, Florida.

Manufacturing and Supply

Bioelectronic Therapies (BackBeat CNT and CNT-HF)

Orchestra's wholly owned subsidiary, BackBeat Medical previously contracted with a business unit of Integer under an agreement (the "**Integer Agreement**"), to develop and manufacture the Moderato device, which consists of an implantable pulse generator ("**IPG**"), powered by a primary battery and a programming system integrated by a programmer interface and telemetry wand and a software application capable of programming standard pacing functions as well as the different parameters of BackBeat CNT. All intellectual property that Integer developed for BackBeat Medical during the performance of the Integer Agreement, whether independently or jointly, and that resulted from or uses BackBeat Medical's technology or intellectual property are owned by BackBeat Medical. Under the Integer Agreement, Integer provided BackBeat Medical a perpetual, royalty-free, fully paid, assignable, world-wide, non-exclusive license for the device-incorporated Integer property, allowing the use of the incorporated Integer property only within BackBeat Medical's field of use (electrical therapies, particularly cardiac pacing for (i) treatment of HTN and (ii) rhythm management in patients that were implanted with a device for the treatment of HTN). Orchestra also utilizes the services of external consultancy firms for quality and regulatory services related to Moderato devices to supplement its internal capabilities.

Orchestra is working with Medtronic to integrate BackBeat CNT into Medtronic's premium, commercially available dual chamber pacemaker system and complete all necessary verification and validation to conduct a pivotal clinical study in an effort to secure regulatory approvals or certifications in the United States, Japan, Europe and other global markets. Medtronic is expected to conduct all necessary integration and testing work, with Orchestra providing support and reimbursement for all reasonable documented expenses. During the conduct of clinical studies, Medtronic and Orchestra are expected to conduct further development work to prepare a commercial version of the device.

Focal Therapies (Virtue SAB, SirolimusEFR and Sostenocel)

Microporous AngioInfusion Balloon and other device components of Virtue SAB. Under the terms of Orchestra's agreement with Terumo, Terumo has agreed to assume responsibility for managing the supply chain associated with the Microporous AngioInfusion Balloon and other device components used in Virtue SAB prior to commercialization. Currently, these devices are manufactured by a selected group of third parties contracted by Orchestra. Orchestra is currently in the process of transitioning management of the device supply chain and its various vendors to Terumo. It expects this process to continue through the completion of the Virtue ISR-US trial. All of Virtue SAB's key suppliers and vendors carry the proper quality system certification and/or FDA approvals for the activity they are providing in support of the manufacturing, testing, storage and distribution of components, materials, services or final product.

SirolimusEFR. Orchestra has internal capabilities for small scale production (300 vials per run), lyophilization, and characterization testing for SirolimusEFR. Clinical and commercial production has been contracted through an established clinical manufacturing organization with large scale cGMP production capabilities. Orchestra has scaled clinical production with an external manufacturing partner to achieve a capacity of approximately 3,000 vials per run with further scaling planned to reach planned commercial production capacity. Additional contract vendors provide polymer synthesis capabilities based on world-class polymer expertise in order to supply enabling components to the Sostenoce technology used to create SirolimusEFR. cGMP syntheses have been performed, with extensive analytical method and quality control development complete. Synthesis of custom polymers has successfully achieved clinical scale with ongoing work to scale processes to commercial scale.

FreeHold Devices

Orchestra utilizes an FDA-registered and ISO 13485-certified U.S.-based manufacturing partner to manufacture FreeHold Duo and Trio intracorporeal retractors. Orchestra's manufacturing partner also provides warehousing and distribution of its products to qualified customers based on orders placed by customers to its FreeHold Surgical subsidiary. Orchestra has utilized the same manufacturing partner since the time of FDA product registration. Further, Orchestra's manufacturing partner has achieved a greater than 99% on-time order delivery rate to its customers.

Competition

The medical device industry is intensely competitive, subject to rapid change and significantly affected by new product introductions and other market activities of industry participants. Orchestra competes or plans to compete with developers, manufacturers and distributors of cardiovascular and other medical devices. With regard to Virtue SAB, Orchestra's most notable competitors in the highly competitive interventional cardiology field include Medtronic plc, Becton Dickinson, Boston Scientific Corporation, Philips N.V., B. Braun, Abbott Laboratories, BIOTRONIK, Inc., Concept Medical, Inc., MedAlliance S.A., Surmodics, Inc., Cardiovascular Systems, Inc., MicroPort, Mercator MedSystems, Inc. and others. With regard to BackBeat CNT, Orchestra's most notable competitors in the highly competitive field of device therapies for HTN as well as cardiac rhythm management devices include Abbott Laboratories, Boston Scientific Corporation, BIOTRONIK, Inc., MicroPort CRM, ReCor Medical, cvRx, Inc., Vascular Dynamics, Inc., Ablative Solutions, Inc. and others. Many of these competitors are large, well-capitalized companies with significantly greater market share and resources than Orchestra has. As a consequence, they are able to spend more on product development, marketing, sales and other product initiatives than Orchestra can. Orchestra also competes with smaller medical device companies that have single products or a limited range of products. Some of these competitors have:

- significantly greater name recognition;
- broader or deeper relations with healthcare professionals, customers and third-party payors;
- more established distribution networks;
- additional lines of products and the ability to offer rebates or bundle products to offer greater discounts or other incentives to gain a competitive advantage;
- greater experience in conducting research and development, manufacturing, clinical studies, marketing and obtaining regulatory clearance, certification or approval for products; and
- greater financial and human resources for product development, sales and marketing and patent prosecution.

Orchestra believes that its proprietary Virtue SAB, BackBeat CNT and other pipeline technologies, its partnership-enabled business model, its strategic partnerships, such as the Terumo Partnership for Virtue SAB and the Medtronic Collaboration for BackBeat CNT, and its organizational culture and strategy, will be important factors in its future success. Orchestra competes primarily on the basis that its products are designed to improve outcomes, reduce complications and provide distinct commercial advantages that can be leveraged by it and its strategic partners. Orchestra's continued success depends on its, and in some cases, its strategic partners' ability to:

- develop innovative, proprietary products that can cost-effectively address significant clinical needs in a manner that is safe and effective for patients and easy to use for physicians;
- continue to innovate and develop scientifically advanced technology;

- forge risk and reward sharing partnerships with established commercial market leaders to help support product development and commercialization;
- obtain and maintain regulatory clearances, certifications or approvals;
- demonstrate efficacy in sponsored and third-party clinical studies;
- obtain and maintain adequate reimbursement for procedures using its products;
- apply technology to develop pipeline product candidates for additional clinical indications;
- attract and retain skilled research and development and sales personnel; and
- cost-effectively manufacture and successfully market and sell products.

Intellectual Property

Orchestra's success depends in part on its ability to obtain, maintain, protect and enforce its proprietary technology and intellectual property rights, and, in particular, its patent rights, as well as its ability to preserve the confidentiality of its trade secrets, and operate without infringing, misappropriating or otherwise violating the valid and enforceable patents and other intellectual property rights of third parties. Orchestra relies on a combination of patent, trademark, trade secret, copyright and other intellectual property rights and takes measures to protect the intellectual property rights that it considers important to its business.

The term of individual patents depends upon the legal term for patents in the countries in which they are granted. In most countries, including the United States, the patent term is 20 years from the earliest claimed filing date of a non-provisional patent application in the applicable country. In the United States, a patent's term can be extended to recapture a portion of the USPTO's delay in processing the patent to issue as well as restore a portion of the term effectively lost as a result of the FDA regulatory review period. However, as to the FDA component, the restoration period cannot be longer than five years and the total patent term including the restoration period must not exceed 14 years following FDA approval. The duration of patents outside of the United States varies in accordance with provisions of applicable local law, but typically is also 20 years from the earliest effective filing date. However, the actual protection afforded by a patent varies on a product-by-product basis, from country to country and depends upon many factors, including the type of patent, the scope of its coverage, the availability of regulatory-related extensions, the availability of legal remedies in a particular country and the validity and enforceability of the patent. Orchestra cannot be sure that its pending patent applications that it has filed or may file in the future will result in issued patents, and it can give no assurance that any patents that have issued or might issue in the future will protect its current or future products, will provide it with any competitive advantage, and will not be challenged, invalidated, or circumvented.

Orchestra also relies on trade secret know-how and continuing technological innovation to develop and maintain its competitive position. Orchestra seeks to protect its proprietary rights through a variety of methods, including confidentiality agreements and proprietary information agreements with suppliers, employees, consultants and others who may have access to its proprietary information. However, trade secrets and proprietary information can be difficult to protect. While Orchestra has confidence in the measures it takes to protect and preserve its trade secrets and proprietary information, such measures can be breached, and it may not have adequate remedies for any such breach. In addition, Orchestra's competitors may independently discover or develop the same trade secrets and proprietary information as Orchestra. To the extent that its suppliers, employees, consultants and others use intellectual property owned by others in their work for Orchestra, Orchestra may be subject to allegations of infringement and further disputes may arise as to the rights in related or resulting improvements, know-how and inventions.

Orchestra's success also depends in part on not infringing the intellectual property rights of third parties. It is uncertain whether the issuance of any third-party patent would require Orchestra to alter its development or commercial strategies, or its product candidates or processes, obtain licenses or cease certain activities. Orchestra's breach of any license agreements or failure to obtain a license to intellectual property rights that it may require to develop or commercialize its future product candidates may have an adverse impact on the business. If third parties have prepared and filed patent applications in the United States prior to March 16, 2013 (the date when U.S. patent law changed from granting rights to the first-to-invent to the first-to-file) that also claim technology to which Orchestra has rights, Orchestra may have to participate in interference proceedings in the USPTO to determine

priority of invention. Assuming that other requirements for patentability are met, prior to March 2013, in the United States, the first to invent the claimed invention was entitled to the patent, while outside the United States, the first to file a patent application was entitled to the patent. After March 2013, under the America Invents Act, enacted in September 2011, the United States transitioned to a first inventor to file system in which, assuming that other requirements for patentability are met, the first inventor to file a patent application will be entitled to the patent on an invention regardless of whether a third party was the first to invent the claimed invention. For more information regarding the risks related to Orchestra's intellectual property, please see the section titled "*Risk Factors — Risks Related to Our Intellectual Property.*"

Below is a more specific overview of Orchestra's intellectual property as it relates to its pipeline programs by modality:

Bioelectronic Therapies (BackBeat CNT and CNT-HF)

BackBeat CNT and CNT-HF are protected by an intellectual property portfolio which currently includes 32 issued U.S. patents and 60 issued patents in countries outside of the United States encompassing devices, algorithms, and methods. These issued patents, and any patents granted from such applications, will, or are expected to, expire between 2025 and 2037, without taking potential patent term extensions or adjustments into account. Additional patent applications are filed on a regular basis. BackBeat issued patents are divided between CNT and CNT-HF as follows: 30 issued U.S. patents and 50 issued patents in countries outside of the United States protect CNT, and which are exclusively licensed to Medtronic in the Primary Field pursuant to the Medtronic Agreement; three issued U.S. patents and 10 issued patents in countries outside of the United States protect CNT-HF; and a further 28 patent applications were filed protecting BackBeat CNT (25 patent applications) and CNT-HF (three patent applications).

In addition to customary early termination provisions, the Medtronic Agreement will terminate on the date no further revenue share payments are due under the Medtronic Agreement and Medtronic's license under the Medtronic Agreement would become fully paid up, perpetual, irrevocable and royalty-free. Revenue share payments with respect to each applicable country (or group of countries) are to be paid for a minimum period of time determined by the latest to occur of (a) the expiration of the last valid claim of certain specified patents (as well as any patents claiming priority to, from or through such patents) (the "**Patent-Based Expiration**") or (b) the date that is 12 years after the first commercial sale of any Backbeat CNT-enabled pacemakers in the applicable country or group of countries (the "**Time-Based Revenue Share Expiration**"). While revenue share payments under the Medtronic Agreement could extend beyond the Time-Based Share Expiration, it is not expected that the first commercial sale of a Backbeat CNT-enabled pacemaker will occur before 2026. Accordingly, to the extent BackBeat CNT-enabled pacemakers receive regulatory approval and are sold commercially, Medtronic's obligation to make payments to Orchestra will extend to at least approximately 2038 under the Time-Based Share Expiration, regardless of the expiration any of Orchestra's patents. Further, such date may be extended up to an additional five years based on the Medtronic Agreement which provides that the Patent-Based Expiration may be extended until the expiration of patents that may be issued based on additional patent applications that Orchestra has filed prior to entering into the Medtronic Agreement, although no assurance can be given that such patents will be issued or any claims associated with newly issued patents will be valid. To the extent there are revenue share payments made under the Medtronic Agreement after the Time-Based Revenue Share Expiration and prior to the Patent-Based Expiration, those payments would likely be based on intellectual property Orchestra develops in the future, and not the current patents held by Orchestra.

BackBeat CNT and CNT-HF are also protected by trade secrets and proprietary know-how. Orchestra seeks to protect its proprietary technology and processes, in part, by confidentiality agreements and invention assignment agreements with its employees, consultants, scientific advisors, contractors and commercial partners.

Orchestra will continue to endeavor to obtain and maintain patent protection worldwide on select patentable aspects of BackBeat CNT and CNT-HF as well as to protect its trade secrets and proprietary know-how.

Focal Therapeutics (Virtue SAB, SirolimusEFR and Sostenocel)

Orchestra relies on intellectual property protection for Virtue SAB and its enabling technologies, including SirolimusEFR and the AngioInfusion Balloon, based on protection of proprietary particle drug encapsulation technology through trade secrets and proprietary know-how; and through issued patents and patent applications in process covering key aspects of Virtue SAB's micro-porous balloon system and integration of its drug encapsulation formulation with the device.

Virtue SAB is currently protected by six issued U.S. patents and 18 issued patents outside the United States with additional patent applications pending in the United States and in countries outside of the United States covering key aspects of Virtue SAB product design, clinical application and enabling technology. These issued patents, and any patents granted from such applications, will, or are expected to, expire between 2028 and 2032, without taking potential patent term extensions or adjustments into account. The foregoing patents are exclusively licensed to Terumo for the Subject Indications during the term of the Terumo Agreement. Orchestra will continue to selectively advance certain aspects of Virtue SAB toward submission of appropriate patent applications. A further nine published patent applications were filed to protect Virtue SAB.

Pursuant to the Terumo Agreement, Orchestra shares in all of Terumo's Virtue SAB revenues during the term of the agreement through future royalties of 10-15% of net sales of Virtue SAB, and additional per unit payments for SirolimusEFR used in Virtue SAB for which Orchestra is the sole exclusive supplier. The initial term of the Terumo Agreement expires on the tenth anniversary of the date on which the first PMA is obtained from the FDA for Virtue SAB for ISR, and thereafter automatically extends for five-year periods unless terminated by Terumo. Payments under the Terumo Agreement are not tied to the expiration of Orchestra's patents.

Orchestra's Sostenocel technology and SirolimusEFR are intentionally protected by trade secrets and proprietary know-how, as Orchestra believes the design and manufacture of this formulation would be highly difficult to develop or reverse engineer. Seeking patent protection for these processes would have required detailed publication of proprietary information without certainty of patent claim issuance or protection.

Development and production of SirolimusEFR have been refined and scaled to support the Virtue ISR-US trial and other trials Orchestra plans to conduct to support commercialization of SirolimusEFR. Production scaling and manufacturing processes are central components of the proprietary trade secret and proprietary know-how of the intellectual property protection of Virtue SAB and other future product candidates involving SirolimusEFR.

Virtue SAB is also protected by trade secrets and proprietary know-how that was intentionally not made public or published in patent applications. Orchestra believes the strategy to avoid publication of proprietary methods as long as possible has been an important part of maintaining the differentiation and advantages of Virtue SAB. Trade secrets and proprietary know-how include aspects of formulation, materials production, and manufacturing of Virtue SAB. Such trade secrets and proprietary information is used to develop and maintain Orchestra's competitive position. Orchestra seeks to protect its proprietary technology and processes, in part, by confidentiality agreements and invention assignment agreements with its employees, consultants, scientific advisors, contractors and commercial partners.

Orchestra will continue to endeavor to obtain and maintain patent protection worldwide on select patentable aspects of Virtue SAB as well as to protect its trade secrets and proprietary know-how.

FreeHold Devices

Orchestra's FreeHold Devices and additional minimally invasive surgery enabling devices are protected by an intellectual property portfolio which currently includes issued U.S. patents and pending U.S. applications and issued patents and pending applications in countries outside of the United States covering methods and apparatus for intracorporeal retraction and removal of organs, internal adjustment of device and retraction, as well as design for safe device removal. Specifically, this portfolio includes 13 issued U.S. patents, 23 issued patents in countries outside the United States, and several pending applications. These issued patents, and any patents granted from such applications, will, or are expected to, expire between 2030 and 2037, without taking potential patent term extensions or adjustments into account. A further seven published patent applications were filed to protect Freehold devices.

Material Patents

As of June 30, 2022, Orchestra owned 152 patents globally, of which 51 were issued U.S. patents and 101 were patents outside of the United States.

Our issued patents expire between February 2025 and May 2037. Despite the near-term expiration of certain of our material patents, we believe that our other patents, as well as our trade secrets and continuing technological know-how, provide us with sufficient intellectual property protection to develop our product candidates and protect our intellectual property.

Our material patents, their jurisdiction, expiration date and the product to which they relate, are listed in the tables below:

Government Regulation

Orchestra's BackBeat CNT and CNT-HF product candidates and its FreeHold Devices, as well as the PerQSeal and Pure-Vu products, are regulated as medical devices. Orchestra's Virtue SAB product candidate is a proprietary drug/device combination product candidate in development for the treatment of artery disease. In the United States, products composed of components that would normally be regulated under different types of regulatory authorities, and frequently by different centers at the FDA, are known as combination products. In the case of Virtue SAB, if marketed individually, the balloon angioplasty device would be regulated by FDA as a medical device while SirolimusEFR would be regulated by the FDA as a drug. However, under the FDCA, the FDA is charged with assigning a center with primary jurisdiction, or a lead center, for review of a combination product. The designation of a lead center generally obviates the need for separate approval of each component of a combination product. The determination of which center will be the lead center is based on the "primary mode of action" of the combination product. Thus, if the primary mode of action of a drug/device combination product is attributable to the device product, the FDA center responsible for pre-market review of the device product would have primary jurisdiction for the combination product. A combination product with a medical-device primary mode of action generally would be reviewed and approved pursuant to the medical device approval processes set forth under the FDCA. In reviewing the marketing application for such a product, however, FDA reviewers in the drug center could consult with their counterparts in the device center to ensure that the drug component of the combination product met applicable requirements regarding safety and effectiveness. In addition, under FDA regulations, drug/device combination products are subject to cGMP requirements applicable to both drugs and devices, including the QSR applicable to medical devices.

In 2019, the FDA confirmed that Virtue SAB will be regulated as a combination product candidate, with the FDA's Center for Devices and Radiological Health as the lead review center of a marketing application. Orchestra expects to seek FDA approval of Virtue SAB through submission of a PMA, reviewed by the FDA's Center for Devices and Radiological Health, for each proposed indication, and does not expect that the FDA will require a separate marketing authorization for each constituent component of Virtue SAB. Orchestra anticipates that its standalone SirolimusEFR product candidate for indications such as ophthalmic inflammatory conditions (uveitis) and chronic joint inflammation (osteoarthritis) will be regulated by the FDA as a drug.

Medical Device Regulation

United States

Medical devices are subject to extensive and ongoing regulation by the FDA under the FDCA and its implementing regulations, as well as other federal and state regulatory bodies in the United States and comparable authorities in other countries under other statutes and regulations. The laws and regulations govern, among other things, product design and development, preclinical and clinical testing, manufacturing, packaging, labeling, storage, recordkeeping and reporting, clearance or approval, marketing, distribution, promotion, import and export and post-marketing surveillance. Failure to comply with applicable requirements may subject a device and/or its manufacturer to a variety of administrative sanctions, such as issuance of warning letters, import detentions, civil monetary penalties and/or judicial sanctions, such as product seizures, injunctions and criminal prosecution.

FDA's Approval Requirements

Unless an exemption applies, each medical device commercially distributed in the United States will require either FDA clearance of a 510(k) pre-market notification, or approval of a PMA application. BackBeat CNT and CNT-HF product candidates will be regulated as Class III medical devices and will require submission of a PMA supplement or a PMA. Orchestra also anticipates that its Virtue SAB product candidate will be regulated as a drug/device combination product that will require submission of a PMA.

PMA Pathway

In the United States, medical devices are classified into one of three classes — Class I, Class II or Class III — depending on the degree of risk associated with each medical device and the extent of manufacturing and regulatory control needed to provide reasonable assurance of safety and effectiveness. Class I devices are deemed to be low risk and are those for which safety and effectiveness can be assured by adherence to the FDA's General Controls for medical devices, which include compliance with the applicable portions of the QSR, facility registration and product listing, reporting of adverse medical events and truthful and non-misleading advertising and promotion.

Most Class I devices are classified as exempt from pre-market notification requirements and therefore may be commercially distributed without obtaining prior authorization from the FDA. Class II devices are subject to the FDA's General Controls and special controls intended to provide reasonable assurance of safety and effectiveness of the device. Special controls can include performance standards, post-market surveillance, patient registries and guidance documents. Manufacturers of most Class II devices are required to submit to the FDA a pre-market notification under Section 510(k) of the FDCA requesting permission to commercially distribute the device. Devices deemed by the FDA to pose the greatest risk, such as life-sustaining, life-supporting or implantable devices, devices that utilize new technology, or devices deemed not substantially equivalent to a previously cleared 510(k) device, are placed in Class III, generally requiring approval of a PMA application.

Class III devices such as the BackBeat CNT and CNT-HF product candidates require PMA approval before they can be marketed, although some pre-amendment Class III devices for which FDA has not yet required a PMA are cleared through the 510(k) process. The PMA application process is much more demanding than the 510(k) clearance process. A PMA application must be supported by extensive data, including but not limited to technical, preclinical, clinical studies, manufacturing and labeling, to demonstrate to the FDA's satisfaction reasonable evidence of safety and effectiveness of the device. The PMA application must also contain a full description of the device and its components, a full description of the methods, facilities and controls used for manufacturing and proposed labeling.

After a PMA application is submitted, the FDA has 45 days to determine whether the application is sufficiently complete to permit a substantive review and thus whether the FDA will file the application for review. The FDA has 180 days under the FDCA to review a filed PMA application, although the review of an application generally occurs over a significantly longer period of time and can take up to several years. During this review period, the FDA may request additional information or clarification of the information already provided.

Also, an advisory panel of experts from outside the FDA may be convened to review and evaluate the application and provide recommendations to the FDA as to the approvability of the device. Although the FDA is not bound by the advisory panel's decision, the panel's recommendations are important to the FDA's overall decision-making process. In addition, the FDA may conduct a preapproval inspection of the manufacturing facility to ensure compliance with the QSR. The agency also may inspect one or more clinical sites to assure compliance with FDA's regulations.

Upon completion of the PMA review, the FDA may: (i) approve the PMA which authorizes commercial marketing with specific prescribing information for one or more indications, which can be more limited than those originally sought; (ii) issue an approvable letter which indicates the FDA's belief that the PMA is approvable and states what additional information the FDA requires, or the post-approval commitments that must be agreed to prior to approval; (iii) issue a not approvable letter which outlines steps required for approval, but which are typically more onerous than those in an approvable letter, and may require additional clinical studies that are often expensive and time consuming and can delay approval for months or even years; or (iv) deny the application. If the FDA issues an approvable or not approvable letter, the applicant has 180 days to respond, after which the FDA's review clock is reset.

The FDA will generally approve the new device for commercial distribution if it determines that the data and information in the PMA constitute valid scientific evidence and that there is reasonable assurance that the device is safe and effective for its intended use(s). The FDA may approve a PMA with post-approval conditions intended to ensure the safety and effectiveness of the device, including, among other things, restrictions on labeling, promotion, sale and distribution, and collection of long-term follow-up data from patients in the clinical study that supported PMA approval or requirements to conduct additional clinical studies post-approval. The FDA may condition PMA approval on some form of post-market surveillance when deemed necessary to protect the public's health or to provide additional safety and efficacy data for the device in a larger population or for a longer period of use. In such cases, the manufacturer might be required to follow certain patient groups for a number of years and to make periodic reports to the FDA on the clinical status of those patients. Failure to comply with the conditions of approval can result in material adverse enforcement action, including withdrawal of the approval.

Certain changes to an approved device, such as changes in manufacturing facilities, methods, or quality control procedures, or changes in the design performance specifications, which affect the safety or effectiveness of the device, require submission of a PMA supplement. PMA supplements often require submission of the same type of information as a PMA, except that the supplement is limited to information needed to support any changes from the device covered by the original PMA and may not require as extensive clinical data or the convening of an advisory panel. Certain other changes to an approved device require the submission of a new PMA, such as when the design change causes a

different intended use, mode of operation, and technical basis of operation, or when the design change is so significant that a new generation of the device will be developed, and the data that were submitted with the original PMA are not applicable for the change in demonstrating a reasonable assurance of safety and effectiveness.

Clinical Studies

Clinical studies are almost always required to support pre-market approval and are sometimes required for 510(k) clearance. All clinical investigations of investigational devices designed to determine safety and effectiveness must be conducted in accordance with the FDA's IDE regulations, which govern investigational device labeling, prohibit promotion of the investigational device, and specify an array of recordkeeping, reporting and monitoring responsibilities of study sponsors and study investigators. If the device presents a "significant risk" to human health, as defined by the FDA, the FDA requires the device sponsor to submit an IDE application to the FDA, which must become effective prior to commencing human clinical studies. A significant risk device is one that presents a potential for serious risk to the health, safety or welfare of a patient and either is implanted, used in supporting or sustaining human life, substantially important in diagnosing, curing, mitigating or treating disease or otherwise preventing impairment of human health, or otherwise presents a potential for serious risk to a subject. An IDE application must be supported by appropriate data, such as animal and laboratory test results, showing that it is safe to test the device in humans and that the testing protocol is scientifically sound. The IDE will automatically become effective 30 days after receipt by the FDA unless the FDA notifies the company that the investigation may not begin. If the FDA determines that there are deficiencies or other concerns with an IDE for which it requires modification, the FDA may permit a clinical study to still proceed under a conditional approval. Acceptance of an IDE for review does not guarantee that the FDA will allow the IDE to become effective and, if it does become effective, the FDA may or may not determine that the data derived from the trials support the safety and effectiveness of the device or warrant the continuation of clinical studies.

Regardless of the degree of risk presented by the medical device, clinical studies must be approved by, and conducted under the oversight of, an Institutional Review Board ("IRB"), for each clinical study site. An IRB is an appropriately constituted group that has been formally designated to review and monitor medical research involving subjects and which has the authority to approve, require modifications in, or disapprove research to protect the rights, safety and welfare of human research subjects. If an IDE application is approved by the FDA and one or more IRBs, human clinical studies may begin at a specific number of investigational sites with a specific number of patients, as approved by the FDA. If the evaluation of the device presents a non-significant risk to the patient, a sponsor may begin the clinical study after obtaining approval for the trial by one or more IRBs without separate approval from the FDA. However, the clinical study must still be conducted in compliance with abbreviated IDE requirements, such as monitoring the investigation, ensuring that the investigators obtain informed consent, and labeling and recordkeeping requirements. During a study, the sponsor is required to comply with the applicable FDA requirements, including, for example, trial monitoring, selecting clinical investigators and providing them with the investigational plan, ensuring IRB review, adverse event reporting, recordkeeping, and prohibitions on the promotion of investigational devices or on making safety or effectiveness claims for them. The clinical investigators in the clinical study are also subject to FDA regulations and must obtain patient informed consent, rigorously follow the investigational plan and study protocol, control the disposition of the investigational device, and comply with all reporting and recordkeeping requirements. Additionally, after a trial begins, the sponsor, the FDA or the IRB could suspend or terminate a clinical study at any time for various reasons, including a belief that the risks to study subjects outweigh the anticipated benefits, or failures to follow applicable regulations.

Sponsors of certain clinical studies of medical devices are required to register with clinicaltrials.gov, a public database of clinical study information. Information related to the device, patient population, phase of investigation, study sites and investigators and other aspects of the clinical study is made public as part of the registration.

Breakthrough Devices Program

Following passage of the 21st Century Cures Act, the FDA implemented the Breakthrough Devices Program, which is a voluntary program offered to manufacturers of certain medical devices and device-led combination products that may provide for more effective treatment or diagnosis of life-threatening or irreversibly debilitating diseases or conditions. The goal of the program is to provide patients and healthcare providers with more timely access to qualifying devices by expediting their development, assessment and review, while preserving the statutory standards for PMA approval, 510(k) clearance and de novo classification. The program is available to medical devices that meet

certain eligibility criteria, including that the device provides more effective treatment or diagnosis of life-threatening or irreversibly debilitating diseases or conditions, and that the device meets one of the following criteria: (i) the device represents a breakthrough technology, (ii) no approved or cleared alternatives exist, (iii) the device offers significant advantages over existing approved or cleared alternatives, or (iv) the availability of the device is in the best interest of patients. Breakthrough Device designation provides certain benefits to device developers, including more interactive and timely communications with FDA staff, use of post-market data collection, when scientifically appropriate, to facilitate expedited and efficient development and review of the device, opportunities for efficient and flexible clinical study design, and prioritized review of premarket submissions.

Ongoing Regulation by the FDA

Even after a device receives clearance or approval and is placed on the market, numerous regulatory requirements apply. These include:

- establishment registration and device listing;
- the QSR, which requires manufacturers, including third-party manufacturers, to follow stringent design, testing, control, documentation and other quality assurance procedures during all aspects of the manufacturing process;
- labeling regulations, which require that promotion is truthful, not misleading, fairly balanced, provides adequate directions for use, and that all claims are substantiated, and the FDA prohibitions against the promotion of products for uncleared, unapproved or “off-label” uses and other requirements related to promotional activities;
- medical device reporting regulations, which require that manufacturers report to the FDA if their device may have caused or contributed to a death or serious injury, or if their device malfunctioned and the device or a similar device marketed by the manufacturer would be likely to cause or contribute to a death or serious injury if the malfunction were to recur;
- corrections and removal reporting regulations, which require that manufactures report to the FDA field corrections or removals if undertaken to reduce a risk to health posed by a device or to remedy a violation of the FDCA that may present a risk to health;
- complying with federal laws and regulations requiring Unique Device Identifiers on devices and also requiring the submission of certain information about each device to the FDA’s Global Unique Device Identification Database;
- the FDA’s recall authority, whereby the FDA can order device manufacturers to recall a medical device from the market if the FDA finds that there is a reasonable probability that the device would cause serious, adverse health consequences or death; and
- post-market surveillance regulations, which apply to certain Class II or Class III devices when necessary to protect the public’s health or to provide additional safety and effectiveness data for the device.

Manufacturing of medical devices is required to comply with the applicable portions of the QSR, which cover the methods and the facilities, controls for the design, manufacture, testing, production, processes, controls, quality assurance, labeling, packaging, distribution, installation, and servicing of finished devices intended for human use. The QSR also requires, among other things, maintenance of a device master file, device history file, and complaint files. As a manufacturer, Orchestra’s facilities, records, and manufacturing processes are subject to periodic scheduled or unscheduled inspections by the FDA. Orchestra’s failure to maintain compliance with the QSR or other applicable regulatory requirements could result in the shut-down of, or restrictions on, its manufacturing operations and the recall or seizure of its products. The discovery of previously unknown problems with any marketed products, including unanticipated adverse events or adverse events of increasing severity or frequency, whether resulting from the use of the device within the scope of its clearance or off-label by a physician in the practice of medicine, could result in restrictions on the device, including the removal of the product from the market or voluntary or mandatory device recalls.

The FDA has broad regulatory compliance and enforcement powers. If the FDA determines that a manufacturer has failed to comply with applicable regulatory requirements, it can take a variety of compliance or enforcement actions, which may result in any of the following sanctions:

- warning or untitled letters, fines, injunctions, consent decrees and civil penalties;
- customer notifications, voluntary or mandatory recall or seizure of products;
- operating restrictions, partial suspension or total shutdown of production;
- refusals or delays in processing submissions or applications for new products or modifications to existing products;
- refusal to grant export or import approvals for products;
- withdrawing approvals that have already been granted; and
- criminal prosecution.

European Union

Orchestra believes its Virtue SAB, BackBeat CNT and CNT-HF product candidates as well as its FreeHold Devices would be regulated in the EU as medical devices.

The EU has adopted specific directives and regulations regulating the design, manufacture, clinical investigation, conformity assessment, labeling and adverse event reporting for medical devices (including active implantable medical devices).

Until May 25, 2021, medical devices (including active implantable medical devices) were regulated by Council Directive 93/42/EEC and Council Directive 90/385/EEC (the “**EU Medical Devices Directives**”), which have been repealed and replaced by Regulation (EU) No 2017/745 (the “**EU Medical Devices Regulation**”). Orchestra’s current certificates have been granted under the EU Medical Devices Directives whose regimes are described below. However, as of May 26, 2021, some of the EU Medical Devices Regulation requirements apply in place of the corresponding requirements of the EU Medical Devices Directives with regard to registration of economic operators and of devices, post-market surveillance and vigilance requirements. If we want to market our medical devices in the EU, it will notably require that our devices be certified under the new regime set forth in the EU Medical Devices Regulation.

Medical Devices Directives

Under the EU Medical Devices Directives, all medical devices (including active implantable medical devices) placed on the market in the EU must meet the relevant essential requirements laid down in Annex I to the EU Medical Devices Directives, including the requirement that a medical device must be designed and manufactured in such a way that it will not compromise the clinical condition or safety of patients, or the safety and health of users and others. In addition, the device must achieve the performance intended by the manufacturer and be designed, manufactured, and packaged in a suitable manner. The European Commission has adopted various standards applicable to medical devices. These include standards governing common requirements, such as sterilization and safety of medical electrical equipment and product standards for certain types of medical devices. There are also harmonized standards relating to design and manufacture. While not mandatory, compliance with these standards is viewed as the easiest way to satisfy the essential requirements as a practical matter as it creates a rebuttable presumption that the device satisfies that essential requirement.

To demonstrate compliance with the essential requirements laid down in Annex I to the EU Medical Devices Directives, medical device manufacturers must undergo a conformity assessment procedure, which varies according to the type of medical device and its (risk) classification. As a general rule, demonstration of conformity of medical devices and their manufacturers with the essential requirements must be based, among other things, on the evaluation of clinical data supporting the safety and performance of the products during normal conditions of use. Specifically, a manufacturer must demonstrate that the device achieves its intended performance during normal conditions of use, that the known and foreseeable risks, and any adverse events, are minimized and acceptable when weighed against the benefits of its intended performance, and that any claims made about the performance and safety of the

device are supported by suitable evidence. Except for low-risk medical devices (Class I non-sterile, non-measuring devices), where the manufacturer can self-assess the conformity of its products with the essential requirements (except for any parts which relate to sterility or metrology), a conformity assessment procedure requires the intervention of a notified body. Notified bodies are independent organizations designated by EU member states to assess the conformity of devices before being placed on the market. A notified body would typically audit and examine a product's technical dossiers and the manufacturers' quality system (the notified body must presume that quality systems which implement the relevant harmonized standards — which is ISO 13485:2016 for Medical Devices Quality Management Systems — conform to these requirements). If satisfied that the relevant product conforms to the relevant essential requirements, the notified body issues a certificate of conformity, which the manufacturer uses as a basis for its own declaration of conformity. The manufacturer may then apply the CE mark to the device, which allows the device to be placed on the market throughout the EU.

Throughout the term of the certificate of conformity, the manufacturer will be subject to periodic surveillance audits to verify continued compliance with the applicable requirements. In particular, there will be a new audit by the notified body before it will renew the relevant certificate(s).

Medical Devices Regulation

The regulatory landscape related to medical devices in the EU recently evolved. On April 5, 2017, the EU Medical Devices Regulation was adopted with the aim of ensuring better protection of public health and patient safety. The EU Medical Devices Regulation establishes a uniform, transparent, predictable and sustainable regulatory framework across the EU for medical devices and ensure a high level of safety and health while supporting innovation. Unlike the EU Medical Devices Directives, the EU Medical Devices Regulation is directly applicable in EU member states without the need for member states to implement into national law. This aims at increasing harmonization across the EU.

The EU Medical Devices Regulation became effective on May 26, 2021. The new regulation, among other things:

- strengthens the rules on placing devices on the market (e.g., reclassification of certain devices and wider scope than the EU Medical Devices Directives) and reinforces surveillance once they are available;
- establishes explicit provisions on manufacturers' responsibilities for the follow-up of the quality, performance and safety of devices placed on the market;
- establishes explicit provisions on importers' and distributors' obligations and responsibilities;
- imposes an obligation to identify a responsible person who is ultimately responsible for all aspects of compliance with the requirements of the new regulation;
- improves the traceability of medical devices throughout the supply chain to the end-user or patient through the introduction of a unique identification number, to increase the ability of manufacturers and regulatory authorities to trace specific devices through the supply chain and to facilitate the prompt and efficient recall of medical devices that have been found to present a safety risk;
- sets up a central database (Eudamed) to provide patients, healthcare professionals and the public with comprehensive information on products available in the EU; and
- strengthens rules for the assessment of certain high-risk devices, such as implants, which may have to undergo a clinical evaluation consultation procedure by experts before they are placed on the market.

Devices lawfully placed on the market pursuant to the EU Medical Devices Directives prior to May 26, 2021 may generally continue to be made available on the market or put into service until May 26, 2025, provided that the requirements of the transitional provisions are fulfilled. In particular, the certificate in question must still be valid. However, even in this case, manufacturers must comply with a number of new or reinforced requirements set forth in the EU Medical Devices Regulation, in particular the obligations described below.

The EU Medical Devices Regulation requires that before placing a device, other than a custom-made device, on the market, manufacturers (as well as other economic operators such as authorized representatives and importers) must register by submitting identification information to the electronic system (Eudamed), unless they have already registered. The information to be submitted by manufacturers (and authorized representatives) also includes the name, address and contact details of the person or persons responsible for regulatory compliance. The new Regulation also requires that before placing a device, other than a custom-made device, on the market, manufacturers must assign a unique identifier to the device and provide it along with other core data to the unique device identifier (“UDI”) database. These new requirements aim at ensuring better identification and traceability of the devices. Each device — and as applicable, each package — will have a UDI composed of two parts: a device identifier (“UDI-DI”) specific to a device, and a production identifier (“UDI-PI”) to identify the unit producing the device. Manufacturers are also notably responsible for entering the necessary data on Eudamed, which includes the UDI database, and for keeping it up to date. The obligations for registration in Eudamed will become applicable at a later date (as Eudamed is not yet fully functional). Until Eudamed is fully functional, the corresponding provisions of the EU Medical Devices Directive continue to apply for the purpose of meeting the obligations laid down in the provisions regarding exchange of information, including, and in particular, information regarding registration of devices and economic operators.

All manufacturers placing medical devices on the market in the EU must comply with the EU medical device vigilance system which has been reinforced by the EU Medical Devices Regulation. Under this system, serious incidents and Field Safety Corrective Actions (“FSCAs”) must be reported to the relevant authorities of the EU member states. These reports will have to be submitted through Eudamed — once functional — and aim to ensure that, in addition to reporting to the relevant authorities of the EU member states, other actors such as the economic operators in the supply chain will also be informed. Until Eudamed is fully functional, the corresponding provisions of the EU Medical Devices Directives continue to apply. A serious incident is defined as any malfunction or deterioration in the characteristics or performance of a device made available on the market, including use-error due to ergonomic features, as well as any inadequacy in the information supplied by the manufacturer and any undesirable side-effect, which, directly or indirectly, might have led or might lead to the death of a patient or user or of other persons or to a temporary or permanent serious deterioration of a patient’s, user’s or other person’s state of health or a serious public health threat. Manufacturers are required to take FSCAs defined as any corrective action for technical or medical reasons to prevent or reduce a risk of a serious incident associated with the use of a medical device that is made available on the market. An FSCA may include the recall, modification, exchange, destruction or retrofitting of the device. FSCAs must be communicated by the manufacturer or its legal representative to its customers and/or to the end users of the device through Field Safety Notices. For similar serious incidents that occur with the same device or device type and for which the root cause has been identified or a FSCA implemented or where the incidents are common and well documented, manufacturers may provide periodic summary reports instead of individual serious incident reports.

The advertising and promotion of medical devices is subject to some general principles set forth in EU legislation. According to the EU Medical Devices Regulation, only devices that are CE-marked may be marketed and advertised in the EU in accordance with their intended purpose. Directive 2006/114/EC concerning misleading and comparative advertising and Directive 2005/29/EC on unfair commercial practices, while not specific to the advertising of medical devices, also apply to the advertising thereof and contain general rules, for example, requiring that advertisements are evidenced, balanced and not misleading. Specific requirements are defined at a national level. EU member states’ laws related to the advertising and promotion of medical devices, which vary between jurisdictions, may limit or restrict the advertising and promotion of products to the general public and may impose limitations on promotional activities with healthcare professionals.

Many EU member states have adopted specific anti-gift statutes that further limit commercial practices for medical devices, in particular vis-à-vis healthcare professionals and organizations. Additionally, there has been a recent trend of increased regulation of payments and transfers of value provided to healthcare professionals or entities and many EU member states have adopted national “Sunshine Acts” which impose reporting and transparency requirements (often on an annual basis), similar to the requirements in the United States, on medical device manufacturers. Certain countries also mandate implementation of commercial compliance programs.

The aforementioned EU rules are generally applicable in the EEA, which consists of the 27 EU Member States plus Norway, Liechtenstein and Iceland.

United Kingdom

In the United Kingdom (“UK”), the medical devices market is regulated by the Medicines and Healthcare products Regulatory Agency (“MHRA”), which performs market surveillance of medical devices on the UK market. Devices are regulated under the Medical Devices Regulations 2002, which gave effect in UK law to the following EU directives: Directive 90/385/EEC on active implantable medical device; Directive 93/42/EEC on medical devices; and Directive 98/79/EC on in vitro diagnostic medical devices. The UK Conformity Assessed (“UKCA”) marking is a UK product marking used for medical devices being placed on the Great Britain market. It is not recognized in the EU, so these products require a CE marking as well. CE marketed devices will be accepted on the Great Britain market until June 30, 2023. From July 1, 2023, devices placed on the Great Britain market will need to conform to UKCA marketing requirements.

Orchestra may need to support clinical and/or regulatory requirements in the UK for its BackBeat CNT product candidate, and potentially others.

Other Regions

Most major markets have different levels of regulatory requirements for medical devices. Modifications to the approved or certified products may require a new regulatory submission in all major markets. The regulatory requirements, and the review time, vary significantly from country to country. Products can also be marketed in other countries that have minimal requirements for medical devices.

Drug Regulation

United States

In the United States, Orchestra’s SirolimusEFR product candidate is subject to extensive regulation by the FDA, which regulates drugs under the FDCA and its implementing regulations, and other federal, state, and local regulatory authorities. The process of obtaining regulatory approvals and certifications and the subsequent compliance with appropriate federal, state, local and foreign statutes and regulations requires the expenditure of substantial time and financial resources. Failure to comply with the applicable U.S. requirements at any time during the product development process, approval process or after approval, may subject an applicant to a variety of administrative or judicial sanctions, such as the FDA’s refusal to approve pending applications, withdrawal of an approval, imposition of a clinical hold, issuance of warning or untitled letters, product recalls, product seizures, total or partial suspension of production or distribution, injunctions, fines, refusals of government contracts, restitution, disgorgement or civil or criminal penalties.

The process required by the FDA before a drug may be marketed in the United States generally involves the following:

- completion of preclinical laboratory tests, animal studies and formulation studies in compliance with the FDA’s Good Laboratory Practice regulations;
- submission to the FDA of an investigational new drug application (“IND”), which must become effective before human clinical studies may begin;
- approval by an independent IRB or ethics committee at each clinical site before each trial may be initiated;
- performance of adequate and well-controlled human clinical studies in accordance with GCP requirements to establish the safety and efficacy of the proposed drug product for its intended use;
- submission to the FDA of an NDA after completion of all pivotal trials;
- satisfactory completion of an FDA advisory committee review, if applicable;
- satisfactory completion of an FDA inspection of the manufacturing facility or facilities at which the product is produced to assess compliance with current cGMP requirements and to assure that the facilities, methods and controls are adequate to preserve the drug’s identity, strength, quality and purity;

Table of Contents

- satisfactory completion of an FDA inspection of selected clinical sites to assure compliance with GCPs and the integrity of the clinical data;
- payment of user fees; and
- FDA review and approval of the NDA.

Orchestra is currently working on all CMC testing for its IDE submission for the combination product Virtue SAB that includes populating a drug master file (“**DMF**”). Orchestra intends to follow up post-IDE approval for the Virtue SAB with exploring additional pre-clinical work to support additional indications. Depending on the indication, Orchestra may be able to leverage some of the biocompatibility and CMC data in the DMF, while providing additional data depending on the indication selected.

Preclinical Studies

Preclinical studies include laboratory evaluation of product chemistry, toxicity and formulation, as well as animal studies to assess potential safety and efficacy. An IND sponsor must submit the results of the preclinical tests, together with manufacturing information, analytical data and any available clinical data or literature, among other things, to the FDA as part of an IND. Some preclinical testing may continue even after the IND is submitted. An IND automatically becomes effective and a clinical study proposed in the IND may begin 30 days after the FDA receives the IND, unless before that time the FDA raises concerns or questions related to one or more proposed clinical studies and places the clinical study on a clinical hold. In such a case, the IND sponsor and the FDA must resolve any outstanding concerns before the clinical study can begin. As a result, submission of an IND may not result in the FDA allowing clinical studies to commence.

Orchestra believes that additional preclinical studies will be necessary for evaluating SirolimusEFR in new indications (either as a combination product or a drug product).

Clinical Studies

Clinical studies involve the administration of the investigational new drug to human subjects under the supervision of qualified investigators in accordance with GCP requirements, which include the requirement that all research subjects provide their informed consent in writing for their participation in any clinical study. Clinical studies are conducted under protocols detailing, among other things, the objectives of the trial, the parameters to be used in monitoring safety, and the effectiveness criteria to be evaluated. A protocol for each clinical study and any subsequent protocol amendments must be submitted to the FDA as part of the IND. An IRB at each institution participating in the clinical study must review and approve the plan for any clinical study before it commences at that institution, and the IRB must continue to oversee the clinical study while it is being conducted. Some trials also include oversight by an independent group of qualified experts organized by the clinical study sponsor, known as a data safety monitoring board, which provides authorization for whether or not a study may move forward at designated check points based on access to certain data from the study and may halt the clinical study if it determines that there is an unacceptable safety risk for subjects or other grounds, such as no demonstration of efficacy. Information about certain clinical studies must be submitted within specific timeframes to the National Institutes of Health for public dissemination on their www.clinicaltrials.gov website.

Human clinical studies are typically conducted in three or four sequential phases, which may overlap or be combined:

- *Phase 1:* The drug is initially introduced into healthy human subjects or patients with the target disease or condition and tested for safety, dosage tolerance, absorption, metabolism, distribution, excretion and, if possible, to gain an early indication of its effectiveness.
- *Phase 2:* The drug is administered to a limited patient population to identify possible adverse effects and safety risks, to preliminarily evaluate the efficacy of the product for specific targeted diseases and to determine dosage tolerance and optimal dosage.

- *Phase 3:* The drug is administered to an expanded patient population, generally at geographically dispersed clinical study sites, in well-controlled clinical studies to generate enough data to statistically evaluate the efficacy and safety of the product for approval, to establish the overall risk-benefit profile of the product, and to provide adequate information for the labeling of the product.
- *Phase 4:* In some cases, the FDA may conditionally approve an NDA for a product candidate on the sponsor's agreement to conduct additional clinical studies after NDA approval. In other cases, a sponsor may voluntarily conduct additional clinical studies post-approval to gain more information about the drug. Certain post-approval trials may be typically referred to as Phase 4 clinical studies.

Progress reports detailing the results of the clinical studies, among other information, must be submitted at least annually to the FDA, and more frequently if serious adverse events occur. Furthermore, the FDA or the sponsor may suspend or terminate a clinical study at any time on various grounds, including a finding that the research subjects are being exposed to an unacceptable health risk or the failure to meet the trial's objectives. Similarly, an IRB can suspend or terminate approval of a clinical study at its institution if the clinical study is not being conducted in accordance with the IRB's requirements or if the drug has been associated with unexpected serious harm to patients.

Concurrent with clinical studies, companies usually complete additional animal studies and must also develop additional information about the chemistry and physical characteristics of the product and finalize a process for manufacturing the product in commercial quantities in accordance with cGMP requirements. The manufacturing process must be capable of consistently producing quality batches of the product candidate and, among other things, the manufacturer must develop methods for testing the identity, strength, quality and purity of the final product. Additionally, appropriate packaging must be selected and tested and stability studies must be conducted to demonstrate that the product candidate does not undergo unacceptable deterioration over its shelf life.

Orchestra believes that additional clinical studies will be necessary for evaluating SirolimusEFR in new indications (either as a combination product or a drug product).

Marketing Approval

Assuming successful completion of the required clinical testing in accordance with all applicable regulatory requirements, the results of the preclinical and clinical studies, together with detailed information relating to the product's chemistry, manufacture, controls and proposed labeling, among other things, are submitted to the FDA as part of an NDA requesting approval to market the product for one or more indications. In most cases, the submission of an NDA is subject to a substantial application user fee. Under the Prescription Drug User Fee Act ("PDUFA") guidelines that are currently in effect, the FDA has a goal of 10 months to review and act on an NDA designed for standard review and six months to review and act on an NDA designed for priority review, measured from the "filing" date for an NDA for a new molecular entity ("NME") or from the receipt date for an NDA for a non-NME product. Measuring from the "filing" date typically adds approximately two months to the timeline for review and decision, because the FDA has sixty days from receipt to make a "filing" decision, as described below.

In addition, under the Pediatric Research Equity Act of 2003 as amended and reauthorized, certain NDAs or supplements to an NDA must contain data that are adequate to assess the safety and effectiveness of the drug for the claimed indications in all relevant pediatric subpopulations, and to support dosing and administration for each pediatric subpopulation for which the product is safe and effective. The FDA may, on its own initiative or at the request of the applicant, grant deferrals for submission of some or all pediatric data until after approval of the product for use in adults, or full or partial waivers from the pediatric data requirements.

The FDA also may require submission of a REMS plan to ensure that the benefits of the drug outweigh its risks. The REMS plan could include medication guides, physician communication plans, assessment plans, and/or elements to assure safe use, such as restricted distribution methods, patient registries, or other risk minimization tools.

The FDA conducts a preliminary review of all NDAs within the first 60 days after submission, before accepting them for filing, to determine whether they are sufficiently complete to permit substantive review. The FDA may request additional information rather than accept an NDA for filing. In this event, the application must be resubmitted with the additional information. The resubmitted application is also subject to review before the FDA accepts it for filing. Once the submission is accepted for filing, the FDA begins an in-depth substantive review. The FDA reviews

an NDA to determine, among other things, whether the drug is safe and effective and whether the facility in which it is manufactured, processed, packaged or held meets standards designed to assure the product's continued safety, quality and purity.

The FDA may refer an application for a novel drug to an advisory committee. An advisory committee is a panel of independent experts, including clinicians and other scientific experts, that reviews, evaluates and provides a recommendation as to whether the application should be approved and under what conditions. The FDA is not bound by the recommendations of an advisory committee, but it considers such recommendations carefully when making decisions.

Before approving an NDA, the FDA typically will inspect the facility or facilities where the product is manufactured. The FDA will not approve an application unless it determines that the manufacturing processes and facilities are in compliance with cGMP requirements and adequate to assure consistent production of the product within required specifications. Additionally, before approving an NDA, the FDA may inspect one or more clinical study sites to assure compliance with GCP requirements.

The FDA generally accepts data from foreign clinical studies in support of an NDA if the trials were conducted under an IND. If a foreign clinical study is not conducted under an IND, the FDA nevertheless may accept the data in support of an NDA if the study was conducted in accordance with GCP requirements and the FDA is able to validate the data through an on-site inspection, if deemed necessary. The FDA may accept foreign data as the sole basis for marketing approval if (1) the foreign data are applicable to the U.S. population and U.S. medical practice, (2) the studies were performed by clinical investigators with recognized competence, and (3) the data may be considered valid without the need for an on-site inspection or, if the FDA considers the inspection to be necessary, the FDA is able to validate the data through an on-site inspection or other appropriate means.

After evaluating the NDA and all related information, including the advisory committee recommendation, if any, and inspection reports regarding the manufacturing facilities and clinical study sites, if any, the FDA may issue an approval letter, or, in some cases, a Complete Response Letter. A Complete Response Letter indicates that the review cycle of the application is complete, and the application will not be approved in its present form. A Complete Response Letter generally contains a statement of specific conditions that must be met to secure final approval of the NDA and may require additional clinical testing, preclinical testing, manufacturing or formulation modifications or other changes in order for the FDA to reconsider the application. Even with submission of this additional information, the FDA ultimately may decide that the application does not satisfy the regulatory criteria for approval. If and when those conditions have been met to the FDA's satisfaction, the FDA will typically issue an approval letter. An approval letter authorizes commercial marketing of the drug with specific prescribing information for specific indications.

Even if the FDA approves a product, it may limit the approved indications for use of the product, require that contraindications, warnings or precautions be included in the product labeling, require that post-approval studies, including Phase 4 clinical studies, be conducted to further assess a drug's safety after approval, require testing and surveillance programs to monitor the product after commercialization, or impose other conditions, including distribution and use restrictions or other risk management mechanisms under a REMS, which can materially affect the potential market and profitability of the product. The FDA may prevent or limit further marketing of a product based on the results of post-marketing studies or surveillance programs. After approval, some types of changes to the approved product, such as adding new indications, manufacturing changes, and additional labeling claims, are subject to further testing requirements and FDA review and approval.

SirolimusEFR is the drug product component of Orchestra's combination product Virtue SAB. Orchestra has yet to receive IDE approval for Virtue SAB.

The Hatch-Waxman Amendments

Orchestra's current regulatory strategy is to pursue development of its standalone SirolimusEFR product candidate for indications such as ophthalmic inflammatory conditions (uveitis) and chronic joint inflammation (osteoarthritis) as a Section 505(b)(2) NDA. As an alternative path to FDA approval for modifications to formulations or uses of drugs previously approved by the FDA, an applicant may submit an NDA under Section 505(b)(2) of the FDCA. Section 505(b)(2) was enacted as part of the Hatch-Waxman Amendments. A Section 505(b)(2) NDA is an application that contains full reports of investigations of safety and effectiveness, but where at least some of the information required for approval comes from studies not conducted by, or for, the applicant and for which the

applicant has not obtained a right of reference or use from the person by or for whom the investigations were conducted. This type of application permits reliance for such approvals on literature or on the FDA's previous findings of safety, effectiveness or both for an approved drug product. As such, under Section 505(b)(2), the FDA may rely, for approval of an NDA, on data not developed by or for the applicant and for which the applicant does not contain a right of reference. If the 505(b)(2) applicant can establish that reliance on FDA's previous findings of safety and effectiveness is scientifically appropriate, it may eliminate the need to conduct certain preclinical or clinical studies of the product candidate. The FDA may also require companies to perform additional studies or measurements, including clinical studies, to support the change from the approved branded reference drug. The FDA may then approve the new product candidate for all, or some, of the label indications for which the branded reference drug has been approved, as well as for any new indication sought by the 505(b)(2) applicant.

Orange Book Listing

In seeking approval for a drug through an NDA, including a 505(b)(2) NDA, applicants are required to list with the FDA certain patents whose claims cover the applicant's product. Upon approval of an NDA, each of the patents listed in the application for the drug is then published in the FDA's Approved Drug Products with Therapeutic Equivalence Evaluations, known as the Orange Book. Any applicant who files an Abbreviated New Drug Application ("ANDA") seeking approval of a generic equivalent version of a drug listed in the Orange Book or a 505(b)(2) NDA referencing a drug listed in the Orange Book must certify, for each patent listed in the Orange Book for the referenced drug, to the FDA that (1) no patent information on the drug product that is the subject of the application has been submitted to the FDA, (2) such patent has expired, (3) the date on which such patent expires or (4) such patent is invalid or will not be infringed upon by the manufacture, use or sale of the drug product for which the application is submitted. The fourth certification described above is known as a paragraph IV certification. A notice of the paragraph IV certification must be provided to each owner of the patent that is the subject of the certification and to the holder of the approved NDA to which the ANDA or 505(b)(2) application refers. The applicant may also elect to submit a "section viii" statement certifying that its proposed label does not contain (or carves out) any language regarding the patented method-of-use rather than certify to a listed method-of-use patent. This section viii statement does not require notice to the patent holder or NDA owner. There might also be no relevant patent certification.

If the reference NDA holder and patent owners assert a patent challenge directed to one of the Orange Book listed patents within 45 days of the receipt of the paragraph IV certification notice, the FDA is prohibited from approving the application until the earlier of 30 months from the receipt of the paragraph IV certification expiration of the patent, settlement of the lawsuit, or a decision in the infringement case that is favorable to the applicant. Even if the 45 days expire, a patent infringement lawsuit can be brought and could delay market entry, but it would not extend the FDA-related 30-month stay of approval.

The ANDA or 505(b)(2) application also will not be approved until any applicable non-patent exclusivity listed in the Orange Book for the branded reference drug has expired. Specifically, the holder of the NDA for the listed drug may be entitled to a period of non-patent exclusivity, during which the FDA cannot approve an ANDA or 505(b)(2) application that relies on the listed drug. For example, a pharmaceutical manufacturer may obtain five years of non-patent exclusivity upon NDA approval of a NCE, which is a drug that contains an active moiety that has not been approved by FDA in any other NDA. An "active moiety" is defined as the molecule or ion responsible for the drug substance's physiological or pharmacologic action. During the five-year exclusivity period, the FDA cannot accept for filing and cannot approve any ANDA seeking approval of a generic version of that drug or any 505(b)(2) NDA for the same active moiety and that relies on the FDA's findings regarding that drug, except that the FDA may accept an application for filing after four years (and may initiate a review of the application, but still may not approve it for five years) if the follow-on applicant makes a paragraph IV certification. This exclusivity period may be extended by an additional six months if certain requirements are met to qualify the product for pediatric exclusivity, including the receipt of a written request from the FDA that the NDA holder conduct certain pediatric studies, the submission of study reports from such studies to the FDA after receipt of the written request and satisfaction of the conditions specified in the written request.

In addition, a drug, including one approved under Section 505(b)(2), may also obtain a three-year period of market exclusivity for a particular condition of approval, or change to a marketed product, such as a new formulation for a previously approved product, if one or more new clinical studies (other than bioavailability or bioequivalence studies) was essential to the approval of the application and was conducted/sponsored by the applicant. Should this occur, the FDA would be precluded from approving any ANDA or 505(b)(2) application that relies on the information

supporting the approval of the drug, or the change to the drug for which the information was submitted and the exclusivity granted, until after that three-year exclusivity period has run. However, unlike for NCE exclusivity, the FDA can accept an application and begin the review process during the exclusivity period.

Post-Approval Requirements

Drugs manufactured or distributed pursuant to FDA approvals are subject to pervasive and continuing regulation by the FDA and other government authorities, including, among other things, requirements relating to recordkeeping, periodic reporting, product sampling and distribution, advertising and promotion and reporting of adverse experiences with the product. After approval, most changes to the approved product, such as adding new indications, manufacturing changes or other labeling claims, are subject to prior FDA review and approval. There also are continuing annual program fee requirements for any marketed products.

The FDA may impose a number of post-approval requirements as a condition of approval of an NDA. For example, the FDA may require post-marketing testing, including Phase 4 clinical studies, and surveillance to further assess and monitor the product's safety and effectiveness after commercialization.

In addition, drug manufacturers and other entities involved in the manufacture and distribution of approved drugs are required to register their establishments with the FDA and state authorities and are subject to periodic unannounced inspections by the FDA and these state authorities for compliance with cGMP requirements. Changes to the manufacturing process are strictly regulated and often require prior FDA approval before being implemented. FDA regulations also require investigation and correction of any deviations from cGMP requirements and impose reporting and documentation requirements upon the sponsor and any third-party manufacturers that the sponsor may decide to use. Accordingly, manufacturers must continue to expend time, money, and effort in the area of production and quality control to maintain cGMP compliance.

Once an approval is granted, the FDA may withdraw the approval if compliance with regulatory requirements and standards is not maintained or if problems occur after the product reaches the market. Later discovery of previously unknown problems with a product, including adverse events of unanticipated severity or frequency, or with manufacturing processes, or failure to comply with regulatory requirements, may result in mandatory revisions to the approved labeling to add new safety information; imposition of post-market studies or clinical studies to assess new safety risks; or imposition of distribution or other restrictions under a REMS program.

Other potential consequences include, among other things:

- restrictions on the marketing or manufacturing of the product, complete withdrawal of the product from the market or product recalls;
- fines, warning letters or holds on ongoing or proposed clinical studies;
- refusal of the FDA to approve pending NDAs or supplements to approved NDAs, or suspension or revocation of product license approvals;
- product seizure or detention, or refusal to permit the import or export of products;
- consent decrees, corporate integrity agreements, debarment or exclusion from federal healthcare programs;
- mandated modification of promotional materials and labeling and the issuance of corrective information;
- the issuance of safety alerts, Dear Healthcare Provider letters, press releases and other communications containing warnings or other safety information about the product; or
- injunctions or the imposition of civil or criminal penalties.

The FDA strictly regulates marketing, labeling, advertising and promotion of products that are placed on the market. A company can make only those claims that are approved by the FDA and in accordance with the provisions of the approved label. The FDA and other agencies actively enforce the laws and regulations prohibiting the promotion of off-label uses. Failure to comply with these requirements can result in, among other things, adverse publicity, warning letters, corrective advertising and potential civil and criminal penalties. Physicians may prescribe, in their independent professional medical judgment, legally available products for uses that are not described in the product's labeling and

that differ from those tested by Orchestra and approved by the FDA. Physicians may believe that such off-label uses are the best treatment for many patients in varied circumstances. The FDA does not regulate the behavior of physicians in their choice of treatments. The FDA does, however, restrict manufacturer's communications on the subject of off-label use of their products. The federal government has levied large civil and criminal fines against companies for alleged improper promotion of off-label use and has enjoined companies from engaging in off-label promotion. The FDA and other regulatory agencies have also required that companies enter into consent decrees or permanent injunctions under which specified promotional conduct is changed or curtailed. However, companies may share truthful and not misleading information that is otherwise consistent with a product's FDA-approved labeling.

In addition, the distribution of prescription pharmaceutical products is subject to the Prescription Drug Marketing Act (the "**PDMA**"), which regulates the distribution of drugs and drug samples at the federal level and sets minimum standards for the registration and regulation of drug distributors by the states. Both the PDMA and state laws limit the distribution of prescription pharmaceutical product samples and impose requirements to ensure accountability in distribution.

Foreign Regulation

In addition to regulations in the United States, Orchestra will be subject to a variety of foreign regulations governing clinical studies and commercial sales and distribution of its products. Whether or not Orchestra obtains FDA approval for a product, it must obtain approval or certification by the comparable regulatory authorities of foreign countries before it can commence clinical studies, and approval or certification from regulatory authorities in foreign countries, such as the EU, before it may market products in those countries. The requirements and process governing the conduct of clinical studies, approval process, product licensing, pricing and reimbursement vary from country to country. Failure to comply with applicable foreign regulatory requirements, may be subject to, among other things, fines, suspension or withdrawal of regulatory approvals, product recalls, seizure of products, operating restrictions and criminal prosecution.

Non-clinical studies and clinical studies

Similarly to the United States, the various phases of non-clinical and clinical research in the EU are subject to significant regulatory controls.

Non-clinical studies are performed to demonstrate the health or environmental safety of new chemical or biological substances. Non-clinical studies must be conducted in compliance with the principles of good laboratory practice ("**GLP**") as set forth in EU Directive 2004/10/EC. In particular, non-clinical studies, both in vitro and in vivo, must be planned, performed, monitored, recorded, reported and archived in accordance with the GLP principles, which define a set of rules and criteria for a quality system for the organizational process and the conditions for non-clinical studies. These GLP standards reflect the Organization for Economic Co-operation and Development requirements.

Clinical studies of medicinal products in the EU must be conducted in accordance with EU and national regulations and the International Conference on Harmonization ("**ICH**"), guidelines on Good Clinical Practices ("**GCP**"), as well as the applicable regulatory requirements and the ethical principles that have their origin in the Declaration of Helsinki. If the sponsor of the clinical study is not established within the EU, it must appoint an EU entity to act as its legal representative. The sponsor must take out a clinical study insurance policy, and in most EU member states, the sponsor is liable to provide 'no fault' compensation to any study subject injured in the clinical study.

The regulatory landscape related to clinical study in the EU has been subject to recent changes. The EU Clinical Trials Regulation ("**CTR**"), which was adopted in April 2014 and repeals the EU Clinical Trials Directive (the "**Clinical Trials Directive**"), became applicable on January 31, 2022. Unlike directives, the CTR is directly applicable in all EU member states without the need for member states to further implement it into national law. The CTR notably harmonizes the assessment and supervision processes for clinical studies throughout the EU via a Clinical Trials Information System, which contains a centralized EU portal and database.

While the Clinical Trials Directive required a separate clinical trial application ("**CTA**") to be submitted in each member state, to both the competent national health authority and an independent ethics committee, much like the FDA and IRB respectively, the CTR introduces a centralized process and only requires the submission of a single application to all member states concerned. The CTR allows sponsors to make a single submission to both the competent authority and an ethics committee in each member state, leading to a single decision per member state.

The CTA must include, among other things, a copy of the trial protocol and an investigational medicinal product dossier containing information about the manufacture and quality of the medicinal product under investigation. The assessment procedure of the CTA has been harmonized as well, including a joint assessment by all member states concerned, and a separate assessment by each member state with respect to specific requirements related to its own territory, including ethics rules. Each member state's decision is communicated to the sponsor via the centralized EU portal. Once the CTA is approved, clinical study development may proceed.

The CTR foresees a three-year transition period. The extent to which ongoing and new clinical studies will be governed by the CTR varies. For clinical studies whose CTA was made under the Clinical Trials Directive before January 31, 2022, the Clinical Trials Directive will continue to apply on a transitional basis for three years. Additionally, sponsors may still choose to submit a CTA under either the Clinical Trials Directive or the CTR until January 31, 2023 and, if authorized, those will be governed by the Clinical Trials Directive until January 31, 2025. By that date, all ongoing trials will become subject to the provisions of the CTR.

Medicines used in clinical studies must be manufactured in accordance with GMP. Other national and EU-wide regulatory requirements may also apply.

Marketing Authorization

In order to market our future product candidates in the EU and many other foreign jurisdictions, we must obtain separate regulatory approvals. More concretely, in the EU, medicinal product candidates can only be commercialized after obtaining a marketing authorization (“MA”). To obtain regulatory approval of a product candidate under EU regulatory systems, we must submit a MA application (“MAA”). The process for doing this depends, among other things, on the nature of the medicinal product. There are two types of MAs:

- “Centralized MA” are issued by the European Commission through the centralized procedure, based on the opinion of the Committee for Medicinal Product for Human Use (“CHMP”) of the European Medicines Agency (“EMA”) and are valid throughout the EU. The centralized procedure is mandatory for certain types of product candidates, such as: (i) medicinal products derived from biotechnology processes, such as genetic engineering, (ii) designated orphan medicines, (iii) medicinal products containing a new active substance indicated for the treatment of certain diseases, such as HIV/AIDS, cancer, neurodegenerative diseases, diabetes, auto-immune and other immune dysfunctions and viral diseases and (iv) advanced therapy medicinal products (“ATMPs”) such as gene therapy, somatic cell therapy or tissue-engineered medicines. The centralized procedure is optional for product candidates containing a new active substance not yet authorized in the EU, or for product candidates that constitute a significant therapeutic, scientific or technical innovation or which are in the interest of public health in the EU.
- “National MAs” are issued by the competent authorities of the EU member states, only cover their respective territory, and are available for product candidates not falling within the mandatory scope of the centralized procedure. Where a product has already been authorized for marketing in an EU member state, this national MA can be recognized in another member state through the mutual recognition procedure. If the product has not received a national MA in any member state at the time of application, it can be approved simultaneously in various member states through the decentralized procedure. Under the decentralized procedure an identical dossier is submitted to the competent authorities of each of the member states in which the MA is sought, one of which is selected by the applicant as the reference member state.

Under the centralized procedure the maximum timeframe for the evaluation of a MAA by the EMA is 210 days.

In exceptional cases, the CHMP might perform an accelerated review of a MAA in no more than 150 days (not including clock stops). Innovative products that target an unmet medical need and are expected to be of major public health interest may be eligible for a number of expedited development and review programs, such as the Priority Medicines (“PRIME”) scheme, which provides incentives similar to the breakthrough therapy designation in the U.S. In March 2016, the EMA launched an initiative, the PRIME scheme, a voluntary scheme aimed at enhancing the EMA's support for the development of medicines that target unmet medical needs. It is based on increased interaction and early dialogue with companies developing promising medicines, to optimize their product development plans and speed up their evaluation to help them reach patients earlier. Product developers that benefit from PRIME designation can expect to be eligible for accelerated assessment but this

is not guaranteed. Many benefits accrue to sponsors of product candidates with PRIME designation, including but not limited to, early and proactive regulatory dialogue with the EMA, frequent discussions on clinical study designs and other development program elements, and accelerated MAA assessment once a dossier has been submitted. Importantly, a dedicated contact and rapporteur from the CHMP is appointed early in the PRIME scheme facilitating increased understanding of the product at EMA's committee level. An initial meeting initiates these relationships and includes a team of multidisciplinary experts at the EMA to provide guidance on the overall development and regulatory strategies.

Moreover, in the EU, a "conditional" MA may be granted in cases where all the required safety and efficacy data are not yet available. The conditional MA is subject to conditions to be fulfilled for generating the missing data or ensuring increased safety measures. It is valid for one year and has to be renewed annually until fulfillment of all the conditions. Once the pending studies are provided, it can become a "standard" MA. However, if the conditions are not fulfilled within the timeframe set by the EMA, the MA ceases to be renewed. Furthermore, MA may also be granted "under exceptional circumstances" when the applicant can show that it is unable to provide comprehensive data on the efficacy and safety under normal conditions of use even after the product has been authorized and subject to specific procedures being introduced. This may arise in particular when the intended indications are very rare and, in the present state of scientific knowledge, it is not possible to provide comprehensive information, or when generating data may be contrary to generally accepted ethical principles. This MA is close to the conditional MA as it is reserved to medicinal products to be approved for severe diseases or unmet medical needs and the applicant does not hold the complete data set legally required for the grant of a MA. However, unlike the conditional MA, the applicant does not have to provide the missing data and will never have to. Although the MA "under exceptional circumstances" is granted definitively, the risk-benefit balance of the medicinal product is reviewed annually and the MA is withdrawn in case the risk-benefit ratio is no longer favorable.

MAAs have an initial duration of five years. After these five years, the authorization may be renewed for an unlimited period on the basis of a reevaluation of the risk-benefit balance.

Data and marketing exclusivity

The EU also provides opportunities for market exclusivity. Upon receiving MA, reference products generally receive eight years of data exclusivity and an additional two years of market exclusivity. If granted, the data exclusivity period prevents generic or biosimilar applicants from relying on the pre-clinical and clinical study data contained in the dossier of the reference product when applying for a generic or biosimilar MA in the EU during a period of eight years from the date on which the reference product was first authorized in the EU. The market exclusivity period prevents a successful generic or biosimilar applicant from commercializing its product in the EU until 10 years have elapsed from the initial MA of the reference product in the EU. The overall 10-year market exclusivity period can be extended to a maximum of eleven years if, during the first eight years of those 10 years, the MA holder obtains an authorization for one or more new therapeutic indications which, during the scientific evaluation prior to their authorization, are held to bring a significant clinical benefit in comparison with existing therapies. However, there is no guarantee that a product will be considered by the EU's regulatory authorities to be a new chemical entity, and products may not qualify for data exclusivity.

Post-Approval Requirements

Similar to the United States, both MA holders and manufacturers of medicinal products are subject to comprehensive regulatory oversight by the EMA, the European Commission and/or the competent regulatory authorities of the member states. The holder of a MA must establish and maintain a pharmacovigilance system and appoint an individual qualified person for pharmacovigilance who is responsible for oversight of that system. Key obligations include expedited reporting of suspected serious adverse reactions and submission of periodic safety update reports ("PSURs").

All new MAAs must include a risk management plan ("RMP") describing the risk management system that the company will put in place and documenting measures to prevent or minimize the risks associated with the product. The regulatory authorities may also impose specific obligations as a condition of the MA. Such risk-minimization measures or post-authorization obligations may include additional safety monitoring, more frequent submission of PSURs, or the conduct of additional clinical studies or post-authorization safety studies.

The advertising and promotion of medicinal products is also subject to laws concerning promotion of medicinal products, interactions with physicians, misleading and comparative advertising and unfair commercial practices. All advertising and promotional activities for the product must be consistent with the approved summary of product characteristics, and therefore all off-label promotion is prohibited. Direct-to-consumer advertising of prescription medicines is also prohibited in the EU. Although general requirements for advertising and promotion of medicinal products are established under EU directives, the details are governed by regulations in each member state and can differ from one country to another.

The aforementioned EU rules are generally applicable in the EEA.

Failure to comply with EU and member state laws that apply to the conduct of clinical studies, manufacturing approval, MA of medicinal products and marketing of such products, both before and after grant of the MA, manufacturing of pharmaceutical products, statutory health insurance, bribery and anti-corruption or with other applicable regulatory requirements may result in administrative, civil or criminal penalties. These penalties could include delays or refusal to authorize the conduct of clinical studies, or to grant MA, product withdrawals and recalls, product seizures, suspension, withdrawal or variation of the MA, total or partial suspension of production, distribution, manufacturing or clinical studies, operating restrictions, injunctions, suspension of licenses, fines and criminal penalties.

Regulation of Combination Products in the EU

The EU regulates medical devices and medicinal products separately, through different legislative instruments, and the applicable requirements will vary depending on the type of drug-device combination product. EU guidance has been published to help manufacturers select the right regulatory framework.

Drug-delivery products intended to administer a medicinal product where the medicinal product and the device form a single integral product are regulated as medicinal products in the EU. The EMA is responsible for evaluating the quality, safety and efficacy of MAAs submitted through the centralized procedure, including the safety and performance of the medical device in relation to its use with the medicinal product. The EMA or the EU member state national competent authority will assess the product in accordance with the rules for medicinal products described above but the device part must comply with the EU Medical Devices Regulation (including the general safety and performance requirements provided in Annex I). The MAA must include — where available — the results of the assessment of the conformity of the device part with the Medical Devices Regulation contained in the manufacturer's EU declaration of conformity of the device or the relevant certificate issued by a notified body. If the MAA does not include the results of the conformity assessment and where for the conformity assessment of the device, if used separately, the involvement of a notified body is required, the competent authority must require the applicant to provide a notified body opinion on the conformity of the device.

By contrast, in case of drug-delivery products intended to administer a medicinal product where the device and the medicinal product do not form a single integral product (but are e.g., co-packaged), the medicinal product is regulated in accordance with the rules for medicinal products described above while the device part is regulated as a medical device and will have to comply with all the requirements set forth by the EU Medical Devices Regulation.

The characteristics of non-integral devices used for the administration of medicinal products may impact the quality, safety and efficacy profile of the medicinal products. To the extent that administration devices are co-packaged with the medicinal product or, in exceptional cases, where the use of a specific type of administration device is specifically provided for in the product information of the medicinal product, additional information may need to be provided in the MAA for the medicinal product on the characteristics of the medical device(s) that may impact on the quality, safety and/or efficacy of the medicinal product.

The requirements regarding quality documentation for medicinal products when used with a medical device, including single integral products, co-packaged and referenced products, are outlined in the EMA guideline of July 22, 2021, which became applicable as of January 1, 2022.

The aforementioned EU rules are generally applicable in the EEA.

Coverage and Reimbursement

Sales of any pharmaceutical and medical device product depend, in part, on the extent to which such product will be covered by third-party payors, such as federal, state and foreign government healthcare programs, commercial insurance and managed healthcare organizations, and the level of reimbursement for such product by third-party payors. Significant uncertainty exists as to the coverage and reimbursement status of any newly approved product. Decisions regarding the extent of coverage and amount of reimbursement to be provided are made on a plan-by-plan basis. One third-party payor's decision to cover a particular product does not ensure that other payors will also provide coverage for the product. As a result, the coverage determination process can require manufactures to provide scientific and clinical support for the use of a product to each payor separately and can be a time-consuming process, with no assurance that coverage and adequate reimbursement will be applied consistently or obtained in the first instance. For products administered under the supervision of a physician, obtaining coverage and adequate reimbursement may be particularly difficult because of the higher prices often associated with such drugs. Additionally, separate reimbursement for the product itself or the treatment or procedure in which the product is used may not be available, which may impact physician utilization.

In addition, third-party payors are increasingly reducing reimbursements for medical devices, pharmaceutical products and services. The U.S. government and state legislatures have continued implementing cost-containment programs, including price controls, restrictions on coverage and reimbursement and requirements for substitution of generic products. Third-party payors are more and more challenging the prices charged, examining the medical necessity and reviewing the cost effectiveness of medical devices and pharmaceutical products, in addition to questioning their safety and efficacy. Adoption of price controls and cost-containment measures, and adoption of more restrictive policies in jurisdictions with existing controls and measures, could further limit sales of any product. Decreases in third-party reimbursement for any product or a decision by a third-party payor not to cover a product could reduce physician usage and patient demand for the product.

In international markets, reimbursement and healthcare payment systems vary significantly by country, and many countries have instituted price ceilings on specific products and therapies. For example, the EU provides options for its member states to restrict the range of medicinal products for which their national health insurance systems provide reimbursement and to control the prices of medicinal products for human use. A member state may approve a specific price for the medicinal product or it may instead adopt a system of direct or indirect controls on the profitability of the company placing the medicinal product on the market. Pharmaceutical products may face competition from lower-priced products in foreign countries that have placed price controls on pharmaceutical products and may also compete with imported foreign products. Furthermore, there is no assurance that a product will be considered medically reasonable and necessary for a specific indication, will be considered cost-effective by third-party payors, that an adequate level of reimbursement will be established even if coverage is available or that the third-party payors' reimbursement policies will not adversely affect the ability for manufacturers to sell products profitably.

Fraud and Abuse and Other Healthcare Regulations

Federal and state governmental agencies and equivalent foreign authorities subject the healthcare industry to intense regulatory scrutiny, including heightened civil and criminal enforcement efforts. These laws constrain the sales, marketing and other promotional activities of medical device manufacturers by limiting the kinds of financial arrangements Orchestra may have with hospitals, physicians and other potential purchasers of its products. Federal healthcare fraud and abuse laws apply to Orchestra's business when a customer submits a claim for an item or service that is reimbursed under Medicare, Medicaid or other federally funded healthcare programs. Patient privacy statutes and regulations by foreign, federal and state governments may also apply in the locations in which Orchestra does business. Descriptions of some of the U.S. laws and regulations that may affect Orchestra's ability to operate follow.

Federal Healthcare Anti-Kickback Statute

The federal Anti-Kickback Statute prohibits, among other things, persons or entities from knowingly and willfully soliciting, offering, receiving or paying any remuneration, directly or indirectly, overtly or covertly, in cash or in kind, to induce or reward either the referral of an individual for, or the purchasing, leasing, ordering, or arranging for or recommending the purchase, lease, or order of any good or service for which payment may be

made, in whole or in part, by federal healthcare programs, such as the Medicare and Medicaid programs. The term “remuneration” has been broadly interpreted to include anything of value, and the government can establish a violation of the Anti-Kickback Statute without proving that a person or entity had actual knowledge of the law or a specific intent to violate it. In addition, the government may assert that a claim, including items or services resulting from a violation of the Anti-Kickback Statute, constitutes a false or fraudulent claim for purposes of the federal civil False Claims Act. The Anti-Kickback Statute is subject to evolving interpretations and has been applied by government enforcement officials to a number of common business arrangements in the medical device industry. There are a number of statutory exceptions and regulatory safe harbors protecting certain business arrangements from prosecution under the Anti-Kickback Statute; however, those exceptions and safe harbors are drawn narrowly and there is no exception or safe harbor for many common business activities, such as reimbursement support programs, educational and research grants or charitable donations. The failure of a transaction or arrangement to fit precisely within one or more applicable statutory exceptions or regulatory safe harbors does not necessarily mean that it is illegal or that prosecution will be pursued. However, conduct and business arrangements that do not fully satisfy all requirements of an applicable safe harbor may result in increased scrutiny by government enforcement authorities and will be evaluated on a case-by-case basis based on a cumulative review of all facts and circumstances.

Federal Civil False Claims Act

The federal civil False Claims Act prohibits, among other things, persons or entities from knowingly presenting, or causing to be presented, a false or fraudulent claim for payment of government funds, or knowingly making, using or causing to be made or used a false record or statement material to a false or fraudulent claim to avoid, decrease or conceal an obligation to pay money to the federal government. A claim including items or services resulting from a violation of the Anti-Kickback Statute constitutes a false or fraudulent claim for purposes of the federal civil False Claims Act. Actions under the federal civil False Claims Act may be brought by the government or as a qui tam action by a private individual in the name of the government. These individuals, sometimes known as “relators” or, more commonly, as “whistleblowers,” may share in any amounts paid by the entity to the government in fines or settlement. The number of filings of qui tam actions has increased significantly in recent years. Qui tam actions are filed under seal and impose a mandatory duty on the U.S. Department of Justice to investigate such allegations. Most private citizen actions are declined by the Department of Justice or dismissed by federal courts. However, the investigation costs for a company can be significant and material even if the allegations are without merit. Various states have adopted laws similar to the federal civil False Claims Act, and many of these state laws are broader in scope and apply to all payors, and therefore, are not limited to only those claims submitted to the federal government. Medical device manufacturers and other healthcare companies also are subject to other federal false claims laws, including, among others, federal criminal healthcare fraud and false statement statutes that extend to non-government health benefit programs.

Healthcare Fraud Statute

HIPAA and its implementing regulations created federal criminal statutes that prohibit, among other things, knowingly and willfully executing, or attempting to execute, a scheme to defraud any healthcare benefit program, including private third-party payors knowingly and willfully falsifying, concealing or covering up a material fact or making any materially false, fictitious or fraudulent statement or representation, or making or using any false writing or document knowing the same to contain any materially false, fictitious or fraudulent statement or entry, in connection with the delivery of or payment for healthcare benefits, items or services. Similar to the Anti-Kickback Statute, a person or entity does not need to have actual knowledge of the statute or specific intent to violate it in order to have committed a violation.

Sunshine Act

The federal Physician Payments Sunshine Act requires certain manufacturers of drugs, devices, biologics and medical supplies for which payment is available under Medicare, Medicaid or the Children’s Health Insurance Program to report annually with certain exceptions to the Centers for Medicare & Medicaid Services, or CMS, information related to payments or other transfers of value made to physicians (as defined by statute), certain non-physician practitioners, including physician assistants, nurse practitioners, clinical nurse specialists, certified nurse anesthetists, anesthesiology assistants and certified nurse-midwives, and teaching hospitals, either directly or indirectly through a third party at the request of such physician, non-physician practitioner or teaching hospital, as well as ownership and investment interests held by physicians and their immediate family members.

Other State Laws

Certain states also mandate implementation of commercial compliance programs, impose restrictions on device manufacturer marketing practices and/or require tracking and reporting of gifts, compensation and other remuneration to healthcare professionals and entities.

State and federal regulatory and enforcement agencies continue to actively investigate violations of healthcare laws and regulations, and the U.S. Congress continues to strengthen the arsenal of enforcement tools. The Bipartisan Budget Act of 2018 (the “**BBA**”) increased the criminal and civil penalties that can be imposed for violating certain federal healthcare laws, including the Anti-Kickback Statute. Enforcement agencies also continue to pursue novel theories of liability under these laws. In particular, government agencies recently have increased regulatory scrutiny and enforcement activity with respect to manufacturer reimbursement support activities and other patient support programs, including bringing criminal charges or civil enforcement actions under the Anti-Kickback Statute, federal civil False Claims Act and violations of healthcare fraud and HIPAA privacy provisions.

Enforcement and Penalties for Noncompliance with Fraud and Abuse Laws and Regulations

Compliance with these federal and state laws and regulations requires substantial resources. If Orchestra’s operations are found to be in violation of any of the laws described above or any other governmental regulations that apply to it, Orchestra may be subject to significant civil, criminal and administrative penalties, damages, fines, imprisonment, disgorgement, exclusion from participation in government healthcare programs such as the Medicare and Medicaid programs, reputational harm, administrative burdens, diminished profits and future earnings, and the curtailment or restructuring of its operations. Companies settling federal civil False Claims Act, Anti-Kickback Statute and other fraud and abuse cases also may be required to enter into a Corporate Integrity Agreement with the U.S. Department of Health and Human Services Office of Inspector General in order to avoid exclusion from participation (*i.e.*, loss of coverage for their products) in federal healthcare programs such as Medicare and Medicaid. Corporate Integrity Agreements typically impose substantial costs on companies to ensure compliance.

For additional information regarding obligations under federal healthcare statutes and regulations, please see the section titled “*Risk Factors — Risks Related to Government Regulation and Our Industry — Our relationships with physicians, patients and payors in the United States and elsewhere may be subject, directly or indirectly, to applicable anti-kickback, fraud and abuse, false claims, transparency, and other healthcare laws and regulations.*”

United States Healthcare Reform

There have been and continue to be proposals by the federal government, state governments, regulators and third-party payors to control or manage the increased costs of healthcare and, more generally, to reform the U.S. healthcare system.

For example, in the United States, in March 2010, the Patient Protection and Affordable Care Act, as amended by the Health Care and Education and Reconciliation Act (collectively, the “**ACA**”), was enacted. The ACA contained a number of significant provisions, including those governing enrollment in federal healthcare programs, reimbursement changes and fraud and abuse measures, all of which impacted existing government healthcare programs and resulted in the development of new programs. The ACA also imposed an excise tax of 2.3% on the sale of most medical devices, which was suspended, effective January 1, 2016, and subsequently repealed, effective January 1, 2020.

In addition, other legislative changes have been proposed and adopted since the ACA was enacted. On August 2, 2011, the Budget Control Act of 2011 was signed into law, which, among other things, includes reductions to Medicare payments to providers of 2% per fiscal year, which went into effect on April 1, 2013 and, due to subsequent legislative amendments to the statute, including the BBA, will remain in effect through 2030, with the exception of a temporary suspension from May 1, 2020 through March 31, 2022, unless additional Congressional action is taken. Under current legislation, the actual reduction in Medicare payments varies from 1% from April 1, 2022 through June 30, 2022, to up to 3% in the final fiscal year of this sequester. On January 2, 2013, the American Taxpayer Relief Act of 2012 was signed into law, which, among other things, reduced Medicare payments to several providers, including hospitals, and increased the statute of limitations period for the government to recover overpayments to providers from three to five years.

Further, recently there has been heightened governmental scrutiny over the manner in which manufacturers set prices for their marketed products, which has resulted in several U.S. Congressional inquiries and proposed and enacted federal and state legislation designed to bring transparency to product pricing and reduce the cost of products and services under government healthcare programs. Additionally, regional healthcare authorities and individual hospitals are increasingly using bidding procedures to determine what products to purchase and which suppliers will be included in their healthcare programs.

We expect additional state, federal and foreign healthcare reform measures to be adopted in the future, any of which could limit the amounts that federal, state and foreign governments will pay for healthcare products and services, which could result in reduced demand for our products or additional pricing pressure.

For instance, in December 2021, the EU Regulation No 2021/2282 on Health Technology Assessment (“HTA”), amending Directive 2011/24/EU, was adopted. This regulation which entered into force in January 2022 intends to boost cooperation among EU member states in assessing health technologies, including some medical devices, and providing the basis for cooperation at the EU level for joint clinical assessments in these areas. The regulation foresees a three-year transitional period and will permit EU member states to use common HTA tools, methodologies, and procedures across the EU, working together in four main areas, including joint clinical assessment of the innovative health technologies with the most potential impact for patients, joint scientific consultations whereby developers can seek advice from HTA authorities, identification of emerging health technologies to identify promising technologies early, and continuing voluntary cooperation in other areas. Individual EU member states will continue to be responsible for assessing non-clinical (e.g., economic, social, ethical) aspects of health technologies, and making decisions on pricing and reimbursement.

Data Privacy and Security Laws

Numerous state, federal and foreign laws, regulations and standards govern the collection, use, access to, confidentiality and security of health-related and other personal information, and could apply now or in the future to our operations or the operations of our partners. In the United States, numerous federal and state laws and regulations, including data breach notification laws, health information privacy and security laws and consumer protection laws and regulations govern the collection, use, disclosure, and protection of health-related and other personal information. In addition, certain foreign laws govern the privacy and security of personal data, including health-related data. Privacy and security laws, regulations, and other obligations are constantly evolving, may conflict with each other to complicate compliance efforts, and can result in investigations, proceedings, or actions that lead to significant civil and/or criminal penalties and restrictions on data processing.

Employees

As of June 30, 2022, Orchestra had 42 employees engaged in finance, clinical, research and development, engineering, regulatory and administration functions. Orchestra anticipates that the number of employees will grow as it scales its research and development and clinical organizational capabilities. In addition, Orchestra utilizes and will continue to utilize consultants, clinical research organizations and third parties to perform its analytical and test method development, component and sub-assembly design and manufacturing, as well as preclinical studies, clinical studies, manufacturing and regulatory functions. Orchestra will use consultants and third-party analytical and design houses to complement internal capabilities and will utilize external manufacturing partners that have extensive experience in medical devices and dealing with regulatory bodies to provide components, assemblies and final product. Orchestra’s suppliers will have ISO 13485 approved quality systems (or have been approved for GMP manufacturing of pharmaceutical products).

None of Orchestra’s employees are represented by a labor union or covered under a collective bargaining agreement. Orchestra considers its employee relations to be good.

Facilities

Orchestra is the lessee of 5,461 square feet of office and laboratory space in New Hope, Pennsylvania. In January 2019, Orchestra signed a lease extension which added an additional 2,591 square feet to its existing lease. The new lease totals approximately 8,052 square feet and began in October 2019 and expires five years later in September 2024 at an annual rental of approximately \$209,230. The laboratories support research, development and

analytical functions of both formulation and device components of Virtue SAB. Orchestra will use these laboratories to perform all non-GMP analytical methods related to formulation characterization and release specifications (high performance liquid chromatography, dynamic light scattering, light obscuration, thermal analysis, etc.) as well as pilot scale production of formulation. Orchestra will also conduct engineering and device testing (burst, compliance, flow, dose delivery) and method development for Virtue SAB in this facility.

In November 2019, Orchestra entered into a lease agreement for approximately 5,200 square feet of office space in New York, New York. The lease will expire in March 2028. The monthly lease payments commenced five months after the date of the agreement. Simultaneously, as stipulated in the lease agreement, Orchestra obtained and delivered an unconditional, irrevocable letter of credit of approximately \$252,000 from a financial institution, which expires in October 2022.

In January 2020, Orchestra entered into an agreement for the use of portions of the premises of Motus GI, a related party, for office space in Fort Lauderdale, Florida. The agreement will expire in November 2024. The monthly fee commenced on the month following the date of the agreement. Monthly fees will be between approximately \$7,000 and \$23,000 for the period from commencement through termination. The amount paid is estimated to be proportionate to the percentage of space used by Orchestra applied to the monthly rent obligated to be paid by Motus GI to its landlord. As noted above, Orchestra currently has a minority equity interest in Motus GI and owns a royalty certificate that entitles Orchestra to certain royalty payments from Motus GI. In addition, David P. Hochman, Orchestra's chief executive officer, is currently Chairman of the board of directors of Motus GI and Darren R. Sherman also serves on the board of directors of Motus GI.

Legal Proceedings

Orchestra is not currently subject to any material legal proceedings. Orchestra may be subject to other legal proceedings and claims in the ordinary course of business. Orchestra cannot predict the results of any such disputes, and despite the potential outcomes, potential legal proceedings and claims may have an adverse material impact on it due to diversion of management time and attention as well as the financial costs related to resolving such disputes.

Piper Sandler & Co. Engagement

In January 2016, BackBeat engaged Piper Jaffray & Co. ("**Piper**") as its exclusive financial advisor with respect to potential strategic transactions involving BackBeat. In connection with this engagement, Piper is entitled to a fee in connection with the Medtronic Collaboration, including a standard and customary advisory fee based on the gross proceeds from Medtronic's investment in the Series D Financing.

Aegis Capital Corp. Engagement

On January 28, 2022, Orchestra entered into a Non-Exclusive Selling Agency Agreement with Aegis Capital Corp. ("**Aegis**", and such agreement, the "**Aegis Agreement**") pursuant to which Orchestra engaged Aegis as its non-exclusive selling agent in connection with the Series D Financing. Pursuant to the Aegis Agreement, Orchestra will pay Aegis at each closing under the Series D Financing a cash placement fee equal to six percent (6.0%) of the gross proceeds received from a pre-determined list of investors as well as new investors that Aegis sources in connection with the Series D Financing. Aegis is also entitled to reimbursement of reasonable documented out-of-pocket expenses, not to exceed \$100,000 in the aggregate.

EXECUTIVE AND DIRECTOR COMPENSATION OF ORCHESTRA

This section discusses the material components of the executive compensation program for Orchestra’s executive officers who would be Orchestra’s “named executive officers” if Orchestra was subject to the reporting requirements under the Exchange Act. We expect that at least some of these executive officers will be named executive officers of the combined business after the closing. For the fiscal year ending December 31, 2021, Orchestra’s “named executive officers” and their positions were as follows:

- David P. Hochman, Chief Executive Officer and Chairman of the Orchestra Board
- Darren R. Sherman, President, Chief Operating Officer and a Director of Orchestra
- Yuval Mika, Ph. D., General Manager and Chief Technology Officer, Bioelectronic Therapies

Unless the context otherwise requires, all references in this section to the “Company,” “Orchestra,” or “it” refer to the business of Orchestra BioMed, Inc. and its subsidiaries prior to the consummation of the Business Combination and to New Orchestra and its subsidiaries after the Business Combination. References in this section to “common stock” refer to Orchestra Common Stock. This discussion may contain forward-looking statements that are based on Orchestra’s current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that Orchestra adopts following the completion of the Business Combination may differ materially from the currently planned programs summarized in this discussion. All share counts in this section are shown on a pre-Business Combination basis.

HSAC2 is, and after the Business Combination, New Orchestra will be, an emerging growth company and a smaller reporting company. Therefore, Orchestra is and New Orchestra will be subject to reduced disclosure obligations regarding executive compensation and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and shareholder non-binding advisory approval of any golden parachute payments not previously approved.

Narrative Disclosure to Summary Compensation Table

Overview

The primary elements of compensation for Orchestra's named executive officers are base salary, annual performance bonuses and equity awards. Orchestra's named executive officers also participate in employee benefit plans and programs that Orchestra offers to its other employees, as described below. Orchestra's executive compensation program is designed to attract, retain and reward key employees, to incentivize them based on the achievement of key performance goals, and to align their interests with the interests of Orchestra stockholders.

Annual Base Salary

The salaries of Orchestra's named executive officers are specified in their respective employment agreements, which were negotiated with Orchestra's executive officers in connection with the formation of the business through mergers that were completed on May 31, 2018 with each of (i) Caliber Therapeutics, Inc., (ii) BackBeat Medical, Inc. and (iii) FreeHold Surgical, Inc.

Non-Equity Incentive Compensation

Orchestra's named executive officers are entitled to receive bonuses pursuant to the terms of their respective employment agreements. Under the terms of these employment agreements, the amounts of these bonuses and the performance metrics and goals required to receive those bonus amounts are determined by the Orchestra Board based on appropriate comparative benchmarks.

For 2021, annual bonuses for Orchestra's named executive officers were based on progress made (i) by the focal therapies group with respect to certain clinical, regulatory and other matters; (ii) by the bioelectronic therapies group with respect to partnering, clinical studies, product development, clinical and regulatory development and research; and (iii) relating to (a) financing and potentially becoming a public company, (b) auditing matters and reporting matters and (c) strategy, marketing and business development.

For 2021, the target bonus for each of Messrs. Hochman and Sherman was 100% of their respective base salaries, and the target bonus for Dr. Mika was 35% of his base salary. Based on Orchestra's progress against the performance goals set by its compensation committee, the compensation committee determined to pay each of its named executive officers 70% of their target bonuses for 2021. The actual annual cash bonuses awarded to each named executive officer for 2021 performance are set forth above in the Summary Compensation Table in the column titled "*Non-Equity Incentive Plan Compensation*."

Equity-Based Incentive Awards

Orchestra's equity-based incentive awards are designed to align its interests and the interests of its stockholders with those of its employees and consultants, including the named executive officers. The Orchestra Board is responsible for approving equity grants based on recommendations of the compensation committee. As described below, each of the named executive officers is entitled to certain equity awards pursuant to the terms of his employment agreement.

In June 2021, Orchestra Board granted 31,703 restricted stock units to Mr. Hochman and 15,582 restricted stock units to Mr. Sherman. These equity awards were granted as part of the named executive officers' bonuses for 2020, a portion of which the named executive officers agreed would be paid in equity to help preserve Orchestra's cash. One hundred percent of the restricted stock units granted pursuant to these awards vested on the date of grant.

All equity awards have been made under the Orchestra BioMed, Inc. 2018 Stock Incentive Plan (the "**Orchestra 2018 Plan**").

Employment Agreements with Orchestra's Named Executive Officers

Each of Orchestra's named executive officers is party to an employment agreement with Orchestra that sets forth the terms and conditions of their employment. Each such agreement provides for "at will" employment. The material terms of the employment agreements with the named executive officers are described below.

Certain Provisions in Employment Agreement of David P. Hochman

On May 31, 2018, Orchestra entered into an employment agreement with David P. Hochman that governs the terms of his employment with Orchestra as its Chief Executive Officer. Pursuant to the agreement, Mr. Hochman receives an annual base salary of \$395,000. In addition to this base compensation, Mr. Hochman is eligible to receive a discretionary annual bonus during each fiscal year of his employment, such amount, and the performance metrics and goals required to receive such amount, to be determined by the Orchestra Board based on appropriate comparative benchmarks. The agreement also provides that he receive common stock or options to acquire common stock (at his election) in the amount of four percent of the fully-diluted shares of Orchestra Common Stock as of the date of the final closing of the private placement of Orchestra's Series B Preferred Stock (the "**Hochman Series B Grant**"). In accordance with the Hochman Series B Grant, Mr. Hochman was (i) granted options to purchase 567,357 shares of common stock at an exercise price of \$2.00 per share on August 7, 2018 and (ii) 100,000 shares of restricted stock on August 7, 2019, which shares were issued late due to an administrative omission (the Orchestra Board determined to vest all of these shares immediately in light of the delay in their issuance). The final closing of Orchestra's private placement of Series B Preferred Stock did not take place until October 18, 2018, and Mr. Hochman was granted 119,021 shares of restricted stock in August 2019 pursuant to the Hochman Series B Grant.

In addition, Mr. Hochman's employment agreement provides that he is to receive common stock or options to acquire common stock (at his election), in an amount such that, together with the options and restricted stock issued pursuant to the Hochman Series B Grant, he will have received common stock or options to acquire common stock in an amount equal to four percent of the fully-diluted shares of Orchestra Common Stock as of the Follow-On Offering Date, which is the earlier of (A) the date of the final closing of a Follow-On Offering (as such term is defined in the Investors' Rights Agreement, dated May 31, 2018, by and among Orchestra and investors signatory thereto, as amended (the "**Investors' Rights Agreement**")) and (B) the effective date of Orchestra's first firm commitment public offering of its common stock under the Securities Act. Orchestra's private placement of Series B-1 Preferred Stock would have qualified as a Follow-On Offering; however, pursuant to the terms of the Investors' Rights Agreement, the Orchestra Board and Orchestra's stockholders waived the treatment of the Series B-1 Preferred Stock offering as a Follow-On Offering. The Series D Financing qualified as a Follow-On Offering, and, accordingly, Mr. Hochman received 1,343,327 options at the closing of the Series D Financing.

Certain Provisions in Employment Agreement of Darren R. Sherman

On May 31, 2018, Orchestra entered into an employment agreement with Darren R. Sherman that governs the terms of his employment with Orchestra as its President and Chief Operating Officer. Pursuant to the agreement, Mr. Sherman receives an annual base salary of \$395,000. In addition to this base compensation, Mr. Sherman is eligible to receive a discretionary annual bonus during each fiscal year of his employment, such amount, and performance metrics and goals required to receive such amount, to be determined by the Orchestra Board based on appropriate comparative benchmarks. The agreement also provides that he receive common stock or options to acquire common stock (at his election) in the amount of four percent of the fully-diluted shares of Orchestra Common Stock as of the date of the final closing of the private placement of Orchestra's Series B Preferred Stock (the "**Sherman Series B Grant**"). In accordance with the Sherman Series B Grant, Mr. Sherman was granted options to purchase 667,357 shares of common stock at an exercise price of \$2.00 per share on August 7, 2018. The final closing of Orchestra's private placement of Series B Preferred Stock did not take place until October 18, 2018, and Mr. Sherman was granted 119,021 shares of restricted stock in August 2019 pursuant to the Sherman Series B Grant.

In addition, Mr. Sherman's employment agreement provides that he is to receive common stock or options to acquire common stock (at his election), in an amount such that, together with the options and restricted stock issued pursuant to the Sherman Series B Grant, he will have received common stock or options to acquire common stock in an amount equal to four percent of the fully-diluted shares of Orchestra Common Stock as of the Follow-On Offering Date, which is the earlier of (i) the date of the final closing of a Follow-On Offering (as such term is defined in the Investors' Rights Agreement) and (ii) the effective date of Orchestra's first firm commitment public offering of its common stock under the Securities Act. Orchestra's private placement of Series B-1 Preferred Stock would have qualified as a Follow-On Offering; however, pursuant to the terms of the Investors' Rights Agreement, the Orchestra Board and Orchestra's stockholders waived the treatment of the Series B-1 Preferred Stock offering as a Follow-On Offering. The Series D Financing qualified as a Follow-On Offering, and, accordingly, Mr. Sherman received 1,343,327 options at the closing of the Series D Financing.

Board Membership Provisions under Messrs. Hochman and Sherman's Employment Agreements

Orchestra's employment agreements with each of Messrs. Hochman and Sherman provide that they each serve as a member of the Orchestra Board. Subject to the terms and conditions of their respective employment agreements, with respect to each of Messrs. Hochman and Sherman, in the event that he is terminated as Chief Executive Officer (with respect to Mr. Hochman) or President and Chief Operating Officer (with respect to Mr. Sherman) under his employment other than for Cause (as defined below), he will be entitled to remain a director until the end of his term.

Provisions Applicable to Option Awards Made Under each of Messrs. Hochman and Sherman's Employment Agreements

Any option grant made under the employment agreements of each of Messrs. Hochman and Sherman has (or will have) the following terms:

- upon a Change of Control (as defined below) of Orchestra, any unvested options will become fully vested; and
- if the executive is terminated without Cause, or voluntarily terminates his employment with Good Reason (as defined below), any unvested options will become fully vested.

Termination and Severance Provisions under Messrs. Hochman and Sherman's Employment Agreements

With respect to the each of Messrs. Hochman and Sherman, if Orchestra terminates his employment without Cause (as defined below), if he voluntarily resigns with Good Reason (as defined below) or his employment terminates due to his death, (i)(a) Orchestra will pay him (or his estate) his base salary accrued and unpaid through the date of his termination and (b) Orchestra will reimburse him (or his estate) for any properly incurred expense (collectively, "**Accrued Obligations**"), (ii) provided that he signs a customary release, Orchestra will continue to pay him (or his estate) his then-effective base salary for a period of twelve months beginning on the date such termination becomes effective and (iii) he will have 12 months to exercise vested stock options. If either Mr. Hochman or Mr. Sherman is terminated for Cause or resigns without Good Reason, Orchestra will pay him the Accrued Obligations.

Definition of Cause under Messrs. Hochman and Sherman's Employment Agreements

Orchestra may terminate each of Mr. Hochman or Mr. Sherman immediately upon the occurrence of the following events, which constitute "Cause" under each of their employment agreements:

- executive's breach of any of his obligations under the restrictive covenants section of his employment agreement;
- executive's breach of any of his obligations under his employment agreement (other than the restrictive covenants section of his agreement), which, to the extent curable, has not been cured within 30 days after the executive has been provided written notice of such breach;
- executive being convicted of, or pleading guilty or nolo contendere to, or being indicted for, any felony or any misdemeanor involving theft, fraud, dishonesty or moral turpitude; or
- fraud or embezzlement against Orchestra.

Definition of Good Reason under Messrs. Hochman and Sherman's Employment Agreements

"Good Reason" means each of:

- Orchestra's alteration of executive's title, role, work description or responsibilities without the prior express written consent of executive;
- the failure to pay any of Orchestra's obligations owed to the executive under his employment agreement (subject to a cure period of five business days);
- Orchestra's requirement that the executive relocate from Greenwich, Connecticut in the case of Mr. Hochman or Fort Lauderdale, Florida in the case of Mr. Sherman;

- Orchestra's performance of any illegal or civilly actionable act that materially damages the executive's reputation or is considered harassment under federal or applicable state law, as determined by a court of competent jurisdiction in a final, non-appealable adjudication; or
- a liquidation, bankruptcy or receivership of Orchestra.

Certain Provisions in Employment Agreement of Yuval Mika, Ph. D.

On May 31, 2018, Orchestra entered into an employment agreement with Yuval Mika that governs the terms of his employment with Orchestra as its General Manager and Chief Technology Officer, Bioelectronic Therapies. Pursuant to the agreement, Dr. Mika receives an annual base salary of \$388,800. In addition to this base compensation, Dr. Mika is eligible to receive a discretionary annual bonus during each fiscal year of his employment, such amount, and performance metrics and goals required to receive such amount, to be determined by the Orchestra Board based on appropriate comparative benchmarks. The agreement also provides that he receive common stock or options to acquire common stock (at his election) in the amount of one-and-a-half percent (1.50%) of the fully-diluted shares of Orchestra Common Stock as of the date of the final closing of the private placement of Orchestra's Series B Preferred Stock (the "**Mika Series B Grant**"). In accordance with the Mika Series B Grant, Dr. Mika was granted options to purchase 250,259 shares of common stock at an exercise price of \$2.00 per share on August 7, 2018. Since the final closing of Orchestra's private placement of Series B Preferred Stock did not take place until October 18, 2018, Dr. Mika was entitled to additional equity awards pursuant to the Mika Series B Grant, which were granted in August 2019.

In addition, Dr. Mika's employment agreement provides that he is to receive common stock or options to acquire common stock (at his election), in an amount such that, together with the options and restricted stock issued pursuant to the Mika Series B Grant, he will have received common stock or options to acquire common stock in an amount equal to one-and-a-half percent of the fully-diluted shares of Orchestra Common Stock as of the Follow-On Offering Date, which is the earlier of (i) the date of the final closing of a Follow-On Offering (as such term is defined in the Investors' Rights Agreement) and (ii) the effective date of Orchestra's first firm commitment public offering of its common stock under the Securities Act. Orchestra's private placement of Series B-1 Preferred Stock would have qualified as a Follow-On Offering; however, pursuant to the terms of the Investors' Rights Agreement, Orchestra's Board of Directors and its stockholders waived the treatment of the Series B-1 Preferred Stock offering as a Follow-On Offering. The Series D Financing qualified as a Follow-On Offering, and, accordingly, Dr. Mika received 503,746 options at the closing of the Series D Financing.

In the event that Orchestra employs Dr. Mika at the time of the consummation of a licensing arrangement, distribution agreement or asset sale related to the BackBeat Cardiac Neuromodulation Therapy product of its Cardiac Neuromodulation business unit (a "**Strategic Transaction**"), Dr. Mika will be entitled to a cash bonus out of net cash proceeds Orchestra receives as a result of such Strategic Transaction over the entire term of such Strategic Transaction (less taxes and other required withholdings) equal to 0.75% of the net proceeds up to \$250.0 million, 1% of the net proceeds over \$250.0 million up to \$500.0 million, and 1.25% of the net proceeds over \$500.0 million (the "**Strategic Bonus Amount**"). Dr. Mika's entitlement to the Strategic Bonus Amount will vest as follows: 33% immediately upon closing of such Strategic Transaction and 67% on an annual basis over two years (with the first vesting date being the first anniversary of the consummation of the Strategic Transaction) such that one-third of the Strategic Bonus Amount shall be paid within 30 days of each such vesting date. If Dr. Mika is terminated without "Cause" (as defined below) any unvested portion of the Strategic Bonus Amount shall become fully vested and Dr. Mika will be paid any remaining vested amounts within 90 days of such termination. If Dr. Mika is terminated for Cause, or his employment terminates due to his death or disability or if he voluntarily resigns, then any unvested portions of the Strategic Bonus Amount shall be immediately forfeited, and Dr. Mika will have no right to the payment of the Strategic Bonus Amount.

Any option grant made under Dr. Mika's employment agreement has (or will have) the following terms:

- upon a Change of Control (as defined below) of Orchestra, any unvested options will become fully vested;
- if Dr. Mika is terminated without Cause (as defined below), any unvested options will become fully vested; and
- if all of the assets related to BackBeat Medical, LLC are sold, any unvested options will become fully vested.

If Orchestra terminates Dr. Mika's employment without Cause, (i) Orchestra will pay him Accrued Obligations, (ii) provided that he signs a customary release, Orchestra will continue to pay him his then-effective base salary for a period of six months beginning on the date such termination becomes effective, or the Mika Severance Obligations, (iii) he will have 12 months to exercise vested stock options and (iv) if the termination occurs following a Strategic Transaction, he will be entitled to the remaining unpaid Strategic Bonus Amount. If Dr. Mika's employment terminates due to his death or disability, Orchestra will pay him (or his estate) the Accrued Obligations and the Mika Severance Obligations. If Dr. Mika is terminated for Cause, Orchestra will pay him the Accrued Obligations.

Definition of Cause under Dr. Mika's Employment Agreement

Orchestra may terminate Dr. Mika's employment immediately upon the occurrence of the following events, which constitute "Cause" under his employment agreement:

- gross negligence or willful misconduct in performance of Dr. Mika's duties under his employment agreement;
- after written notice to Dr. Mika setting forth in reasonable detail the basis for such termination, upon Dr. Mika's material breach of any of his obligations under his employment agreement (other than those under the restrictive covenants section of his employment agreement);
- Dr. Mika's failure to obey a material lawful directive that is from the Orchestra Board and is appropriate to his position;
- Dr. Mika's material breach of any of his obligations under the restrictive covenants section of his employment agreement;
- Dr. Mika being convicted of, or pleading guilty or nolo contendere to, or being indicted for, any felony or any misdemeanor involving theft, fraud, dishonesty or moral turpitude;
- fraud or embezzlement against Orchestra; or
- any other act or omission that results, or could reasonably be expected to result, in material harm to Orchestra's business, reputation or prospects.

Vesting Provisions Applicable to All Named Executive Officer Employment Agreements

All options and restricted stock granted pursuant to Orchestra's named executive officers' employment agreements vest as follows: 33% of any options or restricted stock awarded will be fully vested at the time of the award and 67% will vest on a quarterly basis over three years, with the first vesting date being the end of the first calendar quarter after the date of the award.

Definition of "Change of Control" Applicable to All Named Executive Officer Employment Agreements

"Change of Control" means the consummation of any one of the following events:

- a sale, lease, transfer or other disposition of all or substantially all of Orchestra's assets;
- a consolidation or merger of Orchestra with or into any other corporation or other entity or person, or any other corporate reorganization, in which the stockholders of Orchestra immediately prior to such consolidation, merger or reorganization, own less than 50% of Orchestra's outstanding voting power of the surviving entity following the consolidation, merger or reorganization; or
- any transaction (or series of related transactions involving a person or entity, or a group of affiliated persons or entities) in which in excess of 50% of Orchestra's then-outstanding voting power is transferred, excluding any consolidation or merger effected exclusively to change the domicile of Orchestra and excluding any such change of voting power resulting from a bona fide equity financing event or public offering of the stock of Orchestra.

It is not expected that the Business Combination will result in a Change of Control.

Restrictive Covenant Obligations Applicable to All Named Executive Officer Employment Agreements

Pursuant to their employment agreements, each of Orchestra’s named executive officers is subject to a one-year post-termination non-solicitation of employees covenant, in addition to his obligations, including a perpetual non-disparagement covenant, under his confidential information and intellectual property assignment agreement.

Orchestra BioMed, Inc. 2018 Stock Incentive Plan

General

The purposes of the Orchestra 2018 Plan are (i) to attract and retain the best available personnel to ensure Orchestra’s success and accomplish its goals; (ii) to incentivize employees, directors, and consultants with long-term, equity-based compensation to align their interests with the interests of Orchestra’s stockholders; and (iii) to promote the success of Orchestra’s business. The Orchestra Board and its stockholders approved the Orchestra 2018 Plan on August 7, 2018, and it became effective immediately. The Orchestra 2018 Plan provides for grants of incentive and nonqualified stock options, restricted and unrestricted stock awards and restricted stock unit awards, or collectively, stock awards, to Orchestra employees, directors or consultants or the employees, directors, and consultants of Orchestra’s affiliates; *provided, however*, incentive stock options may be granted only to Orchestra employees or employees of its subsidiary corporations as required under Section 422 of the Internal Revenue Code of 1986, as amended, or the Code.

Authorized Shares

A total of 9,313,260 shares of Orchestra Common Stock are reserved for issuance under the Orchestra 2018 Plan of which 4,277,785 were subject to outstanding awards as of August 1, 2022. Following the effectiveness of the 2022 Plan, no further equity awards may be granted under the Orchestra 2018 Plan. Shares issued under the Orchestra 2018 Plan may be authorized but unissued shares or reacquired shares, including shares Orchestra acquires on the open market or otherwise or shares that Orchestra holds in treasury or trust. In addition, shares withheld in connection with payment of any exercise price or satisfaction of withholding taxes shall again be available for issuance under the Orchestra 2018 Plan. Notwithstanding any other limits on the number of shares that may be issued under the Orchestra 2018 Plan, no more than 9,313,260 shares may be issued pursuant to incentive stock options.

Administration

The Compensation Committee of the Orchestra Board (or, in lieu of its compensation committee, the entire Orchestra Board) will administer the Orchestra 2018 Plan. In addition, if Orchestra determines it is desirable to qualify transactions under the Orchestra 2018 Plan as exempt under Rule 16b-3, such transactions will be structured to satisfy the requirements for exemption under Rule 16b-3. Subject to the provisions of the Orchestra 2018 Plan, the administrator will have the power to administer the Orchestra 2018 Plan and make all determinations deemed necessary or advisable for administering the Orchestra 2018 Plan, such as the power to determine the fair market value of Orchestra Common Stock, select the service providers to whom awards may be granted, determine the number of shares covered by each award, approve forms of award agreements for use under the Orchestra 2018 Plan, determine the terms and conditions of awards (such as the exercise price, the times or times at which the awards may be exercised, any vesting acceleration or waiver or forfeiture restrictions, and any restriction or limitation regarding any award or the shares relating thereto), construe and interpret the terms of the Orchestra 2018 Plan and awards granted under it, to prescribe, amend, and rescind rules relating to the Orchestra 2018 Plan, including creating sub-plans, and to modify or amend each award, such as the discretionary authority to extend the post-termination exercisability period of awards (provided that no option will be extended past its original maximum term). The administrator also will have the authority to institute an exchange program pursuant to which outstanding options are bought out for a payment in cash or shares, based on such terms and conditions as the administrator may establish. The administrator's decisions, interpretations, and other actions will be final and binding on all participants. The Orchestra 2018 Plan is governed by Delaware law and includes provisions to assure compliance with applicable data privacy laws.

Stock Options

Both incentive stock options and nonqualified stock options may be granted under the Orchestra 2018 Plan. Options granted to U.S. taxpayers must have an exercise price no less than 100% of fair market value of the covered shares of Orchestra Common Stock on the date of grant, unless the options have a fixed exercise date, and a maximum ten-year term. For incentive stock options granted to any participant who owns more than 10% of the voting power of all classes of Orchestra's outstanding stock, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date. The administrator will determine the methods of payment of the exercise price of an option, which may include cash, shares or other property acceptable to the administrator, as well as other types of consideration permitted by applicable law. After the termination of service of an employee, director or consultant, he or she may exercise his or her option for the period of time stated in his or her option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for 12 months. If termination is for cause, the option will immediately expire and may not be exercised. In all other cases, the option will generally remain exercisable for 90 days following the termination of service. Notwithstanding those periods, in no event may an option be exercised later than the expiration of its term. Subject to the provisions of the Orchestra 2018 Plan, the administrator determines the other terms of options.

Restricted and Unrestricted Stock

Restricted and unrestricted stock may be granted under the Orchestra 2018 Plan. Restricted stock awards are grants of shares of Orchestra Common Stock that vest in accordance with terms and conditions established by the administrator whereas unrestricted stock awards are fully vested on grant. The administrator will determine the number of shares of restricted or unrestricted stock granted to any employee, director or consultant and, subject to the provisions of the Orchestra 2018 Plan, will determine the terms and conditions of such awards. In the case of restricted stock awards, the administrator may impose whatever conditions for lapse of the restriction on the shares it determines to be appropriate (for example, the administrator may set restrictions based on the achievement of specific performance goals or continued service to Orchestra); *provided, however*, that the administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. Recipients of restricted stock awards generally will have voting and dividend rights with respect to such shares upon grant without regard to the restriction, unless the administrator provides otherwise. Shares of restricted stock as to which the restrictions have not lapsed are subject to Orchestra's right of repurchase or forfeiture.

Restricted Stock Units

Restricted stock units may be granted under the Orchestra 2018 Plan. Restricted stock units are bookkeeping entries representing an amount equal to the fair market value of one share of Orchestra Common Stock. Subject to the provisions of the Orchestra 2018 Plan, the administrator will determine the terms and conditions of restricted stock units, including the vesting criteria (which may include accomplishing specified performance criteria or continued service to Orchestra) and the form and timing of payment. Notwithstanding the foregoing, the administrator, in its sole discretion, may accelerate the time at which any restricted stock units will vest.

Transferability

Unless the administrator provides otherwise, the Orchestra 2018 Plan generally does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime. If the administrator makes an award transferable, such award will contain such additional terms and conditions as the administrator deems appropriate.

Adjustments upon Certain Events

In the event of certain changes in Orchestra's capitalization, to prevent diminution or enlargement of the benefits or potential benefits available under the Orchestra 2018 Plan, the administrator will adjust the number and class of shares that may be delivered under the Orchestra 2018 Plan and/or the number, class and price of shares covered by each outstanding award and the numerical share limits set forth in the Orchestra 2018 Plan. In general, in the event of Orchestra's proposed liquidation or dissolution, all awards will terminate immediately prior to the consummation of such proposed transaction.

Change in Control

The Orchestra 2018 Plan provides that in the event of a change in control, as defined under the Orchestra 2018 Plan, each outstanding award will be treated as the administrator determines, without obtaining the approval of Orchestra stockholders or any participant's consent. Such treatment may include vesting acceleration, settlement, cash-out, or termination of awards, or such other treatment as the administrator may determine. The administrator is not required to treat all awards, all awards held by a participant, or all awards of the same type, similarly.

Forfeiture and Clawback

All awards granted under the Orchestra 2018 Plan will be subject to recapture or reimbursement to the extent the participant benefitted from financial results that were subsequently the subject of a material financial restatement. In addition, awards are subject to termination, rescission or recapture in the event the participant misuses Orchestra's confidential or proprietary information or violates specified restrictive covenants.

Amendment, Termination

The administrator will have the authority to amend, suspend or terminate the Orchestra 2018 Plan provided such action will not impair the existing rights of any participant. The Orchestra 2018 Plan will automatically terminate in 2028, unless we terminate it sooner.

2022 Equity Incentive Plan

HSAC2 has adopted and is seeking shareholder approval of the 2022 Plan. We expect that, if shareholders approve the 2022 Plan and the 2022 Plan becomes effective, awards will be made following the Business Combination. Please see the section entitled "*Proposal 8 — The Equity Incentive Plan Proposal*" for a summary of the material terms of the Equity Incentive Plan.

Defined Contribution Plan

Orchestra currently maintains a 401(k) retirement savings plan, or the 401(k) plan, for its employees, including its named executive officers, who satisfy certain eligibility requirements. The 401(k) plan is intended to qualify as a tax-qualified plan under Section 401(k) of the Code. Orchestra's named executive officers are eligible to participate in the 401(k) plan on the same basis as its other employees. The Code allows eligible employees to defer a portion of their compensation, within prescribed limits, on a pre-tax basis through contributions to the 401(k) plan. Orchestra reserves the right to make discretionary matching contributions or non-elective contributions under the 401(k) plan. In 2021, Orchestra did not provide a matching contribution or a non-elective contribution under the 401(k) plan.

Orchestra does not maintain any defined benefit pension plans.

Nonqualified Deferred Compensation

Orchestra does not maintain any nonqualified deferred compensation plans.

Director Compensation

Orchestra has historically provided equity-based compensation to certain of its directors for the time and effort necessary to serve as a member of the Orchestra Board.

Following the closing of the Business Combination, New Orchestra intends to develop a director compensation program that is designed to align compensation with its business objectives and the creation of stockholder value, while enabling New Orchestra to attract, retain, incentivize and reward directors who contribute to the long-term success of New Orchestra.

Family Relationships

There are no family relationships among any of the individuals who shall serve as the directors or executive officers of New Orchestra following the consummation of the Business Combination.

Composition of the New Orchestra Board

New Orchestra's business and affairs will be managed under the direction of the New Orchestra Board. New Orchestra anticipates that the New Orchestra Board will consist of seven members upon Closing of the Business Combination. Mr. Hochman will serve as Chairperson of the New Orchestra Board. Mr. Fain will serve as the lead independent director of New Orchestra. The primary responsibilities of the New Orchestra Board will be to provide oversight, strategic guidance, counseling and direction to New Orchestra's management. The New Orchestra Board will meet on a regular basis and on an ad hoc basis as required.

In accordance with the terms of the Proposed Charter and the Proposed Bylaws, each of which will become effective immediately prior to and upon the completion of the Business Combination, the New Orchestra Board will be divided into three classes with staggered three-year terms, as follows:

- The Class I directors will be Eric A. Rose, M.D. and Jason Aryeh, and their term will expire at the annual meeting of stockholders to be held in 2023;
- The Class II directors will be Pamela Y. Connealy and Geoffrey W. Smith, and their term will expire at the annual meeting of stockholders to be held in 2024; and
- The Class III directors will be David P. Hochman, Darren R. Sherman and Eric S. Fain, M.D., and their term will expire at the annual meeting of stockholders to be held in 2025.

At each annual meeting of stockholders to be held after the initial classification, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election. The authorized number of directors that shall constitute the New Orchestra Board will be determined exclusively by the New Orchestra Board. Any increase or decrease in the number of directors will be apportioned among the three classes so that, as nearly equal as practicable, each class will consist of one-third of the directors. No decrease in the number of directors constituting the New Orchestra Board will shorten the term of any incumbent director. New Orchestra's directors may be removed, at any time, but only for cause and only by the affirmative vote of at least a majority of the total voting power of the outstanding shares of voting stock of New Orchestra then entitled to vote at an election of directors.

Subject to applicable law and the Proposed Charter and subject to the rights of the holders of any series of New Orchestra Preferred Stock, any vacancy on the New Orchestra Board shall be filled only by the New Orchestra Board and not by the stockholders of New Orchestra. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the full term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified.

Director Independence

Nasdaq rules generally require that independent directors must comprise a majority of a listed company's board of directors. Based upon information requested from and provided by each proposed director concerning his or her background, employment and affiliations, including family relationships, we have determined that each of Messrs. Rose, Aryeh, Smith and Fain and Ms. Connealy, representing a majority of New Orchestra's proposed directors, will be "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. Mr. Fain will serve as the lead independent director of New Orchestra. In making these determinations, the Board considered the current and prior relationships that each non-employee director has with Orchestra and all other facts and circumstances the Board deemed relevant in determining their independence, including the beneficial ownership of Orchestra capital stock by each non-employee director, and the transactions involving them described in the section titled "*Certain Relationships and Related Transactions — Orchestra.*"

Role of Board in Risk Oversight Process

The New Orchestra Board will have extensive involvement in the oversight of risk management related to New Orchestra and its business as a whole, including its strategy, business performance, capital structure, management selection, compensation programs, stockholder engagement, corporate reputation, environmental, social, and governance matters, and ethical business practices. The New Orchestra Board will discharge various aspects of its oversight responsibilities through its standing committees, which will in turn report to the New Orchestra Board regularly regarding their activities. The audit committee will represent the New Orchestra Board by periodically reviewing New Orchestra's accounting, reporting and financial practices, including the integrity of its financial statements and the surveillance of administrative and financial controls, as well as enterprise risk management, cyber risk and review of related party transactions. Through its regular meetings with management, including the finance, legal, internal audit and information technology functions, the audit committee will review and discuss all significant areas of New Orchestra's business and summarize for the New Orchestra Board all areas of risk and the appropriate mitigating factors. The nominating and corporate governance committee will provide oversight over

compliance with legal and regulatory requirements, ethics and whistleblower matters. The compensation committee will review the company's incentive compensation arrangements to determine whether they encourage excessive risk-taking and discuss with management the relationship between risk management policies and practices and compensation. In addition, the New Orchestra Board will receive periodic detailed operating performance reviews from management.

Committees of the New Orchestra Board

Upon the consummation of the Business Combination, the New Orchestra Board will reconstitute its audit committee, compensation committee and nominating and corporate governance committee. The board of directors will adopt a new charter for each of these committees, which will comply with the applicable requirements of current SEC and Nasdaq rules. New Orchestra intends to comply with future requirements to the extent applicable. Following the consummation of the Business Combination, copies of the charters for each committee will be available on the investor relations portion of New Orchestra's website. The New Orchestra Board may from time to time establish other committees.

Audit Committee

Upon the completion of the Business Combination, the members of our audit committee will be Pamela Y. Connealy, Geoffrey W. Smith and Jason Aryeh, with Pamela Y. Connealy serving as the chairperson. The composition of New Orchestra's audit committee will meet the requirements for independence under the current Nasdaq listing standards and SEC rules and regulations. Each member of New Orchestra's audit committee is financially literate. In addition, following the Business Combination, the New Orchestra Board will determine which member of its audit committee is an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K. This designation does not impose on either any duties, obligations or liabilities that are greater than are generally imposed on members of our audit committee and the board of directors. The New Orchestra audit committee will be directly responsible for, among other things:

- selecting a firm to serve as the independent registered public accounting firm to audit our financial statements;
- ensuring the independence of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing, with management and that firm, our interim and year-end operating results;
- establishing procedures for employees to anonymously submit concerns about questionable accounting or audit matters;
- considering the adequacy of our internal controls and internal audit function;
- reviewing material related party transactions or those that require disclosure; and
- approving or, as permitted, pre-approving all audit and non-audit services to be performed by our independent registered public accounting firm.

Compensation Committee

Upon the completion of the Business Combination, the members of New Orchestra's compensation committee will be Eric Fain, Geoffrey W. Smith and Eric Rose, with Eric Fain serving as the chairperson. Each member of this committee is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Code, and meets the requirements for independence under the current Nasdaq listing standards. The New Orchestra compensation committee will be responsible for, among other things:

- reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;
- reviewing and recommending to our board of directors the compensation of our directors;
- administering our stock and equity incentive plans;

[Table of Contents](#)

- reviewing and approving, or making recommendations to our board of directors with respect to, incentive compensation and equity plans; and
- reviewing our overall compensation philosophy.

Nominating and Corporate Governance Committee

Upon the completion of the Business Combination, the members of New Orchestra's nominating and governance committee will be Jason Aryeh, Eric Fain and Eric Rose, with Jason Aryeh serving as the chairperson. Each of Jason Aryeh, Eric Fain and Eric Rose meets the requirements for independence under the current Nasdaq listing standards. The New Orchestra nominating and governance committee is responsible for, among other things:

- identifying and recommending candidates for membership on our board of directors;
- reviewing and recommending our corporate governance guidelines and policies;
- reviewing proposed waivers of the code of conduct for directors and executive officers;
- overseeing the process of evaluating the performance of our board of directors; and
- assisting our board of directors on corporate governance matters.

Code of Ethics

New Orchestra will adopt a code of ethics that applies to all of its employees, officers and directors, including its principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. Upon completion of the Business Combination, the full text of New Orchestra's code of ethics will be posted on the investor relations section of its website. New Orchestra intends to disclose future amendments to its code of business conduct and ethics, or any waivers of such code, on its website.

Limitation of Liability and Indemnification of Directors and Officers

The Proposed Charter and the Proposed Bylaws, which will be effective upon consummation of the Domestication, will limit a director's and officer's liability to the fullest extent permitted under the DGCL. The DGCL provides that directors and officers of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors or officers, except for liability:

- for any transaction from which the director or officer derives an improper personal benefit;
- for any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- for a director under Section 174 of the DGCL;
- for any breach of a duty of loyalty to the corporation or its stockholders; or
- for an officer in any action by or in the right of the corporation.

If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of the directors and officers will be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Delaware law and the Proposed Bylaws provide that New Orchestra will, in certain situations, indemnify its directors and officers and may indemnify other employees and other agents, to the fullest extent permitted by law. Any indemnified person is also entitled, subject to certain limitations, to advancement, direct payment, or reimbursement of reasonable expenses (including attorneys' fees and disbursements) in advance of the final disposition of the proceeding.

In addition, New Orchestra will enter into separate indemnification agreements with each of its directors and officers. These agreements, among other things, require New Orchestra to indemnify its directors and officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or officer in any action or proceeding arising out of their services as one of its directors or officers or any other company or enterprise to which the person provides services at its request.

New Orchestra plans to maintain a directors' and officers' insurance policy pursuant to which its directors and officers are insured against liability for actions taken in their capacities as directors and officers. We believe these provisions in the Proposed Charter and Proposed Bylaws and these indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or control persons, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ORCHESTRA'S MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with "Unaudited Pro Forma Condensed Consolidated Combined Financial Information," "Selected Historical Financial Data of Orchestra" and Orchestra's audited and unaudited condensed consolidated financial statements, including the notes thereto, included elsewhere in this proxy statement/prospectus. In addition to historical financial information, this discussion contains forward-looking statements based upon Orchestra's current expectations that involve risks and uncertainties. Orchestra's actual results could differ materially from such forward-looking statements as a result of various factors, including those set forth under "Risk Factors" and elsewhere in this proxy statement/prospectus. Unless otherwise indicated or the context otherwise requires, references included in this Orchestra's Management's Discussion and Analysis of Financial Condition and Results of Operations section to "Orchestra," "Orchestra's," "its," and "our" refer to Orchestra BioMed, Inc. and its consolidated subsidiaries.

Overview

Orchestra is a biomedical innovation company accelerating high-impact solutions for large unmet needs in procedure-based medicine through risk-reward sharing partnerships with leading medical device companies. Orchestra's partnership-enabled business model focuses on forging strategic collaborations with leading medical device companies to drive successful global commercialization of products it develops. Orchestra is led by a highly accomplished, multidisciplinary management team and a board of directors with extensive experience in all phases of therapeutic device development. Orchestra's business was formed in 2018 by assembling a pipeline of multiple late-stage clinical product candidates originally developed by its founding team. Its flagship product candidates are BackBeat CNT for the treatment of hypertension HTN, a significant risk factor for death worldwide and Virtue SAB for the treatment of atherosclerotic artery disease, the leading cause of mortality worldwide.

Since inception, Orchestra has devoted the substantial majority of its resources to performing research and development and clinical activities in support of its product development and collaboration efforts. Orchestra has funded its operations primarily through the issuance of convertible preferred stock as well as through proceeds from the Terumo Partnership, and borrowings under debt arrangements. Orchestra has raised a cumulative \$166.8 million in gross proceeds through the issuance of convertible preferred stock and has received \$30.0 million from the Terumo partnership to date. Orchestra has incurred net losses each year since inception. Orchestra's net losses were \$21.4 million and \$23.0 million during 2020 and 2021, respectively. Orchestra's net losses were \$9.7 million and \$13.6 million for the six months ended June 30, 2021 and 2022, respectively. Orchestra expects to continue to incur significant losses for the foreseeable future. As of June 30, 2022, Orchestra had an accumulated deficit of \$179.7 million.

Orchestra expects its operating expenses to increase significantly as Orchestra continues to develop and seek regulatory approvals and along with its partners, prepare for potential commercialization of Orchestra's product candidates. Orchestra's research and development spending is expected to increase from historical levels beginning in the second half of 2022 as it performs enabling work in preparation for the BackBeat CNT and Virtue SAB pivotal trials and then increase again during 2023 as both of those trials are expected to commence enrollment. In addition, Orchestra expects its selling, general and administrative expenses to increase beginning in the second quarter of 2022 due to modest increases in headcount along with anticipated expenses associated with being a public company.

Orchestra expects that current cash resources plus the minimum gross proceeds of \$70 million from the Business Combination will provide sufficient funding to support its continued operations into 2026. Based on our current plans and estimates, we anticipate this financial runway will allow us to report top-line data for the two pivotal studies we currently are planning to sponsor, the Virtue ISR-US Study and the BackBeat CNT Pivotal Study. Achieving this will depend on the timing of securing regulatory approval to initiate the studies, the timing of initiating enrollment of for each study, the rate of enrollment, the rate of loss to follow-up, the time it takes to finalize data analysis, the time to finalize content and form of top-line data reporting, as well as other factors.

Orchestra may seek additional funding through the issuance of Orchestra's common stock, may make drawdowns on its existing or new loan facilities, may receive milestone payments from the Terumo Partnership or through payments from collaborations or partnerships with other companies, and/or may realize cash from the sale of some

or all of its strategic holdings, although there are no assurances in this regard. The amount and timing of Orchestra's future funding requirements will depend on many factors, including the pace of execution on and strength of results from its pivotal clinical studies for its flagship product candidates and other research, development, manufacturing and commercial activities as well as the potential receipt of revenues under the Medtronic Collaboration, Terumo Partnership or future collaborations.

Orchestra was incorporated in Delaware in 2017 and completed a recapitalization and mergers with Caliber Therapeutics, Inc., a Delaware corporation that has, among other things, the rights to the Virtue SAB product candidate and BackBeat Medical, Inc., a Delaware Corporation that has, among other things, the rights to the Backbeat CNT product candidate in 2018. Orchestra completed the conversions of Caliber Therapeutics, Inc. to Caliber Therapeutics, LLC, a Delaware limited liability company, and BackBeat Medical, Inc. to BackBeat Medical, LLC, a Delaware limited liability company, in 2019.

COVID-19 Impact and Business Update

The global COVID-19 pandemic continues to evolve. The extent of the impact of the COVID-19 pandemic on Orchestra's business, operations and development timelines and plans remains uncertain and will depend on certain developments, including the duration and spread of the outbreak and its impact on Orchestra's development activities, third-party manufacturers, and other third parties with whom Orchestra's does business, as well as its impact on regulatory authorities and Orchestra's key scientific and management personnel. As the COVID-19 pandemic has developed, Orchestra has taken numerous steps to help ensure the health and safety of its employees. Orchestra is maintaining hygiene and respiratory protocols; controls for social distancing; enhanced cleaning, disinfecting, decontamination, and ventilation protocols; health policies; and usage of personal protective equipment, where appropriate. The pandemic has and may continue to disrupt or delay Orchestra's ability to conduct development activities. Employees whose tasks can be performed offsite have at various times been instructed to work from home.

Orchestra continues to actively monitor the impact of the COVID-19 pandemic on its development programs. To date, Orchestra has experienced some impacts on its development programs due to the pandemic, including delays in receiving products and services from certain of Orchestra's manufacturing and other key vendors as a direct or indirect result of the COVID-19 pandemic, including supply chain issues, and competition for manufacturing capacity from manufacturers of COVID-19 related therapeutics. Orchestra has also experienced challenges related to recruiting, enrolling and treating patients in clinical studies due to patients' concern regarding exposure risk; patients and clinical study staff being exposed to SARS-CoV-2 or contracting COVID-19; reduced staffing at clinical study sites due to the diversion of resources at clinical sites to address the effects of the pandemic; and travel restrictions and shutdowns impacting patients and clinical study staff. While certain of these impacts have been resolved since the start of the COVID-19 pandemic, Orchestra continues to monitor its clinical development and supply chain and contingency planning is ongoing with its partners to reduce the possibility and magnitude of interruptions to its development activities or the availability of necessary materials.

The ultimate impact of the COVID-19 pandemic is highly uncertain and subject to change. To the extent possible, Orchestra is conducting business as usual, with necessary or advisable modifications to employee travel and with certain of its employees working remotely all or part of the time. Orchestra will continue to actively monitor the evolving situation related to COVID-19 and may take further actions that alter Orchestra's operations, including those that federal, state or local authorities may require, or that Orchestra determines in the best interests of Orchestra's clinical study subjects, employees and other third parties with whom Orchestra does business. At this point, the extent to which the COVID-19 pandemic may affect Orchestra's future business, operations and development timelines and plans, including the resulting impact on Orchestra's expenditures and capital needs, remains uncertain.

Components of Our Results of Operations

Partnership Revenue

To date, Orchestra's partnership revenues relate to the agreement with Terumo described below. In future periods, partnership revenues may also include revenues related to the Medtronic Agreement (as defined below), discussed in Note 4 in the consolidated interim financial statements for the six months ended June 30, 2021 and 2022.

Orchestra entered into the Terumo Partnership in June 2019, and has determined that the arrangement represents a contract with a customer and is therefore in scope of ASC 606, *Revenues from Contracts with Customers*. Under this agreement, Orchestra received an upfront payment of \$30.0 million in 2019, may receive additional payments based on the achievement of certain development and regulatory milestones and is also eligible to earn royalties on future sales by Terumo based on royalty rates ranging from 10 – 15%.

Under the Terumo Agreement, Orchestra was initially eligible for certain milestone payments in the amount of \$65 million from Terumo upon completion of certain minimum enrollments in clinical studies, making certain filings and submissions, and obtaining certain regulatory approvals and certifications. Of these milestone payments, \$35 million relate to achieving certain milestones by specified target achievement dates. As of the date of this filing, Orchestra has already passed the target achievement dates for two \$5 million milestone payments, in each case, without achieving the related milestones. In addition, due to delays in Orchestra's Virtue SAB program resulting from the COVID-19 pandemic, supply chain issues and unexpected regulatory delays and requirements, including increased testing and other activities related to chemistry, manufacturing, and control, increased nonclinical and good laboratory practice preclinical data requirements, including biocompatibility, as well as a requirement to repeat good laboratory practice preclinical studies already performed based on changes to source of component materials and a change in manufacturing site, that caused Orchestra to amend its original project plan, Orchestra is unlikely to be able to complete the remaining time-based milestones by the specified target achievement dates to earn the remaining \$25 million in time-based milestone payments pursuant to the Terumo Agreement. Further, Terumo has the right to terminate the agreement, or certain of its obligations thereunder, if certain milestones are not achieved. However, in June 2022, Orchestra and Terumo signed a letter agreement whereby the parties agreed to negotiate in good faith over 12 months mutually agreeable adjustments to certain target achievement dates to reflect the regulatory and pandemic-related delays. There is no assurance as to the outcome of these negotiations with respect to any potential modifications to the milestone target achievement dates. In addition, Orchestra will manufacture, or have manufactured, SirolimusEFR and has exclusive rights to sell it on a per unit basis to Terumo for use in the Virtue SAB product, and Terumo may also request other services from Orchestra from time to time.

Orchestra recorded the \$30.0 million upfront payment received in 2019 from Terumo within deferred revenue and is recognizing the upfront payment over time based on a proportional performance model based on the costs incurred to date relative to the total costs expected to be incurred through the completion of the development of the Coronary ISR indication, for which Orchestra is primarily responsible. Orchestra has recognized \$8.5 million in cumulative partnership revenues from 2019 through June 30, 2022. There were no other proceeds received pursuant to the Terumo Partnership from 2019 through June 30, 2022.

In June 2022, Orchestra, BackBeat Medical, LLC and Medtronic, Inc. entered into the Medtronic Agreement for the development and commercialization of BackBeat CNT for the treatment of HTN in patients indicated for a cardiac pacemaker. Orchestra entered into the Medtronic Agreement and has determined that the arrangement is a collaboration within the scope of ASC 808, *Collaborative Arrangements*. In addition, Orchestra concluded that Medtronic is a customer for a good or service that is a distinct unit of account, and therefore the transactions in the Medtronic Agreement should be accounted for under ASC 606. Through June 30, 2022, there have been no amounts recognized as revenue under the Medtronic Agreement.

Product Revenue

Product revenues related to sales of FreeHold's intracorporeal organ retractors and such revenues are recognized at a point-in-time upon the shipment of the product to the customer given payment terms are typically 30 days. FreeHold products are currently only sold in the United States.

Cost of Product Revenue

Cost of product revenue consists primarily of costs of finished goods components for use in Freehold's products and assembled, warehoused and inventoried by a third-party vendor. Orchestra expects cost of finished goods product revenue to increase in absolute terms as our revenue grows.

Orchestra's gross margin has been and will continue to be affected by a variety of factors, including finished goods manufactured component parts and the cost to assemble and warehouse the FreeHold product finished goods inventory.

Research and Development Expenses

Research and development expenses consist of applicable personnel, consulting, materials and clinical study expenses. Research and development expenses include:

- Certain personnel-related expenses, including salaries, benefits, bonus, travel and stock-based compensation;
- Cost of clinical studies to support new products and product enhancements, including expenses for clinical research organizations, or CROs, and site payments;
- Product device materials and drug supply and manufacturing used for internal research and development and clinical activities;
- Allocated overhead including facilities and information technology expenses; and
- Cost of outside consultants who assist with device and drug development, regulatory affairs, clinical affairs and quality assurance.

Research and development costs are expensed as incurred. Research and development activities are central to Orchestra's business model. Product candidates in later stages of clinical development generally have higher development costs than those in earlier stages of clinical development, primarily due to the increased size and duration of later-stage clinical studies. In the future, Orchestra expects research and development expenses to increase in absolute dollars as it continues to develop new products, enhance existing products and technologies, initiate clinical studies, manufacture drug supply for internal research and development and clinical trial supply and perform activities related to obtaining additional regulatory approvals. Orchestra currently anticipates spending \$35 – 45 million on non-clinical research and development activities, net of anticipated potential milestone payments to be received under the Terumo Partnership, plus \$55 – 65 million on the execution of the multinational BackBeat CNT pivotal trial and the Virtue SAB ISR-US pivotal trial between the second half of 2022 and the end of 2025.

Orchestra does not track expenses by product candidate, unless tracking such expenses is required pursuant to the revenue recognition model for a collaborative arrangement.

Selling, General and Administrative Expenses

Selling, general and administrative expenses consist of personnel-related expenses, including salaries, benefits, bonus, travel and stock-based compensation. Other selling, general and administrative expenses include professional services fees, including legal, audit investor/press relations, non-income taxes, insurance costs, cost of outside consultants and employee recruiting and training costs. Moreover, Orchestra expects to incur additional expenses associated with operating as a public company, including legal, accounting, insurance, exchange listing and SEC compliance and investor relations. Orchestra expects quarterly selling, general and administrative expenses to increase to an average of approximately \$3.0 million per quarter from the second half of 2022 through the end of 2025.

Interest Income (Expense), Net

Interest income reflects the income generated from marketable securities during the year. Interest expense is attributable to loan interest. In December 2019, Orchestra entered into a Loan and Security Agreement with Silicon Valley Bank for a term loan as described in Note 13 to our annual consolidated financial statements included elsewhere in this proxy statement/prospectus (the “**2019 Loan and Security Agreement**”). This agreement provided Orchestra with capital for development and general corporate purposes. On December 31, 2020, Orchestra borrowed \$10 million under the 2019 Loan and Security Agreement.

In June 2022, Orchestra entered into a Loan and Security Agreement with Avenue Venture Opportunities Fund I and II (the “**2022 Loan and Security Agreement**”). As part of the 2022 Loan and Security Agreement, Orchestra paid off the balance of the 2019 Loan and Security Agreement with Silicon Valley Bank. The terms of the 2022 Loan and Security Agreement include a term loan of up to \$20 million available in two tranches with the first tranche of \$10 million that was drawn at closing in June of 2022, and a second tranche of \$10 million available at closing of the Series D-2 that has not yet been drawn. Additionally, Orchestra may have access to a third tranche of \$30 million subject to certain financing

milestones. The term loan accrues interest at a floating per annum rate equal to the Wall Street Journal prime rate plus 6.45%. The rate in effect at June 30, 2022 was 10.45%. Refer to footnote 13 of the Condensed Consolidated Financial Statements for the six months ended June 30, 2021 and 2022 for additional information.

Gain (Loss) on Fair Value Adjustment of Warrant Liability

Certain of Orchestra’s outstanding warrants contain features that require the warrants to be accounted for as liabilities. The warrants are subject to re-measurement at each balance sheet date with gains and losses reported through Orchestra’s consolidated statements of operations and comprehensive loss as gain (loss) on fair value adjustment of warrant liability.

Loss on Debt Extinguishment

As part of the 2022 Loan and Security Agreement, Orchestra paid off the balance of the 2019 Loan and Security Agreement with Silicon Valley Bank. The loss on debt extinguishment represents charges incurred as a result of the payoff of the 2019 Loan and Security Agreement.

Gain (Loss) on Fair Value of Strategic Investments

The gain (loss) on fair value of strategic investments represents a change in the fair value of Orchestra’s investment in Motus GI and preferred shares and convertible notes of a privately-held company and related party (Vivasure). The shares held of Motus GI represent equity securities with a readily determinable fair value and are required to be measured at fair value at each reporting period using readily determinable pricing available on a securities exchange, in accordance with the provisions of ASU 2016-01, *Recognition and Measurement of Financial Assets and Liabilities*. The investments in Vivasure do not have readily determinable fair values and are recorded at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for identical or similar investments of the same issuer.

Partnership Revenue

Partnership revenue increased by \$938,000 from \$7,000 in the six months ended June 30, 2021 to \$945,000 for the six months ended June 30, 2022. Partnership revenue relates to the recognition of the combined performance obligation for the license granted to Terumo and the ongoing research and development services over the estimated performance period for the Virtue SAB Coronary ISR indication, using a proportional performance model, based on the costs incurred relative to the total estimated costs of the research and development services. As of each quarterly reporting date, Orchestra evaluates its estimates of the total costs expected to be incurred through the completion of the combined performance obligation, and updates its estimates as necessary.

For the six months ended June 30, 2022 and 2021, the expenses incurred related to the Terumo Partnership were approximately \$6.6 million and \$4.3 million, respectively. The estimated total costs associated with the Terumo Partnership through completion increased by approximately 10% as of June 30, 2022, as compared to the estimates as of December 31, 2021, and increased by approximately 24% as of June 30, 2021, as compared to the estimates as of December 31, 2020. This increase relates primarily to an extension of the estimated performance period by approximately 12 months due to regulatory delays as well as higher forecasted costs in future periods due to regulatory requirements, supply chain issues and price increases due to inflation. While Orchestra believes it has estimated total costs associated with the Terumo Partnership through completion, these estimates encompass a broad range of expenses over a multi-year period and, as such, are subject to periodic changes as new information becomes available.

Product Revenue

Product revenue decreased by \$9,000, or 3%, from \$331,000 in the six months ended June 30, 2021 to \$322,000 for the six months ended June 30, 2022. The decrease was primarily due to a decrease in the sales volume of FreeHold products. There have been no changes to the per unit sale price in either period presented. Product revenue consisted of the sale of FreeHold Duo and Trio intracorporeal organ retractors and revenue is recognized when product is shipped to customers.

Cost of Product Revenue and Gross Margin

Cost of product revenue increased by \$5,000, or 5%, from \$97,000 in the six months ended June 30, 2021 to \$102,000 for the six months ended June 30, 2022. The increase was primarily due to increased production costs of FreeHold Duo and Trio intracorporeal organ retractors partially offset by decrease in sales volume.

Research and Development Expenses

The following table summarizes Orchestra's research and development expenses for the six months ended June 30, 2021 and 2022 (in thousands):

| | Six Months Ended June 30, | |
|--|------------------------------|-----------------|
| | 2021 | 2022 |
| Personnel and consulting costs | \$ 2,963 | \$ 3,908 |
| Research and development program costs, supplies and testing | 1,617 | 3,339 |
| Clinical development costs | 317 | 739 |
| Other research and development costs | 803 | 517 |
| Total research and development expenses | <u>\$ 5,700</u> | <u>\$ 8,503</u> |

Research and development expenses increased by \$2.8 million, or 49%, from \$5.7 million for the six months ended June 30, 2021 to \$8.5 million for the six months ended June 30, 2022. This was primarily due to an increase of \$1.7 million in animal study and drug formulation development costs. There was also an increase in personnel related expenses of \$945,000 due to increased headcount and associated expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased by \$1.4 million, or 34%, from \$4 million for the six months ended June 30, 2021, to \$5.4 million of expense for the six months ended June 30, 2022. The increase was primarily due to an increase in headcount which resulted in a \$642,000 increase in salary and medical benefit costs and increased outside consultant expenses of \$420,000 incurred in connection with the overall growth of the business and in preparation for becoming a public company.

Interest Expense, Net

Interest expense, net, decreased by \$12,000, or 2%, from \$494,000 for the six months ended June 30, 2021, to \$482,000 for the six months ended June 30, 2022. The net interest expense in 2021 consisted primarily of interest expense incurred resulting from the December 31, 2020 drawdown of the \$10.0 million tranche from the termination of the 2019 Loan and Security Agreement. The net interest expense in 2022 consisted primarily of monthly interest incurred resulting from the 2019 Loan and Security Agreement and interest expense incurred resulting from the 2022 Loan and Security Agreement.

Gain (Loss) on Fair Value Adjustment of Warrant Liability

The gain on fair value adjustment of warrant liability was \$119,000 for the six months ended June 30, 2021, as compared to a loss of \$1.2 million for the six months ended June 30, 2022. The change year over year is primarily a result of the change in the fair value of our outstanding warrants based on an increase in the fair value of the underlying common and preferred stock in the six months ended June 30, 2022.

Loss on Debt Extinguishment

The loss on debt extinguishment was \$682,000 for the six months ended June 30, 2022. The loss was due to recognition of unamortized debt discount as well as early termination payments related to the early termination and repayment of the existing 2019 Loan and Security Agreement in June 2022.

Gain on Fair Value of Strategic Investments

The gain on fair value of strategic investments was \$188,000 for the six months ended June 30, 2021, as compared to a gain of \$1.5 million for the six months ended June 30, 2022. The amount recognized for the six months ended June 30, 2021, relates to the change in fair value in our common stock holdings of Motus GI Holdings, Inc. The amount recognized for the six months ended June 30, 2022, relates to a gain on our strategic investment in Vivasure of \$1.9 million, partially offset by the change in fair value in our common stock holdings of Motus GI Holdings, Inc. The gain on our strategic investment in Vivasure is attributable to an observable price change for an identical investment due to a new third-party investment. Therefore, the investment is measured at fair value and a gain was recognized.

Comparison of the Years Ended December 31, 2020 and 2021

The following table presents Orchestra's statements of operations for the years ended December 31, 2020 and 2021, and the dollar and percentage change between the two years (in thousands):

Partnership Revenue

Partnership revenue decreased by \$6.6 million or 129%, from \$5.2 million in 2020 to (\$1.5) million in 2021. Partnership revenue relates to the recognition of the combined performance obligation for the license granted to Terumo and the ongoing research and development services over the estimated performance period for the Virtue SAB Coronary ISR indication, using a proportional performance model, based on the costs incurred relative to the total estimated costs of the research and development services. As of each quarterly reporting date, Orchestra evaluates its estimates of the total costs expected to be incurred through the completion of the combined performance obligation, and updates its estimates as necessary.

For the years ended December 31, 2021 and 2020, the expenses incurred related to the Terumo Partnership were approximately \$9.9 million and \$11.2 million, respectively. The decrease in partnership revenues for 2021 as compared to 2020 is primarily attributable to changes in the estimated total costs to complete the research and development services in the second and fourth quarters of 2021. For the period ended December 31, 2021, estimated total costs increased by approximately 85% from December 31, 2020, which related to an extension of the estimated performance period by 12 months, due in part by delays resulting from the Covid-19 pandemic, as well as supply chain issues and unexpected regulatory delays and requirements that caused us to amend our original project plan. For the period ended December 31, 2020, estimated total costs increased by approximately 14% from December 31, 2019. While Orchestra believes it has estimated total costs associated with the Terumo Partnership through completion, these estimates encompass a broad range of expenses over a multi-year period and, as such, are subject to periodic changes as new information becomes available.

Product Revenue

Product revenue increased by \$159,000, or 30%, from \$534,000 in 2020 to \$693,000 in 2021. The increase was primarily due to an increase in the number of active customers and an increase in the purchase volume of FreeHold Duo and Trio intracorporeal organ retractors. There have been no changes to the per unit sale price in either period presented. Product revenue consisted of the sale of FreeHold Duo and Trio intracorporeal organ retractors and revenue is recognized when product is shipped to customers.

Cost of Product Revenue and Gross Margin

Cost of product revenue increased by \$54,000, or 37%, from \$145,000 in 2020 to \$199,000 in 2021. The increase was primarily due to increased sales volume of FreeHold Duo and Trio intracorporeal organ retractors.

Research and Development Expenses

The following table summarizes Orchestra's research and development expenses for the years ended December 31, 2020 and 2021 (in thousands):

| | Years Ended December 31, | |
|--|-------------------------------------|------------------|
| | 2020 | 2021 |
| Personnel and consulting costs | \$ 5,523 | \$ 6,539 |
| Research and development program costs, supplies and testing | 5,495 | 4,139 |
| Clinical development costs | 1,136 | 742 |
| Other research and development costs | 1,323 | 1,470 |
| Total research and development expenses | \$ 13,477 | \$ 12,890 |

Research and development expenses decreased by \$587,000, or 4%, from \$13.5 million in 2020 to \$12.9 million in 2021. The decrease was primarily due to a \$1.4 million decrease in device manufacturing and testing related costs as more testing related expenses were incurred in 2020 and was offset by an increase in personnel related expenses of \$1.0 million due to increased headcount and associated expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased by \$2.9 million, or 27%, from \$10.8 million in 2020 to \$7.9 million in 2021. The decrease was primarily due to a \$2.5 million decrease in professional services from 2020 to 2021 as Orchestra incurred significant professional fees in 2020 related to a planned initial public offering, which was terminated during the year.

Interest Income (Expense), Net

Interest income (expense), net, decreased by \$1.3 million, or 380%, from \$331,000 of income in 2020 to \$927,000 of expense in 2021. The net interest income in 2020 consisted primarily of interest income earned from our marketable securities. The net interest expense in 2021 related to interest expense incurred resulting from the December 31, 2020 drawdown of the \$10.0 million tranche on the 2019 Loan and Security Agreement.

(Loss) Gain on Fair Value Adjustment of Warrant Liability

The loss on fair value adjustment of warrant liability was \$181,000 in 2020 as compared to a gain of \$699,000 in 2021. The change year over year is primarily a result of the change in the fair value of our outstanding warrants based on a decrease in the fair value of the underlying common and preferred stock in 2021.

Loss on Fair Value of Strategic Investments

Loss on fair value of strategic investments was \$2.8 million in 2020 compared to \$1.0 million in 2021. The losses recognized in both years relate to the fair value decline in our holdings in the common stock of Motus GI Holdings, Inc. during each year.

Liquidity and Capital Resources

From inception through June 30, 2022, Orchestra has incurred significant operating losses and negative cash flows from its operations. Orchestra's net losses were \$21.4 million and \$23.0 million for the years ended December 31, 2020 and December 31, 2021, respectively. Orchestra's net losses were \$9.7 million and \$13.6 million for the six months ended June 30, 2021 and June 30, 2022, respectively. As of June 30, 2022, Orchestra had an accumulated deficit of \$179.7 million. Orchestra has funded its operations primarily through the issuance of convertible preferred stock as well as through proceeds from the Terumo Partnership, borrowings under debt arrangements and, to a lesser extent, from FreeHold product revenue. Orchestra has raised a cumulative \$166.8 million in gross proceeds through the issuance of convertible preferred stock and has received \$30.0 million from the Terumo partnership to date. Orchestra had \$107.0 million in cash and cash equivalents at June 30, 2022, which consisted primarily of bank deposits and money market funds. Orchestra also had \$0.6 million of short-term strategic investments at June 30, 2022, which consisted primarily of its investments in Motus GI.

Funding Requirements

Orchestra expects its operating expenses to increase significantly as Orchestra continues to develop and seek regulatory approvals and along with its partners, prepare for potential commercialization of Orchestra's product candidates. Orchestra's research and development spending is expected to increase from historical levels beginning in the second half of 2022 as it performs enabling work in preparation for the BackBeat CNT and Virtue SAB pivotal trials and then increase again during 2023 as both of those trials are expected to commence enrollment. In addition, Orchestra expects its selling, general and administrative expenses to increase due to modest increases in headcount along with anticipated expenses associated with being a public company.

Orchestra expects that current cash resources plus the minimum gross proceeds from the Business Combination will provide sufficient funding to support its continued operations into 2026. Orchestra may seek additional funding through the issuance of Orchestra's common stock, may make drawdowns on its existing or new loan facilities, may receive milestone payments from the Terumo Partnership or through payments from collaborations or partnerships with other companies, and/or may realize cash from collaborations or partnerships with other companies, and/or through cash realizations from the sale of some or all of its strategic holdings, although there are no assurances in this regard. The amount and timing of Orchestra's future funding requirements will depend on many factors, including the pace of execution on and strength of results from its pivotal clinical studies for its flagship product candidates and other research, development, manufacturing and commercial activities as well as the potential receipt of revenues under the Medtronic Partnership, Terumo Partnership or future collaborations.

Cash Flows

The following table summarizes Orchestra’s cash flow data for the periods indicated (in thousands):

In addition, Orchestra enters into agreements in the normal course of business with clinical research organizations for work related to clinical trials and with vendors for preclinical studies and other services and products for operating purposes, which are cancelable at any time by us, generally upon 30 days prior written notice. These payments are not included in these tables of contractual obligations.

Critical Accounting Policies and Estimates

Orchestra's financial statements are prepared in accordance with U.S. GAAP. The preparation of the financial statements in conformity with U.S. GAAP requires Orchestra's management to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Orchestra evaluates its significant estimates on an ongoing basis, including estimates related to the total costs expected to be incurred through the completion of the combined performance obligation of the Terumo partnership agreement, research and development prepayments, accruals and related expenses, and stock-based compensation. Orchestra bases its estimates on historical experience and on various other assumptions that Orchestra believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results could differ from those estimates.

Orchestra believes that the accounting policies described below involve a significant degree of judgment and complexity. Accordingly, Orchestra believes these are the most critical to aid in fully understanding and evaluating its financial condition and results of operations. For further information, see Note 2, *Summary of Significant Accounting Policies*, to the annual financial statements included elsewhere in this proxy statement/prospectus.

Revenue Recognition

We recognize revenue under the core principle according to ASC 606 to depict the transfer of control to our customers in an amount reflecting the consideration we expect to be entitled to. In order to achieve that core principle, we apply the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract and (5) recognize revenue when a performance obligation is satisfied.

Orchestra's revenues are currently comprised of product revenue from the sale of FreeHold's intracorporeal organ retractors, and partnership revenues under the Terumo Partnership related to the development and commercialization of Virtue SAB.

Product Revenues

Product revenues related to sales of FreeHold's intracorporeal organ retractors are recognized at a point-in-time upon the shipment of the product to the customer, and there are no significant estimates or judgements related to estimating the transaction price. The product revenues consist of a single performance obligation, and the payment terms are typically 30 days. Product revenues are recognized solely in the United States.

Partnership Revenues

To date, Orchestra's partnership revenues relate to the agreement with Terumo described below. In future periods, partnership revenues may also include revenues related to the Medtronic Agreement, discussed in Note 4 in the consolidated interim financial statements for the six months ended June 30, 2021 and 2022.

Orchestra entered into a collaboration agreement with Terumo Medical Corporation as further described in Note 3 to the annual consolidated financial statements included elsewhere in this proxy/prospectus. Orchestra assessed whether the Terumo Partnership fell within the scope of ASC 808, *Collaborative Arrangements* (ASC 808) based on whether the arrangement involved joint operating activities and whether both parties have active participation in the arrangement and are exposed to significant risks and rewards. Orchestra determined that the Terumo Partnership did not fall within the scope of ASC 808. Orchestra then analyzed the arrangement pursuant to the provisions of ASC 606 and determined that the arrangement represents a contract with a customer and is therefore within the scope of ASC 606.

The promised goods or services in the Terumo Partnership include (i) license rights to Orchestra's intellectual property, and (ii) research and development services. Orchestra also has optional additional items in the Terumo Partnership, which are considered marketing offers and are accounted for as separate contracts with the customer if such option is elected by the customer, unless the option provides a material right which would not be provided without entering into the contract. Performance obligations are promised goods or services in a contract to transfer a distinct good or service to the customer. Promised goods or services are considered distinct when (i) the customer can benefit from the good or service on its own or together with other readily available resources or (ii) the promised good or service is separately identifiable from other promises in the contract. In assessing whether promised goods or services are distinct in the Terumo Partnership, Orchestra considered factors such as the stage of development of the underlying intellectual property, the capabilities of the customer to develop the intellectual property on their own or whether the required expertise is readily available.

Orchestra estimates the transaction price for the Terumo Partnership performance obligations based on the amount expected to be received for transferring the promised goods or services in the contract. The consideration includes both fixed consideration and variable consideration. At the inception of the Terumo Partnership, as well as at each reporting period, Orchestra evaluates the amount of potential payment and the likelihood that the payments will be received. Orchestra utilizes either the most likely amount method or expected amount method to estimate the amount expected to be received based on which method better predicts the amount expected to be received. If it is probable that a significant revenue reversal would not occur, the variable consideration is included in the transaction price.

The Terumo Partnership contains development and regulatory milestone payments. At contract inception and at each reporting period, Orchestra evaluates whether the milestones are considered probable of being reached and estimates the amount to be included in the transaction price using the most likely amount method. If it is probable that a significant revenue reversal would not occur, the associated milestone value is included in the transaction price. At the end of each subsequent reporting period, Orchestra re-evaluates the probability of achievement of such development milestones and any related constraint, and if necessary, adjusts its estimate of the overall transaction price. Any such adjustments are recorded on a cumulative catch-up basis, which would affect partnership revenues and earnings in the period of adjustment.

The Terumo Partnership also includes sales-based royalties and the license is deemed to be the predominant item to which the royalties relate. Accordingly, Orchestra will recognize royalty revenue when the related sales occur. To date, Orchestra has not recognized any royalty revenue under the arrangement.

Orchestra has determined that intellectual property licensed to Terumo and the research and development services to be provided through the premarket approval by the FDA for the ISR indication represent a combined performance obligation that is satisfied over time, and that the appropriate method of measuring progress for purposes of recognizing revenues relates to a proportional performance model that measures the proportional performance based on the costs incurred to date relative to the total costs expected to be incurred through the completion of the performance obligation. Orchestra evaluates the measure of progress at each reporting period and, if necessary, adjusts the measure of performance and related revenue recognition.

In 2020 and 2021, the Company updated its estimates of the total costs expected to be incurred through the completion of the combined performance obligation. The impact of the changes in estimates resulted in reduction of partnership revenues of \$1.3 million and \$6.5 million for the years ended December 31, 2020 and 2021, respectively, as compared to the amounts based on the previous estimates. The impact of these changes in estimates on the net loss per share, basic and diluted, was a decrease of \$0.63 and \$3.06 for the years ended December 31, 2020 and 2021, respectively.

In addition, the impact of the changes in estimates resulted in reduction of partnership revenues of \$2.2 million and \$847,000 for the six months ended June 30, 2021 and 2022, respectively, as compared to the amounts that would have been recorded based on the previous estimates. The impact of these changes in estimates on the net loss per share, basic and diluted, was a decrease of \$1.06 and \$0.36 for the six months ended June 30, 2021 and 2022, respectively.

Orchestra receives payments from Terumo based on billing schedules established in the contract. Such billings for milestone related events have 10-day terms from the date the milestone is achieved, royalty payments are 20-day terms after the close of each quarter, any optional services are 20 days after receipt of an invoice and sales of the SirolimusEFR are within 30 days after receipt of the shipping invoices. Upfront payments are recorded as deferred revenue upon receipt or when due until Orchestra performs its obligations under these arrangements. Amounts are recorded as accounts receivable when the right to consideration is unconditional.

In June 2022, Orchestra, BackBeat Medical, LLC and Medtronic, Inc. entered into the Medtronic Agreement for the development and commercialization of BackBeat CNT for the treatment of HTN in patients indicated for a cardiac pacemaker. Orchestra entered into the Medtronic Agreement and has determined that the arrangement is a collaboration within the scope of ASC 808, Collaborative Arrangements. In addition, Orchestra concluded Medtronic is a customer for a good or service that is a distinct unit of account, and therefore the transactions in the Medtronic Agreement should be accounted for under ASC 606. Through June 30, 2022, there have been no amounts recognized as revenue under the Medtronic Agreement.

Research and Development Prepayments, Accruals and Related Expenses

Orchestra incurs costs of research and development activities conducted by its third-party service providers, which include the conduct of preclinical and clinical studies. We are required to estimate our prepaid and accrued research and development costs at each reporting date. These estimates are made as of the reporting date of the work completed over the life of the individual study in accordance with agreements established with our service providers. The Company determines the estimates of research and development activities incurred at the end of each reporting period through discussion with internal personnel and outside service providers, as to the progress or stage of completion of trials or services, as of the end of the reporting period, pursuant to contracts with the third parties and the agreed upon fee to be paid for such services. Nonrefundable advance payments for goods or services to be received in the future for use in research and development activities are deferred and capitalized. The capitalized amounts are expensed as the related goods are accepted by the Company or the services are performed. Accruals are recorded for the amounts of services provided that have not yet been invoiced.

Stock-Based Compensation

Orchestra accounts for share-based payments at fair value. The fair value of stock options is measured using the Black-Scholes option-pricing model and the fair value of restricted stock is measured based on the fair value of Orchestra's common stock underlying the award as of the grant date, described further below under "Fair value of

common stock”. For share-based awards that vest subject to the satisfaction of a service requirement, the fair value measurement date for stock-based compensation awards is the date of grant and the expense is recognized on a straight-line basis, over the vesting period. Orchestra accounts for forfeitures as they occur.

Due to the absence of an active market for the Company’s common stock, the Company utilized methodologies, approaches, and assumptions consistent with the American Institute of Certified Public Accountants’ Audit and Accounting Practice Guide: Valuation of Privately-Held Company Equity Securities Issued as Compensation to estimate the fair value of its common stock. The fair value of the common stock has been determined based upon a variety of factors, including valuations of the Company’s common stock performed with the assistance of independent third-party valuation specialists; the Company’s stage of development and business strategy, including the status of research and development efforts of its product candidates, and the material risks related to its business and industry; the Company’s business conditions and projections; the Company’s results of operations and financial position, including its levels of available capital resources; the valuation of publicly traded companies in the life sciences and biotechnology sectors, as well as recently completed mergers and acquisitions of peer companies; the lack of marketability of the Company’s common stock as a private company; the prices of the Company’s convertible preferred stock sold to investors in arm’s length transactions and the rights, preferences and privileges of its convertible preferred stock relative to those of its common stock; the likelihood of achieving a liquidity event for the holders of the Company’s common stock, such as an initial public offering or a sale of the Company given prevailing market conditions; trends and developments in its industry; the hiring of key personnel and the experience of management; and external market conditions affecting the life sciences and biotechnology industry sectors. Significant changes to the key assumptions underlying the factors used could result in different fair values of common stock at each valuation date. In determining the exercise prices for options granted and fair value of restricted stock, the Company has considered the fair value of the common stock as of the grant date.

In the valuation analysis conducted as of December 31, 2021, which was used for grants in February of 2022, a probability weighted expected return method (“**PWERM**”) was utilized, in which the probability of a public company scenario was considered via either an IPO or SPAC transaction. A 10.0% discount for lack of marketability (“**DLOM**”) was applied to this scenario based on various put option models in which a key input is the expected time to the IPO or SPAC transaction. A private company scenario was also considered, in which the discounted cash flow method, guideline public company method, and guideline transaction methods were all utilized in determining fair value in the private company scenario. A 30.0% DLOM was applied to the private company scenario using the same put option methodology with a longer expected period. As of December 31, 2021, the valuation analysis resulted in a common stock fair value of \$1.56.

In the valuation analysis conducted as of March 31, 2022, related to grants spanning April to June of 2022, a PWERM was utilized, in which the SPAC transaction was considered as a scenario using the expected pricing per share on an as-converted basis. For the quarter ended March 31, 2022, a SPAC transaction was considered with increased likelihood based on the fact that Orchestra had signed a non-binding letter of intent contemplating a business combination with HSAC2. A 13.0% DLOM was applied to the SPAC transaction scenario, which was estimated using put option models. A private company scenario was also considered, in which the discounted cash flow method, guideline public company method, and guideline transaction methods were all utilized in determining fair value in the private company scenario. A 30.0% DLOM was applied to the private company scenario using the same put option methodology. As of March 31, 2022, the valuation analysis resulted in a common stock fair value of \$1.89.

In the valuation analysis conducted as of June 30, 2022, related to grants in August of 2022, a PWERM with SPAC transaction and private company scenarios was also utilized. For the quarter ended June 30, 2022, it was imminent that Orchestra would enter into a definitive merger agreement with HSAC2. Therefore, the pricing in the SPAC scenario in this analysis was also updated to reflect the negotiated pricing of that definitive agreement, which was subsequently entered into on July 5, 2022. The private company scenario was calculated using a recent financing methodology given the completion of the Series D-2 financing, which was priced at \$4.65 per share consistent with the implied value derived from the exchange ratio in the merger agreement and considered an arm’s length transaction. No DLOM was applied to the SPAC transaction scenario, given the price was equal to the Series D-2 arm’s length transaction; as such, the price was believed to reflect a marketable value. A 30.0% DLOM was applied to the private company scenario, which was estimated using put option models. As of June 30, 2022, the valuation analysis resulted in a common stock fair value of \$4.27.

| August 29, 2022 | 20,000 | \$ 4.65 | \$ 4.27 | — |

The following table summarizes the restricted stock granted by Orchestra in 2022, under the Orchestra 2018 Plan:

| Issue Date | Shares | Fair Market Value per share (Common) | Stock-based Compensation expense through 6/30/2022 |
|-------------------|---------------|---|---|
| February 3, 2022 | 251,413 | \$ 1.56 | \$ 26,969 |
| April 12, 2022 | 142,052 | \$ 1.89 | \$ 48,829 |

Orchestra classifies stock-based compensation expense in the statement of operations and comprehensive loss in the same manner in which the award recipients' payroll costs are classified or in which the award recipients' service payments are classified.

The fair value of each stock option grant is estimated on the date of grant using the Black-Scholes option pricing model, which is based on the assumptions discussed below. Each of these inputs is subjective and generally requires significant judgment and estimation by management.

- *Expected Term* — The expected term represents the period that stock-based awards are expected to be outstanding. Orchestra's historical share option exercise information is limited due to a lack of sufficient data points and does not provide a reasonable basis upon which to estimate an expected term. The expected term for option grants is therefore determined using the "simplified" method, as prescribed in the SEC's Staff Accounting Bulletin (SAB) No. 107. The simplified method deems the expected term to be the midpoint between the vesting date and the contractual life of the stock-based awards.
- *Expected Volatility* — The expected volatility is derived from the historical stock volatilities of comparable peer public companies within Orchestra's industry that are considered to be comparable to its business over a period equivalent to the expected term of the stock-based awards, since there has been no trading history of Orchestra's common stock.
- *Risk-Free Interest Rate* — The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the date of grant for zero-coupon U.S. Treasury notes with maturities approximately equal to the stock-based awards' expected term.
- *Expected Dividend Yield* — The expected dividend yield is zero as Orchestra has not paid, nor do it anticipate paying, any dividends on its common stock in the foreseeable future.

- *Common Stock Valuation* — Given the absence of a public trading market for Orchestra’s common stock, Orchestra’s board of directors considers numerous subjective and objective factors to determine the best estimate of fair value of Orchestra’s common stock underlying the stock options granted to its employees and non-employees. In determining the grant date fair value of its common stock, Orchestra’s board considers, among other things, contemporaneous valuations of its common stock prepared by an unrelated third-party valuation firm in accordance with the guidance provided by the American Institute of Certified Public Accountants 2013 Practice Aid, *Valuation of Privately-Held-Company Equity Securities Issued as Compensation*. Following completion of the Merger, the Board intends to determine the fair value of the common stock based on the closing price of the common stock on or around the date of grant.

During the years ended December 31, 2020 and 2021, stock-based compensation was \$221,000 and \$302,000, respectively. During the six months ended June 30, 2021 and 2022, stock-based compensation was \$196,000 and \$289,000, respectively. As of June 30, 2022, Orchestra had approximately \$1.1 million of total unrecognized stock-based compensation, which it expects to recognize over a weighted-average period of 3 years.

Recently Issued Accounting Pronouncements

A description of recently issued accounting pronouncements that may potentially impact Orchestra’s financial position and results of operations is disclosed in Note 2 to its annual and interim consolidated financial statements appearing elsewhere in this proxy statement/prospectus.

Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk

Our cash and cash equivalents and marketable securities as of December 31, 2021 and June 30, 2022 consisted of \$9.9 million and \$107.0 million, respectively, in bank deposits, money market funds and corporate and government debt instruments. Such interest-earning instruments carry a degree of interest rate risk. The goals of our investment policy are liquidity and capital preservation; we do not enter into investments for trading or speculative purposes and have not used any derivative financial instruments to manage our interest rate exposure. We believe that we do not have any material exposure to changes in the fair value of these assets as a result of changes in interest rates due to the short-term nature of our cash and cash equivalents and marketable securities.

Inflation Risk

Inflation could affect Orchestra by increasing its cost of labor and clinical study costs. Orchestra does not believe that inflation has had a material effect on its business, financial condition, or results of operations during the periods presented.

DESCRIPTION OF SECURITIES OF HSAC2

We are a company incorporated in the Cayman Islands as an exempted company and our affairs are governed by our Existing Charter, the Companies Act and the common law of the Cayman Islands. We are currently authorized to issue 100,000,000 HSAC2 Ordinary Shares, par value \$0.0001 and 1,000,000 preference shares, par value \$0.0001. As of the date of this proxy statement/prospectus, 11,212,117 HSAC2 Ordinary Shares are issued and outstanding. The following description summarizes certain terms of our shares as set out more particularly in our amended and restated memorandum and articles of association. Because it is only a summary, it may not contain all the information that is important to you.

HSAC2 Ordinary Shares

Our registered shareholders are entitled to one vote for each share held on all matters to be voted on by shareholders. In connection with any vote held to approve our initial business combination, all of our Initial Shareholders, as well as all of our officers and directors, have agreed to vote their respective HSAC2 Ordinary Shares owned by them in favor of any proposed business combination. However, any HSAC Ordinary Shares acquired outside of the redemption offer set forth in this proxy statement/prospectus, including the 1,000,000 Forward Purchase Shares and any Backstop Purchases, will not be voted in favor of approving the Business Combination Proposal and, further, will not carry redemption rights. Therefore, while the Insider Shares, Private Shares and 30,000 Public Shares held by our officers will be voted in favor of the Business Combination, the 1,000,000 Forward Purchase Shares and any Backstop Purchases will not. See the section titled “*Proposal 1 — The Business Combination Proposal — The Business Combination and the Merger Agreement — The General Structure of the Business Combination.*”

We will proceed with the business combination only if we have net tangible assets of at least \$5,000,001 upon consummation of such business combination and an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a Shareholder Meeting of the company will be required to approve the business combination. At least five days’ notice must be given for each Shareholder Meeting (although we will provide whatever minimum number of days are required under federal securities laws). Shareholders may vote at meetings in person or by proxy.

The members of our Board of Directors serve until the next annual general meeting. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares eligible to vote for the election of directors can elect all of the directors.

Pursuant to our Existing Charter, if we do not consummate a business combination by the Extension Date, it will trigger our automatic winding up, liquidation and dissolution. Our Initial Shareholders have agreed to waive their rights to share in any distribution from the Trust Account with respect to their Insider Shares and Private Shares upon our winding up, liquidation and dissolution.

Our shareholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the HSAC2 Ordinary Shares, except that Public Shareholders have the right to have their Public Shares converted to cash equal to their pro rata share of the Trust Account if the business combination is completed.

Register of Members

Under Cayman Islands law, we must keep a register of members (which contains details of the registered holders of the shares) and there will be entered therein:

- the names and addresses of the members, a statement of the shares held by each member, and of the amount paid or agreed to be considered as paid, on the shares of each member and the voting rights of the shares of each member;
- the date on which the name of any person was entered on the register as a member; and
- the date on which any person ceased to be a member.

Under Cayman Islands law, the register of members of our company is prima facie evidence of the matters set out therein (i.e. the register of members will raise a presumption of fact on the matters referred to above unless rebutted) and a member registered in the register of members will be deemed as a matter of Cayman Islands law to have legal title to the shares as set against its name in the register of members. Upon the closing of this public offering, the register of members will be immediately updated to reflect the issue of shares by us. Once our register of members has been updated, the shareholders recorded in the register of members will be deemed to have legal title to the shares set against their name. However, there are certain limited circumstances where an application may be made to a Cayman Islands court for a determination on whether the register of members reflects the correct legal position. Further, the Cayman Islands court has the power to order that the register of members maintained by a company should be rectified where it considers that the register of members does not reflect the correct legal position. If an application for an order for rectification of the register of members were made in respect of the HSAC2 Ordinary Shares, then the validity of such shares may be subject to re-examination by a Cayman Islands court.

Private Warrants

Each Private Warrant entitles the registered holder to purchase one HSAC2 Ordinary Share at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing 30 days after the completion of our initial business combination. The Private Warrants have a net exercise provision under which its holder may, in lieu of payment of the exercise price in cash, surrender the warrant and receive a net amount of shares based on the fair market value of the HSAC2 Ordinary Shares at the time of exercise of the Private Warrants after deduction of the aggregate exercise price. The Private Warrants will expire five years after the date on which they first became exercisable, at 5:00 p.m., New York City time.

None of the Private Warrants will be redeemable by us.

If the number of outstanding HSAC2 Ordinary Shares is increased by a share dividend payable in HSAC2 Ordinary Shares, then, on the effective date of such share dividend, or split-up or similar event, the number of shares issuable on exercise of each Private Warrant will be increased in proportion to such increase in the outstanding shares.

If the number of outstanding shares is decreased by a consolidation, combination, reverse share split or reclassification of HSAC2 Ordinary Shares or other similar event, then, on the effective date of such consolidation, combination, reverse share split, reclassification or similar event, the number of shares issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding HSAC2 Ordinary Shares.

Whenever the number of HSAC2 Ordinary Shares issuable upon the exercise of the Private Warrants is adjusted, as described above, the Private Warrant exercise price will be adjusted by multiplying the Private Warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares purchasable upon the exercise of the warrants immediately prior to such adjustment and (y) the denominator of which will be the number of shares so purchasable immediately thereafter.

If, at any time while a Private Warrant is outstanding, (i) we effect any merger or consolidation with or into another person, (ii) we effect any sale of all or substantially all of our assets or a majority of the HSAC2 Ordinary Shares is acquired by a third party, in each case, in one or a series of related transactions, (iii) any tender offer or exchange offer is completed pursuant to which all or substantially all of the holders of HSAC2 Ordinary Shares are permitted to tender or exchange their shares for other securities, cash or property, or (iv) HSAC2 effects any reorganization or reclassification of HSAC2 Ordinary Shares or any compulsory share exchange pursuant to which the HSAC2 Ordinary Shares is effectively converted into or exchanged for other securities, cash or property (in any such case, a “**Fundamental Transaction**”), then the holder of a Private Warrant shall have the right thereafter to receive, upon exercise of the Private Warrant, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the number of shares then issuable upon exercise in full of such Private Warrant.

As a holder of the Private Warrants, our Sponsor does not have the right or privileges of holders of HSAC2 Ordinary Shares and any voting rights until they exercise their Private Warrants and receive HSAC2 Ordinary Shares. After the issuance of HSAC2 Ordinary Shares upon exercise of the Private Warrants, our Sponsor will be entitled to one vote for each share registered in the name of the Sponsor in the register of members of HSAC2 on all matters to be voted on by shareholders.

We have not paid any cash dividends on the HSAC2 Ordinary Shares to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any dividends subsequent to a business combination will be within the discretion of our then board of directors. It is the present intention of our board of directors to retain all earnings, if any, for use in our business operations and, accordingly, our board does not anticipate declaring any dividends in the foreseeable future.

Our Transfer Agent

The transfer agent for the HSAC2 Ordinary Shares is Continental Stock Transfer & Trust Company, 17 Battery Place, New York, New York 10004.

Listing of the HSAC2 Ordinary Shares

The HSAC2 Ordinary Shares are listed on Nasdaq under the symbol “HSAQ”.

Certain Differences in Corporate Law

Cayman Islands companies are governed by the Companies Act. The Companies Act is modeled on English law but does not follow recent English law statutory enactments and differs from laws applicable to United States corporations and their shareholders. Set forth below is a summary of the material differences between the provisions of the Companies Act applicable to us and the laws applicable to companies incorporated in the United States and their shareholders.

Mergers and Similar Arrangements. In certain circumstances, the Companies Act allows for mergers or consolidations between two Cayman Islands companies, or between a Cayman Islands exempted company and a company incorporated in another jurisdiction (provided that is facilitated by the laws of that other jurisdiction).

Where the merger or consolidation is between two Cayman Islands companies, the directors of each company must approve a written plan of merger or consolidation containing certain prescribed information. That plan or merger or consolidation must then be authorized by either (a) a special resolution (usually a majority of 66.6%) of the shareholders of each company; or (b) such other authorization, if any, as may be specified in such constituent company’s articles of association. No shareholder resolution is required for a merger between a parent company (i.e., a company that hold issued shares carrying at least 90% of the votes exercisable in a shareholder meeting of the subsidiary company) and its subsidiary company. The consent of each holder of a fixed or floating security interest of a constituent company must be obtained, unless the court waives such requirement. If the Cayman Islands Registrar of Companies is satisfied that the requirements of the Companies Act (which includes certain other formalities) have been complied with, the Registrar of Companies will register the plan of merger or consolidation.

Where the above procedures are adopted, subject to certain exceptions, the Companies Act provides for a right of dissenting shareholders to be paid the fair value of his shares upon their dissenting to the merger or consolidation if they follow a prescribed procedure. In essence, that procedure is as follows: (a) the shareholder must give his, her or its written objection to the merger or consolidation to the constituent company before the vote on the merger or consolidation, including a statement that the shareholder proposes to demand payment for his shares if the merger or consolidation is authorized by the vote; (b) within 20 days following the date on which the merger or consolidation is approved by the shareholders, the constituent company must give written notice to each shareholder who made a written objection; (c) a shareholder must, within 20 days following receipt of such notice from the constituent company, give the constituent company a written notice of his intention to dissent including, among other details, a demand for payment of the fair value of his shares; (d) within seven days following the date of the expiration of the period set out in paragraph (b) above or seven days following the date on which the plan of merger or consolidation is filed, whichever is later, the constituent company, the surviving company or the consolidated company must make a written offer to each dissenting shareholder to purchase his, her or its shares at a price that the company determines is the fair value and if the company and the shareholder agree the price within 30 days following the date on which the offer was made, the company must pay the shareholder such amount; (e) if the company and the shareholder fail to agree to a price within such 30-day period, within 20 days following the date on which such 30-day period

expires, the company must (and any dissenting shareholder may) file a petition with the Cayman Islands Grand Court to determine the fair value and such petition must be accompanied by a list of the names and addresses of the dissenting shareholders with whom agreements as to the fair value of their shares have not been reached by the company. At the hearing of that petition, the court has the power to determine the fair value of the shares together with a fair rate of interest, if any, to be paid by the company upon the amount determined to be the fair value. Any dissenting shareholder whose name appears on the list filed by the company may participate fully in all proceedings until the determination of fair value is reached. These rights of a dissenting shareholder are not available in certain circumstances, for example, to dissenters holding shares of any class in respect of which an open market exists on a recognized stock exchange or recognized interdealer quotation system at the relevant date or where the consideration for such shares to be contributed are shares of any company listed on a national securities exchange or shares of the surviving or consolidated company.

Moreover, Cayman Islands law also has separate statutory provisions (including to facilitate the reconstruction or amalgamation of companies in certain circumstances) commonly referred to in the Cayman Islands as “schemes of arrangement,” which may be tantamount to a merger. A scheme of arrangement must currently be approved by a majority in number of each class of shareholders or creditors with whom the arrangement is to be made and who must in addition represent three-fourths in value of each such class of shareholders or creditors, as the case may be, that are present and voting either in person or by proxy at a meeting, or meetings summoned for that purpose. The convening of the meetings and subsequently the terms of the arrangement must be sanctioned by the Grand Court of the Cayman Islands. While a dissenting shareholder would have the right to express to the court the view that the scheme of arrangement should not be approved, the court can be expected to approve the arrangement if it satisfies itself that:

- we are not proposing to act illegally or beyond the scope of our corporate authority and the statutory provisions as to the required vote have been complied with and there is no coercion of the minority shareholders or “fraud on the minority”;
- the shareholders have been fairly represented at the shareholder meeting in question;
- the arrangement is such that an honest and intelligent person, being a member of the class of shareholders affected by the arrangement and acting in respect of his interests, might reasonably approve; and
- the arrangement is not one that would more properly be sanctioned under some other provision of the Companies Act.

If a scheme of arrangement or takeover offer (as described below) is approved, any dissenting shareholder would have no rights comparable to appraisal rights, which would otherwise ordinarily be available to dissenting shareholders of United States corporations, providing rights to receive payment in cash for the judicially determined value of the shares.

Squeeze-out Provisions. When a takeover offer is made and accepted by the holders of at least 90% of the shares affected within four months of the offer being made, the offeror may, within a two-month period following the expiration of such four-month period, require the holders of the remaining shares to transfer their shares on the terms of the offer. An objection can be made to the Grand Court of the Cayman Islands within one month of the requisite compulsory acquisition notice being given but this is unlikely to succeed unless there is a breach of the Companies Act or fraud or dishonesty.

Further, transactions similar to a merger, reconstruction and/or an amalgamation may in some circumstances be achieved through other means to these statutory provisions, such as a share capital exchange, asset acquisition or control, through contractual arrangements, of an operating business.

Shareholders’ Suits. Maples and Calder (Cayman) LLP, our Cayman Islands legal counsel, is not aware of any reported class action having been brought in a Cayman Islands court. Derivative actions have been brought in the Cayman Islands courts, and the Cayman Islands courts have confirmed the availability for such actions. In most cases, we will be the proper plaintiff in any claim based on a breach of duty owed to us, and a claim against (for example) our officers or directors usually may not be brought by a shareholder (other than on behalf of the Company). However,

[Table of Contents](#)

based both on Cayman Islands authorities and on English authorities, which would in all likelihood be of persuasive authority and be applied by a court in the Cayman Islands, exceptions to the foregoing principle apply in circumstances in which:

- a company is acting, or proposing to act, illegally or beyond the scope of its authority;
- the act complained of, although not beyond the scope of the authority, could be effected if duly authorized by more than the number of votes which have actually been obtained; or
- those who control the company are perpetrating a “fraud on the minority.”

A shareholder may have a direct right of action against us where the individual rights of that shareholder have been infringed or are about to be infringed.

Enforcement of civil liabilities. The Cayman Islands has a different body of securities laws as compared to the United States and may provide less protection to investors. Additionally, Cayman Islands companies may not have standing to sue before the federal courts of the United States.

We have been advised by Maples and Calder (Cayman) LLP, our Cayman Islands legal counsel, that the courts of the Cayman Islands are unlikely (i) to recognize or enforce against us judgments of courts of the United States predicated upon the civil liability provisions of the federal securities laws of the United States or any state and (ii) in original actions brought in the Cayman Islands, to impose liabilities against us predicated upon the civil liability provisions of the federal securities laws of the United States or any state, so far as the liabilities imposed by those provisions are penal in nature. In those circumstances, although there is no statutory enforcement in the Cayman Islands of judgments obtained in the United States, the courts of the Cayman Islands will recognize and enforce a foreign money judgment of a foreign court of competent jurisdiction without retrial on the merits based on the principle that a judgment of a competent foreign court imposes upon the judgment debtor an obligation to pay the sum for which judgment has been given, provided certain conditions are met. For a foreign judgment to be enforced in the Cayman Islands, such judgment must be final and conclusive and for a liquidated sum and must not be in respect of taxes or a fine or penalty, inconsistent with a Cayman Islands judgment in respect of the same matter, impeachable on the grounds of fraud or obtained in a manner, or be of a kind the enforcement of which is contrary to natural justice or the public policy of the Cayman Islands (awards of punitive or multiple damages may well be held to be contrary to public policy). A Cayman Islands court may stay enforcement proceedings if concurrent proceedings are being brought elsewhere.

Special Considerations for Exempted Companies. We are an exempted company with limited liability under the Companies Act. The Companies Act distinguishes between ordinary resident companies and exempted companies. Any company that is registered in the Cayman Islands but conducts business mainly outside of the Cayman Islands may apply to be registered as an exempted company. The requirements for an exempted company are essentially the same as for an ordinary company except for the exemptions and privileges listed below:

- annual reporting requirements are minimal and consist mainly of a statement that the company has conducted its operations mainly outside of the Cayman Islands and has complied with the provisions of the Companies Act;
- an exempted company’s register of members is not open to inspection;
- an exempted company does not have to hold an annual general meeting;
- an exempted company may obtain an undertaking against the imposition of any future taxation (such undertakings are usually given for 20 years in the first instance);
- an exempted company may register by way of continuation in another jurisdiction and be deregistered in the Cayman Islands;
- an exempted company may register as a limited duration company; and
- an exempted company may register as a segregated portfolio company.

Our Existing Charter filed under the laws of the Cayman Islands contain provisions designed to provide certain rights and protections to our shareholders prior to the consummation of a business combination. The following are the material rights and protections contained in our Existing Charter:

- the right of public shareholders to have their Public Shares redeemed in lieu of participating in a proposed business combination;
- a prohibition against completing a business combination unless we have net tangible assets of at least \$5,000,001 upon consummation of such business combination;
- a requirement that if we seek shareholder approval of any business combination, an ordinary resolution under Cayman Islands law, which requires the affirmative vote of a majority of the shareholders who attend and vote at a shareholder meeting of the company, will be required to approve the business combination;
- the ability of the directors to call general meetings on their own accord;
- a prohibition, prior to a business combination, against our issuing (i) any HSAC2 Ordinary Shares or any securities convertible into HSAC2 Ordinary Shares or (ii) any other securities (including preference shares) which participate in or are otherwise entitled in any manner to any of the proceeds in the Trust Account or which vote as a class with the HSAC2 Ordinary Shares on a business combination;
- a requirement that our management take all actions necessary to liquidate our Trust Account in the event we do not consummate a business combination by 24 months from the consummation of the IPO;
- the limitation on shareholders' rights to receive a portion of the Trust Account.

The Companies Act permits a company incorporated in the Cayman Islands to amend its memorandum and articles of association with the approval of the holders of a majority of at least two-thirds of such company's shares present and voting at a shareholders' meeting and this is the approval specified in our articles of association. Accordingly, although we could amend any of the provisions relating to our proposed offering, structure and business plan which are contained in our Existing Charter, we view all of these provisions as binding obligations to our shareholders and neither we, nor our officers or directors, will take any action to amend or waive any of these provisions unless we provide dissenting Public Shareholders with the opportunity to convert their Public Shares in connection with any such vote.

Anti-Money Laundering — Cayman Islands

If any person in the Cayman Islands knows or suspects or has reasonable grounds for knowing or suspecting that another person is engaged in criminal conduct or money laundering or is involved with terrorism or terrorist financing and property and the information for that knowledge or suspicion came to their attention in the course of business in the regulated sector, or other trade, profession, business or employment, the person will be required to report such knowledge or suspicion to (i) the Financial Reporting Authority of the Cayman Islands, pursuant to the Proceeds of Crime Act (As Revised) of the Cayman Islands if the disclosure relates to criminal conduct or money laundering, or (ii) a police officer of the rank of constable or higher, or the Financial Reporting Authority, pursuant to the Terrorism Act (As Revised) of the Cayman Islands, if the disclosure relates to involvement with terrorism or terrorist financing and property. Staggered board of directors

Our Existing Charter provides that our board of directors will be classified into three classes of directors. As a result, in most circumstances, a person can gain control of our board only by successfully engaging in a proxy contest at two or more annual meetings.

Extraordinary General Meeting

Our Existing Charter provides that extraordinary general meetings of shareholders may be called only by a majority vote of our board of directors, by our chief executive officer or by our chairman.

Advance notice requirements for shareholder proposals and director nominations

Our Existing Charter provides that shareholders seeking to bring business before our annual general meeting, or to nominate candidates for election as directors at our annual general meeting must provide timely notice of their intent in writing. To be timely, a shareholder's notice will need to be delivered to our principal executive offices not less than 120 calendar days before the date of the Company's proxy statement released to shareholders in connection with the previous year's annual general meeting or, if the Company did not hold an annual general meeting the previous year, or if the date of the current year's annual general meeting has been changed by more than 30 days from the date of the previous year's annual general meeting, then the deadline will be set by our board of directors with such deadline being a reasonable time before the Company begins to print and send its related proxy materials. Our Existing Charter also specifies certain requirements as to the form and content of a shareholders' meeting. These provisions may preclude our shareholders from bringing matters before our annual general meeting or from making nominations for directors at our annual general meeting.

Authorized but unissued shares

Our authorized but unissued HSAC2 Ordinary Shares and preference shares are available for future issuances without shareholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved HSAC2 Ordinary Shares and preference shares could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

DESCRIPTION OF SECURITIES AFTER THE BUSINESS COMBINATION

The following description summarizes the most important terms of New Orchestra's securities, as they will be in effect upon the consummation of the Business Combination. The following summary does not purport to be complete and is subject to the Proposed Charter, the Proposed Bylaws, the Investors' Rights Agreement to which Orchestra and certain of its stockholders are parties (the "**Investors' Rights Agreement**") and the provisions of applicable law. A copy of the Proposed Charter is attached as *Annex B* to this proxy statement/prospectus and a copy of the Proposed Bylaws is attached as *Annex C* to this proxy statement/prospectus. The stockholders are encouraged to read the applicable provisions of the DGCL, the Proposed Charter, the Proposed Bylaws and the Investors' Rights Agreement in their entirety for a complete description of the rights and preferences of New Orchestra's securities following the Business Combination.

General

Following the Business Combination and after giving effect to the conversion into HSAC2 Common Stock and retirement of all outstanding shares of Orchestra's preferred stock, the Proposed Charter will provide for _____ authorized shares of a single class of common stock, par value \$0.0001 per share, and _____ authorized shares of undesignated preferred stock, par value \$0.0001 per share ("**New Orchestra Preferred Stock**"). In _____ 2022, the Orchestra Board approved the retirement, upon the conversion of all shares of outstanding preferred stock into Orchestra Common Stock in connection with the Closing, of all shares of Orchestra's preferred stock such that they will be canceled and will not be subject to future reissuance.

As of the Record Date, there were _____ HSAC2 Ordinary Shares and no shares of HSAC2 Preferred Stock outstanding.

New Orchestra Common Stock Following the Business Combination

The Proposed Charter, which HSAC2 will adopt if the Charter Approval Proposal is approved, provides the following with respect to the rights, powers, preferences and privileges of New Orchestra Common Stock.

Voting Rights

Holders of New Orchestra Common Stock will be entitled to one vote per share of New Orchestra Common Stock held at all meetings of stockholders. The Proposed Charter will not provide for cumulative voting for the election of directors.

Dividend Rights

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of New Orchestra Common Stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the New Orchestra Board, out of funds legally available therefor.

Rights upon Liquidation

In the event of New Orchestra's liquidation, dissolution or winding up, the holders of New Orchestra Common Stock will be entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

No Preemptive or Similar Rights

Holders of New Orchestra Common Stock will have no redemption, conversion or preemptive rights. There will be no sinking fund provisions applicable to New Orchestra Common Stock.

Fully Paid and Non-Assessable

The outstanding HSAC2 Ordinary Shares are, and the shares of New Orchestra Common Stock issued in the Business Combination will be, fully paid and non-assessable.

Preferred Stock

Effective immediately upon Closing, there will be no shares of Orchestra's preferred stock outstanding because all outstanding shares of Orchestra's preferred stock will have been converted into an aggregate of 18,855,185 shares of New Orchestra Common Stock at such time. Upon the consummation of the Business Combination and after giving effect to the conversion and retirement of all outstanding shares of Orchestra's preferred stock, the New Orchestra Board will have the authority to issue undesignated preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of such series, without further vote or action by the stockholders.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of New Orchestra without further action by the stockholders and may adversely affect the voting and other rights of the holders of New Orchestra Common Stock. At present, we have no plans to issue any of the preferred stock following the Business Combination.

Outstanding Warrants

HSAC2 Private Warrants

Each Private Warrant to purchase HSAC2 Ordinary Shares that is issued and outstanding immediately prior to the effective time of the Domestication and not terminated pursuant to its terms will be converted into a warrant to purchase shares of New Orchestra Common Stock on the same terms and conditions as are in effect with respect to such warrant immediately prior to the Effective Time. There are currently outstanding an aggregate of 1,500,000 Private Warrants to acquire HSAC2 Ordinary Shares. Subject to the Closing, the Sponsor has agreed to forfeit 50% of its Private Warrants, comprising 750,000 Private Warrants, for no consideration. In respect of such forfeiture by the Sponsor, as soon as reasonably practicable following the Closing, New Orchestra will take all actions necessary to issue an equal number of warrants, having substantially similar terms to the forfeited Private Warrants, to employees of New Orchestra or its subsidiaries.

Each Private Warrant entitles the registered holder to purchase one share of New Orchestra Common Stock at a price of \$11.50 per share, subject to adjustment as described in this proxy statement/prospectus, at any time commencing 30 days after the completion of the Business Combination. The Private Warrants have a net exercise provision under which its holder may, in lieu of payment of the exercise price in cash, surrender the warrant and receive a net amount of shares based on the fair market value of the New Orchestra Common Stock at the time of exercise of the Private Warrants after deduction of the aggregate exercise price. The Private Warrants will expire five years after the date on which they first became exercisable, at 5:00 p.m., New York City time.

None of the Private Warrants will be redeemable by New Orchestra.

If the number of outstanding shares of New Orchestra Common Stock is increased by a stock dividend payable in shares of New Orchestra Common Stock, then, on the effective date of such stock dividend, or split-up or similar event, the number of shares issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares.

If the number of outstanding shares is decreased by a consolidation, combination, reverse share split or reclassification of New Orchestra Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse share split, reclassification or similar event, the number of shares issuable on exercise of each Private Warrant will be decreased in proportion to such decrease in outstanding shares of New Orchestra Common Stock.

Whenever the number of shares of New Orchestra Common Stock issuable upon the exercise of the Private Warrants is adjusted, as described above, the Private Warrant exercise price will be adjusted by multiplying the Private Warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares purchasable upon the exercise of the warrants immediately prior to such adjustment and (y) the denominator of which will be the number of shares so purchasable immediately thereafter.

If, at any time while a Private Warrant is outstanding, (i) New Orchestra effects any merger or consolidation of New Orchestra with or into another person, (ii) New Orchestra effects any sale of all or substantially all of its assets or a majority of the New Orchestra Common Stock is acquired by a third party, in each case, in one or a series of

related transactions, (iii) any tender offer or exchange offer is completed pursuant to which all or substantially all of the holders of New Orchestra Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (iv) New Orchestra effects any reorganization or reclassification of New Orchestra Common Stock or any compulsory share exchange pursuant to which the New Orchestra Common Stock is effectively converted into or exchanged for other securities, cash or property (in any such case, a “**Fundamental Transaction**”), then the holder of a Private Warrant shall have the right thereafter to receive, upon exercise of the Private Warrant, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the number of shares of New Orchestra Common Stock then issuable upon exercise in full of such Private Warrant.

Orchestra Warrants

At the effective time of the Business Combination, each warrant to purchase shares of Orchestra Common Stock (each, an “**Orchestra Warrant**”) that is outstanding and unexercised immediately prior to the effective time of the Business Combination will be assumed by New Orchestra and shall represent a warrant to purchase shares of New Orchestra Common Stock on the same terms and subject to the same conditions (including as to vesting and exercisability) as are in effect with respect to such Orchestra Warrants immediately prior to such effective time, with appropriate adjustments to the number of shares of New Orchestra Common Stock underlying such warrant and the exercise price applicable thereto to account for the Business Combination.

Orchestra expects to have outstanding at the effective time of the Business Combination warrants to acquire up to an aggregate of 1,578,261 shares of New Orchestra Common Stock (exclusive of the HSAC2 Private Warrants described above), as described below.

Warrants Issued in the Formation Mergers

These warrants have a five-year term and expire on August 13, 2023.

Provisions Applicable to All of the Above Orchestra Warrants

All of the warrants above:

- provide for the adjustment of the exercise price and number of shares issuable upon the exercise thereof in the event of certain reclassification of shares, stock dividends or other distributions, capital reorganizations, consolidations, subdivisions, stock splits and combinations;
- have “weighted-average” anti-dilution protection provisions, which provide that, if New Orchestra issues common stock at a price below the exercise price of the warrants, the exercise price for the warrants will be automatically reduced and there will be a corresponding increase in the number of shares issuable pursuant to the warrants;
- have a net exercise provision under which its holder may, in lieu of payment of the exercise price in cash, surrender the warrant and receive a net amount of shares based on the fair market value of the New Orchestra Common Stock at the time of exercise of the warrant after deduction of the aggregate exercise price; and
- provide that Orchestra must give written notice of the Business Combination to the holder at least 10 business days prior to the Business Combination, and the holder is entitled to exercise the warrant and purchase the underlying shares prior to the Business Combination.

Warrants Issued to Silicon Valley Bank

In December 2019, Orchestra entered into the 2019 Loan and Security Agreement with Silicon Valley Bank, which was subsequently terminated and repaid in connection with the closing of the 2022 Loan and Security Agreement (as defined below). Pursuant to the terms of the 2019 Loan and Security Agreement, Orchestra issued a warrant to Silicon Valley Bank on December 10, 2019 that will be exercisable for 150,000 shares of New Orchestra Common Stock at an exercise price of \$1.33 per share. This warrant (i) terminates on December 9, 2029; (ii) provides for the adjustment of the exercise price and number of shares issuable upon the exercise thereof in the event of certain reclassifications of shares, stock dividends or other distributions, consolidations, subdivisions, stock splits and combinations; and (iii) has a net exercise provision under which its holder may, in lieu of payment of the exercise price in cash, surrender the warrant and receive a net amount of shares based on the fair market value of the New Orchestra Common Stock at the time of exercise of the warrant after deduction of the aggregate exercise price.

Warrants Issued to Avenue Capital

In June 2022, Orchestra entered into a loan and security agreement with Avenue Capital (the “**2022 Loan and Security Agreement**”). Pursuant to the terms of the 2022 Loan and Security Agreement, Orchestra issued two warrants to Avenue Capital on June 3, 2022 that will be exercisable for an aggregate of 100,000 shares of New Orchestra Common Stock at an exercise price of \$4.06. These warrants (i) terminate on June 3, 2027, (ii) provide for the adjustment of the exercise price and number of shares issuable upon the exercise thereof in the event of certain reclassifications of shares, stock dividends or other distributions, consolidations, subdivisions, stock splits and combinations; and (iii) has a net exercise provision under which its holder may, in lieu of payment of the exercise price in cash, surrender the warrant and receive a net amount of shares based on the fair market value of the New Orchestra Common Stock at the time of exercise of the warrant after deduction of the aggregate exercise price.

Piggyback Registration Rights

After the Closing, if New Orchestra determines to register for sale any New Orchestra Common Stock under the Securities Act in an underwritten offering, the holders of approximately _____ shares of New Orchestra Common Stock will be entitled to certain “piggyback” registration rights pursuant to the Investors’ Rights Agreement and the holders of approximately _____ shares of Orchestra Common Stock will be entitled to certain “piggyback” registration rights pursuant to the subscription agreements for the Series B-1 Preferred Stock (the “**Subscription Agreements**”). Pursuant to the “piggyback” registration rights, these holders may require New Orchestra to include all or a portion of their New Orchestra Common Stock in a registration related to an underwritten offering of New Orchestra Common Stock, subject to certain limitations. However, the underwriters have the right, subject to specified conditions, to limit the number of shares of common stock such holders may include in any underwritten offering.

The Investors' Rights Agreement and the Subscription Agreements contain market stand-off provisions imposing restrictions on the ability of the former holders of Orchestra's Series B/B-1 Preferred Stock to, among other things, offer, sell, transfer or hedge any shares of New Orchestra Common Stock received upon conversion of their Series B/B-1 Preferred Stock for a period of six months from the date the SEC declares the registration statement of which this proxy statement/prospectus is a part effective.

Subject to specified conditions and limitations, under the terms of the Investors' Rights Agreement, Orchestra is required to pay all expenses, other than underwriting discounts, stock transfer taxes and the expenses of any attorney or advisor employed by a holder of "piggyback" registration rights, incurred in connection with any exercise of these "piggyback" registration rights. The Subscription Agreements provide that each party to a Subscription Agreement shall pay its own fees and expenses in connection with the Subscription Agreement and the transactions contemplated thereby.

The Investors' Rights Agreement contains customary cross-indemnification provisions, pursuant to which Orchestra is obligated to indemnify the selling holders of registrable securities in the event of either material misstatements or omissions in the applicable registration statement attributable to Orchestra or Orchestra's violation of the Securities Act, and the selling stockholders are obligated to indemnify Orchestra for material misstatements or omissions in the registration statement attributable to them, subject to certain limitations.

The "piggyback" registration rights under the Investors' Rights Agreement terminate with respect to any holder of registrable securities upon the earliest of: (i) the closing of a Deemed Liquidation Event as such term is defined in Orchestra's Amended and Restated Certificate of Incorporation as in effect prior to the Effective Time, and (ii) such time as Orchestra is subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act and SEC Rule 144 or another similar exemption under the Securities Act is available for the sale of all of such holder's shares without limitation during a three-month period without registration, and (iii) the fifth anniversary of the completion of the Business Combination. There is no termination provision with respect to the "piggyback" registration rights contained in the Subscription Agreements.

Amended and Restated Registration Rights and Lock-Up Agreement

At the Closing, HSAC2 will enter into the Amended and Restated Registration Rights Agreement with the RTW Funds, certain existing shareholders of HSAC2 and certain existing stockholders of Orchestra with respect to the resale of up to _____ warrants exercisable for New Orchestra Common Stock and up to _____ shares of New Orchestra Common Stock (including up to _____ shares of New Orchestra Common Stock issuable upon exercise of the warrants). New Orchestra will file a registration statement to register the public resale of the shares as soon as reasonably practicable, but in any event within 45 calendar days following the Closing. In addition, subject to certain requirements and customary conditions, including with regard to the number of requests that may be made and when, the relevant stockholders may request to sell all or any portion of their registrable securities in an underwritten offering so long as the total offering price is reasonably expected to exceed, in the aggregate, \$25 million. In addition, the stockholders signing the Amended and Restated Registration Rights Agreement will have certain "piggy-back" registration rights that require New Orchestra to include such securities in registration statements that New Orchestra otherwise files, subject to certain requirements and customary conditions. The Amended and Restated Registration Rights Agreement does not contain liquidated damages provisions or other cash settlement provisions resulting from delays in registering the New Orchestra's securities. New Orchestra will bear the expenses incurred in connection with the filing of any such registration statements. The Amended and Restated Registration Rights Agreement contains customary indemnification provisions.

The Amended and Restated Registration Rights Agreement requires the signatories thereto to agree, subject to certain customary exceptions, not to (i) sell, assign, offer to sell, contract or agree to sell, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, any Lock-up Shares, (ii) establish or increase a put equivalent position or liquidation with respect to or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to any Lock-up Shares, (iii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Lock-up Shares, or (iv) publicly announce an intention to effect any of the foregoing during the Lock-Up Period.

For more information about the Amended and Restated Registration Rights Agreement, see the section entitled "*Proposal 1 — The Business Combination Proposal — Certain Related Agreements — Amended and Restated Registration Rights and Lock-Up Agreement.*"

Anti-Takeover Effects of New Orchestra's Governing Documents under Delaware Law

Certain provisions of Delaware law, along with the Proposed Charter and the Proposed Bylaws, which will take effect immediately prior to the consummation of the Business Combination, all of which are summarized below, may have the effect of delaying, deferring or discouraging another person from acquiring control of New Orchestra. These provisions are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed, in part, to encourage persons seeking to acquire control of New Orchestra to first negotiate with the New Orchestra Board. However, these provisions could have the effect of delaying, discouraging or preventing attempts to acquire New Orchestra, which could deprive New Orchestra's stockholders of opportunities to sell their shares of New Orchestra Common Stock at prices higher than prevailing market prices.

Election and Removal of Directors

Immediately upon the completion of the Business Combination, the New Orchestra Board will consist of seven directors. The exact number of directors will be fixed from time to time by resolution of the New Orchestra Board. No director may be removed except for cause, and directors may be removed for cause by an affirmative vote of shares representing a majority of the shares then entitled to vote at an election of directors. Any vacancy occurring on the New Orchestra Board and any newly created directorship may be filled only by a majority of the remaining directors in office or by the sole remaining director.

Limits on Written Consents

The Proposed Charter and Proposed Bylaws provide that holders of New Orchestra Common Stock will not be able to act by written consent without a meeting.

Special Meetings of Stockholders

The Proposed Bylaws provide that special meetings of New Orchestra stockholders may be called only by the chairperson of the New Orchestra Board, the chief executive officer of New Orchestra or a majority of the directors.

Advance notice requirements for stockholder proposals and director nominations

The Proposed Bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice of their intent in writing. To be timely, a stockholder's notice will need to be received by the secretary at the principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting of stockholders; *provided, however*, that, in the event that the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or, if later than the 90th day prior to such annual meeting, the tenth day following the day on which public announcement of the date of such meeting is first made. The Proposed Bylaws provide that an adjournment or a postponement of an annual meeting for which notice has been given, or the public announcement thereof has been made, will not commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above. Pursuant to Rule 14a-8 of the Exchange Act, proposals seeking inclusion in the annual proxy statement must comply with the notice periods contained therein. The Proposed Bylaws also specify certain requirements as to the form and content of a stockholders' meeting. These provisions may preclude New Orchestra stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Authorized but unissued shares

New Orchestra's authorized but unissued common stock and preferred stock will be available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of New Orchestra by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum Selection

The Proposed Charter provides that, unless New Orchestra otherwise consents in writing, the Court of Chancery (the “**Chancery Court**”) of the State of Delaware (or, in the event that the Chancery Court does not have subject matter jurisdiction, another state or federal court located within the State of Delaware) will, to the fullest extent permitted by law, be the sole and exclusive forum for resolution of (a) any derivative action or proceeding brought on behalf of New Orchestra, (b) any action, suit or proceeding asserting a claim of breach of a fiduciary duty owed by any director, officer or stockholder of New Orchestra to New Orchestra or to the stockholders of New Orchestra, (c) any action, suit or proceeding arising pursuant to any provision of the DGCL, the Proposed Charter or the Proposed Bylaws or (d) any action, suit or proceeding asserting a claim against New Orchestra governed by the internal affairs doctrine. If any action the subject matter of which is described in the immediately preceding sentence is filed in a court other than the courts in the State of Delaware (a “**Foreign Action**”) in the name of any stockholder, such stockholder will be deemed to have consented to (x) the personal jurisdiction of the state and federal courts in the State of Delaware in connection with any action brought in any such court to enforce the provisions of the immediately preceding sentence and (y) having service of process made upon such stockholder in any such action by service upon such stockholder’s counsel in the Foreign Action as agent for such stockholder.

Notwithstanding the foregoing, unless New Orchestra otherwise consents in writing, the federal district courts of the United States will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. Any person or entity purchasing or otherwise acquiring any interest in shares of New Orchestra Common Stock shall be deemed to have notice of and consented to the forum provisions in the Proposed Charter.

Notwithstanding the foregoing, Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. As a result, the exclusive forum provision will not apply to suits brought to enforce any duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction.

Limitation of Liability of Directors and Officers

Our amended and restated certificate of incorporation to be in effect upon the closing of the Business Combination will provide that we may indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. For information regarding the limitation of liability of New Orchestra’s directors and officers, please refer to the section titled “*Management after the Business Combination — Limitations on Liability and Indemnification of Directors and Officers.*”

Listing

Application will be made for the shares of New Orchestra Common Stock to be approved for listing on Nasdaq under the symbols “OBIO.”

Transfer Agent and Registrar

Upon the consummation of the Business Combination, the transfer agent and registrar for the New Orchestra common stock will be Carta, located at 1 State Street, 30th Floor, New York, New York 10004.

SHARES ELIGIBLE FOR FUTURE SALE

Upon completion of the Business Combination, New Orchestra will have _____ shares of New Orchestra Common Stock authorized and, based on the assumptions set out elsewhere in this proxy statement/prospectus, and up to 31,637,180 shares of New Orchestra Common Stock issued and outstanding. Subject to the Amended and Restated Registration Rights Agreement discussed below, all of the shares of New Orchestra Common Stock issued in connection with the Business Combination will be freely transferable by persons other than by New Orchestra's, HSAC2's and Orchestra's "affiliates" without restriction or further registration under the Securities Act. Sales of substantial amounts of New Orchestra Common Stock in the public market could adversely affect prevailing market prices of the New Orchestra Common Stock.

Amended and Restated Registration Rights and Lock-Up Agreement

At the Closing, HSAC2 will enter into the Amended and Restated Registration Rights Agreement with the RTW Funds, certain existing shareholders of HSAC2 and certain existing stockholders of Orchestra with respect to the resale of _____ warrants exercisable for New Orchestra Common Stock and up to _____ shares of New Orchestra Common Stock (including up to _____ shares of New Orchestra Common Stock issuable upon exercise of the warrants). New Orchestra will file a registration statement to register the public resale of the shares as soon as reasonably practicable, but in any event within 45 calendar days following the Closing. In addition, subject to certain requirements and customary conditions, including with regard to the number of requests that may be made and when, the relevant stockholders may request to sell all or any portion of their registrable securities in an underwritten offering so long as the total offering price is reasonably expected to exceed, in the aggregate, \$25 million. In addition, the stockholders signing the Amended and Restated Registration Rights Agreement will have certain "piggy-back" registration rights that require New Orchestra to include such securities in registration statements that New Orchestra otherwise files, subject to certain requirements and customary conditions. The Amended and Restated Registration Rights Agreement does not contain liquidated damages provisions or other cash settlement provisions resulting from delays in registering the New Orchestra's securities. New Orchestra will bear the expenses incurred in connection with the filing of any such registration statements. The Amended and Restated Registration Rights Agreement contains customary indemnification provisions.

The Amended and Restated Registration Rights Agreement requires signatories thereto to agree, subject to certain customary exceptions, not to (i) sell, assign, offer to sell, contract or agree to sell, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, any Lock-up Shares (as defined below), (ii) establish or increase a put equivalent position or liquidation with respect to or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to any Lock-up Shares, (iii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Lock-up Shares, or (iv) publicly announce an intention to effect any of the foregoing during the Lock-Up Period.

For more information about the Amended and Restated Registration Rights Agreement, see the section entitled "*Proposal 1 — The Business Combination Proposal — Certain Related Agreements — Amended and Restated Registration Rights and Lock-Up Agreement.*"

Rule 144

Pursuant to Rule 144 under the Securities Act, a person who has beneficially owned restricted New Orchestra Common Stock or New Orchestra warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of New Orchestra's affiliates at the time of, or at any time during the three months preceding, a sale and (ii) New Orchestra is subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as New Orchestra was were required to file reports) preceding the sale.

Persons who have beneficially owned restricted Common Stock or warrants of New Orchestra for at least six months but who are affiliates of New Orchestra at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of either of the following:

- 1% of the total number of shares of New Orchestra's common stock or warrants then outstanding, as applicable; or
- the average weekly reported trading volume of New Orchestra's Common Stock or warrants, as applicable, during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by affiliates of New Orchestra under Rule 144 are also subject to certain requirements relating to manner of sale, notice and the availability of current public information about New Orchestra.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Historically, the SEC staff had taken the position that Rule 144 is not available for the resale of securities initially issued by companies that are, or previously were, blank check companies, like us. The SEC has codified and expanded this position in the amendments discussed above by prohibiting the use of Rule 144 for resale of securities issued by any shell companies (other than business combination related shell companies) or any issuer that has been at any time previously a shell company. However, the SEC has provided an important exception to this prohibition, if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Current Reports on Form 8-K; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC, which is expected to be filed promptly after completion of the Business Combination, reflecting its status as an entity that is not a shell company.

As a result, the Sponsor will be able to sell its Common Stock and warrants received in the Merger in exchange for Insider Shares and Private Warrants, as applicable, pursuant to Rule 144 without registration one year after HSAC2 has completed its initial business combination.

Following the Closing, New Orchestra will no longer be a shell company, and as such, once the conditions listed above are satisfied, Rule 144 will become available for the resale of the above-noted restricted securities.

Rule 701

In general, under Rule 701 of the Securities Act as currently in effect, each of New Orchestra's employees, consultants or advisors who purchases equity shares from New Orchestra in connection with a compensatory stock plan or other written agreement executed prior to the completion of the Business Combination is eligible to resell those equity shares in reliance on Rule 144, but without compliance with some of the restrictions, including the holding period, contained in Rule 144. However, Rule 701 shares would remain subject to lock-up arrangements and would only become eligible for sale when the lock-up period expires.

The Sponsor is governed by a board of directors consisting of three directors: Roderick Wong, Naveen Yalamanchi, and Alice Lee. Based upon the foregoing analysis, no director of the Sponsor exercises voting or dispositive control over any of the shares held by the Sponsor, even those in which he or she directly holds a pecuniary interest. Accordingly, none of them will be deemed to have or share beneficial ownership of such shares.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

HSAC2

On June 11, 2020, we sold an aggregate of 3,593,750 HSAC2 Ordinary Shares for \$28,750 to our Sponsor. On August 3, 2020, we declared a dividend of 0.113043478 shares for each outstanding share (an aggregate of 406,250 shares), resulting in an aggregate of 4,000,000 shares outstanding. This results in a purchase price of approximately \$0.007 per HSAC2 Ordinary Share.

Our Sponsor purchased, pursuant to a written purchase agreement with us, an aggregate of (i) 450,000 Private Shares at \$10.00 per HSAC2 Ordinary Share (for a total purchase price of \$4,500,000) and (ii) 1,500,000 Private Warrants at \$1.00 per warrant (for a total purchase price of \$1,500,000). These purchases took place on a private placement basis simultaneously with the consummation of the IPO on August 6, 2020.

The Private Shares are identical to the HSAC2 Ordinary Shares sold in our initial public offering. However, our Initial Shareholders have agreed (A) to vote their Insider Shares, Private Shares and any Public Shares in favor of any proposed business combination, (B) not to propose, or vote in favor of, prior to and unrelated to an initial business combination, an amendment to our amended and restated memorandum and articles of association that would affect the substance or timing of the ability of Public Shareholders to exercise redemption rights as described herein or of our redemption obligation to redeem all Public Shares if we cannot complete an initial business combination by the Extension Date, unless we provide Public Shareholders an opportunity to redeem their Public Shares in conjunction with any such amendment, (C) not to redeem any shares, including Insider Shares, Private Shares and any Public Shares into the right to receive cash from the Trust Account in connection with a shareholder vote to approve our proposed initial business combination or sell any shares to us in any tender offer in connection with our proposed initial business combination, and (D) that the Insider Shares and Private Shares shall not participate in any liquidating distribution upon winding up if a business combination is not consummated.

Each Private Warrant entitles the holder thereof to purchase one HSAC2 Ordinary Share at a price of \$11.50 per HSAC2 Ordinary Share, subject to adjustment as provided therein. The Private Warrants will become exercisable 30 days after the completion of our initial business combination and will expire five years after the completion of our initial business combination. Each Private Warrant will be non-redeemable and may be exercised on a cashless basis, in each case so long as they continue to be held by our Sponsor or its permitted transferees.

Additionally, our Sponsor has agreed not to transfer, assign or sell any of the Private Shares, Private Warrants or underlying securities (except to the same permitted transferees as the Insider Shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the Insider Shares must agree to, each as described above) until the completion of our initial business combination.

In order to meet our working capital needs, our Initial Shareholders, officers and directors may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender's discretion, up to \$500,000 of the notes may be converted upon consummation of our business combination into additional Private Warrants at a price of \$1.00 per warrant. Our shareholders have approved the issuance of the Private Warrants upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our Initial Shareholders or their affiliates, will be repaid only from amounts remaining outside our Trust Account, if any.

The holders of our Insider Shares issued and outstanding prior to our initial public offering, as well as the holders of the Private Shares and Private Warrants (and underlying securities) and any shares our Initial Shareholders or their affiliates may be issued in payment of Working Capital Loans made to us, will be entitled to registration rights. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the Insider Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these HSAC2 Ordinary Shares are to be released from escrow. The holders of a majority of the Private Shares, Private Warrants or warrants that may be issued upon conversion of Working Capital Loans made to us can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Our Sponsor has agreed that, until the earlier of our consummation of our initial business combination or our liquidation, it will make available to us certain general and administrative services, including office space, utilities and administrative support, as we may require from time to time. We have agreed to pay our Sponsor \$10,000 per month for these services. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the Trust Account to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. We believe that the fee charged by our Sponsor is at least as favorable as we could have obtained from an unaffiliated person.

On June 11, 2020, our Sponsor loaned us \$300,000 to cover expenses related to our initial public offering. The loan was repaid without interest following the closing of the IPO.

Other than the fees described above, no compensation or fees of any kind, including finder's fees, consulting fees or other similar compensation, will be paid to our Initial Shareholders or any of the members of HSAC2 management team, for services rendered to us prior to, or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out-of-pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the Trust Account and the interest income earned on the amounts held in the Trust Account, such expenses would not be reimbursed by us unless we consummate an initial business combination.

After our initial business combination, members of our management team who remain with us may be paid consulting, board, management or other fees from the combined company with any and all amounts being fully disclosed to shareholders, to the extent then known, in the proxy solicitation materials furnished to our shareholders. It is unlikely the amount of such compensation will be known at the time of a general meeting held to consider our initial business combination, as it will be up to the directors of the post-combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8-K, as required by the SEC.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested independent directors, in either case, who have access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested independent directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties.

HSAC2 Related Party Policy

Our Code of Ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the audit committee). Related party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) we or any of our subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of HSAC2 Ordinary Shares, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict-of-interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

We also require each of our directors and executive officers to annually complete a directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our Initial Shareholders, officers or directors unless we have obtained an opinion from an independent investment banking firm and the approval of a majority of our disinterested and independent directors (if we have any at that time) that the business combination is fair to our unaffiliated shareholders from a financial point of view. In no event will our Initial Shareholders, or any of the members of our management team be paid any finder's fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is).

Orchestra

Described below are transactions and series of similar transactions, during Orchestra's last three fiscal years or currently proposed transactions in which:

- Orchestra has been or is to be a participant;
- the amount involved exceeded or exceeds \$120,000; and
- any of Orchestra's directors, executive officers, or holders of more than 5% of its capital stock, or any immediate family member of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Other than as described below, there have not been, nor are there any currently proposed, transactions or series of similar transactions meeting this criteria to which Orchestra has been or will be a participant other than compensation arrangements, which are described where required under the sections titled "*Executive Compensation of Orchestra*."

Background of Orchestra and Formation Transactions

Accelerated Technologies, Inc. ("**ATI**") was founded in 2000 and employed active collaboration with industry-leading physicians to identify and purpose-build transformational therapeutic devices. Mr. David P. Hochman, Orchestra's Chief Executive Officer and Chairman, and Mr. Darren R. Sherman, Orchestra's President, Chief Operating Officer and one of Orchestra's directors, joined ATI in 2006 and 2008, respectively. They assumed control of ATI in 2009 through Orchestra Medical Ventures, LLC ("**OMV**"), a venture capital firm for which they were Managing Partners and owners. ATI proceeded to found new companies that developed Virtue SAB (Caliber Therapeutics, Inc.), BackBeat CNT (BackBeat Medical, Inc.), and the FreeHold Duo and Trio (FreeHold Surgical, Inc.). Funding for these founded companies came primarily from funds managed by OMV as well as funds managed by Ascent Biomedical Ventures, LLC ("**ABV**"), a venture capital firm for which one of Orchestra's directors, Geoffrey Smith, is the General Partner. Funds managed by ABV continue to be stockholders of Orchestra. Shares of Orchestra held by funds managed by OMV were distributed to the investors in those funds prior to the end of 2019.

Pursuant to three separate merger agreements dated as of January 22, 2018 between Orchestra and each of Caliber Therapeutics, Inc., BackBeat Medical, Inc. and FreeHold Surgical, Inc. (collectively, the "**Formation Merger Agreements**"), on May 31, 2018, Orchestra concurrently completed mergers with each of (i) Caliber Therapeutics, Inc. (the "**Caliber Merger**"), (ii) BackBeat Medical, Inc. (the "**BackBeat Merger**"), and (iii) FreeHold Surgical, Inc. (the "**FreeHold Merger**"), and, collectively with the Caliber Merger and the BackBeat Merger, the "**Formation Mergers**").

At the time the Formation Merger Agreements were entered into:

- David P. Hochman was a member of the boards of directors of Caliber Therapeutics, Inc. (where he served as Chairman), BackBeat Medical, Inc. and FreeHold Surgical, Inc., and President of BackBeat Medical, Inc. Mr. Hochman had options to purchase 300,000 shares of common stock in BackBeat Medical, Inc. that were extinguished at the time of the BackBeat Merger.
- Darren R. Sherman was a member of the boards of directors of Caliber Therapeutics, Inc., BackBeat Medical, Inc. and FreeHold Surgical, Inc., and Chief Executive Officer of Caliber Therapeutics, Inc. and FreeHold Surgical, Inc. Mr. Sherman had options to purchase 7,750,000 shares of common stock in Caliber Therapeutics, Inc. that were extinguished at the time of the Caliber Merger.

Table of Contents

- Yuval Mika was Chief Executive Officer of BackBeat Medical, Inc. Dr. Mika had options to purchase 2,331,412 shares of common stock in BackBeat Medical, Inc. that were extinguished at the time of the BackBeat Merger.
- Geoffrey W. Smith was a member of the boards of directors of Caliber Therapeutics, Inc., BackBeat Medical, Inc. and FreeHold Surgical, Inc.

Pursuant to the Formation Merger Agreements, at the effective time of the Formation Mergers:

- David Hochman was appointed Chief Executive Officer and one of seven directors of Orchestra;
- Darren R. Sherman was appointed as President, Chief Operating Officer and one of seven directors of Orchestra; and
- Geoffrey W. Smith was appointed one of seven directors of Orchestra.

At the time the Formation Merger Agreements were entered into, Messrs. Hochman and Sherman were Managing Partners of OMV, which managed:

- Orchestra Medical Ventures II, L.P. (“**OMV II**”), which was a principal stockholder of and held convertible bridge notes of each of Caliber Therapeutics, Inc., BackBeat Medical, Inc. and FreeHold Surgical, Inc.;
- Orchestra Medical Ventures II Reserve, L.P. (“**OMV IIR**”), which was a stockholder of each of BackBeat Medical, Inc. and FreeHold Surgical, Inc.;
- Orchestra BackBeat Co-Investment Partners, LLC (“**OBCIP**”), which was a stockholder of and held convertible bridge notes of BackBeat Medical, Inc.; and
- Orchestra Caliber Co-Investment Partners, LLC (“**OCCIP**” and, together with OMV II, OMV IIR, OBCIP, the “**OMV Funds**”), which was a stockholder of and held convertible bridge notes of Caliber Therapeutics, Inc.

Each of the OMV Funds participated in the Formation Mergers on the same terms as all other stockholders. At the time of the Formation Mergers, Messrs. Hochman and Sherman had an economic interest in the OMV Funds through OMV in the form of a potential carried interest participation with respect to the OMV Funds, pursuant to which Messrs. Hochman and Sherman would have received compensation in the event the OMV Funds achieved certain return thresholds. However, as discussed below, the OMV Funds have been liquidated, and Messrs. Hochman and Sherman did not receive any carried interest with respect to the OMV Funds. Mr. Hochman had a \$223,136 limited partnership investment in OMV II. NSH 2008 Family Trust, an affiliate of Mr. Hochman, had a \$50,000 limited partnership investment in OMV II at the time of the Formation Mergers. Upon completion of the Formation Mergers, Messrs. Hochman and Sherman shared beneficial ownership of approximately 31% of Orchestra due to their positions as Managing Partners of OMV.

The OMV Funds were liquidated in December 2019 and all of the assets including shares of Orchestra were distributed to their partners or members, as applicable. As a result of the liquidation, NSH 2008 Family Trust received distributions of equity in Orchestra from OMV II in the amount of 4,844 shares of Series A Preferred Stock, 524 shares of Series B Preferred Stock, 524 shares of Series C Preferred Stock and 88 warrants to purchase Orchestra Common Stock. Mr. Hochman also received distributions of equity in Orchestra from OMV II in the amount of 4,991 shares of Series A Preferred Stock, 540 shares of Series B Preferred Stock, 540 shares of Series C Preferred Stock and 907 warrants to purchase Orchestra Common Stock.

Geoffrey W. Smith, one of Orchestra’s directors, served on the boards of directors of Caliber Therapeutics, Inc., FreeHold Surgical, Inc., and BackBeat Medical, Inc. and is the co-founder and co-managing member of ABV, which is the general partner of and manages each of:

- Ascent Biomedical Ventures II, L.P. (“**ABV II**”), which was a principal stockholder of and held convertible bridge notes of each of Caliber Therapeutics, Inc., BackBeat Medical, Inc., and FreeHold Surgical, Inc.;
- Ascent Biomedical Ventures Synecor, L.P. (“**ABVS**”), which was a principal stockholder of each of Caliber Therapeutics, Inc., BackBeat Medical, Inc., and FreeHold Surgical, Inc. and held convertible bridge notes of Caliber Therapeutics, Inc.; and

- Ascent Biomedical Ventures II NY, L.P. (“**ABV II NY**”, and, together with ABV II and ABVS, the “**Ascent Funds**”), which was a stockholder of and held convertible bridge notes of BackBeat Medical, Inc. and FreeHold Surgical, Inc.

Each of the Ascent Funds participated in the Formation Mergers on the same terms as all other stockholders and convertible bridge note holders. Mr. Smith did not receive any compensation in connection with the Formation Mergers.

At the time of the Formation Mergers:

- Perceptive Life Sciences Master Fund, L.P. (“**Perceptive**”) owned 850,000 shares of Orchestra Common Stock, representing 50% of Orchestra’s total equity outstanding at the time; and
- Adam K. Stern and certain of his affiliates owned 327,500 shares of Orchestra Common Stock, representing 19.3% of Orchestra’s total equity outstanding at the time and had an investment of \$250,000 as a limited partner of OMV II.

Pursuant to the Formation Merger Agreements, the holders of securities in each of Caliber Therapeutics, Inc., BackBeat Medical, Inc. and FreeHold Surgical, Inc. gave up those securities in exchange for securities in Orchestra as discussed below.

Caliber Merger

Pursuant to the Caliber Merger, Orchestra issued:

- 1,001,600 shares of Series A Preferred Stock in exchange for 7,829,973 shares of Caliber Series A-1 preferred stock;
- 698,400 shares of Series A Preferred Stock in exchange for 7,053,708 shares of Caliber Series B Preferred Stock;
- 712,791 shares of Series B Preferred Stock and 712,791 shares of Series C Preferred Stock in exchange for convertible notes of Caliber Therapeutics, Inc. having an aggregate of \$12,830,240 in principal and accrued interest (the “**Caliber Bridge Notes**”);
- warrants to purchase 1,200,000 shares of its common stock at \$10.00 per share in exchange for warrants to purchase 12,000,000 shares of Caliber common stock at \$1.00 per share issued to purchasers of Caliber Bridge Notes (the “**Caliber Bridge Notes Warrants**”); and

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors of
Health Sciences Acquisitions Corporation 2

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Health Sciences Acquisitions Corporation 2 (the “Company”) as of December 31, 2021 and 2020, the related statements of operations, changes in shareholders’ deficit and cash flows for the year ended December 31, 2021 and the period from May 25, 2020 (inception) through December 31, 2020, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the year ended December 31, 2021 and the period from May 25, 2020 (inception) through December 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, if the Company is unable complete a business combination by August 6, 2022 then the Company will cease all operations except for the purpose of liquidating. The date for mandatory liquidation and subsequent dissolution raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans with regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Company’s auditor since 2020.

**HEALTH SCIENCES ACQUISITIONS CORPORATION 2
NOTES TO FINANCIAL STATEMENTS**

Note 1 — Description of Organization, Business Operations and Going Concern

Organization and General

Health Sciences Acquisitions Corporation 2 (the “Company”) was incorporated on May 25, 2020 in the Cayman Islands as a business company with limited liability and formed for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or similar business combination with one or more businesses or entities (“Business Combination”). Although the Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination, the Company intends to pursue prospective targets that are focused on healthcare innovation. The Company has neither engaged in any operations nor generated revenue to date. The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart our Business Startups Act of 2012 (the “JOBS Act”).

As of December 31, 2021, the Company had not commenced any operations. All activity for the period from May 25, 2020 (inception) through December 31, 2021 had been related to the Company’s formation and the initial public offering (“Initial Public Offering”) described below, and since Initial Public Offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenue until after the completion of its initial Business Combination, at the earliest. The Company generates non-operating income from its investments held in the Trust Account (as defined below).

Sponsor and Financing

The Company’s sponsor is HSAC 2 Holdings, LLC (the “Sponsor”). The registration statement for the Company’s Initial Public Offering was declared effective on August 3, 2020. On August 6, 2020, the Company consummated its Initial Public Offering of 16,000,000 ordinary shares (the “Public Shares”), including the issuance of 2,086,956 Public Shares as a result of the underwriters’ full exercise of their over-allotment option, at an offering price of \$10.00 per Public Share, generating gross proceeds of \$160.0 million, and incurring offering costs of approximately \$9.4 million, inclusive of \$5.6 million in deferred underwriting commissions (Note 6).

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement (“Private Placement”) of (i) 450,000 ordinary shares (the “Private Placement Shares”), at a price of \$10.00 per Private Placement Share to the Sponsor, (for a total purchase price of \$4.5 million), and (ii) 1,500,000 warrants (“Private Placement Warrants”) at a price of \$1.00 per Private Placement Warrant (for a total purchase price of \$1.5 million), for an aggregate of \$6.0 million from the Sponsor, generating gross proceeds to the Company of \$6.0 million (Note 4).

Trust Account

Upon the closing of the Initial Public Offering and the Private Placement, \$160.0 million (\$10.00 per Public Share) of the net proceeds of the Initial Public Offering and certain of the proceeds of the Private Placement was placed in a U.S. based trust account (“Trust Account”), maintained by Continental Stock Transfer & Trust Company, acting as trustee, and invested in U.S. “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act, which invest only in direct U.S. government treasury obligations, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account.

Initial Business Combination

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the Private Placement, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. Furthermore, there is no assurance that the Company will be able to successfully complete a Business Combination.

HEALTH SCIENCES ACQUISITIONS CORPORATION 2
NOTES TO FINANCIAL STATEMENTS

Note 1 — Description of Organization, Business Operations and Going Concern (cont.)

Pursuant to stock exchange listing rules, the Company's initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (excluding the amount of any deferred underwriting discount held in trust and taxes payable on the income earned on the Trust Account) at the time the Company signs a definitive agreement in connection with the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide holders of the Public Shares ("Public Shareholders") with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially anticipated to be \$10.00 per Public Share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 6). As a result, such ordinary shares have been recorded at redemption amount and classified as temporary equity, in accordance with the Financial Accounting Standard Board ("FASB"), Accounting Standard Codification ("ASC") 480, "*Distinguishing Liabilities from Equity*." The amount in the Trust Account is initially anticipated to be \$10.00 per Public Share. In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and a majority of the ordinary shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated memorandum and articles of association (the "Amended and Restated Memorandum and Articles of Association"), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the "SEC"), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem ordinary shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Insider Shares (as defined in Note 5) prior to the Initial Public Offering (the "Initial Shareholders") have agreed to vote their Insider Shares and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders have agreed to waive their redemption rights with respect to their Insider Shares, Private Placement Shares, and Public Shares in connection with the completion of a Business Combination.

Notwithstanding the foregoing, the Company's Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its ordinary shares with respect to more than an aggregate of 20% or more of the ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company's Sponsor, executive officers, directors and director nominees have agreed not to propose an amendment to the Company's Amended and Restated Memorandum and Articles of Association that would affect the substance or timing of the Company's obligation to provide for the redemption of its Public Shares in connection

HEALTH SCIENCES ACQUISITIONS CORPORATION 2

with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their ordinary shares in conjunction with any such amendment.

If a Business Combination has not been consummated by August 6, 2022 (the “Combination Period”), it will trigger the Company’s automatic winding up, liquidation and dissolution. If the Company does not consummate a Business Combination within the Combination Period, upon notice from the Company, the trustee of the Trust Account will distribute the amount in the Trust Account to the Public Shareholders. Concurrently, the Company shall pay, or reserve for payment, from funds not held in the Trust Account, its liabilities and obligations, although the Company cannot assure that there will be sufficient funds for such purpose. If there are insufficient funds held outside the Trust Account for such purpose, the Sponsor has agreed that it will be liable to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company and which have not executed a waiver agreement. However, the Company cannot assure that the liquidator will not determine that he or she requires additional time to evaluate creditors’ claims (particularly if there is uncertainty over the validity or extent of the claims of any creditors). The Company also cannot assure that a creditor or shareholder will not file a petition with the Cayman Islands Court which, if successful, may result in the Company’s liquidation being subject to the supervision of that court. Such events might delay distribution of some or all of the Company’s assets to the Public Shareholders.

The Initial Shareholders have agreed to waive their liquidation rights with respect to the Insider Shares and Private Placement Shares (collectively, “Founder Shares”) held by them if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company’s Public Shares. In the event of such distribution, it is possible that the per ordinary share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.00 per ordinary share initially held in the Trust Account.

Liquidity and Going Concern

As of December 31, 2021, the Company had approximately \$1.8 million of cash in its operating account and working capital of approximately \$1.6 million.

Prior to the completion of the Initial Public Offering, the Company’s liquidity needs had been satisfied through the capital contribution of \$28,750 from the Sponsor to purchase the Insider Shares, and a loan of \$300,000 pursuant to the Note (as defined in Note 5) issued to the Sponsor, which was repaid in full on August 7, 2020. Subsequent to the consummation of the Initial Public Offering and Private Placement, the Company’s liquidity needs have been satisfied with the proceeds from the consummation of the Private Placement not held in the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor may, but is not obligated to, provide the Company Working Capital Loans (see Note 5). As of December 31, 2021 and 2020, there were no amounts outstanding under any Working Capital Loans.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination. Management plans to complete a business

combination by the mandatory liquidation date. However, in connection with the Company's assessment of going concern considerations in accordance with FASB Accounting Standards Update ("ASU") 2014-15, "Disclosures of Uncertainties about an Entity's Ability to Continue as a Going Concern," management has determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about the Company's ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after August 6, 2022. The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

Note 2 — Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") for financial information and pursuant to the rules and regulations of the SEC.

Emerging Growth Company

As an emerging growth company, the Company may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company, which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period, difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents as of December 31, 2021 and 2020.

HEALTH SCIENCES ACQUISITIONS CORPORATION 2
NOTES TO FINANCIAL STATEMENTS

Note 2 — Summary of Significant Accounting Policies (cont.)

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in a financial institution which, at times, may exceed the federal depository insurance coverage of \$250,000, and investments held in Trust Account. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Investments Held in the Trust Account

The Company's portfolio of investments held in the Trust Account is comprised of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When the Company's investments held in the Trust Account are comprised of U.S. government securities, the investments are classified as trading securities. When the Company's investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities are included in interest income from investments held in Trust Account in the accompanying statements of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities which qualify as financial instruments under the FASB ASC Topic 820, "Fair Value Measurements," equal or approximate the carrying amounts represented in the balance sheets, primarily due to their short-term nature.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers consist of:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Offering Costs Associated with Initial Public Offering

The Company complies with the requirements of the ASC 340-10-S99-1 and SEC Staff Accounting Bulletin Topic 5A — "Expenses of Offering." Offering costs consist of costs incurred in connection with the formation and preparation for the Initial Public Offering. These costs, together with the underwriting discount, were charged to

Note 2 — Summary of Significant Accounting Policies (cont.)

the carrying value of the Public Shares upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Ordinary Shares Subject to Possible Redemption

The Company accounts for its ordinary shares subject to possible redemption in accordance with the guidance in ASC Topic 480 “*Distinguishing Liabilities from Equity*.” Ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. The Company’s ordinary shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to occurrence of uncertain future events. Accordingly, as of December 31, 2021 and 2020, 16,000,000 ordinary shares subject to possible redemption at the redemption amount were presented at redemption value as temporary equity, outside of the shareholders’ equity section of the Company’s balance sheets.

Under ASC 480-10-S99, the Company has elected to recognize changes in the redemption value immediately as they occur and adjust the carrying value of the security to equal the redemption value at the end of each reporting period. This method would view the end of the reporting period as if it were also the redemption date for the security. Effective with the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Net Loss Per Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” Net income (loss) per ordinary share is calculated by dividing the net income (loss) by the weighted average number of ordinary shares outstanding for the respective period.

The calculation of diluted net income (loss) per ordinary share does not consider the effect of the Private Placement Warrants to purchase 1,500,000 ordinary shares since their exercise is contingent upon future events and their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net loss per share is the same as basic net loss per share for year ended December 31, 2021 and the period from May 25, 2020 (inception) through December 31, 2020. Accretion associated with the redeemable ordinary shares is excluded from earnings per share as the redemption value approximates fair value.

Income Taxes

ASC Topic 740, “Income Taxes” prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company’s management determined that the Cayman Islands is the Company’s only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of December 31, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

There is currently no taxation imposed on income by the Government of the Cayman Islands. In accordance with Cayman Islands federal income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company’s financial statements. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Recent Accounting Pronouncements

In August 2020, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2020-06, Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity (“ASU 2020-06”), which simplifies accounting for convertible instruments by removing major separation models required under current U.S. GAAP. The ASU also removes certain settlement conditions that are required for equity-linked contracts to qualify for the derivative scope exception, and it simplifies the diluted earnings per share calculation in certain areas. The Company adopted ASU 2020-06 on January 1, 2021 (using the modified retrospective method for transition. Adoption of the ASU did not impact the Company’s financial position, results of operations or cash flows.

Management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have an effect on the Company’s financial statements.

Note 3 — Initial Public Offering

On August 6, 2020, the Company consummated its Initial Public Offering of 16,000,000 Public Shares, including the 2,086,956 Public Shares as a result of the underwriters’ full exercise of their over-allotment option, at an offering price of \$10.00 per Public Share, generating gross proceeds of \$160.0 million, and incurring offering costs of approximately \$9.4 million, inclusive of \$5.6 million in deferred underwriting commissions.

Note 4 — Private Placement

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement of (i) 450,000 Private Placement Shares at \$10.00 per Private Placement Share (for a total purchase price of \$4.5 million) and (ii) 1,500,000 Private Placement Warrants at a price of \$1.00 per Private Placement Warrant (for a total purchase price of \$1.5 million), for an aggregate of \$6.0 million from the Sponsor, generating gross proceeds to the Company of \$6.0 million.

Each Private Placement Warrant entitles the holder thereof to purchase one ordinary share at an exercise price of \$11.50 per ordinary share. A portion of the proceeds from the Private Placement Warrants and the Private Placement Shares were added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

Note 5 — Related Party Transactions

Insider Shares

On June 11, 2020, the Company issued 3,593,750 ordinary shares to the Sponsor (the “Insider Shares”) for an aggregate purchase price of \$28,750. On August 3, 2020, the Company effected a share dividend of 0.113043478 ordinary shares for each outstanding ordinary share (an aggregate of 406,250 ordinary shares), resulting in an aggregate of 4,000,000 ordinary shares outstanding. All shares and associated amounts have been retroactively restated to reflect the share dividend. The holders of the Insider Shares had agreed to forfeit up to an aggregate of 521,739 Insider Shares, on a pro rata basis, to the extent that the option to purchase additional ordinary shares is not exercised in full by the underwriters. On August 6, 2020, the underwriters fully exercised the over-allotment option; thus, the 521,739 Insider Shares were no longer subject to forfeiture.

The Initial Shareholders agreed not to transfer, assign or sell any of their Insider Shares (except to certain permitted transferees) until, with respect to 50% of the Insider Shares, the earlier of six months after the date of the consummation of the initial Business Combination and the date on which the closing price of the Company’s

ordinary shares equals or exceeds \$12.50 per ordinary share for any 20 trading days within a 30-trading day period following the consummation of the initial Business Combination, and, with respect to the remaining 50% of the Insider Shares, six months after the date of the consummation of the initial Business Combination, or earlier in each case if, subsequent to the initial Business Combination, the Company completes a liquidation, merger, stock exchange or other similar transaction which results in all of the shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Related Party Loans

On June 11, 2020, the Sponsor agreed to loan the Company up to \$300,000 to be used for the payment of costs related to the Initial Public Offering pursuant to a promissory note (the “Note”). The Note was non-interest bearing, unsecured and due on the date the Company consummates the Initial Public Offering or the date on which the Company determines not to conduct the Initial Public Offering. The Company borrowed \$300,000 under the Note and repaid the Note in full on August 7, 2020. Subsequent to the repayment, the facility was no longer available to the Company.

In addition, in order to finance transaction costs in connection with a Business Combination, the Initial Shareholders may, but are not obligated to, loan the Company funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion (the “Working Capital Loans”). Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of the initial Business Combination, without interest, or, at the lender’s discretion, up to \$500,000 of such loans may be converted upon consummation of the Business Combination into additional private warrants at a price of \$1.00 per warrant. If the Company does not complete a Business Combination within the Combination Period, the Working Capital Loans will be repaid only from amounts remaining outside the Trust Account, if any. The warrants would be identical to the Private Placement Warrants. As of December 31, 2021 and 2020, the Company had no outstanding Working Capital Loans.

Administrative Services Agreement

Commencing on the date of the Company’s prospectus, the Company agreed to pay the Sponsor a total of \$10,000 per month for office space and certain office and secretarial services. Upon completion of the initial Business Combination or the Company’s liquidation, the Company will cease paying these monthly fees. For the year ended December 31, 2021 and the period from May 25, 2020 (inception) through December 31, 2020, the Company incurred \$120,000 and \$50,000 in expenses for these services, respectively. As of December 31, 2021 and 2020, \$120,000 and \$50,000 were due to the Sponsor and are included in accrued expenses — related party on the accompanying balance sheets, respectively.

Purchase Agreement

The Sponsor has entered into an agreement with the Company to purchase an aggregate of 2,500,000 of the Company’s ordinary shares or their equivalent in the securities of a target company for an aggregate purchase price of \$25.0 million prior to, concurrently with, or following the closing of the Business Combination, either in open market transactions (to the extent permitted by law) or in a private placement. The capital from such transaction may be used as part of the consideration to the sellers in the initial Business Combination, and any excess capital fund from such private placement would be used for working capital in the post-transaction company.

Note 6 — Commitments and Contingencies

Registration Rights

The holders of the Insider Shares, Private Placement Shares and Private Placement Warrants (and any ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration rights agreement. The holders of a majority of these securities are entitled to make up to two demands that the Company registers such securities. The holders of the majority of the Insider Shares can elect to exercise these registration rights at any time commencing

three months prior to the date on which these ordinary shares are to be released from escrow. The holders of a majority of the Private Placement Shares, Private Placement Warrants or warrants that may be issued upon conversion of Working Capital Loans made to the Company can elect to exercise these registration rights at any time after the Company consummates a Business Combination. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the Company’s consummation of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriters a 45-day option from the effective date of the registration statement relating to the Initial Public Offering to purchase up to 2,086,956 additional ordinary shares at the Initial Public Offering price less the underwriting discounts and commissions. On August 6, 2020, the underwriters fully exercised the over-allotment option.

The underwriters were entitled to an underwriting discount of \$0.20 per Public Share, or \$3.2 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, the underwriters were entitled to a deferred underwriting commission of \$0.35 per Public Share, or \$5.6 million in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Risks and Uncertainties

Management continues to evaluate the impact of the COVID-19 pandemic and has concluded that the specific impact is not readily determinable as of the date of the balance sheet. The financial statement does not include any adjustments that might result from the outcome of this uncertainty.

In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation and Belarus. Further, the impact of this action and related sanctions on the world economy are not determinable as of the date of these financial statements and the specific impact on the Company’s financial condition, results of operations, and cash flows is also not determinable as of the date of these financial statements.

Note 7 — Ordinary Shares Subject to Possible Redemption

The Company’s Public Shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of future events. The Company is authorized to issue 100,000,000 ordinary shares with a par value of \$0.0001 per share. Holders of the Company’s ordinary shares are entitled to one vote for each share. As of December 31, 2021 and 2020, there were 20,450,000 ordinary shares outstanding, 16,000,000 of which were subject to possible redemption and are classified outside of permanent equity in the balance sheets.

The ordinary shares subject to possible redemption reflected on the balance sheets is reconciled on the following table:

Note 8 — Shareholders’ Deficit

Preference Shares — The Company is authorized to issue 1,000,000 preference shares with a par value of \$0.0001 per share. As of December 31, 2021 and 2020, there are no preference shares issued or outstanding.

Ordinary Shares — The Company is authorized to issue 100,000,000 ordinary shares, par value \$0.0001. Holders of the Company’s ordinary shares are entitled to one vote for each share. On June 11, 2020, the Company issued 3,593,750 ordinary shares. On August 3, 2020, the Company effected a share dividend of 0.113043478 ordinary shares for each outstanding share (an aggregate of 406,250 ordinary shares), resulting in an aggregate of 4,000,000 ordinary shares outstanding. All shares and associated amounts have been retroactively restated to reflect the share dividend. Of the 4,000,000 ordinary shares outstanding, up to 521,739 of these ordinary shares were subject to forfeiture by the Sponsor (or its permitted transferees) on a pro rata basis depending on the extent to which the underwriters’ over-allotment option was exercised. On August 6, 2020, the Company consummated the Initial Public Offering and the underwriters fully exercised the over-allotment option; thus, the 521,739 Insider Shares were no longer subject to forfeiture. As of December 31, 2021 and 2020, there were 20,450,000 ordinary shares issued or outstanding, including 16,000,000 ordinary shares subject to possible redemption and classified as temporary equity.

Private Warrants — Private Placement Warrants may only be exercised for a whole number of ordinary shares. The Private Placement Warrants will become exercisable 30 days after the completion of a Business Combination; provided in each case that the Company has an effective registration statement under the Securities Act covering the ordinary shares issuable upon exercise of the Private Placement Warrants and a current prospectus relating to them is available and such ordinary shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or the Company permit holders to exercise their warrants on a cashless basis under certain circumstances).

Each warrant is exercisable to purchase one of ordinary shares at an exercise price of \$11.50 per full share and will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The exercise price and number of ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a share capitalization, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants shares. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company’s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

Note 9 — Fair Value Measurements

The following table presents information about the Company’s financial assets that are measured at fair value on a recurring basis as of December 31, 2021 and 2020 by level within the fair value hierarchy:

Transfers to/from Levels 1, 2 and 3 are recognized at the end of the reporting period. There were no transfers between levels for year ended December 31, 2021 and the period from May 25, 2020 (inception) through December 31, 2020.

Level 1 instruments include investments in money market funds that invest in U.S. Treasury securities with an original maturity of 185 days or less. The Company uses inputs such as actual trade data, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

Note 10 — Subsequent Events

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Based upon this review, the Company did not identify any subsequent events that have occurred that would require adjustments to the disclosures in the financial statements.

Note 1 — Description of Organization, Business Operations and Going Concern

Organization and General

Health Sciences Acquisitions Corporation 2 (the “Company”) was incorporated on May 25, 2020 as a Cayman Islands exempted company for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or similar business combination with one or more businesses or entities (“Business Combination”). Although the Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination, the Company intends to pursue prospective targets that are focused on healthcare innovation. The Company has neither engaged in any operations nor generated any operating revenue to date. The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”).

As of June 30, 2022, the Company had not commenced any operations. All activity for the period from May 25, 2020 (inception) through June 30, 2022 was related to the Company’s formation and its Initial Public Offering (as defined below), and, since the Initial Public Offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenue until after the completion of its initial Business Combination, at the earliest. The Company generates non-operating income from its investments held in the Trust Account (as defined below).

Sponsor and Financing

The Company’s sponsor is HSAC 2 Holdings, LLC (the “Sponsor”). The registration statement for the Company’s initial public offering (the “Initial Public Offering”) was declared effective on August 3, 2020. On August 6, 2020, the Company consummated its Initial Public Offering of 16,000,000 ordinary shares (the “Public Shares”), including the issuance of 2,086,956 Public Shares as a result of the underwriters’ full exercise of their over-allotment option, at an offering price of \$10.00 per Public Share, generating gross proceeds of \$160.0 million, and incurring offering costs of approximately \$9.4 million, inclusive of \$5.6 million in deferred underwriting commissions (see Note 6).

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement (the “Private Placement”) with the Sponsor of (i) 450,000 ordinary shares (the “Private Placement Shares”), at a price of \$10.00 per Private Placement Share (for a total purchase price of \$4.5 million), and (ii) 1,500,000 warrants (the “Private Placement Warrants”) at a price of \$1.00 per Private Placement Warrant (for a total purchase price of \$1.5 million), generating gross proceeds to the Company of \$6.0 million (see Note 4).

Trust Account

Upon the closing of the Initial Public Offering and the Private Placement (including the exercise of the over-allotment option), \$160.0 million (\$10.00 per Public Share) of the net proceeds of the Initial Public Offering and the Private Placement was placed in a U.S. based trust account (the “Trust Account”), maintained by Continental Stock Transfer & Trust Company, acting as trustee, and invested in U.S. “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act, which invest only in direct U.S. government treasury obligations, until the earlier of (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

Initial Business Combination

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the Private Placement, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. Furthermore, there is no assurance that the Company will be able to successfully complete a Business Combination.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 — Description of Organization, Business Operations and Going Concern (cont.)

Pursuant to stock exchange listing rules, the Company's initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (excluding the amount of any deferred underwriting commissions held in trust and taxes payable on the income earned on the Trust Account) at the time the Company signs a definitive agreement in connection with the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide holders of the Public Shares (the "Public Shareholders") with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially at \$10.00 per Public Share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 6). As a result, such ordinary shares have been recorded at redemption amount and classified as temporary equity, in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 480, "Distinguishing Liabilities from Equity." In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and a majority of the ordinary shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated memorandum and articles of association (the "Amended and Restated Memorandum and Articles of Association"), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the "SEC"), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem ordinary shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Insider Shares (as defined in Note 5) prior to the Initial Public Offering (the "Initial Shareholders") have agreed to vote their Insider Shares and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders have agreed to waive their redemption rights with respect to their Insider Shares, Private Placement Shares, and Public Shares in connection with the completion of a Business Combination.

Notwithstanding the foregoing, the Company's Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its ordinary shares with respect to more than 20% the ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company's Sponsor, executive officers, directors and director nominees have agreed not to propose an amendment to the Company's Amended and Restated Memorandum and Articles of Association that would affect the substance or timing of the Company's obligation to provide for the redemption of its Public Shares in connection with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their ordinary shares in conjunction with any such amendment.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 — Description of Organization, Business Operations and Going Concern (cont.)

If a Business Combination has not been consummated by February 6, 2023 (taking into account the extension described in Note 10, the “Combination Period”), or such later time as the Company’s shareholders may approve in accordance with the Amended and Restated Memorandum and Articles of Association, it will trigger the Company’s automatic winding up, liquidation and dissolution. If the Company does not consummate a Business Combination within the Combination Period, upon notice from the Company, the trustee of the Trust Account will distribute the amount in the Trust Account to the Public Shareholders. Concurrently, the Company shall pay, or reserve for payment, from funds not held in the Trust Account, its liabilities and obligations, although the Company cannot assure that there will be sufficient funds for such purpose. If there are insufficient funds held outside the Trust Account for such purpose, the Sponsor has agreed that it will be liable to ensure that the proceeds in the Trust Account are not reduced by the claims of target businesses or claims of vendors or other entities that are owed money by the Company for services rendered or contracted for or products sold to the Company and which have not executed a waiver agreement. However, the Company cannot assure that the liquidator will not determine that he or she requires additional time to evaluate creditors’ claims (particularly if there is uncertainty over the validity or extent of the claims of any creditors). The Company also cannot assure that a creditor or shareholder will not file a petition with the Cayman Islands Court which, if successful, may result in the Company’s liquidation being subject to the supervision of that court. Such events might delay distribution of some or all of the Company’s assets to the Public Shareholders.

The Initial Shareholders have agreed to waive their liquidation rights with respect to the Insider Shares and the Private Placement Shares held by them if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commissions held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period, and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company’s Public Shares. In the event of such distribution, it is possible that the per ordinary share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.00 per ordinary share initially held in the Trust Account.

Liquidity and Going Concern

As of June 30, 2022, the Company had approximately \$1.3 million of cash in its operating account and working capital of approximately \$245,000.

Prior to the completion of the Initial Public Offering, the Company’s liquidity needs had been satisfied through the capital contribution of \$28,750 from the Sponsor to purchase the Insider Shares, and a loan of \$300,000 pursuant to the Note (as defined in Note 5) issued to the Sponsor, which was repaid in full on August 7, 2020. Subsequent to the consummation of the Initial Public Offering and the Private Placement, the Company’s liquidity needs have been satisfied with the net proceeds from the Private Placement not held in the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, the Initial Shareholders or their affiliates may, but are not obligated to, provide the Company with Working Capital Loans (see Note 5). As of June 30, 2022 and December 31, 2021, there were no amounts outstanding under any Working Capital Loans.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, the Company will be using these funds for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination. Management plans to complete a business combination by the mandatory liquidation date. However, in connection with the Company’s assessment of going

HEALTH SCIENCES ACQUISITIONS CORPORATION 2

concern considerations in accordance with FASB Accounting Standards Update (“ASU”) 2014-15, “Disclosures of Uncertainties about an Entity’s Ability to Continue as a Going Concern,” management has determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about the Company’s ability to continue as a going concern. Management intends to complete the Business Combination prior to the liquidation date. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after the end of the then current Combination Period. The unaudited condensed consolidated financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

Note 2 — Summary of Significant Accounting Policies and Basis of Presentation

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information and pursuant to the rules and regulations of the SEC. Accordingly, they do not include all of the information and footnotes required in the annual audited financial statements. In the opinion of management, the unaudited condensed consolidated financial statements reflect all adjustments, which include only normal recurring adjustments necessary for the fair statement of the balances and results for the periods presented. Operating results for the three and six months ended June 30, 2022 are not necessarily indicative of the results that may be expected through December 31, 2022, or any future periods.

The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Company’s Annual Report on Form 10-K filed with the SEC on March 31, 2022. The financial information as of December 31, 2021, is derived from the audited financial statements presented in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the SEC on March 31, 2022.

Principles of Consolidation

The condensed consolidated financial statements of the Company include its wholly owned subsidiary in connection with the planned merger. All inter-company accounts and transactions are eliminated in consolidation.

Emerging Growth Company

As an emerging growth company, the Company may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s condensed consolidated financial statements with another public company, which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period, difficult or impossible because of the potential differences in accounting standards used.

Note 2 — Summary of Significant Accounting Policies and Basis of Presentation (cont.)

Use of Estimates

The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the condensed consolidated financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents as of June 30, 2022 and December 31, 2021.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in a financial institution which, at times, may exceed the Federal Deposit Insurance Corporation coverage limit of \$250,000 and investments held in the Trust Account. The Company has not experienced losses on these accounts, and management believes the Company is not exposed to significant risks on such accounts.

Investments Held in the Trust Account

The Company's portfolio of investments held in the Trust Account is comprised of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When the Company's investments held in the Trust Account are comprised of U.S. government securities, the investments are classified as trading securities. When the Company's investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the condensed consolidated balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities are included in interest income from investments held in Trust Account in the accompanying unaudited condensed consolidated statements of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities which qualify as financial instruments under the FASB ASC Topic 820, "Fair Value Measurements," equals or approximates the carrying amounts represented in the condensed consolidated balance sheets, primarily due to their short-term nature.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers consist of:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;

HEALTH SCIENCES ACQUISITIONS CORPORATION 2
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 2 — Summary of Significant Accounting Policies and Basis of Presentation (cont.)

- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Offering Costs Associated with Initial Public Offering

The Company complies with the requirements of the ASC 340-10-S99-1 and SEC Staff Accounting Bulletin Topic 5A — “Expenses of Offering.” Offering costs consist of costs incurred in connection with the formation and preparation for the Initial Public Offering. These costs, together with the underwriting discount, were charged to the carrying value of the Public Shares upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Ordinary Shares Subject to Possible Redemption

The Company accounts for its ordinary shares subject to possible redemption in accordance with the guidance in ASC Topic 480, “Distinguishing Liabilities from Equity.” Ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable ordinary shares (including ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, ordinary shares are classified as shareholders’ equity. The Company’s Public Shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to occurrence of uncertain future events. Accordingly, as of June 30, 2022 and December 31, 2021, 16,000,000 ordinary shares subject to possible redemption at the redemption amount were presented at redemption value as temporary equity, outside of the shareholders’ deficit section of the Company’s condensed consolidated balance sheets.

Under ASC 480-10-S99, the Company has elected to recognize changes in the redemption value immediately as they occur and adjust the carrying value of the security to equal the redemption value at the end of each reporting period. This method would view the end of the reporting period as if it were also the redemption date for the security. Effective with the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Net Loss per Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” Net income (loss) per ordinary share is calculated by dividing the net income (loss) by the weighted average number of ordinary shares outstanding for the respective period.

The calculation of diluted net (loss) per ordinary share does not consider the effect of the Private Placement Warrants to purchase 1,500,000 ordinary shares since their exercise is contingent upon future events and their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net loss per share is the same as basic net loss per share for the three and six months ended June 30, 2022 and 2021. Accretion associated with the redeemable ordinary shares is excluded from earnings per share as the redemption value approximates fair value.

HEALTH SCIENCES ACQUISITIONS CORPORATION 2
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 2 — Summary of Significant Accounting Policies and Basis of Presentation (cont.)

Income Taxes

ASC Topic 740, “Income Taxes”, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company’s management determined that the Cayman Islands is the Company’s only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of June 30, 2022 and December 31, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

There is currently no taxation imposed on income by the government of the Cayman Islands. In accordance with Cayman Islands federal income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company’s condensed consolidated financial statements. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have an effect on the Company’s condensed consolidated financial statements.

Note 3 — Initial Public Offering

On August 6, 2020, the Company consummated its Initial Public Offering of 16,000,000 Public Shares, including the 2,086,956 Public Shares as a result of the underwriters’ full exercise of their over-allotment option, at an offering price of \$10.00 per Public Share, generating gross proceeds of \$160.0 million, and incurring offering costs of approximately \$9.4 million, inclusive of \$5.6 million in deferred underwriting commissions.

Note 4 — Private Placement

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement with the Sponsor of (i) 450,000 Private Placement Shares at \$10.00 per Private Placement Share (for a total purchase price of \$4.5 million) and (ii) 1,500,000 Private Placement Warrants at a price of \$1.00 per Private Placement Warrant (for a total purchase price of \$1.5 million), generating gross proceeds to the Company of \$6.0 million.

Each Private Placement Warrant entitles the holder thereof to purchase one ordinary share at an exercise price of \$11.50 per ordinary share. A portion of the proceeds from the Private Placement were added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

Note 5 — Related Party Transactions

Insider Shares

On June 11, 2020, the Company issued 3,593,750 ordinary shares to the Sponsor (the “Insider Shares”) for an aggregate purchase price of \$28,750. On August 3, 2020, the Company effected a share dividend of 0.113043478 ordinary shares for each outstanding ordinary share (an aggregate of 406,250 ordinary shares), resulting in an aggregate of 4,000,000 ordinary shares outstanding. All shares and associated amounts have been retroactively restated to reflect the share dividend. The holders of the Insider Shares had agreed to forfeit an aggregate of up to 521,739 Insider Shares, on a pro rata basis, to the extent that the option to purchase additional ordinary shares is not exercised in full by the underwriters. On August 6, 2020, the underwriters fully exercised the over-allotment option; thus, the 521,739 Insider Shares were no longer subject to forfeiture.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 5 — Related Party Transactions (cont.)

The Initial Shareholders have agreed not to transfer, assign or sell any of their Insider Shares (except to certain permitted transferees) until, with respect to 50% of the Insider Shares, the earlier of six months after the date of the consummation of the initial Business Combination and the date on which the closing price of the Company's ordinary shares equals or exceeds \$12.50 per ordinary share for any 20 trading days within a 30-trading day period following the consummation of the initial Business Combination, and, with respect to the remaining 50% of the Insider Shares, six months after the date of the consummation of the initial Business Combination, or earlier in each case if, subsequent to the initial Business Combination, the Company completes a liquidation, merger, stock exchange or other similar transaction which results in all of the shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Related Party Loans

On June 11, 2020, the Sponsor agreed to loan the Company up to \$300,000 to be used for the payment of costs related to the Initial Public Offering pursuant to a promissory note (the "Note"). The Note was non-interest bearing, unsecured and due on the date the Company consummates the Initial Public Offering or the date on which the Company determines not to conduct the Initial Public Offering. The Company borrowed \$300,000 under the Note and repaid the Note in full on August 7, 2020. Subsequent to the repayment, the facility was no longer available to the Company.

In addition, in order to finance transaction costs in connection with a Business Combination, the Initial Shareholders or their affiliates may, but are not obligated to, loan the Company funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion (the "Working Capital Loans"). Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of the initial Business Combination, without interest, or, at the lender's discretion, up to \$500,000 of such loans may be converted upon consummation of the Business Combination into additional private warrants at a price of \$1.00 per warrant. If the Company does not complete a Business Combination within the Combination Period, the Working Capital Loans will be repaid only from amounts remaining outside the Trust Account, if any. The warrants would be identical to the Private Placement Warrants. As of June 30, 2022 and December 31, 2021, the Company had no outstanding Working Capital Loans.

Administrative Services Agreement

Commencing on the effective date of the registration statement relating to the Initial Public Offering, the Company agreed to pay the Sponsor a total of \$10,000 per month for office space and certain office and secretarial services. Upon completion of the initial Business Combination or the Company's liquidation, the Company will cease paying these monthly fees. For the three months ended June 30, 2022 and 2021, the Company incurred \$30,000 in expenses for these services. For the six months ended June 30, 2022 and 2021, the Company incurred \$60,000 in expenses for these services. As of June 30, 2022 and December 31, 2021, \$0 and \$150,000 were due to the Sponsor and are included in accrued expenses — related party on the accompanying condensed consolidated balance sheets, respectively.

Purchase Agreement

The Sponsor has entered into an agreement with the Company to purchase an aggregate of 2,500,000 of the Company's ordinary shares or their equivalent in the securities of a target company for an aggregate purchase price of \$25.0 million prior to, concurrently with, or following the closing of the Business Combination, either in open market transactions (to the extent permitted by law) or in a private placement. The capital from such transaction may be used as part of the consideration to the sellers in the initial Business Combination, and any excess capital fund from such private placement would be used for working capital in the post-transaction company.

Note 6 — Commitments and Contingencies

Registration Rights

The holders of the Insider Shares, the Private Placement Shares, the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration rights agreement. The holders of a majority of these securities are entitled to make up to two demands that the Company registers such securities. The holders of the majority of the Insider Shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these ordinary shares are to be released from escrow. The holders of a majority of the Private Placement Shares, the Private Placement Warrants or warrants that may be issued upon conversion of Working Capital Loans made to the Company can elect to exercise these registration rights at any time after the Company consummates a Business Combination. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the Company’s consummation of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriters a 45-day option from the effective date of the registration statement relating to the Initial Public Offering to purchase up to 2,086,956 additional ordinary shares at the Initial Public Offering price less the underwriting discounts and commissions. On August 6, 2020, the underwriters fully exercised the over-allotment option.

The underwriters were entitled to an underwriting discount of \$0.20 per Public Share, or \$3.2 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, the underwriters were entitled to a deferred underwriting commission of \$0.35 per Public Share, or \$5.6 million in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Risks and Uncertainties

Various social and political circumstances in the United States and around the world (including wars and other forms of conflict, including rising trade tensions between the United States and China, and other uncertainties regarding actual and potential shifts in the United States and foreign, trade, economic and other policies with other countries, terrorist acts, security operations and catastrophic events such as fires, floods, earthquakes, tornadoes, hurricanes and global health epidemics), may also contribute to increased market volatility and economic uncertainties or deterioration in the United States and worldwide. Specifically, the rising conflict between Russia and Ukraine, and resulting market volatility could adversely affect the Company’s ability to complete a business combination. In response to the conflict between Russia and Ukraine, the United States and other countries have imposed sanctions or other restrictive actions against Russia. Any of the above factors, including sanctions, export controls, tariffs, trade wars and other governmental actions, could have a material adverse effect on the Company’s ability to complete a business combination and the value of the Company’s securities.

Management continues to evaluate the impact of these types of risks on the industry and has concluded that while it is reasonably possible that these types of risks could have a negative effect on the Company’s financial position, results of its operations and/or search for a target company, the specific impact is not readily determinable as of the date of these unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 7 — Ordinary Shares Subject to Possible Redemption

The Company's Public Shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of future events. The Company is authorized to issue 100,000,000 ordinary shares with a par value of \$0.0001 per share. Holders of the Company's ordinary shares are entitled to one vote for each share. As of June 30, 2022 and December 31, 2021, there were 20,450,000 ordinary shares outstanding, 16,000,000 of which were subject to possible redemption and are classified outside of permanent equity in the condensed consolidated balance sheets.

The ordinary shares subject to possible redemption reflected on the condensed consolidated balance sheets are reconciled on the following table:

| | |
|--|------------------------------|
| Gross proceeds received from Initial Public Offering | \$ 160,000,000 |
| Less: | |

Note 8 — Shareholders' Deficit

Preference Shares — The Company is authorized to issue 1,000,000 preference shares with a par value of \$0.0001 per share. As of June 30, 2022 and December 31, 2021, there are no preference shares issued or outstanding.

Ordinary Shares — The Company is authorized to issue 100,000,000 ordinary shares, par value \$0.0001. Holders of the Company's ordinary shares are entitled to one vote for each share. As of June 30, 2022 and December 31, 2021, there were 20,450,000 ordinary shares issued or outstanding, including 16,000,000 ordinary shares subject to possible redemption and classified as temporary equity.

Private Warrants — Private Placement Warrants may only be exercised for a whole number of ordinary shares. The Private Placement Warrants will become exercisable 30 days after the completion of a Business Combination; provided in each case that the Company has an effective registration statement under the Securities Act covering the ordinary shares issuable upon exercise of the Private Placement Warrants and a current prospectus relating to them is available and such ordinary shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or the Company permit holders to exercise their warrants on a cashless basis under certain circumstances).

Each warrant is exercisable to purchase one of ordinary shares at an exercise price of \$11.50 per full share and will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

The exercise price and number of ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a share capitalization, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants shares. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

The Company uses inputs such as actual trade data, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

Note 10 — Subsequent Events

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the unaudited condensed consolidated financial statements were issued. Based upon this review, the Company did not identify any subsequent events that have occurred that would require adjustments to the disclosures in the unaudited condensed consolidated financial statements, except for the below.

Proposed Business Combination

On July 4, 2022, the Company entered into an agreement and plan of merger agreement (as amended on July 21, 2022, the "Merger Agreement") with HSAC Olympus Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub"), and Orchestra BioMed, Inc., a Delaware corporation ("Orchestra"). Pursuant to the terms of the Merger Agreement, a business combination between the Company and Orchestra (the "Orchestra Business Combination") will be effected in two steps. First, before the closing of the Orchestra Business Combination, the Company will deregister in the Cayman Islands and domesticate as a Delaware corporation. Second, at the closing of the Orchestra Business Combination, Merger Sub will merge with and into Orchestra, with Orchestra surviving such merger as the surviving entity (the "Merger"). Upon consummation of the Orchestra Business Combination, Orchestra will become a wholly owned subsidiary of the Company. The Company will then change its name to "Orchestra BioMed Holdings, Inc.". The Company, after giving effect to the Orchestra Business Combination, will be referred to as "New Orchestra".

The Merger Agreement contains customary representations, warranties and covenants of the parties thereto. The consummation of the proposed Merger is subject to certain conditions as further described in the Merger Agreement.

Simultaneously with the execution of the Merger Agreement, the Company and Orchestra entered into separate forward purchase agreements (the "Forward Purchase Agreements") with certain funds managed by RTW Investments, LP (the "RTW Funds") and Covidien Group S.à.r.l., an affiliate of Medtronic plc ("Medtronic" and the RTW Funds, each a "Purchasing Party"), pursuant to which each of the Purchasing Parties agreed to purchase approximately \$10.0 million of the Company's ordinary shares, for a total of approximately \$20.0 million, less the dollar amount of the Company's ordinary shares holding redemption rights that the Purchasing Party acquires and holds until immediately prior to the domestication.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 10 — Subsequent Events (cont.)

Simultaneously with the execution of the Merger Agreement and Forward Purchase Agreements, the Company, Orchestra, and the RTW Funds entered into a Backstop Agreement (the “Backstop Agreement”) pursuant to which the RTW Funds, jointly and severally, agreed to purchase such number of the Company’s ordinary shares at a price of \$10.00 per share to the extent that the amount of Parent Closing Cash (as defined in the Merger Agreement) as of immediately prior to the closing of the Orchestra Business Combination is less than \$60 million (inclusive of the \$10 million commitment by the RTW Funds pursuant to the Forward Purchase Agreement described above).

The closings under the Forward Purchase Agreements and Backstop Agreement, if any, will occur immediately prior to the domestication. The Company’s Sponsor, and the Purchasing Parties will have registration rights pursuant to the Amended and Restated Registration Rights and Lock-Up Agreement with respect to the Company’s ordinary shares, received in the domestication.

In addition, the Sponsor has agreed that 25% or 1,000,000 shares of its New Orchestra common stock received in the domestication will be forfeited to New Orchestra on the first business day following the fifth anniversary of the closing of the Orchestra Business Combination unless, as to 500,000 shares, the VWAP (as defined in the Merger Agreement) of the New Orchestra common stock is greater than or equal to \$15.00 per share over any 20 Trading Days (as defined in the Merger Agreement) within any 30-Trading Day period, and as to the remaining 500,000 shares, the VWAP of the New Orchestra common stock is greater than or equal to \$20.00 per share over any 20-Trading Days within any 30-Trading Day period. In addition, subject to the closing of the Orchestra Business Combination, the Sponsor has agreed to forfeit 50% of its Private Placement Warrants, comprising 750,000 Private Placement Warrants, for no consideration. Further, the Sponsor and the other Initial Shareholders prior to the Company’s initial public offering have agreed to subject the 4,000,000 shares of New Orchestra common stock to be received in the domestication in exchange for the 4,000,000 Insider Shares and 450,000 shares of New Orchestra common stock to be received in the domestication in exchange for the 450,000 Private Placement Shares, to a lock-up for up to 12 months.

See the preliminary proxy statement/prospectus included in the Registration Statement on Form S-4 filed by the Company with the SEC on August 8, 2022, and any amendments thereto and the final proxy statement/prospectus that the Company may subsequently file with the SEC, for additional information.

Extension and Private Purchase

On July 26, 2022, the Company held an extraordinary general meeting of its shareholders, where the shareholders approved a special resolution (the “Extension Proposal”) to amend the Company’s amended and restated memorandum and articles of association to: (i) extend from August 6, 2022 (the “Original Termination Date”) to November 6, 2022 (the “Extended Date”), the date by which, if the Company has not consummated a merger, amalgamation, share exchange, asset acquisition, share purchase, reorganization or similar business combination involving one or more businesses or entities, the Company must liquidate and dissolve, and (ii) allow the Company, without another shareholder vote, to elect to extend the date to consummate a business combination on a monthly basis for up to three times by an additional one month each time after the Extended Date, upon five days’ advance notice prior to the applicable deadlines, until February 6, 2023 or a total of up to six months after the Original Termination Date, unless the closing of the Company’s initial business combination shall have occurred.

In connection with the vote to approve the Extension Proposal, the holders of 9,237,883 Public Shares properly exercised their right to redeem their shares for cash at a redemption price of approximately \$10.02 per share, for an aggregate redemption amount of approximately \$92.6 million. As such, approximately 57.7% of the Public Shares were redeemed and approximately 42.3% of the Public Shares remain outstanding. After the satisfaction of such redemptions, the balance in the Company’s Trust Account will be approximately \$67.8 million.

Note 10 — Subsequent Events (cont.)

On July 22, 2022, the RTW Funds purchased 1,000,000 of the Company's ordinary shares at a price of \$10.01 per share from an accredited investor in a privately negotiated transaction, in order to fulfill their obligations under the Forward Purchase Agreements and to ensure that such shares purchased were not redeemed and the amounts that would have been paid by the Company if such shares were redeemed remain in the Company's trust account at the closing of the Orchestra Business Combination.

See the preliminary proxy statement/prospectus included in the Registration Statement on Form S-4 filed by the Company with the SEC on August 8, 2022, and any amendments thereto and the final proxy statement/prospectus that the Company may subsequently file with the SEC, for additional information.

Caliber was incorporated in Delaware in October 2005 and began development of its lead product Virtue SAB in 2008. Virtue SAB is a patented drug/device combination product candidate for the treatment of artery disease that delivers a proprietary extended release formulation of sirolimus called SirolimusEFR to the vessel wall during balloon angioplasty without any coating on the balloon surface or the need for leaving a permanent implant such as a stent in the artery. In 2019, the Company entered into a distribution agreement with Terumo Medical Corporation (“Terumo”) for global development and commercialization of Virtue SAB (the “Terumo Partnership”) (Note 3).

BackBeat

BackBeat was incorporated in Delaware in January 2010 and began development of its lead product BackBeat CNT that same year. BackBeat CNT is a patented implantable cardiac stimulation-based treatment for hypertension that is designed to immediately, substantially and persistently lower blood pressure while simultaneously modulating autonomic nervous system responses that normally drive and maintain blood pressure higher. BackBeat is currently in a pre-revenue stage of operations. Refer to Note 14 for details regarding Orchestra’s Collaborative Agreement with Medtronic.

FreeHold

FreeHold was incorporated in Delaware in May 2010 and began development of its hands-free, intracorporeal retractor device for minimally-invasive surgery in 2012. FreeHold is engaged in the development, sales and marketing of its retractor products that provide optimized visual and total surgeon control during laparoscopic and robotic procedures. The Company generated revenue of approximately \$534,000 and \$693,000 during the years ended December 31, 2020 and 2021, respectively related to this legacy FreeHold Surgical, Inc. technology.

Basis of Presentation and Liquidity

The accompanying consolidated financial statements herein have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The Company has a limited operating history and the sales and income potential of its businesses and markets are unproven. As of December 31, 2021, the Company had an accumulated deficit of \$166.1 million and has experienced net losses each year since its inception. The Company expects to incur substantial operating losses in future periods

and will require additional capital as it seeks to advance its products to commercialization. The Company is subject to a number of risks and uncertainties similar to those of other companies of the same size within the biotechnology industry, such as uncertainty of clinical trial outcomes, uncertainty of additional funding, and history of operating losses.

The Company follows the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 205-40, *Presentation of Financial Statements — Going Concern*, which requires management to assess the Company’s ability to continue as a going concern within one year after the date the financial statements are issued.

Based on the available balance of cash and cash equivalents and short-term strategic investments as of December 31, 2021, along with the capital raised in the first half of 2022 through the sale of Series D Preferred Stock (Note 14) and proceeds from the refinancing of debt with Avenue Capital (Note 14), management has concluded that sufficient capital is available to fund its operations and meet cash requirements through the one year period subsequent to the issuance date of these financial statements. Management will consider plans to raise capital beyond the one-year period subsequent to the issuance date of these financial statements through issuance of equity securities, debt securities, the completion of the proposed business combination (Note 14) and/or additional development and commercialization partnerships for other products within the Company’s development pipeline. The source, timing and availability of any future financing will depend principally upon market conditions, and, more specifically, on the progress of the Company’s research and development programs.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures in the consolidated financial statements and accompanying notes. Management bases its estimates on historical experience and on assumptions believed to be reasonable under the circumstances. Actual results could differ materially from those estimates. Areas where significant estimates exist include, but are not limited to, the fair value of stock-based compensation, the fair value of the warrant liability, and the estimated costs to complete the combined performance obligation pursuant to the Terumo Partnership (Note 3).

Cash and Cash Equivalents

Cash and cash equivalents are held in banks or in custodial accounts with banks. Cash equivalents are defined as all liquid investments and money market funds with maturity from date of purchase of 90 days or less that are readily convertible into cash.

Marketable Securities

The Company accounts for its marketable securities with remaining maturities of less than one year, or where its intent is to use the investments to fund current operations or to make them available for current operations, as short-term investments. These investments represent debt investments in corporate or government securities that are designated as available-for-sale and are carried at fair value, with unrealized gains and losses reported in stockholders’ deficit as accumulated other comprehensive income (loss). The disclosed fair value related to the Company’s investments is based on market prices from a variety of industry standard data providers and generally represent quoted prices for similar assets in active markets or have been derived from observable market data.

Strategic Investments

Management had made investments in affiliated companies and assesses whether the Company exerts significant influence over its strategic investments. The Company considers the nature and magnitude of its investment, any voting and protective rights it holds, any participation in the governance of the other company, and other relevant factors such as the presence of a collaboration or other business relationships. To date, the Company has concluded that it does not have the ability to exercise significant influence over its strategic investments.

The Company's strategic investments consist of equity investments in common stock of a publicly-held company and related party (Motus GI) and preferred shares and convertible notes of a privately-held company and related party (Vivasure). The Company classifies strategic investments on its balance sheet as current assets as the assets are available for use for current operations, and the Company does not have a specific plan to hold the investments for a certain duration of time. The shares held of Motus GI represent equity securities with a readily determinable fair value and are required to be measured at fair value at each reporting period using readily determinable pricing available on a securities exchange, in accordance with the provisions of ASU 2016-01, *Recognition and Measurement of Financial Assets and Liabilities*. Therefore, the Company categorized the investments as current assets. The investments in Vivasure do not have readily determinable fair values and are recorded at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for identical or similar investments of the same issuer. Additionally, as the investments in Vivasure are not readily marketable, the Company categorized the investments as non-current assets. As of December 31, 2020 and 2021, the carrying value of the investments in Vivasure was \$185,000 and \$398,000, respectively.

Fair Value of Financial Instruments

The Company applies ASC 820, *Fair Value Measurement* ("ASC 820"), which establishes a framework for measuring fair value and clarifies the definition of fair value within that framework. ASC 820 defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Company's principal or most advantageous market in an orderly transaction between market participants on the measurement date. The fair value hierarchy established in ASC 820 generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions that market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability and are to be developed based on the best information available in the circumstances.

The carrying value of the Company's cash and cash equivalents, marketable securities, accounts receivable, prepaid expense, related party convertible notes receivable, accounts payable and accrued expenses approximate fair value because of the short-term maturity of these financial instruments. In addition, the Company records its investment in Motus GI and warrant liabilities at fair value. See Note 4 for additional information regarding fair value measurements.

The valuation hierarchy is composed of three levels. The classification within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The levels within the valuation hierarchy are described below:

- Level 1 — Assets and liabilities with unadjusted, quoted prices listed on active market exchanges. Inputs to the fair value measurement are observable inputs, such as quoted prices in active markets for identical assets or liabilities.
- Level 2 — Inputs to the fair value measurement are determined using prices for recently traded assets and liabilities with similar underlying terms, as well as direct or indirect observable inputs, such as interest rates and yield curves that are observable at commonly quoted intervals.
- Level 3 — Inputs to the fair value measurement are unobservable inputs, such as estimates, assumptions, and valuation techniques when little or no market data exists for the assets or liabilities.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable represent amounts due from customers. The allowance for doubtful accounts is recorded for estimated losses by evaluating various factors, including relative creditworthiness of each customer, historical collections experience and aging of the receivable. As of December 31, 2020 and 2021, an allowance for doubtful accounts was not deemed necessary.

Inventory

Inventory is stated at the lower of standard cost (which approximates actual cost on a first-in, first-out basis) and net realizable value. Net realizable value represents the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The Company analyzes its inventory levels and writes down inventory that has become obsolete or has a cost basis in excess of its expected net realizable value or inventory quantities in excess of expected requirements. Excess requirements are determined based on comparison of existing inventories to forecasted sales, with consideration given to inventory shelf life. Expired inventory is disposed of, and the related costs are recognized in cost of goods sold. As of December 31, 2020 and 2021, an impairment charge as a result of obsolete inventory was not deemed necessary.

Research and Development Prepayments, Accruals and Related Expenses

The Company incurs costs of research and development activities conducted by its third-party service providers, which include the conduct of preclinical and clinical studies. We are required to estimate our prepaid and accrued research and development costs at each reporting date. These estimates are made as of the reporting date of the work completed over the life of the individual study in accordance with agreements established with our service providers. The Company determines the estimates of research and development activities incurred at the end of each reporting period through discussion with internal personnel and outside service providers, as to the progress or stage of completion of trials or services, as of the end of the reporting period, pursuant to contracts with the third parties and the agreed upon fee to be paid for such services. Nonrefundable advance payments for goods or services to be received in the future for use in research and development activities are deferred and capitalized. The capitalized amounts are expensed as the related goods are accepted by the Company or the services are performed. Accruals are recorded for the amounts of services provided that have not yet been invoiced.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation and amortization. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the respective assets, generally three to five years. Leasehold improvements are amortized over the lesser of their useful life or the remaining life of the lease. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation and amortization are removed from the balance sheet and any resulting gain or loss is reflected in operations in the period realized. Maintenance and repairs are charged to operations as incurred.

| Asset category | Depreciable life |
|------------------------------------|-------------------------|
| Manufacturing equipment | 10 years |
| Office equipment | 3 – 7 years |
| Research and development equipment | 7 years |

Debt Discount and Debt Issuance Costs

Debt discounts and debt issuance costs incurred in connection with the issuance of debt are capitalized and reflected as a reduction to the related debt liability. The costs are amortized to interest expense over the term of the debt using the effective-interest method.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparing the carrying amount to the future net undiscounted cash flows which the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset. The Company has not identified any such impairment losses to date.

Warrants

The Company evaluates its warrants to determine if the contracts qualify as liabilities in accordance with ASC 480-10, *Distinguishing Liabilities from Equity* and ASC 815, *Derivatives and Hedging*. If the warrant is determined to meet the criteria to be liability classified, the warrant liability is marked-to-market each balance sheet date and recorded as a liability, with the change in fair value recorded in the statements of operations and comprehensive loss as other income or expense. In bundled transactions, the proceeds received from any debt instruments and liability classified warrants are allocated to the warrant at fair value first, and the residual value is then allocated to the debt instrument. Upon conversion or exercise of a warrant that is subject to liability treatment, the instrument is marked to fair value at the conversion or exercise date and the fair value is reclassified to equity.

Revenue Recognition

The Company recognizes revenue under the core principle according to ASC 606, *Revenue from Contracts with Customers* (ASC 606), to depict the transfer of control to the Company's customers in an amount reflecting the consideration the Company expects to be entitled to. In order to achieve that core principle, the Company applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract and (5) recognize revenue when a performance obligation is satisfied.

The Company's revenues are currently comprised of product revenue from the sale of FreeHold's intracorporeal organ retractors, and partnership revenues from the Terumo Partnership related to the development and commercialization of Virtue SAB.

Product Revenues

Product revenues related to sales of FreeHold's intracorporeal organ retractors are recognized at a point-in-time upon the shipment of the product to the customer, and there are no significant estimates or judgements related to estimating the transaction price. The product revenues consist of a single performance obligation, and the payment terms are typically 30 days. Product revenues are recognized solely in the United States.

Partnership Revenues

The Company entered into the Terumo Partnership in June of 2019 as further described in Note 3. The Company assessed whether the Terumo Partnership fell within the scope of ASC 808, *Collaborative Arrangements* (ASC 808) based on whether the arrangement involved joint operating activities and whether both parties have active participation in the arrangement and are exposed to significant risks and rewards. The Company determined that the Terumo

Partnership did not fall within the scope of ASC 808. The Company then analyzed the arrangement pursuant to the provisions of ASC 606 and determined that the arrangement represents a contract with a customer and is therefore within the scope of ASC 606.

The promised goods or services in the Terumo Partnership include (i) license rights to the Company's intellectual property, and (ii) research and development services. The Company also has optional additional items in the Terumo Partnership which are considered marketing offers and are accounted for as separate contracts with the customer if such option is elected by the customer, unless the option provides a material right which would not be provided without entering into the contract. Performance obligations are promised goods or services in a contract to transfer a distinct good or service to the customer. Promised goods or services are considered distinct when (i) the customer can benefit from the good or service on its own or together with other readily available resources or (ii) the promised good or service is separately identifiable from other promises in the contract. In assessing whether promised goods or services are distinct in the Terumo Partnership, the Company considered factors such as the stage of development of the underlying intellectual property, the capabilities of the customer to develop the intellectual property on their own or whether the required expertise is readily available.

The Company estimates the transaction price for the Terumo Partnership performance obligations based on the amount expected to be received for transferring the promised goods or services in the contract. The consideration includes both fixed consideration and variable consideration. At the inception of the Terumo Partnership, as well as at each reporting period, the Company evaluates the amount of potential payments and the likelihood that the payments will be received. The Company utilizes either the most likely amount method or expected amount method to estimate the amount expected to be received based on which method better predicts the amount expected to be received. If it is probable that a significant revenue reversal would not occur, the variable consideration is included in the transaction price.

The Terumo Partnership contains development and regulatory milestone payments. At contract inception and at each reporting period, the Company evaluates whether the milestones are considered probable of being reached and estimates the amount to be included in the transaction price using the most likely amount method. If it is probable that a significant revenue reversal would not occur, the associated milestone value is included in the transaction price. At the end of each subsequent reporting period, the Company re-evaluates the probability of achievement of such development milestones and any related constraint, and if necessary, adjusts its estimate of the overall transaction price. Any such adjustments are recorded on a cumulative catch-up basis, which would affect partnership revenues and earnings in the period of adjustment.

The Terumo Partnership also includes sales-based royalties and the license is deemed to be the predominant item to which the royalties relate. Accordingly, the Company will recognize royalty revenue when the related sales occur. To date, the Company has not recognized any royalty revenue under the arrangement.

The Company has determined that intellectual property licensed to Terumo and the research and development services to be provided through the premarket approval by the FDA for the in-stent restenosis ("ISR") indication represent a combined performance obligation that is satisfied over time, and that the appropriate method of measuring progress for purposes of recognizing revenues relates to a proportional performance model that measures the proportional performance based on the costs incurred to date relative to the total costs expected to be incurred through the completion of the performance obligation. The Company evaluates the measure of progress at each reporting period and, if necessary, adjusts the measure of performance and related revenue recognition.

The Company receives payments from Terumo based on billing schedules established in the contract. Such billings for milestone related events have 10-day terms from the date the milestone is achieved, royalty payments are 20-day terms after the close of each quarter, any optional services are 20 days after receipt of an invoice and any sales of the SirolimusEFR are within 30 days after receipt of the shipping invoices. Upfront payments are recorded as deferred revenue upon receipt or when due until the Company performs its obligations under these arrangements. Amounts are recorded as accounts receivable when the right to consideration is unconditional.

Stock-Based Compensation

The Company applies ASC 718-10, *Share-Based Payment*, which requires the measurement and recognition of compensation expenses for all stock-based payment awards made to employees and directors including employee stock options under the Company's stock plans based on estimated fair values (see Note 9). Each award vests over the subsequent period during which the recipient is required to provide service in exchange for the award (the vesting period). The cost of each award is recognized as an expense in the financial statements over the respective vesting period on a straight-line basis.

Under the requirements of ASU 2018-07, the Company accounts for stock-based compensation to nonemployees under the fair value method which requires all such compensation to be calculated based on the fair value at the measurement date (generally the grant date) and recognized in the consolidated statements of operations and comprehensive loss over the requisite service period. The Company accounts for forfeitures of stock-based awards as they occur.

Net Loss Per Share

Basic and diluted net loss per share is calculated by dividing net loss attributable to common shares by the weighted-average number of shares of Common Stock outstanding for the period, without consideration of potential dilutive shares of Common Stock. Since the Company was in a loss position for the periods presented, basic net loss attributable to common shares is the same as diluted net loss per share since the effects of potentially dilutive securities are antidilutive. Potentially dilutive securities include all outstanding warrants, stock options, restricted stock and convertible preferred stock. In periods in which there is net income, the Company would apply the two-class method to compute net income per share. Under this method, earnings are allocated to common stock and participating securities based on their respective rights to receive dividends, as if all undistributed earnings for the period were distributed. The two-class method does not apply in periods in which a net loss is reported.

Income Taxes

The Company accounts for income taxes using the asset-and-liability method in accordance with ASC 740, *Income Taxes* ("ASC 740"). Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on the deferred tax assets and liabilities of a change in tax rate is recognized in the period that includes the enactment date. A valuation allowance is recorded if it is more-likely-than-not that some portion or all the deferred tax assets will not be realized in future periods. At December 31, 2020 and 2021, the Company has recorded a full valuation allowance on its deferred tax assets.

The Company follows the guidance in ASC Topic 740-10 in assessing uncertain tax positions. The standard applies to all tax positions and clarifies the recognition of tax benefits in the financial statements by providing for a two-step approach of recognition and measurement. The first step involves assessing whether the tax position is more-likely-than-not to be sustained upon examination based upon its technical merits. The second step involves measurement of the amount to be recognized. Tax positions that meet the more-likely-than-not threshold are measured at the largest amount of tax benefit that is greater than 50% likely of being realized upon ultimate finalization with the taxing authority. The Company recognizes the impact of an uncertain income tax position in the financial statements if it believes that the position is more likely than not to be sustained by the relevant taxing authority. The Company will recognize interest and penalties related to tax positions in income tax expense.

Deferred Offering Costs

Offering costs, consisting of legal, accounting, printer and filing fees related to equity offerings, are deferred and will be offset against proceeds from the equity offering when the offering is completed. In the event the offering is terminated, all deferred offering costs will be expensed. In 2020, the Company has expensed a total of \$2.4 million of our previously capitalized offering costs related to our planned initial public offering within general and administrative expenses. As of December 31, 2021, the Company has capitalized \$0.1 million of deferred offering costs related to the ongoing Series D equity offerings, which are included in deposits and other assets on the accompanying balance sheet.

Defined Contribution Plan

The Company has a defined contribution retirement savings plan under Section 401(k) of the Internal Revenue Code. This plan allows eligible employees to defer a portion of their annual compensation on a pre-tax basis. The Company does not make matching employee contributions.

Comprehensive Loss

Comprehensive loss is comprised of net loss and changes in unrealized gains and losses on the Company's available-for-sale investments.

Segment Reporting

Operating segments are defined as components of an entity for which separate financial information is available and that is regularly reviewed by the Chief Operating Decision Maker ("CODM") in deciding how to allocate resources to an individual segment and in assessing performance. The Company's CODM is its Chief Executive Officer. The Company has determined it operates in one segment.

New Accounting Standards

In August 2020, the FASB issued ASU 2020-06, Debt — Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging — Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity. This ASU simplifies the accounting for certain convertible instruments. ASU 2020-06 will be effective for fiscal years beginning after December 15, 2021, with early adoption permitted for interim and annual reporting periods beginning after December 15, 2020. The Company adopted ASU 2020-06 on January 1, 2021, and the adoption of this update did not have a material effect on the Company's financial statements.

Standards Being Evaluated

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842), which requires lessees to put most leases on their balance sheets by recognizing a lessee's rights and obligations, while expenses will continue to be recognized in a similar manner to today's legacy lease accounting guidance. Topic 842 will be effective for the Company on January 1, 2022, with early adoption permitted. The standard will have an effect on the Company's consolidated balance sheet. The most significant effect relates to the (i) the recognition of new right-of-use ("ROU") assets and lease liabilities on its balance sheet for existing leases and ii) providing significant new disclosures about its leasing activities. The Company does not expect a material effect on its consolidated statement of operations due to the adoption of ASU 2016-02. Upon adoption on January 1, 2022, the Company currently expects to recognize ROU assets of \$2.6 million and lease liabilities of \$2.9 million.

In addition, the new lease standard provides a number of optional practical expedients in transition. The Company elected the package of practical expedients. As such, the Company did not have to reassess whether expired or existing contracts are or contain a lease, and did not have to reassess the lease classifications or reassess the initial direct costs associated with expired or existing leases.

ORCHESTRA BIOMED, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (cont.)

The new lease standard also provides practical expedients for an entity's ongoing accounting. The Company elected the short-term lease recognition exemption under which the Company will not recognize right-of-use ("ROU") assets or lease liabilities for leases that are less than one year in duration. The Company also elected the practical expedient to not separate lease and non-lease components for certain classes of assets (facilities).

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments — Credit Losses* (Topic 326): Measurement of Credit Losses on Financial Instruments. During 2018 and 2019, the FASB also issued subsequent amendments to the initial guidance (collectively, Topic 326). Topic 326 requires organizations to measure all expected credit losses for financial instruments held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Topic 326 will be effective for the Company on January 1, 2023. The Company is evaluating the impact that this standard will have on its consolidated financial statements.

3. Terumo Partnership Agreement

In June 2019, the Company entered into the Terumo Partnership, pursuant to which Terumo secured global commercialization rights for Virtue SAB in coronary and peripheral vascular indications (the "Terumo Indications"). Under this agreement, the Company received an upfront payment of \$30 million and an equity commitment of up to \$5 million of which \$2.5 million was invested in June 2019 as part of the Series B-1 financing. The Company may receive up to \$65 million in additional payments based on the achievement of certain development and regulatory milestones and is also eligible to earn royalties on future sales by Terumo based on royalty rates ranging from 10 – 15%. As of the issuance date of these financial statements, the target achievement date for one \$5 million milestone payment has already passed and certain other milestone achievement dates are at risk. However, the Company and Terumo signed a letter agreement in June 2022 whereby the parties agreed in good faith to negotiate mutually agreeable adjustments to the milestone dates to potentially enable all to be received by the Company. There is no assurance as to the outcome of these negotiations with respect to any potential modifications to the milestone dates.

Pursuant to the terms of the Terumo Partnership, the Company licensed intellectual property rights to Terumo and the Company shall be primarily responsible for completing the development of the product in the United States through premarket approval by the FDA for the in-stent restenosis ("ISR") indication. These research and development services to be provided by the Company include (i) manufacturing, testing and packaging the drug required for the clinical trials, (ii) supplying Terumo with information related to the design and manufacture of the delivery device and the technology transfer needed for Terumo to ultimately commence manufacture of the delivery device, and (iii) carrying out regulatory activities related to clinical trials in the United States for the ISR indication.

The Company has concluded that the license granted to Terumo is not distinct from the research and development services that will be provided to Terumo through the completion of the development of ISR indication, as Terumo cannot obtain the benefit of the license without the related research and development services. Accordingly, the Company will recognize revenues for this combined performance obligation over the estimated period of research and development services using a proportional performance model. The Company measures proportional performance based on the costs incurred relative to the total estimated costs of the research and development services.

In 2019, the Company received a total of \$32.5 million from Terumo related to the stock purchase and the revenue generating elements of the Terumo Partnership. The Company recorded the estimated fair value of the shares of \$2.5 million in stockholders' equity, as the value paid by Terumo is consistent with the value paid by other third-party stockholders in the Company's offering of its Series B-1 Preferred Stock, \$0.0001 par value per share ("Series B-1 Preferred Stock"). The Company allocated the remaining \$30 million to the transaction price of the Terumo Partnership. The Company considers the future potential development and regulatory milestones to be variable consideration, which are fully constrained from the transaction price as of December 31, 2020 and 2021 as the achievement of such milestone payments are uncertain and highly susceptible to factors outside of the Company's control. The Company

plans to re-evaluate the transaction price at each reporting period and as uncertain events are resolved or other changes in circumstances occur. In addition, the arrangement also includes sales-based royalties on product sales by Terumo subsequent to commercialization ranging from 10 – 15%, none of which have been recognized to date.

The Company recorded the \$30 million upfront payment received from Terumo in 2019 within deferred revenue. The following table presents the changes in the Company's deferred revenue balance from the Terumo Partnership during the years ended December 31, 2020 and 2021:

| | |
|--|-------------------------|
| Deferred Revenue – January 1, 2020 (in thousands) | \$ 26,095 |
| Revenue recognized | (5,169) |
| Deferred Revenue – December 31, 2020 | <u>\$ 20,926</u> |
| Revenue reduction | 1,475 |
| Deferred Revenue – December 31, 2021 | <u><u>\$ 22,401</u></u> |

The Company's balance of deferred revenue contains the transaction price from the Terumo Partnership allocated to the combined license and research and development performance obligation, which was partially unsatisfied as of December 31, 2021. The Company expects to recognize \$5.5 million of its deferred revenue during 2022 and recognize the remaining \$16.9 million through the remainder of the performance period, which is currently estimated through 2025.

At each quarterly reporting date, the Company evaluates its estimates of the total costs expected to be incurred through the completion of the combined performance obligation, and updates its estimates as necessary. For the years ended December 31, 2021 and 2020, the expenses incurred related to the Terumo Partnership were approximately \$9.9 million and \$11.2 million, respectively. The estimated total costs associated with the Terumo Partnership through completion increased by approximately 85% as of December 31, 2021 as compared to the estimates as of December 31, 2020, and increased by approximately 14% as of December 31, 2020, as compared to the estimates as of December 31, 2019. The increase in the estimated costs relates to an extension of the estimated performance period by twelve months, due in part by delays resulting from the Covid-19 pandemic, as well as supply chain issues and unexpected changes to regulatory requirements, including increased testing and other activities related to chemistry, manufacturing, and control, increased nonclinical and good laboratory practice preclinical data requirements, including biocompatibility, as well as a requirement to repeat good laboratory practice preclinical studies already performed based on changes to source of component materials and a change in manufacturing site, that caused the Company to amend its original project plan. While the Company believes it has estimated total costs associated with the Terumo Partnership through completion, these estimates encompass a broad range of expenses over a multi-year period and, as such, are subject to periodic changes as new information becomes available. The impact of the changes in estimates resulted in reduction of partnership revenues of \$1.3 million and \$6.5 million for the years ended December 31, 2020 and 2021, respectively, as compared to the amounts that would have been recorded based on the previous estimates. The impact of these changes in estimates on the net loss per share, basic and diluted, was an increase of \$0.63 and \$3.06 for the years ended December 31, 2020 and 2021, respectively.

Orchestra will also manufacture, or have manufactured, SirolimusEFR and have exclusive rights to sell it on a per unit basis to Terumo for use in the Virtue SAB product. The Company has determined that this promise does not contain a material right as the pricing is based on standalone selling prices. Through December 31, 2021, there have been no additional amounts recognized as revenue under the Terumo Partnership other than the recognition of a portion of the upfront payment described above.

As of December 31, 2020 and 2021, the Company classified its Series A Preferred Stock outside of stockholders' deficit in temporary equity because, in the event of certain "Deemed Liquidation Events" (as defined below) that are not solely within the control of the Company, the shares of the Series A Preferred Stock would become redeemable at the option of the holders. As of December 31, 2020 and 2021, the Company did not adjust the carrying values of the Series A Preferred Stock to the deemed liquidation values of such shares since a Deemed Liquidation Event was not probable at the consolidated balance sheet dates. Subsequent adjustments to increase or decrease the carrying values to the ultimate liquidation values will be made if, and when, it becomes probable that such a Deemed Liquidation Event will occur.

The holders of the Preferred Stock have the following rights, privileges and preferences:

Optional Conversion Rights — Series A

Each share of Series A Preferred Stock is convertible at the option of the holder into the number of shares of Common Stock determined by dividing the original issue price by the applicable conversion price. The original issue price per share and the initial conversion price per share is \$10.00. As of December 31, 2021, Series A Preferred Stock will convert on a one-for-one basis into Common Stock. The original issue price and conversion price per share for the Series A Preferred Stock shall be adjusted for certain recapitalizations, splits, combinations, stock dividends or as set forth in the Company's amended and restated certificate of incorporation. At December 31, 2020 and 2021, none of the Series A Preferred Stock had been converted into Common Stock.

Automatic Conversion Rights

Each outstanding share of Series A Preferred Stock, Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock shall automatically be converted into shares of Common Stock at the then effective conversion rate for such shares upon the closing of the sale of shares of Common Stock in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended (the "Securities Act") resulting in at least \$16 million of gross proceeds to the Company.

7. Preferred Stock (cont.)

Both the Series B Preferred Stock and the Series B-1 Preferred Stock (collectively, the “Series B/B-1 Preferred Stock”) share an innovative conversion feature. In the event of a follow-on offering of at least \$16 million (including an initial public offering of common stock), the holders of Series B/B-1 Preferred Stock are entitled to an adjustment to their conversion ratio to a 1:2 basis (*i.e.*, one share of Series B or B-1 Preferred Stock will be convertible into two shares of Common Stock) if the investors invest in such follow-on offering at least 100% of their original investment in the initial offerings of Series B Preferred Stock and Series B-1 Preferred Stock offering in the follow-on offering (the “Conversion Rate Adjustment”). If the holders of Series B/B-1 Preferred Stock invest less than 100% of their original investment in a follow-on offering, there is no adjustment to the holder’s conversion ratio. Notwithstanding the foregoing, persons that received equal amounts of Series B Preferred Stock and Series C Preferred Stock in the Formation Mergers in exchange for convertible bridge notes of Caliber, BackBeat and/or FreeHold will receive the Conversion Rate Adjustment with respect to those shares of Series B Preferred Stock received in the Formation Mergers without having to invest in such follow-on offering upon the conversion of their corresponding shares of Series C Preferred Stock into the securities sold in such follow-on offering. In addition, upon a follow-on offering as described above, the Series C Preferred Stock shall automatically convert into the Company’s equity securities sold in such follow-on offering.

Liquidation Rights

In the event of any liquidation, dissolution or winding-up of the Company, the holders of the Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock are entitled to liquidation preferences, on a *pari passu* basis and before any payment shall be made to the holders of Series A Preferred Stock or Common Stock, in an amount (on a per share basis) equal to the stated value of \$10.00 per share for Series B and Series C and \$15.00 per share for Series B-1 (each subject to adjustment for recapitalizations). Additionally, the holders of the Series A Preferred Stock are entitled to receive a distribution before any payment shall be made to the holders of Common Stock in an amount equal to the original issue price of \$10.00 per share, as adjusted, plus any accrued but unpaid dividends. After the payment or setting aside for payment to the holders of the Series A Preferred Stock, Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock, then any remaining assets would be distributed among all holders of preferred stock and Common Stock on a pro-rata basis based on the number of shares held by each holder, treating for this purpose all such preferred stock as if it had been converted to common stock immediately prior to such liquidation, dissolution or winding-up.

If the assets of the Company available for distribution to holders of Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock are insufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, then all of the assets available for distribution to holders of the Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock shall be distributed among and paid to such holders ratably in proportion to the amounts that would have been payable to such holders if sufficient assets existed to allow payment in full. If the assets of the Company available for distribution to holders of Series B Preferred Stock, Series B-1 Preferred Stock and Series C Preferred Stock are sufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, any remaining assets available for distribution shall be distributed to holders of Series A Preferred Stock next until paid in full. If the assets of the Company available for distribution to holders of Series A Preferred Stock are insufficient to permit payment in full to such holders of the sums which such holders are entitled to receive, then all of the assets available for distribution to holders of the Series A Preferred Stock shall be distributed among and paid to such holders ratably in proportion to the amounts that would have been payable to such holders if sufficient assets existed to allow payment in full. If the assets of the Company available for distribution to holders of Series A Preferred Stock are sufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, then any remaining assets available for distribution would be distributed among the holders of all shares of preferred stock and Common Stock on a pro-rata basis based on the number of shares held by each holder, treating for this purpose all such preferred stock as if it had been converted to common stock immediately prior to such liquidation, dissolution or winding-up.

7. Preferred Stock (cont.)

The Series A Preferred Stock also includes certain rights upon the occurrence of a Deemed Liquidation Event that could cause the Company to potentially redeem the shares of Series A Preferred Stock upon certain events that are outside of the control of the Company, and therefore the Series A Preferred Stock has been classified as mezzanine equity.

A Deemed Liquidation Event is defined as including (i) the merger or consolidation in which the Company or a subsidiary of the Company is a party and the Company issues shares of its capital stock pursuant to such merger or consolidation, except any such transaction involving the Company or a subsidiary in which the shares of capital stock of the Company outstanding immediately prior to such transaction continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such transaction, at least a majority, by voting power, of the capital stock of the surviving or resulting entity, or if the surviving or resulting entity is a wholly owned subsidiary of another corporation immediately following such transaction, the parent corporation of such surviving corporation; or (ii) a sale, lease, transfer, exclusive license or other disposition of all or substantially all of the assets of the Company or any of its subsidiaries taken as a whole, or the sale or disposition of one or more subsidiaries of the Company if substantially all of the assets of the Company and its subsidiaries are held by such subsidiary, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Company.

Dividend Rights

The Company shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Company (other than dividends on the shares of Common Stock payable in shares of Common Stock) unless the holders of the Series A Preferred Stock then outstanding shall first receive a dividend on each outstanding share of Series A Preferred Stock in an amount as set forth in the amended and restated certificate of incorporation. The holders of Series B Preferred Stock, B-1 Preferred Stock, and Series C Preferred Stock are not entitled to receive dividends. No dividends have been declared to date.

Voting Rights

The holders of Preferred Stock are entitled to vote, together with the holders of common stock, on all matters submitted to stockholders for a vote. Each preferred stockholder is entitled to the number of votes equal to the number of shares of common stock into which each preferred share is convertible at the time of such vote.

As long as any shares of Preferred Stock are outstanding, the Company may not, take any of the actions specified in the protective provisions section of the amended and restated certificate of incorporation without the written consent or affirmative vote of the holders of at least fifty percent (50%) of the then outstanding shares of Preferred Stock.

In addition, as long as any shares of any particular series of Preferred Stock are issued and outstanding, the Company may not, without the written consent or affirmative vote of holders of a majority of the then outstanding shares of such series, amend, alter or repeal any provision of the applicable Certificates of Designation for such preferred series.

8. Warrant Liability

The Company evaluates its outstanding warrants to determine if the instruments qualify for equity or liability classification. To date, all of the Company's warrants are required to be accounted for as liabilities, and therefore, the fair value of the warrant liability is marked-to-market at each balance sheet date, with the change in fair value recorded in the statements of operations and comprehensive loss within other income (expense). Upon conversion or exercise of a warrant classified as a liability, the instrument is marked to fair value at the conversion date and then that fair value is reclassified to equity.

Determination of Fair Value

The estimated grant-date fair value of all the Company's option awards was calculated using the Black-Scholes option pricing model, based on the following weighted average assumptions:

| | December 31, | |

| | 2020 | 2021 |
| Expected term (in years) | 6.00 | 6.00 |
| Expected volatility | 52% | 60% |

ORCHESTRA BIOMED, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

9. Stock-Based Compensation (cont.)

The fair value of each stock option grant was determined by the Company using the methods and assumptions discussed below. Each of these inputs is subjective and generally requires significant judgment and estimation by management.

Expected Term — The expected term represents the period that stock-based awards are expected to be outstanding. The Company's historical share option exercise information is limited due to a lack of sufficient data points and did not provide a reasonable basis upon which to estimate an expected term. The expected term for option grants is therefore determined using the "simplified" method, as prescribed in SEC's Staff Accounting Bulletin (SAB) No. 107. The simplified method deems the expected term to be the midpoint between the vesting date and the contractual life of the stock-based awards.

Expected Volatility — The expected volatility was derived from the historical stock volatilities of comparable peer public companies within the Company's industry that are considered to be comparable to the Company's business over a period equivalent to the expected term of the stock-based awards since there has been no trading history of the Common Stock.

Risk-Free Interest Rate — The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the date of grant for zero-coupon U.S. Treasury notes with maturities approximately equal to the stock-based awards' expected term.

Expected Dividend Yield — The expected dividend yield is zero as the Company has not paid nor does it anticipate paying any dividends on its Common Stock in the foreseeable future.

Fair Value of Common Stock — As the Company's common stock has not historically been publicly traded, its board of directors periodically estimated the fair value of the Company's common stock considering, among other things, contemporaneous valuations of its common stock prepared by an unrelated third-party valuation firm in accordance with the guidance provided by the American Institute of Certified Public Accountants 2013 Practice Aid, *Valuation of Privately-Held-Company Equity Securities Issued as Compensation*.

In August 2019, the Company entered into an addendum to the original December 2009 lease agreement for 8,052 square feet of office space in New Hope, PA. Monthly fees will be between \$9,000 and \$19,000 for the period from commencement through termination. The lease will expire in September 2024.

In November 2019, the Company entered into a new lease agreement for approximately 5,200 square feet of office space in New York, NY. Monthly fees will be between \$28,000 and \$30,000 for the period from commencement through termination. The lease will expire in March 2028.

11. Income Taxes

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company's deferred tax assets relate primarily to its net operating loss carryforwards and other balance sheet basis differences. In accordance with ASC 740, *Income Taxes*, the Company recorded a valuation allowance to fully offset the gross deferred tax asset, because it is not more likely than not that the Company will realize future benefits associated with these deferred tax assets at December 31, 2020 and 2021.

The change in the valuation allowance for the years ended December 31, 2020 and 2021 was an increase of \$3.6 million and \$7.2 million, respectively.

In general, the U.S. Federal and state income tax returns remain open to examination by taxing authorities for tax years beginning in 2017 to present. However, if the Company claims net operating loss ("NOL") carryforwards from years prior to 2017 against future taxable income, the tax returns pertaining to those losses may be examined by the taxing authorities.

The components of the deferred tax assets are as follows:

| | December 31, | |
|---|---------------------|-------------|
| | 2020 | 2021 |
| (in thousands) | | |
| Deferred tax asset | | |
| Net operating loss carryovers – Federal | \$ 15,509 | \$ 19,936 |

11. Income Taxes (cont.)

Reconciliation of the statutory federal income tax to the Company's effective tax is as follows:

| | December 31, | |
|---|--------------|---------|
| | 2020 | 2021 |
| Income tax benefit at federal statutory rate | 21.0% | 21.0% |
| State and local income tax (net of Federal benefit) | (5.7)% | 7.2% |
| Permanent items | (1.0)% | 0.6% |
| Research and development credits | 3.2% | 1.9% |
| Research and development, uncertain tax positions | (0.6)% | (0.4)% |
| Change in valuation allowance | (17.0)% | (31.2)% |
| Sec. 382 and 383 NOL Limitation | —% | —% |
| True-ups | 0.1% | 0.9% |
| Other | —% | —% |
| Effective tax rate | —% | —% |

The Company had approximately \$94.9 million and \$77.0 million of gross NOL carryforwards (Federal and state, respectively) and approximately \$2.3 million and \$0 of Federal and Pennsylvania research and development tax credits, respectively, as of December 31, 2021, after applying Section 382 and Section 383 limitations. The federal net operating losses for years ending on or before December 31, 2017 start to expire from 2027 to 2037. The federal net operating losses generated after the year ended December 31, 2017 have an indefinite carryforward period, subject to 80% taxable income limitation on an annual basis. Certain state net operating losses start to expire in 2027, and certain states have an indefinite carryforward period. The federal research and development ("R&D") tax credit starts to expire from 2028 to 2041.

The NOL carryforwards and R&D tax credits are available to reduce future taxable income. However, Sections 382 and 383 of the Internal Revenue Code, and similar state regulations, contain provisions that may limit the NOL carryforwards and R&D tax credits available to be used to offset income in any given year upon the occurrence of certain events, including changes in the ownership interests of significant stockholders. In the event of a cumulative change in the ownership interest of significant stockholders in excess of 50% over a three-year period, the amount of the NOL carryforwards and R&D tax credits that the Company may utilize in any one year may be limited. In 2019, the Company completed Section 382 and Section 383 studies. As a result of these studies, the federal net operating loss and federal R&D tax credit carryforwards were reduced to reflect the amounts that are estimated to not be limited under the provisions of Sections 382 and 383. In 2019, the Company performed an analysis of the impact of ownership changes on state net operating loss carryforwards and provisional amounts were recorded within the income tax provision.

In assessing the realizability of the net deferred tax asset, the Company considers all relevant positive and negative evidence in determining whether it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The realization of the gross deferred tax assets is dependent on several factors, including the generation of sufficient taxable income prior to the expiration of the net operating loss carryforwards. Management believes it is more likely than not that the Company's deferred income tax assets will not be realized. As such, the Company has provided a 100% valuation allowance on its net deferred tax assets as of December 31, 2020 and 2021.

Following is a reconciliation of beginning and ending balances of total amounts of gross unrecognized tax benefits:

| (in thousands) | December 31, | |
|--|--------------|--------|
| | 2020 | 2021 |
| Unrecognized tax benefits | | |
| Unrecognized tax benefits at the beginning of the period | \$ 349 | \$ 481 |

| Other reductions | (26) | (20) |
| Unrecognized tax benefits at the end of the period | \$ 481 | \$ 572 |

11. Income Taxes (cont.)

The total liabilities associated with the unrecognized tax benefits that, if recognized, would impact the Company's effective tax rate were \$481,000 and \$572,000 at December 31, 2020 and 2021, respectively. It is not anticipated that the balance of unrecognized tax benefits at December 31, 2021 will change significantly over the next twelve months. The balance of unrecognized tax benefits as reflected in the table above are recorded on the balance sheet as a reduction to the related deferred tax asset in accordance with ASU 2013-11.

The Company's policy is to recognize interest accrued and, if applicable penalties related to unrecognized tax benefits in income tax expense for all periods presented. No interest or penalties were recognized during 2020 or 2021.

On December 27, 2020, the Consolidated Appropriations Act 2021 (the "Appropriations Act") was enacted in response to the COVID-19 pandemic. The Appropriations Act, among other things, temporarily extends through December 31, 2025, certain expiring tax provisions. Additionally, the Appropriations Act enacts new provisions and extends certain provisions originated within the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), enacted on March 27, 2020. The accounting is now complete. On March 11, 2021, the American Rescue Plan (the "ARP" act) was signed into law. Management has evaluated the impact of the law and does not expect the ARP would result in any tax or cash benefits.

12. Related Party Transactions

In addition to transactions and balances related to cash and stock-based compensation to officers and directors, the Company had the following transactions and balances with related parties and executive officers during 2020 and 2021:

Vivasure Investments

In December 2020 and 2021, respectively, the Company invested in Vivasure, a related party, a total of \$183,000 and \$213,000, respectively, in the form of unsecured convertible redeemable notes. The unsecured convertible redeemable notes converted into Series D preferred stock of Vivasure in May of 2022 (Note 14).

Motus GI Royalty Purchase Agreement

In February 2020, the Company entered into a Royalty Purchase Agreement ("2020 Royalty Purchase Agreement") in order to acquire additional royalty rights of future Motus GI sales/licensing proceeds in exchange for Orchestra Series A Preferred Stock. These royalty rights represent the right to royalty payments equal to three percent (3%) of net sales of Motus GI (upon first generating, in the aggregate since its inception, net sales equal to \$20 million) and five percent (5%) of licensing proceeds (upon first generating, in the aggregate since its inception, licensing proceeds equal to \$3.5 million).

Under the 2020 Royalty Purchase Agreement, shares of Orchestra Series A Preferred Stock were exchanged for royalty rights with various individuals and companies. As part of the agreement, a total of 38,677 Orchestra Series A Preferred Stock were exchanged for Motus GI royalty rights between the Company and various individuals and companies.

The Company assessed the fair value of the financial asset received in connection with the transaction (the Motus royalty right asset) and determined that the estimated fair value of this financial asset is de minimis, given the risk related to Motus generating a sufficient level of cash flows in the future for the Company to earn royalties from the arrangement, and the length of time that may be required to generate the royalties.

13. Silicon Valley Bank Credit Facility

In December 2019, the Company entered into a Loan and Security Agreement with Silicon Valley Bank (the "2019 Loan and Security Agreement"). The terms of the 2019 Loan and Security Agreement include a term loan of \$20 million available in two tranches. The first \$10 million tranche is available to the Company with interest-only monthly payments during a 12-month draw period from December 2019 through December 31, 2020. On December 31, 2020, the Company borrowed the first \$10 million tranche of the 2019 Loan and Security Agreement. The second \$10 million tranche of 2019 Loan and Security Agreement is not available to the Company as of December 31, 2021 since certain financing milestones were not met.

13. Silicon Valley Bank Credit Facility (cont.)

Pursuant to the terms of the 2019 Loan and Security Agreement, the Company issued Silicon Valley Bank a warrant that, to the extent the Company draws on the 2019 Loan and Security Agreement, will be exercisable for a number of shares of common stock equal to 2% of the amount drawn under the 2019 Loan and Security Agreement divided by the exercise price of \$0.62 per share. As a result of the draw in December of 2020, the Company issued 322,581 common stock warrants to Silicon Valley Bank.

The term loan accrues interest at a floating per annum rate equal to the greater of the Wall Street Journal prime rate plus 1.00% or 6.25%. In addition, there is a final payment equal to 8.25% of the original aggregate principal amount which will be accrued over the term of the loan using the effective-interest method. As of December 31, 2021, the amount of the final payment accrued is \$339,000 and is included in long-term other liabilities.

| | Principal Payments |
|---------------------------------|-------------------------------|
| | (in thousands) |
| Year ending December 31: | |
| 2022 | 2,000 |
| 2023 | 4,000 |
| Total | <u>\$ 6,000</u> |

The term loan is secured by all of the Company's assets, excluding intellectual property and certain other assets. The loan contains customary affirmative and restrictive covenants, including the Company's ability to enter into fundamental transactions, incur additional indebtedness, grant liens, pay any dividend or make any distributions to its holders, make investments, merge or consolidate with any other person or engage in transactions with the Company's affiliates, but does not include any financial covenants.

The Company estimated the fair value of the common stock warrants issued by estimating the equity value of the Company, and then utilizing an option pricing model to allocate the total equity value to the shares and warrants outstanding, as described in Note 8. The estimated fair value of the warrants of \$544,000 was recorded as debt discount, with an offset to the warrant liability. The debt discount is being amortized to interest expense over the term of the credit facility. Other costs related to the credit facility were nominal.

The Company terminated the 2019 Loan and Security Agreement and repaid the balance in June 2022. As a result, as of December 31, 2021, in accordance with applicable U.S. GAAP, the Company reclassified its debt as long-term, with the exception of the portion that has been paid prior to the issuance of this report. Refer to Note 14.

14. Subsequent Events***Series D Preferred Stock Financing***

In January 2022, the Company initiated a Series D Preferred Stock financing comprised of two series which are Series D-1 and Series D-2. In March 2022, the Company closed on the Series D-1 over two closings and issued 2,424,573 shares of Series D-1 Preferred Stock, receiving gross proceeds of approximately \$27.3 million. Each share of Series D-1 Preferred Stock is convertible into 1.1 shares of Common Stock. In connection with the Series D-1 Preferred Stock financing, the Company incurred approximately \$2.0 million in offering costs. The Company recorded its convertible preferred stock at fair value on the dates of issuance, net of issuance costs.

In June 2022, the Company closed the Series D-2 preferred stock financing, and modified certain provisions of the Series B Preferred Stock, Series B-1 Preferred Stock and Series D-1 Preferred Stock. The Company issued 17,753,263 shares of Series D-2, receiving gross proceeds of approximately \$82.6 million inclusive of a \$40 million investment from Covidien Group S.à.r.l., an affiliate of Medtronic plc. In connection with the Series D-2 Preferred Stock financing, the Company incurred \$5.4 million of offering costs.

14. Subsequent Events (cont.)

In June of 2022, the Company also agreed to reduce the price of the Series D-1 Preferred shares to \$4.65 per share, resulting in an additional 3,440,367 shares issued to the Series D-1 holders. The conversion ratio of Series D-1 Preferred to Common Stock of the Company remained 1.1 to 1. In addition, the Company amended the liquidation preference of the Series D-1 Preferred to establish a participating preferred feature for the Series D-1 Preferred. In addition, holders of the Series A Preferred Stock waived its broad-based weighted average anti-dilution protection applicable to the Series A Preferred Stock with respect to issuance or deemed issuance of any securities. As a result of these amendments, all of the Series of Preferred Stock will be automatically converted to common stock upon the occurrence of the proposed business combination described below.

The Series D offering qualified as a Follow-on Offering as contemplated by the Series B, Series B-1, Series C financing and certain warrant agreements. As such, each Series B and B-1 Preferred Stockholder that invested 100% of its original investment in the Series B or B-1 Preferred Stock in the Series D offering received an adjustment to the conversion ratio on each share of their Series B and/or Series B-1 stock, such that each share is now convertible into two shares of common stock.

Additionally, all Series C Preferred Stock converted to Series D-2 Preferred Stock on a 1 to 1 basis upon the closing of the Series D-2 financing. The Company is also obligated to issue an additional 228,210 Series B warrants and 115,801 Series B-1 warrants to individuals affiliated with the placement agent.

Vivasure Investment

In May 2022, Vivasure announced a Series D private placement, in which it received a material investment from a new strategic investor. As a result, the Company's existing convertible redeemable notes converted into Series D Preferred Stock of Vivasure in May 2022. The investment in the Vivasure Series D Preferred Stock represents an observable price change in an orderly transaction for an identical instrument of the same issuer, and accordingly, the Company expects to recognize a gain on its strategic investment in Vivasure of \$1.9 million in the second quarter of 2022.

Loan Transaction

In June 2022, the Company entered into a Loan and Security Agreement with Avenue Venture Opportunities Fund I and II (the "2022 Loan and Security Agreement"). The terms of the 2022 Loan and Security Agreement include a term loan of up to \$20 million available in two tranches with the first tranche of \$10 million that was drawn at closing in June of 2022, and a second tranche of \$10 million available at closing of the Series D-2 that has not yet been drawn. Additionally, the Company may have access to a third tranche of \$30 million subject to certain financing milestones. Concurrent with the closing of the 2022 Loan and Security Agreement, the Company terminated and repaid their existing 2019 Loan and Security Agreement.

Pursuant to the terms of the 2022 Loan and Security Agreement, the Company issued Avenue Venture Opportunities Fund I and II warrants that will be exercisable for 215,054 shares of common stock. The term loan accrues interest at a floating per annum rate equal to the Wall Street Journal prime rate plus 6.45%. The repayment terms of the loan include monthly payments over a 4-year period, consisting of an initial 2 year interest-only period, followed by 24 monthly principal payments of \$417,000 plus interest. In addition, there is a final payment equal to 4.25% of the initial commitment amount of \$20 million, which will be accrued over the term of the loan using the effective-interest method.

Collaborative Agreement with Medtronic

In June 2022, Orchestra, BackBeat Medical, LLC and Medtronic, Inc. (an affiliate of Medtronic plc) ("**Medtronic**") entered into an Exclusive License and Collaboration Agreement (the "**Medtronic Agreement**") for the development and commercialization of BackBeat CNT for the treatment of HTN in patients indicated for a cardiac pacemaker (the "**Primary Field**"). Under the terms of the Medtronic Agreement, Orchestra will sponsor a multinational pivotal study to support regulatory approval of BackBeat CNT in the Primary Field and be financially responsible for development,

clinical and regulatory costs associated with this pivotal study. Medtronic is currently working with Orchestra to integrate BackBeat CNT into top-of-the-line, commercially available dual-chamber pacemaker system for use in the pivotal trial and will provide development, clinical and regulatory resources in support of the pivotal trial, for which Orchestra will reimburse Medtronic at cost.

Under the terms of the Medtronic Agreement, Medtronic will have exclusive rights to commercialize BackBeat CNT-enabled pacing systems globally following receipt of regulatory approval. Medtronic would be entirely responsible for global commercialization following receipt of regulatory approvals, including manufacturing, sales, marketing and distribution costs.

Under the terms of the Medtronic Agreement, Orchestra is expected to receive between \$500 and \$1,600 per BackBeat CNT-enabled device sold based on a formula of the higher of (1) a fixed dollar amount per BackBeat CNT-enabled device (amount varies materially on a country-by-country basis) or (2) a percentage of the BackBeat CNT generated sales. Procedures using the BackBeat CNT-enabled pacemakers are expected to be billed under existing reimbursement codes.

Under the terms of the Medtronic Agreement, Medtronic has a right of first negotiation through FDA approval of BackBeat CNT in the Primary Field, to expand its global rights to BackBeat CNT for the treatment of HTN patients not indicated for a pacemaker.

Proposed Business Combination

On July 4, 2022, the Company entered into an Agreement and Plan of Merger Agreement (the “Merger Agreement”) with Health Sciences Acquisitions Corporation 2 (“HSAC2”), a publicly-traded Special Purpose Acquisition Company, pursuant to which a business combination between the Company and HSAC2 (the “Business Combination”) is to be effected. Upon consummation of the Business Combination (the “Closing”), Orchestra will become a wholly owned subsidiary of HSAC2. HSAC2 is expected to change its name to “Orchestra BioMed Holdings, Inc.” and change its trading symbol to “OBIO”

The total consideration to be paid at Closing by HSAC2 to the Company’s security holders will be payable in shares of HSAC2 common stock at an exchange ratio of 0.465 shares for each whole share of Company common stock on an as-converted basis (the “Exchange Ratio”). In addition, Company security holders will also have the option to receive a portion of additional contingent consideration of up to 8,000,000 shares in the aggregate based on certain closing prices of Orchestra BioMed Holdings, Inc. common stock after the Closing. Each outstanding Company option and warrant will be converted into an option or warrant to purchase, subject to substantially the same terms and conditions as were applicable under such options or warrants prior to Closing, shares of Orchestra BioMed Holdings, Inc. common stock equal to the number of shares subject to such option or warrant multiplied by the Exchange Ratio, at an exercise price per share of Orchestra BioMed Holdings, Inc. equal to the exercise price per share of Company common stock subject to such option or warrant divided by the Exchange Ratio.

The consummation of the Business Combination is conditioned upon, among other things, (i) the absence of any applicable law or order restraining or prohibiting the consummation of the Business Combination and related transactions, (ii) receipt of any consent, approval or authorization required by any Authority (as defined in the Merger Agreement), (iii) HSAC2 having at least \$5,000,001 of net tangible assets upon consummation of the Business Combination, (iv) approval by the Company’s stockholders of the Business Combination and related transactions, (v) approval by HSAC2’s shareholders of the Business Combination and related transactions, (vi) the conditional approval for listing by Nasdaq of the shares to be issued in connection with the transactions contemplated by the Merger Agreement and satisfaction of initial and continued listing requirements, and (vii) the Form S-4 becoming effective in accordance with the provisions of the Securities Act.

The Company has evaluated subsequent events through August 8, 2022, the date on which these consolidated financial statements were issued.

1. Organization and Basis of Presentation

Orchestra BioMed, Inc. (“Orchestra” or the “Company”) is a biomedical innovation company seeking to provide high-impact solutions for large unmet needs in procedure-based medicine. The Company’s partnership-enabled business model focuses on forging strategic collaborations with leading medical device companies to drive successful global commercialization of products it develops. The Company’s business model seeks to adapt the strategic partnering tactics widely used by the biopharmaceutical industry to the medical device market. The Company’s goal is to accelerate and improve the likelihood of the Company’s product candidates reaching patients and providers worldwide by sharing the risks and rewards of developing and commercializing these product candidates with established companies. The Company’s flagship product candidates are Virtue Sirolimus AngioInfusion Balloon (“Virtue SAB”) for the treatment of artery disease, the leading cause of mortality worldwide, and BackBeat Cardiac Neuromodulation Therapy (“BackBeat CNT”) for the treatment of hypertension, a significant risk factor for death worldwide. The Company has additional product candidates in its pipeline and plans to thoughtfully expand its product pipeline in the future through acquisitions, strategic collaborations, licensing and organic development.

Orchestra was incorporated in Delaware in January 2017 and was formed to acquire operating and other assets as well as to raise capital conducted through private placements. In May 2018, Orchestra concurrently completed its Formation Mergers with Caliber Therapeutics, Inc. (“Caliber”), a Delaware corporation, BackBeat Medical, Inc. (“BackBeat”), a Delaware Corporation, and FreeHold Surgical, Inc. (“FreeHold”), a Delaware corporation. Collectively, Orchestra, Caliber, BackBeat and FreeHold are referred to herein as Orchestra, or the “Company.”

Caliber

Caliber was incorporated in Delaware in October 2005 and began development of its lead product Virtue SAB in 2008. Virtue SAB is a patented drug/device combination product candidate for the treatment of artery disease that delivers a proprietary extended release formulation of sirolimus called SirolimusEFR to the vessel wall during balloon angioplasty without any coating on the balloon surface or the need for leaving a permanent implant such as a stent in the artery. In 2019, the Company entered into a distribution agreement with Terumo Medical Corporation (“Terumo”) for global development and commercialization of Virtue SAB (the “Terumo Partnership”) (Note 3).

BackBeat

BackBeat was incorporated in Delaware in January 2010 and began development of its lead product BackBeat CNT that same year. BackBeat CNT is a patented implantable cardiac stimulation-based treatment for hypertension that is designed to immediately, substantially and persistently lower blood pressure while simultaneously modulating autonomic nervous system responses that normally drive and maintain blood pressure higher. BackBeat is currently in a pre-revenue stage of operations. Refer to Note 4 for details regarding Orchestra’s Collaborative Agreement with Medtronic.

FreeHold

FreeHold was incorporated in Delaware in May 2010 and began development of its hands-free, intracorporeal retractor device for minimally-invasive surgery in 2012. FreeHold is engaged in the development, sales and marketing of its retractor products that provide optimized visual and total surgeon control during laparoscopic and robotic procedures. The Company generated revenue of approximately \$331,000 and \$322,000 during the six months ended June 30, 2021 and 2022, respectively related to this legacy FreeHold Surgical, Inc. technology.

Basis of Presentation and Liquidity

The accompanying unaudited interim condensed consolidated financial statements have been prepared pursuant to the rules and regulation of the United States Securities and Exchange Commission (“SEC”) for interim financial reporting. These condensed statements are unaudited and, in the opinion of management, include all adjustments (consisting of normal recurring adjustments and accruals) necessary to fairly present the results of the interim periods.

1. Organization and Basis of Presentation (cont.)

The condensed balance sheet at December 31, 2021, has been derived from the audited financial statements at that date. Operating results and cash flows for the six months ended June 30, 2022 are not necessarily indicative of the results that may be expected for the fiscal year ended December 31, 2022 or any other future period. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in U.S. GAAP have been omitted in accordance with the rules and regulations for interim reporting of the SEC. These interim condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in our report for the year ended December 31, 2021 (included elsewhere in this document).

The Company has a limited operating history and the sales and income potential of its businesses and markets are unproven. As of June 30, 2022, the Company had an accumulated deficit of \$179.7 million and has experienced net losses each year since its inception. The Company expects to incur substantial operating losses in future periods and will require additional capital as it seeks to advance its products to commercialization. The Company is subject to a number of risks and uncertainties similar to those of other companies of the same size within the biotechnology industry, such as uncertainty of clinical trial outcomes, uncertainty of additional funding, and history of operating losses.

The Company follows the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 205-40, *Presentation of Financial Statements — Going Concern*, which requires management to assess the Company’s ability to continue as a going concern within one year after the date the financial statements are issued.

Based on the available balance of cash and cash equivalents and short-term strategic investments as of June 30, 2022 management has concluded that sufficient capital is available to fund its operations and meet cash requirements through the one-year period subsequent to the issuance date of these financial statements. Management will consider plans to raise capital beyond the one-year period subsequent to the issuance date of these financial statements through issuance of equity securities, debt securities, the completion of the proposed business combination (Note 14) and/or additional development and commercialization partnerships for other products within the Company’s development pipeline. The source, timing and availability of any future financing will depend principally upon market conditions, and, more specifically, on the progress of the Company’s research and development programs.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures in the consolidated financial statements and accompanying notes. Management bases its estimates on historical experience and on assumptions believed to be reasonable under the circumstances. Actual results could differ materially from those estimates. Areas where significant estimates exist include, but are not limited to, the fair value of stock-based compensation, research and development costs incurred, the fair value of the warrant liability, and the estimated costs to complete the combined performance obligation pursuant to the Terumo Partnership (Note 3).

Cash and Cash Equivalents

Cash and cash equivalents are held in banks or in custodial accounts with banks. Cash equivalents are defined as all liquid investments and money market funds with maturity from date of purchase of 90 days or less that are readily convertible into cash.

2. Summary of Significant Accounting Policies (cont.)

Strategic Investments

Management had made investments in affiliated companies and assesses whether the Company exerts significant influence over its strategic investments. The Company considers the nature and magnitude of its investment, any voting and protective rights it holds, any participation in the governance of the other company, and other relevant factors such as the presence of a collaboration or other business relationships. To date, the Company has concluded that it does not have the ability to exercise significant influence over its strategic investments.

The Company's strategic investments consist of equity investments in common stock of a publicly-held company and related party (Motus GI) and preferred shares and convertible notes of a privately-held company and related party (Vivasure). The Company classifies strategic investments on its balance sheet as current assets if the assets are available for use for current operations, and the Company does not have a specific plan to hold the investments for a certain duration of time. The shares held of Motus GI represent equity securities with a readily determinable fair value and are required to be measured at fair value at each reporting period using readily determinable pricing available on a securities exchange, in accordance with the provisions of ASU 2016-01, *Recognition and Measurement of Financial Assets and Liabilities*. Therefore, the Company categorized the investments as current assets. The investments in Vivasure do not have readily determinable fair values and are recorded at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for identical or similar investments of the same issuer. Additionally, as the investments in Vivasure are not readily marketable, the Company categorized the investments as non-current assets. As of December 31, 2021 and June 30, 2022, the carrying value of the investments in Vivasure was \$398,000 and \$2.5 million respectively.

Fair Value of Financial Instruments

The Company applies ASC 820, *Fair Value Measurement* ("ASC 820"), which establishes a framework for measuring fair value and clarifies the definition of fair value within that framework. ASC 820 defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Company's principal or most advantageous market in an orderly transaction between market participants on the measurement date. The fair value hierarchy established in ASC 820 generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions that market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability and are to be developed based on the best information available in the circumstances.

The carrying value of the Company's cash and cash equivalents, accounts receivable, prepaid expense, accounts payable and accrued expenses approximate fair value because of the short-term maturity of these financial instruments. In addition, the Company records its investment in Motus GI and warrant liabilities at fair value. See Note 5 for additional information regarding fair value measurements.

The valuation hierarchy is composed of three levels. The classification within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The levels within the valuation hierarchy are described below:

- Level 1 — Assets and liabilities with unadjusted, quoted prices listed on active market exchanges. Inputs to the fair value measurement are observable inputs, such as quoted prices in active markets for identical assets or liabilities.
- Level 2 — Inputs to the fair value measurement are determined using prices for recently traded assets and liabilities with similar underlying terms, as well as direct or indirect observable inputs, such as interest rates and yield curves that are observable at commonly quoted intervals.
- Level 3 — Inputs to the fair value measurement are unobservable inputs, such as estimates, assumptions, and valuation techniques when little or no market data exists for the assets or liabilities.

2. Summary of Significant Accounting Policies (cont.)

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable represent amounts due from customers. The allowance for doubtful accounts is recorded for estimated losses by evaluating various factors, including relative creditworthiness of each customer, historical collections experience and aging of the receivable. As of December 31, 2021 and June 30, 2022, an allowance for doubtful accounts was not deemed necessary.

Inventory

Inventory is stated at the lower of standard cost (which approximates actual cost on a first-in, first-out basis) and net realizable value. Net realizable value represents the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The Company analyzes its inventory levels and writes down inventory that has become obsolete or has a cost basis in excess of its expected net realizable value or inventory quantities in excess of expected requirements. Excess requirements are determined based on comparison of existing inventories to forecasted sales, with consideration given to inventory shelf life. Expired inventory is disposed of, and the related costs are recognized in cost of goods sold. As of December 31, 2021 and June 30, 2022, an impairment charge as a result of obsolete inventory was not deemed necessary.

Research and Development Prepayments, Accruals and Related Expenses

The Company incurs costs of research and development activities conducted by its third-party service providers, which include the conduct of preclinical and clinical studies. We are required to estimate our prepaid and accrued research and development costs at each reporting date. These estimates are made as of the reporting date of the work completed over the life of the individual study in accordance with agreements established with our service providers. The Company determines the estimates of research and development activities incurred at the end of each reporting period through discussion with internal personnel and outside service providers, as to the progress or stage of completion of trials or services, as of the end of the reporting period, pursuant to contracts with the third parties and the agreed upon fee to be paid for such services. Nonrefundable advance payments for goods or services to be received in the future for use in research and development activities are deferred and capitalized. The capitalized amounts are expensed as the related goods are accepted by the Company or the services are performed. Accruals are recorded for the amounts of services provided that have not yet been invoiced.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation and amortization. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the respective assets, generally three to five years. Leasehold improvements are amortized over the lesser of their useful life or the remaining life of the lease. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation and amortization are removed from the balance sheet and any resulting gain or loss is reflected in operations in the period realized. Maintenance and repairs are charged to operations as incurred.

| Asset category | Depreciable life |
|------------------------------------|-------------------------|
| Manufacturing equipment | 10 years |
| Office equipment | 3 – 7 years |
| Research and development equipment | 7 years |

Leases

In February 2016, the FASB issued Accounting Standards Update No. 2016-02, *Leases (Topic 842)* (“ASC 842”), which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. On January 1, 2022, the Company adopted the new lease standard using the optional transition method under which comparative financial information will not be restated and the Company will continue

ORCHESTRA BIOMED, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

2. Summary of Significant Accounting Policies (cont.)

to apply the provisions of the previous lease standard in its annual disclosures for the comparative periods. In addition, the new lease standard provides a number of optional practical expedients in transition. The Company elected the package of practical expedients. As such, the Company did not have to reassess whether expired or existing contracts are or contain a lease and did not have to reassess the lease classifications or reassess the initial direct costs associated with expired or existing leases.

The new lease standard also provides practical expedients for an entity's ongoing accounting. The Company elected the short-term lease recognition exemption under which the Company will not recognize right-of-use ("ROU") assets or lease liabilities for leases that are less than one year in duration. The Company elected the practical expedient to not separate lease and non-lease components for certain classes of assets (facilities).

Upon adoption on January 1, 2022, the Company recognized ROU assets of \$2.6 million and lease liabilities of \$2.9 million. The adoption of the new lease standard did not impact the Company's condensed consolidated statement of operations and comprehensive loss or its condensed consolidated statement of cash flows. The effect of the transition adjustment along with balances before, and after adoption is outlined below:

| | Deferred lease liability | ROU Assets | Lease Liabilities |
|------------------------------------|-----------------------------|-----------------|----------------------|
| Balance – December 31, 2021 | \$ 241 | \$ — | \$ — |
| ASC 842 Transition adjustment | (241) | 2,612 | 2,853 |
| Balance – January 1, 2022 | <u>\$ —</u> | <u>\$ 2,612</u> | <u>\$ 2,853</u> |

The Company determines if an arrangement is a lease at inception. For the Company's operating leases, the ROU asset represents the Company's right to use an underlying asset for the lease term and operating lease liabilities represent an obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. Since all the lease agreements do not provide an implicit rate, the Company estimated an incremental borrowing rate in determining the present value of the lease payments. Operating lease expense is recognized on a straight-line basis over the lease term, subject to any changes in the lease or expectations regarding the terms. Variable lease costs such as operating costs and property taxes are expensed as incurred.

Debt Discount and Debt Issuance Costs

Debt discounts and debt issuance costs incurred in connection with the issuance of debt are capitalized and reflected as a reduction to the related debt liability. The costs are amortized to interest expense over the term of the debt using the effective-interest method.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparing the carrying amount to the future net undiscounted cash flows which the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset. The Company has not identified any such impairment losses to date.

Warrants

The Company evaluates its warrants to determine if the contracts qualify as liabilities in accordance with ASC 480-10, *Distinguishing Liabilities from Equity* and ASC 815, *Derivatives and Hedging*. If the warrant is determined to meet the criteria to be liability classified, the warrant liability is marked-to-market each balance sheet date and recorded as a liability, with the change in fair value recorded in the statements of operations and comprehensive loss as gain (loss) on fair value adjustment of warrant liability within other income or expense.

ORCHESTRA BIOMED, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

2. Summary of Significant Accounting Policies (cont.)

In bundled transactions, the proceeds received from any debt instruments and liability classified warrants are allocated to the warrant at fair value first, and the residual value is then allocated to the debt instrument. Upon conversion or exercise of a warrant that is subject to liability treatment, the instrument is marked to fair value at the conversion or exercise date and the fair value is reclassified to equity. Equity classified warrants are recorded within additional paid-in capital at the time of issuance at fair value as of the issuance date and are not subject to subsequent remeasurement.

Revenue Recognition

The Company recognizes revenue under the core principle according to ASC 606, *Revenue from Contracts with Customers* (“ASC 606”), to depict the transfer of control to the Company’s customers in an amount reflecting the consideration the Company expects to be entitled to. In order to achieve that core principle, the Company applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract and (5) recognize revenue when a performance obligation is satisfied.

Product Revenues

Product revenues related to sales of FreeHold’s intracorporeal organ retractors are recognized at a point-in-time upon the shipment of the product to the customer, and there are no significant estimates or judgements related to estimating the transaction price. The product revenues consist of a single performance obligation, and the payment terms are typically 30 days. Product revenues are recognized solely in the United States.

Partnership Revenues

To date, the Company’s Partnership revenues related to the Agreement with Terumo as further described in Note 3. In future periods, Partnership revenues may also include revenues related to the Medtronic Collaboration Agreement as discussed in Note 4.

The Company assessed whether the Terumo Partnership fell within the scope of ASC 808, *Collaborative Arrangements* (“ASC 808”) based on whether the arrangement involved joint operating activities and whether both parties have active participation in the arrangement and are exposed to significant risks and rewards. The Company determined that the Terumo Partnership did not fall within the scope of ASC 808. The Company then analyzed the arrangement pursuant to the provisions of ASC 606 and determined that the arrangement represents a contract with a customer and is therefore within the scope of ASC 606.

The promised goods or services in the Terumo Partnership include (i) license rights to the Company’s intellectual property, and (ii) research and development services. The Company also has optional additional items in the Terumo Partnership which are considered marketing offers and are accounted for as separate contracts with the customer if such option is elected by the customer, unless the option provides a material right which would not be provided without entering into the contract. Performance obligations are promised goods or services in a contract to transfer a distinct good or service to the customer. Promised goods or services are considered distinct when (i) the customer can benefit from the good or service on its own or together with other readily available resources or (ii) the promised good or service is separately identifiable from other promises in the contract. In assessing whether promised goods or services are distinct in the Terumo Partnership, the Company considered factors such as the stage of development of the underlying intellectual property, the capabilities of the customer to develop the intellectual property on their own or whether the required expertise is readily available.

ORCHESTRA BIOMED, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

2. Summary of Significant Accounting Policies (cont.)

The Company estimates the transaction price for the Terumo Partnership performance obligations based on the amount expected to be received for transferring the promised goods or services in the contract. The consideration includes both fixed consideration and variable consideration. At the inception of the Terumo Partnership, as well as at each reporting period, the Company evaluates the amount of potential payments and the likelihood that the payments will be received. The Company utilizes either the most likely amount method or expected amount method to estimate the amount expected to be received based on which method better predicts the amount expected to be received. If it is probable that a significant revenue reversal would not occur, the variable consideration is included in the transaction price.

The Terumo Partnership contains development and regulatory milestone payments. At contract inception and at each reporting period, the Company evaluates whether the milestones are considered probable of being reached and estimates the amount to be included in the transaction price using the most likely amount method. If it is probable that a significant revenue reversal would not occur, the associated milestone value is included in the transaction price. At the end of each subsequent reporting period, the Company re-evaluates the probability of achievement of such development milestones and any related constraint, and if necessary, adjusts its estimate of the overall transaction price. Any such adjustments are recorded on a cumulative catch-up basis, which would affect partnership revenues and earnings in the period of adjustment.

The Terumo Partnership also includes sales-based royalties and the license is deemed to be the predominant item to which the royalties relate. Accordingly, the Company will recognize royalty revenue when the related sales occur. To date, the Company has not recognized any royalty revenue under the arrangement.

The Company has determined that intellectual property licensed to Terumo and the research and development services to be provided through the premarket approval by the FDA for the in-stent restenosis (“ISR”) indication represent a combined performance obligation that is satisfied over time, and that the appropriate method of measuring progress for purposes of recognizing revenues relates to a proportional performance model that measures the proportional performance based on the costs incurred to date relative to the total costs expected to be incurred through the completion of the performance obligation. The Company evaluates the measure of progress at each reporting period and, if necessary, adjusts the measure of performance and related revenue recognition.

The Company receives payments from Terumo based on billing schedules established in the contract. Such billings for milestone related events have 10-day terms from the date the milestone is achieved, royalty payments are 20-day terms after the close of each quarter, any optional services are 20 days after receipt of an invoice and sales of the SirolimusEFR are within 30 days after receipt of the shipping invoices. Upfront payments are recorded as deferred revenue upon receipt or when due until the Company performs its obligations under these arrangements. Amounts are recorded as accounts receivable when the right to consideration is unconditional.

Stock-Based Compensation

The Company applies ASC 718-10, *Compensation — Stock Compensation*, which requires the measurement and recognition of compensation expenses for all stock-based payment awards made to employees and directors including employee stock options under the Company’s stock plans based on estimated fair values (see Note 10). Each award vests over the subsequent period during which the recipient is required to provide service in exchange for the award (the vesting period). The cost of each award is recognized as an expense in the financial statements over the respective vesting period on a straight-line basis.

Under the requirements of ASU 2018-07, the Company accounts for stock-based compensation to nonemployees under the fair value method, which requires all such compensation to be calculated based on the fair value at the measurement date (generally the grant date) and recognized in the consolidated statements of operations and comprehensive loss over the requisite service period. The Company accounts for forfeitures of stock-based awards as they occur.

2. Summary of Significant Accounting Policies (cont.)

Net Loss Per Share Attributable to Common Stockholders

Basic and diluted net loss attributable to common stockholders is calculated by dividing net loss attributable to common stockholders by the weighted-average number of shares of Common Stock outstanding for the period, without consideration of potential dilutive shares of Common Stock. Since the Company was in a loss position for the periods presented, basic net loss attributable to common stockholders is the same as diluted net loss attributable to common stockholders since the effects of potentially dilutive securities are antidilutive. Potentially dilutive securities include all outstanding warrants, stock options, restricted stock and convertible preferred stock. In periods in which there is net income, the Company would apply the two-class method to compute net income per share. Under this method, earnings are allocated to common stock and participating securities based on their respective rights to receive dividends, as if all undistributed earnings for the period were distributed. The two-class method does not apply in periods in which a net loss is reported.

Income Taxes

The Company accounts for income taxes using the asset-and-liability method in accordance with ASC 740, *Income Taxes* (“ASC 740”). Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on the deferred tax assets and liabilities of a change in tax rate is recognized in the period that includes the enactment date. A valuation allowance is recorded if it is more-likely-than-not that some portion or all the deferred tax assets will not be realized in future periods. At December 31, 2021 and June 30, 2022, the Company has recorded a full valuation allowance on its deferred tax assets.

The Company follows the guidance in ASC Topic 740-10 in assessing uncertain tax positions. The standard applies to all tax positions and clarifies the recognition of tax benefits in the financial statements by providing for a two-step approach of recognition and measurement. The first step involves assessing whether the tax position is more-likely-than-not to be sustained upon examination based upon its technical merits. The second step involves measurement of the amount to be recognized. Tax positions that meet the more-likely-than-not threshold are measured at the largest amount of tax benefit that is greater than 50% likely of being realized upon ultimate finalization with the taxing authority. The Company recognizes the impact of an uncertain income tax position in the financial statements if it believes that the position is more likely than not to be sustained by the relevant taxing authority. The Company will recognize interest and penalties related to tax positions in income tax expense.

Deferred Offering and Merger Costs

Offering and merger costs, consisting of legal, accounting, printer and filing fees, are deferred and will be offset against proceeds received when the financing events are completed. In the event the offering or merger is terminated, all deferred costs will be expensed. As of June 30, 2022, the Company has capitalized \$1.6 million of deferred merger costs related to the business combination discussed in Note 14, which are included in deposits and other assets on the accompanying balance sheet. As of December 31, 2021, the Company capitalized \$100,000 of deferred offering costs related to the Series D equity offerings, which was offset against the Series D-1 proceeds received in March of 2022.

Comprehensive Loss

Comprehensive loss is comprised of net loss and changes in unrealized gains and losses on the Company’s available-for-sale investments.

2. Summary of Significant Accounting Policies (cont.)

Segment Reporting

Operating segments are defined as components of an entity for which separate financial information is available and that is regularly reviewed by the Chief Operating Decision Maker (“CODM”) in deciding how to allocate resources to an individual segment and in assessing performance. The Company’s CODM is its Chief Executive Officer. The Company has determined it operates in one segment.

New Accounting Standards

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments — Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. During 2018 and 2019, the FASB also issued subsequent amendments to the initial guidance (collectively, “Topic 326”). Topic 326 requires organizations to measure all expected credit losses for financial instruments held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Topic 326 will be effective for the Company on January 1, 2023. The Company is evaluating the impact that this standard will have on its consolidated financial statements.

In June 2022, the FASB issued ASU No. 2022-03 — *Fair Value Measurement (ASC 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*, which clarifies that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. The Company adopted ASU 2022-03 in the second quarter of 2022, and the adoption did not have a material impact on the consolidated financial statements.

3. Terumo Partnership Agreement

In June 2019, the Company entered into the Terumo Partnership, pursuant to which Terumo secured global commercialization rights for Virtue SAB in coronary and peripheral vascular indications (the “Terumo Indications”). Under this agreement, the Company received an upfront payment of \$30 million and an equity commitment of up to \$5 million of which \$2.5 million was invested in June 2019 as part of the Series B-1 financing. The Company may receive up to \$65 million in additional payments based on the achievement of certain development and regulatory milestones and is also eligible to earn royalties on future sales by Terumo based on royalty rates ranging from 10 – 15%. As of the issuance date of these financial statements, the target achievement date for one \$5 million milestone payment has already passed and Orchestra will pass another target achievement date for a second \$5 million payment on September 30, 2022, in each case, without achieving the related milestones. In addition, due to delays in Orchestra’s Virtue SAB program resulting from the COVID-19 pandemic, supply chain issues and unexpected changes to regulatory requirements, including increased testing and other activities related to chemistry, manufacturing, and control, increased nonclinical and good laboratory practice preclinical data requirements, including biocompatibility, as well as a requirement to repeat good laboratory practice preclinical studies already performed based on changes to source of component materials and a change in manufacturing site, Orchestra is unlikely to be able to complete the remaining time-based milestones by the specified target achievement dates to earn the remaining \$25 million in time-based milestone payments pursuant to the Terumo Agreement. However, the Company and Terumo signed a letter agreement in June 2022 whereby the parties agreed in good faith to negotiate mutually agreeable adjustments to the milestone dates to potentially enable all to be received by the Company. There is no assurance as to the outcome of these negotiations with respect to any potential modifications to the milestone dates.

Pursuant to the terms of the Terumo Partnership, the Company licensed intellectual property rights to Terumo and the Company shall be primarily responsible for completing the development of the product in the United States through premarket approval by the FDA for the in-stent restenosis (“ISR”) indication. These research and development services to be provided by the Company include (i) manufacturing, testing and packaging the drug required for the clinical trials, (ii) supplying Terumo with information related to the design and manufacture of the delivery device and the technology transfer needed for Terumo to ultimately commence manufacture of the delivery device, and (iii) carrying out regulatory activities related to clinical trials in the United States for the ISR indication.

3. Terumo Partnership Agreement (cont.)

The Company has concluded that the license granted to Terumo is not distinct from the research and development services that will be provided to Terumo through the completion of the development of ISR indication, as Terumo cannot obtain the benefit of the license without the related research and development services. Accordingly, the Company will recognize revenues for this combined performance obligation over the estimated period of research and development services using a proportional performance model. The Company measures proportional performance based on the costs incurred relative to the total estimated costs of the research and development services.

In 2019, the Company received a total of \$32.5 million from Terumo related to the stock purchase and the revenue generating elements of the Terumo Partnership. The Company recorded the estimated fair value of the shares of \$2.5 million in stockholders' equity, as the value paid by Terumo is consistent with the value paid by other third-party stockholders in the Company's offering of its Series B-1 Preferred Stock, \$0.0001 par value per share ("Series B-1 Preferred Stock"). The Company allocated the remaining \$30 million to the transaction price of the Terumo Partnership. The Company considers the future potential development and regulatory milestones to be variable consideration, which are fully constrained from the transaction price as of December 31, 2021 and June 30, 2022, as the achievement of such milestone payments are uncertain and highly susceptible to factors outside of the Company's control. The Company plans to re-evaluate the transaction price at each reporting period and as uncertain events are resolved or other changes in circumstances occur. In addition, the arrangement also includes sales-based royalties on product sales by Terumo subsequent to commercialization ranging from 10 – 15%, none of which have been recognized to date.

The Company recorded the \$30 million upfront payment received from Terumo in 2019 within deferred revenue. The following table presents the changes in the Company's deferred revenue balance from the Terumo Partnership during the six months ended June 30, 2021 and 2022:

| | |
|---|------------------|
| Deferred Revenue – December 31, 2020 | \$ 20,926 |
| Revenue recognized | (7) |
| Deferred Revenue – June 30, 2021 | <u>\$ 20,919</u> |
| Deferred Revenue – December 31, 2021 | \$ 22,401 |
| Revenue recognized | (945) |
| Deferred Revenue – June 30, 2022 | <u>\$ 21,456</u> |

The Company's balance of deferred revenue contains the transaction price from the Terumo Partnership allocated to the combined license and research and development performance obligation, which was partially unsatisfied as of June 30, 2022. The Company expects to recognize \$5 million of its deferred revenue during the next twelve months and recognize the remaining \$16.5 million through the remainder of the performance period, which is currently estimated through 2026.

As of each quarterly reporting date, the Company evaluates its estimates of the total costs expected to be incurred through the completion of the combined performance obligation, and updates its estimates as necessary. For the six months ended June 30, 2022 and 2021, the expenses incurred related to the Terumo Partnership were approximately \$6.6 million and \$4.3 million, respectively. The estimated total costs associated with the Terumo Partnership through completion increased by approximately 10% as of June 30, 2022, as compared to the estimates as of December 31, 2021, and increased by approximately 24% as of June 30, 2021, as compared to the estimates as of December 31, 2020. This increase relates primarily to an extension of the estimated performance period by 12 months due to regulatory delays as well as higher forecasted costs in future periods due to supply chain issues and price increases due to inflation. While the Company believes it has estimated total costs associated with the Terumo Partnership through completion, these estimates encompass a broad range of expenses over a multi-year period and, as such, are subject to periodic changes as new information becomes available. The impact of the changes in estimates resulted in reduction of partnership revenues of \$2.2 million and \$847,000 for the six months ended June 30, 2021 and 2022, respectively, as compared to the amounts that would have been recorded based on the previous estimates. The impact of these changes in estimates on the net loss per share attributable to common stockholders, basic and diluted, was an increase of \$1.06 and \$0.36 for the six months ended June 30, 2021 and 2022, respectively.

3. Terumo Partnership Agreement (cont.)

Orchestra will also manufacture, or have manufactured, SirolimusEFR and have exclusive rights to sell it on a per unit basis to Terumo for use in the Virtue SAB product. The Company has determined that this promise does not contain a material right as the pricing is based on standalone selling prices. Through June 30, 2022, there have been no additional amounts recognized as revenue under the Terumo Partnership other than the recognition of a portion of the upfront payment described above.

4. Medtronic Collaborative Agreement

In June 2022, Orchestra, BackBeat Medical, LLC and Medtronic, Inc. (an affiliate of Medtronic plc) (“Medtronic”) entered into an Exclusive License and Collaboration Agreement (the “Medtronic Agreement”) for the development and commercialization of BackBeat CNT for the treatment of hypertension (“HTN”) in patients indicated for a cardiac pacemaker (the “Primary Field”). Under the terms of the Medtronic Agreement, Orchestra will sponsor a multinational pivotal study to support regulatory approval of BackBeat CNT in the Primary Field and be financially responsible for development, clinical and regulatory costs associated with this pivotal study. Medtronic is currently working with Orchestra to integrate BackBeat CNT into its top-of-the-line, commercially available dual-chamber pacemaker system for use in the pivotal trial and will provide development, clinical and regulatory resources in support of the pivotal trial, for which Orchestra will reimburse Medtronic at cost.

Under the terms of the Medtronic Agreement, Medtronic will have exclusive rights to commercialize BackBeat CNT-enabled pacing systems globally following receipt of regulatory approval. Medtronic would be entirely responsible for global commercialization following receipt of regulatory approvals, including manufacturing, sales, marketing and distribution costs.

Orchestra is expected to receive between \$500 and \$1,600 per BackBeat CNT-enabled device sold based on a formula of the higher of (1) a fixed dollar amount per BackBeat CNT-enabled device (amount varies materially on a country-by-country basis) or (2) a percentage of the BackBeat CNT generated sales. Procedures using the BackBeat CNT-enabled pacemakers are expected to be billed under existing reimbursement codes.

Medtronic has a right of first negotiation through FDA approval of BackBeat CNT in the Primary Field, to expand its global rights to BackBeat CNT for the treatment of HTN patients not indicated for a pacemaker.

The Company assessed whether the Medtronic Agreement fell within the scope of ASC 808, and concluded that the Medtronic Agreement fell within the scope of ASC 808. In addition, the Company determined that Medtronic is a customer for a good or service that is a distinct unit of account, and therefore, the transactions in the Medtronic Agreement should be accounted for under ASC 606.

The Company has concluded that the license granted to Medtronic is not distinct from the development and implementation services that will be provided to Medtronic through the completion of the development of HTN indication, as Medtronic cannot obtain the benefit of the license without the related development and implementation services. ASC 606-10-55-65 includes an exception for the recognition of revenue relating to licenses of intellectual property with sales- or usage-based royalties. Under this exception, royalty revenue is not recorded until the subsequent sale or usage occurs, or the performance obligation has been satisfied, whichever is later. The Company concluded that the exemption applies and therefore, the royalty revenue associated with these performance obligations will be recognized as the underlying sales occur. Additionally, pursuant to the Medtronic Agreement, expenses incurred by Medtronic in connection with clinical device development and regulatory activities performed will be reimbursed by Orchestra. The Company will record such expenses as research and development expenses as incurred. For the quarter ended June 30, 2022, no reimbursement expenses have been incurred.

Concurrently with the close of the Medtronic Agreement, Orchestra also received a \$40 million investment from Medtronic in connection with the Series D-2 Preferred Stock financing. The equity was purchased at a fair value consistent with the price paid by other investors at that time, and accordingly, the proceeds received were recorded as an equity investment.

Through June 30, 2022, there have been no amounts recognized as revenue under the Medtronic Agreement.

5. Financial Instruments and Fair Value Measurements

| | Level 1 | Level 2 | Level 3 | Total |

| Total liabilities | <u>\$ —</u> | <u>\$ —</u> | <u>\$ 1,909</u> | <u>\$ 1,909</u> |

The Company's warrant liability is measured at fair value on a recurring basis using unobservable inputs and are classified as Level 3 inputs, and any change in fair value is recognized as change in fair value of warrant liability in the consolidated statements of operations and comprehensive loss. Refer to Note 9 for the valuation technique and assumptions used in estimating the fair value of the warrants.

6. Strategic Investments

The Company values the Motus GI investment by measuring fair value using the listed share price on the Nasdaq Capital Market on each valuation date.

Aggregate gains (losses) of \$188,000 and (\$380,000) during the six months ended June 30, 2021 and 2022, respectively, were recorded to adjust the strategic investments in equity securities of Motus GI to its fair value of \$1.0 million at December 31, 2021 and \$579,000 at June 30, 2022, which is classified as strategic investments within current assets on the accompanying consolidated balance sheet.

The Company's long term strategic investments as of December 31, 2021 represent investments made in Vivasure in 2020, 2021 and 2022 that were originally recorded at cost. There were no observable price changes or impairments identified during the six months ended June 30, 2021 related to these investments.

In May 2022, Vivasure announced a Series D private placement, in which it received a material investment from a new strategic investor. As a result, the Company's existing convertible redeemable notes converted into Series D Preferred Stock of Vivasure in May 2022. The investment in the Vivasure Series D Preferred Stock represents an observable price change in an orderly transaction for an identical instrument of the same issuer, and accordingly, the Company recognized a gain on its strategic investment in Vivasure of \$1.9 million in the second quarter of 2022. This amount represents a portion of the previously impaired investment balance described below.

During the fourth quarter of 2019, the Company identified indicators of impairment of Vivasure strategic investments held at that time as a result of adverse changes in Vivasure's business operations, including liquidity concerns. As a result, the Company recorded an impairment charge in the fourth quarter of 2019 of \$5.8 million, which represents the cumulative impairment charges recorded on Vivasure strategic investments to date.

The price per share for conversion into common shares for the Series A, Series B, and Series C Preferred Stock is \$10.00, subject in the case of the Series A Preferred Stock to standard anti-dilution adjustments until the second quarter of 2022. The price per share for conversion for Series B-1 Preferred Stock is \$15.00. The Series B, Series B-1 and Series C Preferred Stock do not have an anti-dilution adjustment. The price per share for conversion for Series D-1 and Series D-2 Preferred Stock is \$4.65, and the Series D-1 and Series D-2 Preferred Stock do not have anti-dilution adjustment provisions.

In January 2022, the Company initiated a Series D Preferred Stock financing comprised of Series D-1 and Series D-2 Preferred Stock. In March 2022, the Company closed on the Series D-1 Preferred Stock over two closings and issued 2,424,573 shares of Series D-1 Preferred Stock, receiving gross proceeds of approximately \$27.3 million. Each share of Series D-1 Preferred Stock is convertible into 1.1 shares of Common Stock. In connection with the Series D-1 Preferred Stock financing, the Company incurred approximately \$2.0 million in offering costs.

In June 2022, the Company closed the Series D-2 Preferred Stock financing and modified certain provisions of the Series A Preferred Stock, Series B Preferred Stock, Series B-1 Preferred Stock, and Series D-1 Preferred Stock. The Company issued 17,753,263 shares of Series D-2 Preferred Stock, receiving gross proceeds of approximately \$82.6 million inclusive of a \$40 million investment from Covidien Group S.à.r.l., an affiliate of Medtronic plc. In connection with the Series D-2 Preferred Stock financing, the Company incurred \$6.2 million of offering costs.

To evaluate whether the changes to the terms of the preferred stock should be accounted for as a modification or extinguishment, the Company follows the qualitative approach, in which amendments to preferred shares are analyzed based on the expected economics as well as the business purpose of the amendment. In June 2022, the Company agreed to reduce the price of the Series D-1 Preferred Stock to \$4.65 per share, which the Company determined represented an extinguishment for accounting purposes of the original 2,424,573 shares and the issuance of 5,864,940 shares issued to the Series D-1 holders, given the significance of the changes as a result of the amendment. Upon extinguishment and subsequent reissuance of the Series D-1 Preferred Stock, the difference between the prior carrying value and the fair value of \$4.65 per share at the date of extinguishment was recorded as a deemed distribution to preferred stockholders in the amount of \$2.0 million. The conversion ratio of Series D-1 Preferred Stock to Common Stock of the Company remained 1.1 to 1. In addition, the Company amended the liquidation preference of the Series D-1 Preferred Stock to establish a participating preferred feature for the Series D-1 Preferred Stock. The other amendments to the Series B Preferred Stock Certificate of Designations, and the Series B-1 Preferred Stock Certificate of Designations, together with the holders of the Series A Preferred Stock waiving their anti-dilution protection, were not deemed to be significant and were therefore accounted for as modifications. As a result of these amendments, all of the series of Preferred Stock will be automatically converted to common stock upon the occurrence of the proposed business combination described below.

8. Preferred Stock (cont.)

The Series D Preferred Stock offering qualified as a Follow-on Offering as contemplated by the Series B Preferred Stock Certificate of Designations, the Series B-1 Certificate of Designations, the Series C Certificate of Designations and certain warrant agreements. As such, each holder of Series B Preferred Stock and Series B-1 Preferred Stock that invested 100% of its original investment in the Series B Preferred Stock or B-1 Preferred Stock in the Series D Preferred Stock offering received an adjustment to the conversion ratio on each share of their Series B Preferred Stock and/or Series B-1 Preferred Stock, such that each share is now convertible into two shares of common stock.

Additionally, all Series C Preferred Stock converted to Series D-2 Preferred Stock on a 1 to 1 basis upon the closing of the Series D-2 Preferred Stock financing and was accounted for by reducing additional paid-in-capital by the original carrying value of the Series C Preferred Stock. The Company issued an additional 344,011 Series B/B-1 Common Stock warrants to individuals affiliated with the placement agent. These additional warrants were recorded at fair value as a reduction to the proceeds received from the Series D-2 Preferred Stock financing.

The Company recorded its convertible preferred stock at fair value on the dates of issuance, net of issuance costs.

As of December 31, 2021, the Company classified its Series B Preferred Stock, Series B-1 Preferred Stock, and Series C Preferred Stock in stockholders' deficit. As of June 30, 2022, the Company classified its Series B Preferred Stock and Series B-1 Preferred Stock in stockholders' deficit. As of December 31, 2021, the Company classified its Series A Preferred Stock outside of stockholders' deficit in temporary equity. As of June 30, 2022, the Company classified its Series A, Series D-1 and Series D-2 Preferred Stock outside of stockholders' deficit in temporary equity. In the event of certain "Deemed Liquidation Events" (as defined below) that are not solely within the control of the Company, the shares of the Series A, Series D-1 and Series D-2 Preferred Stock would become redeemable at the option of the holders and therefore are classified as temporary equity. As of December 31, 2021, the Company did not adjust the carrying value of the Series A Preferred Stock, and as of June 30, 2022, the Company did not adjust the carrying values of the Series A, Series D-1 or Series D-2 Preferred Stock, to the deemed liquidation values of such shares since a Deemed Liquidation Event was not considered probable at the consolidated balance sheet dates. Subsequent adjustments to increase or decrease the carrying values to the ultimate liquidation values will be made if, and when, it becomes probable that such a Deemed Liquidation Event will occur.

Optional Conversion Rights — Series A

Each share of Series A Preferred Stock is convertible at the option of the holder into the number of shares of Common Stock determined by dividing the original issue price by the applicable conversion price. The original issue price per share and the initial conversion price per share is \$10.00. As of June 30, 2022, Series A Preferred Stock will convert on a one-for-one basis into Common Stock. The original issue price and conversion price per share for the Series A Preferred Stock shall be adjusted for certain recapitalizations, splits, combinations, stock dividends or as set forth in the Company's amended and restated certificate of incorporation. At December 31, 2021 and June 30, 2022, none of the Series A Preferred Stock had been converted into Common Stock.

Automatic Conversion Rights

Each outstanding share of Series A Preferred Stock, Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock shall automatically be converted into shares of Common Stock at the then effective conversion rate for such shares upon the closing of the sale of shares of Common Stock in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended (the “Securities Act”) resulting in at least \$16 million of gross proceeds to the Company.

Both the Series B Preferred Stock and the Series B-1 Preferred Stock (collectively, the “Series B/B-1 Preferred Stock”) share an innovative conversion feature. In the event of a follow-on offering of at least \$8 million, excluding amounts invested attributable to holders exercising their preemptive rights under the Investors’ Rights Agreement, a holder of Series B/B-1 Preferred Stock is entitled to an adjustment to their conversion ratio to a 1:2 basis (i.e., one share of Series B Preferred Stock or Series B-1 Preferred Stock will be convertible into two shares of Common Stock) if such investor invests at least 100% of its original investment in the initial offerings of Series B Preferred Stock or Series B-1 Preferred Stock in the follow-on offering (the “Conversion Rate Adjustment”). If a holder of Series B/B-1 Preferred Stock invest less than 100% of its original investment in a follow-on offering, there is no adjustment to the holder’s conversion ratio. Notwithstanding the foregoing, persons that received equal amounts of Series B Preferred Stock and Series C Preferred Stock in the Formation Mergers in exchange for convertible bridge notes of Caliber, BackBeat and/or FreeHold will receive the Conversion Rate Adjustment with respect to those shares of Series B Preferred Stock received in the Formation Mergers without having to invest in such follow-on offering upon the conversion of their corresponding shares of Series C Preferred Stock into the securities sold in such follow-on offering. As a result of the Series D-2 Preferred Stock offering in June 2022, certain holders of Series B Preferred Stock who hold the Conversion Rate Adjustment right are entitled to an additional 2,586,546 common shares upon a future conversion, and certain holders of Series B-1 Preferred Stock who hold the Conversion Rate Adjustment right are entitled to an additional 1,682,783 common shares upon a future conversion. In addition, since the Series D-2 Preferred Stock offering qualified as a follow-on offering, the Series C Preferred Stock converted to Series D-2 Preferred Stock, which was recorded to mezzanine equity upon the date of conversion.

Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock shall automatically be converted into shares of Common Stock at the then effective conversion rate for such shares upon the earlier of (i) the closing of the sale of shares of Common Stock to the public in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least \$16,000,000 of gross proceeds to the Company, (a “**Qualified IPO**”) (ii) immediately prior to the consummation of a business combination transaction involving the Company and/or any direct or indirect parent company thereof and a publicly traded U.S. domestic special purpose acquisition company or other similar U.S. domestic corporation that is a “blank check” company under applicable U.S. securities laws and formed for the purpose of effecting such a transaction (such transaction, an “Initial Business Combination”), which such Initial Business Combination has been approved by the Board of Directors of the Company, or (iii) immediately prior to the consummation of a business combination transaction involving the Company and/or any direct or indirect parent company thereof with any public company listed on a U.S. securities exchange which such transaction would not qualify as a Deemed Liquidation Event under, and as defined in, the Certificate of Incorporation (such transaction, a “Standard Public Merger”), which such Standard Public Merger is approved by the Board of Directors of the Company. Each outstanding share of Series A Preferred Stock shall automatically be converted into shares of Common Stock at the then effective conversion rate for such shares upon the earlier of (x) a Qualified IPO and (y) the date and time, or the occurrence of an event (a “**Series A Mandatory Conversion Event**”), specified by vote or written consent of the holders of at least a majority of the then outstanding shares of Series A Preferred Stock (the “**Series A Majority Vote**”). Holders of Series A Preferred Stock in sufficient number to satisfy the Series A Majority Vote have entered into support agreements obligating them to consent to and approve the Business Combination, such that the Business Combination shall be a Series A Mandatory Conversion Event and all shares of Series A Preferred Stock shall convert into shares of Common Stock immediately prior to the Closing. The Series D-1 Preferred Stock converts on a 1:1.1 basis (i.e., one share of Series D-1 Preferred Stock will be convertible into 1.1 shares of Common Stock).

8. Preferred Stock (cont.)

Series A Preferred Stock and Series D-2 Preferred Stock converts on a 1:1 basis (i.e., one share of Series A Preferred Stock or Series D-2 Preferred Stock, as applicable, will be convertible into one share of Common Stock). Certain shares of Series B Preferred Stock and Series B-1 Preferred Stock convert on a 1:1 basis and certain others convert on a 1:2 basis (i.e., one share of Series B Preferred Stock or Series B-1 Preferred Stock, as applicable, will convert into two shares of Common Stock).

Liquidation Rights

In the event of any liquidation, dissolution or winding-up of the Company, the holders of the Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock are entitled to liquidation preferences, on a pari passu basis and before any payment shall be made to the holders of Series A Preferred Stock or Common Stock, in an amount (on a per share basis) equal to, in the case of the Series B Preferred Stock the stated value of \$10.00 per share, in the case of the Series B-1 Preferred Stock the stated value of \$15.00 per share, in the case of the Series D-1 Preferred Stock the stated value of \$4.65 per share, and in the case of the Series D-2 Preferred Stock the stated value of \$4.65 per share (each series subject to adjustments for stock splits, stock dividends, combinations or other recapitalizations). Additionally, the holders of the Series A Preferred Stock are entitled to receive a distribution before any payment shall be made to the holders of Common Stock in an amount equal to the original issue price of \$10.00 per share, as adjusted, plus any dividends declared but unpaid thereon. After the payment or setting aside for payment to the holders of the Series A Preferred Stock, Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock, and Series D-2 Preferred Stock, then any remaining assets would be distributed among all holders of preferred stock and Common Stock on a pro-rata basis based on the number of shares held by each holder, treating for this purpose all preferred stock as if it had been converted to common stock immediately prior to such liquidation, dissolution or winding-up.

If the assets of the Company available for distribution to holders of Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock are insufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, then all of the assets available for distribution to holders of the Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock, and Series D-2 Preferred Stock shall be distributed among and paid to such holders ratably in proportion to the amounts that would have been payable to such holders if sufficient assets existed to allow payment in full. If the assets of the Company available for distribution to holders of Series B Preferred Stock, Series B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock are sufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, any remaining assets available for distribution shall be distributed to holders of Series A Preferred Stock next until paid in full. If the assets of the Company available for distribution to holders of Series A Preferred Stock are insufficient to permit payment in full to such holders of the sums which such holders are entitled to receive, then all of the assets available for distribution to holders of the Series A Preferred Stock shall be distributed among and paid to such holders ratably in proportion to the amounts that would have been payable to such holders if sufficient assets existed to allow payment in full. If the assets of the Company available for distribution to holders of Series A Preferred Stock are sufficient to permit payment in full to such holders of the sums which such holders are entitled to receive in such case, then any remaining assets available for distribution would be distributed among the holders of all shares of preferred stock and Common Stock on a pro-rata basis based on the number of shares held by each holder, treating for this purpose all such preferred stock as if it had been converted to common stock immediately prior to such liquidation, dissolution or winding-up.

The Series A Preferred Stock also include certain rights upon the occurrence of a Deemed Liquidation Event that could cause the Company to potentially redeem the shares of Series A Preferred Stock upon certain events that are outside of the control of the Company, and therefore the Series A Preferred Stock has been classified as mezzanine equity.

A Deemed Liquidation Event is defined as including (i) a merger or consolidation in which the Company or a subsidiary of the Company is a party and the Company issues shares of its capital stock pursuant to such merger or consolidation, except any such transaction involving the Company or a subsidiary in which the shares of capital

stock of the Company outstanding immediately prior to such transaction continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such transaction, at least a majority, by voting power, of the capital stock of the surviving or resulting entity, or if the surviving or resulting entity is a wholly owned subsidiary of another corporation immediately following such transaction, the parent corporation of such surviving corporation; or (ii) a sale, lease, transfer, exclusive license or other disposition of all or substantially all of the assets of the Company or any of its subsidiaries taken as a whole, or the sale or disposition of one or more subsidiaries of the Company if substantially all of the assets of the Company and its subsidiaries are held by such subsidiary, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Company.

Dividend Rights

The Company shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Company (other than dividends on the shares of Common Stock payable in shares of Common Stock) unless the holders of the Series A Preferred Stock then outstanding shall first receive a dividend on each outstanding share of Series A Preferred Stock in an amount as set forth in the amended and restated certificate of incorporation. The holders of Series B Preferred Stock, B-1 Preferred Stock, Series D-1 Preferred Stock and Series D-2 Preferred Stock are not entitled to receive dividends. No dividends have been declared to date.

Voting Rights

The holders of Preferred Stock are entitled to vote, together with the holders of common stock, on all matters submitted to stockholders for a vote. Each preferred stockholder is entitled to the number of votes equal to the number of shares of common stock into which each preferred share is convertible at the time of such vote.

As long as any shares of Preferred Stock are outstanding, the Company may not take any of the actions specified in the protective provision section of the amended and restated certificate of incorporation without the written consent or affirmative vote of the holders of at least fifty percent (50%) of the then outstanding shares of Preferred Stock.

In addition, as long as any shares of any particular series of Preferred Stock are issued and outstanding, the Company may not, without the written consent or affirmative vote of holders of a majority of the then outstanding shares of such series, amend, alter or repeal any provision of the applicable Certificate of Designations for such preferred stock series.

9. Warrants

The Company evaluates its outstanding warrants to determine if the instruments qualify for equity or liability classification. To date, the majority of the Company's warrants are required to be accounted for as liabilities, and therefore, the fair value of the warrant liability is marked-to-market at each balance sheet date, with the change in fair value recorded in the statements of operations and comprehensive loss within other income (expense). Upon conversion or exercise of a warrant classified as a liability, the instrument is marked to fair value at the conversion date and then that fair value is reclassified to equity.

10. Stock-Based Compensation (cont.)***Determination of Fair Value***

The estimated grant-date fair value of all the Company's option awards was calculated using the Black-Scholes option pricing model, based on the following weighted average assumptions:

| | Six Months Ended June 30, | |
|----------------------------|------------------------------|---------|
| | 2021 | 2022 |
| Expected term (in years) | 6.00 | 6.00 |
| Expected volatility | 60% | 49% |
| Risk-free interest rate | 1.01% | 2.70% |
| Expected dividend yield | 0% | 0% |
| Fair value of common stock | \$ 2.21 | \$ 1.89 |

The fair value of each stock option grant was determined by the Company using the methods and assumptions discussed below. Each of these inputs is subjective and generally requires significant judgment and estimation by management.

Expected Term — The expected term represents the period that stock-based awards are expected to be outstanding. The Company's historical share option exercise information is limited due to a lack of sufficient data points and did not provide a reasonable basis upon which to estimate an expected term. The expected term for option grants is therefore determined using the "simplified" method, as prescribed in SEC's Staff Accounting Bulletin (SAB) No. 107. The simplified method deems the expected term to be the midpoint between the vesting date and the contractual life of the stock-based awards.

Expected Volatility — The expected volatility was derived from the historical stock volatilities of comparable peer public companies within the Company's industry that are considered to be comparable to the Company's business over a period equivalent to the expected term of the stock-based awards since there has been no trading history of the Common Stock.

Risk-Free Interest Rate — The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the date of grant for zero-coupon U.S. Treasury notes with maturities approximately equal to the stock-based awards' expected term.

Expected Dividend Yield — The expected dividend yield is zero as the Company has not paid nor does it anticipate paying any dividends on its Common Stock in the foreseeable future.

Fair Value of Common Stock — A As the Company's common stock has not historically been publicly traded, its board of directors periodically estimated the fair value of the Company's common stock considering, among other things, contemporaneous valuations of its common stock prepared by an unrelated third-party valuation firm in accordance with the guidance provided by the American Institute of Certified Public Accountants 2013 Practice Aid, Valuation of Privately-Held-Company Equity Securities Issued as Compensation.

13. Debt Financing

In December 2019, the Company entered into a Loan and Security Agreement with Silicon Valley Bank (the "2019 Loan and Security Agreement"). The terms of the 2019 Loan and Security Agreement include a term loan of \$20 million available in two tranches. The first \$10 million tranche is available to the Company with interest-only monthly payments during a 12-month draw period from December 2019 through December 31, 2020. On December 31, 2020, the Company borrowed the first \$10 million tranche of the 2019 Loan and Security Agreement.

As a result of the draw in December of 2020, the Company issued 322,581 common stock warrants to Silicon Valley Bank, and the estimated fair value of the warrants of \$544,000 was recorded as debt discount on the date of issuance and is being amortized to interest expense over the term of the credit facility.

The loan contains customary affirmative and restrictive covenants, including the Company's ability to enter into fundamental transactions, incur additional indebtedness, grant liens, pay any dividend or make any distributions to its holders, make investments, merge or consolidate with any other person or engage in transactions with the Company's affiliates, but does not include any financial covenants.

In June 2022, the Company entered into a Loan and Security Agreement with Avenue Venture Opportunities Fund I and II (the "2022 Loan and Security Agreement"). The terms of the 2022 Loan and Security Agreement include a term loan of up to \$20 million available in two tranches with the first tranche of \$10 million that was drawn at closing in June of 2022, and a second tranche of \$10 million available at closing of the Series D-2 that has not yet been drawn. Additionally, the Company may have access to a third tranche of \$30 million subject to certain financing milestones. The term loan matures on June 1, 2026. Concurrent with the closing of the 2022 Loan and Security Agreement, the Company terminated and repaid their existing 2019 Loan and Security Agreement, which resulted in a loss on extinguishment of \$682,000.

Pursuant to the terms of the 2022 Loan and Security Agreement, the Company issued Avenue Venture Opportunities Fund I and II warrants that will be exercisable for 215,054 shares of common stock, and the estimated fair value of the warrants of \$178,000 was recorded as debt discount on the date of issuance and is being amortized to interest expense over the term of the Loan and Security Agreement. The rights of the holders of Company Capital Stock as of immediately prior to the Effective Time are personal to each such holder and shall not be assignable or otherwise transferable for any reason (except by will or by the operation of the laws of descent after the death of a natural holder thereof or as otherwise permitted pursuant to the procedures contemplated by [Section 4.4](#)). Any attempted transfer of such right after the Effective Time by any holder thereof (otherwise than as permitted by the immediately preceding sentence) shall be null and void.

3.10 Withholding Rights. Notwithstanding anything to the contrary contained in this Agreement, Parent and the Company shall be entitled to deduct and withhold from the cash otherwise deliverable under this Agreement, and, from any other payments otherwise required pursuant to this Agreement or any Additional Agreement, such amounts as Parent or the Company, as the case may be, are required to withhold and pay over to the applicable Authority with respect to any such deliveries and payments under the Code or any provision of state, local, provincial or foreign Tax Law. To the extent that amounts are so withheld and are remitted to the appropriate Taxing Authority, such withheld amounts shall be treated for all purposes of this Agreement as having been delivered and paid to such Person in respect of which such deduction and withholding was made. Notwithstanding the foregoing, Parent shall use commercially reasonable efforts to reduce or eliminate any such withholding, including providing recipients of consideration a reasonable opportunity to provide documentation establishing exemptions from or reductions of such withholdings.

3.11 U.S. Tax Treatment of the Merger. For U.S. federal income tax purposes, the Merger is intended to constitute a “reorganization” within the meaning of Section 368(a) of the Code. The parties to this Agreement hereby (i) adopt this Agreement insofar as it relates to the Merger as a “plan of reorganization” within the meaning of Section 1.368-2(g) of the United States Treasury regulations, (ii) agree to file and retain such information with respect to the Merger as shall be required under Section 1.368-3 of the United States Treasury regulations, and (iii) agree to file all Tax and other informational returns with respect to the Merger on a basis consistent with such characterization, unless required to do otherwise pursuant to a final determination as defined in Section 1313(a) of the Code (or pursuant to any similar provision of applicable state, local or foreign Law). For the avoidance of doubt, the receipt of any portion of the Earnout Shares shall be treated and reported for income tax purposes as being received as additional merger consideration as part of the “reorganization” in accordance with the Code.

ARTICLE IV EXCHANGE OF SHARES; CONSIDERATION

4.1 Effect of the Merger on Company Capital Stock. At the Effective Time, as a result of the Merger and without any action on the part of Parent, Merger Sub, the Company or the holders of any shares of capital stock of any of them:

(a) *Cancellation of Certain Shares of Company Capital Stock.* Each share of Company Capital Stock, if any, that is owned by Parent or Merger Sub (or any other Subsidiary of Parent) or the Company (or any of its Subsidiaries) (as treasury stock or otherwise), shall automatically be cancelled and extinguished without any conversion thereof and will cease to exist, and no consideration will be delivered in exchange therefor.

(b) *Conversion of Shares of Company Common Stock.* Each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (including shares of Company Common Stock issued pursuant to the Preferred Stock Conversion, but excluding any such shares of Company Common Stock cancelled pursuant to [Section 4.1\(a\)](#) and any Dissenting Shares) shall automatically be cancelled, extinguished and converted into the right to receive a number of Domesticated Parent Common Shares equal to the Exchange Ratio and each holder of share certificates representing such shares of Company Common Stock shall thereafter cease to have any rights with respect to such securities.

(c) *Conversion of Merger Sub Capital Stock.* Each share of common stock, par value \$0.01 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into and become one newly issued, fully paid and nonassessable share of common stock of the Surviving Corporation.

4.2 Treatment of Company Options, Company Warrants.

(a) *Treatment of Options.*

(i) Prior to the Closing, the Company's Board of Directors (or, if appropriate, any committee thereof administering the Equity Incentive Plan) shall adopt such resolutions or take such other actions as may be required to adjust the terms of all Vested Company Options and Unvested Company Options as necessary to provide that, at the Effective Time, each Company Option shall be converted into an option to acquire, subject to substantially the same terms and conditions as were applicable under such Company Option, the number of Domesticated Parent Common Shares (rounded down to the nearest whole share), determined by multiplying the number of shares of Company Common Stock subject to such Company Option as of immediately prior to the Effective Time by the Exchange Ratio, at an exercise price per Domesticated Parent Common Share (rounded up to the nearest whole cent) equal to (x) the exercise price per share of Company Common Stock of such Company Option divided by (y) the Exchange Ratio (a "Converted Stock Option"); and

(ii) At the Effective Time, Parent shall assume all obligations of the Company under the Equity Incentive Plan, each outstanding Converted Stock Option and the agreements evidencing the grants thereof. As soon as practicable after the Effective Time, Parent shall deliver to the holders of Converted Stock Options appropriate notices setting forth such holders' rights, and the agreements evidencing the grants of such Converted Stock Option shall continue in effect on substantially the same terms and conditions (subject to the adjustments required by this Section 4.2(a)) after giving effect to the Merger).

(b) *Treatment of Company Warrants.* Contingent on and effective immediately prior to the Effective Time, all Company Warrants outstanding immediately prior to the Effective Time shall be treated in accordance with the terms of the relevant agreements governing such Company Warrants, including, to the extent required thereunder, the conversion thereof into Domesticated Parent Warrants. In the event of any such conversion, as soon as practicable after the Effective Time, Parent shall deliver to the holders of such Domesticated Parent Warrants any appropriate notices and the agreements evidencing the issuance of such Domesticated Parent Warrants.

4.3 Dissenting Shares. Notwithstanding any provision of this Agreement to the contrary, including Section 4.1, shares of Company Capital Stock issued and outstanding immediately prior to the Effective Time (other than shares of Company Capital Stock cancelled in accordance with Section 4.1(a)) and held by a holder who has not voted in favor of adoption of this Agreement or consented thereto in writing and who has properly exercised and perfected appraisal rights of such shares of Company Capital Stock in accordance with Section 262 of the DGCL (such shares of Company Capital Stock being referred to collectively as the "Dissenting Shares") until such time as such holder fails to perfect or otherwise loses such holder's appraisal rights under the DGCL with respect to such shares) shall not be converted into a right to receive a portion of the Merger Consideration Shares, but instead shall be entitled to only such rights as are granted by Section 262 of the DGCL; *provided, however*, that if, after the Effective Time, such holder fails to perfect, withdraws or loses such holder's right to appraisal pursuant to Section 262 of the DGCL or if a court of competent jurisdiction shall determine that such holder is not entitled to the relief provided by Section 262 of the DGCL, such Dissenting Shares shall be treated as if they had been converted as of the Effective Time into the right to receive the portion of the Merger Consideration Shares to which such holder is entitled pursuant to the applicable subsections of Section 4.1, without interest thereon, upon surrender of the Company Stock Certificate or Company Stock Certificates representing such Dissenting Shares in accordance with Section 4.4. The Company shall promptly provide Parent prompt written notice of any demands received by the Company for appraisal of shares of Company Common Stock, any withdrawal of any such demand and any other demand, notice or instrument delivered to the Company prior to the Effective Time pursuant to the DGCL that relates to such demand, and Parent shall have the opportunity to participate in all negotiations and proceedings with respect to such demands.

4.4 Surrender and Payment.

(a) *Exchange Fund.* On the Closing Date, Parent shall deposit, or shall cause to be deposited, with Continental Stock Transfer & Trust Company (the "Exchange Agent") for the benefit of the Company Stockholders, for exchange in accordance with this ARTICLE IV, the number of Domesticated Parent Common Shares sufficient

to deliver the aggregate Merger Consideration Shares payable pursuant to this Agreement (such Domesticated Parent Common Shares, the “Exchange Fund”). Parent shall cause the Exchange Agent, pursuant to irrevocable instructions, to pay the Merger Consideration Shares out of the Exchange Fund in accordance with the Closing Consideration Spreadsheet and the other applicable provisions contained in this Agreement. The Exchange Fund shall not be used for any other purpose other than as contemplated by this Agreement.

(b) *Exchange Procedures.* As soon as practicable following the Effective Time, and in any event within two (2) Business Days following the Effective Time (but in no event prior to the Effective Time), Parent shall cause the Exchange Agent to deliver to each Company Stockholder, as of immediately prior to the Effective Time, represented by certificate or book-entry, (i) a letter of transmittal and instructions for use in exchanging such Company Stockholder’s shares of Company Capital Stock for such Company Stockholder’s applicable portion of the Merger Consideration Shares from the Exchange Fund, and which shall be in form and contain provisions which Parent may specify and which are reasonably acceptable to the Company (a “Letter of Transmittal”), and promptly following receipt of a Company Stockholder’s properly executed Letter of Transmittal, deliver such Company Stockholder’s applicable portion of the Merger Consideration Shares to such Company Stockholder.

(c) *Termination of Exchange Fund.* Any portion of the Exchange Fund relating to the Merger Consideration Shares that remains undistributed to the Company Stockholders for two (2) years after the Effective Time shall be delivered to Parent, upon demand, and any Company Stockholders who have not theretofore complied with this Section 4.4 shall thereafter look only to Parent for their portion of the Merger Consideration Shares. Any portion of the Exchange Fund remaining unclaimed by Company Stockholders as of a date which is immediately prior to such time as such amounts would otherwise escheat to or become property of any Authority shall, to the extent permitted by applicable Law, become the property of Parent free and clear of any claims or interest of any person previously entitled thereto.

4.5 Closing Consideration Spreadsheet.

(a) At least three (3) and no more than six (6) Business Days prior to the Closing Date, the Company shall deliver to Parent a consideration spreadsheet in form and substance agreed to by the Company and Parent (the “Closing Consideration Spreadsheet”), prepared by the Company in good faith and detailing the following, in each case, as of immediately prior to the Effective Time:

(i) the name and address of record of each Company Stockholder and the number and class, type or series of shares of Company Capital Stock held by each, in the case of shares of each series of Company Preferred Stock, the number of shares of Company Common Stock into which such shares of Company Preferred Stock are convertible pursuant to the Preferred Stock Conversion and an indication of whether each Company Stockholder is an Earnout Participant;

(ii) the names and addresses of record of each holder of Company Warrants and the number and class, type or series of shares of Company Capital Stock subject to each Company Warrant held by it;

(iii) the names of record of each holder of Vested Company Options, and the exercise price, number of shares of Company Common Stock subject to each Vested Company Option held by it;

(iv) the names of record of each holder of Unvested Company Options, and the exercise price, number of shares of Company Common Stock subject to each such Unvested Company Option held by it and vesting arrangements with respect to each such Unvested Company Option (including the vesting schedule, vesting commencement date, date fully vested);

(v) the number of Fully Diluted Company Shares;

(vi) the aggregate number of Rollover Option Shares;

(vii) detailed calculations of each of the following (in each case, determined without regard to withholding):

(A) the Merger Consideration Shares;

(B) for each Company Stockholder, the number of Domesticated Parent Common Shares to which it is entitled to receive pursuant to Section 4.1 for its shares of Company Common Stock assuming consummation of the Preferred Share Conversion;

(C) for each Earnout Participant, its Pro Rata Portion;

(D) for each Company Stockholder, the number of Domesticated Parent Common Shares to which it is entitled to receive pursuant to [Section 4.7](#) (including detail as to the number of shares of Domesticated Parent Common Shares such Company Stockholder is to receive pursuant to each Milestone Event, assuming the occurrence of the Milestone Events and satisfaction of all other conditions to receiving such shares);

(E) for each Converted Stock Option, the exercise price therefor and the number of Domesticated Parent Common Shares subject to such Converted Stock Option and whether such Converted Stock Option constitutes a Vested Company Option or Unvested Company Option; and

(F) for each Company Warrant, the exercise price therefor and the number of Domesticated Parent Common Shares subject to such Company Warrant.

(b) The Closing Consideration Spreadsheet shall be true complete and correct and shall contain the same information described in this [Section 4.5](#).

(c) The contents of the Closing Consideration Spreadsheet delivered by the Company hereunder shall be subject to reasonable review and comment by Parent.

(d) Nothing contained in this [Section 4.5](#) or in the Closing Consideration Spreadsheet shall be construed or deemed to modify the Company's obligations to obtain Parent's prior consent to the issuance of any securities pursuant to [Section 7.1\(b\)\(xviii\)](#).

4.6 [Adjustment](#). The Merger Consideration Shares and Exchange Ratio shall be adjusted to reflect appropriately the effect of any stock split, reverse stock split, stock dividend, recapitalization, reclassification, combination, exchange of shares or other like change with respect to Parent Ordinary Shares, Domesticated Parent Common Shares and Company Capital Stock occurring prior to the date the Merger Consideration Shares are issued.

4.7 [Earnout](#).

(a) Each Person that was a Company Stockholder immediately prior to the Effective Time (other than holders of Dissenting Shares) that delivers a duly executed Earnout Election Agreement to the Company (copies of which will be provided to Parent) in accordance with instructions set forth therein ("[Earnout Participants](#)") shall be entitled to receive its Pro Rata Portion, as set forth in the Closing Consideration Spreadsheet, of:

(i) an aggregate of 4,000,000 Domesticated Parent Common Shares (subject to any adjustment pursuant to [Section 4.7\(e\)](#), the "[Initial Earnout Shares](#)") in the event that over any twenty (20) Trading Days within any thirty (30)-Trading Day period during the Earnout Period the VWAP of the Domesticated Parent Common Shares is greater than or equal to \$15.00 per share (subject to any adjustment pursuant to [Section 4.7\(e\)](#)) (the "[Initial Milestone Event](#)"); and

(ii) an aggregate of 4,000,000 Domesticated Parent Common Shares (subject to any adjustment pursuant to [Section 4.7\(e\)](#), the "[Final Earnout Shares](#)" and together with the Initial Earnout Shares, the "[Earnout Shares](#)") in the event that over any twenty (20) Trading Days within any thirty (30)-Trading Day period during the Earnout Period the VWAP of the Domesticated Parent Common Shares is greater than or equal to \$20.00 per share (subject to any adjustment pursuant to [Section 4.7\(e\)](#)) (the "[Final Milestone Event](#)" and together with the Initial Milestone Event, the "[Milestone Events](#)").

(b) The applicable portion of the Earnout Shares (i) shall be issued to each Earnout Participant as soon as reasonably practicable after the occurrence of the applicable Milestone Event, free and clear of all Liens other than applicable federal and state securities restrictions. For the avoidance of doubt, Earnout Participants shall not be entitled to receive any Initial Earnout Shares or Final Earnout Shares in the event that the applicable Milestone Event does not occur prior to the expiration of the Earnout Period.

(c) If, during the Earnout Period, there occurs any transaction resulting in a Change in Control, and the corresponding valuation of Domesticated Parent Common Shares is greater than or equal to (i) \$15.00 per share, then, immediately prior to the consummation of such Change in Control the Initial Milestone Event shall be deemed to have occurred and the applicable portion of the Initial Earnout Shares shall be issued to each Earnout Participant as of immediately prior to the Change in Control, and Earnout Participants shall be eligible to participate in such Change in Control transaction with respect to such Initial Earnout Shares; and (ii) \$20.00 per share, then, immediately prior to the consummation of such Change in Control the Final Milestone Event shall be deemed to have occurred and the applicable portion of the Final Earnout Shares shall be issued to each Earnout Participant as of immediately prior to the Change in Control, and Earnout Participants shall be eligible to participate in such Change in Control transaction with respect to such Final Earnout Shares.

(d) Parent shall take such actions as are reasonably requested by the Company Stockholders to evidence the issuances pursuant to this [Section 4.7](#), including, if such shares are issued to the recipient in record ownership, through the provision of an updated stock ledger showing such issuances (as certified by an officer of Parent responsible for maintaining such ledger or the applicable registrar or transfer agent of Parent).

(e) In the event Parent shall at any time during the Earnout Period pay any dividend on Domesticated Parent Common Shares by the issuance of additional Domesticated Parent Common Shares, or effect a subdivision or combination or consolidation of the outstanding Domesticated Parent Common Shares (by reclassification or otherwise) into a greater or lesser number of Domesticated Parent Common Shares, then in each such case, (i) the number of Earnout Shares shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of Domesticated Parent Common Shares (including any other shares so reclassified as Domesticated Parent Common Shares) outstanding immediately after such event and the denominator of which is the number of Domesticated Parent Common Shares that were outstanding immediately prior to such event, and (ii) the per share dollar amount of the Milestone Event shall be appropriately adjusted to provide to such Company Stockholders the same economic effect as contemplated by this Agreement prior to such event.

(f) During the Earnout Period, Parent shall take all reasonable efforts for Parent to remain listed as a public company on, and for the Domesticated Parent Common Shares to be tradable over, Nasdaq; provided, however, that the foregoing shall not limit Parent from consummating a Change in Control or entering into a Contract that contemplates a Change in Control. Upon the consummation of any Change in Control during the Earnout Period, other than as set forth in [Section 4.7\(c\)](#), Parent shall have no further obligations pursuant to this [Section 4.7\(f\)](#).

(g) Except with respect to any amounts treated as imputed interest under Section 483 of the Code or any comparable law, any issuance of Earnout Shares pursuant to this [Section 4.7](#) shall be treated as an adjustment to the merger consideration by the parties for Tax purposes, unless otherwise required by a change in applicable Tax Law. Any Earnout Shares that are issued pursuant to this [Section 4.7](#) will be treated as eligible for non-recognition treatment under Section 354 of the Code (and will not be treated as “other property” within the meaning of Section 356 of the Code).

(h) The parties intend that none of the rights to receive the Earnout Shares and any interest therein shall be deemed to be a “security” for purposes of any securities law of any jurisdiction. The right to receive the Earnout Shares are deemed contractual rights in connection with the Merger and the parties do not view the right to receive the Earnout Shares as an investment by the holders thereof. The right to receive the Earnout Shares will not be represented by any physical certificate or similar instrument. The right to receive the Earnout Shares does not represent an equity or ownership interest in any entity. No interest in the right to receive the Earnout Shares may be sold, transferred assigned, pledged, hypothecated, encumbered or otherwise disposed of, except by operation of law, and any attempt to do so shall be null and void. For the avoidance of doubt, (i) once issued, the Earnout Shares shall be considered a “security” for purposes of any securities law of any jurisdiction and the restrictions set forth in the foregoing sentence shall not apply to such issued Earnout Shares, and (ii) no Earnout Shares shall be included in the calculation of the aggregate number of Domesticated Parent Common Shares outstanding at or immediately after the Closing for purposes of this Agreement.

4.8 [No Fractional Shares](#). No fractional Domesticated Parent Common Shares, or certificates or scrip representing fractional Domesticated Parent Common Shares, shall be issued upon the conversion of the Company Capital Stock pursuant to the Merger, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a Parent Shareholder. Any fractional Domesticated Parent Common Shares will be rounded up or down to the nearest whole number of Domesticated Parent Common Shares (with 0.5 shares rounded up).

4.9 Lost or Destroyed Certificates. Notwithstanding the foregoing, if any Company Stock Certificate shall have been lost, stolen or destroyed, then upon the making of a customary affidavit of that fact by the Person claiming such Company Stock Certificate to be lost, stolen or destroyed in a form reasonably acceptable to Parent, the Exchange Agent shall issue, in exchange for such lost, stolen or destroyed Company Stock Certificate, the portion of the Merger Consideration Shares to be paid in respect of the shares of Company Capital Stock formerly represented by such Company Stock Certificate as contemplated under this ARTICLE IV.

ARTICLE V REPRESENTATIONS AND WARRANTIES OF THE COMPANY

Except as set forth in the disclosure schedules delivered by the Company to the Parent Parties prior to the execution of this Agreement (the “Company Disclosure Schedules”) (with specific reference to the particular section or subsection of this Agreement to which the information set forth in such disclosure letter relates (which qualify (a) the correspondingly numbered representation, warranty or covenant specified therein and (b) such other representations, warranties or covenants where its relevance as an exception to (or disclosure for purposes of) such other representation, warranty or covenant is reasonably apparent on its face or cross-referenced), the Company hereby represents and warrants to each of the Parent Parties that each of the following representations and warranties are true, correct and complete as of the date of this Agreement (except for representations and warranties that are made as of a specific date, which are made only as of such date).

5.1 Corporate Existence and Power. The Company and each other member of the Company Group is a corporation or legal entity duly organized, validly existing and in good standing (with respect to jurisdictions that recognize that concept) under the laws of its jurisdiction of its incorporation or formation, as the case may be. The Company has all requisite power and authority, corporate and otherwise, to own, lease or otherwise hold and operate its properties and other assets and to carry on the Business. Each other member of the Company Group has all requisite power and authority, corporate and otherwise, to own, lease or otherwise hold and operate its properties and other assets and to carry on the Business, except as would not be material to the Company Group, taken as a whole. The Company and each other member of the Company Group is duly licensed or qualified to do business and is in good standing (with respect to jurisdictions that recognize that concept) in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties or other assets makes such qualification, licensing or good standing necessary, except where the failure to be so qualified, licensed or in good standing, individually or in the aggregate, would not reasonably be expected to, individually or in the aggregate, have a Material Adverse Effect in respect of the Company Group. The Company has made available to Parent, prior to the date of this Agreement, complete and accurate copies of the Company Certificate of Incorporation and the Company Bylaws, and the comparable organizational or constitutive documents of each of its Subsidiaries, in each case as amended to the date hereof. The Company Certificate of Incorporation, the Company Bylaws and the comparable organizational or constitutive documents of the Company’s Subsidiaries so delivered are in full force and effect. The Company is not in violation of the Company Certificate of Incorporation or the Company Bylaws.

5.2 Authorization.

(a) The Company has all requisite corporate power and authority to execute and deliver this Agreement and the Additional Agreements to which it is a party and to consummate the transactions contemplated hereby and thereby, in the case of the Merger, subject to receipt of the Company Stockholder Approval. The execution and delivery by the Company of this Agreement and the Additional Agreements to which it is a party and the consummation by the Company of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate action on the part of the Company, subject to the Company Stockholder Approval. No other corporate proceedings on the part of the Company are necessary to authorize this Agreement or the Additional Agreements to which it is a party or to consummate the transactions contemplated by this Agreement (other than, in the case of the Merger, the receipt of the Company Stockholder Approval) or the Additional Agreements. This Agreement and the Additional Agreements to which the Company is a party have been, or will be upon execution thereof, duly executed and delivered by the Company and, assuming the due authorization, execution and delivery by each of the other parties hereto and thereto, this Agreement and the Additional Agreements to which the Company is a party constitute a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with their respective terms, subject to bankruptcy, insolvency, fraudulent transfer, moratorium, reorganization or similar Laws affecting the rights of creditors generally and the availability of equitable remedies (the “Enforceability Exceptions”).

(b) By resolutions duly adopted (and not thereafter modified or rescinded) by the requisite vote of the Board of Directors of the Company, the Board of Directors of the Company has (i) approved the execution, delivery and performance by the Company of this Agreement, the Additional Agreements to which it is a party and the consummation of the transactions contemplated hereby and thereby, including the Merger, on the terms and subject to the conditions set forth herein and therein; (ii) determined that this Agreement, the Additional Agreements to which it is a party, and the transactions contemplated hereby and thereby, upon the terms and subject to the conditions set forth herein, are advisable and in the best interests of the Company and the Company Stockholders; (iii) directed that the adoption of this Agreement be submitted to the Company Stockholders for consideration and recommended that all of the Company Stockholders adopt this Agreement. The affirmative vote or written consent of (i) with respect to the approval and adoption of this Agreement, (A) Persons holding more than fifty percent (50%) (on an as-converted basis) of the voting power of the Company Stockholders and (B) Persons holding at least fifty percent (50%) of the outstanding shares of Company Preferred Stock, voting as a separate class; (ii) with respect to the approval of the Series A Conversion, Persons holding at least a majority of the then outstanding shares of Series A Preferred Stock, voting together as a separate class, who deliver written consents or are present in person or by proxy at such meeting and voting thereon are required to, and shall be sufficient to, approve this Agreement and the transactions contemplated hereby, including the Series A Conversion (the “Company Stockholder Approval”). 7.2 Exclusivity.

(a) During the Interim Period (other than in connection with the transactions contemplated hereby), neither the Company, on the one hand, nor Parent, on the other hand, shall, and such Persons shall cause each of their respective Representatives not to, without the prior written consent of the other party (which consent may be withheld in the sole and absolute discretion of the party asked to provide consent), directly or indirectly, (i) solicit, initiate, engage, participate in or knowingly encourage negotiations with any Person concerning any Alternative Transaction, (ii) take any other action intended or designed to facilitate the efforts of any Person relating to a possible Alternative Transaction or (iii) approve, recommend or enter into any Alternative Transaction or any contract or agreement related to any Alternative Transaction. Immediately following the execution of this Agreement, the Company, on the one hand, and Parent, on the other hand, shall, and shall cause each of their Representatives, to terminate any existing discussion or negotiations with any Persons other than the Company or Parent, as applicable, concerning any Alternative Transaction. Each of the Company and Parent shall be responsible for any acts or omissions of any of its respective Representatives that, if they were the acts or omissions of the Company or Parent, as applicable, would be deemed a breach of such party's obligations hereunder (it being understood that such responsibility shall be in addition to and not by way of limitation of any right or remedy the Company or Parent, as applicable, may have against such Representatives with respect to any such acts or omissions). For purposes of this Agreement, the term "Alternative Transaction" means any of the following transactions involving the Company or Parent or their respective Subsidiaries (other than the transactions contemplated by this Agreement or the Additional Agreements): (A) any merger, consolidation, share exchange, business combination or other similar transaction, (B) any sale, lease, exchange, transfer or other disposition of all or a material portion of the assets of such Person or any capital stock or other equity interests of such party or its Subsidiaries in a single transaction or series of transactions or (C) with respect to Parent, any other Business Combination.

The Company and Parent shall keep each other informed on a reasonably current basis of material developments with respect to any such Alternative Proposal. As used herein with respect to Parent, the term "Alternative Proposal" shall not include the receipt by Parent of any unsolicited communications (including the receipt of draft non-disclosure agreements) in the ordinary course of business inquiring as to Parent's interest in a potential target for a business combination.

7.3 Access to Information. During the Interim Period, the Company and Parent shall each use its commercially reasonable efforts upon reasonable advance notice to (a) continue to give the other party, its legal counsel and its other Representatives full access to the offices, properties and Books and Records, (b) furnish to the other party, its legal counsel and its other Representatives such information relating to the business of the Company Group and Parent as such Persons may request and (c) cause its employees, legal counsel, accountants and other Representatives to cooperate with the other party in its investigation of the Business (in the case of the Company) or the business of Parent (in the case of Parent); provided that no investigation pursuant to this Section 7.3 (or any investigation made prior to the date hereof) shall affect any representation or warranty given by the Company or Parent; and provided, further, that any investigation pursuant to this Section 7.3 shall be conducted in such manner as not to interfere unreasonably with the conduct of the Business of the Company Group. Notwithstanding anything to the contrary in this Agreement, no party shall be required to provide the access described above or disclose any information if doing so is reasonably likely to (i) jeopardize protections afforded under attorney-client privilege, work product doctrine or similar privilege rights, (ii) violate any contract to which it is a party or to which it is subject, duty of confidentiality or applicable Law, provided, however, that the non-disclosing party must advise the other parties that it is withholding such access and/or information and (to the extent reasonably practicable) and provide a description of the access not granted.

7.4 Notices of Certain Events. During the Interim Period, each of Parent and the Company shall promptly notify the other party of:

(a) any Actions to which it is a party commenced, relating to or involving or otherwise affecting either party or any of their stockholders or their equity, assets or business or that relate to the consummation of the transactions contemplated by this Agreement or the Additional Agreements, in each case, that if adversely determined would prevent or materially impair such party's ability to consummate the Merger and the other transactions contemplated by this Agreement;

(b) the occurrence of any fact or circumstance which constitutes or results, or would reasonably be expected to constitute or result, in a Material Adverse Effect; and

(c) any inaccuracy of any representation or warranty of such party contained in this Agreement, or any failure of such party to comply with or satisfy any covenant or agreement to be complied with or satisfied by it hereunder, in each case, that would reasonably be expected to cause any of the conditions set forth in ARTICLE X not to be satisfied.

7.5 Cooperation with Form S-4/Proxy Statement; Other Filings.

(a) The Company shall promptly provide to Parent such information concerning the Company and the Company Securityholders as is either required by the federal securities Laws or reasonably requested by Parent for inclusion in the Offer Documents. Promptly after the receipt by Parent from the Company of all such information (including such information required pursuant to Section 7.4 hereof), Parent and the Company shall prepare, and Parent shall file with the SEC, proxy materials for the purpose of soliciting proxies from holders of Parent Ordinary Shares sufficient to obtain Parent Shareholder Approval at a general meeting of Parent to be called and held for such purpose (the "Parent Shareholder Meeting"). Such proxy materials shall be in the form of a proxy statement (the "Proxy Statement"), which shall be included in a Registration Statement on Form S-4 (the "Form S-4") filed by Parent with the SEC, pursuant to which (i) the Domesticated Parent Common Shares and the Domesticated Parent Warrants to be issued upon the conversion of the issued and outstanding Parent Ordinary Shares and Parent Warrants, respectively, pursuant to the Domestication and (ii) the other Domesticated Parent Common Shares and Domesticated Parent Warrants to be issued under this Agreement, in each case, shall be registered. The Company and Parent Parties shall use their reasonable best efforts to promptly respond to any SEC comments on the Form S-4. The Proxy Statement, the Form S-4 and the documents included or referred to therein, together with any supplements, amendments or exhibits thereto, are referred to herein as the "Offer Documents".

(b) Parent (i) shall provide the Company and its counsel a reasonable opportunity to review and comment in writing on the Proxy Statement and Form S-4 and any exhibits, amendments or supplements thereto (or other related documents); (ii) shall consider any such comments reasonably and in good faith; and (iii) shall not file the Proxy Statement and Form S-4 or any exhibit, amendment or supplement thereto without giving reasonable and good faith consideration to the comments of the Company. As promptly as practicable after receipt thereof, the Parent Parties shall provide to the Company and its counsel notice and a copy of all correspondence (or, to the extent such correspondence is oral, a summary thereof), including any comments from the SEC or its staff, between a Parent Party or any of its Representatives, on the one hand, and the SEC or its staff or other government officials, on the other hand, with respect to the Proxy Statement and the Form S-4, and, in each case, shall consult with the Company and its counsel concerning any such correspondence. No Parent Party shall file any response letters to any comments from the SEC before consulting reasonably and in good faith with the Company. The Parent Parties will advise the Company, promptly after it receives notice thereof, of the time when the Proxy Statement or the Form S-4 or any amendment or supplement thereto has been filed with the SEC and the time when the Form S-4 declared effective or any stop order relating to the Form S-4 is issued.

(c) As soon as practicable following the date on which the Form S-4 is declared effective by the SEC (the "S-4 Effective Date"), Parent shall distribute the Proxy Statement to the holders of Parent Ordinary Shares and, pursuant thereto, shall call the Parent Shareholder Meeting in accordance with its organizational documents and the laws of the Cayman Islands and, subject to the other provisions of this Agreement, solicit proxies from such holders to vote in favor of the adoption of this Agreement and the approval of the transactions contemplated hereby and the other matters presented to the Parent Shareholders for approval or adoption at the Parent Shareholder Meeting.

(d) Parent and the Company shall comply with all applicable provisions of and rules under the Securities Act and Exchange Act and all applicable Laws of the State of Delaware and the Cayman Islands and the applicable rules of Nasdaq, in the preparation, filing and distribution of the Form S-4 and the Proxy Statement (or any amendment or supplement thereto), as applicable, the solicitation of proxies under the Proxy Statement and the calling and holding of the Parent Shareholder Meeting. Without limiting the foregoing, Parent shall ensure that each of the Form S-4, as of the S-4 Effective Date, and the Proxy Statement, as of the date on which it is first distributed to Parent Shareholders, and as of the date of the Parent Shareholder Meeting, does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading (provided, that Parent shall not be responsible for the accuracy or completeness of any information relating to the Company (or any other information) that is furnished

by the Company expressly for inclusion in the Proxy Statement). The Company represents and warrants that the information relating to the Company supplied by the Company for inclusion in the Proxy Statement or the Form S-4, as applicable, will not as of the S-4 Effective Date and the date on which the Proxy Statement (or any amendment or supplement thereto) is first distributed to Parent Shareholders, or at the time of the Parent Shareholder Meeting, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in light of the circumstances under which they were made not misleading. If, at any time prior to the Effective Time, a change in the information relating to the Company or any other information furnished by Parent, Merger Sub or the Company for inclusion in the Proxy Statement, which would make the preceding sentence incorrect, should be discovered by a Parent Party or the Company, as applicable, such party shall promptly notify the other parties of such change or discovery and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by Law, disseminated to Parent Shareholders. In connection therewith, the Parent Parties and the Company shall instruct their respective employees, counsel, financial advisors, auditors and other authorized representatives to reasonably cooperate with Parent as relevant if required to achieve the foregoing.

(e) In accordance with Parent's amended and restated memorandum and articles of association and applicable securities laws, rules and regulations, including the Cayman Islands Companies Act, the DGCL and rules and regulations of Nasdaq, in the Proxy Statement, Parent shall seek from the holders of Parent Ordinary Shares the approval the following proposals: (i) the adoption and approval of this Agreement and the transactions contemplated hereby, including the Domestication; (ii) adoption and approval of the certificate of incorporation of Parent, in the form attached hereto as Exhibit D, including the change of the name of Parent to "Orchestra BioMed Holdings, Inc." (the "Parent Charter") in connection with the Domestication; (iii) adoption and approval of the bylaws of Parent in the form attached hereto as Exhibit E (the "Parent Bylaws") in connection with the Domestication; (iv) approval of the Parent Equity Incentive Plan; (v) approval of the members of the Board of Directors of Parent immediately after the Closing; (vi) approval of the issuance of more than 20% of the issued and outstanding Domesticated Parent Common Shares to the Company Securityholders in connection with the Merger under applicable exchange listing rules; (vii) approval of a change in control under Nasdaq rules; (viii) approval to adjourn the Parent Shareholder Meeting, if necessary; and (ix) approval to obtain any and all other approvals necessary or advisable to effect the consummation of the Merger as reasonably determined by the Company and the Parent Parties (the proposals set forth in the forgoing clauses (i) through (ix) collectively, the "Parent Proposals").

(f) Parent, with the assistance of the Company, shall use its reasonable best efforts to cause the Form S-4 and the Proxy Statement to "clear" comments from the SEC and the Form S-4 to become effective as promptly as reasonably practicable thereafter. As soon as practicable after the Proxy Statement is "cleared" by the SEC, Parent shall cause the Proxy Statement, together with all other Offer Documents, to be disseminated to holders of Parent Ordinary Shares. The Offer Documents shall provide the public Parent Shareholders with the opportunity to redeem all or a portion of their public Parent Ordinary Shares (the "Parent Shareholder Redemption"), up to that number of Parent Ordinary Shares that would permit Parent to maintain consolidated net tangible assets of at least \$5,000,001 either immediately prior to or upon the consummation of the Merger, at a price per share equal to the pro rata share of the funds in the Trust Account, all in accordance with and as required by Parent's amended and restated memorandum and articles of association, the Trust Agreement, applicable Law and any applicable rules and regulations of the SEC. In accordance with Parent's amended and restated memorandum and articles of association, the proceeds held in the Trust Account will first be used for the redemption of Parent Ordinary Shares held by Parent's public shareholders who have elected to redeem such shares.

(g) Parent shall call and hold the Parent Shareholder Meeting as promptly as practicable or advisable after the S-4 Effective Date for the purpose of seeking the approval of each of the Parent Proposals, and Parent shall consult in good faith with the Company with respect to the date on which such meeting is to be held. Parent shall use reasonable best efforts to solicit from its shareholders proxies in favor of the approval and adoption of the Merger and this Agreement and the other Parent Proposals. Parent's Board of Directors shall recommend that the Parent Shareholders vote in favor of the Parent Proposals.

(h) The Company acknowledges that a substantial portion of the Proxy Statement/Form S-4 and other filings required to be made by Parent or Parent in connection with the transactions contemplated hereby shall include disclosure regarding the Company and its management, operations and financial condition. Accordingly, the Company agrees to as promptly as reasonably practical provide Parent with such information as shall be requested by Parent for inclusion in or attachment to the Proxy Statement/Form S-4 or such other filings, and that such information is accurate in all material respects and complies as to form in all material respects with the requirements of the Exchange

The Company understands that such information shall be included in the Proxy Statement/Form S-4 or responses to comments from the SEC or its staff in connection therewith. In connection with the preparation and filing of the Form S-4 and any amendments thereto, the Company Group shall reasonably cooperate with the Parent Parties and shall make their affiliates, directors, officers and appropriate senior employees reasonably available to each Parent Party, its counsel, auditors and other Representatives in connection with the drafting of such filings and mailings and responding in a timely manner to comments from the SEC.

(i) Notwithstanding anything else to the contrary in this Agreement or any Additional Agreements, the Parent Parties may make any public filing with respect to the Merger to the extent required by applicable Law, provided that prior to making any filing that includes information regarding the Company Group, Parent shall provide a copy of the filing to the Company and permit the Company to make revisions to protect confidential or proprietary information of the Company Group.

7.6 Trust Account. Parent covenants that it shall cause the funds in the Trust Account to be disbursed in accordance with the Trust Agreement, including for the payment of (a) all amounts payable to public holders of Parent Ordinary Shares (the "Parent Redemption Amount"), (b) deferred underwriting commissions and the expenses of Parent and the Company Group to the third parties to which they are owed, and (c) the remaining monies in the Trust Account to Parent or the Surviving Corporation after the Closing.

7.7 Obligations of Parent and Merger Sub. During the Interim Period, Parent shall take all action necessary to cause Merger Sub to perform its obligations under this Agreement and to consummate the transactions contemplated under this Agreement, upon the terms and subject to the conditions set forth in this Agreement.

On the date that is five (5) Business Days prior to the Closing Date, Parent shall prepare and deliver to the Company a written statement (the "Parent Closing Statement") setting forth its good faith estimate and calculation (to the extent then known) of: (a) the aggregate amount of cash in the Trust Account (prior to giving effect to the Parent Shareholder Redemption), the aggregate amount of cash in Parent's working capital account, and the portion of the Investor Commitment received and to be received by Parent prior to the Closing; (b) the aggregate amount of all payments required to be made in connection with the Parent Shareholder Redemption; (c) all, as of the Closing, (i) unpaid fees and disbursements (whether accrued or anticipated) of Parent and Merger Sub for outside counsel and fees and expenses (whether accrued or anticipated) of Parent and Merger Sub for any other agents, advisors, consultants, experts and financial advisors employed by or on behalf of Parent or the Sponsor in connection with Parent's initial public offering (including any deferred underwriter fees) or the transactions contemplated this Agreement, including preparation, negotiation and execution of this Agreement and the consummation of the transactions contemplated by this Agreement (together with written invoices and wire transfer instructions for the payment thereof) ("Outstanding Parent Expenses") and (ii) the Parent Closing Indebtedness; and (d) the amount of Parent Closing Cash. The Parent Closing Statement and each component thereof shall be prepared and calculated in accordance with the definitions contained in this Agreement. From and after delivery of the Parent Closing Statement and through the Closing Date, Parent shall promptly provide to the Company any changes to the Parent Closing Statement (including any component thereof).

7.11 Extension Proxy Statement and Proposal.

(a) If Parent does not receive comments from the SEC with respect to the preliminary Extension Proxy Statement, then Parent shall file with the SEC the definitive Extension Proxy Statement, and shall use its reasonable best efforts to cause distribution of the definitive Extension Proxy Statement to the holders of Parent Ordinary Shares, as soon as reasonably practicable after the tenth calendar day immediately following the date of filing of the preliminary Extension Proxy Statement with the SEC, and if Parent does receive comments from the SEC with respect to the preliminary Extension Proxy Statement, Parent shall file with the SEC the definitive Proxy Statement, and shall use its reasonable best efforts to cause the distribution of the definitive Proxy Statement to the holders

Pursuant to such distribution of the Extension Proxy Statement, Parent shall call the Extension Meeting in accordance with its organizational documents and the laws of the Cayman Islands and, solicit proxies from such holders to vote in favor of the approval of the Extension Proposal.

(b) In the event that the requisite vote of Parent Shareholders in accordance with Parent's amended and restated memorandum and articles of association and applicable Law to approve the Extension Proposal (the "Requisite Extension Approval") is obtained, Parent shall (i) as soon as reasonably practicable, amend its amended and restated memorandum and articles of association and take all other actions necessary to reflect the terms of the Extension Proposal (including extension of the Business Combination End Date to November 6, 2022), including making all applicable filings and executing and delivering all applicable documentation; and (ii) until the valid termination of this Agreement in accordance with its terms, take all necessary actions to effectuate End Date Extension Elections as necessary to ensure that the Business Combination End Date does not occur prior to the Outside Closing Date.

12.2 Amendments; No Waivers; Remedies.

(a) This Agreement cannot be amended, except by a writing signed by each party, and cannot be terminated orally or by course of conduct. No provision hereof can be waived, except by a writing signed by the party against whom such waiver is to be enforced, and any such waiver shall apply only in the particular instance in which such waiver shall have been given.

(b) Neither any failure or delay in exercising any right or remedy hereunder or in requiring satisfaction of any condition herein nor any course of dealing shall constitute a waiver of or prevent any party from enforcing any right or remedy or from requiring satisfaction of any condition. No notice to or demand on a party waives or otherwise affects any obligation of that party or impairs any right of the party giving such notice or making such demand, including any right to take any action without notice or demand not otherwise required by this Agreement. No exercise of any right or remedy with respect to a breach of this Agreement shall preclude exercise of any other right or remedy, as appropriate to make the aggrieved party whole with respect to such breach, or subsequent exercise of any right or remedy with respect to any other breach.

(c) Except as otherwise expressly provided herein, no statement herein of any right or remedy shall impair any other right or remedy stated herein or that otherwise may be available.

(d) Notwithstanding anything to the contrary contained herein, no party shall seek, nor shall any party be liable for, punitive or exemplary damages under any tort, contract, equity or other legal theory with respect to any breach (or alleged breach) of this Agreement or any provision hereof or any matter otherwise relating hereto or arising in connection herewith.

12.3 Arm's Length Bargaining; No Presumption Against Drafter. This Agreement has been negotiated at arm's length by parties of equal bargaining strength, each represented by counsel or having had but declined the opportunity to be represented by counsel and having participated in the drafting of this Agreement. This Agreement creates no fiduciary or other special relationship between the parties, and no such relationship otherwise exists. No presumption in favor of or against any party in the construction or interpretation of this Agreement or any provision hereof shall be made based upon which Person might have drafted this Agreement or such provision.

12.4 Publicity. Except as required by Law or applicable stock exchange rules and except with respect to the Additional Parent SEC Documents, the parties agree that neither they nor their Representatives shall issue any press release or make any other public disclosure concerning the transactions contemplated hereunder without the prior approval of the other party hereto (such approval not to be unreasonably withheld, conditioned or delayed). If a party is required to make such a disclosure as required by Law or applicable stock exchange rules, the party making such determination will, if practicable in the circumstances, use reasonable commercial efforts to allow the other party reasonable time to comment on such disclosure in advance of its issuance.

12.5 Expenses. Except as otherwise expressly set forth herein, the costs and expenses in connection with this Agreement and the transactions contemplated hereby shall be paid jointly and severally by Parent and the Surviving Corporation upon the Closing. If the Closing does not take place, each party shall be responsible for its own expenses.

12.6 No Assignment or Delegation. No party may assign any right or delegate any obligation hereunder, including by merger, consolidation, operation of law or otherwise, without the written consent of the other party. Any purported assignment or delegation without such consent shall be void, in addition to constituting a material breach of this Agreement.

12.7 Governing Law. This Agreement and all disputes or controversies arising out of or relating to this Agreement or the transactions contemplated hereby, including the applicable statute of limitations, shall be governed by and construed in accordance with the Laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than the State of Delaware.

12.8 Counterparts; Facsimile Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which shall constitute one agreement. This Agreement shall become effective upon delivery to each party of an executed counterpart or the earlier delivery to each party of original, photocopied, or electronically transmitted signature pages that together (but need not individually) bear the signatures of all other parties.

12.9 Entire Agreement. This Agreement, together with the Additional Agreements, sets forth the entire agreement of the parties with respect to the subject matter hereof and thereof and supersedes all prior and contemporaneous understandings and agreements related thereto (whether written or oral), all of which are merged herein. No provision of this Agreement or any Additional Agreement may be explained or qualified by any agreement, negotiations, understanding, discussion, conduct or course of conduct or by any trade usage. Except as otherwise expressly stated herein or in any Additional Agreement, there is no condition precedent to the effectiveness of any provision hereof or thereof. Notwithstanding the foregoing, the Confidentiality Agreement is not superseded by this Agreement or merged herein and shall continue in accordance with its terms, including in the event of any termination of this Agreement.

12.10 Severability. A determination by a court or other legal authority that any provision that is not of the essence of this Agreement is legally invalid shall not affect the validity or enforceability of any other provision hereof. The parties shall cooperate in good faith to substitute (or cause such court or other legal authority to substitute) for any provision so held to be invalid a valid provision, as alike in substance to such invalid provision as is lawful.

12.11 Further Assurances. Each party shall execute and deliver such documents and take such action, as may reasonably be considered within the scope of such party's obligations hereunder, necessary to effectuate the transactions contemplated by this Agreement.

12.12 Third Party Beneficiaries. Except as provided in [Section 9.4](#) and [Section 12.19](#), neither this Agreement nor any provision hereof confers any benefit or right upon or may be enforced by any Person not a signatory hereto.

12.13 Waiver. Reference is made to the final prospectus of Parent, dated August 3, 2020 (the "Prospectus"). The Company has read the Prospectus and understands that Parent has established the Trust Account for the benefit of

the public Parent Shareholders and the underwriters of the IPO pursuant to the Trust Agreement and that, except for a portion of the interest earned on the amounts held in the Trust Account, Parent may disburse monies from the Trust Account only for the purposes set forth in the Trust Agreement. For and in consideration of Parent agreeing to enter into this Agreement, the Company, for itself and on behalf of the Company Securityholders, hereby agrees that it does not now and shall not at any time hereafter prior to the Closing have any right, title, interest or claim of any kind in or to any monies in the Trust Account as a result of, or arising out of, any negotiations, contracts or agreements with Parent and hereby agrees that it will not seek recourse against the Trust Account for any reason.

12.14 No Other Representations; No Reliance.

(a) NONE OF THE COMPANY, ANY COMPANY SECURITYHOLDER NOR ANY OF THEIR RESPECTIVE REPRESENTATIVES HAS MADE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, OF ANY NATURE WHATSOEVER RELATING TO THE COMPANY OR THE BUSINESS OR OTHERWISE IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY ADDITIONAL AGREEMENT, OTHER THAN THOSE REPRESENTATIONS AND WARRANTIES EXPRESSLY SET FORTH IN ARTICLE V, IN EACH CASE, AS MODIFIED BY THE SCHEDULES TO THIS AGREEMENT. Without limiting the generality of the foregoing, neither the Company, any Company Securityholder nor any of their respective Representatives has made, and shall not be deemed to have made, any representations or warranties in the materials relating to the Company made available to Parent and its Representatives, including due diligence materials, or in any presentation of the business of the Company by management of the Company or others in connection with the transactions contemplated hereby, and no statement contained in any of such materials or made in any such presentation shall be deemed a representation or warranty hereunder or otherwise or deemed to be relied upon by Parent or Merger Sub in executing, delivering and performing this Agreement, the Additional Agreements or the transactions contemplated hereby or thereby, in each case, except for the representations and warranties set forth in ARTICLE V as modified by the Company Disclosure Schedules. It is understood that any cost estimates, projections or other predictions, any data, any financial information or any memoranda or offering materials or presentations, including any offering memorandum or similar materials made available by the Company, any Company Securityholder or their respective Representatives are not and shall not be deemed to be or to include representations or warranties of the Company or any Company Securityholder, and are not and shall not be deemed to be relied upon by Parent or Merger Sub in executing, delivering and performing this Agreement, the Additional Agreements and the transactions contemplated hereby or thereby, in each case, except for the representations and warranties set forth in ARTICLE V, in each case, as modified by the Company Disclosure Schedules. Except for the specific representations and warranties expressly made by the Company in ARTICLE V, in each case, as modified by the Company Disclosure Schedules: (a) Parent acknowledges and agrees that: (i) neither the Company, the Company Securityholders nor any of their respective representatives is making or has made any representation or warranty, express or implied, at law or in equity, in respect of the Company, the business, assets, liabilities, operations, prospects or condition (financial or otherwise) of the Company, the nature or extent of any liabilities of the Company, the effectiveness or the success of any operations of the Company or the accuracy or completeness of any confidential information memoranda, projections, forecasts or estimates of earnings, or other information (financial or otherwise) regarding the Company furnished to Parent, Merger Sub or their respective representatives or made available to Parent and its representatives in any “data rooms,” “virtual data rooms,” management presentations or any other form in expectation of, or in connection with, the transactions contemplated hereby, or in respect of any other matter or thing whatsoever; and (ii) no representative of any Company Securityholder or the Company has any authority, express or implied, to make any representations, warranties or agreements not specifically set forth in ARTICLE V and subject to the limited remedies herein provided; (b) each of Parent and Merger Sub specifically disclaims that it is relying upon or has relied upon any such other representations or warranties that may have been made by any Person, and acknowledges and agrees that the Company Securityholders and the Company have specifically disclaimed and do hereby specifically disclaim any such other representation or warranty made by any Person; and (c) none of the Company, the Company Securityholders nor any other Person shall have any liability to Parent, Merger Sub or any other Person with respect to any such other representations or warranties, including projections, forecasts, estimates, plans or budgets of future revenue, expenses or expenditures, future results of operations, future cash flows or the future financial condition of the Company or the future business, operations or affairs of the Company.

(b) NONE OF PARENT, MERGER SUB NOR ANY OF THEIR RESPECTIVE REPRESENTATIVES HAS MADE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, OF ANY NATURE WHATSOEVER RELATING TO PARENT, MERGER SUB OR OTHERWISE IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY ADDITIONAL AGREEMENT, OTHER THAN THOSE REPRESENTATIONS AND WARRANTIES EXPRESSLY SET FORTH IN ARTICLE VI, IN EACH

CASE, AS MODIFIED BY THE SCHEDULES TO THIS AGREEMENT AND THE PARENT SEC DOCUMENTS. Without limiting the generality of the foregoing, none of Parent, Merger Sub nor any of their respective Representatives has made, and shall not be deemed to have made, any representations or warranties in the materials relating to Parent and Merger Sub made available to the Company and the Company Securityholders and their Representatives, including due diligence materials, or in any presentation of the business of the Parent by management of the Parent or others in connection with the transactions contemplated hereby, and no statement contained in any of such materials or made in any such presentation shall be deemed a representation or warranty hereunder or otherwise or deemed to be relied upon by the Company and the Company Securityholders in executing, delivering and performing this Agreement, the Additional Agreements or the transactions contemplated hereby or thereby, in each case, except for the representations and warranties set forth in ARTICLE VI as modified by the Parent Disclosure Schedules and the Parent SEC Documents. It is understood that any cost estimates, projections or other predictions, any data, any financial information or any memoranda or offering materials or presentations, including any offering memorandum or similar materials made available by Parent, Merger Sub or their respective Representatives are not and shall not be deemed to be or to include representations or warranties of Parent and Merger Sub, and are not and shall not be deemed to be relied upon by the Company or Company Securityholders in executing, delivering and performing this Agreement, the Additional Agreements and the transactions contemplated hereby or thereby, in each case, except for the representations and warranties set forth in ARTICLE VI, in each case, as modified by the Parent Disclosure Schedules and the Parent SEC Documents. Except for the specific representations and warranties expressly made by Parent and Merger Sub in ARTICLE VI, in each case as modified by the Parent Disclosure Schedules and Parent SEC Documents: (a) the Company acknowledges and agrees that: (i) none of the Parent Parties nor any of their respective Representatives is making or has made any representation or warranty, express or implied, at law or in equity, in respect of the Parent Parties, the business, assets, liabilities, operations, prospects or condition (financial or otherwise) of the Parent Parties, the nature or extent of any liabilities of the Parent Parties, the effectiveness or the success of any operations of the Parent Parties or the accuracy or completeness of any confidential information memoranda, projections, forecasts or estimates of earnings, or other information (financial or otherwise) regarding the Parent Parties furnished to the Company, the Company Securityholders or their respective Representatives or made available to the Company, the Company Securityholders and their Representatives in any “data rooms,” “virtual data rooms,” management presentations or any other form in expectation of, or in connection with, the transactions contemplated hereby, or in respect of any other matter or thing whatsoever; and (ii) no Representative of the Parent Parties has any authority, express or implied, to make any representations, warranties or agreements not specifically set forth in ARTICLE VI and subject to the limited remedies herein provided; (b) the Company specifically disclaims that it is relying upon or has relied upon any such other representations or warranties that may have been made by any Person, and acknowledges and agrees that the Parent Parties have each specifically disclaimed and do hereby specifically disclaim any such other representation or warranty made by any Person; and (c) none of the Parent Parties nor any other Person shall have any liability to the Company, the Company Securityholders or any other Person with respect to any such other representations or warranties, including projections, forecasts, estimates, plans or budgets of future revenue, expenses or expenditures, future results of operations, future cash flows or the future financial condition of the Parent or the future business, operations or affairs of the Parent.

12.15 Waiver of Jury Trial. THE PARTIES EACH HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT TO TRIAL BY JURY OF ANY PROCEEDING (A) ARISING UNDER THIS AGREEMENT OR UNDER ANY ADDITIONAL AGREEMENT OR (B) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES IN RESPECT OF THIS AGREEMENT OR ANY ADDITIONAL AGREEMENT OR ANY OF THE TRANSACTIONS RELATED HERETO OR THERETO OR ANY FINANCING IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED HEREBY OR ANY OF THE TRANSACTIONS CONTEMPLATED THEREBY, IN EACH CASE, WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER IN CONTRACT, TORT, EQUITY, OR OTHERWISE. THE PARTIES EACH HEREBY AGREES AND CONSENTS THAT ANY SUCH PROCEEDING SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY AND THAT THE PARTIES MAY FILE AN ORIGINAL COUNTERPART OF A COPY OF THIS AGREEMENT WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (I) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (II) EACH SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (III) EACH SUCH PARTY MAKES THIS WAIVER VOLUNTARILY AND (IV) EACH SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 12.15.

12.16 Submission to Jurisdiction. Each of the parties hereto irrevocably and unconditionally submits to the exclusive jurisdiction of the Court of Chancery of the State of Delaware (or, to the extent such court does not have subject matter jurisdiction, the Superior Court of the State of Delaware), or, if it has or can acquire jurisdiction, in the United States District Court for the District of Delaware, for the purposes of any Action (a) arising under this Agreement or under any Additional Agreement or (b) in any way connected with or related or incidental to the dealings of the parties in respect of this Agreement or any Additional Agreement or any of the transactions contemplated hereby or thereby, and irrevocably and unconditionally waives any objection to the laying of venue of any such Action in any such court, and further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such Action has been brought in an inconvenient forum. Each party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action (i) arising under this Agreement or under any Additional Agreement or (ii) in any way connected with or related or incidental to the dealings of the parties in respect of this Agreement or any Additional Agreement or any of the transactions contemplated hereby or thereby, (A) any claim that it is not personally subject to the jurisdiction of the courts as described in this Section 12.16 for any reason, (B) that it or its property is exempt or immune from the jurisdiction of any such court or from any Action commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (C) that (x) the Action in any such court is brought in an inconvenient forum, (y) the venue of such Action is improper or (z) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Each party hereto agrees that service of any process, summons, notice or document by registered mail to such party's respective address set forth in Section 12.1 shall be effective service of process for any such Action.

12.17 Attorneys' Fees. In the event of any legal action initiated by any party arising under or out of, in connection with or in respect of, this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees, costs and expenses incurred in such action, as determined and fixed by the court.

12.18 Remedies. Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon a party hereto, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy would occur in the event that the parties do not perform their respective obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Agreement on the basis that the other parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.

12.19 Non-Recourse. This Agreement may be enforced only against, and any dispute, claim or controversy based upon, arising out of or related to this Agreement or the transactions contemplated hereby may be brought only against, the entities that are expressly named as parties hereto and then only with respect to the specific obligations set forth in this Agreement with respect to such party. No past, present or future director, officer, employee, incorporator, member, partner, shareholder, agent, attorney, advisor, lender or representative or Affiliate of any named party to this Agreement (which Persons are intended third-party beneficiaries of this Section 12.19) shall have any liability (whether in contract or tort, at law or in equity or otherwise, or based upon any theory that seeks to impose liability of an entity party against its owners or Affiliates) for any one or more of the representations, warranties, covenants, agreements or other obligations or liabilities of such named party or for any dispute, claim or controversy based on, arising out of, or related to this Agreement or the transactions contemplated hereby.

12.20 Non-Survival of Representations, Warranties and Covenants. Except in the case of claims against a Person in respect of such Person's Fraud or Willful Breach, none of the representations, warranties, covenants, obligations or other agreements in this Agreement or in any certificate, statement or instrument delivered pursuant to this Agreement, including any rights arising out of any breach of such representations, warranties, covenants, obligations, agreements and other provisions, shall survive the Closing and shall terminate and expire upon the occurrence of the Effective Time, except for (a) those covenants and agreements contained herein that by their terms expressly apply in whole or in part after the Closing and then only with respect to any breaches occurring after the Closing and (b) this Article XII.

SUPPORT AGREEMENT

This SUPPORT AGREEMENT (this "Agreement"), dated as of [•], 2022, is made by and among Health Sciences Acquisitions Corporation 2, a Cayman Islands exempted company (which shall deregister in the Cayman Islands and domesticate as a Delaware corporation prior to the Closing) ("Parent"), Orchestra BioMed, Inc., a Delaware corporation (the "Company"), and the undersigned holder of Company Capital Stock ("Holder"). Parent, the Company and Holder shall be referred to herein from time to time collectively as the "Parties." Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Merger Agreement (as defined below).

WHEREAS, Parent, the Company and HSAC Olympus Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Parent ("Merger Sub"), shall enter into that certain Agreement and Plan of Merger, dated as of the date hereof (as it may be amended, restated or otherwise modified from time to time in accordance with its terms, the "Merger Agreement");

WHEREAS, Holder is the record and beneficial owner of all of the issued and outstanding shares of Company Capital Stock set forth on its signature page hereto; and

WHEREAS, the Merger Agreement contemplates that the Parties will enter into this Agreement concurrently with the execution and delivery of the Merger Agreement by the parties thereto, pursuant to which, among other things, Holder will vote in favor of approval of (i) the adoption of the Merger Agreement and the approval of the Merger and the other transactions contemplated thereby, and (ii) if applicable, approval of the conversion of issued and outstanding shares of Series A Preferred Stock immediately prior to consummation of the Merger (collectively, the "Company Proposals").

NOW, THEREFORE, in consideration of the premises and the mutual promises contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, each intending to be legally bound, hereby agree as follows:

1. Agreement to Vote. Holder hereby irrevocably and unconditionally agrees (a) to vote at any meeting of the stockholders of the Company (whether annual or special and whether or not an adjourned or postponed meeting however called and including any adjournment or postponement thereof), and in any action by written resolution of the stockholders of the Company, all of Holder's shares of Company Capital Stock and any other equity securities of the Company that Holder holds of record or beneficially as of the date of this Agreement or acquires record or beneficial ownership after the date hereof, including any securities convertible into or exercisable or exchangeable for shares of Company Capital Stock (collectively, the "Subject Company Equity Securities"), (i) in favor of the Company Proposals; (ii) to authorize and approve any amendment or amendments to the Company Certificate of Incorporation or other organizational documents of the Company that are reasonably necessary for purposes of effecting the transactions contemplated by the Merger Agreement and (iii) against, and withhold consent with respect to, (A) any change in the business, management or board of directors of the Company (other than in connection with the Merger Agreement and the Transactions) and (B) any other matter, action or proposal that would reasonably be expected to (x) result in a breach of any of the Company's covenants, agreements or obligations under the Merger Agreement, (y) result in any of the conditions to the Closing set forth in Section 10.1 or Section 10.2 of the Merger Agreement not being satisfied or (z) impede, frustrate, prevent or nullify any provision of this Agreement or the Merger Agreement or any of the transactions contemplated hereby or thereby; and (b) if a meeting is held in respect of the matters set forth in clause (a), to appear at the meeting, in person or by proxy, or otherwise cause all of Holder's Subject Company Equity Securities to be counted as present thereat for purposes of establishing a quorum.

2. Transfer of Shares. Holder hereby agrees that it shall not (a) sell, assign, transfer (including by operation of law), place a lien on, pledge, hypothecate, grant an option to purchase, distribute, dispose of or otherwise encumber any of its Subject Company Equity Securities or otherwise enter into any contract, option or other arrangement or undertaking to do any of the foregoing, (b) deposit any of its Subject Company Equity Securities into a voting trust or enter into a voting agreement or arrangement or grant any proxy or power of attorney with respect to any of its Subject Company Equity Securities that conflicts with any of the covenants or agreements set forth in this Agreement, (c) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Subject Securities, (d) take any action that would have the effect of preventing or materially delaying the performance of its obligations hereunder or (e) publicly announce any intention to effect any transaction specified in clause (a) through (d).

3. Other Covenants.

(a) Holder hereby agrees not to commence or participate in any claim, derivative or otherwise, against the Company, Parent or any of their respective Affiliates (i) challenging the validity of, or seeking to enjoin the operation of, any provision of this Agreement or (ii) alleging a breach of any fiduciary duty of the board of directors of the Company in connection with this Agreement, the Company Proposals, the Merger Agreement or the transactions contemplated thereby.

(b) Holder acknowledges and agrees that the Company and Parent are entering into the Merger Agreement in reliance upon Holder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the agreements, covenants and obligations contained in this Agreement and but for Holder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the agreements, covenants and obligations contained in this Agreement the Company and Parent would not have entered into, or agreed to consummate the transactions contemplated by, the Merger Agreement.

4. Representations and Warranties. Holder represents and warrants to the Company and Parent as follows: (a) this Agreement has been duly executed and delivered by Holder and, assuming due authorization, execution and delivery by the other parties to this Agreement, this Agreement constitutes a legally valid and binding obligation of Holder, enforceable against Holder in accordance with the terms hereof (except as enforceability may be limited by bankruptcy Laws, other similar Laws affecting creditors' rights and general principles of equity affecting the availability of specific performance and other equitable remedies); (b) the execution and delivery of this Agreement by Holder does not, and the performance by Holder of his, her or its obligations hereunder will not, (i) if Holder is not an individual, conflict with or result in a violation of the organizational documents of Holder or (ii) require any consent or approval that has not been given or other action that has not been taken by any Person (including under any contract binding upon Holder or Holder's Subject Company Equity Securities), in each case, to the extent such consent, approval or other action would prevent, enjoin or materially delay the performance by Holder of its, his or her obligations under this Agreement; (c) Holder has not entered into, and shall not enter into or otherwise amend, any contract or other agreement that would result in the restriction, limitation or interference with the performance of Holder's obligations hereunder; (d) Holder is the record and beneficial owner of all of its Subject Company Equity Securities, and there exist no Liens or any other limitation or restriction (including any restriction on the right to vote, sell or otherwise dispose of such securities), other than pursuant to (i) this Agreement, (ii) the Company Certificate of Incorporation, (iii) the Merger Agreement, (iv) that certain Voting Agreement, dated May 31, 2018, by and among the Company and the stockholders signatory thereto or (v) any applicable securities Laws; (e) Holder is sophisticated in financial matters and is able to evaluate the risks and benefits of holding its Subject Company Equity Securities; (f) Holder acknowledges that it has had the opportunity to review this Agreement and the transactions contemplated by this Agreement with Holder's own legal counsel, investment and tax advisors; (g) Holder is not relying on any statements or representations of the Company or any of its representatives or agents for legal, tax or investment advice with respect to this Agreement or the transactions contemplated by the Merger Agreement; (h) there are no Actions pending against Holder or, to the knowledge of Holder, threatened against Holder, before (or, in the case of threatened Actions, that would be before) any Authority, which in any manner challenges or seeks to prevent, enjoin or materially delay the performance by Holder of Holder's obligations under this Agreement; and (i) no broker, finder, investment banker or other Person is entitled to any brokerage fee, finders' fee or other commission in connection with this Agreement or any of the respective transactions contemplated hereby, based upon arrangements made by Holder.

5. Termination. This Agreement shall automatically terminate, without any notice or other action by any Party, and upon the earlier of (a) the Effective Time and (b) the termination of the Merger Agreement in accordance with its terms. Upon termination of this Agreement as provided in the immediately preceding sentence, none of the Parties shall have any further obligations or liabilities under, or with respect to, this Agreement. Notwithstanding the foregoing or anything to the contrary in this Agreement, (i) the termination of this Agreement pursuant to Section 5(b) shall not affect any liability on the part of any Party for a Willful Breach of any covenant or agreement set forth in this Agreement prior to such termination or Fraud, and (ii) Sections 5, 6, 7, 8 and 9 shall each survive the termination of this Agreement.

6. No Recourse. Except for claims pursuant to the Merger Agreement or any other Additional Agreement by any party(ies) thereto against any other party(ies) thereto, each Party agrees that (a) this Agreement may only be enforced against, and any action for breach of this Agreement may only be made against, the Parties, and no claims of any nature whatsoever (whether in tort, contract or otherwise) arising under or relating to this Agreement, the

negotiation hereof or its subject matter, or the transactions contemplated hereby shall be asserted against any Affiliate of the Company or any Affiliate of Parent (other than Holder, on the terms and subject to the conditions set forth herein), and (b) none of the Affiliates of the Company or the Affiliates of Parent (other than Holder, on the terms and subject to the conditions set forth herein) shall have any liability arising out of or relating to this Agreement, the negotiation hereof or its subject matter, or the transactions contemplated hereby, including with respect to any claim (whether in tort, contract or otherwise) for breach of this Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished in connection with this Agreement, the negotiation hereof or the transactions contemplated hereby.

7. Waiver.

(a) Holder (i) acknowledges that Parent and the Company may possess or have access to material non-public information which has not been communicated to Parent Shareholder; (ii) hereby waives any and all claims, whether at law, in equity or otherwise, that he, she, or it may now have or may hereafter acquire, whether presently known or unknown, against Parent or the Company or any of their respective officers, directors, employees, agents, affiliates, subsidiaries, successors or assigns relating to any failure to disclose any non-public information in connection with the transactions contemplated by this Agreement, including any such claims arising under the securities or other laws, rules and regulations, and (iii) is aware that Parent and the Company are relying on the foregoing acknowledgement and waiver in clauses (i) and (ii) above, respectively, in connection with the transactions contemplated by this Agreement.

(b) Holder has read the Final Prospectus of Parent, dated August 3, 2020 (the "Parent Prospectus"), and understands that Parent has established a "trust account," initially in an amount of at least \$160.0 million for the benefit of the "public stockholders" and the underwriters of Parent's initial public offering and that, except for (i) interest earned on the trust account that may be released to Parent to pay any taxes it incurs, and (ii) interest earned by the trust account that may be released to Parent from time to time to fund Parent's working capital and general corporate requirements, proceeds in the trust account will not be released until (A) the consummation of a Business Combination (as defined in the Parent Prospectus) or (B) the dissolution and liquidation of Parent if it is unable to consummate a Business Combination within the allotted time. For and in consideration of Parent entering into this Agreement with Holder, each Parent Shareholder hereby agrees that it does not have any right, title, interest or claim of any kind in or to any monies in the trust account (other than in connection with redemption rights or the dissolution of Parent) ("Claim") and hereby waives any Claim it may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with Parent and will not seek recourse against the trust account for any reason whatsoever, other than in connection with redemption rights or the dissolution of Parent.

8. No Third- Party Beneficiaries. This Agreement shall be for the sole benefit of the Parties and their respective successors and permitted assigns and is not intended, nor shall be construed, to give any Person, other than the Parties and their respective successors and assigns, any legal or equitable right, benefit or remedy of any nature whatsoever by reason this Agreement. Nothing in this Agreement, expressed or implied, is intended to or shall constitute the Parties, partners or participants in a joint venture.

9. Incorporation by Reference. 2.1 Shelf Registration.

2.1.1 Filing. The Company shall as soon as reasonably practicable, but in any event within forty-five (45) days after the Closing Date, file with the Commission a Registration Statement for a Shelf Registration on Form S-1 (the “**Form S-1 Shelf**”) covering, subject to Section 3.4, the public resale of all of the Registrable Securities (determined as of two (2) business days prior to such filing) on a delayed or continuous basis and shall use its commercially reasonable efforts to cause such Form S-1 Shelf to be declared effective as soon as practicable after the filing thereof, but in no event later than the earlier of (i) the 30th calendar day (or the 90th calendar day if the Commission notifies the Company that it will “review” the Registration Statement) following the filing of the Registration Statement and (ii) the tenth (10th) business day after the date the Company is notified (orally or in writing, whichever is earlier) by the Commission that the Registration Statement will not be “reviewed” or will not be subject to further review. Such Form S-1 Shelf shall provide for the resale of the Registrable Securities included therein pursuant to any method or combination of methods legally available to, and requested by, any Holder named therein. The Company shall maintain a Shelf in accordance with the terms hereof and shall prepare and file with the Commission such amendments, including post-effective amendments, and supplements as may be necessary to keep a Shelf continuously effective, available for use to permit the Holders named therein to sell their Registrable Securities included therein and in compliance with the provisions of the Securities Act until such time as there are no longer any Registrable Securities. Following the filing of a Form S-1 Shelf, the Company shall use its commercially reasonable efforts to convert the Form S-1 Shelf (and any Subsequent Shelf Registration) to a Registration Statement on Form S-3 (the “**Form S-3 Shelf**”) as soon as reasonably practicable after the Company is eligible to use Form S-3. As soon

as reasonably practicable following the effective date of a Registration Statement filed pursuant to this Section 2.1.1, but in any event within one (1) business day of such date, the Company shall notify the Holders of the effectiveness of such Registration Statement. The Company's obligation under this Section 2.1.1 shall, for the avoidance of doubt be subject to Section 3.4 hereto.

2.1.2 Subsequent Shelf Registration. If any Shelf ceases to be effective under the Securities Act for any reason at any time while Registrable Securities are still outstanding, the Company shall, subject to Section 3.4, use its commercially reasonable efforts to as promptly as is reasonably practicable cause such Shelf to again become effective under the Securities Act (including using commercially reasonable efforts to obtain the prompt withdrawal of any order suspending the effectiveness of such Shelf), and shall use its commercially reasonable efforts to as promptly as is reasonably practicable amend such Shelf in a manner reasonably expected to result in the withdrawal of any order suspending the effectiveness of such Shelf or file an additional registration statement as a Shelf Registration (a "**Subsequent Shelf Registration**") registering the resale of all Registrable Securities (determined as of two (2) business days prior to such filing), and pursuant to any method or combination of methods legally available to, and requested by, any Holder named therein. If a Subsequent Shelf Registration is filed, the Company shall use its commercially reasonable efforts to (i) cause such Subsequent Shelf Registration to become effective under the Securities Act as promptly as is reasonably practicable after the filing thereof (it being agreed that the Subsequent Shelf Registration shall be an automatic shelf registration statement (as defined in Rule 405 promulgated under the Securities Act) if the Company is a well-known seasoned issuer (as defined in Rule 405 promulgated under the Securities Act) at the most recent applicable eligibility determination date) and (ii) keep such Subsequent Shelf Registration continuously effective, available for use to permit the Holders named therein to sell their Registrable Securities included therein and in compliance with the provisions of the Securities Act until such time as there are no longer any Registrable Securities. Any such Subsequent Shelf Registration shall be on Form S-3 to the extent that the Company is eligible to use such form. Otherwise, such Subsequent Shelf Registration shall be on another appropriate form. The Company's obligation under this Section 2.1.2 shall, for the avoidance of doubt be subject to Section 3.4 hereto.

2.1.3 Requests for Underwritten Shelf Takedowns. At any time and from time to time when an effective Shelf is on file with the Commission, any one or more Holder (any Holder being, in such case, a "**Demanding Holder**") may request to sell all or any portion of their Registrable Securities in an underwritten offering that is registered pursuant to the Shelf (each, an "**Underwritten Shelf Takedown**"); *provided* that the Company shall only be obligated to effect an Underwritten Offering if such offering: (i) shall include Registrable Securities proposed to be sold by the Demanding Holder(s), either individually or together with other Demanding Holders, with a total offering price reasonably expected to exceed, in the aggregate, \$25 million (the "**Minimum Takedown Threshold**"), or (ii) is comprised of all remaining Registrable Securities held by the Demanding Holder. All requests for Underwritten Shelf Takedowns shall be made by giving written notice to the Company, which shall specify the approximate number of Registrable Securities proposed to be sold in the Underwritten Offering. Subject to Section 2.3.4, a majority-in-interest of the Demanding Holders shall have the right to select the Underwriters for such offering (which shall consist of one or more reputable nationally recognized investment banks), subject to the Company's prior approval (which shall not be unreasonably withheld, conditioned or delayed). The Legacy Orchestra Equityholders, on the one hand, and the Sponsor Equityholders, on the other hand, may each demand not more than one (1) Underwritten Shelf Takedown pursuant to this Section 2.1.3 within any nine (9)-month period; *provided, however*, that no Demanding Holder may request an Underwritten Shelf Takedown during the six-month period following the closing of a prior Underwritten Shelf Takedown. Notwithstanding anything to the contrary in this Agreement, the Company may effect any Underwritten Offering pursuant to any then effective Registration Statement, including a Form S-3, that is then available for such offering.

2.1.4 Reduction of Underwritten Offering. If the managing Underwriter or Underwriters in an Underwritten Shelf Takedown, in good faith, advises the Company, the Demanding Holders and Holders requesting piggyback rights pursuant to this Agreement with respect to such Underwritten Shelf Takedown (the "**Requesting Holders**") (if any) in writing that the dollar amount or number of Registrable Securities that the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other shares of Common Stock or other equity securities that the Company desires to sell and all other shares of Common Stock or other equity securities, if any, as to which a Registration has been requested pursuant to separate written contractual piggyback registration rights entered into after the date hereof held by any other stockholders who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without materially affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of such securities, as applicable, the "**Maximum Number of**

Securities”), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (pro rata based on the respective number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Demanding Holders and Requesting Holders have requested be included in such Underwritten Registration (such proportion is referred to herein as “*Pro Rata*”)) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the shares of Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the shares of Common Stock or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements entered into after the date hereof with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 **Withdrawal.** Prior to the pricing of an Underwritten Shelf Takedown, a majority-in-interest of the Demanding Holders initiating such Underwritten Offering shall have the right to withdraw from a Registration pursuant to such Underwritten Offering for any or no reason whatsoever upon written notification (a “*Withdrawal Notice*”) to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such Underwritten Offering; *provided* that any Legacy Orchestra Equityholder or Sponsor Equityholder may elect to have the Company continue an Underwritten Offering if the Minimum Takedown Threshold would still be satisfied by the Registrable Securities proposed to be sold in the Underwritten Offering by the Legacy Orchestra Equityholders and the Sponsor Equityholders. If withdrawn, a demand for an Underwritten Offering shall constitute a demand for an Underwritten Offering by the withdrawing Demanding Holder for purposes of Section 2.1.3, unless either (i) such Demanding Holder has not previously withdrawn any Underwritten Offering or (ii) such Demanding Holder reimburses the Company for all Registration Expenses with respect to such Underwritten Offering (or, if there is more than one Demanding Holder, a *pro rata* portion of such Registration Expenses based on the respective number of Registrable Securities that each Demanding Holder has requested be included in such Underwritten Offering); *provided* that, if a Legacy Orchestra Equityholder or a Sponsor Equityholder elects to continue an Underwritten Offering pursuant to the proviso in the immediately preceding sentence, such Underwritten Offering shall instead count as an Underwritten Offering demanded by such Legacy Orchestra Equityholder or the Sponsor Equityholders, as applicable, for purposes of Section 2.1.3. Following the receipt of any Withdrawal Notice, the Company shall promptly forward such Withdrawal Notice to any other Holders that had elected to participate in such Underwritten Shelf Takedown. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with an Underwritten Shelf Takedown prior to its withdrawal under this Section 2.1.5, other than if a Demanding Holder elects to pay such Registration Expenses pursuant to clause (ii) of the second sentence of this Section 2.1.5.

2.1.6 Notwithstanding the registration obligations set forth in this Section 2.1, in the event the Commission informs the Company that all of the Registrable Securities cannot, as a result of the application of Rule 415, be registered for resale as a secondary offering on a single registration statement, the Company agrees to promptly (i) inform each of the Holders and use its commercially reasonable efforts to file amendments to the Registration Statement as required by the Commission and/or (ii) withdraw the Registration Statement and file a new registration statement (a “*New Registration Statement*”), on Form S-3, or if Form S-3 is not then available to the Company for such registration statement, on such other form available to register for resale the Registrable Securities as a secondary offering; *provided, however*, that prior to filing such amendment or New Registration Statement, the Company shall use its commercially reasonable efforts to advocate with the Commission for the registration of all of the Registrable Securities in accordance with any publicly-available written or oral guidance, comments, requirements or requests of the Commission staff (the “*SEC Guidance*”), including without limitation, the Manual of Publicly Available Telephone Interpretations D.29. Notwithstanding any other provision of this Agreement, if any SEC Guidance sets forth a limitation of the number of Registrable Securities permitted to be registered on a particular Registration Statement as a secondary offering (and notwithstanding that the Company used commercially reasonable efforts to advocate with the Commission for the registration of all or a greater number of Registrable Securities), unless otherwise directed in writing by a Holder as to its Registrable Securities, the number of Registrable Securities to be registered on such Registration Statement will be reduced on a pro rata basis based on the total number of Registrable Securities held by the Holders, subject to a determination by the Commission that certain Holders must be reduced first based on the number of Registrable Securities held by such Holders. In the event the Company amends the Registration Statement or files a New Registration Statement, as the case may be, under clauses (i) or (ii) above, the Company will use its

commercially reasonable efforts to file with the Commission, as promptly as allowed by Commission or SEC Guidance provided to the Company or to registrants of securities in general, one or more registration statements on Form S-3 or such other form available to register for resale those Registrable Securities that were not registered for resale on the Registration Statement, as amended, or the New Registration Statement.

2.1.7 Effective Registration. Except with respect to withdrawals covered by Section 2.1.5, a Registration shall not count as a Registration unless and until (i) the Registration Statement has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; *provided, further*, that if, after such Registration Statement has been declared effective, an offering of Registrable Securities is subsequently interfered with by any stop order or injunction of the Commission, federal or state court or any other governmental agency, the Registration Statement with respect to such Registration shall be deemed not to have been declared effective, unless and until (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders initiating such Registration thereafter affirmatively elect to continue with such Registration and accordingly notify the Company in writing, but in no event later than five (5) days, of such election; *provided, further*, that the Company shall not be obligated or required to file another Registration Statement until the Registration Statement that has been previously filed with respect to a Registration pursuant to an Underwritten Demand Registration becomes effective or is subsequently terminated.

2.2 Piggyback Registration

2.2.1 Piggyback Rights. If the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into equity securities, for its own account or for the account of stockholders of the Company (or by the Company and by the stockholders of the Company including, without limitation, pursuant to Section 2.1 hereof), other than a Registration Statement (or any registered offering with respect thereto) (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing stockholders, (iii) for an offering of debt that is convertible into equity securities of the Company, (iv) pursuant to a Registration Statement on Form S-4 (or similar form that relates to a transaction subject to Rule 145 under the Securities Act or any successor rule thereto), (v) for a dividend reinvestment plan, or (vi) for a Block Trade, then the Company shall give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but not less than ten (10) days before the anticipated filing date of such Registration Statement or, in the case of an Underwritten Offering pursuant to a Shelf Registration, the applicable "red herring" prospectus or prospectus supplement used for marketing such offering, which notice shall (A) describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, in such offering, and (B) offer to all of the Holders of Registrable Securities the opportunity to register the sale of such number of Registrable Securities as such Holders may request in writing within five (5) days after receipt of such written notice (such Registration a "**Piggyback Registration**"). Subject to Section 2.2.2, the Company shall, in good faith, cause such Registrable Securities to be included in such Piggyback Registration and, if applicable, shall use commercially reasonable efforts to cause the managing Underwriter or Underwriters of a proposed Underwritten Offering to permit the Registrable Securities requested by the Holders pursuant to this Section 2.2.1 to be included in a Piggyback Registration on the same terms and conditions as any similar securities of the Company included in such registered offering and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this Section 2.2.1 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the Company.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter or Underwriters in an Underwritten Registration that is to be a Piggyback Registration, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of shares of Common Stock or other equity securities that the Company desires to sell, taken together with (i) the shares of Common Stock or other equity securities, if any, as to which Registration or a registered offering has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder, (ii) the Registrable Securities as to which registration has been requested pursuant to Section 2.2

hereof, and (iii) the shares of Common Stock or other equity securities, if any, as to which Registration or a registered offering has been requested pursuant to separate written contractual piggyback registration rights of stockholders of the Company other than the Holders of Registrable Securities, exceeds the Maximum Number of Securities, then:

(a) If the Registration or a registered offering is undertaken for the Company's account, the Company shall include in any such Registration or a registered offering (A) first, the shares of Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to Section 2.2.1 hereof, Pro Rata, based on the respective number of Registrable Securities that each Holder has so requested to be included in such Registration or such registered offering, which can be sold without exceeding the Maximum Number of Securities; and (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the shares of Common Stock or other equity securities, if any, as to which Registration or a registered offering has been requested pursuant to written contractual piggyback registration rights of stockholders of the Company entered into after the date hereof, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities;

(b) If the Registration or a registered offering is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration or a registered offering (A) first, the shares of Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to Section 2.2.1, Pro Rata, based on the respective number of Registrable Securities that each Holder has so requested to be included in such Registration or such registered offering, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the shares of Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the shares of Common Stock or other equity securities, if any, as to which Registration or a registered offering has been requested pursuant to separate written contractual piggyback registration rights entered into after the date hereof, of persons or entities other than the Holders of Registrable Securities hereunder, which can be sold without exceeding the Maximum Number of Securities; and

(c) If the Registration or registered offering is pursuant to a request by Holder(s) of Registrable Securities pursuant to Section 2.1 hereof, then the Company shall include in any such Registration or registered offering securities in the priority set forth in Section 2.1.4.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities (other than a Demanding Holder, whose right to withdraw from an Underwritten Shelf Takedown, and related obligations, shall be governed by Section 2.1.5) shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration or, in the case of a Piggyback Registration pursuant to a Shelf Registration, the filing of the applicable "red herring" prospectus or prospectus supplement with respect to such Piggyback Registration used for marketing such transaction. Other than with respect to an Underwritten Shelf Takedown by a Demanding Holder pursuant to Section 2.1.3, the Company (whether on its own good faith determination or as the result of a request for withdrawal by persons or entities pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement or abandon the Underwritten Shelf Takedown in connection with a Piggyback Registration at any time prior to the launch of such Underwritten Shelf Takedown. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this Section 2.2.3.

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Piggyback Registration effected pursuant to Section 2.2 hereof shall not be counted as a Registration pursuant to an Underwritten Shelf Takedown effected under Section 2.1 hereof.

2.3 Block Trades.

2.3.1 Notwithstanding the foregoing, at any time and from time to time when an effective Shelf is on file with the Commission and effective, if a Demanding Holder wishes to engage in a Block Trade, (x) with a total offering price reasonably expected to exceed \$75 million in the aggregate or (y) with respect to all remaining Registrable Securities held by the Demanding Holder (the “*Minimum Block Threshold*”), then such Demanding Holder only needs to notify the Company of the Block Trade at least five (5) business days prior to the day such offering is to commence and the Company shall as expeditiously as possible use its commercially reasonable efforts to facilitate such Block Trade; *provided* that the Demanding Holders representing a majority of the Registrable Securities wishing to engage in the Block Trade shall use commercially reasonable efforts to work with the Company and any Underwriters prior to making such request in order to facilitate preparation of the registration statement, prospectus and other offering documentation related to the Block Trade.

2.3.2 Prior to the filing of the applicable “red herring” prospectus or prospectus supplement used in connection with a Block Trade, a majority-in-interest of the Demanding Holders initiating such Block Trade shall have the right to submit a Withdrawal Notice to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such Block Trade, *provided* that any other Demanding Holder(s) may elect to have the Company continue a Block Trade if the Minimum Block Threshold would still be satisfied by the Registrable Securities proposed to be sold in the Block Trade by the remaining Demanding Holder(s). Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with a Block Trade prior to its withdrawal under this Section 2.3.2.

2.3.3 Notwithstanding anything to the contrary in this Agreement, Section 2.2 hereof shall not apply to a Block Trade initiated by a Demanding Holder pursuant to this Agreement.

2.3.4 The Demanding Holder in a Block Trade shall have the right to select the Underwriters for such Block Trade (which shall consist of one or more reputable nationally recognized investment banks).

2.3.5 Each Legacy Orchestra Equityholder and Sponsor Equityholder may demand no more than one (1) Block Trade pursuant to this Section 2.3 in any twelve (12) month period. For the avoidance of doubt, any Block Trade effected pursuant to this Section 2.3 shall not be counted as a demand for an Underwritten Shelf Takedown pursuant to Section 2.1.3 hereof.

3.1.5 cause all Registrable Securities included in any Registration to be listed on such exchanges or otherwise designated for trading in the same manner as similar securities issued by the Company are then listed or designated;

3.1.6 provide a transfer agent or warrant agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its commercially reasonable efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in Section 3.4 hereof;

3.1.9 in the event of an Underwritten Offering, a Block Trade, or sale by a broker, placement agent or sales agent pursuant to such Registration, in each of the cases to the extent customary for a transaction of its type, permit a representative of the Holders (such representative to be selected by a majority of the participating Holders), the Underwriters or other financial institutions facilitating such Underwritten Offering, Block Trade or other sale pursuant to such Registration, if any, and any attorney, consultant or accountant retained by such Holders or Underwriters to participate, at each such person’s or entity’s own expense, in the preparation of the Registration Statement, and cause the Company’s officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, financial institution, attorney, consultant or accountant in connection with the Registration; *provided, however*, that such representatives, Underwriters or financial institutions enter into a confidentiality agreement, in customary form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information and *provided, further*, that, except as required by Law, the Company may not include the name of any Holder or Underwriter or any information regarding any Holder or Underwriter in any Registration Statement or Prospectus, any amendment or supplement to such Registration Statement or Prospectus, any document that is to be incorporated by reference into such Registration Statement or Prospectus, or any response to any comment letter, without the prior written consent of such Holder or Underwriter and providing each such Holder

or Underwriter a reasonable amount of time to review and comment on such applicable document, which comments the Company shall consider shall consider in good faith and, to the extent deemed appropriate by the Company in its sole discretion, include.

3.1.10 obtain a “comfort” letter from the Company’s independent registered public accountants in the event of an Underwritten Offering, a Block Trade or sale by a broker, placement agent or sales agent pursuant to such Registration in customary form and covering such matters of the type customarily covered by “comfort” letters for a transaction of its type as the managing Underwriter may reasonably request, and reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.11 in the event of an Underwritten Offering, a Block Trade or sale by a broker, placement agent or sales agent pursuant to such Registration, on the date the Registrable Securities are delivered for sale pursuant to such Registration, to the extent customary for a transaction of its type, obtain an opinion, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the participating Holders, the broker, placement agents or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the participating Holders, broker, placement agents, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters;

3.1.12 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriter of such offering;

3.1.13 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve (12) months beginning with the first day of the Company’s first full calendar quarter after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule then in effect), and which requirement will be deemed to be satisfied if the Company timely files complete and accurate information on Forms 10-Q, 10-K and 8-K under the Exchange Act and otherwise complies with Rule 158 under the Securities Act;

3.1.14 if the Registration involves the Registration of Registrable Securities involving gross proceeds in excess of \$25 million, use its commercially reasonable efforts to make available senior executives of the Company to participate in customary “road show” presentations that may be reasonably requested by the Underwriter in such Underwritten Offering; and

3.1.15 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the participating Holders, consistent with the terms of this Agreement, in connection with such Registration.

Notwithstanding the foregoing, the Company shall not be required to provide any documents or information to an Underwriter, broker, sales agent or placement agent if such Underwriter, broker, sales agent or placement agent has not then been named with respect to the applicable Underwritten Offering or other offering involving a registration as an Underwriter, broker, sales agent or placement agent, as applicable.

3.2 Registration Expenses. Except as otherwise provided herein, the Registration Expenses of all Registrations, including a Registration that is postponed, suspended, delayed or withdrawn, and any failed Registrations that are withdrawn or abandoned by the Company for any reason shall be borne by the Company, unless a Demanding Holder elects to reimburse the Company pursuant to clause (ii) of the second sentence of Section 2.1.5. It is acknowledged by the Holders that each Holder shall bear, severally and not jointly, with respect to such Holder’s Registrable Securities being sold, all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters’ commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of “Registration Expenses,” all reasonable fees and expenses of any legal counsel representing the Holders.

3.3 Requirements for Participation in Underwritten Offerings. Notwithstanding anything in this Agreement to the contrary, if any Holder does not provide the Company with its requested Holder Information (as defined in Section 5.1.2), the Company may exclude such Holder’s Registrable Securities from the applicable Registration Statement or Prospectus if the Company determines in good faith, based on the advice of counsel, that it is necessary or advisable to include such information in the applicable Registration Statement or Prospectus and such Holder continues thereafter to withhold such information. In addition, no person or entity may participate in any Underwritten Offering or other offering for equity securities of the Company pursuant to a Registration initiated by the Company

hereunder unless such person or entity (i) agrees to sell such person's or entity's securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements. For the avoidance of doubt, the exclusion of a Holder's Registrable Securities as a result of this Section 3.3 shall not affect the registration of the other Registrable Securities to be included in such Registration.

3.4 Suspension of Sales; Adverse Disclosure.

3.4.1 Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until it has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as reasonably practicable after the time of such notice), or until it is advised in writing by the Company that the use of the Prospectus may be resumed.

3.4.2 If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would (a) require the Company to make an Adverse Disclosure, (b) require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company's control, or (c) in the good faith judgment of the majority of the Board such Registration, be seriously detrimental to the Company and the majority of the Board concludes as a result that it is essential to defer such filing, initial effectiveness or continued use at such time, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event no more than three (3) occasions or for more than sixty (60) consecutive days, or more than ninety (90) total calendar days, in each case, during any 12-month period, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities until such Holder receives written notice from the Company that such sales or offers of Registrable Securities may be resumed, and in each case maintain the confidentiality of such notice and its contents. The Company shall promptly notify the Holders of the expiration of any period during which it exercised its rights under this Section 3.4, and, upon the expiration of any such period, the Holders shall be entitled to resume the use of any such Prospectus in connection with any sale or offer to sell Registrable Securities.

3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be a reporting company under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to Sections 13(a) or 15(d) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings; *provided* that any documents publicly filed or furnished with the Commission pursuant to EDGAR shall be deemed to have been furnished or delivered to the Holders pursuant to this Section 3.5. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell shares of Common Stock held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Section 4(a)(1) of the Securities Act or Rule 144 promulgated under the Securities Act (or any successor rule then in effect), including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

**ARTICLE IV
LOCK-UP**

4.1 Lock-up.

4.1.1 Except as permitted by Section 4.2, each Legacy Orchestra Equityholder and Sponsor Equityholder (each, a "**Lock-up Party**") shall not Transfer (the "**Lock-up**") any shares of Common Stock or any security convertible into or exercisable or exchanged for Common Stock beneficially owned or owned of record by such Holder (the "**Lock-up Shares**") until the date that is the earlier of (i) six (6) months from the date hereof (or twelve (12) months with respect to the Founder Shares and the Private Shares and any shares of Common Stock or any security convertible into or exercisable or exchanged for Common Stock beneficially owned or owned of record by RTW and its Affiliates as of

the date of this Agreement), or (ii) the date on which the Company completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of the Company's stockholders having the right to exchange their shares of Common Stock for cash, securities or other property (the "**Lock-up Period**"). Notwithstanding anything to the contrary in this Agreement, (A) to the extent any Holder has executed any other agreement with the Company or any of its Affiliates that provides for a longer lock-up period than the Lock-up Period, the lock-up period in such other agreement shall control and (B) the Company may at any time or from time to time, in its sole discretion, elect to release from the Lock-up some or all of the Lock-up Shares purchased in connection with the Backstop Agreement by providing written notice of such election to the holders of such Lock-up Shares.

4.2.4 Transfers of shares of Common Stock or any security convertible into or exercisable or exchangeable for Common Stock by will or intestate succession or the laws of descent and distributions upon the death of a Holder (it being understood and agreed that the appointment of one or more executors, administrators or personal representatives of the estate of a Holder shall not be deemed a Transfer hereunder to the extent that such executors, administrators and/or personal representatives comply with the terms of this Article IV on behalf of such estate);

4.2.5 Transfers of shares of Common Stock or any security convertible into or exercisable or exchangeable for Common Stock pursuant to a qualified domestic order or in connection with a divorce settlement;

4.2.10 Transfers of shares of Common Stock or any security convertible into or exercisable or exchangeable for Common Stock pursuant to a *bona fide* third-party tender offer, merger, asset acquisition, stock sale, recapitalization, consolidation, business combination or other transaction or series of related transactions involving a

Change in Control of the Company, *provided* that in the event that such tender offer, merger, asset acquisition, stock sale, recapitalization, consolidation, business combination or other such transaction is not completed, the securities subject to this Agreement shall remain subject to this Agreement;

4.2.11 Transfers of shares of Common Stock or any security convertible into or exercisable or exchangeable for Common Stock to the Company in connection with the liquidation or dissolution of the Company by virtue of the laws of the state of the Company's organization and the Company's organizational documents;

4.2.13 Transfers of shares of Common Stock or any security convertible into or exercisable or exchangeable for Common Stock to satisfy any U.S. federal, state, or local income tax obligations of the Lock-up Party (or its direct or indirect owners) arising from a change in the U.S. Internal Revenue Code of 1986, as amended (the "*Code*"), or the U.S. Treasury Regulations promulgated thereunder (the "*Regulations*") after the date on which the Merger Agreement was executed by the parties, and such change prevents the Merger from qualifying as a "reorganization" pursuant to Section 368 of the Code (and the Merger does not qualify for similar tax-free treatment pursuant to any successor or other provision of the Code or Regulations taking into account such changes), in each case solely and to the extent necessary to cover any tax liability as a direct result of the transaction;

PROVIDED, THAT IN THE CASE OF ANY TRANSFER OR DISTRIBUTION PURSUANT TO SECTIONS 4.2.2 THROUGH 4.2.9 AND 4.2.13, EACH DONEE, DISTRIBUTEE OR OTHER TRANSFEREE SHALL AGREE IN WRITING, IN FORM AND SUBSTANCE REASONABLY SATISFACTORY TO THE COMPANY, TO BE BOUND BY THE PROVISIONS OF THIS AGREEMENT.

4.3 Null and Void. If any Transfer of shares of Common Stock prior to the end of the Lock-up Period is made or attempted contrary to the provisions of this Agreement, such purported Transfer shall be null and void *ab initio*, and the Company shall refuse to recognize any such purported transferee of the Common Stock as one of its equityholders for any purpose.

4.4 Legend. During the Lock-up Period, each certificate evidencing any Common Stock shall be stamped or otherwise imprinted with a legend in substantially the following form, in addition to any other applicable legends:

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO RESTRICTIONS ON TRANSFER SET FORTH IN AN AMENDED AND RESTATED REGISTRATION RIGHTS AGREEMENT, DATED AS OF [•], 2022 (AS MAY BE AMENDED OR RESTATED FROM TIME TO TIME), A COPY OF WHICH IS ON FILE WITH THE SECRETARY OF THE COMPANY. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH AGREEMENT."

Promptly upon the expiration of the Lock-up Period, the Company shall cause the removal of such legend and, if determined appropriate by the Company, any restrictive legend related to compliance with the federal securities laws from the certificates evidencing the Common Stock.

ARTICLE V INDEMNIFICATION AND CONTRIBUTION

5.1 Indemnification.

5.1.1 The Company agrees to indemnify and hold harmless, to the extent permitted by law, each Holder of Registrable Securities, its partners, members, managers, officers, directors and agents and each person or entity who controls such Holder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and out-of-pocket expenses (including without limitation actual, reasonable and documented attorneys' fees or other fees and expenses incurred thereby in connection with investigating or defending any such claim or proceeding), caused by any untrue or alleged untrue statement of material fact contained or incorporated by reference in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading (except insofar as the same are caused by or contained in any information or affidavit so furnished in

writing to the Company by such Holder expressly for use therein). The Company shall indemnify the Underwriters, their officers and directors and each person or entity who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to the indemnification of the Holder.

5.1.2 In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish (or cause to be furnished) to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus (the “**Holder Information**”) and, to the extent permitted by law, shall indemnify the Company, its directors, officers and agents and each person or entity who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and out-of-pocket expenses (including without limitation actual, reasonable and documented attorneys’ fees) resulting from any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement is contained in (or not contained in, in the case of an omission) the Holder Information; *provided, however,* that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. The Holders of Registrable Securities shall indemnify the Underwriters, their officers, directors and each person or entity who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

5.1.3 Any person or entity entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (*provided,* that the failure to give prompt notice shall not impair any person’s or entity’s right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party’s reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one (1) counsel (plus one (1) local counsel) for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement includes a statement or admission of fault and culpability on the part of such indemnified party or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

5.1.4 The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person or entity of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company’s or such Holder’s indemnification is unavailable for any reason.

5.1.5 If the indemnification provided under Section 5.1 hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and out-of-pocket expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and out-of-pocket expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by (or not made by, in the case of an omission), or relates to information supplied by (or not supplied by, in the case of an omission), such indemnifying party or indemnified party, and the

indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action and the benefits received by such indemnified party or indemnifying party; *provided, however*, that the liability of any Holder under this Section 5.1.5 shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in Sections 5.1.1, 5.1.2 and 5.1.3 above, any legal or other fees, charges or out-of-pocket expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 5.1.5 were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this Section 5.1.5. No person or entity guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section 5.1.5 from any person or entity who was not guilty of such fraudulent misrepresentation.

No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

6.7 Other Registration Rights. The Company represents and warrants that no person or entity, other than a Holder of Registrable Securities, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any Registration filed by the Company for the sale of securities for its own account or for the account of any other person or entity. Further, the Company represents and warrants that this Agreement supersedes any other registration rights agreement or agreement with similar terms and conditions and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail. This Agreement supersedes, and amends and restates in its entirety, the Prior Agreement.

**CERTIFICATE OF INCORPORATION
OF
ORCHESTRA BIOMED HOLDINGS, INC.**

I.

The name of the corporation is Orchestra BioMed Holdings, Inc. (hereinafter called the “**Corporation**”).

II.

The address of the registered office of the Corporation in the State of Delaware is [•] and the name of the registered agent of the Corporation in the State of Delaware at such address is [•].

III.

The nature of the business or purposes to be conducted or promoted by the Corporation is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware (“**DGCL**”).

IV.

A. The Corporation is authorized to issue two classes of stock to be designated, respectively, “Common Stock,” and “Preferred Stock.” The total number of shares that the Corporation is authorized to issue is [•] shares, [•] shares of which shall be Common Stock (the “**Common Stock**”), and [•] shares of which shall be Preferred Stock (the “**Preferred Stock**”). The Preferred Stock shall have a par value of \$0.0001 per share and the Common Stock shall have a par value of \$0.0001 per share.

B. The Preferred Stock may be issued from time to time in one or more series, the shares of each series to have such designations and powers, preferences, privileges and rights, and qualifications, limitations and restrictions thereof, as are stated and expressed herein and in the resolution or resolutions providing for the issue of such series adopted by the Board of Directors as hereafter prescribed (a “**Preferred Stock Designation**”). Subject to any limitation prescribed by law and the rights of any series of the Preferred Stock then outstanding, if any, authority is hereby expressly granted to and vested in the Board of Directors to authorize the issuance of all or any of the shares of the Preferred Stock in one or more series, and, with respect to each series of Preferred Stock, to fix the number of shares and state by the Preferred Stock Designation, the designations, powers, preferences, privileges and relative participating, optional, or other rights and such qualifications, limitations, or restrictions thereof, as shall be stated and expressed in the resolution or resolutions adopted by the Board of Directors providing for the issuance of such shares and as may be permitted by the DGCL. The Board of Directors is also expressly authorized to increase (but not above the authorized number of shares of Preferred Stock) or decrease (but not below the number of shares of such series then outstanding) the number of shares of any series subsequent to the issuance of shares of that series.

C. The number of authorized shares of Preferred Stock, or Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of all of the outstanding shares of stock of the Corporation entitled to vote thereon, without a separate vote of the holders of the Preferred Stock, or of any series thereof, or Common Stock, irrespective of the provisions of Section 242(b)(2) of the DGCL, unless a vote of any such holders is required pursuant to the terms of any Preferred Stock Designation filed with respect to any series of Preferred Stock.

D. Except as provided above, the designations, powers, preferences, privileges and relative participating, optional, or other rights, and qualifications, limitations, or restrictions of the Common Stock are as follows:

1. Rights Relating to Dividends, Subdivisions and Combinations. Subject to the prior rights of holders of all classes and series of stock at the time outstanding having prior rights as to dividends, the holders of the Common Stock shall be entitled to receive, when, as and if declared by the Board of Directors, out of any assets of the Corporation legally available therefor, such dividends as may be declared from time to time by the Board of Directors. Any dividends paid to the holders of shares of Common Stock shall be paid pro rata, on an equal priority, pari passu basis, unless different treatment of the shares of each such class is approved by the affirmative vote of the holders of a majority of the outstanding shares of the applicable class of Common Stock treated adversely, voting separately as a class.

2. Voting Rights.

(a) Except as otherwise required by law or this Certificate of Incorporation (the “*Certificate of Incorporation*”) (including any Preferred Stock Designation), at any annual or special meeting of the stockholders of the Corporation, holders of the Common Stock shall have the exclusive right to vote for the election of directors and on all other matters properly submitted to a vote of the stockholders.

(b) Except as otherwise required by law or the Certificate of Incorporation (including any Preferred Stock Designation), the holders of shares of Common Stock shall be entitled to one vote for each such share on each matter properly submitted to the stockholders on which the holders of the Common Stock are entitled to vote.

(c) Except as otherwise required by applicable law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to the Certificate of Incorporation that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to the Certificate of Incorporation or applicable law.

3. Liquidation Rights.

In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, upon the completion of the distributions required with respect to each series of Preferred Stock that may then be outstanding, the remaining assets of the Corporation legally available for distribution to stockholders shall be distributed on an equal priority, pro rata basis to the holders of Common Stock, unless different treatment of the shares of each such class is approved by the affirmative vote of the holders of a majority of the outstanding shares of Common Stock; provided, however, for the avoidance of doubt, compensation pursuant to any employment, consulting, severance or other compensatory arrangement to be paid to or received by a person who is also a holder of Common Stock does not constitute consideration or a “distribution to stockholders” in respect of the Common Stock.

V.

A. The liability of the directors of the Corporation for monetary damages for breach of fiduciary duty as a director shall be eliminated to the fullest extent authorized under applicable law, unless they violated their duty of loyalty to the Corporation or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

B. To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and other agents of the Corporation (and any other persons to which applicable law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise in excess of the indemnification and advancement otherwise permitted by such applicable law.

C. If applicable law is amended after approval by the stockholders of this Article V to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director to the Corporation shall be eliminated or limited to the fullest extent permitted by applicable law as so amended. Any repeal or modification of this Article V shall only be prospective and shall not affect the rights under this Article V in effect at the time of the alleged occurrence of any action or omission to act giving rise to liability.

VI.

A. Unless the Corporation consents in writing to the selection of an alternative forum, (a) the Court of Chancery (the “*Chancery Court*”) of the State of Delaware (or, in the event that the Chancery Court does not have jurisdiction, the federal district court for the District of Delaware or other state courts of the State of Delaware) shall, to the fullest extent permitted by law, be the sole and exclusive forum for (i) any derivative action, suit or proceeding brought on behalf of the Corporation, (ii) any action, suit or proceeding asserting a claim of breach of a fiduciary duty owed by any director, officer or stockholder of the Corporation to the Corporation or to the Corporation’s stockholders, (iii) any action, suit or proceeding arising pursuant to any provision of the DGCL or the bylaws of the Corporation or

this Certificate of Incorporation (as either may be amended from time to time) or (iv) any action, suit or proceeding asserting a claim against the Corporation governed by the internal affairs doctrine; and (b) subject to the preceding provisions of this Article VI, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act of 1933, as amended (the “*Securities Act*”). If any action the subject matter of which is within the scope of clause (a) of the immediately preceding sentence is filed in a court other than the courts in the State of Delaware (a “*Foreign Action*”) in the name of any stockholder, such stockholder shall be deemed to have consented to (x) the personal jurisdiction of the state and federal courts in the State of Delaware in connection with any action brought in any such court to enforce the provisions of clause (a) of the immediately preceding sentence and (y) having service of process made upon such stockholder in any such action by service upon such stockholder’s counsel in the Foreign Action as agent for such stockholder.

B. Any person or entity purchasing or otherwise acquiring any interest in any security of the Corporation shall be deemed to have notice of and consented to this Article VI. Notwithstanding the foregoing, the provisions of this Article VI shall not apply to suits brought to enforce any liability or duty created by the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), or any other claim for which the federal courts of the United States have exclusive jurisdiction.

C. If any provision or provisions of this Article VI shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever, (a) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article VI (including, without limitation, each portion of any paragraph of this Article VI containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (b) the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

VII.

For the management of the business and for the conduct of the affairs of the Corporation, and in further definition, limitation and regulation of the powers of the Corporation, of its directors and of its stockholders or any class thereof, as the case may be, it is further provided that:

A. Board of Directors.

1. Generally. The management of the business and the conduct of the affairs of the Corporation shall be vested in the Board of Directors. The authorized number of directors which shall constitute the Board of Directors shall be fixed by the Board of Directors in the manner provided in the Bylaws.

2. Election.

(a) Subject to the rights of the holders of any series of Preferred Stock to elect additional directors as specified in any Preferred Stock Designation, the directors shall be divided into three classes designated as Class I, Class II and Class III, respectively. Each class shall consist, as nearly as possible, of one-third of the total number of such directors. The Board of Directors is authorized to assign members of the Board of Directors already in office to such classes at the time the classification becomes effective. At the first annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class I directors shall expire and Class I directors shall be elected for a full term of three years. At the second annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class II directors shall expire and Class II directors shall be elected for a full term of three years. At the third annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class III directors shall expire and Class III directors shall be elected for a full term of three years. At each succeeding annual meeting of stockholders, directors shall be elected for a full term of three years to succeed the directors of the class whose terms expire at such annual meeting.

(b) At any time that applicable law prohibits a classified board as described in Section A.2.(a) of this Article VII, all directors shall be elected at each annual meeting of stockholders to hold office until the next annual meeting. The directors of the Corporation need not be elected by written ballot unless the Bylaws so provide.

(c) No stockholder entitled to vote at an election for directors may cumulate votes to which such stockholder is entitled unless required by applicable law at the time of such election. During such time or times that applicable law requires cumulative voting, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder thinks fit. No stockholder, however, shall be entitled to so cumulate such stockholder's votes unless (i) the names of such candidate or candidates have been placed in nomination prior to the voting and (ii) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

(d) Notwithstanding the foregoing provisions of this section, each director shall serve until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

3. Removal of Directors. Subject to any limitations imposed by applicable law, removal shall be as provided in Section 141(k) of the DGCL.

4. Vacancies. Subject to any limitations imposed by applicable law and subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes and any newly created directorships resulting from any increase in the number of directors, shall, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by the stockholders and except as otherwise provided by applicable law, be filled only by a majority of the directors then in office, although less than a quorum, or by the sole remaining director, and not by the stockholders. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the full term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified.

B. Stockholder Actions. No action shall be taken by the stockholders of the Corporation except at an annual or special meeting of stockholders called in accordance with the Bylaws, and no action shall be taken by the stockholders by written consent. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

C. Bylaws. The Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws. The stockholders shall also have the power to adopt, amend or repeal the Bylaws; provided, however, that, in addition to any vote of the holders of any class or series of stock of the Corporation required by law or by the Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least 66 2/3% of the voting power of all of the then-outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

VIII.

A. Section 203 of the DGCL. The Corporation expressly elects not to be governed by Section 203 of the DGCL and the restrictions and limitations set forth therein.

B. Interested Stockholder Transactions. Notwithstanding anything to the contrary set forth in this Certificate of Incorporation, the Corporation shall not engage in any Business Combination (as defined below) at any point in time at which the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act with any Interested Stockholder (as defined below) for a period of three (3) years following the time that such stockholder became an Interested Stockholder, unless:

1. prior to such time that such stockholder became an Interested Stockholder, the Board of Directors approved either the Business Combination or the transaction which resulted in such stockholder becoming an Interested Stockholder;

2. upon consummation of the transaction which resulted in the stockholder becoming an Interested Stockholder, the Interested Stockholder owned at least 10% of the voting stock (as defined below) of the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the Interested Stockholder) those shares owned by (i) persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

3. at or subsequent to such time that such stockholder became an Interested Stockholder, the Business Combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of the outstanding shares of capital stock of the Corporation which is not owned by such Interested Stockholder.

C. Definitions. As used in this Certificate of Incorporation, the following terms shall have the following meaning:

1. “**Affiliate**” means a Person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, another Person;

2. “**Associate**”, when used to indicate a relationship with any Person, means: (i) any corporation, partnership, unincorporated association or other entity of which such Person is a director, officer or partner or is, directly or indirectly, the owner of twenty percent (20%) or more of any class of shares of voting stock of the Corporation; (ii) any trust or other estate in which such Person has at least a twenty percent (20%) beneficial interest or as to which such Person serves as trustee or in a similar fiduciary capacity; and (iii) any relative or spouse of such Person, or any relative of such spouse, who has the same residence as such Person.

3. “**Business Combination**” means (i) any merger or consolidation of the Corporation or any direct or indirect majority-owned subsidiary of the Corporation with the Interested Stockholder or (ii) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a stockholder of the Corporation, to or with the Interested Stockholder, whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation which assets have an aggregate market value equal to ten percent (10%) or more of either the aggregate market value of all the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding shares of capital stock of the Corporation.

4. “**Change of Control**” means the occurrence of any of the following events: (i) any “person” or “group” (within the meaning of Sections 13(d) and 14(d) of the Exchange Act, but excluding any employee benefit plan of such person and its subsidiaries, and any person or entity acting in its capacity as trustee, agent or other fiduciary or administrator of any such plan) becomes the “beneficial owner” (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of shares of Common Stock, Preferred Stock and/or any other class or classes of capital stock of the Corporation (if any) representing in the aggregate more than fifty percent (50%) of the voting power of all of the outstanding shares of capital stock of the Corporation entitled to vote; (ii) the stockholders of the Corporation approve a plan of complete liquidation or dissolution of the Corporation or there is consummated a transaction or series of related transactions for the sale, lease, exchange or other disposition, directly or indirectly, by the Corporation of all or substantially all of the Corporation’s assets (including a sale of all or substantially all of the assets of Orchestra BioMed, Inc.); (iii) there is consummated a merger or consolidation of the Corporation with any other corporation or entity, and, immediately after the consummation of such merger or consolidation, the voting securities of the Corporation immediately prior to such merger or consolidation do not continue to represent, or are not converted into, voting securities representing more than fifty percent (50%) of the combined voting power of the outstanding voting securities of the Person resulting from such merger or consolidation or, if the surviving company is a subsidiary, the ultimate parent thereof; or (iv) the Corporation ceases to be the sole stockholder of Orchestra BioMed, Inc.; provided, however, that a “Change of Control” shall not be deemed to have occurred by virtue of the consummation of any transaction or series of related transactions immediately following which the beneficial owners of Common Stock, Preferred Stock and/or any other class or classes of capital stock of the Corporation immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in and voting control over, and own substantially all of the shares of, an entity which owns all or substantially all of the assets of the Corporation immediately following such transaction or series of transactions.

5. “**Control**,” including the terms “**controlling**,” “**controlled by**” and “**under common control with**,” means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting stock, by contract or otherwise. A Person who is the owner of 20% or more of the outstanding voting stock of any corporation, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding the foregoing, a presumption of control shall not apply where such Person holds voting stock, in good faith and not for the purpose of circumventing this section, as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group have control of such entity.

6. “**Interested Stockholder**” means any Person (other than the Corporation and any direct or indirect majority-owned subsidiary of the Corporation) that (i) is the beneficial owner of fifteen percent (15%) or more of the outstanding shares of capital stock of the Corporation that are entitled to vote, or (ii) is an Affiliate of the Corporation and was the beneficial owner of fifteen percent (15%) or more of the outstanding shares of capital stock of the Corporation that are entitled to vote at any time within the three-year period immediately prior to the date on which it is sought to be determined whether such Person is an Interested Stockholder, and the Affiliates and Associates of such Person.

7. “**owner**,” including the terms “**own**” and “**owned**,” when used with respect to any stock, means a Person that individually or with or through any of its Affiliates or associates:

(a) beneficially owns such stock, directly or indirectly; or

(b) has (i) the right to acquire such stock (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; provided, however, that a Person shall not be deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such Person’s Affiliates or associates until such tendered stock is accepted for purchase or exchange; or (ii) the right to vote such stock pursuant to any agreement, arrangement or understanding; provided, however, that a Person shall not be deemed the owner of any stock because of such Person’s right to vote such stock if the agreement, arrangement or understanding to vote such stock arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to ten or more Persons; or

(c) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting (except voting pursuant to a revocable proxy or consent as described in item (ii) of subsection (b) above), or disposing of such stock with any other Person that beneficially owns, or whose Affiliates or associates beneficially own, directly or indirectly, such stock.

8. “**Person**” means, except as otherwise provided in the definition of “Change of Control”, any individual, corporation, partnership, limited liability company, unincorporated association or other entity.

9. “**stock**” means, with respect to any corporation, capital stock and, with respect to any other entity, any equity interest.

IX.

A. The Corporation reserves the right to amend, alter, change or repeal any provision contained in the Certificate of Incorporation, in the manner now or hereafter prescribed by the DGCL, except as provided in paragraph B. of this Article VIII, and all rights conferred upon the stockholders herein are granted subject to this reservation.

B. Notwithstanding any other provisions of the Certificate of Incorporation or any provision of law that might otherwise permit a lesser vote or no vote, but in addition to any affirmative vote of the holders of any particular class or series of the Corporation required by law or by the Certificate of Incorporation or any Preferred Stock Designation filed with respect to a series of Preferred Stock, the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, amend or repeal Articles V, VI, VII, VIII and IX.

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Incorporation to be signed on this [•], 2022.

submit other business (other than matters properly included in the corporation's notice of meeting of stockholders and proxy statement under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "**1934 Act**"), and the rules and regulations thereunder before an annual meeting of stockholders).

(b) At an annual meeting of the stockholders, only such business shall be conducted as is a proper matter for stockholder action under Delaware law and as shall have been properly brought before the meeting in accordance with Section 5(a) and the procedures below.

(i) For nominations for the election to the Board of Directors to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of Section 5(a), such stockholder must deliver written notice to the Secretary at the principal executive offices of the corporation on a timely basis as set forth in Section 5(b)(iii) and must update and supplement such written notice on a timely basis as set forth in Section 5(c). Such stockholder's notice shall set forth: (A) as to each nominee such stockholder proposes to nominate at the meeting: (1) the name, age, business address and residence address of such nominee; (2) the principal occupation or employment of such nominee; (3) the class or series and number of shares of each class or series of capital stock of the corporation that are owned beneficially and of record by such nominee; (4) the date or dates on which such shares were acquired and the investment intent of such acquisition; (5) a statement whether such nominee, if elected, intends to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation effective upon acceptance of such resignation by the Board of Directors; and (6) such other information concerning such nominee as would be required to be disclosed in a proxy statement soliciting proxies for the election of such nominee as a director in an election contest (even if an election contest is not involved), or that is otherwise required to be disclosed pursuant to Section 14 of the 1934 Act and the rules and regulations promulgated thereunder (including such person's written consent to being named in the corporation's proxy statement and associated proxy card as a nominee of the stockholder and to serving as a director if elected); and (B) the information required by Section 5(b)(iv). The corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve (i) as an independent director (as such term is used in any applicable stock exchange listing requirements or applicable law) of the corporation or (ii) on any committee or sub-committee of the Board of Directors under any applicable stock exchange listing requirements or applicable law, and that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee. The notice in this paragraph must also be accompanied by (X) a completed written questionnaire (in a form provided by the Corporation) with respect to the background, qualifications, stock ownership and independence of such proposed nominee, and such additional information with respect to such proposed nominee as would be required to be provided by the Company pursuant to Schedule 14A if such proposed nominee were a participant in the solicitation of proxies by the Company in connection with such annual or special meeting and (Y) a written representation and agreement (in form provided by the Corporation) that such nominee (i) if elected as director of the Corporation, intends to serve the entire term until the next meeting at which such nominee would face re-election and (ii) consents to being named as a nominee in the Corporation's proxy statement pursuant to Rule 14a-4(d) under the Exchange Act and any associated proxy card of the Corporation and agrees to serve if elected as a director.

(ii) Other than proposals sought to be included in the corporation's proxy materials pursuant to Rule 14a-8 under the 1934 Act, for business other than nominations for the election to the Board of Directors to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of Section 5(a), the stockholder must deliver written notice to the Secretary at the principal executive offices of the corporation on a timely basis as set forth in Section 5(b)(iii), and must update and supplement such written notice on a timely basis as set forth in Section 5(c). Such stockholder's notice shall set forth: (A) as to each matter such stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend the Bylaws of the corporation (the "**Bylaws**"), the language of the proposed amendment), the reasons for conducting such business at the meeting, and any material interest (including any anticipated benefit of such business to any Proponent (as defined below) other than solely as a result of its ownership of the corporation's capital stock, that is material to any Proponent individually, or to the Proponents in the aggregate) in such business of any Proponent; and (B) the information required by Section 5(b)(iv).

(iii) To be timely, the written notice required by Section 5(b)(i) or 5(b)(ii) must be received by the Secretary at the principal executive offices of the corporation not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of

the preceding year's annual meeting; *provided, however*, that, subject to the last sentence of this Section 5(b)(iii), in the event that the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so received (A) not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and (B) not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or, if later than the ninetieth (90th) day prior to such annual meeting, the tenth (10th) day following the day on which public announcement of the date of such meeting is first made. In no event shall an adjournment or a postponement of an annual meeting for which notice has been given, or the public announcement thereof has been made, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

(iv) The written notice required by Section 5(b)(i) or 5(b)(ii) shall also set forth, as of the date of the notice and as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (each, a "*Proponent*" and collectively, the "*Proponents*"): (A) the name and address of each Proponent, as they appear on the corporation's books; (B) the class or series and number of shares of each class of capital stock of the corporation that are owned of record and beneficially by each Proponent; (C) a description of any agreement, arrangement or understanding (whether oral or in writing) with respect to such nomination or proposal between or among any Proponent and any of its affiliates or associates, and any others (including their names) acting in concert, or otherwise under the agreement, arrangement or understanding, with any of the foregoing; (D) a representation that the Proponents are holders of record or beneficial owners, as the case may be, of shares of the corporation entitled to vote at the meeting and intend to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice (with respect to a notice under Section 5(b)(i)) or to propose the business that is specified in the notice (with respect to a notice under Section 5(b)(ii)); (E) a representation as to whether the Proponents intend to deliver a proxy statement and form of proxy to holders of a sufficient number of holders of the corporation's voting shares to elect such nominee or nominees (with respect to a notice under Section 5(b)(i)) or to carry such proposal (with respect to a notice under Section 5(b)(ii)); (F) to the extent known by any Proponent, the name and address of any other stockholder supporting the proposal on the date of such stockholder's notice; and (G) a description of all Derivative Transactions (as defined below) by each Proponent during the previous twelve (12) month period, including the date of the transactions and the class, series and number of securities involved in, and the material economic terms of, such Derivative Transactions.

(c) A stockholder providing the written notice required by Section 5(b)(i) or 5(b)(ii) shall update and supplement such notice in writing, if necessary, so that the information provided or required to be provided in such notice is true and correct in all material respects as of (i) the record date for the meeting and (ii) the date that is five (5) Business Days (as defined below) prior to the meeting and, in the event of any adjournment or postponement thereof, five (5) Business Days prior to such adjourned or postponed meeting. In the case of an update and supplement pursuant to clause (i) of this Section 5(c), such update and supplement shall be received by the Secretary at the principal executive offices of the corporation not later than five (5) Business Days after the record date for the meeting. In the case of an update and supplement pursuant to clause (ii) of this Section 5(c), such update and supplement shall be received by the Secretary at the principal executive offices of the corporation not later than two (2) Business Days prior to the date for the meeting, and, in the event of any adjournment or postponement thereof, two (2) Business Days prior to such adjourned or postponed meeting.

(d) Notwithstanding anything herein to the contrary, in the event that the number of directors to be elected to the Board of Directors of the corporation at the annual meeting is increased effective after the time period for which nominations would otherwise be due under Section 5(b)(iii) and there is no public announcement by the corporation naming the nominees for the additional directorships at least one hundred (100) days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section 5 shall also be considered timely, but only with respect to nominees for the additional directorships, if it shall be delivered to the Secretary at the principal executive offices of the corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the corporation.

(e) A person shall not be eligible for election or re-election as a director at the annual meeting unless the person is nominated either in accordance with clause (ii) or clause (iii) of Section 5(a). Except as otherwise required by law, the chairperson of the annual meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made, or proposed, as the case may be, in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these

Bylaws, or the Proponent does not act in accordance with the representations in Sections 5(b)(iv)(D) and 5(b)(iv)(E), to declare that such proposal or nomination shall not be presented for stockholder action at the meeting and shall be disregarded, notwithstanding that proxies in respect of such nomination or such business may have been solicited or received.

(f) Notwithstanding the foregoing provisions of this Section 5, in order to include information with respect to a stockholder proposal in the proxy statement and form of proxy for a stockholders' meeting, a stockholder must also comply with all applicable requirements of the 1934 Act and the rules and regulations thereunder. Nothing in these Bylaws shall be deemed to affect any rights of stockholders to request inclusion of proposals in the corporation's proxy statement pursuant to Rule 14a-8 under the 1934 Act; *provided, however*, that any references in these Bylaws to the 1934 Act or the rules and regulations thereunder are not intended to and shall not limit the requirements applicable to proposals and/or nominations to be considered pursuant to Section 5(a).

(g) For purposes of Sections 5 and 6,

(1) "*affiliates*" and "*associates*" shall have the meanings set forth in Rule 405 under the Securities Act of 1933, as amended (the "*1933 Act*");

(2) "*Business Day*" means any day other than Saturday, Sunday or a day on which banks are closed in New York City, New York.

(3) "*Derivative Transaction*" means any agreement, arrangement, interest or understanding entered into by, or on behalf or for the benefit of, any Proponent or any of its affiliates or associates, whether record or beneficial: (A) the value of which is derived in whole or in part from the value of any class or series of shares or other securities of the corporation; (B) that otherwise provides any direct or indirect opportunity to gain or share in any gain derived from a change in the value of securities of the corporation; (C) the effect or intent of which is to mitigate loss, manage risk or benefit of security value or price changes; or (D) that provides the right to vote or increase or decrease the voting power of, such Proponent, or any of its affiliates or associates, with respect to any securities of the corporation, which agreement, arrangement, interest or understanding may include, without limitation, any option, warrant, debt position, note, bond, convertible security, swap, stock appreciation right, short position, profit interest, hedge, right to dividends, voting agreement, performance-related fee or arrangement to borrow or lend shares (whether or not subject to payment, settlement, exercise or conversion in any such class or series), and any proportionate interest of such Proponent in the securities of the corporation held by any general or limited partnership, or any limited liability company, of which such Proponent is, directly or indirectly, a general partner or managing member; and

(4) "*public announcement*" shall mean disclosure in a press release reported by the Dow Jones Newswires, Associated Press or comparable national news service or in a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the 1934 Act or by such other means reasonably designed to inform the public or security holders in general of such information including, without limitation, posting on the corporation's investor relations website.

Section 6. Special Meetings.

(a) Special meetings of the stockholders of the corporation may be called, for any purpose as is a proper matter for stockholder action under Delaware law, by (i) the Chairperson of the Board of Directors, (ii) the Chief Executive Officer, or (iii) the Board of Directors pursuant to a resolution adopted by the Board of Directors.

(b) For a special meeting called pursuant to Section 6(a), the person(s) calling the meeting shall determine the time and place, if any, of the meeting; provided, however, that only the Board of Directors or a duly authorized committee thereof may authorize a meeting solely by means of remote communication. Upon determination of the date, time and place, if any, of the meeting, the Secretary shall cause a notice of meeting to be given to the stockholders entitled to vote, in accordance with the provisions of Section 7. No business may be transacted at a special meeting otherwise than as specified in the notice of meeting.

(c) Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected (i) by or at the direction of the Board of Directors or a duly authorized committee thereof or (ii) by any stockholder of the corporation who is a stockholder of record or beneficial owner at the time of giving notice provided for in this paragraph, who is entitled to vote at the meeting and who delivers written notice to the Secretary of the corporation setting forth the information required by Section 5(b)(i) and the information

required by Section 5(b)(iv). In the event the corporation calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of Directors, any such stockholder of record or beneficial owner may nominate a person or persons (as the case may be), for election to such position(s) as specified in the corporation's notice of meeting, if written notice setting forth the information required by Section 5(b)(i) and the information required by Section 5(b)(iv) shall be received by the Secretary at the principal executive offices of the corporation not later than the close of business on the later of the ninetieth (90th) day prior to such meeting or the tenth (10th) day following the day on which the corporation first makes a public announcement of the date of the special meeting at which directors are to be elected. The stockholder shall also update and supplement such information as required under Section 5(c). In no event shall an adjournment or a postponement of a special meeting for which notice has been given, or the public announcement thereof has been made, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

(d) A person shall not be eligible for election or re-election as a director at the special meeting unless the person is nominated either in accordance with clause (i) or clause (ii) of Section 6(c). Except as otherwise required by law, the chairperson of the special meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in these Bylaws and, if any nomination or business is not in compliance with these Bylaws, to declare that such nomination shall not be presented for stockholder action at the meeting and shall be disregarded, notwithstanding that proxies in respect of such nomination may have been solicited or received.

(e) Notwithstanding the foregoing provisions of this Section 6, a stockholder must also comply with all applicable requirements of the 1934 Act and the rules and regulations thereunder with respect to matters set forth in this Section 6. Nothing in these Bylaws shall be deemed to affect any rights of stockholders to request inclusion of proposals in the corporation's proxy statement pursuant to Rule 14a-8 under the 1934 Act; *provided, however*; that any references in these Bylaws to the 1934 Act or the rules and regulations thereunder are not intended to and shall not limit the requirements applicable to nominations for the election to the Board of Directors or proposals of other businesses to be considered pursuant to Section 6(c).

Section 7. Notice of Meetings. Except as otherwise provided by law, notice, given in writing or by electronic transmission, of each meeting of stockholders shall be given not fewer than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting, such notice to specify the place, if any, date and hour, in the case of special meetings, the purpose or purposes of the meeting, the record date for determining the stockholders entitled to notice of the meeting, and the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at any such meeting. If mailed, notice is given when deposited in the United States mail, postage prepaid, directed to the stockholder at such stockholder's mailing address as it appears on the records of the corporation. If delivered by courier service, notice is given at the earlier of when the notice is received or left at such stockholder's address as it appears on the records of the corporation. If sent via electronic transmission, notice is given when directed to such stockholder's electronic mail address as it appears on the records of the corporation unless the stockholder has notified the corporation in writing or by electronic transmission of an objection to receiving notice by electronic mail or such notice is prohibited by Section 232(e) of the DGCL. Notice of the time, place, if any, and purpose of any meeting of stockholders (to the extent required) may be waived in writing, signed by the person entitled to notice thereof or by electronic transmission by such person, either before or after such meeting, and will be waived by any stockholder by his or her attendance thereat in person, by remote communication, if applicable, or by proxy, except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Any stockholder so waiving notice of such meeting shall be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

Section 8. Quorum; Voting. At all meetings of stockholders, except where otherwise provided by statute or by the Certificate of Incorporation, or by these Bylaws, the presence, in person, by remote communication, if applicable, or by proxy duly authorized, of the holders of a majority of the voting power of the outstanding shares of stock entitled to vote at the meeting shall constitute a quorum for the transaction of business. In the absence of a quorum, any meeting of stockholders may be adjourned, from time to time, either by the chairperson of the meeting or by vote of the holders of a majority of the voting power of the shares represented thereat and entitled to vote thereon, but no other business shall be transacted at such meeting. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum. Except as otherwise provided by statute or by applicable stock exchange rules, or by the Certificate of Incorporation or these Bylaws, in all matters other than the election of directors, the affirmative

vote of the holders of a majority of the voting power of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the subject matter shall be the act of the stockholders. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, directors shall be elected by a plurality of the votes of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the election of directors. Where a separate vote by a class or classes or series is required, except where otherwise provided by statute, by applicable stock exchange rules or by the Certificate of Incorporation or these Bylaws, a majority of the voting power of the outstanding shares of such class or classes or series, present in person, by remote communication, if applicable, or represented by proxy duly authorized, shall constitute a quorum entitled to take action with respect to that vote on that matter. Except where otherwise provided by statute, by applicable stock exchange rules or by the Certificate of Incorporation or these Bylaws, the affirmative vote of the holders of a majority (plurality, in the case of the election of directors) of voting power of such class or classes or series present in person, by remote communication, if applicable, or represented by proxy at the meeting shall be the act of such class or classes or series.

Section 9. Adjournment and Notice of Adjourned Meetings. Any meeting of stockholders, whether annual or special, may be adjourned from time to time either by the person(s) who called the meeting or the chairperson of the meeting, or by the vote of the holders of a majority of the voting power of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote thereon. When a meeting is adjourned to another time or place, if any, notice need not be given of the adjourned meeting if the time and place, if any, and means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the corporation may transact any business that might have been transacted at the original meeting. If the adjournment is for more than thirty (30) days, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for determination of stockholders entitled to vote is fixed for the adjourned meeting, the Board of Directors shall fix as the record date for determining stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote at the adjourned meeting, and shall give notice of the adjourned meeting to each stockholder of record as of the record date so fixed for notice of such adjourned meeting.

Section 10. Voting Rights. For the purpose of determining those stockholders entitled to vote at any meeting of the stockholders, except as otherwise provided by law, only persons in whose names shares stand on the stock records of the corporation on the record date shall be entitled to vote at any meeting of stockholders. Every person entitled to vote shall have the right to do so either in person, by remote communication, if applicable, or by an agent or agents authorized by a proxy granted in accordance with Delaware law. An agent so appointed need not be a stockholder. No proxy shall be voted or acted upon after three (3) years from its date of creation unless the proxy provides for a longer period. A proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A stockholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by delivering to the Secretary of the corporation a revocation of the proxy or a new proxy bearing a later date. Voting at meetings of stockholders need not be by written ballot.

Section 11. Joint Owners of Stock. If shares or other securities having voting power stand of record in the names of two (2) or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety, or otherwise, or if two (2) or more persons have the same fiduciary relationship respecting the same shares, unless the Secretary is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship wherein it is so provided, their acts with respect to voting shall have the following effect: (a) if only one (1) votes, his or her act binds all; (b) if more than one (1) votes, the act of the majority so voting binds all; and (c) if more than one (1) votes, but the vote is evenly split on any particular matter, each faction may vote the securities in question proportionally, or any person voting the shares, or a beneficiary, may apply to the Delaware Court of Chancery for relief as provided in DGCL Section 217(b). If the instrument filed with the Secretary shows that any such tenancy is held in unequal interests, a majority or even-split for the purpose of subsection (c) shall be a majority or even-split in interest.

Section 12. List of Stockholders. The corporation shall prepare, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders of record entitled to vote at said meeting, arranged in alphabetical order, showing the address of each stockholder and the number and class of shares registered in the name of each stockholder. The Corporation shall not be required to include electronic mail addresses or other electronic contact

information on such list. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting for a period of at least ten (10) days prior to the meeting, (a) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (b) during ordinary business hours, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the principal place of business of the corporation. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to stockholders of the corporation. The list shall be open to examination of any stockholder during the time of the meeting as provided by law.

Section 13. Action without Meeting. Unless otherwise provided in the Certificate of Incorporation, no action shall be taken by the stockholders of the corporation except at an annual or a special meeting of the stockholders called in accordance with these Bylaws, and no action of the stockholders of the corporation may be taken by the stockholders by written consent or electronic transmission.

Section 14. Organization.

(a) At every meeting of stockholders, the Chairperson of the Board of Directors, or, if a chairperson has not been appointed, is absent or refuses to act, the Chief Executive Officer, or, if no Chief Executive Officer is then serving, is absent or refuses to act, the President, or, if the President is absent or refuses to act, a chairperson of the meeting designated by the Board of Directors, or, if the Board of Directors does not designate such chairperson, a chairperson chosen by a majority of the voting power of the stockholders entitled to vote, present in person or by proxy duly authorized, shall act as chairperson. The Chairperson of the Board may appoint the Chief Executive Officer as chairperson of the meeting. The Secretary, or, in his or her absence, an Assistant Secretary directed to do so by the chairperson of the meeting, shall act as secretary of the meeting.

(b) The Board of Directors of the corporation shall be entitled to make such rules or regulations for the conduct of meetings of stockholders as it shall deem necessary, appropriate or convenient. Subject to such rules and regulations of the Board of Directors, if any, the chairperson of the meeting shall have the right and authority to convene and (for any or no reason) to recess and/or adjourn the meeting, to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairperson, are necessary, appropriate or convenient for the proper conduct of the meeting, including, without limitation, establishing an agenda or order of business for the meeting, rules and procedures for maintaining order at the meeting and the safety of those present, limitations on participation in such meeting to stockholders of record of the corporation and their duly authorized and constituted proxies and such other persons as the chairperson shall permit, restrictions on entry to the meeting after the time fixed for the commencement thereof, limitations on the time allotted to questions or comments by participants and regulation of the opening and closing of the polls for balloting on matters which are to be voted on by ballot. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting. Unless and to the extent determined by the Board of Directors or the chairperson of the meeting, meetings of stockholders shall not be required to be held in accordance with rules of parliamentary procedure.

(c) The corporation shall, in advance of any meeting of stockholders, appoint one (1) or more inspectors to act at the meeting and make a written report thereof. The corporation may designate one (1) or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the chairperson of the meeting shall appoint one (1) or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of the duties of inspector, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of such inspector's ability. The inspectors shall: (1) ascertain the number of shares outstanding and the voting power of each; (2) determine the shares represented at a meeting and the validity of proxies and ballots; (3) count all votes and ballots; (4) determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors; and (5) certify their determination of the number of shares represented at the meeting, and their count of all votes and ballots. The inspectors may appoint or retain other persons or entities to assist the inspectors in the performance of the duties of the inspectors. In determining the validity and counting of proxies and ballots, the inspectors shall be limited to an examination of the proxies, any envelopes submitted with those proxies, any information provided in accordance with Sections 211(e) or 212(c) (2) of the DGCL, or any information provided pursuant to Sections 211(a)(2)b.(i) or (iii) of the DGCL, ballots and the regular books and records of the corporation, except that the inspectors may consider other reliable information for the limited purpose of reconciling proxies and ballots submitted by or on behalf of banks,

brokers, their nominees or similar persons which represent more votes than the holder of a proxy is authorized by the record owner to cast or more votes than the stockholder holds of record. If the inspectors consider other reliable information for the limited purpose permitted herein, the inspectors at the time they make their certification pursuant to Section 231(b)(5) of the DGCL shall specify the precise information considered by them including the person or persons from whom they obtained the information, when the information was obtained, the means by which the information was obtained and the basis for the inspectors' belief that such information is accurate and reliable.

The authorized number of directors of the corporation shall be fixed exclusively from time to time by a resolution adopted by the majority of the Board of Directors. Directors need not be stockholders unless so required by the Certificate of Incorporation. Section 19. Resignation. If no such specification is made, the resignation shall be effective at the time of delivery of the resignation to the Secretary.

Section 20. Removal. Subject to the rights of holders of any series of Preferred Stock (as defined in the Certificate of Incorporation) to elect additional directors or remove such directors under specified circumstances, neither the Board of Directors nor any individual director may be removed except in the manner specified in Section 141(k) of the DGCL.

Section 21. Meetings.

(a) Regular Meetings. Unless otherwise restricted by the Certificate of Incorporation, regular meetings of the Board of Directors may be held at any time or date and at any place, if any, within or without the State of Delaware which has been designated by the Board of Directors and publicized among all directors, either orally or in writing, by telephone, including a voice-messaging system or other system designed to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means. No further notice shall be required for regular meetings of the Board of Directors.

(b) Special Meetings. (c) Meetings by Electronic Communications Equipment. Any member of the Board of Directors, or of any committee thereof, may participate in a meeting by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

If notice is sent by U.S. mail, it shall be sent by first class mail, postage prepaid at least three (3) days before

the date of the meeting. Notice of any special meeting may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

(e) Waiver of Notice. The transaction of all business at any meeting of the Board of Directors, or any committee thereof, however called or noticed, or wherever held, shall be as valid as though it had been transacted at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present who did not receive notice shall sign a written waiver of notice or shall waive notice by electronic transmission. All such waivers shall be filed with the corporate records or made a part of the minutes of the meeting. Notice of any meeting will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

Section 22. Quorum and Voting.

(a) Unless the Certificate of Incorporation requires a greater number, a quorum of the Board of Directors shall consist of a majority of the directors currently serving on the Board of Directors (but in no event less than one-third of the total authorized number of directors); *provided, however*, at any meeting whether a quorum be present or otherwise, a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the Board of Directors, without notice other than by announcement at the meeting.

(b) At each meeting of the Board of Directors at which a quorum is present, all questions and business shall be determined by the affirmative vote of a majority of the directors present, unless a different vote be required by law, the Certificate of Incorporation or these Bylaws.

Section 23. Action Without Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or committee, as the case may be, consent thereto in writing or by electronic transmission. The consent or consents shall be filed with the minutes of proceedings of the Board of Directors or committee, in the same paper or electronic form as the minutes are maintained.

Section 24. Fees and Compensation. Directors shall be entitled to such compensation for their services as may be approved by the Board of Directors or a committee thereof to which the Board of Directors has delegated such responsibility and authority, including, if so approved, by resolution of the Board of Directors or a committee thereof to which the Board of Directors has delegated such responsibility and authority, a fixed sum and expenses of attendance, if any, for attendance at each regular or special meeting of the Board of Directors and at any meeting of a committee of the Board of Directors. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise and receiving compensation therefor.

Section 25. Committees.

(a) Executive Committee. The Board of Directors may appoint an Executive Committee to consist of one or more members of the Board of Directors. The Executive Committee, to the extent permitted by law and provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation, and may authorize the seal of the corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to (i) approving or adopting, or recommending to the stockholders, any action or matter (other than the election or removal of directors) expressly required by the DGCL to be submitted to stockholders for approval, or (ii) adopting, amending or repealing any Bylaw of the corporation.

(b) Other Committees. The Board of Directors may, from time to time, appoint such other committees as may be permitted by law. Such other committees appointed by the Board of Directors shall consist of one (1) or more members of the Board of Directors and shall have such powers and perform such duties as may be prescribed by the resolution or resolutions creating such committees, but in no event shall any such committee have the powers denied to the Executive Committee in these Bylaws.

(c) Term. The Board of Directors, subject to any requirements of any outstanding series of Preferred Stock and the provisions of subsections (a) or (b) of this Section 25, may at any time increase or decrease the number of members of a committee or terminate the existence of a committee. The membership of a committee member shall terminate on the date of his or her death or voluntary resignation from the committee or from the Board of Directors. The Board of Directors may at any time for any reason remove any individual committee member and the Board of Directors may fill any committee vacancy created by death, resignation, removal or increase in the number of members of the committee. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee, and, in addition, in the absence or disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member.

(d) Meetings. Unless the Board of Directors shall otherwise provide, regular meetings of the Executive Committee or any other committee appointed pursuant to this Section 25 shall be held at such times and places, if any, as are determined by the Board of Directors, or by any such committee, and when notice thereof has been given to each member of such committee, no further notice of such regular meetings need be given thereafter. Special meetings of any such committee may be held at any place, if any, which has been determined from time to time by such committee, and may be called by any director who is a member of such committee, upon notice to the members of such committee of the time and place of such special meeting given in the manner provided for the giving of notice to members of the Board of Directors of the time and place of special meetings of the Board of Directors. Notice of any regular or special meeting of any committee may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends such regular or special meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Unless otherwise provided by the Board of Directors in the resolutions authorizing the creation of the committee, a majority of the authorized number of members of any such committee shall constitute a quorum for the transaction of business, and the act of a majority of those members of the committee present at any meeting at which a quorum is present shall be the act of such committee.

Section 26. Duties of Chairperson of the Board of Directors. The Chairperson of the Board of Directors, if appointed and when present, shall preside at all meetings of the stockholders and the Board of Directors. The Chairperson of the Board of Directors shall perform other duties commonly incident to the office and shall also perform such other duties and have such other powers, as the Board of Directors shall designate from time to time.

Section 27. Organization. At every meeting of the directors, the Chairperson of the Board of Directors, or, if a Chairperson has not been appointed or is absent, the Chief Executive Officer (if a director), or, if a Chief Executive Officer is absent, the President (if a director), or if the President is absent, the most senior Vice President (if a director), or, in the absence of any such person, a chairperson of the meeting chosen by a majority of the directors present, shall preside over the meeting. The Secretary, or in his or her absence, any Assistant Secretary or other officer, director or other person directed to do so by the person presiding over the meeting, shall act as secretary of the meeting.

Section 28. Interested Directors. No contract or transaction between the corporation and one or more of its directors or officers, or between the corporation and any other corporation, partnership, association or other organization in which one or more of its directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because any such director's or officer's vote is counted for such purpose if: (i) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (ii) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (iii) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified by the Board of Directors, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

The Secretary shall perform all other duties provided for in these Bylaws and other duties commonly incident to the office and shall also perform such other duties and have such other powers, as the Board of Directors shall designate from time to time. The Chief Executive Officer, or if no Chief Executive Officer is then serving, the President may direct any Assistant Secretary or other officer to assume and perform the duties of the Secretary in the absence or disability of the Secretary, and each Assistant Secretary shall perform other duties commonly incident to the office and shall also perform such other duties and have such other powers as the Board of Directors or the Chief Executive Officer, or if no Chief Executive Officer is then serving, the President shall designate from time to time.

Any resignation shall be without prejudice to the rights, if any, of the corporation under any contract with the resigning officer.

Section 33. Removal. Any officer may be removed from office at any time, either with or without cause, by the Board of Directors, or by any committee or superior officer upon whom such power of removal may have been conferred by the Board of Directors.

ARTICLE VI

EXECUTION OF CORPORATE INSTRUMENTS AND VOTING OF SECURITIES OWNED BY THE CORPORATION

Section 34. Execution of Corporate Instruments. The Board of Directors may, in its discretion, determine the method and designate the signatory officer or officers, or other person or persons, to execute on behalf of the corporation any corporate instrument or document, or to sign on behalf of the corporation the corporate name without limitation, or to enter into contracts on behalf of the corporation, except where otherwise provided by applicable law or these Bylaws, and such execution or signature shall be binding upon the corporation. All checks and drafts drawn on banks or other depositories on funds to the credit of the corporation or in special accounts of the corporation shall

be signed by such person or persons as the Board of Directors shall authorize so to do. Unless (i) authorized or ratified by the Board of Directors or (ii) within the agency power of an officer of any designee of any such officer (each, an “*Authorized Employee*”), no officer, agent or employee other than an Authorized Employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

Section 35. Voting of Securities Owned by the Corporation. All stock and other securities and interests of other corporations and entities owned or held by the corporation for itself, or for other parties in any capacity, shall be voted, and all proxies with respect thereto shall be executed, by the person authorized so to do by resolution of the Board of Directors, or, in the absence of such authorization, by the Chairperson of the Board of Directors, the Chief Executive Officer, the President, or any Vice President.

ARTICLE VII

SHARES OF STOCK

Section 36. Form and Execution of Certificates.

(a) The shares of the corporation shall be represented by certificates, or shall be uncertificated if so provided by resolution or resolutions of the Board of Directors. Certificates, if any, for the shares of stock shall be in such form as is consistent with the Certificate of Incorporation and applicable law.

(b) Every holder of stock in the corporation represented by certificate shall be entitled to have a certificate signed by, or in the name of, the corporation by any two (2) authorized officers of the corporation, certifying the number of shares owned by such holder in the corporation. Any or all of the signatures on the certificate may be facsimiles. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued with the same effect as if he or she were such officer, transfer agent, or registrar at the date of issue.

Section 37. Lost Certificates. A new certificate or certificates shall be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen, or destroyed. The corporation may require, as a condition precedent to the issuance of a new certificate or certificates, the owner of such lost, stolen, or destroyed certificate or certificates, or the owner’s legal representative, to agree to indemnify the corporation in such manner as it shall require or to give the corporation a surety bond in such form and amount as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost, stolen, or destroyed.

Section 38. Transfers.

(a) Transfers of record of shares of stock of the corporation shall be made only upon its books by the holders thereof, in person or by attorney duly authorized, and, in the case of stock represented by certificate, upon the surrender of a properly endorsed certificate or certificates for a like number of shares.

(b) The corporation shall have power to enter into and perform any agreement with any number of stockholders of any one or more classes or series of stock of the corporation to restrict the transfer of shares of stock of the corporation of any one or more classes owned by such stockholders in any manner not prohibited by the DGCL.

Section 39. Fixing Record Dates.

(a) In order that the corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall, subject to applicable law, not be more than sixty (60) nor fewer than ten (10) days before the date of such meeting. If the Board of Directors so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If

no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; *provided, however*, that the Board of Directors may fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance herewith at the adjourned meeting.

(b) In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty (60) days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 40. Registered Stockholders. The corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

ARTICLE VIII

OTHER SECURITIES OF THE CORPORATION

Section 41. Execution of Other Securities. All bonds, debentures and other corporate securities of the corporation, other than stock certificates (covered in Section 35), may be signed by any executive officer (as defined in Article XI) or any other officer or person as may be authorized by the Board of Directors; *provided, however*, that where any such bond, debenture or other corporate security shall be authenticated by the manual signature, or where permissible facsimile signature, of a trustee under an indenture pursuant to which such bond, debenture or other corporate security shall be issued, the signatures of the persons signing and attesting the corporate seal on such bond, debenture or other corporate security may be the imprinted facsimile of the signatures of such persons. Interest coupons appertaining to any such bond, debenture or other corporate security, authenticated by a trustee as aforesaid, shall be signed by an executive officer of the corporation or such other officer or person as may be authorized by the Board of Directors, or bear imprinted thereon the facsimile signature of such person. In case any officer who shall have signed or attested any bond, debenture or other corporate security, or whose facsimile signature shall appear thereon or on any such interest coupon, shall have ceased to be such officer before the bond, debenture or other corporate security so signed or attested shall have been delivered, such bond, debenture or other corporate security nevertheless may be adopted by the corporation and issued and delivered as though the person who signed the same or whose facsimile signature shall have been used thereon had not ceased to be such officer of the corporation.

ARTICLE IX

DIVIDENDS

Section 42. Declaration of Dividends. Dividends upon the outstanding capital stock of the corporation, subject to the provisions of the Certificate of Incorporation and applicable law, if any, may be declared by the Board of Directors. Dividends may be paid in cash, in property, or in shares of the corporation's capital stock, subject to the provisions of the Certificate of Incorporation and applicable law.

Section 43. Dividend Reserve. Before payment of any dividend, there may be set aside out of any funds of the corporation available for dividends such sum or sums as the Board of Directors from time to time, in its absolute discretion, thinks proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the corporation, or for such other purpose as the Board of Directors shall think conducive to the interests of the corporation, and the Board of Directors may modify or abolish any such reserve in the manner in which it was created.

ARTICLE X

FISCAL YEAR

Section 44. Fiscal Year. The fiscal year of the corporation shall end on December 31 or on such other date as may otherwise be fixed by resolution of the Board of Directors.

ARTICLE XI

INDEMNIFICATION

Section 45. Indemnification of Directors, Executive Officers, Employees and Other Agents.

(a) Directors and Executive Officers. The corporation shall indemnify and hold harmless, to the fullest extent permitted by the DGCL as it presently exists or may hereafter be amended, any director or officer of the Corporation who was or is made or is threatened to be made a party or is otherwise involved in any Proceeding (as defined below) by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the corporation or, while serving as a director or officer of the corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership (a “covered person”), joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys’ fees, judgments, fines ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred by such person in connection with any such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 45(d), the corporation shall be required to indemnify a person in connection with a Proceeding initiated by such person only if the Proceeding was authorized in the specific case by the Board.

(b) Other Officers, Employees and Other Agents. The corporation shall have the power to indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any employee or agent of the corporation who was or is made or is threatened to be made a party or is otherwise involved in any Proceeding by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was an employee or agent of the Corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses reasonably incurred by such person in connection with any such Proceeding.

(c) Expenses. The corporation shall advance to any person who was or is a party or is threatened to be made a party to any Proceeding by reason of the fact that he or she is or was a director or executive officer of the corporation, or is or was serving at the request of the corporation as a director or executive officer of another corporation, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request therefor, all expenses incurred by any director or executive officer in connection with such Proceeding provided, however, that if the DGCL requires, an advancement of expenses incurred by a director or executive officer in his or her capacity as a director or executive officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the corporation of an undertaking (hereinafter an “*undertaking*”), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a “*final adjudication*”) that such indemnitee is not entitled to be indemnified for such expenses under this section or otherwise.

(d) Enforcement. Without the necessity of entering into an express contract, all rights to indemnification and advances to directors and executive officers under this Bylaw shall be deemed to be contractual rights and be effective to the same extent and as if provided for in a contract between the corporation and the director or executive officer. Any right to indemnification or advances granted by this section to a director or executive officer shall be enforceable by or on behalf of the person holding such right in the Court of Chancery of the State of Delaware if (i) the claim for indemnification or advances is denied by the Board of Directors, in whole or in part, or (ii) no disposition of such claim is made within ninety (90) days of request therefor. To the extent permitted by law, the claimant in such enforcement action, if successful in whole or in part, shall be entitled to be paid also the expense of prosecuting the claim to the fullest extent permitted by law. In connection with any claim for indemnification, the corporation shall be entitled to raise as a defense to any such action that the claimant has not met the standards of conduct that make it permissible under the DGCL or any other applicable law for the corporation to indemnify the claimant for

the amount claimed. In connection with any claim by an executive officer of the corporation (except in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such executive officer is or was a director of the corporation) for advances, the corporation shall be entitled to raise a defense as to any such action clear and convincing evidence that such person acted in bad faith or in a manner that such person did not reasonably believe to be in or not opposed to the best interests of the corporation, or with respect to any criminal action or proceeding that such person acted without reasonable cause to believe that his or her conduct was lawful. Neither the failure of the corporation (including its Board of Directors, independent legal counsel or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the DGCL or any other applicable law, nor an actual determination by the corporation (including its Board of Directors, independent legal counsel or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct. In any suit brought by a director or executive officer to enforce a right to indemnification or to an advancement of expenses hereunder, the burden of proving that the director or executive officer is not entitled to be indemnified, or to such advancement of expenses, under this section or otherwise shall be on the corporation.

(e) Non-Exclusivity of Rights. The rights conferred on any person by this Bylaw shall not be exclusive of any other right which such person may have or hereafter acquire under any applicable statute, provision of the Certificate of Incorporation, Bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding office. The corporation is specifically authorized to enter into individual contracts with any or all of its directors, officers, employees or agents respecting indemnification and advances, to the fullest extent not prohibited by the DGCL, or by any other applicable law.

(f) Survival of Rights. The rights conferred on any person by this Bylaw shall continue as to a person who has ceased to be a director or executive officer or officer, employee or other agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(g) Insurance. To the fullest extent permitted by the DGCL or any other applicable law, the corporation, upon approval by the Board of Directors, may purchase insurance on behalf of any person required or permitted to be indemnified pursuant to this section.

(h) Amendments. Any amendment, repeal or modification of this section shall only be prospective and shall not affect the rights under this Bylaw in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any proceeding against any agent of the corporation.

(i) Saving Clause. If this Bylaw or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the corporation shall nevertheless indemnify each director and executive officer to the full extent not prohibited by any applicable portion of this section that shall not have been invalidated, or by any other applicable law. If this section shall be invalid due to the application of the indemnification provisions of another jurisdiction, then the corporation shall indemnify each director and executive officer to the full extent under any other applicable law.

(j) Certain Definitions. For the purposes of this Bylaw, the following definitions shall apply:

(i) The term “*Proceeding*” shall be broadly construed and shall include, without limitation, the investigation, preparation, prosecution, defense, settlement, arbitration and appeal of, and the giving of testimony in, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative.

(ii) The term “*expenses*” shall be broadly construed and shall include, without limitation, court costs, attorneys’ fees, witness fees, fines, amounts paid in settlement or judgment and any other costs and expenses of any nature or kind incurred in connection with any proceeding.

(iii) The term the “*corporation*” shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another

corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would have with respect to such constituent corporation if its separate existence had continued.

(iv) References to a “*director*,” “*executive officer*,” “*officer*,” “*employee*,” or “*agent*” of the corporation shall include, without limitation, situations where such person is serving at the request of the corporation as, respectively, a director, executive officer, officer, employee, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise.

(v) References to “*other enterprises*” shall include employee benefit plans; references to “*fin*es” shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to “*serv*ing at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “*not opposed to the best interests of the corporation*” as referred to in this section.

ARTICLE XII

NOTICES

Section 46. Notices.

(a) **Notice to Stockholders.** Notice to stockholders of stockholder meetings shall be given as provided in Section 7 herein. Without limiting the manner by which notice may otherwise be given effectively to stockholders, including under any agreement or contract with such stockholder, subject to Section 232(e) of the DGCL, any written notice to stockholders given by the corporation under any provision of the DGCL, the Certificate of Incorporation or the Bylaws shall be effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice or electronic transmission to the corporation. Notice shall be deemed given pursuant to this Section 45, (1) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (2) if by a posting on an electronic network together with separate notice to the stockholder of such specific posting, upon the later of (a) such posting, and (b) the giving of such separate notice; and (3) if by any other form of electronic transmission, when directed to the stockholder. For purposes of these Bylaws, (1) “*Electronic transmission*” means any form of communication, not directly involving the physical transmission of paper, including the use of, or participation in, one or more electronic networks or databases (including one or more distributed electronic networks or databases), that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process; (2) “*Electronic mail*” means an electronic transmission directed to a unique electronic mail address (which electronic mail shall be deemed to include any files attached thereto and any information hyperlinked to a website if such electronic mail includes the contact information of an officer or agent of the corporation who is available to assist with accessing such files and information); and (3) “*Electronic mail address*” means a destination, commonly expressed as a string of characters, consisting of a unique user name or mailbox (commonly referred to as the “local part” of the address) and a reference to an internet domain (commonly referred to as the “domain part” of the address), whether or not displayed, to which electronic mail can be sent or delivered.

(b) **Notice to Directors.** Any notice required to be given to any director may be given by the method stated in subsection (a) or as otherwise provided in these Bylaws, with notice other than one which is delivered personally to be sent to such address as such director shall have filed in writing with the Secretary, or, in the absence of such filing, to the last known address of such director.

(c) **Affidavit of Mailing.** An affidavit of mailing, executed by a duly authorized and competent employee of the corporation or its transfer agent appointed with respect to the class of stock affected or other agent, specifying the name and address or the names and addresses of the stockholder or stockholders, or director or directors, to whom any such notice or notices was or were given, and the time and method of giving the same, shall in the absence of fraud, be prima facie evidence of the facts therein contained.

(d) Methods of Notice. It shall not be necessary that the same method of giving notice be employed in respect of all recipients of notice, but one permissible method may be employed in respect of any one or more, and any other permissible method or methods may be employed in respect of any other or others.

(e) Notice to Person with Whom Communication is Unlawful. Whenever notice is required to be given, under any provision of law or of the Certificate of Incorporation or Bylaws, to any person with whom communication is unlawful, the giving of such notice to such person shall not be required and there shall be no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting which shall be taken or held without notice to any such person with whom communication is unlawful shall have the same force and effect as if such notice had been duly given. In the event that the action taken by the corporation is such as to require the filing of a certificate under any provision of the DGCL, the certificate shall state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

(f) Notice to Stockholders Sharing an Address. Except as otherwise prohibited under the DGCL, any notice given under the provisions of the DGCL, the Certificate of Incorporation or the Bylaws shall be effective if given by a single written notice to stockholders who share an address if consented to by the stockholders at that address to whom such notice is given. Such consent shall have been deemed to have been given if such stockholder fails to object in writing to the corporation within sixty (60) days of having been given notice by the corporation of its intention to send the single notice. Any consent shall be revocable by the stockholder by written notice to the corporation.

ARTICLE XIII

AMENDMENTS

Section 47. Amendments. Subject to the limitations set forth in Section 44(h) of these Bylaws or the provisions of the Certificate of Incorporation, the Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws. Any adoption, amendment or repeal of the Bylaws by the Board of Directors shall require the approval of a majority of the authorized number of directors. The stockholders also shall have power to adopt, amend or repeal the Bylaws; provided, however, that, in addition to any vote of the holders of any class or series of stock of the corporation required by law or by the Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least sixty- six and two-thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of the capital stock of the corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE XIV

LOANS TO OFFICERS

Section 48. Loans to Officers. Except as otherwise prohibited by applicable law, the corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the corporation or of its subsidiaries, including any officer or employee who is a director of the corporation or its subsidiaries, whenever, in the judgment of the Board of Directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation. The loan, guarantee or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors shall approve, including, without limitation, a pledge of shares of stock of the corporation. Nothing in these Bylaws shall be deemed to deny, limit or restrict the powers of guaranty or warranty of the corporation at common law or under any statute.

ARTICLE XV

BOOKS AND RECORDS

Section 49. Books and Records. The books and records of the corporation may be kept within or outside the State of Delaware at such place or places as may from time to time be designated by the Board of Directors. Any books or records maintained by the corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or by means of, or be in the form of, any information storage device or method; provided, however, that the books and records so kept can be converted into clearly legible paper form within a reasonable time. The corporation shall so convert any books or records so kept upon the request of any person entitled to inspect such records pursuant to the Certificate of Incorporation, these Bylaws or the DGCL.

EARNOUT ELECTION AGREEMENT

THIS EARNOUT ELECTION AGREEMENT (this “*Agreement*”), dated as of [•], 2022, is made and entered into by and among, (i) Health Sciences Acquisitions Corporation 2, a Cayman Islands exempted company (which shall deregister in the Cayman Islands and domesticate as a Delaware corporation prior to the Closing, “*Parent*”) (“*Parent*”), (ii) Orchestra BioMed, Inc., a Delaware corporation (the “*Company*”), and (iii) the Company Securityholder set forth on the signature page hereto (“*Holder*”). Capitalized terms used but not otherwise defined in this Agreement shall have the meanings ascribed to such terms in the Merger Agreement (as defined below).

RECITALS

WHEREAS, Parent, HSAC Olympus Merger Sub, Inc., a Delaware corporation (“*Merger Sub*”), and the Company, are party to that certain Agreement and Plan of Merger, dated as of [•], 2022 (as amended or restated from time to time, the “*Merger Agreement*”), pursuant to which, at the Closing, Merger Sub will merge (the “*Merger*”) with and into the Company, with the Company surviving the Merger as a wholly owned subsidiary of Parent;

WHEREAS, immediately prior to the Effective Time, all of the issued and outstanding shares of Company Preferred Stock held by Holder, if any, will automatically convert into shares of Company Common Stock in accordance with the applicable terms of the Company Certificate of Incorporation (the “*Conversion*”);

WHEREAS, at the Effective Time each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (assuming completion of the Conversion) held by Holder will automatically be cancelled, extinguished and converted into the right to receive a number of Domesticated Parent Common Shares as calculated in accordance with Section 4.1(b) of the Merger Agreement (the “*Merger Shares*”); and

WHEREAS, pursuant to Section 4.7 of the Merger Agreement (the “*Earnout Provisions*”), each Person that was a Company Stockholder immediately prior to the Effective Time (other than holders of Dissenting Shares) that delivers this Agreement or an agreement substantially similar to this Agreement duly executed to the Company (copies of which will be provided to Parent) will be entitled to, among other things, its Pro Rata Portion of the Earnout Shares, subject to the terms and conditions set forth in the Merger Agreement.

NOW, THEREFORE, in consideration of the representations, covenants and agreements contained herein, and certain other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Earnout Election. The parties acknowledge and agree that, effective as of and contingent upon the Closing, Holder shall be deemed an “Earnout Participant” for purposes of the Earnout Provisions and, without limiting the foregoing, shall be entitled to the rights, benefits and privileges, and subject to the restrictions and obligations, of (a) an Earnout Participant under the Earnout Provisions and (b) this Agreement.

2. No Security Interest. The parties intend that none of Holder’s rights to receive its portion of the Earnout Shares in accordance with the Merger Agreement (“*Holder’s Earnout Rights*”) and any interest therein shall be deemed to be a “security” for purposes of any securities law of any jurisdiction. Holder’s Earnout Rights are deemed contractual rights in connection with the Merger and the parties do not view Holder’s Earnout Rights as an investment by Holder. Holder’s Earnout Rights will not be represented by any physical certificate or similar instrument. Holder’s Earnout Rights do not represent an equity or ownership interest in any entity. No interest in Holder’s Earnout Rights may be sold, transferred assigned, pledged, hypothecated, encumbered or otherwise disposed of, except by operation of law, and any attempt to do so shall be null and void. For the avoidance of doubt, once issued to Holder, its portion of the Earnout Shares shall be considered a “security” for purposes of any securities law of any jurisdiction and the restrictions set forth in the foregoing sentence shall not apply to such issued Earnout Shares.

3. Lock-Up.

(a) Except as permitted by Section 4, Holder shall not Transfer any Subject Shares (as defined below) (the “*Lock-up*”) until the date that is the earlier of (i) one (1) year from the date of the Closing or (ii) the date on which Parent completes a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of Parent’s stockholders having the right to exchange their Domesticated Parent Common Shares for cash, securities or other property (the “*Lock-up Period*”).

(b) For Purposes of this Agreement, “**Subject Shares**” shall mean any (i) Merger Shares and (ii) Earnout Shares issued prior to the expiration of the Lock-Up Period, in each case, that are beneficially owned or owned of record by such Holder.

(c) For purposes of this Agreement, “**Transfer**” shall mean the (i) the sale or assignment of, offer to sell, contract or agreement to sell, grant of any option to purchase or otherwise dispose of or agreement to dispose of, directly or indirectly, or establishment or increase of a put equivalent position or liquidation with respect to or decrease of a call equivalent position within the meaning of Section 16 of the Exchange Act with respect to any Subject Shares, (ii) entry into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Subject Shares, whether any such transaction is to be settled by delivery of such securities, in cash or otherwise, or (iii) public announcement of any intention to effect any transaction specified in clause (i) or (ii).

4. Exceptions to Lock-Up. The provisions of Section 3 shall not apply to:

(a) Transfers of Subject Shares as a bona fide gift or charitable contribution;

(b) Transfers of Subject Shares to a trust, family limited partnership or other entity formed for estate planning purposes for the primary benefit of the spouse, domestic partner, parent, sibling, child or grandchild of Holder or any other person with whom Holder has a relationship by blood, marriage or adoption not more remote than first cousin and Transfers to any such family member;

(c) Transfers of Subject Shares by will or intestate succession or the laws of descent and distributions upon the death of Holder (it being understood and agreed that the appointment of one or more executors, administrators or personal representatives of the estate of Holder shall not be deemed a Transfer hereunder to the extent that such executors, administrators and/or personal representatives comply with the terms of this Agreement on behalf of such estate);

(d) Transfers of Subject Shares pursuant to a qualified domestic order or in connection with a divorce settlement;

(e) if Holder is a corporation, partnership (whether general, limited or otherwise), limited liability company, trust or other business entity, (i) Transfers of Subject Shares to another corporation, partnership, limited liability company, trust or other business entity that controls, is controlled by or is under common control or management with Holder (including, for the avoidance of doubt, where such Holder is a partnership, to its general partner or a successor partnership or fund, or any other funds managed by such partnership), or (ii) Transfers of Subject Shares as part of a dividend, distribution, transfer or other disposition of shares to partners, limited liability company members, direct or indirect stockholders or other equity holders of Holder, including, for the avoidance of doubt, where such Holder is a partnership, to its general partner or a successor partnership, fund or investment vehicle, or any other partnerships, funds or investment vehicles controlled or managed by such partnership;

(f) if Holder is a trust, Transfers of Subject Shares to a trustor or beneficiary of such trust or to the estate of a beneficiary of such trust;

(g) Transfers of Subject Shares to Parent’s or Holder’s officers, directors, members, consultants or their affiliates;

(h) pledges of Subject Shares as security or collateral in connection with any borrowing or the incurrence of any indebtedness by any Holder (provided such borrowing or incurrence of indebtedness is secured by a portfolio of assets or equity interests issued by multiple issuers);

(i) Transfers of Subject Shares pursuant to a *bona fide* third-party tender offer, merger, asset acquisition, stock sale, recapitalization, consolidation, business combination or other transaction or series of related transactions involving a Change in Control in Parent, provided that in the event that such tender offer, merger, asset acquisition, stock sale, recapitalization, consolidation, business combination or other such transaction is not completed, the securities subject to this Agreement shall remain subject to this Agreement;

(j) Transfers of Subject Shares to Parent in connection with the liquidation or dissolution of Parent by virtue of the laws of the state of Parent's organization and Parent's organizational documents;

(k) the establishment of a trading plan pursuant to Rule 10b5-1 promulgated under the Exchange Act, provided that such plan does not provide for the Transfer of any Subject Shares during the Lock-Up Period; and

(l) Transfers of Subject Shares to satisfy any U.S. federal, state, or local income tax obligations of the Lock-up Party (or its direct or indirect owners) arising from a change in the U.S. Internal Revenue Code of 1986, as amended (the "*Code*"), or the U.S. Treasury Regulations promulgated thereunder (the "*Regulations*") after the date on which the Merger Agreement was executed by the parties, and such change prevents the Merger from qualifying as a "reorganization" pursuant to Section 368 of the Code (and the Merger does not qualify for similar tax-free treatment pursuant to any successor or other provision of the Code or Regulations taking into account such changes), in each case solely and to the extent necessary to cover any tax liability as a direct result of the transaction;

PROVIDED, THAT IN THE CASE OF ANY TRANSFER OR DISTRIBUTION PURSUANT TO SECTIONS 4(a) THROUGH 4(g) AND 4(l), EACH DONEE, DISTRIBUTEE OR OTHER TRANSFEREE SHALL AGREE IN WRITING, IN FORM AND SUBSTANCE REASONABLY SATISFACTORY TO PARENT, TO BE BOUND BY THE PROVISIONS OF THIS AGREEMENT.

5. Null and Void. If any Transfer of Subject Shares prior to the end of the Lock-up Period is made or attempted contrary to the provisions of this Agreement, such purported Transfer shall be null and void *ab initio*, and Parent shall refuse to recognize any such purported transferee of such Subject Shares as one of its equityholders for any purpose.

6. Legend. During the Lock-up Period, each certificate evidencing any Subject Shares shall be stamped or otherwise imprinted with a legend in substantially the following form, in addition to any other applicable legends:

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO RESTRICTIONS ON TRANSFER SET FORTH IN AN EARNOUT ELECTION AGREEMENT, DATED AS OF [•], 2022 (AS MAY BE AMENDED OR RESTATED FROM TIME TO TIME), A COPY OF WHICH IS ON FILE WITH THE SECRETARY OF THE COMPANY. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH AGREEMENT."

Promptly upon the expiration of the Lock-up Period, Parent shall cause the removal of such legend and, if determined appropriate by Parent, any restrictive legend related to compliance with the federal securities laws from the certificates evidencing the Subject Shares.

7. Representations and Warranties. Holder represents and warrants to Parent and the Company as follows: (a) this Agreement has been duly executed and delivered by Holder and, assuming due authorization, execution and delivery by the other parties to this Agreement, this Agreement constitutes a legally valid and binding obligation of Holder, enforceable against Holder in accordance with the terms hereof (except as enforceability may be limited by bankruptcy Laws, other similar Laws affecting creditors' rights and general principles of equity affecting the availability of specific performance and other equitable remedies); (b) the execution and delivery of this Agreement by Holder does not, and the performance by Holder of his, her or its obligations hereunder will not, (i) if such Holder is not an individual, conflict with or result in a violation of the organizational documents of Holder or (ii) require any consent or approval that has not been given or other action that has not been taken by any Person (including under any contract binding upon Holder), in each case, to the extent such consent, approval or other action would prevent, enjoin or materially delay the performance by Holder of its, his or her obligations under this Agreement; (c) Holder has not entered into, and shall not enter into or otherwise amend, any contract or other agreement that would result in the restriction, limitation or interference with the performance of Holder's obligations hereunder; (d) Holder acknowledges that it has had the opportunity to review this Agreement and the transactions contemplated by this Agreement with Holder's own legal counsel, investment and tax advisors; and (e) Holder is not relying on any statements or representations of Parent or any of its representatives or agents for legal, tax or investment advice with respect to this Agreement.

8. Notices. Any notice hereunder shall be sent in writing, addressed as specified below, and shall be deemed given: (a) if by hand or recognized courier service, by 4:00 PM on a business day, addressee's day and time, on the date of delivery, and otherwise on the first business day after such delivery; (b) if by fax or email, on the date that transmission is confirmed electronically, if by 4:00 PM on a business day, addressee's day and time, and otherwise on

**Orchestra BioMed Holdings, Inc.
2022 Equity Incentive Plan**

**Adopted By The Board Of Directors: [•], 2022
Approved By The Stockholders: [•], 2022
Effective Date: [•], 2022**

1. General.

(a) Plan Purpose. The Company, by means of the Plan, seeks to secure and retain the services of Employees, Directors and Consultants, to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such persons may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Awards.

(b) Available Awards. The Plan provides for the grant of the following Awards: (i) Incentive Stock Options; (ii) Nonstatutory Stock Options; (iii) SARs; (iv) Restricted Stock Awards; (v) RSU Awards; and (vi) Other Awards.

(c) Adoption Date; Effective Date. The Plan will come into existence on the Adoption Date, but no Award may be granted prior to the Effective Date.

2. Shares Subject To The Plan.

(a) Share Reserve. Subject to adjustment in accordance with Section 2(c) and any adjustments as necessary to implement any Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Awards will not exceed [•] shares plus a number of shares of Common Stock equal to the number of Returning Shares, if any, as such shares become available from time to time. In addition, subject to any adjustments as necessary to implement any Capitalization Adjustments, such aggregate number of shares of Common Stock will automatically increase on January 1 of each year for a period of ten years commencing on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (i) [•]% of the total number of shares of Common Stock outstanding on December 31 of the preceding year, (ii) [•] shares of Common Stock, and (iii) such number of shares of Common Stock determined by the Board or the Compensation Committee prior to January 1st of a given year.

(b) Aggregate Incentive Stock Option Limit. Notwithstanding anything to the contrary in Section 2(a) and subject to any adjustments as necessary to implement any Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is [•] shares, which such amount shall be increased commencing on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (i) [•]% of the total number of shares of Common Stock outstanding on December 31 of the preceding year, (ii) [•] shares of Common Stock, and (iii) such number of shares of Common Stock determined by the Board or the Compensation Committee prior to January 1st of a given year.

(c) Share Reserve Operation.

(i) Limit Applies to Common Stock Issued Pursuant to Awards. For clarity, the Share Reserve is a limit on the number of shares of Common Stock that may be issued pursuant to Awards and does not limit the granting of Awards, except that the Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy its obligations to issue shares pursuant to such Awards. Shares may be issued in connection with a merger or acquisition as permitted by, as applicable, Nasdaq Listing Rule 5635(c), NYSE Listed Company Manual Section 303A.08, NYSE American Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(ii) Actions that Do Not Constitute Issuance of Common Stock and Do Not Reduce Share Reserve. The following actions do not result in an issuance of shares under the Plan and accordingly do not reduce the number of shares subject to the Share Reserve and available for issuance under the Plan: (1) the expiration or termination of any portion of an Award without the shares covered by such portion of the Award having been issued, (2) the settlement of any portion of an Award in cash (i.e., the Participant receives cash rather than Common Stock), (3) the withholding of shares that would otherwise be issued by the Company to satisfy the exercise, strike or purchase

price of an Award; or (4) the withholding of shares that would otherwise be issued by the Company to satisfy a tax withholding obligation in connection with an Award. For the avoidance of doubt, with respect to a SAR, only shares of Common Stock which are issued upon settlement of the SAR shall count towards reducing the number of shares available for issuance under the Plan.

(ii) Reversion of Previously Issued Shares of Common Stock to Share Reserve. The following shares of Common Stock previously issued pursuant to an Award and accordingly initially deducted from the Share Reserve will be added back to the Share Reserve and again become available for issuance under the Plan: (1) any shares that are forfeited back to or repurchased by the Company because of a failure to meet a contingency or condition required for the vesting of such shares; (2) any shares that are reacquired by the Company to satisfy the exercise, strike or purchase price of an Award; and (3) any shares that are reacquired by the Company to satisfy a tax withholding obligation in connection with an Award.

3. Eligibility and Limitations.

(a) Eligible Award Recipients. Subject to the terms of the Plan, Employees, Directors and Consultants are eligible to receive Awards.

(b) Specific Award Limitations.

(i) Limitations on Incentive Stock Option Recipients. Incentive Stock Options may be granted only to Employees of the Company or a “parent corporation” or “subsidiary corporation” thereof (as such terms are defined in Sections 424(e) and (f) of the Code).

(ii) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(iii) Limitations on Incentive Stock Options Granted to Ten Percent Stockholders. A Ten Percent Stockholder may not be granted an Incentive Stock Option unless (i) the exercise price of such Option is at least 110% of the Fair Market Value on the date of grant of such Option and (ii) the Option is not exercisable after the expiration of five years from the date of grant of such Option.

(iv) Limitations on Nonstatutory Stock Options and SARs. Nonstatutory Stock Options and SARs may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any “parent” of the Company (as such term is defined in Rule 405) unless the stock underlying such Awards is treated as “service recipient stock” under Section 409A because the Awards are granted pursuant to a corporate transaction (such as a spin off transaction) or unless such Awards otherwise comply with the distribution requirements of Section 409A.

(c) Aggregate Incentive Stock Option Limit. The aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is the number of shares specified in Section 2(b).

(d) Non-Employee Director Compensation Limit. The aggregate value of all compensation granted or paid, as applicable, in each case following the Effective Date, to any individual for service as a Non-Employee Director with respect to any fiscal year, including Awards granted and cash fees paid by the Company to such Non-Employee Director for his or her service as a Non-Employee Director, will not exceed (i) \$750,000 in total value or (ii) in the event such Non-Employee Director is first appointed or elected to the Board during such fiscal year, \$1,000,000 in total value, in each case calculating the value of any equity awards based on the grant date fair value of such equity awards for financial reporting purposes.

4. Options and Stock Appreciation Rights.

Each Option and SAR will have such terms and conditions as determined by the Board. Each Option will be designated in writing as an Incentive Stock Option or Nonstatutory Stock Option at the time of grant; provided, however, that if an Option is not so designated, then such Option will be a Nonstatutory Stock Option, and the shares

purchased upon exercise of each type of Option will be separately accounted for. Each SAR will be denominated in shares of Common Stock equivalents. The terms and conditions of separate Options and SARs need not be identical; provided, however, that each Option Agreement and SAR Agreement will conform (through incorporation of provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(a) Term. Subject to Section 3(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten years from the date of grant of such Award or such shorter period specified in the Award Agreement.

(b) Exercise or Strike Price. Subject to Section 3(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will not be less than 100% of the Fair Market Value on the date of grant of such Award. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than 100% of the Fair Market Value on the date of grant of such Award if such Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Sections 409A and, if applicable, 424(a) of the Code.

(c) Exercise Procedure and Payment of Exercise Price for Options. In order to exercise an Option, the Participant must provide notice of exercise to the Plan Administrator in accordance with the procedures specified in the Option Agreement or otherwise provided by the Company. The Board has the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The exercise price of an Option may be paid, to the extent permitted by Applicable Law and as determined by the Board, by one or more of the following methods of payment to the extent set forth in the Option Agreement:

(i) by cash or check, bank draft or money order payable to the Company;

(ii) pursuant to a “cashless exercise” program developed under Regulation T as promulgated by the U.S. Federal Reserve Board that, prior to the issuance of the Common Stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock that are already owned by the Participant free and clear of any liens, claims, encumbrances or security interests, with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) at the time of exercise the Common Stock is publicly traded, (2) any remaining balance of the exercise price not satisfied by such delivery is paid by the Participant in cash or other permitted form of payment, (3) such delivery would not violate any Applicable Law or agreement restricting the redemption of the Common Stock, (4) any certificated shares are endorsed or accompanied by an executed assignment separate from certificate and (5) such shares have been held by the Participant for any minimum period necessary to avoid adverse accounting treatment as a result of such delivery;

(iv) if the Option is a Nonstatutory Stock Option, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) such shares used to pay the exercise price will not be exercisable thereafter and (2) any remaining balance of the exercise price not satisfied by such net exercise is paid by the Participant in cash or other permitted form of payment; or

(v) in any other form of consideration that may be acceptable to the Board and permissible under Applicable Law.

(d) Exercise Procedure and Payment of Appreciation Distribution for SARs. In order to exercise any SAR, the Participant must provide notice of exercise to the Plan Administrator in accordance with the SAR Agreement. The appreciation distribution payable to a Participant upon the exercise of a SAR will not be greater than an amount equal to the excess of (i) the aggregate Fair Market Value on the date of exercise of a number of shares of Common Stock equal to the number of Common Stock equivalents that are vested and being exercised under such SAR, over (ii) the strike price of such SAR. Such appreciation distribution may be paid to the Participant in the form of Common Stock or cash (or any combination of Common Stock and cash) or in any other form of payment, as determined by the Board and specified in the SAR Agreement.

(e) **Transferability.** Options and SARs may not be transferred to third-party financial institutions for value. The Board may impose such additional limitations on the transferability of an Option or SAR as it determines. In the absence of any such determination by the Board, the following restrictions on the transferability of Options and SARs will apply, provided that except as explicitly provided herein, neither an Option nor a SAR may be transferred for consideration and provided, further, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer:

(i) **Restrictions on Transfer.** An Option or SAR will not be transferable, except by will or by the laws of descent and distribution, and will be exercisable during the lifetime of the Participant only by the Participant; provided, however, that the Board may permit transfer of an Option or SAR in a manner that is not prohibited by applicable tax and securities laws upon the Participant's request, including to a trust if the Participant is considered to be the sole beneficial owner of such trust (as determined under Section 671 of the Code and applicable U.S. state law) while such Option or SAR is held in such trust, provided that the Participant and the trustee enter into a transfer and other agreements required by the Company.

(ii) **Domestic Relations Orders.** Notwithstanding the foregoing, subject to the execution of transfer documentation in a format acceptable to the Company and subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to a domestic relations order.

(f) **Vesting.** The Board may impose such restrictions on or conditions to the vesting and/or exercisability of an Option or SAR as determined by the Board. Except as otherwise provided in the applicable Award Agreement or other written agreement between a Participant and the Company, vesting of Options and SARs will cease upon termination of the Participant's Continuous Service.

(g) **Termination of Continuous Service for Cause.** Except as explicitly otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service is terminated for Cause, the Participant's Options and SARs will terminate and be forfeited immediately upon such termination of Continuous Service, and the Participant will be prohibited from exercising any portion (including any vested portion) of such Awards on and after the date of such termination of Continuous Service and the Participant will have no further right, title or interest in such forfeited Award, the shares of Common Stock subject to the forfeited Award, or any consideration in respect of the forfeited Award.

(h) **Post-Termination Exercise Period Following Termination of Continuous Service for Reasons Other than Cause.** Subject to Section 4(i), if a Participant's Continuous Service terminates for any reason other than for Cause, the Participant may exercise his or her Option or SAR to the extent vested, but only within the following period of time or, if applicable, such other period of time provided in the Award Agreement or other written agreement between a Participant and the Company; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)):

(i) three months following the date of such termination if such termination is a termination without Cause (other than any termination due to the Participant's Disability or death);

(ii) 12 months following the date of such termination if such termination is due to the Participant's Disability;

(iii) 18 months following the date of such termination if such termination is due to the Participant's death; or

(iv) 18 months following the date of the Participant's death if such death occurs following the date of such termination but during the period such Award is otherwise exercisable (as provided in (i) or (ii) above).

Following the date of such termination, to the extent the Participant does not exercise such Award within the applicable Post-Termination Exercise Period (or, if earlier, prior to the expiration of the maximum term of such Award), such unexercised portion of the Award will terminate, and the Participant will have no further right, title or interest in terminated Award, the shares of Common Stock subject to the terminated Award, or any consideration in respect of the terminated Award.

(i) Restrictions on Exercise; Extension of Exercisability. A Participant may not exercise an Option or SAR at any time that the issuance of shares of Common Stock upon such exercise would violate Applicable Law. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service terminates for any reason other than for Cause and, at any time during the last thirty days of the applicable Post-Termination Exercise Period: (i) the exercise of the Participant's Option or SAR would be prohibited solely because the issuance of shares of Common Stock upon such exercise would violate Applicable Law, or (ii) the immediate sale of any shares of Common Stock issued upon such exercise would violate the Company's Trading Policy, then the applicable Post-Termination Exercise Period will be extended to the last day of the calendar month that commences following the date the Award would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any of the foregoing restrictions apply at any time during such extended exercise period, generally without limitation as to the maximum permitted number of extensions; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)).

(j) Non-Exempt Employees. No Option or SAR, whether or not vested, granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, will be first exercisable for any shares of Common Stock until at least six months following the date of grant of such Award. Notwithstanding the foregoing, in accordance with the provisions of the Worker Economic Opportunity Act, any vested portion of such Award may be exercised earlier than six months following the date of grant of such Award in the event of (i) such Participant's death or Disability, (ii) a Corporate Transaction in which such Award is not assumed, continued or substituted, (iii) a Change in Control, or (iv) such Participant's retirement (as such term may be defined in the Award Agreement or another applicable agreement or, in the absence of any such definition, in accordance with the Company's then current employment policies and guidelines). This Section 4(j) is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay.

(k) Whole Shares. Options and SARs may be exercised only with respect to whole shares of Common Stock or their equivalents.

5. Awards Other Than Options and Stock Appreciation Rights.

(a) Restricted Stock Awards and RSU Awards. Each Restricted Stock Award and RSU Award will have such terms and conditions as determined by the Board; provided, however, that each Restricted Stock Award Agreement and RSU Award Agreement will conform (through incorporation of the provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(i) Form of Award.

(1) RSAs: To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock subject to a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until such shares become vested or any other restrictions lapse, or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. Unless otherwise determined by the Board, a Participant will have voting and other rights as a stockholder of the Company with respect to any shares subject to a Restricted Stock Award.

(2) RSUs: A RSU Award represents a Participant's right to be issued on a future date the number of shares of Common Stock that is equal to the number of restricted stock units subject to the RSU Award. As a holder of a RSU Award, a Participant is an unsecured creditor of the Company with respect to the Company's unfunded obligation, if any, to issue shares of Common Stock in settlement of such Award and nothing contained in the Plan or any RSU Agreement, and no action taken pursuant to its provisions, will create or be construed to create a trust of any kind or a fiduciary relationship between a Participant and the Company or an Affiliate or any other person. A Participant will not have voting or any other rights as a stockholder of the Company with respect to any RSU Award (unless and until shares are actually issued in settlement of a vested RSU Award).

(ii) Consideration.

(1) RSA: A Restricted Stock Award may be granted in consideration for (A) cash or check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of consideration as the Board may determine and permissible under Applicable Law.

(2) RSU: Unless otherwise determined by the Board at the time of grant, a RSU Award will be granted in consideration for the Participant's services to the Company or an Affiliate, such that the Participant will not be required to make any payment to the Company (other than such services) with respect to the grant or vesting of the RSU Award, or the issuance of any shares of Common Stock pursuant to the RSU Award. If, at the time of grant, the Board determines that any consideration must be paid by the Participant (in a form other than the Participant's services to the Company or an Affiliate) upon the issuance of any shares of Common Stock in settlement of the RSU Award, such consideration may be paid in any form of consideration as the Board may determine and permissible under Applicable Law.

(iii) Vesting. The Board may impose such restrictions on or conditions to the vesting of a Restricted Stock Award or RSU Award as determined by the Board. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, vesting of Restricted Stock Awards and RSU Awards will cease upon termination of the Participant's Continuous Service.

(iv) Termination of Continuous Service. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service terminates for any reason, (i) the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant under his or her Restricted Stock Award that have not vested as of the date of such termination as set forth in the Restricted Stock Award Agreement and (ii) any portion of his or her RSU Award that has not vested will be forfeited upon such termination and the Participant will have no further right, title or interest in the RSU Award, the shares of Common Stock issuable pursuant to the RSU Award, or any consideration in respect of the RSU Award.

(v) Dividends and Dividend Equivalents. Dividends or dividend equivalents may be paid or credited, as applicable, with respect to any shares of Common Stock subject to a Restricted Stock Award or RSU Award, as determined by the Board and specified in the Award Agreement).

(vi) Settlement of RSU Awards. A RSU Award may be settled by the issuance of shares of Common Stock or cash (or any combination thereof) or in any other form of payment, as determined by the Board and specified in the RSU Award Agreement. At the time of grant, the Board may determine to impose such restrictions or conditions that delay such delivery to a date following the vesting of the RSU Award.

(b) Other Awards. Other Awards may be granted either alone or in addition to Awards provided for under Section 4 and the preceding provisions of this Section 5. Subject to the provisions of the Plan, the Board will have sole and complete discretion to determine the persons to whom and the time or times at which such Other Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Awards and all other terms and conditions of such Other Awards.

6. Adjustments Upon Changes in Common Stock; Other Corporate Events.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board shall appropriately and proportionately adjust: (i) the class(es) and maximum number of shares of Common Stock subject to the Plan and the maximum number of shares by which the Share Reserve may annually increase pursuant to Section 2(a), (ii) the class(es) and maximum number of shares that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 2(b), and (iii) the class(es) and number of securities and exercise price, strike price or purchase price of Common Stock subject to outstanding Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. Notwithstanding the foregoing, no fractional shares or rights for fractional shares of Common Stock shall be created in order to implement any Capitalization Adjustment. The Board shall determine an appropriate equivalent benefit, if any, for any fractional shares or rights to fractional shares that might be created by the adjustments referred to in the preceding provisions of this Section.

(b) Dissolution or Liquidation. Except as otherwise provided in the Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Awards (other than Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Award is providing Continuous Service, provided, however, that the Board may determine to cause some or all Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) Corporate Transaction. The following provisions will apply to Awards in the event of a Corporate Transaction except as set forth in Section 11, and unless otherwise provided in the instrument evidencing the Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of an Award.

(i) Awards May Be Assumed. In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all Awards outstanding under the Plan or may substitute similar awards for Awards outstanding under the Plan (including but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Awards may be assigned by the Company to the successor of the Company (or the successor's parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation (or its parent) may choose to assume or continue only a portion of an Award or substitute a similar award for only a portion of an Award, or may choose to assume or continue the Awards held by some, but not all Participants. The terms of any assumption, continuation or substitution will be set by the Board.

(ii) Awards Held by Current Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the "**Current Participants**"), the vesting of such Awards (and, with respect to Options and Stock Appreciation Rights, the time when such Awards may be exercised) will be accelerated in full to a date prior to the effective time of such Corporate Transaction (contingent upon the effectiveness of the Corporate Transaction) as the Board determines (or, if the Board does not determine such a date, to the date that is five days prior to the effective time of the Corporate Transaction), and such Awards will terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Awards will lapse (contingent upon the effectiveness of the Corporate Transaction). With respect to Awards with performance-based vesting that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and that have multiple vesting levels depending on the level of performance, unless otherwise provided in the Award Agreement, the vesting of such Awards will accelerate at 100% of the target level upon the occurrence of the Corporate Transaction. With respect to the vesting of Awards that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and are settled in the form of a cash payment, such cash payment will be made no later than 30 days following the occurrence of the Corporate Transaction.

(iii) Awards Held by Persons other than Current Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by persons other than Current Participants, such Awards will terminate if not exercised (if applicable) prior to the occurrence of the Corporate Transaction; provided, however, that any reacquisition or repurchase rights held by the Company with respect to such Awards will not terminate and may continue to be exercised notwithstanding the Corporate Transaction.

(iv) Payment for Awards in Lieu of Exercise. Notwithstanding the foregoing, in the event an Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Award may not exercise such Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time, to the excess, if any, of (1) the value of the property the Participant would have received upon the exercise of the Award (including, at the discretion of the Board, any unvested portion of such Award), over (2) any exercise price payable by such holder in connection with such exercise.

(d) Appointment of Stockholder Representative. As a condition to the receipt of an Award under this Plan, a Participant will be deemed to have agreed that the Award will be subject to the terms of any agreement governing a Corporate Transaction involving the Company, including, without limitation, a provision for the appointment of a stockholder representative that is authorized to act on the Participant's behalf with respect to any escrow, indemnities and any contingent consideration.

(e) No Restriction on Right to Undertake Transactions. The grant of any Award under the Plan and the issuance of shares pursuant to any Award does not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, rights or options to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

7. Administration.

(a) Administration by Board. The Board will administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in subsection (c) below.

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time: (1) which of the persons eligible under the Plan will be granted Awards; (2) when and how each Award will be granted; (3) what type or combination of types of Award will be granted; (4) the provisions of each Award granted (which need not be identical), including the time or times when a person will be permitted to receive an issuance of Common Stock or other payment pursuant to an Award; (5) the number of shares of Common Stock or cash equivalent with respect to which an Award will be granted to each such person; and (6) the Fair Market Value applicable to an Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it deems necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest, notwithstanding the provisions in the Award Agreement stating the time at which it may first be exercised or the time during which it will vest.

(v) To prohibit the exercise of any Option, SAR or other exercisable Award during a period of up to 30 days prior to the consummation of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of Common Stock or the share price of the Common Stock including any Corporate Transaction, for reasons of administrative convenience.

(vi) To suspend or terminate the Plan at any time. Suspension or termination of the Plan will not materially impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vii) To amend the Plan in any respect the Board deems necessary or advisable; provided, however, that stockholder approval will be required for any amendment to the extent required by Applicable Law. Except as provided above, rights under any Award granted before amendment of the Plan will not be Materially Impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(viii) To submit any amendment to the Plan for stockholder approval.

(ix) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; provided however, that, (1) the Board shall not, without stockholder approval, reduce the exercise or strike price of an Option or SAR (other than in connection with a Capitalization Adjustment) and, at any time when the exercise or strike price of an Option or SAR is above the Fair Market Value of a share of Common Stock, the Board shall not, without stockholder approval, cancel and re-grant or exchange such Option or SAR for a new Award with a lower (or no) purchase price or for cash, and (2) a Participant's rights under any Award will not be Materially Impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing.

(x) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(xi) To adopt such procedures and sub-plans as are necessary or appropriate to permit and facilitate participation in the Plan by, or take advantage of specific tax treatment for Awards granted to, Employees, Directors or Consultants who are non-U.S. nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement to ensure or facilitate compliance with the laws of the relevant non-U.S. jurisdiction).

(c) Delegation to Committee.

(i) **General.** The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to another Committee or a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. Each Committee may retain the authority to concurrently administer the Plan with the Committee or subcommittee to which it has delegated its authority hereunder and may, at any time, revert in such Committee some or all of the powers previously delegated. The Board may retain the authority to concurrently administer the Plan with any Committee and may, at any time, revert in the Board some or all of the powers previously delegated.

(ii) **Rule 16b-3 Compliance.** To the extent an Award is intended to qualify for the exemption from Section 16(b) of the Exchange Act that is available under Rule 16b-3 of the Exchange Act, the Award will be granted by the Board or a Committee that consists solely of two or more Non-Employee Directors, as determined under Rule 16b-3(b)(3) of the Exchange Act, and, thereafter, any action establishing or modifying the terms of the Award will be approved by the Board or a Committee meeting such requirements to the extent necessary for such exemption to remain available.

(d) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board or any Committee in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(e) **Delegation to an Officer.** The Board or any Committee may delegate to one or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options and SARs (and, to the extent permitted by Applicable Law, other types of Awards) and, to the extent permitted by

Applicable Law, the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Awards granted to such Employees; provided, however, that the resolutions or charter adopted by the Board or any Committee evidencing such delegation will specify the total number of shares of Common Stock that may be subject to the Awards granted by such Officer and that such Officer may not grant an Award to himself or herself. Any such Awards will be granted on the applicable form of Award Agreement most recently approved for use by the Board or the Committee, unless otherwise provided in the resolutions approving the delegation authority. Notwithstanding anything to the contrary herein, neither the Board nor any Committee may delegate to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) the authority to determine the Fair Market Value.

8. Tax Withholding.

(a) Withholding Authorization. As a condition to acceptance of any Award under the Plan, a Participant authorizes withholding from payroll and any other amounts payable to such Participant, and otherwise agrees to make adequate provision for (including), any sums required to satisfy any U.S. and/or non-U.S. federal, state, or local tax or social insurance contribution withholding obligations of the Company or an Affiliate, if any, which arise in connection with the exercise, vesting or settlement of such Award, as applicable. Accordingly, a Participant may not be able to exercise an Award even though the Award is vested, and the Company shall have no obligation to issue shares of Common Stock subject to an Award, unless and until such obligations are satisfied.

(b) Satisfaction of Withholding Obligation. To the extent permitted by the terms of an Award Agreement, the Company may, in its sole discretion, satisfy any U.S. and/or non-U.S. federal, state or local tax or social insurance withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; (v) by allowing a Participant to effectuate a “cashless exercise” pursuant to a program developed under Regulation T as promulgated by the U.S. Federal Reserve Board or (vi) by such other method as may be set forth in the Award Agreement.

(c) No Obligation to Notify or Minimize Taxes; No Liability to Claims. Except as required by Applicable Law, the Company has no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Award. Furthermore, the Company has no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award and will not be liable to any holder of an Award for any adverse tax consequences to such holder in connection with an Award. As a condition to accepting an Award under the Plan, each Participant (i) agrees to not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates related to tax liabilities arising from such Award or other Company compensation and (ii) acknowledges that such Participant was advised to consult with his or her own personal tax, financial and other legal advisors regarding the tax consequences of the Award and has either done so or knowingly and voluntarily declined to do so. Additionally, each Participant acknowledges any Option or SAR granted under the Plan is exempt from Section 409A only if the exercise or strike price is at least equal to the “fair market value” of the Common Stock on the date of grant as determined by the Internal Revenue Service and there is no other impermissible deferral of compensation associated with the Award. Additionally, as a condition to accepting an Option or SAR granted under the Plan, each Participant agrees not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates in the event that the U.S. Internal Revenue Service asserts that such exercise price or strike price is less than the “fair market value” of the Common Stock on the date of grant as subsequently determined by the U.S. Internal Revenue Service.

(d) Withholding Indemnification. As a condition to accepting an Award under the Plan, in the event that the amount of the Company’s and/or its Affiliate’s withholding obligation in connection with such Award was greater than the amount actually withheld by the Company and/or its Affiliates, each Participant agrees to indemnify and hold the Company and/or its Affiliates harmless from any failure by the Company and/or its Affiliates to withhold the proper amount.

9. Miscellaneous.

(a) Source of Shares. The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

(b) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock pursuant to Awards will constitute general funds of the Company.

(c) Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action approving the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or related grant documents as a result of a clerical error in the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(d) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until (i) such Participant has satisfied all requirements for exercise of the Award pursuant to its terms, if applicable, and (ii) the issuance of the Common Stock subject to such Award is reflected in the records of the Company.

(e) No Employment or Other Service Rights. Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or affect the right of the Company or an Affiliate to terminate at will and without regard to any future vesting opportunity that a Participant may have with respect to any Award (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the U.S. state or non-U.S. jurisdiction in which the Company or the Affiliate is incorporated, as the case may be. Further, nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award will constitute any promise or commitment by the Company or an Affiliate regarding the fact or nature of future positions, future work assignments, future compensation or any other term or condition of employment or service or confer any right or benefit under the Award or the Plan unless such right or benefit has specifically accrued under the terms of the Award Agreement and/or Plan.

(f) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee or takes an extended leave of absence) after the date of grant of any Award to the Participant, the Board may determine, to the extent permitted by Applicable Law, to (i) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (ii) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(g) Execution of Additional Documents. As a condition to accepting an Award under the Plan, the Participant agrees to execute any additional documents or instruments necessary or desirable, as determined in the Plan Administrator's sole discretion, to carry out the purposes or intent of the Award, or facilitate compliance with securities and/or other regulatory requirements, in each case at the Plan Administrator's request.

(h) Electronic Delivery and Participation. Any reference herein or in an Award Agreement to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access). By accepting any Award the Participant consents to receive documents by electronic delivery and to participate in the Plan through any on-line electronic

system established and maintained by the Plan Administrator or another third party selected by the Plan Administrator. The form of delivery of any Common Stock (e.g., a stock certificate or electronic entry evidencing such shares) shall be determined by the Company.

(i) Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other Applicable Law and any clawback policy that the Company otherwise adopts, to the extent applicable and permissible under Applicable Law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a Participant's right to voluntarily terminate employment upon a "resignation for good reason," or for a "constructive termination" or any similar term under any plan of or agreement with the Company.

(j) Securities Law Compliance. A Participant will not be issued any shares in respect of an Award unless either (i) the shares are registered under the Securities Act; or (ii) the Company has determined that such issuance would be exempt from the registration requirements of the Securities Act. Each Award also must comply with other Applicable Law governing the Award, and a Participant will not receive such shares if the Company determines that such receipt would not be in material compliance with Applicable Law.

(k) Transfer or Assignment of Awards; Issued Shares. Except as expressly provided in the Plan or the form of Award Agreement, Awards granted under the Plan may not be transferred or assigned by the Participant. After the vested shares subject to an Award have been issued, or in the case of Restricted Stock and similar awards, after the issued shares have vested, the holder of such shares is free to assign, hypothecate, donate, encumber or otherwise dispose of any interest in such shares provided that any such actions are in compliance with the provisions herein, the terms of the Trading Policy and Applicable Law.

(l) Effect on Other Employee Benefit Plans. The value of any Award granted under the Plan, as determined upon grant, vesting or settlement, shall not be included as compensation, earnings, salaries, or other similar terms used when calculating any Participant's benefits under any employee benefit plan sponsored by the Company or any Affiliate, except as such plan otherwise expressly provides. The Company expressly reserves its rights to amend, modify, or terminate any of the Company's or any Affiliate's employee benefit plans.

(m) Deferrals. To the extent permitted by Applicable Law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals will be made in accordance with the requirements of Section 409A.

(n) Section 409A. Unless otherwise expressly provided for in an Award Agreement, the Plan and Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A, and, to the extent not so exempt, in compliance with the requirements of Section 409A. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into the Award Agreement. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded, and if a Participant holding an Award that constitutes "deferred compensation" under Section 409A is a "specified employee" for purposes of Section 409A, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A without regard to alternative definitions thereunder) will be issued or paid before the date that is six months and one day following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A, and any amounts so deferred will be paid in a lump sum on the day after such six month period elapses, with the balance paid thereafter on the original schedule.

(o) Choice of Law. This Plan and any controversy arising out of or relating to this Plan shall be governed by, and construed in accordance with, the internal laws of the State of Delaware, without regard to conflict of law principles that would result in any application of any law other than the law of the State of Delaware.

10. Covenants of the Company.

(a) Compliance with Law. The Company will seek to obtain from each regulatory commission or agency, as may be deemed necessary, having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise or vesting of the Awards; provided, however, that this undertaking will not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary or advisable for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise or vesting of such Awards unless and until such authority is obtained. A Participant is not eligible for the grant of an Award or the subsequent issuance of Common Stock pursuant to the Award if such grant or issuance would be in violation of any Applicable Law.

11. Additional Rules for Awards Subject to Section 409A.

(a) Application. Unless the provisions of this Section of the Plan are expressly superseded by the provisions in the form of Award Agreement, the provisions of this Section shall apply and shall supersede anything to the contrary set forth in the Award Agreement for a Non-Exempt Award.

(b) Non-Exempt Awards Subject to Non-Exempt Severance Arrangements. To the extent a Non-Exempt Award is subject to Section 409A due to application of a Non-Exempt Severance Arrangement, the following provisions of this subsection (b) apply.

(i) If the Non-Exempt Award vests in the ordinary course during the Participant's Continuous Service in accordance with the vesting schedule set forth in the Award Agreement, and does not accelerate vesting under the terms of a Non-Exempt Severance Arrangement, in no event will the shares be issued in respect of such Non-Exempt Award any later than the later of: (i) December 31st of the calendar year that includes the applicable vesting date, or (ii) the 60th day that follows the applicable vesting date.

(ii) If vesting of the Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with the Participant's Separation from Service, and such vesting acceleration provisions were in effect as of the date of grant of the Non-Exempt Award and, therefore, are part of the terms of such Non-Exempt Award as of the date of grant, then the shares will be earlier issued in settlement of such Non-Exempt Award upon the Participant's Separation from Service in accordance with the terms of the Non-Exempt Severance Arrangement, but in no event later than the 60th day that follows the date of the Participant's Separation from Service. However, if at the time the shares would otherwise be issued the Participant is subject to the distribution limitations contained in Section 409A applicable to "specified employees," as defined in Section 409A(a)(2)(B)(i) of the Code, such shares shall not be issued before the date that is six months following the date of such Participant's Separation from Service, or, if earlier, the date of the Participant's death that occurs within such six month period.

(iii) If vesting of a Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with a Participant's Separation from Service, and such vesting acceleration provisions were not in effect as of the date of grant of the Non-Exempt Award and, therefore, are not a part of the terms of such Non-Exempt Award on the date of grant, then such acceleration of vesting of the Non-Exempt Award shall not accelerate the issuance date of the shares, but the shares shall instead be issued on the same schedule as set forth in the Grant Notice as if they had vested in the ordinary course during the Participant's Continuous Service, notwithstanding the vesting acceleration of the Non-Exempt Award. Such issuance schedule is intended to satisfy the requirements of payment on a specified date or pursuant to a fixed schedule, as provided under Treasury Regulations Section 1.409A-3(a)(4).

(c) Treatment of Non-Exempt Awards Upon a Corporate Transaction for Employees and Consultants. The provisions of this subsection (c) shall apply and shall supersede anything to the contrary set forth in the Plan with respect to the permitted treatment of any Non-Exempt Award in connection with a Corporate Transaction if the Participant was either an Employee or Consultant upon the applicable date of grant of the Non-Exempt Award.

(i) **Vested Non-Exempt Awards.** The following provisions shall apply to any Vested Non-Exempt Award in connection with a Corporate Transaction:

(1) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Vested Non-Exempt Award. Upon the Section 409A Change in Control the settlement of the Vested Non-Exempt Award will automatically be accelerated and the shares will be immediately issued in respect of the Vested Non-Exempt Award. Alternatively, the Company may instead provide that the Participant will receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control.

(2) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute each Vested Non-Exempt Award. The shares to be issued in respect of the Vested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of the Fair Market Value of the shares made on the date of the Corporate Transaction.

(ii) **Unvested Non-Exempt Awards.** The following provisions shall apply to any Unvested Non-Exempt Award unless otherwise determined by the Board pursuant to subsection (e) of this Section.

(1) In the event of a Corporate Transaction, the Acquiring Entity shall assume, continue or substitute any Unvested Non-Exempt Award. Unless otherwise determined by the Board, any Unvested Non-Exempt Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of any Unvested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value of the shares made on the date of the Corporate Transaction.

(2) If the Acquiring Entity will not assume, substitute or continue any Unvested Non-Exempt Award in connection with a Corporate Transaction, then such Award shall automatically terminate and be forfeited upon the Corporate Transaction with no consideration payable to any Participant in respect of such forfeited Unvested Non-Exempt Award. Notwithstanding the foregoing, to the extent permitted and in compliance with the requirements of Section 409A, the Board may in its discretion determine to elect to accelerate the vesting and settlement of the Unvested Non-Exempt Award upon the Corporate Transaction, or instead substitute a cash payment equal to the Fair Market Value of such shares that would otherwise be issued to the Participant, as further provided in subsection (e)(ii) below. In the absence of such discretionary election by the Board, any Unvested Non-Exempt Award shall be forfeited without payment of any consideration to the affected Participants if the Acquiring Entity will not assume, substitute or continue the Unvested Non-Exempt Awards in connection with the Corporate Transaction.

(3) The foregoing treatment shall apply with respect to all Unvested Non-Exempt Awards upon any Corporate Transaction, and regardless of whether or not such Corporate Transaction is also a Section 409A Change in Control.

(d) **Treatment of Non-Exempt Awards Upon a Corporate Transaction for Non-Employee Directors.** The following provisions of this subsection (d) shall apply and shall supersede anything to the contrary that may be set forth in the Plan with respect to the permitted treatment of a Non-Exempt Director Award in connection with a Corporate Transaction.

(i) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Non-Exempt Director Award. Upon the Section 409A Change in Control the vesting and settlement of any Non-Exempt Director Award will automatically be accelerated and the shares will be immediately issued to the Participant in respect of the Non-Exempt Director Award. Alternatively, the

Company may provide that the Participant will instead receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control pursuant to the preceding provision.

(ii) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute the Non-Exempt Director Award. Unless otherwise determined by the Board, the Non-Exempt Director Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of the Non-Exempt Director Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value made on the date of the Corporate Transaction.

(e) If the RSU Award is a Non-Exempt Award, then the provisions in this Section 11(e) shall apply and supersede anything to the contrary that may be set forth in the Plan or the Award Agreement with respect to the permitted treatment of such Non-Exempt Award:

(i) Any exercise by the Board of discretion to accelerate the vesting of a Non-Exempt Award shall not result in any acceleration of the scheduled issuance dates for the shares in respect of the Non-Exempt Award unless earlier issuance of the shares upon the applicable vesting dates would be in compliance with the requirements of Section 409A.

(ii) The Company explicitly reserves the right to earlier settle any Non-Exempt Award to the extent permitted and in compliance with the requirements of Section 409A, including pursuant to any of the exemptions available in Treasury Regulations Section 1.409A-3(j)(4)(ix).

(iii) To the extent the terms of any Non-Exempt Award provide that it will be settled upon a Change in Control or Corporate Transaction, to the extent it is required for compliance with the requirements of Section 409A, the Change in Control or Corporate Transaction event triggering settlement must also constitute a Section 409A Change in Control. To the extent the terms of a Non-Exempt Award provide that it will be settled upon a termination of employment or termination of Continuous Service, to the extent it is required for compliance with the requirements of Section 409A, the termination event triggering settlement must also constitute a Separation From Service. However, if at the time the shares would otherwise be issued to a Participant in connection with a "separation from service" such Participant is subject to the distribution limitations contained in Section 409A applicable to "specified employees," as defined in Section 409A(a)(2)(B) (i) of the Code, such shares shall not be issued before the date that is six months following the date of the Participant's Separation From Service, or, if earlier, the date of the Participant's death that occurs within such six month period.

(iv) The provisions in this subsection (e) for delivery of the shares in respect of the settlement of a RSU Award that is a Non-Exempt Award are intended to comply with the requirements of Section 409A so that the delivery of the shares to the Participant in respect of such Non-Exempt Award will not trigger the additional tax imposed under Section 409A, and any ambiguities herein will be so interpreted.

12. Severability.

If all or any part of the Plan or any Award Agreement is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any portion of the Plan or such Award Agreement not declared to be unlawful or invalid. Any Section of the Plan or any Award Agreement (or part of such a Section) so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

13. Termination of the Plan.

The Board may suspend or terminate the Plan at any time. No Incentive Stock Options may be granted after the tenth anniversary of the earlier of: (i) the Adoption Date, or (ii) the date the Plan is approved by the Company's stockholders. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

14. Definitions.

As used in the Plan, the following definitions apply to the capitalized terms indicated below:

(a) “*Acquiring Entity*” means the surviving or acquiring corporation (or its parent company) in connection with a Corporate Transaction.

(b) “*Adoption Date*” means the date the Plan is first approved by the Board or Compensation Committee.

(c) “*Affiliate*” means, at the time of determination, any “parent” or “subsidiary” of the Company as such terms are defined in Rule 405 promulgated under the Securities Act. The Board may determine the time or times at which “parent” or “subsidiary” status is determined within the foregoing definition.

(d) “*Applicable Law*” means the Code and any applicable U.S. or non-U.S. securities, federal, state, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, listing rule, regulation, judicial decision, ruling or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any Governmental Body (including under the authority of any applicable self-regulating organization such as the Nasdaq Stock Market, New York Stock Exchange or the Financial Industry Regulatory Authority).

(e) “*Award*” means any right to receive Common Stock, cash or other property granted under the Plan (including an Incentive Stock Option, a Nonstatutory Stock Option, a Restricted Stock Award, a RSU Award, a SAR, or any Other Award).

(f) “*Award Agreement*” means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award. The Award Agreement generally consists of the Grant Notice and the agreement containing the written summary of the general terms and conditions applicable to the Award and which is provided to a Participant along with the Grant Notice.

(g) “*Board*” means the board of directors of the Company (or its designee). Any decision or determination made by the Board shall be a decision or determination that is made in the sole discretion of the Board (or its designee), and such decision or determination shall be final and binding on all Participants.

(h) “*Capitalization Adjustment*” means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(i) “*Cause*” has the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) the Participant’s theft, dishonesty, willful misconduct, breach of fiduciary duty for personal profit, or intentional falsification of any Company or Affiliate documents or records; (ii) the Participant’s material failure to abide by the Company’s Code of Business Conduct and Ethics or other policies (including, without limitation, policies relating to confidentiality and reasonable workplace conduct and policies of any Affiliate, as applicable); (iii) the Participant’s unauthorized use, misappropriation, destruction or diversion of any tangible or intangible asset or corporate opportunity of the Company or any of its Affiliates (including, without limitation, the Participant’s improper use or disclosure of Company or Affiliate confidential or proprietary information); (iv) any intentional act by the Participant which has a material detrimental effect on the Company’s or its Affiliate’s reputation or business; (v) the Participant’s repeated failure or inability to perform any reasonable assigned duties after written notice from the Company (or its Affiliate, as applicable) of, and a reasonable opportunity to cure, such failure or inability; (vi) any material breach by the Participant of any employment or service agreement between the Participant and the Company (or its Affiliate, as applicable), which breach is not cured pursuant to the terms of such agreement; or (vii) the Participant’s conviction (including any plea of guilty or *nolo contendere*) of any criminal act involving fraud, dishonesty, misappropriation or moral turpitude, or which impairs the Participant’s ability

to perform his or her duties with the Company (or its Affiliate, as applicable). The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Board with respect to Participants who are executive officers of the Company and by the Company's Chief Executive Officer or his or her designee with respect to Participants who are not executive officers of the Company. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(j) "**Change in Control**" or "**Change of Control**" means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events; provided, however, to the extent necessary to avoid adverse personal income tax consequences to the Participant in connection with an Award, also constitutes a Section 409A Change in Control:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company's securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the "**Subject Person**") exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than 50% of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than 50% of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) the stockholders of the Company approve or the Board approves a plan of complete dissolution or liquidation of the Company, or a complete dissolution or liquidation of the Company shall otherwise occur, except for a liquidation into a parent corporation;

(iv) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than 50% of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(v) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the "**Incumbent Board**") cease for any reason to constitute at least a majority of the members of the Board; provided, however, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing or any other provision of this Plan, (A) the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, and (B) the definition of Change in Control (or any analogous term) in an individual written agreement

[Table of Contents](#)

between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Awards subject to such agreement; provided, however, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply.

(k) “*Code*” means the U.S. Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(l) “*Committee*” means the Compensation Committee and any other committee of one or more Directors to whom authority has been delegated by the Board or Compensation Committee in accordance with the Plan.

(m) “*Common Stock*” means the common stock of the Company.

(n) “*Company*” means Orchestra BioMed Holdings, Inc., a Delaware corporation, and any successor corporation thereto.

(o) “*Compensation Committee*” means the Compensation Committee of the Board.

(p) “*Consultant*” means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a “Consultant” for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration Statement under the Securities Act is available to register either the offer or the sale of the Company’s securities to such person.

(q) “*Continuous Service*” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, will not terminate a Participant’s Continuous Service; provided, however, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, such Participant’s Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party’s sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in an Award only to such extent as may be provided in the Company’s leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law. In addition, to the extent required for exemption from or compliance with Section 409A, the determination of whether there has been a termination of Continuous Service will be made, and such term will be construed, in a manner that is consistent with the definition of “separation from service” as defined under U.S. Treasury Regulation Section 1.409A-1(h) (without regard to any alternative definition thereunder).

(r) “*Corporate Transaction*” means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of at least 50% of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(j) Absence of Litigation. There is no Action before or by any Governmental Authority or, to the Knowledge of Parent, threatened against or affecting Parent or any of Parent's officers or directors, whether of a civil or criminal nature or otherwise, in their capacities as such.

(k) No General Solicitation. Neither Parent, nor any of its officers, directors, employees, agents or shareholders has either directly or indirectly, including, through a broker or finder (i) engaged in any general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Forward Purchase Shares.

(l) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this [Section 4](#) and in any certificate or agreement delivered pursuant hereto, none of Parent Parties has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to Parent, the transactions contemplated by the Merger Agreement or the offer and sale of the Forward Purchase Shares, and the Parent Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Purchasing Party in [Section 3](#) of this Agreement and in any certificate or agreement delivered pursuant hereto, the Parent Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Purchasing Party.

5. Representations and Warranties of the Company.

(a) Merger Agreement. The Company (i) represents and warrants to the Purchasing Party that, the representations and warranties of the Company in the Merger Agreement are true and correct as of the date hereof and will be true and correct as of the Closing Date (other than any such representation or warranty that is made by its terms as of a specified date, which shall be true and correct as of such specified date), in each case, other than as would not individually or in the aggregate reasonably be expected to have a Material Adverse Effect in respect of the Company and its Subsidiaries and (ii) acknowledges and agrees that the Purchasing Party is relying on the accuracy of such representations and warranties as set forth in the preceding clause (i).

(b) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this [Section 5](#) and in any certificate or agreement delivered pursuant hereto, neither the Company nor any person acting on behalf of the Company nor any of the Company's affiliates (the "[Company Group](#)") has made, makes or shall be deemed to make any other express or implied representation or warranty with

Except for the specific representations and warranties expressly made by the Purchasing Party in Section 3 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Company specifically disclaims that it is relying upon any other representations or warranties that may have been made by the Purchasing Party.

6. Additional Agreements, Acknowledgements and Waivers of the Purchasing Party.

(a) Waiver. Reference is made to the final prospectus of Parent, dated August 3, 2020 (the “Prospectus”). The Purchasing Party has read the Prospectus and understands that Parent has established the Trust Account for the benefit of the public Parent Shareholders and the underwriters of the IPO pursuant to the Trust Agreement and that, except for a portion of the interest earned on the amounts held in the Trust Account, Parent may disburse monies from the Trust Account only for the purposes set forth in the Trust Agreement. For and in consideration of Parent agreeing to enter into this Agreement, the Company and the Purchasing Party for itself and on behalf of its securityholders, hereby agrees that it does not now and shall not at any time hereafter have any right, title, interest or claim of any kind in or to any monies in the Trust Account as a result of, or arising out of, any negotiations, contracts or agreements with Parent and hereby agrees that it will not seek recourse against the Trust Account for any reason.

(b) No Short Sales. The Purchasing Party hereby agrees that neither it, nor any person or entity acting on its behalf or pursuant to any understanding with it, will engage in any Short Sales with respect to securities of Parent prior to the Merger Closing. For purposes of this Section 6, “Short Sales” shall include, without limitation, all “short sales” as defined in Rule 200 promulgated under Regulation SHO under the Exchange Act and all types of direct and indirect stock pledges (other than pledges in the ordinary course of business as part of prime brokerage arrangements), forward sale contracts, options, puts, calls, swaps and similar arrangements (including on a total return basis), and sales and other transactions through non-U.S. broker dealers or foreign regulated brokers

(c) No Redemption. Until the Merger Closing, the Purchasing Party hereby irrevocably and unconditionally agrees not to redeem, elect to redeem or tender or submit any Subject Securities in connection with (i) the Merger or any other transactions contemplated by the Merger Agreement or (ii) any proposal to amend Parent’s organizational documents to extend the period of time that Parent is afforded thereunder and its prospectus to consummate an initial business combination, including any vote at any meeting of the shareholders of Parent (whether annual or special and whether or not an adjourned or postponed meeting however called and including any adjournment or postponement thereof) or any action by written resolution of the shareholders of Parent with respect to the foregoing, and any attempt to redeem such Subject Securities will be void *ab initio* and of no effect. For purposes of this Agreement, “Subject Securities” means all of Purchasing Party’s Parent Ordinary Shares and any other equity securities of Parent that the Purchasing Party holds of record or beneficially as of the date of this Agreement or acquires record or beneficial ownership after the date hereof, including any (i) Market Transaction Shares and (ii) Parent Warrants or other securities convertible into or exercisable or exchangeable for Parent Ordinary Shares.

7. Share Purchase Closing Conditions.

(a) The obligation of each of the Purchasing Party to consummate the Share Purchase Closing is subject to the fulfillment, at or prior to the Share Purchase Closing of each of the following conditions, any of which, to the extent permitted by applicable Laws, may be waived by the Purchasing Party, as applicable:

(i) The conditions set forth in Article X of the Merger Agreement (other than those conditions that by their nature are to be satisfied by (i) actions taken at the Merger Closing; provided that each such condition is then capable of being satisfied at the Merger Closing on such date and (ii) the consummation of the transactions contemplated by this Agreement) have been satisfied or waived (provided that, for purposes of this Agreement, the conditions set forth in Sections 10.3(h) and 10.3(j) in the Merger Agreement may not be waived without the written consent of the Purchasing Party), and the Company and Parent have confirmed to the Purchasing Party in writing that the Company and Parent are ready, willing and able to consummate the Transactions;

(ii) The representations and warranties of Parent set forth in Section 4 shall have been true and correct as of the date hereof and shall be true and correct as of the Share Purchase Closing, as applicable, with the same effect as though such representations and warranties had been made on and as of such date (other than any such representation or warranty that is made by its terms as of a specified date, which shall be true and correct as of such specified date), except where the failure to be so true and correct would not have a material adverse effect on Parent’s ability to consummate the transactions contemplated by this Agreement;

(iii) Parent shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Agreement to be performed, satisfied or complied with by Parent, at or prior to the Share Purchase Closing; and

(iv) No order, writ, judgment, injunction, decree, determination, or award shall have been entered by or with any governmental, regulatory, or administrative authority or any court, tribunal, or judicial, or arbitral body, and no other legal restraint or prohibition shall be in effect, preventing the purchase by the Purchasing Party of the Forward Purchase Shares.

(v) Since the date of the Merger Agreement, there shall not have occurred any Material Adverse Effect pursuant to clause (a) of the definition thereof in the Merger Agreement in respect of the Company Group that is continuing.

(b) The obligation of Parent to consummate the Share Purchase Closing is subject to the fulfillment, at or prior to the Share Purchase Closing of each of the following conditions, any of which, to the extent permitted by applicable Laws, may be waived by Parent :

(i) The conditions set forth in Article X of the Merger Agreement (other than those conditions that by their nature are to be satisfied by actions taken at the Merger Closing; provided that each such condition is then capable of being satisfied at the Merger Closing on such date) to Parent's obligations to consummate the Merger Closing have been satisfied or waived, and the Company has confirmed to Parent in writing that the Company is ready, willing and able to consummate the Transactions;

(ii) The representations and warranties of the Purchasing Party set forth in [Section 3](#) shall have been true and correct as of the date hereof and shall be true and correct as of the Share Purchase Closing, as applicable, with the same effect as though such representations and warranties had been made on and as of such date (other than any such representation or warranty that is made by its terms as of a specified date, which shall be true and correct as of such specified date), except where the failure to be so true and correct would not have a material adverse effect on the Purchasing Party or its ability to consummate the transactions contemplated by this Agreement;

(iii) The Purchasing Party shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Agreement to be performed, satisfied or complied with by the Purchasing Party at or prior to the Share Purchase Closing; and

(iv) No order, writ, judgment, injunction, decree, determination, or award shall have been entered by or with any governmental, regulatory, or administrative authority or any court, tribunal, or judicial, or arbitral body, and no other legal restraint or prohibition shall be in effect, preventing the purchase by the Purchasing Party of the Forward Purchase Shares.

(v) Parent shall have received evidence reasonably satisfactory of (i) the Purchasing Party's ownership of the Market Transaction Shares and purchase thereof following the date hereof and (ii) the aggregate dollar amount paid by the Purchasing Party to purchase the Market Transaction Shares.

8. Termination. This Agreement may be terminated at any time prior to the Share Purchase Closing:

- (a) by mutual written consent of the parties hereto; or
- (b) automatically upon the termination of the Merger Agreement in accordance with its terms.

In the event of any termination of this Agreement pursuant to this [Section 8](#), this Agreement shall forthwith become null and void and have no effect, without any liability on the part of any party hereto and their respective directors, officers, employees, partners, managers, members, or shareholders and all rights and obligations of each party shall cease; provided, however, that nothing contained in this [Section 8](#) shall relieve either Parent or the Purchasing Party from liabilities or damages arising out of any fraud or willful breach by such party of any of its representations, warranties, covenants or agreements contained in this Agreement.

9. General Provisions.

(a) Survival of Representations. Subject to the limitations and other provisions of this Agreement, the representations and warranties contained herein shall survive the Share Purchase Closing and shall remain in full force and effect until the first anniversary of the Closing Date.

(c) Amendments; No Waivers; Remedies.

(i) This Agreement cannot be amended, except by a writing signed by each party, and cannot be terminated orally or by course of conduct. No provision hereof can be waived, except by a writing signed by the party against whom such waiver is to be enforced, and any such waiver shall apply only in the particular instance in which such waiver shall have been given.

(ii) Neither any failure or delay in exercising any right or remedy hereunder or in requiring satisfaction of any condition herein nor any course of dealing shall constitute a waiver of or prevent any party from enforcing any right or remedy or from requiring satisfaction of any condition. No notice to or demand on a party waives or otherwise affects any obligation of that party or impairs any right of the party giving such notice or making such demand, including any right to take any action without notice or demand not otherwise required by this Agreement. No exercise of any right or remedy with respect to a breach of this Agreement shall preclude exercise of any other right or remedy, as appropriate to make the aggrieved party whole with respect to such breach, or subsequent exercise of any right or remedy with respect to any other breach.

(iii) Except as otherwise expressly provided herein, no statement herein of any right or remedy shall impair any other right or remedy stated herein or that otherwise may be available.

(d) No Assignment or Delegation. No party may assign any right or delegate any obligation hereunder, including by merger, consolidation, operation of law or otherwise, without the written consent of the other parties to this Agreement. Any purported assignment or delegation without such consent shall be void, in addition to constituting a material breach of this Agreement.

(e) Governing Law. This Agreement and all disputes or controversies arising out of or relating to this Agreement or the transactions contemplated hereby, including the applicable statute of limitations, shall be governed by and construed in accordance with the Laws of the State of New York, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than the State of New York.

(f) Counterparts; Facsimile Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which shall constitute one agreement. This Agreement shall become effective upon delivery to each party of an executed counterpart or the earlier delivery to each party of original, photocopied, or electronically transmitted signature pages that together (but need not individually) bear the signatures of all other parties.

(g) Entire Agreement. This Agreement, together with the agreements referenced herein, sets forth the entire agreement of the parties with respect to the subject matter hereof and thereof and supersedes all prior and contemporaneous understandings and agreements related thereto (whether written or oral), all of which are merged herein. No provision of this Agreement may be explained or qualified by any agreement, negotiations, understanding, discussion, conduct or course of conduct or by any trade usage. Except as otherwise expressly stated herein, there is no condition precedent to the effectiveness of any provision hereof or thereof.

(h) Severability. A determination by a court or other legal authority that any provision that is not of the essence of this Agreement is legally invalid shall not affect the validity or enforceability of any other provision hereof. The parties shall cooperate in good faith to substitute (or cause such court or other legal authority to substitute) for any provision so held to be invalid a valid provision, as alike in substance to such invalid provision as is lawful.

(i) Construction. The parties hereto have participated jointly in the negotiation and drafting of this Agreement. If an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties hereto and no presumption or burden of proof will arise favoring or disfavoring any party hereto because of the authorship of any provision of this Agreement. Any reference to any federal, state, local or foreign Law will be deemed also to refer to Law as amended and all rules and regulations promulgated thereunder, unless the context requires otherwise. The words “include,” “includes” and “including” will be deemed to be followed by “without limitation.” Pronouns in masculine, feminine, and neuter genders will be construed to include any other gender, and words in the singular form will be construed to include the plural and vice versa, unless the context otherwise requires. The words “this Agreement,” “herein,” “hereof,” “hereby,” “hereunder” and words of similar import refer to this Agreement as a whole and not to any particular subdivision unless expressly so limited. The parties hereto intend that each representation, warranty and covenant contained herein will have independent significance. If any

[Table of Contents](#)

party hereto has breached any representation, warranty or covenant contained herein in any respect, the fact that there exists another representation, warranty or covenant relating to the same subject matter (regardless of the relative levels of specificity) which such party hereto has not breached will not detract from or mitigate the fact that such party hereto is in breach of the first representation, warranty or covenant.

(j) Remedies. Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon a party hereto, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy would occur in the event that the parties do not perform their respective obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Agreement on the basis that the other parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.

BACKSTOP AGREEMENT

This Backstop Agreement (this "Agreement") is entered into as of [•], 2022, by and among Health Sciences Acquisitions Corporation 2, a Cayman Islands exempted company (which shall deregister in the Cayman Islands and domesticate as a Delaware corporation prior to the Merger Closing, "Parent"), Orchestra BioMed, Inc., a Delaware corporation (the "Company"), and the purchasing parties signatory hereto (the "Purchasing Parties"). Capitalized terms used but not defined in this Agreement shall have the meanings ascribed to such terms in that certain Agreement and Plan of Merger, dated as of the date of this Agreement, by and among Parent, the Company and HSAC Olympus Merger Sub, Inc. (the "Merger Agreement").

WHEREAS, in connection with the entry into the Merger Agreement, the Purchasing Parties have agreed to purchase up to 5,000,000 shares of Parent Ordinary Shares at a price of \$10.00 per share to the extent that the number of shares of Parent Ordinary Shares that are redeemed in connection with the consummation of the transactions contemplated by the Merger Agreement (the "Transactions") would result in the Parent receiving less than the Closing Cash Amount (as defined below), on the terms and conditions set forth herein (the "Backstop Commitment").

NOW, THEREFORE, in consideration of the premises, representations, warranties and the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

1. Backstop Shares.

(a) Backstop Subscription. Subject to, and contingent upon, the amount of Parent Closing Cash as of immediately prior to the Merger Closing (the "Closing Cash Amount") being less than that necessary to satisfy the Minimum Available Cash Condition (such deficit, the "Backstop Subscription Amount"), Parent shall issue and sell to the Purchasing Parties, and the Purchasing Parties shall purchase from Parent, a number of Parent Ordinary Shares equal to the quotient of (i) the Backstop Subscription Amount, divided by (ii) \$10.00 (the "Per Share Price"), rounded down to the nearest whole number (the "Backstop Shares").

(b) Funding Notice. As soon as reasonably practicable following completion of the Parent Shareholder Redemption, Parent shall deliver a written notice (the "Funding Notice") to the Purchasing Parties (with a copy sent concurrently to the Company) setting forth:

- (i) the Parent Redemption Amount;
- (ii) the Closing Cash Amount;
- (iii) the Backstop Subscription Amount;
- (iv) the number of Backstop Shares; and
- (v) the anticipated Closing Date.

Notwithstanding the foregoing, for the avoidance of doubt, the "Backstop Subscription Amount" shall be finally calculated without including any Parent Ordinary Shares subject to the Parent Shareholder Redemption that have been offered for redemption but subsequently and validly withdrawn by the applicable holder in accordance with the Parent's amended and restated memorandum and articles of association, the Cayman Islands Companies Act or other applicable law. The delivery of the Funding Notice hereunder shall serve as notice to the Sponsor that it will be required to pay the Backstop Subscription Amount and acquire the Backstop Shares, if any, pursuant to Section 1(a).

2. Share Purchase Closing.

(a) Closing. Subject to Section 7, the closing of the sale of the Backstop Shares, if any (the "Share Purchase Closing"), shall be held on the Closing Date, immediately prior to the Domestication. At the Share Purchase Closing, Parent will issue to the Purchasing Parties, collectively, the Backstop Shares against (and concurrently with) the payment of the Backstop Subscription Amount to Parent. Such issuance will be made in the amounts to each

[Table of Contents](#)

Purchasing Party set forth in written instructions provided by the Purchasing Parties to Parent (with a copy sent concurrently to the Company). All payments required to be made to Parent by the Purchasing Parties pursuant to this [Section 2\(a\)](#) shall be made by wire transfer of immediately available funds pursuant to written instructions provided by Parent to the Purchasing Parties (with a copy sent concurrently to the Company). For the avoidance of doubt, the payment obligations of the Purchasing Parties under this [Section 2\(a\)](#) are joint and several.

(b) [Delivery of Backstop Shares](#).

(i) Parent shall register each Purchasing Party as the owner of the Backstop Shares it was issued pursuant to [Section 2\(a\)](#) on Parent's share register and with Parent's transfer agent by book entry on or promptly after (but in no event more than two (2) Business Days after) the date of the Share Purchase Closing.

(ii) Each register and book entry for any Backstop Shares shall contain a notation, and each certificate (if any) evidencing such Backstop Shares shall be stamped or otherwise imprinted with a legend, in substantially the following form:

"THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION, AND MAY NOT BE TRANSFERRED IN VIOLATION OF SUCH ACT AND LAWS."

(c) In connection with sales permitted pursuant to Rule 144 promulgated under the Exchange Act, if required by Parent's transfer agent, Parent will, if required, promptly cause an opinion of counsel to be delivered to its transfer agent, together with any other authorizations, certificates and directions required by the transfer agent that authorize and direct the transfer agent to transfer such Backstop Shares without any such legend.

(d) [Registration Rights](#). The Purchasing Parties shall have registration rights with respect to their respective Backstop Shares as set forth in the Registration Rights Agreement that will be entered into by and among Parent, the Purchasing Parties, the Company and certain other parties thereto in connection with the consummation of the Transactions and the form of which is attached to the Merger Agreement as Exhibit E (the "[Registration Rights Agreement](#)").

(e) [Adjustments to Notional Amounts](#). In the event of any change to the capital structure of Parent, whether dilutive or otherwise, by way of a share dividend, share split, or any other similar transaction however described, the Per Share Price will be adjusted as necessary to account for such changes.

3. Representations and Warranties of the Purchasing Parties. Each Purchasing Party represents and warrants, jointly and severally, to each of Parent and the Company as follows:

(a) [Organization and Power](#). Such Purchasing Party is duly organized, validly existing, and in good standing under the Laws of the jurisdiction of its formation and has all requisite power and authority to carry on its business as presently conducted and as proposed to be conducted.

(b) [Authorization](#). Such Purchasing Party has full power and authority to enter into this Agreement. This Agreement, when executed and delivered by such Purchasing Party, will constitute the valid and legally binding obligation of such Purchasing Party, enforceable in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other Laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by Laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (iii) to the extent the indemnification provisions contained in the Registration Rights Agreement may be limited by applicable federal or state securities Laws.

(c) [Governmental Consents and Filings](#). No consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of such Purchasing Party in connection with the consummation of the transactions contemplated by this Agreement.

(d) [Compliance with Other Instruments](#). The execution, delivery and performance by such Purchasing Party of this Agreement and the consummation by such Purchasing Party of the transactions contemplated by this Agreement will not result in any violation or default (i) of any provisions of its organizational documents, (ii) of any instrument, judgment, order, writ or decree to which it is a party or by which it is bound, (iii) under any note, indenture or mortgage to which it is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to

[Table of Contents](#)

which it is a party or by which it is bound or (v) of any provision of federal or state statute, rule or regulation applicable to such Purchasing Party, in each case (other than clause (i)), which would have a material adverse effect on such Purchasing Party or its ability to consummate the transactions contemplated by this Agreement.

(e) Purchase Entirely for Own Account. This Agreement is made with such Purchasing Party in reliance upon such Purchasing Party's representation to Parent, which by such Purchasing Party's execution of this Agreement, such Purchasing Party hereby confirms, that its Backstop Shares to be acquired by such Purchasing Party will be acquired for investment for such Purchasing Party's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that such Purchasing Party has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of Law. By executing this Agreement, such Purchasing Party further represents that such Purchasing Party does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to any of its Backstop Shares.

(f) Disclosure of Information. Such Purchasing Party has had an opportunity to discuss Parent's existing and planned or expected business, management, financial affairs and the terms and conditions of the purchase and sale of its Backstop Shares, as well as the terms of the Transactions, with Parent's management.

(g) Restricted Backstop Shares. Such Purchasing Party understands that the offer and sale of its Backstop Shares to such Purchasing Party has not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of such Purchasing Party's representations as expressed herein. Such Purchasing Party understands that its Backstop Shares are "restricted securities" under applicable U.S. federal and state securities Laws and that, pursuant to these Laws, such Purchasing Party must hold its Backstop Shares indefinitely unless they are registered with the SEC and qualified by state authorities, or an exemption from such registration and qualification requirements is available. Such Purchasing Party acknowledges that Parent has no obligation to register or qualify its Backstop Shares, or any securities into which its Backstop Shares may be converted into or exercised for, for resale, except pursuant to the Registration Rights Agreement. Such Purchasing Party further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for its Backstop Shares, and on requirements relating to Parent which are outside of such Purchasing Party's control, and which Parent is under no obligation and may not be able to satisfy.

(h) High Degree of Risk. Such Purchasing Party understands that its agreement to purchase its Backstop Shares involves a high degree of risk, which could cause such Purchasing Party to lose all or part of its investment.

(i) Accredited Investor. Such Purchasing Party is an "accredited investor" as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

(j) No General Solicitation. Neither such Purchasing Party, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (i) to its knowledge, engaged in any general solicitation, or (ii) published any advertisement in connection with the purchase and sale of its Backstop Shares.

(k) Non-Public Information. Such Purchasing Party acknowledges its obligations under applicable securities Laws with respect to the treatment of material non-public information relating to Parent.

(l) Adequacy of Financing. Such Purchasing Party will have at the Share Purchase Closing available to it sufficient funds to satisfy its obligations under this Agreement.

(m) Affiliation of Certain FINRA Members. Such Purchasing Party is neither a person associated nor affiliated with any underwriter of the IPO or, to its actual knowledge, any other member of the Financial Industry Regulatory Authority ("FINRA") that participated in the IPO.

(n) No Finder's Fees. Such Purchasing Party is not and will not be obligated for any finder's fee or commission in connection with the transactions contemplated by this Agreement.

(o) Foreign Corrupt Practices. Neither such Purchasing Party, nor any director, officer, agent, employee or other Person acting on behalf of such Purchasing Party has, in the course of its actions for, or on behalf of, Purchasing Party (i) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expenses

relating to political activity; (ii) made any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (iii) violated or is in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977, as amended; or (iv) made any unlawful bribe, rebate, payoff, influence payment, kickback or other unlawful payment to any foreign or domestic government official or employee.

(p) Compliance with Anti-Money Laundering Laws. The operations of such Purchasing Party are and have been conducted at all times in compliance with applicable financial recordkeeping and reporting requirements and all other applicable U.S. and non-U.S. anti-money laundering Laws and regulations, including, but not limited to, those of the Currency and Foreign Transactions Reporting Act of 1970, as amended, the USA PATRIOT Act of 2001 and the applicable money laundering statutes of all applicable jurisdictions, the rules and regulations thereunder and any related or similar rules, regulations or guidelines, issued, administered or enforced by any governmental agency (collectively, the “Anti-Money Laundering Laws”), and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving such Purchasing Party with respect to the Anti-Money Laundering Laws is pending or, to the knowledge of such Purchasing Party, threatened.

(q) No Other Representations and Warranties; Non-Reliance. (b) **No Other Representations and Warranties; Non-Reliance.** Except for the specific representations and warranties contained in this Section 5 and in any certificate or agreement delivered pursuant hereto, neither the Company nor any person acting on behalf of the Company nor any of the Company's affiliates (the "Company Group") has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Company, the transactions contemplated by the Merger Agreement or the offer and sale of the Backstop Shares, and the Company Group disclaims any such representation or warranty. 6. Additional Agreements, Acknowledgements and Waivers of the Purchasing Parties.

(a) **Waiver.** Reference is made to the final prospectus of Parent, dated August 3, 2020 (the "Prospectus"). Each Purchasing Party has read the Prospectus and understands that Parent has established the Trust Account for the benefit of the public Parent Shareholders and the underwriters of the IPO pursuant to the Trust Agreement and that, except for a portion of the interest earned on the amounts held in the Trust Account, Parent may disburse monies from the Trust Account only for the purposes set forth in the Trust Agreement. For and in consideration of Parent agreeing to enter into this Agreement, the Company and each Purchasing Party for itself and on behalf of its securityholders, hereby agrees that it does not now and shall not at any time hereafter have any right, title, interest or claim of any kind in or to any monies in the Trust Account as a result of, or arising out of, any negotiations, contracts or agreements with Parent and hereby agrees that it will not seek recourse against the Trust Account for any reason.

(b) **No Short Sales.** Each Purchasing Party hereby agrees that neither it, nor any person or entity acting on its behalf or pursuant to any understanding with it, will engage in any Short Sales with respect to securities of Parent prior to the Merger Closing. For purposes of this [Section 5](#), "Short Sales" shall include, without limitation, all "short sales" as defined in Rule 200 promulgated under Regulation SHO under the Exchange Act and all types of direct and indirect stock pledges (other than pledges in the ordinary course of business as part of prime brokerage arrangements), forward sale contracts, options, puts, calls, swaps and similar arrangements (including on a total return basis), and sales and other transactions through non-U.S. broker dealers or foreign regulated brokers.

(i) The conditions set forth in Article X of the Merger Agreement (other than those conditions that by their nature are to be satisfied by actions taken at the Merger Closing; provided that each such condition is then capable of being satisfied at the Merger Closing on such date) to Parent's obligations to consummate the Merger Closing have been satisfied or waived, and the Company has confirmed to Parent in writing that the Company is ready, willing and able to consummate the Transactions;

(ii) The representations and warranties of Parent set forth in Section 4 of this Agreement shall have been true and correct as of the date hereof and shall be true and correct as of the Share Purchase Closing, as applicable, with the same effect as though such representations and warranties had been made on and as of such date (other than any such representation or warranty that is made by its terms as of a specified date, which shall be true and correct as of such specified date), except where the failure to be so true and correct would not have a material adverse effect on Parent's ability to consummate the transactions contemplated by this Agreement;

(iii) Parent shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Agreement to be performed, satisfied or complied with by Parent, at or prior to the Share Purchase Closing; and

(iv) No order, writ, judgment, injunction, decree, determination, or award shall have been entered by or with any governmental, regulatory, or administrative authority or any court, tribunal, or judicial, or arbitral body, and no other legal restraint or prohibition shall be in effect, preventing the purchase by any Purchasing Party of its Backstop Shares.

(b) The obligation of Parent to consummate the Share Purchase Closing is subject to the fulfillment, at or prior to the Share Purchase Closing of each of the following conditions, any of which, to the extent permitted by applicable Laws, may be waived by Parent (or, with respect to clauses (ii) and (iii), the Company on its behalf):

(i) The conditions set forth in Article X of the Merger Agreement (other than those conditions that by their nature are to be satisfied by actions taken at the Merger Closing; provided that each such condition is then capable of being satisfied at the Merger Closing on such date) to Parent's obligations to consummate the Merger Closing have been satisfied or waived, and the Company has confirmed to Parent in writing that the Company is ready, willing and able to consummate the Transactions;

(ii) The representations and warranties of each Purchasing Party set forth in Section 3 of this Agreement shall have been true and correct as of the date hereof and shall be true and correct as of the Share Purchase Closing, as applicable, with the same effect as though such representations and warranties had been made on and as of such date (other than any such representation or warranty that is made by its terms as of a specified date, which shall be true and correct as of such specified date), except where the failure to be so true and correct would not have a material adverse effect on such Purchasing Party or its ability to consummate the transactions contemplated by this Agreement;

(iii) Each Purchasing Party shall have performed, satisfied and complied in all material respects with the covenants, agreements and conditions required by this Agreement to be performed, satisfied or complied with by such Purchasing Party at or prior to the Share Purchase Closing; and

(iv) No order, writ, judgment, injunction, decree, determination, or award shall have been entered by or with any governmental, regulatory, or administrative authority or any court, tribunal, or judicial, or arbitral body, and no other legal restraint or prohibition shall be in effect, preventing the purchase by any of the Purchasing Parties of the Backstop Shares.

8. Termination. This Agreement may be terminated at any time prior to the Share Purchase Closing:

(a) by mutual written consent of the parties hereto; or

(b) automatically upon the termination of the Merger Agreement in accordance with its terms.

In the event of any termination of this Agreement pursuant to this Section 8, this Agreement shall forthwith become null and void and have no effect, without any liability on the part of any party hereto and their respective directors, officers, employees, partners, managers, members, or shareholders and all rights and obligations of each party shall cease; provided, however, that nothing contained in this Section 8 shall relieve either party from liabilities or damages arising out of any fraud or willful breach by such party of any of its representations, warranties, covenants or agreements contained in this Agreement.

9. General Provisions.

(a) **Survival of Representations.** Subject to the limitations and other provisions of this Agreement, the representations and warranties contained herein shall survive the Share Purchase Closing and shall remain in full force and effect until the first anniversary of the Closing Date.

(c) **Amendments; No Waivers; Remedies.**

(i) This Agreement cannot be amended, except by a writing signed by each party, and cannot be terminated orally or by course of conduct. No provision hereof can be waived, except by a writing signed by the party against whom such waiver is to be enforced, and any such waiver shall apply only in the particular instance in which such waiver shall have been given.

(ii) Neither any failure or delay in exercising any right or remedy hereunder or in requiring satisfaction of any condition herein nor any course of dealing shall constitute a waiver of or prevent any party from enforcing any right or remedy or from requiring satisfaction of any condition. No notice to or demand on a party waives or otherwise affects any obligation of that party or impairs any right of the party giving such notice or making such demand, including any right to take any action without notice or demand not otherwise required by this Agreement. No exercise of any right or remedy with respect to a breach of this Agreement shall preclude exercise of any other right or remedy, as appropriate to make the aggrieved party whole with respect to such breach, or subsequent exercise of any right or remedy with respect to any other breach.

(iii) Except as otherwise expressly provided herein, no statement herein of any right or remedy shall impair any other right or remedy stated herein or that otherwise may be available.

(d) No Assignment or Delegation. No party may assign any right or delegate any obligation hereunder, including by merger, consolidation, operation of law or otherwise, without the written consent of the other parties to this Agreement. Any purported assignment or delegation without such consent shall be void, in addition to constituting a material breach of this Agreement.

(e) Governing Law. This Agreement and all disputes or controversies arising out of or relating to this Agreement or the transactions contemplated hereby, including the applicable statute of limitations, shall be governed by and construed in accordance with the Laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than the State of Delaware.

(f) Counterparts; Facsimile Signatures. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which shall constitute one agreement. This Agreement shall become effective upon delivery to each party of an executed counterpart or the earlier delivery to each party of original, photocopied, or electronically transmitted signature pages that together (but need not individually) bear the signatures of all other parties.

(g) Entire Agreement. This Agreement, together with the agreements referenced herein, sets forth the entire agreement of the parties with respect to the subject matter hereof and thereof and supersedes all prior and contemporaneous understandings and agreements related thereto (whether written or oral), all of which are merged herein. No provision of this Agreement may be explained or qualified by any agreement, negotiations, understanding, discussion, conduct or course of conduct or by any trade usage. Except as otherwise expressly stated herein, there is no condition precedent to the effectiveness of any provision hereof or thereof.

(h) Severability. A determination by a court or other legal authority that any provision that is not of the essence of this Agreement is legally invalid shall not affect the validity or enforceability of any other provision hereof. The parties shall cooperate in good faith to substitute (or cause such court or other legal authority to substitute) for any provision so held to be invalid a valid provision, as alike in substance to such invalid provision as is lawful.

(i) Construction. The parties hereto have participated jointly in the negotiation and drafting of this Agreement. If an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties hereto and no presumption or burden of proof will arise favoring or disfavoring any party hereto because of the authorship of any provision of this Agreement. Any reference to any federal, state, local or foreign Law will be deemed also to refer to Law as amended and all rules and regulations promulgated thereunder, unless the context requires otherwise. The words “include,” “includes” and “including” will be deemed to be followed by “without limitation.” Pronouns in masculine, feminine, and neuter genders will be construed to include any other gender, and words in the singular form will be construed to include the plural and vice versa, unless the context otherwise requires. The words “this Agreement,” “herein,” “hereof,” “hereby,” “hereunder” and words of similar import refer to this Agreement as a whole and not to any particular subdivision unless expressly so limited. The parties hereto intend that each representation, warranty and covenant contained herein will have independent significance. If any party hereto has breached any representation, warranty or covenant contained herein in any respect, the fact that there exists another representation, warranty or covenant relating to the same subject matter (regardless of the relative levels of specificity) which such party hereto has not breached will not detract from or mitigate the fact that such party hereto is in breach of the first representation, warranty or covenant.

(j) Remedies. Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon a party hereto, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy would occur in the event that the parties do not perform their respective obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Agreement on the basis that the other parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.

3. Effect of Amendment. Except as set forth herein, all other terms and provisions of the Merger Agreement remain unchanged and in full force and effect.

4. Construction. This Amendment shall be governed by all provisions of the Merger Agreement unless context requires otherwise, including all provisions concerning construction, enforcement and governing law.

5. Entire Agreement. This Amendment together with the Merger Agreement sets forth the entire agreement of the parties with respect to the subject matter hereof and thereof and supersedes all prior and contemporaneous understandings and agreements related thereto (whether written or oral), all of which are merged herein. D. Except as provided above, the designations, powers, preferences, privileges and relative participating, optional, or other rights, and qualifications, limitations, or restrictions of the Common Stock are as follows:

1. Rights Relating to Dividends, Subdivisions and Combinations. Subject to the prior rights of holders of all classes and series of stock at the time outstanding having prior rights as to dividends, the holders of the Common Stock shall be entitled to receive, when, as and if declared by the Board of Directors, out of any assets of the Corporation legally available therefor, such dividends as may be declared from time to time by the Board of Directors. Any dividends paid to the holders of shares of Common Stock shall be paid pro rata, on an equal priority, pari passu basis, unless different treatment of the shares of each such class is approved by the affirmative vote of the holders of a majority of the outstanding shares of the applicable class of Common Stock treated adversely, voting separately as a class.

2. Voting Rights.

(a) Except as otherwise required by law or this Certificate of Incorporation (the “*Certificate of Incorporation*”) (including any Preferred Stock Designation), at any annual or special meeting of the stockholders of the Corporation, holders of the Common Stock shall have the exclusive right to vote for the election of directors and on all other matters properly submitted to a vote of the stockholders.

(b) Except as otherwise required by law or the Certificate of Incorporation (including any Preferred Stock Designation), the holders of shares of Common Stock shall be entitled to one vote for each such share on each matter properly submitted to the stockholders on which the holders of the Common Stock are entitled to vote.

(c) Except as otherwise required by applicable law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to the Certificate of Incorporation that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to the Certificate of Incorporation or applicable law.

3. Liquidation Rights.

In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, upon the completion of the distributions required with respect to each series of Preferred Stock that may then be outstanding, the remaining assets of the Corporation legally available for distribution to stockholders shall be distributed on an equal priority, pro rata basis to the holders of Common Stock, unless different treatment of the shares of each such class is approved by the affirmative vote of the holders of a majority of the outstanding shares of Common Stock; provided, however, for the avoidance of doubt, compensation pursuant to any employment, consulting, severance or other compensatory arrangement to be paid to or received by a person who is also a holder of Common Stock does not constitute consideration or a “distribution to stockholders” in respect of the Common Stock.

V.

A. The liability of the directors or officers of the Corporation for monetary damages for breach of fiduciary duty as a director or officer shall be eliminated to the fullest extent authorized under applicable law, provided that this provision shall not eliminate or limit the liability of:

1. a director or officer for any breach of the director’s or officer’s duty of loyalty to the Corporation or its stockholders;
2. a director or officer for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
3. a director under Section 174 of the DGCL;
4. a director or officer for any transaction from which the director or officer derived an improper personal benefit; or
5. an officer in any action by or in the right of the Corporation.

Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director or officer of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

B. To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and other agents of the Corporation (and any other persons to which applicable law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise in excess of the indemnification and advancement otherwise permitted by such applicable law.

C. If applicable law is amended after approval by the stockholders of this Article V to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of a director or officer to the Corporation shall be eliminated or limited to the fullest extent permitted by applicable law as so amended. Any repeal or modification of this Article V shall only be prospective and shall not affect the rights under this Article V in effect at the time of the alleged occurrence of any action or omission to act giving rise to liability.

D. All references in this Article V to an “officer” shall mean a person who:

1. is or was the president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer of the Corporation at any time during the course of conduct alleged in the action or proceeding to be wrongful;

2. is or was identified in the Corporation’s public filings with the United States Securities and Exchange Commission because such person is or was one of the most highly compensated executive officers of the Corporation at any time during the course of conduct alleged in the action or proceeding to be wrongful; or

3. has, by written agreement with the Corporation, consented to be identified as an officer for purposes of this Article V.

VI.

A. Unless the Corporation consents in writing to the selection of an alternative forum, (a) the Court of Chancery (the “*Chancery Court*”) of the State of Delaware (or, in the event that the Chancery Court does not have jurisdiction, the federal district court for the District of Delaware or other state courts of the State of Delaware) shall, to the fullest extent permitted by law, be the sole and exclusive forum for (i) any derivative action, suit or proceeding brought on behalf of the Corporation, (ii) any action, suit or proceeding asserting a claim of breach of a fiduciary duty owed by any director, officer or stockholder of the Corporation to the Corporation or to the Corporation’s stockholders, (iii) any action, suit or proceeding arising pursuant to any provision of the DGCL or the bylaws of the Corporation or this Certificate of Incorporation (as either may be amended from time to time) or (iv) any action, suit or proceeding asserting a claim against the Corporation governed by the internal affairs doctrine; and (b) subject to the preceding provisions of this Article VI, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act of 1933, as amended (the “*Securities Act*”). If any action the subject matter of which is within the scope of clause (a) of the immediately preceding sentence is filed in a court other than the courts in the State of Delaware (a “*Foreign Action*”) in the name of any stockholder, such stockholder shall be deemed to have consented to (x) the personal jurisdiction of the state and federal courts in the State of Delaware in connection with any action brought in any such court to enforce the provisions of clause (a) of the immediately preceding sentence and (y) having service of process made upon such stockholder in any such action by service upon such stockholder’s counsel in the Foreign Action as agent for such stockholder.

B. Any person or entity purchasing or otherwise acquiring any interest in any security of the Corporation shall be deemed to have notice of and consented to this Article VI. Notwithstanding the foregoing, the provisions of this Article VI shall not apply to suits brought to enforce any liability or duty created by the Securities Exchange Act of 1934, as amended, or any other claim for which the federal courts of the United States have exclusive jurisdiction.

C. If any provision or provisions of this Article VI shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever, (a) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article VI (including, without limitation, each portion of any paragraph of this Article VI containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (b) the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

VII.

For the management of the business and for the conduct of the affairs of the Corporation, and in further definition, limitation and regulation of the powers of the Corporation, of its directors and of its stockholders or any class thereof, as the case may be, it is further provided that:

A. Board of Directors.

1. Generally. The management of the business and the conduct of the affairs of the Corporation shall be vested in the Board of Directors. The authorized number of directors which shall constitute the Board of Directors shall be fixed by the Board of Directors in the manner provided in the Bylaws.

2. Election.

(a) Subject to the rights of the holders of any series of Preferred Stock to elect additional directors as specified in any Preferred Stock Designation, the directors shall be divided into three classes designated as Class I, Class II and Class III, respectively. Each class shall consist, as nearly as possible, of one-third of the total number of such directors. The Board of Directors is authorized to assign members of the Board of Directors already in office to such classes at the time the classification becomes effective. At the first annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class I directors shall expire and Class I directors shall be elected for a full term of three years. At the second annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class II directors shall expire and Class II directors shall be elected for a full term of three years. At the third annual meeting of stockholders following such initial classification of the Board of Directors, the initial term of office of the Class III directors shall expire and Class III directors shall be elected for a full term of three years. At each succeeding annual meeting of stockholders, directors shall be elected for a full term of three years to succeed the directors of the class whose terms expire at such annual meeting.

(b) At any time that applicable law prohibits a classified board as described in Section A.2.(a) of this Article VII, all directors shall be elected at each annual meeting of stockholders to hold office until the next annual meeting. The directors of the Corporation need not be elected by written ballot unless the Bylaws so provide.

(c) No stockholder entitled to vote at an election for directors may cumulate votes to which such stockholder is entitled unless required by applicable law at the time of such election. During such time or times that applicable law requires cumulative voting, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder thinks fit. No stockholder, however, shall be entitled to so cumulate such stockholder's votes unless (i) the names of such candidate or candidates have been placed in nomination prior to the voting and (ii) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

(d) Notwithstanding the foregoing provisions of this section, each director shall serve until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

3. Removal of Directors. Subject to any limitations imposed by applicable law, removal shall be as provided in Section 141(k) of the DGCL.

4. Vacancies. Subject to any limitations imposed by applicable law and subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes and any newly created directorships resulting from any increase in the number of directors, shall, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by the stockholders and except as otherwise provided by applicable law, be filled only by a majority of the directors then in office, although less than a quorum, or by the sole remaining director, and not by the stockholders. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the

full term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified.

B. Stockholder Actions. No action shall be taken by the stockholders of the Corporation except at an annual or special meeting of stockholders called in accordance with the Bylaws, and no action shall be taken by the stockholders by written consent. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

C. Bylaws. The Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws. The stockholders shall also have the power to adopt, amend or repeal the Bylaws; provided, however, that, in addition to any vote of the holders of any class or series of stock of the Corporation required by law or by the Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least 66 2/3% of the voting power of all of the then-outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

VIII.

A. The Corporation reserves the right to amend, alter, change or repeal any provision contained in the Certificate of Incorporation, in the manner now or hereafter prescribed by the DGCL, except as provided in paragraph B. of this Article VIII, and all rights conferred upon the stockholders herein are granted subject to this reservation.

B. Notwithstanding any other provisions of the Certificate of Incorporation or any provision of law that might otherwise permit a lesser vote or no vote, but in addition to any affirmative vote of the holders of any particular class or series of the Corporation required by law or by the Certificate of Incorporation or any Preferred Stock Designation filed with respect to a series of Preferred Stock, the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to alter, amend or repeal Articles V, VI, VII and VIII.

IN WITNESS WHEREOF, this Certificate of Incorporation has been executed on this [•] day of [•], 2022.

The corporation shall also have and maintain an office or principal place of business at such place as may be fixed by the Board of Directors of the corporation (the “*Board of Directors*”), and may also have offices at such other places, both within and without the State of Delaware, as the Board of Directors may from time to time determine or as may be necessary or convenient to the business of the corporation.

ARTICLE III
STOCKHOLDERS’ MEETINGS

Section 4. Place of Meetings. Meetings of the stockholders of the corporation may be held at such place (if any), either within or without the State of Delaware, as may be determined from time to time by the Board of Directors. The Board of Directors may, in its sole discretion, determine that the meeting shall not be held at any place, but may instead be held solely by means of remote communication as provided under the Delaware General Corporation Law (the “*DGCL*”). For the avoidance of doubt, the Board of Directors may, in its sole discretion, determine that a meeting of stockholders of the corporation may be held both in a place and by means of remote communication. For any meeting of stockholders to be held by remote communication, the corporation shall (i) implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by remote communication is a stockholder or proxy holder, (ii) implement reasonable measures to provide such stockholders and proxy holders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (iii) if any stockholder or proxy holder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the corporation.

Section 5. Annual Meeting.

(a) The annual meeting of the stockholders of the corporation, for the purpose of election of directors and for such other business as may properly come before it, shall be held at such place, if any, and on such date and at such time as shall be designated from time to time by the Board of Directors and stated in the corporation’s notice of meeting of stockholders. Nominations of persons for election to the Board of Directors and proposals of business to be considered by the stockholders may be made at an annual meeting of stockholders: (i) pursuant to the corporation’s notice of meeting of stockholders given by or at the direction of the Board of Directors; (ii) brought specifically by or at the direction of the Board of Directors or a duly authorized committee thereof; or (iii) by any stockholder of the corporation who was a stockholder of record at the time of giving the stockholder’s notice provided for in Section 5(b) below, who is entitled to vote at the meeting and who complied with the notice procedures set forth in Section 5. For

the avoidance of doubt, clause (iii) above shall be the exclusive means for a stockholder to make nominations and submit other business (other than matters properly included in the corporation's notice of meeting of stockholders and proxy statement under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "**1934 Act**"), and the rules and regulations thereunder before an annual meeting of stockholders).

(b) At an annual meeting of the stockholders, only such business shall be conducted as is a proper matter for stockholder action under Delaware law and as shall have been properly brought before the meeting in accordance with Section 5(a) and the procedures below.

(i) For nominations for the election to the Board of Directors to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of Section 5(a), such stockholder must deliver written notice to the Secretary at the principal executive offices of the corporation on a timely basis as set forth in Section 5(b)(iii) and must update and supplement such written notice on a timely basis as set forth in Section 5(c). Such stockholder's notice shall set forth: (A) as to each nominee such stockholder proposes to nominate at the meeting: (1) the name, age, business address and residence address of such nominee; (2) the principal occupation or employment of such nominee; (3) the class or series and number of shares of each class or series of capital stock of the corporation that are owned beneficially and of record by such nominee; (4) the date or dates on which such shares were acquired and the investment intent of such acquisition; (5) a statement whether such nominee, if elected, intends to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation effective upon acceptance of such resignation by the Board of Directors; and (6) such other information concerning such nominee as would be required to be disclosed in a proxy statement soliciting proxies for the election of such nominee as a director in an election contest (even if an election contest is not involved), or that is otherwise required to be disclosed pursuant to Section 14 of the 1934 Act and the rules and regulations promulgated thereunder (including such person's written consent to being named in the corporation's proxy statement and associated proxy card as a nominee of the stockholder and to serving as a director if elected); and (B) the information required by Section 5(b)(iv). The corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve (i) as an independent director (as such term is used in any applicable stock exchange listing requirements or applicable law) of the corporation or (ii) on any committee or sub-committee of the Board of Directors under any applicable stock exchange listing requirements or applicable law, and that could be material to a reasonable stockholder's understanding of the independence, or lack thereof, of such proposed nominee. The notice in this paragraph must also be accompanied by (X) a completed written questionnaire (in a form provided by the Corporation) with respect to the background, qualifications, stock ownership and independence of such proposed nominee, and such additional information with respect to such proposed nominee as would be required to be provided by the Company pursuant to Schedule 14A if such proposed nominee were a participant in the solicitation of proxies by the Company in connection with such annual or special meeting and (Y) a written representation and agreement (in form provided by the Corporation) that such nominee (i) if elected as director of the Corporation, intends to serve the entire term until the next meeting at which such nominee would face re-election and (ii) consents to being named as a nominee in the Corporation's proxy statement pursuant to Rule 14a-4(d) under the Exchange Act and any associated proxy card of the Corporation and agrees to serve if elected as a director.

(ii) Other than proposals sought to be included in the corporation's proxy materials pursuant to Rule 14a-8 under the 1934 Act, for business other than nominations for the election to the Board of Directors to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of Section 5(a), the stockholder must deliver written notice to the Secretary at the principal executive offices of the corporation on a timely basis as set forth in Section 5(b)(iii), and must update and supplement such written notice on a timely basis as set forth in Section 5(c). Such stockholder's notice shall set forth: (A) as to each matter such stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and in the event that such business includes a proposal to amend the Bylaws of the corporation (the "**Bylaws**"), the language of the proposed amendment), the reasons for conducting such business at the meeting, and any material interest (including any anticipated benefit of such business to any Proponent (as defined below) other than solely as a result of its ownership of the corporation's capital stock, that is material to any Proponent individually, or to the Proponents in the aggregate) in such business of any Proponent; and (B) the information required by Section 5(b)(iv).

(iii) To be timely, the written notice required by Section 5(b)(i) or 5(b)(ii) must be received by the Secretary at the principal executive offices of the corporation not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; *provided, however*, that, subject to the last sentence of this Section 5(b)(iii), in the event that the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so received (A) not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and (B) not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or, if later than the ninetieth (90th) day prior to such annual meeting, the tenth (10th) day following the day on which public announcement of the date of such meeting is first made. In no event shall an adjournment or a postponement of an annual meeting for which notice has been given, or the public announcement thereof has been made, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

(iv) The written notice required by Section 5(b)(i) or 5(b)(ii) shall also set forth, as of the date of the notice and as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (each, a "**Proponent**" and collectively, the "**Proponents**"): (A) the name and address of each Proponent, as they appear on the corporation's books; (B) the class or series and number of shares of each class of capital stock of the corporation that are owned of record and beneficially by each Proponent; (C) a description of any agreement, arrangement or understanding (whether oral or in writing) with respect to such nomination or proposal between or among any Proponent and any of its affiliates or associates, and any others (including their names) acting in concert, or otherwise under the agreement, arrangement or understanding, with any of the foregoing; (D) a representation that the Proponents are holders of record or beneficial owners, as the case may be, of shares of the corporation entitled to vote at the meeting and intend to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice (with respect to a notice under Section 5(b)(i)) or to propose the business that is specified in the notice (with respect to a notice under Section 5(b)(ii)); (E) a representation as to whether the Proponents intend to deliver a proxy statement and form of proxy to holders of at least 67% of the corporation's voting power of shares entitled to vote on the election of directors (with respect to a notice under Section 5(b)(i)) or to carry such proposal (with respect to a notice under Section 5(b)(ii)); (F) to the extent known by any Proponent, the name and address of any other stockholder supporting the proposal on the date of such stockholder's notice; and (G) a description of all Derivative Transactions (as defined below) by each Proponent during the previous twelve (12) month period, including the date of the transactions and the class, series and number of securities involved in, and the material economic terms of, such Derivative Transactions.

(c) A stockholder providing the written notice required by Section 5(b)(i) or 5(b)(ii) shall update and supplement such notice in writing, if necessary, so that the information provided or required to be provided in such notice is true and correct in all material respects as of (i) the record date for the meeting and (ii) the date that is five (5) Business Days (as defined below) prior to the meeting and, in the event of any adjournment or postponement thereof, five (5) Business Days prior to such adjourned or postponed meeting. In the case of an update and supplement pursuant to clause (i) of this Section 5(c), such update and supplement shall be received by the Secretary at the principal executive offices of the corporation not later than five (5) Business Days after the record date for the meeting. In the case of an update and supplement pursuant to clause (ii) of this Section 5(c), such update and supplement shall be received by the Secretary at the principal executive offices of the corporation not later than two (2) Business Days prior to the date for the meeting, and, in the event of any adjournment or postponement thereof, two (2) Business Days prior to such adjourned or postponed meeting.

(d) Notwithstanding anything herein to the contrary, in the event that the number of directors to be elected to the Board of Directors of the corporation at the annual meeting is increased effective after the time period for which nominations would otherwise be due under Section 5(b)(iii) and there is no public announcement by the corporation naming the nominees for the additional directorships at least one hundred (100) days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section 5 shall also be considered timely, but only with respect to nominees for the additional directorships, if it shall be delivered to the Secretary at the principal executive offices of the corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the corporation.

(e) A person shall not be eligible for election or re-election as a director at the annual meeting unless the person is nominated either in accordance with clause (ii) or clause (iii) of Section 5(a). Except as otherwise required by law, the chairperson of the annual meeting shall have the power and duty to determine whether a nomination or any

business proposed to be brought before the meeting was made, or proposed, as the case may be, in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these Bylaws, or the Proponent does not act in accordance with the representations in Sections 5(b)(iv)(D) and 5(b)(iv)(E), to declare that such proposal or nomination shall not be presented for stockholder action at the meeting and shall be disregarded, notwithstanding that proxies in respect of such nomination or such business may have been solicited or received.

(f) Notwithstanding the foregoing provisions of this Section 5, in order to include information with respect to a stockholder proposal in the proxy statement and form of proxy for a stockholders' meeting, a stockholder must also comply with all applicable requirements of the 1934 Act and the rules and regulations thereunder. Nothing in these Bylaws shall be deemed to affect any rights of stockholders to request inclusion of proposals in the corporation's proxy statement pursuant to Rule 14a-8 under the 1934 Act; *provided, however*, that any references in these Bylaws to the 1934 Act or the rules and regulations thereunder are not intended to and shall not limit the requirements applicable to proposals and/or nominations to be considered pursuant to Section 5(a).

(g) For purposes of Sections 5 and 6,

(1) "*affiliates*" and "*associates*" shall have the meanings set forth in Rule 405 under the Securities Act of 1933, as amended (the "*1933 Act*");

(2) "*Business Day*" means any day other than Saturday, Sunday or a day on which banks are closed in New York City, New York.

(3) "*Derivative Transaction*" means any agreement, arrangement, interest or understanding entered into by, or on behalf or for the benefit of, any Proponent or any of its affiliates or associates, whether record or beneficial: (A) the value of which is derived in whole or in part from the value of any class or series of shares or other securities of the corporation; (B) that otherwise provides any direct or indirect opportunity to gain or share in any gain derived from a change in the value of securities of the corporation; (C) the effect or intent of which is to mitigate loss, manage risk or benefit of security value or price changes; or (D) that provides the right to vote or increase or decrease the voting power of, such Proponent, or any of its affiliates or associates, with respect to any securities of the corporation, which agreement, arrangement, interest or understanding may include, without limitation, any option, warrant, debt position, note, bond, convertible security, swap, stock appreciation right, short position, profit interest, hedge, right to dividends, voting agreement, performance-related fee or arrangement to borrow or lend shares (whether or not subject to payment, settlement, exercise or conversion in any such class or series), and any proportionate interest of such Proponent in the securities of the corporation held by any general or limited partnership, or any limited liability company, of which such Proponent is, directly or indirectly, a general partner or managing member; and

(4) "*public announcement*" shall mean disclosure in a press release reported by the Dow Jones Newswires, Associated Press or comparable national news service or in a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the 1934 Act or by such other means reasonably designed to inform the public or security holders in general of such information.

Section 6. Special Meetings.

(a) Special meetings of the stockholders of the corporation may be called, for any purpose as is a proper matter for stockholder action under Delaware law, by (i) the Chairperson of the Board of Directors, (ii) the Chief Executive Officer, or (iii) the Board of Directors pursuant to a resolution adopted by the Board of Directors.

(b) For a special meeting called pursuant to Section 6(a), the person(s) calling the meeting shall determine the time and place, if any, of the meeting; provided, however, that only the Board of Directors or a duly authorized committee thereof may authorize a meeting solely by means of remote communication. Upon determination of the date, time and place, if any, of the meeting, the Secretary shall cause a notice of meeting to be given to the stockholders entitled to vote, in accordance with the provisions of Section 7. No business may be transacted at a special meeting otherwise than as specified in the notice of meeting.

(c) Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected (i) by or at the direction of the Board of Directors or a duly authorized committee thereof or (ii) by any stockholder of the corporation who is a stockholder of record or beneficial owner at the time of giving notice provided for in this paragraph, who is entitled to vote at the meeting and who delivers written

notice to the Secretary of the corporation setting forth the information required by Section 5(b)(i) and the information required by Section 5(b)(iv). In the event the corporation calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of Directors, any such stockholder of record or beneficial owner may nominate a person or persons (as the case may be), for election to such position(s) as specified in the corporation's notice of meeting, if written notice setting forth the information required by Section 5(b)(i) and the information required by Section 5(b)(iv) shall be received by the Secretary at the principal executive offices of the corporation not later than the close of business on the later of the ninetieth (90th) day prior to such meeting or the tenth (10th) day following the day on which the corporation first makes a public announcement of the date of the special meeting at which directors are to be elected. The stockholder shall also update and supplement such information as required under Section 5(c). In no event shall an adjournment or a postponement of a special meeting for which notice has been given, or the public announcement thereof has been made, commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

(d) A person shall not be eligible for election or re-election as a director at the special meeting unless the person is nominated either in accordance with clause (i) or clause (ii) of Section 6(c). Except as otherwise required by law, the chairperson of the special meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in these Bylaws and, if any nomination or business is not in compliance with these Bylaws, to declare that such nomination shall not be presented for stockholder action at the meeting and shall be disregarded, notwithstanding that proxies in respect of such nomination may have been solicited or received.

(e) Notwithstanding the foregoing provisions of this Section 6, a stockholder must also comply with all applicable requirements of the 1934 Act and the rules and regulations thereunder with respect to matters set forth in this Section 6. Nothing in these Bylaws shall be deemed to affect any rights of stockholders to request inclusion of proposals in the corporation's proxy statement pursuant to Rule 14a-8 under the 1934 Act; *provided, however*, that any references in these Bylaws to the 1934 Act or the rules and regulations thereunder are not intended to and shall not limit the requirements applicable to nominations for the election to the Board of Directors or proposals of other businesses to be considered pursuant to Section 6(c).

Section 7. Notice of Meetings. Except as otherwise provided by law, notice, given in writing or by electronic transmission, of each meeting of stockholders shall be given not fewer than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting, such notice to specify the place, if any, date and hour, in the case of special meetings, the purpose or purposes of the meeting, the record date for determining the stockholders entitled to notice of the meeting, and the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at any such meeting. If mailed, notice is given when deposited in the United States mail, postage prepaid, directed to the stockholder at such stockholder's mailing address as it appears on the records of the corporation. If delivered by courier service, notice is given at the earlier of when the notice is received or left at such stockholder's address as it appears on the records of the corporation. If sent via electronic transmission, notice is given when directed to such stockholder's electronic mail address as it appears on the records of the corporation unless the stockholder has notified the corporation in writing or by electronic transmission of an objection to receiving notice by electronic mail or such notice is prohibited by Section 232(e) of the DGCL. Notice of the time, place, if any, and purpose of any meeting of stockholders (to the extent required) may be waived in writing, signed by the person entitled to notice thereof or by electronic transmission by such person, either before or after such meeting, and will be waived by any stockholder by his or her attendance thereat in person, by remote communication, if applicable, or by proxy, except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Any stockholder so waiving notice of such meeting shall be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

Section 8. Quorum; Voting. At all meetings of stockholders, except where otherwise provided by statute or by the Certificate of Incorporation, or by these Bylaws, the presence, in person, by remote communication, if applicable, or by proxy duly authorized, of the holders of a majority of the voting power of the outstanding shares of stock entitled to vote at the meeting shall constitute a quorum for the transaction of business. In the absence of a quorum, any meeting of stockholders may be adjourned, from time to time, either by the chairperson of the meeting or by vote of the holders of a majority of the voting power of the shares represented thereat and entitled to vote thereon, but no other business shall be transacted at such meeting. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum. Except as otherwise provided by statute or by applicable stock exchange rules,

or by the Certificate of Incorporation or these Bylaws, in all matters other than the election of directors, the affirmative vote of the holders of a majority of the voting power of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the subject matter shall be the act of the stockholders. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, directors shall be elected by a plurality of the votes of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the election of directors. Where a separate vote by a class or classes or series is required, except where otherwise provided by statute, by applicable stock exchange rules or by the Certificate of Incorporation or these Bylaws, a majority of the voting power of the outstanding shares of such class or classes or series, present in person, by remote communication, if applicable, or represented by proxy duly authorized, shall constitute a quorum entitled to take action with respect to that vote on that matter. Except where otherwise provided by statute, by applicable stock exchange rules or by the Certificate of Incorporation or these Bylaws, the affirmative vote of the holders of a majority (plurality, in the case of the election of directors) of voting power of such class or classes or series present in person, by remote communication, if applicable, or represented by proxy at the meeting shall be the act of such class or classes or series.

Section 9. Adjournment and Notice of Adjourned Meetings. Any meeting of stockholders, whether annual or special, may be adjourned from time to time either by the person(s) who called the meeting or the chairperson of the meeting, or by the vote of the holders of a majority of the voting power of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote thereon. When a meeting is adjourned to another time or place, if any, notice need not be given of the adjourned meeting if the time and place, if any, and means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the corporation may transact any business that might have been transacted at the original meeting. If the adjournment is for more than thirty (30) days, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for determination of stockholders entitled to vote is fixed for the adjourned meeting, the Board of Directors shall fix as the record date for determining stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote at the adjourned meeting, and shall give notice of the adjourned meeting to each stockholder of record as of the record date so fixed for notice of such adjourned meeting.

Section 10. Voting Rights. For the purpose of determining those stockholders entitled to vote at any meeting of the stockholders, except as otherwise provided by law, only persons in whose names shares stand on the stock records of the corporation on the record date shall be entitled to vote at any meeting of stockholders. Every person entitled to vote shall have the right to do so either in person, by remote communication, if applicable, or by an agent or agents authorized by a proxy granted in accordance with Delaware law. An agent so appointed need not be a stockholder. No proxy shall be voted or acted upon after three (3) years from its date of creation unless the proxy provides for a longer period. A proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A stockholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by delivering to the Secretary of the corporation a revocation of the proxy or a new proxy bearing a later date. Voting at meetings of stockholders need not be by written ballot.

Section 11. Joint Owners of Stock. If shares or other securities having voting power stand of record in the names of two (2) or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety, or otherwise, or if two (2) or more persons have the same fiduciary relationship respecting the same shares, unless the Secretary is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship wherein it is so provided, their acts with respect to voting shall have the following effect: (a) if only one (1) votes, his or her act binds all; (b) if more than one (1) votes, the act of the majority so voting binds all; and (c) if more than one (1) votes, but the vote is evenly split on any particular matter, each faction may vote the securities in question proportionally, or any person voting the shares, or a beneficiary, may apply to the Delaware Court of Chancery for relief as provided in DGCL Section 217(b). If the instrument filed with the Secretary shows that any such tenancy is held in unequal interests, a majority or even-split for the purpose of subsection (c) shall be a majority or even-split in interest.

Section 12. List of Stockholders. The corporation shall prepare, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders of record entitled to vote at said meeting, arranged in alphabetical order, showing the address of each stockholder and the number and class of shares registered in the name of each

stockholder. The Corporation shall not be required to include electronic mail addresses or other electronic contact information on such list. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting for a period of at least ten (10) days prior to the meeting, (a) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or (b) during ordinary business hours, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the principal place of business of the corporation. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to stockholders of the corporation. The list shall be open to examination of any stockholder during the time of the meeting as provided by law.

Section 13. Action without Meeting. Unless otherwise provided in the Certificate of Incorporation, no action shall be taken by the stockholders of the corporation except at an annual or a special meeting of the stockholders called in accordance with these Bylaws, and no action of the stockholders of the corporation may be taken by the stockholders by written consent or electronic transmission.

Section 14. Organization.

(a) At every meeting of stockholders, the Chairperson of the Board of Directors, or, if a chairperson has not been appointed, is absent or refuses to act, the Chief Executive Officer, or, if no Chief Executive Officer is then serving, is absent or refuses to act, the President, or, if the President is absent or refuses to act, a chairperson of the meeting designated by the Board of Directors, or, if the Board of Directors does not designate such chairperson, a chairperson chosen by a majority of the voting power of the stockholders entitled to vote, present in person or by proxy duly authorized, shall act as chairperson. The Chairperson of the Board may appoint the Chief Executive Officer as chairperson of the meeting. The Secretary, or, in his or her absence, an Assistant Secretary directed to do so by the chairperson of the meeting, shall act as secretary of the meeting.

(b) The Board of Directors of the corporation shall be entitled to make such rules or regulations for the conduct of meetings of stockholders as it shall deem necessary, appropriate or convenient. Subject to such rules and regulations of the Board of Directors, if any, the chairperson of the meeting shall have the right and authority to convene and (for any or no reason) to recess and/or adjourn the meeting, to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairperson, are necessary, appropriate or convenient for the proper conduct of the meeting, including, without limitation, establishing an agenda or order of business for the meeting, rules and procedures for maintaining order at the meeting and the safety of those present, limitations on participation in such meeting to stockholders of record of the corporation and their duly authorized and constituted proxies and such other persons as the chairperson shall permit, restrictions on entry to the meeting after the time fixed for the commencement thereof, limitations on the time allotted to questions or comments by participants and regulation of the opening and closing of the polls for balloting on matters which are to be voted on by ballot. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting. Unless and to the extent determined by the Board of Directors or the chairperson of the meeting, meetings of stockholders shall not be required to be held in accordance with rules of parliamentary procedure.

(c) The corporation shall, in advance of any meeting of stockholders, appoint one (1) or more inspectors to act at the meeting and make a written report thereof. The corporation may designate one (1) or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the chairperson of the meeting shall appoint one (1) or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of the duties of inspector, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of such inspector's ability. The inspectors shall: (1) ascertain the number of shares outstanding and the voting power of each; (2) determine the shares represented at a meeting and the validity of proxies and ballots; (3) count all votes and ballots; (4) determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors; and (5) certify their determination of the number of shares represented at the meeting, and their count of all votes and ballots. The inspectors may appoint or retain other persons or entities to assist the inspectors in the performance of the duties of the inspectors. In determining the validity and counting of proxies and ballots, the inspectors shall be limited to an examination of the proxies, any envelopes submitted with those proxies, any information provided in accordance with Sections 211(e) or 212(c) (2) of the DGCL, or any information provided pursuant to Sections 211(a)(2)b.(i) or (iii) of the DGCL, ballots and the regular books and records of the corporation, except that the inspectors may consider other

reliable information for the limited purpose of reconciling proxies and ballots submitted by or on behalf of banks, brokers, their nominees or similar persons which represent more votes than the holder of a proxy is authorized by the record owner to cast or more votes than the stockholder holds of record. If the inspectors consider other reliable information for the limited purpose permitted herein, the inspectors at the time they make their certification pursuant to Section 231(b)(5) of the DGCL shall specify the precise information considered by them including the person or persons from whom they obtained the information, when the information was obtained, the means by which the information was obtained and the basis for the inspectors' belief that such information is accurate and reliable.

ARTICLE IV

DIRECTORS

Section 15. Number and Term of Office. The authorized number of directors of the corporation shall be fixed exclusively from time to time by a resolution adopted by the majority of the Board of Directors. Directors need not be stockholders unless so required by the Certificate of Incorporation. If for any cause, the directors shall not have been elected at an annual meeting, they may be elected as soon thereafter as convenient at a special meeting of the stockholders called for that purpose in the manner provided in these Bylaws, or such vacancies may be filled in accordance with Section 18 herein.

Section 16. Powers. The business and affairs of the corporation shall be managed by or under the direction of the Board of Directors, except as may be otherwise provided by statute or by the Certificate of Incorporation.

Section 17. Classes of Directors. The directors shall be divided into classes as and to the extent provided in the Certificate of Incorporation, except as otherwise required by applicable law.

Section 18. Vacancies. Vacancies on the Board of Directors shall be filled as provided in the Certificate of Incorporation, except as otherwise required by applicable law.

Section 19. Resignation. Any director may resign at any time by delivering his or her notice in writing or by electronic transmission to the Secretary, such resignation to specify whether it will be effective at a particular time. If no such specification is made, the resignation shall be effective at the time of delivery of the resignation to the Secretary.

Section 20. Removal. Subject to the rights of holders of any series of Preferred Stock (as defined in the Certificate of Incorporation) to elect additional directors or remove such directors under specified circumstances, neither the Board of Directors nor any individual director may be removed except in the manner specified in Section 141(k) of the DGCL.

Section 21. Meetings.

(a) Regular Meetings. Unless otherwise restricted by the Certificate of Incorporation, regular meetings of the Board of Directors may be held at any time or date and at any place, if any, within or without the State of Delaware which has been designated by the Board of Directors and publicized among all directors, either orally or in writing, by telephone, including a voice-messaging system or other system designed to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means. No further notice shall be required for regular meetings of the Board of Directors.

(b) Special Meetings. Unless otherwise restricted by the Certificate of Incorporation, special meetings of the Board of Directors may be held at any date, time and place, if any, within or without the State of Delaware whenever called by the Chairperson of the Board, the Chief Executive Officer or the Board of Directors.

(c) Meetings by Electronic Communications Equipment. Any member of the Board of Directors, or of any committee thereof, may participate in a meeting by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(d) Notice of Special Meetings. Notice of the time and place of all special meetings of the Board of Directors shall be given orally or in writing, by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means, during normal business hours, at least twenty-four (24) hours before the date and time of the

meeting. If notice is sent by U.S. mail, it shall be sent by first class mail, postage prepaid at least five (5) days before the date of the meeting. Notice of any special meeting may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

(e) Waiver of Notice. The transaction of all business at any meeting of the Board of Directors, or any committee thereof, however called or noticed, or wherever held, shall be as valid as though it had been transacted at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present who did not receive notice shall sign a written waiver of notice or shall waive notice by electronic transmission. All such waivers shall be filed with the corporate records or made a part of the minutes of the meeting. Notice of any meeting will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

Section 22. Quorum and Voting.

(a) Unless the Certificate of Incorporation requires a greater number, a quorum of the Board of Directors shall consist of a majority of the directors currently serving on the Board of Directors (but in no event less than one-third of the total authorized number of directors); *provided, however*, at any meeting whether a quorum be present or otherwise, a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the Board of Directors, without notice other than by announcement at the meeting.

(b) At each meeting of the Board of Directors at which a quorum is present, all questions and business shall be determined by the affirmative vote of a majority of the directors present, unless a different vote be required by law, the Certificate of Incorporation or these Bylaws.

Section 23. Action Without Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or committee, as the case may be, consent thereto in writing or by electronic transmission. The consent or consents shall be filed with the minutes of proceedings of the Board of Directors or committee, in the same paper or electronic form as the minutes are maintained.

Section 24. Fees and Compensation. Directors shall be entitled to such compensation for their services as may be approved by the Board of Directors or a committee thereof to which the Board of Directors has delegated such responsibility and authority, including, if so approved, by resolution of the Board of Directors or a committee thereof to which the Board of Directors has delegated such responsibility and authority, a fixed sum and expenses of attendance, if any, for attendance at each regular or special meeting of the Board of Directors and at any meeting of a committee of the Board of Directors. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise and receiving compensation therefor.

Section 25. Committees.

(a) Executive Committee. The Board of Directors may appoint an Executive Committee to consist of one or more members of the Board of Directors. The Executive Committee, to the extent permitted by law and provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation, and may authorize the seal of the corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to (i) approving or adopting, or recommending to the stockholders, any action or matter (other than the election or removal of directors) expressly required by the DGCL to be submitted to stockholders for approval, or (ii) adopting, amending or repealing any Bylaw of the corporation.

(b) Other Committees. The Board of Directors may, from time to time, appoint such other committees as may be permitted by law. Such other committees appointed by the Board of Directors shall consist of one (1) or more members of the Board of Directors and shall have such powers and perform such duties as may be prescribed by the resolution or resolutions creating such committees, but in no event shall any such committee have the powers denied to the Executive Committee in these Bylaws.

(c) Term. The Board of Directors, subject to any requirements of any outstanding series of Preferred Stock and the provisions of subsections (a) or (b) of this Section 25, may at any time increase or decrease the number of members of a committee or terminate the existence of a committee. The membership of a committee member shall terminate on the date of his or her death or voluntary resignation from the committee or from the Board of Directors. The Board of Directors may at any time for any reason remove any individual committee member and the Board of Directors may fill any committee vacancy created by death, resignation, removal or increase in the number of members of the committee. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee, and, in addition, in the absence or disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he, she or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member.

(d) Meetings. Unless the Board of Directors shall otherwise provide, regular meetings of the Executive Committee or any other committee appointed pursuant to this Section 25 shall be held at such times and places, if any, as are determined by the Board of Directors, or by any such committee, and when notice thereof has been given to each member of such committee, no further notice of such regular meetings need be given thereafter. Special meetings of any such committee may be held at any place, if any, which has been determined from time to time by such committee, and may be called by any director who is a member of such committee, upon notice to the members of such committee of the time and place of such special meeting given in the manner provided for the giving of notice to members of the Board of Directors of the time and place of special meetings of the Board of Directors. Notice of any regular or special meeting of any committee may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends such regular or special meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Unless otherwise provided by the Board of Directors in the resolutions authorizing the creation of the committee, a majority of the authorized number of members of any such committee shall constitute a quorum for the transaction of business, and the act of a majority of those members of the committee present at any meeting at which a quorum is present shall be the act of such committee.

Section 26. Duties of Chairperson of the Board of Directors. The Chairperson of the Board of Directors, if appointed and when present, shall preside at all meetings of the stockholders and the Board of Directors. The Chairperson of the Board of Directors shall perform other duties commonly incident to the office and shall also perform such other duties and have such other powers, as the Board of Directors shall designate from time to time.

Section 27. Organization. At every meeting of the directors, the Chairperson of the Board of Directors, or, if a Chairperson has not been appointed or is absent, the Chief Executive Officer (if a director), or, if a Chief Executive Officer is absent, the President (if a director), or if the President is absent, the most senior Vice President (if a director), or, in the absence of any such person, a chairperson of the meeting chosen by a majority of the directors present, shall preside over the meeting. The Secretary, or in his or her absence, any Assistant Secretary or other officer, director or other person directed to do so by the person presiding over the meeting, shall act as secretary of the meeting.

Section 28. Interested Directors. No contract or transaction between the corporation and one or more of its directors or officers, or between the corporation and any other corporation, partnership, association or other organization in which one or more of its directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because any such director's or officer's vote is counted for such purpose if: (i) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (ii) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (iii) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified by the Board of Directors, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

Unless otherwise specified in such notice, the acceptance of any such resignation shall not be necessary to make it effective. Any resignation shall be without prejudice to the rights, if any, of the corporation under any contract with the resigning officer.

Section 33. Removal. Any officer may be removed from office at any time, either with or without cause, by the Board of Directors, or by any committee or superior officer upon whom such power of removal may have been conferred by the Board of Directors.

ARTICLE VI

EXECUTION OF CORPORATE INSTRUMENTS AND VOTING OF SECURITIES OWNED BY THE CORPORATION

Section 34. Execution of Corporate Instruments. The Board of Directors may, in its discretion, determine the method and designate the signatory officer or officers, or other person or persons, to execute on behalf of the corporation any corporate instrument or document, or to sign on behalf of the corporation the corporate name without limitation, or to enter into contracts on behalf of the corporation, except where otherwise provided by applicable law or these Bylaws, and such execution or signature shall be binding upon the corporation. All checks and drafts drawn on banks or other depositaries on funds to the credit of the corporation or in special accounts of the corporation shall be signed by such person or persons as the Board of Directors shall authorize so to do. Unless (i) authorized or ratified by the Board of Directors or (ii) within the agency power of an officer or any designee of any such officer (each, an “*Authorized Employee*”), no officer, agent or employee other than an Authorized Employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

Section 35. Voting of Securities Owned by the Corporation. All stock and other securities and interests of other corporations and entities owned or held by the corporation for itself, or for other parties in any capacity, shall be voted, and all proxies with respect thereto shall be executed, by the person authorized so to do by resolution of the Board of Directors, or, in the absence of such authorization, by the Chairperson of the Board of Directors, the Chief Executive Officer, the President, or any Vice President.

ARTICLE VII

SHARES OF STOCK

Section 36. Form and Execution of Certificates.

(a) The shares of the corporation shall be represented by certificates, or shall be uncertificated if so provided by resolution or resolutions of the Board of Directors. Certificates, if any, for the shares of stock shall be in such form as is consistent with the Certificate of Incorporation and applicable law.

(b) Every holder of stock in the corporation represented by certificate shall be entitled to have a certificate signed by, or in the name of, the corporation by any two (2) authorized officers of the corporation, certifying the number of shares owned by such holder in the corporation. Any or all of the signatures on the certificate may be facsimiles. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued with the same effect as if he or she were such officer, transfer agent, or registrar at the date of issue.

Section 37. Lost Certificates. A new certificate or certificates shall be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen, or destroyed. The corporation may require, as a condition precedent to the issuance of a new certificate or certificates, the owner of such lost, stolen, or destroyed certificate or certificates, or the owner's legal representative, to agree to indemnify the corporation in such manner as it shall require or to give the corporation a surety bond in such form and amount as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost, stolen, or destroyed.

Section 38. Transfers.

(a) Transfers of record of shares of stock of the corporation shall be made only upon its books by the holders thereof, in person or by attorney duly authorized, and, in the case of stock represented by certificate, upon the surrender of a properly endorsed certificate or certificates for a like number of shares.

(b) The corporation shall have power to enter into and perform any agreement with any number of stockholders of any one or more classes or series of stock of the corporation to restrict the transfer of shares of stock of the corporation of any one or more classes owned by such stockholders in any manner not prohibited by the DGCL.

Section 39. Fixing Record Dates.

(a) In order that the corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall, subject to applicable law, not be more than sixty (60) nor fewer than ten (10) days before the date of such meeting. If the Board of Directors so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board of Directors determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; *provided, however*, that the Board of Directors may fix a new record date for determination of stockholders entitled to vote at the adjourned meeting, and in such case shall also fix as the record date for stockholders entitled to notice of such adjourned meeting the same or an earlier date as that fixed for determination of stockholders entitled to vote in accordance herewith at the adjourned meeting.

(b) In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty (60) days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 40. Registered Stockholders. The corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

ARTICLE VIII

OTHER SECURITIES OF THE CORPORATION

Section 41. Execution of Other Securities. All bonds, debentures and other corporate securities of the corporation, other than stock certificates (covered in Section 35), may be signed by any executive officer (as defined in Article XI) or any other officer or person as may be authorized by the Board of Directors; *provided, however;* that where any such bond, debenture or other corporate security shall be authenticated by the manual signature, or where permissible facsimile signature, of a trustee under an indenture pursuant to which such bond, debenture or other corporate security shall be issued, the signatures of the persons signing and attesting the corporate seal on such bond, debenture or other corporate security may be the imprinted facsimile of the signatures of such persons. Interest coupons appertaining to any such bond, debenture or other corporate security, authenticated by a trustee as aforesaid, shall be signed by an executive officer of the corporation or such other officer or person as may be authorized by the Board of Directors, or bear imprinted thereon the facsimile signature of such person. In case any officer who shall have signed or attested any bond, debenture or other corporate security, or whose facsimile signature shall appear thereon or on any such interest coupon, shall have ceased to be such officer before the bond, debenture or other corporate security so signed or attested shall have been delivered, such bond, debenture or other corporate security nevertheless may be adopted by the corporation and issued and delivered as though the person who signed the same or whose facsimile signature shall have been used thereon had not ceased to be such officer of the corporation.

ARTICLE IX

DIVIDENDS

Section 42. Declaration of Dividends. Dividends upon the outstanding capital stock of the corporation, subject to the provisions of the Certificate of Incorporation and applicable law, if any, may be declared by the Board of Directors. Dividends may be paid in cash, in property, or in shares of the corporation's capital stock, subject to the provisions of the Certificate of Incorporation and applicable law.

Section 43. Dividend Reserve. Before payment of any dividend, there may be set aside out of any funds of the corporation available for dividends such sum or sums as the Board of Directors from time to time, in its absolute discretion, thinks proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the corporation, or for such other purpose as the Board of Directors shall think conducive to the interests of the corporation, and the Board of Directors may modify or abolish any such reserve in the manner in which it was created.

ARTICLE X

FISCAL YEAR

Section 44. Fiscal Year. The fiscal year of the corporation shall end on December 31 or on such other date as may otherwise be fixed by resolution of the Board of Directors.

ARTICLE XI
INDEMNIFICATION

Section 45. Indemnification of Directors, Executive Officers, Employees and Other Agents.

(a) Directors and Executive Officers. The corporation shall indemnify and hold harmless, to the fullest extent permitted by the DGCL as it presently exists or may hereafter be amended, any director or officer of the Corporation who was or is made or is threatened to be made a party or is otherwise involved in any Proceeding (as defined below) by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the corporation or, while serving as a director or officer of the corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans (each a “covered person”), against all liability and loss suffered and expenses (including attorneys’ fees, judgments, fines ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred by such person in connection with any such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 45(d), the corporation shall be required to indemnify a person in connection with a Proceeding initiated by such person only if the Proceeding was authorized in the specific case by the Board.

(b) Other Officers, Employees and Other Agents. The corporation shall have the power to indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any employee or agent of the corporation who was or is made or is threatened to be made a party or is otherwise involved in any Proceeding by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was an employee or agent of the Corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses reasonably incurred by such person in connection with any such Proceeding.

(c) Expenses. The corporation shall advance to any person who was or is a party or is threatened to be made a party to any Proceeding by reason of the fact that he or she is or was a director or executive officer of the corporation, or is or was serving at the request of the corporation as a director or executive officer of another corporation, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request therefor, all expenses incurred by any director or executive officer in connection with such Proceeding provided, however, that if the DGCL requires, an advancement of expenses incurred by a director or executive officer in his or her capacity as a director or executive officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the corporation of an undertaking (hereinafter an “*undertaking*”), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a “*final adjudication*”) that such indemnitee is not entitled to be indemnified for such expenses under this section or otherwise.

(d) Enforcement. Without the necessity of entering into an express contract, all rights to indemnification and advances to directors and executive officers under this Bylaw shall be deemed to be contractual rights and be effective to the same extent and as if provided for in a contract between the corporation and the director or executive officer. Any right to indemnification or advances granted by this section to a director or executive officer shall be enforceable by or on behalf of the person holding such right in the Court of Chancery of the State of Delaware if (i) the claim for indemnification or advances is denied by the Board of Directors, in whole or in part, or (ii) no disposition of such claim is made within ninety (90) days of request therefor. To the extent permitted by law, the claimant in such enforcement action, if successful in whole or in part, shall be entitled to be paid also the expense of prosecuting the claim to the fullest extent permitted by law. In connection with any claim for indemnification, the corporation shall be entitled to raise as a defense to any such action that the claimant has not met the standards of conduct that make it permissible under the DGCL or any other applicable law for the corporation to indemnify the claimant for the amount claimed. In connection with any claim by an executive officer of the corporation (except in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such executive officer is or was a director of the corporation) for advances, the corporation shall be entitled to raise a defense as to any such action clear and convincing evidence that such person acted in bad faith or in a manner that such person did

not reasonably believe to be in or not opposed to the best interests of the corporation, or with respect to any criminal action or proceeding that such person acted without reasonable cause to believe that his or her conduct was lawful. Neither the failure of the corporation (including its Board of Directors, independent legal counsel or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the DGCL or any other applicable law, nor an actual determination by the corporation (including its Board of Directors, independent legal counsel or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct. In any suit brought by a director or executive officer to enforce a right to indemnification or to an advancement of expenses hereunder, the burden of proving that the director or executive officer is not entitled to be indemnified, or to such advancement of expenses, under this section or otherwise shall be on the corporation.

(e) Non-Exclusivity of Rights. The rights conferred on any person by this Bylaw shall not be exclusive of any other right which such person may have or hereafter acquire under any applicable statute, provision of the Certificate of Incorporation, Bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding office. The corporation is specifically authorized to enter into individual contracts with any or all of its directors, officers, employees or agents respecting indemnification and advances, to the fullest extent not prohibited by the DGCL, or by any other applicable law.

(f) Survival of Rights. The rights conferred on any person by this Bylaw shall continue as to a person who has ceased to be a director or executive officer or officer, employee or other agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(g) Insurance. To the fullest extent permitted by the DGCL or any other applicable law, the corporation, upon approval by the Board of Directors, may purchase insurance on behalf of any person required or permitted to be indemnified pursuant to this section.

(h) Amendments. Any amendment, repeal or modification of this section shall only be prospective and shall not affect the rights under this Bylaw in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any proceeding against any agent of the corporation.

(i) Saving Clause. If this Bylaw or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the corporation shall nevertheless indemnify each director and executive officer to the full extent not prohibited by any applicable portion of this section that shall not have been invalidated, or by any other applicable law. If this section shall be invalid due to the application of the indemnification provisions of another jurisdiction, then the corporation shall indemnify each director and executive officer to the full extent under any other applicable law.

(j) Certain Definitions. For the purposes of this Bylaw, the following definitions shall apply:

(i) The term “*Proceeding*” shall be broadly construed and shall include, without limitation, the investigation, preparation, prosecution, defense, settlement, arbitration and appeal of, and the giving of testimony in, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative.

(ii) The term “*expenses*” shall be broadly construed and shall include, without limitation, court costs, attorneys’ fees, witness fees, fines, amounts paid in settlement or judgment and any other costs and expenses of any nature or kind incurred in connection with any proceeding.

(iii) The term the “*corporation*” shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would have with respect to such constituent corporation if its separate existence had continued.

(iv) References to a “*director*,” “*executive officer*,” “*officer*,” “*employee*,” or “*agent*” of the corporation shall include, without limitation, situations where such person is serving at the request of the corporation as, respectively, a director, executive officer, officer, employee, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise.

(v) References to “*other enterprises*” shall include employee benefit plans; references to “*fin*es” shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to “*serv*ing at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “*not opposed to the best interests of the corporation*” as referred to in this section.

ARTICLE XII

NOTICES

Section 46. Notices.

(a) **Notice to Stockholders.** Notice to stockholders of stockholder meetings shall be given as provided in Section 7 herein. Without limiting the manner by which notice may otherwise be given effectively to stockholders, including under any agreement or contract with such stockholder, subject to Section 232(e) of the DGCL, any written notice to stockholders given by the corporation under any provision of the DGCL, the Certificate of Incorporation or the Bylaws shall be effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice or electronic transmission to the corporation. Notice shall be deemed given pursuant to this Section 45, (1) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (2) if by a posting on an electronic network together with separate notice to the stockholder of such specific posting, upon the later of (a) such posting, and (b) the giving of such separate notice; and (3) if by any other form of electronic transmission, when directed to the stockholder. For purposes of these Bylaws, (1) “*Electronic transmission*” means any form of communication, not directly involving the physical transmission of paper, including the use of, or participation in, one or more electronic networks or databases (including one or more distributed electronic networks or databases), that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process; (2) “*Electronic mail*” means an electronic transmission directed to a unique electronic mail address (which electronic mail shall be deemed to include any files attached thereto and any information hyperlinked to a website if such electronic mail includes the contact information of an officer or agent of the corporation who is available to assist with accessing such files and information); and (3) “*Electronic mail address*” means a destination, commonly expressed as a string of characters, consisting of a unique user name or mailbox (commonly referred to as the “local part” of the address) and a reference to an internet domain (commonly referred to as the “domain part” of the address), whether or not displayed, to which electronic mail can be sent or delivered.

(b) **Notice to Directors.** Any notice required to be given to any director may be given by the method stated in subsection (a) or as otherwise provided in these Bylaws, with notice other than one which is delivered personally to be sent to such address as such director shall have filed in writing with the Secretary, or, in the absence of such filing, to the last known address of such director.

(c) **Affidavit of Mailing.** An affidavit of mailing, executed by a duly authorized and competent employee of the corporation or its transfer agent appointed with respect to the class of stock affected or other agent, specifying the name and address or the names and addresses of the stockholder or stockholders, or director or directors, to whom any such notice or notices was or were given, and the time and method of giving the same, shall in the absence of fraud, be prima facie evidence of the facts therein contained.

(d) **Methods of Notice.** It shall not be necessary that the same method of giving notice be employed in respect of all recipients of notice, but one permissible method may be employed in respect of any one or more, and any other permissible method or methods may be employed in respect of any other or others.

(e) Notice to Person with Whom Communication is Unlawful. Whenever notice is required to be given, under any provision of law or of the Certificate of Incorporation or Bylaws, to any person with whom communication is unlawful, the giving of such notice to such person shall not be required and there shall be no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting which shall be taken or held without notice to any such person with whom communication is unlawful shall have the same force and effect as if such notice had been duly given. In the event that the action taken by the corporation is such as to require the filing of a certificate under any provision of the DGCL, the certificate shall state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

(f) Notice to Stockholders Sharing an Address. Except as otherwise prohibited under the DGCL, any notice given under the provisions of the DGCL, the Certificate of Incorporation or the Bylaws shall be effective if given by a single written notice to stockholders who share an address if consented to by the stockholders at that address to whom such notice is given. Such consent shall have been deemed to have been given if such stockholder fails to object in writing to the corporation within sixty (60) days of having been given notice by the corporation of its intention to send the single notice. Any consent shall be revocable by the stockholder by written notice to the corporation.

ARTICLE XIII

AMENDMENTS

Section 47. Amendments. Subject to the limitations set forth in Section 45(h) of these Bylaws or the provisions of the Certificate of Incorporation, the Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws. Any adoption, amendment or repeal of the Bylaws by the Board of Directors shall require the approval of a majority of the authorized number of directors. The stockholders also shall have power to adopt, amend or repeal the Bylaws; provided, however, that, in addition to any vote of the holders of any class or series of stock of the corporation required by law or by the Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least sixty- six and two-thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of the capital stock of the corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE XIV

LOANS TO OFFICERS

Section 48. Loans to Officers. Except as otherwise prohibited by applicable law, the corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the corporation or of its subsidiaries, including any officer or employee who is a director of the corporation or its subsidiaries, whenever, in the judgment of the Board of Directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation. The loan, guarantee or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors shall approve, including, without limitation, a pledge of shares of stock of the corporation. Nothing in these Bylaws shall be deemed to deny, limit or restrict the powers of guaranty or warranty of the corporation at common law or under any statute.

ARTICLE XV

BOOKS AND RECORDS

Section 49. Books and Records. The books and records of the corporation may be kept within or outside the State of Delaware at such place or places as may from time to time be designated by the Board of Directors. Any books or records maintained by the corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or by means of, or be in the form of, any information storage device or method; provided, however, that the books and records so kept can be converted into clearly legible paper form within a reasonable time. The corporation shall so convert any books or records so kept upon the request of any person entitled to inspect such records pursuant to the Certificate of Incorporation, these Bylaws or the DGCL.

**Orchestra BioMed Holdings, Inc.
2022 Equity Incentive Plan**

**Adopted By The Board Of Directors: [•], 2022
Approved By The Stockholders: [•], 2022
Effective Date: [•], 2022**

1. General.

(a) Plan Purpose. The Company, by means of the Plan, seeks to secure and retain the services of Employees, Directors and Consultants, to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such persons may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Awards.

(b) Available Awards. The Plan provides for the grant of the following Awards: (i) Incentive Stock Options; (ii) Nonstatutory Stock Options; (iii) SARs; (iv) Restricted Stock Awards; (v) RSU Awards; and (vi) Other Awards.

(c) Adoption Date; Effective Date. The Plan will come into existence on the Adoption Date, but no Award may be granted prior to the Effective Date.

2. Shares Subject To The Plan.

(a) Share Reserve. Subject to adjustment in accordance with Section 2(c) and any adjustments as necessary to implement any Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Awards will not exceed [•] shares plus a number of shares of Common Stock equal to the number of Returning Shares, if any, as such shares become available from time to time. In addition, subject to any adjustments as necessary to implement any Capitalization Adjustments, such aggregate number of shares of Common Stock will automatically increase on January 1 of each year for a period of ten years commencing on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (i) 4.8% of the total number of shares of Common Stock outstanding on December 31 of the preceding year, (ii) [•] shares of Common Stock, and (iii) such number of shares of Common Stock determined by the Board or the Compensation Committee prior to January 1st of a given year.

(b) Aggregate Incentive Stock Option Limit. Notwithstanding anything to the contrary in Section 2(a) and subject to any adjustments as necessary to implement any Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is [•] shares, which such amount shall be increased commencing on January 1, 2023 and ending on (and including) January 1, 2032, in an amount equal to the lesser of (i) 4.8% of the total number of shares of Common Stock outstanding on December 31 of the preceding year, (ii) [•] shares of Common Stock, and (iii) such number of shares of Common Stock determined by the Board or the Compensation Committee prior to January 1st of a given year.

(c) Share Reserve Operation.

(i) Limit Applies to Common Stock Issued Pursuant to Awards. For clarity, the Share Reserve is a limit on the number of shares of Common Stock that may be issued pursuant to Awards and does not limit the granting of Awards, except that the Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy its obligations to issue shares pursuant to such Awards. Shares may be issued in connection with a merger or acquisition as permitted by, as applicable, Nasdaq Listing Rule 5635(c), NYSE Listed Company Manual Section 303A.08, NYSE American Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(ii) Actions that Do Not Constitute Issuance of Common Stock and Do Not Reduce Share Reserve. The following actions do not result in an issuance of shares under the Plan and accordingly do not reduce the number of shares subject to the Share Reserve and available for issuance under the Plan: (1) the expiration or termination of any portion of an Award without the shares covered by such portion of the Award having been issued, (2) the settlement of any portion of an Award in cash (i.e., the Participant receives cash rather than Common Stock), (3) the withholding of shares that would otherwise be issued by the Company to satisfy the exercise, strike or purchase

price of an Award; or (4) the withholding of shares that would otherwise be issued by the Company to satisfy a tax withholding obligation in connection with an Award. For the avoidance of doubt, with respect to a SAR, only shares of Common Stock which are issued upon settlement of the SAR shall count towards reducing the number of shares available for issuance under the Plan.

(ii) Reversion of Previously Issued Shares of Common Stock to Share Reserve. The following shares of Common Stock previously issued pursuant to an Award and accordingly initially deducted from the Share Reserve will be added back to the Share Reserve and again become available for issuance under the Plan: (1) any shares that are forfeited back to or repurchased by the Company because of a failure to meet a contingency or condition required for the vesting of such shares; (2) any shares that are reacquired by the Company to satisfy the exercise, strike or purchase price of an Award; and (3) any shares that are reacquired by the Company to satisfy a tax withholding obligation in connection with an Award.

3. Eligibility and Limitations.

(a) Eligible Award Recipients. Subject to the terms of the Plan, Employees, Directors and Consultants are eligible to receive Awards.

(b) Specific Award Limitations.

(i) Limitations on Incentive Stock Option Recipients. Incentive Stock Options may be granted only to Employees of the Company or a “parent corporation” or “subsidiary corporation” thereof (as such terms are defined in Sections 424(e) and (f) of the Code).

(ii) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(iii) Limitations on Incentive Stock Options Granted to Ten Percent Stockholders. A Ten Percent Stockholder may not be granted an Incentive Stock Option unless (i) the exercise price of such Option is at least 110% of the Fair Market Value on the date of grant of such Option and (ii) the Option is not exercisable after the expiration of five years from the date of grant of such Option.

(iv) Limitations on Nonstatutory Stock Options and SARs. Nonstatutory Stock Options and SARs may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any “parent” of the Company (as such term is defined in Rule 405) unless the stock underlying such Awards is treated as “service recipient stock” under Section 409A because the Awards are granted pursuant to a corporate transaction (such as a spin off transaction) or unless such Awards otherwise comply with the distribution requirements of Section 409A.

(c) Aggregate Incentive Stock Option Limit. The aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is the number of shares specified in Section 2(b).

(d) Non-Employee Director Compensation Limit. The aggregate value of all compensation granted or paid, as applicable, in each case following the Effective Date, to any individual for service as a Non-Employee Director with respect to any fiscal year, including Awards granted and cash fees paid by the Company to such Non-Employee Director for his or her service as a Non-Employee Director, will not exceed (i) \$750,000 in total value or (ii) in the event such Non-Employee Director is first appointed or elected to the Board during such fiscal year, \$1,000,000 in total value, in each case calculating the value of any equity awards based on the grant date fair value of such equity awards for financial reporting purposes.

4. Options and Stock Appreciation Rights.

Each Option and SAR will have such terms and conditions as determined by the Board. Each Option will be designated in writing as an Incentive Stock Option or Nonstatutory Stock Option at the time of grant; provided, however, that if an Option is not so designated, then such Option will be a Nonstatutory Stock Option, and the shares

purchased upon exercise of each type of Option will be separately accounted for. Each SAR will be denominated in shares of Common Stock equivalents. The terms and conditions of separate Options and SARs need not be identical; provided, however, that each Option Agreement and SAR Agreement will conform (through incorporation of provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(a) **Term.** Subject to Section 3(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten years from the date of grant of such Award or such shorter period specified in the Award Agreement.

(b) **Exercise or Strike Price.** Subject to Section 3(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will not be less than 100% of the Fair Market Value on the date of grant of such Award. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than 100% of the Fair Market Value on the date of grant of such Award if such Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Sections 409A and, if applicable, 424(a) of the Code.

(c) **Exercise Procedure and Payment of Exercise Price for Options.** In order to exercise an Option, the Participant must provide notice of exercise to the Plan Administrator in accordance with the procedures specified in the Option Agreement or otherwise provided by the Company. The Board has the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The exercise price of an Option may be paid, to the extent permitted by Applicable Law and as determined by the Board, by one or more of the following methods of payment to the extent set forth in the Option Agreement:

(i) by cash or check, bank draft or money order payable to the Company;

(ii) pursuant to a “cashless exercise” program developed under Regulation T as promulgated by the U.S. Federal Reserve Board that, prior to the issuance of the Common Stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock that are already owned by the Participant free and clear of any liens, claims, encumbrances or security interests, with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) at the time of exercise the Common Stock is publicly traded, (2) any remaining balance of the exercise price not satisfied by such delivery is paid by the Participant in cash or other permitted form of payment, (3) such delivery would not violate any Applicable Law or agreement restricting the redemption of the Common Stock, (4) any certificated shares are endorsed or accompanied by an executed assignment separate from certificate and (5) such shares have been held by the Participant for any minimum period necessary to avoid adverse accounting treatment as a result of such delivery;

(iv) if the Option is a Nonstatutory Stock Option, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) such shares used to pay the exercise price will not be exercisable thereafter and (2) any remaining balance of the exercise price not satisfied by such net exercise is paid by the Participant in cash or other permitted form of payment; or

(v) in any other form of consideration that may be acceptable to the Board and permissible under Applicable Law.

(d) **Exercise Procedure and Payment of Appreciation Distribution for SARs.** In order to exercise any SAR, the Participant must provide notice of exercise to the Plan Administrator in accordance with the SAR Agreement. The appreciation distribution payable to a Participant upon the exercise of a SAR will not be greater than an amount equal to the excess of (i) the aggregate Fair Market Value on the date of exercise of a number of shares of Common Stock equal to the number of Common Stock equivalents that are vested and being exercised under such SAR, over (ii) the strike price of such SAR. Such appreciation distribution may be paid to the Participant in the form of Common Stock or cash (or any combination of Common Stock and cash) or in any other form of payment, as determined by the Board and specified in the SAR Agreement.

(e) Transferability. Options and SARs may not be transferred to third-party financial institutions for value. The Board may impose such additional limitations on the transferability of an Option or SAR as it determines. In the absence of any such determination by the Board, the following restrictions on the transferability of Options and SARs will apply, provided that except as explicitly provided herein, neither an Option nor a SAR may be transferred for consideration and provided, further, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer:

(i) Restrictions on Transfer. An Option or SAR will not be transferable, except by will or by the laws of descent and distribution, and will be exercisable during the lifetime of the Participant only by the Participant; provided, however, that the Board may permit transfer of an Option or SAR in a manner that is not prohibited by applicable tax and securities laws upon the Participant's request, including to a trust if the Participant is considered to be the sole beneficial owner of such trust (as determined under Section 671 of the Code and applicable U.S. state law) while such Option or SAR is held in such trust, provided that the Participant and the trustee enter into a transfer and other agreements required by the Company.

(ii) Domestic Relations Orders. Notwithstanding the foregoing, subject to the execution of transfer documentation in a format acceptable to the Company and subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to a domestic relations order.

(f) Vesting. The Board may impose such restrictions on or conditions to the vesting and/or exercisability of an Option or SAR as determined by the Board and vesting conditions may include achievement of one or more Performance Goals. Except as otherwise provided in the applicable Award Agreement or other written agreement between a Participant and the Company, vesting of Options and SARs will cease upon termination of the Participant's Continuous Service.

(g) Termination of Continuous Service for Cause. Except as explicitly otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service is terminated for Cause, the Participant's Options and SARs will terminate and be forfeited immediately upon such termination of Continuous Service, and the Participant will be prohibited from exercising any portion (including any vested portion) of such Awards on and after the date of such termination of Continuous Service and the Participant will have no further right, title or interest in such forfeited Award, the shares of Common Stock subject to the forfeited Award, or any consideration in respect of the forfeited Award.

(h) Post-Termination Exercise Period Following Termination of Continuous Service for Reasons Other than Cause. Subject to Section 4(i), if a Participant's Continuous Service terminates for any reason other than for Cause, the Participant may exercise his or her Option or SAR to the extent vested, but only within the following period of time or, if applicable, such other period of time provided in the Award Agreement or other written agreement between a Participant and the Company; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)):

(i) three months following the date of such termination if such termination is a termination without Cause (other than any termination due to the Participant's Disability or death);

(ii) 12 months following the date of such termination if such termination is due to the Participant's Disability;

(iii) 18 months following the date of such termination if such termination is due to the Participant's death; or

(iv) 18 months following the date of the Participant's death if such death occurs following the date of such termination but during the period such Award is otherwise exercisable (as provided in (i) or (ii) above).

Following the date of such termination, to the extent the Participant does not exercise such Award within the applicable Post-Termination Exercise Period (or, if earlier, prior to the expiration of the maximum term of such Award), such unexercised portion of the Award will terminate, and the Participant will have no further right, title or interest in terminated Award, the shares of Common Stock subject to the terminated Award, or any consideration in respect of the terminated Award.

(i) Restrictions on Exercise; Extension of Exercisability. A Participant may not exercise an Option or SAR at any time that the issuance of shares of Common Stock upon such exercise would violate Applicable Law. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service terminates for any reason other than for Cause and, at any time during the last thirty days of the applicable Post-Termination Exercise Period: (i) the exercise of the Participant's Option or SAR would be prohibited solely because the issuance of shares of Common Stock upon such exercise would violate Applicable Law, or (ii) the immediate sale of any shares of Common Stock issued upon such exercise would violate the Company's Trading Policy, then the applicable Post-Termination Exercise Period will be extended to the last day of the calendar month that commences following the date the Award would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any of the foregoing restrictions apply at any time during such extended exercise period, generally without limitation as to the maximum permitted number of extensions; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)).

(j) Non-Exempt Employees. No Option or SAR, whether or not vested, granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, will be first exercisable for any shares of Common Stock until at least six months following the date of grant of such Award. Notwithstanding the foregoing, in accordance with the provisions of the Worker Economic Opportunity Act, any vested portion of such Award may be exercised earlier than six months following the date of grant of such Award in the event of (i) such Participant's death or Disability, (ii) a Corporate Transaction in which such Award is not assumed, continued or substituted, (iii) a Change in Control, or (iv) such Participant's retirement (as such term may be defined in the Award Agreement or another applicable agreement or, in the absence of any such definition, in accordance with the Company's then current employment policies and guidelines). This Section 4(j) is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay.

(k) Whole Shares. Options and SARs may be exercised only with respect to whole shares of Common Stock or their equivalents.

5. Awards Other Than Options and Stock Appreciation Rights.

(a) Restricted Stock Awards and RSU Awards. Each Restricted Stock Award and RSU Award will have such terms and conditions as determined by the Board; provided, however, that each Restricted Stock Award Agreement and RSU Award Agreement will conform (through incorporation of the provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(i) Form of Award.

(1) RSAs: To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock subject to a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until such shares become vested or any other restrictions lapse, or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. Unless otherwise determined by the Board, a Participant will have voting and other rights as a stockholder of the Company with respect to any shares subject to a Restricted Stock Award.

(2) RSUs: A RSU Award represents a Participant's right to be issued on a future date the number of shares of Common Stock that is equal to the number of restricted stock units subject to the RSU Award. As a holder of a RSU Award, a Participant is an unsecured creditor of the Company with respect to the Company's unfunded obligation, if any, to issue shares of Common Stock in settlement of such Award and nothing contained in the Plan or any RSU Agreement, and no action taken pursuant to its provisions, will create or be construed to create a trust of any kind or a fiduciary relationship between a Participant and the Company or an Affiliate or any other person. A Participant will not have voting or any other rights as a stockholder of the Company with respect to any RSU Award (unless and until shares are actually issued in settlement of a vested RSU Award).

(ii) Consideration.

(1) RSA: A Restricted Stock Award may be granted in consideration for (A) cash or check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of consideration as the Board may determine and permissible under Applicable Law.

(2) **RSU:** Unless otherwise determined by the Board at the time of grant, a RSU Award will be granted in consideration for the Participant's services to the Company or an Affiliate, such that the Participant will not be required to make any payment to the Company (other than such services) with respect to the grant or vesting of the RSU Award, or the issuance of any shares of Common Stock pursuant to the RSU Award. If, at the time of grant, the Board determines that any consideration must be paid by the Participant (in a form other than the Participant's services to the Company or an Affiliate) upon the issuance of any shares of Common Stock in settlement of the RSU Award, such consideration may be paid in any form of consideration as the Board may determine and permissible under Applicable Law.

(iii) **Vesting.** The Board may impose such restrictions on or conditions to the vesting of a Restricted Stock Award or RSU Award as determined by the Board, which may include achievement of one or more Performance Goals. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, vesting of Restricted Stock Awards and RSU Awards will cease upon termination of the Participant's Continuous Service.

(iv) **Termination of Continuous Service.** Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company, if a Participant's Continuous Service terminates for any reason, (i) the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant under his or her Restricted Stock Award that have not vested as of the date of such termination as set forth in the Restricted Stock Award Agreement and (ii) any portion of his or her RSU Award that has not vested will be forfeited upon such termination and the Participant will have no further right, title or interest in the RSU Award, the shares of Common Stock issuable pursuant to the RSU Award, or any consideration in respect of the RSU Award.

(v) **Dividends and Dividend Equivalents.** Dividends or dividend equivalents may be paid or credited, as applicable, with respect to any shares of Common Stock subject to a Restricted Stock Award or RSU Award, as determined by the Board and specified in the Award Agreement).

(vi) **Settlement of RSU Awards.** A RSU Award may be settled by the issuance of shares of Common Stock or cash (or any combination thereof) or in any other form of payment, as determined by the Board and specified in the RSU Award Agreement. At the time of grant, the Board may determine to impose such restrictions or conditions that delay such delivery to a date following the vesting of the RSU Award.

(b) **Other Awards.** Other Awards may be granted either alone or in addition to Awards provided for under Section 4 and the preceding provisions of this Section 5. Subject to the provisions of the Plan, the Board will have sole and complete discretion to determine the persons to whom and the time or times at which such Other Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Awards and all other terms and conditions of such Other Awards.

6. Adjustments Upon Changes in Common Stock; Other Corporate Events.

(a) **Capitalization Adjustments.** In the event of a Capitalization Adjustment, the Board shall appropriately and proportionately adjust: (i) the class(es) and maximum number of shares of Common Stock subject to the Plan and the maximum number of shares by which the Share Reserve may annually increase pursuant to Section 2(a), (ii) the class(es) and maximum number of shares that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 2(b), and (iii) the class(es) and number of securities and exercise price, strike price or purchase price of Common Stock subject to outstanding Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. Notwithstanding the foregoing, no fractional shares or rights for fractional shares of Common Stock shall be created in order to implement any Capitalization Adjustment. The Board shall determine an appropriate equivalent benefit, if any, for any fractional shares or rights to fractional shares that might be created by the adjustments referred to in the preceding provisions of this Section.

(b) **Dissolution or Liquidation.** Except as otherwise provided in the Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Awards (other than Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Award is providing Continuous Service, provided, however,

that the Board may determine to cause some or all Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) **Corporate Transaction.** The following provisions will apply to Awards in the event of a Corporate Transaction except as set forth in Section 11, and unless otherwise provided in the instrument evidencing the Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of an Award.

(i) **Awards May Be Assumed.** In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all Awards outstanding under the Plan or may substitute similar awards for Awards outstanding under the Plan (including but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Awards may be assigned by the Company to the successor of the Company (or the successor's parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation (or its parent) may choose to assume or continue only a portion of an Award or substitute a similar award for only a portion of an Award, or may choose to assume or continue the Awards held by some, but not all Participants. The terms of any assumption, continuation or substitution will be set by the Board.

(ii) **Awards Held by Current Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the "**Current Participants**"), the vesting of such Awards (and, with respect to Options and Stock Appreciation Rights, the time when such Awards may be exercised) will be accelerated in full to a date prior to the effective time of such Corporate Transaction (contingent upon the effectiveness of the Corporate Transaction) as the Board determines (or, if the Board does not determine such a date, to the date that is five days prior to the effective time of the Corporate Transaction), and such Awards will terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Awards will lapse (contingent upon the effectiveness of the Corporate Transaction). With respect to Awards with performance-based vesting that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and that have multiple vesting levels depending on the level of performance, unless otherwise provided in the Award Agreement, the vesting of such Awards will accelerate at 100% of the target level upon the occurrence of the Corporate Transaction. With respect to the vesting of Awards that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and are settled in the form of a cash payment, such cash payment will be made no later than 30 days following the occurrence of the Corporate Transaction.

(iii) **Awards Held by Persons other than Current Participants.** In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by persons other than Current Participants, such Awards will terminate if not exercised (if applicable) prior to the occurrence of the Corporate Transaction; provided, however, that any reacquisition or repurchase rights held by the Company with respect to such Awards will not terminate and may continue to be exercised notwithstanding the Corporate Transaction.

(iv) **Payment for Awards in Lieu of Exercise.** Notwithstanding the foregoing, in the event an Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Award may not exercise such Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time, to the excess, if any, of (1) the value of the property the Participant would have received upon the exercise of the Award (including, at the discretion of the Board, any unvested portion of such Award), over (2) any exercise price payable by such holder in connection with such exercise.

(d) Appointment of Stockholder Representative. As a condition to the receipt of an Award under this Plan, a Participant will be deemed to have agreed that the Award will be subject to the terms of any agreement governing a Corporate Transaction involving the Company, including, without limitation, a provision for the appointment of a stockholder representative that is authorized to act on the Participant's behalf with respect to any escrow, indemnities and any contingent consideration.

(e) No Restriction on Right to Undertake Transactions. The grant of any Award under the Plan and the issuance of shares pursuant to any Award does not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, rights or options to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

7. Administration.

(a) Administration by Board. The Board will administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in subsection (c) below.

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time: (1) which of the persons eligible under the Plan will be granted Awards; (2) when and how each Award will be granted; (3) what type or combination of types of Award will be granted; (4) the provisions of each Award granted (which need not be identical), including the time or times when a person will be permitted to receive an issuance of Common Stock or other payment pursuant to an Award (and whether and to what degree any applicable Performance Goals have been attained); (5) the number of shares of Common Stock or cash equivalent with respect to which an Award will be granted to each such person; and (6) the Fair Market Value applicable to an Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it deems necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest, notwithstanding the provisions in the Award Agreement stating the time at which it may first be exercised or the time during which it will vest.

(v) To prohibit the exercise of any Option, SAR or other exercisable Award during a period of up to 30 days prior to the consummation of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of Common Stock or the share price of the Common Stock including any Corporate Transaction, for reasons of administrative convenience.

(vi) To suspend or terminate the Plan at any time. Suspension or termination of the Plan will not Materially Impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vii) To amend the Plan in any respect the Board deems necessary or advisable; provided, however, that stockholder approval will be required for any amendment to the extent required by Applicable Law. Except as provided above, rights under any Award granted before amendment of the Plan will not be Materially Impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(viii) To submit any amendment to the Plan for stockholder approval.

(ix) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; provided however, that, (1) the Board shall not, without stockholder approval, reduce the exercise or strike price of an Option or SAR (other than in connection with a Capitalization Adjustment) and, at any time when the exercise or strike price of an Option or SAR is above the Fair Market Value of a share of Common Stock, the Board shall not, without stockholder approval, cancel and re-grant or exchange such Option or SAR for a new Award with a lower (or no) purchase price or for cash, and (2) a Participant's rights under any Award will not be Materially Impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing.

(x) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(xi) To adopt such procedures and sub-plans as are necessary or appropriate to permit and facilitate participation in the Plan by, or take advantage of specific tax treatment for Awards granted to, Employees, Directors or Consultants who are non-U.S. nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement to ensure or facilitate compliance with the laws of the relevant non-U.S. jurisdiction).

(c) Delegation to Committee.

(i) **General.** The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to another Committee or a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. Each Committee may retain the authority to concurrently administer the Plan with the Committee or subcommittee to which it has delegated its authority hereunder and may, at any time, revert in such Committee some or all of the powers previously delegated. The Board may retain the authority to concurrently administer the Plan with any Committee and may, at any time, revert in the Board some or all of the powers previously delegated.

(ii) **Rule 16b-3 Compliance.** To the extent an Award is intended to qualify for the exemption from Section 16(b) of the Exchange Act that is available under Rule 16b-3 of the Exchange Act, the Award will be granted by the Board or a Committee that consists solely of two or more Non-Employee Directors, as determined under Rule 16b-3(b)(3) of the Exchange Act, and, thereafter, any action establishing or modifying the terms of the Award will be approved by the Board or a Committee meeting such requirements to the extent necessary for such exemption to remain available.

(d) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board or any Committee in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(e) **Delegation to an Officer.** The Board or any Committee may delegate to one or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options and SARs (and, to the extent permitted by Applicable Law, other types of Awards) and, to the extent permitted by Applicable Law, the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Awards granted to such Employees; provided, however, that the resolutions or charter adopted by the Board or any Committee evidencing such delegation will specify the total number of shares of Common Stock that may be subject to the Awards granted by such Officer and that such Officer may not grant an Award to himself or herself. Any such Awards will be granted on the applicable form of Award Agreement most recently approved for use by the Board or the Committee, unless otherwise provided in the resolutions approving the delegation authority. Notwithstanding anything to the contrary herein, neither the Board nor any Committee may delegate to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) the authority to determine the Fair Market Value.

8. Tax Withholding.

(a) **Withholding Authorization.** As a condition to acceptance of any Award under the Plan, a Participant authorizes withholding from payroll and any other amounts payable to such Participant, and otherwise agrees to make adequate provision for (including), any sums required to satisfy any U.S. and/or non-U.S. federal, state, or local tax or social insurance contribution withholding obligations of the Company or an Affiliate, if any, which arise in connection with the exercise, vesting or settlement of such Award, as applicable. Accordingly, a Participant may not be able to exercise an Award even though the Award is vested, and the Company shall have no obligation to issue shares of Common Stock subject to an Award, unless and until such obligations are satisfied.

(b) **Satisfaction of Withholding Obligation.** To the extent permitted by the terms of an Award Agreement, the Company may, in its sole discretion, satisfy any U.S. and/or non-U.S. federal, state or local tax or social insurance withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; (v) by allowing a Participant to effectuate a “cashless exercise” pursuant to a program developed under Regulation T as promulgated by the U.S. Federal Reserve Board or (vi) by such other method as may be set forth in the Award Agreement.

(c) **No Obligation to Notify or Minimize Taxes; No Liability to Claims.** Except as required by Applicable Law, the Company has no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Award. Furthermore, the Company has no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award and will not be liable to any holder of an Award for any adverse tax consequences to such holder in connection with an Award. As a condition to accepting an Award under the Plan, each Participant (i) agrees to not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates related to tax liabilities arising from such Award or other Company compensation and (ii) acknowledges that such Participant was advised to consult with his or her own personal tax, financial and other legal advisors regarding the tax consequences of the Award and has either done so or knowingly and voluntarily declined to do so. Additionally, each Participant acknowledges any Option or SAR granted under the Plan is exempt from Section 409A only if the exercise or strike price is at least equal to the “fair market value” of the Common Stock on the date of grant as determined by the Internal Revenue Service and there is no other impermissible deferral of compensation associated with the Award. Additionally, as a condition to accepting an Option or SAR granted under the Plan, each Participant agrees not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates in the event that the U.S. Internal Revenue Service asserts that such exercise price or strike price is less than the “fair market value” of the Common Stock on the date of grant as subsequently determined by the U.S. Internal Revenue Service.

(d) **Withholding Indemnification.** As a condition to accepting an Award under the Plan, in the event that the amount of the Company’s and/or its Affiliate’s withholding obligation in connection with such Award was greater than the amount actually withheld by the Company and/or its Affiliates, each Participant agrees to indemnify and hold the Company and/or its Affiliates harmless from any failure by the Company and/or its Affiliates to withhold the proper amount.

9. Miscellaneous.

(a) **Source of Shares.** The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

(b) **Use of Proceeds from Sales of Common Stock.** Proceeds from the sale of shares of Common Stock pursuant to Awards will constitute general funds of the Company.

(c) **Corporate Action Constituting Grant of Awards.** Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action approving the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or

related grant documents as a result of a clerical error in the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(d) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until (i) such Participant has satisfied all requirements for exercise of the Award pursuant to its terms, if applicable, and (ii) the issuance of the Common Stock subject to such Award is reflected in the records of the Company.

(e) No Employment or Other Service Rights. Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or affect the right of the Company or an Affiliate to terminate at will and without regard to any future vesting opportunity that a Participant may have with respect to any Award (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the U.S. state or non-U.S. jurisdiction in which the Company or the Affiliate is incorporated, as the case may be. Further, nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award will constitute any promise or commitment by the Company or an Affiliate regarding the fact or nature of future positions, future work assignments, future compensation or any other term or condition of employment or service or confer any right or benefit under the Award or the Plan unless such right or benefit has specifically accrued under the terms of the Award Agreement and/or Plan.

(f) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee or takes an extended leave of absence) after the date of grant of any Award to the Participant, the Board may determine, to the extent permitted by Applicable Law, to (i) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (ii) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(g) Execution of Additional Documents. As a condition to accepting an Award under the Plan, the Participant agrees to execute any additional documents or instruments necessary or desirable, as determined in the Plan Administrator's sole discretion, to carry out the purposes or intent of the Award, or facilitate compliance with securities and/or other regulatory requirements, in each case at the Plan Administrator's request.

(h) Electronic Delivery and Participation. Any reference herein or in an Award Agreement to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access). By accepting any Award the Participant consents to receive documents by electronic delivery and to participate in the Plan through any on-line electronic system established and maintained by the Plan Administrator or another third party selected by the Plan Administrator. The form of delivery of any Common Stock (e.g., a stock certificate or electronic entry evidencing such shares) shall be determined by the Company.

(i) Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other Applicable Law and any clawback policy that the Company otherwise adopts, to the extent applicable and permissible under Applicable Law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a Participant's right to voluntarily terminate employment upon a "resignation for good reason," or for a "constructive termination" or any similar term under any plan of or agreement with the Company.

(j) Securities Law Compliance. A Participant will not be issued any shares in respect of an Award unless either (i) the shares are registered under the Securities Act; or (ii) the Company has determined that such issuance would be exempt from the registration requirements of the Securities Act. Each Award also must comply with other Applicable Law governing the Award, and a Participant will not receive such shares if the Company determines that such receipt would not be in material compliance with Applicable Law.

(k) Transfer or Assignment of Awards; Issued Shares. Except as expressly provided in the Plan or the form of Award Agreement, Awards granted under the Plan may not be transferred or assigned by the Participant. After the vested shares subject to an Award have been issued, or in the case of Restricted Stock and similar awards, after the issued shares have vested, the holder of such shares is free to assign, hypothecate, donate, encumber or otherwise dispose of any interest in such shares provided that any such actions are in compliance with the provisions herein, the terms of the Trading Policy and Applicable Law.

(l) Effect on Other Employee Benefit Plans. The value of any Award granted under the Plan, as determined upon grant, vesting or settlement, shall not be included as compensation, earnings, salaries, or other similar terms used when calculating any Participant's benefits under any employee benefit plan sponsored by the Company or any Affiliate, except as such plan otherwise expressly provides. The Company expressly reserves its rights to amend, modify, or terminate any of the Company's or any Affiliate's employee benefit plans.

(m) Deferrals. To the extent permitted by Applicable Law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals will be made in accordance with the requirements of Section 409A.

(n) Section 409A. Unless otherwise expressly provided for in an Award Agreement, the Plan and Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A, and, to the extent not so exempt, in compliance with the requirements of Section 409A. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into the Award Agreement. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded, and if a Participant holding an Award that constitutes "deferred compensation" under Section 409A is a "specified employee" for purposes of Section 409A, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A without regard to alternative definitions thereunder) will be issued or paid before the date that is six months and one day following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A, and any amounts so deferred will be paid in a lump sum on the day after such six month period elapses, with the balance paid thereafter on the original schedule.

(o) Choice of Law. This Plan and any controversy arising out of or relating to this Plan shall be governed by, and construed in accordance with, the internal laws of the State of Delaware, without regard to conflict of law principles that would result in any application of any law other than the law of the State of Delaware.

10. Covenants of the Company.

(a) Compliance with Law. The Company will seek to obtain from each regulatory commission or agency, as may be deemed necessary, having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise or vesting of the Awards; provided, however, that this undertaking will not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary or advisable for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise or vesting of such Awards unless and until such authority is obtained. A Participant is not eligible for the grant of an Award or the subsequent issuance of Common Stock pursuant to the Award if such grant or issuance would be in violation of any Applicable Law.

11. Additional Rules for Awards Subject to Section 409A.

(a) Application. Unless the provisions of this Section of the Plan are expressly superseded by the provisions in the form of Award Agreement, the provisions of this Section shall apply and shall supersede anything to the contrary set forth in the Award Agreement for a Non-Exempt Award.

(b) Non-Exempt Awards Subject to Non-Exempt Severance Arrangements. To the extent a Non-Exempt Award is subject to Section 409A due to application of a Non-Exempt Severance Arrangement, the following provisions of this subsection (b) apply.

(i) If the Non-Exempt Award vests in the ordinary course during the Participant's Continuous Service in accordance with the vesting schedule set forth in the Award Agreement, and does not accelerate vesting under the terms of a Non-Exempt Severance Arrangement, in no event will the shares be issued in respect of such Non-Exempt Award any later than the later of: (i) December 31st of the calendar year that includes the applicable vesting date, or (ii) the 60th day that follows the applicable vesting date.

(ii) If vesting of the Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with the Participant's Separation from Service, and such vesting acceleration provisions were in effect as of the date of grant of the Non-Exempt Award and, therefore, are part of the terms of such Non-Exempt Award as of the date of grant, then the shares will be earlier issued in settlement of such Non-Exempt Award upon the Participant's Separation from Service in accordance with the terms of the Non-Exempt Severance Arrangement, but in no event later than the 60th day that follows the date of the Participant's Separation from Service. However, if at the time the shares would otherwise be issued the Participant is subject to the distribution limitations contained in Section 409A applicable to "specified employees," as defined in Section 409A(a)(2)(B)(i) of the Code, such shares shall not be issued before the date that is six months following the date of such Participant's Separation from Service, or, if earlier, the date of the Participant's death that occurs within such six month period.

(iii) If vesting of a Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with a Participant's Separation from Service, and such vesting acceleration provisions were not in effect as of the date of grant of the Non-Exempt Award and, therefore, are not a part of the terms of such Non-Exempt Award on the date of grant, then such acceleration of vesting of the Non-Exempt Award shall not accelerate the issuance date of the shares, but the shares shall instead be issued on the same schedule as set forth in the Grant Notice as if they had vested in the ordinary course during the Participant's Continuous Service, notwithstanding the vesting acceleration of the Non-Exempt Award. Such issuance schedule is intended to satisfy the requirements of payment on a specified date or pursuant to a fixed schedule, as provided under Treasury Regulations Section 1.409A-3(a)(4).

(c) Treatment of Non-Exempt Awards Upon a Corporate Transaction for Employees and Consultants. The provisions of this subsection (c) shall apply and shall supersede anything to the contrary set forth in the Plan with respect to the permitted treatment of any Non-Exempt Award in connection with a Corporate Transaction if the Participant was either an Employee or Consultant upon the applicable date of grant of the Non-Exempt Award.

(i) Vested Non-Exempt Awards. The following provisions shall apply to any Vested Non-Exempt Award in connection with a Corporate Transaction:

(1) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Vested Non-Exempt Award. Upon the Section 409A Change in Control the settlement of the Vested Non-Exempt Award will automatically be accelerated and the shares will be immediately issued in respect of the Vested Non-Exempt Award. Alternatively, the Company may instead provide that the Participant will receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control.

(2) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute each Vested Non-Exempt Award. The shares to be issued in respect of the Vested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of the Fair Market Value of the shares made on the date of the Corporate Transaction.

(ii) **Unvested Non-Exempt Awards.** The following provisions shall apply to any Unvested Non-Exempt Award unless otherwise determined by the Board pursuant to subsection (e) of this Section.

(1) In the event of a Corporate Transaction, the Acquiring Entity shall assume, continue or substitute any Unvested Non-Exempt Award. Unless otherwise determined by the Board, any Unvested Non-Exempt Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of any Unvested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value of the shares made on the date of the Corporate Transaction.

(2) If the Acquiring Entity will not assume, substitute or continue any Unvested Non-Exempt Award in connection with a Corporate Transaction, then such Award shall automatically terminate and be forfeited upon the Corporate Transaction with no consideration payable to any Participant in respect of such forfeited Unvested Non-Exempt Award. Notwithstanding the foregoing, to the extent permitted and in compliance with the requirements of Section 409A, the Board may in its discretion determine to elect to accelerate the vesting and settlement of the Unvested Non-Exempt Award upon the Corporate Transaction, or instead substitute a cash payment equal to the Fair Market Value of such shares that would otherwise be issued to the Participant, as further provided in subsection (e)(ii) below. In the absence of such discretionary election by the Board, any Unvested Non-Exempt Award shall be forfeited without payment of any consideration to the affected Participants if the Acquiring Entity will not assume, substitute or continue the Unvested Non-Exempt Awards in connection with the Corporate Transaction.

(3) The foregoing treatment shall apply with respect to all Unvested Non-Exempt Awards upon any Corporate Transaction, and regardless of whether or not such Corporate Transaction is also a Section 409A Change in Control.

(d) **Treatment of Non-Exempt Awards Upon a Corporate Transaction for Non-Employee Directors.** The following provisions of this subsection (d) shall apply and shall supersede anything to the contrary that may be set forth in the Plan with respect to the permitted treatment of a Non-Exempt Director Award in connection with a Corporate Transaction.

(i) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Non-Exempt Director Award. Upon the Section 409A Change in Control the vesting and settlement of any Non-Exempt Director Award will automatically be accelerated and the shares will be immediately issued to the Participant in respect of the Non-Exempt Director Award. Alternatively, the Company may provide that the Participant will instead receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control pursuant to the preceding provision.

(ii) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute the Non-Exempt Director Award. Unless otherwise determined by the Board, the Non-Exempt Director Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of the Non-Exempt Director Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value made on the date of the Corporate Transaction.

(e) If the RSU Award is a Non-Exempt Award, then the provisions in this Section 11(e) shall apply and supersede anything to the contrary that may be set forth in the Plan or the Award Agreement with respect to the permitted treatment of such Non-Exempt Award:

(i) Any exercise by the Board of discretion to accelerate the vesting of a Non-Exempt Award shall not result in any acceleration of the scheduled issuance dates for the shares in respect of the Non-Exempt Award unless earlier issuance of the shares upon the applicable vesting dates would be in compliance with the requirements of Section 409A.

(ii) The Company explicitly reserves the right to earlier settle any Non-Exempt Award to the extent permitted and in compliance with the requirements of Section 409A, including pursuant to any of the exemptions available in Treasury Regulations Section 1.409A-3(j)(4)(ix).

(iii) To the extent the terms of any Non-Exempt Award provide that it will be settled upon a Change in Control or Corporate Transaction, to the extent it is required for compliance with the requirements of Section 409A, the Change in Control or Corporate Transaction event triggering settlement must also constitute a Section 409A Change in Control. To the extent the terms of a Non-Exempt Award provide that it will be settled upon a termination of employment or termination of Continuous Service, to the extent it is required for compliance with the requirements of Section 409A, the termination event triggering settlement must also constitute a Separation From Service. However, if at the time the shares would otherwise be issued to a Participant in connection with a “separation from service” such Participant is subject to the distribution limitations contained in Section 409A applicable to “specified employees,” as defined in Section 409A(a)(2)(B)(i) of the Code, such shares shall not be issued before the date that is six months following the date of the Participant’s Separation From Service, or, if earlier, the date of the Participant’s death that occurs within such six month period.

(iv) The provisions in this subsection (e) for delivery of the shares in respect of the settlement of a RSU Award that is a Non-Exempt Award are intended to comply with the requirements of Section 409A so that the delivery of the shares to the Participant in respect of such Non-Exempt Award will not trigger the additional tax imposed under Section 409A, and any ambiguities herein will be so interpreted.

12. Severability.

If all or any part of the Plan or any Award Agreement is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any portion of the Plan or such Award Agreement not declared to be unlawful or invalid. Any Section of the Plan or any Award Agreement (or part of such a Section) so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

13. Termination of the Plan.

The Board may suspend or terminate the Plan at any time. No Incentive Stock Options may be granted after the tenth anniversary of the earlier of: (i) the Adoption Date, or (ii) the date the Plan is approved by the Company’s stockholders. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

14. Definitions.

As used in the Plan, the following definitions apply to the capitalized terms indicated below:

(a) “*Acquiring Entity*” means the surviving or acquiring corporation (or its parent company) in connection with a Corporate Transaction.

(b) “*Adoption Date*” means the date the Plan is first approved by the Board or Compensation Committee.

(c) “*Affiliate*” means, at the time of determination, any “parent” or “subsidiary” of the Company as such terms are defined in Rule 405 promulgated under the Securities Act. The Board may determine the time or times at which “parent” or “subsidiary” status is determined within the foregoing definition.

(d) “*Applicable Law*” means the Code and any applicable U.S. or non-U.S. securities, federal, state, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, listing rule, regulation, judicial decision, ruling or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any Governmental Body (including under the authority of any applicable self-regulating organization such as the Nasdaq Stock Market, New York Stock Exchange or the Financial Industry Regulatory Authority).

(e) “*Award*” means any right to receive Common Stock, cash or other property granted under the Plan (including an Incentive Stock Option, a Nonstatutory Stock Option, a Restricted Stock Award, a RSU Award, a SAR, or any Other Award).

(f) “*Award Agreement*” means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award. The Award Agreement generally consists of the Grant Notice and the agreement containing the written summary of the general terms and conditions applicable to the Award and which is provided to a Participant along with the Grant Notice.

(g) “*Board*” means the board of directors of the Company (or its designee). Any decision or determination made by the Board shall be a decision or determination that is made in the sole discretion of the Board (or its designee), and such decision or determination shall be final and binding on all Participants.

(h) “*Capitalization Adjustment*” means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(i) “*Cause*” has the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) the Participant’s theft, dishonesty, willful misconduct, breach of fiduciary duty for personal profit, or intentional falsification of any Company or Affiliate documents or records; (ii) the Participant’s material failure to abide by the Company’s Code of Business Conduct and Ethics or other policies (including, without limitation, policies relating to confidentiality and reasonable workplace conduct and policies of any Affiliate, as applicable); (iii) the Participant’s unauthorized use, misappropriation, destruction or diversion of any tangible or intangible asset or corporate opportunity of the Company or any of its Affiliates (including, without limitation, the Participant’s improper use or disclosure of Company or Affiliate confidential or proprietary information); (iv) any intentional act by the Participant which has a material detrimental effect on the Company’s or its Affiliate’s reputation or business; (v) the Participant’s repeated failure or inability to perform any reasonable assigned duties after written notice from the Company (or its Affiliate, as applicable) of, and a reasonable opportunity to cure, such failure or inability; (vi) any material breach by the Participant of any employment or service agreement between the Participant and the Company (or its Affiliate, as applicable), which breach is not cured pursuant to the terms of such agreement; or (vii) the Participant’s conviction (including any plea of guilty or *nolo contendere*) of any criminal act involving fraud, dishonesty, misappropriation or moral turpitude, or which impairs the Participant’s ability to perform his or her duties with the Company (or its Affiliate, as applicable). The determination that a termination of the Participant’s Continuous Service is either for Cause or without Cause will be made by the Board with respect to Participants who are executive officers of the Company and by the Company’s Chief Executive Officer or his or her designee with respect to Participants who are not executive officers of the Company. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(j) “*Change in Control*” or “*Change of Control*” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events; provided, however, to the extent necessary to avoid adverse personal income tax consequences to the Participant in connection with an Award, also constitutes a Section 409A Change in Control:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company’s securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the “*Subject Person*”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting

[Table of Contents](#)

securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than 50% of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than 50% of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) the stockholders of the Company approve or the Board approves a plan of complete dissolution or liquidation of the Company, or a complete dissolution or liquidation of the Company shall otherwise occur, except for a liquidation into a parent corporation;

(iv) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than 50% of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(v) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the “*Incumbent Board*”) cease for any reason to constitute at least a majority of the members of the Board; provided, however, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing or any other provision of this Plan, (A) the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, and (B) the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Awards subject to such agreement; provided, however, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply.

(k) “*Code*” means the U.S. Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(l) “*Committee*” means the Compensation Committee and any other committee of one or more Directors to whom authority has been delegated by the Board or Compensation Committee in accordance with the Plan.

(m) “*Common Stock*” means the common stock of the Company.

(n) “*Company*” means Orchestra BioMed Holdings, Inc., a Delaware corporation, and any successor corporation thereto.

(o) “*Compensation Committee*” means the Compensation Committee of the Board.

(p) “*Consultant*” means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a “*Consultant*” for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration Statement under the Securities Act is available to register either the offer or the sale of the Company’s securities to such person.

(q) “**Continuous Service**” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, will not terminate a Participant’s Continuous Service; provided, however, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, such Participant’s Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party’s sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in an Award only to such extent as may be provided in the Company’s leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law. In addition, to the extent required for exemption from or compliance with Section 409A, the determination of whether there has been a termination of Continuous Service will be made, and such term will be construed, in a manner that is consistent with the definition of “separation from service” as defined under U.S. Treasury Regulation Section 1.409A-1(h) (without regard to any alternative definition thereunder).

(r) “**Corporate Transaction**” means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of at least 50% of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(s) “**Director**” means a member of the Board.

(t) “**determine**” or “**determined**” means as determined by the Board or the Committee (or its designee) in its sole discretion.

(u) “**Disability**” means, with respect to a Participant, such Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months, as provided in Section 22(e)(3) of the Code, and will be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Cayman Islands law does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors, except to the extent that directors must act honestly and in good faith, with a view to what that director believes is the best interest of the company. Our Existing Charter provides for indemnification of our officers and directors to the maximum extent permitted by law.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 22. Undertakings.

(a) The undersigned registrant hereby undertakes as follows:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the “**Securities Act**”);
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Filing Fee Tables” filed as an exhibit to the effective registration statement;
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser

with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

- (5) That, for the purpose of determining liability under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
 - (6) That, prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
 - (7) That every prospectus: (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (8) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the undersigned pursuant to the foregoing provisions, or otherwise, the undersigned has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the undersigned of expenses incurred or paid by a director, officer or controlling person of the undersigned in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the undersigned will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (b) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
 - (c) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

THIS WARRANT AND THE SECURITIES ISSUABLE UPON THE EXERCISE HEREOF HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE. NEITHER THIS WARRANT NOR SUCH SECURITIES MAY BE SOLD, OFFERED FOR SALE, PLEDGED, HYPOTHECATED, OR OTHERWISE TRANSFERRED EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS, OR SOME EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF SUCH ACT AND LAWS.

ORCHESTRA BIOMED, INC.

Warrant No. [_____]
 [100,000][200,000] Shares

SPECIAL ADVISORY COMMON STOCK WARRANT

This Warrant, issued to [Aegis Capital Corp.][Perceptive Advisors LLC] or its registered assigns (the “**Holder**”), by ORCHESTRA BIOMED, INC., a Delaware corporation (the “**Company**”), is dated as of [____], 2018 (the “**Warrant Issue Date**”).

This Warrant is issued pursuant to [that certain Financial Advisory Agreement, dated of even date herewith, by and between the Company and Holder][Holder’s role as lead investor in the Company’s private placement of Series B Preferred Stock of the Company, par value \$0.0001 per share].

1. **Purchase of Shares; Exercise Period.** Subject to the terms and conditions hereinafter set forth, the Holder is entitled, upon surrender of this Warrant at the principal office of the Company (or at such other place as the Company shall notify the Holder in writing), to purchase from the Company [100,000][200,000] shares of Common Stock of the Company, par value \$0.0001 per share (“**Common Stock**”), subject to adjustment as set forth in Sections 2 and 6 herein (the “**Shares**”). This Warrant shall be exercisable at any time after the two (2) year anniversary of the Warrant Issue Date and shall expire on [5 years from Warrant Issue Date]. In the event of the sale of the Company (whether by merger, consolidation or otherwise) or substantially all of its assets (a “**Sale Event**”), the Holder shall be provided written notice of such Sale Event at least ten (10) business days prior to such Sale Event and shall be entitled to exercise this Warrant and purchase the Shares prior to such Sale Event.

2. **Exercise Price.**

(a) Exercise Price. The exercise price per share for which the Shares may be purchased pursuant to the terms of this Warrant shall be \$0.25 per share (such price is herein referred to as the “**Exercise Price**”).

(b) Adjustment of Exercise Price. If the Company shall, at any time or from time to time after the date hereof, issue or sell, any Shares without consideration or for consideration per share less than the Exercise Price in effect immediately prior to such issuance or sale, then immediately upon such issuance or sale, the Exercise Price in effect immediately prior to such issuance or sale shall be reduced (and in no event increased) to an Exercise Price equal to the quotient obtained by dividing:

(i) the sum of (A) the product obtained by multiplying the number of Shares outstanding immediately prior to such issuance or sale (or deemed issuance or sale) by the Exercise Price then in effect plus (B) the aggregate consideration, if any, received by the Company upon such issuance or sale (or deemed issuance or sale); by

(ii) the sum of (A) the Shares outstanding immediately prior to such issuance or sale plus (B) the aggregate number of Shares issued or sold by the Company in such issuance or sale.

(c) Adjustment to Number of Shares Upon Adjustment to Exercise Price. Upon any and each adjustment of the Exercise Price as provided in Section 2(b), the number of Shares issuable upon the exercise of this Warrant immediately prior to any such adjustment shall be increased to a number of Shares equal to the quotient obtained by dividing:

(i) the product of (A) the Exercise Price in effect immediately prior to any such adjustment multiplied by (B) the number of Shares issuable upon exercise of this Warrant immediately prior to any such adjustment; by

(ii) the Exercise Price resulting from such adjustment.

3. **Method of Exercise**. While this Warrant remains outstanding and exercisable in accordance with Section 2 above, the Holder may exercise, in whole or in part, the purchase rights evidenced hereby. Such exercise shall be effected by:

(a) the surrender of the Warrant, together with a duly executed copy of the form of Notice of Election attached hereto, to the Chief Financial Officer of the Company at its principal offices; and

(b) by either (i) the payment to the Company of an amount equal to the aggregate Exercise Price for the number of Shares being purchased (such amount, the “**Aggregate Exercise Price**”) in the form of cash or by wire transfer of immediately available funds to an account designated by the Company or (ii) by tendering Warrants in a cashless exercise as set forth in Section 3(c) (a “**Cashless Exercise**”).

(c) Upon exercise of the Warrant, unless otherwise elected by the exercising Holder pursuant to the terms hereof, Shares to be acquired upon the exercise of the Warrant will be applied automatically to pay the Exercise Price in connection with a Cashless Exercise of the Warrant. Any Shares transferred to the Company as cashless payment of the Exercise Price under the Warrant shall be valued at the fair value of a share of Common Stock for purposes of determining the Exercise Price. In the event that the Holder elects to effect a Cashless Exercise, (i) if the fair value of a share of Common Stock is less than or equal to the Exercise Price, the Holder shall not be entitled to receive any Shares, and (ii) if the fair value of a share of Common Stock is greater than the Exercise Price, the Holder shall receive a number of Warrant Shares to be calculated as follows:

$$X = \frac{Y * (A - B)}{A}$$

with:

X = the number of Shares to be issued to the Holder following such Cashless Exercise;

Y = the number of Shares purchasable by such Holder under the Warrant or, if only a portion of the Warrant is being exercised, the portion of the Warrant being exercised;

A = the fair value of a share of Common Stock as of the applicable date; and

B = the Exercise Price as of the applicable date.

Solely for the purposes of this paragraph, “**fair value**” per share of Common Stock shall mean the average Closing Price (as defined below) per share of Common Stock for the twenty (20) trading days immediately preceding the date on which the Notice of Exercise is deemed to have been sent to the Company. “**Closing Price**” means, for any date, the price determined by the first of the following clauses that applies: (a) if the Common Stock is then listed or quoted on the New York Stock Exchange, the NYSE MKT, the NASDAQ Global Select Market, the NASDAQ Global Market or the NASDAQ Capital Market or any other national securities exchange, the closing price per share of the Common Stock for such date (or the nearest preceding date) on the primary eligible market or exchange on which the Common Stock is then listed or quoted; (b) if prices for the Common Stock are then quoted on the OTC Bulletin Board or any tier of the OTC Markets Group, the closing bid price per share of the Common Stock for such date (or the nearest preceding date) so quoted; or (c) if prices for the Common Stock are then reported in the “Pink Sheets” published by the OTC Markets Group (or a similar organization or agency succeeding to its functions of reporting prices), the most recent closing bid price per share of the Common Stock so reported. If the Common Stock is not publicly traded as set forth above, the “fair value” per share of Common Stock shall be reasonably and in good faith determined by the Board of Directors of the Company as of the date which the Notice of Exercise is deemed to have been sent to the Company.

For purposes of Rule 144 promulgated under the Securities Act of 1933, as amended, it is intended, understood and acknowledged that the Warrant Shares issued in a Cashless Exercise transaction shall be deemed to have been acquired by the Holder, and the holding period for such shares shall be deemed to have commenced, on the Effective Date of this Warrant.

4. **Certificates for Shares.** Upon the exercise of the purchase rights evidenced by this Warrant, one or more certificates for the number of Shares so purchased may be issued by the Company with appropriate restrictive legends, if applicable.

5. **Issuance of Shares.** The Company covenants that the Shares, when issued pursuant to the exercise of this Warrant, will be duly and validly issued, fully paid and nonassessable and free from all taxes, liens, and charges with respect to the issuance thereof. The Company further covenants and agrees that during the period within which the rights represented by this Warrant may be exercised, the Company will have authorized and reserved, for the purpose of issue or transfer upon exercise of the rights evidenced by this Warrant, a sufficient number of shares of authorized but unissued capital stock, or other securities and property, when and as required to provide for the exercise of the rights represented by this Warrant. The Company will take all such action as may be necessary to assure that such shares of capital stock may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of any domestic securities exchange upon which the capital stock may be listed.

6. Other Adjustments of Exercise Price and Number of Shares.

(a) Subdivisions, Combinations and Other Issuances. If the Company, at any time prior to the expiration of this Warrant: (i) pays a stock dividend or otherwise makes a distribution or distributions on shares of its Common Stock, (ii) subdivides outstanding shares of Common Stock into a larger number of shares or (iii) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event, and the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted such that the Aggregate Exercise Price of this Warrant shall remain unchanged. Any adjustment made pursuant to this Section 6(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision or combination. The Exercise Price and the Shares, as so adjusted, shall be readjusted in the same manner upon the happening of any successive event or events described in this Section 6(a).

(b) Reclassification, Reorganization and Consolidation. In case of any reclassification, capital reorganization, or change in the Common Stock of the Company (other than as a result of a subdivision, combination or stock dividend provided for in Section 6(a) above), then, as a condition of such reclassification, reorganization, or change, lawful provision shall be made, and duly executed documents evidencing the same from the Company or its successor shall be delivered to the Holder, so that the Holder shall have the right at any time prior to the expiration of this Warrant to purchase, at a total price equal to that payable upon the exercise of this Warrant, the kind and amount of shares of stock and other securities and property receivable in connection with such reclassification, reorganization, or change by a holder of the same number of Shares as were purchasable by the Holder immediately prior to such reclassification, reorganization, or change. In any such case appropriate provisions shall be made with respect to the rights and interest of the Holder so that the provisions hereof shall thereafter be applicable with respect to any shares of stock or other securities and property deliverable upon exercise hereof, and appropriate adjustments shall be made to the purchase price per share payable hereunder, provided the aggregate purchase price shall remain the same.

(c) Distributions of Other Property. In case the Company shall distribute to the holders of the Common Stock of the Company (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing corporation) evidences of its indebtedness or assets (excluding cash dividends or distributions payable out of consolidated earnings or earned surplus and dividends or distributions referred to in Section 6(a) above) or rights, options, or warrants, or convertible or exchangeable securities containing the right to subscribe for or purchase debt securities, assets, or other securities of the Company (excluding those referred to in Section 6(a) above), then in lieu of an adjustment in the number of Shares purchasable upon the exercise of this Warrant, the Holder upon the exercise thereof at any time after such distribution shall be entitled to receive from the Company the stock or other securities to which the Holder would have been entitled if the Holder had exercised the Warrant immediately prior thereto, all subject to further adjustment as provided in this Section 6; provided, however, that no adjustment in respect of cash dividends or interest on such stock or other securities shall be made during the term of this Warrant or upon the exercise of this Warrant.

(d) Notice of Certain Events. If, at any time prior to the expiration of this Warrant, (i) the Company shall declare any dividend on the Common Stock of the Company payable in cash or shares of capital stock of the Company; or (ii) the Company shall authorize the issuance to all holders of shares of Common Stock of the Company of rights, options, or warrants to subscribe for or purchase shares of the capital stock of the Company or of any other subscription rights or warrants; or (iii) the Company shall authorize the distribution to all holders of shares of Common Stock of the Company evidences of its indebtedness or assets; or (iv) the Board of Directors of the Company shall have approved any consolidation or merger to which the Company is a party and for which approval of any stockholders of the Company is required, or any sale or lease of all or substantially all of the assets of the Company or any reclassification or change of the Shares issuable upon exercise of this Warrant (other than a change in par value or as a result of a subdivision or combination), or a tender offer or exchange offer for Shares; or (v) the voluntary or involuntary dissolution, liquidation, or winding up of the Company occurs; or (vi) the Company proposes to take any action that would require an adjustment in the number or kind of securities issuable upon exercise of this Warrant pursuant to this Section 6; then the Company shall cause to be given to the Holder, at least twenty (20) calendar days prior to the applicable record date specified, or promptly in the case of events for which there is no record date set by the Board of Directors therefor, a written notice stating (A) the date as of which the holders of record of shares of Common Stock of the Company to be entitled to receive any such dividends, rights, options, warrants, or distribution are to be determined, or (B) the initial expiration date set forth in any tender offer or exchange offer for shares of Common Stock of the Company, or (C) the date on which any such consolidation, merger, sale, lease, reclassification, change, dissolution, liquidation, or winding up is expected to become effective or consummated, and the date as of which it is expected that holders of record of shares shall be entitled to exchange such shares for securities or other property, if any, deliverable upon such consolidation, merger, sale, transfer, lease, reclassification, change, dissolution, liquidation, or winding up; provided, however, that the failure to give any such notice shall not affect the validity of any action taken by the Company.

(e) Notice of Adjustment. When any adjustment is required to be made in the number or kind of shares purchasable upon exercise of the Warrant, or in the coverage rate, the Company shall promptly notify the Holder of such event and of the number of Shares or other securities or property thereafter purchasable upon exercise of this Warrant.

7. No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant, but in lieu of such fractional shares the Company shall make cash payment therefor on the basis of the Exercise Price then in effect.

8. Representations of the Company. The Company hereby represents and warrants to the Holder as follows:

(a) The execution and delivery of this Warrant has been duly and properly authorized by all requisite corporate action of the Company, its Board of Directors and stockholders, and no consent of any other person is required as a prerequisite to the validity and enforceability of this Warrant that has not been obtained. The Company has the full legal right, power and authority to execute and deliver this Warrant and to perform its obligations hereunder and thereunder.

(b) Neither the execution nor delivery of this Warrant (including, without limitation, issuance of the Shares) will conflict with, result in a breach of the terms, conditions or provisions of, constitute a default under, result in any violation of, require any consent, approval or other action by or notice to or filing with any court or governmental body pursuant to the Certificate of Incorporation or Bylaws of the Company, except to the extent that the approval of certain of the Company's shareholders will be required in connection with the authorization and issuance of the Shares by the Company and will be obtained prior to any such issuance.

(c) The Warrant is, and assuming the Holder continues to be an "accredited investor" within the meaning of Rule 501 of Regulation D promulgated under the Securities Act of 1933, as amended, as such rule is presently in effect and assuming no change in applicable law, the Shares will be issued by the Company to the Holder in a transaction exempt from registration and qualification under applicable federal and state securities laws.

9. **Transfers of Warrant.**

(a) *Transferability.* Subject to compliance with any applicable securities laws, this Warrant and all rights hereunder are transferable, in whole or in part, upon surrender of this Warrant at the principal office of the Company or its designated agent, together with a written assignment of this Warrant substantially in the form attached hereto duly executed by the Holder or its agent or attorney and funds sufficient to pay any transfer taxes payable upon the making of such transfer. Upon such surrender and, if required, such payment, the Company shall execute and deliver a new Warrant or Warrants in the name of the assignee or assignees, as applicable, and in the denomination or denominations specified in such instrument of assignment, and shall issue to the assignor a new Warrant evidencing the portion of this Warrant not so assigned, and this Warrant shall promptly be cancelled. The Warrant, if properly assigned in accordance herewith, until a new Warrant is issued pursuant to the preceding sentence, may be exercised by such assignee for the purchase of Shares as if such assignee were the Holder.

(b) *New Warrant.* This Warrant may be divided or combined with other Warrants upon presentation hereof at the aforesaid office of the Company, together with a written notice specifying the names and denominations in which new Warrants are to be issued, signed by the Holder or its agent or attorney. Subject to compliance with Section 9(a), as to any transfer which may be involved in such division or combination, the Company shall execute and deliver a new Warrant or Warrants in exchange for the Warrant or Warrants to be divided or combined in accordance with such notice.

(c) *Warrant Register.* The Company shall register this Warrant, upon records to be maintained by the Company for that purpose, in the name of the record Holder hereof from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

10. **Successors and Assigns.** The terms and provisions of this Warrant shall inure to the benefit of, and be binding upon, the Company and the Holders hereof and their respective successors and assigns.

11. **Amendments and Waivers.** Any term of this Warrant may be amended and the observance of any term of this Warrant may be waived (either generally or in a particular instance and either retroactively or prospectively) with the written consent of the Company and the Holder.

12. **Notices.** All notices required or permitted hereunder shall be in writing and shall be deemed effectively given: (a) upon personal delivery to the party to be notified; (b) when sent by confirmed electronic mail, telex or facsimile if sent during normal business hours of the recipient, if not, then on the next business day; (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (d) one (1) day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications shall be sent to the Company at 150 Union Square Drive, New Hope, PA 18938 and to the Holder at the address set forth on the books and records of the Company, as applicable, or at such other address as the Company or the Holder may designate by written notice to the other parties hereto.

13. **Attorneys' Fees.** If any action of law or equity is necessary to enforce or interpret the terms of this Warrant, the prevailing party shall be entitled to its reasonable attorneys' fees, costs and disbursements in addition to any other relief to which it may be entitled.

14. **Captions.** The section and subsection headings of this Warrant are inserted for convenience only and shall not constitute a part of this Warrant in construing or interpreting any provision hereof.

15. **Governing Law.** This Warrant and all actions arising out of or in connection with this Warrant shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to the conflicts of law provisions of the State of Delaware or of any other state.

(a) Registration on Form S-1. Not later than the Registration Filing Date, the Company shall file with the SEC a Registration Statement on Form S-1, or other applicable form, relating to the resale by the Holders of all of the Registrable Securities, and the Company shall use its commercially reasonable efforts to cause such Registration Statement to be declared effective prior to the Registration Default Date (such Registration Statement a “**Resale Registration**”). Notwithstanding the foregoing, in the event the Company files a Registration Statement to register for sale any of its Common Stock in an IPO on or before the Registration Filing Date and such Registration Statement is declared effective by the SEC on or before the Registration Default Date, then the foregoing obligation to file a Resale Registration shall terminate and no Registration Event can be deemed to occur thereafter.

(b) Piggyback Registration. In addition to the Company’s agreement pursuant to Subsection 2.1(a) above, if the Company shall determine at any time after the consummation of an IPO to register for sale any of its Common Stock in an underwritten offering, the Company shall so advise the Holders of the Registrable Securities. In that event, the right of any Holder to Piggyback Registration shall be conditioned upon such Holder’s participation in such underwriting and the inclusion of such Holder’s Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to sell any of their Registrable Securities through such underwriting shall (together with the Company and any other stockholders of the Company selling their securities through such underwriting) enter into an underwriting agreement in customary form with the underwriter selected for such underwriting by the Company or the selling stockholders, as applicable. Notwithstanding any other provision of this section, if the underwriter or the Company determines that marketing factors require a limitation on the number of shares of Common Stock or the amount of other securities to be underwritten, the underwriter may exclude some or all Registrable Securities from such registration and underwriting. The Company shall so advise all Holders (except those Holders who failed to timely elect to include their Registrable Securities through such underwriting or have indicated to the Company their decision not to do so), and indicate to each such Holder the number of shares of Registrable Securities that may be included in the registration and underwriting, if any. The number of shares of Registrable Securities to be included in such registration and underwriting shall be allocated first to the Company and then, subject to obligations and commitments existing as of the date hereof, to all selling stockholders, including the Holders, who have requested to sell in the registration on a pro rata basis according to the number of shares requested to be included therein. No Registrable Securities excluded from the underwriting by reason of the underwriter’s marketing limitation shall be included in such registration and no liquidated damages as set forth in Subsection 2.1(c) shall accrue with respect to such excluded securities. If any Holder disapproves of the terms of any such underwriting, such Holder may elect to withdraw such Holder’s Registrable Securities therefrom by delivering a written notice to the Company and the underwriter. The Registrable Securities so withdrawn from such underwriting shall also be withdrawn from such registration; provided, however, that, if by the withdrawal of such Registrable Securities, a greater number of Registrable Securities held by other Holders may be included in such registration (up to the maximum of any limitation imposed by the underwriters), then the Company shall offer to all Holders who have included Registrable Securities in the registration the right to include additional Registrable Securities pursuant to the terms and limitations set forth herein in the same proportion used above in determining the underwriter limitation.

(c) Occurrence of a Registration Event. If a Registration Event occurs, then the Company will make payments to each Holder of Registrable Securities (a “**Qualified Purchaser**”), as liquidated damages for the amount of damages to the Qualified Purchaser by reason thereof, at a rate equal to 0.50% of the purchase price per Unit paid by such Holder in the PPO for the Registrable Securities then held by each Qualified Purchaser for each full period of 30 days of the Registration Default Period (which shall be pro-rated for any period less than 30 days); provided, however, if a Registration Event occurs (or is continuing), liquidated damages shall be paid only with respect to that portion of the Qualified Purchaser’s Registrable Securities that cannot then be immediately resold without restriction in reliance on SEC Rule 144 provided that the Company is, at such time, subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act. Notwithstanding the foregoing, the maximum amount of liquidated damages that may be paid to any Qualified Purchaser pursuant to this Subsection 2.1(c) shall be an amount equal to 6% of the purchase price per Unit paid by such Holder in the PPO for the Registrable Securities held by such Qualified Purchaser at the time of the first occurrence of a Registration Event. Each such payment shall be due and payable within five days after the end of each full 30-day period of the Registration Default Period until the termination of the Registration Default Period and within five days after such termination. Such payments shall constitute the Qualified Purchaser’s exclusive remedy for such events. If the Company fails to pay any partial liquidated damages or refund pursuant to this Section in full within seven days after the date payable, the Company will pay interest thereon at a rate of 2% per annum (or such lesser maximum amount that is permitted to be paid by applicable law) to the Holder, accruing daily from the date such partial liquidated damages are due until such amounts, plus all such interest thereon, are paid in full. The Registration Default Period shall terminate upon (i) the filing of the Registration Statement in the case of clause (a) of the definition of Registration Event, (ii) the SEC Effective Date in the case of clause (b) of the definition of Registration Event, (iii) the ability of the Qualified Purchaser to effect sales pursuant to the Registration Statement in the case of clause (c) of the definition of Registration Event, and (iv) the listing or inclusion and/or trading of the Common Stock on an Approved Market, as the case may be, in the case of clause (d) of the definition of Registration Event. The amounts payable as liquidated damages pursuant to this Subsection 2.1(c) shall be payable in lawful money of the United States.

(d) Notwithstanding the provisions of Subsection 2.1(c) above:

(i) (a) if the SEC does not declare the Registration Statement effective on or before the Registration Default Date, or (b) if the SEC allows the Registration Statement to be declared effective at any time before or after the Registration Default Date, subject to the withdrawal of certain Registrable Securities from the Registration Statement, and the reason for (a) or (b) is the SEC’s determination that (x) the offering of any of the Registrable Securities constitutes a primary offering of securities by the Company, (y) SEC Rule 415 may not be relied upon for the registration of the resale of any or all of the Registrable Securities, and/or (z) a Holder of any Registrable Securities must be named as an underwriter, the Holders understand and agree that in the case of (b) the Company may reduce, on a *pro rata* basis, the total number of Registrable Securities to be registered on behalf of each such Holder, and, in the case of (a) or (b), that a Holder shall not be entitled to any liquidated damages with respect to the Registrable Securities not registered for the reason set forth in (a), or so reduced on a *pro rata* basis as set forth in (b). In addition, any such affected Holder shall be entitled to Piggyback Registration rights after the Registration Statement is declared effective by the SEC until such time as: (AA) all Registrable Securities have been registered pursuant to an effective Registration Statement, (BB) the Registrable Securities may be resold without restriction pursuant to SEC Rule 144 of the Securities Act, or (CC) the Holder agrees to be named as an underwriter in any such registration statement. The Holders acknowledge and agree the provisions of this paragraph may apply to more than one Registration Statement; and

(ii) for not more than thirty (30) consecutive days or for a total of not more than sixty (60) days in any twelve (12) month period, the Company may suspend the use of any prospectus included in any Registration Statement contemplated by this Section in the event that the Company determines in good faith that such suspension is necessary to (A) delay the disclosure of material non-public information concerning the Company, the disclosure of which at the time is not, in the good faith opinion of the Company, in the best interests of the Company or (B) amend or supplement the affected Registration Statement or the related prospectus so that such Registration Statement or prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the case of the prospectus in light of the circumstances under which they were made, not misleading, including in connection with the filing of a post-effective amendment to such Registration Statement in connection with the Company’s filing of an Annual Report on Form 10-K for any fiscal year (an “**Allowed Delay**”); provided, that the Company shall promptly (a) notify each Holder in writing of the commencement of an Allowed Delay, but shall not (without the prior written consent of an Holder) disclose to such Holder any material non-public information giving rise to an Allowed Delay, (b) advise the Holders in writing to cease all sales under the Registration Statement until the end of the Allowed Delay and (c) use commercially reasonable efforts to terminate an Allowed Delay as promptly as practicable. In the event of an Allowed Delay, the liquidated damages set forth in Subsection 2.1(c) shall not accrue during such Allowed Delay.

(e) Holdback Agreements. Each Holder understands that (i) it shall not sell, offer, pledge, contract to sell, grant any option or contract to purchase, purchase any option or contract to sell, grant any right or warrant to purchase, lend or otherwise transfer or encumber, directly or indirectly, any shares of the Registrable Securities (“**Transfer**”), nor shall such Holder enter into any swap, hedging or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any shares of the Registrable Securities until the Release Date (as defined below); provided, however, that in connection with a Resale Registration only, such Holder shall be permitted to Transfer up to fifty percent (50%) of such Holder’s Registrable Securities at any time on or after the SEC Effective Date of such Resale Registration, and (ii) it shall be entitled to Transfer up to the remaining fifty percent (50%) of such Holder’s Registrable Securities at any time on or after such date that is six (6) months following the SEC Effective Date of such Resale Registration. Each Holder hereby covenants and agrees that (x) it shall abide by the restrictions set forth above and (y) the Company shall be entitled to place “stop transfer” instructions with the Company’s transfer agent in compliance with the above restrictions. For purposes of this clause (e), the term “**Release Date**” shall mean six (6) months from the SEC Effective Date (which six (6) month term may be extended to twelve (12) months at the discretion of the underwriter in the case of an IPO). The foregoing provisions of this Subsection 2.1(e) shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, or the Transfer of any Registrable Securities to Permitted Assignees, provided that such Permitted Assignee agrees to be bound in writing by the restrictions set forth herein, and provided, further, that any such Transfer shall not involve a disposition for value. The underwriters in connection with such registration are intended third-party beneficiaries of this Subsection 2.1(e) and shall have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Each Holder further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with such registration that are consistent with this Subsection 2.1(e) or that are necessary to give further effect thereto. Any discretionary waiver or termination of the restrictions of any or all of such agreements by the Company or the underwriters shall apply pro rata to all Holders subject to such agreements, based on the number of shares subject to such agreements.

2.2 Registration Procedures for Registrable Securities. The Company will keep each Holder reasonably advised as to the filing and effectiveness of the Registration Statement. At its expense with respect to the Registration Statement, the Company will:

(a) prepare and file with the SEC with respect to the Registrable Securities, a Registration Statement on Form S-1, or any other form for which the Company then qualifies or which counsel for the Company shall deem appropriate and which form shall be available for the sale of the Registrable Securities in accordance with the intended methods of distribution thereof, and use its commercially reasonable efforts to cause such Registration Statement to become effective and shall remain effective for a period of eighteen months or for such shorter period ending on the date when all of the Registrable Securities registered thereunder shall have been sold (the “**Effectiveness Period**”). Thereafter, the Company shall be entitled to withdraw such Registration Statement and the Holders shall have no further right to offer or sell any of the Registrable Securities registered for resale thereon pursuant to the respective Registration Statement (or any prospectus relating thereto);

(b) if the Registration Statement is subject to review by the SEC, respond in a commercially reasonable manner to all comments and diligently pursue resolution of any comments to the satisfaction of the SEC;

(c) prepare and file with the SEC such amendments and supplements to such Registration Statement as may be necessary to keep such Registration Statement effective during the Effectiveness Period;

(d) furnish, without charge, to each Holder of Registrable Securities covered by such Registration Statement (i) a reasonable number of copies of such Registration Statement (including any exhibits thereto other than exhibits incorporated by reference), each amendment and supplement thereto as such Holder may reasonably request, (ii) such number of copies of the prospectus included in such Registration Statement (including each preliminary prospectus and any other prospectus filed under Rule 424 of the Securities Act) as such Holders may reasonably request, in conformity with the requirements of the Securities Act, and (iii) such other documents as such Holder may require to consummate the disposition of the Registrable Securities owned by such Holder, but only during the Effectiveness Period;

(e) use its commercially reasonable efforts to register or qualify such registration under such other applicable securities laws of such jurisdictions as any Holder of Registrable Securities covered by such Registration Statement reasonably requests and as may be necessary for the marketability of the Registrable Securities (such request to be made by the time the applicable Registration Statement is deemed effective by the SEC) and do any and all other acts and things necessary to enable such Holder to consummate the disposition in such jurisdictions of the Registrable Securities owned by such Holder, provided, that the Company shall not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this paragraph, (ii) subject itself to taxation in any such jurisdiction, or (iii) consent to general service of process in any such jurisdiction.

(f) notify each Holder of Registrable Securities, the disposition of which requires delivery of a prospectus relating thereto under the Securities Act, of the happening of any event (as promptly as practicable after becoming aware of such event), which comes to the Company's attention, that will after the occurrence of such event cause the prospectus included in such Registration Statement, if not amended or supplemented, to contain an untrue statement of a material fact or an omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading and the Company shall promptly thereafter prepare and furnish to such Holder a supplement or amendment to such prospectus (or prepare and file appropriate reports under the Exchange Act) so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, unless suspension of the use of such prospectus otherwise is authorized herein or in the event of a Blackout Period, in which case no supplement or amendment need be furnished (or Exchange Act filing made) until the termination of such suspension or Blackout Period;

(g) comply, and continue to comply during the Effectiveness Period, in all material respects with the Securities Act and the Exchange Act and with all applicable rules and regulations of the SEC with respect to the disposition of all securities covered by such Registration Statement;

(h) as promptly as practicable after becoming aware of such event, notify each Holder of Registrable Securities being offered or sold pursuant to the Registration Statement of the issuance by the SEC of any stop order or other suspension of effectiveness of the Registration Statement;

(i) use its commercially reasonable efforts to cause all the Registrable Securities covered by the Registration Statement to be quoted on the OTC Bulletin Board or such other Approved Market on which securities of the same class or series issued by the Company are then listed or traded;

(j) provide a transfer agent and registrar, which may be a single entity, for the shares of Common Stock at all times;

(k) if requested by the Holders, cooperate with the Holders to facilitate the timely preparation and delivery of certificates representing Registrable Securities to be delivered to a transferee pursuant to the Registration Statement, which certificates shall be free, to the extent permitted by applicable law, of all restrictive legends, and to enable such Registrable Securities to be in such denominations and registered in such names as any such Holders may request;

(l) during the Effectiveness Period, refrain from bidding for or purchasing any Common Stock or any right to purchase Common Stock or attempting to induce any person to purchase any such security or right if such bid, purchase or attempt would in any way limit the right of the Holders to sell Registrable Securities by reason of the limitations set forth in Regulation M of the Exchange Act; and

(m) take all other reasonable actions necessary to expedite and facilitate the disposition by the Holders of the Registrable Securities pursuant to the Registration Statement.

2.3 Suspension of Offers and Sales. Each Holder agrees that, upon receipt of any notice from the Company of the happening of any event of the kind described in Subsection 2.2(f) hereof or of the commencement of a Blackout Period, such Holder shall discontinue the disposition of Registrable Securities included in the Registration Statement until such Holder's receipt of the copies of the supplemented or amended prospectus contemplated by Subsection 2.2(f) hereof or notice of the end of the Blackout Period, and, if so directed by the Company, such Holder shall deliver to the Company (at the Company's expense) all copies (including, without limitation, any and all drafts), other than permanent file copies, then in such Holder's possession, of the prospectus covering such Registrable Securities current at the time of receipt of such notice.

2.4 Registration Expenses. The Company shall pay all expenses in connection with any registration obligation provided herein, including, without limitation, all registration, filing, stock exchange fees, printing expenses, all fees and expenses of complying with applicable securities laws, and the fees and disbursements of counsel for the Company and of its independent accountants; provided, that, in any registration, each party shall pay for its own underwriting discounts and commissions and transfer taxes. Except as provided in this section and Subsection 2.7, the Company shall not be responsible for the expenses of any attorney or other advisor employed by a Holder.

2.5 Assignment of Rights. No Holder may assign its registration rights under this Agreement to any party without the prior written consent of the Company; provided, however, that any Holder may assign its registration rights under this Agreement without such consent to a Permitted Assignee as long as (a) such transfer or assignment is effected in accordance with applicable securities laws; (b) such transferee or assignee agrees in writing to become subject to the terms of this Agreement; and (c) such Holder notifies the Company in writing of such transfer or assignment, stating the name and address of the transferee or assignee and identifying the Registrable Securities with respect to which such rights are being transferred or assigned.

2.6 Information by Holder. A Holder with Registrable Securities included in any registration shall furnish to the Company such information regarding itself, the Registrable Securities held by it, and the intended method of disposition of such securities as shall be required in order to comply with any applicable law or regulation in connection with the registration of such Holder's Registrable Securities or any qualification or compliance with respect to such Holder's Registrable Securities and referred to in this Agreement. A form of Selling Stockholder Questionnaire is attached as Exhibit A hereto for such purposes.

2.7 Indemnification.

(a) In the event of the offer and sale of Registrable Securities under the Securities Act, the Company shall, and hereby does, indemnify and hold harmless, to the fullest extent permitted by law, each Holder, its directors, officers, partners, each other person who participates as an underwriter in the offering or sale of such securities, and each other person, if any, who controls or is under common control with such Holder or any such underwriter within the meaning of Section 15 of the Securities Act, against any losses, claims, Damages or liabilities, joint or several, and expenses to which the Holder or any such director, officer, partner or underwriter or controlling person may become subject under the Securities Act, the Exchange Act, or any other federal or state law, insofar as such losses, claims, Damages, liabilities or expenses (or actions or proceedings, whether commenced or threatened, in respect thereof) arise out of or are based upon any untrue statement of any material fact contained in any registration statement prepared and filed by the Company under which Registrable Securities were registered under the Securities Act, any preliminary prospectus, final prospectus or summary prospectus contained therein, or any amendment or supplement thereto, or any omission to state therein a material fact required to be stated or necessary to make the statements therein in light of the circumstances in which they were made not misleading, or any violation or alleged violation of the Securities Act, the Exchange Act, any state securities law or any rule or regulation promulgated under the Securities Act, the Exchange Act or any state securities law in connection with this Agreement; and the Company shall reimburse the Holder, and each such director, officer, partner, underwriter and controlling person for any legal or any other expenses reasonably incurred by them in connection with investigating, defending or settling any such loss, claim, damage, liability, action or proceeding; provided, that such indemnity agreement found in this Subsection 2.7(a) shall in no event exceed the net proceeds from the PPO received by the Company; and provided further, that the Company shall not be liable in any such case (i) to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon an untrue statement in or omission from such registration statement, any such preliminary prospectus, final prospectus, summary prospectus, amendment or supplement in reliance upon and in conformity with written information furnished to the Company by the Holder specifically for use in the preparation thereof or (ii) if the person asserting any such loss, claim, damage, liability (or action or proceeding in respect thereof) who purchased the Registrable Securities that are the subject thereof did not receive a copy of an amended preliminary prospectus or the final prospectus (or the final prospectus as amended or supplemented) at or prior to the written confirmation of the sale of such Registrable Securities to such person because of the failure of such Holder or underwriter to so provide such amended preliminary or final prospectus and the untrue statement or omission of a material fact made in such preliminary prospectus was corrected in the amended preliminary or final prospectus (or the final prospectus as amended or supplemented). Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of the Holders, or any such director, officer, partner, underwriter or controlling person and shall survive the transfer of such shares by the Holder.

(b) As a condition to including Registrable Securities in any registration statement filed pursuant to this Agreement, each Holder agrees to be bound by the terms of this Subsection 2.7 and to indemnify and hold harmless, to the fullest extent permitted by law, the Company, its directors and officers, and each other person, if any, who controls the Company within the meaning of Section 15 of the Securities Act, against any losses, claims, Damages or liabilities, joint or several, to which the Company or any such director or officer or controlling person may become subject under the Securities Act, the Exchange Act, or any other federal or state law, to the extent arising out of or based solely upon: (x) such Holder's failure to comply with the prospectus delivery requirements of the Securities Act or (y) any untrue or alleged untrue statement of a material fact contained in any registration statement, any prospectus, or any form of prospectus, or in any amendment or supplement thereto or in any preliminary prospectus, or arising out of or relating to any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading (i) to the extent, but only to the extent, that such untrue statement or omission is contained in any information so furnished in writing by such Holder to the Company specifically for inclusion in the registration statement or such prospectus or (ii) to the extent that (1) such untrue statements or omissions are based solely upon information regarding such Holder furnished in writing to the Company by such Holder expressly for use therein, or to the extent that such information relates to such Holder or such Holder's proposed method of distribution of Registrable Securities and was reviewed and expressly approved in writing by such Holder expressly for use in the Registration Statement, such prospectus or such form of prospectus or in any amendment or supplement thereto or (2) in the case of an occurrence of an event of the type specified in Subsection 2.2(f) hereof, the use by such Holder of an outdated or defective prospectus after the Company has notified such Holder in writing that the prospectus is outdated or defective and prior to the receipt by such Holder of the advice contemplated in Subsection 2.2(f). In no event shall the liability of any selling Holder hereunder be greater in amount than the dollar amount of the net proceeds received by such Holder upon the sale of the Registrable Securities giving rise to such indemnification obligation.

(c) Promptly after receipt by an indemnified party of notice of the commencement of any action or proceeding involving a claim referred to in this Section (including any governmental action), such indemnified party shall, if a claim in respect thereof is to be made against an indemnifying party, give written notice to the indemnifying party of the commencement of such action; provided, that the failure of any indemnified party to give notice as provided herein shall not relieve the indemnifying party of its obligations under this Section, except to the extent that the indemnifying party is actually prejudiced by such failure to give notice. In case any such action is brought against an indemnified party, unless in the reasonable judgment of counsel to such indemnified party a conflict of interest between such indemnified and indemnifying parties may exist or the indemnified party may have defenses not available to the indemnifying party in respect of such claim, the indemnifying party shall be entitled to participate in and to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party for any legal or other expenses subsequently incurred by the latter in connection with the defense thereof, unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties arises in respect of such claim after the assumption of the defenses thereof or the indemnifying party fails to defend such claim in a diligent manner, other than reasonable costs of investigation. Neither an indemnified nor an indemnifying party shall be liable for any settlement of any action or proceeding effected without its consent. No indemnifying party shall, without the consent of the indemnified party, consent to entry of any judgment or enter into any settlement, which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect of such claim or litigation. Notwithstanding anything to the contrary set forth herein, and without limiting any of the rights set forth above, in any event any party shall have the right to retain, at its own expense, counsel with respect to the defense of a claim.

(d) If an indemnifying party does or is not permitted to assume the defense of an action pursuant to Subsection 2.7(c) or in the case of the expense reimbursement obligation set forth in Subsections 2.7(a) and (b), the indemnification required by Subsections 2.7(a) and (b) shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills received or expenses, losses, Damages, or liabilities are incurred.

(e) If the indemnification provided for in Subsections 2.7(a) or (b) is held by a court of competent jurisdiction to be unavailable to an indemnified party with respect to any loss, liability, claim, damage or expense referred to herein, the indemnifying party, in lieu of indemnifying such indemnified party hereunder, shall (i) contribute to the amount paid or payable by such indemnified party as a result of such loss, liability, claim, damage or expense as is appropriate to reflect the proportionate relative fault of the indemnifying party on the one hand and the indemnified party on the other (determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission relates to information supplied by the indemnifying party or the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission), or (ii) if the allocation provided by clause (i) above is not permitted by applicable law or provides a lesser sum to the indemnified party than the amount hereinafter calculated, not only the proportionate relative fault of the indemnifying party and the indemnified party, but also the relative benefits received by the indemnifying party on the one hand and the indemnified party on the other, as well as any other relevant equitable considerations. No indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any indemnifying party who was not guilty of such fraudulent misrepresentation.

(f) Other Indemnification. Indemnification similar to that specified in this Section (with appropriate modifications) shall be given by the Company and each Holder of Registrable Securities with respect to any required registration or other qualification of securities under any federal or state law or regulation or governmental authority other than the Securities Act.

2.8 Rule 144. With a view to making available to the Holders the benefits of SEC Rule 144 and any other rule or regulation of the SEC that may at any time permit the Holders to sell the Registrable Securities to the public without registration, the Company agrees: (i) to make and keep public information available as those terms are understood in SEC Rule 144, (ii) to file with the SEC in a timely manner all reports and other documents required to be filed by an issuer of securities registered under the Securities Act or the Exchange Act pursuant to SEC Rule 144, (iii) as long as any Holder owns any Registrable Securities, to furnish in writing upon such Holder's request a written statement by the Company that it has complied with the reporting requirements of SEC Rule 144 and of the Securities Act and the Exchange Act, and to furnish to such Holder a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed by the Company as may be reasonably requested in availing such Holder of any rule or regulation of the SEC permitting the selling of any such Registrable Securities without registration, (iv) with respect to the sale of any Registrable Securities by a Holder pursuant to SEC Rule 144 and subject to Holder providing necessary documentation to meet the requirements of such rule, to promptly furnish, without any charge to such Holder, a written legal opinion of its counsel to facilitate such sale and, if necessary, instruct its transfer agent in writing that it may rely on said written legal opinion of counsel with respect to said sale and (v) undertake any additional actions commercially reasonably necessary to maintain the availability of the use of SEC Rule 144.

2.9 Independent Nature of Each Holder's Obligations and Rights. The obligations of each Holder under this Agreement are several and not joint with the obligations of any other Holder, and each Holder shall not be responsible in any way for the performance of the obligations of any other Holder under this Agreement. Nothing contained herein and no action taken by any Holder pursuant hereto, shall be deemed to constitute such Holders as a partnership, an association, a joint venture, or any other kind of entity, or create a presumption that the Holders are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. Each Holder shall be entitled to independently protect and enforce its rights, including without limitation the rights arising out of this Agreement, and it shall not be necessary for any other Holder to be joined as an additional party in any proceeding for such purpose.

2.10 Restrictions on Transfer.

(a) The Preferred Stock and the Registrable Securities shall not be sold, pledged, or otherwise transferred, and the Company shall not recognize and shall issue stop-transfer instructions to its transfer agent with respect to any such sale, pledge, or transfer, except upon the conditions specified in this Agreement, which conditions are intended to ensure compliance with the provisions of the Securities Act. A transferring Holder will cause any proposed purchaser, pledgee, or transferee of the Preferred Stock and the Registrable Securities held by such Holder to agree to take and hold such securities subject to the provisions and upon the conditions specified in this Agreement.

(b) Each certificate, instrument, or book entry representing (i) the Preferred Stock, (ii) the Registrable Securities, and (iii) any other securities issued in respect of the securities referenced in clauses (i) and (ii), upon any stock split, stock dividend, recapitalization, merger, consolidation, or similar event, shall (unless otherwise permitted by the provisions of Subsection 2.10(c)) be notated with a legend substantially in the following form:

THE SECURITIES REPRESENTED HEREBY HAVE BEEN ACQUIRED FOR INVESTMENT AND HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933. SUCH SHARES MAY NOT BE SOLD, PLEDGED, OR TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR A VALID EXEMPTION FROM THE REGISTRATION AND PROSPECTUS DELIVERY REQUIREMENTS OF SAID ACT.

THE SECURITIES REPRESENTED HEREBY MAY BE TRANSFERRED ONLY IN ACCORDANCE WITH THE TERMS OF AN AGREEMENT BETWEEN THE COMPANY AND THE STOCKHOLDER, A COPY OF WHICH IS ON FILE WITH THE SECRETARY OF THE COMPANY.

The Holders consent to the Company making a notation in its records and giving instructions to any transfer agent of the Restricted Securities in order to implement the restrictions on transfer set forth in this Subsection 2.10.

(c) The holder of such Restricted Securities, by acceptance of ownership thereof, agrees to comply in all respects with the provisions of this Section 2. Before any proposed sale, pledge, or transfer of any Restricted Securities, unless there is in effect a Registration Statement under the Securities Act covering the proposed transaction, the Holder thereof shall give notice to the Company of such Holder's intention to effect such sale, pledge, or transfer. Each such notice shall describe the manner and circumstances of the proposed sale, pledge, or transfer in sufficient detail and, if reasonably requested by the Company, shall be accompanied at such Holder's expense by either (i) a written opinion of legal counsel who shall, and whose legal opinion shall, be reasonably satisfactory to the Company, addressed to the Company, to the effect that the proposed transaction may be effected without registration under the Securities Act; (ii) a "no action" letter from the SEC to the effect that the proposed sale, pledge, or transfer of such Restricted Securities without registration will not result in a recommendation by the staff of the SEC that action be taken with respect thereto; or (iii) any other evidence reasonably satisfactory to counsel to the Company to the effect that the proposed sale, pledge, or transfer of the Restricted Securities may be effected without registration under the Securities Act, whereupon the Holder of such Restricted Securities shall be entitled to sell, pledge, or transfer such Restricted Securities in accordance with the terms of the notice given by the Holder to the Company. The Company will not require such a legal opinion or "no action" letter (x) in any transaction in compliance with SEC Rule 144; or (y) in any transaction in which such Holder distributes Restricted Securities to an Affiliate of such Holder for no consideration; provided that each transferee agrees in writing to be subject to the terms of this Subsection 2.10. Each certificate, instrument, or book entry representing the Restricted Securities transferred as above provided shall be notated with, except if such transfer is made pursuant to SEC Rule 144, the appropriate restrictive legend set forth in Subsection 2.10(b), except that such certificate, instrument, or book entry shall not be notated with such restrictive legend if, in the opinion of counsel for such Holder and the Company, such legend is not required in order to establish compliance with any provisions of the Securities Act.

2.11 Termination of Registration Rights. The right of any Holder to request registration or inclusion of Registrable Securities in any registration pursuant to Subsection 2.1 shall terminate upon the earliest to occur of:

(a) the closing of a Deemed Liquidation Event, as such term is defined in the Company's Certificate of Incorporation;

(b) such time as the Company is subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act and SEC Rule 144 or another similar exemption under the Securities Act is available for the sale of all of such Holder's shares without limitation during a three-month period without registration; and

(c) the fifth (5th) anniversary of the IPO.

3. Rights to Future Stock Issuances.

3.1 Right of First Offer. Subject to the terms and conditions of this Subsection 3.1 and applicable securities laws, if the Company proposes to offer or sell any Follow-on Stock, the Company shall first offer such Follow-on Stock to each holder of Series B Preferred. A holder of Series B Preferred shall be entitled to apportion the right of first offer hereby granted to it in such proportions as it deems appropriate, among (i) itself, (ii) its Affiliates and (iii) its beneficial interest holders, such as limited partners, members or any other Person having "beneficial ownership," as such term is defined in Rule 13d-3 promulgated under the Exchange Act, of such holder of Series B Preferred ("**Investor Beneficial Owners**"); provided that each such Affiliate or Investor Beneficial Owner (x) is not a Competitor or FOIA Party, unless such party's purchase of Follow-on Stock is otherwise consented to by the Board of Directors, (y) agrees to enter into this Agreement and the Voting Agreement of even date herewith among the Company, the Investors and the other parties named therein, as an "Investor", and (z) agrees to purchase at least such number of Follow-on Stock as are allocable hereunder to the holder of Series B Preferred holding the fewest number of shares of Series B Preferred.

(a) The Company shall give notice (the “**Offer Notice**”) to each holder of Series B Preferred, stating (i) its bona fide intention to offer such Follow-on Stock, (ii) the number of shares of such Follow-on Stock to be offered, and (iii) the price and terms, if any, upon which it proposes to offer such Follow-on Stock.

(b) By notification to the Company within twenty (20) days after the Offer Notice is given, each holder of Series B Preferred may elect to purchase or otherwise acquire, at the price and on the terms specified in the Offer Notice, up to that dollar amount of Follow-on Stock which equals the product of the number of Series B Preferred held by such holder and the Stated Value per share (as adjusted for stock splits, stock dividends, combinations or other recapitalizations of the Series B Preferred) (as such term is defined in the Series B Preferred Certificate of Designations) of such holder’s Series B Preferred. The closing of any sale pursuant to this Subsection 3.1(b) shall occur within the earlier of ninety (90) days of the date that the Offer Notice is given and the date of initial sale of Follow-on Stock pursuant to Section 3.1(c).

(c) If all Follow-on Stock referred to in the Offer Notice are not elected to be purchased or acquired as provided in Subsection 3.1(b), the Company may, during the period following the expiration of the periods provided in Subsection 3.1(b), offer and sell the remaining unsubscribed portion of such Follow-on Stock to any Person or Persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Offer Notice. If the Company does not enter into an agreement for the sale of the Follow-on Stock within such period, or if such agreement is not consummated within thirty (30) days of the execution thereof, the right provided hereunder shall be deemed to be revived and such Follow-on Stock shall not be offered unless first reoffered to the holder of Series B Preferred in accordance with this Subsection 3.1.

(d) The right of first offer in this Subsection 3.1 shall not be applicable to Exempted Securities (as defined in the Company’s Certificate of Incorporation) or, subject to Section 3.1(g) below, shares of Common Stock issued in the IPO.

(e) The right of first offer set forth in this Subsection 3.1 shall terminate with respect to any holder of Series B Preferred who fails to purchase, in any transaction subject to this Subsection 3.1, all of such holder’s pro rata amount of the Follow-on Stock allocated (or, if less than such holder’s pro rata amount is offered by the Company, such lesser amount so offered) to such holder of Series B Preferred pursuant to this Subsection 3.1. Following any such termination, such Investor shall no longer be deemed a “holder of Series B Preferred” for any purpose of this Subsection 3.1.

(f) Notwithstanding any provision hereof to the contrary, in lieu of complying with the provisions of this Subsection 3.1, the Company may elect to give notice to the holders of Series B Preferred within thirty (30) days after the issuance of Follow-on Stock. Such notice shall describe the type, price, and terms of the Follow-on Stock. Each holder of Series B Preferred shall have twenty (20) days from the date notice is given to elect to purchase up to the number of Follow-on Stock that it could have purchased as calculated in Subsection 3.1(b). The closing of such sale shall occur within sixty (60) days of the date notice is given to the holders of Series B Preferred.

(g) In the event that prior to the occurrence of a Follow-on Offering if the Company shall determine to register for sale for cash any of its Common Stock in an IPO, then to the extent permitted by applicable law, SEC policy and the underwriter, the Company shall use its best efforts to ensure that holders of Series B Preferred shall have the opportunity to purchase, at the price and on the terms specified in the IPO prospectus, a dollar amount up to that amount of Common Stock issued in the IPO which equals the product of the number of Series B Preferred held by such holder and the Stated Value per share (as adjusted for stock splits, stock dividends, combinations or other recapitalizations of the Series B Preferred) of such holder’s Series B Preferred. In the event that holders of Series B Preferred are not, despite the Company’s best efforts, granted the right to purchase in the IPO the amount of Common Stock set forth in the immediately preceding sentence, then to the extent permitted by applicable law and SEC policy, the Company shall make available for such holders to purchase, in a concurrent private placement, such amount of Common Stock.

3.2 Termination. The covenants set forth in Subsection 3.1 shall terminate and be of no further force or effect (i) immediately upon the consummation of the IPO, (ii) when the Company first becomes subject to the periodic reporting requirements of Section 12(g) or 15(d) of the Exchange Act, or (iii) upon a Deemed Liquidation Event, as such term is defined in the Company's Certificate of Incorporation, whichever event occurs first and, as to each holder of Series B Preferred, in accordance with Subsection 3.1(e).

4. Additional Covenants.

4.1 Successor Indemnification. If the Company or any of its successors or assignees consolidates with or merges into any other Person and is not the continuing or surviving corporation or entity of such consolidation or merger, then to the extent necessary, proper provision shall be made so that the successors and assignees of the Company assume the obligations of the Company with respect to indemnification of members of the Board of Directors as in effect immediately before such transaction, whether such obligations are contained in the Company's Bylaws, its Certificate of Incorporation, or elsewhere, as the case may be.

4.2 Indemnification Matters. The Company hereby acknowledges that one (1) or more of the directors nominated to serve on the Board of Directors by certain Investors (each a "**Fund Director**") may have certain rights to indemnification, advancement of expenses and/or insurance provided by one or more of the Investors and certain of their affiliates (collectively, the "**Fund Indemnitors**"). The Company hereby agrees (a) that it is the indemnitor of first resort (i.e., its obligations to any such Fund Director are primary and any obligation of the Fund Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by such Fund Director are secondary), (b) that it shall be required to advance the full amount of expenses incurred by such Fund Director and shall be liable for the full amount of all expenses, judgments, penalties, fines and amounts paid in settlement by or on behalf of any such Fund Director to the extent legally permitted and as required by the Company's Certificate of Incorporation or Bylaws of the Company (or any agreement between the Company and such Fund Director), without regard to any rights such Fund Director may have against the Fund Indemnitors, and, (c) that it irrevocably waives, relinquishes and releases the Fund Indemnitors from any and all claims against the Fund Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Fund Indemnitors on behalf of any such Fund Director with respect to any claim for which such Fund Director has sought indemnification from the Company shall affect the foregoing and the Fund Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of such Fund Director against the Company.

4.3 Right to Conduct Activities. The Company hereby agrees and acknowledges that each of Orchestra Medical Ventures II, L.P. ("**OMV II**") and Ascent Biomedical Ventures II, L.P. ("**ABV II**") (together with their affiliates) are professional investment funds, and as such invest in numerous portfolio companies, some of which may be deemed competitive with the Company's business (as currently conducted or as currently propose to be conducted). The Company hereby agrees that, to the extent permitted under applicable law, OMV II and ABV II shall not be liable to the Company for any claim arising out of, or based upon, (i) the investment by OMV II or ABV II in any entity competitive with the Company, or (ii) actions taken by any partner, officer or other representative of OMV II or ABV II to assist any such competitive company, whether or not such action was taken as a member of the board of directors of such competitive company or otherwise, and whether or not such action has a detrimental effect on the Company; provided, however, that the foregoing shall not relieve (x) any of the Investors from liability associated with the unauthorized disclosure of the Company's confidential information obtained pursuant to this Agreement, or (y) any director or officer of the Company from any liability associated with his or her fiduciary duties to the Company.

5. Miscellaneous.

5.1 Successors and Assigns. The rights under this Agreement may be assigned (but only with all related obligations) by a Holder to a Permitted Assignee or other Affiliate of a Holder of Registrable Securities; provided, however, that (x) the Company is, within a reasonable time after such transfer, furnished with written notice of the name and address of such transferee and the Registrable Securities with respect to which such rights are being transferred; and (y) such transferee agrees in a written instrument delivered to the Company to be bound by and subject to the terms and conditions of this Agreement, including the provisions of Subsection 2.9. The terms and conditions of this Agreement inure to the benefit of and are binding upon the respective successors and Permitted Assignees of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and Permitted Assignees any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided herein.

5.2 Governing Law. This Agreement shall be governed by the internal law of the State of Delaware.

5.3 Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, *e.g.*, www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

5.4 Titles and Subtitles. The titles and subtitles used in this Agreement are for convenience only and are not to be considered in construing or interpreting this Agreement.

5.5 Notices. All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or (i) personal delivery to the party to be notified; (ii) when sent, if sent by electronic mail or facsimile during the recipient's normal business hours, and if not sent during normal business hours, then on the recipient's next business day; (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (iv) one (1) business day after the business day of deposit with a nationally recognized overnight courier, freight prepaid, specifying next-day delivery, with written verification of receipt. All communications shall be sent to the respective parties at their addresses as set forth on the subscription signature page executed pursuant to the PPO, or otherwise set forth in the books and records of the Company, in the case of an Investor, or to the principal office of the Company and to the attention of the Chief Executive Officer, in the case of the Company, or to such email address, facsimile number, or address as subsequently modified by written notice given in accordance with this Subsection 5.5. If notice is given to the Company it shall be sent to Orchestra BioMed, Inc., 150 Union Square Drive, New Hope PA 18938, Attention: David Hochman.

5.6 Amendments and Waivers. Any term of this Agreement may be amended and the observance of any term of this Agreement may be waived (either generally or in a particular instance, and either retroactively or prospectively) only with the written consent of the Company and the holders of 51% of the Registrable Securities then outstanding; provided that the Company may in its sole discretion waive compliance with Subsection 2.10(c) (and the Company's failure to object promptly in writing after notification of a proposed assignment allegedly in violation of Subsection 2.10(c) shall be deemed to be a waiver); and provided further that any provision hereof may be waived by any waiving party on such party's own behalf, without the consent of any other party. Notwithstanding the foregoing, this Agreement may not be amended or terminated and the observance of any term hereof may not be waived with respect to any Investor without the written consent of such Investor, unless such amendment, termination, or waiver applies to all Investors in the same fashion. The Company shall give prompt notice of any amendment or termination hereof or waiver hereunder to any party hereto that did not consent in writing to such amendment, termination, or waiver. Any amendment, termination, or waiver effected in accordance with this Subsection 5.6 shall be binding on all parties hereto, regardless of whether any such party has consented thereto. No waivers of or exceptions to any term, condition, or provision of this Agreement, in any one or more instances, shall be deemed to be or construed as a further or continuing waiver of any such term, condition, or provision.

5.7 Severability. In case any one or more of the provisions contained in this Agreement is for any reason held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of this Agreement, and such invalid, illegal, or unenforceable provision shall be reformed and construed so that it will be valid, legal, and enforceable to the maximum extent permitted by law.

5.8 Aggregation of Stock. All shares of Registrable Securities held or acquired by Permitted Assignees or Affiliates shall be aggregated together for the purpose of determining the availability of any rights under this Agreement and such affiliated persons may apportion such rights as among themselves in any manner they deem appropriate.

5.9 Additional Investors. Notwithstanding anything to the contrary contained herein, if the Company issues additional shares of the Company's Preferred Stock after the date hereof, whether pursuant to the PPO, the Follow-On Offering or otherwise, any purchaser of such shares of Preferred Stock may become a party to this Agreement by executing and delivering an additional counterpart signature page to this Agreement (and a subscription document signed by purchasers in the PPO shall, for the purposes of this Subsection 5.9, qualify as a counterpart signature page hereto), and thereafter shall be deemed an "Investor" for all purposes hereunder. No action or consent by the Investors shall be required for such joinder to this Agreement by such additional Investor, so long as such additional Investor has agreed in writing to be bound by all of the obligations as an "Investor" hereunder and the Company may unilaterally update Schedule A hereto to account for all such additional Investors.

5.10 Entire Agreement. This Agreement (including any schedules and exhibits hereto) constitutes the full and entire understanding and agreement among the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties is expressly canceled.

5.11 Dispute Resolution. The parties (a) hereby irrevocably and unconditionally submit to the jurisdiction of the state courts of New York and to the jurisdiction of the United States District Court for the Southern District of New York for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement, (b) agree not to commence any suit, action or other proceeding arising out of or based upon this Agreement except in the state courts of New York or the United States District Court for the Southern District of New York and (c) hereby waive, and agree not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such court.

WAIVER OF JURY TRIAL: EACH PARTY HEREBY WAIVES ITS RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT, THE OTHER TRANSACTION DOCUMENTS, THE SECURITIES OR THE SUBJECT MATTER HEREOF OR THEREOF. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS TRANSACTION, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

5.12 Delays or Omissions. No delay or omission to exercise any right, power, or remedy accruing to any party under this Agreement, upon any breach or default of any other party under this Agreement, shall impair any such right, power, or remedy of such nonbreaching or nondefaulting party, nor shall it be construed to be a waiver of or acquiescence to any such breach or default, or to any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. All remedies, whether under this Agreement or by law or otherwise afforded to any party, shall be cumulative and not alternative.

5.13 Acknowledgment. The Company acknowledges that certain of the Investors are in the business of venture capital investing and therefore review the business plans and related proprietary information of many enterprises, including enterprises which may have products or services which compete directly or indirectly with those of the Company. Nothing in this Agreement shall preclude or in any way restrict the Investors from investing or participating in any particular enterprise whether or not such enterprise has products or services which compete with those of the Company.

WARRANT TO PURCHASE STOCK

Company: Orchestra BioMed, Inc., a Delaware corporation

Number of Shares: As set forth in Paragraph A below

Type/Series of Stock: Common Stock, \$0.0001 par value per share

Warrant Price: \$0.62 per Share, subject to adjustment

Issue Date: December 10, 2019

Expiration Date: December 9, 2029 **See also Section 5.1(b).**

Credit Facility: This Warrant to Purchase Stock (“**Warrant**”) is issued in connection with that certain Loan and Security Agreement of even date herewith among Silicon Valley Bank, the Company, Backbeat Medical, Inc. and Caliber Therapeutics, Inc. (as amended and/or modified and in effect from time to time, the “**Loan Agreement**”).

THIS WARRANT CERTIFIES THAT, for good and valuable consideration, SILICON VALLEY BANK (together with any successor or permitted assignee or transferee of this Warrant or of any shares issued upon exercise hereof, “**Holder**”) is entitled to purchase up to the number of fully paid and non-assessable shares of the above-stated Type/Series of Stock (the “**Class**”) of the above-named company (the “**Company**”) determined pursuant to Paragraph A below, at the above-stated Warrant Price, all as set forth above and as adjusted pursuant to Section 2 of this Warrant, subject to the provisions and upon the terms and conditions set forth in this Warrant. Reference is made to Section 5.4 of this Warrant whereby Silicon Valley Bank shall transfer this Warrant to its parent company, SVB Financial Group.

A. **Number of Shares.** Upon the making (if any) of each Growth Capital Advance (as defined in the Loan Agreement) to Borrower (as defined in the Loan Agreement), this Warrant automatically shall become exercisable for such number of shares of the Class (cumulatively and collectively, and as may be adjusted from time to time in accordance with the provisions of this Warrant, the “**Shares**”) as shall equal (i)(a) 0.02, multiplied by (b) the amount of such Growth Capital Advance, divided by (ii) the Warrant Price in effect on and as of the date of such Growth Capital Advance, subject to adjustment thereafter from time to time in accordance with the provisions of this Warrant.

SECTION 1. EXERCISE.

1.1 **Method of Exercise.** Holder may at any time and from time to time exercise this Warrant, in whole or in part, by delivering to the Company the original of this Warrant together with a duly executed Notice of Exercise in substantially the form attached hereto as Appendix 1 and, unless Holder is exercising this Warrant pursuant to a cashless exercise set forth in Section 1.2, a check, wire transfer of same-day funds (to an account designated by the Company), or other form of payment acceptable to the Company for the aggregate Warrant Price for the Shares being purchased.

1.2 Cashless Exercise. On any exercise of this Warrant, in lieu of payment of the aggregate Warrant Price in the manner as specified in Section 1.1 above, but otherwise in accordance with the requirements of Section 1.1, Holder may elect to receive Shares equal to the value of this Warrant, or portion hereof as to which this Warrant is being exercised. Thereupon, the Company shall issue to the Holder such number of fully paid and non-assessable Shares as are computed using the following formula:

$$X = Y(A-B)/A$$

where:

X = the number of Shares to be issued to the Holder;

Y = the number of Shares with respect to which this Warrant is being exercised (inclusive of the Shares surrendered to the Company in payment of the aggregate Warrant Price);

A = the Fair Market Value (as determined pursuant to Section 1.3 below) of one Share; and

B = the Warrant Price.

1.3 Fair Market Value. If shares of the Class are then traded or quoted on a nationally recognized securities exchange, inter-dealer quotation system or over-the-counter market (a "Trading Market"), the fair market value of a Share shall be the closing price or last sale price of a share of the Class reported for the Business Day immediately before the date on which Holder delivers this Warrant together with its Notice of Exercise to the Company. If shares of the Class are not then traded in a Trading Market, the Board of Directors of the Company shall determine the fair market value of a Share in its reasonable good faith judgment.

1.4 Delivery of Certificate and New Warrant. Within a reasonable time after Holder exercises this Warrant in the manner set forth in Section 1.1 or 1.2 above, the Company shall deliver to Holder a certificate representing the Shares issued to Holder upon such exercise and, if this Warrant has not been fully exercised and has not expired, a new warrant of like tenor representing the Shares not so acquired.

1.5 Replacement of Warrant. On receipt of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, on delivery of an indemnity agreement reasonably satisfactory in form, substance and amount to the Company or, in the case of mutilation, on surrender of this Warrant to the Company for cancellation, the Company shall, within a reasonable time, execute and deliver to Holder, in lieu of this Warrant, a new warrant of like tenor and amount.

1.6 Treatment of Warrant Upon Acquisition of Company.

(a) Acquisition. For the purpose of this Warrant, "Acquisition" means any transaction or series of related transactions involving: (i) the sale, lease, exclusive license, or other disposition of all or substantially all of the assets of the Company; (ii) any merger or consolidation of the Company into or with another person or entity (other than a merger or consolidation effected exclusively to change the Company's domicile), or any other corporate reorganization, in which the stockholders of the Company in their capacity as such immediately prior to such merger, consolidation or reorganization, own less than a majority of the Company's (or the surviving or successor entity's) outstanding voting power immediately after such merger, consolidation or reorganization (or, if such Company stockholders beneficially own a majority of the outstanding voting power of the surviving or successor entity as of immediately after such merger, consolidation or reorganization, such surviving or successor entity is not the Company); or (iii) any sale or other transfer by the stockholders of the Company of shares representing at least a majority of the Company's then-total outstanding combined voting power.

(b) Treatment of Warrant at Acquisition. In the event of an Acquisition in which the consideration to be received by the Company's stockholders consists solely of cash, solely of Marketable Securities or a combination of cash and Marketable Securities (a "**Cash/Public Acquisition**"), and the fair market value of one Share as determined in accordance with Section 1.3 above would be greater than the Warrant Price in effect on such date immediately prior to such Cash/Public Acquisition, and Holder has not exercised this Warrant pursuant to Section 1.1 above as to all Shares, then this Warrant shall automatically be deemed to be Cashless Exercised pursuant to Section 1.2 above as to all Shares effective immediately prior to and contingent upon the consummation of a Cash/Public Acquisition. In connection with such Cashless Exercise, Holder shall be deemed to have restated each of the representations and warranties in Section 4 of the Warrant as of the date thereof and the Company shall promptly notify the Holder of the number of Shares (or such other securities) issued upon exercise. In the event of a Cash/Public Acquisition where the fair market value of one Share as determined in accordance with Section 1.3 above would be less than the Warrant Price in effect immediately prior to such Cash/Public Acquisition, then this Warrant will expire immediately prior to the consummation of such Cash/Public Acquisition.

(c) Upon the closing of any Acquisition other than a Cash/Public Acquisition, the acquiring, surviving or successor entity shall assume the obligations of this Warrant, and this Warrant shall thereafter be exercisable for the same securities and/or other property as would have been paid for the Shares issuable upon exercise of the unexercised portion of this Warrant as if such Shares were outstanding on and as of the closing of such Acquisition, subject to further adjustment from time to time in accordance with the provisions of this Warrant.

(d) As used in this Warrant, "**Marketable Securities**" means securities meeting all of the following requirements: (i) the issuer thereof is then subject to the reporting requirements of Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), and is then current in its filing of all required reports and other information under the Act and the Exchange Act; (ii) the class and series of shares or other security of the issuer that would be received by Holder in connection with the Acquisition were Holder to exercise this Warrant on or prior to the closing thereof is then traded in a Trading Market, and (iii) following the closing of such Acquisition, Holder would not be restricted from publicly re-selling all of the issuer's shares and/or other securities that would be received by Holder in such Acquisition were Holder to exercise this Warrant in full on or prior to the closing of such Acquisition, except to the extent that any such restriction (x) arises solely under federal or state securities laws, rules or regulations, and (y) does not extend beyond six (6) months from the closing of such Acquisition.

SECTION 2. ADJUSTMENTS TO THE SHARES AND WARRANT PRICE.

2.1 Stock Dividends, Splits, Etc. If the Company declares or pays a dividend or distribution on the outstanding shares of the Class payable in additional shares of the Class or other securities or property (other than cash), then upon exercise of this Warrant, for each Share acquired, Holder shall receive, without additional cost to Holder, the total number and kind of securities and property which Holder would have received had Holder owned the Shares of record as of the date the dividend or distribution occurred. If the Company subdivides the outstanding shares of the Class by reclassification or otherwise into a greater number of shares, the number of Shares purchasable hereunder shall be proportionately increased and the Warrant Price shall be proportionately decreased. If the outstanding shares of the Class are combined or consolidated, by reclassification or otherwise, into a lesser number of shares, the Warrant Price shall be proportionately increased and the number of Shares shall be proportionately decreased.

2.2 Reclassification, Exchange, Combinations or Substitution. Upon any event whereby all of the outstanding shares of the Class are reclassified, exchanged, combined, substituted, or replaced for, into, with or by Company securities of a different class and/or series, then from and after the consummation of such event, this Warrant will be exercisable for the number, class and series of Company securities that Holder would have received had the Shares been outstanding on and as of the consummation of such event, and subject to further adjustment thereafter from time to time in accordance with the provisions of this Warrant. The provisions of this Section 2.2 shall similarly apply to successive reclassifications, exchanges, combinations, substitutions, replacements or other similar events.

2.3 No Fractional Share. No fractional Share shall be issuable upon exercise of this Warrant and the number of Shares to be issued shall be rounded down to the nearest whole Share. If a fractional Share interest arises upon any exercise of the Warrant, the Company shall eliminate such fractional Share interest by paying Holder in cash the amount computed by multiplying the fractional interest by (i) the fair market value (as determined in accordance with Section 1.3 above) of a full Share, less (ii) the then-effective Warrant Price.

2.4 Notice/Certificate as to Adjustments. Upon each adjustment of the Warrant Price, Class and/or number of Shares, the Company, at the Company's expense, shall notify Holder in writing within a reasonable time setting forth the adjustments to the Warrant Price, Class and/or number of Shares and facts upon which such adjustment is based. The Company shall, upon written request from Holder, furnish Holder with a certificate of its Chief Financial Officer, including computations of such adjustment and the Warrant Price, Class and number of Shares in effect upon the date of such adjustment.

SECTION 3. REPRESENTATIONS AND COVENANTS OF THE COMPANY.

3.1 Representations and Warranties. The Company represents and warrants to, and agrees with, the Holder as follows:

(a) The initial Warrant Price referenced on the first page of this Warrant is not greater than the fair market value of a share of the Class as determined by the most recently completed valuation, approved or accepted by the Company's Board of Directors, of a share of the Class for purposes of the Company's compliance with Section 409A of the Internal Revenue Code of 1986, as amended (or the corresponding section of any successor statute) (a "**409A Valuation**").

(b) All Shares which may be issued upon the exercise of this Warrant shall, upon issuance, be duly authorized, validly issued, fully paid and non-assessable, and free of any liens and encumbrances except for restrictions on transfer provided for herein or under applicable federal and state securities laws. The Company covenants that it shall at all times cause to be reserved and kept available out of its authorized and unissued capital stock such number of shares of the Class and other securities as will be sufficient to permit the exercise in full of this Warrant.

(c) The Company's capitalization table attached hereto as Schedule 1 is true and complete, in all material respects, as of the Issue Date.

3.2 Notice of Certain Events. If the Company proposes at any time to:

- (a) declare any dividend or distribution upon the outstanding shares of the Class, whether in cash, property, stock, or other securities and whether or not a regular cash dividend;
- (b) offer for subscription or sale pro rata to the holders of the outstanding shares of the Class any additional shares of any class or series of the Company's stock (other than pursuant to contractual pre-emptive rights);
- (c) effect any reclassification, exchange, combination, substitution, reorganization or recapitalization of the outstanding shares of the Class;
- (d) effect an Acquisition or to liquidate, dissolve or wind up; or
- (e) effect its initial, underwritten offering and sale of its securities to the public pursuant to an effective registration statement under the Act (the "IPO");

then, in connection with each such event, the Company shall give Holder:

- (1) in the case of the matters referred to in (a) and (b) above, at least seven (7) Business Days prior written notice of the earlier to occur of the effective date thereof or the date on which a record will be taken for such dividend, distribution, or subscription rights (and specifying the date on which the holders of outstanding shares of the Class will be entitled thereto) or for determining rights to vote, if any;
- (2) in the case of the matters referred to in (c) and (d) above at least seven (7) Business Days prior written notice of the date when the same will take place (and specifying the date on which the holders of outstanding shares of the Class will be entitled to exchange their shares for the securities or other property deliverable upon the occurrence of such event and such reasonable information as Holder may reasonably require regarding the treatment of this Warrant in connection with such event giving rise to the notice); and
- (3) with respect to the IPO, at least seven (7) Business Days prior written notice of the date on which the Company proposes to file its registration statement in connection therewith.

The Company will also provide information requested by Holder from time to time, within a reasonable time following each such request, that is reasonably necessary to enable Holder to comply with Holder's accounting or reporting requirements. Prior to the IPO, such information may include, but shall not be limited to, the Company's then-current summary capitalization table, the price per share for which the Company most recently prior thereto sold or issued shares of its convertible preferred stock to investors for cash in a bona fide equity financing of the Company, and the Company's most recent 409A Valuation. Holder agrees to treat and hold all information provided by the Company pursuant to this Warrant in confidence in accordance with the provisions of Section 12.9 of the Loan Agreement (regardless of whether the Loan Agreement shall then be in effect).

SECTION 4. REPRESENTATIONS, WARRANTIES OF THE HOLDER.

The Holder represents and warrants to the Company as follows:

4.1 Purchase for Own Account. This Warrant and the Shares to be acquired upon exercise of this Warrant by Holder are being acquired for investment for Holder's account, not as a nominee or agent, and not with a view to the public resale or distribution within the meaning of the Act. Holder also represents that it has not been formed for the specific purpose of acquiring this Warrant or the Shares.

4.2 Disclosure of Information. Holder is aware of the Company's business affairs and financial condition and has received or has had full access to all the information it considers necessary or appropriate to make an informed investment decision with respect to the acquisition of this Warrant and its underlying securities. Holder further has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of the offering of this Warrant and its underlying securities and to obtain additional information (to the extent the Company possessed such information or could acquire it without unreasonable effort or expense) necessary to verify any information furnished to Holder or to which Holder has access.

4.3 Investment Experience. Holder understands that the purchase of this Warrant and its underlying securities involves substantial risk. Holder has experience as an investor in securities of companies in the development stage and acknowledges that Holder can bear the economic risk of such Holder's investment in this Warrant and its underlying securities and has such knowledge and experience in financial or business matters that Holder is capable of evaluating the merits and risks of its investment in this Warrant and its underlying securities and/or has a preexisting personal or business relationship with the Company and certain of its officers, directors or controlling persons of a nature and duration that enables Holder to be aware of the character, business acumen and financial circumstances of such persons.

4.4 Accredited Investor Status. Holder is an "accredited investor" within the meaning of Regulation D promulgated under the Act.

4.5 The Act. Holder understands that this Warrant and the Shares issuable upon exercise hereof have not been registered under the Act in reliance upon a specific exemption therefrom, which exemption depends upon, among other things, the bona fide nature of the Holder's investment intent as expressed herein. Holder understands that this Warrant and the Shares issued upon any exercise hereof must be held indefinitely unless subsequently registered under the Act and qualified under applicable state securities laws, or unless exemption from such registration and qualification are otherwise available. Holder is aware of the provisions of Rule 144 promulgated under the Act.

4.6 No Voting Rights. Holder, as a Holder of this Warrant, will not have any voting rights until the exercise of this Warrant.

SECTION 5. MISCELLANEOUS.

5.1 Term; Automatic Cashless Exercise Upon Expiration.

(a) Term. Subject to the provisions of Section 1.6 above, this Warrant is exercisable in whole or in part at any time and from time to time on or before 6:00 PM, Pacific time, on the Expiration Date and shall be void thereafter.

(b) Automatic Cashless Exercise upon Expiration. In the event that, upon the Expiration Date, the fair market value of one Share as determined in accordance with Section 1.3 above is greater than the Warrant Price in effect on such date, then this Warrant shall automatically be deemed on and as of such date to be exercised pursuant to Section 1.2 above as to all Shares for which it shall not previously have been exercised, and the Company shall, within a reasonable time, deliver a certificate representing the Shares issued upon such exercise to Holder.

5.2 Legends. Each certificate evidencing Shares shall be imprinted with a legend in substantially the following form:

THE SHARES EVIDENCED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"), OR THE SECURITIES LAWS OF ANY STATE AND, EXCEPT AS SET FORTH IN THAT CERTAIN WARRANT TO PURCHASE STOCK ISSUED BY THE ISSUER TO SILICON VALLEY BANK DATED DECEMBER 10, 2019, MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED UNLESS AND UNTIL REGISTERED UNDER SAID ACT AND LAWS OR, IN THE OPINION OF LEGAL COUNSEL IN FORM AND SUBSTANCE SATISFACTORY TO THE ISSUER, SUCH OFFER, SALE, PLEDGE OR OTHER TRANSFER IS EXEMPT FROM SUCH REGISTRATION.

5.3 Compliance with Securities Laws on Transfer. This Warrant and the Shares issued upon exercise of this Warrant may not be transferred or assigned in whole or in part except in compliance with applicable federal and state securities laws by the transferor and the transferee (including, without limitation, the delivery of investment representation letters and legal opinions reasonably satisfactory to the Company, as reasonably requested by the Company). The Company shall not require Holder to provide an opinion of counsel if the transfer is to SVB Financial Group (Silicon Valley Bank's parent company) or any other affiliate of Holder, provided that any such transferee is an "accredited investor" as defined in Regulation D promulgated under the Act. Additionally, the Company shall also not require an opinion of counsel if there is no material question as to the availability of Rule 144 promulgated under the Act.

5.4 Transfer Procedure. After receipt by Silicon Valley Bank of the executed Warrant, Silicon Valley Bank will transfer all of this Warrant to its parent company, SVB Financial Group. By its acceptance of this Warrant, SVB Financial Group hereby makes to the Company each of the representations and warranties set forth in Section 4 hereof and agrees to be bound by all of the terms and conditions of this Warrant as if the original Holder hereof. Subject to the provisions of Section 5.3 and upon providing the Company with written notice, SVB Financial Group and any subsequent Holder may transfer all or part of this Warrant or the Shares issued upon exercise of this Warrant to any transferee, provided, however, in connection with any such transfer, SVB Financial Group or any subsequent Holder will give the Company notice of the portion of the Warrant and/or Shares being transferred with the name, address and taxpayer identification number of the transferee and Holder will surrender this Warrant to the Company for reissuance to the transferee(s) (and Holder if applicable); and provided further, that any subsequent transferee other than SVB Financial Group shall agree in writing with the Company to be bound by all of the terms and conditions of this Warrant. Notwithstanding any contrary provision herein, at all times prior to the IPO, Holder may not, without the Company's prior written consent, transfer this Warrant or any portion hereof, or any Shares issued upon any exercise hereof, to any person or entity who directly competes with the Company, except in connection with an Acquisition of the Company by such a direct competitor.

5.5 Notices. All notices and other communications hereunder from the Company to the Holder, or vice versa, shall be deemed delivered and effective (i) when given personally, (ii) on the third (3rd) Business Day after being mailed by first-class registered or certified mail, postage prepaid, (iii) upon actual receipt if given by facsimile or electronic mail and such receipt is confirmed in writing by the recipient, or (iv) on the first Business Day following delivery to a reliable overnight courier service, courier fee prepaid, in any case at such address as may have been furnished to the Company or Holder, as the case may be, in writing by the Company or such Holder from time to time in accordance with the provisions of this Section 5.5. 5.7 Attorneys' Fees. In the event of any dispute between the parties concerning the terms and provisions of this Warrant, the party prevailing in such dispute shall be entitled to collect from the other party all costs incurred in such dispute, including reasonable attorneys' fees.

Company Capitalization Table

See attached

**Orchestra BioMed, Inc.
2018 Stock Incentive Plan**

Plan Document

**Adopted by the Board of Directors: [•], [Year of Plan Adoption]
Adopted by the Stockholders: [•], [Year of Plan Adoption]**

1. General.

(a) *Purpose.* Orchestra BioMed, Inc. hereby establishes this 2018 Stock Incentive Plan. This Plan is intended (i) to attract and retain the best available personnel to ensure the Company's success and accomplish the Company's goals; (ii) to incentivize Employees, Directors, and Consultants with long-term, equity-based compensation to align their interests with the interests of the Company's stockholders; and (iii) to promote the success of the Company's business.

(b) *Eligible Award Recipients.* Employees, Consultants, Directors, or individuals or Persons to whom an offer of a service relationship as an Employee, Consultant, or Director has been or is being extended (together, "**Eligible Persons**") may receive Awards of Options, Restricted and Unrestricted Shares, and RSUs, subject to the terms of this Plan.

(c) *Definitions.* Capitalized terms in this Plan are defined in Section 22.

(d) *Effective Date.* This Plan shall become effective on the date it is approved by a majority of votes cast at a duly held meeting of the Company's stockholders (or by such other stockholder vote that the Committee determines to be sufficient for the issuance of Shares and Awards according to the Company's governing documents and Applicable Law).

(e) *Effect on Other Plans, Awards, and Arrangements.* No payment pursuant to this Plan shall be taken into account in determining any benefits under any Company or any Affiliate benefit plan, except to the extent otherwise expressly provided in writing in such other plan.

2. Shares Available for Awards.

(a) *Share Reserve; In General.* A total of [16.6% of fully diluted] Shares may be issued under this Plan, subject to Section 9 below; provided, however, that upon the first subsequent equity offering after the Effective Date resulting in proceeds to the Company of at least \$16,000,000, the number of Shares that may be issued under this Plan (accounting for previously issued Awards) shall, upon the closing of such equity offering, automatically be increased to 16.6% of the fully diluted Shares, subject to Section 9 below (such Shares, collectively, the "**Share Reserve**"). The Shares deliverable pursuant to Awards shall be authorized but unissued or reacquired Shares, including Shares that the Company repurchased on the open market or otherwise, or that the Company otherwise holds in treasury or trust.

(b) *Replenishment; Counting of Shares.* Any Shares reserved for a given Award will again be available for future Awards if the Shares for any reason will never be issued to a Participant or Beneficiary (e.g., due to the Award's forfeiture, cancellation, or expiration, or pursuant to an Award providing for settlement solely in cash rather than in Shares). Furthermore, (i) Shares withheld in connection with any exercise price or Withholding Taxes relating to an Award shall not constitute shares delivered to the Participant and shall again be available for Awards under the Plan, and (ii) Shares tendered by a Participant in satisfaction of Withholding Taxes or payment of exercise price shall be available for future Awards under the Plan.

(c) *ISO Share Reserve.* The number of Shares that are available for ISO Awards shall not exceed [16.6% of fully diluted] Shares (as adjusted under Section 9, and to the full extent allowable under Treas. Reg. § 1.422-2(b)(3)(iii) as in effect on the Effective Date).

3. Eligibility.

(a) *General Rule.* The Committee shall determine which Eligible Persons may receive Awards. Each Award shall be evidenced by an Award Agreement that: sets forth the Grant Date and all other terms and conditions of the Award; is signed on behalf of the Company; and (unless waived by the Committee) is signed by the Eligible Person in acceptance of the Award. The grant of an Award shall not obligate the Company or any Affiliate to continue the employment or service of any Eligible Person, or to provide any future Awards or other remuneration at any time thereafter.

(b) *Consultants*. A Consultant is eligible for an Award only if, at grant, the offer and/or sale of Company securities to the Consultant is exempt under Rule 701 or satisfies another exemption under the Securities Act of 1933, as amended, and complies with all other Applicable Law.

4. **Stock Options**.

(a) *Grants*. For U.S. Taxpayers, Options only may be granted if the Eligible Person is providing services to the Company or any of its subsidiaries such as to qualify the Company as an eligible issuer of service recipient stock within the meaning of Code Section 409A unless the Award is an ISO. Subject to the special rules for ISOs set forth in Section 4(b) below, the Committee may grant Options to Eligible Persons pursuant to Award Agreements setting forth the type of Option (ISO or Non-ISO) and terms and conditions for exercisability, vesting, and other requirements consistent with this Plan, as the Committee deems appropriate, and that may differ for any reason between Eligible Persons, *provided* in all instances that, for U.S. Taxpayers:

- (i) the exercise price of each Option shall be at least 100% of the Fair Market Value of the underlying Shares on the Grant Date (except the exercise price may be lower than 100% of such Fair Market Value if the Award replaces a previously issued Option or the Award is designated as a “**Section 409A Award**” and has a fixed exercise date or otherwise designed to comply with Code Section 409A); and
- (ii) no Option can be exercised beyond 10 years after its Grant Date (or any such shorter period specified in the Award Agreement).

(b) *Special ISO Provisions*. The following provisions control any ISO grants:

- (i) Eligibility. The Committee may grant ISOs only to Employees (including officers who are Employees) of the Company or an Affiliate that is a “parent corporation” or “subsidiary corporation” within the meaning of Code Section 424.
- (ii) Documentation. Each Option intended to be an ISO must be specifically designated as an ISO in the Award Agreement; *provided* that any Option designated as an ISO will be a Non-ISO to the extent the Option does not meet the requirements of Code Section 422 or the provisions of this Section 4(b). In the case of an ISO, the Committee shall determine on the Grant Date the acceptable methods of paying the exercise price for Shares, and it shall be included in the Award Agreement.
- (iii) \$100,000 Limit. To the extent that the aggregate Fair Market Value (determined at the Grant Date) of Shares with respect to which ISOs are exercisable for the first time by a Participant during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or other limit established in the Code), the excess Options or part thereof shall be treated as Non-ISOs (starting with the most recently granted Options), notwithstanding anything to the contrary in an Award Agreement. If the limitations of Code Section 422 are amended, the limitations of this subsection automatically shall be adjusted accordingly.
- (iv) Grants to Ten Percent Holders. An ISO may be granted to an Employee who on the Grant Date owns (within the meaning of Code Section 422) stock representing more than 10% of the combined voting power of all classes of stock of the Company only if (A) the term of the ISO is no more than five years from the Grant Date, and (B) the exercise price is at least 110% of the Fair Market Value of the underlying Shares on the Grant Date. If the limitations in Code Section 422 are amended, the limitations of this subsection automatically shall be adjusted accordingly.

- (v) Substitution of Options. If the Company or an Affiliate acquires (whether by purchase, merger, or otherwise) all or substantially all outstanding capital stock or assets of another corporation, or in the event of any reorganization or other transaction qualifying under Code Section 424, the Committee may, in accordance with the provisions of that Code Section, substitute ISOs for ISOs previously granted under the plan of the acquired company or its affiliate, **provided** (A) the excess of the aggregate Fair Market Value of the Shares subject to an ISO immediately after the substitution over the aggregate exercise price of such shares is not more than the similar excess immediately before the substitution, and (B) the new ISO does not give additional benefits to the Participant, including any extension of the exercise period.
- (vi) Notice of Disqualifying Dispositions. By executing an ISO Award Agreement, a Participant agrees to notify the Company in writing immediately after the Participant sells, transfers or otherwise disposes of any Shares acquired through exercise of the ISO, if such disposition occurs within either (A) two years of the Grant Date, or (B) one year after the exercise of the ISO being exercised. Each Participant further agrees to provide any information about a disposition of Shares as may be requested by the Company to assist it in complying with any Applicable Laws.

(c) *Method of Exercise*. Unless otherwise provided in an Award Agreement, each Option may be exercised in whole or in part (**provided** that the Company shall not be required to issue fractional shares) before it expires, but only pursuant to the applicable Award Agreement, and not during any exercise blackout periods the Committee implements from time to time in its sole discretion. Exercise shall occur by delivery of both (A) written or electronic notice of exercise to the secretary of the Company, and (B) payment of the full exercise price for the Shares being purchased. The methods of payment that the Committee may in its discretion accept or commit to accept in an Award Agreement include:

- (i) cash or check payable to the Company (in U.S. dollars);
- (ii) other Shares that (A) are owned by the Participant, (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option is being exercised, (C) at the time of the surrender are free and clear of any and all claims, pledges, liens and encumbrances, or any restrictions on the transfer of such shares to or by the Company (other than such restrictions as may have existed prior to an issuance of such Shares by the Company to the Participant), and (D) are duly endorsed for transfer to the Company; **provided** that doing so would not violate the provisions of any Applicable Law or agreement restricting the redemption of the Company's stock;
- (iii) a net exercise by surrendering to the Company Shares otherwise receivable on exercise of the Option (*e.g.*, the Company will reduce the number of Shares issued on exercise of the Option by the largest whole number of Shares with a Fair Market Value that does not exceed the aggregate exercise price); **provided** that the Company consents at the time of exercise, the Option is a Non-ISO, the Participant pays any remaining balance of the aggregate exercise price not satisfied by the "net exercise" in cash or other permitted form of payment, and Shares will no longer be outstanding under the Option and will not be exercisable thereafter if those Shares (A) are used to pay the exercise price pursuant to the "net exercise," (B) are delivered to the Participant as a result of such exercise, or (C) are withheld to satisfy the Participant's Withholding Taxes;
- (iv) a cashless exercise program that the Committee may approve, from time to time in its discretion, pursuant to which a Participant may elect to concurrently provide irrevocable instructions (A) to the Participant's broker or dealer to effect the immediate sale of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the exercise price of the Option plus all applicable Withholding Taxes, and (B) to the Company to deliver the certificates for the purchased Shares directly to the broker or dealer in order to complete the sale;
- (v) any combination of the foregoing methods of payment; or
- (vi) any other form of legal consideration acceptable to the Committee in its sole discretion.

The Company shall not be required to deliver Shares pursuant to the exercise of an Option and an Option will not be deemed exercised until the Company has received sufficient funds or value to cover the full exercise price due and all applicable Withholding Taxes.

(d) *Exercise of Unvested Non-ISO Options.* The Committee may in its sole discretion set forth in an Award Agreement that a Participant may exercise an unvested Non-ISO Option, in which case the Shares then issued shall be Restricted Shares having the same vesting restrictions as the unvested Option.

(e) *Termination of Continuous Service.* The Committee may set forth in the applicable Award Agreement the terms and conditions by which an Option is exercisable, if at all, after the date of a Participant's termination of Continuous Service. The Committee may waive or modify these provisions at any time. To the extent that a Participant is not entitled to exercise an Option on the date of a Participant's termination of Continuous Service, or if the Participant (or other Person entitled to exercise the Option) does not exercise the Option within the time specified in the Award Agreement or below (as applicable), the Option shall terminate. Notwithstanding the foregoing, if the Company has a contingent contractual obligation to provide for accelerated vesting or extended exercisability of a Participant's Options after termination of the Participant's Continuous Service, such Options shall remain outstanding until the maximum contractual time for determining whether such contingency will occur, and terminate at such time if the contingency has not then occurred; **provided** that for Options held by U.S. Taxpayers the foregoing shall not cause an Option to be exercisable after the 10-year anniversary of its Grant Date or the date such Option otherwise would have terminated had the Participant remained in Continuous Service.

Subject to the preceding paragraph and Section 4(g) and to the extent an Award Agreement does not otherwise specify the terms and conditions upon which an Option shall terminate when a Participant terminates Continuous Service, the following provisions apply:

| Reason for Terminating Continuous Service | Option Termination Date |
|---|--|
| (I) For Cause. | All Options, whether or not vested, shall immediately expire effective on the date of termination of the Participant's Continuous Service, or when Cause first existed if earlier. |
| (II) The Participant dies or becomes Disabled during Continuous Service (in either case unless Reason I applies). | All unvested Options shall immediately expire effective as of the date of termination of the Participant's Continuous Service, and all vested and unexercised Options shall expire 12 months after such termination. |
| (III) Any other reason. | All unvested Options shall immediately expire effective on the date of termination of the Participant's Continuous Service. All vested and unexercised Options shall expire 90 days after the date of termination of the Participant's Continuous Service. |

(f) *Blackout Periods.* If there is a blackout period (whether under the Company's insider trading policy, Applicable Law, or a Committee-imposed blackout period) that prohibits buying or selling Shares during any part of the 10-day period before an Option expires due to a Participant's termination of Continuous Service, the Option exercise period shall be extended until 10 days after the end of the blackout period. Notwithstanding anything to the contrary in this Plan or any Award Agreement, no Option can be exercised beyond the date its original term expires as set forth in the Award Agreement or the date on which the Option otherwise would become unexercisable absent termination of Continuous Service.

(g) *Company Cancellation Right.* Subject to Applicable Law, if the Fair Market Value for Shares subject to any Option is more than 33% below their exercise price for more than 90 consecutive business days, the Committee unilaterally may declare the Option terminated, effective on the date the Committee provides written notice to the Option holder. The Committee may take such action with respect to any or all Options granted under the Plan or with respect to any individual Option holder or class(es) of Option holders.

(h) *Exchange Program.* The Committee may at any time offer to buy out an Option, in exchange for a payment in cash or Shares, based on such terms and conditions as the Committee shall establish and communicate to the Participant at the time that such offer is made.

(i) *Non-Exempt Employees.* An Option granted to an Employee who is non-exempt for purposes of the Fair Labor Standards Act of 1938, as amended, will not be first exercisable for any Shares until at least six months after the Grant Date of the Option (although the Award may vest prior to such date). Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act, the vested portion of any Option may be exercised earlier than six months after the Grant Date: (i) if the non-exempt Employee dies or becomes Disabled, (ii) upon a corporate transaction in which the Option is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as may be defined in the Participant's Award Agreement or other agreement with the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines). The foregoing provision is intended to operate so that any income derived by a non-exempt Employee in connection with the exercise or vesting of an Option will be exempt from his or her regular rate of pay. Notwithstanding Section 4(e), to the extent necessary to accomplish the foregoing, a vested Option will not terminate until six months after the Grant Date.

5. **Restricted Shares, RSUs, and Unrestricted Shares.**

(a) *Grant.* The Committee may grant Restricted Shares, RSUs, or Unrestricted Shares to Eligible Persons, in all cases pursuant to Award Agreements setting forth terms and conditions consistent with this Plan. As to each Restricted Share or RSU Award, the Committee shall establish the number of Shares deliverable or subject to the Award (which may be determined by a written formula), and the period(s) of time at the end of which all or some restrictions specified in an Award Agreement shall lapse, and the Participant shall receive vested Shares (or cash to the extent provided in the Award Agreement) in settlement of the Award. Such conditions may include restrictions concerning voting rights and transferability, and may lapse separately or in combination at such times and pursuant to such circumstances or based on such criteria as selected by the Committee, including, without limitation, criteria based on the Participant's duration of Continuous Service; individual, group, or divisional performance criteria; or Company performance. Subject to applicable law, the Committee may make Restricted Share and RSU Awards with or without the requirement for payment of consideration. In addition, the Committee may grant Awards hereunder in the form of Unrestricted Shares which shall be vested on the Grant Date or which the Committee may issue pursuant to any program under which one or more Eligible Persons (selected by the Committee in its sole discretion) elect to pay for such Shares or to receive Unrestricted Shares in lieu of compensation that otherwise would be paid.

(b) *Vesting and Forfeiture.* In an Award Agreement granting Restricted Shares or RSUs, the Committee shall set forth the terms and conditions that establish a "substantial risk of forfeiture" under Code Section 83, and when the Participant's interest in the Restricted Shares or Shares subject to RSUs become vested and non-forfeitable. Except as set forth in the Award Agreement or as the Committee otherwise determines, the Participant shall forfeit his or her non-vested Restricted Shares and RSUs upon termination of his or her Continuous Service for any reason; *provided* that if the Participant purchases Restricted Shares and forfeits them for any reason, the Company shall repurchase such Shares for the consideration described in Section 6(c). Notwithstanding the foregoing, if the Company has a contingent contractual obligation to provide for accelerated vesting of Restricted Shares or RSUs after termination of a Participant's Continuous Service, such Restricted Shares or RSUs shall remain outstanding until the maximum contractual time for determining whether such contingency will occur, and terminate or be forfeited, as applicable, at such time if the contingency has not then occurred.

(c) *Certificates for Restricted Shares.* Unless otherwise provided in an Award Agreement, the Company shall hold certificates or, if not certificated, other indicia representing Restricted Shares until the restrictions lapse, and, if Restricted Shares are certificated, the Participant shall provide the Company with appropriate stock powers endorsed in blank. The Participant's failure to provide such stock powers within 10 days after a written request from the Company shall entitle the Committee to unilaterally declare all or some of the Participant's Restricted Shares forfeited.

(d) *Section 83(b) Elections.* A Participant may make an election under Code Section 83(b) with respect to Restricted Shares.

(e) *Issuance of Shares upon Vesting.* As soon as practicable after a Participant's Restricted Shares vest (or the right to receive Shares underlying RSUs vests) and unless a deferral election has been validly made, if so permitted by the Committee, the Company shall deliver to the Participant, free from vesting restrictions, one Share for each surrendered and vested Restricted Share (or deliver one Share free of the vesting restriction for each vested RSU), unless an Award Agreement provides otherwise and subject to Section 7 regarding Withholding Taxes. No fractional Shares shall be distributed, and cash shall be paid in lieu thereof; provided, however, the Committee may provide that fractional Shares shall accumulate. Subject to any deferral election, if there is a blackout period (whether under the Company's insider trading policy, Applicable Law, or a Committee-imposed blackout period) that prohibits a Participant from buying or selling Shares, the settlement of RSUs held by such Participant shall be automatically deferred to the first to occur of (1) the first trading day after the expiration of the blackout period, or (2) March 1 of the year following the year when vesting occurs.

6. **Right of First Refusal; Right of Repurchase.**

(a) *Right of Repurchase.* Subject to the "Repurchase Limitation" in Section 6(c), the Award Agreement for an Option, Restricted Shares, RSUs, or Unrestricted Shares may include a provision whereby the Company or its designee may elect to repurchase all or any part of the vested Shares acquired by the Participant pursuant to an Award.

(b) *Right of First Refusal.* The Award Agreement for an Option, Restricted Shares, RSUs, or Unrestricted Shares, may include a provision whereby the Company or its designee may elect to exercise a right of first refusal following receipt of notice from the Participant of the intent to transfer all or any part of the Shares received upon the exercise of the Award. Such right of first refusal shall be subject to the "Repurchase Limitation" in Section 6(c). The Shares also shall be subject to whatever right of first refusal and other limitations that may exist in the Bylaws or other organizational documents of the Company.

(c) *Repurchase Limitation.* Unless otherwise determined by the Committee and set forth in the applicable Award Agreement, the repurchase price for vested Shares shall be the Fair Market Value of the Shares on the date of repurchase, except that, if the Participant's service relationship with the Company or its Affiliates was terminated by the Company for Cause, then the repurchase price shall be the lower of (i) the Fair Market Value of the Shares on the date of repurchase, or (ii) their original purchase price. The repurchase price for Restricted Shares shall be the lower of (i) the Fair Market Value of the Shares on the date of repurchase, or (ii) their original purchase price. However, the Company shall not exercise its repurchase right until at least six months (or such longer or shorter period of time necessary to avoid classification of the Award as a liability for financial accounting purposes) have elapsed following delivery of the Shares subject to the Award, unless otherwise specifically provided by the Committee.

7. **Taxes; Withholding; Code §409A.**

(a) *General Rule.* Notwithstanding any provision of this Plan or an Award Agreement to the contrary, Participants are solely responsible and liable for the satisfaction of all taxes and penalties that may arise in connection with Awards, and neither the Company, nor the Committee, nor any Affiliate, nor any of their employees, directors, or agents shall have any duty or obligation to mitigate, minimize, indemnify, or to otherwise hold any Participant harmless from any such consequences.

(b) *Withholding.* The Company's obligation to deliver Shares (or to pay cash) to Participants pursuant to Awards is at all times subject to their prior or coincident satisfaction of all Withholding Taxes. Except as otherwise provided under the Plan or in an Award Agreement, no later than the date as of which an amount first becomes includible in a Participant's taxable income for U.S. federal, state, local or non-U.S. income or social insurance tax purposes with respect to an Award, the Participant shall pay to the Company (or to the Affiliate employing the Participant), or make arrangements satisfactory to the Company (or such Affiliate) for the payment of, any such Withholding Taxes (which normally will not apply to non-Employees). Notwithstanding the foregoing, the Company and its Affiliates may, in each of their sole discretion, withhold a sufficient number of Shares that are otherwise issuable to the Participant pursuant to the Award (and/or cash that is otherwise payable to the Participant) in order to satisfy all or part of Withholding Taxes.

(c) *U.S. Code Section 409A.* To the extent that the Committee determines that any Award granted under this Plan is subject to Code Section 409A, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Code Section 409A. To the extent applicable, this Plan and Award Agreements shall be interpreted in accordance with Code Section 409A and Department of Treasury regulations and other interpretive guidance issued thereunder. The Committee may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures or cancelling all or some Awards with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate (i) to exempt an Award from Code Section 409A and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (ii) to comply with the requirements of Code Section 409A and related Department of Treasury guidance and thereby avoid the application of any penalty taxes under such Section.

(d) *U.S. Code Sections 280G and 4999.* Notwithstanding anything else contained in the Plan or any other document to the contrary, in no event shall the vesting of any Award or payment be accelerated to an extent or in a manner so that such Award or payment, together with any other compensation and benefits provided to, or for the benefit of, a Participant under any other plan or agreement of the Company or its Affiliates, would not be fully deductible by the Company or one of its Affiliates for U.S. federal income tax purposes because of Section 280G of the Code. If a holder of an Award would be entitled to benefits or payments hereunder and under any other plan or program that would constitute “parachute payments” as defined in Section 280G of the Code, then the Company shall reduce or eliminate such parachute payments in the following order so that the Company or one of its Affiliates is not denied federal income tax deductions because of Section 280G of the Code: cash severance benefits shall be reduced or eliminated first, then any accelerated vesting of Options shall be reduced or eliminated, then accelerated vesting of Restricted Shares and then RSUs shall be reduced or eliminated, and finally any other benefits to which the Participant is or may be entitled shall be reduced or eliminated. Notwithstanding the foregoing, if a Participant is a party to a written agreement with the Company or one of its Affiliates, or is a participant in a severance program sponsored by the Company or one of its Affiliates that contains express provisions regarding Section 280G and/or Section 4999 of the Code (or any similar successor provision), or the applicable Award Agreement includes such provisions, the Section 280G and/or Section 4999 provisions of such other agreement or plan, as applicable, shall control as to the Awards held by that Participant.

(e) *Unfunded Tax Status.* This Plan is an “unfunded” plan for incentive compensation. With respect to any payments not yet made to a Person pursuant to an Award, nothing in this Plan or any Award Agreement shall give the Person any rights greater than those of a general creditor of the Company or any Affiliate, and a Participant’s rights under this Plan at all times constitute an unsecured claim against the Company’s general assets for the collection of benefits as they come due. Neither the Participant nor his or her duly-authorized transferee or Beneficiaries shall have any claim against or rights in any specific assets, Shares, or other funds of the Company, except as may be the case with respect to Restricted Shares.

8. **Non-Transferability of Awards.**

(a) *General.* Except as set forth in this Section, or as otherwise approved by the Committee and subject to restrictions on transfer contained in the Bylaws or other organizational documents of the Company, Awards may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution. The designation of a death Beneficiary by a Participant will not constitute a transfer. An Award may be exercised, during the lifetime of the holder of an Award, only by such holder, by the duly-authorized legal representative of a holder who is Disabled, or by a transferee permitted by this Section.

(b) *Limited Transferability Rights.* Subject to restrictions on transfer contained in the Bylaws or other organizational documents of the Company, the Committee may in its discretion provide in an Award Agreement that an Award in the form of a Non-ISO, Restricted Shares, or RSUs may be transferred, on such terms and conditions as the Committee deems appropriate, either (i) by instrument to the Participant’s Immediate Family, (ii) by instrument to an inter vivos or testamentary trust (or other entity) in which the Award is to be passed to the Participant’s designated Beneficiaries, (iii) even in the case of an ISO, pursuant to a domestic relations order (*provided*, however, that if an Option is an ISO, such Option may be deemed a non-ISO as a result of such transfer), or (iv) by gift to charitable institutions. Any transferee of the Participant’s rights shall succeed and be subject to all of the terms of the applicable Award Agreement and this Plan.

(c) *Death*. In the event of the death of a Participant, any outstanding vested Awards issued to the Participant shall automatically be transferred to the Participant's Beneficiary (or, if no Beneficiary is designated or surviving, to the person or persons to whom the Participant's rights under the Award pass by will or the laws of descent and distribution in the state in which the Participant was domiciled at the time of his or her death).

9. **Change in Capital Structure; Change in Control; Etc.**

(a) *Changes in Capitalization*. The Committee shall equitably adjust the number of Shares covered by each outstanding Award, and the number of Shares that have been authorized for issuance under this Plan but as to which no Awards have yet been granted or that have been returned to this Plan upon cancellation, forfeiture, or expiration of an Award, or any other Plan limits, as well as the exercise or other price per Share covered by each such outstanding Award, to reflect any increase or decrease in the number of issued Shares resulting from a stock-split, reverse stock-split, stock dividend, combination, recapitalization or reclassification of the Shares, merger, consolidation, change in organization form, or any other increase or decrease in the number of issued Shares effected without receipt or payment of consideration by the Company. In the event of any such transaction or event, the Committee may provide in substitution for any or all outstanding Awards, or as an alternative to an adjustment, such alternative consideration (including cash or securities of any surviving entity) as it may in good faith determine to be equitable under the circumstances and may, if substitute consideration is provided, require in connection therewith the surrender of all Awards so substituted. In any case, such substitution of consideration shall not require the consent of any Participant.

(b) *Dissolution or Liquidation*. Except as otherwise provided in an Award Agreement, in the event of the dissolution or liquidation of the Company other than as part of a Change in Control, each Award will terminate immediately prior to the consummation of such dissolution or liquidation, subject to the ability of the Committee to exercise any discretion authorized in the case of a Change in Control.

(c) *Change in Control*. In the event of a Change in Control but subject to the terms of any Award Agreements or employment-related agreements between the Company or any Affiliates and any Participant, each outstanding Award may be assumed or a substantially equivalent award may be substituted by the surviving or successor company or a parent or subsidiary of such successor company (in each case, the "**Successor Company**") upon consummation of the transaction. Notwithstanding the foregoing, instead of having outstanding Awards be assumed or substituted with equivalent awards by the Successor Company, the Committee may in its sole and absolute discretion and authority, without obtaining the approval or consent of the Company's stockholders or any Participant, take one or more of the following actions:

- (i) accelerate the vesting of Awards so that some or all Awards shall vest (and, to the extent applicable, become exercisable) as to some or all of the Shares that otherwise would have been unvested, and/or provide that repurchase rights of the Company, if any, with respect to Shares issued pursuant to an Award shall lapse;
- (ii) arrange or otherwise provide for the payment of cash or other consideration to Participants in exchange for the satisfaction and cancellation of all or some outstanding Awards (based on the Fair Market Value, on the date of the Change in Control, of the Award being cancelled, based on any reasonable valuation method selected by the Committee; *provided* that the Committee shall have full discretion to unilaterally cancel (A) either all Awards or only select Awards (such as only those that have vested on or before the Change in Control), and (B) any Options whose exercise price is equal to or greater than the Fair Market Value of the Shares, as of the date of the Change in Control, with such cancellation being without the payment of any consideration whatsoever to those Participants whose Options are being cancelled;
- (iii) terminate all or some Awards upon the consummation of the transaction; or
- (iv) make such other modifications, adjustments or amendments to outstanding Awards or this Plan as the Committee deems necessary or appropriate.

10. **Termination, Rescission, and Recapture of Awards.**

(a) Each Award under this Plan is intended to align the Participant's long-term interests with those of the Company. Accordingly, unless otherwise expressly provided in an Award Agreement, the Committee may terminate any outstanding, unexercised, unexpired, unpaid, or deferred Awards ("**Termination**"), rescind any exercise, payment or delivery pursuant to the Award ("**Rescission**"), or recapture any Shares or proceeds from the Participant's sale of Shares issued pursuant to the Award ("**Recapture**"), if the Participant does not comply with the conditions of subsections 10(b), 10(c), and 10(e) (collectively, the "**Conditions**") at all times from the date of an Award through the later of its vesting or exercise.

(b) A Participant shall not, without the Company's prior written authorization, disclose to anyone outside the Company, or use in other than the Company's business, any proprietary or confidential information or material, as those or other similar terms are used in any applicable patent, confidentiality, inventions, secrecy, or other agreement between the Participant and the Company or one of its Affiliates (or policy applicable to the Participant), including but not limited to those with regard to proprietary or confidential information or intellectual property (including but not limited to patents, trademarks, copyrights, trade secrets, inventions, developments, improvements, proprietary information, confidential business and personnel information) (each a "**Confidentiality Agreement**"), and a Participant shall promptly disclose and assign to the Company or its designee all right, title, and interest in such intellectual property, and shall take all reasonable steps necessary to enable the Company to secure all right, title and interest in such intellectual property in the United States and in any foreign country. Notwithstanding the Participant's confidentiality obligations set forth in this Plan or any Confidentiality Agreements, pursuant to the Defend Trade Secrets Act of 2016, the Participant will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that: (i) is made (A) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney, and (B) solely for the purpose of reporting or investigating a suspected violation of law, or (ii) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. If the Participant files a lawsuit for retaliation by the Company for reporting a suspected violation of law, he or she may disclose the trade secret to his or her attorney and use the trade secret information in the court proceeding, if he or she (i) files any document containing the trade secret under seal; and (ii) does not disclose the trade secret, except pursuant to court order. In the event it is determined that disclosure of Company trade secrets was not done in good faith pursuant to the above, the Participant may be subject to substantial damages under federal criminal and civil law, including punitive damages and attorneys' fees.

(c) Upon exercise, payment, or delivery of cash or Shares pursuant to an Award, the Participant shall, if requested in writing by the Committee (or the Company), certify on a form acceptable to the Committee (or, if applicable, the Company) that he or she is in compliance with the terms and conditions of this Plan.

(d) The Committee may, in its sole and absolute discretion, impose a Termination, Rescission, and/or Recapture with respect to any or all of a Participant's relevant Awards or restricted Shares if the Committee determines, in its sole and absolute discretion, that (i) the Participant has materially violated any agreement between the Participant and the Company or one of its Affiliates, (ii) within six months after the termination of the Participant's Continuous Service, the Participant has solicited any non-administrative employee of the Company to terminate employment with the Company, or (iii) during his or her Continuous Service, a Participant (A) has rendered services to or otherwise directly or indirectly engaged in or assisted, any organization or business that, in the judgment of the Committee in its sole and absolute discretion, is or is working to become competitive with the Company or one of its Affiliates; (B) has solicited any non-administrative employee of the Company to terminate employment with the Company; or (C) has engaged in activities which are materially prejudicial to or in conflict with the interests of the Company, including any breaches of fiduciary duty or the duty of loyalty.

(e) Within ten (10) days after receiving notice from the Committee of any such activity described in Section 10(d) above, the Participant shall deliver to the Company the Shares acquired pursuant to the Award, or, if Participant has sold the Shares, the gain realized, or payment received as a result of the rescinded exercise, payment, or delivery; *provided*, that if the Participant returns Shares that the Participant purchased pursuant to the exercise of an Option (or the gains realized from the sale of such Shares), the Company shall promptly refund the exercise price, without earnings, that the Participant paid for the Shares or, if Fair Market Value of the Shares is less than the exercise price, promptly pay to the Participant Fair Market Value of the returned Shares. Any payment by the Participant to the Company pursuant to this Section 10 shall be made either in cash or by returning to the Company the number of Shares that the Participant received in connection with the rescinded exercise, payment, or delivery.

(f) Notwithstanding the foregoing provisions of this Section 10, the Committee has sole and absolute discretion not to require Termination, Rescission and/or Recapture, and its determination not to require Termination, Rescission and/or Recapture with respect to any particular act by a particular Participant or Award shall not in any way reduce or eliminate the Committee's authority to require Termination, Rescission and/or Recapture with respect to any other act or Participant or Award. Nothing in this Section 10 shall be construed to impose obligations on the Participant to refrain from engaging in lawful competition with the Company after the termination of Continuous Service that does not violate the Conditions, other than any obligations that are part of any separate agreement between the Company and the Participant or that arise under Applicable Law.

(g) If any provision within this Section 10 is determined to be unenforceable or invalid under any Applicable Law, such provision will be applied to the maximum extent permitted by Applicable Law, and shall automatically be deemed amended in a manner consistent with its objectives and any limitations required under Applicable Law.

(h) This Section 10 shall be supplemental to, and does not supersede, any other agreement between the Participant and the Company or any of its Affiliates.

11. **Recoupment of Awards.**

(a) Unless otherwise specifically provided in an Award Agreement, and to the extent permitted by Applicable Law, the Committee may in its sole and absolute discretion, without obtaining the approval or consent of the Company's stockholders or of any Participant, require that any Participant reimburse the Company for all or any portion of any Awards granted under this Plan ("**Reimbursement**"), or the Committee may require the Termination or Rescission of, or the Recapture relating to, any Award held by the Participant, if and to the extent—

- (i) the granting, vesting, or payment of an Award was predicated upon the achievement of certain financial results that were subsequently the subject of a material financial restatement;
- (ii) in the Committee's view the Participant either benefited from a calculation that later proves to be materially inaccurate, or engaged in fraud or misconduct that caused or partially caused the need for a material financial restatement by the Company or any Affiliate; or
- (iii) a lower granting, vesting, or payment of an Award would have occurred based on the conduct described in Section 10(b) above.

In each instance, the Committee may, to the extent practicable and allowable or required under Applicable Laws, require Reimbursement, Termination or Rescission of, or Recapture relating to, any such Award granted to a Participant; *provided* that the Committee will not seek, under this Section 11, Reimbursement, Termination or Rescission of, or Recapture relating to, any such Awards that were paid or vested more than three years prior to the first date of the applicable restatement period; provided, however, notwithstanding any other provision of the Plan, all Awards shall be subject to Reimbursement, Termination, Rescission, and/or Recapture to the extent required by Applicable Law, including but not limited to Section 10D of the Exchange Act.

12. **Administration of this Plan.**

(a) *In General.* The Committee shall administer this Plan in accordance with its terms, *provided* that the Board may act in lieu of the Committee on any matter. The Committee shall hold meetings at such times and places as it may determine and may prescribe, amend, and rescind such rules and regulations, and procedures for the conduct of its business as it deems advisable. In the absence of a Committee, the Board shall function as the Committee for all purposes of this Plan.

(b) *Committee Composition.* The Board shall appoint the members of the Committee. Subject to Applicable Law and the restrictions set forth in this Plan, the Committee may delegate administrative functions to individuals who are Directors or Employees, and may authorize one or more executive officers to make Awards to Eligible Persons other than themselves. The Board may at any time appoint additional members to the Committee, remove and replace members of the Committee with or without Cause, and fill vacancies on the Committee however caused. The Committee shall have the power to delegate to a subcommittee of the Board any of the administrative powers the Committee is authorized to exercise, subject to such resolutions, consistent with this Plan, as the Board may adopt from time to time.

(c) *Powers of the Committee.* Subject to the provisions of this Plan, the Committee shall have the authority, in its sole discretion:

- (i) to grant Awards and to determine Eligible Persons to whom Awards shall be granted from time to time, and the number of Shares, units, or dollars to be covered by each Award;
- (ii) to determine, from time to time, the Fair Market Value of Shares;
- (iii) to determine, and to set forth in Award Agreements, the terms and conditions of all Awards, including what type or combination of types of Awards shall be granted; any applicable exercise or purchase price; the installments and conditions under which an Award shall become vested (which may be based on performance), terminated, expired, cancelled, or replaced; the circumstances for vesting acceleration or waiver of forfeiture restrictions; and other restrictions and limitations;
- (iv) to approve the forms of Award Agreements and all other documents, notices and certificates in connection therewith, which need not be identical either as to type of Award or among Participants;
- (v) to construe and interpret the terms of this Plan and any Award Agreement, to determine the meaning of their terms, to correct any defect, omission or inconsistency in this Plan or any Award Agreement, in a manner and to the extent it shall deem necessary or expedient to make this Plan or an Award fully effective, and to prescribe, amend, and rescind rules and procedures relating to this Plan and its administration;
- (vi) to the extent consistent with the purposes of this Plan and without amending this Plan, to modify, to cancel, or to waive the Company's rights with respect to any Awards, to adjust or to modify Award Agreements for changes in Applicable Law, and to recognize differences in foreign law, tax policies, or customs;
- (vii) to require, as a condition precedent to the grant, vesting, exercise, settlement, and/or issuance of Shares pursuant to any Award, that a Participant agree to execute a general release of claims (in any form that the Committee may require, in its sole discretion, which form may include any other provisions, *e.g.*, confidentiality and restrictions on competition, that are found in general claims release agreements that the Company utilizes or expects to utilize);
- (viii) in the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting, settlement, or exercise of Awards, such as a system using an Internet website or interactive voice response, to implement paperless documentation, granting, settlement, or exercise of Awards by a Participant through the use of such an automated system; and

- (ix) to make all determinations and to take all other actions that the Committee may consider necessary or desirable to administer the Plan or to effectuate its purposes.

(d) *Powers of the Company.* Unless applicable law requires otherwise, all administrative and discretionary authority given to the Company under this Plan shall be exercised by the most senior human resources executive of the Company, or such other person or committee (including without limitation the Committee) as the Committee may designate from time to time.

(e) *Local Law Adjustments and Sub-plans.*

- (i) To facilitate the making of any grant of an Award under this Plan, the Committee may adopt rules and provide for such special terms for Awards to Participants who are located within the United States, foreign nationals, or employed by the Company or any Affiliate outside of the United States of America as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Without limiting the foregoing, the Committee is specifically authorized to adopt rules and procedures regarding the conversion of local currency, taxes, withholding procedures and handling of stock certificates which vary with the customs and requirements of particular countries. The Committee may adopt procedures or sub-plans and establish escrow accounts and trusts, and settle Awards in cash in lieu of shares, as may be appropriate, required or applicable to particular locations and countries.
- (ii) *Action by Committee* (e.g., to permit participation in this Plan by Eligible Persons who are non-United States nationals or are primarily employed or providing services outside the United States). The Committee may modify the terms of any Award under this Plan made to or held by a Participant who is then a resident, or is primarily employed or providing services, outside of the United States, in any manner deemed by the Committee to be necessary or appropriate in order that such Award shall conform to laws, regulations, and customs of the country in which the Participant is then a resident or primarily employed or providing services, or so that the value and other benefits of the Award to the Participant, as affected by non-United States tax laws and other restrictions applicable as a result of the Participant's residence, employment, or providing services abroad, shall be comparable to the value of such Award to a Participant who is a resident, or is primarily employed or providing services, in the United States. An Award may be modified under this subsection in a manner that is inconsistent with the express terms of this Plan, so long as such modifications will not contravene any Applicable Law or regulation or result in actual liability under Section 16(b) of the Exchange Act for the Participant whose Award is modified. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by an officer or other Employee of the Company or any Affiliate, the Company's independent certified public accountants, or any executive compensation Consultant or other professional retained by the Company or the Committee to assist in the administration of this Plan, or by any Participant or Beneficiary.

(f) *Deference to Committee Determinations.* The Committee shall have the discretion to interpret or construe ambiguous, unclear, or implied (but omitted) terms as it deems to be appropriate in its sole discretion, and to make any findings of fact needed in the administration of this Plan or Award Agreements. The Committee's prior exercise of its discretionary authority shall not obligate it to exercise its authority in a like fashion thereafter. The Committee's interpretation and construction of any provision of this Plan, or of any Award or Award Agreement, and all determinations the Committee makes pursuant to this Plan shall be final, binding, and conclusive (subject only to the Committee's inherent authority to change its determinations). The validity of any such interpretation, construction, decision or finding of fact shall not be given de novo review if challenged in court, by arbitration, or in any other forum, and shall be upheld unless clearly made in bad faith or materially affected by fraud.

(g) Any determination made by the Committee with respect to any provisions of this Plan may be made on an Award-by-Award basis; the Committee has no obligation to be uniform, consistent, or nondiscriminatory between classes of similarly-situated Awards, except as required by Applicable Law.

(h) *Claims Limitations Period.* Any Participant who believes he or she is being denied any benefit or right under this Plan or under any Award may file a written claim with the Committee. Any claim must be delivered to the Committee within 45 days of the specific event giving rise to the claim. Untimely claims will not be processed and shall be deemed denied. The Committee, or its designee, will notify the Participant of its decision in writing as soon as administratively practicable. Claims shall be deemed denied if the Committee does not respond in writing within 120 days of the date the written claim is delivered to the Committee. The Committee's decision is final and conclusive and binding on all persons. No lawsuit relating to this Plan may be filed before a written claim is filed with the Committee and is denied or deemed denied, and any lawsuit must be filed within one year of such denial or deemed denial or be forever barred.

(i) *No Liability; Indemnification.* Neither the Board nor any Committee member, nor any Person acting at the direction of the Board or the Committee, shall be liable for any act, omission, interpretation, construction, or determination made in good faith with respect to this Plan, any Award, or any Award Agreement. The Company shall pay or reimburse any Director, Employee, or Consultant who in good faith takes action on behalf of this Plan, for all expenses incurred with respect to this Plan, and to the full extent allowable under Applicable Law shall indemnify each and every one of them for any claims, liabilities, and costs (including reasonable attorney's fees) arising out of their good faith performance of duties on behalf of this Plan. The Company and its Affiliates may, but shall not be required to, obtain liability insurance for this purpose.

(j) *Expenses.* The Company shall bear the expenses of administering this Plan.

13. **Modification of Awards and Substitution of Options.**

Within the limitations of this Plan, the Committee may modify an Award to accelerate the rate at which an Option may be exercised, to accelerate the vesting of any Award, to extend or renew outstanding Awards, to accept the cancellation of outstanding Awards to the extent not previously exercised, or to make any change that this Plan would permit for a new Award. Notwithstanding the foregoing, no modification of an outstanding Award may materially and adversely affect a Participant's rights thereunder unless (a) the Participant provides written consent to the modification, (b) before a Change in Control, the Committee determines in good faith that the modification is not materially adverse to the Participant, or (c) such modification is permitted by another Section of this Plan. Notwithstanding the foregoing, subject to the limitations of Applicable Law, if any, and without the affected Participant's consent, the Board may amend the terms of any one or more Awards if necessary to maintain the qualified status of the Award as an ISO or to bring the Award into compliance with Section 409A of the Code.

14. **Plan Amendment and Termination.**

The Board may amend or terminate this Plan as it shall deem advisable; *provided* that no change shall be made that increases the total number of Shares reserved for issuance pursuant to Awards (except pursuant to Section 9 above) unless such change is authorized by the stockholders of the Company to the extent required by Applicable Law. A termination or amendment of this Plan shall not materially and adversely affect a Participant's vested rights under an Award previously granted to him or her, unless the Participant consents in writing to such termination or amendment. Notwithstanding the foregoing, the Committee may amend this Plan to comply with changes in tax or securities laws or regulations, or in the interpretation thereof.

15. **Term of Plan.**

If not sooner terminated by the Board, this Plan shall terminate at the close of business on the date 10 years after the earlier of Board approval of this Plan and its Effective Date. No Awards shall be made under this Plan after its termination.

16. **Governing Law.**

The terms of this Plan and all agreements hereunder shall be governed by the laws of the State of Delaware, without regard to the State's conflict of laws rules.

17. **Laws and Regulations.**

(a) *General Rules.* This Plan, the granting of Awards, the exercise of Options, and the obligations of the Company and Committee hereunder (including those to pay cash or to deliver, sell or accept the surrender of any of its Shares or other securities) shall be subject to all Applicable Law. In the event that any Shares are not registered under any Applicable Law prior to the required delivery of them pursuant to Awards, the Committee may require, as a condition to their issuance or delivery, that the persons to whom the Shares are to be issued or delivered make any written representations and warranties (such as that such Shares are being acquired by the Participant for investment for the Participant's own account and not with a view to, for resale in connection with, or with an intent of participating directly or indirectly in, any distribution of such Shares) that the Committee may reasonably require, and the Committee may in its sole discretion include a legend to such effect on the certificates representing any Shares issued or delivered pursuant to this Plan.

(b) *Blackout Periods.* Notwithstanding any contrary terms within this Plan or any Award Agreement, the Committee shall have the absolute discretion to impose a "blackout" period on the exercise of any Option, as well as the settlement of any Award, with respect to any or all Participants (including those whose Continuous Service has ended) to the extent the Committee determines that doing so is desirable or required to comply with applicable securities laws.

(c) *Data Privacy.* As a condition of receipt of any Award, each Participant explicitly and unambiguously consents to the collection, use, and transfer, in electronic or other form, of personal data as described in this Section by and among, as applicable, the Company and its Affiliates for the exclusive purpose of implementing, administering, and managing this Plan and Awards and the Participant's participation in this Plan. In furtherance of such implementation, administration, and management, the Company and its Affiliates may hold certain personal information about a Participant with respect to one or more Awards under the Plan, including, but not limited to, the Participant's name, home address, telephone number, date of birth, social security or insurance number or other identification number, salary, nationality, job title(s), information regarding any securities of the Company or any of its Affiliates, and details of all Awards (the "Data"). In addition to transferring the Data amongst themselves as necessary for the purpose of implementation, administration, and management of this Plan and Awards and the Participant's participation in this Plan, the Company and its Affiliates each may transfer the Data to any third parties assisting the Company (including the Committee) in the implementation, administration, and management of this Plan and Awards and the Participant's participation in this Plan. Recipients of the Data may be located in the Participant's country or elsewhere, and the Participant's country and any given recipient's country may have different data privacy laws and protections. By accepting an Award, each Participant authorizes such recipients to receive, possess, use, retain, and transfer the Data, in electronic or other form, for the purposes of assisting the Company (including the Committee) in the implementation, administration, and management of this Plan and Awards and the Participant's participation in this Plan, including any requisite transfer of such Data as may be required to a broker or other third party with whom the Company or the Participant may elect to deposit any Shares. A Participant may, at any time, view the Data held by the Company with respect to such Participant, request additional information about the storage and processing of the Data with respect to such Participant, recommend any necessary corrections to the Data with respect to the Participant, or refuse or withdraw the consents herein in writing, in any case without cost, by contacting such Participant's local human resources representative. The Company or the Committee may cancel the Participant's eligibility to participate in this Plan, and in the Committee's discretion, the Participant may forfeit any outstanding Awards if the Participant refuses or withdraws the consents described herein. For more information on the consequences of refusal to consent or withdrawal of consent, Participants may contact their local human resources representative.¹

(d) *Severability; Blue Pencil.* In the event that any provision(s) of this Plan shall be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions shall not be affected thereby. If in the opinion of any court of competent jurisdiction such covenants are not reasonable in any respect, such court shall have the right, power, and authority to excise or modify such provision or provisions of these covenants as to the court shall appear not reasonable and to enforce the remainder of these covenants as so amended. Any arbitrator shall have the same rights, powers, and authority.

¹ NTD: To be revised as necessary.

18. **No Stockholder Rights.**

Neither a Participant nor any transferee or Beneficiary of a Participant shall have any rights as a stockholder of the Company with respect to any Shares underlying any Award until the date of issuance of a share certificate to such Participant, transferee, or Beneficiary for such Shares in accordance with the Company's governing instruments and Applicable Law. Prior to the issuance of Shares or Restricted Shares pursuant to an Award, a Participant shall not have the right to vote or to receive dividends or any other rights as a stockholder with respect to the Shares underlying the Award (unless otherwise provided in the Award Agreement for Restricted Shares), notwithstanding its exercise in the case of Options. No adjustment will be made for a dividend or other right that is determined based on a record date prior to the date the stock certificate is issued, except as otherwise specifically provided for in this Plan or an Award Agreement.

19. **No Obligation to Notify.**

The Company and the Committee shall have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising an Award. Furthermore, the Company and the Committee shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised.

20. **Miscellaneous.**

(a) *Use of Proceeds from Sales of Common Stock.* Proceeds from the sale of Shares pursuant to Awards shall constitute general funds of the Company.

(b) *Corporate Action Constituting Grant of Awards.* Unless otherwise determined by the Board, corporate action constituting a grant by the Company of an Award to any Participant shall be deemed completed as of the date of such corporate action, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant.

(c) *Share Replacement.* Unless prohibited by Applicable Law, the Company may substitute any consideration in lieu of settlement of an RSU, to the extent such consideration is equal to the Fair Market Value of the Shares the Participant otherwise would receive.

21. **Pre-IPO Provisions.**

Subject to any contrary terms set forth in any Award Agreement, for any period preceding the date of an initial public offering, this Section shall be applicable to any Shares subject to or issued pursuant to Awards. The provisions set forth below shall become null and void upon the occurrence of an initial public offering.

(a) *Voting Agreement.* As a condition for the delivery of any Shares pursuant to any Award, the Committee may require the Participant to execute and be bound by the Company's Voting Agreement or any other agreement that generally exists between the Company and similarly-situated stockholders.

(b) *Market Stand-Off*. In connection with any underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the federal securities laws, including the Company's initial public offering, Participants shall not directly or indirectly sell, make any short sale of, loan, hypothecate, pledge, offer, grant or sell any option or other contract for the purchase of, purchase any option or other contract for the sale of, or otherwise dispose or transfer, or agree to engage in any of the foregoing transactions with respect to, any Shares acquired pursuant to Awards without the prior written consent of the Company or its underwriters. Such restriction (the "**Market Stand-Off**") shall be in effect for such period of time, not exceeding 180 days, following the date of the final prospectus for the offering as may be requested by the Company or such underwriters. In the event of the declaration of a stock dividend, a spin-off, a stock split, an adjustment in conversion ratio, a recapitalization or a similar transaction affecting the Company's outstanding securities without receipt of consideration, any new, substituted or additional securities which are by reason of such transaction distributed with respect to any Shares subject to the Market Stand-Off, or into which such Shares thereby become convertible, shall immediately be subject to such Market Stand-Off. In order to enforce the Market Stand-Off, the Company may impose stop-transfer instructions with respect to the Shares acquired pursuant to Awards until the end of the applicable stand-off period. The Company and its underwriters shall be beneficiaries of the agreement in this Section. Participants who are not Directors or officers shall be subject to this Section only if Directors and officers are subject to it.

(c) *California Law Provisions*. In order to conform with Applicable Laws for Awards to California residents, to the extent required by Section 260.140.8 of Title 10 of the California Code of Regulations and to the extent compliance with such section is required for the Shares subject to the Award to be exempt from registration in California, any repurchase right granted prior to the date on which the Shares become publicly-traded to a person who is not an officer, Director or Consultant shall be upon the following terms:

- (i) if the repurchase option gives the Company the right to repurchase the Shares upon termination of Continuous Service at not less than the Fair Market Value of the Shares to be purchased on the date of termination of Continuous Service, then
 - (A) the right to repurchase shall be exercised for cash or cancellation of purchase money indebtedness for the Shares within six months of termination of Continuous Service (or in the case of Shares issued upon exercise of Options after such date of termination, within six months after the date of the exercise), and
 - (B) the right terminates when the Shares become publicly traded; or
- (ii) if the repurchase option gives the Company the right to repurchase the Shares upon termination of the Participant's Continuous Service at the original purchase price for such Shares, then
 - (A) the right to repurchase at the original purchase price shall lapse at the rate of at least 20% of the Shares per year over five years from the Date of Grant (without respect to the date the Option was exercised or became exercisable), and
 - (B) the right to repurchase must be exercised for cash or cancellation of purchase money indebtedness for the Shares within six months of termination of Continuous Service (or, in the case of Shares issued upon exercise of Options, after such date of termination, within six months after the date of the exercise) or such longer period as may be agreed to by the Company and the Participant.

Furthermore, at no time while there is any Option outstanding and held by a Participant who was a resident of the State of California on the date of grant of such Option, shall the total number of Shares issuable upon exercise of all outstanding stock options and the total number of Shares provided for under any stock bonus or similar plan or agreement of the Company (in each case whether the grants occur as Awards or under another plan of the Company or any Affiliate) exceed the applicable percentage as calculated in accordance with the conditions and exclusions of Section 260.140.45 of the California Code of Regulations, based on the Shares that are outstanding at the time the calculation is made.

22. **Definitions.**

“**Affiliate**” means, with respect to any Person, any other Person that directly or indirectly controls or is controlled by or under common control with such Person. For the purposes of this definition, “control,” when used with respect to any Person, means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of such Person or the power to elect directors, whether through the ownership of voting securities, by contract or otherwise; and the terms “affiliated,” “controlling” and “controlled” have meanings correlative to the foregoing.

“**Applicable Law**” means the legal requirements as shall be in place from time to time under any statute, law, ordinance, regulation, rule, code, executive order, injunction, judgment, decree or order of any governmental authority, whether of the United States, any other country, and any provincial, state, or local subdivision, that relate to the administration of equity plans or equity awards, as well as any applicable stock exchange or automated quotation system rules or regulations.

“**Award**” means any award made, in writing or by an electronic medium, pursuant to this Plan, including awards made in the form of an Option, a Restricted Share, a RSU, an Unrestricted Share, or any combination thereof, whether alternative or cumulative.

“**Award Agreement**” means any written document (including in any electronic medium) setting forth the terms of an Award that has been authorized by the Committee. The Committee shall determine the form or forms of documents to be used, and may change them from time to time for any reason.

“**Beneficiary**” means the person or entity designated by the Participant, in a form approved by the Company, to exercise the Participant’s rights with respect to an Award or receive payment or settlement under an Award after the Participant’s death.

“**Board**” means the Board of Directors of the Company.

“**Cause**” has the same meaning as set forth in any unexpired employment agreement or independent contractor agreement between the Company and the Participant for purposes of providing severance upon a termination without “Cause” or, in the absence of such agreement, as set forth in the Participant’s Award Agreement. If no such alternative definitions for “Cause” exist, “Cause” means that the Company determines in its reasonable discretion that any of the following situations gave rise to a Participant’s termination from Continuous Service: (a) the Participant committed, was convicted, or pled no contest or any similar plea to a misdemeanor involving acts of dishonesty or breach of fiduciary duty or any felony; (b) the Participant willfully or negligently failed to substantially perform his or her duties and responsibilities to the Company or deliberately violated a Company policy; (c) the Participant committed any act or acts of fraud, embezzlement, dishonesty, or other willful misconduct; (d) without authorization, the Participant used or disclosed any proprietary information or trade secrets of the Company or any other party to whom the Participant owes an obligation of nondisclosure as a result of his or her relationship with the Company; or (e) the Participant breached any of his or her material obligations under any written agreement with the Company. The foregoing definition does not in any way limit the Company’s ability to terminate a Participant’s employment or other service relationship at any time, and the term “Company” will be interpreted herein to include any Affiliate or successor thereto, if appropriate. Furthermore, a Participant’s Continuous Service shall be deemed to have terminated for Cause within the meaning hereof if, at any time (whether before, on, or after termination of the Participant’s Continuous Service), facts or circumstances are discovered that would have justified a termination for Cause, regardless of whether the Participant initiated the termination of the Participant’s Continuous Service.

“**Change in Control**” means, unless another definition is set forth in an Award Agreement, the first of the following to occur after the Effective Date:

- (i) *Acquisition of Controlling Interest.* Any Person (other than Persons who are Employees or service providers at any time more than one year before a transaction) becomes the Beneficial Owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities. In applying the preceding sentence, an agreement to vote securities shall be disregarded unless its ultimate purpose is to cause what would otherwise be a Change in Control, as reasonably determined by the Board.
- (ii) *Change in Board Control.* During any consecutive one-year period commencing after the date of adoption of this Plan, individuals who constituted the Board at the beginning of the period (or their approved replacements, as defined in the next sentence) cease for any reason to constitute a majority of the Board. A new Director shall be considered an “approved replacement” Director if his or her election (or nomination for election) was approved by a vote of at least a majority of the Directors then still in office who either were Directors at the beginning of the period or were themselves approved replacement Directors, but in either case excluding any Director whose initial assumption of office occurred as a result of an actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board.
- (iii) *Merger.* The Company consummates a merger or consolidation of the Company with any other corporation unless: (a) the voting securities of the Company outstanding immediately before the merger or consolidation would continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; and (b) no Person (other than Persons who are Employees or service providers at any time more than one year before the transaction) becomes, as a result of such transaction, the Beneficial Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities.
- (iv) *Sale of Assets.* The Company sells or disposes of all, or substantially all, of the Company’s assets.
- (v) *Liquidation or Dissolution.* The stockholders of the Company approve a plan or proposal for liquidation or dissolution of the Company.

Notwithstanding the foregoing, a “Change in Control” shall not be deemed to have occurred by virtue of the consummation of any transaction or series of integrated transactions immediately following which (I) the record holders of the common stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions, or (II) any Person who was a Beneficial Owner, directly or indirectly, of securities in the Company representing more than 50% acquires additional securities in the Company, or (III) the Company converting from an incorporated entity to an unincorporated entity.

“**Code**” means the Internal Revenue Code of 1986, as amended.

“**Committee**” means the Compensation Committee of the Board or its successor; *provided* that the term “Committee” means (a) the Board when acting at any time in lieu of the Committee, (b) with respect to any decision involving an Award intended to satisfy the requirements of Code Section 162(m), a committee consisting of two or more Directors of the Company who are “outside directors” within the meaning of Code Section 162(m), and (c) with respect to any decision relating to a Reporting Person, a committee consisting solely of two or more Directors who are disinterested within the meaning of Rule 16b-3 promulgated under the Exchange Act, as amended from time to time, or any successor provision. The mere fact that a Committee member shall fail to qualify as an “outside director” or as a “disinterested director” within the meaning of Code Section 162(m) and Rule 16b-3, respectively, shall not invalidate any Award made by the Committee which Award is otherwise validly made under this Plan.

“**Common Stock**” means the common stock, \$[] per value per share, of the Company. In the event of a change in the capital structure of the Company affecting the common stock (as provided in Section 9), the Shares resulting from such a change in the common stock shall be deemed to be Common Stock within the meaning of this Plan.

“**Company**” means Orchestra BioMed, Inc., a Delaware corporation; *provided* that in the event the Company reincorporates to another jurisdiction, all references to the term “Company” shall refer to the Company in such new jurisdiction.

“**Conditions**” has the meaning set forth in Section 10(a).

“**Confidentiality Agreement**” has the meaning set forth in Section 10(a).

“**Consultant**” means any natural person (other than an Employee or Director), including an advisor, who provides bona fide services to the Company, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the Company’s parent, if such services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or maintain a market for the Company’s securities.

“**Continuous Service**” means a Participant’s period of service in the absence of any interruption or termination as an Employee, Director, or Consultant. Continuous Service shall not be considered interrupted in the case of: (a) sick leave; (b) military leave; (c) any other leave of absence approved by the Committee, *provided* that such leave is for a period of not more than 90 days, unless reemployment upon the expiration of such leave is guaranteed by contract or statute, or unless provided otherwise pursuant to Company policy adopted from time to time; (d) changes in status from Director to advisory director or emeritus status; or (e) transfers between locations of the Company or between the Company and its Affiliates. Changes in status between service as an Employee, Director, and a Consultant will not constitute an interruption of Continuous Service if the individual continues to perform bona fide services for the Company. The Committee shall have the discretion to determine whether and to what extent the vesting of any Awards shall be tolled during any paid or unpaid leave of absence; *provided*, however, that in the absence of such determination, vesting for all Awards shall be tolled during any such unpaid leave (but not for a paid leave).

“**Data**” has the meaning set forth in Section 17(c) of the Plan.

“**Director**” means a member of the Board, or a member of the board of directors of an Affiliate.

“**Disabled**” means (a) for an ISO, that the Participant is disabled within the meaning of Code section 22(e)(3), and (b) for other Awards, a physical or mental condition under which the Participant is receiving benefits under the Company’s long-term disability plan applicable to such Participant, and in the absence of such a plan that the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which is expected to result in death or is expected to last for a continuous period of not less than 12 months.

“**Effective Date**” means the date determined in accordance with Section 1(d) of this Plan.

“**Eligible Persons**” has the meaning set forth in Section 1(b).

“**Employee**” means any person whom the Company or any Affiliate classifies as an employee (including an officer) for employment tax purposes or, if in a jurisdiction that does not have employment taxes, any person whom the Company or any Affiliate classifies as an employee (including an officer), in either case whether or not that classification is correct. The payment by the Company of a director’s fee to a Director shall not be sufficient to constitute “employment” of such Director by the Company.

“**Exchange Act**” means the Securities Exchange Act of 1934, as amended.

“**Fair Market Value**” means, for purposes of this Plan and unless otherwise determined or provided by the Committee in the circumstances:

- (i) If the Shares are listed or admitted to trade on the New York Stock Exchange or other national securities exchange (the “Exchange”), the Fair Market Value shall equal the closing price of Shares as reported on the composite tape for securities on the Exchange for the date in question, or, if no sales of Shares were made on the Exchange on that date, the closing price of Shares as reported on said composite tape for the next preceding day on which sales of Shares were made on the Exchange. The Committee may, however, provide with respect to one or more Awards that the Fair Market Value shall equal the closing price of Shares as reported on the composite tape for securities listed on the Exchange on the last trading day preceding the date in question or the average of the high and low trading prices of Shares as reported on the composite tape for securities listed on the Exchange for the date in question or the most recent trading day.
- (ii) If Shares are not listed or admitted to trade on an Exchange, the Fair Market Value shall be the value as reasonably determined by the Committee for purposes of the Award in the circumstances; provided that Fair Market Value shall be determined pursuant to a valuation of the Company by an independent appraisal that meets the requirements of Section 401(a)(28)(C) of the Code as of a date that is no more than 12 months before the date of grant of the Award or another methodology for determining fair market value that complies with Section 409A of the Code.

The Committee also may adopt a different methodology for determining Fair Market Value with respect to one or more Awards if a different methodology is necessary or advisable to secure any intended favorable tax, legal or other treatment for the particular Awards (for example, and without limitation, the Committee may provide that Fair Market Value for purposes of one or more Awards will be based on an average of closing prices (or the average of high and low daily trading prices) for a specified period preceding the relevant date). Any determination as to Fair Market Value made pursuant to this Plan shall be made without regard to any restriction other than a restriction which, by its terms, will never lapse, and shall be final, binding and conclusive on all persons with respect to Awards granted under this Plan.

“**Good Reason**” has the same meaning as set forth in any unexpired employment agreement or independent contractor agreement between the Company and the Participant for purposes of providing severance upon a resignation for Good Reason or, in the absence of such agreement, as set forth in the Participant’s Award Agreement. If no such alternative definitions for “Good Reason” exist, “Good Reason” means, with respect to a Participant, (A) a material reduction in the Participant’s authority, duties, and responsibilities, *provided* that a mere change in the Participant’s title shall not trigger Good Reason and Participant continuing in the same role on a divisional or business unit basis following the acquisition of the Company by a larger entity shall not trigger Good Reason, (B) the Participant being required to relocate his place of employment, other than a relocation within 50 miles of the Participant’s prior principal work site, or (C) a material reduction in the Participant’s Base Salary other than any such reduction consistent with a general reduction of pay for similarly-situated Participants; provided, however, that Good Reason shall exist only if the Participant provides the Company with written notice of the existence of one of the events, arising without the Participant’s consent, listed in the foregoing clauses (A) through (C) below within 30 days of the initial existence of such event; (2) the Company fails to cure such event within 30 days following the date such notice is given; and (3) the Participant elects to voluntarily terminate employment within the 90 day period immediately following such event.

“**Grant Date**” means the later of (a) the date designated as the “Grant Date” within an Award Agreement, and (b) the date on which the Committee determines the key terms of an Award, *provided* that as soon as reasonably practical thereafter the Committee both notifies the Eligible Person of the Award and enters into an Award Agreement with the Eligible Person.

“**Immediate Family**” means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships. “Immediate Family” also shall include a trust in which these persons have more than 50% of the beneficial interest, a foundation in which these persons (or the employee) control the management of assets, any other entity in which these persons (or the employee) own more than 50% of the voting interests, and any person sharing the employee’s household (other than a tenant or employee).

“**ISO**” means an Option that qualifies for favorable income tax treatment under Code Section 422 and is specifically designated as an incentive stock option in an Award Agreement.

FORM RESTRICTED SHARE AWARD AGREEMENT

Orchestra BioMed, Inc.
2018 Stock Incentive Plan

Restricted Share Award Agreement

By this Restricted Share Award Agreement (“*Award Agreement*”), Orchestra BioMed, Inc. (“*Company*”) has granted you an award of Restricted Shares (“*Award*”) under its 2018 Stock Incentive Plan (“*Plan*”), as set forth in the attached Notice of Grant of Restricted Shares (“*Grant Notice*”). Capitalized terms not explicitly defined herein are defined in the Plan.

1. **VESTING.** Your Award will vest as provided in your Grant Notice.
 2. **TERMINATION OF CONTINUOUS SERVICE.** Subject to the terms of any employment agreement between you and the Company and/or its subsidiaries then in effect (“*Employment Agreement*”), this Award shall be canceled and become automatically null and void (and you will forfeit all rights to and regarding any unvested Restricted Shares without any payment whatsoever to you) immediately after termination of your Continuous Service for any reason, but only to the extent you have not become vested in your Restricted Shares on or at the time your Continuous Service ends.
 3. **VOTING RIGHTS.** As the owner of record of any Restricted Shares you qualify to receive pursuant to this Award Agreement, you will be entitled to vote such Restricted Shares, provided you hold them on the particular record date for determining stockholders of record entitled to vote.
 4. **DIVIDEND RIGHTS.** You shall receive any dividends paid between the Grant Date and the date you are issued unrestricted Shares at the same time you receive the unrestricted Shares to which such dividends relate. To the extent that your Continuous Service ends before full vesting of your Restricted Shares, you will forfeit all cash and Share-based dividends that are attributable to all of your non-vested Restricted Shares.
 5. **SETTLEMENT THROUGH ISSUANCE OF UNRESTRICTED SHARES.** No unrestricted Shares will be issued before you complete the requirements that are necessary for you to vest in your Restricted Shares. The Company will issue to you or your duly-authorized transferee, free from vesting restrictions (but subject to such legends as the Company determines to be appropriate), one unrestricted Share for each vested Restricted Share, as soon as practicable after the date on which your Restricted Shares vest in whole or in part; provided that the number of Shares issued to you shall be reduced by a number of Shares having a Fair Market Value equal to the sum of (I) the par value per Share issued, if any, that has not already been paid by cash or check payable to the Company, or otherwise (as payment thereof), plus, if the Company so determines in its sole and absolute discretion, (II) the minimum statutory Withholding Taxes required in connection with the settlement of your Restricted Shares, and with cash being withheld from your pay for any additional withholding and employment taxes that Applicable Laws may require. Certificates shall not be delivered to you unless and until all applicable conditions of this Award have been satisfied, including all employment and tax-withholding obligations.
-

6. **CONDITIONS ON ISSUANCE OF SHARES.** Notwithstanding any other provision of the Plan or of this Award Agreement, your receipt of Shares pursuant to this Award shall be contingent on your becoming a party to the Company's Voting Agreement, as is then in effect.

7. **DESIGNATION OF BENEFICIARY.** Notwithstanding anything to the contrary contained herein or in the Plan, following the execution of this Award Agreement, you may expressly designate a death beneficiary (the "**Beneficiary**") to your interest, if any, in this Award and any underlying Shares. You shall designate the Beneficiary by completing and executing a designation of beneficiary agreement substantially in the form attached to your Grant Notice as Attachment IV (the "**Designation of Death Beneficiary**") and delivering an executed copy of the Designation of Death Beneficiary to the Company. To the extent you do not duly designate a beneficiary who survives you, your estate will automatically be your beneficiary.

8. **INVESTMENT PURPOSES.** By executing this Award, you represent and warrant to the Company that any Restricted Shares issued to you will be for investment for your own account and not with a view to, for resale in connection with, or with an intent of participating directly or indirectly in, any distribution of such Shares within the meaning of the Securities Act of 1933, as amended.

9. **Right of First Refusal.** Unrestricted Shares you acquire under this Award are subject to any right of first refusal that may be described in the Company's bylaws in effect at such time the Company elects to exercise its right; *provided*, however, that if there is no right of first refusal described in the Company's bylaws at such time, the right of first refusal described below will apply. The Company's right of first refusal will expire on the first date upon which any security of the Company is listed on a national securities exchange or quotation system (the "**Listing Date**").

- (a) Prior to the Listing Date, you may not validly Transfer (as defined below) any Shares acquired pursuant to this Award, or any interest in such Shares, unless such Transfer is made in compliance with the following provisions:
 - (i) Before there can be a valid Transfer of any Shares or any interest therein, the record holder of the Shares to be transferred (the "**Offered Shares**") will give written notice (by registered or certified mail) to the Company. Such notice will specify the identity of the proposed transferee, the cash price offered for the Offered Shares by the proposed transferee (or, if the proposed Transfer is one in which the holder will not receive cash, such as an involuntary transfer, gift, donation or pledge, the holder will state that no purchase price is being proposed), and the other terms and conditions of the proposed Transfer. The date such notice is mailed will be hereinafter referred to as the "**Notice Date**" and the record holder of the Offered Shares will be hereinafter referred to as the "**Offeror**." If, from time to time, there is any stock dividend, stock split or other change in the character or amount of any of the outstanding Common Stock which is subject to the provisions of your Restricted Shares, then in such event any and all new, substituted or additional securities to which you are entitled by reason of your ownership of the Shares acquired pursuant to this Award will be immediately subject to the Company's Right of First Refusal (as defined below) with the same force and effect as the Shares subject to the Right of First Refusal immediately before such event.

- (ii) For a period of 30 calendar days after the Notice Date, or such longer period as may be required to avoid the classification of your Award as a liability for financial accounting purposes, the Company will have the option to purchase all (but not less than all) of the Offered Shares at the purchase price and on the terms set forth in Section 9(a)(iii) (the Company's "**Right of First Refusal**"). In the event that the proposed Transfer is one involving no payment of a purchase price, the purchase price will be deemed to be the Fair Market Value of the Offered Shares as determined in good faith by the Board in its discretion. The Company may exercise its Right of First Refusal by mailing (by registered or certified mail) written notice of exercise of its Right of First Refusal to the Offeror prior to the end of said 30 days (including any extension required to avoid classification of the Award as a liability for financial accounting purposes).
 - (iii) The price at which the Company may purchase the Offered Shares pursuant to the exercise of its Right of First Refusal will be the cash price offered for the Offered Shares by the proposed transferee (as set forth in the notice required under Section 9(a)(i)), or the Fair Market Value as determined by the Board in the event no purchase price is involved. To the extent consideration other than cash is offered by the proposed transferee, the Company will not be required to pay any additional amounts to the Offeror other than the cash price offered (or the Fair Market Value, if applicable). The Company's notice of exercise of its Right of First Refusal will be accompanied by full payment for the Offered Shares and, upon such payment by the Company, the Company will acquire full right, title and interest to all of the Offered Shares.
 - (iv) If, and only if, the option given pursuant to Section 9(a)(ii) is not exercised, the Transfer proposed in the notice given pursuant to Section 9(a)(i) may take place; **provided**, however, that such Transfer must, in all respects, be exactly as proposed in said notice except that such Transfer may not take place either before the 10th calendar day after the expiration of the 30 day option exercise period or after the 90th calendar day after the expiration of the 30 day option exercise period, and if such Transfer has not taken place prior to said 90th day, such Transfer may not take place without once again complying with this Section 9(a). The option exercise periods in this Section 9(a)(iv) will be adjusted to include any extension required to avoid the classification of your Award as a liability for financial accounting purposes.
- (b) As used in this Section 9, the term "**Transfer**" means any sale, encumbrance, pledge, gift or other form of disposition or transfer of Shares or any legal or equitable interest therein; **provided**, however, that the term Transfer does not include a transfer of such Shares or interests by will or intestacy to your Immediate Family. In such case, the transferee or other recipient will receive and hold the Shares so transferred subject to the provisions of this Section, and there will be no further transfer of such Shares except in accordance with the terms of this Section 9.

- (c) No Shares acquired pursuant to this Award will be transferred on the Company's books nor will the Company recognize any such Transfer of any such Shares or any interest therein unless and until all applicable provisions of this Section 9 have been complied with in all respects. The certificates of stock evidencing Shares underlying this Award will bear an appropriate legend referring to the transfer restrictions imposed by this Section 9.
- (d) To ensure that the Shares subject to the Company's Right of First Refusal will be available for repurchase by the Company, the Company may deposit unrestricted Shares that you otherwise would receive under this Award with an escrow agent designated by the Company under the terms and conditions of an escrow agreement approved by the Company. If the Company does not require such deposit, the Company reserves the right at any time to require you to so deposit the certificates in escrow. As soon as practicable after the expiration of the Company's Right of First Refusal, the agent will deliver to you the Shares and any other property no longer subject to such restriction. In the event the Shares and any other property held in escrow are subject to the Company's exercise of its Right of First Refusal, the notices required to be given to you will be given to the escrow agent, and any payment required to be given to you will be given to the escrow agent. Within 30 days after payment by the Company for the Offered Shares, the escrow agent will deliver the Offered Shares that the Company has repurchased to the Company and will deliver the payment received from the Company to you.

10. SECURITIES LAW RESTRICTIONS. Regardless of whether the offering and sale of Shares under the Plan have been registered under the Exchange Act, or have been registered or qualified under the securities laws of any state, the Company at its discretion may impose restrictions upon the sale, pledge or other transfer of such Shares (including the placement of appropriate legends on stock certificates or the imposition of stop-transfer instructions) if, in the judgment of the Company, such restrictions are necessary or desirable in order to achieve compliance with the Exchange Act or the securities laws of any state or any other law or to enforce the intent of this Award.

11. TRANSFERABILITY. Except as otherwise provided in Section 8 of the Plan, your Award is not transferable.

12. NOT A CONTRACT OF EMPLOYMENT. By executing this Award Agreement you acknowledge and agree that (i) nothing in this Award Agreement or the Plan confers on you any right to continue an employment, service or consulting relationship with the Company, nor shall it affect in any way your right or the Company's right to terminate your employment, service, or consulting relationship at any time, with or without Cause; and (ii) the Company would not have granted this Award to you but for these acknowledgements and agreements.

13. **HEADINGS.** Section and other headings contained in this Award Agreement are for reference purposes only and are not intended to describe, interpret, define or limit the scope or intent of this Award Agreement or any provision hereof.

14. **SEVERABILITY.** Every provision of this Award Agreement and of the Plan is intended to be severable. If any term hereof is illegal or invalid for any reason, such illegality or invalidity shall not affect the validity or legality of the remaining terms of this Award Agreement.

15. **COUNTERPARTS.** This Award Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute one and the same instrument.

16. **BINDING EFFECT.** Except as otherwise provided in this Award Agreement or in the Plan, every covenant, term, and provision of this Award Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, legatees, legal representatives, successors, transferees, and assigns.

17. **MODIFICATIONS.** This Award Agreement may be modified or amended at any time, in accordance with Section 14 of the Plan.

18. **TAX CONSEQUENCES.** Section 7 of the Plan is hereby incorporated herein by reference. You hereby agree that the Company does not have a duty to design or administer the Plan or its other compensation programs in a manner that minimizes your tax liabilities.

19. **NOTICES.**

- (a) All notices required or permitted under your Award or the Plan shall be in writing (including electronically) and shall be deemed effectively given: (i) upon personal delivery to the party to be notified, (ii) when sent by confirmed facsimile if sent during normal business hours of the recipient, and if not during normal business hours of the recipient, then on the next business day, (iii) five calendar days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (iv) one business day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications shall be sent to the other party hereto at such party's address hereinafter set forth on the signature page hereof, addressed to you at the last address you provided to the Company, or at such other address as such party may designate by ten days advance written notice to the other party hereto.
- (b) The Company may, in its sole discretion, decide to deliver any documents related to participation in the Plan and this Award by electronic means or to request your consent to participate in the Plan by electronic means. By accepting this Award, you consent to receive such documents by electronic delivery and to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company, though you may opt out of such electronic delivery and electronic system by notifying the [title] of the Company.

20. **GOVERNING PLAN DOCUMENT.** Your Award is subject to all Plan provisions, the provisions of which are hereby made a part of your Award, and is further subject to all interpretations, amendments, rules and regulations, which may from time to time be promulgated and adopted pursuant to the Plan. In the event of a conflict between the provisions of this Award Agreement and those of the Plan, the provisions of the Plan shall control.

21. **CONSENT FOR DATA TRANSFER.** Section 17(c) of the Plan is hereby incorporated by reference.

22. **WAIVER OF STATUTORY INFORMATION RIGHTS.** You understand and agree that, but for the waiver made herein, you would be entitled, upon written demand under oath stating the purpose thereof, to inspect for any proper purpose, and to make copies and extracts from, the Company's stock ledger, a list of its stockholders, and its other books and records, and the books and records of subsidiaries of the Company, if any, under the circumstances and in the manner provided in Section 220 of the General Corporation Law of Delaware (any and all such rights, and any and all such other rights you may have as may be provided for in Section 220, the "*Inspection Rights*"). In light of the foregoing, until the date of an initial public offering, you hereby unconditionally and irrevocably waive the Inspection Rights, whether such Inspection Rights would be exercised or pursued directly or indirectly pursuant to Section 220 or otherwise, and covenant and agree never to directly or indirectly commence, voluntarily aid in any way, prosecute, assign, transfer, or cause to be commenced any claim, action, cause of action, or other proceeding to pursue or exercise the Inspection Rights. The foregoing waiver shall not affect any rights of a director, in his or her capacity as such, under Section 220. The foregoing waiver shall not apply to any contractual inspection rights that you may have under any other written agreement between you and the Company.

23. **GOVERNING LAW.** The laws of the State of Delaware shall govern the validity of this Award Agreement, the construction of its terms, and the interpretation of the rights and duties of the parties hereto.

FORM STOCK OPTION AWARD AGREEMENT

Orchestra BioMed, Inc.
2018 Stock Incentive Plan

STOCK OPTION AWARD AGREEMENT

By this Stock Option Award Agreement, Orchestra BioMed, Inc. (“**Company**”) has granted you an Option under its 2018 Stock Incentive Plan (“**Plan**”), as set forth in the attached Notice of Stock Option Grant (“**Grant Notice**”). Capitalized terms not explicitly defined herein are defined in the Plan. The details of your Option, in addition to those set forth in the Plan, are as follows:

1. VESTING. Your Option will vest as provided in your Grant Notice. Vesting will cease upon the termination of your Continuous Service.

2. EXERCISE PRIOR TO VESTING (“EARLY EXERCISE”). If the “Exercise Schedule” in your Grant Notice indicates “Early Exercise Permitted,” you may elect at any time that is both (i) during the period of your Continuous Service and (ii) during the term of your Option, to exercise all or part of your Option, including the unvested portion of your Option; *provided*, however, that:

(a) a partial exercise of your Option will be deemed to cover first vested Shares and then the earliest vesting installment of unvested Shares;

(b) any Shares so purchased from installments unvested as of the date of exercise will be subject to the Company’s “Repurchase Option” described in the Company’s form of Early Exercise Stock Purchase Agreement; and

(c) you will enter into the Company’s form of Early Exercise Stock Purchase Agreement with a vesting schedule that will result in the same vesting as if no early exercise had occurred.

3. METHOD OF EXERCISE.

(a) The Plan sets forth rules for the exercise of your Option. You must pay the full amount of the exercise price for the Shares you wish to exercise, in any manner permitted by your Grant Notice or as otherwise permitted by the Committee. You must also execute the then- current form of written notice approved by the Committee. The current form of exercise is attached as Attachment III to your Grant Notice.

4. RIGHT OF FIRST REFUSAL. Shares you acquire upon exercise of your Option are subject to any right of first refusal that may be described in the Company’s bylaws in effect at such time the Company elects to exercise its right; *provided*, however, that if there is no right of first refusal described in the Company’s bylaws at such time, the right of first refusal described below will apply. The Company’s right of first refusal will expire on the first date upon which any security of the Company is listed (or approved for listing) upon notice of issuance on a national securities exchange or quotation system (the “**Listing Date**”).

(a) Prior to the Listing Date, you may not validly Transfer (as defined below) any Shares acquired upon exercise of your Option, or any interest in such Shares, unless such Transfer is made in compliance with the following provisions:

(i) Before there can be a valid Transfer of any Shares or any interest therein, the record holder of the Shares to be transferred (the “Offered Shares”) will give written notice (by registered or certified mail) to the Company. Such notice will specify the identity of the proposed transferee, the cash price offered for the Offered Shares by the proposed transferee (or, if the proposed Transfer is one in which the holder will not receive cash, such as an involuntary transfer, gift, donation or pledge, the holder will state that no purchase price is being proposed), and the other terms and conditions of the proposed Transfer. The date such notice is mailed will be hereinafter referred to as the “Notice Date” and the record holder of the Offered Shares will be hereinafter referred to as the “Offeror.” If, from time to time, there is any stock dividend, stock split or other change in the character or amount of any of the outstanding Common Stock which is subject to the provisions of your Option, then in such event any and all new, substituted or additional securities to which you are entitled by reason of your ownership of the Shares acquired upon exercise of your Option will be immediately subject to the Company’s Right of First Refusal (as defined below) with the same force and effect as the Shares subject to the Right of First Refusal immediately before such event.

(ii) For a period of 30 calendar days after the Notice Date, or such longer period as may be required to avoid the classification of your Option as a liability for financial accounting purposes, the Company will have the option to purchase all (but not less than all) of the Offered Shares at the purchase price and on the terms set forth in Section 4(a)(iii) (the Company’s “Right of First Refusal”). In the event that the proposed Transfer is one involving no payment of a purchase price, the purchase price will be deemed to be the Fair Market Value of the Offered Shares as determined in good faith by the Board in its discretion. The Company may exercise its Right of First Refusal by mailing (by registered or certified mail) written notice of exercise of its Right of First Refusal to the Offeror prior to the end of said 30 days (including any extension required to avoid classification of the Option as a liability for financial accounting purposes).

(iii) The price at which the Company may purchase the Offered Shares pursuant to the exercise of its Right of First Refusal will be the cash price offered for the Offered Shares by the proposed transferee (as set forth in the notice required under Section 4(a)(i)), or the Fair Market Value as determined by the Board in the event no purchase price is involved. To the extent consideration other than cash is offered by the proposed transferee, the Company will not be required to pay any additional amounts to the Offeror other than the cash price offered (or the Fair Market Value, if applicable). The Company’s notice of exercise of its Right of First Refusal will be accompanied by full payment for the Offered Shares and, upon such payment by the Company, the Company will acquire full right, title and interest to all of the Offered Shares.

(iv) If, and only if, the option given pursuant to Section 4(a)(ii) is not exercised, the Transfer proposed in the notice given pursuant to Section 4(a)(ii) may take place; *provided*, however, that such Transfer must, in all respects, be exactly as proposed in said notice except that such Transfer may not take place either before the 10th calendar day after the expiration of the 30 day option exercise period or after the 90th calendar day after the expiration of the 30 day option exercise period, and if such Transfer has not taken place prior to said 90th day, such Transfer may not take place without once again complying with this Section 4(a). The option exercise periods in this Section 4(a)(iv) will be adjusted to include any extension required to avoid the classification of your option as a liability for financial accounting purposes.

(b) As used in this Section 4, the term “**Transfer**” means any sale, encumbrance, pledge, gift or other form of disposition or transfer of Shares or any legal or equitable interest therein; *provided*, however, that the term Transfer does not include a transfer of such Shares or interests by will or intestacy to your Immediate Family. In such case, the transferee or other recipient will receive and hold the Shares so transferred subject to the provisions of this Section, and there will be no further transfer of such Shares except in accordance with the terms of this Section 4.

(c) No Shares purchased on exercise of your Option will be transferred on the Company’s books nor will the Company recognize any such Transfer of any such Shares or any interest therein unless and until all applicable provisions of this Section 4 have been complied with in all respects. The certificates of stock evidencing Shares purchased on exercise of your Option will bear an appropriate legend referring to the transfer restrictions imposed by this Section 4.

(d) To ensure that the Shares subject to the Company’s Right of First Refusal will be available for repurchase by the Company, the Company may require you to deposit the certificates evidencing the Shares that you purchase upon exercise of your Option with an escrow agent designated by the Company under the terms and conditions of an escrow agreement approved by the Company. If the Company does not require such deposit as a condition of exercise of your Option, the Company reserves the right at any time to require you to so deposit the certificates in escrow. As soon as practicable after the expiration of the Company’s Right of First Refusal, the agent will deliver to you the Shares and any other property no longer subject to such restriction. In the event the Shares and any other property held in escrow are subject to the Company’s exercise of its Right of First Refusal, the notices required to be given to you will be given to the escrow agent, and any payment required to be given to you will be given to the escrow agent. 9. HEADINGS. Section and other headings contained in this Award Agreement are for reference purposes only and are not intended to describe, interpret, define or limit the scope or intent of this Award Agreement or any provision hereof.

10. SEVERABILITY. Every provision of this Award Agreement and of the Plan is intended to be severable. If any term hereof is illegal or invalid for any reason, such illegality or invalidity shall not affect the validity or legality of the remaining terms of this Award Agreement.

11. COUNTERPARTS. This Award Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute one and the same instrument.

12. BINDING EFFECT. AGREEMENT OF LEASE, made as of this 5th day of November, 2019 (this "Lease"), between ESRT ONE GRAND CENTRAL PLACE, L.L.C., a Delaware limited liability company, with an address c/o ESRT Management, L. L. C., [Omitted pursuant Item 601(a)(6)], hereinafter referred to as "Landlord" and ORCHESTRA BIOMED, INC., a Delaware corporation with an address at 405 Lexington Avenue, New York, New York 10174, hereinafter referred to as "Tenant".

WITNESSETH:

WHEREAS, Landlord wishes to demise and let unto Tenant and Tenant desires to hire and take from Landlord, on the terms and subject to the conditions set forth herein, a portion of the rentable area located on the twenty-fourth (24th) floor in the building that is known as One Grand Central Place and by the street address of 60 East 42nd Street, New York, New York 10165 such building, together with any other buildings and improvements incidental thereto or conjoined therewith, the "Building", identified as Room/Suite 2430, as more particularly shown on Exhibit "A" attached hereto and made a part hereof (such premises being referred to herein as the "Premises"; the Building together with the plot of land and all tax parcels on which the Building is constructed or installed, the "Real Property").

NOW, THEREFORE, in consideration of the Premises, and other good and valuable consideration, the mutual receipt and legal sufficiency of which the parties hereto hereby acknowledge, Landlord and Tenant hereby covenant and agree as follows:

1. DEMISE, TERM AND USE

A. Subject to the terms of this Lease, Landlord hereby demises and lets to Tenant and Tenant hereby hires and takes from Landlord the Premises for the term to commence on the later of (x) the date hereof and (y) November 1, 2019 (such later date, the "Commencement Date"), and to end on the last day of the calendar month during which the day immediately preceding the date that is eight (8) years after the Rent Commencement Date (as hereinafter defined) occurs (such date, the "Fixed Expiration Date"), unless the same shall sooner terminate pursuant to terms hereof or pursuant to law (the Fixed Expiration Date, or such earlier date that the term of this Lease terminates pursuant to the terms hereof or pursuant to law being referred to herein as the "Expiration Date"; the term commencing on the Commencement Date and ending on the Expiration Date being referred to herein as the "Term"). For all purposes of this Lease, the parties agree that the rentable square foot area of the Premises shall be deemed to be five thousand one hundred seventy-six (5,176) rentable square feet.

B. Tenant shall use the Premises solely as general, administrative and executive offices for the conduct of Tenant's business, and for lawful purposes reasonably incidental thereto and for no other purpose. Without limiting the generality of the foregoing, it is expressly understood that no portion of the Premises shall be used as, by or for (a) a telemarketing agency or call center, (b) the conduct of any retail or wholesale trade or services (including, without limitation, any business with, or which is open to, the general public on an off-the-street retail basis), (c) a travel or tourist agency, (d) an employment agency, executive search firm or similar enterprise, labor union, school, or vocational training center (except for incidental and occasional training of Tenant's employees who are employed at the Premises), (e) a commercial document reproduction or offset printing service, (f) any Governmental Authority (as such term is defined in Article 15 hereof) or embassy or consular office of any country or other quasi-autonomous or sovereign organization or any Person (as hereinafter defined), organization, association or other agency immune from service or suit in the courts of the State of New York or the assets of which may be exempt from execution by Landlord in any action for damages, (g) a kitchen, cafeteria or restaurant or otherwise for the sale, storage, warming, service or consumption of food or beverages in any manner whatsoever (except that Tenant may store, prepare, and serve food and beverages, by reasonable means consistent with typical pantry use (including, without limitation, by means of customary vending machines), for consumption by such Tenants' employees and guests), (h) a firm whose principal business is real estate brokerage, (i) the business of renting office or desk space, (j) a factory of any kind, or for any manufacturing purpose, (k) any use to which increased security costs or insurance premiums payable by Landlord may be attributed, (l) a payroll office or check cashing operation, (m) any medical use or purpose whatsoever, including without limitation, use as a pharmacy or clinic (or other facility performing medical, therapeutic or rehabilitative procedures of any type or providing counseling of any kind); it being expressly understood that the Premises may not be used for patient visits, consultations, exams or evaluations of any type (psychological, physical, etc.), (n) clinical and/or experimental or pharmaceutical research, (o) a laboratory of any kind (including, without limitation, a research or pharmaceutical laboratory), (p) focus groups, (q) a film, radio or video production or broadcasting studio, (r) gaming or gambling, or any pornographic or obscene purpose, (s) any commercial sex establishment, any pornographic, obscene, nude or semi-nude performances, modeling or sexual conduct of any kind, (t) public assembly, (u) showrooms of any kind or (v) any use which has an adverse impact on the Building, any Building system or any other Building tenant. The term "Person" shall mean any natural person or persons or any legal form of association, including, without limitation, a partnership, a limited partnership, a corporation, and/or a limited liability company.

2. RENT

A. General:

- (i) Tenant agrees to pay all Rental (as hereinafter defined) as herein provided at the office of Landlord or at such other place as Landlord may designate, in lawful money of the United States of America that is legal tender of all debts and dues, public or private, at the time of payment, and without any notice (except as may be specifically set forth herein), credit, abatement (except as may be specifically set forth herein), set-off, deduction or reduction whatsoever.
- (ii) The term "Additional Rent" shall mean any and all amounts, sums, fees or other charges payable by Tenant to Landlord hereunder specifically including, without limitation, Escalation Rent (as defined below) but specifically excluding Fixed Annual Rent (as hereinafter defined) and use and occupancy charges following any holdover. Unless otherwise expressly set forth herein, Additional Rent shall be due within thirty (30) days after Landlord gives Tenant notice thereof. Landlord shall have the same rights and remedies provided herein or by law with respect to Tenant's non-payment of Additional Rent as it has with respect to Tenant's non-payment of Fixed Annual Rent.
- (iii) The term "Applicable Rate" shall mean, at any particular time, the lesser of (x) eight hundred (800) basis points above the Base Rate (as defined below) at such time, and (y) the maximum rate permitted by applicable law at such time.
- (iv) The term "Base Rate" shall mean the rate of interest announced publicly from time to time by JP Morgan Chase Bank, N.A., or its successor, as its "prime lending rate" (or such other term as may be used by JP Morgan Chase Bank, N.A. (or its successor), from time to time, for the rate presently referred to as its "prime lending rate").
- (v) The term "Escalation Rent" shall mean the Additional Rent payable pursuant to Sections 2.C. and 2.D. hereof.
- (vi) The term "Rental" shall mean collectively, Additional Rent and Fixed Annual Rent.
- (vii) The term "Rent Commencement Date" shall mean the date which is the one hundred fiftieth (150th) day following the Commencement Date.

B. Fixed Annual Rent:

- (i) The annual fixed rent for the Premises (the annual fixed rent payable hereunder for the Premises at any particular time being referred to herein as the "Fixed Annual Rent") shall be an amount equal to:
 - (a) Three Hundred Thirty-Six Thousand Four Hundred Forty and 00/100 Dollars (\$336,440.00) per annum for the period commencing on the Commencement Date through and including the day immediately preceding the fourth (4th) anniversary of the Commencement Date (\$28,036.67 per month); it being understood and agreed, that if no Default (as such term is defined in Article 5 hereof) has occurred and is then continuing, the Fixed Annual Rent for the period commencing on the Commencement Date and ending on the day immediately preceding the Rent Commencement Date (such period, the "Free Rent Period") shall be abated; it being expressly acknowledged and agreed however, that Tenant shall continue to be responsible for paying all other Rental (specifically including, without limitation, any and all charges for electricity) without any credit, set off, deduction or reduction during the aforesaid period; and

- (b) Three Hundred Fifty-One Thousand Nine Hundred Sixty-Eight and 00/100 Dollars (\$351,968.00) per annum for the period commencing on the fourth (4th) anniversary of the Commencement Date through and including the Fixed Expiration Date (\$29,330.67 per month per month).

For the avoidance of any doubt, (i) if a Default occurs and is then continuing during the Free Rent Period, (ii) the Lease has not been terminated as contemplated in Section 5.D. hereof, and (iii) Landlord, in Landlord's sole discretion, subsequently elects to accept Tenant's cure of such Default, then in any such event, notwithstanding the Tenant has no right whatsoever to cure any Default under this Lease, the applicable breach shall be deemed to have been cured within the applicable grace period set forth in Article 5 as if Tenant had timely cured the same prior to the occurrence of any such Default; it being expressly understood and agreed that Landlord has no obligation whatsoever to accept any cure of any Default once the same has occurred. Any such election by Landlord shall only pertain to the applicable Default and in no event shall Landlord be deemed to have waived any rights whatsoever with respect to any other defaults arising under this Lease.

- (ii) Tenant shall pay to Landlord Fixed Annual Rent in advance commencing on the Rent Commencement Date (subject to Section 2.B.(i)(a) hereof) and on the first (1st) day of each month thereafter throughout the Term, in equal monthly installments, without notice, credit, set off, deduction, counterclaim or reduction (except to extent otherwise expressly set forth herein).
- (iii) Simultaneously with Tenant's execution hereof, Tenant shall pay to Landlord an amount equal to Twenty-Eight Thousand Thirty-Six and 67/100 Dollars (\$28,036.67), which Landlord shall apply to the Fixed Annual Rent first becoming due hereunder.
- (iv) Should the date on which Tenant is obligated to commence paying Fixed Annual Rent hereunder occur on any day other than the first day of a month, then (i) the Fixed Annual Rent due hereunder for the calendar month during which such date occurs shall be adjusted appropriately based on the number of days in such calendar month and (ii) subject to Section 2.B.(iii) hereof, Tenant shall pay to Landlord such amount (adjusted as aforesaid for such calendar month) on such date. Provided that no Default has occurred and is then continuing, if the Expiration Date is not the last day of a calendar month, then the Fixed Annual Rent due hereunder for the calendar month during which the Expiration Date occurs shall be adjusted appropriately based on the number of days in such calendar month.

C. Operating Expense Escalations:

- (i) Tenant shall pay to Landlord, as Additional Rent, operating expense escalations in accordance with this Section 2.C.
- (ii) The following terms shall have the following meanings:
 - (a) The term "Base Expenses" shall mean the Expenses (defined below) for the Base Expense Year.
 - (b) The term "Base Expense Year" shall mean the calendar year 2020.

- (c) The term “Building Electricity Payment” shall mean shall mean fifty percent (50%) of the Building’s payment to the utility company or companies for the provision, supply and distribution of electricity to the entire Building irrespective of the actual allocation of electric service between leasable space and other portions of the Building and Building systems.
 - (d) The term “Comparative Year” shall mean each calendar year commencing on or after January 1, 2021, in which occurs any part of the Term.
 - (e) The term “Expenses” shall mean the total of all costs and expenses paid, incurred or borne by or on behalf of Landlord in insuring, maintaining, repairing, managing and operating the Real Property and providing services therein; it being understood that Expenses shall include, without limitation, the Building Electricity Payment and management fees to the extent such management fees are reasonably consistent with rates then customarily charged for building management for buildings of like class and character. Expenses shall exclude or have deducted from them, as the case may be and as shall be appropriate the Standard Expense Exclusions (as hereinafter defined).
 - (f) The “Expense Statement” shall mean a statement in writing issued by Landlord or the Building’s managing agent from time to time during the Term, setting forth the amount payable by Tenant for a specified Comparative Year pursuant to Section 2.C.(v) below.
 - (g) The term “Standard Expense Exclusions” shall have the meaning set forth on Exhibit “B” attached hereto and made a part hereof.
 - (h) The term “Tenant’s Expense Share” shall mean forty-one hundredths percent (0.41%) which represents a fraction, the numerator of which is the rentable square foot area of the Premises (5,176) and the denominator of which is the rentable square foot area of the Building excluding the retail portion thereof (1,259,736) as of the date hereof.
- (iii) If (i) Landlord makes an improvement to the Building or the land upon which the Building is constructed, or a replacement of equipment at the Building or the land upon which the Building is constructed, in either case, in connection with the maintenance, repair, management or operation thereof, (ii) generally accepted accounting principles (“GAAP”) require Landlord to capitalize the cost of such improvement or such replacement, and (iii) such improvement or replacement is made (a) to comply with a Requirement, (b) in lieu of repairs, or (c) for the purpose of saving or reducing Expenses (such as, for example, an improvement that reduces labor costs or an improvement that saves energy costs), then Landlord shall have the right to include in Expenses the amount that amortizes the cost of such improvement or such replacement, together with interest on the unamortized portion thereof that is calculated at the Base Rate from the time of Landlord’s having incurred said expenditure, in equal annual installments over the shorter of (x) the useful life of such improvement or such equipment as determined in accordance with GAAP, (y) 10 years, or (z) the Payback Period (as defined below) (in any case, until the cost of such improvement or such equipment is amortized fully); provided, however, that for any such improvement or replacement that Landlord makes in lieu of a repair (and that Landlord does not make to comply with a Requirement or for the purpose of saving or reducing Expenses), the aforesaid amount that Landlord includes in Base Expenses or any particular Comparative Year shall not exceed the cost of the repairs that Landlord would have otherwise made if Landlord did not make such improvement or replacement, as reasonably estimated by Landlord. Notwithstanding anything to the contrary contained in this Lease, Landlord shall have the right, in Landlord’s sole discretion, to exclude from Expenses the costs of certain non-recurring capital expenditures and/or the costs of certain non-recurring repairs (including the then remaining unamortized costs of any such non-recurring expenditure or repair incurred prior to the Term) which Landlord would otherwise have the right to include in Expenses pursuant to the terms of this Article 2; it being understood and agreed, however, that if Landlord elects to exclude any such costs, the same shall be excluded from the Base Expense Year and any subsequent Comparative Years occurring during the Term. As used herein, the term “Payback Period” means the length of time (expressed in months) obtained by multiplying (x) the quotient of (i) the aggregate costs of any such capital improvement, divided by (ii) the Projected Annual Savings, times (y) twelve (12). By way of example: if the aggregate costs of such capital improvement are \$2,000,000 and the Projected Annual Savings are \$500,000, then the simple payback period for such capital improvement is forty-eight (48) months. The term “Projected Annual Savings” means the anticipated or estimated average annual savings (whether or not actually realized) in Expenses (subject to reasonable assumptions and qualifications of the Building’s operating costs (such as utility costs, steam costs, etc.), determined using commonly applied engineering methods by an independent engineer selected by Landlord.

- (iv) If during all or part of the Base Expense Year or any Comparative Year, Landlord shall not furnish any particular item(s) of work or service (which would constitute an Expense hereunder) to portions of the Building due to the fact that such portions are not occupied or leased, or because such item of work or service is not required or desired by the tenant of such portion, or such tenant is itself obtaining and providing such item of work or service, or for other reasons, then, for the purposes of computing the Additional Rent payable under this Section 2.C, the amount of the Base Expenses and/or the Expenses for any such Comparative Year, as applicable, shall be increased by an amount equal to the Expenses which would reasonably have been incurred during such period by Landlord if it had at its own expense furnished such item of work or services that had not been provided to such portion of the Real Property; it being understood and agreed that if Landlord increases the Expenses for a particular Comparative Year as contemplated herein, Landlord shall also increase the Base Expenses by such amount.
- (v) Tenant shall pay the Expense Payment (as hereinafter defined) to Landlord as Additional Rent in accordance with the terms of this Section 2.C.(v). The term "Expense Payment" shall mean an amount equal to the product obtained by multiplying (A) the excess (if any) of (i) the Expenses for such Comparative Year, over (ii) the Base Expenses, by (B) Tenant's Expense Share. Landlord shall have the right to give a statement to Tenant from time to time pursuant to which Landlord sets forth Landlord's good faith estimate of the Expense Payment for a particular Comparative Year (any such statement that Landlord gives to Tenant being referred to herein as a "Prospective Expense Statement"; one-twelfth (1/12th) of the Expense Payment shown on a Prospective Expense Statement being referred to herein as the "Monthly Expense Payment Amount"). If Landlord gives to Tenant a Prospective Expense Statement, Tenant shall pay to Landlord, as Additional Rent, on account of the Expense Payment due hereunder for such Comparative Year, the Monthly Expense Payment Amount, on the first (1st) day of each subsequent calendar month for the remainder of such Comparative Year (without Landlord being required to send any further notice thereof), unless and until a new adjustment of the Expense Payment becomes effective pursuant to the provisions of this Section 2.C.(v) based upon Landlord's issuance of an updated Expense Statement. Tenant shall pay the Monthly Expense Payment Amount in the same manner as the monthly installments of the Fixed Annual Rent hereunder. If Landlord gives Tenant a Prospective Expense Statement after the first (1st) day of the applicable Comparative Year to which it relates, then Tenant shall also pay to Landlord, within thirty (30) days after the date that Landlord gives the Prospective Expense Statement to Tenant, an amount equal to the excess of (I) the product obtained by multiplying (x) the Monthly Expense Payment Amount, by (y) the number of calendar months that have theretofore elapsed during such Comparative Year, over (II) the aggregate amount theretofore paid by Tenant to Landlord on account of the Expense Payment for such Comparative Year.

(vi) Following the expiration of the Base Expense Year and each Comparative Year, Landlord shall submit to Tenant an Expense Statement setting forth the Base Expenses, and the Expense Payment, if any, due to Landlord from Tenant for such Comparative Year under this Section 2.C (i.e., a true-up statement). Within thirty (30) days after Landlord's rendering of such Expense Statement, Tenant shall pay to Landlord as part of the Expense Payment for the Comparative Year to which such Expense Statement relates, an amount equal to the excess (if any) of the Expense Payment for such Comparative Year, as set forth in the Expense Statement, over the Expense Payment previously collected from Tenant for such Comparative Year pursuant to the terms of this Section 2.C. Provided that no Default has occurred and is then continuing, if the Expense Payment for any Comparative Year, as set forth in the true-up statement, shall be less than the amount of the Expense Payment previously paid by Tenant pursuant to this Section 2.C for such Comparative Year, the difference shall be credited against amounts thereafter payable by Tenant pursuant to this Section 2.C. If (x) Tenant is entitled to a credit pursuant to this subparagraph (vi), and (y) the Expiration Date occurs prior to the date that such credit is exhausted, then Landlord shall pay to Tenant the unused portion of such credit (less any amounts that may then remain due and payable pursuant to the terms of this Lease) on or prior to the thirtieth (30th) day after the Expiration Date (and Landlord's obligation to make such payment shall survive the Expiration Date). Notwithstanding the foregoing to the contrary, Landlord shall have no obligation to credit or refund to Tenant any amounts paid hereunder which were paid by or on behalf of a Person other than Tenant (i.e. a predecessor tenant under this Lease).

(vii)

(a) Any Expense Statement that Landlord gives to Tenant shall be binding upon Tenant conclusively unless, within thirty (30) days after the date that Landlord gives Tenant such Expense Statement, Tenant gives a notice (an "Audit Notice") to Landlord objecting to such Expense Statement which notice shall specify the particular respects in which Tenant objects to such Expense Statement. Tenant's right to give an Audit Notice (and conduct the audit contemplated by this subparagraph 2.C.(vii)) shall survive the Expiration Date (to the extent that the Expiration Date occurs earlier than the thirtieth (30th) day after the date that Landlord gives the applicable Expense Statement to Tenant). Tenant shall have the right to audit the Base Expenses as contemplated by this subparagraph 2.C.(vii) only after receiving the Expense Statement for the first Comparative Year following the Base Expense Year that sets forth the Base Expenses, and, accordingly, once Tenant's right to so audit the Base Expenses lapses, Tenant shall not have the right to thereafter audit the Base Expenses, notwithstanding that the Base Expenses are included in the calculation of the Expense Payment for Comparative Years. If Tenant gives an Audit Notice to Landlord, then, subject to the terms of this subparagraph 2.C.(vii), Tenant may examine Landlord's books and records relating to such Expense Statement to determine the accuracy thereof, provided that (x) Tenant commences such audit within thirty (30) days following the date Tenant gives Landlord an Audit Notice and (y) such audit is completed within sixty (60) days following the date Tenant gives Landlord an Audit Notice. Time shall be of the essence with respect to all time periods set forth in this Section 2.C.(vii). Tenant may perform such examination on reasonable advance notice to Landlord, at reasonable times, in Landlord's office or, at Landlord's option, at the office of Landlord's managing agent or accountants; it being expressly understood that Tenant shall not be permitted to copy, reproduce or otherwise transcribe any portion of Landlord's books and records. Tenant shall not have the right to conduct an audit of Landlord's books and records as described in this subparagraph Section 2.C. (vii) during the period that a Default has occurred and is continuing. Tenant shall have the right to conduct such examination using Tenant's own employees. Tenant, in performing such examination, shall also have the right to be accompanied by a certified public accountant from one of the "big-4" firms of certified public accountants (or their successors), or, at Tenant's option, a certified public accountant from a reputable firm that is reasonably acceptable to Landlord; provided, however, that Tenant shall not be entitled to be so accompanied by any certified public accountant unless Tenant and such certified public accountant certify to Landlord in a written instrument that is reasonably satisfactory to Landlord that the compensation being paid by Tenant to such certified public accountant is not conditioned or otherwise contingent (in whole or in part) on the extent of any reduction in the Expense Payment that derives from such examination. Tenant shall not have the right to conduct any such audit unless and until Tenant delivers to Landlord an executed confidentiality agreement, in a form reasonably designated by Landlord, signed by Tenant and Tenant's certified public accountant to which such books and records are proposed to be disclosed, pursuant to which Tenant and such certified public accountants agree to maintain the information obtained from such examination in confidence (subject, however, to the disclosure of the information that Tenant or Tenant's certified public accountant derive from such examination as required by law or to Tenant's counsel or other professional advisors that, in either case, agree to maintain such information in confidence).

(b) If it is determined ultimately that (i) Landlord, in an Expense Statement, overstated the Expense Payment, and (ii) Tenant overpaid the Expense Payment for a particular Comparative Year, then Tenant shall be entitled to credit the amount of such overpayment of the Expense Payment against the Fixed Annual Rent thereafter coming due hereunder. If (x) Tenant is entitled to a credit against Fixed Annual Rent pursuant to this subparagraph (vii)(b), and (y) the Expiration Date occurs prior to the date that such credit is exhausted, then Landlord shall pay to Tenant the unused portion of such credit (less any amounts that may then remain due and payable pursuant to the terms of this Lease) on or prior to the thirtieth (30th) day after the Expiration Date (and Landlord's obligation to make such payment shall survive the Expiration Date).

(c) Pending the resolution of any audit contemplated in this subparagraph (vii), Tenant shall pay the Expense Payment to Landlord in accordance with the Expense Statement furnished by Landlord.

D. Tax Escalation. Tenant shall pay to Landlord, as Additional Rent, tax escalation in accordance with this Section 2.D.

(i) For the purposes of this Section 2.D, the following definitions shall apply:

(a) The term "Base Year Taxes" shall mean the Real Estate Taxes for the Base Tax Year.

(b) The term "Base Tax Year" shall mean the Tax Year commencing on July 1, 2019 and ending on June 30, 2020.

(c) The term "Comparative Tax Year" shall mean each Tax Year commencing on or after July 1, 2020 (or such other twelve (12) month period commencing on or after July 1, 2020 adopted by the City of New York as its fiscal Tax Year).

(d) The term "Comparative Year Taxes" shall mean the Real Estate Taxes for the Comparative Tax Year.

(e) The term "Excluded Amounts" shall mean (w) any taxes imposed on Landlord's income, (x) franchise, estate, inheritance, capital stock, excise, excess profits, gift, payroll or stamp taxes imposed on Landlord, (y) any transfer taxes or mortgage taxes that are imposed on Landlord in connection with the conveyance of the Real Property or granting or recording a mortgage lien thereon, and (z) any other similar taxes imposed on Landlord.

(f) The term “Real Estate Taxes” shall mean the total of all taxes, fees and special or other assessments levied, assessed or imposed at any time by any Governmental Authority upon or against the Real Property (including, without limitation, any taxes, fees and assessments that are levied based on the use of water or energy by Landlord and/or the Building). Notwithstanding the foregoing, Real Estate Taxes shall be calculated without taking into account (i) any discount that Landlord receives by virtue of any early payment of Real Estate Taxes, (ii) any penalties or interest that the applicable Governmental Authority imposes for the late payment of such real estate taxes or assessments or (iii) any Excluded Amounts. For the avoidance of doubt, Real Estate Taxes shall be calculated taking into account any abatement, exemption or deferral or credit of Real Estate Taxes to which the Real Property is entitled to. If because of any change in the taxation of real estate or in the taxing authority, or for any other reason, any other tax or assessment, however denominated (including, without limitation, any franchise, income, profits, sales, use, occupancy, gross receipts or rental tax), is imposed upon the Real Property, the owner thereof, or the occupancy, rents or income derived therefrom, in substitution in whole or in part for the Real Estate Taxes, or in lieu of additions to or increases of said Real Estate Taxes (whether or not the enabling legislation states that such tax is in substitution in whole or in part for the Real Estate Taxes, or in lieu of additions to or increases of said Real Estate Taxes), then such other tax or assessment to the extent substituted shall be included within the definition of Real Estate Taxes for the purposes hereof. As to special assessments which are payable over a period of time extending beyond the Term, only a pro rata portion thereof covering the portion of the Term unexpired at the time of the imposition of such assessment, shall be included in Real Estate Taxes. If by law, any assessment may be paid in installments, then, for the purposes hereof (i) such assessment shall be deemed to have been payable in the maximum number of installments permitted by law and (ii) there shall be included in Real Estate Taxes, for each Comparative Tax Year in which such installments may be paid, the installments of such assessment so becoming payable during such Comparative Tax Year, together with interest payable during such Comparative Tax Year in respect of any such installment.

(g) The term “Tax Payment” shall mean, with respect to any Comparative Tax Year, the product obtained by multiplying (i) the excess of (A) the applicable Comparative Year Taxes, over (B) the Base Year Taxes, by (ii) Tenant’s Tax Share.

(h) The term “Tax Year” means each period from July 1 through June 30 (or such other period as hereinafter may be duly adopted by the Governmental Authority then imposing Real Estate Taxes as its fiscal year for real estate tax purposes).

(i) The term “Tenant’s Tax Share” shall mean thirty-nine hundredths percent (0.39%) which represents a fraction, the numerator of which is the rentable square foot area of the Premises (5,176) and the denominator of which is the rentable square foot area of the Building (1,331,653) as of the date hereof.

(ii)

(a) Subject to the terms of this Section 2.D., Tenant shall pay the Tax Payment to Landlord, as Additional Rent. Before or after the start of each Comparative Tax Year, Landlord shall furnish to Tenant a statement of the Comparative Year Taxes, and a statement of the Base Year Taxes. If the Comparative Year Taxes exceed the Base Year Taxes, an amount equal to the Tax Payment shall be due from Tenant to Landlord, and such Additional Rent shall be payable by Tenant to Landlord in equal monthly installments each equal to one-twelfth (1/12th) of the Tax Payment, each payable with the monthly installment of Fixed Annual Rent. If such statement is tendered to Tenant after the commencement of any Comparative Tax Year, Tenant shall pay to Landlord within thirty (30) days after such statement is tendered, a lump sum equal to the product resulting from multiplying the Tax Payment, by a fraction the numerator of which is the number of full and partial months elapsed from the commencement of the relevant Comparative Tax Year and the denominator of which is twelve (12). Thereafter, Tenant shall commence paying the monthly installments of the Tax Payment with the next installment of Fixed Annual Rent next due and continue paying the same on a monthly basis in accordance with the terms hereof until a subsequent statement with respect thereto is rendered by Landlord.

(b) Should the Base Year Taxes be reduced by final determination of legal or administrative proceedings, settlement or otherwise, then the Base Year Taxes shall be correspondingly revised, the Additional Rent theretofore paid or payable hereunder for all Comparative Tax Years shall be recomputed on the basis of such reduction, and Tenant shall pay to Landlord as Additional Rent, within thirty (30) days after being billed therefor, any deficiency between the amount of such Additional Rent as theretofore computed and the amount thereof due as the result of such recomputations.

(c) If Tenant shall have made a payment of Additional Rent under this Section 2.D and Landlord shall receive during the Term a refund of any portion of the Real Estate Taxes paid for any Comparative Tax Year after the Base Tax Year on which such payment of Additional Rent shall have been based, as a result of a reduction of such Real Estate Taxes by final determination of legal proceedings, settlement or otherwise, Landlord shall, promptly after receiving the refund, credit to Tenant, Tenant's Tax Share of the refund less Tenant's Tax Share of expenses (including reasonable attorneys', consultants' and appraisers' fees) incurred by Landlord in connection with any such application, settlement, negotiation or proceeding (unless previously included in Real Estate Taxes for the Comparative Tax Year to which such expenses relate). If prior to the payment of taxes for any Comparative Tax Year, Landlord shall have obtained a reduction of that Comparative Tax Year's assessed valuation of the Real Property, and therefore of said taxes, then the Real Estate Taxes for that Comparative Tax Year shall be deemed to include the amount of Landlord's expenses in obtaining such reduction in assessed valuation, including reasonable attorneys', consultants' and appraisers' fees. If (i) Tenant is entitled to a credit pursuant to this subparagraph (c), and (ii) the Expiration Date occurs prior to the date that such credit is exhausted, then Landlord shall pay to Tenant the unused portion of such credit (less any amounts that may then remain due and payable pursuant to the terms of this Lease) on or prior to the thirtieth (30th) day after the Expiration Date (and Landlord's obligation to make such payment shall survive the Expiration Date). Notwithstanding the foregoing to the contrary, Landlord shall have no obligation to credit or refund to Tenant any amounts paid hereunder which were paid by or on behalf of a Person other than Tenant (i.e. a predecessor tenant under this Lease).

(d) Additionally, Tenant shall pay to Landlord, on demand, a sum equal to Tenant's Tax Share of any business improvement district assessment (whether currently existing or established at any time hereafter) payable with respect to or imposed upon Landlord and/or the Real Property in any year.

(iii) Tenant hereby agrees to comply and cooperate with Landlord's efforts, if any, to obtain any current or future tax incentive benefits, exemptions or abatements which Landlord may now or hereafter be entitled to at law or otherwise.

E. No Right to Apply Security: Tenant shall not have the right to apply any security deposited to assure Tenant's faithful performance of Tenant's obligation hereunder to the payment of any installment of Fixed Annual Rent or Additional Rent.

F. No Reduction in Fixed Annual Rent, Etc.: In no event shall the Fixed Annual Rent under this Lease be reduced by virtue of any decrease in the amount of any Additional Rent payment under this Article or any other provision of this Lease.

G. Failure to Pay Rental in Full: If Landlord receives from Tenant any payment less than the total Rental then due and owing pursuant to this Lease, Tenant hereby waives its right, if any, to designate the items to which such payment shall be applied and agrees that Landlord in its sole discretion may apply such payment in whole or in part to any Fixed Annual Rent, Escalation Rent, or any other item of Rental payable hereunder or to any combination thereof then due and payable hereunder; it being understood and agreed that the foregoing shall not limit or impair Landlord's rights or remedies in the event of any Default.

H. Payment of Rental by Another Person: Unless Landlord shall otherwise expressly agree in writing, acceptance of any portion of the Rental from any Person other than Tenant shall not relieve Tenant of any of its other obligations under this Lease, including the obligation to pay other Rental, and Landlord shall have the right at any time, upon notice to Tenant, to require Tenant (rather than someone other than Tenant) to pay the Rental payable hereunder directly to Landlord. Furthermore, such acceptance of Rental shall not be deemed to constitute an assignment of this Lease, a subletting of the Premises or Landlord's consent to an assignment of this Lease or a subletting or other occupancy of the Premises by any Person other than Tenant, nor a waiver of any of Landlord's rights or Tenant's obligations under this Lease.

I. Partial Comparative Year: If the Commencement Date shall occur during a Comparative Year or a Comparative Tax Year commencing prior to the Term, then the Additional Rent due under any paragraph of this Article 2 for such first Comparative Year or Comparative Tax Year (as the case may be) shall be prorated based upon the length of time that the Term will be in existence during such first Comparative Year or Comparative Tax Year[, as the case may be. Subject to the provisions of Article 6 hereof, if the Expiration Date is not the last day of a Comparative Tax Year or the last day of a Comparative Year, then upon the Expiration Date, the Additional Rent due under any paragraph of this Article 2 shall be prorated based upon the length of time that the Term will be in existence during such Comparative Year or Comparative Tax Year, as the case may be and such prorated amount shall immediately become due and payable by Tenant to Landlord, if it was not theretofore already billed and paid. Landlord shall, as soon as reasonably practicable, compute the Additional Rent due from Tenant, as aforesaid, which computations shall either be based on the particular Comparative Year's or Comparative Tax Year's actual figures or be estimated based upon the most recent statements theretofore prepared by Landlord and furnished to Tenant as may be required under any paragraph in this Article. If an estimate is used, then Landlord shall cause statements to be prepared on the basis of the particular Comparative Year's or Comparative Tax Year's actual figures promptly after they are available, and thereupon, Landlord and Tenant shall make appropriate adjustments of any estimated payments theretofore made.

3. **ELECTRICITY**

A. Subject to the terms hereof, the parties agree that electricity distribution to the Premises shall be on a "submetering" basis.

B. INTENTIONALLY DELETED.

C. **Submetering:**

(i) For the purposes of this Section 3.C., the following definitions shall apply:

(a) "Landlord's Cost" for redistributed electricity means the product of (1) Landlord's Cost Rates for the relevant Utility Billing Period multiplied by (2) Tenant's electricity consumption (i.e., energy and demand) based on the meter readings referred to below.

(b) "Landlord's Cost Rates" means the sum of "Landlord's Electricity Consumption Cost" and "Landlord's Electricity Demand Cost".

(c) "Landlord's Electricity Consumption," for any given Utility Billing Period means the number of kilowatt-hours of electricity consumed in and for the Building (including common areas, tenantable areas and mechanical areas) during said Utility Billing Period, as indicated on the applicable utility bills.

(d) "Landlord's Electricity Consumption Cost," (Landlord's cost per KWH) for any given Utility Billing Period means the amount arrived at by dividing (x) Landlord's KWH cost, as imposed by the utility company (inclusive of any taxes, including any taxes included in the computation of said utility bills) for Landlord's Electricity Consumption for said Utility Billing Period, inclusive of any fuel adjustments or rate adjustments contained in said utility bill allocable to Landlord's Electricity Consumption, by (y) Landlord's Electricity Consumption (KWH) as indicated on said bills.

(e) "Landlord's Electricity Demand" for any given Utility Billing Period means the number of kilowatts of electricity demanded in and for the Building (including, without limitation, common areas, tenantable areas and mechanical areas) during said Utility Billing Period, as indicated on the applicable utility bill.

(f) "Landlord's Electricity Demand Cost" (Landlord's Cost per KW) for any given Utility Billing Period means the amount arrived at by dividing (x) Landlord's KW cost, as imposed by the utility company (inclusive of any taxes, including any taxes included in the computation of said utility bill) for Landlord's Electricity Demand for said Utility Billing Period, inclusive of any rate adjustments allocable to Landlord's Electricity Demand (provided that same have not been included in the computation of Landlord's Electricity Consumption Cost), by (y) Landlord's Electricity Demand (KW) as indicated on said bill.

(g) "Utility Billing Period" means the respective period of electricity consumption and demand for which Landlord is charged on each successive bill from the utility company furnishing electricity to the Building.

(ii) If and so long as Landlord provides electricity to the Premises (with Landlord providing an average connected load of four (4) watts of electricity per usable square foot of the Premises (the "Maximum Capacity"), which shall be the maximum electric service Landlord shall be obligated to redistribute to the Premises) on a submetering basis, Tenant covenants and agrees to purchase the same from Landlord or Landlord's designated agent at Landlord's Cost plus eight percent (8%) thereof. Where more than one meter measures the service of Tenant in the Building, the KWH and KW recorded by each meter shall be added and the aggregate shall be billed as if measured by a single meter. Bills therefor shall be rendered at such times as Landlord may elect and the amount, as computed from a meter or meters and determined by a reputable electrical consultant, selected by Landlord ("Landlord's Electrical Consultant") in accordance with this Article 3, shall be deemed to be, and be paid as, Additional Rent. For purposes of determining Landlord's Electricity Consumption Cost and Landlord's Electricity Demand Cost, each amount appearing on any utility bill for demand, energy, fuel or rate adjustments shall be taken into account (where it cannot be determined from the utility bill whether such amount relates to consumption or to demand, it shall be deemed to relate to demand). If any submeter shall measure Tenant and any other tenant's consumption of electricity, the cost of all such electricity consumption shall be allocated among Tenant and all other tenants whose electricity consumption is being measured by such submeter based upon the ratio of rentable square feet (as measured using the same methodology as used to calculate the rentable square feet in the Premises for the purposes of this Lease) in each of the Premises and those portions of such other tenants' premises served by such submeter bears to the total number of rentable square feet served by such submeter.

(iii) If the submeter or submeters to measure Tenant's KW and KWH has not or have not been installed, connected and/or is not or are not yet functioning, Tenant shall pay for the distribution of electric power and use of Landlord's facilities to provide electrical power to the Premises, a charge equal to the amount that results from (a) multiplying One and 50/100 Dollars (\$1.50) by the number of rentable square feet within the Premises, (b) dividing such result by 365 and (c) multiplying the result of (b) by the number of days until the date on which the appropriate submeter(s) are installed, connected and functioning; provided, however, that if Tenant fails to connect the applicable submeter or submeters on or prior to the date which is thirty (30) days after the date that Tenant moves into the Premises, the aforesaid amount of One and 50/100 Dollars (\$1.50) shall be increased to Three and 25/100 Dollars (\$3.25) from and after such thirty (30) day period until the submeters are connected.

(iv) Notwithstanding the foregoing to the contrary, as of the date hereof, a submeter or submeters measuring Tenant's demand for and consumption of electricity in Suite 2430 have been installed, connected and are functioning and such submeters exclusively measure Tenant's demand for and consumption of electricity in the Premises.

D. General Conditions:

(i) All determinations (which may be presented or communicated in the form of an invoice, report, survey or letter notification to Tenant) by Landlord's Electrical Consultant shall be binding and conclusive on Tenant from and after the delivery of a copy of each presentation or communication of the relevant determination to Tenant, unless, within fifteen (15) days after delivery thereof, time being of the essence, Tenant notifies Landlord that Tenant disputes such determination (such notice, an "Electricity Dispute Notice"). If Tenant so disputes any such determination, within thirty (30) days following the date Tenant gives Landlord the Electricity Dispute Notice, Tenant shall, at Tenant's own cost and expense, obtain from a reputable, independent electrical consultant Tenant's own determination in accordance with the provisions of this Article 3 and deliver a copy of such determination (showing all calculations, data and describing all assumptions and criteria used to make such determination) to Landlord. Tenant's consultant and Landlord's Electrical Consultant then shall seek to agree on the disputed items set forth in the Electricity Dispute Notice. If they cannot agree within thirty (30) days after the day Tenant gives Landlord Tenant's determination as provided above, Landlord and Tenant shall choose a third reputable electrical consultant, whose cost shall be shared equally by the parties, to make similar determinations that shall be controlling. If Landlord and Tenant cannot agree on such third consultant within ten (10) days, then either party may apply to the Supreme Court in the County of New York for such appointment. TENANT AGREES THAT IF TENANT SHALL FAIL TO DISPUTE WITHIN THE AFORESAID FIFTEEN (15) DAY PERIOD ANY DETERMINATION BY LANDLORD'S ELECTRICAL CONSULTANT OR SHALL FAIL TO COMPLY WITH ANY OTHER TIME PERIOD SET FORTH IN THIS SECTION 3.D (E.G., THE THIRTY (30) DAY PERIOD TO DELIVER TENANT'S OWN DETERMINATION AS AFORESAID), TIME BEING OF THE ESSENCE, TENANT SHALL HAVE IRREVOCABLY AND CONCLUSIVELY WAIVED THE RIGHT TO DISPUTE THE RELEVANT DETERMINATION. THE FACT THAT LANDLORD'S ELECTRICAL CONSULTANT IS OR HAS BEEN EMPLOYED BY OR IS OR HAS BEEN RETAINED BY LANDLORD OR LANDLORD'S AFFILIATES TO PERFORM SERVICES FOR IT OR THEM (AND IRRESPECTIVE OF HOWEVER LONG SUCH RELATIONSHIP MAY HAVE EXISTED), SHALL NOT BE A REASON TO DISPUTE (OR BE A DEFENSE TO) ANY DETERMINATION MADE BY SUCH LANDLORD'S ELECTRICAL CONSULTANT OR DISQUALIFY LANDLORD'S CONSULTANT FROM PERFORMING ANY ACT OR SERVICE CONTEMPLATED BY THIS ARTICLE 3.

(ii) As a condition to Tenant's right to initiate and maintain any such dispute of any such determination, bill or charge made or rendered by or for the benefit of Landlord, Tenant shall pay to Landlord the amount of Additional Rent in accordance with the determinations made by Landlord's Electrical Consultant or pursuant to any other Landlord's bill until any such dispute has been finally determined in accordance with procedures specified in this Section 3.D. If the controlling determinations differ from Landlord's Electrical Consultant or Landlord's bill or charge, then the parties shall promptly make adjustment for any deficiency owed by Tenant or overage paid by Tenant. Notwithstanding anything to the contrary contained herein, Tenant shall not have the right to initiate any dispute hereunder during the period that a monetary default or material non-monetary default has occurred and is continuing.

(iii) Subject to the provisions of this Article 3 and Article 45 hereof, Tenant may, at Tenant's option, purchase from Landlord or its agents all lamps and bulbs used in the Premises; it being understood that regardless of whether Tenant elects to purchase such lamps and bulbs from Landlord or such other provider, Tenant shall pay for any and all costs of installation thereof and any and all such lamps and bulbs shall not exceed the wattage requirements of the existing light fixtures in the Premises. Tenant shall also pay as Additional Rent hereunder all sums incurred by Landlord to install, repair, maintain or replace any meter or sub-meter serving the Premises. If all or part of the submetering Additional Rent payable in accordance with this Article 3 becomes uncollectable or reduced or refunded by virtue of any Requirements, the parties agree that, at Landlord's option, in lieu of submetering Additional Rent, and in consideration of Tenant's use of the Building's electrical distribution system and receipt of redistributed electricity and payment by Landlord of consultants' fees and other redistribution costs, the Fixed Annual Rent shall be increased by an "alternative charge" which shall be an amount equal to the average cost per rentable square foot of the Premises per year, as was paid by Tenant for electricity on a submetered basis during the immediately preceding twelve (12) month period (unless Tenant was not operating its business in the Premises for the duration of the immediately preceding twelve (12) month period, in which case, the aforesaid "alternative charge" shall be an amount equal to the average cost per rentable square foot as was paid for comparable sized office tenants in comparable industries during the immediately preceding twelve (12) months) which amount shall be increased in the same percentage as any increases in the actual cost to Landlord for electricity for the entire Building subsequent thereto because of electric rate or service classification or market price changes, as hereinabove provided. Notwithstanding anything herein set forth to the contrary, Additional Rent under this Article 3 shall commence on the date that Landlord tenders possession of the Premises to Tenant

(iv) Subject to Article 22 and Section 42.G. hereof, Landlord shall not be liable to Tenant for any failure or defect in the supply or character of electricity furnished to the Building, except to the extent that such failure or defect results from Landlord's negligence or willful misconduct. Tenant covenants and agrees that at all times its use of electric current shall never exceed (x) the Maximum Capacity or (y) the capacity of existing feeders to the Building or the risers or wiring installation. Tenant agrees not to connect any additional electrical equipment to the Building electric distribution system which shall increase consumption or demand beyond the Maximum Capacity, and the capacity and rating of the electrical system directly servicing the Premises. The parties acknowledge that they understand that it is anticipated that electric rates, charges, etc., may be changed by virtue of time-of-day rates, or other methods of billing, electricity purchases and the redistribution thereof, and fluctuations in the market price of electricity, and that the references in the foregoing paragraphs to changes in methods of or rules on billing are intended to include any such change. Notwithstanding anything to the contrary contained in this Section 3.D, in no event is the submetering Additional Rent, or any "alternative charge", to be less than an amount equal to the total of Landlord's payments to public utilities and/or others for the electricity consumed by Tenant (and any taxes on Landlord's purchase of the same or on redistribution of same) plus eight percent (8%).

(v) Notwithstanding anything to the contrary contained in this Lease, Landlord reserves the right to terminate the furnishing of electricity on a submetering basis, at any time if and to the extent required by applicable Requirements, in which event Landlord shall notify Tenant thereof and Tenant shall make application directly to the public utility and/or other providers for Tenant's entire separate supply of electric current and Landlord shall permit its wires and conduits, to the extent available and safely capable, to be used for such purpose and only to the extent of Tenant's then authorized connected load. Any meters, risers, or other equipment or connections necessary to enable Tenant to obtain electric current directly from such utility shall be installed at Tenant's sole cost and expense, subject to and in accordance with all applicable provisions of this Lease; it being expressly understood that Landlord shall have no obligations or liability with respect to any such meters, risers, or other equipment or connections. Only rigid conduit or electricity metal tubing (EMT) will be allowed. If Landlord is required by any Requirement to discontinue furnishing electricity to the Premises as contemplated by this Lease, then this Lease shall continue in full force and effect and shall be unaffected thereby, except that from and after the effective date of any such Requirement or such later date that Landlord discontinues providing electricity to Tenant, as the case may be, (x) Landlord shall not be obligated to furnish electricity to the Premises, and (y) Tenant shall not be obligated to pay to Landlord the charges for electricity as described in this Article 3. Landlord shall provide Tenant with notice at least thirty (30) days prior to the effective date of any such Requirement. Landlord shall not discontinue furnishing electricity to the Premises as contemplated by this Section 3.D(v) (to the extent permitted by applicable Requirements) until Tenant obtains electric service directly from the utility company; it being understood, however, that Tenant shall use Tenant's diligent efforts to obtain electricity for the Premises directly from the utility company as contemplated herein.

(vi) Landlord may, from time to time, following the expiration of the twelfth (12th) full month of the Term (but not more frequently than one (1) time in any twelve (12) month period), cause Landlord's Electrical Consultant to determine Tenant's electrical requirements for the Premises over the twelve (12) months immediately preceding each such determination. If Landlord's Electrical Consultant shall determine that Tenant's maximum demand at any time shall not have exceeded the Maximum Capacity (the difference between the Maximum Capacity and such highest demand being the "excess electrical capacity"), then Landlord may, in its sole discretion and at its sole cost and expense, at any time following the thirtieth (30th) day after giving Tenant notice (hereinafter referred to as the "Electric Recapture Notice") of Landlord's intent to do so, reduce the available electric service to the Premises so that the service to be provided shall be not less (but need not be more) than the capacity represented by the highest demand recorded or determined to have been required by Tenant during such twelve (12) month period, unless Tenant shall have objected to such reduction in the manner hereinafter provided within such thirty (30) day period, time being of the essence. The Electric Recapture Notice shall be (a) given not later than six (6) months following the determination of such excess electrical capacity and (b) accompanied by an explanation in reasonable detail of how the determination of such excess electrical capacity was made. Any objection to such reduction of all or any portion of excess electrical capacity shall be in writing specifying in reasonable detail the reasons for such objection, including, without limitation, calculations of Tenant's electrical requirements prepared by a licensed electrical engineer. Any such dispute shall be resolved pursuant to the dispute resolution provisions of Section 3.D.(i) above. If it then shall be determined that excess electrical capacity exists, then Landlord, at Landlord's expense, may then take such steps as it deems appropriate to effect such reduction in electric service. Such reduction may be effected by Landlord replacing or otherwise changing any component of the electrical system serving the Premises. From and after the date of such reduction, the Maximum Capacity shall be deemed reduced by the excess electrical capacity for all purposes of this Lease; provided, however, that if Tenant subsequently demonstrates to Landlord's reasonable satisfaction (as evidenced by a load letter on Landlord's standard form thereof prepared by an electrical consultant reasonably acceptable to Landlord) that it requires electrical capacity in excess of that then being provided by Landlord to Tenant, then Landlord, at Landlord's sole cost and expenses, shall again make available to Tenant the additional electricity demonstrated by Tenant to be required by it, subject, however, to the Maximum Capacity that Landlord has agreed to provide pursuant to this Article 3. Tenant acknowledges that the purpose of this subsection (vi) is to foster conservation of electric consumption in the Building and to reserve electric capacity in the Building for future planning and leasing and that Landlord's recapturing such excess capacity is a reasonable means to accomplish such goals. Notwithstanding anything contained herein to the contrary, if at any time the electrical service available to the Premises shall exceed the Maximum Capacity, Landlord may at any time (without being subject to dispute and irrespective of Tenant's actual use or peak demand) reduce the electric service available to the Premises, provided that the electric service shall not be less than the Maximum Capacity. If such required electric service shall also result in excess electrical capacity, Landlord may further reduce such electric service pursuant to the terms of the preceding provisions of this subsection (vi). Nothing contained in this Section 3.D.(vi) (including, without limitation, references herein to excess electrical capacity) shall be construed to grant Tenant permission or any rights to use any electrical capacity in excess of the Maximum Capacity.

(vii) Tenant acknowledges that amounts payable pursuant to this Article 3 are not intended merely to reimburse Landlord for Landlord's actual costs.

(viii) Notwithstanding anything herein set forth to the contrary, if permitted by Requirements, Landlord may (x) contract separately with one or more other providers to provide one or more of the component services which together make up the entire package of electric service (e.g., transmission, generation, distribution and ancillary services) to the Building or (y) make other arrangements to transmit, generate and/or distribute electricity to satisfy all or a portion of the requirements of the Building (any such other provider or Landlord (or Landlord's designee), if Landlord makes such arrangements, as the case may be, is hereinafter referred to as an "Alternative Service Provider"); provided, however, that in either event, (i) the charges imposed by such Alternative Service Provider shall be included in the calculation of Landlord's Electricity Consumption Cost and Landlord's Electricity Demand Cost to the extent that such charges do not exceed the charges that Landlord would have otherwise incurred if Landlord had made arrangements to satisfy all of the Building's electrical requirements from a local electrical energy distribution company and a competitive energy provider (such costs that Landlord would have otherwise incurred "Market Electricity Costs"); it being understood and agreed, however that to the extent such Alternative Service Provider reduces Landlord's Cost below Market Electricity Costs, Landlord shall have the right to bill Tenant and Tenant shall continue to pay to Landlord, the Market Electricity Costs, i.e., Landlord shall have no obligation to pass through such savings to Tenant pursuant to this Article 3 and (ii) references throughout this Lease to "utility company" or the "public utility" shall be deemed to refer to such Alternative Service Provider. If Landlord elects to contract with another Alternative Service Provider, Tenant shall cooperate with Landlord and each such Alternative Service Provider to effect any change to the method or means of providing and distributing electricity service to the Premises or any other portion of the Building by reason of such change in the provision of electricity. Such cooperation shall include but not be limited to providing Landlord or any such Alternative Service Provider and either of their respective designees access to the Premises and to all wiring, conduit, lines, feeders, cable, electricity panel boxes and any other component of the electrical distribution system within or adjacent to the Premises. Subject to Article 22 and Section 42.G. hereof, Landlord shall not be liable to Tenant for any loss or damage or expense which Tenant may sustain or incur if such change shall interfere with Tenant's business except to the extent that loss or damage or expense results from Landlord's negligence or willful misconduct, nor shall any such interference, change, interruption, constitute an actual or constructive eviction of Tenant.

(ix) Landlord reserves the right to install a separate submeter or submeter(s) on any high electrical load consuming equipment (e.g. heavy server loads connected to an uninterrupted power supply) to separately measure Tenant's demand for and consumption of electricity in connection therewith; it being understood, that if any such separate submeter is required, Landlord shall notify Tenant thereof and thereafter, Landlord shall install the same, at Tenant's sole cost and expense, and Tenant shall reimburse Landlord for all of Landlord's actual out-of-pocket costs incurred in connection therewith within thirty (30) days following receipt of Landlord's invoice therefor. For the avoidance of any doubt, Tenant shall continue to pay for Tenant's demand for and consumption of electricity in connection with any such high electrical load consuming equipment as contemplated in Section 3.C. hereof.

4. ASSIGNMENT AND SUBLETTING

A. Tenant, for itself, its heirs, distributees, executors, administrators, legal representatives, successors and assigns, expressly covenants that it shall not assign, mortgage or encumber this Lease, nor underlet, or suffer or permit the Premises or any part thereof to be used or occupied by others, without the prior written consent of Landlord in each instance, which consent Landlord may withhold for any or no reason whatsoever, subject however, to the provisions of Sections 4.D. hereof and the other provisions of this Article 4. Subject to Section 4.H. hereof, the direct or indirect transfer of the beneficial or record ownership of (i) a majority of the issued and outstanding capital stock of any corporate tenant or subtenant of this Lease or (ii) a majority of the total equity or voting interests or rights in any partnership or limited liability company tenant or subtenant or any other form of entity or organization, however accomplished, and whether in a single transaction or in a series of related or unrelated transactions, or the conversion of a tenant or subtenant entity to another form of entity, including, without limitation, a limited liability company or a limited liability partnership, or any transfer of Control (as hereinafter defined) of any entity shall, in each case, be deemed an assignment of this Lease or of such sublease. Notwithstanding the foregoing to the contrary, the transfer of outstanding capital stock of any corporate tenant, for purposes of this Article, shall not include any sale of such stock effected through the "over-the-counter market" or through any recognized stock exchange by persons other than those deemed "insiders" within the meaning of the Securities Exchange Act of 1934 as amended. Subject to Section 4.I hereof, the merger or consolidation of a tenant or subtenant, whether a corporation, partnership, limited liability company or other form of entity or organization, shall be deemed an assignment of this Lease or of such sublease. If this Lease be assigned, or if the Premises or any part thereof be underlet or occupied by anybody other than Tenant, Landlord may, after default by Tenant, collect rent from the assignee, undertenant or occupant, and apply the net amount collected to the Rental herein reserved, but no assignment, underletting, occupancy or collection shall be deemed a waiver of the provisions hereof, the acceptance of the assignee, undertenant or occupant as tenant, or a release of Tenant from the further performance by Tenant of covenants on the part of Tenant herein contained. Any agreement pursuant to which (x) Tenant is relieved from the obligation to pay, or a third party agrees to pay on Tenant's behalf, all or a part of the Fixed Annual Rent or Additional Rent under this Lease, and/or (y) such third party undertakes or is granted any right to assign or attempt to assign this Lease or sublet or attempt to sublet all or any portion of the Premises, shall be deemed an assignment of this Lease or a sublease, as applicable, which shall be subject to the provisions of this Article 4. The consent by Landlord to an assignment or underletting shall not in any way be construed to relieve Tenant from obtaining the express consent in writing of Landlord to any further assignment or underletting. In no event shall any permitted subtenant assign or encumber its sublease or further sublet all or any portion of its sublet space, or otherwise suffer or permit the sublet space or any part thereof to be used or occupied by others, without Landlord's prior written consent in each instance. A modification, amendment or extension of a sublease shall be deemed a sublease. No assignment or subletting shall be made by the legal representatives of Tenant or by any person to whom Tenant's interest under this Lease passes by operation of law, except in compliance with the provisions of this Article 4. For the purposes of this Article, an "interest" shall mean an estate, license, easement, use, profit or other claim with respect to real property or a right to participate, directly or indirectly, through one or more intermediaries, nominees, trustees or agents, in the decision making respecting any entity or other organization or any of the profits, losses, dividends, distributions, income, gain, losses or capital of any entity or other organization.

B.

(i) Except as otherwise expressly set forth in Sections 4.F, G, H and I hereof, if Tenant desires to assign this Lease or to sublet all or any portion of the Premises, it shall first submit in writing to Landlord the documents described in Section 4.C below, and shall offer in writing, (a) with respect to a prospective assignment, to assign this Lease to Landlord (or its designee) without any payment of moneys or other consideration therefor except as provided herein, or, (b) with respect to a prospective subletting, to sublet to Landlord (or its designee) the portion of the Premises involved (hereinafter referred to as the "Leaseback Area") for the term specified by Tenant in its proposed sublease (subject to the last sentence of this Section 4.B. (i)), and at the lesser of (x) Tenant's proposed sublease rental (including provisions relating to escalation rents) and (y) the Fixed Annual Rent and Escalation Rent payable under this Lease, and in each case, on the same terms, covenants and conditions, as are contained herein and as are allocable and applicable to the portion of the Premises to be covered by such subletting. The offer shall specify the date when the Leaseback Area will be made available to Landlord (or its designee), which date shall be in no event earlier than ninety (90) days nor later than one hundred eighty (180) days following the acceptance of the offer. If an offer of sublease is made, and if the proposed sublease term expires during the last twelve (12) months of the Term, Landlord shall have the right to extend the term of the proposed sublease through the day immediately preceding the Fixed Expiration Date.

(ii) Landlord shall have a period of thirty (30) days from the receipt of such offer to either accept or reject the same; it being understood and agreed, however, that the aforesaid time period shall not commence unless and until Landlord has received all documents and information required under Section 4.C. below. If Landlord shall accept such offer (a) Tenant shall then execute and deliver to Landlord, or to anyone designated or named by Landlord, an assignment or sublease, as the case may be, in either case in a form reasonably satisfactory to Landlord's counsel, and which is subject to the terms of Section 4.B.(iii) hereof and (b) Tenant, on demand, shall pay to Landlord or its managing agent (as Landlord shall elect) an amount equal to all of the costs (including, without limitation, the free rent, the brokerage commissions, and any work costs or work contributions) which would have been incurred by Tenant in connection with the proposed transfer but for Landlord's acceptance of such offer.

(iii) If a sublease with Landlord or its designee is so made it shall expressly:

(a) permit Landlord or its designee, at Landlord's option, to make further subleases of all or any part of the Leaseback Area and to make and authorize any and all changes, alterations, installations and improvements in such space as necessary or desirable, including, without limitation, the changes, alterations, installations and improvements if any, that the proposed sublease contemplated would be made to prepare the Premises (or the applicable portion thereof involved in the proposed sublease) for the transferee's initial occupancy or otherwise (such changes, alterations, installations and improvements contemplated in the proposed sublease, the "Proposed Sublease Alterations");

(b) provide that Tenant will at all times permit reasonably appropriate means of ingress to and egress from the Leaseback Area;

(c) negate any intention that the estate created under such sublease be merged with any other estate held by either of the parties;

(d) provide that Landlord (or its designee) shall accept the Leaseback Area "as is" except that Landlord (or its designee), at Tenant's expense, shall perform all such work and make all such Alterations (as hereinafter defined) as may be required to physically separate the Leaseback Area from the remainder of the Premises (including, without limitation, separation of building systems and associated wiring, duct work and piping) and to permit lawful occupancy unless Tenant otherwise pays Landlord for the cost of such work, as contemplated in Section 4.B.(ii) hereof, in which event Landlord shall perform such work, at Landlord's own cost and expense, and

(e) provide that at the expiration of the term of such sublease, Tenant will accept the Leaseback Area in its then existing condition "as-is", casualty and ordinary wear and tear excepted and subject to the obligations of Landlord (or its designee) to restore only those changes, alterations, installations and improvements other than the Proposed Sublease Alterations, if any, made by Landlord or its designee; it being expressly understood that subject to and in accordance with the provisions of Article 8 hereof, Tenant shall, at Tenant's sole cost and expense, remove any Proposed Sublease Alterations that Landlord or its designee elected to perform together with any and all demising walls erected in the Premises to separately demise the Leaseback Area and repair and restore in good and workmanlike manner any damage to the Premises and/or the Building caused by such removal.

(iv) Subject to the foregoing, performance by Landlord, or its designee, under a sublease of the Leaseback Area shall be deemed performance by Tenant of any similar obligation under this Lease and any default under any such sublease shall not give rise to a default under a similar obligation contained in this Lease, nor shall Tenant be liable for any default under this Lease or deemed to be in default hereunder if such default is occasioned by or arises from any act or omission of the subtenant under such sublease or is occasioned by or arises from any act or omission of any occupant holding under or pursuant to any such sublease.

C. If Tenant requests Landlord's consent to a specific assignment or subletting, or in any other circumstance where Tenant is required to provide the information described in this Section 4.C, Tenant shall submit in writing to Landlord (i) the name and address of the proposed assignee or subtenant, (ii) a duly executed counterpart of the proposed agreement of assignment or sublease, (iii) reasonably satisfactory information as to the nature and character of the business of the proposed assignee or subtenant, and as to the nature of its proposed use of the space, (iv) a detailed calculation confirming the amount of profit, if any, that the applicable sublease or assignment is expected to generate as contemplated in Section 4.J. hereof, or in the alternative, written certification that the applicable sublease or assignment will not generate any such profit and (v) banking, financial or other credit information relating to the proposed assignee or subtenant reasonably sufficient to enable Landlord to determine the financial responsibility and character of the proposed assignee or subtenant.

D. Notwithstanding anything to the contrary set forth herein, if Landlord shall not have accepted Tenant's offer, as provided in Section 4.B hereof, then Landlord shall not unreasonably withhold, condition or delay its consent to Tenant's request for consent to a specific assignment or subletting provided that:

(i) any such sublease expressly provides that the subtenant shall comply with all applicable terms and conditions of this Lease to be performed by Tenant hereunder and any assignment of this Lease shall contain an assumption by the assignee of all of the obligations of Tenant under this Lease;

(ii) Tenant shall not advertise (but may list with brokers) its space for assignment or subletting at a rental rate lower than the greater of (a) the prevailing rental rate set by Landlord for comparable space in the Building, or, if there is no comparable space, the prevailing rental rate reasonably determined by Landlord, and (b) the rental rate then being paid by Tenant to Landlord;

(iii) the proposed subtenant or assignee or any Affiliate of the proposed subtenant or assignee, does not lease or occupy any space in the Building;

(iv) the proposed subtenant or assignee or any Affiliate of the proposed subtenant or assignee has not dealt with Landlord or its Affiliates or any agent thereof (directly or through a broker) with respect to space in the Building during the twelve (12) months immediately preceding Tenant's request for Landlord's consent;

(v) the proposed subtenant or assignee (or any Affiliate of the proposed subtenant or assignee) is not an advocacy group of any kind or affiliated with or related to any advocacy group;

(vi) the proposed assignee or subtenant (or any Affiliate of the proposed subtenant or assignee) is not primarily engaged in the ownership, management, leasing, operation and/or development of commercial real estate;

(vii) no monetary or material non-monetary default has occurred and is then continuing;

(viii) the proposed subtenant or assignee is engaged in and will conduct business in a manner which is in keeping with the standards and the general character of the Building and the business of such proposed subtenant or assignee will not violate any then existing restrictive covenant or use restriction contained in any lease or other agreement affecting the Building;

(ix) if the proposed transfer is a sublease, the proposed sublease demises the entire rentable area of the Premises;

(x) the proposed assignee or subtenant has a financial standing that is reasonably satisfactory to Landlord;

(xi) if the proposed transfer is a sublease, the sublease term shall expire at least one (1) day prior to the Fixed Expiration Date;

(xii) the proposed assignee or subtenant will not use the Premises for any use other than the uses expressly permitted pursuant to Article 1 hereof;

(xiii) any sublease shall provide that such sublease is subject and subordinate to the terms of this Lease and if this Lease is terminated for any reason whatsoever, Landlord, at Landlord's option may take over all of the right, title and interest of the transferor under the sublease and the transferee, at Landlord's option, shall attorn to Landlord and perform for Landlord's benefit all the terms, covenants and conditions of such sublease as if such sublease were a direct lease between Landlord and such subtenant provided however, Landlord shall not be (1) liable for any act or omission of the transferor under such sublease (except for any such acts or omissions that (x) continue after the date that Landlord succeeds to the interest of the transferor under such sublease, and (y) may be remedied by providing a service or performing a repair), (2) subject to any defense or offsets which the transferee may have against the transferor that accrue prior to the date that Landlord succeeds to the interest of the transferor, (3) bound by any previous payment that the transferee made to the transferor more than thirty (30) days in advance of the date that such payment was due, (4) bound by any obligation to make any payment to or on behalf of the transferee that accrues prior to the date that Landlord succeeds to the interest of the transferor under such sublease, (5) bound by any obligation to perform any work or to make improvements to the Premises, or the applicable portion thereof demised by such sublease (other than the obligation to perform maintenance, repairs or restoration that in each case first becomes necessary from and after the date that Landlord succeeds to the interest of the transferor under such sublease), (6) bound by any amendment or modification of such sublease made without Landlord's consent, and (7) bound to return the transferee's security deposit, if any, until such deposit has come into Landlord's actual possession and the transferee is entitled to such security deposit pursuant to the terms of such sublease (the requirements of a proposed sublease as set forth in this Section 4.D.(xiii) being collectively referred to herein as the "Basic Sublease Provisions"). If this Lease shall be rejected pursuant to Section 365 of the Bankruptcy Code (as hereinafter defined) or any similar or successor statute, such rejection shall be treated by the subtenant as a termination of the Term notwithstanding any contrary interpretation given by law to such rejection and the provisions of this Section 4.D.(xiii) shall be applicable thereto; and

(xiv) the applicable transferor and transferee executes and delivers to Landlord a consent to the applicable sublease or assignment in a form reasonably designated by Landlord.

E. Notwithstanding anything to the contrary set forth in this Lease, no assignment of less than all of Tenant's interest in this Lease and no sublease or license of less than the entire rentable area of the Premises shall be permitted under any circumstance.

F. Notwithstanding anything to the contrary contained herein (but subject to the provisions of Sections 4.E. above and 4.R. below), Tenant shall have the right to assign Tenant's entire interest under this Lease to an Affiliate of Tenant without (i) Landlord's prior approval, (ii) Landlord having the rights set forth in Section 4.B. above (offer back provisions) and (iii) Tenant being required to pay the amounts set forth in Section 4.J below (profit sharing), provided that in each case (w) no monetary or material non-monetary default has occurred and is then continuing as of the effective date of any such assignment, (x) Tenant gives notice thereof to Landlord, not later than the tenth (10th) Business Day prior to the effective date of any such assignment together with an instrument, duly executed by Tenant and the aforesaid Affiliate, in form reasonably satisfactory to Landlord, to the effect that such Affiliate assumes all of the obligations of Tenant under this Lease to the extent arising from and after the effective date of such assignment, (y) Tenant, together with the copy of such assignment, provides Landlord with evidence that such entity constitutes an Affiliate of Tenant, and (z) the Net Worth Requirement (as hereinafter defined) is satisfied. The term "Affiliate" shall mean an individual or an entity that (A) Controls, (B) is under the Control of, or (C) is under common Control with, the individual or entity in question. The term "Control" shall mean the direct or indirect ownership of more than fifty percent (50%) of the outstanding voting stock of a corporation or other majority equity interest if not a corporation and the possession of power to direct or cause the direction of the management and policy of such corporation or other entity, whether through the ownership of voting securities, by statute or by contract. The term "Net Worth Requirement" shall mean the requirement that Tenant has provided to Landlord, not later than the tenth (10th) Business Day prior to the effective date of the applicable assignment (subject to subclause (x) of Section 4.I. hereof), a balance sheet for Tenant and the assignee that in either case is dated no earlier than the last day of the most recently ended fiscal quarter (or the last day of the fiscal quarter that immediately precedes the most recently ended fiscal quarter, if the applicable assignment occurs less than sixty (60) days after the last day of the most recently ended fiscal quarter) that is either audited or certified by the chief financial officer of the Tenant or the assignee (as applicable) (or, if Tenant or the assignee does not have a chief financial officer, an executive level officer whose job responsibilities include primary oversight of the preparation of financial statements) and that reflects that the assignee's tangible net worth immediately following the effective date of the proposed assignment, as determined in accordance with GAAP, is (or will be immediately following the effective date of the proposed assignment) equal to or greater than the greater of (I) the tangible net worth of Tenant on the Commencement Date and (II) the tangible net worth of Tenant on the date of such most recent balance sheet, as aforesaid.

G. Notwithstanding anything to the contrary contained herein (but subject to the provisions of Sections 4.E. above and 4.R. and 4.S. below), Tenant shall have the right to sublease or license the Premises to an Affiliate of Tenant, without (i) Landlord's prior approval, (ii) Landlord having the rights set forth in Section 4.B. above (offer back provisions) and (iii) Tenant being required to pay the amounts set forth in Section 4.J below (profit sharing), provided that in each case, (w) no monetary or material non-monetary default has occurred and is then continuing as of the effective date of any such sublease or license, as the case may be, (x) Tenant gives to Landlord a copy of such sublease or license, not later than the tenth (10th) Business Day prior to the effective date of any such sublease or license, (y) Tenant, with such copy of such sublease or license, provides Landlord with reasonable evidence to the effect that the Person to which Tenant is so subleasing or licensing the Premises constitutes an Affiliate of Tenant, and (z) such sublease includes the Basic Sublease Provisions.

H. Notwithstanding anything to the contrary contained herein (but subject to the provisions of Sections 4.E. above and 4.R. below), the assignment of Tenant's entire interest under this Lease in connection with the sale of all or substantially all of the assets of Tenant shall be permitted without (i) Landlord's prior approval, (ii) Landlord having the rights set forth in Section 4.B. above (offer back provisions) and (iii) Tenant being required to pay the amounts set forth in Section 4.J below (profit sharing), provided that in each case (w) no monetary or material non-monetary default has occurred and is then continuing as of the effective date of any such assignment, (x) Tenant gives notice thereof to Landlord, not later than the tenth (10th) Business Day prior to the date of any such assignment is consummated, together with an instrument, duly executed by the Tenant and such assignee, in form reasonably satisfactory to Landlord, to the effect that such assignee assumes all of the obligations of Tenant to the extent arising under the Lease from and after the effective date of such assignment, (y) such sale of all or substantially all of the assets of Tenant is not principally for the purpose of transferring Tenant's interest in this Lease, and (z) the Net Worth Requirement is satisfied.

I. Notwithstanding anything to the contrary contained herein (but subject to the provisions of Sections 4.E. above and 4.R. below), the merger or consolidation of Tenant into or with another Person shall be permitted without (i) Landlord's prior approval, (ii) Landlord having the rights set forth in Section 4.B. above (offer back provisions) and (iii) Tenant being required to pay the amounts set forth in Section 4.J below (profit sharing), provided that in each case (w) no monetary or material non-monetary default has occurred and is then continuing as of the effective date of any such merger or consolidation, (x) Tenant gives Landlord notice of such merger or consolidation not later than the tenth (10th) Business Day prior to the date such merger or consolidation is anticipated to be consummated (unless prohibited by Requirements, in which case, Tenant shall give notice to Landlord of such merger or consolidation no later than the fifth (5th) Business Day following the date such merger or consolidation is consummated), (y) such merger or consolidation is not principally for the purpose of transferring Tenant's interest in this Lease, and (z) the Net Worth Requirement is satisfied; it being understood and agreed that the surviving entity shall be deemed the assignee for all purposes of the Net Worth Requirement and the merger or consolidation, as the case may be, shall be deemed the assignment.

J. If Landlord shall not have accepted any required Tenant's offer pursuant to Section 4.B and if Tenant effects any assignment or subletting, then except as otherwise expressly set forth herein, Tenant thereafter shall pay to Landlord a sum equal to fifty percent (50%) of (i) any rent or other consideration (including, without limitation, sums for fixtures, furniture, equipment and other personal property) paid to Tenant by any subtenant or assignee which (after deducting the reasonable out-of-pocket costs, if any, in effecting the assignment or sublease, including reasonable alteration costs, commissions and legal fees, which costs shall be amortized on a straight line basis over the term of the sublease or then remaining term of this Lease if the applicable transfer is an assignment) is in excess of the Rental allocable strictly on a *per* square foot basis (calculated by dividing aggregate consideration by the number of rentable square feet in the area so subleased, without regard to any other allocation of value, which is then being paid by Tenant to Landlord pursuant to the terms hereof with respect to the same area, allocable strictly on a *per* square foot basis utilizing the same methodology which Landlord is then using in the Building to determine space measurements), and (ii) any other net profit or gain realized by Tenant from any such subletting or assignment. All sums payable hereunder by Tenant shall be payable to Landlord as Additional Rent upon receipt thereof by Tenant.

K. Notwithstanding any subletting to any subtenant and/or acceptance of Rental by Landlord from any subtenant, Tenant shall and will remain fully liable for the payment of the Fixed Annual Rent, Additional Rent and any other charge due and to become due hereunder and for the performance of all of the covenants, agreements, terms, provisions and conditions contained in this Lease on the part of Tenant to be observed and performed and for all of the acts and omissions of any licensee, subtenant, or any other person claiming under or through any subtenant that shall be in violation of any of the obligations of this Lease, and any such violation shall be deemed to be a violation by Tenant.

L. Tenant covenants that, notwithstanding any assignment or transfer whether or not in violation of the provisions hereof, and notwithstanding the acceptance of Fixed Annual Rent and/or Additional Rent by Landlord from an assignee, transferee or any other party, Tenant shall not be released and shall remain fully liable for the payment of the Rental and for the other obligations of this Lease on the part of Tenant to be performed or observed.

M. If Landlord shall decline to give consent to any proposed assignment or sublease, or if Landlord shall exercise any of Landlord's rights under Section 4.B of this Article, Tenant shall indemnify, defend and hold Landlord harmless from and against any and all losses, liabilities, costs and expenses (including reasonable attorneys' fees) resulting from any claims that may be made against Landlord by the proposed assignee or subtenant or by any brokers or other persons claiming a commission or similar compensation in connection with the proposed assignment or sublease. This provision shall survive the expiration or sooner termination of the Term. Tenant shall pay to Landlord on demand Landlord's reasonable, out-of-pocket costs (including, without limitation, reasonable architectural, engineering and legal fees) incurred in connection with reviewing Tenant's request for any such consent.

N. The joint and several liability of Tenant and any immediate or remote successor in interest to Tenant, and the due performance of the obligations of this Lease on Tenant's part to be performed or observed, shall not be discharged, released or impaired in any respect by any agreement or stipulation made by Landlord extending the time of, or modifying any of the obligations of, this Lease, or by any waiver or failure of Landlord to enforce any of the obligations of this Lease.

O. Neither the listing of a name other than that of Tenant named herein, whether on the doors of the Premises, the Building directory or otherwise, nor the issuance of an ID badge or Building pass, shall vest any right or interest in this Lease or the Premises, and shall not be deemed to be the consent of Landlord to any assignment or transfer of this Lease, to any sublease or licensing of the Premises, or to any use or occupancy thereof by anyone other than Tenant named herein.

P. Under no circumstance may this Lease be assigned or the Premises be sublet in whole or in part to a Prohibited Person (as defined in Article 47).

Q. The term "Tenant" when used in this Article shall include the originally denominated Tenant and each proximate or remote assignee thereof or successor in interest thereto. Wherever in this Article Tenant or any other person is required to provide Landlord with banking, financial or other credit information such information shall include, without limitation, a balance sheet (in reasonable detail, listing all assets and liabilities and prepared in accordance with generally accepted accounting principles) of each relevant party to the transaction in question certified to Landlord by an independent certified public accountant.

R. Notwithstanding anything to the contrary contained herein, Tenant shall not, and Tenant shall not permit any other party permitted to occupy the Premises pursuant to this Article 4 to, enter into any lease, sublease, license, concession or other agreement for use or occupancy of the Premises or any portion thereof which provides for a rental or other payment for such use or occupancy based in whole or in part on the net income or profits derived by any Person from the property leased, occupied or used, or which would require the payment of any consideration that would not qualify as "rents from real property," as that term is defined in Section 856(d) of the Internal Revenue Code of 1986, as amended.

S. Notwithstanding anything to the contrary set forth in this Article 4 or elsewhere in this Lease, the Premises shall not be separately demised to any occupant (whether by Tenant, or any other Person claiming by, through or under Tenant).

5. **INSOLVENCY & DEFAULT**

A. This Lease shall terminate automatically upon the occurrence of any Insolvency Event (as hereinafter defined). The term “Insolvency Event” shall mean any of the following events: (i) a Tenant Obligor (as hereinafter defined) commences or institutes any case, proceeding or other action (a) seeking relief on its behalf as debtor, or to adjudicate it a bankrupt or insolvent, or seeking reorganization, arrangement, adjustment, winding-up, liquidation, dissolution, composition or other relief with respect to it or its debts under any existing or future law of any jurisdiction, domestic or foreign, relating to bankruptcy, insolvency, reorganization or relief of debtors, or (b) seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property; or (ii) a Tenant Obligor makes a general assignment for the benefit of creditors; or (iii) any case, proceeding or other action is commenced or instituted against a Tenant Obligor (a) seeking to have an order for relief entered against it as debtor or to adjudicate it a bankrupt or insolvent, or seeking reorganization, arrangement, adjustment, winding-up, liquidation, dissolution, composition or other relief with respect to it or its debts under any existing or future law of any jurisdiction, domestic or foreign, relating to bankruptcy, insolvency, reorganization or relief of debtors, or (b) seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property, which in either of such cases (I) results in any such entry of an order for relief, adjudication of bankruptcy or insolvency or such an appointment or the issuance or entry of any other order having a similar effect, and (II) remains undismissed for a period of sixty (60) days; or (iv) any case, proceeding or other action is commenced or instituted against a Tenant Obligor seeking issuance of a warrant of attachment, execution, distraint or similar process against all or any substantial part of its property which results in the entry of an order for any such relief which is not vacated, discharged, or stayed or bonded pending appeal within sixty (60) days from the entry thereof; or (v) a Tenant Obligor takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the acts set forth in clauses (i), (ii), (iii), or (iv) above; or (vi) a trustee, receiver or other custodian is appointed for any substantial part of a Tenant Obligor’s assets, and such appointment is not vacated or stayed within fifteen (15) Business Days. The term “Tenant Obligor” shall mean (a) Tenant, (b) any Person that comprises Tenant (if Tenant is comprised of more than one (1) Person), (c) any partner in Tenant (if Tenant is a general partnership), (d) any general partner in Tenant (if Tenant is a limited partnership), (e) any Person that has guaranteed all or any part of the obligations of Tenant hereunder, and (f) any Person that previously constituted Tenant hereunder; provided that if a predecessor to Tenant is involved in an Insolvency Event, but Tenant is not, this Lease shall not be affected thereby, as long as Tenant’s tangible net worth, immediately following such Insolvency Event, as determined in accordance with GAAP, is substantially the same as it was on the date when such tenant originally became the tenant under this Lease and Tenant provides Landlord with evidence thereof which is reasonably acceptable to Landlord (within ten (10) Business Days following such Insolvency Event). If this Lease terminates pursuant to this Section 5.A, then (I) Tenant shall immediately quit and surrender the Premises, and (II) Tenant shall nonetheless remain liable for all of its obligations hereunder, as provided in Article 6 hereof.

B. If (i) Tenant is not the Person that constituted Tenant initially, and (ii) either (I) this Lease is disaffirmed or rejected pursuant to the Bankruptcy Code, or (II) this Lease terminates by reason of occurrence of an Insolvency Event, then, subject to the terms of this Section 5.B, the Persons that constituted Tenant hereunder previously, including, without limitation, the Person that constituted Tenant initially (each such Person that previously constituted Tenant hereunder (but does not then constitute Tenant hereunder), and with respect to which Landlord exercises Landlord’s rights under this Section 5.B, being referred to herein as a “Predecessor Tenant”) shall (1) pay to Landlord the aggregate Rental that is then due and owing by Tenant to Landlord under this Lease to and including the date of such disaffirmance, rejection or termination, and (2) enter into a new lease, between Landlord, as landlord, and the Predecessor Tenant, as tenant, for the Premises, and for a term commencing on the effective date of such disaffirmance, rejection or termination and ending on the Fixed Expiration Date, at the same Fixed Annual Rent and upon the then executory terms that are contained in this Lease, except that (a) the Predecessor Tenant’s rights under the new lease shall be subject to the possessory rights of Tenant under this Lease and the possessory rights of any Person claiming by, through or under Tenant or by virtue of any statute or of any order of any court, and (b) such new lease shall require all defaults existing under this Lease to be cured by the Predecessor Tenant with reasonable diligence. Landlord shall have the right to require the Predecessor Tenant to execute and deliver such new lease on the terms set forth in this Section 5.B only by giving notice thereof to the Predecessor Tenant within thirty (30) days after Landlord receives notice of any such disaffirmance or rejection (or, if this Lease terminates by reason of Landlord making an election to do so, then Landlord may exercise such right only by giving such notice to the Predecessor Tenant within thirty (30) days after this Lease so terminates). If the Predecessor Tenant defaults in its obligation to enter into said new lease for a period of ten (10) days following Landlord’s request therefor, then, in addition to all other rights and remedies by reason of such default, either at law or in equity, Landlord shall have the same rights and remedies against such Predecessor Tenant as if such Predecessor Tenant had entered into such new lease and such new lease had thereafter been terminated as of the commencement date thereof by reason of such Predecessor Tenant’s default thereunder. The term “Bankruptcy Code” shall mean 11 U.S.C. Section 101 et seq., or any statute of similar nature and purpose.

C. The term “Default” shall mean any of the following events: (i) if any installment of Fixed Annual Rent or Additional Rent or any other payment due hereunder is not paid when due and such failure continues for three (3) days after the date Landlord gives Tenant notice thereof; (ii) intentionally deleted; (iii) Tenant defaults in respect of Tenant’s obligations under Section 8.F.(ii) and such default continues for more than three (3) days following notice thereof; (iv) Tenant defaults in respect of Tenant’s obligations under Sections 8.E.(iii), Article 9, and/or Article 13 hereof and such default continues for more than five (5) days following notice thereof; (v) an Insolvency Event occurs; (vi) if Tenant’s interest under this Lease (or a subtenant’s interest under a sublease that Tenant consummates in accordance with Article 4 hereof) devolves upon or passes to any other Person, whether by operation of law, or otherwise, except as expressly permitted in Article 4 hereof, and such transfer is not reversed within ten (10) days after the date such transfer occurs; (vii) if Tenant shall default beyond any grace period under any other lease, license or occupancy agreement between Tenant and Landlord or any affiliate of Landlord; (viii) if Tenant shall have made a material misrepresentation herein; (ix) if Tenant fails to comply with the provisions of Articles 32 and/or 43 hereof; and/or (x) unless otherwise specified elsewhere in this Lease, if Tenant defaults in the observance or performance of any other covenant of this Lease on Tenant’s part to be observed or performed and Tenant fails to remedy such default within twenty (20) days after Landlord gives Tenant notice thereof, except that if (a) such default cannot be remedied using reasonable diligence during such period of twenty (20) days, (b) Tenant takes reasonable steps during such period of twenty (20) days to commence Tenant’s remedying of such default, and (c) Tenant diligently and continuously prosecutes Tenant’s remedying of such default to completion, then a Default shall not occur by reason of such default. For all purposes of this Lease other than Section 5.D. and Article 6 hereof, the term “Default” as referred to in this Section 5.C. shall be deemed to include Tenant’s failure to pay any item of Rental following receipt of a rent demand therefor and the lapse of any cure period specified therein.

D. If (i) a Default (other than an Insolvency Event) occurs, and Landlord, at any time thereafter, at Landlord’s option, gives a notice to Tenant stating that this Lease and the Term shall expire and terminate on the third (3rd) day after the date that Landlord gives Tenant such notice, or (ii) an Insolvency Event occurs, then this Lease and the Term and all rights of Tenant under this Lease shall expire and terminate as of the third (3rd) day after the date that Landlord gives Tenant such notice, or on the date that the Insolvency Event occurs, as the case may be, without the need for any further act as if such date were the Fixed Expiration Date, and Tenant immediately shall quit and surrender the Premises, but Tenant shall nonetheless remain liable for all of its obligations hereunder, and Landlord may institute summary or other proceedings to repossess the Premises or re-enter and take possession of the Premises by any means permitted by law.

E. TENANT HEREBY EXPRESSLY WAIVES ITS RIGHT TO BRING A DECLARATORY JUDGMENT ACTION AND/OR TO SEEK INJUNCTIVE RELIEF WITH RESPECT TO ANY PROVISION OF THIS LEASE (EXCEPT AS EXPRESSLY PROVIDED IN ARTICLE 25 HEREOF) OR WITH RESPECT TO ANY NOTICE SENT PURSUANT TO THE PROVISIONS OF THIS LEASE. ANY BREACH OF THIS PARAGRAPH SHALL CONSTITUTE A BREACH OF SUBSTANTIAL OBLIGATIONS OF THE TENANCY, AND SHALL BE GROUNDS FOR THE IMMEDIATE TERMINATION OF THIS LEASE. IT IS FURTHER AGREED THAT IN THE EVENT ANY INJUNCTIVE RELIEF IS SOUGHT BY TENANT AND SUCH RELIEF SHALL BE DENIED, THE OWNER SHALL BE ENTITLED TO RECOVER THE COSTS OF OPPOSING SUCH AN APPLICATION, OR ACTION, INCLUDING ITS ATTORNEY’S FEES ACTUALLY INCURRED, IT IS THE INTENTION OF THE PARTIES HERETO THAT ANY CLAIMS LANDLORD MAY HAVE AGAINST TENANT BE ADJUDICATED VIA SUMMARY PROCEEDINGS.

6. **REMEDIES AND DAMAGES.**

A. Tenant, on its own behalf and on behalf of all Persons claiming by, through or under Tenant, including all creditors, does hereby waive any and all rights which Tenant and all such Persons might have under any present or future law to redeem the Premises, or to re-enter or repossess the Premises, or to restore the operation of this Lease, after (i) Tenant has been dispossessed by a judgment or by warrant of any court or judge, or (ii) any re-entry by Landlord, or (iii) any expiration or termination of this Lease and the Term, whether such dispossess, re-entry, expiration or termination is by operation of law or pursuant to the provisions of this Lease. The words “re-enter,” “re-entry” and “re-entered” as used in this Lease shall not be deemed to be restricted to their technical legal meanings.

B. In the event of a breach or threatened breach by Tenant, or any Persons claiming by, through or under Tenant, of any term, covenant or condition of this Lease, Landlord shall have the right to (i) enjoin or restrain such breach, (ii) invoke any other remedy allowed by law or in equity as if re-entry, summary proceedings and other special remedies were not provided in this Lease for such breach, and (iii) seek any declaratory, injunctive or other equitable relief, and specifically enforce this Lease.

C. If a Default occurs and this Lease and the Term terminate as provided in Article 5 hereof or by or under any summary proceeding or any action or proceeding, then in any of said events:

(i) Tenant shall immediately quit and peacefully surrender the Premises to Landlord, and Landlord and its agents may, without prejudice to any other remedy which Landlord may have, (x) re-enter the Premises or any part thereof, without notice, either by summary proceedings, or by any other applicable action or proceeding, or by lawful force (without being liable to indictment, prosecution or damages therefor), (y) repossess the Premises and dispossess Tenant and any other Persons from the Premises, and (z) remove any and all of their property and effects from the Premises; and

(ii) Landlord, at Landlord’s option, may relet the whole or any portion or portions of the Premises from time to time, either in the name of Landlord or otherwise, to such tenant or tenants, for such term or terms ending before, on or after the Fixed Expiration Date, at such rental or rentals and upon such other conditions, which may include concessions and free rent periods, as Landlord, in its sole discretion, may determine; provided, however, that Landlord shall have no obligation to relet the Premises or any part thereof and shall not be liable for refusal or failure to relet the Premises or any part thereof, or, in the event of any such reletting, for refusal or failure to collect any rent due upon any such reletting. Any such refusal or failure on Landlord’s part shall not relieve Tenant of any liability under this Lease or otherwise affect any such liability. Landlord, at Landlord’s option, may make such repairs, replacements, alterations, additions, improvements, decorations and other physical changes in and to the Premises as Landlord, in its sole discretion, considers advisable or necessary in connection with any such reletting or proposed reletting, without relieving Tenant of any liability under this Lease or otherwise affecting any such liability.

D. If this Lease and the Term shall terminate and come to an end as provided in Article 5 hereof, or by or under any summary proceeding or any other action or proceeding, then, in any of said events, then Tenant shall pay to Landlord, on demand, and Landlord shall be entitled to recover:

(i) all Rental payable under this Lease by Tenant to Landlord (x) to the date that this Lease terminates, or (y) to the date of re-entry upon the Premises by Landlord, as the case may be;

(ii) the excess of (x) the Rental for the period which otherwise would have constituted the unexpired portion of the Term, over (y) the net amount, if any, of rents collected under any reletting effected pursuant to the provisions of clause (ii) of Section 6.C. hereof for any part of such period, but subject to Section 6.E. hereof (such excess being referred to herein as a “Deficiency”), as damages (it being understood and agreed that (I) such net amount described in clause (y) above shall be calculated by deducting from the rents collected under any such reletting all of Landlord’s expenses in connection with the termination of this Lease, Landlord’s re-entry upon the Premises and such reletting, including, but not limited to, all repossession costs, brokerage commissions, legal expenses, reasonable attorneys’ fees and disbursements, alteration costs, contributions to work and other expenses of preparing the Premises for such reletting, including without limitation, advertising expenses; (II) any such Deficiency shall be paid in monthly installments by Tenant on the days specified in this Lease for payment of installments of Fixed Annual Rent or Escalation Rent (as the case may be), and (III) Landlord shall be entitled to recover from Tenant each monthly Deficiency as it arises, and no action or proceeding to collect the amount of the Deficiency for any month shall prejudice Landlord’s right to collect the Deficiency for any subsequent month by a similar action or proceeding); and

(iii) regardless of whether Landlord has collected any monthly Deficiency as aforesaid, and in lieu of any further Deficiency, as and for liquidated and agreed final damages, an amount equal to the excess (if any) of (x) the Rental for the period which otherwise would have constituted the unexpired portion of the Term (commencing on the date immediately succeeding the last date with respect to which a Deficiency, if any, was collected), over (y) the then fair and reasonable net effective rental value of the Premises for the same period (which is calculated by (I) deducting from the fair and reasonable rental value of the Premises the expenses that Landlord would reasonably expect to incur in reletting the Premises, including, but not limited to, all repossession costs, brokerage commissions, legal expenses, reasonable attorneys' fees and disbursements, alteration costs, contributions to work and other expenses of preparing the Premises for such reletting, and (II) taking into account the time period that Landlord would reasonably require to consummate a reletting of the Premises to a new tenant), both discounted to present value at the Base Rate. Any such valuation of the then fair and reasonable net effective rental value of the Premises made by Landlord which is based upon a valuation made by any of the ten (10) largest (as measured by gross leasable square feet for which leasing commissions were earned during the most recent calendar year preceding the date of Tenant's default) brokerage/leasing companies in the City of New York shall be conclusive and binding upon Tenant and not subject to review by any court or arbitration panel.

E. If the Premises, or any part thereof, are relet together with other space in the Building, then the rents collected or reserved under any such reletting and the expenses of any such reletting shall be equitably apportioned for the purposes of Section 6.D hereof. In no event shall Tenant be entitled to a credit or repayment for re-rental income which exceed the sums payable by Tenant hereunder or which covers a period after the original Term. Nothing contained in this Article 6 shall be deemed to limit or preclude the recovery by Landlord from Tenant of the maximum amount allowed to be obtained as damages by any applicable statute or rule of law, or of any sums or damages to which Landlord may be lawfully entitled in addition to the damages set forth in Section 6.D hereof.

F. The exercise of any remedy under this Lease whether in this Article 6 or elsewhere shall not preclude Landlord from simultaneously therewith or subsequent thereto, exercising any and all other remedies permitted by law or in equity. Any and all such remedies are deemed to be cumulative and non-exclusive. Landlord need not apply any security hereunder to cure a default by Tenant as a condition precedent to exercising any other right or remedy and the application of any such security shall not preclude the exercise of any other remedy.

G. The provisions of this Article 6 shall survive the Expiration Date.

7. **LANDLORD'S COSTS.**

A. If (i) Tenant shall default in performing any covenant or condition of this Lease which default threatens the life, health or safety of any Person, poses a risk of damage and/or additional or further damage to any portion of the Building or otherwise creates an emergency condition, or (ii) if a Default occurs and is then continuing, then in any of the events contemplated in clauses (i) and (ii) hereof, Landlord may, in addition to the rights heretofore set forth in Articles 5 and 6, exercise any other remedy provided in this Lease, at law or in equity and/or perform the same for the account of Tenant, and if Landlord, in connection therewith, or in connection with any Default by Tenant, makes any expenditures or incurs any obligations for the payment of money, including, but not limited, to reasonable attorneys' fees and disbursements, Tenant shall pay to Landlord an amount equal to such expenditures so paid and/or the obligations so incurred together with interest thereon calculated at the Applicable Rate from the date that Landlord incurs such expenditures or obligations, within thirty (30) days after Landlord gives to Tenant an invoice therefor (it being understood and agreed that Landlord shall have the right to collect such amount from Tenant as Additional Rent to the extent that Landlord incurs such costs during the Term and as damages to the extent that Landlord incurs such costs after the Expiration Date).

B. Tenant shall pay to Landlord an amount equal to the actual costs (including, but not limited, to reasonable attorneys' fees and disbursements) that Landlord incurs in defending successfully against a claim made by Tenant (or any other Person claiming by, through or under Tenant) against Landlord that relates to this Lease in a legal action or proceeding, together with interest thereon calculated at the Applicable Rate from the date that Landlord incurs such costs, within thirty (30) days after Landlord gives to Tenant an invoice therefor (it being understood and agreed that (i) Landlord shall have the right to collect such amount from Tenant as Additional Rent to the extent that Landlord incurs such costs during the Term and as damages to the extent that Landlord incurs such costs after the Expiration Date, and (ii) the amount that Landlord has the right to collect from Tenant under this Section 7.B. shall be adjusted appropriately to reflect the extent to which Landlord is successful in such legal proceeding).

C. The provisions of this Article 7 shall survive the Expiration Date.

8. ALTERATIONS

A. Except as otherwise provided in this Article 8, no Alterations shall be made without the prior written consent of Landlord subject to the provisions of Section 8.C hereof, and then only with such materials as shall be approved by Landlord. Notwithstanding the foregoing to the contrary, Tenant may make Decorative Alterations (as hereinafter defined) without Landlord's prior written consent subject to the terms of this Article 8.

B. (i) The term "Alterations" shall mean alterations, installations, improvements, additions or other physical changes, in each case, in or to the Premises that are made by, or on behalf of Tenant or any other Person claiming by, through or under Tenant (or otherwise engaged by or on behalf of Tenant or any other Person claiming by, through or under Tenant).

(ii) The term "Decorative Alterations" shall mean Alterations that constitute merely decorative and cosmetic changes to the Premises (such as, for example, the installation of carpeting or other customary floor coverings or painting or the installation of customary wall coverings and the hanging of art work on the walls of the Premises (provided that the same does not impact the structural integrity of any wall in any way) that in each case do not involve electrical, plumbing or mechanical connections or require any permits from any Governmental Authority; it being understood and agreed, however, that Decorative Alterations shall specifically exclude window film/glass film and the installation of any artwork that impacts the structural integrity of any wall in the Premises.

(iii) The term "Initial Installation Work" shall mean the Alterations, if any, to prepare the Premises for Tenant's initial occupancy.

(iv) The term "Specialty Alterations" shall mean Alterations that (a) perforate a floor slab in the Premises or a wall that encloses the core of the Building, (b) require the reinforcement of a floor slab in the Premises, (c) consist of the installation of a raised flooring system, (d) consist of the installation of a vault or other similar device or system that is intended to secure the Premises or a portion thereof in a manner that exceeds the level of security that a reasonable Person uses for ordinary office space, (e) involve material plumbing connections (such as kitchens, showers and executive bathrooms), or (f) constitute non-customary office installations.

(v) The term "Tenant's Property" shall mean Tenant's personal property (other than non-movable fixtures and built-ins), including, without limitation, Tenant's movable fixtures, movable partitions, telephone equipment, computer equipment, furniture, furnishings and decorations.

C. Subject to the terms of this Article 8, Landlord shall not unreasonably withhold, condition or delay its consent to any proposed Alteration provided that such Alteration (i) is not visible from the outside of the Building at street level, (ii) does not affect adversely any part of the Building, (iii) does not require any alterations, installations, improvements, additions or other physical changes to be performed in or made to any portion of the Building other than the Premises, (iv) does not affect any Building system, (v) does not reduce the value or utility of the Building, (vi) does not affect the structure of the Building and does not require the installation of floor support or other structural support, (vii) does not impede Landlord's access to Reserved Areas (as hereinafter defined) in any material respect, and (viii) does not violate (or require any amendment to) or render invalid the certificate of occupancy for the Building or any part thereof (any Alteration that satisfies the requirements described in clauses (i) through (viii) above being referred to herein as a "Basic Alteration"). Nothing in this Section 8.C. limits the provisions of Section 8.H. hereof.

D.

(i) Tenant shall not perform any Alteration (other than Decorative Alterations) unless Tenant first gives to Landlord a notice thereof (an “Alterations Notice”) that (a) refers specifically to this Section 8.D., (b) includes three (3) copies of the plans and specifications for the proposed Alteration (including, without limitation, layout, architectural, mechanical and structural drawings, to the extent applicable) that contain sufficient detail for Landlord and Landlord’s consultants to reasonably assess the proposed Alteration, and that are otherwise suitable for filing, stamped and certified by an architect or engineer duly licensed in the State of New York and approved by Landlord and (c) indicates whether Tenant considers the proposed Alterations to constitute a Basic Alteration. Tenant acknowledges and agrees that specific delivery requirements apply with respect to Alterations Notices, as set forth in Article 28 hereof.

(ii) Landlord shall have the right to (a) disapprove any plans and specifications for a particular Alteration in part, (b) reserve Landlord’s approval of items shown on such plans and specifications pending Landlord’s review of other plans and specifications that Tenant is otherwise required to provide to Landlord hereunder, and (c) condition Landlord’s approval of such plans and specifications upon Tenant’s making revisions to the plans and specifications or supplying additional information (which Landlord shall have the right to request only reasonably if the applicable Alteration constitutes a Basic Alteration). Nothing contained in this Section 8.D.(ii) limits the provisions of Section 8.C. hereof.

(iii) Tenant acknowledges that (a) the review of plans or specifications for an Alteration by or on behalf of Landlord, or (b) the preparation of plans or specifications for an Alteration by Landlord’s architect or engineer (or any architect or engineer designated by Landlord), is solely for Landlord’s benefit, and, accordingly, Landlord makes no representation or warranty that such plans or specifications comply with any Requirements or are otherwise adequate or correct.

E.

(i) All Alterations (other than Decorative Alterations) shall be performed in accordance with the plans and specifications therefor as approved by Landlord. No Alteration(s) may result in the reduction of any environmental rating for the Building which may now or hereafter be made, such as any rating made pursuant to LEED (Leadership in Energy and Environmental Design), Green Globes or Energy Star.

(ii) All Alterations shall be performed (x) in a good and workmanlike manner and (y) subject to and in accordance with all Building rules and regulations (including the specific rules and regulations governing construction, and the rules and regulations governing materials and finishes criteria adopted by Landlord for the Building) as the same may be amended from time to time, all applicable Requirements, and all other applicable provisions of this Lease (including, without limitation, the ESRT High Performance Design and Construction Guidelines set forth on Exhibit “C” attached hereto and made a part hereof, as the same may be amended from time to time (the “Design Guidelines”). In performing any Alterations, Tenant shall use, to the fullest extent feasible, materials from sustainable sources. Tenant shall not bring or permit any Person engaged by or on behalf of Tenant or any Person claiming by, through or under Tenant, to bring any hazardous materials into the Premises or the Building.

(iii) Tenant shall, at Tenant's sole cost and expense, ensure that the Premises comply, at all times during the Term, with the Design Guidelines; provided, however, Tenant shall not be obligated to perform Alterations solely to comply with the Design Guidelines, unless (a) such Alteration or other change is required by reason of Alterations having been performed by Tenant (or another Person claiming by, through or under Tenant), or (b) such Alteration or other change is required by reason of the specific nature or manner of use of the Premises or type of business operated by Tenant (or another Person claiming by, through or under Tenant) in the Premises (as opposed to the use of the Premises for the general purposes otherwise permitted under Section 1.B. hereof), or (c) such Alteration or other change is required or necessitated by Tenant's acts or omissions and/or the acts or omissions of any other Person claiming by, through or under Tenant, or (d) such Alteration or other change is required by Requirements. Within ten (10) Business Days following request from Landlord (or any member of Landlord's property management team) or Landlord's agent, which request may be made, from time to time, and may be made verbally or via electronic mail to the Person employed by Tenant with whom Landlord's representative ordinarily discusses matters relating to the Premises, Tenant shall confirm in a writing reasonably acceptable to Landlord and signed by an authorized representative of Tenant, that (x) any Alterations theretofore made in the Premises comply with the Design Guidelines (or in the alternative, that no Alterations have theretofore been made in the Premises), (y) Tenant has not taken any action (or allowed any Person claiming by, through or under Tenant to take any such action) to override, inhibit, preempt or otherwise reduce the efficacy of any energy efficiency or sustainability measures which have theretofore been implemented in the Building and/or the Premises and (z) the Premises are then in compliance with the Design Guidelines to the extent required by this Section 8.E.(iii). Landlord (and/or its designee) shall have the right to enter the Premises (which entry shall be subject to the provisions of Article 19 hereof) for purposes of confirming Tenant's compliance with the foregoing; it being understood and agreed that in the event that Landlord determines the Premises do not then comply with the Design Guidelines to the extent required by this Section 8.E.(iii) and/or that Tenant has taken any action (or allowed any Person claiming by, through or under Tenant to take any such action) to override, inhibit, preempt or otherwise reduce the efficacy of any energy efficiency or sustainability measures which have theretofore been implemented in the Building and/or the Premises, Landlord shall have the right to perform any and all work necessary to cause the Premises to comply with the Design Guidelines, and Tenant shall reimburse Landlord for any and all out-of-pocket costs incurred in connection therewith, together with all of Landlord's out-of-pocket costs incurred in making such determination within thirty (30) days following receipt of Landlord's invoice therefor.

(iv) Prior to the commencement of any Alteration(s), Tenant, at Tenant's sole cost and expense, shall obtain all permits, approvals and certificates required by any Governmental Authorities in connection therewith and provide copies thereof to Landlord's property management team for the Building; it being expressly understood however, that (x) Landlord shall designate the expeditor to be used by Tenant to obtain any required certifications provided that such expeditor charges rates that are reasonably competitive with expeditors of comparable skill and experience operating within the vicinity of the Building and (y) "self-certification" procedures shall not be accepted.

(v) Prior to performing any Alteration (and for the duration of the performance thereof), Tenant shall maintain on behalf of its contractors (of any tier) and vendors or cause its contractors (of any tier) and vendors to maintain the following insurance, (a) worker's compensation and disability insurance in amounts not less than the statutory limits required by Requirements (covering all persons to be employed by Tenant, and Tenant's contractors, subcontractors, and vendors in connection with such Alteration); (b) commercial general liability insurance (covering bodily injury including death, personal injury and property damage), in each case in customary form, and in amounts that are not less than Five Million Dollars (\$5,000,000) per occurrence and in the annual policy aggregate with respect to general contractors and Three Million Dollars (\$3,000,000) per occurrence and in the annual policy aggregate with respect to subcontractors (or such higher amounts as Landlord may reasonably elect given the scope of the particular Alteration); it being understood and agreed that the foregoing insurance shall be required in addition to Tenant's Liability Policy; (c) builder's risk insurance in an amount reasonably satisfactory to Landlord; and (d) commercial automobile liability insurance if the contractor or vendor uses a vehicle at the Real Property, covering all vehicles with a minimum combined single limit of One Million Dollars (\$1,000,000). The policies set forth in (b) through (d) of this Section 8.E.(v) shall be endorsed to name the specific Landlord Parties designated by Landlord or Landlord's representative as additional insureds (the "Designated Landlord Parties"). A contractor's or vendor's liability shall in no way be limited by the amount of insurance recovery or the amount of insurance in force, or available, or required by any provisions of this Lease. The limits listed above are minimum requirements only. The liabilities of any contractor or vendor shall survive and not be terminated, reduced or otherwise limited by any expiration or termination of such insurance coverage. Prior to the start of any such Alterations and prior to the expiration of any policy, Tenant shall deliver to Landlord certificates of insurance (on a form reasonably acceptable to Landlord) along with copies of endorsements naming the Designated Landlord Parties as additional insureds. Neither approval nor failure to disapprove insurance furnished by the contractor or vendor shall relieve the contractor, its subcontractors or vendors from responsibility to provide insurance as required herein. In addition, prior to commencing the performance of any Alterations (other than Decorative Alterations), upon Landlord's request, Tenant shall deliver performance bond and a payment bond that covers Tenant's obligation to pay the applicable contractor and the applicable contractor's obligation to pay its subcontractors (in either case issued by a surety company and in an amount and form reasonably satisfactory to Landlord), or such other security that Landlord deems acceptable, in Landlord's sole discretion.

(vi) Notwithstanding anything herein set forth to the contrary, within thirty (30) days after Substantial Completion (as hereinafter defined) of any Alteration, Tenant, at Tenant's own cost and expense, shall deliver to Landlord (a) hard copies of the final "as-built" record drawings of the Alteration which indicate accurately the layout and systems of the Premises together with a furniture plan, if available; it being understood and agreed that Tenant shall also require its architect to load and maintain such record drawings in CAD and portable document format (or in another electronic format so designated by Landlord), (b) a summary by trade of the costs incurred in performing such work and such other records as Landlord may require to document such costs, all certified (if so requested by Landlord) by a reputable, independent certified public accountant, (c) evidence reasonably satisfactory to Landlord that Tenant has obtained all required final approvals from applicable Governmental Authorities in connection with the Alterations, including, without limitation, letters of completion from the New York City Department of Buildings for all work permits Tenant has obtained in connection with the performance of the Alteration, (d) to the extent applicable, any owner and/or maintenance manuals and any warranties received by Tenant in connection with the Alterations and (e) final, unconditional waivers of lien from all contractors, subcontractors, materialmen, architects, engineers and other Persons who may file a lien against the Real Property in connection with such Alterations. For the avoidance of doubt, the requirements set forth in clauses (a)-(c) shall not apply with respect to Decorative Alterations.

(vii) No demolition, trenching, or welding shall be permitted between the hours of 7:00 a.m. and 6:00 p.m. on Business Days; it being expressly understood, however, that core drilling is not permitted. If the performance of any other Alterations during the aforesaid time periods interferes with or interrupts the maintenance, repair, management or operation of the Building in any material respect or interferes with or interrupts the use and occupancy of the Building by other tenants in the Building in any material respect, then Landlord shall have the right to require Tenant to perform such Alteration at such other times that Landlord designates from time to time.

(viii) As used throughout this Lease, the term "Substantial Completion" or words of similar import shall mean that the applicable work has been substantially completed in accordance with the applicable plans and specifications, if any, it being agreed that (i) such work shall be deemed substantially complete notwithstanding the fact that minor or insubstantial details of construction or demolition, mechanical adjustment or decorative items remain to be performed, and (ii) with respect to work that is being performed in the Premises, such work shall be deemed substantially complete only if the incomplete elements thereof do not interfere materially with Tenant's use and occupancy of the Premises for the conduct of business.

F.

(i) All Alterations shall be performed only under the supervision of a licensed architect that Landlord approves, which approval Landlord shall not unreasonably withhold, condition or delay. All work shall be performed with union labor having the proper jurisdictional qualifications and only by contractors, subcontractors, mechanics, engineers and laborers approved by Landlord, which approval Landlord shall not unreasonably withhold, condition or delay; it being understood and agreed, however, that (x) if an Alteration affects any structural portion of the Building, any Building system, or any portion of the Building outside of the Premises, Landlord (if Landlord has consented thereto) shall have the right to designate (i) the engineer that designs the applicable Alteration (or the portion thereof that affects such structural portion of the Building, Building system, or portion of the Building outside of the Premises), and (ii) the contractors, subcontractors and/or laborers that performs the Alteration (or the portion thereof that affects such structural portion of the Building, Building system, or portion of the Building outside of the Premises), provided that any such engineer, contractor, subcontractor or laborer, as applicable, charges rates that are reasonably competitive with engineers, contractors, subcontractors or laborers (as applicable) of comparable skill and experience operating within the vicinity of the Building. If Landlord and Tenant cannot agree on whether the prices being charged by the engineer, contractor, subcontractor or laborer (as applicable) designated by the Landlord are reasonably competitive to those charged by such other engineers, contractors, subcontractors or laborers (as applicable), Landlord or Tenant may submit such dispute to a Streamlined Arbitration Proceeding (as hereinafter defined) pursuant to Article 41 hereof.

(ii) If (a) Tenant employs, or permits the employment of, any contractor, subcontractors, engineer, mechanic or laborer in the Premises, whether in connection with any Alteration or otherwise, and regardless of whether Landlord has approved such contractor, subcontractor, mechanic, or laborer, (b) such employment interferes or causes any conflict with other contractors, subcontractors, engineers, mechanics or laborers engaged in the maintenance, repair, management or operation of the Building or any adjacent property owned or managed by Landlord, and (c) Landlord gives Tenant notice thereof (which notice may be given verbally to the Person employed by Tenant with whom Landlord's representative ordinarily discusses matters relating to the Premises), then Tenant shall cause all contractors, subcontractors, mechanics or laborers causing such interference or conflict to leave the Building promptly and shall take such other immediate action as may be reasonably necessary to resolve such conflict.

(iii) In any case under this Article 8 or any other provision of this Lease it shall be required that Landlord's consent is required for the use or employment of any contractor, subcontractor, vendor or other supplier of labor or material, Tenant acknowledges and agrees that any such consent shall under no circumstance be deemed a warranty, assurance or guarantee that such contractor, subcontractor, vendor or supplier is qualified for the work or engagement for which Tenant is retaining such contractor, vendor or supplier or that the work, services or materials being provided shall be in compliance with Tenant's plans and specifications or comply with Requirements or that any work shall be performed in a workmanlike fashion free of any defect. Tenant specifically disclaims and waives any right, claim or cause of action against Landlord based upon any such contractor, vendor or supplier's defective work, material or service or failure to perform any work in accordance with any agreement, Requirement or professional standard. The provisions of this Section 8.F.(iii) shall be controlling whether or not any consent by Landlord to any such contractor, subcontractor, vendor or supplier contains any such or similar disclaimer or waiver of liability or any such contractor, vendor or supplier is related to Landlord or its managing agent.

G. Tenant shall pay to Landlord, as Additional Rent, the actual out-of-pocket costs and expenses incurred by Landlord in connection with any Alterations (including without limitation, the actual out-of-pocket costs and expenses that Landlord incurs in reviewing the plans and specifications for any such Alterations and inspecting the progress of such Alterations) within thirty (30) days after Landlord gives Tenant an invoice therefore together with reasonable supporting documentation for the charges set forth therein. If (I) as a result of any Alterations, any alterations, installations, improvements, additions or other physical changes are required to be performed (x) to any Building systems, or (y) in order to comply with any Requirements, to any portion of the Building other than the Premises (any such alterations, installations, improvements, additions or changes being referred to herein as an "Additional Change"), and (II) such Additional Change would not otherwise have had to be performed or made at such time, then (a) Landlord may perform such Additional Change, and (b) Tenant shall pay to Landlord the reasonable out-of-pocket costs thereof, as Additional Rent, within thirty (30) days after Landlord gives to Tenant an invoice therefor together with reasonable supporting documentation for the charges set forth therein. Landlord shall seek to accomplish any such Additional Change in a manner that minimizes the cost thereof to the extent reasonably practicable. Landlord shall give Tenant reasonable advance notice of Landlord's performance of the Additional Change (which notice (notwithstanding the provisions of Article 28 hereof to the contrary) may be provided verbally or via electronic mail by any member of Landlord's property management team to Tenant's representative with whom Landlord's property management team ordinarily discusses matters pertaining to the Premises).

H. Notwithstanding anything to the contrary contained in this Lease, (i) under no circumstances may Tenant or any other Person claiming by, through or under Tenant, install roll down gates and/or any other kind of exterior gates in or about the Premises or the Building or any exterior portion thereof and (ii) Tenant shall install on the windows of the Premises only the curtains, blinds, shades, or screens that Landlord designates reasonably.

I. Subject to the provisions of Article 27 hereof, Tenant shall not affix any sign, logo, emblem, banner, plaque or symbol on any exterior window, on any door opening on to a corridor, on any exterior wall demising the Premises or on or about any portion of the Premises in such a fashion as any sign, logo, emblem, banner, plaque or symbol is visible beyond the Premises.

J. (i) Subject to the terms of this Section 8.J., Tenant acknowledges and agrees that on the Expiration Date, the Premises must be in the same condition as existing on the Commencement Date, subject to ordinary wear and tear and casualty. On or prior to the Expiration Date, Tenant shall remove, at Tenant's sole cost and expense, Tenant's Property from the Premises, and all Alterations (other than paint, carpet and any Qualified Alterations (defined herein)) if any, made to the Premises during the Term; it being understood and agreed that Tenant, at Tenant's sole cost and expense, shall repair and restore in a good and workmanlike manner to good condition any damage to the Premises or the Building caused by such removal and such restoration work shall be performed subject to and in accordance with the provisions of this Article 8. Any Tenant's Property, and/or any Alterations that remain in the Premises after the Expiration Date shall be deemed to be the property of Landlord (with the understanding, however, that Tenant shall remain liable to Landlord for any default of Tenant in respect of Tenant's obligations under this Section 8.J) and Landlord shall have the right to remove such Tenant's Property and/or such Alterations and restore such damage, at Tenant's sole cost and expense; it being understood and agreed that Tenant shall pay the costs thereof as Additional Rent, upon demand.

(ii) Prior to Tenant's performance of any Alteration, Tenant shall have the right to request (simultaneously with Tenant's submission to Landlord of an Alterations Notice) that Landlord advise Tenant if Tenant shall be required to remove (or pay the cost to remove) such Alteration upon the Expiration Date or earlier termination of the Term, provided, however, that such request shall state in bold capital letters as follows: **"LANDLORD TO ADVISE TENANT IF TENANT SHALL BE OBLIGATED TO REMOVE THE ALTERATION(S) DESCRIBED HEREIN AT THE EXPIRATION OR EARLIER TERMINATION OF THE TERM AND LANDLORD'S FAILURE TO RESPOND TO THIS ALTERATIONS REMOVAL REQUEST WITHIN TEN (10) BUSINESS DAYS SHALL BE DEEMED TO INDICATE THAT LANDLORD SHALL REQUIRE REMOVAL OF THE ALTERATION(S) DESCRIBED HEREIN."** Landlord shall have the right to require removal of the applicable Alteration(s) upon the expiration or earlier termination of the Term in Landlord's sole discretion. If (i) Tenant makes any such request, and (ii) Landlord advises Tenant in writing that removal shall not be required, then Landlord shall not have the right to require Tenant to remove (or pay the cost to remove) such Alteration upon the Expiration Date or earlier termination of the Term (any such Alteration which Tenant shall not be required to remove (or to pay the cost of removal) as aforesaid being referred to herein as a "Qualified Alteration"); it being understood that Landlord's failure to respond to such request shall be deemed to indicate that Tenant, at Tenant's sole cost and expense, is required to remove the Alterations described in the applicable Alterations Notice.

(iii) The provisions of this Section 8.J shall survive the Expiration Date.

K. Tenant hereby acknowledges and agrees that if any Alterations are discontinued or abandoned, then promptly following Landlord's request therefor, Tenant shall, at Tenant's sole cost and expense, cause all of its contractors and subcontractors (of any level), architects, engineers, designers and consultants, as the case may be, to remove any and all plans and specifications for the applicable Alterations from filings with any Governmental Authorities and otherwise cooperate reasonably with Landlord in connection with closing out the applicable work.

L. Notwithstanding anything to the contrary contained herein, including, without limitation, the provisions of Section 8.J. hereof, if and to the extent that any telecom equipment and/or wiring, white boards or window film or glass film are installed in or about the Premises, then on or prior the Expiration Date, Tenant, at Tenant's sole cost and expense, shall remove such installations, and repair any damage to the Premises or the Building caused by such removal; it being understood and agreed that the provisions of this Article 8 shall govern with respect to the installation and/or removal of any such items. In the event that Tenant fails to comply with the provisions of this Section 8.L, Landlord shall have the right to remove such Tenant's Property and Alterations and restore such damage, at Tenant's sole cost and expense; it being understood and agreed that Tenant shall pay the costs thereof as Additional Rent, upon demand and Tenant shall remain liable to Landlord for any default of Tenant in respect of Tenant's obligations hereunder. The provisions of this Section 8.L shall survive the Expiration Date.

9. LIENS

Tenant shall not permit any materials or equipment that are incorporated as fixtures into the Premises in connection with any Alterations to be subject to any lien, encumbrance, chattel mortgage or title retention or security agreement. Notwithstanding the foregoing, Tenant shall discharge of record any mechanic's lien or other lien that is filed against the Real Property for work claimed to have been done for, services performed for, or for materials claimed to have been furnished to, Tenant (or any Person claiming by, through or under Tenant) within ten (10) Business Days after Tenant has received notice thereof, at Tenant's expense, by payment or filing the bond required by law. Nothing contained in this Article 9 (x) limits Tenant's right to challenge the claim that is made by the Person that files such a lien, provided that Tenant discharges such lien of record as aforesaid, or (y) obligates Tenant to discharge of record any lien that derives from Landlord's acts or omissions.

10. REPAIRS

A. Subject to the terms of this Article 10 and to Articles 11, 14 and 31 hereof, Tenant, at Tenant's expense, shall take good care of the Premises (including, without limitation, (i) the fixtures and equipment that are installed in the Premises on or after the Commencement Date, (ii) the Alterations, and (iii) the distribution portions of the Building systems within the Premises that distribute heat, ventilation, and air-conditioning ("HVAC") (subject to the provisions of Article 31 hereof), electricity and water within the Premises and which provide life safety services therein). Tenant shall make all repairs to the Premises as and when needed to preserve the Premises in good condition, except for reasonable wear and tear, obsolescence and damage for which Tenant is not responsible pursuant to the provisions of Article 11 hereof. Notwithstanding anything herein to the contrary set forth, Tenant shall not commit waste or cause any damage to any portion of the Building irrespective of whether within or without the Premises. Tenant shall perform any repairs required to be performed by Tenant pursuant to this Article 10 in accordance with the provisions of Article 8 hereof, including, without limitation, Sections 8.C. and 8.F. thereof. Nothing contained in this Section 10.A shall require Tenant to perform any repairs to the Premises that are Landlord's obligation to perform under Section 10.B hereof. All repairs made by Tenant as contemplated by this Section 10.A shall be in conformity with the standards applicable to comparable office buildings in Manhattan. Tenant shall give Landlord prompt notice of any defective condition in the Building or in any Building system located in, servicing or passing through the Premises.

B. Subject to the terms of this Article 10 and to Articles 11, 14 and 31 hereof, Landlord shall maintain and make all necessary repairs to and replacements of (i) the part of the Building systems which provide electricity, HVAC, life safety and water service to the Premises (but not to the distribution portions of such Building systems located within the Premises), (ii) the structural portions of the Building, (iii) the roof of the Building, (iv) the sidewalks that are adjacent to the Building, (v) the exterior walls of the Premises, (vi) the exterior perimeter windows of the Premises, and (vii) the public portions of the Building, in each case, in conformance with standards applicable to comparable office buildings in Manhattan. Nothing contained in this Section 10.B requires Landlord to maintain or repair the distribution portions of the Building systems located within the Premises that distribute electricity, HVAC (except that, as expressly set forth in and subject to the provisions of Article 31 hereof, Landlord shall maintain and repair the A/C Equipment (as defined herein) at Tenant's sole cost and expense), water and/or that provide life safety services within the Premises. Landlord shall have no obligation to employ contractors or labor at overtime or premium pay rates in connection with Landlord's making repairs as contemplated by this Article 10.

C. Notwithstanding the provisions of Section 10.A. hereof and Section 10.B. hereof to the contrary, (I) all damage or injury to the Premises or to any other part of the Building and Building systems, whether requiring structural or nonstructural repairs, to the extent caused by or resulting from the acts or omissions of Tenant (or any Person claiming by, through or under Tenant), or the performance of any Alterations, shall be repaired, at Tenant's sole cost and expense, (x) by Tenant, to the reasonable satisfaction of Landlord, if Tenant is obligated to perform such repair pursuant to Section 10.A. hereof, or (y) by Landlord, if Tenant is not otherwise obligated to perform such repair pursuant to Section 10.A. hereof, in which case, Tenant shall reimburse Landlord for all actual out-of-pocket costs incurred in connection with the performance of any such repairs as Additional Rent within thirty (30) days following receipt of Landlord's invoice therefor and such obligation shall survive the Expiration Date and (II) all damage or injury to the Premises, whether requiring structural or nonstructural repairs, to the extent caused by or resulting from negligence or willful misconduct of Landlord, or Landlord's entry into the Premises for purposes of making repairs or replacements made as contemplated in Article 19 hereof, shall be repaired, at Landlord's sole cost and expense, by Landlord to the reasonable satisfaction of Tenant; provided, however, that nothing contained in this Section 10.C. limits the provisions of Section 42.G. hereof.

11. CASUALTY; DESTRUCTION

A. Tenant shall give Landlord prompt notice of any fire or other casualty in or to the Premises. Subject to the terms of this Article 11, if the Premises (including Alterations that Tenant has theretofore completed in accordance with Article 8 hereof) are damaged by fire or other casualty, then, subject to the provisions of this Article 11, Landlord shall diligently repair the damage, with such modifications required to comply with Requirements, to substantially the condition which existed immediately prior to such fire or other casualty; it being understood and agreed that (i) Landlord shall have the right to make such modifications to the Premises required to comply with Requirements, (ii) Landlord shall have no liability to Tenant for Landlord's failure to commence any such repair to the extent Tenant fails to give such notice to Landlord of such fire or other casualty and (iii) Landlord shall not be required to repair or restore any of Tenant's Property or any Specialty Alteration. From and after the date of such fire or casualty until such repairs which are required to be performed by Landlord are Substantially Completed, the Fixed Annual Rent and the Escalation Rent payable pursuant to Article 2 hereof shall be reduced in the proportion which the area of the part of the Premises which is not usable by Tenant bears to the total area of the Premises immediately prior to such casualty. Landlord shall not be obligated to repair any damage to, or to replace, any Alterations if Landlord's insurer fails to make insurance proceeds available to Landlord to cover the cost of repairing such Alterations (excluding Landlord's deductible) by reason of the failure of Tenant to have notified Landlord of the completion of such Alterations and the cost thereof or to have maintained adequate records with respect to such Alterations. In the event of a fire or casualty which affects a portion of the Premises only, Landlord shall use reasonable efforts to minimize interference with Tenant's use and occupancy of the balance of the Premises in making any repairs pursuant to this Article 11. If the Premises (including any Alterations) are damaged by fire or other casualty, at any time prior to the completion of the Initial Installation Work if any, then Landlord's obligation to repair the Premises (and any Alterations) shall be limited to (x) the part of the Building Systems serving the Premises on the Commencement Date, but not the distribution portions of such Building Systems located within the Premises, (y) the floor and ceiling slabs of the Premises, and (z) the exterior walls of the Premises, all to substantially be the same condition which existed on the Commencement Date, in each case with any modifications required to comply with Requirements. Landlord shall not be obligated to restore the Premises as provided in this Section 11.A. to the extent that this Lease terminates by reason of such fire or other casualty subject to and in accordance with the terms of this Article 11.

B. If (i) the Premises are rendered wholly or substantially untenable by fire or other casualty and if Landlord shall decide not to restore the Premises, or (ii) if the Building is so damaged by fire or other casualty that that Landlord shall decide to substantially alter, demolish or reconstruct the Building (regardless of whether the Premises have been damaged or rendered untenable), then Landlord may terminate this Lease, by giving Tenant notice thereof on or prior to the ninetieth (90th) day following such damage. If Landlord elects to terminate this Lease as aforesaid, then the Term shall expire upon a date set by Landlord, but not sooner than the tenth (10th) day after Landlord gives such notice and Tenant, on such date, shall vacate and surrender possession of the Premises to Landlord in accordance with the provisions of Article 12 hereof.

C. Subject to the terms of this Section 11.C, if the Premises are substantially damaged by a fire or other casualty that occurs during the period of twelve (12) months immediately preceding the Fixed Expiration Date, then either Landlord or Tenant may elect to terminate this Lease by notice given to the other party within thirty (30) days after such fire or other casualty occurs. If either party makes such election, then the Term shall expire on the tenth (10th) day after the notice of such election is given, and, accordingly, Tenant, on or prior to such tenth (10th) day, shall vacate the Premises and surrender the Premises to Landlord in accordance with Article 12 hereof. For purposes of this Section 11.C, the term "substantially damaged" shall mean that in Landlord's reasonable judgment: (a) a fire or other casualty precludes Tenant from using more than thirty percent (30%) of the Premises for the conduct of its business, and (b) Tenant's inability to so use the Premises (or the applicable portion thereof) is reasonably expected to continue until at least the earlier to occur of (i) the Fixed Expiration Date and (ii) the ninetieth (90th) day after the date that such fire or other casualty occurs.

D. (i) Landlord, within ninety (90) days after the earlier to occur of (x) the date that Tenant gives Landlord notice of the occurrence of a fire or other casualty as contemplated by Section 11.A. hereof, and (y) the date that Landlord otherwise has actual notice of such fire or other casualty, shall give to Tenant a statement prepared by a reputable and independent contractor setting forth such contractor's estimate in good faith as to the time required for Landlord to Substantially Complete the restoration described in Section 11.A hereof (such statement that Landlord gives to Tenant being referred to herein as the "Casualty Statement"); provided, however, that Landlord shall not be required to give Tenant a Casualty Statement if Landlord has theretofore exercised Landlord's right to terminate this Lease under Section 11.B. hereof or if the fire or other casualty occurs during the last twelve months of the Term as contemplated in Section 11.C. hereof. If the estimated time period as set forth in the Casualty Statement exceeds twelve (12) months from the date of the applicable fire or other casualty, then Tenant may elect to terminate this Lease by giving notice to Landlord not later than the fifteenth (15th) day after the date that Landlord gives the Casualty Statement to Tenant. If Tenant makes such election to so terminate this Lease, then the Term shall expire on the thirtieth (30th) day after Tenant gives such notice to Landlord.

(ii) This Lease shall terminate if (v) a fire or other casualty occurs, and, by reason thereof, Landlord has an obligation to perform a restoration as contemplated by Section 11.A. hereof, (w) Tenant does not exercise Tenant's right to terminate this Lease under Section 11.D.(i) hereof in connection with such fire or other casualty (or Tenant does not have the right to terminate this Lease under Section 11.D.(i) hereof in connection with such fire or other casualty), (x) Landlord fails to Substantially Complete the performance of the restoration work that Landlord is required to perform on or prior to the date that is thirty (30) days after the last day of the estimated time period set forth in the Casualty Statement (the date described in this clause (ii) being referred to herein as the "Second Bite Date"), (y) Tenant gives Landlord notice no earlier than the Second Bite Date to the effect that this Lease will terminate under this Section 11.D.(ii) if Landlord fails to Substantially Complete the restoration within thirty (30) days after the Second Bite Date, and (z) Landlord fails to Substantially Complete the restoration within thirty (30) days after the Second Bite Date.

E. Upon the termination of this Lease under this Article 11, provided that no Default has occurred and is then continuing, the Rental shall be apportioned as of the date of such termination and any prepaid portion of Fixed Annual Rent and Escalation Rent that relates to the period after the date that the abatement of Fixed Annual Rent and Escalation Rent as described in Section 11.A. hereof becomes effective shall be refunded promptly by Landlord to Tenant less any amounts that may be then be due and payable by Tenant pursuant to the terms of this Lease (and Landlord's obligation to make such refund shall survive the Expiration Date).

F. Tenant shall have no right to cancel this Lease by virtue of a fire or other casualty except to the extent specifically set forth herein. This Article 11 is intended to constitute an "express agreement to the contrary" for purposes of Section 227 of the New York Real Property Law.

12. **END OF TERM**

Subject to Article 8 hereof, Tenant shall surrender the Premises to Landlord on the Expiration Date in good order and condition, except for reasonable wear and tear and damage by fire or other casualty, and Tenant shall remove all Tenant's Property and any personal property of any Person claiming by, through or under Tenant and all Alterations (other than Qualified Alterations). Tenant agrees that any personal property remaining in the Premises following the Expiration Date shall for all purposes be deemed abandoned and Landlord shall be free to dispose of such property, at Tenant's sole cost and expense, in any manner Landlord deems desirable. Landlord may retain or assign any salvage or other residual value of such property. In consideration of Landlord's disposing of such property, Tenant shall reimburse Landlord or pay to Landlord any cost that Landlord may incur in disposing of such property within thirty (30) days after demand therefor. Tenant shall indemnify, defend and save Landlord harmless against all costs, claims, loss or liability resulting from delay or failure by Tenant in so surrendering the Premises, including, without limitation, any claims made by any succeeding tenant arising directly or indirectly from such delay. If vacant and exclusive possession of the Premises is not surrendered to Landlord on the Expiration Date, then Tenant shall pay to Landlord on account of use and occupancy of the Premises, for each month (or any portion thereof) during which Tenant (or a Person claiming by, through or under Tenant) holds over in the Premises after the Expiration Date, an amount equal to two hundred percent (200%) of the aggregate Rental that was payable under this Lease during the last month of the Term; it being understood and agreed, however, that if Tenant pays Expenses or Real Estate Taxes on any basis other than a monthly basis, Landlord shall have the right to calculate the amount of such payments on a monthly basis for purposes of calculating the aforesaid amounts. The parties recognize and agree that Landlord expects to perform major renovations and alterations to the Premises and/or the Building after the Expiration Date and, accordingly, the damage to Landlord resulting from any failure by Tenant to timely surrender possession of the Premises as aforesaid will be extremely substantial. Tenant therefore agrees that if possession of the Premises is not surrendered to Landlord on the Expiration Date, in addition to any rights or remedies Landlord may have hereunder or at law, without in any manner limiting Landlord's right to demonstrate and collect any damages suffered by Landlord and arising from Tenant's failure to surrender the Premises as provided herein, and in addition to the sum payable to Landlord described above, Tenant shall pay to Landlord, any and all damages, consequential, direct or indirect, incurred by Landlord as a result of Landlord's inability to commence demolition, construction, alterations or renovations to the Premises and/or the Building immediately after the Expiration Date, specifically including, without limitation, (1) increased fees for engineers, architects, contractors, subcontractors, mechanics, laborers or expeditors, (2) increased fees for obtaining permits, applications, certificates, or plans and specifications, (3) increased costs for materials and equipment as a result of the delay, (4) any loss of rent from subsequent tenants that derive from Tenant's failure to timely vacate the Premises or (5) any penalties payable by Landlord to subsequent tenants that derive from Landlord's inability to timely deliver the Premises (or any portion thereof) to such subsequent tenants to the extent such delay arises from, or in connection with, Tenant's failure to timely vacate the Premises. Anything in this Lease to the contrary notwithstanding, the acceptance of any Rental shall not preclude Landlord from commencing and prosecuting a holdover or summary eviction proceeding, and the preceding sentence shall be deemed to be an agreement expressly "providing otherwise" within the meaning of Section 232-c of the Real Property Law of the State of New York and any successor law of like import. Tenant expressly waives, for itself and for any person claiming through or under the Tenant, any rights which the Tenant or any such Person may have under the provisions of Section 2201 of the New York Civil Practice Law and Rules and of any successor law of like import then in force in connection with any holdover summary proceedings which the Landlord may institute. The obligations set forth in this Article 12 shall survive the Expiration Date.

13. **SUBORDINATION AND ESTOPPEL, ETC.**

A. This Lease and Tenant's rights hereunder are and shall be subject and subordinate to any and all master leases of the Real Property, ground or underlying leases and subleases and to all mortgages, building loan agreements, leasehold mortgages, spreader and consolidation agreements and other similar documents and instruments together with all renewals, modifications, spreaders, consolidations, replacements, extensions, assignments, and refinancings thereof and to all advances made or hereafter made thereunder (hereinafter referred to individually, as a "Superior Interest" and collectively, as "Superior Interests"), which may now or hereafter affect such leases or subleases or the Real Property of which the Premises form a part and to. This Article shall be self-operative and no further instrument of subordination shall be necessary. In confirmation of such subordination, Tenant shall within ten (10) Business Days after written request execute any instrument in recordable form that Landlord or the holder of any Superior Interest may reasonably request. In the event that any ground or underlying lease is terminated, or any mortgage foreclosed, this Lease shall not terminate or be terminable by Tenant unless Tenant was specifically named in any termination or foreclosure judgment or final order for the purposes of terminating this Lease or the interest of Tenant in the Premises.

B. Any holder of a Superior Interest may elect that this Lease shall have priority over such Superior Interest and, upon notification by such holder of a Superior Interest to Tenant, this Lease shall be deemed to have priority over such Superior Interest, whether this Lease is dated prior to or subsequent to the date of such Superior Interest. In the event that any master lease or any other ground or underlying lease is terminated as aforesaid, or if the interests of Landlord under this Lease are transferred by reason of or assigned in lieu of foreclosure or other proceedings for enforcement of any mortgage, or if the holder of any mortgage acquires a lease in substitution therefor, or if the holder of any Superior Interest shall otherwise succeed to Landlord's estate in this Lease or the Building, or the rights of Landlord under this Lease, then Tenant will, notwithstanding anything to the contrary in Section 13.A above, at the option of the lessor under any such master lease or other ground or underlying lease, the holder of any other Superior Interest or such purchaser, assignee or lessee, as the case may be, to be exercised in writing, (i) attorn to it and perform for its benefit all the terms, covenants and conditions of this Lease on the Tenant's part to be performed with the same force and effect as if said lessor, mortgagee or such purchaser, assignee or lessee, were the landlord originally named in this Lease, or (ii) enter into a new lease with said lessor, mortgagee or such purchaser, assignee or lessee, as landlord, for the remaining Term and otherwise on the same terms, conditions and rentals as herein provided. The foregoing provisions shall inure to the benefit of any such successor landlord, shall apply notwithstanding that, as a matter of law, this Lease may terminate upon the termination of any Superior Interest, shall be self-operative upon any such request and no further instrument shall be required to give effect to said provisions; provided, however, that upon request of any such successor landlord, Tenant shall promptly execute and deliver, from time to time, any instrument in recordable form that any successor landlord may reasonably request to evidence and confirm the foregoing provisions of this Section 13.B, in form and content reasonably satisfactory to each such successor landlord, acknowledging such attornment and setting forth the terms and conditions of its tenancy. Upon such attornment, this Lease shall continue in full force and effect as a direct lease between such successor landlord and Tenant upon all of the then executory terms of this Lease except that such successor landlord shall not be: (a) liable for any previous act or omission or negligence of any prior landlord under this Lease (including, without limitation, Landlord) except to the extent that (i) such act or omission continues after the date that the successor succeeds to Landlord's interest in the Real Property, and (ii) such act or omission of such prior landlord is of a nature that the successor can cure by performing a service or making a repair; (b) subject to any counterclaim, demand, defense, deficiency, credit or offset which Tenant might have against any prior landlord under this Lease (including, without limitation, Landlord); (c) bound by any modification, amendment, cancellation or surrender of this Lease, unless such modification, cancellation, surrender shall have been approved in writing by the successor landlord; (d) bound by any payment of Rental made by Tenant to a prior landlord (including, without limitation, the then defaulting landlord) more than thirty (30) days in advance of the date such payment is due (other than Escalation Rent that Tenant pays in advance pursuant to Article 2 hereof) except to the extent that such successor landlord actually receives payment thereof, (e) bound by any security deposit, cleaning deposit or other prepaid charge which Tenant might have paid in advance to any prior landlord under this Lease (including, without limitation, Landlord), unless such payments have been received by the successor landlord; or (f) bound by any agreement of any landlord under this Lease (including, without limitation, Landlord) with respect to the completion of any improvements affecting the Premises, the Building, the land or any part thereof or for the payment or reimbursement to Tenant of any contribution to the cost of the completion of any such improvements.

C. If the then current term of any master, ground or other underlying lease to which this Lease is subordinate shall expire prior to the Fixed Expiration Date, then, unless (i) the term of such ground or other underlying lease, as the case may be, shall have been extended, which extension Landlord may arbitrarily decline to enter into or (ii) the holder of any Superior Interest shall elect, in writing, to have Tenant attorn to it, the Term shall expire on the date of the expiration of any master, ground or other underlying lease to which this Lease is subordinate, notwithstanding the later termination date herein above set forth. If any such master, ground or other underlying lease is renewed or if the holder of any Superior Interest shall elect, in writing, to have Tenant attorn to it, then the Term shall not expire as herein above set forth and, Tenant shall attorn to the holder of such Superior Interest on the terms and conditions set forth in Section 13.B above for attornment. Landlord hereby advises Tenant that as of the date hereof, there is no third-party mortgage financing or ground lease encumbering the Building.

D. From time to time, Tenant, on ten (10) Business Days' prior written request by Landlord, time being of the essence, will deliver to Landlord and the holder of any Superior Interest a statement in writing (on which any person to whom it is addressed or certified may rely) certifying that this Lease is unmodified and is in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and identifying the modifications) and the dates to which the Rental has been paid, the amounts of Fixed Annual Rent and Escalation Rent, stating the Fixed Expiration Date and whether any renewal option exists (and if so, the terms thereof), stating whether any defense or counterclaim to the payment of any Rental exists, whether any allowance or work is due to Tenant from Landlord, stating whether or not the Landlord is in default in performance of any covenant, agreement or condition contained in this Lease and, if so, specifying each such default of which Tenant may have knowledge, stating whether any bankruptcy case has been commenced with respect to Tenant, and containing such other information as the holder of any Superior Interest may request. Nothing contained herein will be deemed to impair any right, privilege or option of the holder of any Superior Interest.

E. If, in connection with obtaining, continuing or renewing financing or refinancing for the Building, the land and/or any leasehold estate of Landlord under any master, ground or underlying lease, the lender shall request reasonable modifications to this Lease as a condition to such financing or refinancing, Tenant will execute and deliver such modifications, except that Tenant shall not be required to agree to any such modifications to this Lease that (i) increase Tenant's monetary obligations under this Lease, (ii) adversely affect or diminish Tenant's rights under this Lease (except in either case to a de minimis extent) or (iii) increase Tenant's other obligations under this Lease (except to a de minimis extent) (it being understood that Tenant may be required to give notices of any defaults by Landlord to such lender with the granting of such additional time for such curing as may be required for such lender to get possession of the said building and/or land).

F. If any act or omission by Landlord shall give Tenant the right, immediately or after the lapse of time, to cancel or terminate this Lease or to claim a partial or total eviction, Tenant shall not exercise any such right until: (i) it shall have given written notice of such act or omission to each holder of any Superior Interest of which it has written notice, and (ii) a reasonable period for remedying such act or omission shall have elapsed following such notice (which reasonable period shall be equal to the period to which Landlord would be entitled under this Lease to effect such remedy, plus an additional thirty (30) day period), provided such holder or lessor shall, with reasonable diligence, give Tenant notice of its intention to remedy such act or omission and shall commence and continue to act upon such intention.

14. CONDEMNATION

A. Subject to the terms of this Article 14, in the event that the entire Building, Real Property or Premises shall be lawfully condemned or taken in any manner for any use or purpose, this Lease and the Term and estate hereby granted shall forthwith cease and terminate as of the date of vesting of title (hereinafter referred to as the "date of taking").

B. If only a part of the Building or the Real Property is so condemned or taken and not the entire Premises, then (i) except as hereinafter provided, this Lease shall be and remain unaffected by such condemnation or taking and the Term shall continue in force and effect, but if a part of the Premises is included in the part of the Building or Real Property so acquired or condemned, then, from and after the date of the vesting of title, (x) the Fixed Annual Rent shall be reduced in the proportion which the area of the part of the Premises so acquired or condemned bears to the total area of the Premises immediately prior to such condemnation or taking, (y) Tenant's Tax Share shall be redetermined based upon the proportion which the rentable area of the Premises remaining after such acquisition or condemnation bears to the rentable area of the Building remaining after such condemnation or taking; and (z) the Tenant's Expense Share shall be redetermined based upon the proportion which the rentable area of the Premises remaining after such condemnation or taking bears to the rentable area of the Building (excluding any retail portion thereof) remaining after such condemnation or taking, (ii) if at least twenty-five percent (25%) of the rentable area of the Building is affected thereby, then Landlord may give to Tenant, within sixty (60) days following the date that Landlord receives notice of vesting of title, a notice of termination of this Lease; and (iii) if the part of the Building or the Real Property so condemned or acquired contains more than twenty-five (25%) percent of the rentable area of Premises immediately prior to such condemnation or taking, or, if by reason of such condemnation or taking, Tenant no longer has reasonable means of access to the Premises as determined by Landlord, in Landlord's reasonable discretion, then Tenant shall have the right to terminate this Lease by giving notice thereof to Landlord on or prior the sixtieth (60th) day after Tenant receives notice of the taking. Landlord shall promptly give Tenant copies of any notice received from the condemning authority as to vesting. If Landlord or Tenant gives any such notice to terminate this Lease, then this Lease and the Term shall come to an end and expire upon the thirtieth (30th) day after the date that such notice is given. If this Lease shall not be terminated as a result of a partial taking, if any part of the Premises not so taken is damaged, Landlord, at Landlord's own expense, but subject to the extent of the net proceeds (after deducting reasonable expenses including reasonable attorneys' and appraisers' fees and any sums payable to the holder of a Superior Interest) of the award, shall perform the work necessary to restore the damaged portion thereof to substantially the same condition existing immediately prior to the taking with reasonable diligence and with such modifications as may be required by Requirements. Tenant shall be entitled to a proportionate abatement of Fixed Annual Rent and Escalation Rent for that portion of the Premises which is being so restored and which is not usable during the period commencing on the date such damage occurred and ending on the earlier of the date such restoration is Substantially Complete and the date on which such portion of the Premises is used by Tenant.

C. Upon the termination of this Lease and the Term pursuant to the provisions of Section 14.A or 14.B. hereof, the Fixed Annual Rent and Escalation Rent shall be apportioned and any prepaid portion of Fixed Annual Rent and Escalation Rent for any period after such date (less any amounts that may then remain due and payable pursuant to the terms of this Lease) shall be refunded by Landlord to Tenant (and the obligation to make such refund shall survive the Expiration Date).

D. Subject to Section 14.E. hereof, Landlord shall be entitled to receive the entire award for any condemnation or taking of all or any part of the Real Property. Tenant shall have no claim against Landlord or any condemning authority or entity for, nor shall Tenant make any claim for, the value of any unexpired portion of Term and Tenant hereby expressly assigns to Landlord all of its right in and to such award. Nothing contained in this Section 14.D. shall preclude Tenant from making a separate claim in any condemnation proceedings, for the then value of any Tenant's fixtures or personal property included in such taking, and for any moving expenses, provided that such proceedings do not result in a reduction in Landlord's award.

E. If the whole or any part of the Premises is acquired or condemned temporarily during the Term for any use or purpose, then the Term shall not be reduced or affected in any way and, accordingly, Tenant shall continue to pay in full all items of Rental payable by Tenant hereunder without reduction or abatement. Tenant shall be entitled to receive for itself any award or payments for such use; provided, however, that if the acquisition or condemnation is for a period extending beyond the Term, such award or payment shall be apportioned equitably between Landlord and Tenant. Tenant, at Tenant's sole cost and expense, shall make Alterations (subject to and in accordance with all applicable provisions of this Lease) to restore the Premises to the condition existing prior to any such temporary acquisition or condemnation.

15. **REQUIREMENTS OF LAW**

A.

(i) Tenant, at Tenant's sole cost and expense, shall comply with all Requirements (as hereinafter defined) applicable to the Premises, including, without limitation, (i) Requirements that are applicable to the performance of Alterations, (ii) Requirements that become applicable by reason of Alterations having been performed, (iii) Requirements applicable to recycling of waste generated or stored by Tenant or any Person claiming by, through or under Tenant and (iv) Requirements that are applicable by reason of the specific nature or manner of use of the Premises or type of business operated by Tenant (or any other Person claiming by, through or under Tenant) in the Premises.

(ii) The term "Requirements" shall mean, collectively, (i) all present and future laws, rules, orders, ordinances, regulations, statutes, requirements, codes and directives and executive orders of all Governmental Authorities, and of any applicable fire rating bureau, or any other body exercising similar functions, as the same may be amended from time to time and (ii) all requirements that the issuer of Landlord's property insurance policy imposes (including, without limitation, any such requirements that such issuer requires as the basis for the premium that such issuer charges Landlord for Landlord's property policy), provided that such requirements that the issuer of Landlord's property policy imposes are reasonably consistent with the requirements imposed by reputable insurers of comparable properties in The City of New York.

(iii) The term "Governmental Authority" shall mean the United States of America, the State of New York, the City of New York, any political subdivision thereof and any agency, department, commission, board, bureau or instrumentality of any of the foregoing, or any quasi-governmental authority, now existing or hereafter created, having jurisdiction over the Real Property or any portion thereof.

(iv) Landlord may elect to perform, at Tenant's sole cost and expense, any work necessary to comply with Requirements as required pursuant to Section 15.A.(i) hereof and Tenant shall reimburse Landlord for the actual out-of-pocket costs of performing the same within thirty (30) days following receipt of Landlord's invoice therefor which invoice shall include reasonable supporting documentation for the charges set forth therein.

(v) Landlord hereby advises Tenant that the work to pre-build the Premises was completed on or about April 24, 2019 and such work was performed in accordance with applicable Requirements then in effect.

(vi) As of the date hereof, to the best of Landlord's knowledge, Landlord has not received any notice of any violation of applicable Requirements at the Building from any Governmental Authority that would delay, impede or increase the cost of Tenant's occupying the Premises for the conduct of business.

B. Tenant at its expense shall not use the Premises in a manner which shall increase the rate of fire insurance of Landlord or of any other tenant, over that in effect prior to this Lease. If Tenant's use of the Premises increases the fire insurance rate, Tenant shall reimburse Landlord for all such increased costs. That the Premises are being used for the purpose set forth in Article 1 hereof shall not relieve Tenant from the foregoing duties, obligations and expenses.

C. By way of supplementing and not in limitation of the preceding provisions of this Article 15, if the Building or any portion thereof (i) is now subject to, or Landlord shall hereafter subject the Building or any portion thereof to, any easement, covenant or restriction to (a) preserve or regulate the historical nature or landmark status thereof, (b) designate it as a historical building, historical site or landmark or (c) incorporate it in any historical, landmark or other similar district or (ii) is now or hereafter becomes subject to any Requirement designating it a historical building, historical site, landmark or incorporating it in any historical, landmark or other similar district, whereby, in any such case, any Alteration or change in its physical appearance shall be subject to regulation or approval by any Governmental Authority or other third party, Tenant shall not take or suffer any action that would have the effect of violating any such easement, covenant, restriction or Requirement.

16. **CERTIFICATE OF OCCUPANCY**

Tenant will at no time use or occupy the Premises in violation of any certificate of occupancy issued for or statute governing the use of the Building. Nothing contained herein constitutes Landlord's covenant, representation or warranty that the Premises or any part thereof lawfully may be used or occupied for any particular purpose or in any particular manner.

17. POSSESSION

Tenant waives any right to rescind this Lease under Section 223-a of the New York Real Property Law or any successor statute of similar nature and purpose then in force and further waives the right to recover any damages which may result from Landlord's failure for any reason to deliver possession of the Premises to Tenant on the Commencement Date. If Landlord is unable to give possession of the Premises to Tenant on the Commencement Date, then the Rent Commencement Date shall be adjourned for the number of days in the period beginning on the Commencement Date and ending on the day immediately preceding the date that Landlord delivers possession of the Premises to Tenant. Landlord's failure to give possession of the Premises to Tenant on the Commencement Date shall not (i) affect the validity of this Lease, (ii) subject to the terms of the immediately preceding sentence of this Article 17, affect the obligations of Tenant hereunder, (iii) give rise to any claim for damages by Tenant or any claim for rescission of this Lease by Tenant, (iv) be construed to extend the Term or (v) subject Landlord to any liability. The provisions of this Article are intended to constitute an "express provision to the contrary" within the meaning of Section 223-a of the New York Real Property Law. If Tenant takes possession of the Premises, or otherwise enters therein, for any reason prior to the Commencement Date with Landlord's prior written approval thereof, all of the terms, covenants and conditions of this Lease shall be applicable to such possession or entry (specifically, including without limitation, the provisions of Article 21 hereof); it being expressly understood that the foregoing shall not be construed to permit Tenant to access or otherwise take possession of the Premises prior to the Commencement Date.

18. QUIET ENJOYMENT

Landlord covenants that if Tenant pays the Rental when due and payable and timely performs all of Tenant's other obligations under this Lease, Tenant may peaceably and quietly enjoy the Premises, subject to the terms, covenants and conditions of this Lease and to any master lease and other Superior Interests. The willful infliction of damage on any property or the intentional interference with the quiet enjoyment by any other occupant of the Building shall be deemed to be a conditional limitation of the Term. Tenant shall not create any nuisance or other disturbance within the Building.

19. RIGHT OF ENTRY AND TENANT'S RIGHT TO ACCESS AND BUILDING SECURITY

A. Tenant shall provide Landlord, from time to time, with the keys to the Premises (or with the appropriate means to access the Premises using Tenant's electronic security systems). Subject to the terms of this Section 19.A., Landlord, its employees, designees and/or its agents shall have the right to enter or pass through the Premises at all reasonable times, upon reasonable prior notice (which notice may be given verbally to the person employed by Tenant with whom Landlord's representatives ordinarily discusses matters pertaining to the Premises), (a) to examine the same, (b) to exhibit the Premises to prospective purchasers, tenants, investors, mortgagees, and/or the holders of any Superior Interest, (c) to make such repairs, installations, improvements, alterations or additions to the Building (whether or not the work to be performed is within the Premises or for its benefit) or the Premises, as may be required by Requirements or as Landlord may deem necessary or, for any reason, desirable, (d) to perform any work permitted or expressly required by the terms of this Lease, (e) to take back an insubstantial portion of the Premises as may be reasonably required for such repairs, installations, improvements, alterations or additions, (f) to gain access to Reserved Areas and/or (g) to take into and store within and upon the Premises all material that may be used in connection with any such repair, installation, improvement, alteration or addition work. Notwithstanding the foregoing to the contrary, Landlord shall not be required to give Tenant advance notice of any such entry to the extent necessary by reason of the occurrence of an emergency (with the understanding, however, that Landlord shall give Tenant notice of such emergency access as promptly as reasonably practicable thereafter). Such entry, storage, work or taking back of a portion of the Premises in connection with any of the purposes set forth herein shall not constitute an eviction (whether actual or constructive) of Tenant, in whole or in part, or breach of the covenant of quiet enjoyment, shall not be grounds for any abatement of rent, and shall not impose any liability on Landlord to Tenant by reason of inconvenience or injury to Tenant's business or to the Premises. Notwithstanding the foregoing to the contrary, Landlord will repair the Premises to the extent that the necessity for such repair derives from Landlord's access to the Premises as contemplated in this Article 19. Subject to Section 42.G. hereof, Landlord will remain liable to Tenant for personal injury or property damage that derives from Landlord's negligence or willful misconduct in connection with any entry upon the Premises. Tenant shall permit Landlord to erect and maintain pipes, ducts and conduits in and through the Premises. Landlord shall have the right at any time, without the same constituting an actual or constructive eviction, and without incurring any liability to Tenant, to change the arrangement and/or location of entrances or passageways, windows, corridors, elevators, stairs, toilets, or other public parts of the Building, and/or to change the name or number by which the Building is known. The Premises shall not include (i) the exterior walls of the Building, (ii) the demising walls of the Premises (except for the interior face thereof), (iii) set-backs, balconies, terraces and roofs that are adjacent to the Premises, (iv) the windows and the portions of all window sills outside same, and (v) space that is now or hereafter used for Building systems or other purposes associated with the operation, repair, management or maintenance of the Real Property, including, without limitation, shafts, stacks, stairways, chutes, pipes, conduits, ducts, fan rooms, mechanical rooms (except for mechanical rooms that exclusively serve the Premises), plumbing facilities, service closets and areas above any hung ceiling, and Landlord hereby reserves all rights to such parts of the Building (the areas described in clauses (iii) and (v) above together with any mechanical rooms that exclusively serve the Premises being collectively referred to herein as the "Reserved Areas"). Landlord shall use commercially reasonable efforts to minimize interference with Tenant's use of the Premises in connection with Landlord's accessing the Premises as contemplated by this Section 19.A.; provided, however, that Landlord shall have no obligation to employ contractors or labor at overtime or premium pay rates in connection therewith.

B. Without further consent by Tenant, Landlord, its managing agent or Landlord's designee may, after reasonable written or oral notice, at reasonable times, enter the Premises (whether prior or subsequent to the Commencement Date) to take photographs of the interior thereof (which may also include either or both of Tenant's name and logo) for use in print and electronic marketing materials for any one or more of the Building, Landlord, Landlord's managing agent or any affiliate thereof. Tenant hereby consents to such use. Notwithstanding the foregoing, no such material shall contain the image or likeness of any individual without first obtaining such individual's consent thereto. Tenant represents and warrants that the use of such photographs will not violate any copyright or trademark rights of any person with respect to the design, furnishing, layout or construction of the Premises.

C. Subject to the terms of this Lease, Tenant, during the Term, shall have access to the Premises at all times, twenty-four (24) hours per day, every day of the year.

D. Subject to the terms of this Section 19.D and all other applicable provisions of this Lease, Landlord shall arrange for one (1) concierge or security guard or porter to staff the lobby of the Building at all times, twenty-four (24) hours per day, seven (7) days per week, at no additional cost to Tenant (provided the costs thereof may be included in Expenses). Tenant acknowledges that (i) Landlord, in agreeing to arrange for such security personnel, does not ensure the security of the Building, and (ii) accordingly, Tenant remains responsible for making the Alterations in, and adopting procedures for, the Premises that Tenant considers adequate to provide for Tenant's security.

20. VAULT SPACE

Anything contained in any plan or blueprint to the contrary notwithstanding, no vault or other space not within the Building property line is demised hereunder. Any use of such space by Tenant shall be deemed to be pursuant to a license, revocable at will by Landlord, without diminution of the Rental payable hereunder. If Tenant shall use such vault space, any fees, taxes or charges made by any Governmental Authority for such space shall be paid by Tenant.

21. INDEMNITY

A. The term "Landlord Parties" shall mean collectively, Landlord, Landlord's managing agent, each holder of a Superior Interest and each of their respective partners, members, managers, officers, directors, employees, principals, trustees and agents. The term "Landlord Party" shall mean any of the foregoing individually. Subject to the terms of this Section 21.A., to the fullest extent of the law, Tenant shall indemnify, defend and hold the Landlord Parties harmless from and against all losses, damages, liabilities costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) that are incurred by a Landlord Party and that derive from a claim made by a third party against such Landlord Party arising from or alleged to arise from: (a) any breach or default by Tenant in the full and prompt payment and performance of Tenant's obligations hereunder; (b) the use or occupancy or manner of use or occupancy of the Premises by Tenant or any Person claiming by, under or through Tenant; (c) any act, omission or negligence of Tenant or any of its subtenants, assignees or licensees or its or their partners, principals, directors, officers, agents, invitees, employees, guests, customers or contractors (of any tier); (d) any accident, injury or damage occurring in or about the Premises; (e) the performance by Tenant (or any Person on behalf of Tenant, or any Person claiming by, through, or under, Tenant, including, without limitation, any Person engaged by or on behalf of Tenant) of any Alteration in, to or about the Premises, including, without limitation, the failure of Tenant or any such Person to obtain any permit, authorization or license or failure to pay in full any contractor, subcontractor or materialmen performing such Alteration; (f) a misrepresentation made by Tenant hereunder (including, without limitation, a misrepresentation of Tenant under Article 40 hereof); and (g) any mechanics lien filed, claimed or asserted in connection with any Alteration or any other work, labor, services or materials done for or supplied to, or claimed to have been done for or supplied to Tenant, or any Person claiming through or under Tenant. Tenant shall not be required to indemnify the Landlord Parties, and hold the Landlord Parties harmless, in either case as aforesaid, to the extent that it is finally determined that the negligence or wilful misconduct of a Landlord Party contributed to the loss or damage sustained by the Person making the claim against Landlord. If any claim, action or proceeding is brought against any of the Landlord Parties for a matter covered by this indemnity, Tenant, upon notice from the indemnified Person shall defend such claim, action or proceeding with counsel reasonably satisfactory to Landlord and the indemnified Person. The parties intend that the Landlord Parties (other than Landlord) shall be third-party beneficiaries of this Section 21.A.

B. The term “Tenant Parties” shall mean collectively, Tenant and its respective partners, members, managers, officers, directors, employees, principals, trustees and agents. The term “Tenant Party” shall mean any of the foregoing individually. Subject to the terms of this Section 21.B., to the fullest extent permitted by law, Landlord shall indemnify, defend and hold the Tenant Parties harmless, from and against, all losses, damages, liabilities, costs and expenses (including, without limitation, reasonable attorneys’ fees and expenses) that are incurred by a Tenant Party and that derive from a claim made by a third party against such Tenant Party arising from or alleged to arise from Landlord’s negligence or willful misconduct (or the negligence or willful misconduct of the Person that has the right to occupy the Premises by virtue of Landlord’s exercising Landlord’s rights under Section 4.B. hereof). Landlord shall not be required to indemnify the Tenant Parties, and hold the Tenant Parties harmless, in either case as aforesaid, to the extent that it is finally determined that the negligence or willful misconduct of a Tenant Party contributed to the loss or damage sustained by the Person making the claim against Tenant or to the extent the loss or damage is covered or would be covered by the insurance Tenant is required to maintain pursuant to Article 42 hereof. If any claim, action or proceeding is brought against any of the Tenant Parties for a matter covered by this indemnity, Landlord, upon notice from the indemnified person or entity, shall defend such claim, action or proceeding with counsel reasonably satisfactory to Tenant and the indemnified person or entity. The parties intend that the Tenant Parties (other than Tenant) shall constitute third-party beneficiaries of this Section 21.B.

C. The provisions of this Article 21 shall survive the Expiration Date.

22. **INABILITY TO PERFORM; LIMITATION OF LIABILITY**

A. Subject to Articles 11 and 14 hereof, this Lease and the obligation of Tenant to pay Rental hereunder and to perform all of Tenant’s other covenants shall not be affected, impaired or excused, and Landlord shall not have any liability to Tenant, to the extent that Landlord is unable to perform Landlord’s covenants under this Lease by reason of any cause beyond Landlord’s control, including without limitation (i) strikes, (ii) labor troubles, (iii) governmental pre-emption in connection with a national emergency, (iv) any Requirement, (v) conditions of supply or demand, (vi) conditions affected by, or actions (including without limitation any evacuation or closure of the Building) taken by Landlord or others reasonably intended to assure the health, security or safety of the Building or any person in response to, war, any act of terrorism or violence (even if not directed at the Building or any occupant thereof), or other national, state or municipal emergency (whether or not officially proclaimed by any Governmental Authority), (vii) the occurrence of an act of God, or (viii) unavailability of power or any disruption of electrical or any other utility service (such events collectively, “Unavoidable Delays”); provided, however, that Landlord shall not have the right to claim under this Section 22.A. that Landlord’s failure to have funds available to make a payment of money constitutes an excuse for Landlord’s performance of an obligation of Landlord hereunder.

B. Landlord shall have the right, without incurring any liability to Tenant, to stop any service because of accident or emergency, or for repairs, alterations or improvements, necessary or desirable in the judgment of Landlord to the Building or the Premises, until such repairs, alterations or improvements shall have been completed.

C. The Landlord Parties (other than Landlord) shall not be liable for the performance of Landlord’s obligations under this Lease. Tenant shall look solely to Landlord to enforce Landlord’s obligations hereunder. The liability of Landlord for Landlord’s obligations under this Lease shall be limited to Landlord’s interest in the Real Property and the proceeds thereof (including, without limitation, proceeds of a sale or refinancing of Landlord’s interest in the Real Property, casualty insurance proceeds, and condemnation awards). Tenant shall not look to any property or assets of Landlord (other than Landlord’s interest in the Real Property and such proceeds thereof) in seeking either to enforce Landlord’s obligations under this Lease or to satisfy a judgment for Landlord’s failure to perform such obligations.

D. The Landlord Parties (other than Landlord) shall not be liable to Tenant for any loss or damage to person, property or business. Landlord shall not be liable to Tenant for any loss or damage to person, property or business, unless due to the negligence or willful misconduct of Landlord (it being understood and agreed that the provisions of Section 42.G. hereof shall apply with respect to any such liability). The Landlord Parties shall not be liable for any damage to property of Tenant or of others entrusted to employees of the Building nor for the loss of or damage to any property of Tenant by theft or otherwise.

23. **CONDITION OF PREMISES**

Tenant expressly acknowledges that it has inspected the Premises and is fully familiar with the physical condition thereof. Subject to Article 10 hereof, (a) Tenant shall accept possession of the Premises in the condition that exists on the Commencement Date “as is,” and (b) Landlord shall have no obligation to perform any work or make any installations in order to prepare the Building or the Premises for Tenant’s occupancy. Tenant acknowledges that except as expressly set forth herein, Landlord has made no representations or promises with respect to the Building, the Real Property or the Premises. On the Commencement Date, the Premises shall be in broom clean condition and all Building systems (including the distribution portions thereof and the A/C Equipment) providing service to the Premises shall be in good working order.

24. **CLEANING**

A. Subject to the terms of this Lease, Landlord shall cause the Premises to be cleaned on Business Days in accordance with cleaning specifications (set forth on Exhibit “D” annexed hereto and made part hereof), provided they are kept in order by Tenant. Landlord, its cleaning contractor and their employees shall have after-hours access to the Premises and the use of Tenant’s light, power and water in the Premises as may be reasonably required for the purpose of cleaning the Premises. Tenant shall pay to Landlord, as Additional Rent, the reasonable costs incurred by Landlord in removing from the Building any of Tenant’s refuse and rubbish to the extent exceeding the amount of refuse and rubbish usually generated by a tenant that uses the Premises for ordinary [office] purposes.

B. Tenant acknowledges that it has been advised that the cleaning contractor for the Building may be a subdivision or affiliate of Landlord. Tenant agrees to employ said contractor, or such other contractor as Landlord may from time to time designate, for any additional cleaning services such as waxing, polishing and other maintenance cleaning, rubbish removal and similar work in or to the Premises and/or Tenant’s furniture, fixtures and equipment, provided that the prices charged by said contractor are reasonably competitive with the prices charged by other contractors of comparable skill and experience operating within the vicinity of the Building for comparable work. Tenant agrees that under no circumstance shall it employ any other cleaning and maintenance contractor, nor any individual, firm or organization for such purposes other than Landlord’s contractor without Landlord’s prior written consent, which may be withheld for any reason.

C. Tenant, at Tenant’s expense, shall exterminate the Premises against infestation by insects and vermin, regularly, and whenever there is evidence of infestation, in both cases, in a manner reasonably acceptable to Landlord. Tenant shall engage Landlord’s designated contractor to perform such extermination services, provided that the prices charged by said contractor are reasonably competitive with the prices charged by other contractors of comparable skill and experience operating within the vicinity of the Building for comparable work.

D. In each instance where Tenant is obligated to engage Landlord’s designated contractor for a particular service, as contemplated in this Article 24, if Landlord and Tenant cannot agree on whether the prices being charged by the applicable contractor designated by Landlord are reasonably competitive to those charged by such other contractors, Landlord or Tenant may submit such dispute to a Streamlined Arbitration Proceeding (as hereinafter defined) pursuant to Article 41 hereof. While such dispute is pending resolution and as a condition to its initiation and the maintenance thereof, Tenant shall pay the charges billed by Landlord or its designated contractor, as the case may be; it being understood and agreed, that following resolution of any such dispute, such charges shall be adjusted as determined in such Streamlined Arbitration Proceeding.

25. **JURY WAIVER, DAMAGES**

THE PARTIES HERETO HEREBY WAIVE TO THE FULLEST EXTENT PERMITTED BY REQUIREMENTS, TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY EITHER OF SUCH PARTIES AGAINST THE OTHER WITH RESPECT TO ANY MATTER WHATSOEVER ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS LEASE, THE RELATIONSHIP OF LANDLORD AND TENANT, TENANT'S USE OR OCCUPANCY OF THE PREMISES, OR FOR THE ENFORCEMENT OF ANY REMEDY, WHETHER PURSUANT TO STATUTE, IN CONTRACT OR TORT, AND IRRESPECTIVE OF THE NATURE OR BASIS OF THE CLAIM INCLUDING BREACH OF AN OBLIGATION TO MAKE ANY PAYMENT, FRAUD, DECEIT, MISREPRESENTATION OF FACT, FAILURE TO PERFORM ANY ACT, NEGLIGENCE, MISCONDUCT OF ANY NATURE OR VIOLATION OF STATUTE, RULE, REGULATION OR ORDINANCE. IF LANDLORD COMMENCES AGAINST TENANT ANY SUMMARY PROCEEDING OR OTHER ACTION TO RECOVER POSSESSION OF THE PREMISES OR TO RECOVER ANY RENT, TENANT SHALL NOT INTERPOSE ANY COUNTERCLAIM OF WHATEVER NATURE OR DESCRIPTION IN ANY SUCH PROCEEDING OR ACTION (EXCEPT TO THE EXTENT THAT APPLICABLE LAW PRECLUDES TENANT FROM ASSERTING SUCH COUNTERCLAIM IN ANOTHER PROCEEDING), AND SHALL NOT SEEK TO CONSOLIDATE SUCH PROCEEDING WITH ANY OTHER ACTION WHICH MAY HAVE BEEN OR WILL BE BROUGHT IN ANY OTHER COURT BY TENANT. TENANT HEREBY WAIVES ANY AND ALL CLAIMS AGAINST LANDLORD FOR LANDLORD'S UNREASONABLY WITHHOLDING, UNREASONABLY CONDITIONING OR UNREASONABLY DELAYING ANY CONSENT OR APPROVAL REQUESTED BY TENANT IN CASES WHERE LANDLORD EXPRESSLY AGREED HEREIN NOT TO UNREASONABLY WITHHOLD, UNREASONABLY CONDITION OR UNREASONABLY DELAY SUCH CONSENT OR APPROVAL; IT BEING UNDERSTOOD AND AGREED THAT TENANT'S SOLE REMEDY THEREFOR BEING AN ACTION OR PROCEEDING FOR SPECIFIC PERFORMANCE, INJUNCTION OR DECLARATORY JUDGMENT. LANDLORD SHALL HAVE NO LIABILITY FOR ANY CONSEQUENTIAL, INDIRECT OR PUNITIVE DAMAGES THAT ARE SUFFERED BY TENANT OR ANY PERSON CLAIMING BY, THROUGH OR UNDER TENANT.

26. **NO WAIVER, CONSTRUCTIVE EVICTION, SURVIVAL OF OBLIGATIONS, ETC.**

A. No act or omission of Landlord or its agents (including, without limitation, the exercise of the rights set forth in Section 22.B. hereof) shall constitute an actual or constructive eviction, in whole or in part, or entitle Tenant to any compensation or to any abatement or diminution of the Rental, or relieve Tenant from any of Tenant's obligations under this Lease, or impose any liability upon Landlord or any of the Landlord Parties by reason of inconvenience or annoyance to Tenant, or injury to or interruption of Tenant's business, or otherwise. No act or omission of Landlord or its agents shall constitute acceptance of a surrender of the Premises, except a writing signed by Landlord. The delivery of keys to Landlord or its agents shall not constitute a termination of this Lease or a surrender of the Premises. Acceptance by Landlord of less than the Rental herein provided shall at Landlord's option be deemed on account of earliest Rental remaining unpaid. No endorsement on any check, or letter accompanying rent, shall be deemed an accord and satisfaction, and such check may be cashed without prejudice to Landlord. No waiver of any provision of this Lease shall be effective, unless such waiver be in writing signed by Landlord. FOR THE AVOIDANCE OF DOUBT, NO COURSE OF CONDUCT (FOR HOWEVER LONG IT MAY HAVE CONTINUED) THAT MAY HAVE DEVIATED FROM THE EXPRESS TERMS OF THIS LEASE OR CHANGE IN THE COURSE OF CONDUCT (HOWEVER LONG THE PREVIOUS COURSE OF CONDUCT MAY HAVE CONTINUED) OF LANDLORD (SUCH AS THE ACCEPTANCE OF LATE PAYMENT OF RENT WITHOUT COMPELLING PAYMENT OF A LATE CHARGE OR INSTITUTING ANY LEGAL PROCEEDING) SHALL BE DEEMED TO BE A WAIVER OR AMENDMENT OF ANY TERM OF THIS LEASE AND SHALL BE CONSTRUED SOLELY AS A TEMPORARY AND NON-BINDING ACCOMMODATION OF TENANT AT TENANT'S REQUEST AND MADE WITHOUT PREJUDICE TO LANDLORD'S RIGHTS AND REMEDIES. No provision of this Lease shall be deemed to have been waived by Tenant, unless such waiver is in writing signed by the Tenant. Tenant's failure to seek redress for violation of, or to insist upon the strict performance of, any covenant or condition of this Lease on Landlord's part to be performed, shall not be deemed to be a waiver. The payment by Tenant of any item of Rental or performance of any obligation of Tenant hereunder with knowledge of any breach by Landlord of any covenant of this Lease shall not be deemed a waiver of such breach, nor shall it prejudice Tenant's right to pursue any remedy against Landlord in this Lease provided or otherwise available to Tenant in law or in equity. This Lease contains the entire agreement between the parties, and no modification thereof shall be binding unless in writing and signed by both parties.

B. Tenant shall comply with (and shall cause any Person claiming by, through or under Tenant to comply with) the rules and regulations set forth in the Rider attached hereto and made a part hereof, and any reasonable modifications thereof or additions thereto. Landlord shall not be liable to Tenant for the violation of such rules and regulations by any other tenant. Landlord shall not enforce any rule or regulation against Tenant in a discriminatory manner.

C. Failure of Landlord to enforce any provision of this Lease, or any rule or regulation, shall not be construed as the waiver of any subsequent violation of a provision of this Lease, or any rule or regulation. This Lease shall not be affected by nor shall Landlord in any way be liable for the closing, darkening or bricking up of windows in the Premises or the relocation or alteration of any corridor to the Premises, for any reason, including as the result of construction on any property of which the Premises are not a part or by Landlord's own acts. No easement for light and air is conveyed by this Lease.

D. Landlord's and Tenant's obligation to make any and all adjustments and payments required by this Lease, including, without limitation, the adjustments and payments referred to in Articles 2 and 3 hereof, shall survive any expiration, termination or cancellation of this Lease, except as otherwise expressly provided by written agreement between Landlord and Tenant.

E. Any delay or failure of Landlord in billing or tendering any invoice or statement provided for in any provision of this Lease for all or any portion of any amount payable pursuant to this Lease (whether denominated Additional Rent or otherwise), including, without limitation, any provision of Article 2 or Article 3 hereof (including, without limitation, any statement, invoice, bill, or notice of cost of living adjustment, operating expense escalation, tax escalation, or fuel and/or rate adjustment), shall not constitute a waiver of or in any way impair (i) Landlord's right to bill Tenant at any subsequent time (during or subsequent to the Term), retroactively for the entire amount so unbilled (which previously unbilled amount shall be payable within thirty (30) days after demand therefor), and to collect any such amount or (ii) Tenant's continuing obligation to pay the same hereunder, which obligation shall survive the Expiration Date.

27. OCCUPANCY AND USE BY TENANT; SIGNAGE

A. Tenant shall not obstruct or permit the obstruction of the light, halls, common areas, roof, stairway or entrances to the Building.

B.

(i) Except as otherwise expressly permitted herein, Tenant will not affix, erect or inscribe any signage, lettering, projections, awnings, signals or advertisements or notices of any kind to any part of the Premises, including the inside or outside of the windows or doors thereof, or the Building or any portion thereof; it being understood and agreed that Tenant shall not have the right to use any window in the Premises for any sign or other display that is designed principally for advertising or promotion.

(ii) Tenant will not paint the outside of the doors thereof or the inside or outside of the windows thereof. Any signage, lettering, projections, awnings, signals, advertisements, or notices which shall be exhibited, inscribed, painted or affixed by or on behalf of Tenant in violation of the provisions of this Section 27.B may be removed by Landlord and the cost of any such removal shall be paid by Tenant as Additional Rent.

(iii) Following Tenant's request therefor (which request may only be made one time and may only be made during the first sixty (60) days of the Term), Landlord, at Tenant's sole cost and expense, shall install Building standard signage containing Tenant's name only (the "Entry Door Signage"), on or affixed to the entry doors to the Premises. Tenant shall reimburse Landlord for Landlord's actual out-of-pocket costs incurred in connection therewith within thirty (30) days following receipt of Landlord's invoice therefor. Upon installation of any Entry Door Signage, such signage shall not be removed, changed or otherwise modified in any way without Landlord's prior written approval and the removal, change or modification of the Entry Door Signage or any lettering contained therein shall be performed solely by Landlord, at Tenant's sole cost and expense. Notwithstanding the foregoing to the contrary, if the Building standard signage program for the Building or the floor on which the Premises is located changes during the Term from the Building standard signage program in effect and applicable thereto on the date hereof, Landlord reserves the right, at Landlord's own cost and expense, to remove the existing Entry Door Signage and replace the same with the signage containing Tenant's name only which replacement signage shall conform to the then current Building standard signage program in effect for the Building or the floor on which the Premises is located. Entry Door Signage shall constitute an Alteration for all purposes of this Lease.

C.

(i) If Tenant shall install a wireless intranet, Internet, communications network or “Wi-Fi” (or other iteration thereof) capability (any of the foregoing being hereinafter referred to as a “Network”) within the Premises, such Network shall be for the use by and only by Tenant and its employees subject to the terms hereof. No antennas shall be installed on any roof or setback of the Building or anywhere else on the exterior of the Building in connection with the Network or otherwise.

(ii) Tenant shall not solicit, suffer, or permit other tenants or occupants of the Building to use the Network or any other communications service, including, without limitation, any wired or wireless Internet service that passes through, is transmitted through, or emanates from the Premises.

(iii) Tenant agrees that Tenant’s communications equipment and the communications equipment of Tenant’s service providers and contractors retained to service the Premises including, without limitation, any switches, or other equipment (collectively, “Tenant’s Communications Equipment”) shall be of a type and, if applicable, a frequency, that will not cause radio frequency, electromagnetic, or other interference to any other party or any equipment of any other party including, without limitation, Landlord, other tenants, or occupants of the Building or any other party, in violation of FCC specifications concerning radio frequency interference (hereinafter referred to as “RFI”). In the event that Tenant’s Communications Equipment causes or is believed to cause any such prohibited RFI, upon receipt of notice from Landlord of such interference, Tenant will take all steps necessary to correct and eliminate the interference. If the prohibited RFI is not eliminated within twenty-four (24) hours (or a shorter period if Landlord believes a shorter period to be appropriate) then, upon request from Landlord, Tenant shall shut down Tenant’s Communications Equipment pending resolution of the interference, with the exception of intermittent testing upon prior notice to and with the approval of Landlord. No Network, or Tenant’s Communication Equipment may be installed in any lobby, corridor, building common area or any other area not within the exclusive control of Tenant.

(iv) Tenant acknowledges that Landlord has granted and/or may grant lease rights, licenses, and other rights to various other tenants and occupants of the Building and to telecommunications service providers.

28. **NOTICES**

or to such other address or addresses as Landlord or Tenant may designate from time to time on at least ten (10) Business Days of advance notice given to the other in accordance with the provisions of this Article 28. Any such bill, statement, demand, notice, request or other communication shall be deemed to have been rendered or given (x) on the date that it is hand delivered, as aforesaid, or (y) three (3) days after being sent by registered or certified mail or (z) one (1) Business Day after being sent by nationally recognized overnight courier. Notwithstanding anything to the contrary contained herein, an Alterations Notice shall be deemed given on the later to occur of (i) the applicable date specified in the immediately preceding sentence and (y) the date on which Tenant receives a "Read Receipt" on Tenant's electronic transmission thereof. TENANT HEREBY EXPRESSLY WAIVES THE BENEFITS OF ANY LAW, STATUTE OR OTHER LEGAL AUTHORITY REQUIRING A PERIOD OF TIME (SUCH AS 5 DAYS) TO BE ADDED TO THE TIME REQUIRED HEREIN TO BE GIVEN FOR NOTICES.

B. Notwithstanding the foregoing, (i) all bills, statements, notices, demands, requests and other communications from Landlord to Tenant pursuant to Article 2 or Article 3 and any notices changing any of the addresses set forth herein, may be given, at Landlord's option, by regular first class United States mail or via electronic mail sent to the party to whom Landlord's representative was so instructed to send such bills, statements, notices, demands, requests and other communications and (ii) bills and statements issued by Landlord and/or Landlord's agents or representatives, may be sent in the manner specified herein without copies to any other party. Tenant acknowledges and agrees that if any notices of default or demands for the payment of Rental or performance of any other obligations hereunder that are sent to the address(es) set forth herein are returned as undeliverable, then such notices and demands may thereafter be sent or delivered to the Premises and, notwithstanding that Tenant may have another office or place of business (of which Landlord may have knowledge) or may have vacated the Premises, delivery of any such notice or demand or delivery of service of process to the Premises shall be sufficient for all purposes (including, without limitation, obtaining jurisdiction over and entry of judgement against Tenant) in any action or proceeding.

C. Landlord hereby authorizes and appoints as Landlord's agents, the then current property manager, the then current managing agent of the Building, if any, and any attorney retained by Landlord at any time, jointly and severally, to act on Landlord's behalf to make demands on and give notices to Tenant hereunder, including without limitation, (i) demands for payment of Rental, performance of any obligation, or curing of any default, (ii) notices of Default or notices of termination of this Lease, and (iii) all other notices that may be required by Requirements or this Lease in connection with or as a predicate to any action or proceeding whether for rent, possession of the Premises or enforcement of any other right or remedy. Tenant acknowledges and agrees that (x) such managing agent and attorney, either together or individually, are authorized to give such notices and (y) Tenant shall not (and hereby waives the right to) contest such authorization on the grounds that any such notice was not given by Landlord or raise any defense to any action or proceeding predicated on any allegation of lack of such authorization. No notice given by such agent or attorney shall be required to state or evidence the authority for giving the same, and it shall be conclusively presumed that any notice from any such managing agent or attorney was properly authorized.

D. This Article 28 has been specifically negotiated between the parties hereto.

29. **WATER**

Tenant shall not use water other than for ordinary drinking, cleaning, and pantry uses. If Tenant uses water for any purpose in addition to ordinary drinking, cleaning, or pantry purposes, then Landlord may install a water meter at Tenant's expense and thereby measure Tenant's water consumption for all such additional purposes. Tenant shall pay Landlord for the cost of the meter and the cost of the installation thereof and through the duration of Tenant's occupancy Tenant shall keep said meter and equipment in good working order and repair at Tenant's own cost and expense. Tenant shall pay Landlord for water consumed as shown on said meter, as additional rent, calculated at the cost imposed on Landlord by the public utility. Tenant shall make such payment to Landlord not later than the tenth (10th) day after the date that Landlord gives Tenant an invoice therefor. Tenant shall pay the sewer rent, charge or any other tax, rent, levy or charge which now or hereafter is imposed in connection with any such metered consumption.

30. **SPRINKLER SYSTEM**

If there shall be a sprinkler system in the Premises for any period during the Term, if such sprinkler system is damaged by any act or omission of Tenant or its agents, employees, licensees or visitors, Tenant shall restore the system to good working condition at its own expense. Supplementing Article 15 and not in lieu thereof, if the New York Board of Fire Underwriters, the New York Fire Insurance Exchange, the Insurance Services Office, any successor to any of them, any other organization hereafter performing any function of any of them or any Governmental Authority requires the installation or any alteration or other modification to a sprinkler system (including any alteration or modification necessary to obtain the full allowance for a sprinkler system in the fire insurance rate of Landlord) by reason of Tenant's occupancy or use of the Premises or any Alterations therein, or for any other reason, Tenant shall make such installation or alteration or other modification promptly and in accordance with the provisions of Article 8 hereof, and at its own expense. Landlord may elect to perform, at Tenant's sole cost and expense, any work necessary to comply with this Article 30 and Tenant shall reimburse Landlord for the actual out-of-pocket costs of performing the same within thirty (30) days following receipt of Landlord's invoice therefor which invoice shall include reasonable supporting documentation for the charges set forth therein.

31. **HEAT AND AIR-CONDITIONING**

A. Landlord shall furnish heat to the Premises during Business Hours (as hereinafter defined) during the cold season in each year.

B. During the Term, Tenant may use any air conditioning equipment and appurtenances located in and/or servicing the Premises (hereinafter referred to collectively as the "A/C Equipment"), for normal office usage. Subject to Article 10 hereof, Landlord shall, at Tenant's cost and expense, inspect, maintain, repair and replace as necessary, the A/C Equipment and Tenant shall reimburse Landlord, as Additional Rent, for all of Landlord's actual, reasonable out-of-pocket costs incurred in connection therewith within thirty (30) days following receipt of Landlord's invoice therefor; it being understood that the costs incurred by Landlord to inspect, maintain, repair and/or replace the A/C Equipment shall be reasonably competitive in the market for comparable work. Tenant shall reimburse Landlord for all electricity consumed in connection with the A/C Equipment in accordance with the provisions of Article 3 of this Lease. The A/C Equipment is and shall remain the property of Landlord. In no event shall Tenant have any right to remove the A/C Equipment. Tenant shall not abuse the A/C Equipment and shall operate the A/C Equipment only in accordance with the operating instructions that may accompany such equipment and the design and performance specifications therefor; it being understood and agreed that upon the Expiration Date, the A/C Equipment (including all material components thereof) must be in good working order and to the extent the A/C Equipment (or any material component thereof) is not in good working order Tenant shall reimburse Landlord upon demand for any and all costs incurred by Landlord to repair or replace the same following the Expiration Date and this obligation shall survive the Expiration Date. Tenant shall not install any supplemental or additional air conditioning units of any kind in the Premises; it being expressly understood and agreed that Landlord shall have no obligation to maintain, repair or replace any supplemental systems (regardless of whether such supplemental systems are located in the Premises on the Commencement Date). The term "Non-Exclusive A/C Equipment" shall mean a central system or package or other air-conditioning units and/or equipment that provides air-conditioning service to a particular tenant in the Building and that also provides air conditioning service to other tenants and/or to any other portion of the Building. Notwithstanding the preceding provisions of this paragraph, if air-conditioning is provided to the Premises by means of Non-Exclusive A/C Equipment, Landlord shall maintain, repair, and replace the same as hereinabove provided, but the charges for such services shall be prorated based upon the ratio of the rentable square feet of the Premises over the aggregate rentable square feet in the Building which is serviced by all Non-Exclusive A/C Equipment.

C. In no event shall Landlord be required to furnish heat or ventilation at times other than Business Hours (such other times, "Overtime Periods"). Notwithstanding the foregoing, upon Tenant's request, Landlord shall provide heat and ventilation services to the Premises during Overtime Periods at Landlord's then existing schedule of rates for such services during Overtime Periods for tenants in the Building, provided that Tenant shall give notice to Landlord requesting such services not later than 2:00 P.M. on the Business Day immediately preceding the day on which Tenant requires such services during Overtime Periods.

32. LETTER OF CREDIT

A. Simultaneously with Tenant's execution and delivery hereof, Tenant shall deliver to Landlord an unconditional, irrevocable Letter of Credit (the "Letter of Credit") that (i) is in the amount of Three Hundred Thirty-Six Thousand Four Hundred Forty and 00/100 Dollars (\$336,440.00), (ii) is in a form that is reasonably acceptable to Landlord, (iii) is issued for an initial term of not less than one (1) year and automatically renews for periods of not less than one (1) year unless the issuer thereof otherwise advises Landlord on or prior to the forty-fifth (45th) day before the applicable expiration date, (iv) allows Landlord the right to draw thereon in part from time to time or in full, (v) names Landlord as the beneficiary thereof and is issued from the account of Tenant, (vi) is transferable by Landlord without cost (with any and all fees associated therewith being for the account of Tenant and the effectiveness of such transfer shall not be conditioned upon the payment of such fees), and (vii) is issued by, or drawn on, a bank that (a) is insured by the Federal Deposit Insurance Corporation (b) has either a Standard & Poor's long term rating of at least "AA-" or a Moody's long term rating of at least "Aa3" (or, if Standard & Poor's or Moody's, as the case may be, hereafter ceases the publication of ratings for banks, a rating of a reputable rating agency as reasonably designated by Landlord that most closely approximates a Standard & Poor's long term rating of "AA-" or Moody's long term rating of "Aa3", as applicable, as of the date hereof), (c) has not been declared insolvent or placed into receivership in either case by the Federal Deposit Insurance Corporation or another governmental entity that has regulatory authority over such bank, and (d) that either (I) has an office in the city where the Building is located at which Landlord can present the Letter of Credit for payment, or (II) has an office in the United States and allows Landlord to draw upon the Letter of Credit without presenting a draft in person (such as, for example, by submitting a draft by fax or overnight delivery service) (the aforesaid requirements for the bank that issues the Letter of Credit being collectively referred to herein as the "Bank Requirements"). In no event shall the Letter of Credit have a final expiration date occurring any earlier than the date which is sixty (60) days after the Fixed Expiration Date.

B. If (a) Default occurs and is continuing, or (b) Tenant fails to vacate the Premises and surrender possession thereof in accordance with the terms of this Lease upon the Expiration Date, then Landlord may present the Letter of Credit for payment and apply the proceeds thereof (i) to the payment of any Fixed Annual Rent, Additional Rent or any other sums hereunder that then remain unpaid, or (ii) to any damages to which Landlord is entitled hereunder and that Landlord incurs by reason of such Default or Tenant's aforesaid failure to vacate the Premises or surrender possession thereof in accordance with the terms of this Lease upon the Expiration Date. If Landlord so applies any part of the proceeds of the Letter of Credit, then Tenant, upon demand, shall provide Landlord with a replacement Letter of Credit so that Landlord has the full amount of the required security at all times during the Term. If at any time during the Term the issuer of the Letter of Credit shall cease to satisfy the Bank Requirements or such issuer shall be placed on the Federal Deposit Insurance Corporation's "Watch List," Tenant shall, within five (5) days after notice from Landlord, replace such Letter of Credit with a new Letter of Credit issued by a banking organization that satisfies the Bank Requirements and the other criteria set forth in this Article 32. If Tenant fails to do so, then Landlord, in addition to Landlord's other rights at law, in equity or as otherwise set forth herein, shall have the right to present the Letter of Credit for payment and retain the proceeds thereof as security in lieu of the Letter of Credit (it being agreed that Landlord shall have the right to use, apply and transfer such proceeds in the manner described in this Article 32). If such Letter of Credit is not honored, Tenant within five (5) days after notice that the Letter of Credit was not honored, shall replace the Letter of Credit with a cash security deposit (it being agreed that Landlord shall have the right to use, apply and transfer such cash security in the manner described in this Article 32). Time shall be of the essence with respect to the time periods set forth in this Section 32.B If Tenant shall default in performing any such obligation under this Section 32.B, the same shall be deemed an automatic Default hereunder neither requiring any further notice for Landlord to terminate the Term nor susceptible of being cured by Tenant. Tenant shall reimburse Landlord for any reasonable costs that Landlord incurs in so presenting the Letter of Credit for payment within thirty (30) days after Landlord submits to Tenant an invoice therefor. The provisions of this Section 32.B shall survive the Expiration Date. Nothing contained in this Section 32.B limits Landlord's rights or remedies in equity, at law, or as otherwise set forth herein.

C. Tenant, at Tenant's expense, shall cause the issuer of the Letter of Credit to amend the Letter of Credit to name a new beneficiary thereunder in connection with Landlord's assignment of Landlord's rights under this Lease to a Person that succeeds to Landlord's interest in the Real Property; it being understood and agreed that if Landlord incurs any cost or expense in connection with the transfer of the Letter of Credit, Tenant shall promptly pay to Landlord, on demand and as Additional Rent hereunder, all such costs and expenses paid by Landlord to the issuer of the Letter of Credit in connection with any such transfer. The provisions of this Section 32.C shall survive the Expiration Date.

D. If Tenant fails to provide Landlord with a replacement Letter of Credit that complies with the requirements of this Article 32 on or prior to the thirtieth (30th) day before the expiration date of the Letter of Credit that is then expiring, then Landlord may present the Letter of Credit for payment and retain the proceeds thereof as security in lieu of the Letter of Credit (it being agreed that Landlord shall have the right to use, apply and transfer such proceeds in the manner described in this Article 32). Tenant shall reimburse Landlord for any reasonable costs that Landlord incurs in so presenting the Letter of Credit for payment within thirty (30) days after Landlord submits to Tenant an invoice therefor. Landlord also shall have the right to so present the Letter of Credit and so retain the proceeds thereof as security in lieu of the Letter of Credit at any time from and after the thirtieth (30th) day before the Expiration Date if the Letter of Credit expires earlier than the sixtieth (60th) day after the Fixed Expiration Date.

E. Provided that Tenant performs all of the obligations of Tenant hereunder, Landlord shall return to Tenant the Letter of Credit (to the extent not theretofore presented for payment in accordance with the terms hereof) promptly following the Expiration Date. Landlord's obligations under this Section 32.E shall survive the Expiration Date.

33. **RENT CONTROL**

In the event the Fixed Annual Rent or Additional Rent or any part thereof provided to be paid by Tenant under the provisions of this Lease during the Term shall become uncollectable or shall be reduced or required to be reduced or refunded by virtue of any Requirement, or the orders, rules, codes or regulations of any organization or entity formed pursuant to Requirements, whether such organization or entity be public or private, then Landlord, at its option, may at any time thereafter, terminate this Lease, by not less than thirty (30) days' written notice to Tenant, on a date set forth in said notice, in which event this Lease and the Term shall terminate and come to an end on the date fixed in said notice as if the said date were the date originally fixed herein for the termination of the Term. Landlord shall not have the right to so terminate this Lease if Tenant within such period of thirty (30) days shall in writing lawfully agree that the rentals herein reserved are a reasonable rental and agree to continue to pay said rentals, and if such agreement by Tenant shall then be legally enforceable by Landlord.

34. **SHORING**

Tenant shall permit any person authorized to make an excavation on land adjacent to the Building containing the Premises to do any work within the Premises necessary to preserve the wall of the Building from injury or damage, and Tenant shall have no claim against Landlord for damages or abatement of Rental by reason thereof.

35. **EFFECT OF CONVEYANCE, ETC.**

If the Building shall be sold, transferred or leased, or the lease thereof transferred or sold, Landlord shall be relieved of all future obligations and liabilities hereunder and the purchaser, transferee or tenant of the Building shall be deemed to have assumed and agreed to perform all such obligations and liabilities of Landlord hereunder. In the event of such sale, transfer or lease, Landlord shall also be relieved of all existing obligations and liabilities hereunder, provided that the purchaser, transferee or tenant of the Building assumes in writing or is deemed to have assumed by operation of law or otherwise, such obligations and liabilities.

36. **RIGHTS OF SUCCESSORS AND ASSIGNS; PARTIAL INVALIDITY**

This Lease shall bind and inure to the benefit of the heirs, executors, administrators, successors, and, except as otherwise provided herein, the assigns of the parties hereto. If any provision of any Article of this Lease or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of that Article, or the application of such provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each provision of said Article and of this Lease shall be valid and be enforced to the fullest extent permitted by Requirements.

37. **CAPTIONS**

The captions herein are inserted only for convenience, and are in no way to be construed as a part of this Lease or as a limitation of the scope of any provision of this Lease.

38. **LEASE SUBMISSION**

A. Landlord and Tenant agree that this Lease is submitted to Tenant on the understanding that it shall not be considered an offer and shall not bind Landlord or Tenant unless and until Landlord and Tenant have executed and unconditionally delivered to the other a fully executed counterpart of this Lease.

B. If Tenant is a corporation, partnership, limited liability company or other form of organization or association, Tenant represents and warrants that each individual executing this Lease on behalf of Tenant is duly authorized to do so, that Tenant is a duly formed and validly existing entity and that Tenant has full right and authority to execute and deliver this Lease.

39. **ELEVATORS AND LOADING**

A. Except in the event of an emergency or as otherwise provided in and subject to the terms of this Lease, Landlord shall provide passenger elevator service twenty-four (24) hours a day, seven (7) days a week and freight elevator service on a non-exclusive basis 8:00 a.m. to 5:00 p.m. during all Business Days. Any use of freight elevator service on other days and times (collectively, "Freight Overtime Periods") shall be on a first-come, "as available" basis and shall be scheduled in advance with Landlord, and Tenant shall pay Landlord's customary building standard charge therefor. Notwithstanding the foregoing, Landlord shall provide Tenant, at no additional cost to Tenant, with up to eight (8) hours of freight elevator service during Freight Overtime Periods solely for use in connection with Tenant's move-in to the Premises, which freight elevator use shall be scheduled on such days and during such hours (in no less than four (4) hour blocks of time) as is scheduled in advance with, and reasonably approved by, Landlord's property management team for the Building. Tenant expressly acknowledges and agrees that any portion of such hours allotted to Tenant for free freight elevator service during Freight Overtime Periods which are remaining after Tenant's completion of Tenant's initial move to the Premises shall be deemed forfeited and that in no event shall any such hours be applied to Tenant's use of the freight elevator service in connection with the ordinary conduct of Tenant's business. There shall be no major loading or unloading in the Building between 8:00 a.m. and 6:00 p.m. on Business Days. Tenant acknowledges it has been advised that, subject to availability, and on a first come "as-available" basis, the freight elevators servicing the Building can be used from 8:00 a.m. to 5:00 p.m. on Business Days for less than truck load deliveries which will not unreasonably interfere with use of the freight elevator by or on behalf of Landlord and the other tenants of the Building.

B. It is the intention of Landlord to maintain in the Building, operatorless automatic control elevators. However, Landlord may, at its option, maintain in the Building either manually operated elevators or operatorless automatic control elevators or part one and part the other, and Landlord shall have the right from time to time during said term, to change, in whole or in part, from one to the other without notice to Tenant and without such change in any way constituting an eviction of Tenant or affecting the obligations of Tenant hereunder or incurring any liability to Tenant hereunder.

40. **BROKERAGE**

Tenant represents and warrants that it neither consulted nor negotiated with any broker or finder with regard to the Premises other than [Omitted pursuant to Item 601(a)(6)] ("Broker") and [Omitted pursuant to Item 601(a)(6)] ("Landlord's Agent"). Tenant agrees to indemnify, defend and save Landlord harmless from and against any claims for fees or commissions from any Person other than Broker and Landlord's Agent claiming to have dealt with Tenant in connection with the Premises and/or this Lease. Landlord represents and warrants that it neither consulted nor negotiated with any broker or finder with regard to the Premises other than Broker and Landlord's Agent. Landlord agrees to pay any commission or fee owing to Broker and Landlord's Agent pursuant to separate agreements with Broker and Landlord's Agent. Landlord agrees to indemnify, defend and save Tenant harmless from and against any claims or fees or commissions from any Person, including Broker and Landlord's Agent, claiming to have dealt with Landlord in connection with the Premises or this Lease. If any claim, action or proceeding is brought against Landlord or Tenant for a matter covered by this indemnity, the indemnitor, upon notice from the indemnified Person, shall defend such claim, action or proceeding with counsel reasonably satisfactory to the respective party and the indemnified Person. Nothing in this Article 40 shall be construed to be a third party beneficiary contract.

41. **ARBITRATION**

The term "Streamlined Arbitration Proceeding" shall mean a binding arbitration proceeding conducted in The City of New York under the Streamlined Arbitration Rules & Procedures of JAMS (or its successor); provided, however, that with respect to any such arbitration, (i) the list of arbitrators referred to in Rule 12(d) of JAMS Streamlined Arbitration Rules & Procedures shall be returned within five (5) Business Days from the date of service; (ii) the parties shall notify JAMS (or its successor) by telephone, within four (4) Business Days, of any objections to the arbitrator appointed and, subject to clause (vii) below, shall have no right to object if the arbitrator so appointed was on the list submitted by JAMS (or its successor) and was not struck in accordance with Rule 12(d) as modified by clause (i) above; (iii) the parties shall be notified of the hearing date four (4) Business Days in advance of the hearing; (iv) the hearing shall be held within seven (7) Business Days after the appointment of the arbitrator; (v) the arbitrator shall have no right to award damages or vary, modify or waive any provision of this Lease; (vi) the decision of the arbitrator shall be final and binding on the parties; and (vii) the arbitrator shall not have been employed by either party (or their respective Affiliates) during the period of three (3) years prior to the date of the Streamlined Arbitration Proceeding. The arbitrator shall determine the extent to which each party is successful in such Streamlined Arbitration Proceeding in addition to rendering a decision on the dispute submitted. If the arbitrator determines that one (1) party is entirely unsuccessful, then such party shall pay all of the fees of such arbitrator. If the arbitrator determines that both parties are partially successful, then each party shall be responsible for such arbitrator's fees only to the extent such party is unsuccessful (e.g., if Landlord is eighty percent (80%) successful and Tenant is twenty percent (20%) successful, then Landlord shall be responsible for twenty percent (20%) of such arbitrator's fees and Tenant shall be responsible for eighty percent (80%) of such arbitrator's fees).

42. **INSURANCE**

A. At all times during the Term, Tenant shall maintain, at Tenant's expense, the following insurance coverage:

(i) an insurance policy for Tenant's Property and the Specialty Alterations, in either case to the extent insurable under "all-risk" property insurance policies, covering the perils listed in the current edition of the Insurance Services Office, Inc. ("ISO"), special causes of loss form CP 10 30 including, without limitation, coverage for acts of terrorism (if such coverage for acts of terrorism is available on commercially reasonable terms), in an amount equal to one hundred percent (100%) of the replacement value thereof (subject, however, at Tenant's option, to a reasonable deductible) (the insurance policy described in this clause (i) being referred to herein as "Tenant's Property Policy"); Tenant's Property Policy shall include business interruption insurance that is sufficient in amount to pay the Fixed Annual Rent and the Escalation Rent due hereunder for a period of at least one (1) year;

(ii) a policy of commercial general liability insurance on an occurrence basis, providing coverage that is at least as broad as the current edition of ISO Form CG 00 01 ("Tenant's Liability Policy") with minimum limits of Five Million and 00/100 Dollars (\$5,000,000.00) per occurrence for bodily injury (or death), personal injury and/or damage to property;

(iii) a commercial automobile liability policy covering any vehicle that Tenant brings upon the Real Property (regardless of whether Tenant owns or hires such vehicle) with a combined single limit of not less than One Million Dollars (\$1,000,000) (such policy being referred to herein as "Tenant's Auto Policy");

(iv) worker's compensation insurance in statutory limits, and New York State disability insurance as required by Requirements, covering all employees; and

(v) such other coverage in such amounts as Landlord may reasonably require with respect to the Premises, its use and occupancy and the conduct or operation of business therein.

Landlord may, from time to time, but not more frequently than once every three (3) years adjust the minimum limits set forth above to limits that in Landlord's reasonable judgment are then being customarily required by prudent landlords of comparable buildings in New York City. Tenant shall not obtain any property insurance (under Tenant's Property Policy or otherwise) that covers the property that is covered by Landlord's Property Policy.

B. All insurance policies to be maintained as set forth above (i) shall be issued by companies of recognized responsibility, licensed and admitted to do business in the State of New York, reasonably acceptable to Landlord, and maintaining a rating of A/XII or better in Best's Insurance Reports-Property-Casualty (or an equivalent rating in any successor index adopted by Best's or its successor), (ii) shall provide that they may not be canceled or modified unless Landlord and all additional insureds thereunder are given at least thirty (30) days prior written notice of such cancellation or modification, except that such period of thirty (30) days may be reduced to no less than ten (10) days for non-payment of premium and (iii) shall be primary and non-contributory in all respects. Tenant's Property Policy and Tenant's Liability Policy shall name Tenant as the insured. Tenant's Liability Policy (including, without limitation, any policy that Tenant obtains as described in Section 42.D. hereof) and Tenant's Auto Policy shall be endorsed to name the Designated Landlord Parties as additional insureds thereunder. Tenant's Property Policy shall contain a provision that no act or omission of Tenant shall affect or limit the obligation of the insurer to pay the amount of any loss sustained. If Tenant receives any notice of cancellation or any other notice from the insurance carrier which may adversely affect the coverage of the insureds under Tenant's Property Policy or Tenant's Liability Policy, then Tenant shall immediately deliver to Landlord a copy of such notice. Tenant's Liability Policy shall have no exclusions limiting liability assumed under an insured's contract (including, without limitation, tort liability of another assumed by the insured in a business contract).

C. Prior to the Commencement Date, Tenant shall deliver to Landlord certificates of insurance for the insurance coverage required by Paragraph 42.A and copies of the endorsements to such policies designating the Designated Landlord Parties as additional insureds. Tenant shall procure and pay for renewals of such insurance from time to time before the expiration thereof, and Tenant shall deliver to Landlord certificates of renewal at least thirty (30) days before the expiration of any existing policy. Under no circumstances shall Landlord be obligated to advise Tenant of Tenant's failure to procure or maintain any insurance required hereunder.

D. Tenant has the right to satisfy Tenant's obligation to carry Tenant's Liability Policy with an umbrella insurance policy. Tenant has the right to satisfy Tenant's obligation to carry Tenant's Property Policy with a blanket insurance policy.

E. Tenant's liability hereunder is not limited to the amount of Tenant's insurance recovery, to the amount of insurance that Tenant maintains in force, to the amount of insurance that Tenant is required to maintain in accordance with the terms of this Article 42, or to the amount of any insurance that Tenant is required to carry, or that Tenant is permitted to carry, under applicable Requirements. Landlord's review of, or approval of, any insurance that Tenant carries shall not limit Tenant's obligation to carry the insurance that this Article 42 requires Tenant to carry.

F. Subject to the terms of this 42.F, Landlord shall obtain and keep in full force and effect covering the Building, to the extent insurable on commercially reasonable terms under then available standard forms of "all-risk" insurance policies, covering the perils listed in the current edition of the ISO special causes of loss form CP 10 30 including, without limitation, coverage for acts of terrorism (if such coverage for acts of terrorism is available on commercially reasonable terms), in an amount equal to one hundred percent (100%) of the replacement value thereof or, at Landlord's option, in such lesser amount as will avoid co-insurance (such insurance being referred to herein as "Landlord's Property Policy"). Tenant acknowledges that (i) Landlord's Property Policy may encompass rent insurance, and (ii) Landlord may also obtain a commercial general liability insurance policy. Landlord shall not be liable to Tenant for any failure to insure any Alterations unless Tenant notifies Landlord of the completion of such Alterations and the cost thereof, and maintains adequate records with respect to such Alterations to facilitate the adjustment of any insurance claims with respect thereto. Landlord shall have the right to provide that the coverage of Landlord's Property Policy is subject to a reasonable deductible. Tenant shall cooperate with Landlord and Landlord's insurance companies in the adjustment of any claims for any damage to the Building or the Alterations. Landlord shall not be required to carry insurance on Tenant's Property or the Specialty Alterations. Landlord shall not be required to carry insurance against, nor shall Landlord have any liability to Tenant for, any loss suffered by Tenant due to the interruption of Tenant's business.

G. Tenant shall obtain an appropriate clause in, or endorsement on, Tenant's Property Policy and Landlord shall obtain an appropriate clause in, or endorsement on Landlord's Property Policy pursuant to which the insurance companies waive subrogation or consent to a waiver of right of recovery. Landlord and Tenant also agree that, having obtained such clauses or endorsements of waiver of subrogation or consent to a waiver of right of recovery, they shall not make any claim against or seek to recover from the Landlord Parties or the Tenant Parties (as the case may be) for any loss or damage to its property or the property of others resulting from fire or other hazards covered by Landlord's Property Policy or Tenant's Property Policy (as the case may be) (with the understanding, therefore, that the party that sustains such loss or damage shall not have a claim against the other party to reimburse the party that sustains such loss or damage for the amount of such party's deductible or self-insured retention); provided, however, that the release, discharge, exoneration and covenant not to sue herein contained shall be limited by and be coextensive with the terms and provisions of the waiver of subrogation clause or endorsements or clauses or endorsements consenting to a waiver of right of recovery.

43. CHANGE OF LOCATION

A. Subject to the terms of this Article 43, Landlord shall have the absolute and unqualified right (the "Relocation Right"), at any time and from time to time during the Term, to relocate Tenant from the Premises (the Premises from which Tenant is being relocated, the "Old Premises") to other space in the Building located on or above the eighteenth (18th) floor (for purposes of this Article 43 only, hereinafter referred to as the "Substitute Space") with a rentable area that is equal to or greater than the rentable area of the Premises (irrespective of any change in definition pursuant to Article 49 hereof); provided, however, (a) Landlord shall have the right to exercise the Relocation Right only two (2) times during the initial term of this Lease (i.e. during the period commencing on the Commencement Date and ending on the Fixed Expiration Date); it being the intent hereof that if Landlord exercises the aforesaid right two (2) times during the initial term as contemplated herein and thereafter, this Lease is subsequently amended to extend the term thereof for one or more periods, Landlord shall thereafter have the right to exercise the Relocation Right at any time during any such period(s) that the term of the Lease is so extended; it being understood, however, that the foregoing shall not be construed as granting Tenant any right to extend or renew the Term, (b) to the extent the same does not already exist, Landlord, at Landlord's expense, shall construct in the Substitute Space, an interior installation that is as comparable as reasonably practicable to the existing interior installation in the Old Premises (i.e., the Alterations and finishes that Landlord shall install in the Substitute Space shall be as comparable as reasonably practicable to the Alterations and finishes which exist in the Old Premises as of the date that Landlord gives Tenant the Relocation Notice) (such work, "Landlord's Relocation Work"), and (c) Landlord shall reimburse Tenant for the reasonable costs incurred by Tenant in (i) physically relocating from the Old Premises to the Substitute Space (the "Moving Costs") and (ii) removing Tenant's telecommunications and computer systems from the Old Premises and re-installing such systems in the Substitute Space (the "Telecommunications Relocation Costs"), to the extent that such costs described in (i) and (ii) hereof are reasonably competitive with the prices charged by other movers and/or telecommunications vendors of comparable skill and experience operating within the vicinity of the Building for comparable work and (iii) reasonable costs of replacing any business stationary or business cards utilized by Tenant which lists the Old Premises as Tenant's address but in no event shall such costs exceed Two Thousand and 00/100 Dollars (\$2,000.00); it being understood and agreed that Landlord shall reimburse Tenant for such costs within thirty (30) days after Tenant's request therefor and Tenant's submission to Landlord of an invoice therefor which invoice shall include reasonable supporting documentation for the charges set forth therein or, at Tenant's option, Landlord shall pay such charges directly to Tenant's vendors provided that Tenant so instructs Landlord in writing together with the submission of such invoice. Notwithstanding the foregoing, Landlord shall have no obligation whatsoever to reimburse Tenant (or to pay such costs, as the case may be) if Tenant fails to comply with the provisions of this Article 43 or if a Default has occurred and is then continuing. Landlord shall assist Tenant with facilitating and coordinating the physical relocation. Tenant shall cooperate with Landlord in connection with designing Landlord's Relocation Work (to the extent applicable) so that the Alterations and finishes thereto shall be as comparable to the existing Alterations in the Old Premises as is reasonably practicable. Tenant shall not be required to remove any Alterations from the Old Premises in connection with any relocation pursuant to this Article 43. Subject to the terms of Section 43.B. hereof, Landlord shall facilitate a relocation contemplated herein (subject to Tenant's cooperation in connection therewith) over the course of one (1) weekend designated by Landlord (i.e. during the period from Friday at 6:00 P.M. through 11:59 P.M. on Sunday) subject to the terms of this Article 43; it being understood that Tenant will not be responsible for any charges in connection with overtime use of the freight elevator in connection therewith. From and after the Relocation Effective Date (as hereinafter defined), except as otherwise expressly set forth herein, all of the terms, provisions, covenants and conditions contained in this Lease (including, without limitation, the obligation to pay Fixed Annual Rent and all Additional Rent as heretofore set forth) shall continue in full force and effect, except that the Premises shall be and be deemed to be such Substitute Space, with the same force and effect as if the Substitute Space were originally specified in this Lease as the Premises hereunder; it being understood, however, that in no event shall the Fixed Annual Rent, Tenant's Tax Share, or Tenant's Expense Share increase solely by virtue of the rentable area of the Substituted Space exceeding the rentable area of the Old Premises.

B. Landlord shall exercise the Relocation Right by giving notice thereof (a “Relocation Notice”) to Tenant at least one hundred twenty (120) days prior to the date Landlord reasonably anticipates the aforesaid relocation shall be effective (such date, the “Anticipated Relocation Date”). The Relocation Notice shall specify and designate the Anticipated Relocation Date. Landlord will provide Tenant with notice (the “Relocation Effective Notice”) of the date that Landlord’s Relocation Work is Substantially Complete (to the extent applicable) and the Substitute Space is actually available for Tenant’s occupancy (which shall not be any earlier than the Anticipated Relocation Date). Tenant will vacate the Old Premises and surrender vacant and exclusive possession thereof on or before the date that is five (5) days after the date that Landlord gives Tenant the Relocation Effective Notice (the date by which Tenant is required to so vacate the Old Premises, the “Relocation Effective Date”). On the Relocation Effective Date, the Lease, with respect to the Old Premises only, shall terminate as if the Relocation Effective Date were the Expiration Date with respect to the Old Premises; it being expressly understood that if Tenant shall fail to vacate the Old Premises on or prior to the Relocation Effective Date, (i) Tenant shall be deemed a holdover tenant and the provisions of Article 12 shall be applicable with respect thereto and the same shall automatically constitute a Default hereunder without any notice to Tenant and (ii) in addition to and not in limitation of any of Landlord’s rights hereunder, at law or in equity, Landlord shall have the right to relocate Tenant’s Property from the Premises to the Substitute Space; it being expressly understood that in any such event, Tenant is hereby deemed to have consented thereto and Tenant hereby releases and relieves Landlord from any and all liability arising from or in connection with such relocation (including, without limitation, any claims of constructive eviction and any and all claims pertaining to property damage).

C. In connection with Landlord’s exercise of the Relocation Right, Landlord and Tenant shall, promptly at the request of either party, execute and deliver an agreement in recordable form specifying such substitution of space and the effective date thereof; it being understood and agreed that the failure to do so shall not have any impact on Landlord’s right to relocate Tenant as set forth herein, or the determination of the Relocation Effective Date.

D. Subject to the terms hereof, in the event that Landlord exercises the Relocation Right and delivers a Relocation Notice to Tenant with an Anticipated Relocation Date which occurs during the last twelve (12) months of the initial term of this Lease, Tenant shall have the right to terminate this Lease (“Tenant’s Termination Right”), effective as of the Anticipated Relocation Date, by providing Landlord with notice thereof within ten (10) Business Days of Tenant’s receipt of the Relocation Notice from Landlord (time being of the essence); it being understood and agreed that if the Anticipated Relocation Date in the Relocation Notice occurs on a date which is prior to the date which is twelve (12) months before the Fixed Expiration Date, Tenant shall not have any right to terminate this Lease. If Tenant exercises Tenant’s Termination Right as provided in this Section 43.D., then Tenant, on the Anticipated Relocation Date, shall vacate the Premises and surrender the Premises to Landlord in accordance with the terms of this Lease that govern Tenant’s obligations upon the expiration or earlier termination of the Term and the Anticipated Relocation Date shall be deemed the Expiration Date for purposes of this Lease. For the avoidance of any doubt, in the event that Tenant fails to vacate the Premises on or prior to the Anticipated Relocation Date, the provisions of Article 12 shall be applicable with respect thereto. Notwithstanding anything to the contrary contained herein, Tenant’s Termination Right shall apply only during the initial term of this Lease (i.e. during the period commencing on the Commencement Date and ending on the Fixed Expiration Date); it being understood and agreed that if this Lease is subsequently renewed or extended, the provisions of this Section 43.D. shall not apply from and after the date that is eight (8) years after the Rent Commencement Date occurs. Tenant acknowledges and agrees that nothing contained herein shall be deemed to grant Tenant any option to renew or extend the Lease. The provisions of this Section 43.D. are personal to Orchestra BioMed, Inc. and shall apply only during the period that Orchestra BioMed, Inc. is the Tenant hereunder and during the period that Orchestra BioMed, Inc. occupies the entire Premises for the conduct of business therein.

44. LATE CHARGES

If Tenant fails to pay any item of Rental on or prior to the fifth (5th) day after the date that such payment is due, then Tenant shall pay to Landlord, in addition to such item of Rental, as a late charge and as liquidated damages, an amount equal to interest at the Applicable Rate on the amount unpaid, computed from the date such payment was due through and including the date of payment. Tenant acknowledges that the payment of Rental after the date when first due shall result in loss and injury to Landlord the exact amount of which is not susceptible of reasonable calculation and that the aforesaid amount(s) of late charge represents a reasonable estimate of such losses and injury under the circumstances, especially after taking into account the grace period hereby afforded Tenant before such late charge is to be imposed. The amounts payable pursuant to this Article 44 shall be in addition to, and without prejudice to, any of Landlord's rights and remedies hereunder at law and equity for non-payment or late payment of Rental (including, without limitation, the right to institute a proceeding under Article 7 of the Real Property Actions and Proceedings Law). Nothing contained in this Article 44 limits Landlord's rights and remedies, by operation of law or otherwise, after the occurrence of a Default. No failure by Landlord to insist upon the strict performance by Tenant of Tenant's obligation to pay liquidated damages as provided in this Article shall constitute a waiver by Landlord of its right to enforce the provisions of this Article in any instance thereafter occurring. If Landlord receives only a portion of the amount due for any month, Landlord may, at its option, elect to apply such payment first to Rental and then to late charges notwithstanding any contrary direction from Tenant. The provisions of this Article 44 shall not be construed in any way to extend the grace periods or notice periods provided for elsewhere in this Lease.

45. LEED COMPLIANCE AND RECYCLING

A. Tenant shall cooperate with any and all efforts by Landlord, at no material out-of-pocket cost to Tenant (but subject to Sections 2.C and 8.E.(iii) hereof), to obtain and maintain LEED, Green Globes, Energy Star (or similar) certifications for the Building. Tenant covenants and agrees not to take any action or do anything (or allow any action to be taken by any Person claiming by, through or under Tenant) that may reduce any environmental rating for the Building which may now or hereafter be made, such as any rating made pursuant to LEED, Green Globes, Energy Star (or similar programs).

B. Tenant shall comply with and participate in Landlord's recycling program for the Building, if any, as from time to time implemented with respect to all recyclable waste generated or stored in the Premises and if Landlord shall not have implemented such a program, Tenant shall promptly implement one for such recyclable waste, subject to and in accordance with Article 15 hereof.

46. LEASE FULLY NEGOTIATED

In construing this Lease, it shall be deemed to be a document fully negotiated and drafted jointly by counsel to Landlord and counsel to Tenant and the authorship of any term or provision hereof shall not be deemed germane to its meaning. The existence or non-existence in any prior draft hereof of any term or provision whether included herein or not shall not be relevant to the establishment of the intent of the parties hereto or the meaning of any term or provision hereof and may not be used as evidence to establish any such intent or meaning.

47. **ANTI-TERRORISM REQUIREMENTS**

Tenant represents and warrants that (a) neither Tenant nor any person, group or entity who owns any direct or indirect beneficial interest in Tenant or any of them, is listed on the list maintained by the United States Department of the Treasury, Office of Foreign Assets Control (commonly known as the OFAC List) or otherwise qualifies as a terrorist, Specially Designated National and Blocked Person or a person with whom business by a United States citizen or resident is prohibited (each referred to herein as a “Prohibited Person”); (b) neither Tenant nor any person, group or entity who owns any direct or indirect beneficial interest in Tenant or any of them is in violation of any anti-money laundering or anti-terrorism statute, including, without limitation, the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001, U.S. Public Law 107-56 (commonly known as the USA PATRIOT Act), and the related regulations issued thereunder, including temporary regulations, and Executive Orders (including, without limitation, Executive Order 13224) issued in connection therewith, all as amended from time to time; and (c) neither Tenant nor any person, group or entity who owns any direct or indirect interest in Tenant is acting on behalf of a Prohibited Person. Tenant shall indemnify and hold Landlord harmless from and against all claims, damages, losses, risks, liabilities and costs (including fines, penalties and legal costs) arising from any misrepresentation in this Article 47 or Landlord’s reliance thereon. Tenant’s obligations under this Article 47 shall survive the Expiration Date.

48. **CONDOMINIUM PROVISIONS**

A. Landlord reserves (and Tenant acknowledges that Landlord has) the right to convert (or join or acquiesce in the conversion of) the Building or Real Property to condominium form of ownership (hereinafter referred to as a “Conversion”) of which the Premises may, in the sponsor’s and Landlord’s sole discretion, constitute all or a portion of a condominium unit (hereinafter referred to as the “Unit”). If the Building is converted to condominium form of ownership, then this Lease shall not be affected thereby and shall continue in full force and effect, except as follows:

(i) Except as otherwise specifically set forth herein, references to the Building or Real Property shall be deemed to be references to the Unit;

(ii) Rents based upon increases in Expenses and/or Real Estate Taxes shall be payable upon the following terms:

(a) Tenant’s Tax Share and/or Tenant’s Expense Share, as the case may be, shall be recomputed as a decimal fraction carried to four places beyond the decimal point by dividing the rentable square feet of the Premises by the rentable square feet of the Unit (as each such area is determined by Landlord in its reasonable judgment);

(b) Expenses shall include all expenses and all charges, assessments and special assessments payable by the owner of or attributable to the Unit pursuant to the condominium’s declaration of condominium, its bylaws or resolution of the board of managers or condominium association having jurisdiction of the Unit, including without limitation, common charges;

(c) Base Expenses and Base Year Taxes shall be recomputed by Landlord using its reasonable judgment to allocate to the Unit the actual Expenses and Real Estate Taxes as would have been allocated to the Unit for the Base Expense Year and Base Tax Year had the condominium then been in existence and such amounts as Landlord shall have determined shall be deemed the Base Expenses and the Base Year Taxes, respectively; and

(d) If any such conversion shall be effective on a date that is not the first day of a relevant comparative year, Additional Rent for increases in Expenses and Real Estate Taxes, as the case may be, shall be calculated for the periods before and following the effective date of such conversion according to the appropriate methodology for such period and accordingly prorated for each such period.

B. Regardless of whether or not Tenant may have a sufficient interest in the Real Property pursuant to Requirements to require its consent to the declaration of condominium, its bylaws, floor plans or any other document required to effect a Conversion (hereinafter collectively referred to as “Condominium Documents”) and all applications and filings involved in the Conversion, Tenant does hereby specifically waive such rights, and if such rights cannot be waived, does hereby consent to such matters in advance and to the Conversion itself to create a condominium form of ownership for the Building (herein referred to as a “Condominium”).

C. In the event of a Conversion in which the Premises are converted into one or more separately saleable units, Tenant does hereby agree in advance to attorn to any purchaser of any unit(s) which shall consist of the Premises and recognizes such purchaser as landlord under the terms and provisions of this Lease and no further consent of Tenant shall be required as long as the purchaser of any such unit(s) agrees in writing to honor the rights and obligations of Tenant hereunder.

D. This Lease shall be subordinate to all Condominium Documents. Landlord shall not permit any such Condominium Documents to impair Tenant’s rights under this Lease, or to expand Tenant’s obligations under this Lease, except, in either case, to a de minimis extent. Upon such Conversion, if the Condominium Documents provide for the performance by the Condominium of any obligations that would have been Landlord’s obligations under this Lease, Landlord will cause the board of managers of the Condominium or the owner of the Unit of which the Premises are a part to perform such obligations, but in no event shall any rights or remedies of Tenant hereunder be diminished, conditioned or negated or its obligations increased by such operation of the Condominium Documents. It is expressly understood and agreed that the Premises are intended to be a part of the Condominium, and to be subject to the Condominium Documents. Tenant agrees that the aforesaid subordination shall be self-operative without the need for any further action but Tenant shall execute and deliver such documents as Landlord may require to confirm or further effect such subordination. If the Condominium shall be formed, Tenant shall not perform any act, or fail to perform any act, if such performance or failure to perform would be a violation of, or cause Landlord to be in default under, any of the Condominium Documents. During the Term, Tenant agrees to be bound by all of the terms contained in the Condominium Documents that pertain to an occupant of the Condominium Unit of which the Premises form a part or of the common elements of such Condominium, except if and to the extent that compliance with such terms and obligations shall be Landlord’s obligation pursuant to one or more express provisions of this Lease and in no event shall Tenant be responsible for common charges or maintenance payments under the Condominium Documents, except as hereinabove provided. Tenant agrees to observe all of the rules and regulations of the Condominium. Tenant expressly agrees that the board of managers of the Condominium and/or the Unit of which the Premises form a part (each, a “Board”), as applicable, shall have the power to enforce against Tenant (and each and every immediate and remote assignee or subtenant of Tenant) the terms of the Condominium Documents, if the actions of Tenant (or such assignee or subtenant) shall be in breach of the Condominium Documents, to the extent that the same would entitle the applicable Board to enforce the terms of the Condominium Documents against Landlord.

E. Notwithstanding anything to the contrary contained elsewhere in this Lease, any provision of this Lease that requires Landlord to “cause the Board” to provide services or perform any other act shall be deemed to require Landlord to use commercially reasonable efforts to cause the Board to do the same but Landlord shall not be liable to Tenant for any failure in performance resulting from the failure in performance by the Board, Landlord’s obligations hereunder are accordingly conditional where such obligations require such parallel performance by the Board, provided that Landlord shall, at Tenant’s cost and expense, expeditiously and diligently use commercially reasonable efforts to enforce such rights as Landlord may have against the Board under the Condominium Documents for the benefit of Tenant upon Tenant’s written request therefor (and to forward to the Board any notices or requests for consent as Tenant may reasonably request), but nothing herein shall require Landlord to institute any legal action or proceeding or arbitration to enforce the Board’s obligations. Landlord agrees that the Condominium declaration recorded for the Building shall obligate the Board to perform Landlord’s maintenance, repair and replacement obligations hereunder that relate to “common elements” or shall give the Landlord access and the privilege to perform the same.

49. **NO OTHER SERVICES**

Landlord shall provide no services not specifically set forth in this Lease.

50. **ADDITIONAL DEFINITIONS/MISCELLANEOUS**

“**Business Days**” shall mean all days, except Saturdays, Sundays, and all days celebrated as holidays under union contracts applicable to the Building. “**Business Hours**” shall mean 8:00 A.M. to 6:00 P.M. on Business Days. The words “herein,” “hereof,” “hereto,” “hereunder” and similar words shall be interpreted as being references to this Lease as a whole and not merely the clause, paragraph, Section or Article in which such word appears. The words “shall” and “will” are interchangeable, each imposing a mandatory obligation upon the party to whom such verb applies. The words “include” and “including” shall be interpreted to mean “including, without limitation.” Wherever appropriate in this Lease, personal pronouns shall be deemed to include the other genders and the singular or plural of any defined term or other word shall, as the context may require, be deemed to include, as the case may be, either the singular or the plural. References herein to “Building systems” or “systems of the Building” shall mean the service systems of the Building, including, without limitation, the mechanical, gas, steam, electrical, sanitary, HVAC, elevator, plumbing, telecommunications (including cellular data) systems and life-safety systems of the Building. All Article and paragraph and subsection references set forth herein shall, unless the context otherwise specifically requires, be deemed references to the Articles, paragraphs and subsections of this Lease. Whenever Tenant shall submit to Landlord any plan, agreement or other document for Landlord’s consent or approval, Tenant agrees to pay Landlord as Additional Rent, on demand, an administrative fee equal to the sum of the reasonable fees of any architect, consultants engineer or attorney employed by Landlord to review said plan, agreement or document and Landlord’s administrative costs for same. Tenant shall also reimburse Landlord for any such fees or administrative costs incurred by Landlord in connection with any marketing of the Premises for assignment or subletting (or re-letting or early surrender) conducted at Tenant’s request, which request may be made by electronic mail; it being expressly understood that neither the foregoing nor any efforts by Landlord to so market the Premises shall be construed or relied upon by Tenant as imposing any obligation on Landlord to so market or relet the Premises or to accept any early surrender of this Lease or the Premises from Tenant or to operate as a waiver of any of Landlord’s rights and remedies pursuant to this Lease, at law or in equity. No advertising of any kind or other public statement by or on behalf of Tenant shall refer to the Building or this Lease, unless first approved in writing by Landlord. References to Landlord as having no liability to Tenant or being without liability to Tenant shall mean that, except as otherwise provided in this Lease, Tenant is not entitled to terminate this Lease, or to claim actual or constructive eviction, partial or total, or to receive any abatement or diminution of rent, or to be relieved in any manner of any of its other obligations hereunder, or to be compensated for loss or injury suffered or to enforce any other kind of liability whatsoever against Landlord under or with respect to this Lease or with respect to tenant’s use or occupancy of the Premises. The term “termination of this Lease” or any variant thereof shall mean the “termination of the Term.”

51. **MEMORANDUM OF LEASE**

Tenant shall not record this Lease. Tenant shall not record a memorandum of this Lease. Landlord shall have the right to record a memorandum of this Lease. If Landlord submits to Tenant a memorandum hereof that is in reasonable form, then Tenant shall execute, acknowledge and deliver such memorandum promptly after Landlord’s submission thereof to Tenant.

52. **APPLICABLE LAW**

This Lease shall be deemed to have been made in New York County, New York, and shall be construed in accordance with the laws of New York. ALL ACTIONS OR PROCEEDINGS RELATING, DIRECTLY OR INDIRECTLY, TO THIS LEASE SHALL BE LITIGATED ONLY IN COURTS LOCATED WITHIN THE COUNTY OF NEW YORK. LANDLORD AND TENANT, AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS, HEREBY SUBJECT THEMSELVES TO THE JURISDICTION OF ANY STATE OR FEDERAL COURT LOCATED WITHIN SUCH COUNTY. TENANT HEREBY WAIVES THE RIGHT TO RAISE ANY DEFENSE BASED UPON INCONVENIENT FORUM OR MAKE ANY PLEA OR MOTION SEEKING TO REMOVE ANY CASE TO ANOTHER VENUE.

53. **COUNTERPARTS**

This Lease may be executed in one (1) or more counterparts, each of which counterpart shall be an original and all such executed counterparts shall constitute one agreement, binding on all parties hereto, notwithstanding that all parties are not signatories to the original or the same counterpart. Delivery of an executed counterpart of this Lease by facsimile or electronic transmission in a Portable Document Format (“PDF”) or other digital format shall be equally effective as manual delivery of an executed counterpart of this Lease, and each such counterpart, whether delivered manually, by facsimile or PDF or such other digital format shall be deemed an original. Any party delivering an executed counterpart of this Lease by facsimile or PDF or other digital format shall also manually deliver an executed counterpart of this Lease; however the failure to do so shall have no effect on the validity, enforceability or binding nature and effect of this Lease.

 - (2) expenses related to leasing space (including, without limitation, leasing and/or brokerage commissions, the cost of tenant improvements (or allowances that Landlord provides to a tenant therefor), legal fees, lease buy-out costs, rent concessions, takeover expenses, costs of relocating or moving tenants and advertising expenses);
 - (3) wages, salaries, bonuses or other compensation and the cost of any benefits, in any case, for executives' above the grade of Building or general manager;
 - (4) debt service (including both principal and interest) under any mortgage loan or rent under any underlying or ground lease of the Building;
 - (5) subject to the terms of Section 2.C.(iii) of this Lease, the cost of any repairs, replacements or improvements to the Building that are required to be capitalized under GAAP;
 - (6) amounts received by Landlord through proceeds of insurance to the extent the proceeds are compensation for expenses which were previously included in Expenses hereunder;
 - (7) costs that Landlord incurs in restoring the Building after the occurrence of a fire or other casualty (except that Landlord shall be permitted to include the amount of Landlord's insurance deductible paid in connection therewith to the extent the same is commercially reasonable) or after a partial condemnation thereof;
 - (8) advertising and promotional expenditures that are paid or incurred for the Building;
 - (9) legal, auditing and other third-party fees incurred in connection with actual or anticipated litigation with any Building tenant or group of tenants to enforce any provision of their respective lease;
 - (10) the incremental cost of furnishing services such as overtime HVAC to any tenant at such tenant's expense; costs incurred in performing work or furnishing services for individual tenants (including this Tenant) at such tenant's expense; and costs of performing work or furnishing services for tenants other than this Tenant at Landlord's expense to the extent that such work or service is in excess, on a per rentable square foot basis, of any work or service Landlord is obligated to furnish to this Tenant at Landlord's expense;
-

- (11) interest, penalties and late charges that in either case are paid or incurred as a result of late payments made by Landlord or by reason of Landlord's failure to comply with Requirements;

 - (14) costs associated with the operation of the legal entity which constitutes the Landlord, as such costs are separate and apart from costs associated with the operation of the Building, including, without limitation, legal entity formation, costs that Landlord incurs in organizing or maintaining in good standing the entity that constitutes Landlord, or in authorizing Landlord to do business in the jurisdiction where the Building is located;
 - (15) expenses that Landlord incurs in selling, purchasing, financing or refinancing the Real Property;
 - (16) subject to Section 2.C.(iii) of this Lease, depreciation or amortization expense;

 - (20) subject to the proviso at the end of this clause (20), costs incurred to investigate, test, characterize, remove, encapsulate or otherwise remediate or abate hazardous, toxic, controlled, dangerous or radioactive substances, materials or wastes regulated under Requirements (collectively, "Hazardous Materials") and that are located in the Building, as of the date hereof, to the extent that a Requirement requires such removal, encapsulation, remediation or abatement as of the date hereof (provided, however, that nothing in this clause (20) limits Landlord's right to include in Expenses the costs that Landlord incurs to routinely test and routinely monitor such Hazardous Materials);

-

- (23) initial build-out costs for any daycare center, conference center, health club, eating establishment, or library installed in the Building; it being expressly understood that the foregoing shall not prevent Landlord from including in Expenses any maintenance and/or operating costs for any daycare center, conference center, health club, eating establishment, library and/or any other amenities from time to time constructed, created or designated for the general benefit of tenants in the Building;
 - (24) the cost of any judgment, settlement or arbitration award resulting from any liability of Landlord and all expenses incurred in connection therewith except to the extent that such costs and expenses incurred to comply with a court order, judgment, settlement, or arbitration award would have been otherwise includable as an Expense if not incurred to comply with such court order, judgment, settlement or arbitration award;

ESRT High Performance Design and Construction Guidelines

Energy Efficiency:

Lighting:

Reduce lighting power density from ASHRAE/IESNA 90.1-2016 standards by at least 10% and up to or exceeding 35%.

For office spaces, the ASHRAE/IESNA 90.1 2013 and NYCECC standard is 0.9 W/SF. This may be achieved through efficient lighting design, use of low wattage fixtures and reflective surfaces as well as LED task lights and day-lighting optimization strategies.

Implement dimming and tuning throughout.

Implement lighting controls, including daylight dimming controls for at least 50% of lighting load and occupancy sensors for at least 75% of connected lighting load.

Per NYCECC, daylight-responsive controls complying with Section C405.2.3.1 shall be provided to control the electric lights within 15 feet of windows and under skylights (ASHRAE 90.1-2013 requirements are similar).

Per NYCECC (and ASHRAE 90.1-2013), occupant sensor controls shall be installed to control lights in the following space types:

1. Classrooms/lecture/training rooms
 2. Conference/meeting/multipurpose rooms
 3. Copy/print rooms
 4. Lounges
 5. Employee lunch and break rooms
 6. Private offices
 7. Restrooms
 8. Storage rooms
 9. Janitorial closets
 10. Locker rooms
 11. Other spaces 300 square feet or less that are enclosed by floor-to-ceiling height partitions
 12. Warehouses
 13. Open Plan Offices
-

All lights in the space are to be tied into occupancy sensor based controls to ensure all lights are turned off following 15 minutes of all occupants leaving the space.

Per NYCECC (and ASHRAE 90.1-2013), occupant sensor controls shall automatically turn off lights within 20 minutes of all occupants leaving the space, be manual on or controlled to automatically turn the lighting on to no more than 50% power, and shall incorporate a manual control to allow occupants to turn lights off.

Per NYCECC (and ASHRAE 90.1-2013), each area of the building that is not provided with occupant sensor controls shall be provided with time switch controls.

Per NYCECC, internally illuminated exit signs shall not be more than 5 watts per side.

Tie in lighting controls to base building BMS for energy data reporting and monitoring.

HVAC:

All HVAC systems to meet or exceed ASHRAE 90.1-2016 or NYSERDA Stretch Code, whichever is more stringent.

Air or waterside economizer to be included in all applicable work.

Motorized outside air dampers must be designed, installed, tied into BMS and commissioned.

Where possible, install heating, ventilation and air conditioning systems that comply with the efficiency requirements outlined in the New Building Institute's Advanced Buildings™ Core Performance™ Guide Sections 1.4: Mechanical System Design, 2.9: Mechanical Equipment Efficiency and 3.10: Variable Speed Control.

For the tenant fit-out spaces, provide as applicable:

- a separate control zone for each solar exposure and interior space
- controls capable of sensing space conditions and modulating the HVAC system in response to space demand for all private offices and other enclosed spaces (e.g., conference rooms, classrooms)

The system should be capable of modulating AHU and zone minimum supply volume below 0.30 cfm/ft² (1.52 L/m²) of supply volume for standard VAV terminals, or below 22.5% of the peak design flow rate for fan powered VAV boxes).

Where possible, tie in radiators or perimeter heating/cooling system to VAV box controls and BMS.

Per NYCECC, HVAC equipment shall meet the minimum efficiency requirements of Tables C403.2.3 when tested and rated in accordance with the applicable test procedure.

Per NYCECC, the supply of heating and cooling energy to each zone shall be controlled by individual thermostatic controls capable of responding to temperature within the zone. Where humidification or dehumidification or both is provided, at least one humidity control device shall be provided for each humidity control system. Where a zone has a separate heating and a separate cooling thermostatic control located within the zone, a limit switch, mechanical stop, or direct digital control system with software programming shall be provided with the capability to prevent the heating set point from exceeding the cooling set point and to maintain a deadband in accordance with Section C403.2.4.1.2.

Per NYCECC, multiple-zone VAV systems with direct digital control of individual zone boxes reporting to a central control panel shall have automatic controls configured to reduce outdoor air intake flow below design rates in response to changes in system ventilation efficiency (Ev) as defined by the New York City Mechanical Code.

Implement Demand Controlled Ventilation through the use of CO2 sensors in densely occupied areas and throughout the space (CO2 monitors must be between 3 and 6 feet above the floor) and in the return air stream to the Air Handling Unit serving the space and tie in to controls.

Per NYCECC, demand control ventilation (DCV) shall be provided for spaces larger than 500 square feet and with an average occupant load of 25 people per 1,000 square feet of floor area (as established in Table 403.3 of the New York City Mechanical Code) and shall be served by systems with one or more of the following: 1. An air-side economizer, 2. Automatic modulating control of the outdoor air damper, 3. A design outdoor airflow greater than 3,000 cfm.

Right size equipment based on efficient lighting and plug loads (As stated in the plug load section below target lighting and plug load of 2.0-2.5 Watts per square foot or less of connected load).

Per NYCECC (and ASHRAE 90.1-2013), design loads associated with heating, ventilating and air conditioning of the building shall be determined in accordance with ANSI/ASHRAE/ACCA Standard 183.

If heating and cooling are provided by a single piece of equipment and are controlled by separate thermostats or sensors means will be provided to prevent the heating set point from exceeding the cooling set point minus any applicable proportional band. Means can include limit switches, mechanical stops, or software programming for DDC systems.

Per NYCECC, static pressure sensors used to control VAV fans shall be located such that the controller set points is not greater than 1.2 inches w.c. (200 Pa). Where this results in one or more sensors being located downstream of major duct splits, not less than one sensor shall be located on each major branch to ensure that static pressure can be maintained in each branch.

Specify CFC and HCFC-free refrigerants. Montreal Protocol called for a complete phase-out of CFC-based refrigerants by 1995 and HCFCs by 2030. Do not use CFC-based refrigerants in new HVAC&R systems.

Install local instantaneous hot water heaters. Hot water storage tanks must be separately called out along with an explanation for their requirement versus instantaneous hot water heaters.

Per NYCECC, water-heating equipment and hot water storage tanks shall meet the requirements of Table C404.2.

Additional Efficiency Package Options

Per NYCECC, Tenant Spaces shall comply with at least one of the following:

1. More efficient HVAC performance in accordance with Section C406.2.
2. Reduced lighting power density system in accordance with Section C406.3.
3. Enhanced lighting controls in accordance with Section C406.4.
4. On-site supply of renewable energy in accordance with Section C406.4.
5. High-efficiency service water heating in accordance with Section C406.7.

Submeter and pay for utilities based on usage. Submeter HVAC, plug loads, and lighting loads separately.

At a minimum, assign circuits for lighting, HVAC, and plug loads (for example, circuits 1-4 lighting, 5-8 HVAC, and 9-12 plug load. This is no incremental cost and enables separate tracking of categories of energy usage.

Plug Loads:

ESRT's standard Load Letter formal shall be utilized and completed for ESRT review.

Reduce plug loads by specifying equipment and appliances including, without limitation: computers, monitors, printers, refrigerators, dishwashers, water coolers, food service equipment, copiers, and A/V and IT equipment that meet or exceed EPA Energy Star requirements.

Implement plug load management strategies including occupancy sensors, outlet-based controls, circuited controls, and/or software programs.

Target lighting and plug load of 2.0-2.5 Watts per square foot or less of total connected load.

Per ASHRAE 90.1-2013, receptacles greater than or equal to 50% of all 125 volt 15- and 20-amp receptacles shall be automatically controlled in: private offices, conference rooms, rooms used primarily for printing and/or copying functions, break rooms, classrooms, individual workstations. This also applies to 25% of modular furniture circuits. Controlled receptacles must be visually marked to differentiate from uncontrolled receptacles and uniformly distributed throughout the space.

Commissioning:

A third party commissioning agent shall perform commissioning of energy systems within the tenant space or installed as part of the tenant's lease agreement including, without limitation, lighting, lighting controls, HVAC systems, BMS (including, but not limited to, VFD's, CO2 sensor calibration and DCV BMS and OA tie-in, motorized OA damper tied into DCV and BMS, static pressure or discharge air temperature reset, supply and return air setback schedules, air and water side economizers), Testing and Balancing, functional testing of applicable equipment, and electrical to ensure design optimizes performance and systems are constructed and function per efficient design.

Commissioning Report shall be submitted to ESRT for review prior to occupancy of the space and shall include, but not be limited to, all systems listed above.

Per NYCECC, commissioning and functional performance testing of the building mechanical systems, service water heating systems, and electrical power and lighting systems is required. HVAC systems shall be balanced in accordance with ASHRAE 111, "Testing, Adjusting, and Balancing of Building HVAC Systems" or other accepted engineering standards as approved by the department. Air and water flow rates shall be measured and adjusted to deliver final flow rates within the tolerances provided in the product specifications. Test and balance activities shall include air system and hydronic system balancing.

Water Efficiency

Specify WaterSense fixtures for any fixture type that is eligible

- Water closet rate target is 1.1 GPF
- Urinal flow rate target is 0.125 GPF
- Pantry sink flow rate target is 1.0 GPM and include specification for an aerator
- Lavatory faucet flow rate target is 0.35 GPM.
- Shower flow rate target is 1.5 GPM.

Major water users are required to have submeters on water lines serving commercial cooking facilities, commercial laundry facilities, commercial gyms or spas, swimming pools, evaporative cooling towers and boilers serving buildings greater than six stories. All rooftop water tanks must be provided with a high water level alarm.

Materials and Resources

Per NYC Department of Sanitation, recyclable materials must include mixed paper, corrugated cardboard, glass, plastics, and metals. Take appropriate measures for the safe collection, storage, and disposal of two of the following: batteries, mercury-containing lamps, and electronic waste. All eligible materials must be properly disposed of in receptacles labeled per NYC Department of Sanitation regulations.

Any entity (other than residents) in a building which is generating waste must notify their employees, customers, clients, etc., about what and how to separate materials for recycling by:

- posting one or more signs in common areas routinely visited; and/or
 - placing containers labeled with what to recycle.
-

Divert construction waste from landfills through aggressive recycling and donation programs. Develop and implement a construction demolition waste management plan. Include target recycling and diversion percentages (75%) in waste hauler contracts.

Post construction, provide dedicated clearly labeled areas for the collection and storage of recyclable materials.

Specify recycled content materials whenever possible, which may include, without limitation, gypsum board, acoustical tiles, carpet and carpet backing.

Specify regionally produced and extracted materials (within a 100 mile radius) whenever possible.

Specify rapidly renewable resources whenever possible, including, without limitation, bamboo, wool, linoleum and cork. Products must meet the Sustainable Agriculture Standard.

Specify and use wood products certified by the Forest Stewardship Council (FSC).

Indoor Environmental Quality

Monitor delivery of outside air to ensure indoor air quality and outdoor airflow compliance with ASHRAE 62.1-2016 and ASHRAE 55 requirements.

Smoking and vaping shall not be permitted indoors.

Implement Construction Indoor Air Quality Management Plans during performance of work and prior to occupancy to minimize the presence and spread of air pollutants.

Consider conducting indoor air quality testing after construction is complete and prior to occupancy to demonstrate that contaminant maximum concentrations are not exceeded.

Consider installing an air purification system and IEQ monitoring. An example is an air purification system designed to increase bi-polar ionization levels in the interior areas, which would provide cleaner air reducing particles, spores, odors and microorganism levels such as bacteria, mold and viruses. The monitoring system could be designed to measure and track the following parameters: CO₂, PM_{2.5}, TVOC, illumination, noise, temperature, and relative humidity. The monitoring system could ensure no or negligible ozone production.

Specify and install low-emitting (low or no Volatile Organic Compounds) adhesives, sealants, paints, coatings, flooring systems, ceiling systems, composite wood and agrifiber products, systems furniture and seating. Specify and install composite wood and agrifiber products and associated adhesives to contain no added urea-formaldehyde (NAUF).

Do not specify materials listed on the International Living Future Institute Red List.

Design and build to offer occupants control of lighting (task lights at workstations). For at least 90% of individual occupant spaces, provide individual lighting controls that enable occupants to adjust the lighting to suit their individual tasks and preferences, with at least three lighting levels or scenes. For all shared multioccupant spaces have in place multizone control systems that enable occupants to adjust the lighting to meet group needs and preferences, lighting for any presentation or projection wall must be separately controlled, and switches or manual controls must be located in the same space as the controlled luminaires.

Design and build to offer occupants control of temperature (for example, under-floor air diffusers). Provide individual thermal comfort controls for at least 50% of individual occupant spaces. Provide group thermal comfort controls for all shared multioccupant spaces.

Design and build to optimize daylight and views for occupants, which may be achieved through a design that includes interior rather than perimeter offices, or perimeter offices with glass fronts if perimeter offices are a design requirement.

Achieve a direct line of sight to the outdoors via vision glazing for 75% of all regularly occupied floor area.

Consider furniture partitions to be 42" or lower in height in order to allow for access to daylight and views. Additional privacy may be achieved through clear partition glass installed above the furniture panels.

General

Tenant shall comply with Energy Star for Tenant Spaces requirements for design, construction and data sharing. Tenant shall cooperate with Landlord to follow and implement the Tenant Energy Optimization Process (TEOP) including development of an energy model during early schematic design and integration of recommended energy measures package into final design and construction.

For the avoidance of any doubt, nothing contained in these ESRT High Performance Design and Construction Guidelines shall be construed to modify the provisions of Article 1 of this Lease or impair any of Landlord's consent rights pursuant to Article 8 of this Lease.

3. **License Fee**. Licensee shall pay Licensor a monthly license fee (the "**License Fee**") in the amounts as set forth on **Exhibit A** attached hereto and made a part hereof; it being acknowledged for informational purposes that the License Fee has been calculated using the estimated size, as of the dates set forth on **Exhibit A**, of the Licensed Premises as a percentage of the total Premises, multiplied by the total monthly gross rent to be paid by Licensor under the Lease. The monthly installments of the License Fee shall be payable in arrears on the first (1st) day of each month during the entire Term with the first payment being due on March 1, 2020 and the final payment being due October 1, 2024. In addition, Licensee shall pay a one-time License Fee on the Effective Date in the amount of \$28,500.00 in consideration of Licensee's use and occupancy of the Licensed Premises prior to the Effective Date and for the month in which the Commencement Date occurs. The parties hereto hereby acknowledge and agree that the size of the Licensed Premises shall increase during the Term on the dates (each an "**Expansion Date**") set forth on **Exhibit B** attached hereto and by the approximate size increases set forth **Exhibit B** attached hereto. The parties shall mutually agree on the particular location and square footage of the applicable additional premises (the "**Expansion Premises**") prior to each applicable Expansion Date.

4. **Limited Representations.** Licensee acknowledges and agrees that the Licensed Premises is to be delivered to Licensee on the Commencement Date and Licensee hereby agrees to accept the Licensed Premises in its “as is” condition as of such date. Except as set forth in this Section 4, Licensor has not made, nor does it make, any representations or promises with respect to the Licensed Premises and Licensee agrees that Licensor does not have any obligation to perform any work, or otherwise prepare all or any portion of the Licensed Premises for Licensee’s use. Notwithstanding the foregoing or anything herein to the contrary, Licensor hereby represents and warrants (“**Licensor Representations**”) to Licensee that: (i) Licensor has all requisite right, power and authority to enter into this License, to license the Licensed Premises to Licensee, and to otherwise carry out its obligations hereunder, (ii) the transactions contemplated by this License are permitted under the terms of the Lease, and are not otherwise in violation of, in conflict with, nor does it constitute a default under any agreement or instrument between Licensor and Landlord or to which Licensor is bound, (iii) the Lease is in full force and effect and has not been amended or modified in any respect, (iv) neither Landlord nor Licensor is in default (beyond any applicable notice and cure periods) under the terms or conditions of the Lease, (v) to Licensor’s current actual knowledge, no event has occurred which with the passage of time or giving of notice, or both, could ripen into a default under the Lease nor has Licensor received or sent any notice of default under the Lease, (vi) to Licensor’s current actual knowledge, Licensor has not received any notice that the Premises is in violation of any applicable laws or insurance requirements, and (vii) Licensor holds title to the entire tenant’s interest in the Premises under the Lease. Licensee hereby represents and warrants to Licensor that: (i) Licensee has all requisite right, power and authority under its organizational documents to enter into this License, to license the Licensed Premises from Licensor, and to otherwise carry out its obligations hereunder, and (ii) the transactions contemplated by this License are not in violation of, in conflict with, nor do the transactions constitute a default, under any agreement or instrument to which Licensee is bound. This Section 4 shall survive the termination of this License.

5. **Alterations.** Licensee shall not make or cause to be made any alterations, installations, improvements or additions, whether structural or non-structural in or about the Licensed Premises, without Licensor’s prior written consent in its sole and absolute discretion, and, to the extent required by the Lease, the consent of Landlord. In the event any such alterations, installations, improvements or additions are consented to in accordance with this Section 5, Licensee shall restore same at or prior to expiration or sooner termination of the Term.

6. **Use.** Licensee may only use and occupy the Licensed Premises for such uses as are permitted under the Lease or specifically consented to by Landlord.

7. **Services.** Licensor shall have no obligation to supply any services which are generally provided by the Landlord pursuant to the terms and conditions of the Lease to the Premises; *provided, however*, Licensor shall use commercially reasonable, good faith efforts to ensure that Licensee and the Licensed Premises receive all services generally provided by Landlord pursuant to the terms and conditions of the Lease, including, but not limited to, heating, ventilating and air conditioning, and water; *provided, however*, if any such services are disrupted at any time, then Licensor shall not be liable to Licensee for any damages caused thereby (except to the extent same is due to Licensor’s default under the Lease which does not arise out of the acts, omissions or default hereunder of Licensee, negligence or willful misconduct). Licensee shall pay to Licensor as an additional charge under this License, within thirty (30) days of receipt of an invoice therefor, for Additional Vendors (defined below) providing services to the Premises during the Term, which charge shall equal fifty (50%) of the actual amount payable by Licensor with respect to such Additional Vendors. “**Additional Vendors**” means AT&T (fiber network), Comcast (cable and secondary internet), VIP VOIP (phones), Milner (printer lease and printer usage), and any additional or modified vendors and/or services to which the parties mutually agree. This Section 7 shall survive the expiration or sooner termination of this License

8. **Assignment.** Licensee shall not assign its rights or delegate its duties under this License or permit the Licensed Premises or any part thereof to be occupied or used by any other person or entity without the prior written consent of Licensor, which may be withheld in Licensor's sole discretion, and, to the extent required by the Lease, the consent of Landlord.

9. **License and Not a Lease or Subtenancy.** This License is not to be construed as in any way granting to Licensee any leasehold or other real property interest in the Premises; it being intended that this License merely grants to Licensee the license to enter upon and use the Premises during the Term in accordance with the terms and conditions hereof. In furtherance of the foregoing, in no event shall this License be deemed to incorporate (nor shall Licensee be subject to, bound by or obligated to comply with) any of the terms, conditions or covenants of the Lease except as expressly stated in this License, and in the event any such term, condition or covenant is stated to be incorporated herein, such incorporated terms, conditions or covenants of the Lease shall be deemed modified as appropriate in the circumstances so as to make each such term, condition or covenant applicable only to the license granted hereunder by Licensor of the Licensed Premises covered, from time to time, hereby.

10. **WAIVER OF TRIAL BY JURY.** LICENSEE AND LICENSOR HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM BROUGHT BY EITHER OF LICENSOR OR LICENSEE AGAINST THE OTHER (EXCEPT FOR PERSONAL INJURY OR PROPERTY DAMAGE) ON ANY MATTERS WHATSOEVER ARISING OUT OF, OR IN ANY WAY CONNECTED WITH, THIS LICENSE. IF LICENSOR SHALL COMMENCE ANY SUMMARY PROCEEDING AGAINST LICENSEE, LICENSEE WILL NOT INTERPOSE ANY COUNTERCLAIM OF WHATEVER NATURE OR DESCRIPTION IN ANY SUCH PROCEEDING (UNLESS FAILURE TO IMPOSE SUCH COUNTERCLAIM WOULD PRECLUDE LICENSEE FROM ASSERTING IN A SEPARATE ACTION THE CLAIM WHICH IS THE SUBJECT OF SUCH COUNTERCLAIM). MOREOVER, LICENSEE SHALL NOT SEEK TO CONSOLIDATE SUCH PROCEEDING WITH ANY OTHER ACTION WHICH MAY HAVE BEEN OR MAY BE BROUGHT IN ANY OTHER COURT BY LICENSEE.

11. **Access.** Landlord shall have access to the Licensed Premises pursuant to the terms of the Lease. Licensor shall have access to any exclusive areas of the Licensed Premises pursuant to the terms of the Lease with respect to Landlord access, but the parties further acknowledge that a portion of use and occupancy rights granted to Licensee hereunder is for common areas of the Premises which Licensor shall have access to at all times.

12. **Broker.** Licensor covenants, represents and warrants to Licensee that Licensor has had no dealings with any broker or agent in connection with the consummation of this License. Licensee covenants, represents and warrants to Licensor that Licensee has had no dealings with any broker or agent in connection with the consummation of this License. Licensor covenants and agrees to pay, hold harmless and indemnify Licensee from and against any and all cost, expense (including reasonable attorneys' fees) or liability for any compensation, commissions or charges claimed by any broker or agent arising out of this License attributed to a breach by Licensor of its representations under this Section 12. Licensee covenants and agrees to pay, hold harmless and indemnify Licensor from and against any and all cost, expense (including reasonable attorneys' fees) or liability for any compensation, commissions or charges claimed by any broker or agent, arising out of this License attributed to a breach by Licensee of its representations under this Section 12. This Section 12 shall survive the expiration or sooner termination of this License.

13. **Indemnity.** Licensee hereby agrees to indemnify, defend and hold Licensor, its affiliates, directors, offices and employees harmless from and against any and all liabilities, actual losses, actual damages, or actual reasonable out-of-pocket costs or expenses (including interest, penalties and reasonable attorneys' fees and disbursements) arising out of or relating to Licensee's use and occupancy of the Licensed Premises or default under this License, including, without limitation, Licensee's failure to vacate the Licensed Premises upon expiration or earlier termination, except to the extent of the negligence or willful misconduct of Licensor. Licensor hereby agrees to indemnify, defend and hold Licensee, its affiliates, directors, offices and employees harmless from and against any and all liabilities, actual losses, actual damages, or actual reasonable out-of-pocket costs or expenses (including interest, penalties and reasonable attorneys' fees and disbursements) arising out of or relating to Licensor's use and occupancy of the Premises or default under this License, except to the extent of the negligence or willful misconduct of Licensee. This Section 13 shall survive the expiration or sooner termination of this License.

14. **Insurance.** Licensee shall maintain all insurance required of Licensor under the Lease with regards to the Licensed Premises, and shall name Licensor, Landlord, and any other parties required by the Lease as additional insureds. Licensor shall not be liable or responsible for, and Licensee hereby releases Licensor from, all liability and responsibility to Licensee and any person claiming by, through or under Licensee, by way of subrogation or otherwise, for any injury, loss or damage to any person or property in or around the Licensed Premises or to Licensee's business irrespective of the cause of such injury, loss or damage. Licensor and Licensee shall each procure an appropriate clause in or endorsement to any property insurance covering the Premises and personal property, fixtures and equipment located therein, wherein the insurer waives subrogation and consents to a waiver of right of recovery. Licensor and Licensee agree not to make any claim against, or seek to recover from, the other for any loss or damage to its property or the property of others, to the extent covered by the property insurance that was required to be carried by that party under the terms of this License.

15. **Rules and Regulations.** Licensee hereby agrees to comply with any and all rules and regulations established from time to time by Landlord pursuant to the Lease as the same relate to the use and occupancy of the Licensed Premises and the Building including, without limitation, all access and security protocols.

16. **End of Term.** Licensee shall vacate the Licensed Premises on or before the expiration of the License Term leaving such area free of all of Licensee's personal property, materials and debris, and shall return all keys to Licensor. If for any reason Licensee fails to remove any such property or materials upon vacating the Licensed Premises, Licensor shall have the right to remove, at Licensee's expense, any such property or materials remaining on the Licensed Premises thereafter. Licensee's obligations under this Section 16 shall survive the expiration or termination of this Agreement.

17. **Maintenance.** Licensee shall maintain the Licensed Premises in a good and clean condition consistent with the Lease (casualty, condemnation and ordinary course wear and tear excepted to the extent permitted under the Lease). Licensee shall obtain and pay for all licenses, permits, approvals and the like required for the lawful conduct of its use of the Licensed Premises. Licensee shall conduct all of its activities in the Licensed Premises in compliance with all applicable laws. To the extent that Licensee or its agents or employees causes any damage (casualty, condemnation and ordinary course wear and tear excepted to the extent permitted under the Lease) to the Licensed Premises, Licensee shall fully restore the Licensed Premises at its sole cost and expense.

18. **Damage or Destruction**. In the event any portion of the Licensed Premises is damaged or destroyed by fire or other casualty or taken by eminent domain, either party shall have the right to terminate this License upon notice to the other party, whereupon this License shall come to an end as of the date set forth in such notice of cancellation.

19. **Default by Licensee**. Should Licensee default in observing any of the terms or conditions of this License, and such default continues for a period of five (5) business days after written notice of such default is given to Licensee with respect to monetary defaults, and for a period of twenty (20) days after written notice of such default is given to Licensee with respect to non-monetary defaults (or if such non-monetary default is of a nature that it cannot be completely remedied within twenty (20) days, failure by Licensee to commence to remedy such default within said twenty (20) days, and thereafter diligently prosecute to completion all steps necessary to remedy such default, provided in all events the same is completed within sixty (60) days), following such applicable cure period, Licensor may terminate this License five (5) business days following delivery of a second written notice to Licensee, whereupon Licensor may re-take possession of the Licensed Premises by any lawful means, and Licensee shall surrender possession of the same in accordance with the terms of this License. Should Licensee default in observing in any material respect any of the terms or conditions of this License, (i) Licensor may, but shall not be obligated to, cure such default at Licensee's expense and recover the costs incurred by Licensor in connection therewith as damages, and (ii) Licensee shall pay to Licensor all reasonable, out-of-pocket cost, loss, damage, liability or expense (including, without limitation, reasonable out-of-pocket attorneys' fees) actually incurred by Licensor in connection therewith. Mention herein of any particular right or remedy shall not preclude Licensor from exercising any other right or remedy available at law or in equity. The provisions of this Section 19 shall survive the expiration or termination of this License.

20. **Licensor Defaults**. Should Licensor default in observing any of the terms or conditions of this License, and such default continues for a period of five (5) business days after written notice of such default is given to Licensor with respect to monetary defaults, and for a period of twenty (20) days after written notice of such default is given to Licensor with respect to non-monetary defaults (or if such non-monetary default is of a nature that it cannot be completely remedied within twenty (20) days, failure by Licensor to commence to remedy such default within said twenty (20) days, and thereafter diligently prosecute to completion all steps necessary to remedy such default, provided in all events the same is completed within sixty (60) days), following such applicable cure period, Licensee may terminate this License five (5) business days following delivery of a second written notice to Licensor, whereupon Licensee shall surrender possession of the Licensed Premises in accordance with the terms of this License. Mention herein of any particular right or remedy shall not preclude Licensee from exercising any other right or remedy available at law or in equity. The provisions of this Section 20 shall survive the expiration or termination of this License.

21. **Notices.** All notices or other communications required or provided to be sent by either party shall be in writing and shall be sent: (i) by United States Postal Service, certified mail, return receipt requested, (ii) by any nationally known overnight delivery service for next day delivery, (iii) by delivery in person, or (iv) email, provided that a copy of any notice transmitted by email is transmitted by a method permitted by clause (i), (ii) or (iii) on the next succeeding business day. Email notices to Licensee shall be sent to: C. Evan Ballantyne at [Omitted pursuant Item 601(a)(6)]; email notices to Licensor shall be sent to Andrew Taylor at [Omitted pursuant Item 601(a)(6)]. Licensor shall send a copy of any default notices to Licensee to: Paul Hastings LLP, 200 Park Avenue, New York, NY 10166, Attn: Seth Fersko, Esq.; Licensee shall send a copy of any default notice to Licensor to: Lowenstein Sandler LLP, 1251 Avenue of the Americas, New York, NY 10020, Attn: Steven Skolnick, Esq. Notices shall be deemed delivered on the date received as noted on the return receipt or on the date delivered by courier or overnight carrier as evidenced by the courier's or carrier's records. Notices shall be sent to the addresses of the parties as set forth above. The inability to deliver notice because of a changed address of which no notice was given as provided above, or because of rejection or other refusal to accept any notice, shall be deemed to be the receipt of the notice as of the date of such inability to deliver or rejection or refusal to accept.

22. **Furniture.** Licensor shall leave in the Licensed Premises, and Licensee shall be entitled to use, in its current as-is condition and at no cost to Licensee, all of Licensor's furniture currently located therein (excluding specialized lab equipment). Licensee shall keep all such furniture in good condition and repair, normal wear and tear and damage by casualty excepted, and shall maintain insurance thereon.

23. **Holdover.** If Licensee fails to surrender the Licensed Premises, or any part thereof, on the expiration or termination of the Term and Licensee remains in possession of the Licensed Premises without the express written consent of Licensor, then the monthly License Fee shall be increased to 200% of the License Fee for the final month of the Term during such period of holdover, provided that such amount shall be prorated for any partial month of holdover based on the actual number of days during such month in which Licensee remains in possession of the Licensed Premises. For purposes of this Section, Licensee shall be deemed to be in possession of the Licensed Premises and owe the increased License Fee under this Section until such time as Licensee has surrendered possession of the Licensed Premises to Licensor in the condition required by this License. The parties agree that the increased License Fee shall not be deemed special, punitive, exemplary and consequential damages.

24. **No Nuisance.** In connection with its use of the Licensed Premises hereunder, Licensee shall, and shall cause all authorized personnel, not to create any nuisance, or interfere with, annoy or disturb any tenants in the Building.

25. **Counterparts.** This License may be executed in any number of counterparts, all of which together shall constitute one agreement binding on all parties hereto notwithstanding that all the parties have not signed the same counterpart. All counterparts shall be construed together and shall constitute one instrument. In order to expedite the execution of this License, the parties hereto agree that this License may be executed in counterparts by email in .PDF format and that an email of this License and signatures thereto transmitted by email may be utilized with the same force and effect as an original and shall constitute the original of this License. The parties hereto intend to be bound by the signatures on the emailed document, are aware that the other party will rely on the emailed signatures, and hereby waive any defenses to the enforcement of the terms of this License based on the form of signature.

26. **Prevailing Party.** In any action or proceeding between Licensor and Licensee arising out of this License, the prevailing party (as determined by the final order of a court of competent jurisdiction) in such action or proceeding shall be entitled to recover all costs of such action or proceeding incurred by it, including reasonable attorneys' fees.

27. **Miscellaneous.** The parties hereto agree that this License shall not be deemed binding or effective until duly executed by and delivered to both parties. This License may not be modified or amended, nor any of its provisions waived, except by a written instrument executed by the party against whom enforcement of the modification, amendment or waiver is sought. This License shall be governed by and construed in accordance with the laws of the State of Florida. If any provision of this License is held illegal, invalid, or unenforceable, the same shall not affect any other provision of this License. This License shall, in such circumstances, be deemed modified to the extent necessary to render enforceable the remaining provisions of this License. Time is of the essence in the performance of all obligations of Licensor and Licensee under this License. This License shall be subordinate to the Lease.

28. **Licensor Covenants.** Licensor covenants and agrees that (i) it shall pay all sums due under the Lease as and when due, and shall not do or fail to do anything which would result in a default under the Lease or cause the Lease to be terminated (excluding, however, if arising out of any action, inaction or default of this License by Licensee), (ii) it will not amend, modify, terminate, surrender or cancel the Lease or Licensor's rights and estates thereunder, in each case, without Licensee's prior written consent, unless pursuant to a termination or cancellation right stated in the Lease, and (iii) within five (5) business days following receipt thereof (or prior to sending any response to Landlord, if sooner), it shall deliver to Licensee a true, correct and complete copy of any written notice or demand received from Landlord relating to the Licensed Premises. Further, and notwithstanding anything contained herein to the contrary, on the request of Licensee, Licensor shall make a written demand on Landlord to perform its obligations under the Lease with respect to the Licensed Premises if Landlord fails to perform same within the time frame and in the manner required under the Lease; it being agreed that Licensee and Licensor shall cooperate with each other in seeking to obtain the performance of Landlord under the Lease. If Landlord shall default in any of its obligations with respect to the Licensed Premises, or there shall exist a bona fide dispute with Landlord under the terms, covenants, conditions, provisions and agreements of this License and/or the Lease and Licensee notifies Licensor in writing that Licensee has previously notified Landlord of such dispute and that such default or notice has been disregarded or not reasonably satisfactorily acted upon, then upon Licensee's written request Licensor shall use reasonable efforts to enforce its rights under the Lease for Licensee's benefit, including, but not limited to, giving notices, claims and demands to and on Landlord, except that Licensor shall not be required to commence any legal proceedings or arbitration or to terminate the Lease.

29. **Confidentiality.** Each party shall treat this License as confidential and shall not disclose same or permit its employees or agents to disclose same to any other person or entity (other than Landlord, and such party's lenders (or potential lenders), investors (or potential investors), attorneys, accountants and agents) except to the extent required by law and then, unless prohibited by law, only after notice to the other party.

30. **Limitation on Damages.** In no event shall Licensor be liable for, and Licensee hereby waives any claim for, any special, punitive, exemplary and consequential damages, including loss of profits or business opportunity, arising under or in connection with this License. In no event shall Licensee be liable for, and Licensor hereby waives any claim for, any special, punitive, exemplary and consequential damages, including loss of profits or business opportunity, arising under or in connection with this License (unless such amounts are actually asserted by Landlord under the Lease against Licensor due to Licensee holding over in violation of this License).

AMENDMENT TO LICENSE AGREEMENT

This **AMENDMENT TO LICENSE AGREEMENT** (this “**Amendment**”) is made and entered into as of the 1st day of May, 2022 (the “**Effective Date**”), by and between **MOTUS GI HOLDINGS, INC.**, a Delaware corporation (“**Licensor**”) having an address at 1301 East Broward Boulevard, Suite 310, Fort Lauderdale, Florida 33301 and **ORCHESTRA BIOMED, INC.**, a Delaware corporation (“**Licensee**”) having an address at 150 Union Square Drive, New Hope, Pennsylvania 18938.

WHEREAS, pursuant to the License Agreement dated January 2020 between Licensor and Licensee (the “**Original License Agreement**”), Licensee is licensing from Licensor Suite 310, an approximately six thousand four hundred ninety six (6,496) square foot portion of the southeast area of the third (3rd) floor (the “**Premises**”) of the building known as the Victoriana Building located at 1301 East Broward Boulevard, Fort Lauderdale, Florida 33301 (the “**Building**”) as more particularly set forth in the Original License Agreement (such licensed space, the “**Licensed Premises**”).

WHEREAS, Licensee is desirous of licensing a larger portion of the Premises, and Licensor is willing to license same to Licensee, subject to and in accordance with the terms hereof.

NOW THEREFORE, Licensor and Licensee agree as follows:

1. Capitalized Terms. Capitalized terms used herein and not otherwise defined herein shall have the meaning ascribed to such terms in the License Agreement. From and after the Effective Date, the term “License Agreement” shall mean the Original License Agreement, as amended hereby.
2. Licensed Premises.
 - (a) Effective as of the Effective Date, the Expansion Schedule attached as Exhibit B to the Original License Agreement is hereby deleted in its entirety.
 - (b) Beginning on the Effective Date and continuing through and including November 14, 2024 (the “**Expiration Date**”), the Licensed Premises shall include 95% of the Premises.
3. No Representations/Condition of Licensed Premises. Upon the Effective Date, the Licensed Premises shall be delivered to Licensee, and Licensee agrees to accept same, in its “as is” condition. Except as otherwise expressly set forth herein, Licensor has not made nor does Licensor make any representations or promises with respect to the Licensed Premises, and Licensee agrees that Licensor does not have any obligation to perform any work, pay any amount or otherwise prepare the Licensed Premises for Licensee’s use and occupancy.
4. License Fee.
 - (a) Effective as of the Effective Date, the License Fee Schedule attached as Exhibit A to the Original License Agreement is hereby deleted in its entirety.
 - (b) Beginning on the Effective Date and continuing through and including August 31, 2022, the License Fee shall be \$21,941.01. Beginning on September 1, 2022 and continuing through and including August 31, 2023, the License Fee shall be \$22,350.71. Beginning on September 1, 2023 and continuing through and including August 31, 2024, the License Fee shall be \$22,771.67. Beginning on September 1, 2024 and continuing through and including September 30, 2024, the License Fee shall be \$23,204.20. Beginning on October 1, 2024 and continuing through and including the Expiration Date, the License Fee shall be \$7,043.06. The License Fee shall be paid in accordance with the terms of the License Agreement and Licensee further acknowledges and agrees that the License Fees set forth in this Section 4(b) are subject to reasonable adjustment based on actual expenses incurred by the Landlord and billed to Licensor.

5. Brokers. Each party covenants, warrants and represents that no broker or agent was instrumental in bringing about or consummating this Amendment. Each party agrees to indemnify and hold the other party harmless against and from any claims for any brokerage commissions and all costs, expenses, and liabilities in connection therewith, including, without limitation, reasonable attorneys' fees and expenses, arising out of any conversations or negotiations had by the indemnifying party with any broker or agent. The provisions of this Section will survive the termination of this Amendment.
6. Counterparts. This Amendment may be executed in counterparts, each of which shall be an original and all of which, when taken together, shall constitute one agreement. Landlord and Tenant expressly agree that if the signature of Landlord and/or Tenant and/or the subscribing witnesses on this Amendment is not an original, but is a digital, mechanical or electronic reproduction (such as, but not limited to, a photocopy, fax, e-mail, PDF, Adobe image, JPEG, telegram, telex, telecopy or a DocuSign executed document), then such digital, mechanical or electronic reproduction shall be as enforceable, valid and binding as, and the legal equivalent to, an authentic and traditional ink-on-paper original wet signature penned manually by its signatory.
7. Miscellaneous.
- (a) Except as expressly amended hereby, all other items and provisions of the Original License Agreement remain unchanged and continue to be in full force and effect.
 - (b) Licensee represents that it has no rights of defense, abatement or set-off with respect to the License Fee or any additional sums payable under the Original License Agreement. Licensee represents to Licensor that, to the best of Licensee's knowledge, neither Licensee nor Licensor is in default of any of their respective obligations under the Original License Agreement.
 - (c) The Original License Agreement (as amended hereby) constitutes the entire agreement of the parties with respect to the subject matter hereof, and all prior correspondence, memoranda, agreements, or understandings (written or oral) with respect hereto are merged into and superseded by the Original License Agreement (as amended hereby).
 - (d) This Amendment shall be governed by and be construed in accordance with the laws of the State of Florida.
 - (e) In the event that any sentence, section, or article of this Amendment is found to be void or unenforceable, then the balance of this Amendment shall nevertheless be legal and binding with the same force and effect as though the void or voidable parts were deleted.
 - (f) To the extent of any inconsistency between the terms and provisions of the Original License Agreement and the terms or provisions of this Amendment, the terms and provisions of this Amendment shall govern.
 - (g) This Amendment shall be binding upon the Licensor and the Licensee and their respective successors and assigns and shall inure to the benefit of the Licensor and Licensee and their respective successors and assigns.

In addition, before conducting clinical trials with a research organization ("**CRO(s)**"), unless such use of CRO is specifically provided for in the Regulatory Plan, each Party shall obtain consent of the JSC, or in case of urgency consent of the other Party, not to be unreasonably withheld, delayed or conditioned.

[***].

All payments under this Agreement shall be made by bank wire transfer in immediately available funds to an account designated in writing by the payee Party or by such other means as directed by such Party in writing. Payments hereunder will be considered to be made as of the day on which they are received by the payee Party’s designated bank.

9.2 Currency Conversion. All Revenue Share payments hereunder shall be made in the legal currency of the US and all references to “\$” or “Dollars” shall refer to US dollars. For purposes of computing such payments, the Revenue Share payments in countries other than the US shall be converted into US Dollars in accordance with Medtronic’s standard practices used in preparing its audited financial statements for the applicable Fiscal Quarter, or if none is used, the average of the buying and selling rates on the last Business Day of the Fiscal Quarter to which the amount applies as published by The Wall Street Journal, Internet Edition at www.wsj.com under the “Rates” tab under the “Market Data” section.

9.3 Taxes. In the event that Medtronic is required to withhold any taxes on amounts payable to Orchestra in accordance with Applicable Laws, Medtronic shall make payment to Orchestra net of any withholding tax that may be due. For purposes of this Section 9.3, each Party agrees to provide the other with reasonable assistance, including provision of any tax forms and other information that may be reasonably necessary in order for the paying Party not to withhold tax or to withhold tax at a reduced rate under an applicable bilateral income tax treaty.

Any representatives conducting such audit shall execute a confidentiality agreement reasonably acceptable to Medtronic prior to conducting such audit. Such representatives may disclose to the requesting entity's only their conclusions regarding the accuracy of Revenue Share payments due to Orchestra hereunder and of records related thereto, including the amount of any deficient payment, if any, and shall not disclose any other Medtronic information to Orchestra without the prior written consent of Medtronic. Should any such inspection show any underpayment or underreporting in excess of [***] percent ([***]%) in the aggregate for any twelve-month period and excluding any underpayment or underreporting attributable to an estimated period, then Medtronic shall pay Orchestra's reasonable out-of-pocket costs of the audit as well as any sum that would have been payable to Orchestra had Medtronic reported such amounts correctly, plus interest at the Interest Rate. Orchestra shall provide Medtronic with a copy of any audit report prepared by its independent representatives for review. The failure of Orchestra to request verification of any Quarterly Report during the first Calendar Year following receipt of such Quarterly Report is deemed acceptance by Orchestra of the accuracy of the Quarterly Report and the payments made by Medtronic in accordance with the Quarterly Report. For clarity, each Quarterly Report shall be subject to only one such examination and audit hereunder.

For the avoidance of doubt, Medtronic shall be responsible for the breach of this Article 10 by any Sub-Distributor that it retains, and Orchestra shall be responsible for such breach by any CRO or other Third Party that it retains for the performance of obligations hereunder.

10.2 Exceptions. Notwithstanding Section 10.1, the obligations of confidentiality and nonuse shall not apply to information that the Receiving Party can prove by competent written evidence: (a) is now, or hereafter becomes, through no act or failure to act on the part of the Receiving Party or any of its Affiliates, generally known or available; (b) is known by the Receiving Party or any of its Affiliates, other than under an obligation of confidentiality to the Disclosing Party, at the time of receiving such information; (c) is hereafter lawfully furnished to the Receiving Party or any of its Affiliates by a Third Party, which Third Party did not receive such information directly or indirectly from the Disclosing Party under an obligation of confidence; (d) is independently discovered or developed by the Receiving Party or any of its Affiliates without the use of Confidential Information belonging to the Disclosing Party; or (e) is the subject of a written permission to disclose provided by the Disclosing Party.

10.3 Permitted Disclosures. Notwithstanding the provisions of Section 10.1, the Receiving Party may disclose Confidential Information of the Disclosing Party as expressly permitted by this Agreement or if and to the extent such disclosure is reasonably necessary in the following instances:

(a) making any filings or disclosures pursuant to any of the Securities Laws;

(b) filing or prosecuting Patents as permitted by this Agreement;

(c) prosecuting or defending litigation as permitted by this Agreement;

(d) complying with applicable court orders, governmental regulations or, applicable subpoenas or reasonable requests issued by governmental authorities in relation to compliance with the FCPA, Trade Control Laws and other Applicable Laws;

(e) in the case of Medtronic, disclosure under terms of confidentiality no less stringent than under this Agreement to potential or actual Sub-Distributors, and in the case of Orchestra, disclosure under terms of confidentiality no less stringent than under this Agreement to any potential or actual CRO or other Third Party contractor;

(f) disclosure to its and its Affiliates' contractors, employees and consultants, in each case who need to know such information for purposes of the Disclosing Party's performance under this Agreement, on the condition that any Third Parties agree to be bound by confidentiality and non-use obligations that are no less stringent than those confidentiality and non-use provisions contained in this Agreement; and

(g) solely with the prior written approval of Medtronic, disclosure made in good faith to Third Parties in connection with due diligence or similar investigations by such third parties, and disclosure to current or bona fide prospective investors, lenders, sublicensees, collaborative partners, acquirers, merger partners, or providers of financing and their advisors. In addition, any such Third Party shall be required to be bound by confidentiality and non-use obligations that are no less stringent than those confidentiality and non-use provisions contained in this Agreement.

Notwithstanding the foregoing, in the event a Party is required to make a disclosure of the other Party's Confidential Information pursuant to 10.3(a), (c) or (d), it will, except where impracticable, give reasonable advance notice to the other Party of such disclosure and use efforts to secure confidential treatment of such information at least as diligent as such Party would use to protect its own Confidential Information, but in no event less than reasonable efforts. In any event, the Parties agree to take all reasonable action to avoid disclosure of Confidential Information hereunder. For the avoidance of doubt, Orchestra's periodic reporting or disclosure as required pursuant to any of the Securities Laws, of Revenue Share amounts or other payments made, or expected to be made, by Medtronic hereunder, shall in no event be deemed a disclosure of Medtronic's Confidential Information. However, Medtronic's Quarterly Reports to Orchestra [***] shall be deemed Medtronic Confidential Information.

10.4 Confidentiality of this Agreement and its Terms. Except as otherwise set forth in this Article 10, each Party agrees not to disclose to any Third Party the existence of this Agreement or the terms of this Agreement without the prior written consent of the other Party, except that each Party may disclose the terms of this Agreement that are not otherwise made public as contemplated by Section 20.1 or as permitted under Section 10.3.

10.5 Prior Non-Disclosure Agreements. As of the Effective Date, the terms of this Article 10 shall supersede any prior non-disclosure, secrecy or confidentiality agreement between the Parties (or their Affiliates) dealing with the subject of this Agreement. Any information disclosed under such prior agreements shall be deemed disclosed under this Agreement.

10.6 Equitable Relief. Given the nature and value of the Confidential Information and the competitive damage and irreparable harm that would result to a Party upon unauthorized disclosure, use or transfer of its Confidential Information to any Third Party, the Parties agree that monetary damages may not be a sufficient remedy for any breach of this Article 10. If the Receiving Party becomes aware of any breach or threatened breach of this Article 10 by the Receiving Party or a Third Party to whom the Receiving Party disclosed the Disclosing Party's Confidential Information, the Receiving Party promptly shall notify the Disclosing Party and cooperate with the Disclosing Party to regain possession of its Confidential Information and prevent any further breach. In addition to all other remedies, a Party shall be entitled to seek specific performance and injunctive and other equitable relief as a remedy for any breach or threatened breach of this Article 10 without furnishing proof of actual damages.

(f) to the knowledge of Orchestra, none of the Licensed Intellectual Property or Orchestra Trademarks is being infringed by or misappropriated by any Third Party;

(g) Orchestra will use reasonable efforts to have, as and when needed, sufficient funds to satisfy its obligations hereunder.

(h) **DISCLAIMERS.** EXCEPT AS EXPRESSLY SET FORTH HEREIN, EACH PARTY HEREBY AGREES AND UNDERSTANDS THAT THE OTHER PARTY MAKES NO REPRESENTATION, GUARANTEE OR WARRANTY, EXPRESS OR IMPLIED, REGARDING THE OUTCOME OF ANY DEVELOPMENT ACTIVITIES, THE ABILITY TO OBTAIN REGULATORY APPROVAL OR THE PATENTABILITY, LEGAL PROTECTABILITY OR USEFULNESS OF ANY INTELLECTUAL PROPERTY ARISING FROM ANY DEVELOPMENT ACTIVITIES. ARTICLE 14 LIMITATIONS OF LIABILITY

14.1 TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR ANY INJURY TO OR LOSS OF GOODWILL, REPUTATION, BUSINESS, PRODUCTION, REVENUES, PROFITS, ANTICIPATED PROFITS, CONTRACTS, OR OPPORTUNITIES (REGARDLESS OF HOW THESE ARE CLASSIFIED AS DAMAGES), OR SHALL BE ENTITLED TO RECOVER FROM THE OTHER PARTY ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, INCLUDING LOST PROFITS, OR PUNITIVE DAMAGES IN CONNECTION WITH THIS AGREEMENT WHETHER ARISING OUT OF BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, PRODUCT LIABILITY, OR OTHERWISE (INCLUDING THE ENTRY INTO, PERFORMANCE, OR BREACH OF THIS AGREEMENT), REGARDLESS OF THE FORESEEABILITY THEREOF AND REGARDLESS OF WHETHER SUCH PARTY HAS BEEN INFORMED OF THE POSSIBILITY OR LIKELIHOOD OF SUCH DAMAGES; *PROVIDED, HOWEVER,* THAT THIS SECTION 14.1 SHALL NOT BE CONSTRUED TO LIMIT (A) EITHER PARTY'S RIGHT TO SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR THE OTHER PARTY'S BREACH OF ARTICLE 10 (CONFIDENTIALITY), FRAUD, INTENTIONAL MISREPRESENTATION OR (B) EITHER PARTY'S INDEMNIFICATION RIGHTS OR OBLIGATIONS UNDER ARTICLE 16 TO THE EXTENT THAT A THIRD PARTY IS AWARDED ANY SUCH DAMAGES OR AMOUNTS.

14.2 THE PARTIES AGREE THAT THE LIMITATIONS SPECIFIED IN THIS ARTICLE 14 WILL APPLY EVEN IF ANY LIMITED REMEDY SPECIFIED IN THIS AGREEMENT IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE.

14.3 IN ADDITION AND WITHOUT LIMITING THE OTHER PROVISIONS IN THIS ARTICLE 14, IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY OR ANY OF THEIR RESPECTIVE AFFILIATES IN CONNECTION WITH OR RELATING TO THIS AGREEMENT FOR DAMAGES, EXPENSES OR MONETARY REMEDIES OF ANY KIND THAT IN THE AGGREGATE EXCEED THE FEES AND EXPENSES ACTUALLY INCURRED BY ORCHESTRA IN THE PERFORMANCE OF ITS RESPONSIBILITIES UNDER THIS AGREEMENT IMMEDIATELY PRECEDING THE DATE ON WHICH THE CLAIM LEADING TO SUCH DAMAGES, EXPENSES OR REMEDIES AROSE, AND IN NO CASE TO EXCEED [***] DOLLARS (\$[***]); PROVIDED, HOWEVER, THAT THIS SECTION 14.3 SHALL NOT BE CONSTRUED TO LIMIT (A) EITHER PARTY'S RECOVERY FOR THE OTHER PARTY'S BREACH OF ARTICLE 10 (CONFIDENTIALITY), FRAUD, INTENTIONAL MISREPRESENTATION, (B) EITHER PARTY'S INDEMNIFICATION RIGHTS OR OBLIGATIONS UNDER ARTICLE 16 [***], OR (C) EITHER PARTY'S RECOVERY FOR THE OTHER PARTY'S BREACH OF ANY PAYMENT OR REIMBURSEMENT OBLIGATIONS IN CONNECTION WITH OR RELATING TO THIS AGREEMENT, INCLUDING THOSE SET FORTH IN SECTION 8.4 (REPORTS; PAYMENTS).

Revenue Share amounts due during the pendency of any Patent Challenge shall be paid directly to Orchestra and not placed in escrow or other account. If any of the provisions of this Section 15.1 are held invalid or unenforceable for any reason, then such invalidity or unenforceability shall not affect any of the other provisions of this Section 15.1 or other provisions of this Agreement.

ARTICLE 16
INDEMNIFICATION

16.1 Indemnification of Orchestra. Medtronic shall indemnify, defend and hold harmless Orchestra and its Affiliates and their respective directors, officers, employees and agents (the “*Orchestra Indemnitees*”), from and against any and all losses, liabilities, damages, penalties, fines, costs and expenses (including reasonable attorneys’ fees and other expenses of litigation) (“*Losses*”) incurred by any Orchestra Indemnitee resulting from any claims, actions, suits or proceedings brought by a Third Party (“*Third Party Claims*”) to the extent arising from, or occurring as a result of: (a) the registration, use, handling, storage, manufacturing, import, offer for sale, sale or other disposition of the Product by or on behalf of Medtronic or its Affiliates; (b) any claims or actions alleging that the Product infringes or misappropriates or would infringe or misappropriate the intellectual property rights of any Third Party where such infringement or misappropriation is solely based on [***], (c) the negligence or willful misconduct of any Medtronic Indemnitees in connection with Medtronic’s performance of its obligations or exercise of its rights under this Agreement; or (d) any breach of any representations, warranties or covenants of Medtronic in this Agreement; except, in each of (a) through (d), to the extent such Third Party Claims fall within the scope of the indemnification obligations of Orchestra set forth in Section 16.2. In any Third Party Claim where both Orchestra and Medtronic are both at fault, Losses shall be apportioned between the Parties on the basis of the relative fault of each Party relative to the total Losses.

16.2 Indemnification of Medtronic. Orchestra shall indemnify, defend and hold harmless Medtronic and its Affiliates and their respective directors, officers, employees and agents (the “*Medtronic Indemnitees*”), from and against any and all Losses incurred by any Medtronic Indemnitee resulting from any Third Party Claims to the extent arising from, or occurring as a result of: (a) any claims or actions alleging that Exploitation of Product infringes or misappropriates or would infringe or misappropriate the intellectual property rights of any Third Party; or (b) the negligence or willful misconduct of any Orchestra Indemnitees in connection with Orchestra’s performance of its obligations or exercise of its rights under this Agreement; or (c) any breach of any representations, warranties or covenants of Orchestra in this Agreement; except, in each of (a) through (c), to the extent such Third Party Claims fall within the scope of the indemnification obligations of Medtronic set forth in Section 16.1. In any Third Party Claim where both Orchestra and Medtronic are both at fault, Losses shall be apportioned between the Parties on the basis of the relative fault of each Party relative to the total Losses.

16.3 Procedure. A Party that intends to claim indemnification under this Article 16 (the “*Indemnitee*”) shall promptly notify the indemnifying Party (the “*Indemnitor*”) in writing of any Third Party Claim, in respect of which the Indemnitee intends to claim such indemnification, and the Indemnitor shall have sole control of the defense and/or settlement thereof. The Indemnitee may participate at its expense in the Indemnitor’s defense of and settlement negotiations for any Third Party Claim with counsel of the Indemnitee’s own selection. The indemnity arrangement in this Article 16 shall not apply to amounts paid in settlement of any action with respect to a Third Party Claim, if such settlement is effected without the consent of the Indemnitor, which consent shall not be withheld or delayed unreasonably. The failure to deliver written notice to the Indemnitor within a reasonable time after the commencement of any action with respect to a Third Party Claim shall only relieve the Indemnitor of its indemnification obligations under this Article 16 if and to the extent the Indemnitor is actually prejudiced thereby. The Indemnitee shall cooperate fully with the Indemnitor and its legal representatives in the investigation of any action with respect to a Third Party Claim covered by this indemnification.

16.4 Insurance. Each Party, at its own expense, shall maintain product liability and other appropriate insurance (or self-insure) in an amount consistent with industry standards for conduct of all of such Party's obligations under this Agreement during the Term including, without limitation, commercial general liability and professional liability ("Errors and Omissions") insurance in commercially reasonable and appropriate amounts that provides product liability coverage concerning the Product and contractual liability coverage for the Party's defense and indemnification obligations under this Agreement, and shall name the other Party as an additional insured with respect to such insurance; provided however that in no event shall Orchestra be required to maintain insurance in excess of [***] U.S. dollars (\$[***]). Each Party shall provide a certificate of insurance (or evidence of self-insurance) evidencing such coverage to the other Party upon request.

ARTICLE 17 TERM AND TERMINATION

17.1 Term. This Agreement shall commence on the Effective Date and, unless terminated earlier pursuant to Section 17.2, shall terminate on the date no further Revenue Share payments are due under Section 8.2 (such period, the "**Term**"). Upon termination by expiration of the Term, all licenses granted to Medtronic under Article 2 and the license to the Orchestra Trademarks under Article 11 shall become fully paid up, perpetual, irrevocable and royalty-free.

17.2 Early Termination.

(a) Mutual Agreement. The Parties may terminate this Agreement by mutual written agreement.

(b) Material Breach. A Party shall have the right to terminate this Agreement upon written notice to the other Party ("**Breaching Party**") if such Breaching Party is in breach of a material provision of this Agreement or any other agreement between the Parties or their respective Affiliates, including without limitation, any Services Agreement between the Parties, and has not cured such breach within sixty (60) days after delivery of notice from the terminating Party ("**Date of Notice**"); *provided, however*, that, if such alleged material breach is not reasonably susceptible of cure within such sixty (60) day period and the Breaching Party uses reasonable and diligent good faith efforts to cure such alleged material breach, such sixty (60) day period shall be extended as long as is reasonably necessary (but no more than four (4) months from the Date of Notice) and no such termination shall occur for so long as such efforts continue or if such breach is cured (but in each case for no longer than six (6) months from the Date of Notice).

(c) Insolvency. A Party shall have the right to terminate this Agreement upon written notice to the other Party upon the bankruptcy, dissolution or winding up of such other Party, or the making or seeking to make or arrange an assignment for the benefit of creditors of such other Party, or the initiation of proceedings in voluntary or involuntary bankruptcy, or the appointment of a receiver or trustee of such other Party's property, that is not discharged within ninety (90) days.

(ii) Termination Related to Failure to Meet Endpoint of Clinical Trial. [***].

(e) [***].

17.3 Effects of Termination. The following shall apply upon any termination of this Agreement prior to the expiration of the Term:

(a) Inventory. In the event of any termination of this Agreement, Medtronic may, at its discretion, or a period not to exceed six (6) months, continue to sell its existing inventories of Product under the same terms and conditions as this Agreement (the "**Sell Off Period**"). For the avoidance of doubt, Medtronic shall be required to make Revenue Share Payments with respect to Net Sales of Products that are made during the Sell Off Period, as applicable, in accordance with the terms and conditions of this Agreement, and once such payments have been made, Medtronic shall have no further payment obligations under this Agreement.

(b) Termination of Rights and Obligations. Upon early termination of this Agreement, all rights and obligations of the Parties under this Agreement, including, but not limited to, the IP License, will terminate, except as otherwise set forth in this Section 17.3 and Sections 17.4, 17.5 and 17.6, and as a result, (i) Medtronic will be released from the non-compete obligations as set forth in Section 2.2 of this Agreement (ii) Medtronic will no longer be entitled to use, and shall cease all use of, Orchestra Patents (other than Joint Integration IP Patents and Joint Background Information Patents) or Orchestra Know-How (other than Joint Background Information) for any reason other than pursuant to Section 17.3(a), (iii) Orchestra will be released from the exclusivity obligations as set forth in Section 2.3 of this Agreement, and (iv) Medtronic will no longer be required to use any efforts, including Commercially Reasonable Efforts, with respect to any activities related to this Agreement or any other agreement referred to or contemplated by the Agreement. Within thirty (30) days after the effective date of termination of this Agreement, each Party shall deliver or destroy, at the other Party's written request, to such other Party any and all Confidential Information of such other Party then in its possession, except to the extent a Party retains the right to use such Confidential Information pursuant to any rights granted under this Agreement that survive termination of this Agreement, and except for one (1) copy which may be kept in such Party's (or its counsel's) office for archival purposes subject to a continuing obligation of confidentiality and non-use under Article 10 for the duration set forth in Section 10.1.

17.4 Exercise of Right to Terminate. The use by either Party of a termination right set forth in this Agreement shall not give rise, on its own, to the payment of damages or any other form of compensation or relief to the other Party with respect thereto.

17.5 Damages; Relief. Except as otherwise expressly set forth in this Agreement, subject to Section 17.4, termination of this Agreement shall not preclude either Party from claiming any other damages, compensation, or relief that it may be entitled to upon such termination.

17.6 Accrued Obligations; Survival. The expiration or termination of this Agreement for any reason shall not release either Party from any liability that, at the time of such expiration or termination, has already accrued to such Party or that is attributable to a period prior to such termination, nor will any termination of this Agreement preclude either Party from pursuing all rights and remedies it may have under this Agreement, at law or in equity, with respect to breach of this Agreement. The following Articles and Sections will survive any expiration or termination of this Agreement: Article 1, Section 2.1(b)(ii), Sections 6.2-6.4, Section 12.4, Section 17.3, Section 17.4, Section 17.5 Section 17.6, Section 18.3, and Article 10, Article 11 (solely in relation to the ownership of Intellectual Property and Trademarks), Article 14, Article 16, Article 19 and Article 20, provided that all licenses granted to Medtronic under Article 2 and the license to the Orchestra Trademarks under Article 11 shall survive expiration of the Term in accordance with Section 17.1.

18.1 Medtronic Right. Subject to Orchestra's exclusivity obligations set forth in Section 2.3 hereof, during the period beginning on the Effective Date and ending on the date of FDA Regulatory Approval of the Product in the Primary Field (the "**ROFN Period**"), Medtronic will have an exclusive right to negotiate with Orchestra for an exclusive or any other license to commercialize devices using BackBeat CNT Algorithms in the Secondary Field of Use ("**Secondary Field License**"). [***]. During the ROFN Period, the Parties shall negotiate exclusively, reasonably and in good faith concerning the terms of any Secondary Field License.

18.2 Failure to Exercise ROFN. If the Parties do not execute and deliver an agreement with respect to a Secondary Field License within the ROFN Period, then Orchestra shall be free to negotiate and enter into a license for use of BackBeat CNT Algorithms in the Secondary Field of Use with any Third Party; provided, however, that if Medtronic provided a bona fide written offer for a Secondary Field License during the ROFN Period, Orchestra shall not be permitted to enter into a license for use of BackBeat CNT Algorithms in the Secondary Field of Use with a Third Party on terms that, are in the aggregate less favorable than those offered by Medtronic in such bona fide written offer, as determined by Orchestra's board of directors in good faith, with respect to any such exclusive license in the Secondary Field of Use, [***].

18.3 No Use of Medtronic Information. For the avoidance of doubt, in no event shall Orchestra be permitted to use any Medtronic Confidential Information or any Medtronic Background Intellectual Property owned or controlled by Medtronic, in whole or in part, in the negotiation, agreement or arrangement with any Third Party. To the extent that Medtronic fails to exercise its right to the Secondary Field License in the ROFN Period, Orchestra may grant a non-exclusive license to its interests in [***] in the Secondary Field of Use, so long as the Exploitation of such license does not include any use of Medtronic Confidential Information.

ARTICLE 19 DISPUTE RESOLUTION

19.1 Objective. The Parties recognize that disputes as to matters arising under or relating to this Agreement or either Party's rights or obligations hereunder (including any claim based on warranty, contract, negligence, misrepresentation, statute, or other basis) may arise from time to time. It is the objective of the Parties to establish procedures to facilitate the resolution of such disputes in an expedient manner by mutual cooperation and without resort to litigation. To accomplish this objective, the Parties agree to follow the procedures set forth in this Article 19 to resolve any such dispute if and when it arises.

19.2 Resolution by Executives. If an unresolved dispute as to matters arising under or relating to this Agreement or either Party's rights or obligations hereunder arises including any JSC decisions as described in Section 4.7, either Party may refer such dispute to the President of the CRM Operating Unit for Medtronic and the Chief Executive Officer for Orchestra ("Executives"), who shall meet in person or by telephone within thirty (30) days after such referral to attempt in good faith to resolve such dispute. If such matter cannot be resolved by discussion of the Executives within such thirty (30) day period (as may be extended by mutual written agreement), such dispute shall be resolved in accordance with Section 19.3. The Parties acknowledge that discussions between the Parties to resolve disputes are settlement discussions under applicable rules of evidence and without prejudice to either Party's legal position.

19.3 Arbitration.

(a) Any dispute that is not resolved pursuant to Section 19.2, except for a dispute, claim or controversy subject to Section 19.3(i) or breach of confidentiality, shall first be submitted for mediation under the auspices of the International Centre for Dispute Resolution ("**ICDR**"). Any dispute that is not resolved pursuant to such mediation shall be settled by binding arbitration conducted under the auspices of the ICDR in accordance with its International Arbitration Rules. In the event of a conflict between the procedures set forth herein and the Rules, these procedures shall take precedence.

(b) The dispute shall be heard and decided by a majority of three arbitrators having significant executive experience in the medical device industry; one arbitrator selected by each Party, and the third chosen by the first two selected. In the event that the parties or the arbitrators fail to select arbitrators as required above, the ICDR shall select such arbitrators in accordance with the International Arbitration Rules.

(c) The arbitrators shall allow the Parties to obtain discovery as may reasonably be requested by a party, including use of interrogatories, document requests, depositions, subpoenas and inspections of things or land.

(d) The arbitration hearing shall be held in New York City, New York, U.S., at a location and time to be mutually agreed upon by the Parties, or if they are unable to decide, then at a location and time determined by the arbitrators. The arbitration hearing shall be conducted over the course of consecutive Business Days and weeks until it is concluded.

(e) All proceedings shall be conducted in the English language and the arbitrators shall be fluent in English. All evidence, whether documentary or testimonial, shall be presented in English. In the event testimony is given by a witness who is unable to testify in English, the party proffering the testimony at the hearing (or obtaining the testimony in a deposition) shall provide a translator and shall bear that expense.

(f) The hearing shall be recorded stenographically and a transcript prepared if requested by either Party. The expense of same shall be borne equally by the Parties. Not less than ten (10) days prior to the hearing, the Parties shall submit briefs to the arbitrator(s) setting forth each Party's contentions concerning the facts and the law. Within thirty (30) days following the close of the hearing, the Parties shall submit post-hearing briefs to the arbitrator. Within thirty (30) days after the timely submission of post-hearing briefs, the arbitrator shall enter a written award concisely setting forth the grounds for the decision.

(g) The arbitrators shall decide the dispute by applying the law selected by the Parties in Section 20.1.

(h) The decision of the arbitrators shall be final and binding and any award rendered thereon may be entered in any court having jurisdiction, and the Parties expressly agree that the state and federal courts located in Southern District of New York, U.S., have jurisdiction to confirm the arbitration award and enter judgment thereon. The Parties hereby waive any and all objections and defenses to such jurisdiction regardless of the nature of such objection or defense. The arbitrators are authorized to include in its award an allocation to any party of such costs and expenses, including attorneys' fees, as the arbitrators shall deem reasonable. The Parties undertake to keep confidential all awards in their arbitration, together with all materials in the proceedings created for the purpose of the arbitration and all other documents produced by another party in the proceedings not otherwise in the public domain, save and to the extent that disclosure may be required of a Party by legal duty, to protect or pursue a legal right or to enforce or challenge an award in legal proceedings before a court or other judicial authority. Nothing in this Agreement shall prevent any Party from seeking provisional measures from any court of competent jurisdiction, and any such request shall not be deemed incompatible with the agreement to arbitrate or a waiver of the right to arbitrate. Any payments that are made by one Party to the other Party pursuant to this Agreement pending resolution of the dispute will be promptly refunded if the arbitrator determines pursuant to this Section 19.3 that such payments are to be refunded by one Party to the other Party.

(i) Any dispute, controversy or claim relating to the scope, validity, enforceability or infringement of any patents or trademarks shall be submitted to a court of competent jurisdiction in the country in which such patent or trademark rights were granted or arose.

(a) Neither Party shall make any public announcement concerning this Agreement or the subject matter hereof without the prior written consent of the other. In the event of a public announcement, the Party making such announcement shall provide the other Party with a copy of the proposed text of such announcement sufficiently in advance of the scheduled release to afford such other Party a reasonable opportunity to review and comment upon the proposed text. In the event the applicable public announcement is required by Applicable Laws (including disclosure requirements of any stock exchange on which securities issued by a Party or its Affiliates are traded), the non-publishing Party shall review the proposed public announcement in a timely fashion and shall not unreasonably withhold consent.

(b) The Parties will coordinate in advance with each other in connection with the filing of this Agreement (including redaction of certain provisions of this Agreement) with any stock exchange on which securities issued by a Party or its Affiliate are traded, and each Party will use reasonable efforts to seek confidential treatment for the terms proposed to be redacted; *provided* that each Party will ultimately retain control over what information to disclose, and *provided, further*, that the Parties will use good faith efforts to file redacted versions with any governing bodies which are consistent with redacted versions previously filed with any other governing bodies.

20.2 Governing Law. This Agreement and all questions regarding its existence, validity, interpretation, breach or performance and any dispute or claim arising out of or in connection with it (whether contractual or non-contractual in nature such as claims in tort, from breach of statute or regulation or otherwise) shall be governed by, and construed and enforced in accordance with, the laws of the State of New York, United States, without regard to any laws or rules that would result in the application of the laws of any other jurisdiction. The United Nations Conventions on Contracts for the International Sale of Goods shall not be applicable to this Agreement.

20.3 Force Majeure. Neither Party shall be held liable to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in performing any obligation under this Agreement (other than failure to make payment when due) when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party, including pandemics (including COVID-19), epidemics, embargoes, war, acts of war (whether war be declared or not), insurrections, riots, civil commotions, terrorism, fire, floods, or other acts of God, or acts, omissions or delays in acting by any governmental authority or the other Party. The affected Party shall notify the other Party of such force majeure circumstances as soon as reasonably practicable, and shall promptly undertake all Commercially Reasonable Efforts necessary to cure such force majeure circumstances. Such excuse from liability shall be effective only to the extent and duration of the event(s) causing the failure or delay in performance and *provided* that the Party has not caused such event(s) to occur.

20.4 Assignment. Except as expressly set forth in this Section 20.4, neither this Agreement nor any rights or obligations hereunder may be assigned or otherwise transferred by either Party, by operation of law or otherwise, without the prior written consent of the other Party, which consent shall not be unreasonably withheld; *provided, however*, that either Party may assign this Agreement or any of its rights and obligations hereunder without the other Party's consent:

(a) in connection with the transfer or sale of all or substantially all of the business of the assigning Party to a Third Party [***], whether by merger, sale of stock, sale or contribution of assets or otherwise; *provided that*, in the event of a transaction (whether this Agreement is actually assigned or is assumed by the acquiring party by operation of law (*e.g.*, in the context of a reverse triangular merger)), unless otherwise agreed with the acquiring party in writing, Intellectual Property held by the acquiring party prior to acquisition shall not be included in the Intellectual Property to which the other Party has access under this Agreement; *provided further* that in the case of such corporate reorganization, the assigning Party shall remain liable and responsible to the nonassigning Party for the performance and observance of all such duties and obligations by the entity to whom assignment is made; or

(b) to an Affiliate of such assigning Party; *provided* that the assigning Party shall remain liable and responsible to the non-assigning Party for the performance and observance of all such duties and obligations by such Affiliate.

(c) This Agreement shall be binding upon successors and permitted assigns of the Parties. Any assignment not in accordance with this Section 20.4 will be null and void.

20.5 Severability. If any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby, unless the absence of the invalidated provision(s) adversely affects the substantive rights of the Parties. The Parties shall in such an instance use their best efforts to replace the invalid, illegal or unenforceable provision(s) with valid, legal and enforceable provision(s) which, insofar as practical, implement the purposes of this Agreement.

4.9 Provision of Information by the Parties. Each Party shall use good faith efforts to provide the JSC with information held in their respective capacity that is reasonably necessary for decision making by the JSC, and report to the JSC both periodically and as necessity arises.

4.10 Scope of Governance. Notwithstanding the creation of the JSC and any decisions made by the JSC hereunder, each Party shall retain the rights, powers and discretion granted to it, and the obligations assigned to it, hereunder, and the JSC shall not be delegated or vested with rights, powers or discretion unless such delegation or vesting is expressly set forth herein or the Parties expressly so agree in writing. The JSC shall not have the power to amend or modify this Agreement, and no decision of the JSC shall be in contravention of any terms and conditions of this Agreement. It is understood and agreed that issues to be formally decided by the JSC are only those specific issues that are expressly set forth in this Agreement to be decided by the JSC. For clarity, any decision of an Executive made in resolution of a dispute of the JSC pursuant to Section 4.5 shall be treated as decisions of the JSC for purposes of this Agreement. It is understood between the Parties that under no circumstances are the activities to be performed by the JSC intended or allowed to violate any Applicable Laws (including any competition and/or antitrust law).

ARTICLE 5 DEVELOPMENT AND REGULATORY ACTIVITIES

5.1 Regulatory Activities.

(a) Regulatory Plan. All Regulatory Activities with respect to the Product in the Territory will be conducted in accordance with a comprehensive regulatory plan, which shall include timelines for the achievement of the Regulatory Activities and descriptions of the Parties' roles with respect to same (as amended in accordance with this Agreement, the "**Regulatory Plan**"). The Regulatory Plan as of the Effective Date is attached hereto as Exhibit 5.1(a). Without limiting anything in this Section 5.1, it is the intention of the Parties to seek Regulatory Approval for the Core Indications and to use Commercially Reasonable Efforts to engage in the Regulatory Activities in support of obtaining such Regulatory Approvals, in the Territory. Any changes and updates to the Regulatory Plan must be approved by the JSC, subject to the decision-making procedures set forth in Section 4.5. The budget for the Regulatory Plan shall be proposed, approved and amended as necessary from time to time by the JSC.

(b) Conduct of Regulatory Activities.

(i) OBIO shall, in furtherance of Terumo's ownership of the Regulatory Approval described in this Section 5.1(b)(i), be responsible for carrying out the Regulatory Activities relating to clinical trials in the United States with regard to the PMA approval for the Milestone Indication in accordance with the Regulatory Plan, at its cost, including those for post- marketing surveillance if required as a condition to the PMA (it being understood that this shall not include post-PMA approval clinical registries).

(ii) With respect to the Regulatory Activities for the Core Indications, other than the Milestone Indication in the United States as set forth in Section 5.1 (b)(i), (1) at Terumo's sole cost and (2) in accordance with the Regulatory Plan, (a) Terumo shall have responsibility for Regulatory Submissions made in connection with obtaining IDE(s) from the FDA, *provided* that Terumo may reasonably request assistance from OBIO with respect to such Regulatory Submissions, including, without limitation, providing letter access to the Drug master file; (b) OBIO shall have primary responsibility for obtaining the equivalent of IDE approval from other Regulatory Authorities in each of the Primary Territories for such indications; *provided* that OBIO may reasonably request assistance from Terumo with respect to such Regulatory Submissions; and (c) thereafter Terumo shall be responsible for continuing to carry out any and all other Regulatory Activities performed in connection with obtaining final Regulatory Approvals, including post-marketing surveillance, for such indications as soon as is reasonably practicable, but in any event beginning no later than (X) in the United States and the CE mark territories, as set forth in the Regulatory Plan and (Y) in Japan and China, following receipt of the applicable IDE (or equivalent Regulatory Approval); *provided* that Terumo may reasonably request assistance from OBIO with respect to such Regulatory Submissions, including, without limitation, providing letter access to the Drug master file.

(iii) Terumo shall be responsible for conducting and funding any Regulatory Activities for all indications within the Subject Indications other than the Core Indications, to the extent that such indications are added to the Regulatory Plan by the JSC.

(iv) The obligations set forth in Sections 5.1(b)(i) through (iii) above are subject to the other Party's obligation to provide reasonable assistance as set in this Article 5.

(v) Notwithstanding the foregoing, OBIO shall be responsible for carrying out the Milestone Indication study required for FDA Regulatory Approval regardless of regulatory designation of the Product as a device or a drug.

(vi) The Parties shall use Commercially Reasonable Efforts to carry out the allocated responsibilities set forth in Sections 5.1(i) through (v) (it being understood that such undertaking of any allocated responsibility is not intended as an assurance of results).

(vii) Terumo shall pay to OBIO the Service Charges for the Charged Services under the terms set forth in Exhibit 5.1(b)(vii) and in accordance with the budget approved as set forth in Section 5.1(a); *provided, however*, that any Service Charge in excess of such approved budget must be approved by Terumo in writing, *provided, further*, that OBIO shall manage the budget and, to the extent practically possible, notify Terumo of any prospect of exceeding the budget giving Terumo reasonable time to consider its approval for exceeding the budget before the provision of the relevant Charged Services. Other than such payment of Service Charges, each Party shall bear all of its internal costs, including indirect cost and direct labor cost for its employees, in each case as incurred in connection with the Regulatory Activities under this Agreement.

(viii) Terumo shall be the holder of all Regulatory Approvals and all Regulatory Filings for the Product in the Territory and shall be responsible for all interactions with Regulatory Authorities with respect to the Product in the Territory (other than OBIO's interactions with the FDA in the United States with respect to the Milestone Indication) and to otherwise carry out the obligations as the holder of all such Regulatory Approvals, *provided, however*, that (a) Terumo and OBIO shall jointly hold Regulatory Approvals if the JSC judges it to be necessary for the implementation of the relevant business, (b) OBIO shall hold Regulatory Approval in its name for an interim period for the purpose of transferring it to Terumo if such arrangement is set forth in the Regulatory Plan or otherwise determined by the JSC, (c) in countries where the use of the drug master file is not sufficient to protect OBIO's proprietary information related to the Drug, the JSC may determine that OBIO or its designated Third Party shall hold the MA Approval for the benefit of Terumo's exclusive distribution of the Product in such country, and (d) OBIO will have full master file (including patient level data) access and right of reference.

(ix) The sponsor of clinical trials (including the respective sponsors in case of joint clinical trials in two or more countries) shall be set forth in the Regulatory Plan or decided from time to time by the JSC, aiming at the most effective arrangements for the entire business. The Parties shall ensure that the other Party is updated of the Regulatory Activities and the decisions that may affect the progress of the Regulatory Plan, including discussions with Regulatory Authority and decisions regarding the labeling of, and post-marketing surveillance strategies with respect to, the Product in the Territory, but the Party who is responsible pursuant to this Section 5.1(b) and the Regulatory Plan may make the final decision with respect to any of the foregoing activities. The Parties shall consider in good faith all input provided by the other Party with respect to such Regulatory Activities. In connection with such Regulatory Activities, the Parties shall timely inform the other Party of scheduled meetings with Regulatory Authorities in the Territory with respect to the Product that may affect the progress of the Regulatory Plan in order to allow the other Party time to convey its opinion on the matter.

(x) Once commenced, any withdrawal from the studies described herein must be approved by the JSC. The JSC shall discuss the Regulatory Activities described in this Section 5.1, including the design and implementation of any clinical studies, any updates on the progress, and results and publication thereof. The Parties shall not execute any related clinical study agreement, application, or regulatory submission that names the other Party as a co-party, indemnitee, or sponsor in any way without prior consultation with the other Party. At either Party's request, the other Party shall provide copies of any Data obtained in connection with its clinical development of the Delivery Device in or for the Territory. The Parties shall maintain compliance with any and all applicable regulatory, ethical, privacy, and legal requirements relating to the conduct of human clinical studies in the Territory, including acquiring and maintaining any appropriate insurance related to product liability and study conduct.

(c) Use of Subcontractors, Including CRO. Each Party may use subcontractors for its Regulatory Activities; *provided* that the contracting Party will at all times be fully responsible for the acts or omissions of its subcontractor as toward the other Party, including any such act or omission that would constitute a breach hereunder if performed by the contracting Party, and shall ensure that (i) none of the other Party's rights hereunder are diminished or otherwise adversely affected as a result of such subcontracting, (ii) the subcontractor undertakes in writing obligations of confidentiality and non-use regarding Confidential Information and compliance with the FCPA, Export Control Laws, and other Applicable Laws that are substantially the same as those undertaken by the Parties hereunder, and (iii) the use of the subcontractor will not cause the other Party and its Affiliates and their directors, officers, employees and agents to be in violation of the FCPA, Export Control Laws, or any other Applicable Laws. In addition, before conducting clinical trials with a research organization ("**CRO(s)**"), unless such use of CRO is specifically provided for in the Regulatory Plan, each Party shall obtain consent of the JSC, or in case of urgency consent of the other Party, not to be unreasonably withheld, delayed or conditioned.

(d) Regulatory Cooperation. Each Party shall cooperate with any reasonable requests for assistance from the other Party with respect to obtaining or maintaining Regulatory Approval for the Product in the Territory, including providing to the other Party all Information and Data in its possession relating to the Product that is requested by, or needed to respond to inquiries of, a Regulatory Authority with respect to the Product, or is needed or may facilitate such Regulatory Submissions, including Data obtained from clinical trials conducted in other countries and allow the other Party to reference such Data in its Regulatory Submissions. As part of this, OBIO shall provide Terumo (or, in the case of trade secret-related information, regulatory agencies to the extent regulatory agencies allow) with sufficient technical information related to the Product design, data obtained from pre-clinical trials and clinical trials conducted for the Product in support of Regulatory Submissions, and technical advice in conducting the clinical trials. The Parties shall each provide to the other Party all authorities and evidences thereof needed for Regulatory Submission carried out by a Party in the name of the other Party, if such arrangement is set forth in the Regulatory Plan or otherwise determined by the JSC.

5.2 Adverse Event Reporting. Terumo shall be responsible for the timely reporting of all relevant adverse events, complaints, and safety data relating to the Product to the appropriate Regulatory Authorities in the Territory, all in accordance with Applicable Laws and requirements of Regulatory Authorities in the Territory. OBIO (or its Affiliates, licensees, or sublicensees) shall be responsible for the timely reporting of all relevant adverse events, complaints, and safety data relating to the Product to the appropriate Regulatory Authorities outside the Territory. Notwithstanding the foregoing, in the event that OBIO or its designated Third Party holds the MA Approval in accordance with Section 5.1(b)(viii)(c), the Parties agree to reallocate the roles set forth in this Section 5.2 with respect to reporting of adverse events in compliance with the Applicable Laws separately in writing. The Parties may agree on a separate agreement to detail such reporting. Each Party shall review from time to time the other Party's vigilance policies and procedures. The Parties agree to work together in good faith to coordinate regarding vigilance activities with respect to the Product, including by exchanging each Party's standard operating procedures and other Information relevant to such vigilance activities.

5.3 Regulatory Audit. Each Party shall notify the other Party within five (5) Business Days after becoming aware of a Regulatory Authority audit or inspection of such Party or its Affiliates with respect to the Product. The Parties agree to cooperate during the preparation and conduct of any audit by a Regulatory Authority.

5.4 Recalls. In the event that any Regulatory Authority issues or requests a recall or takes similar action in connection with the Product in the Territory, or in the event either Party determines that an event, incident, or circumstance has occurred that may result in the need for a recall or market withdrawal, the Party notified of or desiring such recall or similar action shall, within five (5) Business Days, advise the other Party thereof by telephone (and confirm by email or facsimile). The Parties shall, to the extent practicable, endeavor to discuss and agree upon whether to recall or withdraw the Product in the Territory, and Terumo shall review and consider in good faith all information provided by OBIO in connection with such discussion, including any assessment of safety and whether to recall or withdraw the Product; *provided* that if such discussion is not practicable or if the Parties fail to so agree within an appropriate time period (recognizing the exigencies of the situation), then such decision shall be made by Terumo, acting reasonably. Terumo shall be responsible for conducting any such recall or withdrawal, shall use good faith efforts to minimize the expenses of any such recall or withdrawal and shall keep OBIO fully informed of all actions taken in conducting such recall or withdrawal. Any recall or withdrawal expenses shall be borne by the Parties in proportion to their respective attribution to the cause of the recall.

ARTICLE 6 MANUFACTURE OF THE PRODUCT

6.1 Interim Manufacture and Supply by OBIO. OBIO shall manufacture or have manufactured the Product, including both the Drug and Delivery Device used for the clinical trials for the first Regulatory Approvals in the United States and Japan, and supply such Product to Terumo at Terumo's reasonable request. Such supply of the Product shall be in accordance with the Specifications, the Quality Agreement, 8.4(a) and Sections 8.4(a), 8.4(b), 8.4(d) and 8.5 through 8.11 of this Agreement as applied *mutatis mutandis* to the supply of the Product. With respect to the Delivery Device, Terumo shall pay OBIO [***], on a per unit basis. The price of the Drug shall be as set forth in Section 8.2.

6.2 Transfer of Manufacture to Terumo. On or before the receipt of the first Regulatory Approvals for the Product in the United States and Japan, Terumo shall assume responsibility, at its cost, for the manufacture and supply of the Product as its legal manufacturer. Thereafter OBIO shall supply Terumo with the Drug as one of the components of the Product as set forth in this Agreement. OBIO shall provide Terumo with information relating to the design and manufacture of the Delivery Device and technology transfer, needed for Terumo to commence manufacture of the Delivery Device. OBIO will reasonably cooperate with Terumo in establishing Delivery Device supply chain through Third Party vendors. Terumo shall be solely responsible for all costs associated with the supply chain transfer, if any. The details of this manufacturing transfer, including the timing and the processes therefor, shall be decided by the JSC.

ARTICLE 7
COMMERCIALIZATION OF THE PRODUCT

7.1 Terumo Responsibilities. Terumo shall have the exclusive right, and shall use its Commercially Reasonable Efforts, to market, promote, sell, offer for sale, and otherwise commercialize the Product for the Subject Indications in the Territory in accordance with the Commercialization Plan, at its sole cost and expense, in accordance with the Applicable Laws and subject to the terms and conditions of this Agreement. Without limiting the foregoing, Terumo shall have the exclusive right and responsibility in the Territory for the following:

- (a) designing the commercialization and marketing strategy and tactics for the Product, for potential inclusion in the Commercialization Plan;
- (b) undertaking all promotional activities for the Product;
- (c) establishing and implementing post-market surveillance programs for the Product as required or recommended by a Regulatory Authority (except for those related to the Milestone Indication in the United States, which shall primarily be the responsibility of OBIO pursuant to Section 5.1(b));
- (d) receiving, accepting and filling orders for the Product from customers;
- (e) warehousing and distributing the Product to customers;
- (f) controlling invoicing, order processing and collection of accounts receivable for sales of the Product;
- (g) recording sales of the Product in its books of account for sales
- (h) providing results of sales of the Product for purposes of periodic safety reports and exposure estimates;
- (i) specific packaging and labeling requirements for the Product;
- (j) training its sales force and making available sufficient number of sales force; and
- (k) providing updates regularly to the JSC relating to commercialization activities for the Product.

7.2 Appointment of Sub-Distributors by Terumo. Terumo shall have the right to appoint Sub-Distributors for the Product in the Territory, and to subcontract any sales, marketing, or promotional activities with respect to the Product in the Territory, including to any contract sales organization, to the extent commercially beneficial, as determined by Terumo acting reasonably, to carry out Terumo's obligations hereunder, and OBIO hereby grants to Terumo the right to grant sublicenses of the IP License to its Sub-Distributors solely to permit the Sub-Distributors to fulfil their obligations as a Sub-Distributor. In connection with Terumo's obligation to provide updates on commercialization strategy pursuant to Section 7.4(a), Terumo shall from time to time provide to OBIO a list of any current Sub-Distributors engaged hereunder. OBIO shall have the right to object to a Third Party contractor if it becomes aware of issues with respect to such Sub-Distributor (e.g. violation of anti-bribery laws) that could have an adverse effect on OBIO. In such event, OBIO will advise Terumo of its concerns, and the Parties will discuss what actions, if any, to take with respect to such Sub-Distributor; *provided* that no actions shall be taken with respect to such Sub-Distributor without Terumo's prior consent. Terumo shall be responsible for the acts or omissions of its Sub-Distributors under any sub-distribution agreement, including any such act or omission that would constitute a breach hereunder if performed by Terumo. No sublicense to the Sub-Distributor shall exceed the scope of rights granted to Terumo hereunder, and each sublicense shall include an agreement by any sublicensee to be bound by the terms and conditions of this Agreement, including an audit right by Terumo of the scope sufficient to verify compliance with the terms and conditions of this Agreement. Upon reasonable request by OBIO, Terumo shall perform the audit and provide results and evidences of same to OBIO in a form reasonably satisfactory to OBIO. To the extent known by Terumo, Terumo shall promptly provide OBIO with notice of any such act or omission constituting a breach, or a breach, termination or the like of such sub-distribution agreement. Notwithstanding the foregoing, it is the express intention of the Parties that Terumo shall act as the principal distributor of the Product in the Territory and may not hire Sub-Distributors with the intent of materially altering its role as principal world-wide distributor for Products as contemplated under Section 2.1 of this Agreement.

7.3 Training and Promotional Materials. As reasonably requested by Terumo, OBIO shall provide Terumo with assistance in Terumo's production of any information and materials reasonably required for Terumo's marketing and sales and training of Terumo's sales force, including copies of informational brochures, sales and marketing materials, technical information of the Products necessary to respond to any Product inquiries by customers in the Territory, and Data from clinical trials conducted by that may facilitate the promotion of the Products in the Territory. Terumo shall be entitled to create local language versions of the brochures and marketing materials provided by OBIO at its cost; *provided* that the accuracy of the translation is warranted by Terumo to OBIO. Each Party will bear its costs and expenses in connection with the foregoing.

7.4 Commercialization Plan. Terumo shall be responsible for the creation and implementation of an annual plan and budget for the commercialization of the Product in the Territory, which shall identify proposed plans to address potential challenges with respect to commercialization of the Product in the Territory (the "**Commercialization Plan**").

(a) Terumo shall submit subsequent Commercialization Plans to the JSC on an annual basis on or before the end of each Calendar Year for review by the JSC. Through the JSC, Terumo shall regularly consult with and provide updates to OBIO regarding the commercialization strategy for and the commercialization of the Product in the Primary Territories. Upon the JSC's review at the end of any Calendar Year, in the event that actual sales of the Product are (i) 30% below the targets set forth in the Commercialization Plan for one (1) Calendar Year or (ii) 20% below such targets for two (2) consecutive Calendar Years (which amounts shall be prorated for sales occurring during a partial year), such failure to meet the targets shall be deemed a material breach by Terumo for the purposes of Section 15.2(b) hereof; *provided, however*, that for the purpose of calculating whether the thresholds set forth in (i) and/or (ii) were met, reduction of sales attributable to (p) any act or omission by OBIO that constitutes a breach of any term or condition of this Agreement, (q) recall of the Product not attributable to Terumo, (r) any change in Applicable Law or regulations, or (s) any change in the guidelines or other interpretation of the laws and regulations made by the Regulatory Authority, as evaluated using objective and fair methods to be discussed and determined by the JSC from time to time, shall be added back to actual sales. Notwithstanding the foregoing, in addition to any other right of remedy available hereunder, Terumo may cure any such shortfall by paying the difference between Royalties actually paid and the Royalty that should have become due if Terumo had achieved the thresholds set forth in (i) and/or (ii) above.

(b) In addition to commercialization in the Primary Territories, either Party may, at any time, propose to the JSC commercialization of the Product in any region of the world other than the Primary Territories, whereupon the Parties shall discuss in good faith whether the Product shall be commercially viable in such region under the terms of this Agreement. Subject to Section 4.5 (iii)(X), If the JSC agrees on such commercialization, such region shall be added to the Territory and the applicable Commercialization Plan, and the terms and conditions of this Agreement with regard to the Primary Territories shall be applied to such region (any such approved region, a “*Secondary Territory*”) (it being understood that the JSC shall determine any necessary adjustments for such Secondary Territory to be made to the Commercialization Plan). If either Party proposes to include any region in the Commercialization Plan as a Secondary Territory in accordance with the terms of this Section 7.4(b), and the JSC declines to do so, then Terumo may propose terms for commercialization in such region different than those applicable to the Primary Territories, which OBIO may accept or reject in its sole discretion, acting reasonably. In the event that OBIO rejects Terumo’s proposed terms, OBIO shall have the right to pursue commercialization in such region, including distribution and licensing agreements with Third Parties, and such region shall not be deemed part of the Territory hereunder; *provided, however,* that OBIO may not enter into distribution or licensing agreements for such region with a Third Party under conditions that are, when taken as a whole, more favorable for the Third Party than those proposed herein by Terumo for such region.

(c) Terumo may notify the JSC and OBIO of its intention to commercially sell a Competing Product with a certain indication in a country that is outside the Territory (including cases where the country was removed from the Commercialization Plan as a result of relevant clinical trials been withdrawn or the commercialization was terminated otherwise), in which case, the JSC shall in good faith consider a plan for commercializing such indication in such country for sixty (60) days. If the JSC does not approve a plan for commercialization during the sixty (60) days, then both Terumo’s non-compete obligation set forth in Section 2.4 and the Distribution Rights and IP License shall be terminated for such indication and country, and such country shall no longer be deemed part of the Territory.

7.5 Reimbursement Price. Terumo shall use good faith efforts to obtain the maximum Reimbursement Price for the Product where applicable in accordance with the Regulatory Plan, and OBIO shall use good faith efforts to provide assistance to Terumo for such purpose.

7.6 Compliance. During the Term, Terumo shall maintain compliance with all Applicable Laws related to the ethical promotion, marketing, and sales of the Products in the Territory.

7.7 Restrictions on Use. Terumo shall not use the Drug for any purpose other than to perform its obligations or exercise its rights under this Agreement. Without limiting the foregoing, Terumo shall only market, promote, sell, offer to sell or otherwise commercialize the Delivery Device and the Drug in combination.

7.8 Trademark Licenses.

(a) Product Trademarks. Subject to the terms and conditions of this Agreement, OBIO hereby grants to Terumo an exclusive, royalty-free, limited license to use the Product Trademarks to manufacture, promote, market, sell, offer for sale, import, and distribute the Product in the Primary Territories in accordance with the terms of this Agreement.

(b) OBIO Trademarks. Subject to the terms and conditions of this Agreement, OBIO hereby grants to Terumo a non-exclusive, royalty-free, limited license under the OBIO Trademarks to manufacture, promote, market, sell, offer for sale, import, and distribute the Product in the Primary Territories in accordance with the terms of this Agreement.

**ARTICLE 8
SUPPLY OF DRUG**

8.1 Supply of Drug. The Parties acknowledge and agree that OBIO shall retain the right to, and will, use Commercially Reasonable Efforts to (a) procure at its own cost, all compounds and other materials for the formulation of the Drug, and (b) manufacture or have manufactured the Drug and supply or have supplied Terumo with any quantities ordered by Terumo on a timely basis as set forth in Section 8.4(b). In accordance with the terms and conditions of this Agreement, Terumo shall only purchase from OBIO the Drug for sale in the Territory.

8.2 Drug Price. Terumo shall pay to OBIO the price of the Drug in U.S. dollars as set forth on Exhibit 8.2 (“**Drug Price**”) within thirty (30) days after receipt of shipping invoice issued by OBIO. OBIO shall notify Terumo of each shipment as soon as it is completed.

8.3 Forecast. Effective upon first commercial sale of Product, Terumo shall provide on a quarterly, or other periodic basis if agreed between the Parties, a non-binding rolling forecast that sets forth the estimated Drug quantities that Terumo will order during the next twelve (12) months.

8.4 Purchase Orders.

(a) Terumo shall issue written orders to purchase Drug under this Agreement (each, a “**Purchase Order**”), each of which shall specify the quantity of the Drug to be delivered and the requested delivery date. Within three (3) Business Days after receipt of Terumo’s Purchase Order, OBIO shall confirm or decline the Purchase Order in writing, subject to the conditions set forth in Section 8.4 (b), (c) and (d). All Purchase Orders confirmed by OBIO will be binding and may not be cancelled or modified by either Party without the other Party’s written consent.

(b) The minimum number of days between the date that Terumo issues a Purchase Order and the date that the Drug shall actually be delivered to the delivery location specified by Terumo (the “**Lead Time**”) will be one-hundred eighty (180) calendar days, subject to revisions from time to time by the decision of the JSC. If the delivery date specified in a Purchase Order is outside of the Lead Time, the order shall be deemed to be made for the delivery on the first date that meets the requirement of the Lead Time; *provided, however*, that OBIO will promptly notify Terumo of such non-compliance, and will nevertheless use Commercially Reasonable Efforts to deliver such Drug by a delivery date that is as close as possible to the delivery date originally specified by Terumo in such Purchase Order. OBIO shall use Commercially Reasonable Efforts to enable a shorter Lead Time and report to the JSC at least semi-annually on the progress of activities taken for that purpose.

(c) OBIO may not decline the Purchase Order submitted by Terumo to OBIO in which the quantities of Drug ordered are equal to or less than 120% of the quantities forecasted in the immediately preceding forecast (the “**Supply Guarantee**”). If any quantities ordered under a Purchase Order are more than the Supply Guarantee at any point in time during the immediately preceding forecast, OBIO will promptly notify Terumo of such non-compliance, and shall nevertheless (i) deliver the quantities of the Drug ordered under such Purchase Order by the delivery date set forth in such Purchase Order within the Supply Guarantee, and (ii) use Commercially Reasonable Efforts to deliver any Drug ordered under such Purchase Order in excess of the Supply Guarantee.

(d) Any term or condition in a Purchase Order, confirmation, or other document furnished by a Party that is inconsistent with the terms and conditions of this Agreement will not be binding on the Parties unless agreed in writing by both Parties.

8.5 Safety Stock. If agreed by OBIO in writing, OBIO will maintain safety stock of Drug in an amount agreed by the Parties in writing.

8.6 Delivery. Delivery terms shall be CPT Southaven, Mississippi, U.S. (Incoterms 2010). Title to the Drug will transfer to Terumo upon the completion of delivery.

8.7 Requirements and Standards. OBIO shall deliver Drug that is manufactured in accordance with the Specifications, cGMP, Quality Agreement and Applicable Laws, [***]. Each Party shall notify the other Party in writing if it becomes aware of any changes to the Specifications that are required by Applicable Laws or Regulatory Approval in the Primary Territories. In each case, OBIO shall use good faith efforts to implement any such changes.

8.8 Release Testing. OBIO shall test each batch of Drug in accordance with the Quality Agreement. Prior to the delivery, OBIO shall conduct at its sole cost inspection of the Drug through an independent Third Party laboratory chosen by OBIO and approved by Terumo. The evaluation of the independent laboratory will be binding on OBIO and Terumo. OBIO shall send to Terumo written certifications of analysis and compliance for each shipment following the laboratory’s finding that such quantity of Drug conforms to the Specifications, cGMP, Applicable Laws, or the Quality Agreement. Notwithstanding the foregoing, payment of the Drug Price by Terumo shall constitute the acceptance of the shipment.

8.9 Quality. Where required under the Applicable Laws, the Parties will negotiate in good faith and, no later than ninety (90) days following the execution of this Agreement, enter into a quality agreement governing the quality assurance obligations of the Parties with respect to the manufacture of the Product and supply of the Drug as one of its components (as it may be amended or modified from time to time according to its terms, the “*Quality Agreement*”). The Quality Agreement shall include standard lot release testing methods to be adopted by the independent laboratory mentioned in Section 8.8. In the event of a discrepancy between the provisions of the Quality Agreement and the provisions of this Agreement, the provisions of the Quality Agreement shall control with respect to terms governing quality of the Drug and the Product, and the provisions of this Agreement shall control with respect to all other terms. OBIO shall be required to ensure that all Drug supplied to Terumo hereunder to be manufactured, stored, tested, transported, disposed of, and otherwise handled in accordance with the Specifications, cGMP, Applicable Laws, and the Quality Agreement. OBIO shall maintain and follow a quality control and quality assurance testing program consistent with the Quality Agreement. No changes to a property of the Drug will be made without express written approval from Terumo, not to be unreasonably withheld, and the deadlines of request for such changes may be set forth in the Quality Agreement. Each time OBIO ships the Drug to Terumo, it will provide Terumo with the documentation specified in the Quality Agreement. OBIO shall conduct cGMP audits of its manufacturing facilities according to its internal standard operating procedures as performed in the course of compliance with Applicable Laws (it being understood that such standard procedures vary with respect to each of the components of the Product). Upon Terumo’s request, OBIO shall disclose to Terumo the complete results of such audits. OBIO shall promptly correct any deficiencies or other adverse findings and shall keep Terumo apprised of the same. Upon Terumo’s request, OBIO shall provide Terumo with copies of all corrective action plans addressing any audit findings and shall consider in good faith any comments that Terumo provides to OBIO with respect to such plans.

8.10 Inspections. OBIO shall make its standard operating procedures, books and records relating to the manufacture of the Product available and allow access to all facilities used for the manufacture of the Drug to an independent Third Party inspector (such inspector to be chosen by OBIO and approved by Terumo) and to any Regulatory Authority having jurisdiction over the manufacture of the Product, in each case for the purposes of determining OBIO’s compliance with cGMP and Applicable Laws; *provided* that, with respect to any Third Party contractors used by OBIO, OBIO shall use best efforts to obtain and/or facilitate access to the facilities of such contractor for such Third Party inspector and for any such Regulatory Authority upon request. OBIO shall notify Terumo of Regulatory Authority inspections relating to the manufacture of the Product by the process outlined in the Quality Agreement. OBIO shall promptly inform Terumo if OBIO becomes aware of any action taken by a Regulatory Authority against OBIO that could reasonably be expected to materially impact the Drug or OBIO’s ability to supply the Drug hereunder, and shall provide a copy of such notice to Terumo within one (1) Business Day after OBIO has actual knowledge that such action has been taken and receives such notice. OBIO shall cooperate with Terumo and with Regulatory Authorities in response to any communication, whether oral or written, from a Regulatory Authority to Terumo or OBIO or any Third Party engaged by either Party, with regard to any activity relating to the manufacture of the Product, including validation, prior to the Effective Date and throughout the Term. Terumo may request that OBIO conduct “for cause” audits in addition to the regularly scheduled audits where reasons exist for such “for cause” audit (such as death or serious injury possibly caused by the Drug) as specified in writing by Terumo. If such “for cause” audits result from any nonconformity of the Drug to the Specifications or cGMP, including any defects of Product as set forth in the Quality Agreement, OBIO shall reimburse Terumo for the cost of such audits.

8.11 Licenses; Permits; Documentation; Samples. OBIO shall maintain, to the extent required by Applicable Laws, including for clarity cGMP, in connection with OBIO's performance of its manufacturing obligations hereunder, during the Term, all government permits, including health, safety, and environmental permits, necessary for the manufacture and export of the Drug pursuant to this Agreement. OBIO shall maintain, to the extent required by Applicable Laws in connection with OBIO's performance of its obligations hereunder, in accordance with cGMP and other Applicable Laws, complete, accurate, and authentic accounts, notes, data, and records pertaining to the manufacture and testing of the Drug. OBIO shall make such records available to Terumo for inspection promptly following Terumo's written request. Retention of records of manufacturing or samples of each batch (as applicable) shall be agreed in the Quality Agreement.

ARTICLE 9 REVENUE SHARING

9.1 Revenue Sharing. For all sales of the Product, Terumo shall pay OBIO Royalties as set forth in Exhibit 9.1.

9.2 Reports; Payments. Terumo shall pay the Royalties within twenty (20) Business Days after the end of each Calendar Quarter, starting with the Calendar Quarter in which the first Net Sales occurred. The payment will consist of two (2) months of Royalties based on actual Net Sales and an estimate of the third month's Royalties, and be accompanied with a report describing such payment (each such report, a "**Quarterly Report**"). Each Quarterly Report shall describe the calculation of the Royalties, which shall consist of: (a) total sales for each of the Products during such Calendar Quarter; (b) the date of commercial launch of such Product during such period (if applicable); and (c) the calculation of Royalties due thereon. Terumo will also report the actual Royalty as soon as is practical after the end of the Calendar Quarter, which will reflect actual Royalties in the third month. The difference between the estimated Royalties and the actual Royalties in such report shall be settled by addition or deduction to the next payment of Royalty, or, where there is no such payment, between the Parties within twenty (20) Business Days after the end of the next Calendar Quarter. In the event that no Royalties are payable with respect to a Calendar Quarter, Terumo shall submit a royalty report so indicating. If OBIO notifies Terumo of any objection regarding such Quarterly Report, the Parties shall endeavor to resolve such issue in good faith through mutual consultation.

9.3 Audit. OBIO and its accountants shall have access to any records related to the sale of the Product upon reasonable notice to Terumo and during Terumo's normal business hours solely for the purpose of verifying the Royalties and Quarterly Reports made under this Agreement. OBIO may exercise this audit right only once in any Calendar Year. Terumo shall perform similar verification on the sales records of its Affiliates and sublicensees and shall provide the results and evidence of same to OBIO in a form reasonably satisfactory to OBIO. Should any such inspection show any underpayment or underreporting in excess of five percent (5%) in the aggregate for any twelve-month period, and excluding any underpayment or underreporting attributable to an estimated period, then Terumo shall pay OBIO's reasonable out-of-pocket costs of the audit as well as any sum that would have been payable to OBIO had Terumo reported such amounts correctly, plus interest at the Interest Rate. OBIO shall provide Terumo with a copy of any audit report prepared by OBIO or its accountants for review. The failure of OBIO to request verification of any Quarterly Report during the first Calendar Year following receipt of such Quarterly Report is deemed acceptance by OBIO of the accuracy of the Quarterly Report and the payments made by Terumo in accordance with the Quarterly Report.

ARTICLE 10
PAYMENTS, BOOKS, AND RECORDS

10.1 Payment Method. All amounts specified to be payable under this Agreement are in U.S. dollars and shall be paid in U.S. dollars. All payments under this Agreement shall be made by bank wire transfer in immediately available funds to an account designated in writing by the payee Party or by such other means as directed by such Party in writing. Payments hereunder will be considered to be made as of the day on which they are received by the payee Party's designated bank.

10.2 Responsible Parties. TMC shall be responsible for the payment of the Upfront Payment and all Milestone Payments required pursuant to Section 3.1, and the payment of the Drug Price pursuant to Section 6.1 and 8.2. For the purposes of Section 9.1, TMC shall be responsible for the payment of Royalties in respect of sales of Product in the United States, and TC shall be responsible for the payment of Royalties in respect of sales of Product in all other jurisdictions in the Territory.

10.3 Currency Conversion. For the purpose of calculating any sums due under this Agreement, conversion shall be made to U.S. dollars at an exchange rate equal to the average daily telegraphic transfer middle exchange rate for the relevant month as published by *The Wall Street Journal* (or, if no such exchange rate is published by *The Wall Street Journal*, then the most recent exchange rate published by *The Financial Times for the relevant month*) or such other reputable source if agreed between the Parties.

10.4 Taxes. In the event that Terumo is required to withhold any taxes on amounts payable to OBIO in accordance with Applicable Laws, Terumo shall make payment to OBIO net of any withholding tax that may be due. For purposes of this Section 10.4, each Party agrees to provide the other with reasonable assistance, including provision of any tax forms and other information that may be reasonably necessary in order for the paying Party not to withhold tax or to withhold tax at a reduced rate under an applicable bilateral income tax treaty.

10.5 Late Payments. In the event that any payment due under this Agreement is not made when due, the payment shall accrue interest from the date due at the Interest Rate.

ARTICLE 11
CONFIDENTIALITY

11.1 Confidential Information. Except to the extent expressly authorized by this Agreement or otherwise agreed in writing by the Parties, the Parties agree that during the Term and for ten (10) years thereafter, the receiving Party (the "**Receiving Party**") shall keep confidential and shall not publish or otherwise disclose or use for any purpose other than as set forth in this Agreement any Information or materials furnished to it or its Affiliates by or on behalf of the other Party (the "**Disclosing Party**") or its Affiliates pursuant to this Agreement, the Confidentiality Agreement or any other written agreement between the Parties or their Affiliates, in any form (written, oral, photographic, electronic, magnetic, or otherwise), including all information concerning the Product and any other technical or business information of whatever nature (collectively, "**Confidential Information**" of the Disclosing Party). Each Party may use the Confidential Information of the other Party only to the extent required to accomplish the purposes of this Agreement (including to exercise its rights or fulfill its obligations under this Agreement). Each Party will use at least the same standard of care as it uses to protect proprietary or confidential information of its own (but in no event less than reasonable care) to ensure that its employees, agents, consultants and other representatives do not disclose or make any unauthorized use of the Confidential Information of the other Party. Each Party will promptly notify the other upon discovery of any unauthorized use or disclosure of the Confidential Information of the other Party. For the avoidance of doubt, Terumo shall be responsible for the breach of this Article 11 by any Sub-Distributor that it retains.

11.2 Exceptions. Notwithstanding Section 11.1, the obligations of confidentiality and non-use shall not apply to information that the Receiving Party can prove by competent written evidence: (a) is now, or hereafter becomes, through no act or failure to act on the part of the Receiving Party or any of its Affiliates, generally known or available; (b) is known by the Receiving Party or any of its Affiliates, other than under an obligation of confidentiality to the Disclosing Party, at the time of receiving such information; (c) is hereafter lawfully furnished to the Receiving Party or any of its Affiliates by a Third Party, which Third Party did not receive such information directly or indirectly from the Disclosing Party under an obligation of confidence; (d) is independently discovered or developed by the Receiving Party or any of its Affiliates without the use of Confidential Information belonging to the Disclosing Party; or (e) is the subject of a written permission to disclose provided by the Disclosing Party.

11.3 Permitted Disclosures. Notwithstanding the provisions of Section 11.1, the Receiving Party may disclose Confidential Information of the Disclosing Party as expressly permitted by this Agreement or if and to the extent such disclosure is reasonably necessary in the following instances:

(a) making any filings or disclosures pursuant to any of the Securities Laws;

(b) filing or prosecuting Patents as permitted by this Agreement;

(c) prosecuting or defending litigation as permitted by this Agreement;

(d) complying with applicable court orders, governmental regulations or, applicable subpoenas or reasonable requests issued by governmental authorities in relation to compliance with the FCPA, Export Control Laws and other Applicable Laws;

(e) in the case of Terumo, disclosure under terms of confidentiality no less stringent than under this Agreement to potential or actual Sub-Distributors;

(f) disclosure to its and its Affiliates' contractors, employees and consultants, in each case who need to know such information for filing for, obtaining and maintaining Regulatory Approvals and commercialization of Product in the Territory in accordance with this Agreement and manufacture and supply of Product in accordance with this Agreement (or, in the case of disclosures by OBIO, who need to know such information for the development, manufacture and commercialization of the Product outside the Territory), on the condition that any such Third Parties agree to be bound by confidentiality and non-use obligations that are no less stringent than those confidentiality and non-use provisions contained in this Agreement; and

(g) disclosure to Third Parties in connection with due diligence or similar investigations by such Third Parties, and disclosure to current or prospective investors, lenders, sublicensees, collaborative partners, acquirers, merger partners, or providers of financing and their advisors; *provided*, in each case, that any such Third Party agrees to be bound by confidentiality and non-use obligations that are no less stringent than those confidentiality and non-use provisions contained in this Agreement.

Notwithstanding the foregoing, in the event a Party is required to make a disclosure of the other Party's Confidential Information pursuant to Section 11.3 (a), (c) or (d), it will, except where impracticable, give reasonable advance notice to the other Party of such disclosure and use efforts to secure confidential treatment of such information at least as diligent as such Party would use to protect its own confidential information, but in no event less than reasonable efforts. In any event, the Parties agree to take all reasonable action to avoid disclosure of Confidential Information hereunder. For the avoidance of doubt, OBIO's periodic reporting or disclosure to its investors, or as required pursuant to any of the Securities Laws, of Royalties or other payments made, or expected to be made, by Terumo hereunder, shall in no event be deemed a disclosure of Terumo's Confidential Information.

11.4 Confidentiality of this Agreement and its Terms. Except as otherwise set forth in this Article 11, each Party agrees not to disclose to any Third Party the existence of this Agreement or the terms of this Agreement without the prior written consent of the other Party, except that each Party may disclose the terms of this Agreement that are made public as contemplated by Section 11.5 or as permitted under Section 11.3.

11.5 Public Announcements.

(a) Except as required by Applicable Laws (including disclosure requirements of the FSA, SEC, Tokyo Stock Exchange or any other stock exchange on which securities issued by a Party or its Affiliates are traded), neither Party shall make any public announcement concerning this Agreement or the subject matter hereof without the prior written consent of the other; *provided* that each Party may make any public statement in response to questions by the press, analysts, investors or those attending industry conferences or financial analyst calls, or issue press releases (including, but not limited to, as set forth in Section 11.5(c) below), so long as any such public statement or press release is not inconsistent with prior public disclosures or public statements approved by the other Party pursuant to this Section 11.5 (a) and does not reveal non-public information about the other Party. In the event of a public announcement required by Applicable Laws, to the extent practicable under the circumstances, the Party making such announcement shall provide the other Party with a copy of the proposed text of such announcement sufficiently in advance of the scheduled release to afford such other Party a reasonable opportunity to review and comment upon the proposed text.

(b) The Parties will coordinate in advance with each other in connection with the filing of this Agreement (including redaction of certain provisions of this Agreement) with the FSA, SEC, Tokyo Stock Exchange or any stock exchange on which securities issued by a Party or its Affiliate are traded, and each Party will use reasonable efforts to seek confidential treatment for the terms proposed to be redacted; *provided* that each Party will ultimately retain control over what information to disclose, and *provided, further*, that the Parties will use good faith efforts to file redacted versions with any governing bodies which are consistent with redacted versions previously filed with any other governing bodies. Other than such obligation, neither Party (nor its Affiliates) will be obligated to consult with or obtain approval from the other Party with respect to any filings to the FSA, SEC, Tokyo Stock Exchange or any other body governing a stock exchange.

(c) The Parties agree to issue an initial press release promptly following the Effective Date in a form to be mutually agreed upon by the Parties. Throughout the Term, upon either Party's request, the Parties may also issue additional press releases relating to Regulatory Activities or other milestone events, as mutually agreed upon by the Parties. Neither Party may unreasonably withhold or delay its approval of such press releases.

(d) Except as expressly permitted in this Agreement or as required by Applicable Laws, neither Party may use the other Party's trademarks, service marks or trade names, or otherwise refer to or identify that other Party in marketing or promotional materials, press releases, statements to news media or other public announcements, without the other Party's prior written consent, which the other Party may grant or withhold in its sole discretion.

11.6 Publication. At least thirty (30) days prior to Terumo or its Affiliates publishing, publicly presenting, and/or submitting for written or oral publication a manuscript, presentation, abstract, marketing document or the like that includes Information or Data relating to the Product that has not been previously published, Terumo shall provide to OBIO's Alliance Manager a draft copy thereof for OBIO's review (unless Terumo is required by Applicable Laws to publish such Information sooner, in which case Terumo shall provide such draft copy to OBIO's Alliance Manager as much in advance of such publication as possible). Terumo shall consider in good faith any comments provided by OBIO during such thirty (30) day (or shorter) period, and in the event that OBIO raises any concerns the matter shall be raised at the JSC. The contribution of each Party shall be noted in all publications or presentations by acknowledgment or co-authorship, whichever is appropriate.

11.7 Prior Non-Disclosure Agreements. As of the Effective Date, the terms of this Article 11 shall supersede any prior non-disclosure, secrecy or confidentiality agreement between the Parties (or their Affiliates) dealing with the subject of this Agreement, including the Confidentiality Agreement. Any information disclosed under such prior agreements shall be deemed disclosed under this Agreement.

11.8 Equitable Relief. Given the nature and value of the Confidential Information and the competitive damage and irreparable harm that would result to a Party upon unauthorized disclosure, use or transfer of its Confidential Information to any Third Party, the Parties agree that monetary damages may not be a sufficient remedy for any breach of this Article 11. If the Receiving Party becomes aware of any breach or threatened breach of this Article 11 by the Receiving Party or a Third Party to whom the Receiving Party disclosed the Disclosing Party's Confidential Information, the Receiving Party promptly shall notify the Disclosing Party and cooperate with the Disclosing Party to regain possession of its Confidential Information and prevent any further breach. In addition to all other remedies, a Party shall be entitled to seek specific performance and injunctive and other equitable relief as a remedy for any breach or threatened breach of this Article 11 without furnishing proof of actual damages.

ARTICLE 12
INTELLECTUAL PROPERTY OWNERSHIP AND ENFORCEMENT

12.1 Ownership of Intellectual Property.

(a) Background Information. Each Party shall retain ownership to the entire right, title and interest in and to any and all of their respective Background Information. OBIO shall retain all intellectual property rights in the Product and all right, title, and interest in and to the OBIO Patents and OBIO Know-How, subject to the terms and conditions of this Agreement, including Sections 2.2, 7.8, 12.6 and 12.7.

(b) Foreground Information Related Solely to the Drug.

(i) OBIO shall own the entire right, title and interest in and to any and all Foreground Information related solely to the Drug discovered, developed, identified, made, or conceived by or on behalf of one or both of the Parties or their Affiliates or at least one of each of the employees, agents or contractors of either of the Parties.

(ii) Terumo (a) shall regularly disclose to OBIO and the JSC any and all Foreground Information related solely to the Drug discovered, developed, identified, made or conceived by or on behalf of Terumo or its Affiliates or their respective employees, agents or contractors under or in connection with this Agreement, and provide such documentation regarding same as OBIO or the JSC may reasonably request and (b) shall, or shall cause the applicable Affiliates, employees, agents or contractors to, and hereby does, assign, to OBIO, all right, title and interest in and to any such Information (to the extent permitted to make such assignment). Any such Information disclosed and assigned to OBIO shall be deemed part of the "OBIO Patents" or "OBIO Know-How", as applicable, and licensed to Terumo throughout the Term pursuant to the IP License and in accordance with the terms and conditions of this Agreement.

(c) Foreground Information Related Partly or Wholly to the Delivery Device. With regard to Information that is not related solely to the Drug, i.e. related partly or wholly to the Delivery Device, the following (i) and (ii) shall apply.

(i) Subject to the IP License, each Party shall own the entire right, title and interest in and to any and all Foreground Information discovered, developed, identified, made or conceived by or on behalf of such Party or its or their Affiliates or their respective employees, agents or contractors.

(ii) The Parties shall jointly own the entire right, title and interest in and to any and all Foreground Information discovered, developed, identified, made or conceived by or on behalf of both of the Parties or their Affiliates or at least one of each of the employees, agents or contractors of each of the Parties.

(d) License of Foreground Information owned by Terumo. Notwithstanding anything to the contrary set forth herein, Terumo hereby grants to OBIO a non-exclusive, sublicensable (to any degree of remoteness), fully paid-up, royalty-free license to use Foreground Information that are owned by Terumo in accordance with clauses (i) and (ii) of Section 12.1(c) for uses outside the Subject Indications solely for the purpose of businesses controlled by OBIO; provided that, in the event that this Agreement terminates, the license granted to OBIO pursuant to this Section 12.1(d) shall include uses in the Subject Indications. Upon request by OBIO, the Parties shall discuss in good faith on Terumo's supply of products that uses Terumo's Background Information to OBIO for uses outside the Subject Indications.

(e) License of Foreground Information owned by OBIO. Notwithstanding anything to the contrary set forth herein, OBIO hereby grants to Terumo license to use Foreground Information that are owned by OBIO in accordance with clauses (i) and (ii) of Section 12.1(c), if any, under the same conditions as those of the IP License.

(f) Personnel Obligations. Prior to receiving any Confidential Information or beginning work under this Agreement, each Party shall ensure that each employee, agent or contractor of such Party or its Affiliates shall be bound in writing by non-disclosure and Information assignment obligations that are consistent with the obligations of the Parties in Article 11 and this Article 12, including obligations to: (i) promptly report any invention, discovery, process or other intellectual property right; (ii) assign to such Party all of his, her or its right, title and interest in and to any invention, discovery, process or other intellectual property right; (iii) cooperate in the preparation, filing, prosecution, maintenance and enforcement of any patent and patent application; (iv) perform all acts and sign, execute, acknowledge and deliver any and all documents required for effecting the obligations and purposes of this Agreement; and (v) abide by the obligations of confidentiality and non-use set forth in Article 11. It is understood and agreed that such non-disclosure and invention assignment agreements need not reference or be specific to this Agreement.

12.2 OBIO Patent Prosecution and Maintenance. As between OBIO and Terumo, OBIO shall have the sole right, but not the obligation, to prepare, file, prosecute (including any reissues, re-examinations, post-grant proceedings, requests for patent term extensions, interferences, and defense of oppositions) and maintain the OBIO Patents (including, for the avoidance of doubt, any OBIO Patents assigned to OBIO pursuant to Section 12.1(b)(ii) above), at OBIO's sole discretion and cost.

12.3 Infringement by Third Parties.

(a) Notice. In the event that either OBIO or Terumo becomes aware of any infringement or threatened infringement by a Third Party in the Territory of any OBIO Patents, it shall notify the other Party in writing to that effect. Any such notice shall include evidence to support an allegation of infringement or threatened infringement by such Third Party.

(b) Control of Action. OBIO shall bring and control any action or proceeding with respect to alleged or threatened infringement by a Third Party in the Primary Territories of any OBIO Patent at OBIO's cost and expense, to the extent such action is commercially viable to protect the Parties' interests in the distribution of Product within the Territory. OBIO shall keep Terumo reasonably informed of any such actions or proceedings, and the Parties shall cooperate and consult with each other in strategizing regarding any such action or proceeding; *provided* that OBIO shall control and have the right to make all final decisions (regardless of whether or not Terumo is a party to such action or proceeding) regarding all matters in the preparation and conduct of any such action or proceeding. If OBIO does not bring such action or proceeding within a reasonable time frame, without the release of OBIO's obligation in the preceding sentence, Terumo shall thereafter have the right, but not the obligation, to bring and control such action or proceeding, and be reimbursed by OBIO half of the incurred out-of-pocket costs and expenses. OBIO shall have the right, at its expense, to be represented in any such action or proceeding brought by Terumo by counsel of OBIO's choice. In any such action or proceeding brought by Terumo, Terumo shall keep OBIO fully informed of all activities and results and shall consult with OBIO regarding the strategy for and conduct of such action or proceeding, and OBIO shall have the right to approve all material activities and decisions of Terumo in such action or proceeding, such approval not to be unreasonably withheld, conditioned or delayed. Each Party shall cooperate fully with the other Party with respect to actions or proceedings under this Section 12.3, including being joined as a party plaintiff in any such action or proceeding and providing access to relevant documents and other evidence and making its employees available at reasonable business hours, with the costs of such cooperation to be included as shared costs for actions or proceedings.

(c) Recoveries. Any monetary recovery resulting from actions or proceedings under this Section 12.3 will be allocated as follows: each of Terumo and OBIO first will be reimbursed, out of such recovery, for its reasonable and verifiable costs and expenses with respect to such action or proceeding (such reimbursement to be pro-rata based on the Parties' relative costs and expenses if the recovery is not sufficient to reimburse both Parties fully) with any remainder being allocated in proportion to each Party's loss of gross profit, or if such allocation could not be identified, equally between the Parties.

(d) Product Patent Challenge. In the event that Terumo is notified of any product registration filing for a Competing Product or generic version of a Product in the Territory by a Third Party, it shall immediately notify OBIO in writing to that effect. OBIO shall have the right to file a patent infringement lawsuit before a court in the Territory or a confirmation-of-scope trial before the applicable Intellectual Property office or governmental entity or any other legal action in order to hold off approval of the registration of such Competing Product or generic version of a Product. Any other details of such litigation will be in accordance with Section 12.3(b) to the extent not in conflict with this Section 12.3(d).

12.4 Infringement of Third Party Rights. If either Party becomes aware of any intellectual property in the Territory owned by a Third Party that it believes will, or may, be infringed by the manufacture, importation, development or commercialization of the Product in the Territory as contemplated by this Agreement, such Party shall notify the other Party of such Patent. The Parties shall then discuss the matter and seek in good faith to agree on whether the Parties should take a license under such intellectual property, and if so, on what terms; *provided that*, if the Parties are unable to agree after a reasonable period, not to exceed thirty (30) days, of good faith discussions, then OBIO shall have the right to obtain such a license on such terms as it determines in its sole discretion. In the event any Third Party files a claim alleging infringement of such Third Party intellectual property rights by the manufacture, importation, development or commercialization of the Product in the Territory as contemplated by this Agreement, OBIO shall bring and control any defense of any such claim, at OBIO's sole cost and expense and by counsel of its own choice, and Terumo shall have the right, at its own expense, to be represented in any such action by counsel of its own choice. Neither Party shall enter into any settlement or compromise of any action under this Section 12.4 which would in any manner alter, diminish, or be in derogation of the other Party's rights under this Agreement without the prior written consent of such other Party, which shall not be unreasonably withheld or delayed. OBIO shall be responsible for any and all fees, milestones, royalties and other payments owed to a Third Party under any agreement entered into with such Third Party in connection with the sale, offer for sale or import of the Product in the Territory.

12.5 Patent Term Restoration. At the request of OBIO, the Parties shall cooperate with each other in obtaining patent term restoration, continuations, extensions and/or any other extensions of the OBIO Patents as available under Applicable Laws, subject to OBIO's rights under Section 12.2.

12.6 House Trademark. All packaging, promotional materials, package inserts, and labeling for the Product in the Primary Territories shall be co-branded, meaning that they shall bear one or more house Trademarks owned by OBIO including the OBIO name and logo (each, an "**OBIO Trademark**") and one or more house Trademarks owned by Terumo, including the Terumo name and logo (each, a "**Terumo Trademark**"). Preliminary plans for an OBIO Trademark and Terumo Trademark to be used and how they should be presented in combination are as set forth in Exhibit 12.6. Each Party or its Affiliates shall own all right, title, and interest in and to all of its Trademark, all corresponding trademark applications and registrations thereof, and all common law rights thereto. Each Party shall have sole control over the registration, prosecution, maintenance, enforcement and defense of its Trademark. All goodwill of the business associated with or symbolized by the respective Parties' Trademarks shall inure to the benefit of the Party who holds the Trademark. Each Party acknowledges the other Party's exclusive ownership of its Trademark and agrees not to take any action inconsistent with such ownership. OBIO shall provide Terumo with samples of any advertising and promotional materials that incorporate the OBIO Trademark prior to distributing such materials for use. Terumo shall comply with reasonable policies provided by OBIO from time to time to maintain the goodwill and value of the OBIO Trademark. Terumo shall not, and shall cause its Affiliates not to, (a) use, seek to register, or otherwise claim rights in any Trademark that is confusingly similar to, misleading or deceptive with respect to, or that materially dilutes, any of the OBIO Trademark, or (b) knowingly do, cause to be done, or knowingly omit to do any act, the doing, causing or omitting of which endangers, undermines, impairs, destroys or similarly affects, in any material respect, the validity or strength of any of the OBIO Trademark (including any registration or pending registration application relating thereto) or the value of the goodwill pertaining to any of the OBIO Trademark.

12.7 Product Trademark.

(a) Selection and Ownership of Product Trademark. All packaging, promotional materials, package inserts, and labeling for the Product in the Primary Territories shall bear one or more Trademarks that pertain specifically to the Product, including the Trademarks in existence as of the Effective Date as set forth in Exhibit 12.7(a) (together with the alternative Trademark mentioned in the next sentence, each a “**Product Trademark**”). If the Product Trademarks in existence as of the Effective Date are not eligible for trademark protection or for use in connection with the Product in the Primary Territories, then the Parties shall identify alternative Trademarks to be used for the Product in the Primary Territories. OBIO or its Affiliates shall own all right, title, and interest in and to all Product Trademark, all corresponding trademark applications and registrations thereof, and all common law rights thereto. All goodwill of the business associated with or symbolized by the Product Trademark shall inure to the benefit of OBIO. Terumo acknowledges OBIO’s exclusive ownership of the Product Trademark and agrees not to take any action inconsistent with such ownership.

(b) Maintenance and Prosecution of Product Trademark. OBIO shall, at OBIO’s sole expense, control the registration, prosecution and maintenance of the Product Trademark in the Primary Territories; *provided* that OBIO shall keep Terumo reasonably informed of OBIO’s actions with respect thereto and shall consider in good faith any reasonable comments made by Terumo with respect thereto. If OBIO plans to abandon any such Product Trademark in the Primary Territories, OBIO shall notify Terumo in writing at least thirty (30) days in advance of the due date of any payment or other action that is required to maintain such Product Trademark, and Terumo may elect, upon written notice within such thirty (30)-day period to OBIO, to make such payment or take such action, at OBIO’s expense, and OBIO shall reasonably cooperate with Terumo in connection with such maintenance activities.

(c) Use of Product Trademarks. Terumo shall provide OBIO with samples of any advertising and promotional materials that incorporate the Product Trademark prior to distributing such materials for use. Terumo shall comply with reasonable policies provided by OBIO from time to time to maintain the goodwill and value of the Product Trademark. Terumo shall not, and shall cause its Affiliates not to, (i) use, seek to register, or otherwise claim rights in the Primary Territories in any Trademark that is confusingly similar to, misleading or deceptive with respect to, or that materially dilutes, any of the Product Trademark, or (ii) knowingly do, cause to be done, or knowingly omit to do any act, the doing, causing or omitting of which endangers, undermines, impairs, destroys or similarly affects, in any material respect, the validity or strength of any of the Product Trademark (including any registration or pending registration application relating thereto) or the value of the goodwill pertaining to any of the Product Trademarks.

(d) Enforcement of Product Trademark. OBIO shall bring and control any action or proceeding, at OBIO’s expense, to enforce and defend the Product Trademark in the Primary Territories, including (i) defending against any alleged, threatened or actual claim by a Third Party that the use of the Product Trademark in the Primary Territories infringes, dilutes or misappropriates any Trademark of that Third Party or constitutes unfair trade practices, or any other claims that may be brought by a Third Party against a Party in connection with the use of or relating to Product Trademark in the Primary Territories with respect to the Product and (ii) taking such action as OBIO deems necessary against a Third Party based on any alleged, threatened or actual infringement, dilution or misappropriation of, or unfair trade practices or any other like offense relating to, the Product Trademarks in the Primary Territories by a Third Party. If OBIO does not enforce or defend the Product Trademark in any such instance, then OBIO shall promptly so notify Terumo, and Terumo shall have the right, but not the obligation, at OBIO’s expense, to do so. Each Party shall provide to the other Party all reasonable assistance requested by such first Party in connection with any such action, claim or suit under this Section 12.7(d), including allowing such first Party access to such other Party’s documents and to such other Party’s personnel who may have possession of relevant information.

ARTICLE 13
REPRESENTATIONS, WARRANTIES AND COVENANTS; LIMITATION OF LIABILITY

13.1 Mutual Representations, Warranties and Covenants. Each Party hereby represents and warrants to the other Party, as of the Effective Date, as follows:

(a) such Party is a corporation duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation, is qualified to do business and is in good standing as a foreign corporation in each jurisdiction in which the conduct of its business or the ownership of its properties requires such qualification and failure to have such would prevent such Party from performing its obligations under this Agreement;

(b) the execution, delivery and performance of this Agreement by such Party have been duly authorized by all necessary corporate action, and this Agreement is a legal and valid obligation binding on such Party and enforceable in accordance with its terms and does not: (i) to such Party's knowledge and belief, violate any law, rule, regulation, order, writ, judgment, decree, determination or award of any court, governmental body or administrative or other agency having jurisdiction over such Party; nor (ii) conflict with, or constitute a default under, any agreement, instrument or understanding, oral or written, to which such Party is a party or by which it is bound;

(c) such Party has obtained, or is not required to obtain, the consent, approval, order or authorization of any Third Party, or has completed, or is not required to complete, any registration, qualification, designation, declaration or filing with any Regulatory Authority or governmental authority in connection with the execution and delivery of this Agreement and the performance by such Party of its obligations under this Agreement;

(d) such Party has the right to grant the rights contemplated under this Agreement and has not, and will not during the Term, grant any right to any Third Party that would conflict with the rights granted to the other Party hereunder;

(e) such Party is not debarred or disqualified under the United States Federal Food, Drug and Cosmetic Act or related United States Applicable Laws or comparable Applicable Laws in the Territory and it does not, and will not during the Term, employ or use the services of any Person who is debarred or disqualified, in connection with activities relating to the Product, and in the event that either Party becomes aware of the debarment or disqualification or threatened debarment or disqualification of any Person providing services to such Party, including the Party itself and its Affiliates, that directly or indirectly relate to activities under this Agreement, such Party shall immediately notify the other Party and shall cease employing, contracting with, or retaining any such person to perform any services under this Agreement;

(f) in the performance of its obligations hereunder, such Party shall comply and shall cause its and its Affiliates' employees and contractors to comply with all Applicable Laws;

(g) such Party and its Affiliates and their respective employees and contractors have not and shall not, directly or indirectly through Third Parties, pay, promise or offer to pay, or authorize the payment of, any money or give any promise or offer to give, or authorize the giving of anything of value to a Public Official or Entity or other Person for purpose of obtaining or retaining business for or with, or directing business to, any Person, including OBIO or Terumo; and, without any limitation to the foregoing, such Party and its Affiliates and their respective employees and contractors have not and shall not directly or indirectly promise, offer or provide any corrupt payment, gratuity, emolument, bribe, kickback, illicit gift or hospitality or other illegal or unethical benefit to a Public Official or Entity or any other Person, and no political contributions or charitable donations have been or shall be given, offered, promised, or paid, that are in any way related to this Agreement or any related activity;

(h) such Party is aware of all applicable anti-corruption and anti-bribery laws, including the FCPA, and all applicable anti-corruption laws in effect in the countries in which such Party conducts or will conduct business, and such Party and its Affiliates and their respective employees and contractors shall not cause any of their respective employees or agents to be in violation of the FCPA, Export Control Laws or any other Applicable Laws;

(i) such Party shall fully cooperate and shall cause its Affiliates and their respective employees, contractors and subcontractors to cooperate fully with the other Party in ensuring compliance with the FCPA, Export Control Laws and all other Applicable Laws;

(j) such Party shall maintain accurate and complete records of its receipts and expenses having to do with this Agreement, including records of payments to any Public Official or Entity or other Person, in accordance with generally accepted accounting principles, and shall make such books and accounting records available for review by the other Party, or by an independent party nominated by such other Party, at such other Party's reasonable request;

(k) such Party shall immediately notify the other Party if such Party has any information or suspicion that there may be a violation of the FCPA, Export Control Laws or any other Applicable Law in connection with the performance of this Agreement or the sale of the Product in the Territory; and

(l) no owner, shareholder (direct or beneficial), officer, director, employee, Third Party representative, agent, or other individual with any direct or indirect beneficial interest in such Party or its Affiliates or, to its knowledge, in its contractors, or any immediate family relation of any such Person (collectively, "**Interested Persons**"), is a Public Official or Entity; and such Party shall notify the other Party immediately if during the Term (i) any Interested Person becomes a Public Official or Entity or (ii) any Public Official or Entity acquires a legal or beneficial interest in such Party or its Affiliate or, to such Party's knowledge, in its subcontractors.

13.2 Representations, Warranties and Covenants of OBIO. OBIO represents, warrants, and covenants to Terumo that:

(a) as of the Effective Date, OBIO has not received written notice of any pending or threatened claims or actions alleging that the development or commercialization of the Product infringes or would infringe the Patents of any Third Party in the Territory, and OBIO is not aware of any facts that would give rise to any such claim or action;

(b) prior to OBIO becoming a “reporting company” under any of the Securities Laws, OBIO shall submit to Terumo at the occasion of the first JSC meeting after the relevant financial statements are made, or upon Terumo’s written request made never more than quarterly, information on OBIO’s fiscal year, balance sheets, profit and loss statements and cash flow statements reflecting the financial conditions and operating results of OBIO’s business activities during the preceding quarter of the relevant fiscal year, which shall be certified as true and correct copies;

(c) upon the request of Terumo, and prior to OBIO becoming a “reporting company” under any of the Securities Laws, OBIO shall provide a reasonable explanation to Terumo regarding its financial condition and prospects, made in writing to Terumo or orally to Terumo’s employee(s) or representative(s) (at Terumo’s option), based on the actual records, supporting data files and books of account, contracts and other relevant documents related to OBIO’s business which shall be disclosed to Terumo for purposes of confirmation of OBIO’s explanation, provided, however, that in no event shall OBIO be required to share information that it is otherwise obligated to keep confidential; and

(d) OBIO shall notify Terumo immediately if its Board or its shareholders decides to discontinue OBIO’s business relating to the Product or to file for insolvency proceedings.

13.3 Covenants of Terumo. Neither Terumo, nor any of its Affiliates, Sub-Distributors or sublicensees, if applicable (or a Third Party on behalf of Terumo, its Affiliates, Sub-Distributors or sublicensees), shall file a claim in any administrative or judicial action asserting that any claim included in the OBIO Patents is invalid or unenforceable, and the filing of any such claim as described in this Section 13.3 shall be deemed a material breach of this Agreement for the purposes of Section 15.2(b) hereof.

13.4 Disclaimer. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER PARTY MAKES ANY REPRESENTATIONS OR EXTENDS ANY WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, AND EACH PARTY EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE, NON-INFRINGEMENT, VALIDITY AND ENFORCEABILITY OF PATENTS, OR THE PROSPECTS OR LIKELIHOOD OF DEVELOPMENT OR COMMERCIAL SUCCESS OF THE PRODUCT.

13.5 Limitation of Liability. NEITHER PARTY SHALL BE ENTITLED TO RECOVER FROM THE OTHER PARTY ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, INCLUDING LOST PROFITS, OR PUNITIVE DAMAGES IN CONNECTION WITH THIS AGREEMENT; *provided, however;* that this Section 13.5 shall not be construed to limit (a) either Party’s right to special, incidental or consequential damages for the other Party’s breach of Article 11, fraud, intentional misrepresentation, or breach of another Party’s intellectual property rights and (b) either Party’s indemnification rights or obligations under Article 14, *provided, further;* that the loss of remaining value of the Upfront Payment and Milestone Payments(depreciated proportionately over the remaining term of the Initial Term, using straight line method), if any, shall be treated as direct damages in connection with OBIO’s material breach of this Agreement in case Terumo terminated this Agreement pursuant to Section 15.2 to the extent such payments were made prior to such breach.

ARTICLE 14
INDEMNIFICATION

14.1 Indemnification of OBIO. Terumo, jointly and severally, shall indemnify, defend and hold harmless OBIO and its Affiliates and their respective directors, officers, employees and agents (the "**OBIO Indemnitees**"), from and against any and all losses, liabilities, damages, penalties, fines, costs and expenses (including reasonable attorneys' fees and other expenses of litigation) ("**Losses**") incurred by any OBIO Indemnitee resulting from any claims, actions, suits or proceedings brought by a Third Party ("**Third Party Claims**") to the extent arising from, or occurring as a result of: (a) the registration, use, handling, storage, import, offer for sale, sale or other disposition of the Product by or on behalf of Terumo or its Affiliates; (b) the negligence or willful misconduct of any Terumo Indemnitees in connection with Terumo's performance of its obligations or exercise of its rights under this Agreement; or (c) any breach of any representations, warranties or covenants of Terumo in this Agreement; except, in each of (a) through (c), to the extent such Third Party Claims fall within the scope of the indemnification obligations of OBIO set forth in Section 14.2. In any Third Party Claim where both OBIO and Terumo are both at fault, Losses shall be apportioned between the Parties on the basis of the relative fault of each Party relative to the total Losses.

14.2 Indemnification of Terumo. OBIO shall indemnify, defend and hold harmless Terumo and its Affiliates and their respective directors, officers, employees and agents (the "**Terumo Indemnitees**"), from and against any and all Losses incurred by any Terumo Indemnitee resulting from any Third Party Claims to the extent arising from, or occurring as a result of: (a) the manufacture, use, handling, storage, import, offer for sale, sale or other disposition of the Product by or on behalf of OBIO or its Affiliates; (b) the negligence or willful misconduct of any OBIO Indemnitees in connection with OBIO's performance of its obligations or exercise of its rights under this Agreement; (c) any claims or actions alleging that any Product is defective when used in accordance with applicable Specifications and labeling; (d) any claims or actions alleging that the Product or development or commercialization thereof infringes or misappropriates or would infringe or misappropriate the Patents or Know-How of any Third Party; (e) any claims or actions alleging death, injury or damages to property caused by a defect of the Drug despite the Product being used in accordance with the applicable Specifications and labeling; or (f) any breach of any representations, warranties or covenants of OBIO in this Agreement; except, in each of (a) through (f), to the extent such Third Party Claims fall within the scope of the indemnification obligations of Terumo set forth in Section 14.1. In any Third Party Claim where both OBIO and Terumo are both at fault, Losses shall be apportioned between the Parties on the basis of the relative fault of each Party relative to the total Losses.

14.3 Procedure. A Party that intends to claim indemnification under this Article 14 (the “*Indemnitee*”) shall promptly notify the indemnifying Party (the “*Indemnitor*”) in writing of any Third Party Claim, in respect of which the Indemnitee intends to claim such indemnification, and the Indemnitor shall have sole control of the defense and/or settlement thereof. The Indemnitee may participate at its expense in the Indemnitor’s defense of and settlement negotiations for any Third Party Claim with counsel of the Indemnitee’s own selection. The indemnity arrangement in this Article 14 shall not apply to amounts paid in settlement of any action with respect to a Third Party Claim, if such settlement is effected without the consent of the Indemnitor, which consent shall not be withheld or delayed unreasonably. The failure to deliver written notice to the Indemnitor within a reasonable time after the commencement of any action with respect to a Third Party Claim shall only relieve the Indemnitor of its indemnification obligations under this Article 14 if and to the extent the Indemnitor is actually prejudiced thereby. The Indemnitee shall cooperate fully with the Indemnitor and its legal representatives in the investigation of any action with respect to a Third Party Claim covered by this indemnification.

14.4 Insurance. Each Party, at its own expense, shall maintain product liability and other appropriate insurance (or self-insure) in an amount consistent with industry standards for conduct of all of such Party’s obligations under this Agreement during the Term and shall name the other Party as an additional insured with respect to such insurance; provided however that in no event shall OBIO be required to maintain insurance in excess of five million U.S. dollars (\$5,000,000). Each Party shall provide a certificate of insurance (or evidence of self-insurance) evidencing such coverage to the other Party upon request.

ARTICLE 15 TERM AND TERMINATION

15.1 Term. This Agreement shall commence on the Effective Date and shall initially remain in effect for the Initial Term, and if the following criteria are met, automatically extended for five (5) year periods (each, a “*Renewal Term*”) unless Terumo notifies OBIO of its intention to terminate at least six (6) months prior to the end of the Initial Term or any Renewal Term, as applicable, or if this Agreement is terminated earlier pursuant to Section 15.2.

15.2 Early Termination.

(a) Mutual Agreement. The Parties may terminate this Agreement by mutual written agreement.

(b) Material Breach. A Party shall have the right to terminate this Agreement upon written notice to the other Party (“*Breaching Party*”) if such Breaching Party is in breach of a material provision of this Agreement and has not cured such breach within sixty (60) days after delivery of notice from the terminating Party (“*Date of Notice*”); *provided, however*, that, if such alleged material breach is not reasonably susceptible of cure within such sixty (60) day period and the Breaching Party uses reasonable and diligent good faith efforts to cure such alleged material breach, such sixty (60) day period shall be extended as long as is reasonably necessary (but no more than six (6) months from the Date of Notice) and no such termination shall occur for so long as such efforts continue or if such breach is cured (but in each case for no longer than six (6) months from the Date of Notice); *provided, further*, in the event of a good faith dispute with respect to the existence of such breach, the sixty (60) day cure period shall be tolled until such time as the dispute is resolved pursuant to Article 17.

(c) Insolvency. A Party shall have the right to terminate this Agreement upon written notice to the other Party upon the bankruptcy, dissolution or winding up of such other Party, or the making or seeking to make or arrange an assignment for the benefit of creditors of such other Party, or the initiation of proceedings in voluntary or involuntary bankruptcy, or the appointment of a receiver or trustee of such other Party's property, that is not discharged within ninety (90) days.

(d) Terumo's Termination Rights.

(i) Terumo shall have the right to terminate this Agreement upon written notice to OBIO if OBIO is in breach of Section 13.2(b) and has not cured such breach within thirty (30) days after delivery of notice from Terumo.

(ii) Terumo may terminate this Agreement with respect to all indications other than the Milestone Indication (including both Terumo's non-compete obligation set forth in Section 2.4 and the Distribution Rights with respect to such indications), if FDA makes a formal written decision to treat the Product as a drug as opposed to a device.

(iii) Terumo may, at its discretion, either (A) terminate this Agreement in its entirety or (B) terminate this Agreement with respect to the Milestone Indication (including both Terumo's non-compete obligation set forth in Section 2.4 and the Distribution Rights with respect to such indication), if (x) [***] on or before [***] or (y) [***] on or before [***].

(iv) [***].

(v) Terumo shall have the right to terminate this Agreement upon written notice to OBIO if the board of directors of OBIO votes to, and actually does, discontinue OBIO's business relating to the Product.

15.3 Rights on Termination. The following shall apply upon any termination of this Agreement:

(a) Tech Transfer. [***].

(b) Inventory. Except to the extent Terumo elects to maintain its Distribution Rights as set forth in Section 15.3(a), in the event of any other termination of this Agreement, OBIO shall repurchase Terumo's inventories relevant to the terminated countries with more than a six (6) month shelf life at the price originally purchased by Terumo. Terumo may, at its discretion, continue to sell the inventories with less than a six (6) month shelf life under the same terms and conditions as this Agreement.

(c) Termination of Rights and Obligations. Upon termination of this Agreement, all rights and obligations of the Parties under this Agreement, including, but not limited to, the IP License, will terminate, except as otherwise set forth in this Section 15.3 and Sections 15.4, 15.5 and 15.6, and as a result, Terumo will (i) be released from the non-compete obligation in Section 2.4 with regard to the territory for which this Agreement was terminated and (ii) no longer be entitled to use, and shall cease all use of, OBIO Patents or OBIO Know-How for any reason other than pursuant to Section 15.3(b). Terumo will not be liable in any way for precluding any of the Milestone Payments by a termination duly made in accordance with the terms of this Agreement. Within thirty (30) days after the effective date of termination of this Agreement, each Party shall deliver, at the other Party's written request, to such other Party any and all Confidential Information of such other Party then in its possession, except to the extent a Party retains the right to use such Confidential Information pursuant to any rights granted under this Agreement that survive termination of this Agreement, and except for one (1) copy which may be kept in such Party's (or its counsel's) office for archival purposes subject to a continuing obligation of confidentiality and non-use under Article 11 for the duration set forth in Section 11.1.

(d) Assignment of Regulatory Filings and Regulatory Approvals. At OBIO's option, which shall be exercised by written notice to Terumo, to the extent permitted under Applicable Laws and subject to the terms of this Agreement (including as otherwise set forth in this Article 15), Terumo shall assign or cause to be assigned to OBIO or its designee (or to the extent not so assignable, Terumo shall take all reasonable actions to make available to OBIO or its designee the benefits of), at OBIO's cost, all Regulatory Filings and Regulatory Approvals for the Product in the Primary Territories.

(e) Transition. Subject to the terms of this Agreement (including as otherwise set forth in this Article 15), Terumo shall use good faith efforts to cooperate with OBIO and/or its designee to effect a smooth and orderly transition in the registration, sale, marketing, promotion, and commercialization of the Product in the Primary Territories during the applicable notice period under Section 15.2 and following the effective date of termination of this Agreement in its entirety. Without limiting the foregoing, Terumo shall use good faith efforts to conduct, in an expeditious manner, any activities to be conducted under this Section 15.3.

15.4 Exercise of Right to Terminate. The use by either Party of a termination right set forth in this Agreement shall not give rise, on its own, to the payment of damages or any other form of compensation or relief to the other Party with respect thereto.

15.5 Damages; Relief. Subject to Sections 13.5 and 15.4, termination of this Agreement shall not preclude either Party from claiming any other damages, compensation, or relief that it may be entitled to upon such termination.

15.6 Accrued Obligations; Survival. The expiration or termination of this Agreement for any reason shall not release either Party from any liability that, at the time of such expiration or termination, has already accrued to such Party or that is attributable to a period prior to such termination, nor will any termination of this Agreement preclude either Party from pursuing all rights and remedies it may have under this Agreement, at law or in equity, with respect to breach of this Agreement. The following Articles and Sections will survive any expiration or termination of this Agreement: Section 13.4, Section 13.5, Section 15.3, Section 15.4, Section 15.5 and Section 15.6, and Article 11, Article 12, Article 14, Article 17 and Article 18.

ARTICLE 17
DISPUTE RESOLUTION

17.1 Objective. The Parties recognize that disputes as to matters arising under or relating to this Agreement or either Party's rights or obligations hereunder (including any claim based on warranty, contract, negligence, misrepresentation, statute, or other basis) may arise from time to time. It is the objective of the Parties to establish procedures to facilitate the resolution of such disputes in an expedient manner by mutual cooperation and without resort to litigation. To accomplish this objective, the Parties agree to follow the procedures set forth in this Article 17 to resolve any such dispute if and when it arises.

17.2 Resolution by Executives. Except as otherwise set forth in Article 4, if an unresolved dispute as to matters arising under or relating to this Agreement or either Party's rights or obligations hereunder arises, either Party may refer such dispute to Executives, who shall meet in person or by telephone within thirty (30) days after such referral to attempt in good faith to resolve such dispute. If such matter cannot be resolved by discussion of the Executives within such thirty (30)-day period (as may be extended by mutual written agreement), such dispute shall be resolved in accordance with Section 17.3. The Parties acknowledge that discussions between the Parties to resolve disputes are settlement discussions under applicable rules of evidence and without prejudice to either Party's legal position.

17.3 Arbitration.

(a) Any dispute that is not resolved pursuant to Section 17.2, except for a dispute, claim or controversy subject to Section 17.3(j), shall first be submitted for mediation under the auspices of the International Centre for Dispute Resolution ("**ICDR**"). Any dispute that is not resolved pursuant to such mediation shall be settled by binding arbitration conducted under the auspices of the ICDR in accordance with its International Arbitration Rules. In the event of a conflict between the procedures set forth herein and the Rules, these procedures shall take precedence.

(b) The dispute shall be heard and decided by a single arbitrator having significant executive experience in the medical device industry.

(c) The arbitrator shall allow the Parties to obtain discovery as may reasonably be requested by a Party, including use of interrogatories, document requests, depositions, subpoenas and inspections of things or land.

(d) The arbitration hearing shall be held in New York City, New York, U.S., at a location and time to be mutually agreed upon by the Parties, or if they are unable to decide, then at a location and time determined by the arbitrator(s). The arbitration hearing shall be conducted over the course of consecutive business days and weeks until it is concluded.

(e) All proceedings shall be conducted in the English language and the arbitrators shall be fluent in English. All evidence, whether documentary or testimonial, shall be presented in English. In the event testimony is given by a witness who is unable to testify in English, the Party proffering the testimony at the hearing (or obtaining the testimony in a deposition) shall provide a translator and shall bear that expense.

(f) The hearing shall be recorded stenographically and a transcript prepared if requested by either Party. The expense of same shall be borne equally by the Parties. Not less than ten (10) days prior to the hearing, the Parties shall submit briefs to the arbitrator(s) setting forth each Party's contentions concerning the facts and the law. Within thirty (30) days following the close of the hearing, the Parties shall submit post-hearing briefs to the arbitrator. Within thirty (30) days after the timely submission of post-hearing briefs, the arbitrator shall enter a written award concisely setting forth the grounds for the decision.

(g) The arbitrator(s) shall decide the dispute by applying the law selected by the Parties in Section 18.1.

(h) The decision of the arbitrator shall be final and binding and any award rendered thereon may be entered in any court having jurisdiction, and the Parties expressly agree that the state and federal courts located in Southern District of New York, U.S., have jurisdiction to confirm the arbitration award and enter judgment thereon. The Parties hereby waive any and all objections and defenses to such jurisdiction regardless of the nature of such objection or defense.

(i) During the pendency of any dispute resolution proceeding between the Parties under this Section 17.3, the obligation to make any payment under this Agreement from one Party to the other Party, which payment is the subject, in whole or in part, of a proceeding under this Section 17.3, shall be tolled until the final outcome of such dispute has been established. Any payments that are made by one Party to the other Party pursuant to this Agreement pending resolution of the dispute will be promptly refunded if the arbitrator determines pursuant to this Section 17.3 that such payments are to be refunded by one Party to the other Party.

(j) Any dispute, controversy or claim relating to the scope, validity, enforceability or infringement of any patents or trademarks shall be submitted to a court of competent jurisdiction in the country in which such patent or trademark rights were granted or arose.

ARTICLE 18 GENERAL PROVISIONS

18.1 Governing Law. This Agreement and all questions regarding its existence, validity, interpretation, breach or performance and any dispute or claim arising out of or in connection with it (whether contractual or non-contractual in nature such as claims in tort, from breach of statute or regulation or otherwise) shall be governed by, and construed and enforced in accordance with, the laws of the State of New York, United States, without regard to any laws or rules that would result in the application of the laws of any other jurisdiction. The United Nations Conventions on Contracts for the International Sale of Goods shall not be applicable to this Agreement.

18.2 Force Majeure. Neither Party shall be held liable to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in performing any obligation under this Agreement (other than failure to make payment when due) when such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party, including embargoes, war, acts of war (whether war be declared or not), insurrections, riots, civil commotions, fire, floods, or other acts of God, or acts, omissions or delays in acting by any governmental authority or the other Party. The affected Party shall notify the other Party of such force majeure circumstances as soon as reasonably practicable, and shall promptly undertake all reasonable efforts necessary to cure such force majeure circumstances. Such excuse from liability shall be effective only to the extent and duration of the event(s) causing the failure or delay in performance and *provided* that the Party has not caused such event(s) to occur. In the event any such force majeure circumstances continue for more than ninety (90) days, such other Party shall have the right to terminate this Agreement pursuant to Section 15.2(b).

18.3 Assignment. Except as expressly set forth in this Section 18.3, neither this Agreement nor any rights or obligations hereunder may be assigned or otherwise transferred by either Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld; *provided, however*, that either Party may assign this Agreement and any of its rights and obligations hereunder without the other Party's consent:

(a) in connection with the transfer or sale of all or substantially all of the business of the assigning Party (and, in the case of OBIO, any Virtue Transaction), whether by merger, sale of stock, sale or contribution of assets or otherwise; *provided* that, in the event of a transaction (whether this Agreement is actually assigned or is assumed by the acquiring party by operation of law (*e.g.*, in the context of a reverse triangular merger)), unless otherwise agreed with the acquiring party in writing, intellectual property held by the acquiring party prior to acquisition shall not be included in the intellectual property to which the other Party has access under this Agreement; *provided further* that in the case of such corporate reorganization, the assigning Party shall remain liable and responsible to the non-assigning Party for the performance and observance of all such duties and obligations by the entity to whom assignment is made; or

(b) to an Affiliate; *provided* that the assigning Party shall remain liable and responsible to the non-assigning Party for the performance and observance of all such duties and obligations by such Affiliate.

This Agreement shall be binding upon successors and permitted assigns of the Parties. Any assignment not in accordance with this Section 18.3 will be null and void.

18.4 Severability. If any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby, unless the absence of the invalidated provision(s) adversely affects the substantive rights of the Parties. The Parties shall in such an instance use their best efforts to replace the invalid, illegal or unenforceable provision(s) with valid, legal and enforceable provision(s) which, insofar as practical, implement the purposes of this Agreement.

18.5 Notices. All notices required or permitted hereunder shall be in writing and sufficient if delivered personally, sent by facsimile or email (and promptly confirmed by personal delivery, registered or certified mail or overnight courier or confirmatory email by recipient), sent by internationally-recognized overnight courier or sent by registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

18.6 Entire Agreement; Amendments. This Agreement, together with the exhibits hereto and thereto, contains the entire understanding of the Parties with respect to the subject matter hereof and thereof and supersedes and cancels all previous express or implied agreements and understandings, negotiations, writings and commitments, either oral or written, in respect to the subject matter hereof and thereof, including the Confidentiality Agreement. This Agreement may be amended, or any term hereof modified, only by a written instrument duly executed by authorized representatives of both Parties, but “written instrument” does not include the text of e- mails or similar electronic transmissions.

18.7 Headings. The captions to the several Articles and Sections hereof are not a part of this Agreement, but are merely for convenience to assist in locating and reading the several Sections hereof.

18.8 Independent Contractors. It is expressly agreed that OBIO and Terumo shall be independent contractors and that the relationship between the two Parties shall not constitute a partnership, joint venture or agency. Neither OBIO nor Terumo shall have the authority to make any statements, representations or commitments of any kind or to take any action that shall be binding on the other Party, without the prior written consent of the other Party.

18.9 Waiver. The waiver by either Party of any right hereunder, or the failure of the other Party to perform, or a breach by the other Party, shall not be deemed a waiver of any other right hereunder or of any other breach or failure by such other Party whether of a similar nature or otherwise.

18.10 Cumulative Remedies. No remedy referred to in this Agreement is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to in this Agreement or otherwise available under law.

18.11 Waiver of Rule of Construction. Each Party has had the opportunity to consult with counsel in connection with the review, drafting and negotiation of this Agreement. Accordingly, the rule of construction that any ambiguity in this Agreement shall be construed against the drafting Party shall not apply.

18.12 Interpretation. All references in this Agreement to an Article or Section shall refer to an Article or Section in or to this Agreement, unless otherwise stated. Any reference to any federal, national, state, local, or foreign statute or law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise. The word “including” and similar words means including without limitation. The words “herein,” “hereof” and “hereunder” and other words of similar import refer to this Agreement as a whole and not to any particular Section or other subdivision. All references to days, months, quarters or years are references to calendar days, calendar months, calendar quarters, or calendar years, unless stated otherwise. References to the singular include the plural.

18.13 Rights in Bankruptcy. All licenses and rights to licenses granted under or pursuant to this Agreement by OBIO to Terumo are, and shall otherwise be deemed to be, for purposes of Section 365(n) of the United States Bankruptcy Code (the “*Code*”), licenses of rights to “intellectual property” as defined under Section 101(35A) of the Code. Terumo shall retain and may fully exercise all of its rights and elections under the Code and, upon commencement of a bankruptcy proceeding by or against OBIO (or any Affiliate of OBIO that Controls OBIO Patents and/or OBIO Know-How) under the Code, Terumo shall be entitled to a complete duplicate of, or complete access to (as Terumo deems appropriate), any such OBIO Patents and/or OBIO Know- How and all embodiments of such OBIO Patents and/or OBIO Know-How.

18.14 No Third Party Beneficiaries. This Agreement is neither expressly nor impliedly made for the benefit of any Party other than OBIO and Terumo, except as otherwise set forth in this Agreement with respect to OBIO Indemnitees under Section 14.1 and Terumo Indemnitees under Section 14.2. This Agreement may be terminated, varied or amended in accordance with its terms or with the agreement of Terumo and OBIO without the consent of the OBIO Indemnitees or Terumo Indemnitees.

18.15 English Language. This Agreement is in the English language, and the English language shall control its interpretation. In addition, all notices required or permitted to be given under this Agreement, and all written, electronic, oral or other communications between the Parties regarding this Agreement, shall be in the English language.

STOCK PURCHASE AGREEMENT

THIS STOCK PURCHASE AGREEMENT (the “**Agreement**”) is made and entered on December 20, 2019 by and among, Orchestra BioMed, Inc., a Delaware corporation (“**Purchaser**”), Orchestra Medical Ventures, LLC (“**Seller**”) and Accelerated Technologies, Inc., a Delaware corporation (the “**Company**”).

WHEREAS, Seller owns all of the shares of the common stock of the Company at \$0.01 par value (the “**Shares**”), and Purchaser desires to purchase the Shares, subject to the terms and subject to the conditions hereinafter set forth;

WHEREAS, prior to the Transaction, the Company was the owner of 2,974 shares of Series A Preferred Stock, par value \$0.0001 per share, of Purchaser, which such shares were, immediately prior to the Transaction, distributed to Seller; and

WHEREAS, prior to the Transaction, the Company was the owner of 272,000 shares of Series B Redeemable Convertible Preference Shares of EUR € 0.001 each of Vivasure Medical Limited, an Ireland limited company, which such shares were, immediately prior to the Transaction, distributed to Paul Teirstein, an individual.

NOW, THEREFORE, in consideration of the foregoing, and the representations, warranties, covenants and conditions set forth in this Agreement, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Purchase and Sale. Subject to the terms and conditions hereinafter set forth, Seller hereby agrees to sell and the Purchaser agrees to purchase from Seller the Shares in exchange for the consideration set forth in Section 2 of this Agreement (the “**Transaction**”). Following the closing, Seller shall sell, convey, transfer, and, if applicable, deliver to the Purchaser certificates representing the Shares which shall be duly endorsed for transfer or accompanied by appropriate stock transfer powers duly executed in blank, in either case with signatures guaranteed in the customary fashion, and shall have all the necessary documentary transfer tax stamps affixed thereto at the expense of the Company.

2. Consideration.

- (a) Series A Preferred Stock of Purchaser. As total consideration for the purchase and sale of the Shares, Purchaser shall issue to the Seller 11,639 shares of Series A Preferred Stock, par value \$0.0001 per share, of Purchaser, valued at \$15.00 per share (such shares, the “**Purchaser Shares**”).
- (b) Calculation of Number of Purchaser Shares. The value of the Shares to be purchased by the Purchaser, and the number of Purchaser Shares payable to Seller pursuant to Section 2(a) above, is based on the average closing price per share of the common stock of Motus GI Holdings, Inc. (“**Motus**”), which such shares are listed on the NASDAQ Capital Market and 51,498 of which such shares are owned by the Company, which such average closing price per share, based on the fifteen (15) days prior to and the fifteen (15) days after the pricing of Motus’ underwritten registered public offering of 6,666,667 shares of its common stock at a price to the public of \$3.00 per share, announced on June 26, 2019, was equal to \$3.39.

3. Representations and Warranties of Sellers. The Seller hereby warrants and represents:

- (c) Nonaffiliated Status. Seller acknowledges that Seller may be an “affiliate” of the Company as that term is defined in paragraph (a)(1) of Rule 144 promulgated by the Securities and Exchange Commission under the Securities Act of 1933, as amended (the “**Securities Act**”).
- (d) Beneficial Ownership; Private Transaction. Seller acquired the Shares and Seller has beneficially owned the Shares continuously since that time until the date hereof. The Shares were originally acquired by Seller in a private transaction separate from any public offering, and Seller did not purchase such Shares with a view to distribution in violation of the Securities Act.
- (e) No Additional Offers; No Solicitation. Seller has made no offers to sell the Shares to any party other than the Purchaser. Seller has not offered or sold the Shares by any form of general solicitation or advertising.
- (f) Title. Seller has good title to, and is the sole record owner of, the Shares, free of any and all liens, pledges, encumbrances, security interests, restrictions on transfer and rights of Seller and of any third parties (any of the foregoing individually a “**Lien**” and collectively “**Liens**”), other than in each case (i) restrictions on transfer and other restrictions under applicable state and federal securities laws and (ii) Liens imposed upon the Company. The Shares to be sold by Seller hereunder constitute all Shares of the Company legally or beneficially owned or held by Seller or its affiliates, and upon consummation of the Closing, neither Seller nor its affiliates shall have any other rights by contract, option or otherwise to acquire any equity securities of the Company.
- (g) Restrictions on Stock. The Seller has the sole voting power and sole power of disposition with respect to all of the Shares with no limitations, qualifications or restrictions on such rights and powers. The Shares will be transferred to Purchaser pursuant to this Agreement free and clear of any liens, security interests, claims, mortgages, deeds of trust, preemptive rights, leases, charges, options, rights of first refusal, easements, proxies, voting trusts or agreements, transfer restrictions, pledges, assessments, covenants, burdens and other encumbrances of every kind, including restrictions on voting or use.
